## Mobile Home Park Opens Behind Floydada Inn

By Charles Keaton

Addressing a growing demand in Floyd County, Wes Anderson and Cory Johnston are in the process of completing a new mobile home park. The park is located at the corner of Ollie and Garrison.

The demand for parking slots for RVs has increased as more people are coming to work on the various energy projects in the area including wind turbines and transmission line construction.

"We felt like that we could address a demand that would help the local economy. By providing a place for workers to park locally, we hoped that they would then spend money in Floydada by eating out, buying groceries and filling up their vehicles," Johnston said.

Anderson said they anticipate being open in about two weeks. The park will initially have 18 pull-through slips for RVs with an additional 18 to 20 slips to be added later. Each slip will be approximately 15-foot by 70-foot.

The park will feature complete hook-ups as well as a private, on-site laundry that will be restricted to use by park occupants. Anderson said that they have used local suppliers and labor as much as possible in the construction in order to keep money locally.

Anderson and Johnston hope to be filled to capacity shortly after opening as a few of the companies involved in the construction projects have expressed interest in long term leases for their workers.

"Currently we don't anticipate having individual slots for the traveler coming through but in the future that could be possible," Johnston said.

Construction continues on a new RV park at Garrison and Ollie. Cory Johnston and Wes Anderson plan to have the 18 space park open within the next two weeks. Transmission line and wind turbine construction has caused an increased demand for RV parking in Floydada.

## The Paperboy

### A tough call

Find it ironic that President Obama and Secretary of State John Kerry are pushing for action against Syria. Especially if the action is unilateral.

Mind you, I'm not saying I'm against the action. I'm not saying I'm for it. I honestly don't know how I feel about it. I suppose I'd feel better if the U.S. had some support regarding action. But that does not mean our intervention is not warranted. In fact, you could argue that a precedent has been set somewhat.

I do believe Congressional approval is necessary.

However, I seem to recall some opposition from Obama and Kerry to similar action during the Bush Administration. That's the ironic part.

Sending troops into a field of battle is always the toughest call to make for a president. And our troops have been in harms way for a long time. Should President Obama and Congress make that call, let us all pray for a quick resolution.

In my opinion, the last several wars we've been in were not handled correctly.

In war, you should have a conquerer and the conquered. When you defeat your enemy, you take over a country and sweep it clean of the enemy.

For thousands of years this is how wars were fought. Things changed beginning with Korea and continuing today.

War can never be kind and gentle. It's horrific. So, if you're going to subject the country to war, take over the enemy's land and correct what's wrong with it. We've had several examples that not doing so creates more problems down the road.

A psychiatric hospital in Pennsylvania is set to become the country's first facility of its kind to offer an inpatient treatment program for people with severe Internet addiction.

The voluntary program will open soon at the Behavioral Health Services at Bradford Regional Medical Center. The program is organized by specialists with backgrounds in treating issues like drug and alcohol abuse.

"[Internet addiction] is a problem in this country that can be more pervasive than alcoholism," said Dr. Kimberly Young, the psychologist who founded the non-profit program. "The Internet is free, legal and fat free ... that can be more pervasive than alcoholism."

The program is not for children and adults who spend hours playing video games. It is for people whose lives have become totally consumed spending nearly every waking hour on the computer.

Judging by how many of us act in public, perhaps a more gentle program is needed for smart phone addiction. Half of the country looks to be in need of help.

## Have You Registered Your Business with the Floydada EDC?

**Justin Jaworski**  
Executive Director  
Floydada EDC

The Floydada Economic Development Corporation maintains a database of local businesses in Floyd County in an effort to keep a comprehensive list of the products and services available in our area. This list is used as an in-house reference so that our staff can quickly and easily search and find business information to those both inside and outside the community.

As with many things, this list contains information that is always changing as new businesses come and existing businesses change. Our office has been able to update most of our information by phone, but if your business isn't registered, we cannot provide your information upon request.

There is no cost associated with registration and the

information is not openly published. Our purpose in maintaining a database of businesses is to promote local commerce. If you haven't registered your business with the Floydada EDC, take a moment do so by contacting our offices by phone at (806) 983-3318. Please have your information ready such as physical address, mailing address (such as a PO Box), phone, fax, business hours, email (we do not share this information) and web address.

Because a business name may not fully describe all that you do or provide, take a moment to also write down anything else that may not be commonly known. An example might be a brand of product a company that your business is qualified as a registered agent to sell or service. The more information we have on hand, the better we can describe your business.

My son, Greg Bond and his wife, Mona came Thursday 29th. Friday they took me to Lubbock to my doctor. Mona stayed in Lubbock to be with her family and Greg and I came back to Floydada. I had several notes of things to mention in this article, but with company I don't know where my notes are.

Our sympathy goes to the family of Amy Marjorie Brand Kirk. I became acquainted with her when I worked at Duncan Elementary School. She was a very good friend and she loved children and helped so many. Adults loved her too.

Our sympathy to the families of Freddie Taylor, Dr. Jack Jordan, Cora Mae Emert, J. R. Turner, and Corene Johnson.

We do appreciate you remembering the Center when you need to make a memorial donation of a loved one.

### SANDHILL

The first school at Sandhill began in 1892 with only a few families located in the community.

George Mickey, J. S. McLain, and J. S. Fox served as trustees and a fine Quaker girl, Hulda Cox of Estacado, was employed to teach a four month term. This was at the old school sitting on the sand hill one mile south of the present day location.

Tom, son of J. S. McLain, recalled the years, 1892-93, as bad years for the farmers. This was the time when some sold their land for a third or fourth the price they had paid for it, packed all their things and moved out of the area because the grasshopper army had moved in.

There was no way to control the hoards as they moved northeastward cleaning up everything green and some things not green. They hatched by the millions, so small they could hardly be seen. As they grew those patches spread into fields while they gnawed waist-high corn until it fell over, then they piled on it and finished it off. Turkeys and chickens ate their fill every day, hogs were shoveled buckets full-

anything to get rid of them. All to no avail.

One man decided he would bind his wheat to save it. They went right on eating the bundles. Some thought they would divert them by plowing furrows around their field. The hoppers would not be fooled. On reaching a certain stage they sprouted wings, rose together as a cloud, hiding the sun and moved.

After this disaster many families were too poor to sell and leave. Some who stayed were the families of B.B. Merrill, L. C. Darby, Charlie Johnson, Z. O. Pemell, John Pickle, John Wilson, S. B. McClesky, W. A. Trowbridge, E. C. Fullingim, J. S. McLain, J. S. Fox and several Mickey families.

A post office was designated in 1903 named Mickey for a long line of postmasters who served the community. The school was known as Sandhill and the post office Mickey.

These early settlers studied plans to check prairie fires when grass, was dead and dry and how best to break the turf and get a crop on it. Many kinds of planters were used, kegs, wash pans, and buckets with holes in them were rolled

along and seeds dropped as the sod plow turned the soil. Sometimes harvesting was done with a pocket knife or long handled knives. One family gathered 185 tons of sorghum with knives and sold it in the spring for \$16.00 a ton. Another sold his in the fall for \$4.00.

They found that a reasonable supply of posts and wood could be had in the breaks. They learned also that a good substitute for wood was the cow chip. These were found by hunting out bedding grounds for herds or about watering places. They were gathered into sacks and tubs and were loaded into wagons to be stored under shelters. Anyone who has burned these know there were a lot of ashes to carry out.

Religion was a very integral part of the community. Preaching was often done in the homes. When a preacher came along people notified their neighbors and they came in for the service. Nearly everyone came

to about every kind of a meeting. Some of these early preachers were Anson Cox, a Mr. Stegall, Charlie Smith and C. Watkins.

In the depression years that followed the Texas Extension Service established the Home Demonstration Club to help rural women learn how to can food, sew for their families, and improve their homes. Nearly all the women participated and some even excelled to win state honors. Among these were Mrs. A. R. Hanna and Mrs. W. E. Miller. During this time the club's kitchen band made a trip to the state meeting in College Station.

After more than sixty years the school district consolidated with the Floydada School System. Along with the children went the interest of parents so that the most one can see at the intersection of highway 378 and 784 in west Floyd County is a lone brick building, an elevator and a small county store.

## Whirlwind Football Whirlwinds Suffer Season Opening Loss to Brownfield

Courtesy of Mita Chavarria  
**Captains for the first game of 2013 were: (L to R) Seniors Pedro Guerrero, Matthew McGowen, Librado Chavarria and JR Aaron Chavarria.**

Using a balanced attack, the Brownfield Cubs defeated the Floydada Whirlwinds 41-6 to open the 2013 football season.

The Cubs started the scoring early when ShaColby Hill outran the Whirlwind defense on a 42-yard scoring play with 10:49 left in the first quarter. Hill continued leading the Cubs as he hit Shanoaha Bridges with a touchdown pass with 8:26 left in the first quarter. Twenty-four seconds later, Coby Serbantez picked off a Tyler Lowrance pass and returned it 36 yards to put the Cubs on top, less than four minutes into the game, 19-0.

As the second quarter started, the Cubs forced a safety. Following the ensuing free kick, the Cubs took over and Hill again ran through the Whirlwind defense for a 36-yard touchdown with 11:21 left in the quarter. With 7:51 left, Hill hit Nathan Bessler for another scoring pass to take a 34-0 lead.

The Whirlwinds finally found the goal line when Lowrance took off for a 25-yard touchdown run with 4:13 left in the half. The Whirlwinds went to the locker room trailing 34-6.

In the third quarter, the Cubs concluded the scoring for the evening when Simon Jacquez pushed in a touchdown from six yards out. Following the extra point, the Cubs had a

41-6 lead which would be the final score. Head coach Todd Bandy said, "A few big plays for Brownfield was the key to the Cubs victory."

The Whirlwinds were led by Lowrance who finished the night with 7-20 passing for 75 yards. Running back Aaron Chavarria had 68 yards rushing on 21 carries and wide receiver Danny Martinez hauled in five catches for 69 yards.

The Cubs' Hill led all players with 111 yards rushing on 12 carries. Hill also completed 14 passes on 23 attempts for 247 yards. Jacquez rushed for 59 yards on five carries.

The Whirlwinds finished with 206 total yards, 131 rushing and 75 passing. The Cubs finished with 453 total yards, 206 rushing and 247 passing. Penalties affected both teams throughout the game as the Winds were penalized 14 times for 128 yards and the Cubs had nine penalties for 62 yards.

"The younger players had to figure out the speed of the game is a lot faster at the varsity level," Bandy said.

As the Whirlwinds prepare to take on Amarillo San Jacinto Friday, Bandy said that they have to perform better on the offensive side of the ball and play faster in all aspects of the game. The Whirlwinds travel to Amarillo to take on the Patriots at 7:30 p.m.

## Longhorn Football Longhorns Overwhelm Lubbock Christian for Opening Week Victory

Courtesy of R.K. Hunt Photography

Controlling the line of scrimmage was one of the keys to victory for the Lockney Longhorns against the Lubbock Christian Eagles. The defense surges to stop an Eagle running back in the 38-8 Longhorn victory.

By Charles Keaton

Introducing a passing attack, the Lockney Longhorns used five touchdown passes from two quarterbacks to defeat the Lubbock Christian Eagles Friday night, 38-8.

After a scoreless first quarter, the Longhorns got on the board when Ky Teeter found Daylen Gatica on an 11-yard pass. Teeter add the two-point conversion to give the Horns an 8-0 lead. Later in the quarter, Gatica returned the favor as he connected with Teeter on a 29-yard scoring strike but the two-point attempt failed. The Eagles came back with a 34-yard pass from Brooks Pitaniello to Davis Delaney and Pitaniello added the two-point conversion. As both teams went to the locker room, the score stood at 14-8 in favor of the Longhorns.

In the third quarter, Teeter electrified the crowd with a 73-yard punt return for a touchdown and Justin Suarez added two extra points. Mauricio Davila was on the receiving end of another Teeter touchdown pass, this time for 14-yards and Suarez added two points again. The Horns took a 30-8 lead into the fourth quarter.

Teeter again found Davila open for a 20-yard touchdown pass and Suarez added his third two-point conversion to seal the final score at 38-8.

"The defense had a great night, stopping the option attack of the Eagles by only allowing 90 yards rushing," Head coach Jay Ragland said.

Ragland, earning his first victory as a head coach, said that once the offense found their rhythm in the second quarter and the players relaxed, and then the Horns played like they were capable of playing.

Statistically, the Horns also dominated the game. The Horns had 397 total yards while the Eagles only managed 136 total

yards. The Horns rushed 35 times for 110 yards and passed for 287 yards on 20-43 passing. The Horns had five touchdown passes on only one interception. The Eagles rushed 27 times for 90 yards and passed for 46 yards on three of nine passing including one touchdown and one interception.

"Teeter gave us a spark in the third quarter with the big punt return for a touchdown," Ragland said.

Ragland also credited the entire defense by not only limiting the Eagles rushing attack but by also forcing three turnovers.

Individually, Teeter completed 17 of 37 passes for 225 yards, four touchdowns and one interception. Gatica was three of six for 62 yards and a touchdown. Receiving, Davila had six receptions for 93 yards and two touchdowns, Teeter had three receptions for 62 yards and a touchdown, Tevin Phillips had four receptions for 57 yards, Ryan Poole had two receptions for 40 yards and Gatica had four receptions for 20 yards and a touchdown. Teeter also had 88 yards on 28 attempts rushing and Nic Sherman added 22 yards on three attempts.

For the Eagles, Pitaniello was three of nine passing for 46 yards, a touchdown and an interception. Pitaniello also had eight rushes for 37 yards and Gabe Lopez had eight rushes for 30 yards.

Both teams were flagged for nine penalties with Horns penalized 55 yards and the Eagles 75 yards.

Ragland announced Teeter and Davila as the Offensive Players of the Week; the entire defense as Defensive Player of the Week; and Teeter as Special Teams Player of the Week. Other key players in the victory were Gatica, Phillips and Poole.

The Horns now prepare for their home opener as they take on Amarillo Highland Park at 7:30 p.m. Friday.

# Lockney brothers find, turn in \$1,000 cash

LOCKNEY — Imagine shopping in a crowded store and happening across more money than you have ever seen in one place. Nobody sees you pick it up, nobody knows you now have it. What do you do, keep it or give it back?

For two Lockney teens, the answer was simple —

you give it back.

That's just what brothers Jacob and Joe Ochoa did Monday night at the Walmart Supercenter in Plainview. The two boys and their mother, Martha, were shopping for back-to-school items when the boys came across an envelope on the ground near the photo center in the middle of the large store.

"We looked inside and saw this check stub," explained Joe, an eighth grad-

er at Lockney Junior High School. "Underneath the stub was all this money."

Inside was \$1,000. A large sum of money for any family, but especially for the mother of three currently on disability benefits for a back injury. "The boys just stood there, so I asked what it was. They handed it to me and I was like 'Wow,'" Martha said Wednesday at her Lockney apartment. "I knew someone must have been panicking, so I told the boys to take it up to the front."

The boys heeded their mother's advice without hesitation, but not without thinking of what they would do with the money. "I would buy a car," Joe said. "Maybe a Lamborghini." "I would save the money," said his elder brother, Jacob. "I would put it in the bank and use it for college."

Martha joked that both boys may not know the full value of what they had, but

they did know the importance of doing what was right. "I was raised to be honest, and I passed it on to them. They took it and ran with it. I was really proud of them."

She said it was on the ride home when the boys really began to understand what had happened. "The boys kind of put themselves in a position 'if that had been our money, how would we feel? There was a lot that could have been done with that money, but it all boiled down to it wasn't our money."

Neither of the boys, shy teens whose favorite subjects are, respectively, math and science, said they wanted any special recognition for doing what is right, and it was only after telling their aunt about finding the money that their story came to light.

Local Walmart managers were unaware of what became of the money af-

Brothers Jacob (left) and Joe Ochoa discovered a large amount of cash Monday night while shopping for school supplies.

ter the boys turned it in. Martha Ochoa said the boys did not leave a name when they turned it in. "I think everyone was in shock. They were in shock that the boys would go and turn in that kind of money,

and the boys were in shock that they found that kind of money."

For Martha, the reward is knowing her boys are growing up honest. "It says they are listening," she said, beaming with pride.
