

# Commendation Awarded; Five NCO's Retire

The 1961 Outstanding Airman of Reese, CMSgt. Harold E. Bays, retired this morning in ceremonies in the office of Col. James A. Gunn III, Reese wing commander, and was awarded the Air Force Commendation Medal.

Also retiring were MSgt. Neven Mote, a flight chief; MSgt. Lewis O. Hefner, supply technician; MSgt. Joe C. King, sergeant-major of the Air Police and SMSgt. Leason Dale, in charge of synthetic trainers.

## Reese Given Recognition For Program

The Reese Air Force Base record in employing physically handicapped has been recognized by the Federal and State governments and the "President's Committee on Employment of the Handicapped Certificate" on the walls of the civilian office so states.

Mrs. Sinia R. Harris, Reese coordinator of the Employ the Handicapped program, received the certificate from Maj. Gen. Melvin J. Maas, USMC retired, chairman of the President's committee, during the Sept. 21 meeting of the Governor's Committee in Fort Worth.

Five certificates were presented to representatives of private industry, but Reese was the only Federal agency to be honored on its record.

Reese earned the certificate by having 126 handicapped workers employes as of the June reporting period. These employees represent more than 19 per cent of the total civilian work force.

Richard C. Bunting, Lubbock office manager of the Texas Employment Commission, submitted information on Reese to the President's Committee.

## Careless Smoker Labeled Biggest Causer Of Fire

The careless smoker was labeled "Public Fire Enemy No. 1" this week by Truett S. Cranford, Reese fire chief, who said that each year thoughtless smokers are responsible for more than 200,000 fires and 1,200 deaths of persons dying in the fires.

"The sad part of it is that we almost always mistakenly blame the match and cigarette, rather than the unthinking person who used them," the chief commented.

Chief Cranford laid down five rules for "thinking persons who would be smart and safe smokers:

"If you smoke in bed, break the deadly habit at once. It is one of the most common and correctible causes of fire deaths.

"Make certain your matches and cigarettes are completely out before disposing of them. Break the match between your fingers and grind the cigarette until the lighted end is cool to the touch.

"When driving, discard your matches and cigarettes in the car's ashtray, and see that passengers do the same.

"Have plenty of ashtrays around the house and office. The safe ones are large enough and deep enough to hold a burning cigarette so it can't fall out.

"Every night before retiring—and especially after parties—look beneath sofa cushions and around surfaces of upholstered chairs. Any still-hot cigarettes which have lodged in these spots can cause a deadly, smoldering nighttime fire."

Captain Samuel T. Burns of Decatur, Ga., graduate of Emory University in Atlanta, has been assigned to Reese as an instructor pilot. He came here from duty at Naha Air Base, Okinawa.

## President Lauds Air Force Work On 15th Birthday

President Kennedy's message to the Air Force on its 15th birthday said:

"To the members of the United States Air Force on the 15th anniversary of the establishment of the Air Force as a separate service, I salute the men and women who are its most vital components.

"Though the history of the Air Force is a short one, you are carrying on traditions which were established through the contributions of airpower in the years previous to Sept. 18, 1917. In World War II particularly, airpower was an indispensable ingredient of allied victory.

"As we progress into the space age, your task will require greater effort. We must continue to insure that the air does become an avenue for aggression against the Free World; and must insure, as well, that space does not become such an avenue. The challenge is monumental."

James A. Gunn, III, wing commander, the coordinator of the Employ the Handicapped program, presents the Handicapped Certificate award-gram. Reese was the only Federal agency to be honored. (Photo by Roach)

## Activities

Free knitting classes start at

REPEAT WINNER—For the fourth consecutive month, the Hospital has been awarded the quarterly ground safety prize for no reportable accidents. Here, Col. Harold T. Babb, deputy wing commander, presents a check for \$50 to Lt. Col. David W. Davis, director of medical services, and Capt. Alwyn G. Abernathy, Hospital squadron commander, as the award for the quarter ending Aug. 31. Air Base Group tied for the honor for the period, also with no accident cost, receiving a similar \$50 check.

## October Film To Feature Reese Graduates In Test

Five graduates of the Reese undergraduate pilot training program who went directly from their June 21 completion of work here into 30 days in a space capsule are a highlight of the October Commander's Call film to be shown throughout the Air Force.

The five joined five graduates of Vance AFB training in tests at Marietta, Ga., to live and work for 30 days, spending four hours on duty and four hours off duty as scientists sought to find out just how they would function in confinement. The test was the first made in which men in capsules had leisure time.

The ten men lived in a 1,100 cubic-foot cabin, performing assigned tasks, reading, sleeping and doing other things.

### Cake Served

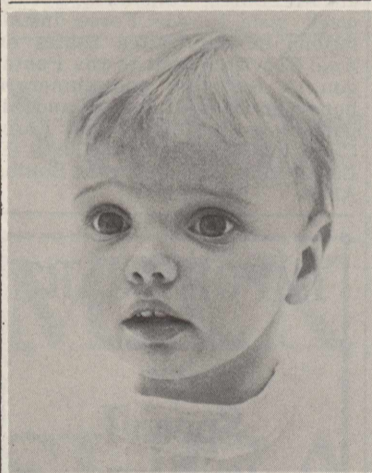

The Reese graduates featured in the October film and shown in various activities are: 1st Robert A. Blood, who now is assigned to F-100's at Luke AFB; 1st Lt. James A. Hataway, who reports to Reese as a T-38 instructor pilot early in November; 1st Lt. Jack Harrington, assigned to F-102's at Perrin AFB; 2nd Lt. James Hook, an instructor pilot at Laughlin AFB; and 2nd Lt. Jimmie Kelley, who will fly transports for MATS.

During the 30-day test, a birthday cake was served for Lieutenant Kelly in the space capsule.

Also in the Commander's Call film are scenes of Reservists returning from Berlin duty, the Air Force Systems "Cloudbuster" firing fires in the Everglades, the Bomarc protecting New York from a simulated attack, and Air Force Academy cadets receiving TAC orientation.

## WAF OCS Training Nears Completion

WASHINGTON (AFNS) — The final contingent of WAF to be enrolled in the Officer Candidate School at Lackland AFB will attend the class scheduled to start on Jan. 7, 1963. After the OCS program ends, enlisted WAF will have to be college graduates with baccalaureate or higher degrees to obtain commissions.

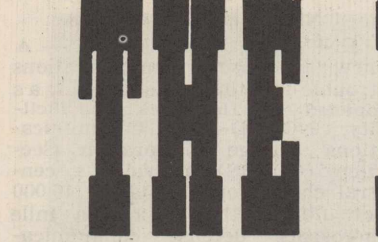

## United Fund Drive Nears

The annual United Fund Drive to help Lubbock perform its "No. 1 Job" will open soon at Reese, with the aim of repeating its previous record. Last year the base reached 96 per cent of participation by everyone and 136 per cent of its financial goal to set an example for Lubbock businesses.

An "Outstanding Citizenship Award" came to Reese as a result.

"This year we should do equally as well in this campaign which will give aid to 27 Lubbock welfare organizations, each of which is performing a vital task in aiding those needing support," commented Lt. Col. Robert Bowman, project officer.

Reese in its 13 year history has never failed to reach its goal in any welfare campaign and this year all personnel again will have opportunity to aid the United Fund financially.

The ROUNDUP is an unofficial newspaper of the Air Force Training Command. It is published by Reese Air Force Base, Department of the Air Force. Publisher's expressed by publishers and writers are of the Air Force. The appearance of advertisements is not the responsibility of the Air Force or the products or services advertised.

Volume XIII Lubbock

## Gen. Dean To Address 63-C Pilots

Congressional Medal winner, Maj. Gen. William F. Dean, Army retired, will be speaker at graduation of Class 63-C from the undergraduate pilot training program at Reese Air Force Base on Oct. 19.

The general will fly in from California to address the 28 young United States officers, 2 Burma officers and 2 Pakistan aviation cadets as they are awarded silver wings of the pilot.

General Dean, native of Illinois, entered service in 1923 and led ground forces in Germany and Austria during World War II. In 1947 he became military governor of the U.S.-occupied areas of Korea. At the outbreak of the Korean conflict he assumed command of all U.S. forces in Korea, later yielding command to Gen. Walton H. Walker.

### Reported Missing

He led the 24th Division into action at Taejon, but in the retreat from the burning city he disappeared and was reported missing in action. Later he was found to be a prisoner of the North Koreans. He was released in September, 1953.

While a prisoner, President Truman awarded the Congressional Medal of Honor, in his name, to his wife on Jan. 9, 1951.

General Dean's son, Capt. William F. Dean, Jr., formerly was an instructor pilot at Reese and two years ago the general spoke at a dining-in of the Pilot Training Group on the base.

Class 63-C has been in training on the base the past year.

## Four-Month TDY Abroad Planned

WASHINGTON (AFNS) — Operation "Short Spurt", a test program for sending support personnel to European bases for 120 days temporary duty, will be set in motion next January.

According to present plans, the first group of 1,250 airmen will be sent to Europe after the New Year, with the same number going to USAFE each month until a total of 5,000 airmen are in place.

"Short Spurt" is one of the Air Force's answers to President John F. Kennedy's request for putting brakes on the flow of gold out of the country. Movement of airmen to Europe without dependents, for short periods, is expected to save Air Force funds used for PCS and the movement of dependents and household goods.

Only those airmen in the grades of staff sergeant and below will be selected for "Short Spurt."

ESKIMO VILLAGE FOUND  
SONDRESTROM AB, Greenland (AFNS) — Dr. John M. Campbell, an anthropologist with George Washington University at Washington, D. C., assisted by Air Force and civilian personnel from this ADC base, discovered ruins of an Eskimo village more than 90 miles from the coast of Greenland.

## Reese Will Observe Its 14th Birthday Quietly Next Monday

Reese Air Force Base will enter its 14th year as a unit of the United States Air Force Monday, but there will be no fanfare and no celebration as all activity continues to be aimed at training student pilots.

Reese operated as Lubbock Army Air Field during World War II with the same mission — training pilots. It was closed after

the war and on Aug. 1, 1949, an order was published reactivating it as of Oct. 1, 1949. Official preparation for pilot training started on that date and on Nov. 5, 1949, the name of Reese Air Force Base was adopted in honor of Lt. August F. Reese of Shallowater, a World War II pilot casualty.

Almost 8,000 student officers

and aviation cadets have become Air Force pilot during the 13 years of Reese life, with more than half receiving commissions as second lieutenants after cadet training.

### Aircraft Changed

Conventional T-6, T-28 and B-25 aircraft served the base as trainers prior to January, 1959, when in "Project Commemorate"

the B-25 passed from Air Force history as a trainer and jet aircraft have since served in the training program. Students receive primary pilot training in the T-37, with seats for the instructor and student side-by-side. Basic pilot training is in T-33, speedier jet aircraft.

Soon the T-33 will begin to leave the training program at

Reese, to be replaced by the supersonic new T-38 Talon. Students will be permitted to fly faster than the speed of sound in the Talon. The first of the new aircraft is expected to reach the base late in October.

Graduates of Reese since 1949 have gone to all major air commands to fly every type of Air Force planes.

AT INSTALLATION—Col. James A. Gunn III, wing commander, listens attentively at the Joseph M. Budde Toastmaster installation meeting as Ernest Barnett, table topicmaster, leads discussion. Mrs. Gunn is at his side. Others at the table are Mrs. Clarence Sauers and Zane Gray. Installed were: Sauers, president; Clark, educational vice president; Barnett, administrative vice president; George Lomyeva, secretary-treasurer; and Charles Gray and George Detrick, sergeants-at-arms.

## Challenge Is Peaceful

(An AFNS Editorial)

"Some day we must come to the further assurance that every object in space has a peaceful purpose and will remain continuously peaceful. By peaceful purpose, I mean to help keep the peace as well as to increase our knowledge for living better in peace."

Vice President Johnson made this statement when speaking to the American Rocket Society in New York City last October.

His words grow in significance each day as the regions of space become more and more compressed.

For our own national existence, we must never allow those regions to become areas under the control of an aggressor. Allowing this, we forfeit not only our own freedom but the freedom of millions of other people who look to America for leadership and for the strength to maintain these freedoms.

History has taught us that each of the world's technological breakthroughs was adapted eventually to military purposes.

As modern science unlocks the mysteries of space, it is incumbent upon this country that we remember the lessons of the past. We must in our position as the leader of the Free World make every effort to use our new-found knowledge for peaceful purpose. And at the same time we must be aware that peaceful use of these new regions will never be possible unless we possess a strength which will allow free access to those areas.

Until such time that this strength is achieved, our entire mission will have been negated. We will be the leader in the fringe areas but at the mercy of the enemy operating from deep space.

The day when every object in space has a peaceful purpose is not now. Nor is it in the tomorrow of the foreseeable future. It can be in the more distant tomorrows but only if our efforts are aimed toward the goal of space operations conducted for the purpose of keeping the peace. This can be achieved only through our strength in that medium.

This strength is primarily the responsibility of the United States Air Force. It is a challenge which must be met.

Only then can we attain the full advantages which surely will come from space exploitation.

## Parson-to-Person

### Home Holy Place; With God Absent It's Just House

By Chaplain Neil F. Daley

There is some desecration of the home in every age, for every age has its men and women who disregard justice and know nothing of love. Our own times have seen this desecration on a terrifying large scale; indeed, it has been more than a desecration, it has been a combined philosophical and social attack on the very humanity of the home.

These attacks miss the whole significance of human love, of its heroism, its nobility, its high courage. Home is a holy place because it is a place of unselfish regard for others, of dedication, of surrender - all of which are far above anything in the purely sensible order. Above all, home is a holy place because God Himself has entered there. He has made it a means of deeper, fuller participation of His own life. He looks protectively over it every instant of its long endurance by the constant help of His grace.

At all costs, we must keep God in the home. For, without Him, a house is not a home.

## Former Commander Given New Duties

Three top-level assignments in the Air Force Systems Command have been announced.

Moving to vice commander on Oct. 1 is Lt. Gen. Howell M. Estes, Jr., former commander of Lubbock Army Air Field, predecessor to Reese AFB. The general was a Lubbock speaker and visited Reese about four months ago.

He succeeds Maj. Gen. Clyde H. Mitchell, who has been reassigned to command the San Bernardino Air Materiel Area.

Succeeding General Estes as commander of the AFSC Space System Division at Los Angeles is Maj. Gen. Ben I. Funk, former commander of the San Bernardino AMA.

## College Graduates Urgently Needed

WASHINGTON (AFNS)—The Air Force faces a tremendous and growing need for young college graduate officer trainees to replace the increasing numbers of World War II officers who are retiring with 20 years active service. This revelation was made by Lt. Gen. James E. Briggs, commander of Air Training Command, before the Aerospace Education Workshop at the Air Force Association convention in Las Vegas.

"Our requirement for college graduates in our Air Training Command Officer Training Schools has risen from 300 in 1960 to 2,280 for fiscal 1962. Fiscal 1963 will require about 5,000 and at least 6,000 for fiscal 1964," he told his audience.

General Briggs urged the Aerospace Education Foundation to take the cause of education to the public by every available means.

## Scientists Given Trophies By AFA

LAS VEGAS, NEV. (AFNS)—Two Bell Telephone Laboratory scientists, co-investors of the Telestar satellite, were honored by the Air Force Association for their exceptional contributions to the aerospace world. The two men, Dr. John R. Pierce and Alton C. Dickieson, were awarded the General H. H. Arnold Trophy during the first Honors Night held here in conjunction with the annual AFA conclave.

A total of 101 awards were presented during the program attended by more than 6,000 members and guests of the association.

Other major presentations included: The David C. Schilling Trophy to Air Force Maj. Robert M. White for his outstanding

achievement in piloting the X-15 rocket aircraft at an altitude of more than 314,000 feet during a test flight with that vehicle on July 17.

### New Issue Of Magazine Widely Read

Another outstanding issue of the Airman Magazine is being widely read in Reese dayrooms as the troops seek to keep up with interest and developing service life and its background.

Featured in the September issue is a message from Gen. Douglas MacArthur in a farewell to West Point cadets, and a lengthy letter from Orville Wright, pilot of the first airplane to fly.

One article gives a progress report on USAF air-launched ballistic missiles and another details

how aerial gunners blast fast-moving targets.

There's a notable story on the air commandos and the manner in which they are serving through counterinsurgency.

The life of a recruiter is told and many members of the Air Force express opinions in letters.

Football fans get a view of the Air Force Academy Falcons of 1962.

The U. S. has one doctor for every 758 persons.

### Youth Activities

The Junior and Senior Teen Clubs will have a hayride tonight. The bus leaves the club at 7 p.m. There will be open house at the former Cadet Club from 7 to 11 p.m. Saturday.

Boys and girls interested in shooting on the Reese Junior Rifle team will meet at 2 p.m. Saturday on the base range. Children 12 to 18 years of age are eligible.

Free judo classes for boys meet at 5:30 p.m. Tuesday, Wednesday and Friday, at 6 p.m. Thursday and 10 a.m. Saturday in the base gymnasium.

The girls Junior Toastmistress Club meets at 7 p.m. Monday in the Cadet Club ballroom. Junior and Senior Teen Club members may attend.

A free photography course is offered at 7 p.m. Monday in the Cadet Club.

Marge Bowers, beauty cream firm representative, will demonstrate free facials for all girls at 5 p.m. Tuesday.

Discussions for the Youth Club Follies is each Thursday afternoon in the Cadet Club. Rehearsal also is at 10 a.m. Saturday.

Free knitting classes start at 5 p.m. next Friday.

A free ceramics class starts at 1 p.m. Saturday, free bridge at 2 p.m.

Registration for the children's free art class is at 4:45 p.m. Thursday in the Cadet Club. Adults register at 7 p.m. Carlos Jordan will instruct.

Brownies and their leaders will leave Mathis Service Club at 9:30 a.m. Saturday to tour the Texas Tech dairy farm.

Parents are needed to help paint the Cadet Club. Notice on the time will be given.

#### JAPANESE JUMP

TACHIKAWA AB, Japan (AFNS) — For the first time in the 12-year history of the Japan Ground Self Defense Force, 12 Japanese paratroopers recently participated in paratroops from USAF aircraft. The Japanese jumped from C-130 Hercules transports with members of an Air Force combat control team.

### Woman's Chatter

**By Mrs. Alexander M. Mulligan**  
 The 3500th Pilot Training Squadron gave a welcoming coffee Aug. 22 at the Officers' Club for Mrs. William Reese. The theme was "Fall." Mrs. James Gunn and Mrs. Roscoe Woodruff poured.  
 The squadron coffee Sept. 18 at the Club was in charge of Flight 9.  
 The next 3500th PTS wives function will be a luncheon at 12:30 p.m., Oct. 10, at a Lubbock restaurant. A flower arrangements demonstration will be given. Reservations will be made with Mrs. Wolfram Wislicenus or Mrs. Gale Hearn by noon Oct. 8. Flight 6 held its monthly coffee

Sept. 24 in the home of Mrs. Vernie Pointon.  
 Facials will be demonstrated by a representative of a cosmetics firm at 10 a.m., Oct. 3, and 1 p.m., Oct. 5, in the Officers' Club.  
 The 3500th PTS will be in charge of the bake sale for the annual Officers Wives Club bazaar. Mrs. Georgeanne Roberts is committee chairman. Workers may volunteer by calling her at 3922. Bazaar details will be discussed at the November luncheon.  
 The freedom to choose his own church and faith and to worship according to his own conscience is the right of every American.

### 'Tour In India' To Feature OWC October Luncheon

An exotic make believe tour of India awaits members of the Officers Wives Club attending the OWC luncheon on Oct. 4.  
 Decorations, highlighted by an Indian Temple scene, will feature objects des arts as well as items found in typical homes in India, brought back by Air Force families who were fortunate enough to visit that country.  
 The unusual food of India will comprise the luncheon menu, delicious Indian curry, side boys, saffroned rice and fruit cups.  
 Hostesses will model the national dress of India, the sari. Some of the saris are genuine, made in India from silks of that country, some were made here using American materials.  
 Helping OWC members gain further insight into India, with its myriad problems, will be the widely traveled Mrs. Fern Cone who recently returned to Lubbock after a two month tour of India and Kashmir. Mrs. Cone's talk is titled "Let's Visit India and Kashmir" and will be illustrated by color slides of some of the sights she saw there.

MODELS—About 200 members of the Officers Wives Club watched the latest style show presented by the club. Mrs. E. W. Nutting narrated as 12 models appeared on the raised ramp. Mrs. Keith Krause, left, in black fox and black velvet gown, and Mrs. Joseph Cushing, right, in a plaid of gold, black and white, were two models.

### Ambassadors Ask Boys To Affiliate

Reese boys have been invited to join and participate in activities of the Royal Ambassadors, an organization of Baptists which started in 1806 and took its name 100 years later.  
 The next meeting in the Reese area is at 3 p.m. Saturday in the Hurlwood Baptist Church.  
 The Royal Ambassadors, for boys 9 to 17, is to provide experiences based on spiritual, social, intellectual and physical needs which will help him become dedicated to the cause of Christ, SSgt. Irwin Bell, a leader, stated.

Meetings include Bible study, mission study, stewardship and prayer, followed by a picnic, hiking, skating or some other activity decided on during meetings.  
**MORE CONTRACTS**  
**WASHINGTON (AFNS)** — Military prime contract awards to small business firms during fiscal 1962 increased by almost \$1 billion over the previous year and amounted to 17.7 percent of total Department of Defense procurements during the period.

**SENIOR LIFE SAVERS**—Five new senior life savers were presented certification upon completion of the Red Cross Senior Life Saving Class at Reese. Left to right are Rick Stewart, Larry Blakeman, Sue Wright, Chuck Brichta and Michael Gravor.

## Prevention Of Fire Special Object Of Observance

Fire Prevention Week will be observed at Reese and all Air Force installations, beginning Oct. 7. Numerous activities are planned for the base.

Backing the President's proclamation, Reese will stress participation in, and observance of, fire prevention practices, both in the home and at work, by all personnel living or working here.

The Secretary of the Air Force is supporting the observance and said that fire prevention is the responsibility of all personnel. The losses incurred, as a result of the fire, constitute a serious and continuing potential threat to the effective and successful accomplishment of the Air Force mission, he said.

"Increased fire losses during the past year demand an immediate awareness on the part of the public of the need for, and value of, exercising greater care and responsibility in avoiding destructive fires and for participating in community fire prevention programs and related activities," the President's proclamation stated.

"I bid all citizens to join in actively promoting the fire prevention and control efforts of their respective community fire departments, and I especially invoke the wholehearted support of state and local governments, the Chamber of Commerce of the United States, the American National Red Cross, and other labor, business, farm, and professional organizations, as well as schools, civic groups, and public information agencies, in observing Fire Prevention Week and in enlisting the public as active participants in fire prevention efforts. I also direct the appropriate Federal agencies to assist in this effort to reduce the shameful waste caused by preventable fires."

### General Emphasizes Religious Courage

Greetings have been extended by Lt. Gen. James E. Briggs, Air Training Command Commander, on occasion of the Jewish New Year. He said:

"On occasion of the Jewish New Year, I extend greetings to all Jewish personnel in the Air Training Command.

"In the dawning era of space penetration men need the courage and moral strength which comes from the sincere practice of religion.

"May the New Year bring you, your families and all mankind, the blessings of health, happiness and peace."

### SCHOOL LUNCHES

Menus planned for next week in the Reese Elementary School are:

MONDAY — Beef stew, corn, fruit pie, hot bread, milk.

TUESDAY — Hamburgers, french fries, peanut butter cookies, milk.

WEDNESDAY — Fried chicken, mashed potatoes, vegetable salad, cup cakes, hot bread, milk.

THURSDAY — Turkey, candied yams, fruit salad, hot bread, milk.

FRIDAY — Macaroni and cheese, Spanish tomatoes, vegetable salad, fruit, cup cakes, hot bread, milk.

## Softballers Third In ATC

Winning three games and losing two, both to Webb AFB, the Reese softball team finished third in the Air Training Command base level tournament last weekend at Lackland AFB.

Reese opened the tourney by

defeating Craig, 5 to 2, as Capt. Gale Hearn pitched a good game and his backers scored five runs on five hits.

Webb scored a 9-7 win over Reese, with Hearn losing pitcher and then he and his teammates downed Lowry, 9 to 6, as Dick Bugeda contributed a fifth inning home run.

Craig fell victim the second time, 2-0, as Hearn hurled his fourth of five games and Joe Cushing selected the fifth inning for his homer.

In the semi-finals, Webb scored its second win over Reese, 4 to 0, as Scott Wyman rapped his fourth home run of the tourney.

Amarillo captured the title and tournament with a 4-3 win in the final game over Webb on a seventh inning triple by Sam Capparelli. Amarillo previously won the District A tourney with a close final win over Reese.

## Club Activities

### Mathis Service Club

Mathis Service Club will present Marge Bowers, authority on makeup, in a demonstration at 8 p.m., Oct. 2.

Slimnastic classes for women are at 10 p.m. Monday, Wednesday and Friday in Mathis Service Club. Figure problems and diets also are discussed. Career Girls take slimnastics at noon on Monday, Wednesday and Friday.

A ceramics workshop is at 2 p.m. Tuesday and Wednesday. A sewing workshop is each Wednesday at 7:30 p.m.

Saturday at 2 p.m. is the time for the weekly pool and table tennis tournaments. Sign-up is 15 minutes prior to play.

The club will have a jam session at 8 p.m. Friday, with all musicians invited.

The Oct. 4 dance will feature "The Raiders," a new Texas Tech combo.

The Reese art contest will be Wednesday, Oct. 3, at Mathis. Entries end at 8 p.m., Oct. 2. Winning entries will be entered in the Air Training Command contest.

## Officers Assume Captaincy Ranks

Thirty-seven Reese first lieutenants on Monday will don tracks of captains as their Oct. 1 promotion date arrives.

Three of the new captains, 1st Lt. Joseph T. Herr of the Rescue Detachment, 1st Lt. Charles Deardorff, weather officer; and 1st Lt. William P. Suiter, commander of the communications Detachment, are attached to Reese and received notification of promotion from their higher headquarters on the weekend. The remaining new captains are assigned to the base and were notified earlier in the week.

Permanent party new captains include John R. Bass, Charles M. Billman, Jr., Charles W. Bussey, Jr., Wells G. Carswell, Logan J. Doub, William L. Eaves, William A. Jackson, Richard J. Kinder, Keith E. Krause, Fred L. Michel, Alexander M. Milligan, IV, Don L. Morris, Albert S. Newton, Upton D. Officer, David H. Reiner, Jack M. Rosamond, Charles H. Schaufler, Jr., Asa R. Walker, James E. Ward, Scott D. Woodfin, Bethel B. Larey and George LaHood.

Student officers moving to captain are Leonard V. Ambers, Donald R. Biehn, Carl K. Branon, Charles R. Brown, Thomas E. Highland, Carl W. Holley, Phillip B. Jackson, Val A. Loose, Harry L. McKee, Charles F. Monahan, III, Tommy J. Ripper and Robert F. Wiesenauer.

Selected for promotion to captain on Dec. 8 are Henry M. Curry, Richard E. Grorud and Donald R. Garrett.

**SPACE HANGAR**—This is an artist's conception, released by NASA, of the 48-story Saturn C-5 rocket assembly building to be built at Cape Canaveral. Six bays will house the towering 350-foot space vehicles scheduled for manned lunar launchings. Each Saturn rocket will be transported to the cape in sections via waterways and assembled in the individual bays. At the right, a completed Saturn is moved toward its launch pad on a combination transport and umbilical tower over dual roadways.

**Winners Announced In Quarters Contest**

Monthly winners in the family quarters improvement competition have been announced. In the officers' area, Maj. Joseph V. Sullivan, 223 Harmon Drive, took first, and 1st Lt. Val A. Loose, 302 Harmon, was second. Honorable mention went to Lt. Col. Joseph B. Burdick, 102 Yount Drive. For airmen, TSgt. John D. West, 300 Mitchell, was first and MSgt. Paul D. Moore, 205 McGuire, was second. Honorable mention went to SSgt. James L. Praytor, 110 Arnold. Cash prizes of \$10 went to first and second place winners.

The average yearly income for each person in the U. S. is about \$2,300; the average family income, \$6,400.

**GENERAL REASSIGNED**  
WASHINGTON (AFNS) — Brig. Gen. Walter B. Putnam, deputy director of personnel planning in the office of the Deputy Chief of Staff for Personnel, USAF, has been reassigned to new duties as Assistant Chief of Staff, Plans, J-5, U. S. Military Assistance Command in the Pacific area.
