Key Officers Get New Jobs In Move Here

Seven changes in assignment of key personnel at Reese Air Force Base became effective late Tuesday.

Col. Harold T. Babb assumed command of the Pilot Training Group, Col. Roscoe B. Woodruff, Jr., took command of the Air Base Group, and Lt. Col. Dwain Rockie became deputy commander of the ABG. Lt. Col. Delmar W. Atchison was named wing operations officer, Maj. Frederick F. Shriner wing adjutant, Maj. Joseph G. O'Connell wing inspector, and Capt. William K. Richardson assistant wing adjutant.

Col. Babb has been commander of Air Base Group the past two years and is a veteran of 22 years service, including tours in Italy, Panama and Korea.

Col. Woodruff, 20-year veteran, is a graduate of the U. S. Military Academy at West Point and served in Iceland, Germany and the Far East. He has been assistant to the wing deputy commander.

Col. Rockie, in service 17 years, has been wing operations officer and has served two tours overseas.

Col. Atchison came to Reese last October from Alaska and has been wing inspector. He has been in service 19 years and was director of operations at Eielson AFB in Alaska. He also has served in Europe, Brazil and Korea.

Maj. Shriner, assigned to Reese AFB since the fall of 1956, has 16 years military service. He has been stationed in England, Germany and France and on the base has been squadron commander, flying safety officer and group executive officer.

Maj. O'Connell, at Reese since September, 1957, has 18 years service and has been aircraft maintenance officer, squadron commander and deputy wing inspector. He has been in Europe, England and Japan.

Capt. Richardson, formerly Officers' Club secretary, has been at Reese AFB more than two years and has been in service seven years. He served on Guam.

Officer To Attend ATC Conference

Capt. David L. Stiles, Reese information officer, next week will attend the annual IO conference at Air Training Command headquarters.

Conferees will consider ATC's long range information requirements, the newly activated hometown news release center at Tinker AFB, the Commander's Call program and other matters.

Men Needed For Study

Additional men are needed in the on-base education courses planned to start soon. J. F. Reeves, base education officer, said this week. Shortage of enrollment may block offering of work, he added.

Instruction in English composition, Algebra, arithmetic and slide rule is planned, with classes meeting one night per week. The English work would include report and theme planning and writing, word study and grammar. Men seeking advanced study or perfection of report writing will find the course valuable.

Algebra study will lead toward college entrance or work in electronics. Arithmetic will include a review of addition, subtraction, multiplication and division of whole numbers, fractions and percentage.

Slide rule instruction will show a quick mechanical method of multiplication, division, square and cube root. Engineers, especially, will find the course helpful.

Persons interested in any of the courses should visit the base education office promptly.

ANOTHER TRAINER—Col. L. C. Hess, base commander, prepares to leave a T-37 training aircraft he piloted from Graham Air Base, Fla. The plane, with others arriving this week and next Monday, gives this base its full complement of 82 T-37's for the consolidated pilot training program. Maj. Robert Hill flew with the colonel. Col. James D. C. Robinson, deputy base commander, was on hand to welcome them.

plement of 82 T-37's for the consolidated pilot training program. Maj. Robert Hill flew with the colonel. Col. James D. C. Robinson, deputy base commander, was on hand to welcome them.

More Trainer Planes Fly In For Base Use

Sixteen additional T-37 jet training aircraft were flown to Reese Tuesday to increase the number on hand to 58. Sixteen more T-37's were due today and eight more are scheduled to be brought in Monday to give the base its full complement of 82 of the trainers.

Col. L. C. Hess, Reese commander, piloted the first of Tuesday's planes to the base and instructor pilots landed shortly thereafter. All of Tuesday's T-37's were brought in from Graham Air Base, Fla., a civilian contract base which is being closed.

Previously T-37's had been flown from civilian contract bases at Moore Air Base, Mission, Tex.; Bainbridge AB, Ga.; Bartow AF, Fla., and Graham.

The T-37's will be used to introduce pilot training students to jet aircraft when the consolidated pilot training program becomes effective at Reese this spring. The planes, with the instructor seated alongside his student, are used in the primary phase of pilot training. Students later move into T-33 jet aircraft used in basic pilot training. In the T-33, the instructor is seated behind the student in a dual-control situation.

In the consolidated program, Reese is one of seven bases which will provide training to officers in both primary and basic pilot training. All civilian contract bases are closing. Students will remain more than a year at their training base.

The T-37 is used by Air Training Command as an intermediate jet trainer to "give the feel" of jet flying. Its characteristics are nearly identical to those of the fastest ultrasonic jet tactical aircraft.

The trainer has two turbojet engines of 920 horsepower each. It is 33 feet, 10 inches across, 29 feet, 4 inches long and 9 feet, 5 inches high. It has a range of 600 miles with a 35,000 foot ceiling.

Credit Union Pays Dividend

A five per cent dividend was announced for members of the Reese Credit Union at the annual meeting Tuesday night in the NCO Club. The dividend already has been tabulated for all accounts. It also was announced that hereafter the dividend will be paid on a semi-annual basis.

Elected directors of the union were Col. James D. C. Robinson, Maj. Frederick F. Shriner, Capt. John Erdmann, Tom Ireland and Ruth Allen. The civilians were re-elected.

Named to the credit committee were SMSgt. Basil Smith, MSgt. Sam Thompson and SSgt. Stanley Southerland, all reelected.

B-58 Sets Six Records

Six new official world speed and payload records are claimed by the United States Air Force. They were flown over a closed-circuit course Jan. 13 by Strategic Air Command's newest and fastest bomber, the Convair B-58 Hustler, which is capable of flying at more than twice the speed of sound, Mach 2.

The new marks, established in flights are:

Over a 1,000-kilometer course (about 621 miles):

1. Speed with no payload, 1,200-194 miles per hour. (Previous record was 700.47 miles per hour set by USAF with an F-101 in April 1959.)

2. Speed with 1,000-kilogram payload, (about 2,200 pounds) 1,200.194 miles per hour. (Previous record of 639.18 miles per hour set by Russians in October 1959.)

3. Speed with 2,000-kilogram payload (about 4,400 pounds), 1,200.194 miles per hour. (Previous record of 639.18 miles per hour set by Russians in October 1959.)

4. Speed with no payload, 1,061.808 miles per hour. (Previous record of 596.47 miles per hour set by a Russian TU-104 in April 1960.)

5. Speed with 1,000-kilogram payload 1,061.808 miles per hour. (Previous record also set by Russians: same as above.)

6. Speed with 2,000-kilogram payload, 1,061.808 miles per hour. (Previous record also set by Russians: same as above.)

Randolph AFB Commander To Address Class 61-E At Graduation Ceremony

Col. H. F. Muentner, commander of Randolph AFB will be the speaker at graduation of Class 61-E from the Reese AFB basic pilot training program Jan. 25. Graduation at 10:30 a.m. will follow a wing aerial review.

Col. Muentner, who assumed command of Randolph AFB in January, 1959, is former commander of Warren AFB, Wyo. He is a command pilot and during World War II was a fighter-bomber pilot in Europe.

He is a 1931 graduate of the U. S. Military Academy at West Point and has been in the air service since 1932. He was chief of staff of the European Air Transport Service from December, 1948, through February, 1948, and after graduation from the Armed Forces Staff College in 1948 was American Air Attache in Budapest, Hungary.

Returning from Budapest in 1950, he was with the Joint Chiefs of Staff and later inspector general in USAF headquarters. He was deputy commander of Lowry AFB, Colo., when he was reassigned to Warren AFB in 1956.

His many decorations include the Legion of Merit and Air Medal.

Graduating in Class 62-B will be 41 aviation cadets of the United States, all of whom will be commissioned second lieutenants, 4 officers from Ecuador and 1 from the Philippines, 3 cadets from Pakistan and 1 from Iran.

Another Land Sends Officers

The 28th foreign country has called on Reese AFB to provide pilot training for its students, Col. L. C. Hess, commander, has announced.

Three officers of the Afghanistan Air Force are in Class 62-B, recently arrived on the base for basic pilot training. They are 2nd Lts. Udin Zia, Mohammed Hashin and Mohammed Din, all graduates of the military academy at Kabul. Class 62-B will be graduated next September.

Reese AFB previously provided pilot training to students of 27 foreign countries. They are Bolivia, Chile, China, Colombia, Cuba, Denmark, Ecuador, El Salvador, Ethiopia, France, Germany, Greece, Guatemala, Haiti, Honduras, Iran, Korea, Nicaragua, Pakistan, Peru, Paraguay, Puerto Rico, the Philippine Islands, Saudi Arabia, Thailand, Venezuela and Vietnam.

CARRIER NAMED

Richard Johnson, son of Capt. and Mrs. J. L. Johnson, this week became the ROUNDUP carrier boy in the government housing area.

College Opening Near

Reese people intending to attend night college classes in the spring semester were urged this week to take immediate steps toward enrollment.

Registration for the South Plains College at Levelland is set for Jan. 21, with courses offered at regular freshman and sophomore levels, plus several industrial education courses.

Texas Tech registration is Jan. 26-28. Classes start Jan. 30. Military personnel intending to have the Air Force pay three-fourths of tuition should process applications through the base education office before registration dates, J. F. Reeves, base education officer, advised.

From The COMMANDER'S DESK

By Col. L. C. Hess, Base Commander

The aerospace counterforce concept is being discussed at all Commander's Calls this month. By counterforce the Air Force means the ability to selectively and decisively destroy enemy military forces that could otherwise destroy us. All members of the Air Force should have a clear understanding of this approach to military strategy. They should also know what the Air Force means by deterrence.

In a speech to the Air Force Association, Gen. Thomas D. White, Air Force Chief of Staff, said, "Effective deterrence includes the possession of military forces to deter war and should war occur, the military strength to prevail. The ability is what provides real and effective deterrence".

We at Reese and the Air Training Command, where we "Prepare the Man", must be ever mindful of the important part we play in achieving this "effective deterrence". This country's very survival depends to a large extent on aerospace power. Every pilot we train contributes to maintaining this deterrent force.

Everyone Dependent

Today's world forces nations and all people to depend on one another more than ever. Without the help of a neighbor, no nation and no individual can successfully function.

Need for dependence and cooperation and trust is no more clearly demonstrated anywhere in the Air Force than at Reese AFB. "The pilot who climbs into a jet and takes off into the blue is demonstrating his confidence in the abilities of the airman and the NCO who have made that take-off possible, and whose every action has been dedicated to insuring the flier's safe return," said Brig. Gen. Harvard W. Powell, vice commander of the Air Force ballistic missile division at graduation of an NCO Academy class at Kirtland AFB.

"The pilot is indebted to the men who worked on the jet engines, to the men who fueled his plane, to the individual who packed the parachute and the person who checked his oxygen equipment, to the weatherman who previewed his course, to the control tower operator or radar man who sets his course, even to the food service technician who fixed his lunch and to the air policeman who guarded his aircraft.

"Yet 'routine' functions like these and many more are performed hundreds of times every day by men who never consider matters affecting human life to be merely 'routine.'"

All work at Reese AFB should be routine. And that routine should be "top performance." The lives of pilots depend on the way the support mission is performed.

The Bench and Gavel

(From Office of Staff Judge Advocate)

Uniform Code of Military Justice Article 134 is titled "General Article." Within its purview is included "... all disorder and neglects to the prejudice of good order and discipline in the armed forces."

No criminal code author could be expected to foresee all of the possible offenses that could be perpetrated against society. So, to enable the Government to protect its citizens, both military and civilian, a "catch-all" is provided. We find some examples of Article 134 violations in the following instances taken from actual military trials:

1. A seaman who was unhappy about being put in the brig hurled this threat to a fellow sailor: "You done crossed me up, buddy, that could cost you your life. Yeah, you could die for that. You better not go to sleep at night without a knife under your pillow."

This seaman was tried, under Article 134, convicted and sentenced for the offense of communicating a threat.

2. A Marine private held himself out to be a lieutenant, fraternized with a group of NCO's, and was taken to the NCO Open Mess and treated to food and drink at their expense.

He was tried under Article 134 for the offense of impersonating an officer. Upon being found guilty, he was sternly punished.

3. An interesting case was decided last July wherein the accused had stolen \$116. Upon being caught by two military police officials, he tried to buy their silence with an offer of money. For the offense of bribery under Article 134, and larceny under Article 134, the accused was dishonorably discharged and confined to hard labor for two years.

4. Several new cases illustrate the application of Article 134 to issuing bad checks with an intent to deceive. In every case, the offender was given severe penalties.

Severe penalties also were assessed for wrongful possession of an armed services identification card, drunk and disorderly, wrongful use of narcotics and other violations of Article 134. Offenses go on and on. Some are familiar, some are not. But, they stand as a reminder that no one will be clever enough to invent the unpunishable crime.

CONGRATULATIONS—Col. William A. Martin, M&S Group commander, congratulates two airmen of his group on being selected as Honor Graduates of the NCO Academy. On the left he gives a medal to SSgt. Robert King, class speaker of the November class.

On the right he presents a plaque to A1C Albert G. Knight, tied for top honors in the December class. First Lt. Thomas Tuttle, M&S Headquarters Squadron Section commander, looks on.

Love, Courtship, Marriage Clearly Divinely Planned

By Chaplain Leo E. Pesek

Love, courtship and marriage are so often treated in a spirit of levity, and are made the butt of so many rude jokes that it is worthwhile to point out that they are part of a divine plan. This is made clear to us by the picture painted for us at the very dawn of human existence. After God had created the universe and all living things, He placed man in the Garden of Paradise and gave him dominion over all of these things.

Sovereign of Paradise that he was, richer than any mortal man in material wealth and in the chaste beauty of nature's virgin landscape, there still remained a void and an emptiness that pressed on his lonely heart. Then God's voice was heard: "It is not good for man to be alone; let us make him a help like unto himself."

When Adam gazed upon the face of Eve, his eyes beheld a new beauty and a loveliness which nothing in all the mighty pagentry of nature can duplicate or rival. The emptiness in his heart vanished and in its place he feels a new and strange emotion never felt before. Life takes on a new meaning. Now for the first time he sees the beauty and the poetry and the romance of human existence.

He plights his deathless troth to Eve. With prophetic vision into the unwritten future, God proclaims the law for all mankind: "Wherefore a man shall leave father and mother, and shall cleave to his wife, and they shall be two in one flesh". It is the great mystery of human love which makes two hearts beat as one. It is a sacred flame for it is kindled by a spark from the eternal and uncreated love of God.

Junior Fire Unit Forming On Base

Boys from 13 to 16 years of age this week were urged to attend a meeting of the Junior Fire Department, set for 10 a.m. Saturday in the main fire station.

All Reese boys may become members of the department, formed to provide recreational outlet and to assist the fire prevention program on the base. During monthly meetings instructions on fire equipment and fire hazards will be given.

Youth Activities

The modeling and culture class will again be held in the Teen Club for all girls 12 to 18 years of age. The meeting will begin at 5 p.m.

Weight lifting, wrestling and baton twirling classes will take place at the usual time in the base gym.

Club Activities

NCO Club

Games and Smitty and his Tornadoes, dance band, will supply the entertainment for today and Saturday at the Reese NCO Club. Roast turkey will be the featured dish for the club's dinner this Sunday and another special dinner will be held on Tuesday.

Mathis Service Club

TODAY: Pool and ping pong tournaments, 6 p.m.; free movie and sports film, 9 p.m.

SATURDAY: Game night, 7:30; Date and Dance Sock Hop, 9 p.m.-11 p.m.

SUNDAY: Bible study classes, 9:30 a.m.; open house, 1 p.m.-10 p.m.

MONDAY: Ladies slimnastics, 10 a.m.; game night, 8 p.m.

TUESDAY: Party pinochle, 7 p.m.

WEDNESDAY: Ladies slimnastics, 10 a.m.; party bridge, 7 p.m.; Airmen's Wives Club, 7:30 p.m.

THURSDAY: Dance, semi-formal, live music, 8:30 p.m.

Golf Notes
By Ken McGuire
Last week's golf matches saw the '00th PTS beating M&S, 5 to 1. PTS also beat Hospital with the same score. PTW overcame M&S 3 1/2 to 2 1/2 and both Weather and AACs took Civil Engineering, 6 to 0.
Saturday we had quite a number of golfers out. The weather, Saturday through Tuesday, was ideal for golfing. Many new faces were seen at the golf course these days, as some of the newly assigned personnel tried their luck and found the course to their liking.
Standings in the intramural golfing tournament are: '02nd in 1st, PTW in the second slot. Two squadrons, Weather and AACs, are tied for third.

Base Exes Star As Sheppard Wins District Cage Tourney

Sheppard AFB outlasted Perrin AFB for the title in the Squadron Level Basketball Northern District Tournament of ATC last weekend, and it was a couple of former Reese players who held the spotlight.
Sheppard and Perrin were the class of the tourney. They met three times. The first time Perrin won and the second time almost took the title. The final buzzer of the second encounter blasted as Clarence Cage, former Reese floorman, let loose with a basket which would have brought Perrin the championship by one point. But it was ruled the basket did not count, and Sheppard won by the point. In the final game, Perrin was exhausted and Sheppard won, 70-44. Both teams will represent the district in the ATC tourney.
A1C Corlis Mackey of Sheppard, who left Reese as an Air Policeman in 1957, was voted the most valuable player of the tournament. He edged Roderick

Polk of Amarillo, who scored 117 baskets and 27 free throws in four games, for the honor. Polk was the tournament's high scorer.
Cage, who left the PTG personal equipment section here in 1959, was the sparkplug and outstanding player for Perrin as it battled for the championship.
Reese, represented by the M&S Headquarters Squadron Section, lost its first game, won its second, and then was eliminated in the double elimination competition.
The first loss was to Sheppard, as Reese trailed in a 70-55 score. In its only victory of the tournament, Reese defeated Mather, 59-46. In the Reese-Mather tilt, Buddy Jenkins of Reese led the scorers with five baskets and seven free throws. Reese made 20 of its 32 free throw efforts, while Mather sank 16 of 25.
In its last and final bid to stay in the tournament, Reese lost to a highly favored Amarillo by a score of 83 to 74.

Sergeant Receives Unexpected Medals

SSgt. Roger A. Manemann of the 3502nd Flight Line Maintenance Squadron this week treasured seven medals he didn't expect to get.
Enroute home at Thanksgiving

time he stopped off in Rockford, Ill., for a nationally registered pistol match at the Rockford Pine Tree Club. There were 70 participants, mostly sharpshooters, marksmen, master shooters and expert shooters.
The sergeant shot in the first four relays and went on home to Iowa.
Late last week the seven medals arrived. They were for winning the .22 rapid fire, sharpshooter class in .22 slow fire, first sharpshooter in the grand aggregate, second places in the .22 time fire, three stage second sharpshooter and .22 aggregate.

Bowling Results

Intramural League
SSgt. Weldon E. Samm of the Hospital, bowling 245 last week, rolled his way to high scorer in the individual standings at this point in the Intramural Bowling League.
Sgt. Weldon also won the individual series competition for the week with a 591.
High team game honors were taken by the 3505th Squadron, hitting 899. High team series competition was won by the Hospital Squadron, showing 2,583.
Holding first place in the team standings is Air Base Group with 54 wins, 18 losses. Tied for the second slot is the Transportation Squadron and M&S Group, both showing a 48-24 record.
This season's bowling tournament will be Jan. 22-29. Cash prizes are being offered and the \$2 entry fee includes the price of bowling.

Sgt. Manemann, shooting 14 months at Reese, is lead man on the base rifle team and now has a listing as expert. Enrolled currently in the NCO Academy, he is entering every meet he can nearby.
"If he keeps up his pace, he's going to make the Air Force team," comments MSgt. Berlin Brown, NCOIC of the small arms branch.

Pistol, Rifle Teams Meeting Saturday

Reese's Rifle and Pistol teams will hold a meeting, for all members and military personnel desiring to join, at 3 p.m. Saturday in the Base Small Arms Bldg.
No experience is necessary to become a member.

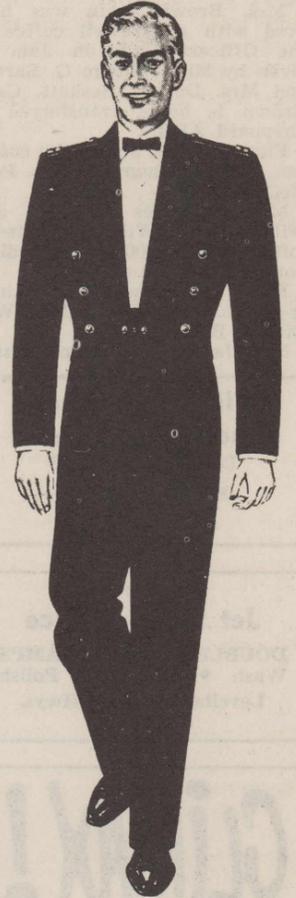

Officers League
Upheaval marked Officers Bowling League activities this week. The Spoilers rose up to oust the Flight 9 Hustlers from first place, a spot held all season. The Spoilers took over first of a 39 won, 17 loss record. The Hustlers dropped a game behind, 38-17, and the M&S Cripples and Whiz Kids tied for third, another game behind, 36-17.
Operations set a season's high record with a 2,560 series, while the Bad Guys also broke the old record with a 2,556 series. The Bad Guys hit a 922 high game; Operations had 904.
Capt. Gordon Freeman set a 562 high individual series, trailed by 1st Lt. Richard Corbin, 559. First Lt. George Lahood rolled a 229 high game, 1st Lt. Don Patch 221.

Woman's Chatter

By Mrs. William Roth
Reese women are getting back into the swing of social activities over many cups of coffee.

Mrs. Harold T. Babb entertained the Air Base Group wives for coffee Jan. 18 in her home.

Mrs. Frank Fleming and Mrs. Robert Carlin gave a farewell coffee for Mrs. Billy D. Brown Jan. 16 in the Carlin home.

Mrs. Brown again was honored with a farewell coffee at the Officers Club on Jan. 19 given by Mrs. William G. Bartels and Mrs. Donald Heskett. Capt. Brown is being transferred to Sheppard AFB.

Flight 6 wives attended a coffee Jan. 17 in the home of Mrs. Paul McClure.

Mmes. Charles F. Allen and William D. McWilliams hosted a coffee for the 3500th Standardization Board wives on Jan. 13.

Flight 7 wives were entertained at a Jan. 19 coffee by Mrs. William A. Bryan.

Mrs. James E. Gilliland hosted

a coffee Jan. 13 for Flight 3 wives.

Maj. and Mrs. Elwin G. Kirby entertained Capt. and Mrs. R. L. Rorabaugh and Capt. and Mrs. Billy D. Brown with a farewell dinner last week.

The M&S Group will honor Capt. and Mrs. Robert Dinwiddie and Capt. and Mrs. Glenn O'Banion with a farewell party from 7:30 to 9 p.m. Jan. 30. All M&S personnel are invited.

The 3501st PTS will honor Capt. and Mrs. Carlyle Wheeler at a Jan. 21 dinner in the Club.

Mrs. William A. Martin will hostess the M&S Group luncheon today. Bridge and canasta will follow the luncheon.

The monthly OWC council meeting will be at 9:20 a.m., Jan. 26, at the Club.

The Protestant Women of the Chapel Circle will meet at 1:30 p.m. Tuesday at the home of Mrs. William A. Martin, 102 Andrews Drive. Mrs. William H. Stewart is to speak on Shintoism. Free baby sitting will be provided.

Mrs. Sergeant Sez:

By Mrs. John Wallace
Mrs. A. Corsi has been elected president of the NCO Wives Club, with Mrs. J. Hall as vice president.

Other officers are Mrs. B. Watson, recording secretary; Mrs. A. Teague, treasurer; Mrs. G. Smith, assistant treasurer; and Mrs. B. Parker, corresponding secretary. Named to the board of governors are Mmes. E. Quinney, R. Blue, R. Strickland and K. Freeman.

TSgt. and Mrs. E. Van Wart have returned from a visit in Memphis, Tenn.

Mrs. Floyd McCraw has gone to San Diego, Calif., for a three-month visit.

SSgt. and Mrs. Dino Corsi entertained neighborhood friends at a spaghetti dinner Saturday.

Officers Selected, Little League Sets Strong '61 Season

Capt. John L. Johnson has been elected president of the Reese Little League and plans are being made for a strong league this summer. Other officers are Chaplain Jerry L. Rice, vice president; Maj. Joseph G. O'Connell, secretary-treasurer; and Sgt. I. Yordani, player agent.

Preliminary plans were laid at a Monday meeting of fathers and other interested individuals.

The new president indicated he expects a good season, with improved field conditions and expected support from men who have helped in past years, including Lt. Col. Victor C. Correll, Maj. Bruce McCall, Maj. Frederick Shriner, Capt. Shigeo Sumida, 1st Lt. Robert Guinn, TSgt. Joe Hritz and TSgt. Charles Cromer.

Capt. Johnson requested that all personnel associated with Reese support teams of their choice. Umpires and scorekeepers are badly needed, he said, and will be recruited by Chaplain Rice.

Hospital Officials

Attend Conference

Key officials of the Reese Hospital are at Randolph AFB this week for the annual conference for Air Training Command's medical facilities commanders, executive officers and dental surgeons.

Representing the base are Lt. Col. Charles F. Ford, commander; Capt. Everett Martin, executive officer; and Lt. Col. Edwin Myers, dental surgeon.

'00th PTS News

By Capt. William Roth
A survey of all officers attending night classes at Texas Tech and the South Plains Junior College at Levelland discloses that the 3500th Pilot Training Squadron had more officers enrolled through the base education office than any other officer unit. The total is increased through enrollment of four officers in the 3500th who did not go through the base education officer.

We think this is a rather notable accomplishment, even though the fall semester grades are not in yet. The '00th will gauntlet for the spring semester enrollment and challenge any other unit to top it.

Enrollment at Texas Tech is held Jan. 26-28, with the first day of classes on Jan. 30. Persons planning to attend night classes should call at the base education office in Building T-35 immediately to check night courses and do required paperwork.

Second Lt. Donald J. Gunn of Hopewell, N. J., has joined Flight 7 after completing the Stan Board requirements. He was accompanied here by his wife, Caroline.

TEEN CLUB

Effective Feb. 1, Reese's Teen Club will divide into two sections. The Junior Teen Club, which will consist of seventh and eighth graders, and the Senior Teen Club, made up of ninth through twelfth graders.

Games and dancing will be the activities from 7 to 11 p.m. at the Club tomorrow evening. Refreshments will be served and chaperones for the evening will be CWO and Mrs. Donald Heskett.

Given Reassignment

Maj. John J. Garrett, commander of the Wing Headquarters Squadron Section, is being reassigned to Tyndall AFB to attend a weapons controller course, after which he will go to another base.
