# Reese Family Awarded Honors in Lubbock

# **Base May** Win Bond Sale Prizes

bond campaign this month at Reese indicates possibility that some Treasury department awards may come to the base, Maj. Frank Fleming, project of-

A United States Treasury Department Minuteman citation, suitable for framing, is offered to each squadron for enrolling a minimum of 50 percent of non participants in the Payroll Savings plan during May.

The United States Treasury Minuteman award goes to groups which enroll 25 percent of non-participants in the savings program.

The Air Force Minuteman award will be given wings which enroll 25 percent of non-participants in the savings program during the month, and the Treasury Department Minuteman flag is being awarded wings which have 90 percent participation.

"In the 1957 campaign Reese units received several awards; it is hoped that we will be able to win again this year," Major Fleming said.

Robert B. Anderson, secretary of the U.S. Treasury, has urged cooperation of military and civilian personnel in bond buying through the payroll saving plan as a national need.

"There is no visible end to the cold war and we face the prospect of continuing economic war as well," he said. "In the (continued on page 3)

# **Lower Promotion Quota Seen Here**

A sharply reduced promotion list for June is expected at Reese next week. Indications are that the quota will extend through staff sergeant, airman first class and airman second class to less than 30 men. The freeze list has been enlarged.

For all the Air Force, the stripe inventory for June includes 450 technical sergeants, 2,500 staff sergeants, 8,000 airman firsts, and 11,000 airman

units of the South Plains join in showing POWER FOR PEACE.

The public is expected to visit the base in large numbers from 9 a. m. until 4 p. m., with displays of aircraft and other military equipment and flyovers

The first flyover will take place at 9:45 a. m., with others scheduled until 2:15 p. m. Planes overhead will include the

Observance of Armed Forces B-52 heavy bomber, F-86 jet in operation.

Day, Saturday, May 16, again fighter, B-57 medium bomber, will center at Reese as military KC-135 aerial tanker, B-17 meded forces Day ium bomber, and KC-97 tanker. Reese helicopters and T-33s

will fly over during the day.

On display will be B-47s, T-29s F-86s, T-33s, T-28s, and H-21 helicopters. Army equipment displayed will be the Honest John and Winset rockets, an eighth-inch howitzer, five-ton wrecker, 155-mm howitzer, 105mm howitzer, 60-inch searchlight, 4.2-inch mortar, and H-37 cargo helicopted.

The Marines are scheduled to conduct a mock atomic battle and the Navy has announced displays.

Refreshment stands will be

Maj. Wilbur J. McDaniel, former chief chaplain at Reese, has assumed new duty as chaplain of the 3510th wing at Ran dolph AFB, following a year at

appointed Gen. Thomas D. White as chief of staff of the of Andrews drive. United States Air Force.

The 1959 observance of Armed Forces Day will continue to emphasize POWER FOR PEACE. The day was proclaimed by the President in 1950, unifying celebrations by each individual service. The day is intended to emphasize close working relationships of the Army, Navy, Air Force, Marines, Coast Guard, and reserve units, and to give the public an annual report on the nation's defenses.

# Sergeant's Civic **Activities Cited By Service Group**

The Russell Gras family-Senior Master Sergeant and Mrs. Gras and their sons, Roger, 11, Daryl, 9, and Douglas, 6—is Lubbock's Family of the Year for 1959.

It was selected from among 35 nominees of various organizations and was nominated by the P. F. Brown school PTA and the Friendship class of the First Methodist church, the only family to receive two recom-

The plaque presented reads: "Presented to the Russell Gras Family by the Family Service association in recognition of your significant contribution to the ideals of wholesome family life through your demonstrated love, loyalty and devotion to one another, to vour community and to God."

Sergeant Gras is chief of the periodic maintenance section of the 3502nd Flight Line Maintenance squadron.

"Too often we think of military establishments and their people as being so far away, separated from us," William H. Crenshaw, president of the Lubbock Family Service association said at the banquet when presentation was made. "This family has proven well that military people can be and are living, contributing members of our and their communities.

"They are not rich in material possessions; they, the parents, have no great amount of higher education, but they have a great

# Parade Opens Little League Season

The Reese Little League base ball season will be officially opened Sunday with a youth parade and game between the Braves and Dodgers.

The Pilot Training group drum and bugle corps will lead the parade, starting at 1:45 p. m. The parade will form on the War highway north from the main gate and will move through the housing area by way of Mitchell boulevard to Arnold drive, north to George street, left to Harmon drive, and then to the Little league park by way

Leaders and members of all

youth activities, including Boy and Girl Scouts, Cub Scouts, Brownies, Little League teams and other organizations, have been invited to parade. All are asked to wear their distinctive uniforms. Every boy and girl in Reese families is asked to take

The Reese Little League this year will operate with three teams and each will play 22 games in the season ending July 21. Games will begin at 6:30 p. m. during the week.

Next week the Dodgers meet the Red Sox, Thursday evening in the second game of the sea-

# **Communist Objectives Stressed**

A new plea for altertness and understanding of the Soviet objectives has been voiced by two outstanding world leaders — Gen. Carlos P. Romulo, Phillippine ambassador to the United States and Allen W. Dulles, director of this nation's Central Intelligence Agency.

General Romulo a few days ago told a Lubbock audience that everyone in the United States must remember that the Red aim is to control the entire world, and that actions such as have occurred in Berlin, Quemoy, the Middle East and other areas are diverting moves to take our minds off the main objectives.

Dulles, who spoke recently in Lubbock, in a later speech followed the same vein when he said the free world must overcome a three-fold attack by the Soviets if it is successful in its struggle against international communism. He said the Soviet challenge is military, economic, and subversive—a global one.

Dulles also declared that cost was no deter-rent in developing a strong home base "from which to deploy their destructive foreign acti-

vities," and that Russia is devoting twice as much of its gross income to military development as is the United States.

The Soviets, he added, have a tremendous number of esponage agents and in taking over other countries "are training agents recruited from scores of other territories to go out as missionaries of communism into the troubled areas of the world."

"Our defense lies not in compromise but in understanding and firmness, in a strong and ready deterrent military power, in the marshalling of our economic assets with those of the other free countries of the world to meet their methods of economic penetration, and finally in the unmasking of their subversive

We at Reese can do well to understand the graveness of the world picture. We all may do well to give our greatest contribution to development of the strong block to communism which General Romulo and Allen Dulles sup-

# **Instructor Pilots Experienced**

It is the general belief among industrial leaders of the nation that experience, as well as "know-how," is necessary for best in production and quality.

If this is true, then Reese's flying personnel stack up well in the over-all picture

The 69 instructor pilots, as of May 1, average 626 hours, 46 minutes of experience instructing in T-33 aircraft. And they average 1224 hours, 12 minutes in total flying time.

Flight commanders average 486 hours, 56 minutes in single engine aircraft, 118 hours, 29 minutes as T-33 instructors, and 3069 hours,

48 minutes total flying time.

Squadron supervisors have 1697 hours, 23 minutes average in single engine flying, 268 hours, 51 minutes as instructor pilots, and 3058 hours, 17 minutes average total flying

Members of the Standardization board, who keep close check on how students and instructors are doing, average 821 hours, 30 minutes as instructors and 2451 hours, 30 minutes total flying time.

All this adds up to one good reason why the flying safety record at Reese has been a good one and why inspectors have not found many reasons for discrepancies.

# **Model Airplane Competition Entries** Sought on Base; Deadline Date Set

conference model airplane contest are being accepted by the Service club director, with hopes of forming a base team.

Competition will be in these events: rubber unlimited class and Wakefield class combined, towline glider, hand-launch glider, free flight gas, clipper cargo, jet PAO load, radio control, control line speed, and prote speed.

The ATC contest is scheduled

#### Officers Reassigned

Capt. Robert E. Johnson, 3501st Pilot Training squadron adjutant, and 1st Lt. John A. Marshall, instructor pilot, have been reassigned to Turner AFB, Ga., to serve with a SAC unit.

Reese entries for the ATC for June 3-7 at Chanute AFB and base entries must be made at least two weeks prior to

> An ATC team will be selected to compete in the World-wide model airplane meet, scheduled July 17-21 at Biggs AFB.

# **Objective Important**

By Chaplain John O. Ballantine

A life filled with multiple aims will not only prove unsuccessful, but it will likewise never be free. As one cannot get on a horse and ride off in all directions, neither can he get anywhere in life if he tries to follow too many aims. To have multiple aims in life if he tries to follow too many aims. To have multiple aims is to chop life all to pieces and destroy its wholeness. One can't get himself together wholly; his spirit goes to pieces! Nervou tension freezes the mind, soul, body, and spirit of such a person. It can be safely said that "the fear of our day is a spiritual fear which assails men and women caught in the trap of their multiple

The truth of the matter is that the successful life, the free life, is the life of commitment! It is a life dedicated to a single purpose.

That means that all our varied interests and activities become the interesting variations of a single and powerful purpose to which we have committed ourselves completely. This kind of life is different from that lived by those who spend their lives with an eye on the one "big chance" which never comes and leaves them all frustrated and ill-tempered.

A life of commitment is one that accepts duty and in so accepting finds freedom and peace.

cepting finds freedom and peace.

So the first principle and the most important principle for success and happpiness in life is to do away with multiple aims, double-mindedness, and indecisoin.

# **Reds Operate 'Grab' Theory**

President Eisenhower made this statement:
"One small country after another has been swallowed up by international Communism. Their freedom is lost. Their nation pride is crushed. Their religion is trampled on. Their economies are mere feeders to that of Russia. And if they attempt to assert their tradition of freedom, their people are shot by the thousands. Witness: Hungary." (Washington, Feb. 25, 1957).

# **Officers in Cadet Squadron Named**

Aviation Cadet Donald R. He entered pilot training from Brown of Evansville, Ind., has been appointed squadron commander of the cadet organiza-tion at Reese. He is a high school graduate, a former radar technician in France, and has been in service four and a half years, two years overseas.

Named executive officer with the rank of cadet captain, is Cadet Robert C. Bigrigg of Fresno, Calif., former student of Fresno State college.

The squadron adjutant, also

duty as missile guidance technician.

Squadron supply officer, a cadet lieutenant, is Cadet Bernard M. Altenburg of Fargo, N.

The five flight commanders, all with the rank of cadet lieutenant, are Cadets Donald S. Thomas of Duane, Va.; John S. Hoskins of Portland, Ore.; Jon C. Vance of Lakewood, Ohio; Bruce R. Alter of Pearl River, a cadet captain, is Cadet Byron N. Y.; and Dedwin E. Grimm, R. Evans of Klamath Falls, Ore. Jr., of Phoenix, Ariz.

(continued from page 1) devotion to their children, their church and school, and serve so graciously they have become leaders in every area in which they participate," the P. F. Brown PTA letter said.

"From every source our committee could find nothing but praise for the Gras family."

Among traits of the parents specifically mentioned were discipline of children which produced well-mannered boys, no vacation from activities, and doing "countless things for neighbors, friends, and school friends of their children to make life more enjoyable and worth-while."

The Bible class said "This family, as a unit, inspires others to become better citizens, better church members, better children, better par-ents, and above all, better

Christians." Sergeant Gras, one of the first group named to his rank at Reese, has been in service 171/2 years. He was in Italy and Korea and in the latter country arrang-1 for Bibles to be sent to Ko-

ean student pilots and was instrumental in establishing an

orphanage. He is a member of the official Sunday School board, a church usher, member of the Commission on Evengelism and Visitation, and past president of the

Friendship class. He is serving his third year as Cubmaster of Pack 30. Mrs. Gras is a denmother and former secretary of Pack 30. Last summer she and her husband helped write a program quarterly for use by all cub scouts in the nation.

Mrs. Gras is a former circle leader of her church and treasurer of the Woman's Society of Christian service and presently is assistant circle leader and secretary. She is a primary teacher in the Bible school, and has served the PTA as hospitality chairman, vice president, representative to the city council, budget and finance chairman, and health chairman. She is president-elect.

Roger for the past three vears has been chosen by his lassmates as "best citizen" of his school room. Darvl has held the rank in his room two years.

Sergeant Gras received personal congratulations from Col. William Martin, M&S commander, and was busy all day Tuesday taking phone calls

# **Class Will Test** New T-38 Talon

Plans for setting up an experimental class of 25 student pilots to test the new T-38 Talon in training has been announced by Air Training Command.

The class will receive actual basic flying training, the first to receive teaching at the fasterthan-sound speeds called for in combat aircraft. Training is scheduled to start in January, 1961, at Randolph AFB.

ATC instructors and maintenance crews will fly and work on the new T-38 during a six-month period. Familiarity with the Talon by thest people and command officials is intended to determine the aircraft's capability to do its job.

Training will be under normal conditions, but close monitoring is planned for evaluation purposes. Normal basic training in the Talon is scheduled to start in September, 1961, at Webb AFB, with other bases to join the program later.

The T-38 made its first flight in California about three weeks

Goes to ATC

CWO Roy L. Vaughn, airman personnel officer, has been re-assigned to ATC headquarters, leaving May 28. His duties here will be assumed by 2nd Lt. Elmer L. Simmons, Jr.

# Officer's Blood Studied in Test

Lieutenant Head came to Reese in 1957 and last spring blood samples were flown to the Lackland AFB hospital for

Until 1982 the Air Force will keep a close eye on 1st Lt. Richard Head of Reese. He's a subject in a special blood observation project.

The Class of 1956 at West Point was selected for the cardiovascular disease research project, and the lieutenant was a member of the class. Each even year for 30 years, blood from the 475 members of the class will be taken and studied. The test started in 1952 and blood was examined in April of 1952, 1954, and 1956 at the military academy.

The long term project is aging and coronary artery disease and to find relationship of lipopreteins and other fatty parts of the blood on cardiovascular changes. The study may be extended beyond the 30 years, it is said, and the 1956 Class members will remain as subjects as long as they are in service.

Special instructions to medical men are included in the personal file of Lieutenant Head, pilot instructor, and the others.

# Power Mower Safety Emphasized

ation of power lawn mowers was feet while mowing lawns. laid this week by the Reese Gound Safety council, as the grass cutting season arrived.

The council pointed out that Air Force directives require that only trained operators be permitted to operate mowers, in assigned duty while on base, that mower blades to at least an inch and a half from the ground and no adjustment may be made while the mower is running. It also was cited that operators wear safety shoes approved by the wing inspector.

The council, with Col. Clayton A. Scott, wing executive officer, as chairman, urged all unit commanders to see that the directives are enforced, and also that all personnel be cautioned on power mower operation. Last year, it was pointed out, Reese

Emphasis on caution in oper- personnel suffered damaged |

Praise was given the headquarters squadron section of the Pilot Training and M&S groups for outstanding safety records and councilmen said "if other units did as well, then Reese would be on top in the ATC ground safety competition, instead of in seventh place."

The council said that many persons are injured yearly in the Air Force through lack of caution in handling power mowers and Reese people should guard against "becoming accident statistics."

Stress also was laid on safe driving practices as the summer vacation period neared. It was urged that all unit commanders insist that personnel know dangers of driving too fast, too carelessly, and under adverse weather conditions.

# **Federal Workers** Form Association

Reese personnel this week were given a special invitation to affiliate with the newly organized Lubbock Federal Business association.

The group has been formed to promote efficiency and economy in transaction of federal business; promote close relationship between representatives of various government units; foster loyalty to the United States; promote better relationship between federal employees and other citizens; provide an organization through which federal employees may participate in worthwhile community, benevolent and other activities; and initiate and sponsor programs to improve educational and social welfare of federal workers.

Monthly luncheons will be held in a Lubbock hotel and dues are \$1 quarterly. The first luncheon is May 18 in the Spur restaurant. Maj. John W. Ar-nette, wing adjutant, is vicepresident.

Any federal employees whose duties are executive, supervisory, or technical in nature are eligible to join the association, provided they are civilians of a grade of GS-5 or higher or military with the rank of technical sergeant or higher.

Dues may be paid at the civilian personnel office.

### General Reappointed

Mai. Gen. Winston P. Wilson, a Reese graduation speaker, has been named to a second fouryear tour as deputy chief of the National Guard bureau. He heads the Air Force division of the bureau in Washington and will continue as deputy for Air Force National Guard affairs to the assistant chief of staff for reserve forces.

## Golf Notes . . .

By Ken Shields

The Reese Golf club set a new attendance record for one day last Wednesday. Sixty-four players toured the local course. This is really encouraging since it occurred on a weekday. The previous record of 60 was set on a weekend. With some nice weather and water to drink out on the course the new record shouldn't hold up long.

The 3502nd Maintenance squadron has taken the lead in the week-old summer golf league. Paced by MSgt. Jim Thede with a round of 75, they scored 18 points. The 3505th Maint. Squadron is in second place with 151/2 points. SSgt. George Williams scored a fine 76. Last week's results: 3502nd Maint. over Trans., 18-0; 3505th Maint. defeated PTW, 15½-2½; AGB over 3500th PTS, 12½-5½; Instal. defeated AP's, 12½-5½; AACS & Weather over 3501st PTS, 9½-8½; and M&S tied Hospital 9-9.

Saturday's event will be a pick-your-partner Low Ball Tournament. Everyone has an equal chance in these tournaments-full handicaps are a-

This Week's Tip

This week let's not look at our swing, let's examine our golf etiquette. Have you read the rules of golf etiquette? They're printed on the back of the scorecard. Please read and observe these! Please repair ball marks on the greens!

**Mixed Couples League** 

A six-way tie for third place marked activities in the Mixed Couples bowling league this week. Each team contains two couples.

In first place were Maj. and Mrs. Conrad Johnson and Capt. and Mrs. Leland Strecker, with seven wins and one loss. Second were Capt. and Mrs. Gordon Freeman and 1st Lt. and Mrs. Howard Geddes, 6-2.

Tied for third were Maj. and Mrs. Ralph McWhirter and Capt. and Mrs. Alex Goodkin, Capts. William Johannsen and Robert Hill and wives, Maj. and Mrs. Joe Setnor and 1st Lt. and Mrs. John Dick, and 1st Lts. Richard Corbin and 1st Lt. and Mrs. Ernest Bedke.

Rolling high game and series was Lieutenant Dick, 214 and 556, topping the previous high series of 1st Lt. Ed Miller, 541. Mrs. Bobbie Johnson led the wives with a 193 game and 482 series. The Johnson-Strecker team hit a 651 game and 1899

The T-33s at Reese burn upwards of one million gallons of fuel a month in the training program alone. For January it was 356 gallons an hour.

# **Sports Report**

By A/3C Roger J. Gillard

Texas Tech's high jumper W. L. "Dub" Thornton, has accepted an invitation to the Coliseum Relays in Los Angeles, May 15. Thornton, a junior from Asperment who last week broke a 16year-old Drake Relays record with a 6-9 jump, has also won at the Kansas Relays, the North Texas Relays, and the ABC Relays this spring. It will be Thornton's second trip to the Coliseum, where he finished third last year.

Congratulations to A/1C Larry Chase for his fine performance in bowling. He has been awarded the Athlete of the Month. His accomplishments in bowling have not only contributed to his squadron but to the athletic prestige of Reese AFB, since he was selected as top bowler in ATC. We also congratulate TSgt. R. L. Walker of the 3502nd Flight Line Maintenance Squadron for his performances as runner-up Athlete of the Month, in volleyball, badminton, handball, golf and bowling.

## **Students of 20 States in New Class**

Vietnam make up Class 60-C, just arrived at Reese for basic pilot training in T-33 jet air-

California leads state strength with two student officers and two cadets, while Illinois has one officer and two cadets. Two students represent Minnesota, Michigan and New York. Greece

Students from 20 states, Puer- has four cadets, the first from to Rico, Greece, Ecuador and that nation to train at Reese, and Ecuador and Vietnam have one cadet each.

All nine student officers are college graduates. The 21 aviation cadets include 2 college graduates and 13 other former college men. Twenty-four colleges and universities have former students in the class.
