

## Base Hospital Accredited By Medical Associations

The 3500 USAF Hospital has been awarded a three-year period of Accreditation by the Joint Commission on Accreditation of Hospitals.

This is the maximum period for which accreditation can be given and indicates that the physical structure, equipment, special services and medical staff and other hospital personnel are found to meet the highest standards required by the commission.

Those who avail themselves of the services of the 3500th USAF Hospital are assured by the Underwriters of the Joint Commission that the climate prevails at this hospital to provide the best in medical care.

The sponsors of the accreditation program are the American College of Surgeons, the American Hospital Association and the American Medical Association. Each year these organizations spend in excess of a half million dollars in an effort to define and upgrade the standards of medical care.

The accreditation program is an entirely voluntary, co-operative and non-profit service. The hospital seeking this service, prior to applying for accreditation, must ascertain that its facilities are adequate and that the quality

VETERANS—Four 10-year employees of the Exchange Service and two 5-year workers were awarded service pins during observance of the 67th anniversary of the Base Exchange Service last week. Lt. Col. Dwain Rockie, right, made the presentations. Left to right are: Mrs. Ora Shaw, 10 years; head bookkeeper; Mrs. Willie Franklin, 5-years, photo section supervisor; Mrs. Lucille Hill, 10, mobile unit; Gabriel Llanas, 5, warehouse; Vernon Flowers, 10, service station; Frank Morgan, 10, BX manager; and Colonel Rockie.

## Proposal On Management Brings Commendation

A management improvement suggestion estimated to save \$9,850 in materials for Reese has won a letter of commendation for 1st Lt. Donald L. Pierce, motor transportation officer.

The lieutenant proposed that ton and a half truck used to carry mobile control towers be replaced by bomb trailers, freeing the trucks for other use and utilizing bomb trailers which are surplus in the Air Force. His suggestion was approved by the Reese incentive awards committee.

## Up-to-Date Polio Shots Counseled

Reese families are being urged to bring polio immunization up-to-date with booster shots.

Hospital officials recommend booster shots yearly for children and every two years for adults and cite that the shots will be given from 1 to 3 p.m. each Monday, Tuesday and Wednesday in the military dispensary.

Dr. Joe Trickey, Hospital commander, cited that the 32 polio death total for 1960 in the Air Force was cut to 3 in 1961 through intensified immunization. He also pointed out that polio outbreaks have hit certain areas of Texas recently and current immunization is important.

He said the Sabin oral vaccine may be available here soon, but until it arrives all personnel should receive Salk immunization.

## General Seeking More Retention Of Young Officers

WASHINGTON (AFNS) — Civilian life still has a strong attraction for younger officers once they have completed their obligated tours in the opinion of Chief of Staff Curtis E. LeMay. "Too many officers," General LeMay points out in the foreword to AFP 34-1-25, "complete their obligated tour and then return to civilian life without considering a further career in the Air Force.

## NCO Club Opens Ranks To Upper Grade Civilians

Civilian employees have been granted privilege of associate membership in the Reese NCO Club, possibly for the first time since the base opened in 1949.

The Board of Governors has opened associate membership to Reese civil service employees in grades GS-5 through GS-9 and to wage board equivalents. The move gives all privileges of the club to the civilians in proper grades, except voting privileges.

Several civilians already have joined the club and many more are expected to join soon, MSgt. Walter Swiderek, club secretary, stated.

## Youth Follies Slated Here

A Reese Youth Club Follies is being planned soon, with the first audition of talent scheduled for 3:45 p.m. Monday in the base theater. All children in the third grade or older are eligible for try-out.

Free square dance lessons will be given kindergarten children, age 5 and 16 children are needed. Singing, dancing, tap dancing and hula lessons also will be given the kindergarten youngsters.

Follies aspirants may enter pantomime, dog acts, comedy routine or any type of entertainment desired. Boys are invited to form combos and the spotlight will be on the best twist couple.

Efforts are being made to offer the best youth show ever on the base, with proceeds from the Follies going to the Youth Club.

Youth activities for the summer will be continued in full swing, said Leonard Maranto, youth director.

The playground program will be continued in the picnic area, with supervised play for all ages. The area will be open Wednesday and Friday afternoons only, with the story-telling hour on Fridays.

A chess tournament will be held on the picnic grounds at 1 p.m. next Wednesday. Boys and girls of 18 years and under may enter and anyone desiring may enter the Lubbock city-wide tournament Aug. 9.

The arts and crafts program for children will continue in Mathis Service Club for the remainder of the summer, with Mrs. Aileen Gunn supervising.

## ATC's Highest 63-A Graduate Given Awards

The Orville Wright Achievement Award and membership in the Order of the Daedalian were presented today at Reese to 2nd Lt. Raymond G. Boisvert of Southbridge, Mass., in recognition of his record as the highest ranking student in Class 63-A in Air Training Command.

Presentation was by a representative of ATC and marked the first time the award has come to a Reese student since it was started five years ago. The lieutenant ranked highest of all students in his class of the eight ATC Undergraduate Pilot Training bases.

Lieutenant Boisvert, who also received the Commander's Trophy from Col. James A. Gunn III, Reese wing commander, and recognition from Lt. Gen. James E. Briggs, ATC commander, as a Distinguished Graduate, is an aeronautical engineering graduate of Purdue University. In college he was a member of the Purdue Pilots, Purdue Drill Team, Arnold Air Society and Scabbard and Blade. He was commissioned in 1961 on graduation from Purdue in the AFROTC program.

Also honored as a Distinguished Graduate at today's graduation was 1st Lt. Michael J. Clarke of Camden, Del., a graduate of the Air Force Academy. Letters of recognition from General Briggs were presented by Col. Roscoe B. Woodruff, Jr., commander of the Pilot Training Group.

Class 63-A included 30 students who have spent the past 13 months learning to fly jet aircraft at Reese in the Undergraduate Pilot Training program.

Twenty-six were young officers of the U. S. Air Force; two were members of the Norwegian Air Force and two were members of the German Air Force.

Dr. Marvin L. Baker, president of South Plains College at Leveland, was graduation speaker. He was introduced by Colonel Gunn, who presented the Commander's Trophy and wings and diplomas to graduates.

Major George R. Adams, commander of the 3500th Pilot Training Squadron, was master of ceremonies at the exercises in the base theater which followed a wing review. Chaplain Neil Daley gave the invocation and benediction. The Amarillo AFB band provides music for the wing review and graduation.

Eight of the graduates were reassigned to the Military Air Transport Service to fly transport aircraft.

Eight are remaining in Air Training Command, five as instructor pilots at Reese and one as instructor pilot at Webb AFB, Big Spring.

Five are reassigned to Tactical Air Command to fly fighter and refueling aircraft, three go to the Strategic Air Command to pilot bombers, one goes to the Air Defense Command and one to the Logistics Command. Two MATS assignees are enroute to Scotland and one to Japan.

CHAPLAIN STORK

## Chaplain Added To Reese Staff; Due Next Week

First Lt. Wayne L. Stork, Methodist minister who has just completed a chaplain's internship at Methodist Hospital, Indianapolis, Ind., is scheduled to report to Reese next weekend as a chaplain.

He will complete his study in the Air Force Chaplain School at Lackland AFB, San Antonio, next week and plans to come to Reese immediately.

The new chaplain is a 1958 graduate of DePauw University, Indiana, where he majored in philosophy and religion. In 1961 he received his bachelor of divinity degree from Christian Theological Seminary, Indianapolis, and during the past year has been working on his doctorate while a chaplain interne in the hospital with a Lily Foundation grant.

In the hospital he spent 20 to 30 hours per week in the hospital observing surgery, making rounds with doctors, teaching and being chaplain to three units, or about 2500 patients.

He is married and has a daughter, 3, and a son, 1. His home is in Greencastle, Ind.

## Service Seeking ROTC Volunteers

WASHINGTON (AFNS) — Airmen volunteers for duty with ROTC units in a number of colleges and universities will be sought shortly by the Air Force.

Shortages in a number of ROTC slots and the scarcity of volunteers will be felt in the next quarter of the current fiscal year, according to Air Force officials.

Openings will be available for grads from airman first class to technical sergeant, although the bulk of the positions will be for

staff sergeants.

To be eligible an airman must have a high school diploma or the equivalent GED certificate. ROTC units need only certain AFSC's.

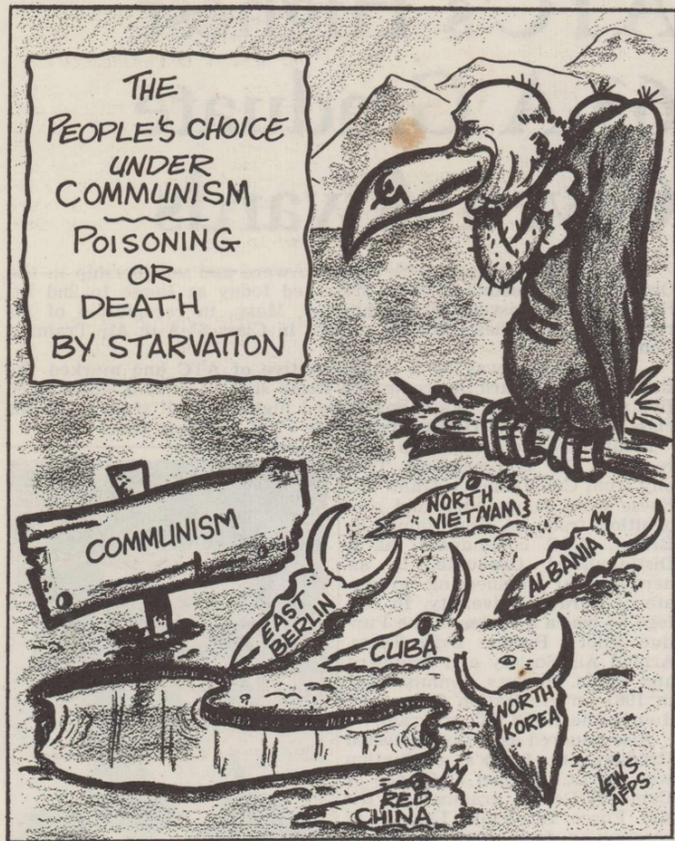

Principal categories are: Administrative Specialist, Administrative Supervisor, Personnel Specialist, Personnel Technician, Education Services Specialist, Education Technician, Organizational Supply Specialist, and Organizational Supply Technician.

REWARDED—First Lt. Donald L. Pierce, right, smiles with pleasure after being presented with a letter of commendation by Lt. Col. Dwain Rockie, left, for a management improvement suggestion. (Photo by Harper.)

IT WON'T BE LONG—Workmen hoped to be finished today with placing the sides and roof on the new Reese bowling alley. Here they placed a 3 by 8 foot metallic panel on the end wall last Saturday, moving immediately to the sides. The walls and ceiling are insulated and the building is of paneled design, unusual for metallic buildings, officials of the Brown Showcase Co., contractors, stated. Laying of lanes and installation of mechanical equipment, including pin-setters, will be started without delay. (Photo by Roach.)

### Point With Pride

Perhaps it didn't seem quite as dramatic as the first orbital trips of Lt. Col. John Glenn or Lt. Cdr. Scott Carpenter, but the flight of Maj. Robert M. White in the X-15 to more than 58 miles above the earth is nevertheless unique, filled with that same devotion and courage exhibited by earlier space pioneers.

The adventure was the first and it made history. It achieves something the missile astronauts cannot as yet claim. For the major rode a self-powered craft into space and brought it back again. No separation boosters were required.

At the completion of the flight Major White became the fifth American to qualify for astronaut wings by breaking the 50-mile space line set up by the National Aeronautics and Space Administration and the military services.

Future flights may even have the rocket-like experimental craft shooting for a 75-mile height. It is certainly a tribute to the pilot and designers of the plane that everything went well.

The nation and the Air Force can show a just pride in this American. No doubt others will follow, but it is with tremendous satisfaction that all America salutes Major White as the first winged spaceman. (AFPS)

### Academy Cadet Volunteers Finish Spacecraft Crew Tests, Studies

WASHINGTON (AFNS) — Six Air Force Academy volunteers completed a 15-day psychological experiment on July 21 while confined in a simulated space capsule environment. Results, the Air Force said, showed that astronauts could perform well together as a team when a crew instead of an individual is launched in future space vehicles.

The Academy group, an officer

and five cadets ranging in age from 20 to 22, was confined in a crew compartment at the Human Factors Research Laboratory in Marietta, Ga. The experiment was under the supervision of Lockheed psychologists for the Air Force's Aerospace Medical Division, Air Force Systems Command. Its purpose was to test human reactions in solving numerical, perceptual and auditory problems as a team and under simulated space conditions.

Volunteers performed space vehicle operator duties for four hour periods and were "off duty" for two hours around the clock during the 15-day testing period. When "on duty" they sat at flight stations and operated consoles to solve problems fed to them electronically by psychologists.

The studies will enable the Air Force to determine how much work to place on an individual and on a crew in future space travels and still obtain efficient performance.

A major finding was that six men can perform 16 hours duty a day on a heavy work schedule in a confined area.

Dr. Earl Alluisi, Lockheed psychologist and project manager for the test, said: "It is our first impression that the crew performed at a very high level all the way through the study. The Air Force Academy group's performance generally exceeded that of college men previously employed in this type of experiment."

The test was conducted in a "space cabin" containing an area of 1,100 cubic feet.

### Parson-to-Person Necessary Power For All Events Comes From God

By Chaplain James D. Taylor

You have seen the advertisement of a certain product on the sales counter of today claiming extra power. The ad claims that if you will take certain pills, you will have the extra power to work through the day. Everyone would like to have this extra power, whether it is in a piece of machinery or in the body. The extra power I would like to talk about cannot be found in the ordinary pill or in a piece of machinery. It is that extra power which gives us the motive for a full life.

Jesus promised us that when we place our lives in his hands, we will have extra power for anything. So if you want this extra power, place your life in the hands of your God, and he will give it to you. To gain this extra power, it is necessary for us to surrender the little power we have to God for his disposal.

### Castor Bean Plant Destruction Asked

Immediate destruction of any castor bean plants growing on the base or in housing areas was directed this week by the director of medical services.

He cited a USAF regulation which eliminates castor bean growth on installations and said all plants must be destroyed at once, or the fruit stripped and disposed of. The directive also forbids planting of castor beans and says volunteer plants should be eliminated.

Castor beans, it has been found, may cause serious illness among children and others who may eat the fruit.

### COLONEL NAMED

WASHINGTON (AFNS) — Col. Charles E. "Chuck" Yeager, the first man to fly faster than the speed of sound, has been named commandant of the Air Force Aerospace Research Pilots School at the Flight Test Center, Edwards AFB, Calif.

### SPEAKING OF LIBERTY

"LET EVERY NATION KNOW, WHETHER IT WISHES US WELL OR ILL, THAT WE SHALL PAY ANY PRICE, BEAR ANY BURDEN, MEET ANY HARDSHIP, SUPPORT ANY FRIEND, OPPOSE ANY FOE TO ASSURE THE SURVIVAL AND SUCCESS OF LIBERTY."

### Pick Theme For Contest

WASHINGTON (AFNS) — The theme for the 1962 Freedoms Foundation letter writing contest, which opened July 22, is "My Freedoms and My Responsibilities." Hundreds of Air Force and other service members are expected to submit entries in quest of the \$8,500 in cash awards offered for the best 101 letters.

The top prize in the contest, which closes Nov. 1, is \$1,000 and the George Washington Honor Medal. The next best 50 letters will receive \$100 each and a medal, with the final 50 winners being rewarded with a \$50 cash prize and a medal.

The top winner of each service and the next five winners regardless of service will be invited to Valley Forge, Pa. next Feb. 22, where awards will be presented. These winners will also be taken on a tour of the nation's Capitol and other places of interest in Washington.

The letter awards contest is part of an annual program in which Freedoms Foundation assembles outstanding expressions, projects and programs from individuals, organizations and schools throughout the country that build an understanding of the American way of life.

This year's military phase of the program is based on a statement by Defense Secretary Robert S. McNamara that, "Our fighting men should know the positive values of the freedoms which the nation is calling them to serve."

### OFFICER ASSIGNED

Second Lt. Alvin B. Wells, Jr., graduate of Mississippi State University, has begun duty as Reese personal affairs officer. He went on active duty July 17.

## Base Hospital Accredited By Medical Associations

The 3500 USAF Hospital has been awarded a three-year period of Accreditation by the Joint Commission on Accreditation of Hospitals.

This is the maximum period for which accreditation can be given and indicates that the physical structure, equipment, special services and medical staff and other hospital personnel are found to meet the highest standards required by the commission.

Those who avail themselves of the services of the 3500th USAF Hospital are assured by the Underwriters of the Joint Commission that the climate prevails at this hospital to provide the best in medical care.

The sponsors of the accreditation program are the American College of Surgeons, the American Hospital Association and the American Medical Association. Each year these organizations spend in excess of a half million dollars in an effort to define and upgrade the standards of medical care.

The accreditation program is an entirely voluntary, co-operative and non-profit service. The hospital seeking this service, prior to applying for accreditation, must ascertain that its facilities are adequate and that the quality of medical care meets the highest professional standards.

"The personnel of Reese Air Force Base should be justly proud that their hospital has received this distinction, and they can be confident that the care rendered to them will be of the highest quality," said Dr. Joe H. Trickey, Jr., Hospital commander.

### T-38 Maintenance Duties Explained

New situations in maintenance involved in use of T-38 Talon aircraft in training student pilots were outlined by members of an Air Training Command implementation team on a visit last week to Reese. The supersonic aircraft will offer new techniques which will require approaches different than those used for maintaining the T-33, presently used in training, the visitors stated. Reese is expected to get its first T-38 in December.

### General Seeking More Retention Of Young Officer

WASHINGTON (AFNS) — Civilian life still has a strong attraction for younger officers once they have completed their obligated tours in the opinion of Chief of Staff Curtis E. LeMay. "Too many officers," General LeMay points out in the foreword to AFP 34-1-25, "complete their obligated tour and then return to civilian life without considering a further career in the Air Force.

"Many of those who leave (about 60 per cent) are the ones we would like to keep."

General LeMay's appeal for a better officer retention program is included in the pamphlet entitled "Your Other Mission . . . Future Aerospace Leadership." Concerned with counseling of junior officers, it was published as a supplement to the Officer Career Motivation Program as outlined in AFR 36-20.

"Within the next few years," General LeMay wrote, "the Air Force will lose through retirement a large segment of its officer force. We must retain at least 50 per cent of our junior officers to sustain our career force numerically."

### C-123 Getting More Power For Mission

WASHINGTON (AFNS) — The Air Force is studying the feasibility of increasing the power of the C-123 troop and cargo aircraft to make it suitable for counterinsurgency use.

One C-123 is getting jet augmentation by addition of twin General Electric CJ610 engines, mounted on the high-wing aircraft, outboard of its twin reciprocating engines but inboard of its jettisonable wing tanks.

Extra power from the jet engines is expected to increase the option of the C-123 as a counterinsurgency vehicle.

### ENROLLMENT HIGH

WASHINGTON (AFNS) — Extension Course Institute of Air University reported enrollment for June totaled 25,776 in the more than 100 courses offered by the off-base school headquartered at Gunter AFB, Ala. The June figure pushed total enrollment for the last fiscal year to 362,894.

MAJOR ACHIEVEMENT—President John F. Kennedy presents the Robert J. Collier Trophy, aviation's highest award, to four X-15 rocket plane pilots at a special White House ceremony. Standing with the President are from left: Maj. Robert M. White, USAF, who flew the winger rocket almost 59 miles high; Scott Crossfield; Joseph Walker of NASA; and Navy Cdr. Forrest Peterson (partly hidden by trophy).

### ATC Wins National Safety Award; Honored Sixth Consecutive Time

Air Training Command has become the first major air command to win the National Safety Council Award of Honor six consecutive times. Lt. Gen. James E. Briggs, ATC commander, accepted the award on behalf of the command.

The annual recognition is bestowed upon major Air Force commands which excel in reduction of accidental loss of manpower and property. Eligible commands must reduce their accident rate and cost index by at least 10 per cent over the average of the two preceding years.

ATC won the 1961 award by achieving an 18.3 per cent reduction over the accident rate and cost index average of 1959 and 1960.

Other accident reductions logged by ATC during the past six years were 24 per cent in 1956; 28.7 per cent in 1957; 12.7 per cent in 1958; 19.9 per cent in 1959, and 13.6 per cent in 1960.

While 1955 saw the combined cost of government property damage, facilities and both military and civilian injuries amounting to \$9,228,626, the figure was reduced to \$1,995,106 in 1961. The 1961 fatality rate was 39, compared to 199 in 1955.

In addition to achieving a high reduction percentage, the winning command's rating must compare

### SURVEY MADE

WASHINGTON (AFNS) — Secretary of Defense Robert S. McNamara has directed an all-agency staff check within his department. The study is expected to be completed by Oct. 1. The object is to achieve reductions in manpower to accelerate the decision-making process and to reduce expenditures.

**OFFICER ASSIGNED**

### NCO Wives Club Installs Officers

New officers of the Reese NCO Wives have assumed duties after an installation banquet in the NCO Club.

Mrs. Carolyn Hargis is president; Joan Waters, vice president; Sarah Raines, recording secretary; Dee Wilson, corresponding secretary; Dean Braselton, treasurer; Gertrude Black, assistant treasurer; Norma Schmitt, parliamentarian; and Tineke Lomayeva, Barbara Er-

win, Kathryn Zitta and Donna Atler, members of the board of governors.

Guests at the banquet were Col. and Mrs. James A. Gunn III and Col. and Mrs. Harold T. Babb.

The Library of Congress, Washington, is one of the largest structures of its type in the world. The main building cost \$7 million.

HEAD TABLE—New officers of the Reese NCO Wives Club were installed at the annual installation banquet. At the head table, left to right, were: A1C Floyd Hargis, husband of the new president; Mrs. Harold T. Babb; Col. James A. Gunn, III, wing commander; Mrs. Gunn; Mrs. Gertrude Black, outgoing president; Col. Harold T. Babb, deputy wing commander; and Mrs. Carolyn Hargis, new president.

### Woman's Chatter

By Mrs. Alexander M. Milligan

First Lt. and Mrs. Paul Holman honored the Rev. and Mrs. Robert Hobson and children with a farewell July 21 at the Holman home. The Reverend Hobson, an evangelist, will attend seminary in Fort Worth. The Holmans also entertained the Hobson children and 11 other children at a watermelon party July 20 at their home.

First Lt. and Mrs. Robert Horton have as a houseguest Carol Kiesling of Cedar Rapids, S. Dak., Mrs. Horton's sister.

Captain and Mrs. Gale Hearn and 1st Lt. and Mrs. Max Hearn are on leave in Louisiana visiting friends and relatives.

First Lt. and Mrs. Alexander Milligan and son will be on leave during August. Roundup news should be called to Mrs. Harry McKee, 3541.

The Protestant Women of the Chapel have cancelled their August luncheon and will resume luncheons and circle meetings in September.

### Judge Advocate Begins Duty Here

Capt. Julian C. Mann, recently returned from duty in France, became staff judge advocate of Reese this week, succeeding Capt. John J. C. O'Shea, who left service.

Capt. Mann, who is serving his third tour of duty in the Air Force, is a graduate of the University of Richmond in Virginia and formerly was a practicing attorney in that state.

### Four Reese NCO's Retire

Four veteran Reese NCO's left the base early this week on retirement, each after giving more than 20 years service to the Air Force and its predecessor, the Air Corps.

Retiring were SMSgt. Alfred Powell, TSgt. Edgar J. Pearson and TSgt. Floyd Tennison of the Maintenance and Supply Group, and MSgt. Thomas J. Hoover, first sergeant of the Hospital Squadron.

Sergeant Powell, from Inman, S. C., served in Korea and holds a Commendation Medal. He will devote full-time to operating a Lubbock filling station he has purchased.

Sergeant Pearson, from South Texas, has spent a majority of service overseas.

"I've seen the world; now I am going to spend several months seeing the United States, traveling all over it," he said.

Sergeant Tennison, who has been a supervisor in the aircraft records section, has gone to Fort Worth to join an optical firm as office manager.

Sergeant Hoover, from Rogers, Tex., also plans to stay in Lub-

bock in business. He has served in the Pacific, Germany and Iceland and spent two lengthy tours at Reese.

### GUARD JETS RETURN

WASHINGTON (AFNS) — Five squadrons of Air Force jet aircraft, flown by Air National Guardsmen deployed to Europe in the Berlin crisis last fall, have returned to the United States.

Many of us find that a holiday is a day off that is followed by an off day.

## Riflemen Win 14 Medals

Members of the Reese Air Force Base big bore rifle team captured 14 first place medals in the Odessa Rod and Gun Club invitational tournament Sunday.

### Reese Rifleman Member Of ATC Team In Contest

SSgt. Delmar Callahan of Reese is at Camp Perry, Ohio, this week as a member of the Air Training Command team in big bore rifle competition in the National Rifle and Pistol matches.

The sergeant recently placed 14th among the 20 men making up the ATC team.

More than 8,000 sharpshooters are in the matches, including the best civilian marksmen and representatives of the Air Force, Army and Navy. The matches, sometimes called the "World's Series of Marksmanship," include women's junior, collegiate and national guard championships from the small .22-calibre pistol to the high-powered .30 calibre rifle. Matches will last until Aug. 26.

### Loaning Service Open To Airmen

WASHINGTON (AFNS) — Overseas credit union membership privileges have been extended to all Air Force military personnel from enlisted grade E5 and up and to Department of Defense civilian personnel by the Pentagon Federal Credit Union—unless these personnel are serving in an area serviced by another credit union — it has been announced.

Previously, this overseas service was restricted to officers and warrant officers, but numerous requests for membership from overseas personnel resulted in the Bureau of Federal Credit Unions giving permission to the Pentagon-located credit union to expand its services to include the top enlisted grades and civilian personnel.

### Ray Zaremba Wins Olympics Points

Ray Zaremba, Reese youngster, joined the Lubbock team by invitation in the AAU Junior Olympics last weekend in Odessa and contributed a few points.

He threw the softball far enough for second place and took a fifth in the broad jump in the classification for 11-year-olds and under.

### First Graders Get Physicals Aug. 13

School examinations for all children entering the first grade who will be six years old before Sept. 1, will be given by appointment only on Aug. 13 and 14 in the Reese Hospital, Capt. Joe H. Trickey, Jr., director of medical services, has announced.

Appointments may be made by calling the Family Clinic, Extension 3337. All mothers whose children qualify for the school examinations are requested to make appointments as soon as possible.

manship class. The four-man shooters were Capt. Edward Morris, Capt. John Shaw, SSgt. Max Bollinger and A3C Edward Toth. The two-man unit was Captain Shaw and Sergeant Bollinger.

Captain Shaw won five medals in the 200 rapid fire, 200 slow fire, aggregate slow fire and rapid fire, and the total aggregate.

The sergeant won the 300 rapid fire 600 slow fire in the marksmanship class and Captain Morris won the 200 rapid fire in the sharpshooter class.

Each team member and individual winner received a medal.

The Reese team includes Captain Morris, team captain; SSgt. W. L. Foster and Sergeant Bollinger, coaches; and Captain Shaw, Airman Toth, A3C Weston Nagley, A1C Arthur Docos, SSgt. Delmar Callahan, and A3C Leo Weiler.

### Golfers Win Team Places

A six-man Reese team will be entered in the open division of the Air Training Command golf tournament next weekend, with three additional entries in the senior division. Each won his place in last weekend's annual tournament.

Players shooting lowest scores make up the Reese team.

Members of the open division team, with their scores, are: 1st Lt. Tom Tuttle 226, 1st Lt. Jerry Daley 227, Maj. Joe Setnor 230, 1st Lt. James Urbanski 232, Capt. Lucian Ferguson 236 and Maj. R. A. Sofaly 237.

Entrants in the senior division are CWO Roy Merritt 256; 1st Lt. Col. James Taylor 297 and MSgt. Tony Lowire 298.

Lieutenant Tuttle won the championship flight and Major Sofaly the first flight. Low men in other flights were: 2nd Lt. John T. Koch 255, Flight 2; SSgt. Isral Yordani 267, Flight 3; and 1st Lt. Dick Hansen 288, Flight 4.

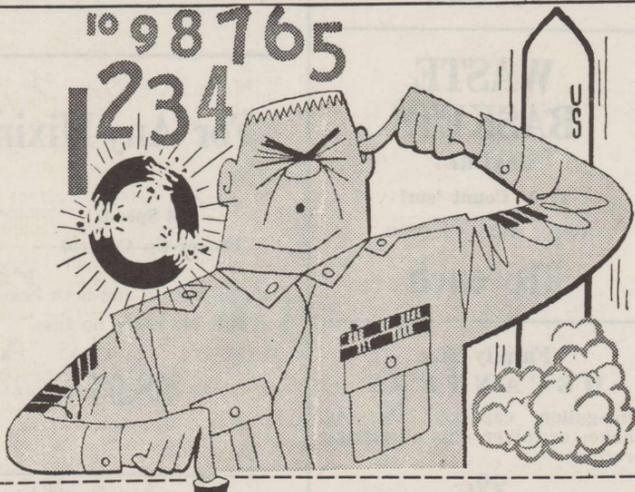

The Reese tournament was shortened to 54 holes because of bad weather.

Standings in the Summer Intramural Golf League include: Students No. 1 .....77  
Air Base Group Team 1 .....61  
Air Base Group Team 2 .....52½  
Hospital .....51½  
Students Team 2 .....45½  
Maintenance .....42½  
3500th PTS .....37

Left: a shower composed of a honeycomb of nozzles spraying from different angles. Right: astronaut uses plastic hooded wash basin to prevent water from spraying around the cabins. Notice "toe-holds" to enable the astronaut to stand in place.

### Tennis Team Picks Up Tourney Points

The Reese tennis team picked up five points to tie for sixth place in the annual Air Training Command tournament last weekend.

First Lieutenant Arthur Draut won two matches and teamed with 2nd Lt. Joe Craddock to win three encounters and advance to the semi-finals in the doubles competition.

### Swimmers Entering ATC Tournament

The Reese swimming team will be at Chanute AFB, Ill., next week for the annual Air Training Command tournament set for Aug. 9-11.

Members of the Reese team will be Second Lieutenants Harry B. Lancelot, Hassan Veazi, Harry Van Horn and John McCurdy, SSgt. Glen Whitsett and SSgt. Winston Allen. A1C John Lowder will be manager and Sergeant Allen the coach.
