

# Construction Projects Slated

U. S. Air Force — Aerospace Power for Peace

## THE ROUNDUP

Volume XIII

Lubbock, Texas, Friday, January 12, 1962

Number 2

### Reese Collectors Will Show Art In Texas Museum

February will be Reese month at the West Texas Museum, located on the circle at Texas Tech campus. During this period people from Reese will exhibit their original works of art and any collected objects they wish to show. Such items as great paintings, sculpture work and antiques will be exhibited.

Grand opening of the exhibit will be Sunday, Feb. 4., in the museum's rotunda gallery from three to five p.m.

This is the first time Reese people have been invited to have their own private art show at the museum.

Mrs. B. J. Wright, Mathis Service Club director, urged this week all interested persons to contact the service club and advise that office of the number of items they wish to show.

All objects will be displayed in locked cases, Mrs. Wright indicated.

### Writing Points To Cold Cash

A \$25 cash prize is up for grabs each month and will be awarded to the person at Reese who submits the most appropriate article for publication in "Plane Talk," the base flying safety periodical.

Major Richard J. Condrick, flying safety officer, stated this week that in addition a \$50 award will be paid to anyone at Reese whose articles are accepted for publication by an Air Force publication, such as "Aero Space Safety" or "Airman" magazines. He stressed that all Reese personnel, both military and civilian, are eligible to submit articles.

Articles should be turned in to the Flying Safety Office, he said. That office will make final selection on the monthly award, he added.

### Former FHA Home Owners Reminded To Stop Loans

Some money saving advice to former owners of homes purchased under a Federal Housing Administration (FHA) Guaranteed Home loan was offered today by 1st Lt. Robert N. Schannep, base personal affairs officer. In short, Lt. Schannep reminded those affected that if they haven't terminated the FHA loan after selling a house, they had better do so in a hurry before it gets too expensive.

Under the system, Lt. Schannep indicated, the Government pays the FHA for insuring payment of a loan on a home when it is purchased. When the home is sold, however, the owner must terminate the loan or else the Government will continue to pay FHA. When the error is discovered, the first owner becomes painfully aware that he must reimburse the U. S. Treasury for the expenses incurred.

Personnel records are screened

Americans are rich in a thousand ways; good humor is a strong characteristic. Stories by American humorists are available at the base library.

GOOD WORK—Mrs. Margy Shriner (r), receives a certificate of appreciation from Jim Lindsey, American Red Cross field director at Reese for her active leadership as Gray Lady chairman and chairman of volunteers. Mrs. Harold T. Babb and Maj. L. B. Kondek look on. The presentation occurred at a recent coffee at the Mathis Service Club in Mrs. Shriner's honor. Major F. F. Shriner, her husband, has been reassigned to Randolph AFB, San Antonio, Texas.

### Short Story Time Nears For Base Fiction Writers

Short story writers at Reese were advised this week by Mrs. Helen Fuller, base librarian, to start thickening their plots in preparation for the upcoming Air Force short story contest. Deadline for entry here, she indicated, is May 1.

Open to all military personnel, the contest is governed by the following criteria: The story must be an original, unpublished work by its author, sole owner and proprietor of its publishing rights. It cannot be identical with any story previously submitted. It cannot contain libelous material. It must not exceed 6,000 words.

Each manuscript must be typewritten, double-spaced, on 8 by 10½ inch paper, Mrs. Fuller said.

Prizes at base level will be \$25 for first place, \$20 for second and \$15 for third.

At ATC level the winning entry will net \$200, while second place will earn \$150 and third \$100. First, second and third honorable mentions will be awarded \$25 each.

The first place winner at USAF level will pocket \$350, while second place will get \$250, third

\$150, fourth \$100 and fifth \$50.

Mrs. Fuller indicated that entry blanks and other pertinent information will be made available at the base library.

### On-Base Classes Will Feature Three Courses Here Soon

Three on-base education classes will be offered to Reese military and civilian personnel starting in February. The courses are English composition, algebra 2 and typewriting.

Starting Feb. 5 and running for 12 weeks, English composition classes will meet once a week from 6:30 to 9:30 p.m. in Rm. 5, Bldg. 915. The course will include theme subject and plan, words and their function, variety, overtones and liveliness.

The curriculum is designed for those seeking to improve their report writing or for those preparing for college.

Algebra 2 is a continuation of Algebra 1, taught during the fall semester, and is the second half of freshman high school algebra. Classes will meet Tuesdays from 6:30 to 9:30 p.m. in Rm. 5, Bldg. 915 starting Feb. 6. The course will last 12 weeks.

Two classes in elementary typewriting will be offered. The course will help students develop facility in using the typewriter keyboard and machine parts, and in developing speed and accuracy in typing business forms and letters. The first class will meet from 6:30 till 8 p.m. Monday and Wednesday in Bldg. T-11 (post office). The second class will meet from 8 till 10 p.m. the same nights, starting Feb. 5 and lasting 12 weeks.

Enrollment is open now at the base education office. Fifteen students are required in both English and algebra before the courses can be offered.

## Varied Areas Will Benefit

Year 1962 will resound with the clunkety clunk of hammers, whirring of saws and other audible evidences of construction at Reese. Several construction projects have been approved and will be started in the near future.

Other new facilities, with skeletal framework taking shape, are already headed for the completion mark.

Base bowlers probably will be the happiest aggregation when finishing touches are put to the new pre-fabricated steel eight-lane bowling facility. Slated for location adjacent to the present lanes, completion is expected in late spring or early summer. Advertising for bids is scheduled to start next week.

Another recreation project should be completed about the same time. The new recreation building at Buffalo Lakes is planned to be a pre-fabricated steel structure. It will be complete with a lounge, kitchen, caretaker's quarters and a boat-house underneath.

Although they probably won't appreciate it, newborn babies at Reese should enter the world in style in the hospital's new obstetrical ward this year. Plans are to build an addition to the present "OB" facility, providing an entirely new delivery "suite."

For the children who missed their chance at the new hospital ward, there will be an addition to the Chapel Annex.

Building 242 will be moved soon to the annex and act as an extension to the structure. It will be used for expansion of Sunday school classes and other activities.

Civil Engineering Group personnel will start modernizing and rearranging the interior of the post office soon. In a move designed to eliminate all base unit mail rooms, more than 1,500 additional lock-type mail boxes will be installed for all personnel residing on the base proper. Remodeling should last about one month.

Soon up for bids will be a project for repairs and alterations to the NCO Club kitchen and serving line.

Procurement is now asking for bids on overlaying base arterial streets with asphaltic concrete. Actual starting time of the work will depend upon the weather.

Projects either already accomplished or under construction include an addition to the auto hobby shop, sound proofing and air conditioning of the parachute shop, and erection of a T-38 flight simulator building.

Four new work stalls and a grease rack area were added to the auto hobby shop. Although completed, minor interior improvements are presently being made.

The T-38 flight simulator building, located on Hangar Line Road, is over half completed and should be finished in early March.

Another large project is presently awaiting Congressional approval. It is the Phase II portion of rehabilitation and im-

provement to Government housing in Reese Village. Plans include adding bathrooms and enlarging some units, painting interiors and exteriors, overlaying streets, repairing car ports and drives, repairing roofs and adding exterior storage facilities.

### 'Acorns' Bring Cash Awards

Several base people will be slightly wealthier soon, thanks to "acorns" they submitted. Meeting Jan. 4, the Military-Civilian Incentive Awards committee recommended cash awards and letters of appreciation be presented to two NCO's and four civilian employees.

Receiving \$10 checks will be TSgt. Harold J. Nimmo, Civil Engineer Group; and SSgt. Wilford J. Cummings, M&S Group; who will pocket two such checks.

Fifteen dollar awards will go to Harry DeLarue, M&S Group; Betty L. Walker, Civilian Personnel Office; Lyle W. Judd, Stat Services; and Billy R. Brock, M&S Group. Judd will also receive a \$25 award for another suggestion.

### Nominees Get Chances For Super Grades

The first increment with names of Reese senior NCO's nominated for hikes to E-8 and E-9 grades in the March, 1962, cycle were forwarded to Hq. USAF last week as promotion and nomination quotas for the 1962 senior and chief master sergeant elevations were distributed to all major air commands.

Another increment comprising names of nominees to be selected at Hq. ATC will be dispatched upon request from ATC, Wing Personnel announced.

Quotas are determined at Hq. USAF and broken down by commands when possible. When quotas are too small for apportionment to commands, selections are made at Hq. USAF, personnel officials said.

The March promotion schedule See NOMINEES, Page 2

## Air Force Highlights

WASHINGTON. — The central temporary lieutenant colonel line selection board meeting here Jan. 8 gave a quota of 5,200 majors for selection, and personnel planners feel that 3,500 to 4,000 of the selections will be insignia changes by March 1962.

Temporary Colonel Board  
WASHINGTON. — The central temporary colonel selection board (line) meets here Jan. 22 to consider about 1,200 in the primary zone and 400 in the secondary for a maximum quota of 536 slots.

Insurance Refund  
WASHINGTON. — More than 200,000 Korean veterans holding "RS" type GI policies have until Sept. 14, 1963, to convert policies to the "W" type and receive a special dividend.

Making the announcement, the Veterans Administration here said that the mailing out of nearly \$30 million in special dividend checks to about 400,000 "W" type policy

holders should end soon. "RS" policy holders can expect a letter from the VA early in 1962 that explains the advantages in converting to "W" type policies.

AFIT Gains Recognition  
WASHINGTON. — The Air Force Institute of Technology at Wright-Patterson AFB, Ohio, has been selected for membership in the Council of Graduate Schools in the United States.

Gentile to DESC  
WASHINGTON. — Gentile AFS, Ohio, is one of the newest integrated supply management activities of the Defense Supply Agency (DSA), a Department of Defense announcement said.

Gentile is to be known as the Defense Electronics Supply Center (DESC) and brings to DSA 390,000 feet of administrative floor space and automatic data processing equipment that includes electronic computers.

## From The COMMANDER'S DESK

By Col. L. C. Hess, Base Commander

It is not uncommon to read of ill health and sometimes outright collapse of Air Force personnel. This can often be attributed to poor physical condition. Low endurance, muscular weakness and overweight are all indicators of poor physical condition.

Regular exercise, recreation and relaxation are essential to the well being of everyone. The body houses the vital "thinking mechanism" which directs our day to day activities. It is therefore a must that the body be maintained in a high state of physical fitness at all times. It is also necessary that time be appropriated for rest and relaxation. Leave should be taken periodically rather than carrying it over from year to year or accumulating and receiving pay for unused leave at the end of an enlistment.

The physical and mental well being of the people at Reese is of prime importance. I expect each individual to take the necessary measures to maintain a standard of health which will permit the meeting of all responsibilities.

## Our Beliefs

Here are six main beliefs expressed in the Declaration of Independence and in the Constitution with its Bill of Rights and Amendments:

1. **Rights of the Individual:** "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty and the pursuit of happiness."

2. **Belief in Government by Consent of the Governed:** "That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed."

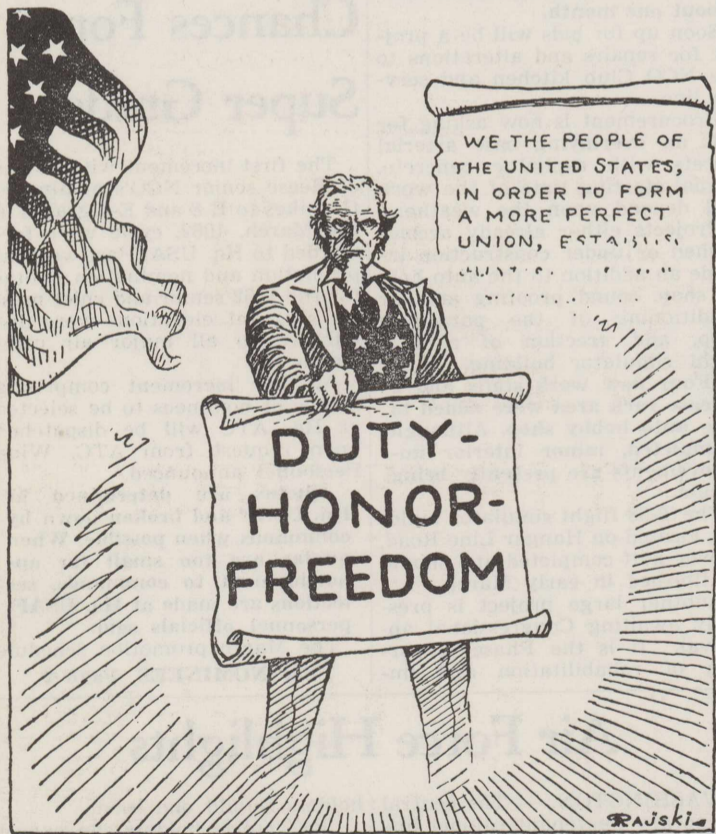

3. **The Idea of Limited Powers:** The best interests of the individual are served by a government that is not so powerful that it becomes a dictatorship. Hence, our national government has been given limited powers. It is permitted to do certain things and at the same time forbidden to do others.

4. **The Idea of Separate and Balanced Powers:** The government of the United States is purposely divided into three separate branches—the legislative, the executive and the judicial. Each acts as a check and balance against the other two.

5. **The Idea of Federalism:** Americans are citizens of their nation and of their state at one and the same time. The national government is concerned with matters that affect the nation as a whole. The state is more concerned with matters that touch our daily lives.

6. **The Idea of a Government Strong Enough to Be Effective:** Amendments to the Constitution furnish a device whereby the laws of the nation may be changed as needed. Thus far, only 22 amendments have been made.

### Preamble For All

## RF 110 Plane Under Study

The Air Force is furthering its tactical reconnaissance requirements by developing its own RF-110 version of the Navy's F4H Phantom II Fighter.

Making the announcement, the Department of Defense said design studies to develop a reconnaissance version of the RF-105D will be terminated.

The McDonnell Aircraft Corporation of St. Louis, Mo., which builds the F4H, will produce the RF-110. It already produces one reconnaissance aircraft for the Air Force in the RF-101 Voodoo, operational with Tactical Air Command since 1957.

The basic F4H is a two-seated, two-jet fighter that has set world speed records in excess of 1,600 miles per hour and altitude marks over 98,000 feet. Principal USAF change to this

aircraft will be changing the nose configuration to house reconnaissance equipment.

Say you saw it in The Roundup.

## SPEAKING OF LIBERTY

"THE MAN WHO LOVES HIS COUNTRY ON ITS OWN ACCOUNT AND NOT MERELY FOR ITS TRAPPINGS OF INTEREST OR POWER, CAN NEVER BE DIVORCED FROM IT, CAN NEVER REFUSE TO COME FORWARD WHEN HE FINDS THAT SHE IS ENGAGED IN DANGERS WHICH HE HAS THE MEANS OF WARDING OFF."  
...Thomas Jefferson

## Parson-to-Person

### Proper Attitude Is Necessary On Job

By Chaplain James D. Taylor

If you work for a man, in Heaven's name work for him! If he pays you wages that supply your bread and butter, work for him, and stand by the institution. I think if I worked for a man, I would work for him! I would not work for him part of the time, but all of the time. I am sure I would give an undivided service or none.

If put to the test, an ounce of loyalty is worth a pound of cleverness. If you must vilify, condemn and eternally disparage, why? It would be better to resign your job and quit; but as long as you are a part of an institution, don't condemn it. Not that you will injure the institution—not that—but when you disparage the concern of which you are a part, you disparage yourself. Remember that, "I forgot" won't do in business.

If you are claiming to be a Christian, why not work at the job?

## Texas Sticker Deadline Near For All Cars

The Director of the Texas Department of Public Safety, Col. Homer Garrison Jr., this week urged motorists to secure their 1962 vehicle inspection stickers as soon as possible prior to the April 15 deadline.

After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest, he said.

Garrison said approximately half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations as the April deadline approaches.

"There are some 4,800 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay if owners of the uninspected vehicles do not wait until the last few days before the deadline," Garrison said.

He pointed out that vehicles inspected so far this year have fewer defects than have ever been noted heretofore. He said vehicle defects contributing to motor vehicle accidents in Texas is the lowest in the history of the state.

## Nominees Get . . . ATC Must Produce

(Continued From Page One)

calls for USAF-level nominations to arrive by Jan. 29. The central selection board will meet Feb. 19 and selections dispatched to major commands Feb. 23. Promotion date will be March 1.

Air Force officials stated that the appearance of an airmen's name on a nomination list or priority listing will be sufficient for consideration for promotion to super grades.

A resolution for 1962 might be: "I'm going to be cheerful." Books filled with laughs are available at the base library to help.

## Expert Arms Men

The Air Force looks to Air Training Command to produce qualified men in the weapons field.

ATC conducts a weapons controller training program at Tyn-dall AFB, Fla., an Air Defense Command base. Here ATC teaches Air Force, Air National Guard and allied officers the fundamentals of weapons intercept control, basic radar and ground control techniques, and air defense systems. The course lasts eight weeks.

"ACORN" GROWERS — Smiling for Lt. Col. Hanford Wright, Wing Personnel Officer, right, after receiving letters of appreciation are 15 of 17 base super-

visors responsible for participation rates better than 50 per cent in the suggestion program.

## Supervisors Honored

Seventeen supervisors at Reese received recognition Monday for their outstanding efforts during 1961 in the suggestion program. Although the Air Force goal for suggestions is 25 per cent, each of the 17 was responsible for a 50 percent record or better.

Reese has received the "Suggestion Certificate" signed by Chief of Staff Curtis E. LeMay for the sixth year after again surpassing the AF-wide 25 per cent goal.

Civilian workers at Reese saved the Air Force and the base over \$165,000 through suggestions in 1961. They submitted 193 ideas, had 85 approved and were paid a total of \$3,095 for their constructive thinking.

Participation rate is based upon the number of suggestions received versus the number of personnel assigned to an activity.

Supervisors receiving letters of appreciation for high participation rates are TSgt. Stanley Southerland, Wing Personnel; Sinia R. Harris, Civilian Personnel Office; Mary H. Lundy, Civilian Personnel Office; SMSgt. Lawrence Caldwell, M&S Group; MSgt. Raymond P. Augler, M&S; CWO Flagle E. Stewart, M&S; Winston D. Williams, M&S; Foy A. Naler, M&S; Charles E. Daugherty, M&S; Carl Sanders, M&S; Clarence L. Reed, M&S; Robert J. Young, M&S; Joseph E. Carr, Civ. Engr. Group; James D. Ricketts, Civ. Engr. Group; Lloyd H. Dillon, Civ. Engr. Group; Billy W. Muncy, ABG; and E. Marilyn Workman, ABG.

## Holdings Of NSLI Offered Options For Disability

Active duty personnel holding National Service Life Insurance (NSLI) policies from WW II and the Korean War may still exercise important options to protect themselves against total disability. Eligible USAF personnel can buy protection up to \$100 a month with a minimum rider charge. The exact formula is \$10 in monthly income for each \$1,000 of insurance. Rider premiums vary according to the individual but are inexpensive.

The Veterans Administration reports that more than 800,000 persons, in and out of service, have bought this disability protection since it was first offered in November 1958. Well over three million veterans have yet to make a disability option.

VA officials are frank in stating that the disability rider has one drawback. The disability rider "ceases to exist after age 60 and no payment is made for disabilities incurred after that age."

Any VA regional office or the Veterans Administration at Washington 25, D.C., can furnish full details and application forms.

## Engineers Win Safety Award

Coffers at the Civil Engineering Group became richer by \$100 this week as that organization won the ground safety award for December with a zero accident rate. The group, commanded by Lt. Col. Victor C. Correll, is currently perched on top of Reese ground safety standings by virtue of having no reportable accidents through October, November and December.

It was the first time during 1961 that the engineers managed to take the top spot uncontested. Previously it had tied in November with Pilot Training Group.

Joe Lopez, ground safety director, stated that winning the

award was a remarkable achievement considering the number of hazards faced daily by CE members.

Colonel Correll praised his people for their efforts and asked that they continue throughout 1962 with the same amount of safety consciousness which they displayed during the last quarter of 1961.

## Autos Prohibited At Vacant Lot

Although the no parking rules concerning Fourth Street extension and War Highway near Reese School are being observed carefully by Village residents, CWO Henry Travinski, provost marshal, pointed out this week that further restrictions apply to the property adjoining the school at the intersection of the above streets.

Mr. Travinski warned that no parking is allowed on that property, which is private. The Texas Department of Public Safety has advised him that cars parked there are in danger of being towed away and that the autos should be parked elsewhere.

### Woman's Chatter

By Mrs. Frederick H. Faulkner

Major and Mrs. Thomas Batey held open house on Christmas Eve for the instructor pilots and students of Flight 4.

Wives of Flight 2 entertained the Student wives of Class 63-D with a welcoming coffee at the Club, Thursday, January 11th.

Members of Class 62-H wives surprised Mrs. Robert Wagner with a baby shower, Tuesday, January 9th, in the home of Mrs. George Hillyer.

Wives of Flight 2 will be hostesses for the monthly Dust Devilette's coffee to be held Wednesday, January 17th, at 9:30 in the club.

The nominating committee of the OWC met during the past week. Chairman of the committee is Mrs. Joe Setnor.

The new Breeze advertising and business manager is Mrs. Charles F. Monahan III of Class 63-C. She is a new bride from Bangor, Me.

The 3500th is planning a squadron flight suit party for January 20th. The party will be held in the stag bar. Drinks and snacks will be served.

Mrs. Charles Rasmussen and Mrs. William Richardson honored Mrs. Harry Waggoner with a baby shower January 9th at the Club. A blue and white theme was used. Petis Fours with blue icing, fruit punch, coffee and tea was served to the 20 guests present.

The hospital group will sponsor a costume party January 27th at the Club. Come as your favorite disease. Entertainment will be provided. Dinner will be by reservation.

Home for the holidays were Susan Hess, daughter of Col. and Mrs. L. C. Hess, who is a junior at UCLA, and Lester Hess, Jr., a student at Millard Preparatory School in Langlois, Oregon.

Lt. Col. and Mrs. Delmar Atchison returned January 7th from a week's visit in Abilene, Kan., with the colonel's parents, Mr. and Mrs. H. V. Atchison.

Houseguest in the home of Col. and Mrs. Roscoe Woodruff, Jr., over the holidays were the colonel's parents, Major General and Mrs. Roscoe Woodruff, Sr., of San Antonio.

Mrs. Ralph Zoerlien has plan-

ned a farewell luncheon for Mrs. Robert Rankin for January 16th in her home. Captain and Mrs. Rankin will leave soon for his new assignment in Del Rio, Texas.

CWO and Mrs. Donald Heskett have returned from a 15-day leave visiting friends and relatives in Colorado Springs, Kansas and Missouri.

Major and Mrs. Elwin G. Kirby and family spent a week visiting with relatives and friends in Abilene, Lometa, Big Spring and San Antonio.

The M&S Group Wives will have their monthly luncheon January 19th at 1 p.m. at the Club. Hostesses are Mmes. Robert Brackett and William O'Rourke. Bridge and canasta will be played following the luncheon.

The monthly Wing Wives Coffee has been planned for January 17th at 10 a.m. at the Club. Senior hostess is Mrs. James D. Taylor, Jr. Hostesses are Mmes. Glenn O'Banion, Lawrence Potts and Charles Greenidge.

The OWC Bowling League will end its Fall League, January 26th at 1:30 with a free luncheon at El Charro's No. 2 on 34th Street. Mrs. Ron Kibler, chairman of the luncheon committee, has announced. Mrs. James R. Johnson, chairman of the trophy committee, has announced the presentation of trophies will be made at the luncheon. Mrs. Robert Guinn, secretary for the league, announced 56 wives are bowling in the present league and more are expected to join the Spring league which will begin February 2nd at Oakwood Lanes at 9:30 a.m. Any new member wishing to bowl, but has not established an average within the last year, must bowl 9 games before Feb. 2nd and give the totals to either Mrs. Robert Guinn or Mrs. Roch Benevent. Anyone new interested in beginning with the Spring league is asked to contact Mrs. Guinn or Mrs. Benevent before Feb. 2nd.

### Chapel Schedule

# Air Base Group Tops Rest In Sports

## Edges Pilot Training Group To Snag Big Trophy For '61

The top athletic award at Reese now rests in the possession of Air Base Group. The Commander's Trophy, presented to the organization compiling the most points throughout the year's intra-mural athletic competition, went to the group for its 982½ points amassed throughout 1961.

Pilot Training Group fell just a few points short of plucking the prize, but settled for runner-up position with 957½ points. Third place in the standings went to M&S Group with 540 points, and fourth to the Hospital with 530. The attached units escaped the cellar with 255 points, trailed by Civil Engineering Group, which collected 210.

In scrapping its way to the top, ABG picked up 15 points in athlete of the month competition, 227½ in golf, 115 in bowling, 80 in basketball, 100 in volleyball, 80 in minor sports, 305 in softball, 30 in tennis and 30 in swimming.

Pilot Training Group collected 20 points for athlete of the month, 137½ in golf, 10 in bowling, 130 in basketball, 155 in volleyball, 60 in minor sports, 305 in softball, 10 in tennis, 50 in swimming, 50 in touch football and 30 in soccer.

The Hospital garnered 10 points

for athlete of the month, 10 each in minor sports and tennis, 115 in bowling, 130 in volleyball, 185 in softball and 60 in basketball.

Maintenance and Supply Group grabbed 145 points in both golf and basketball, 30 each in minor sports and softball and 190 in bowling.

Attached units scored 110 for golf, 100 in softball, and 45 in bowling.

ATHLETIC PLUM—Col. L. C. Hess, left, wing commander, presents the commander's trophy to Col. Roscoe B. Woodruff, ABG commander, in recognition of Air Base Group overall supremacy in intra-mural athletics throughout 1961.

## Bowling Results

### Officers League

The M&S Chiefs were crowned champs of the officers' bowling league Wednesday night as they ended loop competition a scant half-game ahead of the Dust Devils. The Chiefs finished with 42½ wins and 25½ losses, compared to a 42-26 Devil record.

Close behind were the Roosters, who copped third place with 41 victories and 27 defeats.

Ironically, the Chiefs scored high team series Wednesday with a whopping 2435. The Wing Wizards blasted 2430, followed by a 2420 series by the Dust Devils. The Bad Guys claimed high team game with 877, followed by an 868 effort

See BOWLING, Page 6

## Intra-Mural Basketball Quintets Ready To Square Away Tonight In Season's Important Tournament

Records go into the waste basket tonight as intramural basketball teams square off in the do-or-die base tournament to determine Reese representative in the ATC squadron level competition later this month.

Although the 'mural league ended Tuesday, standings are irrelevant in this eight-day scrap which sees all comers fight for top spot.

First game, starting at 6:30, will pit M&S Gp against Civ. Engr. Gp. At 8, the 3500th PTS

will meet either 3501st PTS or Mats. The juggernaut 3501st Student Sq. will face the M&S-Civ. Engr. winner 6:30 Monday, with powerful ABG tangling with the winner of tonight's second game at 8.

Losers will grapple for added life Tuesday, with two squads aimed for the sidelines.

The Students, by virtue of their 17 straight wins in league play, are overwhelming favorites to sweep the tourney. Air Base Group, however, is figured in some quarters as a definite threat.

District competition in squadron level play will be held at Sheppard AFB, Tex., Jan. 25 through 27. The top three finishers there will journey to the ATC tournament at Perrin AFB, Tex., Feb. 8 through 11.

## Student Squadron Breezes Through For Clean Slate

The 3501st Student Squadron, those "Untouchables" in the intramural basketball league, finished league competition with an unblemished 17-0 record. The snappy quintet breezed to the crown with machine-like precision, labeling them as the team to beat in the base tournament starting tonight.

Powerful Air Base Group No. 1 grabbed number two position with 15 wins and two losses, followed by M&S with 12 and 5, 3500th PTS with 11 and 6, and Civil Engineers with 10 and 7.

The 3501st PTS and Mats finished with identical records of five wins against 12 losses, followed by ABG No. 2, which won one game in 17 attempts.

On Jan. 5 the Students waxed M&S 55-37, while Mats defeated 3501st PTS 65-35 Jan. 8.

The season's final clash saw 3500th PTS top 3501st PTS 54-45.

## More Action Due In Sports

With basketball nearing the climactic stages at Reese, other intramural sport competition stands in the wings offering more points toward the commander's trophy. Volleyball is next, with league play starting Feb. 5.

The over 35 league, however, is getting a jump on its 'mural counterpart by starting today. Four teams are entered thus far.

An officials clinic will precede the 10-team league competition, instructed by SSgt. Victor Zarembo Jan. 29 through 31.

The best teams in the command will journey to Reese to vie in the ATC squadron level volleyball tournament here January 8 through 10.

The next few months will feature extensive tourney activity. Judo and boxing at conference level will be held at Stead AFB, Nev., and Keesler AFB, Miss., in March. In April, Perrin AFB, Tex., will host the base level volleyball tournament and the talent contest in May.

All is not quiet on the outside, though. Field Maintenance leads in the first half of the winter intramural golf league, with ABG No. 1 running second and ABG No. 2 third. As they huddled by the fire Wednesday, league officials stated that all matches must be played by Jan. 15 or be forfeited.

## Reese And Lubbock Teens Form Junior Rifle Team

With the cold, snow, and winds of January temporarily halting many outdoor activities, about 30 Reese and Lubbock teen-age children are anxiously awaiting the arrival of spring and warmer weather so they can once again pursue their favorite sport.

These are members of the Junior Rifle Team at Reese, an organization that began less than a year ago and since has become so popular that membership is expected to more than double in size during 1962.

In addition to Reese teens there are about 15 children of the Lubbock V.F.W. post who also participate each Saturday and Sunday during the warmer months, practicing and competing against the Reese team.

According to TSgt. William L. Foster, vice-president of the Reese Rod and Gun Club, the V.F.W. team was formed last June with the aid of AIC Paul Lessor, M&S Group, Mr. N. T. Conner, Doug Walcott and Mr. Boyd Hollingsworth, all of the Lubbock V.F.W. post.

At the same time Max Bolinger, NCOIC of small arms training, organized the Reese team for children between the ages of 12 and 18. Classroom instructions covered the handling of firearms, range safety, and safety first in the field. Not until after the two hour classroom instructions were completed were the team members allowed to handle loaded weapons, and only then under the careful guidance of the instructors.

Since the organization of these two teams, many members have improved their scores to the point where they were able to participate in firing matches in surrounding towns. They made a very good showing for themselves, placing in several events.

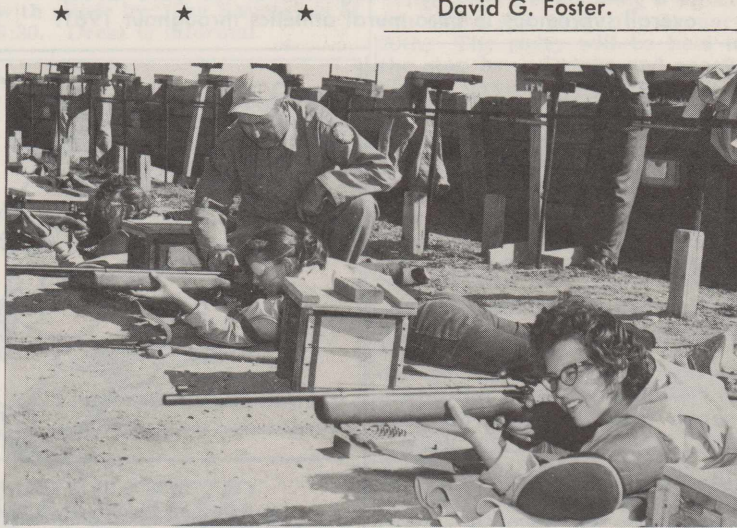

According to TSgt. Foster, the base rod and gun club plans to charter the Reese junior

rifle team with the National Rifle Association. They also plan in the coming season to accept some challenges received last year and participate in matches with other junior rifle teams in the Lubbock and West Texas area.

Foster went on to say that with the fine help of men like SSgt. Sam Bowlby, SSgt. Roger Mannemann and other members of the Reese small bore rifle and pistol team the teen-agers should have one of the top junior rifle teams in this section of the country.

TAKING AIM—Three members of the Reese junior rifle team "zero in" on an imaginary target in preparation for the day they will once again be able to get out on the firing range. They are, from left, Brent Lawson, Clyde McCrady, and David G. Foster.

FUTURE MARKSMEN of the junior rifle team practice during good weather at the Reese AFB 1000 inch firing range.

### Bowling Results

(Continued From Page 5)

by Wing Wizards and 858 by M&S Greasers.

High individual series went to Capt. Bernie Pointon, who had a 569. Runners-up were Lt. Fred Hutchinson and Capt. Bert Langford with 568 and 554 respectively. Hutchinson also took high game for the evening with a nifty 236, topping Lt. John Gregory's 230 and Capt. Doug Tingley's 214 scores.

Trophies will be awarded next Wednesday night, the starting date of the next season.

### South Plains College Has Speed Reading

South Plains College at Levelland is again offering speed reading in its evening school, a course of special benefit to those who have not completed high school and wish to take the General Education Development (GED) Test. This course is designed to increase comprehension as well as to increase the reading speed.

Two sections will be offered, one on Tuesdays and the other on Thursdays from 7 to 10 p.m. Registration begins on Monday, January 22.

Additional information may be obtained from Jonathan Reeves, base education officer, or J. Frank Hunt, director of the college evening school.

A bulletin containing information on other courses taught during the spring semester in the evening school is available at the base education office.

### New OJT Checklist Will Be Distributed

Wing personnel was busy this week putting the finishing touches to an OJT checklist designed to help supervisors in their training programs. Containing more than 20 items, the list will be distributed to all commanders and staff agencies soon.

The check list will serve as a guide in establishing criteria for OJT programs, officials said, as well as being an obvious aid in conducting on-the-job training.

About 80 helicopter operators from nearly every U. S. city have applied to the Civil Aeronautics Board for permission to begin helicopter airline service in their respective areas.
