

Congress Gets Pay Boost Bill

U. S. AIR FORCE—GUARDIAN OF FREEDOM

VOLUME IX

Lubbock, Texas, Friday, January 24, 1958

NUMBER 9

Dimes March Honors AF Family . . .

FAMILY HONORED — The family of Maj. Joseph L. Solomon of Robins AFB, Ga., has been selected for the March of Dimes poster. Polio hit in 1953 when son, John S. and the twin daughters, then 22 months, were stricken. Within eight days Mrs. Solomon, also, suffered a polio attack. The major and his son are shown standing. Seated are Lindy, Mrs. Solomon, and Sandy.

Health Agencies Drive Plans Completed; All Personnel Asked To Assist In Program

Reese personnel next week will be asked to give freely to the Federal Service campaign for National Health Agencies, with the price of a cup of coffee a week for a year as the suggested amount of contribution.

"No person on the base is asked to give a definite amount," Lt. Col. Robert L. Velde, campaign director, said. "The cost of a cup of coffee a week is a small amount to contribute. But if everyone will give that much, we will have well over \$6,000 to help fight disease and to further work and study aimed at reduction and elimination of serious diseases.

"Of course, some Reese people may want to give more than a cup of coffee; perhaps, two or three cups per week for the year, or maybe the cost of a package of cigarettes a week. Reese people always have given generously. There is no reason to feel they will fail this time."

Project officers, both military and civilian, have been appointed for all units on the base.

Each contributor may give to any of the nine national organizations, the American Cancer Society, American Heart Association, Arthritis and Rheumatism Foundation, Muscular Dystrophy

Association, National Society for Crippled Children and Adults, United Cerebral Palsy Association, National Multiple Sclerosis Association, National Society for Mental Health, or National Society for the Prevention of the Blind. Another envelope will assist in giving to CARE or the Crusade for Freedom.

"Our support of this crusade is direct evidence to the peoples of the world of our personal interest in their hopes and welfare; it will provide food for the hungry everywhere and truth to the oppressed behind the Iron Curtain," President Eisenhower said.

"I am delighted to note that this program has received such an enthusiastic reception among employee groups," the President said of the drive to help the nine health agencies. "I know that all employee groups, as well as members of the armed forces, will continue to give it their wholehearted support."

Each person on the base will be given the envelope early next week and will be asked to return it to his unit project officer as soon as possible after payday, Colonel Velde said.

All envelopes will be taken to the Lubbock campaign headquarters.

(Continued on Page 2)

Added Caution Asked In Space Heater Use

An urgent plea for all base personnel to beware of fumes from gas heaters was issued this week by Reese supervisory people.

"In 1957 two Reese airmen became fatalities to unvented heaters, and two dependents died with them," Joe Lopez, ground safety inspector, cited.

"Just recently in Lubbock a young couple were found dead in an apartment where a gas heater had been burning brightly. In each instance, a cracked window or other source of fresh air would have saved these lives."

Lopez pointed out that attempting to live in a room where there was no fresh air or heaters were defective presented a serious threat to life. Heaters, he said, can function properly only if there is fresh air. The oxygen burned reduces the amount in the rooms and occupants are quickly and seriously affected if they do not have oxygen.

"The gas company or fire department men in Lubbock will gladly give free checks to all heaters to see if they are safe," Lopez said. "On the base the Installations group people will gladly see if heaters are properly adjusted and safe."

Lopez warned that major problems may develop from bathroom heaters.

"Greatest difficulty this winter has been from these heaters," he said.

Base Personnel Urged To Increase Tech Work

Reese personnel this week were urged to plan for enrollment in evening program courses at Texas Tech for the spring semester, starting February 3.

J. F. Reeves, education specialist at the base, pointed out that 62 courses are offered in the program and that instruction will cover various levels.

"Elementary and advanced courses are offered by many departments of Tech," he said. "There is opportunity for a large number of our base officers and airmen to secure classes they will enjoy and derive benefit from."

Instruction will be offered at Tech in the evening program in arts, business, mathematics, music and science.

Most evening classes will meet from 6:30 to 8 p.m., others from 7:30 to 8:30 p.m., and still others from 8:30 until 10 p.m.

Reeves urged all interested persons to enroll in the courses and to consult with his office on courses to take and other matters.

Cordiner Program Action Asked

Washington (AFPS)—The Defense Department has presented legislation to Congress proposing pay raises based on the 1957 Cordiner Committee principles, or an optional six per cent increase, for most military personnel.

The pay bill, recommended in President Eisenhower's January 9 State of the Union message for space age defenses, would modernize the present compensation system and provide new career incentives for highly qualified officers and enlisted members of the Armed Forces.

First-year costs of the legislation, included in the fiscal year 1959 service budget, are estimated at \$518 million if the measures are enacted, as urged by the DOD by next July 1.

Differing in numerous respects from last year's military pay recommendations, the new proposals would bring increases to about 1.8 million of the present 2.6 million in the services.

The bill, delivered to Capitol Hill on January 14, discards the traditional and outmoded longevity system for step-in-grade increases and establishes new basic pay scales for all ranks, in addition to reserve officer retention provisions, enlisted proficiency advances and the percentage cost of living raises for all with more than two years active service who otherwise would not benefit by the changes.

Authority also is asked to expand officer and enlisted ranks to include grades O-9 and O-10 and E-8 and E-9, as proposed in the original Cordiner Report.

In translating the earlier Cordiner recommendations into legislation, the DOD has provided for converting and phasing-in the increases for officers and warrant officers and a "satisfactory service" contingency for enlisted step-in-grade advancements.

President Presents New Budget Requesting Enlarged Defense Department Authority

The budget for fiscal year 1959, forwarded to Congress by President Eisenhower on Jan. 13, included requests for new obligatory authority for the Defense Department in excess of \$39 billion.

Proposed service allocations were: Army — \$9,036,000,000; Navy — \$10,720,000,000; Air Force \$18,044,000,000.

The president told Congress that the fiscal 1959 budget reflects the swiftly moving character of the time. Admitting that

the present is clearly a time of growing opportunity as technology and science open new vistas, the President added a warning that it is also a time of growing danger.

Pointing to Soviet progress in long-range missiles and other offensive weapons together with their continuing rejection of a workable disarmament, the Chief Executive said that the United States is compelled to increase certain defense activities which have only recently been expanded many fold.

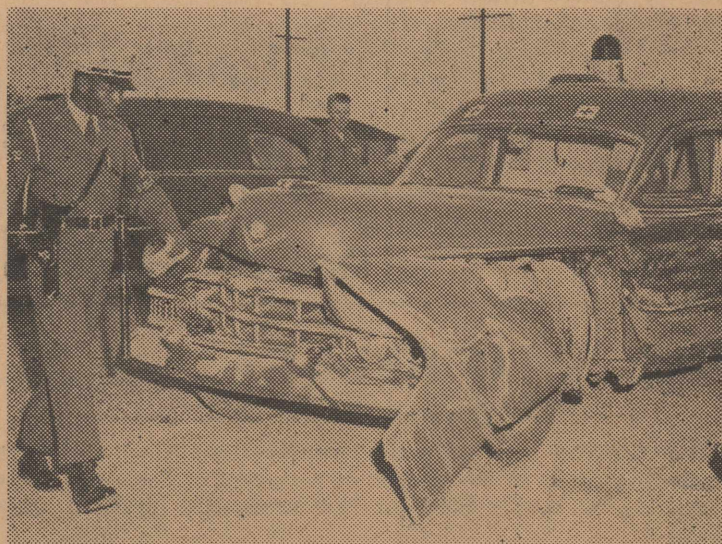

Civilian Employee Killed In Crash; Ambulance Wrecked Going To Scene

A Reese civilian employee, William Taft Turner of the engine build-up section, was killed and his son, William Taft, Jr., of the aero repair section, 3505th Field Maintenance squadron, was critically injured Wednesday night when their automobile and a train collided as they were enroute to Lubbock on concluding a day's work.

The elder Turner was dead on arrival at Methodist Hospital, Lubbock. His son suffered head and body injuries, it was said.

The accident occurred about a quarter mile south of State Highway 116 on War Highway 5.

A Reese ambulance, enroute to the accident scene, was badly damaged when it was hit broadside as it traveled south across Highway 116. A/3C Esequiel Duran, medical corpsman, ambulance driver, received only minor bruises and cuts. Miss Florence Mayhaw, 20, Levelland, driver of the car which collided with the ambulance, was treated at Methodist Hospital and released.

THE FLASHING RED EMERGENCY LIGHT and wailing siren of this Reese ambulance should have prevented its collision at the corner of War Highway 5 and State Highway 116 as it sped to another accident. Fortunately no one was seriously injured. — But could it have been you? (Avalanche-Journal photo)

The Living Scriptures — by Jack Hamm
Need Another Hand?

Could You Use Some Help?

By Wilbur J. McDaniel, Wing Chaplain

No one, so far as I know, goes through life without needing assistance at one time or another. This being true the question arises as to why we are hesitant to acknowledge this need. Perhaps it is that desire to feel fully sufficient within ourselves. Yet to conceal an inward need is to court disaster. The better way is to frankly acknowledge the need and seek the assistance of those willing to help.

In my position as chaplain I frequently run into people who need help and will acknowledge it, and then again, I see those who need help and either do not recognize their need or do not want it. There may be a few who simply do not recognize their need of help. In any case, all of us require assistance at one time or the other.

Need knows no distinction as to time, race or creed. Most of us have financial needs, or generally speaking, needs of a material nature. However, the greatest need is spiritual, and by the very nature of this need, many falter and fail not fully realizing their need. As in the case of a doctor-patient relationship, the matter of diagnosis is of prime importance. Therefore, wise is the individual who senses his spiritual need and seeks guidance. Your chaplains are not miracle workers but they can introduce you to One who can and does work miracles — of primary importance, the miracle of regeneration.

HEALTH FUND DRIVE NEARS

(Continued from Page 1)
ters for opening and compiling of totals. Each contributor's wishes of where the money goes will be adhered to. That is, if the donor specifies any one of the nine health agencies as his preference, the full amount of the check or cash contribution will go to that organization.

Colonel Velde said that each of the nine health organizations to be aided has done and will continue to perform needed services. The cancer society is attempting to halt the disease which kills 250,000 Americans annually.

The heart association is trying to combat ailments which hamper 10 million Americans, a half million children; and the cerebral palsy organization is working to assist the thousands of sufferers of that disease, 10,000 of whom are born each year.

The colonel also stated that the

11 million arthritis sufferers of America will be aided by contributions; assistance will be given thousands of crippled children and adults; and efforts will continue to halt muscular dystrophy which at present has no known cure.

It also was noted that Reese contributions will help erase multiple sclerosis which weakens the body, continue work toward eliminating blindness and aiding the sightless, and will help restore usefulness to the mentally ill.

BASE THEATER
ATTRACTIONS

Sunday & Monday

DARBY'S RANGERS — The first story of men trained to be killers and the hell they turned them loose in. James Garner and Etchika Chourea star in telling the tale of the American Commandos and their beloved leader, Colonel Darby.

Tuesday & Wednesday

WILD IS THE WIND — Widowed baron of the sheep ranchers, Anthony Quinn, imports his Italian sister-in-law, Anna Magnani, whom he marries. His inability to respond freely to her love leads her to turn to Quinn's foster son.

Thursday

CRASH LANDING — Harsh, unbending Captain Williams (Gary Merrill) of a transatlantic airliner is forced to ditch at sea. In the process he learns warmth and understanding from his crew and passengers. An action drama co-starring Nancy Davis.

Co-featured is an I&E film giving complete coverage of the Army-Navy football game.

Friday

GUYS AND DOLLS — Marlon Brando, as the gambling rogue Sky Masterson, nearly meets his Waterloo when he bets he can take save-a-soul Sarah Brown (Jean Simmons) to Havana. Sinatra (the voice) as Nathan Detroit, operator of the "world's oldest permanent floating crap game in New York," and his fiancée of 14 years (Vivian Blaine) add color to the otherwise wild shenanigans.

Saturday

THE BEAST OF BUDAPEST — A dramatization of the 1956 Hungarian revolt that centers on the murder of a university professor by Communist-controlled police. Budapest students are rallied by the professor's son to an attack on the Red police headquarters.

NEW DIRECTORS, OFFICERS ELECTED

A five per cent dividend for 1957, doubling the 2.5 per cent dividend of 1955, has been declared by the Reese AFB credit union. The 1956 dividend was four per cent.

Members of the credit union voted the five per cent Monday night at the regular annual meeting. Assets last year were \$141,572.72, as compared with \$82,407.08 at the end of 1956, and \$77,451.42 at the end of 1955. Total shares of members are 133,954, as against 72,139 in 1956, and 72,426 in 1955.

Elected to the board of directors for 1957 were Lt. Col. Homer L. Parsons, M/Sgt. Jeff Cox, M/Sgt. DeWitt Simmons, M/Sgt. Rodney Bills, Miss Ruth Allen, and Mrs. Betty L. Walker. Simmons was elected president, succeeding Jack House. Tom F. Ireland was named vice president,

Mrs. Walker treasurer.

Appointed to the supervisory committee were Winston D. Williams, Lt. Col. Melvin Faulk, and T/Sgt. Joe Reed. Named to the credit committee were Mary Lundy, Jack Browdee, M/Sgt. Edward P. Stratton, and M/Sgt. Claud Rushing.

THE "OOPS" AND DOWNS OF THE GAME — When the Sheppard Senators invaded the base court last week the photographer caught this unusual picture. Sheppard's Adair (No. 32) with the ball seems to be saying it's all mine. Other players involved in this play were (L to R) Perry (31), Senators; Crone (41) Reese; Greenwood (34), Senators; and Hilgenberg of Reese with his back to the camera. (Photo by Roca)

SPORTS

By Clark Schooley

Weather permitting, Thursday was to be marked by the golf battle of the age on the Meadowbrook Country Club course. Col. James C. Watkins, M&S commander, a couple of weeks ago issued a challenge on behalf of his organization to the Pilot Training group for a link match. He made some sort of remark about how easy it would be for his golfers to defeat the PTG drive-and-putt boys. Lt. Col. Melvin Faulk was quick to accept the challenge on behalf of the Pilot Training group. Yesterday was the date for the match. We'll try to get both sides next week.

* * * *

Some sort of bragging about athletic prowess was also heard around the 3505th Field Maintenance Squadron. Warrant Officer Ester E. Boydston, athletic officer said his unit had 52 athletes hard at it in behalf of the '05th, and progress was good. He challenged any other unit to show more men competing. There are five bowling squads of eight men each and a basketball squad of 12 men attempting to win trophies and other honors, Boydston said. The basketeers have won four and lost none. "We not only have the most men in competition, but will end up with more trophies than any other unit, wait and see," the warrant officer declared.

Rattlers Vs. Sheppard Scheduled Next Week

The Reese Rattlers will pack up their gear next week and move over to Sheppard AFB for two basketball games on the Senators' court.

The Rattlers, having an 8-3 record, will be meeting one of the toughest Air Force teams in the southwest. The last clash the two teams had, the Senators whipped the Rattlers two games in a row, 62-55 and 60-46.

After the two night stand in Wichita Falls area, Reese will return to its home court to clash with Goodfellow AFB on February 1. All personnel are invited to attend the home games starting each evening at 8 p.m.

Army-Navy Game Film At Theater Thursday

A complete coverage of the Army-Navy football game from the season's first workout to the moment the rainsoaked crowd starts its homeward trek following the final whistle will be given in the I&E film coming to the base theater Thursday night.

Slow motion film will show the key plays of both teams as they fight to a 14-0 Navy victory. Early season games showing the play-style development of each team as well as the pre-game rally at each school are included.

This is the only complete coverage of the contest available.

HELP CUT COSTS! The money you save— may be yours.

Bowling

The M&S Greasers set a new season's record when they rolled a 2988 series Wednesday night in the Officers' Bowling League competition on the North College Lanes. Maj. Thomas P. Carroll of the team had a 560 series, and Greasers had a 1018 team game.

First Lt. Thomas D. Brown of the 3500th PTS hit a 208 high game for the night.

Flight 5 remained in first place for the 14th consecutive week with two wins and one loss to Flight 6. Flight 5 has 38 wins and 10 losses for the season. The second place Wing Wizards did not compete, their games with the M&S Oilers being postponed.

Stiff Competition Is Handball Feature; Major Is Leader

The handball ladder competition is well under way this week with some of the best handball players at Reese competing in single and double classes.

At present Maj. Conrad Johnson is leading in the single's group with 1/Sgt. R. L. Walker holding the second place position.

In the doubles group 1st Lt. Grant B. Northrop and 1st Lt. Robert F. Fornia hold the first place slot with Major Johnson and 1st Lt. Samuel Sadler holding down the number two spot.

The matches are slated to end early in February, according to A/IC Nick Weiss of the base gym. All players are urged to make arrangements for some matches in the next few weeks if they want to have a chance to capture the trophies being awarded.
