Russians Retreat To New Positions Greenland-Bound Nazi Ship With Radio Equipment Seized

German Attempt To Set Up Radio Station Blocked

First Vessel On Seas Is Taken By U. S. Navy

WASHINGTON, Oct. 11—Blocking a bold Nazi attempt to establish a radio station on American-protected Greenland for dispatch of weather and other information of military importance was reported today by the Navy.

A "German sponsored expedition" of about 20 persons and a small Norwegian steamer were seized by a United States naval vessel, and at the same time radio equipment and other supplies ashore were "disposed of," the Navy announced.

An agent of the German Gestapo and "two other Norwegians" were ashore to operate the radio, said a brief statement.

The ship—the first seized by the United States since the war started, aside from German, Italian and other vessels requisitioned in United States ports—was reported en route now to this country for further examination, along with the captured expedition members.

So far as has been disclosed, the incident represented the first successful direct action by the Navy against Nazi activities in the North Atlantic, although the destroyer Greer and a German submarine engaged in a "shooting incident" early in September. The submarine fired torpedoes wide of the destroyer which, in turn, dropped depth bombs. Berlin reports said the submarine was not damaged.

Many members of Congress were reluctant to comment until they could learn more about the incident.

However, Rep. Voys (R-Ohio) said that "off-hand it sounds like a good move toward hemisphere defense."

Development bore out administration contentions that Hitler would attempt to invade the western hemisphere if he was successful in his European campaigns.

"The establishment of that Nazi radio station is, in effect, an invasion of Greenland," Hill declared.

"It was just another step of the Nazis toward the western hemisphere. The navy was only doing what it must do—protecting our ships in defensive waters."

Blonde Arrested In Marion Miley Death

FORT WORTH, Oct. 11.—A 28-year-old blonde was arrested here late today as Texas and Kentucky officers pressed their investigation into the slaying of Marion Miley, golf star, and her mother in Lexington, Ky., Sept. 23.

The 96-pound woman was the third person under arrest here in the case and the arresting officers, Detectives Theron Brooks and Ed Smith, indicated they considered her a prime witness.

Two men were taken in custody here Thursday and were questioned throughout the day following arrival of Sheriff Ernest Thompson and Police Chief A. B. Price from Lexington.

Brooks and Smith said the woman was talking "her head off" about the case since her arrest. The officers said she left Kentucky with the original suspects and came with them to Fort Worth via Florida.

First Draftee Over 28 In 36th Released

BROWNWOOD, Oct. 11. (AP)—Sgt. Wilford O. Swanson, 33, of the 11th quartermaster regiment, today was the first man in the 36th division to be released from service because of the 28-year age provision.

Swanson, whose home is in Austin, headed a list of 2,675 soldiers to leave the division before Dec. 10. He will return next week to his job in an Austin printing plant.

COUNTESS BECOMES A STEWARDESS—Marie Bobinsky, born a countess of Russia, signals her change of title to plain "airline stewardess" by placing her nameplate in the cabin of a United Air Lines plane. The 24-year-old daughter of Count Alexis Bobinsky, who fled Russia with his family at the time of the Soviet revolution, completed her nurse's training at St. Luke's hospital in Davenport, Iowa, in 1940.

Discount On State Warrants Increases, Pointing To An Unhappy Financial Status

By HOWARD C. MARSHALL, Associated Press Staff Writer

AUSTIN, Oct. 11.—An unofficial barometer has gone into action in Austin since Oct. 1 and pointed to an unhappy condition in state finances.

Private companies which buy warrants issued on the treasury's general fund have increased the discount from one to one and one-half per cent.

Deficit Growing
Not in many years has the rate been so high.

The best experts explain that due to the deficit of nearly \$1,000,000 in the fund, an all-time top, and the fact that the deficit is growing, not standing still or declining.

The situation was described as follows:

Since 1931 has the treasury cashed a current warrant on the general fund, and in that year it made such payments only about two weeks.

In the subsequent 10 years, the warrants, or checks, issued to pay operating expenses of the government far exceeded the tax revenue flowing into the fund.

Difference Increases
The income not only did not meet the outgo, the difference steadily increased.

The treasury adopted the policy of paying the oldest out-standing warrants first. Currently, it is paying warrants about a year old.

But recipients of the warrants, for example, most state employees, could not wait a year for cash. Therefore, they obtained cash for the warrants from finance companies, including banks, for a discount.

Theoretically, the banks held the warrants until they would be paid.

Board officials said they expected no further government action in the Bendix case before Monday.

The board had recommended termination of workers without discontinuation and the continuation of negotiations. F. Leroy Hill, company president, telegraphed the board yesterday that the strike was not effective, production had not been interrupted and that the

Plant's Seizure Said Likely

The possibility of government seizure of another strike-involved plant arose yesterday.

The Defense Mediation board announced that the management of Air Associates, Inc., at Bendix, N. J., had refused to accept the board's recommendations for ending a strike by CIO-United Automobile Workers.

On Thursday, a board official had asserted that if the company rejected the recommendations the government might take over the plant. In two other cases—that of the North American Aviation at Inglewood, Calif., and the Federal Shipbuilding company at Kearny, N. J.—the government has taken over operation of plants.

North American—where the union had ignored board recommendations—was returned to the management after the strike was broken.

No Action Before Monday
Board officials said they expected no further government action in the Bendix case before Monday.

The board had recommended termination of workers without discontinuation and the continuation of negotiations. F. Leroy Hill, company president, telegraphed the board yesterday that the strike was not effective, production had not been interrupted and that the

Funeral Rites Held For Levelland Woman

LEVELLAND, Oct. 11. (Special)—Funeral services were conducted at 5 o'clock this afternoon at Levelland First Methodist church for Mrs. Mary E. Houston, 74, of four miles south of town, who died Friday.

She had been a Levelland resident 15 years.

Rev. J. B. McReynolds, Methodist pastor, officiated. Survivors are three sons, R. E. Houston and O. L. Houston of Levelland and B. L. Houston of Waco.

Printer Dies

BELTON, Oct. 11. (AP)—A. G. Smith, 57, dropped dead of a heart attack today in front of the Belton Journal office, where he had worked for years as a linotype operator.

Fair Concluded With Program Saturday Night

Total Attendance Short Of Record; Weather Blamed

By H. I. KIEFER, Avalanche-Journal Staff Writer

THE 1941 Panhandle-South Plains fair fell short of an all-time attendance record by the margin of two days of unfavorable weather.

But the close of the 28th annual exposition last night found officials of the fair association more than satisfied.

The fair isn't going to be as profitable financially as have some of those in the past, according to Homer D. Grant, president of the fair association.

The new federal ticket taxes which went into effect Oct. 1, and which the association is to pay, will cut a considerable chunk out of the receipts. Entertainment at the fair likewise has cost more, including about \$6,000 for the rodeo which was the night grandstand attraction.

But the final audit of the books probably will show at least a small margin of profit which, according to stipulation in the charter of the non-profit fair association, cannot be used for any purpose except improvement of the exposition.

Fifth Among Fairs
The final day attendance was reported at 28,208, increasing the total during the week to 136,734 and placing the 1941 fair fifth among those that have been held. The record is surpassed by attendance at the fairs of 1935, with 144,610; 1934, with 141,610; 1937, with 137,978, and 1938, with 136,789.

Total attendance last year was 126,587 and in 1939 it was 129,286.

Fair association officials were of the opinion that the uncomfortable, rainy and threatening weather (Turn to Page 4, Column 5, Please)

Fierce Fighting At Tobruk Is Reported

ROME, Oct. 11.—The eruption of fierce fighting at Tobruk in North Africa with Axis forces on the offensive in "continuing and enlarging" assaults against violently counter-attacking British defenders was reported tonight by the Italian.

The Axis attacks began Thursday night and raged on through today, resulting in the capture of new positions around the long-besieged Libyan port, the Stefani news agency said.

British troops supported by tanks and armored cars counter-attacked at dawn today and made repeated but futile efforts to dislodge the German and Italian forces from the newly-won positions, Stefani added.

Plainview Man Dies After Fall From Tree

PLAINVIEW, Oct. 11. (AP)—Daniel C. Selman, 56, was fatally injured today when he fell from a tree.

Selman lived for many years in Hopkins county before coming to Plainview 13 years ago.

Lost And Found At Fairgrounds

HAS HEAD INJURY
Mrs. E. E. Farrington, 41, of Ralls was admitted to Lubbock sanitarium at 9 o'clock Saturday night for treatment of a head injury suffered when she was struck by an automobile at the Panhandle-South Plains fairgrounds. Her condition was not serious, an authority said. Details of the accident were not immediately available.

FOUND: pair gold-rim spectacles in Agricultural building. Call for at C. C. Jobson's office, 1320 Avenue C.

LOST: Woman's Bulova wrist watch, with black band. Reward, Phone 9645.

Nazi Victory Over Russia May Result In Clash Of Japanese, American Interests

By WILLIAM B. ARDERY, Associated Press Staff Writer

WASHINGTON, Oct. 11.—The opinion that a Nazi victory over Russia might lead to a serious clash of Japanese and American interests in the Pacific was expressed today by three members of the Senate foreign relations committee.

In separate interviews, Chairman Connally (D-Tex.), Sen. George (D-Ga.), the ranking member, and Sen. Gillette (D-Iowa) agreed that new aggression by Japan might follow if the Soviets were unable to maintain large-scale resistance to the Germans.

Another senator, Adams (D-Colo.), who is not a member of the committee, expressed a similar view in direct language.

"They (the Japanese) might try to get rough with us" was the way he put it.

Connally said "it is within the bounds of possibility that we will have trouble with Japan," adding that "in the present international situation, anything could happen."

"If Japan decides that Germany is on top in Russia she might try to interfere with our shipments of equipment to Russia," he continued.

"Her policy toward us certainly will be hooked up with the German military effort in Russia."

Connally declared that Japan "would like to get something out of this war" and expressed the view that "she probably would rather try to take Siberia than attempt to move down into the Dutch East Indies."

Two Killed, Sixteen Injured As Army Bomber Crashes

Officers Holding Conference Barely Escape Mishap

(By The Associated Press)

SAN ANTONIO, Oct. 11.—A B17 army bomber which skittered along a runway, crashed into a building and caught fire at huge Duncan field today killed Flight Lieut. Maurice A. Morgan and Robert Reichstadt, injured 16 persons and narrowly missed 25 officers holding a conference.

The four-motored plane burned for more than three hours, during which four civilian employes at Duncan field, one of the army's biggest repair depots, were burned, one seriously.

Twelve other army men stationed at Albuquerque, N. M., as were Pilot Morgan and Co-Pilot Reichstadt, brought the injured list to 16.

Another passenger in the plane was not accounted for this afternoon.

Unable To Rise
Witnesses said the big ship, taking off on a navigation training flight back to its Albuquerque base, swerved along the runway for 1,500 feet, apparently unable to rise.

The plane continued its uneven course and sliced into a corner of the Duncan field transportation building. The roof over the corner collapsed, crashing into a room in which 12 minutes before, 25 officers had finished a conference and departed.

When it struck the building the plane burst into flames. Attendees at Duncan and Kelly field, army air school just across a road, rushed to the scene and pulled the passengers clear.

Some were given first aid on the spot, others were taken to Kelly field hospital, and then rushed through the city to the Base hospital at Fort San Houston, about 15 miles away. Military police cleared traffic lanes through San Antonio for the ambulances.

The army authorities were chary of details, but those injured included Lieut. B. McKnight, head and hand injuries, and Sgt. J. J. Jones, fractured arm.

Casualties Listed
Other passengers on the ship were listed as:

Maj. T. B. Stanber, medical corps.

First Lieut. D. K. Farnsworth, Second Lieut. H. Taylor and P. (Turn to Page 4, Column 4, Please)

Congratulations To:

Mr. and Mrs. Leonard Taylor of Morton on birth of a daughter weighing 8 pounds 10 ounces at 10 o'clock Saturday morning in St. Mary's hospital. The father is a carpenter.

Rev. and Mrs. W. H. Colson of Eunice, N. M., on birth of a son weighing 6 pounds 3 ounces at 9:18 o'clock Saturday night in West Texas hospital. The father is a Baptist minister.

Mr. and Mrs. Roy Martin of 1406 Avenue W on birth of a son weighing 7 pounds 5 ounces at 10:18 o'clock Saturday night in West Texas hospital. Martin is a carpenter.

Mr. and Mrs. Marvin Terrell of 2601 Twenty-second street on birth of a daughter at 10:50 o'clock Saturday night in St. Mary's hospital. The infant weighed 6 pounds 15 ounces.

Light Shower Falls In Area Last Night

A light shower waited only until stores were closed but not until fair-goers had seen the curtain dropped on the 28th annual Panhandle-South Plains exposition Saturday night.

Barely a trace of moisture fell but there was a forecast for a jobless and intermittent rain for today over the South Plains.

Saturday's temperatures were mild, accounting in part for the large crowd that milled up and down Broadway. High temperature was 71.7 degrees, the low 49.

STRIKE ENDS

BOUND BROOK, N. J., Oct. 11. (AP)—The 12-day strike of the Calico chemical division of the American Cyanamid company ended tonight with an agreement providing an immediate return to work pending a decision by the National Defense Mediation board on the strike issues.

Livestock Buying Is To Be Investigated

OKLAHOMA CITY, Oct. 11. (AP)—A federal grand jury investigation of livestock buying practices in Oklahoma is scheduled to start here Tuesday.

Two special investigators of the U. S. Department of Justice—R. B. O'Donnell and Thomas Daly—said today they would assist U. S. District Attorney Charles E. Dieter in handling the case.

Between 30 and 40 livestock commission buyers and packing plant officials were reported unofficially to have been subpoenaed to appear before the grand jury, summoned for service Tuesday.

O'Donnell said the investigation here would be similar to one held in Chicago last summer when indictments were returned charging major packing plants, trade associations and commission men with conspiring to control hog and sheep prices.

CONVENTION TO TEMPLE

CORSICANA, Oct. 11. (AP)—Temple's invitation to entertain the 1942 convention of the Texas Federation of Music Clubs was accepted today by the board of directors in a business session here. The convention dates are April 15 to 18.

Russia Orders Evacuation Of Soviet Capital

Outnumbered Reds Forced To Yield Before Germans

THE MOSCOW BATTLE FRONT—Shaded area here is the long arc in which Germans and Russians clashed west of Moscow. Arrows indicate the course of the German thrusts. There were reports today that Germans were striking toward Rzhev, west of Moscow, and an unconfirmed report in Berlin that they had taken Tula, south of the capital.

Ousted President Of Panama Sails Toward Home, Facing Possible Arrest Or Exile

(By The Associated Press)

PANAMA, Panama, Oct. 11.—Arnulfo Arias, ousted as president of Panama in a bloodless coup Tuesday while he was in Cuba, sailed toward home tonight facing possible arrest or exile under one of his own laws.

Most informed sources predicted his arrest, and some said he could be sent forever from the country under the law he had sponsored permitting exile of Panamanians.

Prisoners Released
Meanwhile, as the danger of armed opposition to the new Panama regime dwindled, authorities began the release of more than 50 persons arrested during the coup. Among these were members of the staff of Dr. Arias' newspaper, La Tribuna.

Dr. Arias sailed aboard the Standard Fruit Steamship line of New Orleans.

Official reaction to the ousted president's proposed return here, but it was learned that the Panamanian secret police had made inquiries as to whether the Cefalu was stopping between Cuba and Panama.

Unofficial quarters believed Dr. (Turn to Page 4, Column 8, Please)

Rival "Armies" Are Chosen For Annual Lubbock Boy Scout Financial Drive

Campaign Will Be Launched At Kick-Off Breakfast On Tuesday

Rival "armies" have been named and other arrangements completed for the annual Lubbock Boy Scout financial drive Tuesday, Wednesday and Thursday, according to announcement Saturday by George A. Simmons, general chairman.

The drive will start with a kick-off breakfast in Lubbock hotel Tuesday morning at 7:30 o'clock and close with a victory dinner in the same place Thursday night at 7 o'clock. Coffee is to be served to captains Tuesday and Wednesday afternoons at 5 o'clock, when progress reports are to be made.

T. W. Camp, W. W. Yocim, Bill Pearce, T. C. Root and E. R. Heineman.

John Shewmake, captain, Tom Pendergraft, Bill Dean, Lewis Price, Oliver Thomas, George Dale, Buck Luther and Dick Cook.

C. G. Kersey, captain, Fred Primm, Jack Griggs, Jimmy Gunn, Otis Felty, J. B. Roberts, W. B. Baird, A. E. Miller, P. T. Glazner, J. D. McPhaul, Newman Casey, John Spikes and A. H. Maas.

G. V. Fulton, captain, Ralph Brock, Bob Gee, Wayne Henly, Mark Schwab, Clayton Gammill, Arch King, Ted Tipps and M. T. Hill.

O. J. Sexton, captain, Bryan Edwards, O. E. Wilcox, Ed Bergman, Bryon Brown, jr., James Kimmell, jr., Raymond Flanagan, Bert Pinson, Jimmy Rondeau and Alton Taylor.

Robert E. Maxey, captain, John Spikes, R. J. Cheatham, J. Herschel Maxey, Hugh Anderson, O. W. Terry, Jimmie Whiteside, Cliff Williams and J. Ray Dickey.

R. P. Fuller, captain, J. N. Davidson, Ed Calvert, John Hudspeth, A. N. Gamble, Dr. G. S. Smith, Oscar Slaton, jr., and P. J. Warren.

Boyd Scott, captain, G. C. Dowell, Lewis Kerr, Ray Farmer, Rex Webster, Jimmy Gunn and Leonard Earnest.

Sam H. Reid, jr., captain, J. D. Johnson, jr., Clyde Tatum, John Powers, Clifford Smith, Robert Wright, J. L. Adams, Don Hillin and Geo. Walton.

H. J. Bingham, captain, I. S. Starnes, E. E. Caddell, P. H. Caskey, A. L. Lane, Geo. H. Watkins, Clyde Fortune and Wallace Borgert.

In addition, the following chairmen of special committees are announced by Simmons: big gifts, Alex McDonald, who has asked his sub-chairmen to make final reports not later than Monday night; Texas Technological college, L. G. Harmon; parents, Watson Wilson; employees, Jimmie Wilson; and special group, John Shewmake.

Negro Committee Formed

Membership of a Lubbock district negro committee was announced Saturday by Dr. J. A. Chatman, chairman, as follows: vice chairmen, James Doss and Dr. C. H. Lyons; secretary, Leslie Stanley; commissioner, Oscar Liles; organization and extension, Carlton Priestly; leadership training, Rev. E. C. Wade; finance, John Fair; advancement, E. C. Struggs; camping and activities, C. A. Henderson, T. J. White and J. T. Owens; health and safety, Ben Shields, Perry Jackson and Chatman.

The committee is to meet this afternoon at 5 o'clock in Pleasure Garden to complete plans for a finance campaign, Fair announced. Those contributing 25 cents per month will become sustaining club members.

Plans also were announced for a meeting in Dunbar school Wednesday to go ahead with plans for a cub pack among negro boys.

Meetings Are Set

The following events are scheduled in South Plains council during the coming week, according to reports:

Irvin Directs Drive

Dr. W. B. Irvin, solicitations chairman, will direct the drive. Roy Furr will head the "red army" and C. H. (Brownie) Hamilton the "blue army." George P. Kuykendall, vice president of South Plains Scout council, is to speak at the breakfast. Approximately 150 army members are expected to attend, each bedecked in red or blue identifying handkerchiefs.

Prizes to be awarded include handkerchiefs to members of the high team, as shown by the Tuesday afternoon report. Members of the high team during the drive are to receive ties. Bookends will be given to the high captain of each army. The high army commander is to receive a Boy Scout statuette. The victorious commander also is to clip the shirt-tail of the loser at the victory dinner. Each individual obtaining contributions totaling \$36 per year is to be given a membership card in the "Spizerinktum" club.

Plan Special Feature

A special feature of the short kick-off breakfast program will be presented by cheer leaders of the Lubbock High school Westerners headed by Dolores Bizzell.

Members of the rival "armies" follow:

Hamilton's: Vance Apple, captain, Dude Buster, Jimmie Whiteside, Walter Peck, Clarence Doggett, M. R. Tripp, R. C. Johnson, J. A. Stephens and G. R. Kennedy.

Clay Thompson, captain, Lee Kent, E. J. Ford, Russell Hardin, C. J. Humphrey, Porter Garrett, H. M. Fields and E. W. Robertson.

E. A. Manning, captain, J. E. Maissen, W. B. Rushing, Ted Vernon, James Weeks, Herb Teal, Dr. Milton Adams and E. W. Groce.

Virgil Musick, captain, C. L. Minyard, E. K. Haddler, jr., M. W. Duncan, V. L. Ellis, John Malory, Glenn Woody and Ed Miller.

Ed Allen, captain, Royal Ferguson, Don Martin, Joe Fischer, Frank Lapotte, Frank Clark, Glenn Hunt and Walker Stanton.

Edgar Lewis, captain, Jimmie Whiteside, Ray Forbes, Carl Finley, John Winslow, S. E. Marbut and Marion Sanford.

Jimmie Wilson, captain, L. G. Pierce, jr., Jack McCreary, Joe Leaverton, Clayton Mallett, A. C. Sanders, jr., and Tom Ingram.

Watson Wilson, captain, Carroll Thompson, L. Earl Hunt, Bert Colhard, jr., and Charles A. Still.

Furr's "army": L. G. Harmon, captain, Bill Davis, W. M. Stagle, F. L. McRee,

Ivan The Terrible Bothers Germans

LONDON, Oct. 11 (U.P.)—"Ivan the terrible" interrupted a program of classical music on the German radio last night with an almost perfect imitation of Adolf Hitler's best oratorical manner.

He had the air to himself, with a background of soft music.

"Deutsche volksgenossen!" he shouted, as Hitler greets his followers at the beginning of a speech.

There the similarity to Hitler's speeches ended.

"The German armies in Russia are doomed," Ivan said. "German people make an end to this bloodshed."

The German radio tried to drown him out, but he broke in repeatedly, loud and clear: "Hitler, you are lost! Hitler, everything is lost!"

British Raids Are Rumored

(By The Associated Press)

LONDON, Oct. 11 — A war office disclosure that Britain has organized a special corps of British shock troops skilled in sea landings and guerrilla warfare was taken in some quarters today as foreshadowing more and bigger raids upon German-occupied soil.

The foray last March, in which eleven German ships were sunk and 225 men were captured on the Norwegian island of Lofoten, was cited as the type of work the new

striking force might be called upon to execute.

Details of the corps' extensive field exercises were disclosed in London newspapers at a moment when sections of the public and press were demanding to know what Britain has done, is doing or plans to do to relieve German pressure upon Soviet Russia.

The announcement caused speculation that the new corps, or the announcement itself, might have been intended to divert German troops from the drive toward Moscow.

The rigorous regime of the corps forced marches on short rations, the use of all infantry weapons, and small boat workouts suggested that it was meant primarily for invasion.

London newspapers freely as-

Assistant Police Chief Bill Mabray Has Concluded Training Course With The FBI

Bill Mabray, Lubbock assistant chief of police, Saturday was graduated from the FBI national police academy at Washington, D. C., after 12 weeks of intensive training.

Certificates of completion of the training course were awarded by Attorney General Francis Biddle at concluding exercises, and addressed the shock troops — called "commandos" — would be those who "one day may storm enemy beaches," but there was no speculation as to when that day might be.

dresses were delivered before a packed auditorium by Gov. Herbert R. O'Connor of Maryland, Dr. Joseph R. Sizoo of The Collegiate Church of St. Nicholas in New York City, and J. Edgar Hoover, FBI director.

The graduation also marked closing of the annual retraining session and reunion of the FBI academy attended by several hundred graduates of the previous 17 sessions of the academy.

In addition to Mabray, there were 37 other police officers from 25 states to be graduated.

Primary purpose of the academy

was to develop qualified police instructors in the latest methods of crime detection so that adequate training programs can be inaugurated in their respective departments. Mabray was instructed in law enforcement problems arising in connection with the national emergency, in scientific and technical procedures; statistics, records and report writing; firearms training and first-aid investigations, enforcement and regulatory procedures; police administration and organization; and teaching methods.

Don Reeder, Lubbock chief of police and a graduate of the academy several years ago, said Mabray would be back at his duties here in a few days.

Lubbock 11th In State Building

(By The Associated Press)

Houston led the parade in building for the past week with a total of \$384,670. Fort Worth was in second place.

The week's totals for Texas cities and year's totals to date follow:

Houston	\$384,670	\$15,909,575
Fort Worth	215,076	5,377,121
Dallas	183,949	8,954,064
Beaumont	20,534	1,900,405
San Antonio	83,363	5,476,336
Wichita Falls	64,114	1,448,765
Galveston	59,313	3,829,202
Corpus Christi	44,850	11,049,342
Austin	38,555	4,363,503
Waco	37,000	3,725,186
Lubbock	26,508	2,834,025
Pampa	16,900	257,975
Tyler	10,933	576,401
Midland	10,560	463,115

ENGINEER DIES

EL PASO, Oct. 11 — Henry W. Pontius, 100, died today. He was said to be the oldest living member of the Brotherhood of Locomotive Engineers in the United States.

Carbide was first discovered at Spray, N. C., May 4, 1892.

ing to Jack O. Stone, council executive:

Monday—Finance campaign in Lockney, directed by L. E. Cox, followed by a court of honor at 8 p. m.

Tuesday—Slaton finance campaign starts, headed by Fagan Gann; leadership training course to start in Ralls; Lorenzo group to attend.

Wednesday—Scouter's round-table in Ralls.

Thursday—"Pow-wow" of Scouts and leaders in Floydada; southeastern district committee meeting in Slaton.

Friday—Floydada cub pack 37, sponsored by the Rotary club, to meet at 8 p. m.

Saturday—Monthly week-end encampments in Camps Ford and Mammy Haynes. J. C. Grimes and Bevington Reed, field executives, in charge.

We'd like to come to your house*...

... and tell you all about

WARD WEEK

when all America shops and saves!

IT'S AMERICA'S GREATEST SALE!

Greatest because 650 stores all over America planned it and share in it! Greatest because it brings you the extraordinary savings you've been waiting for! Greatest because it brings you tremendous varieties and assortments! Greatest year after year—WARD WEEK is the Sale America looks forward to and WAITS FOR!

MONTHS AGO—

—our 650 stores got together and combined their orders! We dealt with manufacturers direct—to save both time and money! We placed our orders well in advance—so manufacturers could fit the production of WARD WEEK merchandise into their schedules.

EXCITING LOW PRICES—

in every department of our store during WARD WEEK! You'll save more in WARD WEEK than may be possible again for a long time! Stock up now on all your Fall and Winter needs! You'll be money ahead!

SALE OPENS WEDNESDAY!

Plan now to come in Wednesday—the opening day of WARD WEEK! Every counter, every aisle, every department in this store will be ready with America's greatest values! Come in for your share of them! And, remember, any purchase totalling \$10 or more may be made on our monthly payment plan. Ask about this convenient way to get everything you need.

AMERICA'S GREATEST SALE STARTS WEDNESDAY... AT MONTGOMERY WARD

*SINCE WE CAN'T COME IN PERSON, WE'RE SENDING YOU A BIG CIRCULAR! WATCH FOR IT. IF YOU DON'T GET YOUR COPY, PLEASE ASK FOR ONE!

Everything New for Christmas But the Terms

Yes, our store is brimming over with the most complete selections of brand new dazzling diamonds, stunning watches and preferred jewelry and gifts... everything is exciting and new... that is, everything but the same old terms.

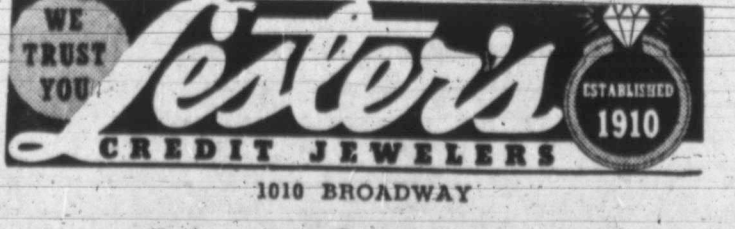

You can still buy most of the things you want at the same old liberal terms... open an account in a few moments... make your modest down payment and take the gifts away with you and have many months to pay.

But it's wise to shop early this year, while the selections are at their height and while we still have the gifts you want.

It's wise to shop early and lay away gifts for Christmas now because you can have the complete attention and courteous service of our experts in the way of personal advice and suggestions. No last minute rush, excitement or disappointment. Then too, you'll want to cooperate with Uncle Sam's Post Office Department.

All in all, if you want to make this a merrier, happier, gayer Christmas for everybody, shop early and lay-away gifts for Christmas, now.

NOW MORE THAN EVER IT'S SMART TO TRADE AT LESTER'S

1010 BROADWAY

Two Contracts For Construction Of 49 More Ships Awarded By Government

Largest Tanker Fleet Is Goal

WASHINGTON, Oct. 11. (AP)—Plans of the U. S. Maritime commission to create the largest and most modern tanker fleet in the world was given momentum today with award of two contracts for construction of 49 more new vessels.

The commission said the tankers, added to the 360 now in operation, to be 62 under construction by private concerns and the 47 scheduled and building under its own program, would bring the American tanker fleet to a total of 568 oil carrying vessels. The latest available information, it said, shows that Great Britain, which previously led the world in the number of tankers, has only 432 ships of this type.

Lay Keels In December

The commission predicted that 208 new vessels with a 2,106,300 gross tonnage would be completed by Dec. 31, 1943.

The contracts awarded late yesterday went to the Alabama Dry Dock and Building Co., Mobile, for 36 vessels and to the Bethlehem Steel Co., Sparrows Point, Md., for the remaining 13. Eight new shipways will be added at the Mobile yards and two at Sparrows Point to handle the new vessels.

Keels for the first of the 49 tankers are to be laid in December or January, with the first being delivered in August, 1942, the commission said.

Russo-German War

(Continued From Page One)

morning communique, declared the Bryansk and Vyazma sectors of the central front were the scenes of the fiercest fighting along the whole continent-spanning battle line.

Even in her blackest hour of the 112-day-old struggle, Russia defied the might of German arms.

Will Not Retire

"The people of the Soviet union will not lay down their arms until every Nazi soldier on our soil is annihilated," said S. A. Lozovskiy, official Russian spokesman.

Lozovskiy denied emphatically that the USSR was considering an armistice or that the Soviet government had left Moscow or contemplated doing so.

Gravely Is Admitted

The Russians conceded the extreme gravity of the situation facing their army, and Soviet newspapers urgently renewed an appeal to Great Britain to invade western Europe while "the main German armies are chained in the East."

Officially, Britain remained silent, but British political leaders took up the cry for concrete help to the beleaguered Soviets and an English student group bombarded Prime Minister Winston Churchill with a demand for "immediate armed action to relieve pressure on our Russian allies."

Aneurin Bevan, Laborite M. P., declared that the people are "restless and impatient" and are urging the opening of a second front where sent to Churchill by other groups in Leeds, Oxford and Acton.

Jubilantly, Adolf Hitler's high command declared in a special bulletin that the battle to annihilate the Red forces encircled along the sea of Azov, east of Crimea peninsula, had been completed with "heaviest bloody losses" inflicted on Soviet Marshal Semeon Budenny's armies.

Forces Destroyed

German and Rumanian troops destroyed the bulk of the Russian 9th and 18th armies, the Nazi high command said, capturing 64,325 prisoners, 126 tanks, 519 cannon and vast stores of booty.

With this barrier cleared, the German southern armies had at their next logical objective the Don river port of Rostov, gateway to the Caucasus, where eventually the long-awaited clash of Britain and German on Soviet soil may develop.

Still sitting tight, Gen. Sir Archibald P. Wavell, commander-in-chief for India, may now decide the time is ripe to send Britain's estimated 500,000 to 1,000,000 British imperial troops in the Middle East marching through the Caucasus via Iran (Persia) to bolster the Russians and stem the German tide.

Recent Turkish reports have said that British troops and war supplies were moving in that direction.

Reds Sidel Shattered

What the victory north of the Azov sea, the Germans declared that Russia's southern flank armies were shattered beyond possibility of reorganization and that the Russians faced complete loss of the great war-foundries of the Donets river industrial basin, the source of two-thirds of Russia's coal and one-third of the heavy industry.

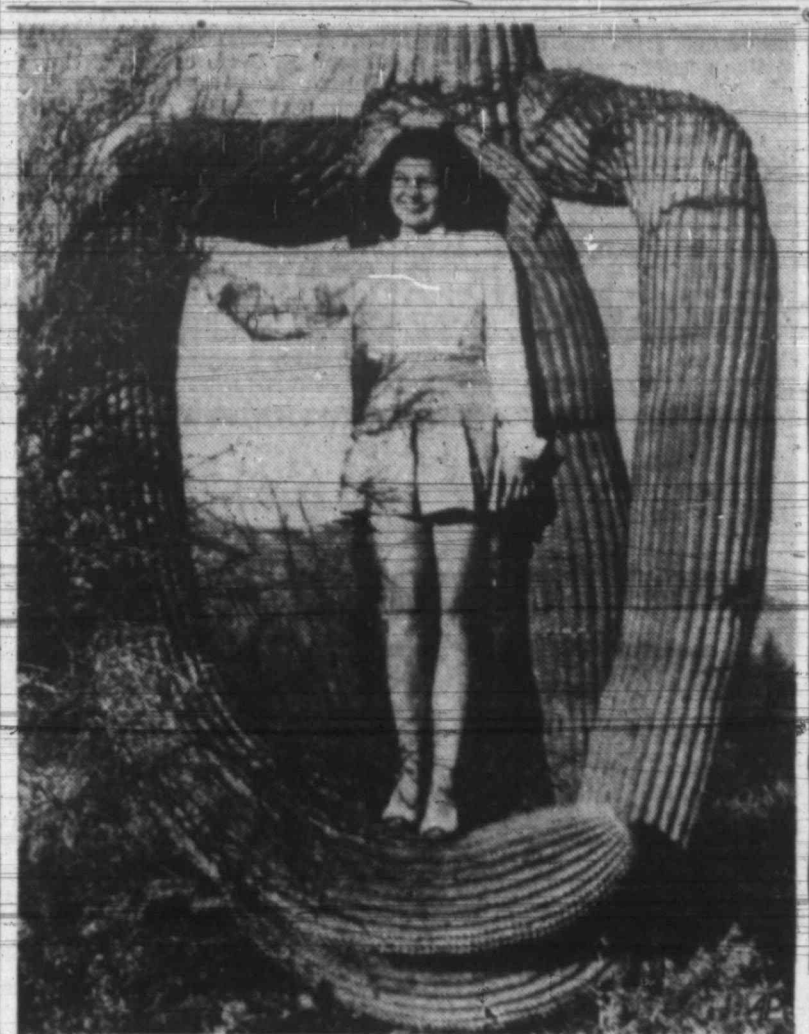

Dwarfing all this in magnitude, however, was the climactic battle for Moscow itself as Reichsfuehrer Hitler sent wave after wave of tanks, infantry, flame-throwers and planes to smash at defenders of the Russian capital.

"The danger is great," said Red Star, the Soviet army newspaper, acknowledging that the Germans had driven deep wedges into Soviet lines in the Vyazma sector, 125 miles west of Moscow, and that the Nazis were renewing the fury of their attacks north of Orel after once having been halted there.

Armies Withdrawn

Soviet front-line dispatches admitted that Marshal Semeon Timoshenko's armies had withdrawn, to shorten their line, from the Bryansk sector, 220 miles south of Moscow, where the Germans as-

Baltimore Society All Agog Over Plans For Entertainment Of Duke And Duchess

News Briefs

The sheriff's department Saturday night said Orbell Fleeman, 20, and his mother, Mrs. O. E. Fleeman, had posted bonds of \$500 each and that Frank Johnson, 48, a negro of near Shallowater, had a \$100 bail. All were charged on county court complaints with liquor law violation. Orbell Fleeman was arrested Friday night, the woman and the negro Saturday.

Condition of Dr. Earl Turner of Pampa, former Lubbock resident, remained "very critical" Saturday night, Lubbock friends were informed from Pampa, where he fell Monday night and suffered serious injuries. Complications since the fall of 16 feet into an elevator shaft made necessary amputation of a leg but the limb has not been removed because of his condition. He is the son of Mr. and Mrs. O. E. Turner of 2430 Twenty-first street.

Judges, Mayors Made Defense Coordinators

AUSTIN, Oct. 11. (AP)—All county judges in Texas and the mayors of 617 incorporated cities today were named coordinators in the state national defense plan.

Announcing the appointments, Gov. Coke R. Stevenson said judges would officiate in areas outside of city limits while mayors would hold equal status in their respective cities.

Under the plan, members of the National Defense committee for Texas, which includes heads of state departments may call upon local authorities and private organizations and individuals for any needed service.

The governor as chairman and coordinator of state defense activities will maintain communication with county and municipal officers on matters of policy and will advise them when state agencies need cooperation of local officers.

Bogus Dollar Stolen From Secret Service

DALLAS, Oct. 11. (AP)—Thieves stole a silver dollar from the United Secret Service display at the Texas State fair today.

The exhibit included U. S. notes and coins of all denominations, both genuine and counterfeit.

The thieves took a counterfeit dollar.

SMALLER STAMPS

NEW YORK, Oct. 11. (AP)—Daymond Loewy, industrial designer of ships and trains and minuscule packages, said today he believed the government could save millions of dollars annually by reducing postage stamps to one-third their present size.

Builder of the world's largest jail, that at Shanghai, China, from which one of its 8,000 convicts has escaped, G. B. Dainton commented recently, "It is really wonderful what you can do when you love your work."

serted the battlefields were strewn with hundreds of thousands of Russian corpses.

Other Nazi columns were reported knifing toward the Soviet capital from Tula, 105 miles due south of Moscow, and from the Volga river city of Dniep, 135 miles northwest of Moscow.

As fully-trained but unhardened Soviet reserves poured toward the front to receive their baptismal fire, Red Star revived Lenin's civil war slogan of "Victory or Death!" in an appeal to the new troops to stand fast.

The Russians were banking on Marshal Timoshenko's "elastic defense" system, which recoils before the first overwhelming onslaught of the attackers but gradually increases in strength as the offensive wears itself out.

Fair Concluded Saturday Night

(Continued From Page One)

of Thursday and Friday nights made a difference of several thousand in the attendance—probably enough to have set a new record for the week. Light rain started falling about 8 o'clock last night, but probably did not hurt the attendance a great deal. There wasn't enough rain to cause many people to hasten their departure from the fair, but undoubtedly it kept many late visitors from the grounds.

Elaborate Preparations

Although the Windsors arrive in Maryland this afternoon from Chicago, Baltimore will have to wait until Monday afternoon to see and acclaim the former Wallis Warfield and her husband. Their week end will be spent near Timonium, just outside town at the country estate of General and Mrs. Henry M. Warfield, uncle and aunt of the duchess.

But Baltimore has completed elaborate preparations for the reception and hospitable entertainment of the famous couple.

In keeping with their known wishes, the ceremonial part is to be made as brief and democratic as possible.

No Formal Parties

After that the duke and his duchess are to expect, for perhaps a week, the ordinary freedom of ordinary people while tarrying in Maryland's famous autumnal countryside. Most of their time will be spent at Timonium. General Warfield has said that he plans no formal parties and that the idea is to allow them to do as they please.

On Monday, the couple are scheduled to make their first entrance into Baltimore when they will be received at the mayor's office about 3 p. m. Then they will ride in an open car through the streets to a reception at the Baltimore County club.

Back-Biting Seen

After meeting 500 people there, they will be free.

In local society there is some back-biting and a trifle of throat-slitting, because more than 300 people feel that they should be at the country club reception. Some of the most bitter are those in the best position were Forrest Andrews of Stillwater, Okla., A. J. Pettigrew of Clayton, N. M., and Leo Huff of Merkel. Each missed completely his first rope toss for his calf.

Saturday night's winners in calf roping were Bill Towns of Wellington, in 15 seconds; Standifer, second, in 17.8 seconds; Riddle, third in 19.4 and J. D. Dobson and Tommy Parker, both Lubbock, tied for fourth in 22 seconds each.

More Winners Named

Morris' aggregate time in bull dogging was 36.2 seconds, trailed by George Hinkle of Comanche, Okla., 36.6, Andy Curtis of El Reno, Okla., in 37.8, and Buck Jones of Wichita Falls in 38.8.

Saturday night winners in bull dogging were Bill Towns of Wellington, in 15 seconds; Standifer, second, in 17.8 seconds; Riddle, third in 19.4 and J. D. Dobson and Tommy Parker, both Lubbock, tied for fourth in 22 seconds each.

Cellular 'Traffic Cop' Is Director Of Use Of Food

NEW YORK, Oct. 11. (AP)—Dr. Kurt G. Stern of the Yale university school of medicine announced today that he and two associates had chemically identified a cellular "traffic cop" which directs the body's use of food into efficient respiration instead of wasteful fermentation.

Speaking at a meeting of the New York section of the American chemical society last night, he said his associates were Dr. Joseph L. Melnick and Delafield Dubois. They named the substance the "Pasteur enzyme," after Dr. Louis Pasteur, who in 1861 discovered an anti-fermentation effect while experimenting with yeast and the fermentation of beer.

Fermentation converts sugar into lactic acid in the body, instead of alcohol.

Would Need More Bread

He said the enzyme was identified by a recently developed photochemical technique, and is a "mixed colored hemoprotein," similar to hemoglobin, the red material in the blood which carries oxygen from the lungs to the cells.

If it were not for the enzyme, he said, each adult would have to consume the equivalent of 10 loaves of bread a day.

Dr. Stern recalled the discovery several years ago that tumor cells are especially active in fermenting sugar into lactic acid, and suggested that it might be due to a shortage of the Pasteur enzyme.

"In spite of the fact that some tumor strains can derive all the energy they need from respiration," he said, "they may form as much as their own weight in lactic acid per day, provided they are furnished the necessary sugar."

He said a sufficient supply of the enzyme might prevent this diversion of the normal food supply.

Site Picked For Army Project

WASHINGTON, Oct. 11. (AP)—War department officials said today a site near Calallen, Tex., had been officially selected for a cantonment for an armored division to be formed when and if the army is expanded further.

The Calallen location was said to have been approved on Thursday, after difficulties with oil lines had been encountered over a site near Valley Mills, Tex., which had been previously tentatively selected.

Officials stressed that plans for the cantonment were contingent on further expansion of the army, and that only preliminary surveys are to be made for the time being.

In Process Of Organization

Similar selections for possible future units have been made for numerous other points in the country, under a \$15,000,000 appropriation made last spring.

Officials said Wyatt C. Hendrick, who was given a contract for surveys at Valley Mills, would perform the same architectural and engineering services at Calallen.

The army already has six armored divisions of approximately 15,000 each in service or in process of organization, and others are planned in the next few months. In event of further expansion of the land forces, armored units would be organized in approximately the same proportion to other forces as now.

As An Expert Sees It Behind War News

(Continued From Page One)

and the Don-Donets basin for urgent reasons.

Hitler's necessity throughout the war, whenever he turned, has been to reach adequate oil resources for his ever-expanding needs. Without oil, great as his victories are or may be, he lacks the prime essential of a German-dominated new order in Europe, let alone the world.

Flight Of Fancy

He is still a thousand miles from Russia, Caspian oil wells from his armies take Rostov and also sweep the Crimea to establish bases there for air-sea approach to the Caucasus. While Russian war-making efforts would be crippled vitally by loss of that oil, the Germans—even rounding the Red sea—would still have to fight against Russian-British allies to gain the Caspian oil flow for their own use.

On the long-voyage, therefore, German claims that Russian military power has been broken to the point where it can be only a minor factor "for decades to come" can be dismissed as a rhetorical flight of fancy. So long as Russia fights at all, she must cause huge Nazi armies to be tied up in the East.

Non-Defense Costs

(Continued From Page One)

\$2,000,000,000 were possible in this year's outlays.

Byrd said there was little hope of reducing defense expenditures, estimated at \$17,000,000,000 in the current budget, although he commented that there might have been "extravagance" in some items, such as those for the construction of army camps.

"On the other hand, Sen. La Follette (Prog-Wis), another member of the economy group, voiced the opinion that the entire budget, including defense outlays, ought to come in for scrutiny.

Warrants Discount

(Continued From Page One)

paid by the treasury in the order of issuance and charged interest for the service. The interest was the discount.

Must Wait Longer

For a long time the discount was one per cent. Now it is one and one-half per cent.

The finance companies estimate that they will have to hold the warrants longer than in the past. From the state employe's standpoint, if his salary is \$100 a month, he formerly was able to cash his warrant at a bank for \$99. Now he receives \$98.50.

He pays \$18 a year to obtain cash for the checks the state gives him. If his salary is more than \$100 a month, he pays more to get it in spending condition.

Castling into the future government financial authorities pointed Texas have seen "nothing yet" in deficits.

Big Revenue Bill

They predicted that at the end of this fiscal year, Sept. 3, 1942, the deficit would be \$44,000,000, on Sept. 1, 1943, the deficit of this biennium, would exceed \$50,000,000.

The present legislature, at its general session which ended July 4, passed an omnibus tax bill estimated to yield \$23,000,000 additional revenue, of which about \$5,000,000 would go to the general fund. It was the largest tax bill in Texas' history.

But the legislature also made record-breaking appropriations, largely on the recommendations of Governor W. Lee O'Daniel, and the deficit kept right on mounting.

Still further hikes in the discount rate on general fund warrants are considered not improbable.

Network Rules Are Ordered By FCC

WASHINGTON, Oct. 11. (AP)—The communications commission today increased the license period of standard broadcast stations from one to two years, and at the same time ordered its proposed rules governing radio networks made effective Nov. 15.

The network rules were amended, however, in several respects, one amendment suspending indefinitely a rule which would have required the National Broadcasting company to dispose of one of its two networks.

The commission said separate ownership of the Red and Blue networks of NBC is "so generally recognized to be desirable that we believe a separation will soon occur without the spur of a legal mandate."

It added any policy requiring sale of substantial properties should be applied "with due regard for the preservation of fair value, and the commission wishes to avoid the semblance of pressure on NBC to effect a forced sale."

Arizona Fugitives Reported Captured

SAFFORD, Ariz., Oct. 11. (AP)—Three heavily armed fugitives from the Graham county jail, trailed by bloodhounds to a canyon in the hills east of Solomonsville, 10 miles from here, were captured today by a dozen officers and possemen. Sheriff Vic Christensen reported.

The three, who escaped Thursday night, were armed with a machinegun, rifle, shotgun and pistols, but surrendered without resistance when officers who surrounded them fired warning shots, the sheriff said.

The prisoners are Clyde Sutton, 26, released from the Oklahoma penitentiary 18 months ago; his brother, Dennis, 20, and Murre Birchfield, 26, said by the sheriff to have served time in Texas for shooting a man during a robbery.

The three await superior court trial here, Birchfield on a charge of forgery and the Suttons for car theft.

Sergeant Remembers Driving Brauchitsch

CAMP POLK, La., Oct. 11. (AP)—Sgt. Arthur Topper, of Jeannette, Pa., can speak of Germany's No. 1 panzer commander, Field Marshal Walter von Brauchitsch, with an attitude of "I knew him when."

Topper described the intense interest and profuse thanks of his passenger.

"It will take Germany four years to complete an armored force that is capable of moving against an enemy," Von Brauchitsch observed.

"It's the first time I ever heard the phrase 'armored force,'" the sergeant said.

Professor Camp Not Even Related To The Other Camps

AUSTIN, Oct. 11. (AP)—An extra helping of honey for your pancakes will be in order beginning Oct. 26.

Gov. Coke R. Stevenson today proclaimed honey week, Oct. 26-Nov. 2, and asked Texans to focus attention on the honey industry.

"Got any cabins?" asked a voice over the wire.

"Cabins? You must have the wrong number," Dr. Camp replied.

"Ain't this 4850 — Camp Truman?" the voice inquired.

Dr. Camp looked himself up in the telephone book. There he was, listed right along with Camp Comfort, Dixie, Joy, and Texas. Try and explain that to a stranger in town.

Parkinson. Lieut. P. R. MacPhee and W. S. Neemaugh. Flying cadets T. Bergdoll and J. A. Crockett. Technical Sgt. T. Broyles. Sgt. J. J. Bruce. Sgt. W. M. Newcomer. Pasco Martin, 29, civilian employe at Duncan, was severely burned when a gasoline tank on the plane exploded as he worked to rescue the injured. Three other civilian workers were hurt slightly.

(Army authorities at the Albuquerque base of the 38th reconnaissance squadron, however, did not confirm any of the plane passengers' names except Lieut. Morgan and Reichstadt.)

At Fort San Houston army officials did not make clear which of the passengers were not accounted for, nor did they release the home addresses of the army men.

Nebraska Graduates

Authorities at the crash scene commandeered cameras and moved film, exposed by newspaper photographers.

Lieut. Morgan, a native of Buda, Tex., and his passengers had been here several days on stopover before leaving for the Albuquerque base. He was wearing a Kelly graduate and had served at Randolph field, Tex., and March field. He was a graduate of the University of Nebraska.

The plane carried a fuel load of 2,000 gallons of gasoline.

Lieut. M. A. Bateman, adjutant, said an investigation would be made Monday.

Biggest Drydock In World Is Completed

PHILADELPHIA, Oct. 11. (AP)—Uncle Sam has dug a giant hole on the banks of the Delaware out of which could come a monster of sea warfare challenging storybook imagination.

Carved out of marshy land of the navy yard's League island at a cost of \$10,000,000, the world's largest drydock is ready for the start of its first floating fortress—possibly the largest ever seen.

It could turn out a battle wagon nearly twice the size of the 35,000-ton Washington and North Carolina which now lead the fleet but there's been no disclosure of what the navy plans to create.

Bigger than the Panama canal lock, the 1,100-foot long and 150-foot wide shipway—the next largest is 900 feet long—came into being through striking new engineering methods within the shadow of the 45,000-ton New Jersey and Wisconsin now under construction.

Some 2,000 men working around the clock rushed it to completion in 14 months, then laid keel blocks before turning efforts to a companion dock, another in a chain under way along the eastern seaboard to build America's two-way fleet to the world's mightiest.

Police Report Quiet In City Saturday

Despite an overflow crowd attracted to Lubbock for the Panhandle-South Plains fair week end and the arrival of at least a small advance group of cottonpickers, police reported comparative quiet Saturday.

R. H. Caviness of 2122 Thirty-first street reported theft of a car radio from a bakery shop in 1300-block Avenue G. Police investigated a burglary of the residence at 1920 Dixie drive of Mrs. J. M. Brock. Loss was small, including some money and other articles.

B. H. Leath of Wilson route 1 lost a leather coat from his car. Goats rejected tin cans and the like in 1900-block Avenue L and started grazing on trees, shrubs and flowers. E. D. Bell reported.

Two boys, 8 and 9 years old, were reprimanded by John W. Wilson, boys' club counselor for swearing and throwing rocks.

Monahan officials asked Lubbock police to watch for two runaway girls who were expected to come here.

Whiz Of A Recruiter

FORT WORTH, Oct. 11. (AP)—Joe Lamb, boatswain's mate, U. S. coast guard, is a whiz of a recruiter.

Today he sent his son, John Earl Lamb, into the birthday, John Earl celebrated his 18th birthday yesterday.

FDR IS CHAMPION

DALLAS, Oct. 11. (AP)—J. W. Shepard, of Plano, has been a staunch Democrat for all of his mature 55 years. He named his bass looking jack therefore Franklin D. Roosevelt. The animal was named champion jack at the Texas State fair.

Interest Focused On New Lubbock Wildcat; 19 New Producers Added To Area

Harrison-Foster Steek Is 'High'

While field development in the South Plains showed a slight decline this week with the completion of 17 producers in three pools for total daily potentials of 16,105.28 barrels, interest was focused on a wildcat test two miles northeast of Lubbock as it encountered first formation marker high structurally.

The scheduled 5,500-foot test, L. C. Harrison and Tobe Foster, both of Lubbock, No. 1 E. L. Steek, topped the anhydrite at 1,480 feet, datum of plus 1,767, putting it 134 feet higher on structure than Harrison and associates' No. 1 W. G. Nairn estate, first producer in the county, three and one-quarter miles east by southeast of the drilling well.

Year Band Top Undisclosed

At latest report, the Steek, located 47 1/2 feet out of the southeast corner of section 7, block A, John H. Gibson survey, was drilling ahead below 2,400 feet in red rock and anhydrite. Yes, and top had not yet been released by owners.

The No. 1 Nairn discovery, three and one-quarter miles east by northeast of Lubbock, in one eight-hour period of swabbing through casing it made 65 to 70 barrels of oil. A slight amount of salt water present is decreasing, while gas volume is showing a marked increase. The well is bottomed at 5,002 feet and is producing from limestone of the Clear Fork, lower Permian. Location is 680 feet out of the southeast corner of section 25, block A, Gibson survey.

Seventeen Completions Made

Of the 17 completions completed this week in the South Plains, 11 were in the Slaughter field. Three were on the Cochran and the rest on the Hockley county side of the field and their combined daily potential was 11,948.96 barrels.

The Seminole pool in central Gaines county gained three wells with total daily ratings of 2,250.32 barrels and the Wasson field of southern Yoakum county also added a trio, good for 576 barrels per day.

Mabee Oil & Gas Company is starting operations at a short south outcrop to the Terry county end of the Slaughter field. It is the No. 1 M. E. Jacobson and is 440 feet out of the northeast corner of the southeast quarter of section 6, block D-13, John H. Gibson survey, 1,660 feet south of the record producer in Terry, George P. Livermore, Inc., Lubbock, No. 4 Jacobson.

Terry Test Spudded

A newly spudded test in western Terry county, American Drilling Corporation, Hobbs, N. M., No. 1 W. T. Hufnall, is drilling below 260 in red beds after cementing string of 8 5/8-inch surface pipe at that point. Location is 467 feet out of the southeast corner of section 14, block D-14, C. & M. survey, on a block assembled by Jack Markham, Lubbock oilman, and J. M. Welbörp, Brownfield.

Furthering the search for new oil pools in the North Permian Basin, Anderson-Prichard corporation, Oklahoma City, and American Drilling Corporation, Hobbs, N. M., are drilling a well in northeastern Hockley county 15 miles northeast of the Slaughter field.

The test will be drilled 467 feet out of the northwest corner of section 15, block A, R. M. Thompson survey, American Drilling Corporation owns one-half interest in the well and will employ company rotary. The firm also has checkered land on approximately 880 acres in the area.

Received Farmout

The deal was originated by Bruce C. McKague, Midland operator, who received from Honoluh Oil Corporation a farmout on eight half-section tracts, McKague, with Ray R. Rhodes, also of Midland, turned the block to Anderson-Prichard for drilling, retaining some leases. Anderson-Prichard added to its acreage by purchasing from the Yellow House Land company labors 17, 20, 22 and 23 in league 728, Abner Taylor-Capitol Land survey, and from D. C. Reed of Austin labors 1, 8, 9, 13, 18 and 25 in league 736 of the same survey. Spreads of protection acreage were bought by Magnolia Petroleum company, Skelly Oil company and Devonian Oil company. Anderson-Prichard has some 3,000 acres left in the block.

Drillstem Test is being in Dan Auld No. 1, western Lynn county wildcat. Total depth is 5,202, two feet past contract. The well logged only slight showings of oil in drilling to 5,202 feet with rotary and was abandoned several weeks ago. However, operators later decided to move back rig and test the well, with the possibility that it might be deepened or acidized. It is in section O, block E, E. L. & R. R. survey.

To Run Drillstem Test

Hole is being conditioned preparatory to running drillstem test in Ray A. Albaugh, Lamesa, and Richmond Drilling company, Midland, No. 1 J. J. Handley, northwestern Dawson county prospect in section 36, block M. E. L. & R. R. survey. It is bottomed at 4,977

Publicly-Owned Farms Subject To Quotas

WASHINGTON, Oct. 11. (AP)—The office of Mastin G. White, Agriculture department solicitor, has ruled that publicly-owned farms are subject to AAA wheat marketing quotas and penalties assessed for excess sales of the grain.

The opinion was given in connection with a controversy with Ohio state and county officials over whether state prison and county farms are liable to the 49-cent-a-bushel penalty assessed by the AAA on sales of wheat in excess of quotas for farms.

Block and Bridle Club of Texas Technological college will stage an afternoon and a night all-college rodeo Oct. 25—when a great part of Lubbock will be at Amarillo for the Western-Sandies football game.

Bill Griffin, senior animal husbandry student from Sylvester, Tex., said plenty of bucking stock had been contracted from Holland Edwards, who has horses, brahma cows and calves at his Paris ranch and at Idabelle, Okla.

"It is salty enough, too," Griffin grinned.

To Seek Permit

Under the proposed plans, there would be 16 or 20 rides on each show, which would be at the Panhandle—South Plains fair-ground. There will be a sponsors contest for girls of the various campus, social clubs, bronc riding, ribbon roping, calf roping, potato races on horseback by the sponsors, clowning and other events to be announced later.

Griffin said he would apply for permit to stage a parade from the college to the fairgrounds.

Such a rodeo was held last year, after a lapse of several years during which La Remuda conducted programs.

TEETH ARE STOLEN

DALLAS, Oct. 11 (AP)—John Hunter, 40, was familiar with the "watch your hat and coat" sign in cafes, but someone stole his teeth. They were false, and in his shirt pocket.

COMPANY ADDS NEW DEPARTMENT—Morrison Supply company, 1940 Avenue G, Saturday announced the addition of a kitchen modernization department to their showrooms and in the picture above you see complete Youngtown pressed steel kitchen on display there. Featured in the display is the new Youngtown pressed steel sink which is available in a variety of sizes. Jas. E. Pavlicek, in charge of the department said, Pavlicek pointed out that sink purchasers should first consult a kitchen planner, as the size and style of the sink will have a great effect on the cost and design of the kitchen. The pressed steel kitchen units qualify for title I FHA loans and since Lubbock is in a defense area, the pre-fabricated cabinets are especially adapted for speedy construction and rehabilitation under the defense program, Pavlicek pointed out.

New Production Shows Decline

A wildcat each in Yoakum and Dawson counties preparing to test porous, oil stained lime sections held attention in the north part of the West Texas district at the week's close.

Lubbock and Gaines county wildcats topped the anhydrite a Hockley county wildcat and an outcrop to the Slaughter field in Terry county were staged.

New production in the most northern counties dropped to 16,705.28 barrels by 19 wells from 26,100.48 barrels by 24 wells during the preceding week. Hockley county finished 10 producers, for 11,496.72 barrels, Cochran county added three for 2,962.24 barrels, Yoakum county three for 576.64 barrels and Gaines county three for 1,665.68 barrels.

Test Porus Section

Honolulu Oil Corp., No. 1 L. H. Wright, northeastern Yoakum county wildcat seven miles northeast of the Ownby pool, cemented 5 1/2-inch casing at 5,183 feet with 200 sacks of cement and was standing, bottomed at 5,262 feet in time. It will rig up a cable tool unit before drilling plugs and testing a porous, oil stained section between 5,191 and 5,262 feet. The test is 467 feet out of the northwest corner of section 13, D-John H. Gibson, and has surface elevation of 3,569 feet.

Rotary was being rigged up for the American Drilling Corp. No. 1 W. T. Hufnall, Terry county wildcat 467 feet out of the southeast corner of section 14, D-14 & M. The test will be about 4 1/2 miles east of Livermore No. 4 Jacobson, the nearest producer, and about the same distance northeast of the Texas Co. No. 1 Murphy, a dry hole.

Marker Correlated Low

Likins & Hall No. 1 Dr. E. H. Jones, northwestern Gaines county wildcat, topped the anhydrite at 2,130 feet, 1,537 feet above sea level, drilled to 2,152 feet in anhydrite, cemented 8 5/8-inch casing at 2,142 feet and was standing. The marker was correlated by some 52 feet low to Argo No. 1 Jones, a dry hole three miles to the northeast, also lower than in several tests on the Jones ranch to the southeast. Likins & Hall are drilling 1,980 from the north, 660 feet from the west line of section 13-A7-1st.

Cullihan & Waggoner No. 1 E. M. Wahlmaier, Crosby county wildcat in the northeast corner of section 3-1-WTRR, had drilled below 2,280 feet in lime.

Stanolind completed three of the Hockley county wells finalized during the week. No. 33-B Slaughter was good for 803.16 barrels daily, No. 33-B Slaughter for 932.88 barrels and No. 36-B Slaughter for 1,639.44 barrels.

Makes 1,066 Barrels

On the Cochran county side of the Slaughter field Anderson-Prichard No. 8 Woodley registered a daily potential of 1,066 barrels. Magnolia No. 13 Woodley 745.2 barrels and Atlantic No. 24 H. T. Boyd, 1,153.04 barrels.

American Liberty Oil Co. No. 1 J. W. Carpenter, one of three

completions in Yoakum county, marked a quarter-mile northwest extension to the Wasson field. Treated with 5,000 gallons of acid with the total depth 6,198 feet, the well rated 164.48 barrels of 32.5 gravity oil daily plus 25.5 per cent water. Location is 440 feet out of the southeast corner of section 733-D-John H. Gibson.

Humble No. 11 Randall was a 336.40-barrel and Magnolia No. 10 Bennett was good for 75.76 barrels daily.

The Seminole field in Gaines county added two producers: Amf from No. 8-A Matthews for 802.40 barrels and Amerad No. 12 Turfin for 836.28 barrels.

LA GRANGE, Ill., Oct. 11—Helen Morgan, teary-voiced singer who rode a side saddle on a grand piano to the top of the entertainment world but died in poverty, was buried today at Holy Sepulchre cemetery.

Hundreds of show people—run of the mill trouper as well as top-flight artists who knew Miss Morgan as one of the best and most generous of the blues singers for two decades—paid their last respects.

Impoverished At Death

Despite her long career, during which she was often paid as much as \$3,500 weekly, the dark-haired, sultry-voiced torch singer was impoverished when she died at 37. Her \$600 bill at Henrotin hospital, where she died Wednesday night from chronic liver and kidney ailments, was paid by the actress fund of the theater authority.

Miss Morgan, in her professional life, was paid by more than 3,000 telegrams of cheer during her last illness and by daily bouquets, wired from New York at a time when she was giving instructions for the pawing of her furs and other personal things to get enough money to pay her hospital expenses.

A post-funeral memorial for Miss Morgan will be the theater authority's annual benefit ball next Monday. Before her illness, Miss Morgan had reserved a table for the ball. That table will be left vacant in tribute and the show world folk of Chicago, where the girl from Danville, Ill., began her rise, will hear a blues singer render "My Bill," one of the songs Helen made famous from her familiar perch atop a grand piano.

Draftee Sues For Old Job

CHICAGO, Oct. 11. (U.P.)—James E. Herbert, 32, honorably discharged from the army after service as a draftee, today sought through one of the first U. S. district court suits of its kind to compel his former employer to rehire him.

Herbert, a native of Evanston, Ill., employed there as branch sales manager of the A. P. W. paper company of Chicago before his induction last March, brought suit under terms of the Selective Service act providing that draftees be given their former jobs upon completing their army service.

Herbert, according to his suit, was discharged from the army in July because of four years previous service in the navy. He was given back his job with the company, for whom he had worked since 1936, but was discharged Sept. 2 on a "vague pretext," the suit alleged.

The suit sought the selective service provision that released conscripts must be returned "to a position of like seniority and pay unless the employer's circumstances have so changed as to make

Germans Perfect Art Of Taking A Package Home For The Folks

ANKARA, Oct. 10. (Delayed) (U.P.)—The Germans here have perfected the art of "taking a package home for the folks."

Every German returning for a brief visit home takes silk, new shoes, new suits or something else which has been hard to obtain in Germany for several years.

Under Turkish law every German is permitted to send a ten-pound package to relatives in Germany monthly.

The Deutschembank handles the troublesome business of foreign exchange for the senders. No German in Turkey is permitted to forget his "obligation" in this respect. If he has no relatives in Germany on whom he wants to spend his own cash, the bank arranges for the relatives to pay for packages.

By such means many types of goods which the Turks themselves are compelled to import find their way from here to Germany.

Peat bogs are now supplying fuel for several large electric stations and a number of manufacturing plants in White Russia.

This impossible or unreasonable," Herbert contended his re-employment was "only purported and not genuine."

Texans In Washington Governor Stevenson Gets A New Pipe On Capital Visit

BY L. T. EASLEY
Associated Press Staff Writer
WASHINGTON, Oct. 11—Any strange odors emanating these days from the inner sanctums of Texas' capital may mean that Governor Coke Stevenson is breaking in that new pipe he acquired here.

It was a gift, the reward of a confession. The tall, amiable West Texan had attended a luncheon in his honor in the speaker's dining room in the national capital. He had told a story on himself and Representative Nat Patton of Crockett. His old pipe and "Cousin" Nat's snuff were responsible.

Happened in Chicago
It seems that in 1929 Governor Stevenson, at the time then member of the Texas House, and Cousin Nat a Texas State Senator, were in Chicago as members of a special committee investigating penitentiaries. They had an afternoon free so they climbed aboard a "rubberneck" bus. They sat on the uncovered top deck.

"Cousin Nat" was dipping his snuff and spittoon every now and then," related the governor. "Things went all right for a long ways. Then I got out my old pipe and lit her up.

"Pretty soon we were riding along between tall buildings which set off some kind of down draft. All of a sudden the bus came to an abrupt stop, the driver leaped out and yelled up at us. "He screamed: 'You guys can get off this bus if you keep that up. It was bad enough at first with one of you spitting down here now and then, but I couldn't stand it any longer when that foul smoke blew down on me!'"

After that tale and the luncheon were over, Congressman Patton and former Lieutenant Governor Walter Woodul got together and saved the governor a new pipe.

Junior Delegation Formed
The secretaries and others in the offices of Texas members of Congress have organized "The Junior Texas Delegation," with Miss Annetta Goble as their chairman.

Miss Goble holds from Shamrock and is an aide to the Panhandle's congressman Gene Worthy.

Each Thursday the "Junior Delegation" will meet at luncheon in the house restaurant. A table has been reserved for them near the speaker's private dining room, and they may come and go individually for a two-hour period, ordering whatever they wish from the regular menu.

The idea of the organization occurred recently when Miss Goble and other Texas secretaries noted that many of the personnel in one Texas office were entirely unknown to those in another.

List Is Given
Each office was asked to submit a list of its personnel. These are the names (by congressional district) that went down on the charter:

Worley — Miss Goble, Mrs. Al-tavene Clark, Amarillo; Florence Merriman, Wheeler.
Summers — Miss Velma Smedley, Harmon Watkins, Umeta Brown, Mrs. Annie Cunningham, Mrs. Lottie Lee Lowrance, Frank Connell, all of Dallas.
Thomason — Mrs. Kate George, Thula Hardie, Waldo Emery, John Hicks, all of El Paso.
Mahon — Mr. and Mrs. George Witten, Colorado City; Rose Jean Rodgers, Post; John Rayburn, Stanton.

Russel — Omar Burlison, Anson; Jack South, Clyde; Mrs. John Heaton.
South — Irene Williams, Kay Mitchamore, San Angelo; John Dee Martin, Clyde.
Speaker Rayburn — Miss Alla Clary, Prosper; Ted Wright, Savoy; Beatrice Conlin, Dallas; Mary Anna Hall Matthews, Terrell; W. E. (Billy) Wilcox, Sherman; Ray Roberts, McKinney.
Dies — Hazel Bois, Frances Hoyland, Lorene Lanier.
Lyndon Johnson — Norman Neine, O. J. Webber, Ed Dunkelberg, Mury Rather, Charles Henderson.
Luther Johnson — Miss Nellie A. Lindley, Corsicana; Ora Phillips, Mexia.
Lanham — Miss Marian Greer, Dorothy Beam, Patsy Slattery,

Elizabeth Reeves, Albert Woods, Fort Worth.

Gossett — Zeno Phillips, Vernon; Mary Shackelford, Nocona; Ruth Pool, Wichita Falls; Bob Karsteter, Henrietta.

Poage — William Sleeper, James MacAlexander, Waco; Iva Earl Johnson, Hartington; Joe Avant, Hubbardville.

Patton — Fred Reeves, Frankston; Bonnie Patton, Herbert Henderson and Jenning Lacy, Crockett.
West — Pearl Creed, Elizabeth McKenzie, Brownsville; W. H. Johnson, Hartington; Joe Avant, Hubbardville.

Kilday — Guy Allison, Gloria Valdez, Betsy Jamieson, Fred Semaan, San Antonio.
Patman — Lucille Spain, Texarkana; W. B. Harris, Jr., Linden; Beckworth — Mildred McGill, Marjorie McDonald, E. Wheeler, all of Gilmer; Marjorie Gibson, Lindale.

Thomas — Marie D. Ball, Mary Cameron, Evelyn Moseley, Houston.
Kieberg — Mr. and Mrs. W. P. Elliott, David McAngus, Charles Valls Martin, all of Corpus Christi, Christi.

Retail Sales Gain
Sales of independent retail merchants in Texas were up 28 per cent in August as compared with the same month in 1940. The outstanding gain of any city was that of 46 per cent registered in El Paso. Furniture dealers enjoyed the greatest gain of all, their sales leaping 53 per cent. Clothing stores had a volume 30 per cent greater than in August last year. Only business showing a loss were grocery stores without fresh meats; they had an average loss of 2 per cent.

STATEMENT OF THE OWNERSHIP, CIRCULATION, AND FINANCIAL STATEMENT OF THE LUBBOCK AVALANCHE-JOURNAL, PUBLISHED EVERY SUNDAY MORNING AT LUBBOCK, TEXAS, FOR OCTOBER 1, 1941.

STATE OF LUBBOCK (ss) Before me, a notary public in and for the State and county aforesaid, personally appearing Jas. D. Shaw, who, having been duly sworn in the above captioned matter, and after reading to him the contents of the foregoing instrument, and that the following is to the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 337, Postal Laws and Regulations printed on the reverse of this form, to-wit:

1. That the names and address of the publisher, editor, managing editor, and business manager are: Publisher, Charles A. Ouy, Lubbock, Texas; Editor, Charles A. Ouy, Lubbock, Texas; Managing Editor, C. G. Ratliff, Lubbock, Texas; General Manager, Parker F. Prouty, Lubbock, Texas; Business Manager, Jas. D. Shaw, Lubbock, Texas.
2. That the owner is The Avalanche-Journal Publishing Co., Inc. Chas. A. Ouy and Parker F. Prouty of Lubbock, Texas; Directors, Robert G. El Paso, Texas; Gene A. Howe and John L. McCarty of Amarillo, Texas.
3. That the stockholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.
4. That the two paragraphs next above giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, it being also stated that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon books of the company as trustees hold stock and securities in a capacity other than that of a bona fide owner, and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities that are owned by him.
5. That the average number of copies each issue of this publication is printed and distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 20,163.

6. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, Charles A. Ouy, Lubbock, Texas; Editor, Charles A. Ouy, Lubbock, Texas; Managing Editor, C. G. Ratliff, Lubbock, Texas; General Manager, Parker F. Prouty, Lubbock, Texas; Business Manager, Jas. D. Shaw, Lubbock, Texas.
7. That the owner is The Avalanche-Journal Publishing Co., Inc. Chas. A. Ouy and Parker F. Prouty of Lubbock, Texas; Directors, Robert G. El Paso, Texas; Gene A. Howe and John L. McCarty of Amarillo, Texas.
8. That the stockholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.
9. That the two paragraphs next above giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, it being also stated that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon books of the company as trustees hold stock and securities in a capacity other than that of a bona fide owner, and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities that are owned by him.
10. That the average number of copies each issue of this publication is printed and distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 20,163.

11. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, Charles A. Ouy, Lubbock, Texas; Editor, Charles A. Ouy, Lubbock, Texas; Managing Editor, C. G. Ratliff, Lubbock, Texas; General Manager, Parker F. Prouty, Lubbock, Texas; Business Manager, Jas. D. Shaw, Lubbock, Texas.
12. That the owner is The Avalanche-Journal Publishing Co., Inc. Chas. A. Ouy and Parker F. Prouty of Lubbock, Texas; Directors, Robert G. El Paso, Texas; Gene A. Howe and John L. McCarty of Amarillo, Texas.

Traveling Salesmen's Association Adds 13 New Members Here

Thirteen new members attended a meeting of Lubbock Traveling Salesmen's association in Hilton hotel Saturday at noon. Leonard Cole, secretary, announced that afternoon.

Hop Halsey, state representative of the 118th district, became an honorary member. "We feel he deserves admittance," Cole said, "because he travels down to Austin and really sells West Texas."

Other new members were V. C. Godbehere, Grover Whipker, H. T. Cooper, John Pierson, J. C. McGuinness, Joe E. Sullivan, Clyde H. Fortune, Henry Elton Cheatham, R. C. (Bob) Pratt, Rem A. Thompson, L. F. Bookman, Hugh W. Thomas and E. V. Boynton. J. L. Stinson was a visitor.

Halsey was principal speaker. He discussed his experiences recently at the 47th legislature session in Austin.

Officers of the newly organized club are D. H. Bradford, president, Alfred Francis, first vice president, H. L. Fleetwood, second vice president, Cole, secretary, and Sidney Claiborne, treasurer.

Bradford announced Saturday afternoon the next meeting has been moved forward to next Saturday at 12:30, a luncheon at Lubbock hotel. The date was moved forward a week to avoid conflict with the Lubbock-Amarillo high school football game.

Roosevelt Schoolroom Mothers Hold Meet

Roosevelt schoolroom mothers conducted their first meeting of the year Friday afternoon and 35 mothers were present, it was announced Saturday.

Supt. E. W. Harper was chairman. Plans for an annual Halloween carnival were made. A committee was appointed to consider establishing a school lunchroom. Committee members are Mesdames Early Daniel, E. R. Davis, Ted Barnett, Lutton Moore, V. E. Railsback, Wesley Ferguson, France Hettler and Mrs. Alsopha. The committee will meet Monday at 2:30 o'clock in the school building. Works projects administration aid will be sought.

A forty-two club was organized with Mrs. Earl Rogers as director. Her committee consists of Mrs. E. N. Baker, Boyd Crooks and Mrs. Robert Elbert.

A committee to plan detail of an evening of entertainment called "Trip Around the World" was named. It is composed of Mrs. Alvie Ater, chairman, Mrs. Boyd Crooks and Mrs. James Gammell.

Motor trucks in Lebanon are now granted sufficient gasoline for each trip, after the load has been examined and approved.

War Or No War, Russia's Shows Go On-- American Musical Comedy Is Still Packing Them In

back the enemy with tremendous casualties.

A group of Russian soldiers wearing fur hats with earflaps, strolled down a broad Moscow street and turned into the green-fronted Moscow art theater, where a long line was forming to buy tickets to Tolstoy's "Anna Kerenna."

It has been running four years and it makes the Russians weep as only Russians can, so occasionally for comic relief the theater produces the "School for Scandal" or a play based on the Pickwick Papers of Dickens.

The soldiers' fur caps were the first of the season in Moscow and attracted some attention. Muscovites, too, began bringing out their sugar loaf astrakhan hats of Persian lamb and everyone was talking about the early coming of winter. They remarked that they'd be glad when heat is turned on in apartments next Wednesday.

On some sectors of the Moscow front, the radio said, the Russians were counterattacking the numerically superior German forces.

There were more people than usual last evening at the Kavkaz, a Georgian restaurant where you can hear a Caucasian orchestra and a soprano who sings blood-curdling Georgian songs. If you want a good meal of shashlyk (lamb roasted on the spit) go to the Kavkaz these nights.

Civilians must learn how to use anti-tank cocktails, the front page editorial of Pravda said, because every citizen must join in the battle against the enemy and it is important to know how to do it. How to throw a bottle filled with gasoline at a German tank.

As the blackout settles down in the evening, people begin to leave the streets and police and militarymen in long blue military coats take up their patrols. If a pedestrian appears after the curfew he must show a special permit.

In the halls of apartment buildings, civilians on air raid duty inspect boxes or piles of sand at every door. There are buckets of water on the roof tops, too. In the subway many women sleep with children in their arms. They sleep on platforms or in the subway cars which have been halted for the night.

Night life is restricted in Moscow, and the men and women who are working at top speed these days want to get to bed early.

The radio broadcasts late in the evening, however, when there is no air alarm.

Last night, it said the Red army was fighting hard on all fronts.

Suicide Attempt Is Failure

SAN FRANCISCO, Oct. 11.—Desperate because of illness, John Lawrence Evans climbed 75 feet down a Golden Gate bridge girder today for a spectacular suicide attempt.

He lost his nerve, however, and, bleeding from a cut throat, wedged himself into the span's truss-work and screamed for help. While a crowd looked on, police and firemen rescued him after an hour's work with ropes and took him to Park Emergency hospital. He was unconscious.

Left Two Notes. Evans, 35, a city meat inspector, went to the bridge at 8 a. m., took off his coat, shoes and hat, left two notes, then went over the side and began crawling down.

One of the notes said: "I have taken my own life due to ill health and despondency. John Lawrence Evans, 2655 Pine street, San Francisco."

The second note, addressed to his wife, said: "I do not want to be a burden to you."

Mrs. Evans reported to police last night her husband had left home and she asked them to search for him.

Sgt. William Dinan, of the bridge highway patrol, spotted Evans clambering down the girder and turned in the alarm.

A Daring Rescue. Patrol Officer Leo De Los Rios made a daring effort to reach him. Fellow patrolmen tied a rope around De Los Rios and lowered him over the side. He got within 10 feet of Evans when Capt. James Logan ordered him pulled back. Logan was afraid Evans would grab De Los Rios and unloosen the rope, dropping both to death.

Then fire department experts and bridge riggers went over on ropes.

For an hour they swung precariously above the water, 200 feet below, before they succeeded in reaching Evans. They placed him in a safety belt, swung him clear of the bridge framework and hauled him up.

Denver City School Fire Leaders Named

DENVER CITY, Oct. 11. (Special)—The fire chief and annual staff at Denver City high school have been elected by vote of the entire student body and will assume duties immediately, it was announced today. The election was a project of the civics class as a study in citizenship under the direction of G. D. Tate, teacher and high school principal.

The fire chief will conduct fire drills and manage other activities of the school fire prevention program.

Rice Shades Tulane As Southwest Teams Make Hay In Intersectional Games

Brumley Shines As Owls Take Big Green Wave

By WILLIAM T. RIVES Associated Press Sports Writer HOUSTON, Oct. 11.—Tulane's hopes of an unbeaten season, skyscraper high after a glorious start, tumbled to bits today as Rice institute, outweighed 18 pounds to the man, stopped the Green Wave's surge with a 10-9 victory.

SETS RICE PACE — Bob Brumley, above, was the spearhead of Rice Institute's attack as the Owls upset the Tulane Green Wave, 10-9 yesterday.

Rice seized a break in the first five minutes to score a touchdown that apparently demoralized the Green Wave, which showed only in flashes its vaunted steamroller power.

Forced to fight desperately all the way through, the Owls' little men beat off attack after attack of the mammoth Tulane gang, grabbed each chance that came their way, and enrolled in the Rice hall of fame the names of substitutes—and unknowns—who played like all-Americans.

Fireman Bob Brumley scored all of Rice's points but the glory did not belong solely to him. The Ricemen walloped Tulane as a smooth-working unit.

Fumble Stops Drive The game began as most of the 25,000 fans held their breath, waiting for a drive from the Rice 45 after an Owl punt.

Jim Thibault and Lou Thomas ground their way to the Rice 13 but a fumble by Thibault, recovered by Barron Ellis, Rice halfback, stopped the drive.

Rice kicked out and Tulane tried to pass from the field. Stoop (Stoop) Rice fullback whose long punts kept Tulane backed up much of the afternoon, intercepted Thomas' aerial and sped to the Green Wave 13. Two attempts at the line failed to gain one yard and Brumley was called on to see what he could do.

In two plays he blasted over, the last surge starting on the 6-yard line. Brumley kicked goal to give Rice a 7-0 lead.

Wave Marches 65 Yards The game stood that way until the third period, when Tulane came back into the contest with blood in its eyes after a tongue lashing from Dick Dewile, Dawson.

Nebraska Shuts Out Kansas U.

LINCOLN, Neb., Oct. 11. (AP)—Nebraska, completely superior on the forward wall, slammed over the touchdowns today to walloped the sophomore-studded Kansas football team, 32 to 0, for the second conference victory by the Huskers, defending Big Six champions.

The Huskers won the ball game in four minutes after Kansas got off to an auspicious start. The ball was on Nebraska's 40 when Ralph Miller, the Kansas passer who spent a hard afternoon before leaving the game in the third period, dazed by the impact of three tacklers, hurled a long pass that Dale Bradley picked off to the Husker 25 and carried back to the Kansas 17 behind a wall of Husker linemen.

Then, with fourth and four, Vike Frances, who openly boasts he is out for All-American honors, ripped through the middle to the Kansas 20. Bradley couldn't shove the ball over, but Francis smothered that carried him five yards to the end zone.

The game was put beyond redemption by Kansas in the second quarter when Nebraska took a 20 to 0 lead.

Amarillo Yans Beat Cowhands

Off to a speedy start with a touchdown on the second play after the opening kickoff, Amarillo Yans, coached by Yannigans, drubbed the Lubbock High school Cowhands, 28 to 0 last night at the Texas Tech stadium.

Young Mr. Woodring took off around left end and scampered 80 yards for that touchdown, and Starkey added extra point, and for the rest of the first period the Yannigans played the Cowhands off their feet.

The Yans blocked Johnson's punt about half way in the second period, recovered on the 10-yard line. Starkey went off tackle to the one, and then over for touchdown then added extra point.

His Woodring Again Late in the same period, Woodring ran 30 yards for the third Yannigan touchdown, and Starkey missed the conversion attempt.

The teams played on about even terms during the third period, neither side making a serious scoring threat.

TCU Staves Off Indiana, Wins By 20-14 Count

By HAROLD HARRISON Associated Press Sports Writer BLOOMINGTON, Ind., Oct. 11.—Fighting back desperately in the shadows of their own goal posts the pigskin pitching Horned Frogs of Texas Christian University beat off two last-quarter Indiana attacks and emerged with a 20 to 14 decision over a scrappy Hoosier team today.

The unbeaten Frogs lived up to their reputation for aerial power, but the fighting Indiana eleven, making a strong bid for its first triumph of the season, handed the visitors some of their own medicine. The Hoosiers scored their touchdowns on passes and their aerial game was a constant threat.

Hoosiers Fight Back A brilliant Indiana summer sun beat down on a dry field, and the howling Hoosier homecoming crowd of 23,000 got its money's worth in thrills.

After the fourth quarter started it appeared the Horned Frogs were about to grab off an easy victory. They led 20 to 7 on the strength of the great passing of Kyle Gillespie, sharpshooting 175-pound quarterback from Paris, Tex.

But Indiana rallied, scored quickly and two more drove inside the T. C. U. 20-yard line in the closing minutes. The last march was halted at the Frog 8-yard stripe with only 40 seconds to go.

The Hoosiers got the first score of the game, marched 67 yards the first time they got their hands on the ball. Billy Hillenbrand, sensational sophomore, made the touchdown on a pass from Earl Deloway.

Gillespie Is Star T. C. U. did the same thing after the subsequent kickoff, driving three quarters the length of the field on some great bull's-eye passing by Gillespie, Frank Kring of Fort Worth, took the touchdown throw from Gillespie.

In the third quarter the Frogs registered again but this time on a single pass, Gillespie got off to an auspicious start. The ball was on Nebraska's 40 when Ralph Miller, the Kansas passer who spent a hard afternoon before leaving the game in the third period, dazed by the impact of three tacklers, hurled a long pass that Dale Bradley picked off to the Husker 25 and carried back to the Kansas 17 behind a wall of Husker linemen.

Then, with fourth and four, Vike Frances, who openly boasts he is out for All-American honors, ripped through the middle to the Kansas 20. Bradley couldn't shove the ball over, but Francis smothered that carried him five yards to the end zone.

The game was put beyond redemption by Kansas in the second quarter when Nebraska took a 20 to 0 lead.

His Woodring Again Late in the same period, Woodring ran 30 yards for the third Yannigan touchdown, and Starkey missed the conversion attempt.

The teams played on about even terms during the third period, neither side making a serious scoring threat.

Woodring and Starkey set up the final touchdown by advancing the ball to the five-yard line in the fourth period, and Magner scored.

Must Be True What They Say About Texas; Ask Oklahoma!

By HAROLD V. RATLIFF Associated Press Sports Writer DALLAS, Oct. 11.—Mighty Texas hurried over gallant Oklahoma 40-7 here today in a show of power that amazed even the most ardent backers of Longhorn Rose Bowl hopes.

Forty-five thousand fans sat spell-bound as the Orange wave engulfed a fighting Oklahoma team in one of the most crushing defeats in the long history of this Texas State fair gridiron feature.

Jack Crain always reaches the heights against Oklahoma and he did it again today. The pudgy little cowboy broke Oklahoma's heart the same as last season when he was the difference between Texas and victory and defeat—but Crain didn't hog the show.

A versatile Texas team that never relented in its crushing drives held the upper hand from the very start with the second and third stringers, who played as much as the regulars, showing stars of the first wave.

Crain got the first two touchdowns and from there on there was no question of who would win, but of how big the score would be.

Layden To Crain Pete Layden, another great in the Texas offense, pitched a 25-yard pass to Crain for the first touchdown after the Longhorns got the ball on the Oklahoma 27 following Jack Jacobs' costly fumble while trying to punt on fourth down. Jacobs had to cover the ball and Texas took over.

A plunge made two, then Layden hurled the touchdown pass. Crain kicked the goal.

Crain scored the second touchdown, whipping around left end on a backward pass from Layden for 11 yards. He added the point.

The next counter came on a 76-yard surge. It took only three plays. Layden finally cutting through center for 15 and lateraling to Malcolm Kutner, the end tackle, recovered on the Texas 20. Orville Mathews and J. S. Munsey got five in line tries and Texas was penalized five for off-side.

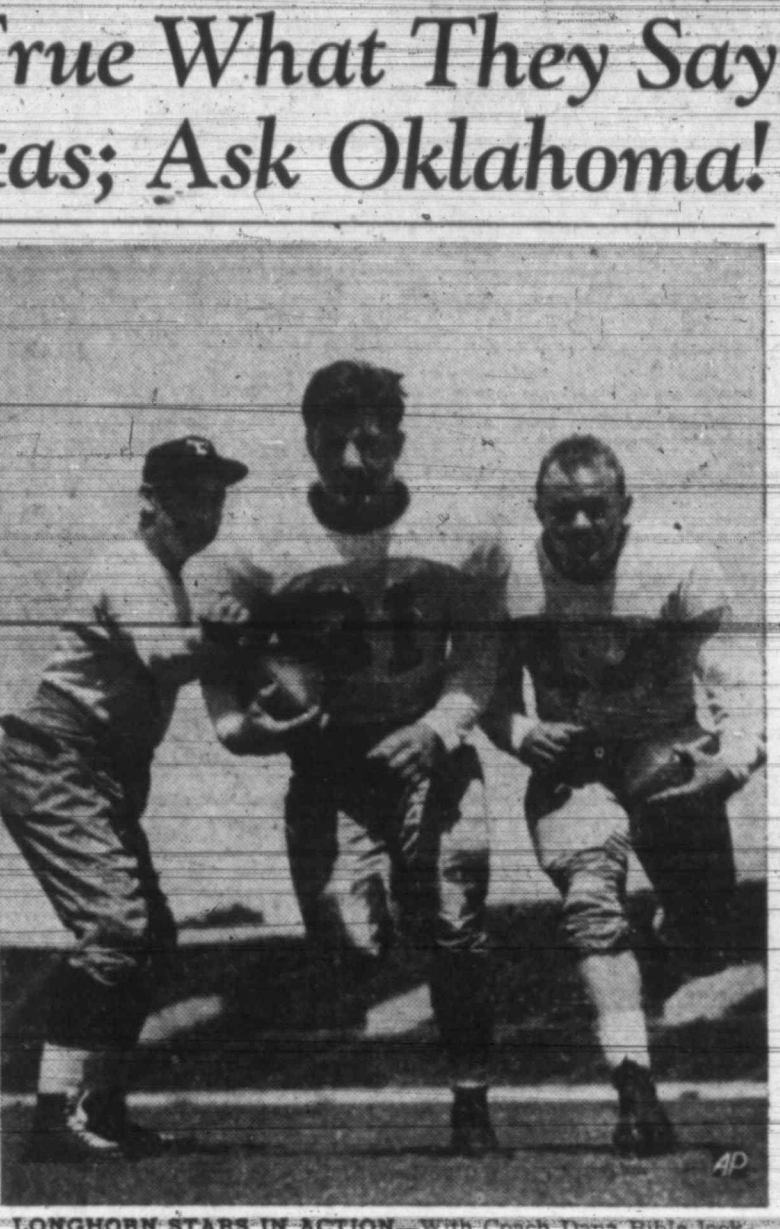

From the ten, Huel Hamm passed to Joe Goldberg for the counter. Dick Haberlin kicked the point. That must have made Texas sore because the Longhorns got two touchdowns within five minutes. The first came on two passes that gained 43 yards from R. L. Harkins to Kutner. Crain kicked the point.

The other was set up by Crain's 55-yard sprint down the middle to the Oklahoma 20. Here Harkins bulletted one to Noble Doug for the touchdown. Crain kicked the point.

The final Texas counter came late in the fourth quarter. Walter Heap pitched a 29-yarder to Wally Scott who carried to the Oklahoma 12. Spec Sanders made nine and Harkins in two tries made over 100 yards.

The high geared Texas offense rolled 316 yards; 296 by rushing. Oklahoma was not impotent; the Sooners making eight first downs to Texas' eleven and chalking up 199 yards, 101 of it through the air.

Crain was responsible for 144 yards in ten tries as the leading ground-gainer of the game. None was even close to him, Layden being second best with 51 yards in eleven carries.

LONGHORN STARS IN ACTION—With Coach Dana Bible looking on, two of the University of Texas standout gridgers, Pete Layden, left, and Jack Crain, are pictured in touchdown action. The lads figured more than somewhat in Texas' rout of Oklahoma yesterday at the Dallas Cotton Bowl.

Hardin-Simmons Turns On Power To Defeat Centenary Gents, 27-6

By The Associated Press SHREVEPORT, La., Oct. 11.—Those hard-riding Cowboys from Hardin-Simmons university of Abilene were too much for the oft-beaten Centenary college Gents and the boys from the prairies lassoed the local eleven, 27-6, here tonight before 4,500 fans.

For three quarters, the rivals battled almost on even terms, with the Texans holding a 7-6 edge, but the Cowboys pushed over a tally early in the final session and then capitalized on a wild batch of enemy heaves to turn the game into a complete rout.

After a scoreless first period, during which time both clubs had trouble hanging onto the pigskin, the Cowboys moved to the front on the outset of the second quarter.

One Touchdown Short A sustained 61-yard march by the Cowboys halted on the Gents' two-yard stripe as Evans fumbled and James Heath covered for the loss. Evans' conversion—was squarely between the uprights.

The Gents fought back furiously and a few moments later crossed the pay station after a sustained 79-yard march down the field. Several pass completions aided in moving the ball to the visitor's 34. On the next play Birtman rifled a pass to Jim Nash who gathered it in on the 20 and galloped across the final stride.

Clay McCrocklin's extra point attempt was blocked by Harold Prescott, Hardin-Simmons wingman.

Both teams resorted to the air lanes during the waning minutes of the second period, but neither threatened seriously.

The starting lineup: H-S: R. S. Young, P. W. T. Ratliff, L. T. Starkey, E. G. Bagley, R. G. Bennett, R. Thompson, H. E. Evans, J. H. Birtman, H. H. Borden, C. Chadwick. CENTENARY: J. J. Baker, J. B. Whitburn, E. G. Bagley, R. G. Bennett, R. Thompson, H. E. Evans, J. H. Birtman, H. H. Borden, C. Chadwick.

Both teams resorted to the air lanes during the waning minutes of the second period, but neither threatened seriously.

VERSATILE WILDCATS EVANSTON.—Fullbacks Don Clawson and George Benson are the only three-spot men at Northwestern.

Ags Stumble On Minus "Jawn," Beat NYU 47-7

By GAYLE TALBOT Associated Press Sports Writer NEW YORK, Oct. 11.—The Texas Aggies looked like they might get along without John Kimbroch very well, indeed, as they cut loose a terrific second half attack to bury the hapless New York university Violets beneath a 49 to 7 landslide in Yankee Stadium today.

A crowd of 18,000 turned out to see how the Cotton Bowl champions would make out without their great All-American fullback of last season, and there were no serious doubts left in their minds when it was over. The Texas team was slow working up steam and were greatly surprised to find themselves no better than 7-7 at the half. But once the third period started they jumped aboard their cayuses and away they went.

They scored two touchdowns in the third period and four in the final, racking them up so fast to score had to call in help. They did it on hand and through the air, with Derrace Moser, the one remaining back from last year's great team, supplying the spark. They were on the Violets' one-yard line again when the last gun sounded and enabled the breathless locals to catch their breath.

There might be a danger in judging the Aggies too optimistically on the basis of their showing today, of course, as the Violets are only football middleweights at best. Yet the second-half punch shown by Coach Homer Norton's pupils was very impressive. Every one of the 30 men on the squad saw action as Norton tried to hold down the score toward the last.

And as fast as touchdowns piled up sure-footed Jake Webster piecemealed the extra points. He booted seven without a miss, breaking up his routine only long enough to score a touchdown, at the start of the fourth quarter.

Mosier, a senior, one-touchdown coming on an intercepted pass, returned an intercepted pass in the third quarter, and so did Tom Pickett, a handy-looking sophomore. Other Aggie scores were made by Dennis Andriks and Marshall Spivey.

The Aggie rolled up 167 yards by rushing and completed 13 out of 27 passes attempted for a net gain of 206 yards. Moser did the passing, and the men he aimed at knew their business. The six passes the Aggies intercepted also hurt the Violets though N. Y. U. scored its only touchdown on such a play.

After a scoreless opening period, the Aggies opened early in the second quarter when Pickett dashed around left end 31 yards for a touchdown.

Minutes later, Wyatt Teubert, sophomore N. Y. U. back, intercepted an Aggie pass and loped 63 yards to score without being touched.

Missouri Uses Air To Drub Kansas State

COLUMBIA, Mo., Oct. 11. (AP)—A lucky passing attack, used desperately to compensate for a misfiring T formation, exploded for touchdowns in every quarter today as Missouri's Tigers swept aside Kansas State 35 to 0 in an opening Big Six game.

WEST TEXAS BUFFS DRUB N. M. AGGIES CANYON, Oct. 11. (AP)—The West Texas State Teachers Blue boys overwhelmed the New Mexico Aggies here tonight by scoring 51 points—all in the first half. Substitutes played for West Texas all during the second half. Collins was the first to score, on a 16-yard punt, the seventh play of the game. Then Sanders carried over from the two after McWilliams had recovered an Aggie fumble, following which Sanders scored again on a 43-yard run from punt formation. Collins took his turn and, tallied on a 44-yard run. Emier was next, intercepting a pass thrown by Wiggs and running 54 yards to score. Conroy proceeded across the goal on a 37-yard dash. Walker Wood took hold of an Aggie pass and ran 44 yards for a touchdown. Wiggs of the Aggies tried many passes, few of which were completed. The Buffs remain undefeated for the season, and Collins now has a scoring total, to date, of 43 points—13 of which he rang up tonight. HEAVY LOSERS MILWAUKEE, Wis., (AP)—Weighing in and weighing out figures at Marquette's early grid training sessions showed that the squad lost a ton of weight in two weeks—but gained it back, of course.

Raiders Meet Centenary Here Saturday; Westerners "Open Season" At Borger

Tech Gridsters Return Today From Far West

Texas Tech's victorious Red Raiders will roll into town at 4:10 o'clock Sunday afternoon, rest a few hours and then don practice uniforms Monday for plenty of hard work this week. The Red Raiders will take on the Centenary College Gentlemen in a buzz-saw game Saturday night at Tech

"CLUB" MEETS MONDAY

The regular weekly meeting of the Down-town Quarterback Club will be held Monday night at the Hotel Lubbock. Coaches Dell Morgan and Bert Hoffman will explain all the good and bad plays of the Texas Tech and Loyola game which the Red Raiders won 14 to 6. Coach "Goosey" Keyes will discuss the "game of the week" which was the Lubbock High Westerners will tell about their easy and unopposed victory over Breckenridge High school Friday night. Every football fan (men only) in Lubbock and the surrounding community is cordially invited to attend Monday night's meeting. The admission will be free and all football questions will be answered.

It will be the Techs' first appearance on local soil in four weeks. Tickets for the Saturday night battle will go on sale Monday morning at the Tech gymnasium.

The sharp-toothed Red Raiders had enough of the "old movie" Friday night to win their third game of the season by defeating the Loyola Lions, 14 to 6. Coach Dell Morgan wired the Tech athletic office Saturday that the Red Raiders waded out of the Loyola fiasco in good condition, and that he would be ready to start his regular line-up against the Gentlemen from Louisiana.

The Techs' blasted Centenary, 26 to 6, last season when Walter Webster and Thayne "Red" Amnett rampaged for three of the touchdowns. Both of these agile, free-wheeling, far-going youngsters will be ready for another whack at the Gentlemen Saturday night. Amnett, the scattin' scooter at right halfback, was the standout ground gainer in the Loyola game and made Tech's first touchdown possible.

Smith Leads Scoring
Roger Smith, the ding-dong scrapper at left halfback, is leading the Texas Tech scoring parade with two touchdowns, one field goal and four conversions for 19 points. Clarence Tillery, senior right wing, is second with two touchdowns for 12 points. In chalking up victories over Abilene Christian, Oklahoma A. and M. and Loyola, the Red Raiders have accounted for 60 against their opponents 6 points.

The Texas Tech student body, together with Professor D. C. Wiley and his Tech Matador band, will greet the Red Raiders on their arrival home.

Setup For U. S. Defense Is Outlined

WASHINGTON, Oct. 11. (AP)—Like a giant holding company with policy-making, financing and planning companies at the top and a host of operating units underneath to carry out orders—that's the nation's ever-expanding defense machine.

President Roosevelt is the one-man top holding company. His orders go forth through a variety of subordinate holding companies and interlocking directorates down to the operating agencies. When he does not do his own ordering, he delegates others to take over authority.

Under Management
All told, there are about 25 permanent and emergency agencies in the gigantic machine—an alphabetical line-up never dreamed of in Early New Deal days.

All of these agencies for all practical purposes are directed under the executive office of the president. About half of them are technically under the Office of Emergency Management (OEM), another White House adjunct, but this agency serves merely as a liaison or coordinator between the president and 3 dozen emergency defense agencies.

With Wayne Coy, a young Indian, in charge, OEM furnishes information back and forth to save the president a lot of detail paper and telephone work. One of its more recent jobs was to handle an exchange of letters between the president and OPM and the Federal Power commission concerning a national daylight savings law.

Hoover Dares Hitler To Boast Battle Of America On Schedule

WASHINGTON, Oct. 11. (AP)—Director J. Edgar Hoover of the FBI challenged Adolf Hitler today "to twist his lying tongue into a claim that his 'battle of America' is 'progressing according to plan.'"

"We have thwarted his agents and in fact our own agents have used his devices in hoodwinking the over-publicized efficiency of the gestapo," Hoover told the graduating class of the National Police academy conducted by the Federal Bureau of Investigation.

Hoover, discussing FBI activity against sabotage, declared "if just one spy were thwarted, and there have been hundreds, the entire appropriation of the FBI would have been justified."

He asserted that Hitler had said "America would be 'too soft to resist a fifth column attack.'"

District Offices Of Petroleum Coordinator To Be Opened Soon

WASHINGTON, Oct. 11. (AP)—Five district offices of the Office of Petroleum Coordinator will be opened soon in New York City, Houston, Denver and Los Angeles, Coordinator Ickes announced today.

Ickes said the staff to be located in each office would exercise immediate jurisdiction over its region, subject to the Washington headquarters office.

He also said that among the members of the industry committees for each district who have reported for duty at the various offices, including new and previously announced appointments, included:

District 2—Chicago: Writ Franklin, Ardmore, Okla.; Earl Petty, American Locomotive company, New York City; Walter duMont, Pure Oil company, Chicago; Alfred W. Gaede, Dulce, N. M.

District 3—Houston: Gordon T. Granger, Bareco Oil company, Corpus Christi, Texas; Grady V. Vaughn, Houston; Percy J. Rice, Dallas.

NO MORE ARGUMENTS
PASADENA, Calif. (AP)—Seating capacity of this city's famed Rose Bowl football stadium, long in dispute, is now official. A city auditor announces it as 90,439.

Alexander the Great conquered the known world with 35,000 men.

Unbeaten Keyes Team In First Conference Go

Lubbock High's "wee" Westerners stop just playing and start "playing for keeps" come Friday night.

Coaches Goober Keyes and Dixie White take their charges—still among the state's few remaining undefeated schoolboy elevens—to Borger for a crucial test that opens the 1941 District-1-AA conference campaign.

Given no better than a passing glance when the season first got under way, the Bulldogs have demonstrated rather conclusively that they have what it takes to make a fight of it in this wild and woolly sector of the interscholastic league.

Lone District Game
The game is the only District 1-AA engagement scheduled but the eyes of Texas schoolboy football will be focused on the carbon city because eight days later the Westerners journey to Amarillo for the "game of the week" for the two bitter rivals.

Amarillo takes on an old and worthy foe also Friday night when the Norman, Okla., eleven invades Butler Field. The Sandies probably will give much more than just "passing" consideration to the Oklahoma boys, famed for their serials. It will be remembered that it was Norman that blew into Butler Field during the mid-thirties to shatter forever one of the greatest records of all schoolboy football—the Sandies' feat of having never lost a game on sacred Butler Field.

Since then, however, the stunt has been duplicated, Lubbock's own Westerners being the first Texas-team in conference competition to add the final flourish with that thrilling 9 to 7 triumph year before last.

Sandies Have Close Call
And it was only by the skin of one point that Coach Bull Lynch's defending state champions escaped another debacle Friday night, edging out Austin High of El Paso, 20 to 19. Five thousand thrilled fans were treated to a spectacular aerial extravaganza when the El Paso boys tossed 51 passes, completing 24 of them for 306 yards.

Pampa's Harvesters, who may be the "darkhorses" of this district, after measuring Bowie High of El Paso, 27 to 0, take on another boarder eleven, Thursday night, invading El Paso to meet El Paso High. Plainview, idle last week and another "sleeper" in conference consideration, also continues inter-district play by en-

Oklahoma Aggies Trounce Washington In Loop Battle

ST. LOUIS, Oct. 11. (AP)—They highly-touted Oklahoma Aggies took their time about getting started then piled up 23 points in the second half to smother Washington university, 41 to 12, in a Missouri Valley conference opener today.

In a surprising display of strength, Washington scored first and held the Aggies to a one-point advantage, 13-12, at the half. But after that the bears were not even in the game.

All six Oklahoma touchdowns were scored by substitute players, three of them by Al Scandlund.

WISCONSIN ICEMEN
MADISON — Eight Wisconsin football players followed in the footsteps of Red Grange this summer, working as icemen.

Half a million dollars' worth of agricultural machinery from the United States was received into Uruguay in a recent month.

When their present lariats wear out the icemen will be out of luck—unless they can wrangle new ones from the priorities board.

One cheese factory in New Zealand has 13 vats, each holding 1,000 gallons of milk, and the 35 men produced over 2,400 tons of cheese last season.

Tech Freshmen Gridders Set New Record For Scholastic And "Staying" Abilities

Something akin to a new record has been established in the Texas Tech freshmen football camp this season. Of the thirty-five freshmen who reported to Coach Walker Nichols for fall training, thirty have made the grade and are now full fledged Picadors. This is unusual because each season out of 40 or 50 freshmen only about half of them make the grade and remain in college.

Coach Nichols has lost only three players who just up and left. They included Pryor Hammons, halfback from Littlefield, Ferrell Compton, a halfback from Littlefield, and Gerald Allen, center from Graham.

In discussing the squad, Coach Nichols said: "We could have kept Hammons and Compton but they were not ready for the rugged major football that Texas Tech plays. Allen was a promising man but decided to go elsewhere."

After they had reported to the freshmen squad it was learned that Ledford Smith, guard from Electra, and Hugh Herbert, back from Lubbock, had too many hours to be eligible for the freshmen team, therefore they have been moved up to the varsity. Thus Coach Nichols has lost only three of the thirty-five starting freshmen.

The Picadors are working out daily in preparations for their next game which will be here October 25 against the tough Cameron Aggies from Lawton, Oklahoma. The Picadors nosed out the Aggies last season in a 14 to 13 game played at Lawton.

It is the consensus that Lee Jackson, former Lubbock High school ace, is the best all-around back on the freshmen squad. The same consensus gives honors to L. A. Storts, former Lubbock High player, as the best Picador line-man.

Export Of Planes Keeps Figures Up
WASHINGTON, Oct. 11. (AP)—The increasing flow of planes and munitions to Great Britain helped to send United States exports to \$455,000,000 during August, the commerce department reported today, and boosted total shipments aboard during the second full year of the war to \$4,189,000,000.

Imports into this country also climbed as a result of heavy receipts of strategic materials, making the month's total \$283,000,000. During the second 12 months of fighting, the United States shipped \$492,000,000 worth of aircraft, double the exports of the previous year, while munitions, including firearms and explosives increased from \$62,000,000 to \$173,000,000.

October 25 against the tough Cameron Aggies from Lawton, Oklahoma. The Picadors nosed out the Aggies last season in a 14 to 13 game played at Lawton.

It is the consensus that Lee Jackson, former Lubbock High school ace, is the best all-around back on the freshmen squad. The same consensus gives honors to L. A. Storts, former Lubbock High player, as the best Picador line-man.

ARCHERY PROFESSOR SYRACUSE—Dick Weber, Syracuse guard, taught archery during the summer at Camp Lincoln in Minnesota. Weber is a former national junior archery champion.

ALL I've got to say is that if The Plainsman had gotten in condition long ago by playing golf, as some of his friends urged, his feet wouldn't have played out on him as he reached the crucial point of his New York trip. Also, he could, probably, buy a good set of woods for what that New York fella charged him for consultation.

SPEAKING of golf, Robert Dean says "I can't understand why I can enjoy a game so much and still be mad as heck while playing it."

THOSE of us who stayed up for the broadcast of the Tech-Loyola game Friday night need to be amply rewarded. It was sweet revenge for previous defeats by Loyola out in California. A most pleasant surprise about this year's team is the kicking and that feature played a big part in Friday night's victory over Dell Morgan is definitely not the "screaming towel" type of coach.

If indications point to a Tech victory Dell doesn't mind a little limb-climbing. He'll talk right out in meeting and say that Tech should win.

I DIDN'T do so badly on the weather last week. It rained one day and that's as good an average as the experts earn. However, I'll let it go at that and confine my predictions to matters that are more within my field of activity. For instance, I predict that you will be pleased by the kind of work turned out by our shop. On anything from a motor tune-up to a general overhaul we place our guarantee of absolute satisfaction. And, don't forget, BILL DEAN will get your car for you at night if you can't spare it during the day.

BASEBALLER Sam West and Mrs. West are back in town after a season with Washington, during which he saw little service due to an appendectomy in mid-season. He is an inveterate football fan and a staunch supporter of Texas Tech. However, long connection with second division clubs have made a pessimist out of Sam. He doesn't believe Tech will go to the Rose Bowl.

THE Panhandle South Plains fair was, as usual, a huge success. The paid attendance at this annual event is almost unbelievable. Personally, I enjoyed the almost human performance of the monkeys. By the way, why is it attendants and operators of rides and concessions are uniformly dirty, uncouth and insulting?

LET me remind you once before cold weather to prepare it for winter driving. While the weather is pleasant and there is time for careful inspection is the proper time to do this. Antifreeze, heaters, defrosters are a few of the items that should be given attention now. Bring your car to BILL DEAN's before old man Winter shows his face.

AT the Western game Friday night the Breckenridge coach had withdrawn and inserted number 33 several times in the first quarter. Homer M. A. y wondered why, since 33 was not an outstanding player. Bill Evans supplied the answer. "He, probably, has a good memory," said Evans.

THIS week BILL DEAN will give the following items free to the persons listed below, provided they call at BILL DEAN'S Fourteenth and Avenue J before Monday noon.

GALLONS Texaco gas to Lonnie Langston, 2427 Nineteenth street.

WASH and grease job to Olen Stewart, 1924 Broadway.

CHANGE of Quaker State oil to P. E. Rody, 2108 Twenty-sixth street.

See you next week.

SEIBERLING

"West Texas' Leading Tire"

That's Why I'm Smiling . . .

P. S. You Will Too!

I used to be one of those people who always had tire trouble. Just at the wrong time, I was always bothered with skidding, blowouts, short mileage and many other tire hazards that makes driving very unpleasant. NOW I have changed to "West Texas Leading Tire"—SEIBERLING and my tire worrying days are over. Make sure your next set of tires are SEIBERLINGS!

Baylor Takes Arkansas, 20-7, In Conference Tilt; SMU Blanks Stagmen, 34-0

Jack Wilsons Star Again As Bruins Triumph

By DAVE CHEAVENS
Associated Press Sports Writer
WACO, Oct. 11. — Big Jack Wilson and his Baylor Bear friends—playing very lively football for a team heralded in advance as a team of cripples—swamped Arkansas 20-7 here at Municipal Stadium today in the only Southwest conference game of the day.

The issue was seldom in doubt after the first period, when Frank DeLeonigo, promising sophomore halfback from Clarksville, Ark., who thus far this season has meant Arkansas what Wilson means to Baylor, scored the Razorback's touchdown after a Baylor fumble. Bo Robinson of Baylor dropped the ball on the second play of the game, and Arkansas was quick to seize upon the break.

End Clayton Wynne recovered then Robert Forte passed to Wynne on the Baylor 15. An offside penalty gave the Razorbacks five more, and fast-stepping Delmonago took over from that point to tally in two smacks across the line. Dave Scarborough scored the extra point from placement.

Wilson Takes Charge

Then Wilson took charge of the ball game. He passed nine yards to sophomore End Jack Jeffrey, a big boy with sticky fingers who took Wilson's next heave for 12. For variety, Wilson butted through center for five, passed to Jeffrey for six. Milton Crain picked up four at center, and Wilson scattered 17 yards for a touchdown. His point from placement was true.

A 56-yard kick by Wilson set up Baylor's second score in the second, after jarring the Razorbacks with the long punt, the Arkansas offense bogged and Wilson began throwing passes once more from midfield, connecting with Ed Hickman, junior end from Rome, Tex., for one 10-yard gain and mixing passing and running plays expertly down to the one yard line. Untouched, he slanted across tackle for the score but his placekick was wide.

Long Pass Scores

A long pass, Dwight Parks to Bill Coleman, brought Baylor's final tally, in the third period, but it was Wilson's place kick that brought the extra point. With both Parks and Wilson connecting with ends and backs for long gains, Baylor marched down the field to count this one only after Wilson had been brought back into a game that simmered down to insipidity while he was gone.

Arkansas passed 22 times, completing 13 for 147 yards. Baylor passed 22 times, completing 11 for 146 yards. Baylor outstruck Arkansas 156 yards to 33, and the difference was Wilson, but Arkansas hard-hitting and slippery Delmonago stood out with force as a dangerous offensive player at all times.

The defeat gave the Bruins—undefeated thus far this season under their new coach, Frank Kimbrough—a foothold in the conference race and apparently haunted Arkansas out of the running. Last week Texas Christian set the Hogs back 9 to 0.

ARKANSAS	Pas.	Revs.	BAYLOR
Lawton	1-1	Barnett	1-1
Button	1-1	Bell	1-1
Cato	1-1	Gatwood	1-1
Clark	1-1	Griffin	1-1
Coals	1-1	Hickman	1-1
Johnson	1-1	Starkman	1-1
Porte	1-1	Wilson	1-1
Reyes	1-1	Byron	1-1
Saltings	1-1	Robinson	1-1
Delmonago	1-1	Crain	1-1
ARKANSAS	22-147	11-146	
BAYLOR	22-146	11-147	

Arkansas scoring: Touchdown 2, Coleman (for Robinson). Point after touchdown—Wilson 2 (place kicks).

Baylor scoring: Touchdown 2, Coleman (for Robinson). Point after touchdown—Wilson 2 (place kicks).

Substitutions:

Arkansas — Ends, Pitts, Adams, Tibbitts; tackle, Byrum, Green, Sweeten, Richards, Fredrick, guard, Collins, Paldino, Bliston; center, Blizard, Carter; back, Ramsey, Barker, Hayes, Saltings; kicker, Clark.

Baylor — Ends, W. Gandy, Lucas, Russell; tackle, E. Gandy, Shapcott, guards, Lamplin, Bean; center, Runkle; back, Nelson, Edmonson, Parks, Kittrell, Coleman, Cook.

High School Teams Move At Fast Pace

It was a hectic week end in schoolboy football, Hector. And it seems that a few plucky questions pertinent to Southwest football in general and Lubbock fans in particular were only partially answered.

Taking them in order then: The blunt fact remains that Amarillo's Golden Saddlebore still rides high, while Sandome and the favorite to successfully defend its District 1-AA crown—trying it on for size come Saturday week when Lubbock High's menhantant Westerners do battle with them on historic Butler Field.

Westerners On Spot

Thus far, the bronze busting ball of Coaches Gooker, Keyes and Dixie White have shown only flashes of the football necessary to cope with a Sandie machine which has run up the amazing string of 19 consecutive victories. There may be some changes made before their traditional clash—October 25—but it's up to Lubbock High's Black and Gold to make them!

Jumping into the Class A ranks, another rather obvious conclusion may be drawn: Brownfield and the Oltons—Oltons and Brownfields the only two undefeated and untied Class A aggregations in the section.

In District 4-A, it's still a toss-up with Floydada's Whirlwinds whirling along in the favorite's mark with Mataro, actually leading the conference standings, however, and Lockney still to be reckoned with. All ran up impressive victories over the week end, Floydada smothering Ralls, 26 to 0, Mataro drubbing Spur, 20 to 6, and Lockney edging out Crosbyton, 6 to 0.

Schedule Is Light

Power in Class B circles apparently rests with Frenship in the south zone, conqueror of Ropes, 6 to 0 Friday, and Petersburg in the north-half, winner over Abernathy, 14 to 0.

Only a sprinkling of conference contests are scheduled over the area, many teams taking an off week to prime for the late October and November stretch drives, but those on tap promise plenty of action.

In District 5-A, north zone, Levelland meets Sudan and Slaton will be sacrificed to Oltan in the only two conference clashes. The south zone of the district finds O'Donnell at Brownfield for another slaughter and Seminole tangling with Tahoka. Over in unpredictable District 4-A, Crosbyton battles Paducah and Spur invades Ralls for games that may help determine an eventual champion, especially in view of the fact the Paducah lads can't quite be counted out of the running.

Stars Selected

Class B highlights find: Amherst at Anton, Spring Lake at Farwell and Whitbaral at Sudan in 3-B tussles with Frenship at Cooper and Ropes at Meadow in 4-B engagements.

Those are the highlights, the features and starring teams. And now we present the week's individual standouts—the boys who helped their elevens get that way:

JOE RUSHING, Floydada's flashy fullback, who scored all four Whirlwind touchdowns, kicking one extra point and passing for another in his mates' 26 to 0 win over Ralls.

JIGGS TANKERSLEY, fullback, and **DEVERELLE LEWIS**, quarterback, for Brownfield, each sparking the Cubs' long downfield drives and touchdown smashes.

ROBERT HARGROVE, fullback, and **W. ROARK**, right half, standouts even in Seminole's 12 to 32 loss to the Cubs.

ELZO COLLIER, Slaton's bounding ball-toter, who powerhoused the Tigers to three touchdowns to spark a 26 to 6 triumph over Morton.

He also added the two extra points.

JIMMY YARBROUGH, left half, and **ROY HUTSON**, right half, who shared line smashing duties to bring Littlefield to life in the fading minutes with a 45-yard touchdown march that meant a 7 to 0 victory over Sudan.

BILL REYNOLDS, Denver City ace, who raced 60 yards for a counter in the first period, plunged five paces for a tally in the second.

Country Club Women To Open Title Golf Tourney Monday

Revived after a five-year lapse, the Lubbock Country Club's women's championship golf tournament is scheduled to get under way Monday with the beginning of qualifying rounds.

All women members of the club are cordially invited to compete. Pairings for qualifying have been announced, but in the event some member has been inadvertently overlooked in the pairings, she or they are urged to show up at the club Monday or Tuesday for qualifying.

The field will be divided into many flights of eight players as the number of entries justify, thus making a place for all players, good, bad or indifferent. There will be a special flight for "beginners," in which match play rounds will consist of only nine holes.

Two Days To Qualify

Two days will be allowed for qualifying—Monday and Tuesday. Matches will start Wednesday, and one match will be played each day until the championship and the winners in each flight are decided.

Attractive prizes will be awarded the medalist, the winner, runner-up and consolation winner in each flight.

An entry fee of \$1 is asked of each contestant.

So far as could be determined last night, Mrs. Cliff Dean is the defending champion, having won the title in 1936. The tournament has been suspended since that year. Mrs. Dean expects to battle for her crown in the coming tournament.

Players whose names are listed below are urged to get in touch with each other, as they are paired for qualifying rounds, and arrange a time to meet for the qualifying round. The pairings are in two-omes—those unable to contact each other are asked to telephone Mrs. W. F. Helwig, chairman of the tournament committee, who will try to make the contacts.

Following are the pairings suggested for the qualifying round Monday or Tuesday:

Mrs. Charles Akey and Cliff Dean; Mrs. Cliff Widener and Morley Jennings; W. F. Helwig and Guy L. McAfee; Hooper Stiles and T. E. Patterson, K. L. Riggs and M. M. Brown; Bill Freeman and M. L. Waldrop; Bob Crawford and W. F. Eisenberg; Olan Key and C. E. Dean; E. A. Henry and Miss Mary Jarrott; Mesdames A. G. Pinnell and F. L. McRee; W. L. Morrison and Tom Duggan; Gene Fowler and Charles Murray; Clyde Fortune and Buster Fluke; J. E. George and Ford Bonham; C. L. Wall, Granville Dickinson and George Langford in threesomes; Lofton Burnett and J. D. Hinson; C. C. Caldwell and J. D. Hassell; Tom Pendergraft and W. L. Mayhew.

PAR-agraphs

By Charles Akey

The Ladies Golf Association of the Lubbock Country Club has just distributed a program of events for the coming year, and the officials of this organization are to be complimented for their fine work in lining up a season's play that will prove very interesting. The program lists each week's events for the coming fiscal year, in addition to its many diversified golfing affairs, it also names the hostess for each week's play and luncheon. We hereby acknowledge with sincere thanks, our appreciation of the copy left on our desk, and we take off our hats to the current officers, Mrs. Morley Jennings, president; Mrs. W. H. Morrison, vice president and Mrs. W. F. Eisenberg, secretary. These officers, with their tournament and program committees, have made a great start toward making the Ladies Golf Association at the Lubbock Country Club attractive to all of the ladies in the membership, and if this kind of work continues we are betting that their organization is soon one of the best you will find anywhere.

Wonder what happened to that hot game that was going so good with Judge Raley, Charlie Whitacre and Ike Mizer? Did one of them lose his nickel...

Sammy West is back in town, came out to the club the other afternoon and was sorely disappointed when he found that we had not cut down that cottonwood tree on the left side of No. 1 fairway... Ask him about the fancy shot he pulled down there last fall.

George Langford has been accused of unfair tactics... playing in a foursome with Amos Howard, George lofted his ball over the lake and onto the 17th green, knocking Brother Howards ball which was nesting on the carpet near the hole, completely off the green and into the rough.

Carl Longabaugh and Olen Stewart were along, and the uproar was tremendous...

Bob Lee, the Meadowbrook manager, made his first birdie last week at Meadowbrook. Bob did not disclose the hole where he sunk the birdie, but it caused plenty of excitement at the public layout... It was reported that most players would lay even money that Bob couldn't do it with that slice... nice going Robert.

You should heard the screaming when L. H. McLarty shot that 37 on the back nine last Sunday. Goosepicking... that's what it was...

One of the hottest matches at the club is that one going on between Doc Swarts and Jimmie Naiman. It is carried over from one Sunday to the next, and has been in progress all summer. At the present time Jimmie is a couple of balls up on the Doc, but the Doc has been practicing and promises to even matters today.

Another hot match sees Judge Kleit and Neil Wright on the course together, no one has been able to learn how the

Pacific Eleven Gain But Little

By RICHARD WEST
Associated Press Sports Writer
TYLER, Oct. 11. — Beloved Amos Alonzo Stagg got a bitter taste of Southwest football today as his fighting College Of The Pacific Tigers fell before powerful Southern Methodist 34-0 in the seventh annual Rose Festival game.

The Methodists, hot contenders for Southwest conference honors, overpowered the coast aggregation with a versatile aerial and ground game, but Stagg's squad gained the admiration of 12,500 fans by its fight and pluck.

It was the first invasion of Texas by the 79-year-old Stagg, Old Man Football himself by virtue of his 51 years in coaching—five decades in which he has advanced the game immeasurably by his intelligence and character.

The Mustangs scored within three minutes after the first kickoff. Preston Johnston, the Methodists' great fullback, broke off tackle and raced from Pacific's 40 to their 5. He then circled right end for the score. Tackle Joe Pasqua converted.

Early in the second period Howard Maley, the Ponies' red match stands, nor how the scoring is progressing, but the conversation is fine...

READY FOR TRIAL

GALVESTON, Oct. 11. — A Galveston County Attorney C. H. Theobald announced today that the state was ready for the third murder trial of Leo Lera, former bartender, at Richmond on Nov. 5 despite the absence of a principal witness. Lera twice was sentenced to death in the slaying on Christmas eve, 1938, of Harry Phillips, but won reversals and new trials. The absent witness was John Miranda, friend of Phillips, who is serving with the RAF in England.

hot redhead, faded back to his 43 and shot a long pass to End Kelly Simpson who caught it on the Tiger 7 and ran over, Johnston converted.

Five minutes later the Mustang reserves had made another counter. After two punt exchanges Abel Gonzales and Dick Miller advanced the ball of Pacific's 14. Miller passed to Simpson for a touchdown. Pasqua's attempted kick was wide.

Shortly after the second half started the brilliant Johnston took command personally for the Mustangs' fourth touchdown. Beginning on Pacific's 40, he skirted right end to the 26, plowed through center to the 14, swed around right end to the 7, then hit center for a touchdown. Booth converted.

Lendon Davis, a Methodist substitute half back who showed to advantage in the Fordham game last week, made the last Pony score late in the third period on a dash around right end.

Michigan State Wins From Marquette, 13-7

EAST LANSING, Mich., Oct. 11. (AP)—Marquette university's Hilltoppers, conquerers last week of Wisconsin, were tripped 13-7 by an inspired Michigan State college team today before a home inaugural throng of 14,600.

Two pint-sized Spartan ball carriers, Fullback Bob Sherman and Halfback Dick Kieppe, touched off the fireworks that gave State its first win of the season and marked the first loss for new Coach Tom Sidham's Marquette eleven.

Kieppe, who outshone Marquette's heralded Jimmy Richardson, counted the winning touchdown on a brilliant 53-yard punt return—midway in the fourth period.

Railway Executive Says Railroad Brotherhoods Push Hampering Legislation

Productivity is Said Retarded
CHICAGO, Oct. 11. (AP)—Fred C. Gurley, vice president of the Santa Fe railway, testified today before President Roosevelt's fact-finding board that the policies of the 19 railroad brotherhoods have been directed toward retarding greater productivity through sponsorship of hampering legislation.

Testifying on behalf of the carriers which are opposing demands for more productivity, Gurley, who is chairman of the executive committee of the carrier's conference committees, told the board: "We seem to be confronted with an odd situation, namely—because of the fact that despite handicaps we have shown an increase in productivity—that accomplishment is being used as an argument to increase our costs."

"The facts are that there is a better railroad plant and the increased productivity is really due to plant productivity. Because of mounting wage rates, increased taxes and other expenses, our very survival has been due to increased efficiency. The experience and observation of railroad managers over the years has been that the policies of the labor organizations have been directed to a reduction in productivity."

Gurley introduced an exhibit designed to show that many bills introduced in state legislatures in the last 20 years were sponsored or supported by the railroad unions.

DALLAS, Oct. 11. (AP)—Harper Sibley of New York, national president of United Service organizations, received a check for \$643,000 contribution to the USO yesterday and then disclosed plans to locate 24 USO projects in the state at a total cost of \$1,439,048.

E. B. Germany, regional USO chairman, announced a check at a luncheon attended by USO workers from 13 states.

Twenty-four USO buildings will be built near army camps and naval stations in Texas, Sibley said, and of these ten have been approved by the president and construction ordered on four. The remaining projects have been recommended by the USO and the Federal Security Administration.

The project ordered include two at Galveston at \$75,000 each, one at Brownwood for \$69,540, and one at Orange for \$75,000.

Projects with presidential approval include Corpus Christi, \$80,000; Mineral Wells, \$77,000; Palacios, \$83,098; Wichita Falls, \$75,000, and El Paso, \$38,550.

He said these projects are expected to receive presidential approval shortly. Abilene, \$97,000; Bay City, \$80,000; Brownwood, \$42,700; El Campo, \$19,800; Marga, \$45,000; Fort Lavaca, \$28,000; San Antonio, \$95,000; South San Antonio, \$10,000; Texarkana, \$60,000; Victoria, \$10,000; Wharton, \$10,000; and Wichita Falls, \$75,000 and another for \$45,000.

Louise Lewis Named Hodge Podge Queen
Louise Lewis, student from Fort Worth, was crowned queen of the annual sophomore hodge podge Friday night in the Texas Technological college gymnasium.

She had been elected at a sophomore class meeting Thursday, but her identity had been kept secret until the dance.

The gymnasium was decorated with a haystack, balloons, wagon wheels and corn shocks. The queen descended from a haystack, was pulled around the gymnasium in a toy wagon filled with hay and then was crowned with a daisy chain by James Stokes, president.

Approximately 200 freshmen were guests of sophomores at the dance.

Jack Worley's orchestra played.

Increase in Prices
WASHINGTON, Oct. 11. (AP)—Price Administrator Leon Henderson announced today he had notified tire manufacturers that they could increase consumer list prices on tires and tubes by as much as 9 per cent over June 16 levels without objection from him.

Manufacturers will be required to clear their new list price schedule with the Office of Price Administration before issuance to the public and will not become effective until about October 20.

OPA officials said the increase would be acceptable because of higher costs of rubber, cotton and other materials as well as the cost of direct labor involved in production.

Parents, Mr. and Mrs. B. A. Maddox, 1320 Avenue K.

Mrs. and Mrs. O. B. McElroy of Wichita Falls are parents of a daughter born at 2 o'clock Saturday morning, relatives and friends were informed by telegram. Mrs. McElroy is the former Miss Henrietta Bowlin, daughter of Mr. and Mrs. H. C. Bowlin of 1608 Avenue O.

Mrs. Marvin Collier of 2111 Broadway was reported slightly improved in West Texas hospital Saturday night. She is suffering from pneumonia.

CHICAGO, Oct. 11. (AP)—Butter, steady; 92 score 25, others unchanged, eggs receipts 3,429, fresh, graded extra yellow, 100 lbs. 15.75, packed, 100 lbs. 15.75, others unchanged.

Cotton Prices In Sharp Dip

NEW YORK, Oct. 11. (AP)—Cotton futures dropped more than \$2 a bale this week following publication of a bearishly construed crop report.

At Friday's close prices were 35 to 47 points net lower than last Saturday—off \$1.80 to \$2.35 per bale.

Sharp Dip Seen
The market dipped sharply Wednesday when the government census bureau estimated the cotton crop at 11,000,000 bales.

Announcement Awaited
Movement into sight in the latest week amounted to \$12,000 bales against 589,000 a year ago, bringing the season's total to 2,571,000 bales against 2,627,000 last season.

Tri-City Airport At Arlington Discussed

WASHINGTON, Oct. 11. (AP)—Plans for a tri-city airport at Arlington, Texas, which also would serve Dallas and Fort Worth, are being discussed by a committee of the American Association of College Professors held a hearing in Lubbock at the request of Dr. W. H. Abbott, whose contract as professor of physics was not renewed for the present session at Texas Technological college.

The committee remained here Saturday night at the Hilton hotel, W. P. Pieterop and R. G. Gustafson of the University of Colorado are members.

A report from the committee will be presented to the association. Results of such investigations ordinarily are published in the Bulletin of the organization.

Normal children require more calories of food for each pound of body weight than normal adults.

Productivity is Said Retarded

CHICAGO, Oct. 11. (AP)—Fred C. Gurley, vice president of the Santa Fe railway, testified today before President Roosevelt's fact-finding board that the policies of the 19 railroad brotherhoods have been directed toward retarding greater productivity through sponsorship of hampering legislation.

Face Odd Situation

"We seem to be confronted with an odd situation, namely—because of the fact that despite handicaps we have shown an increase in productivity—that accomplishment is being used as an argument to increase our costs."

"The facts are that there is a better railroad plant and the increased productivity is really due to plant productivity. Because of mounting wage rates, increased taxes and other expenses, our very survival has been due to increased efficiency. The experience and observation of railroad managers over the years has been that the policies of the labor organizations have been directed to a reduction in productivity."

Gurley introduced an exhibit designed to show that many bills introduced in state legislatures in the last 20 years were sponsored or supported by the railroad unions.

Texas USO Fund Is Delivered

DALLAS, Oct. 11. (AP)—Harper Sibley of New York, national president of United Service organizations, received a check for \$643,000 contribution to the USO yesterday and then disclosed plans to locate 24 USO projects in the state at a total cost of \$1,439,048.

E. B. Germany, regional USO chairman, announced a check at a luncheon attended by USO workers from 13 states.

Twenty-four USO buildings will be built near army camps and naval stations in Texas, Sibley said, and of these ten have been approved by the president and construction ordered on four. The remaining projects have been recommended by the USO and the Federal Security Administration.

The project ordered include two at Galveston at \$75,000 each, one at Brownwood for \$69,540, and one at Orange for \$75,000.

Projects with presidential approval include Corpus Christi, \$80,000; Mineral Wells, \$77,000; Palacios, \$83,098; Wichita Falls, \$75,000, and El Paso, \$38,550.

He said these projects are expected to receive presidential approval shortly. Abilene, \$97,000; Bay City, \$80,000; Brownwood, \$42,700; El Campo, \$19,800; Marga, \$45,000; Fort Lavaca, \$28,000; San Antonio, \$95,000; South San Antonio, \$10,000; Texarkana, \$60,000; Victoria, \$10,000; Wharton, \$10,000; and Wichita Falls, \$75,000 and another for \$45,000.

California Dies In Washington Hospital

WASHINGTON, Oct. 11. (AP)—Rep. Lee E. Geyer, (D-Calif.) died at Walter Reed hospital today of bronchial pneumonia.

Hospital officials and Geyer's office said that death came shortly after noon.

Geyer, 53, had been ill for some time and early today friends said that he could not live long.

Geyer, whose home was at Gardena, Calif., was born at Wetmore, Kans., September 8, 1883, and before entering politics had been a high school teacher.

From 1934 to 1936 he was a member of the California State assembly. He was first elected to Congress in 1939 and was serving his second term, representing Los Angeles.

Geyer married Willie L. Cordts of Overbrook, Kans., in 1920 and had two sons, Robert Lee and John J. Geyer.

Fugitive From State Prison Is Arrested

LOS ANGELES, Oct. 11. (AP)—A fugitive from a Texas state farm for 15 years, Harvey Victor Seivens, 41, a steel worker, was held today by Texas authorities.

Seivens told police he was wrongfully convicted of stealing a car and sent to Blakely state farm in May, 1926. He was given a furlough the next year and never returned, he said.

Police records said he escaped. He was identified by fingerprints taken when he went to work for a shipbuilding company.

Leete Jackson Quits Class Presidency

Resignation of Leete Jackson, Texas Technological college freshman student, as president of the freshman class was announced Saturday night.

Young Jackson, son of Mr. and Mrs. Leete Jackson of 1608 1/2 Broadway, tendered his resignation at a meeting of the student council last week.

He is a second-semester freshman, having entered school last year.

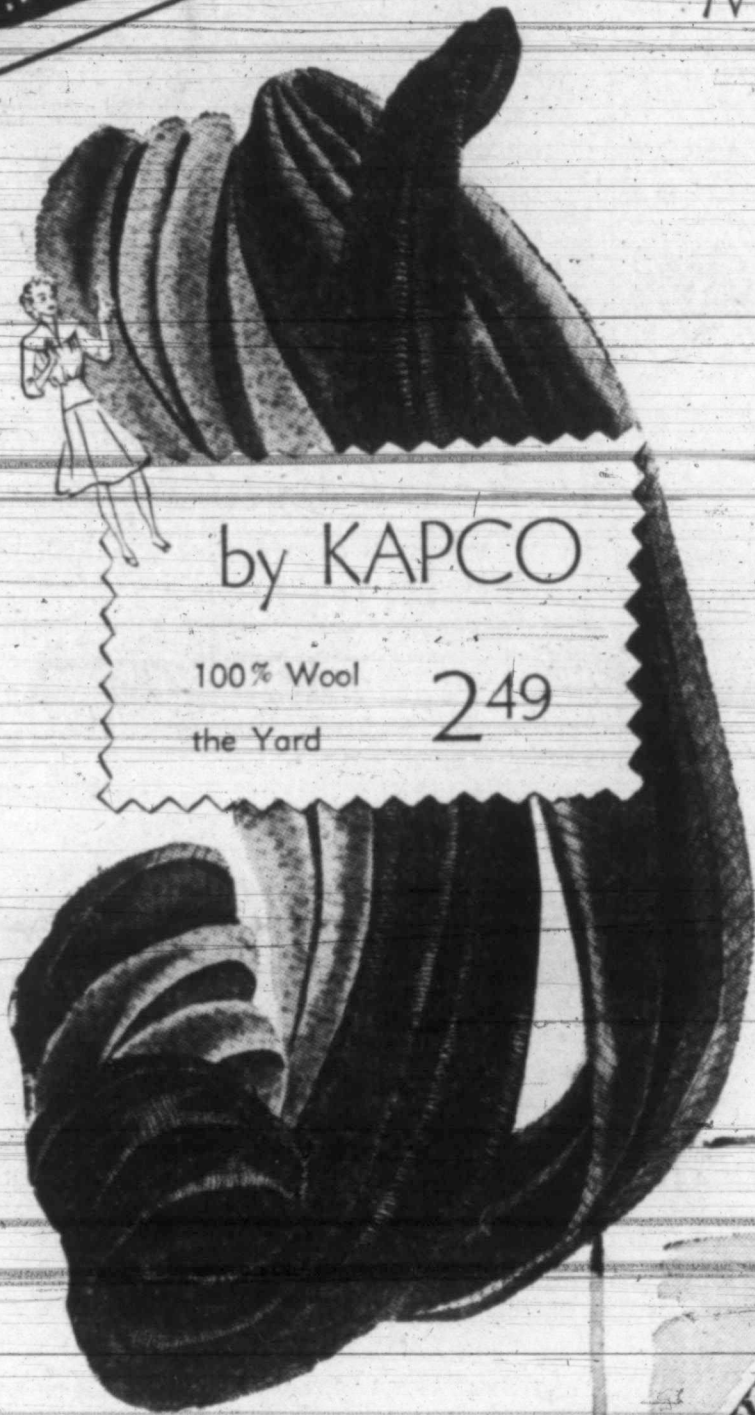

Of 21 feature films released in Sweden in a recent month 15 were American, four German, one British and one French.

FIRST In Lubbock—FIRST On The South Plains

South Plains Brides-To-Be Are In Spotlight Of Early Fall Society

Plans Listed By Sorority For Season

FIRST fall social activity and program meeting for the Delta Kappa Gamma sorority, Alpha Sigma chapter, will be in the form of a luncheon next Saturday at 1 o'clock at the Mexican Inn.

Panhandle regional convention will be held November 1 at the Hilton hotel. Registration for teachers of the Panhandle will begin at 2 o'clock and the initiation dinner will be given at 7 o'clock that night.

To Give Travelogue A travelogue of Alaska will be presented by Mrs. Roscoe Wilson on January 10 at the initiation dinner at the Hilton hotel at 7:30 o'clock.

Election To Be Held An election of officers will be held on April 4 at a luncheon meeting of the teachers' sorority at the Mexican Inn.

Special dates for the sorority are as follows: The Panhandle regional convention of the sorority will meet in Lubbock on November 1, convening at 2 o'clock.

Junior Study Club To Meet In Parker Home Mrs. W. A. Morgan will direct a program at the meeting of the Junior Sorosis club Tuesday afternoon in the home of Mrs. F. H. Parker.

Miss Maurine Rains Is Bride Of R. L. Pendleton Saturday MISS MAURINE RAINS, daughter of Mr. and Mrs. R. A. Rains of Dallas and Lubbock, became the bride of Robert L. Pendleton of Lubbock, son of Mr. and Mrs. Royal Pendleton of Stratford, Saturday afternoon at 2 o'clock at a service read in the home of the officiating minister, Rev. H. G. Gantz.

The bride wore a dress of navy blue crepe with navy blue accessories and a corsage of orchids. Miss Gertrude Crouch of Dallas, maid of honor, wore a black velvet dress with black and white accessories and a corsage of gardenias.

Lois Henson Is Married

The marriage of Miss Lois Henson and Earl Langley took place Friday in a candlelight service read at the home of Mr. and Mrs. Leo Waite, 2618 Twenty-fourth street.

The bride wore a black alpaca, fur-trimmed suit with black accessories. She wore a corsage of Talisman roses.

The bride who has been secretary of the First Baptist church for the last five years is to continue her duties. She is a graduate of Texas Technological college.

Fellowship Club Is Entertained Friday

Mrs. C. R. Hurdence and T. E. Crites entertained for members of the Fellowship club in the home of Mrs. Lora Tucker, 1506 Avenue B, Friday afternoon.

Community House Plan Is Talked

Mrs. O. H. Scott was hostess to the Sunshine Home Demonstration club Friday afternoon.

Auxiliary Meet Is Tuesday

The N. A. L. C. will meet Tuesday night at 7:30 o'clock. Mrs. E. L. Thaxton, 1917 Eighth street, will be hostess.

Cathedral Is Setting For Wedding

A WEDDING read at 8:30 o'clock Saturday evening at the Saint Matthews Cathedral in Dallas united in marriage Miss Louise Longcope Hopkins, daughter of Mrs. Edwin Butcher Hopkins of Dallas, and the late Mr. Hopkins, and Harris Faulkner Underwood, son of Mr. and Mrs. Arch S. Underwood of 3107 Nineteenth street.

The aisle down which the bride and her attendants came was marked with single candles and white flowers connected with garlands of plumosa and each window held a seven-branched candelabra.

Wears Period Frock

The bride was given in marriage by Roy Munger of Dallas. She wore a period gown of imported French silk brocade in a delicate feather design.

The bride's sisters, Mrs. Jack R. Munger and Miss Madeline Longcope Hopkins, were matron and maid of honor.

Father Is Best Man

Arch S. Underwood attended his son as best man. Ushers were Fred Underwood, Edwin B. Hopkins, Jr., Robert Manning, Joe Burkett, Wayne Phather, Tom Ferguson, Richard Phelan, Fred Tucker, Jr. of Houston, Ike LaRue, Jr. of Jackson, Miss., and Tom Matthews of Corpus Christi.

A reception was held in the garden at the home of the bride's mother immediately after the ceremony. The house and garden were decorated with arrangements of assorted flowers and the bride's table was an array of white flowers in a silver bowl.

The bride is a graduate of the Miss Hockaday school, Pine Manor Junior college in Wellesley, Mass., and the University of Texas. She is a member of Omicron and Nu Kappa Tau at the university.

Mrs. Underwood attended New Mexico Military Institute at Roswell, Southern Methodist university and the University of Texas. Out-of-town guests included Mr. and Mrs. Arch S. Underwood, and the bridegroom's sister, Dorothy, who is a student at Stephens college.

September Wedding Is Announced In City

Miss Lola Jean Smith, daughter of Mrs. Stella Smith of 2421 Seventh street and William Harold Hams, jr., son of Mrs. Jett Cowden of Austin, were united in marriage in a ceremony read September 26 at the First Christian church in Mission.

The bride is a former resident of Lubbock and was graduated from Texas Technological college last June with a major in home economics.

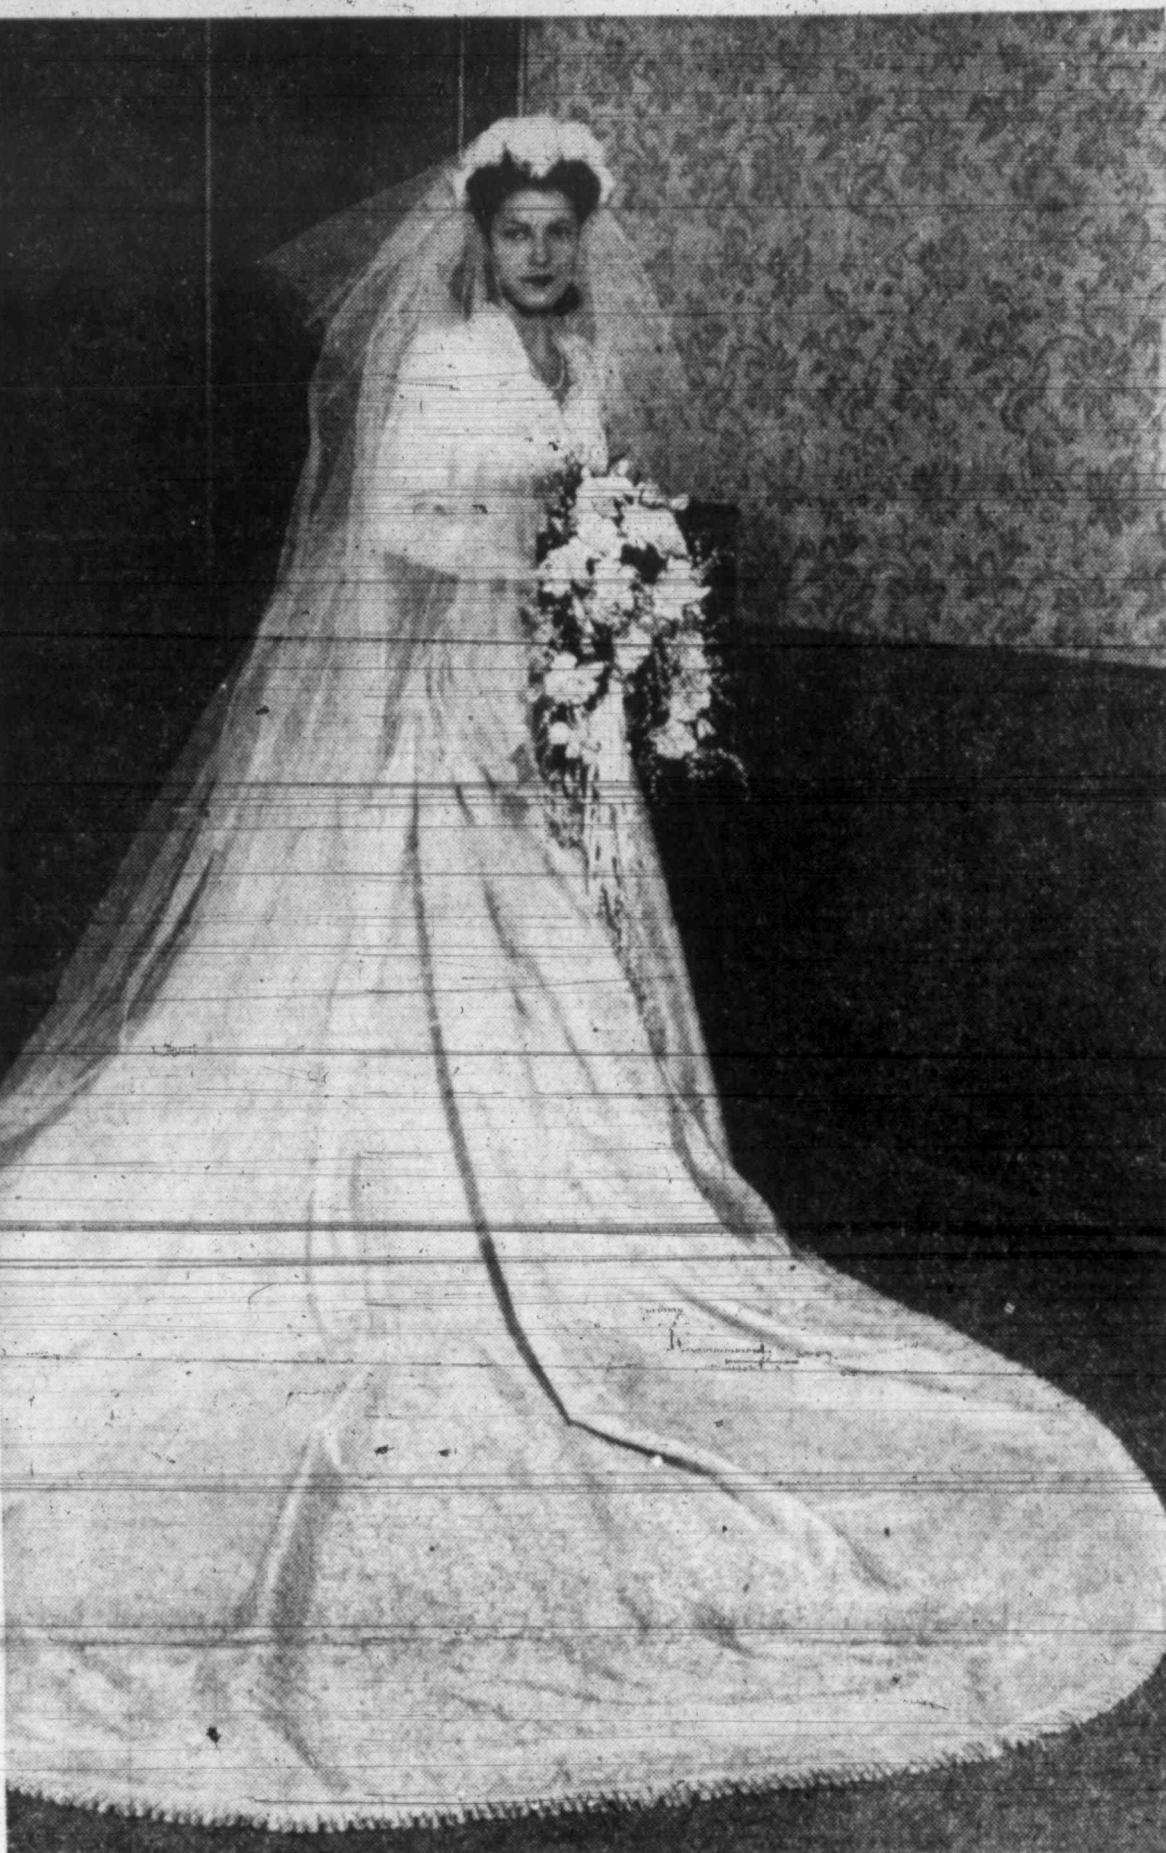

Mrs. Hams is also a graduate of Tech college, having received her diploma in June, 1937, with a major in journalism. She is employed as associate South Texas Editor on the Corpus Christi Caller-Times newspaper. He was formerly employed on the Floyd County Esperian in Floydada.

Dr. Irvin Will Speak At Senior High Club

"Teaching Democracy in the Public Schools" will be subject of an address by Dr. W. B. Irvin, superintendent of Lubbock public schools, at the Senior High Mothers club meeting, Wednesday afternoon in the high school auditorium.

Mrs. R. E. L. Pattillo will give the devotion. The Treble Clef chorus will present several numbers. Patronesses of Dupre school are to be guests.

OES TO MEET TUESDAY The Past Matrons of the Order of the Eastern Star will meet Tuesday night at 7:30 o'clock with Mrs. Rafe Nabors, 2428 Twenty-first street. Mrs. C. C. Chambers is to be co-hostess. An initiation service will be conducted.

SATURDAY BRIDE—Mrs. Harris Faulkner Underwood, formerly Miss Louise Longcope Hopkins, is the daughter of Mrs. Edwin Butcher Hopkins of Dallas. The wedding last night at Saint Matthews Cathedral in Dallas was a brilliant event.

Beta Sigma Phi Sorority Plans Unusual Party Season And Programs On Self-Improvement; Three Meetings Planned For The Week

MEMBERS of the Alpha Delta chapter of Beta Sigma Phi sorority will have brunch this morning at 9 o'clock at the home of Mrs. Bill Davis, 2221 Twenty-fifth street.

Miss Lula Mae Cravens is director of the organization; Mrs. Dayle Vannoy is president; Mrs. Lloyd Zellner is vice president; Miss Ruby Lee Leary, recording secretary; Miss Juanita Cook, corresponding secretary and Miss Julia Lair, treasurer.

"Vita, Scientia, Amicitia" is the motto of the sorority. At the regular meeting of the (Turn to Page 4, Column 7, Please)

Club Is Host At Reception

Honoring club pledges, alumnae, patronesses, faculty members of Texas Technological college and members of social clubs, the DFD club of Tech college entertained with a reception Friday night from 7 to 9 o'clock at the F. R. Friend residence, 2005 Broadway.

About 300 guests called. In the receiving line were Miss Marie Barnard, club president; Miss Dorothy Burton, vice president; Miss Betty Shryock, secretary; Miss Glennis Walls, inter-club council representative, and Miss Annah Jo Pendleton, club sponsor.

At Reception

The refreshment table was centered with a bouquet of roses in a crystal bowl flanked with crystal chandeliers holding blue candles.

Pledges Attending

Pledges attending were Misses Billie Lott, Jo Ella Baumgart, Virginia Sutton, Billy Diltz, Dorothy Miskimmins, Harriet Price, Mary Frances Bedsoe, Elizabeth Below, Connie Mahone, Bernice Keeton, Marian Manning, Rosalyn Watson, Margie Leftwich, Betty Jo Rice, Louise Burrus, Barbara Hale, Patty Thornton, Dorothy Jean Montgomery, Maxine Carroll, Mona George Hamil, Jacquelyn Wilkerson and Edna Earl Lineberry.

Former pledges attending were Misses Dorothy McCarter, Penny Gyer, Betty Bob Redwine, Janell Shanafelt and Jane Rogers.

Members present were Misses Billie Jo Dodsion, Willouise Humphries, Marjory Ridley, Wells Burton, Martha Herring, Bee Reagan, Wanda Beth Williams, Shirley Frances Collier, Emily Stalcup, Billie Blackburn, Betty Jo Wagner, Marian Coffman, Jeanette Bynum, Margha Price, Catherine Dillard, Annie Lee Come, Dorris Jo Vallance, Sarah Beth Kimmel, Marie Barnard and Mrs. Jimmy Wilson.

Mrs. Charles G. Allmon of Lubbock, matron of honor, will wear a fur-trimmed costume suit of soldier-blue with black accessories. Her corsage is to be pink gladioli.

Delton Richardson of Lubbock will serve as best man. Coffee and wedding cake will be served to close friends and relatives at a reception (Turn to Page 3, Column 8, Please)

Carter P-TA Plans Year

Miss Johnnie Bowles of the home economics department at Texas Technological college, will be the first speaker of the K. Carter Parent-Teacher study course. The group will meet Thursday in the library at K. Carter school.

Courses will be held each Thursday morning from 9 to 10:30 o'clock in the library. All mothers are invited to attend. P-T Association Program plans have been outlined by the Parent-Teacher association (Turn to Page 3, Column 4, Please)

Ensey-Powell Wedding To Take Place In Spur Home Today

MISS ELISABETH POWELL, sister of Archer L. Powell of Spur, and Mynard Ensey of Lubbock, son of Mr. and Mrs. T. C. Ensey of Spur, will be united in marriage at 9 o'clock this morning in a ceremony at the home of the bridegroom. A double ring service will be read.

The bride will wear a brown costume suit trimmed with red fox fur and sherry brown accessories. Her corsage will be rosebuds.

Mrs. Charles G. Allmon of Lubbock, matron of honor, will wear a fur-trimmed costume suit of soldier-blue with black accessories. Her corsage is to be pink gladioli.

Delton Richardson of Lubbock will serve as best man. Coffee and wedding cake will be served to close friends and relatives at a reception (Turn to Page 3, Column 8, Please)

Q. Sawyer Is To Be Bride On Nov. 8

FALL society is centering around news of brides and brides-elect.

To announce the engagement of her daughter, Miss Queenelle Sawyer, to Ernest A. Sawyer, Mt. Pleasant, Mrs. A. A. Sawyer entertained with a tea Saturday afternoon between 2 and 6 o'clock at her country home west of Brownfield. Three hundred guests from Lubbock, Brownfield, Plainview and Levelland called.

Mr. Flache is a son of Mr. and Mrs. Amy Flache of Brownfield. The wedding is to take place November 8 at the Brownfield First Baptist church.

Receiving guests were the hostess, the bride-elect, Mrs. Queenelle King, Mrs. M. V. Brownfield, of Lubbock, Mrs. Joe McGowan, Mrs. W. R. McDuffie, Mrs. Jack Stricklin, Mrs. A. R. Brownfield, Mrs. W. A. Bell, Mrs. Roy Wingerd and Mrs. W. B. Toomey. They wore corsages of white chrysanthemums.

In Novel Decoration Mr. Flache is with the Soil Conservation service and the centerpiece of the lace covered refreshment table carried out that idea. A terraced hill covered with white and yellow chrysanthemums and marigolds was arranged on a plaque and standing at the top were a miniature bride and bridegroom. On one side of the hill were lettered the names of the betrothed couple and their wedding date. Flags in candelabra lighted the scene.

Flowers were banked in profusion throughout the entertaining rooms.

Mrs. M. B. Sawyer, grandmother of the bride-elect, registered guests. Presiding at the sterling silver tea service at intervals during the afternoon were Mesdames R. B. Parrish, Cy Tankersley, Tom May, John Givens, Clyde Lewis, E. A. Graham and Clarence Lewis.

Assisting in serving were Miss Gerrie Youngblood of Blackwell, Mrs. Sam Teague of Seagraves, Mrs. Bruce Zorn, Miss Ruby Nell Smith of Tahoka and Brownfield, Miss Ethelbe May and Miss Janice Thompson of Plainview.

Party Series Honors Miss Betty McKee

Miss Betty McKee, bride-elect of Richard Hall Robbins of Santa Barbara, Calif., is being complimented with a series of parties in Slaton and Lubbock. She is leaving Wednesday for San Francisco, accompanied by her parents, Mr. and Mrs. H. R. McKee. Her marriage will take place there.

Saturday afternoon a trossou tea was given at the McKee home in Slaton. Guests called between 4 and 6 o'clock. A profusion of garden flowers were the room's decorations. Saturday, Misses Anita Seay and Mary Anna Wood and Mrs. Gomer Custer of Slaton entertained at lunch at the Hilton hotel for Miss McKee. Yellow pom-pom chrysanthemums centered the table.

Guests were the honoree, her parents, Mrs. R. F. McKee and Mrs. Deane Hutton.

Mrs. Hutton and her mother, Mrs. L. C. Doyle, gave a luncheon for the bride-elect Thursday. Slaton parties included a bridge-luncheon given Wednesday by Mesdames N. R. Carter, Roy C. Matthews and Allan Ferrell; a coffee given Tuesday by Mrs. William M. Cates and a coffee and miscellaneous shower given Monday at the home of Mrs. R. G. Lovelace. Assistant hostesses were Mesdames L. A. Harral and Carl Meriwether.

Thursday Dance To Be Given For Assembly

Assembly club members are asked to wear unique head dresses when they attend a semi-formal dance at the Cotton club Thursday night at 9 o'clock. C. Rodgers and his orchestra will furnish music.

Hosts are Dr. and Mrs. Arthur Jenkins, chairman, S. C. Arnett, Messrs. and Mesdames Charles Bacon, George Benson, W. D. Benson, Jr., D. E. Romberg, Wylie Briscoe, S. E. Cone, Earl Collins, John Crisler, R. M. Curry and Dr. and Mrs. Clyde C. Craig.

Les Huit Amies Club Guest Of Mrs. Camp

Mrs. Clifton Camp scored high at a party for the Les Huit Amies club Friday afternoon, with Mrs. A. L. Keenum, 2215 Thirtieth street. Mrs. Bennie Meador scored second high. Others attending were Mesdames Hill Wright, Lofton Burnett, Belverd Needles and C. B. Lawrence. Mrs. Aldon Rogers was a guest.

The next meeting of the club will be held October 23 with Mrs. Meador.

Alaskan Flowers Will Be Described At Club

Mrs. Roscoe Wilson will describe flowers of Alaska before a meeting of the Lubbock Garden club Friday afternoon at 3 o'clock at Hotel Lubbock.

Mesdames Walker And Perkins To Address Club Institutes

Sessions To Be In Pampa, Levelland

Mrs. J. W. Walker of Plainview, president of the Texas Federation of Women's clubs, and Mrs. Joseph M. Perkins of Eastland, director to the General Federation of Women's clubs, will be featured speakers at seventh district institutes to be held Thursday in Pampa and Friday in Levelland. Mrs. Walker will discuss the state federation and convention plans and Mrs. Perkins will talk on the general federation and national defense.

Mrs. H. F. Godeke, district president, points out that the hostess cities were located on the borders of the district in order to permit club representatives to attend an institute without having to travel too far. They may attend either they choose or both institutes, she said.

Luncheon-reservations for the Pampa meeting are to be made with Mrs. S. C. Evans, 1001 east Browning street, on or before Wednesday. They are 60 cents each. Levelland Federation is serving a luncheon to delegates and visitors to the Friday institute and hostesses are asking that reservations be made with Mrs. Randell Alexander on or before Thursday.

The programs for the two institutes are virtually the same with registration opening at 9 a. m. and the sessions getting underway at 9:30 o'clock. Mrs. Peter Smith of Plainview, institute chairman, will conduct a discussion of club problems; Mrs. Godeke will direct a parliamentary procedure; Mrs.

MRS. J. W. WALKER

MRS. JOSEPH M. PERKINS

Bobby Nell Elliott To Be Bride Today

In a ceremony to be read this morning at 9 o'clock, Miss Bobby Nell Elliott, daughter of Mr. and Mrs. S. H. Elliott of 1909 Avenue J, will become the bride of James H. Fisher, son of Mr. and Mrs. E. Fisher of 1826 Twenty-sixth street.

Rev. Jeff D. Welch, pastor of the Central Baptist church, will officiate. Miss Fayma Low will sing "I Love You Truly" (Grieg), accompanied by Mrs. Welch at the piano.

The bride, who will be given in marriage by her father, will wear a light blue wool crepe costume with white accessories and a corsage of white gardenias. For "something old" she will carry a handkerchief given her by Mrs. A. J. Allen.

Sister is Attendant
 Mrs. Elliott will wear a navy crepe dress with a corsage of white carnations. Miss Elliott's sister, Mrs. Pete Hubbard, will be matron of honor. Horace Fisher will serve his brother as best man. Mrs. Fisher will wear a soldier's blue crepe dress with a corsage of pink carnations.

Only close friends and relatives will attend the wedding. The couple will leave on a honeymoon to points in New Mexico. Out-of-town guests will be the bridegroom's grandfather, H. H. Stags of Brownwood, Mr. and Mrs. Harry Elliott, Jr. of Brownwood, Mr. Jerry M. Boone and son, Jerry, of Longview and Mr. and Mrs. E. E. Smith of Big Spring.

The couple will be at home at 1404 Avenue K.

Tommy Davis Honored At Birthday Party

Mrs. Max T. Davis honored her son, Tommy, with a party on his birthday Friday afternoon at their home, 2220 Twenty-eighth street. A Halloween theme was carried out in decorations and refreshments.

Guests were Sonny Ellison, John Marshall Clark, Julia Beth Read, Jean Yaggy, Bobby Jack Hill, Don Taylor, Dan Taylor, Martie Earl Smith, Jerry Mack Robertson, Darwyn Pogue, Joe Crittenden, Joe Melihoney, Dick Melihoney, Dick Williams, Wallie Jackson, Leah Dale Fortwood, Suzanne Davis and Mesdames James M. Halsey and Elmer Reed.

Gifts were sent by Jean Shelly Smith, Charlene Smith and Mesdames Sam T. Davis, Jr. and the honoree's grandmother, Mrs. Sam T. Davis of Dallas.

First Review Will Be Tuesday Night

Mrs. Emmett Galloway will review "Motions" at the "School Bible" Tuesday night at 8 o'clock in First Presbyterian Fellowship hall, first in a series of lectures to be sponsored by the woman's auxiliary.

Admission for students will be 25 cents and for adults will be 35 cents plus tax. Season tickets are available at one dollar plus tax.

Lloyd Croston, Ernest Wallace and James G. Allen are to be other reviewers on this season's course.

Consumers Study Unit Will Meet Monday

The first meeting of the Consumers study unit of the American Association of University Women will be held Monday evening in room 102 of the home economics building at Texas Technological college at 7:30 o'clock. Regular meetings will be held the second Mondays of each month.

Miss Mabel Erwin is director of the group. Officers were elected at the reorganization meeting held in the home of Mrs. J. William Davis recently. They were: Chairman, Mrs. O. B. Howell; program chairman, Mrs. Haskell Taylor and publicity chairman, Mrs. T. L. Leach.

Wedding parties in Paris now use bicycles.

Mrs. Rex Tynes Speaks At Homecraft Meeting

Mrs. Rex Tynes discussed "Why Federate?" at the Homecraft club meeting Friday afternoon with Mrs. E. H. Armstrong, 1721 Twenty-fourth street. Mrs. Frank Blake was co-hostess.

Program chairman was Mrs. Perry Brown.

Dahlia and pyraemia were used for decorations. Corsages were given as plate favors.

Members present were Mesdames E. A. Brinker, E. I. Brown, Perry Brown, J. D. Hinson, G. H. Knight, Jimmy Knight, J. E. Maise, J. C. McCasland and Clay Ross.

The next meeting will be on November 14. A safety program will be presented with J. W. Hill, safety engineer for the Lubbock district and a former Texas Technological college student, as guest speaker.

Luncheon Given For Homemakers Class

Twenty-four members attended the Homemakers class luncheon Friday at noon in the activities center of the First Baptist church. Plans were made for a book review by Mrs. A. E. Dietering and plans were discussed for a Mexican supper at the home of Mrs. Bob Gee, 2624 Twenty-fourth street.

The program Friday was opened with a devotion by Mrs. R. L. Sawyer. Mrs. Bill Davis dismissed the group in prayer.

Poll-Parrot All-Leather Shoes STAND MORE SCRIMMAGE

It takes all-leather shoes to stand hard play and to protect the foot health of growing children. Don't penalize your child. Insist on Poll-Parrot shoes... they never contain substitute paper or fiberboard for leather in hidden counters, insoles, or heel bases.

Firm leather counters with stand wear and weather.
 Leather insoles are firm, comfortable and safe, they follow their shape for resoling.
 Leather makes the most substantial heel base.

Lubbock School Of Air To Be Heard

The Lubbock School of the Air will present the first of the 1941-42 series of programs over KFYO Monday afternoon at 1:15 o'clock, according to Mrs. D. Jarrett, chairman.

Mother Goose rhymes will be broadcast Monday afternoon, which is the regular Story Hour. Monday afternoon, October 13, "Lazy Jack," the third story listed in the manual, will be given. The regular Library Window hour will be heard at 1:15 Tuesday afternoon of this week. Art on the Air, Wednesday afternoon.

Hereafter the programs will be heard according to schedule given in the Lubbock School of the Air manual, which is available from Mrs. Jarrett, Dupre school, Lubbock. The programs were postponed last week because of the World series baseball games.

Troop Three Meeting Is To Be Monday

A called meeting of troop three of the Girl Scouts will be held Monday afternoon at 2:30 o'clock at the school. The troop met Friday afternoon and worked on a stunt to be presented at the Girl Scout jamboree October 17.

Members present were Mary Beth Abbott, Nancy Juan Boswell, Betty Lou Boyd, Mary Kathryn Burks, La Nell Campbell, Phyllis Jo Clark, Fern Duncan, Kara Sam Dunn, Patricia Farmer, Sybil May Lea, Dorrine Van Aken, Billie Ruth Yant, Patricia June Lindsey, Gloria Mathis, Billie Jean Morris, Cleo Moore, Blanche Yvonne Reed, Mary Kathryn Roberts, Joan Simmons, Barbara Ann Stewart and Christine Toles.

Scout Troop One To Have Called Meeting

Twenty-three Girl Scouts of troop one attended a meeting Friday afternoon at 3 o'clock in the Roscoe Wilson school. Twelve of these girls assisted with the nursery on the grounds of the Panhandle-South Plains fair Saturday.

The troop will have a called meeting Monday to plan for the Girl Scout party October 17. Mrs. Glenn Ridge is troop leader and Miss Mary Clare Barnett is assistant leader.

Mexico City now has 50 public libraries and may open more.

MR. AND MRS. B. H. HOWARD Married Sixty Years

Howards Will Celebrate Their Sixtieth Wedding Anniversary At Monday Dinner

Mr. and Mrs. B. H. Howard of 1414 Avenue M will observe their sixtieth wedding anniversary Monday when their daughter, Mrs. Howard Crausbay, of near Crosbyton, is dinner hostess at her home.

The couple reared a family of 13 children to maturity and the only death in the family was a two-year-old grandchild. They have 14 grandchildren and 11 great-grandchildren.

Guests at the dinner will be the sons and daughters and their families who are: Mrs. J. N. Payne, Rallis; Dr. J. P. Howard, Merkel; Mrs. A. G. Reeves, Lubbock; Mrs. Crausbay, Ard B. Howard, Floydada; Mrs. John Reagan, Floydada; Amos H. Howard, Lubbock postmaster; Mrs. Harley Henderson, Tahoka; Ursis Howard, Floydada; Mrs. Frank Rill, Tahoka; Roy Howard, Crosbyton; Grady Howard, Rallis and Vanroe Howard, Lubbock.

The couple has been on the plains for about 33 years, and has lived in Lubbock the past four years. Mr. Howard was a Crosby farmer and served that county as judge. They were married in Tennessee. As a youth Mr. Howard was a close friend of Cordell

Ensey-Powell

The couple will be at home in Lubbock where Mr. Ensey is employed at the First National bank. He is a graduate of Spur and a former student at A. and M. college. The bride is a graduate of the Spur high school and attended Texas Technological college.

Mr. and Mrs. Leon Clinton have returned to their home in Los Angeles, Calif., after visiting with their parents, Rev. and Mrs. J. R. Clinton of 1918 Avenue B, and Mr. and Mrs. Will McCleary, 1650 Ninth street. Mr. Clinton is employed with the Douglas Aircraft company.

Hull's. In fact, he assisted Secretary in State Hull in his first campaign for a public office. Mr. Howard is 84 and his wife is 75 years old.

Sandra Gail Bynum Is Honored On Birthday

One-year-old Sandra Gail Bynum observed her birthday recently when her mother, Mrs. Pete Bynum, 1611 Twenty-first street, entertained at their home. Pictures were taken of the little guests and ice cream, cake and candy were served. Balloons were favors. The birthday cake, decorated in pink and white, and bearing the name of the honoree across the center, was the gift of her paternal grandparents and was made by her grandfather.

Guests were Vicki Knox, Vandelle Wofford, Bobby Fenley, Henry Duane Banks, Juanette Beasley, Vonelle Rutledge, Sharon and Jacquenette Sims, Denzil Ray Fewell, Marie Kelly and the maternal grandmother, Mrs. C. P. Medford. Gifts were sent by Messames Zelma Pope and W. M. Anderson of Abilene, Sandra Gail's aunts.

K. Carter P-TA

(Continued From Page One) association of K. Carter school. Scheduled for the November meeting will be a talk by Miss Bonnie K. Dysart of the Texas Technological college education department. She will lead a panel discussion on "Child Guidance."

For the December meeting a night program has been arranged with W. T. Strange giving "The Other Wise Man." Rev. H. I. Robinson will be guest speaker for the January meeting discussing "When Parents Learn to Behave."

"Founders Day" will be observed in February with Mrs. H. F. Godeke as guest speaker. In March, Dr. W. B. Irvin, superintendent of Lubbock Public schools, will address the group on "Fundamentals in Our Time."

"The Growing Parent and Teacher" will be subject of a talk by Dr. Doyle D. Jackson of the education department of Tech college for the April meeting. In May new officers of the association will be installed and a social hour will follow.

Mrs. L. L. Kelso is president of the association. Mrs. Charles Cross is vice president. Mrs. W. L. Mayhew secretary and Miss Mildred McKelvey treasurer. Mrs. Ross is chairman of the program committee. Mrs. Glenn Smith is chairman of the membership committee. Mrs. W. E. Tosh, goals and Mrs. J. D. Nelson, study courses.

RECEIVES COMMISSION—William L. Turner of Idalou, above, has been commissioned a second lieutenant in the air corps reserve and ordered to active duty at Hamilton field, plane base near San Francisco, Calif. He is the son of J. W. Turner. He attended Howard Payne college at Brownwood. He completed his training at the air corps advanced flying school at Stockton, Calif.

Program Is Given By Music Club

The Lubbock Music club met Saturday afternoon at the home of Misses Myrtle, Mary and Beulah Dunn, 1811 Ninth street, continuing a study of music as related to other arts.

Mrs. M. V. Gray directed a program on music and the cinema arts. Mrs. Josephine Ballenger gave the story of Walt Disney's "Fantasia" and the following music was presented as a climax to the story:

Overture, toccata and fugue in D Minor (Bach). Mrs. C. E. Hereford; vocal, "Dance of the Flutes" and "Chinese Dance" from the Nutcracker's Suite (Tchaikovsky); Misses Margaret Prewitt and Nell McNeely and Mrs. Rex Webster, accompanied by Miss Imogene Webster; vocal, "Ave Maria" (Schubert). Mrs. K. T. Melugin, accompanied by Mrs. Hereford; vocal, "One Alone" from "The Desert Song" (Rombert). Mrs. S. J. Nabers, accompanied by Miss Webster.

The house was decorated with fall leaves and berries. After the program, tea was served with Messames J. B. Rhodes, A. W. Evans, Lillian Butler of Slaton, Fern Cone and Leonard Cole.

CUCUMBER IS BOOMERANG

ASHLAND, Ore. (AP)—A cucumber shaped like a boomerang and almost two feet long was grown here this year by Mrs. B. F. Helman. The vegetable measured 23 3/4 inches.

The cod is one of the most prolific of fishes, a female 39 or 40 inches long producing about 3,000,000 eggs.

IS GRADUATED—George O. Hubbert, above, son of Mrs. Lily S. Hubbert of 2521 Twentieth street, was among 79 graduates of the First Field Artillery Officer Candidate school at Fort Sill, Okla., Oct. 1. He has been commissioned a second lieutenant and will be sent to Camp Bowie.

Arkansas Visitor Is Entertained Friday

Messames W. E. Humphries and A. N. Gamble entertained with a social Friday afternoon in the home of the former, 2009 Broadway, to honor Mrs. R. P. Lindsey of Ashdown, Ark. Mrs. Lindsey is visiting her sister, Mrs. H. L. Robinson, 1419 Broadway. Decorations and refreshments carried out the Halloween motif. Guests were Messames B. T. Hambricht, E. T. Kelly, H. F. Lloyd, A. W. Evans, Robinson, C. H. Hamilton, F. G. Campbell, J. M.

Mrs. Morgan Speaker At Unit Meeting

"Toys for Children" was discussed by Mrs. W. A. Morgan, a member of the Child Development unit two of the American Association of University Women at the unit meeting Friday afternoon. Mrs. Eldon Trego, 2605 Twenty-third street, was hostess.

Members attending were Messames A. C. McDavitt, Bryan Edwards, Lewis Kerr, Vance Apple, Howard Hughes, J. William Davis, Maurice Erickson, E. T. Duke, Troy Dale, Jimmy Whitehead, Johnny Cockburn, Eugene Knox and J. D. Sanders.

Government Seeks To Ease Blow Of Building Curb On Construction Industry

Contracts Are To Be Offered

BY SANDOR S. KLEIN
United Press Staff Writer

WASHINGTON, Oct. 11.—Government officials indicated today that efforts will be made to ameliorate effects on the construction industry of the supply priorities and allocations board's curb on non-essential building by providing contractors with defense housing contracts.

In an apparent effort to allay fears of the home construction industry, Defense Housing Coordinator Charles F. Palmer said he expects the "defense housing program can be carried out as originally contemplated before it was ordered curtailed by the Office of Production Management."

Deastic Cut Made
Under the original program, 525,000 defense housing units were to be built between July 1 this year and next June 30. Of this number, 125,000 were to be financed publicly and the remainder privately. The OPM, however, approved only 300,000 of these for the present.

SPAB's order, affecting new public and private construction, was designed to conserve vital materials, such as steel, copper, aluminum, brass and zinc, for defense purposes. It was Palmer's view that some of the materials thus conserved could be made available for the defense housing program.

No Requisition Plans
Furthermore, Palmer told reporters, it was his understanding that no attempt would be made to requisition such materials already in the hands of builders unless there was evidence that they were being hoarded for the purpose of obtaining excessive prices.

"If a person wants to build a commercial or non-defense building," he said, "it's my understanding that if he has the materials he can go ahead."

In addition, he said, many builders that would be affected by the SPAB order, probably will be able to continue in business because "there will be a very substantial amount of alterations" to be made which do not require any large quantities of critical materials.

No Effect On Bill
Chairman Joseph J. Mansfield, D. Tex., of the House Rivers and Harbors committee, said SPAB's order will have no effect on the pending \$1,000,000,000 waterways projects bill. The omnibus measure, expected to be reported to the House next week, embraces more than 215 projects including the construction of Great Lakes-St. Lawrence seaway and Florida canal and the Passamaquoddy tidal development.

Mansfield said the construction is to be spread over a 20 year period and that only those projects considered vital to defense will be undertaken during the emergency.

"There is not the remotest idea on anyone's part — and the president has agreed with us — to start work on any of the waterway improvements which are not essential to defense," he said.

"The nation, he said, 'may have dire need' of a huge public works program on termination of emergency production. Labor department statistics he points out, show that more than 6,000,000 persons may face unemployment at that time.

Fort Worth Woman Is State Chairman
Appointment of Miss Avis K. Robertson, faculty member in Fort Worth public schools, as state chairman of the committee of new voter preparedness and recognition of the Texas State Teachers association and the National Education association was announced here Saturday by W. B. Irvin, city school superintendent and president of the state association.

The committee, Dr. Irvin explained, is to direct activities which, according to plans, will extend into practically every community in Texas. Its broad purpose will be to better prepare the youth of the state for the responsibilities of voting citizenship.

BLUE FLU GERMS
Influenza germs are blue. Those of pneumonia look like strings of minute pale sausages, and those of scarlet fever look like ropes of scarlet rings.

Scientists still are unable to determine whether or not Mars is inhabited despite close approach to the earth in 1939.

Church Notes

Miss Margaret Harris, formerly of Leland, Miss., is the new director of religious education of Plainview First Baptist church, Rev. L. B. Reavis, pastor, has announced. She comes from a family of religious workers; her father is a retired Baptist minister, one brother is a Baptist pastor in Louisiana, another is finishing his medical course and he plans to become a medical missionary and a sister is student secretary of Louisiana State normal. Miss Harris was for two years student secretary at Louisiana State, Baton Rouge, where she took her degree in religious education. She holds a degree from Southwestern Theological seminary, Fort Worth. For two years she has been at Leland as director.

Big Spring Methodists are preparing to entertain Northwest Texas Methodist conference beginning Nov. 12. Rev. J. O. Haynes, a former Lubbock pastor, is pastor of the host church, First Methodist. Between 400 and 500 delegates are expected. The conference was scheduled for Abilene, but the date set back a week and the place changed.

Jim Moody of Fort Worth has been called as pastor of Post First Christian church. He is a student of Texas Christian university and is to begin his work next Sunday, preaching in Post the first and third Sundays in each month.

Abernathy Men's Bible class, which meets each Sunday morning in Rita theater there, will hold its first anniversary next Sunday. Rev. J. Frank Nix is teacher and Sam H. Davis who has been president, is resigning to become a teacher of young men in the Baptist church, of which Rev. Mr. Nix is pastor.

Hochley-Cochran association of WMS will meet Tuesday in the Hodges Baptist church. Baptist churches in the two counties comprise the group. Women of the church will serve a basket lunch at noon.

Littlefield Methodist church congregation today will vote on whether to invite the Northwest Texas conference to meet there in 1942. Rev. J. H. Sharp is pastor.

Three Muleshoe churches today will observe "Go to Church Day," and the pastors plan to cooperate in a week of special effort for attendance. Churches include the Baptist, Methodist and Church of God.

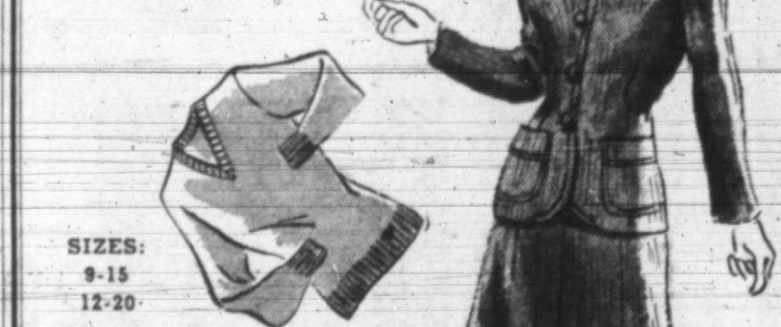

Representatives of First Presbyterian "Fortify Yourself." Sunday school, 1:30 p. m.; W. M. Sedberry, superintendent. Young people's Christian endeavor, 7 p. m. Juanita Pollard, president. Called Prayer a Rock. Midweek prayer service, Wednesday, 7:30 p. m. Mission society, Monday, 4 p. m.; choir, 7:30 p. m.

Rev. Carl C. Durbin, pastor of First Cumberland Presbyterian church, D. M. Kinlaw and Miss Maurine Fowell of the local church will leave Tuesday morning for Oak Grove, La., to attend the annual synodical meeting of the Cumberland Presbyterian church. There will be delegates from Petersburg and Floydada also.

On a March Day
March, "Crazy as a March Here" party, Sunday a. m., a windy day in March.

Ann Sheridan Is To Pay Harvard Visit

CAMBRIDGE, Mass., Oct. 11 (UP)—Ann Sheridan, who has been scrapping with the Harvard boys ever since the undergraduate tumbling Lampoon dubbed her the actress "least likely to succeed," is going to visit the university—and on invitation.

The comph girl of the movies is coming as the guest of Lammy's conservative literary contemporary, The Advocate. And, in the traditional spirit of rivalry between Harvard's student publications, Ann has been named honorary editor of The Advocate's 75th anniversary edition.

Farewell Services For Pastor Today
E. Gaston Collins today will terminate his work with Broadway Church of Christ after twenty years since July, 1914, when he became associated with G. C. Brewer, minister, he announced Saturday.

He and Mrs. Collins will return to Nashville, Tenn., Monday. He will preach at farewell services today.

FOR THE SERVICE OF AMERICA

THE FINEST CHEVROLET OF ALL TIME

CHEVROLET AIDS NATIONAL DEFENSE

Yesterday... Today... Tomorrow
ITS PROVED VALVE-IN-HEAD "VICTORY" ENGINE leads in all-round performance with economy

It's built of quality materials... It features the same sturdy cast-iron pistons which Chevrolet has developed during twenty years of manufacture of millions upon millions of cars... It's designed and built to out-perform, out-save and OUT-LAST its field!

Chevrolet leadership in engineering among low-priced cars is fore-proved by long years of leadership in popular demand, just as is Chevrolet leadership in styling, comfort and Fisher Body beauty.

So, when you purchase this newest and finest of all Chevrolets, you can be certain that its famous Valve-in-Head "Victory" Engine is built of quality materials... that it is the same basic type of engine which holds all world's records on land, sea and in the air... and that it will bring you the same clear-cut leadership in performance with economy which has made Chevrolet America's favorite motor car.

DESIGNED TO LEAD IN STYLING
Chevrolet alone of all low-priced cars has new "Leader Line" Styling, "Door-Action" Fenders and Body by Fisher with No Draft Ventilation.

DESIGNED TO LEAD IN PERFORMANCE
Chevrolet alone combines a powerful, thoroughly proved Valve-in-Head "Victory" Engine, Safe-T-Special Hydraulic Brakes, Unified Knee-Action Ride, and Extra-Easy Vacuum Power Shift at no extra cost.

DESIGNED TO LEAD IN ECONOMY
Chevrolet is the most economical of all the latest-selling low-priced cars from the all-round standpoint of gas, oil and upkeep.

IT PAYS TO BUY THE LEADER AND GET THE LEADING BUY

Mounting Living Costs Taking Toll Of Consumer's Dollar In Goods, Service

Buying Power Is Falling Short

(Special To The Avalanche-Journal)
MINNEAPOLIS, Oct. 11—The "real income" of Mr. and Mrs. American Public during August, for the first time since the national defense program was launched, failed to show an increasing rate of gain over the corresponding month of the year before, according to the monthly study of what people get and spend, made public here today by investors' syndicate.

"Real income" was \$1.30 in August, 1941 compared with \$1 in August, 1940. During July, 1941 the "real income" was \$1.34 compared with \$1 in the same month a year earlier.

"Cash income from all sources," explained investors' syndicate, "showed record new high levels, but mounting living costs were notably taking toll of the former value of the consumer's dollar in goods and services. While cash income, from all sources, during August was \$1.39 compared with \$1 in August, 1940, the cash outgo in August, 1941 totaled \$1.06 compared with \$1 in the same month a year ago.

Farm Income Swells
"The average wage envelope during August contained \$3.51 compared with \$1 in the same month, 1940. The average salary check last August called for payment of \$1.24 compared with each dollar recorded in August, 1940.

"Other income," which includes farm income, rents, royalties, and profits received by businesses, and such as those owned by individuals and partners, during August was \$1.40 compared with \$1 in the same month of last year. Higher farm prices account largely for the increase in this cash income classification.

Investment Income, in the form of dividend and interest payments, was at the rate of \$1.11 in August, 1941 against \$1 in the previous August, as companies continued to set aside reserves for the higher taxes necessary for national defense which consequently affected dividend declarations.

Food Prices Continue Advance
"Although cash incomes of Mr. and Mrs. American Public have been going up by leaps and bounds, price levels have remained fairly stable until recent months, permitting generous gains in 'real income.' Now this new buying power plus production restrictions are being reflected in higher costs of consumer goods.

"Food, which takes the largest slice of the average family's expenditures, during August cost \$1.08. The same amount and quality of food in August, 1940 could be purchased for \$1. This represents the fifth advance in food prices this year.

Clothing Takes Advance
"Clothing, for the first time since the defense program was started, showed a sizeable advance during August. Wearing apparel for men, women and children in August, 1941 cost \$1.06 compared with \$1 a year earlier. During July, 1941 clothing was up only two cents on the dollar over the same month of the preceding year.

"Rent, taking the nation as a whole rather than specific cities or centers affected by defense activities, showed a comparatively minor gain. Housing costs in August, 1941 were \$1.02 contrasted with \$1 a year earlier.

"Miscellaneous items, which include many services, along with imports and semi-luxuries, continued to lead the upward march of living costs. They required an expenditure of \$1.10 in August as against only \$1 in the same month last year."

How "Real Income" Is Figured
Mr. and Mrs. Public, in this study, receive income from wages, salaries, investments and other sources in proportion to the national distribution of such payments. Their living expenditures likewise are those of average householders. Their "real income," or buying power, is their actual ability to buy regularly needed goods and services.

"Real income" is not a mere subtraction of cash income from cash outgo, which would be an index of savings rather than "real income," but an average relative figure of income and outgo designed to show how the cost of living affects the adjusted dollar income.

ANCIENT RUIN DISCOVERED
CLARENDON, Oct. 11 (AP)—Ruins of what is believed may be ancient pueblo dwellings were discovered by J. H. Robertson of Lakeview on his Hall county farm.

Robertson said that crumbling adobe brick foundation had been uncovered by rains and that there are two groups of old ruins.

Liberia is the only completely Negro state in the world.

STREAMLINED SEDANET FEATURED BY BUICK—The new Buick series 50 Super Sedanet provides a maximum of passenger room and comfort in this popular coupe-sedan body type. Added to the Buick series 50 group for 1942, its long graceful lines are emphasized by fully streamlined fender treatment, greater window area and longer wheelbase. Bumpers are extended and curved around to protect fenders. It is mounted on a 124-inch wheelbase chassis and its Fireball engine has improved compound carburetion as standard equipment.

New Buicks On Display Here

Six new lines of Buick motor cars covering a wide price range from the lower to the upper medium brackets and embodying outstanding mechanical as well as appearance improvements, are being featured in Buick showrooms at Scoggin-Dickey Motor company, 1009 Avenue J.

The new Buicks for 1942 include six chassis varying in wheelbase from 118 inches for the lowest priced group of models to 139 inches for the series 90 Limited cars with which the company competes in the upper-medium price field. The valve-in-head, straight eight engines, designed to meet new standards of performance.

Exceptional Style Treatment
Characterizes the new cars. Completely redesigned hood, radiator grille and other front-end sheet metal and trim provide a graceful frontal appearance which at the same time represents improvement in functional design. The wide, low radiator grille provides greater air intake at the point of greatest pressure, while headlamp placement at the outer edge of the fenders delineates the car's width. Bumpers are curved extending far back to protect the fenders and have an attractive combination of bumper guards and license plate bracket, the whole representing complete unity of design.

The streamlined character of the cars is accentuated by new airfoil fenders which are carried through onto the door panels and, in the case of the series 50 Super and series 70 Roadmaster convertible coupes and Sedanets, stream completely through the door to join the rear fender at the rear fender shield line.

New Ventilation System
Elimination of the cowl ventilator, which is supplemented by a new system of ventilation built into all models, permits extension of the hood closer to the windshield, giving a smoother hood line. Hoods are of the one-piece side opening type introduced by this manufacturer last year, with hood fasteners and hinges improved to make their operation easier.

Interiors are luxuriously appointed and equipped in keeping with the modern styling of the cars. Keynoting the interior finish is the improved instrument panel on the 50 and 70 series, with headlight type clock and speedometer, radio and accessory control grille mounted in the center of the panel, radio control buttons and tuning dials above instead of below that instrument, and new damascene finish of the lower section of the panel, common to all models. The grained top or body section of the instrument panel enriches appearance and fits into the door gapish molding to provide a smooth, rounded contour where doors and instrument panel meet. In all Buick models a courtesy light, operated by a door

fan switch, is turned on when the car is entered at night.

Year Round Comfort
Year round comfort is effectively provided by a new valve-in-head engine which serves both to warm the car in winter and provide maximum ventilation in summer.

Buick's straight eight, valve-in-head engines which incorporate specially contoured pistons in their fireball design and on which compound carburetion is optional equipment on the 40 series and standard on all others, have been improved in many details, according to the engineers.

Principal changes, having to do either with increased bearing life, structural gains, or improved performance include new shot-blast connecting rods, new oil cushioned finish of crank pin journals and detailed refinements of compound carburetion, which combine to produce new standards of performance throughout the speed range.

Refinements in compound carburetion are detailed improvements in carburetor mechanisms, manifolding and air intake further to control the flow of mixture to the cylinders in the amount and at the time needed.

Better Riding Qualities
A major improvement in the riding qualities of the new cars is reported by engineers through the confined use of softer rear spring changed shock absorber calibrations and entirely new wide rim wheels, the latter designed to give the car a new importance to roadability and steering qualities.

A new step-on parking brake is featured by Buick on all 1942 models contributing to safety and driving convenience. Instead of being operated with a hand lever as before, the new parking brake has a small foot pedal control located above the floor board on the extreme left of the driver's compartment. Light pressure of the toe on this pedal engages the parking brakes. Brakes are set by pushing in a small hand control on the lower left corner of the dash and they are released by pulling out the same control.

The Buick 1942 line is offered in 23 models, three fewer than last year. The six groups of cars are the series 40A Special, 118-inch wheelbase; series 40B Special, 121-inch wheelbase; series 50 Super, 124-inch wheelbase; series 60 Century, 126-inch wheelbase; series 70 Roadmaster, 129-inch wheelbase; and series 90 Limited, 139-inch wheelbase.

Additions Made To Amicable Life City Agency In Lubbock

Announcement of the personnel of the city agency of the Amicable Life Insurance company in Lubbock was made Saturday by Chas. Whitacre, agency supervisor. Whitacre has been in the insurance business here since 1924 and supervisor of the West Texas agency since 1931.

The South Plains agency production is 33 per cent ahead of last year, Whitacre said.

Members of the city agency include: J. R. Eagan, who moved here from Littlefield with his wife and young son recently to a new home at 2615 Avenue L; J. T. Fountain, who has been associated with a local bank since 1935 until August this year; J. C. Powell, who was with the Federal Reserve bank of Dallas several years and who has resided here several years; Geo. H. Watkins, who has been with the agency for the past two years; and Mrs. Lou Wilcox, who has been secretary and cashier of the agency the past six years.

Whitacre, 19th district commissioner.

TEXAS PROFESSOR HONORED
AUSTIN, Oct. 11—Another national honor has been given a University of Texas faculty member.

manier of the American Legion. It is also a former president of the South Plains Life Underwriters' association. He is a member of the Kiwanis club.

Aid Is To Be Given Transient Workers At Fairgrounds Here

Texas State Employment service, the chamber of commerce and directors of Panhandle-South Plains Fair association have moved to prevent stagnation of an army of field workers moving into the South Plains to gather the slowly-maturing cotton crop.

Rankin C. Reynolds, manager of the employment service office in Lubbock, said Eduardo Aldrete, assisted by Burney Slack, would be located beginning Monday on the fairgrounds to assist camping Mexicans and other field workers, as well as South Plains farmers needing such help, in gaining employment and furthering the harvest.

The farm placement representatives, as they are designated, will remain there during the harvest season.

There will be no charge to laborers or farmers for the services. Local labor will have preference over transients, as usual, Reynolds said.

Under a system begun several years ago, the parking lot space south of the fair association buildings is utilized as a concentration point where farmers seeking hands may go and find them through assistance of the employment service, and where laborers may camp until their services are demanded.

"As usual, it will be the intention of this office to register arriving laborers and get them into harvesting areas as quickly as possible, thus keeping the movement as fluid as possible," Reynolds said.

New Plan For Physical Exams For Draftees Will Be Started

A new set-up for physical examinations for men under the selective service act, in which the army will give physical tests at its recruiting stations for men who are about to be called into service, was announced by Major Joseph R. Peller, district army recruiting officer here, following a visit by Col. Stanley Koch to the office last week.

The plan is known as the "modified plan" of induction, under which a thorough medical examination will be given men placed in the highest class by their induction boards, prior to their actual call for military service.

To Eliminate Troubles
"In this way," explained Major Peller, "many of the troubles of the present system will be eliminated. One of the greatest complaints made by men who were called into service, only to be rejected by an army medical board, was that they had disposed of their business and had closed up their personal affairs before they knew they could not pass the test. If the medical examinations were given before the actual call into service, then a man failing to pass could return to his normal life at once and would not have to readjust his affairs."

"The plan was first tried out in Pennsylvania, where it was found to operate. The army and selective service administrations have worked out a modified plan that is to be tried out in the eighth corps area," Col. Koch said.

Get Thorough Examination
Men whose numbers are to be called for active service, will be sent to the district office in Lubbock from 20 to 25 days before they are to report for service. Here a medical board, including the army recruiting medical officer, a dentist, an eye, ear, nose

institute's "Directions in American Painting" exhibition in New York City. The exhibition will be open to the public from October 23 until December 14.

institute's "Directions in American Painting" exhibition in New York City. The exhibition will be open to the public from October 23 until December 14.

Trentham's oil painting, "The Pieta," pictures the mourners over Christ's dead body.

Other Centers In Texas

Besides Lubbock other centers in Texas where examinations are to be given selectees are, Dallas, Houston, Fort Worth, Fort Sam Houston and Fort Bliss. In Oklahoma City will be a board for that state and at Phoenix for Arizona. Later a board will be set up for Colorado.

On the second day in Lubbock four negro selectees are to report. Colonel Koch said the army was prepared to handle the job assigned to it.

It will be recalled that up to early in February of this year, Lubbock was one of five induction centers in Texas where selectees were examined and inducted into the army. At that time the station was closed, presumably because of a desire to reduce expenses and selectees were sent to Fort Bliss.

SALE STARTS WEDNESDAY AT MONTGOMERY WARD

Three Japanese Ships Are To Sail For U. S. To Evacuate 2,000 Nationals

Large Cargoes To Be Carried

(By The United Press)
 TOKYO, Oct. 11.—The foreign office announced today that three ships would sail soon for the United States to evacuate Japanese nationals.

A foreign office spokesman said the ships will sail before next Wednesday. The Tatsuta Maru will sail from Yokohama for San Francisco, via Honolulu. The Taro Maru and Nitta Maru will sail for west coast ports, it was said.

2,000 Are To Return
 Japanese ships have not sailed for the United States since shortly after President Roosevelt froze Japanese credits.

The foreign office said 2,000 Japanese would return home from the United States aboard the liners, and that American-born Japanese now in Japan would be enabled to sail for the United States. It was understood that other American citizens who want to get back to the United States also would be carried.

The question of cargoes was not immediately clarified, but it was assumed they would carry several million dollars worth of American goods held at Kobe when Japan froze United States credits, and that they would bring back frozen Japanese goods in the United States.

Result Of Negotiations
 The Domei news agency had said the ships were not sailing to evacuate nationals, but "the result of negotiations with the United States government for arrangements for transportation." The foreign office said the ships would evacuate nationals.

The foreign office announcement followed increasingly bitter press attacks on the United States and Britain.

Office-Seeker Opens Sweeping Campaign
 ATLANTA, Ga. (U.P.)—Curly-haired drug clerk James Vickers has started out on the self-appointed task of ringing the doorbell of every residence in Atlanta.

The reason is that two years and six months from now, in the spring of 1944, he plans to run for the city council.

Using brush salesman tactics is hard on the feet and calls for considerable diplomacy, Vickers says. But the 33-year-old clerk says many housewives are interested in his campaign, especially after he gives them his little gift.

The present is a package of matches with this message on the cover: "To contact all my friends in Atlanta, I'm starting a little early."

Vickers' platform has two main points. First, that the police chief should be elected by the people, and second, that only paper drinking cups should be used by soda fountains.

McMillan Will Speak At Luncheon Meeting
 W. G. McMillan, one of the contractors at the twin-engine advanced army training school at Fort Worth, will speak at a luncheon meeting at the Junior Chamber of Commerce and Lubbock Lions club, Marion Sanford, one of the chairmen of the day, said Saturday.

Joint meeting is being held because of a medical association meeting Tuesday in the hotel.

McMillan, said Sanford, will discuss the progress of the work at the school. James Baggett is co-chairman for the Jaycees with Sanford and Dr. C. C. Craig and Paul Cates as Lions club chairmen.

C. W. Ratliff, president of the Jaycees and Vernice Ford, of the Lions club, will preside.

CAMERA-SHY YELLOWSTONE NATIONAL PARK
 The biting bear situation has been about twice as serious in Yellowstone National Park this season as in 1940. On August 1, 50 tourists had been bitten. That was more than were injured during the entire 1940 season. Park rangers say that attempting to take a close-up photograph of a bear is about the best way to be bitten. Thirty per cent of injuries are inflicted during such incidents.

TOPS IN NESTS
 The largest, heaviest and most peculiar nests in the world are to be found in Australia. These are built by the jungle owl in the form of great mounds about 15 feet high and 100 feet around.

Forbidden by Nazis to leave her country, a Norwegian girl who wishes to marry a Swede stands on one side the border while the man stands on the other, and after the ceremonies the bride crosses to Sweden as a Swedish subject.

Plantations of an American fruit company in Costa Rica produced in the first four months of this year 1,000,000 more bunches of bananas than in the same period of 1940.

Chief instructor M. E. Grevenberg tucks up the labeled shirt-piece which was snipped off by Helen Peck (left).

Artist Course Number To Be Presented On Monday

John Carter, Metropolitan Opera association tenor, and Enya Gonzalez, soprano, will appear in joint recital in the opening number of the 1941-42 artist course of Texas Technological college at 8 o'clock Monday night in Senior High school auditorium.

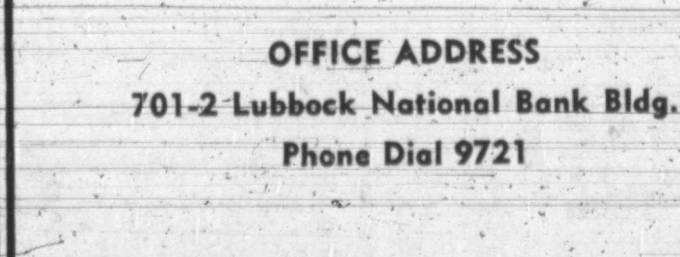

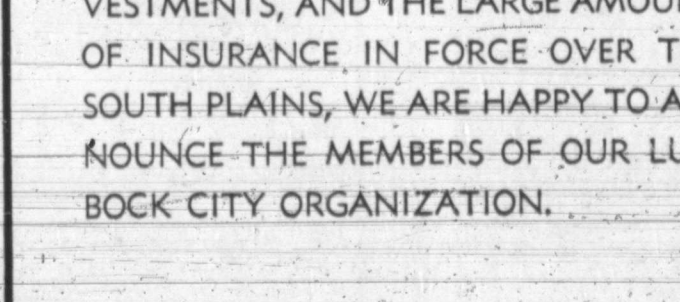

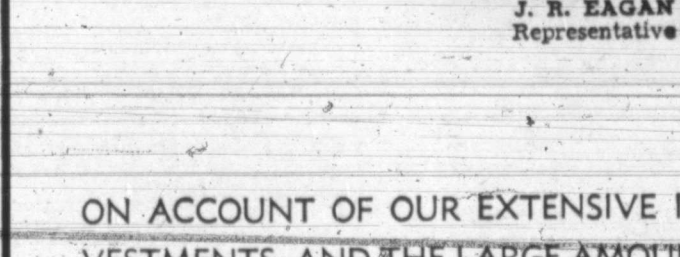

The program was announced by R. A. Mills, artist course committee chairman, as follows: By Miss Gonzalez and Carter—Where'er You Walk (Handel); Passing By (Puccini); La Dana (Rossini); Who Keeps the Years (Ernest Charles); The Fairy Pipers (John Hyatt Brewer); The Little French Clock (Richard Kountz); At the Well (Richard Hageman); duet, Un di Felice, from La Traviata (Verdi).

Numbers By Carter
 By Carter—The Garden, Where the Praties Grow (old Irish melody); Sylvain (Sinding); A Spirit Flower (Campbell-Tipton).

By Miss Gonzalez—Two Philippine songs, Lulay and Planting Rice; Estrellita (Ponce); Dos cantares populares (Obradors); Clavelitos (Valverde).

By Miss Gonzalez and Carter—duet, Ma mere, je la vois, from Carmen (Bizet).

POPULATION DECREASED
 According to the 1940 census, Rochester, N. Y., 23d largest city of the United States, showed a population decrease, dropping from 328,132 in 1930 to 324,694 in the recent census.

Special Course May Be Given

Plans went forward last week for a proposed national defense training course in electrical and acetylene welding, and which would be followed by a course in machine tool operation, it was announced.

The course, if formally approved, would be given five hours each night, six nights a week, for 12 weeks, at Texas Technological college engineering shops.

It would be sponsored by three organizations, each of which have a representative on a so-called local council of administrators for national defense training: Pascal Buckner of Big Spring, representative of the state department of education; Rankin C. Reynolds, manager of the Lubbock office of Texas State Employment service; and Jennings T. Lewis, area director of National Youth administration.

No Costs For Course
 There would be no costs for taking the course, which would be taught by instructors approved by the state department of education, but there would be minimum requirements for acceptance. One must be qualified with a high school education and pass satisfactory physical tests.

Fifteen persons could take each course, and applications from this 12-county district of the employment service may be made at the 1207 Thirtieth street office in Lubbock, Reynolds said.

The purpose of the proposed instruction would be to equip men for national defense slots, whereupon they would be registered for work on defense projects, either here or elsewhere.

Bond Election To Be Held At Littlefield
 LITTLEFIELD, Oct. 11.—Between 500 and 600 voters are expected to go to the polls here Tuesday in a special election to decide on issuance of \$275,000 in bonds for construction of a city light plant.

Two ballots will be given each taxpayer voter, one for the bond issue and the other for authority to the city commission to transfer profits from the plant to other city funds, it is desired.

In a previous election the project, calling for a \$225,000 bond issue, failed, 233 for to 207 against.

A ROSE IS SWEETER
 HICKORY, N. C. (AP)—In six months this city's sewage plant grounds have been turned into a rose garden. Public contributions of cash, plants and materials installed the garden, maintained by plant employees. During the blooming season roses are cut once a week to provide bouquets for all patients in the city's hospitals.

During a showing of the anti-Nazi film, "So Ends My Night," in Santiago, Chile, a bomb was thrown by three young men in the gallery, causing a panic among the 1,000 spectators.

Coal mined in New Zealand last year weighed 2,516,000 tons.

Expert Fire Control Crew Gives Warship Its Punch

WASHINGTON, Oct. 9.—Any prize-fighter knows that ability to "take it" is just as important to winning as ability to "dish it out." This is no less true when the fighter happens to be a ship of the U. S. navy.

"So when your Joe, who's still only a "boot," begins to think about his future in the navy, he may want to become a boat-swain's mate to help his ship "take it" or he may want to become a fire control man to help her "dish it out."

U. S. Said Tops
 As Joe will find out very soon, after he joins the service, fire control in the navy has nothing to do with controlling fires. It involves control of the ship's fire power—i. e. guns.

The American navy thinks (and hopes) it has the world's best fire control system. The mechanics of the super-delicate, almost-human machines which compute gun-sight and pointing are among the navy's most closely guarded secrets.

Must Be Expert
 No ship can dish it out if her fire misses the enemy. Yet to hit a zigzagging enemy ship that may be out of sight 10 miles over the horizon, among the factors that must be taken into consideration are: speed and direction of both your ship and enemy ship; wind; temperature; number of times a gun has been fired; and humidity—to say nothing of the roll of your ship.

Small wonder that the navy has special schools at Norfolk, Va., and San Diego, Calif., for trainees applying for fire control posts. A chief fire controlman must know principles of electricity, algebra and trigonometry and have an intimate knowledge of the uses, workings and care of all fire control instruments. He must be able in case of emergency to take over control of the ship's vital plotting room or of any secondary battery.

Duties Are Multiple
 Chief boatswain's mates must be ready for any emergency—in ordinary times, the boatswain's mates keep their vessel shipshape and supplied. They take aboard stores and ammunition. They stand watch, keep their ship clean and painted. But it's during an emergency—that they really show their stuff.

It might be just splicing—rope, wire or pipe—or repairing a broken part. But it might be a great deal more. That's why a chief boatswain's mate must know how

PARKING PROBLEM
 NEW CASTLE, Ind.—A man hurried into police headquarters and told Sgt. Fred Brown his automobile had been stolen.

"There was \$400 in the glove compartment," he wailed.

He took the sergeant to the place where he said he parked it.

The officer found the car a block away—where he really had parked.

There was \$400 in the glove compartment.

Motion Picture Will Be Shown To Club
 A motion picture depicting stages of the famous collapse of the Tacoma narrows bridge a year or two ago will be shown Tuesday night when Lubbock Technical club holds its first fall meeting.

O. A. St. Clair, head professor of industrial engineering and engineering drawing at Texas Technological college, said there would be a business meeting at 8 o'clock, a showing of the picture at 8:30 o'clock, in the engineering auditorium, engineering building.

"One need not be a member of the club or an engineering student to see the picture," Prof. St. Clair said.

The bridge's collapse was one of the most intriguing studies afforded engineers in years, and reasons for the fall are disputed, as persons who read the public press accounts will recall.

Skunk Catcher Not To Get 'Scent' More

MENOMINEE, Mich., Oct. 11 (AP)—City Skunk Catcher Victor Lebrun demanded a 100 per cent increase in salary today because he has ruined three suits of clothes since taking office a week ago.

"He trapped six skunks in the city during the week. He argued that his job merited compensation equal to that of the city dog catcher, who is paid \$2 for each pickup. Lebrun receives \$1 per skunk.

One city official commented on Lebrun's request "I don't think he'll get a scent more."

State Senator Marshall Formby of Plainville, has been invited to speak Tuesday noon at a Littlefield Chamber of Commerce luncheon.

H. C. Pender, district governor of Lions district 2-T will speak Wednesday noon at a Littlefield club luncheon. Earl Wilson is president. This will be Pender's official visit to the club.

J. L. Smallwood of Levelland and S. C. Simon, owners of a gin at Monroe, announce they are opening the old Farmers gin there with practically a new plant. Four 60-horsepower gin stands, a bury extractor and a drying system have been installed. A new office was built and 34-foot scales installed.

It is estimated 5,000 pounds of aluminum are required to build a pursuit plane.

to carry boats through a surf, how to read all storm warnings, how to rig a ship for towing or for sailing at sea, how to lay a ship's course on a chart, how to fix compass errors and how to steer a ship by tide and wind—in case of a damaged rudder.

Laughs Promised At Lindsey Today "When Ladies Meet"

Hollywood On The Loose...

Being A Film Star Is Something Of A Hazardous Business

BY PAUL HARRISON
NEA Service Staff Correspondent
HOLLYWOOD, Oct. 11—It's a hazardous business, dog bites Bette Davis. Dietrich breaks leg. Bob Taylor kayoes Lana Turner. Comedians drop Ann Southern on set. Ann Southern also drops Roger Pryor. Errol Flynn gets stabbed. W. C. Fields falls off water wagon. Rival movie queens cut each other cold.

Henry Wilcoxon, who was accidentally shot and stabbed during filming of "The Corsican Brothers," was relieved when he was able to report to Universal for a role in "White Savage." In his first scene he was knocked unconscious in a fight with Brian Donlevy and Brod Crawford. At the time of the writing, Thomas Mitchell is okay again, but wearing crossed fingers after a series of accidents. During the making of "Out of the Fog," he fell off a dock and badly sprained his back because there was a concrete floor instead of water under it. In Howard Hughes' "Outlaw," he fell from a rubber horse and got all knicked up again.

On Winged Porcelain

AND then there was the dramatic homecoming the other evening of a prominent actor whose wife is what you might call spirited. He was about two hours late for a dinner party she had arranged, and before he could even begin to mutter apologies to the hostess and guests, she snatched and hurled a small porcelain clock, which he was holding in his hand. He was staggered but not floored. His chin began to bleed. It was a tough test of stage presence, but he observed airily: "It's like I was just telling the boys at Chasen's—time certainly does fly!"

As you may know, James Wong Howe, American-born Chinese, is one of the three or four top cinematographers of Hollywood. Since 1933 he has bossed the camera work on dozens of the biggest pictures. Also he recently established a Chinese restaurant for movietown gourmets. Other day he telephoned a commercial photographer and asked that a picture be taken of the place. The man who arrived set up tripod and camera and was about to squeeze the bulb when Howe, squinting professionally at the composition, suggested a slightly different angle. The photographer looked pained. "I been takin' pictures for 20 years," he snapped. "You get back your nodules!" The little Mr. Howe didn't say anything. Just went on back to his nodules.

Bright Car

BRUCE CABOT was an extra in one of Constance Bennett's films 10 years ago. Now she's his leading lady in "Wild Bill Hickok Rides." More striking evidence of Cabot's success, though, is the vehicle in which he rides while he isn't playing Mr. Hickok. It's a car, though it looks like a modernistic soda fountain. It's stainless steel or aluminum all over, with a retractable metal top. Copper bumpers and a blazing streak of copper lightning along each side. Knowing how much Gary Cooper likes fast, fancy cars, Cabot went to the Goldwyn lot and drove right out to the "Ball of Fire" set. "Hey, Gary," he called. Cooper came to the big door and asked, "Hi-ya, bub," he said. "Where'd you get the Stanley Steamer?"

GUM FOR CHARITY

TURLOCK, Cal. (U.P.)—Residents of this city will chew gum for the benefit of underprivileged children. The Chamber of Commerce has distributed through the city gum vending machines, the profits from which will be turned over to its children's fund. The machines were leased for the purpose.

STORE DELIVERY BY PLANE

MINNEAPOLIS, Minn. (U.P.)—An airplane delivery service—believed to be the first of its kind in the nation—is in operation in Minnesota. Packages from Twin City stores to outstate cities are delivered the same day orders are received.

Magnesium is the lightest structural metal commercially available.

"Navy Blue And Gold"—Palace

"WHEN Ladies Meet"—billed as "the fascinating drama of what happens when a modern wife comes face to face with the other woman"—is the Lindsey's romantic comedy highlight today through Wednesday.
Cattier than "The Women" and racier than "The Philadelphia Story," the hilarious hit brings the unusual combination of Joan Crawford and Herbert Marshall to the screen.
Miss Crawford plays a sentimental woman novelist, loved by Taylor. She "falls" for Marshall, her publisher. The jealous Taylor gets an idea and arranges for Miss Crawford and Marshall to meet. Not knowing they are love rivals, the two women become great friends.

Palace Feature Tops
Amid hilarious situations, Miss Crawford confides in Miss Garson and tells of her infatuation. The Marshall enters the scene and fur begins to fly. Miss Garson says that this last flirtation with her friend is too much—much too much. She quits Marshall, who suddenly has discovered that he really loves his own wife. What happens then only adds to the entertainment value of the play.

Sophisticated to a degree and down-to-earth as possible, "When Ladies Meet" retains all the lilt of comedy romance of the stage bit.
Brought back by popular demand, MGM's stirring drama of the U. S. naval academy, "Navy Blue and Gold" takes the stage at the Palace today, Monday and Tuesday.

Present's Grid Classic
James Stewart, Robert Young and Lionel Barrymore are the triple-star performances of the picture with Florence Rice providing the romantic interest, and Tom Brown also adding a fine bit of acting. "Navy Blue and Gold" is the story of three midshipmen at Annapolis who come to the Academy from different environments and happen to draw the same number for their first year. Spring Brown also adding a fine bit of acting. "Navy Blue and Gold" is the story of three midshipmen at Annapolis who come to the Academy from different environments and happen to draw the same number for their first year.

Just before the Army-Navy game is scheduled, Stewart is involved in a dramatic scandal when it is learned that he entered the Academy under an assumed name, owing to a rumored stain on the escutcheon of his father, a former navy officer. The ensuing drama and grid classic holds the audience on the edge of the cushions.
Comedy At Tower
At the Tower today through Tuesday is a show to put Lubbock's theater row on the laugh map—"Kiss The Boys Goodbye." Featuring Don Ameche and Mary Martin, the picture also presents such outstanding performers as Oscar Levant, Virginia Dale, Connie Boswell, Barbara Allen, Raymond Walburn, Elizabeth Patterson and Jerome Cowan.
Crammed with that something called personality, the film tells the story of a beautiful southern belle with stage aspirations who unsuccessfully attempts to get a job on Broadway. She returns to the South when she hears that a

This Week's Film Menu

New Lindsey

Today through Wednesday: "When Ladies Meet" (MGM). Joan Crawford, Robert Taylor, Greer Garson, Herbert Marshall.
Thursday through Saturday: "Great Guns" (Fox). Stan Laurel, Oliver Hardy, Sheila Ryan, Dick Nelson.

Palace

Today through Tuesday: "Navy Blue and Gold" (MGM). James Stewart, Robert Young, Lionel Barrymore, Florence Rice.
Wednesday and Thursday: "Private Nurse" (Fox). Jane Darwell, Brenda Starr, Sheldon Leonard, Amy Todd.
Friday and Saturday: "Honor Island" (Universal). Dick Foran, Leo Carrillo, Peggy Moran, Fuzzy Knight.

Tower

Today through Tuesday: "Kiss The Boys Goodbye" (Paramount). Mary Martin, Don Ameche, Oscar Levant.
Wednesday through Friday: "The End of the Night" (RKO). Fredric March, Margaret Sullivan, Frances Dee, Glenn Ford.

Broadway

Today through Tuesday: "Moon Over Miami" (Fox). Don Ameche, Betty Grable, Robert Cummings, Carole Landis, Jack Kelly.
Wednesday and Thursday: "Dead Men Tell" (Fox). Sidney Toler, Sheila Ryan, Robert Weiden.
Friday and Saturday: "Blonde in Berlin" (Columbia). Peppy Stryker, Arthur Lake.

Texan

Today through Tuesday: "Love Crazy" (MGM). William Powell, Myrna Loy, Gail Patrick, Jack Carson.
Wednesday and Thursday: "Cast of The Black Pines" (Warner). William Lundigan, Maria Wilson, Eddie Roy, Jr. Also: "Married and in Love" (RKO). Alan Marshall, Barbara Read, Patricia Knowles, Helen Yipson.

Today through Tuesday: "The Ape" (Monogram). Boris Karloff, Gertrude Hoffman, Henry Hall, Jack Kennedy, James Stewart, Charlie Eagle.
Wednesday and Thursday: "A Girl, A Guy and A Gob" (RKO). George Murphy, Lucille Ball, Edmond O'Brien.
Friday and Saturday: "Hidden Enemy" (Monogram). Warren Hull, Kay Ivers, George Cleveland.

Broadway stage director is on his way down below the Mason and Dixon line in search of "natural" talent for the lead in his next production. How she permits him to "discover" her, an innocent southern maid, unstilled by northern exposure and just brimming over with natural singing, dancing and acting talents is the highlight of the rib tickler.

"Love Crazy" Texas Offering
Daffy, dizzy and delicious—that is the description of "Love Crazy" at the Texan the next three days. With those two nit-wits of bill and coo, William Powell and Myrna Loy, teamed in their maddest, merriest comedy, "Love Crazy" hits a new high for "something different." The screen's famous husband and wife find discord in the film when Myrna becomes jealous of Gail Patrick and wants to divorce Powell. He learns that an insane man cannot be divorced, so stages all manner of queer antics to feign insanity. But the trouble is that he fools the aliens who take him seriously and want to bundle him off to an asylum.

Cactus Program Entertaining
His efforts to persuade everybody he isn't crazy brings the house down in laughter.
An unusual story is "The Ape," one of two double features at the Cactus today through Tuesday, in a dual role of a monster ape and a half-mad doctor. Boris Karloff turns in another chilling performance, ably supported by Maris Wrixon, Gene O'Donnell, Gertrude Hoffman, Henry Hall, Jack Kennedy and Jessie Arnold. Second half of the program is a slap happy story of "A Girl, A Guy and A Gob," starring George Murphy, Lucille Ball and Edmond O'Brien.

"WHEN LADIES MEET"—LINDSEY

"NAVY BLUE AND GOLD"—PALACE

"GREAT GUNS"—LINDSEY THURSDAY

'Moon Over Miami' Broadway Feature

THREE keys to four-star entertainment—melody, mirth and romance—are offered in the top attraction at the Broadway theater starting today, "Moon Over Miami."

The picture, framed against the background of Miami playground of the South, features Don Ameche, Betty Grable and Robert Cummings. It is filmed in Technicolor.

Stars In Supporting Cast

The tuneful musical also boasts a star-studded supporting cast which includes Charlotte Greenwood, Jack Haley, Carole Landis and Cobina Wright, Jr.
The film is a gay story of how to invest an inheritance. Two sisters, Betty and Carole, induce their aunt, Charlotte, to accompany them to Miami. The threesome has just inherited \$5,000, and Betty decides to invest it in clothes and a suite at a ritzy hotel. Her purpose is to hook a millionaire by looking like a million herself. Carole poses as her secretary. Charlotte as her personal maid. Betty is so convincing as an heiress that she not only hooks a millionaire, Cummings, but another fortune hunter like herself, Ameche. And fun really comes in great doses after that.

Hit tunes of the piece include "Kindergarten Conza," "Hurrah For Today," "Miami," "I've Got You All To Myself," "Lovellness" and "You Started Something."

Completing the Cast

Completing the cast are Natalie Thompson, Virginia O'Brien, Margaret Moffat, Maxie Rosenbloom, Jack La Rue and others.

And "You Started Something," "Is That Good," and "Society Seminoles."
When Maisie starts going the rounds with a prize fighter and his manager, the entertainment banner flies high. And this is what happens at the Lyric theater today when "Ringside Maisie," starring Ann Sothern, goes on display.

Since the inception of this character, the blond, Brooklyn chorine, as portrayed by Miss Sothern, has rapidly become one of the screen's most popular characters.

Again Finds Adventure

The story concerns Maisie, again on the trail of a job and again finding adventure. This time her path crosses those of a young prize fighter, his inviolable mother, and his hard-boiled manager. When Maisie is hired as a companion for the mother she learns that the boy hates his career as a fighter. How she battles it out with the manager and winds up falling in love with him makes for one of the most entertaining films of the entire series.

An excellent cast has been gathered in support of the star. George Murphy is cast as the manager and Robert Sterling is seen as the young fighter.

Completing the Cast

Completing the cast are Natalie Thompson, Virginia O'Brien, Margaret Moffat, Maxie Rosenbloom, Jack La Rue and others.

"Affectionately Yours" Top Attraction On Tech's Card

Dietrich Film Is At Arcadia

MERLE OBERON and Dennis Morgan are teamed as co-stars for merry entertainment in the comedy hit, "Affectionately Yours," starting today at the Tech theater.

These two, together with Rita Hayworth and Ralph Bellamy, combine their talents to produce a story packed with drama, daring, laughter and trouble—especially women trouble.

A Washout At Love

The plot concerns a daredevil foreign correspondent, Morgan, who can score a scoop at the drop of a hat but is a washout when it comes to making a success of his marriage to Miss Oberon.

She divorces him when he becomes too neglectful. But, when she is about to marry Bellamy, he comes to life and realizes that he must have her back at all costs. His courtship of his ex-wife and the competition given by Bellamy carry the story to an amusing climax.

The Arcadia today again comes up with a double-barreled portion of movie fare, showing "The Flame Of New Orleans" and "11,000 A Touchdown."

Two Great Comedians

Howling laughter is assured in the latter production with Martha Raye and Joe E. Brown having the honors.

Brown, cast as the grandson of a famous stage star, is troubled with a crowd complex. While visiting a specialist he meets Miss Raye, also something of a nerve case from her efforts at trying to keep alive a tanktown college her father left, and from her lack of boy friends.

Losing his stage role, Joe drifts to the college town where Martha makes him president of the school and they change it to an institution to teach romance. Martha hires 11 former All-Americans to make up their football team and, one day while the team is losing, she offers the players \$1,000 for every touchdown. Action pops aplenty from there on, especially after Joe is shoved into the game.

Dietrich In One Film

Eric Blore and Susan Hayward top the supporting cast.

Mariene Dietrich is the star of "The Flame Of New Orleans," and she is ably supported by Bruce Cabot, Roland Young, Mischa Auer, Andy Devine and Frank Jenks.

Mariene is cast as a lady with a past who poses as a dignified countess to attract a wealthy suitor in old New Orleans. She meets Young, a rich banker, and he proposes. Later she runs into Cabot and falls in love herself. How she makes her choice between Young's money and Cabot's youth and romance is the heart of an absorbing plot.

Regional Sales Meet To Be Conducted By Franklin Life Here

An all-day regional sales conference of the Franklin Life Insurance company will be conducted at Lubbock hotel Wednesday by Chas. E. Becker, president of the company, and other officials, it was announced Saturday.

W. L. Dugger, vice president, and J. V. Whaley, assistant agency manager, will accompany Becker here for the meeting. They will arrive Tuesday.

K. L. Riggs, general agent for the Franklin in Lubbock, is in charge of arrangements for the meeting and will act as host to the group. The Riggs agency is ranked as one of the first three agencies in the Franklin's national sales organization for the third quarter of 1941.

RICE PUDDING YEAR

SACRAMENTO, Cal. (AP)—It looks like a good year for rice pudding in California, according to the federal-state market news service. The reporting agency estimated California's new rice crop at 4,471,200 bags, the largest on record. Last year's production was 4,695,600 bags and the 10-year average 3,679,200 bags.

Harley Sadler To Show In City For Two Nights Only

Showing under the auspices of the Lubbock fire department, Harley Sadler, veteran showman of West Texas for almost a quarter century, brings his show to Lubbock Tuesday and Wednesday nights. His large and water proof tent theater will be set up at Seventh street and Avenue J.

As has been his policy in the past Sadler again offers high quality entertainment. Recently new talent has been added to his show which includes singers, dramatic artists and vaudeville headliners.

Feature Is Offered

The main feature of this appearance will be "Wake Up America," a patriotic musical presentation which precedes the play and regular vaudeville.

Doors will open at 7:15 p. m. Tuesday. Promptly at 8:10 p. m. the production of "Wake Up America" will start.

Price of admission will be: Children 10 cents; adults 20 cents and special reserve seats 10 and 20 cents extra. These prices include government tax.

OLD TOOTHACHE REVEALED

WESTFIELD, Mass. (AP)—The aftermath of a toothache 250,000 years ago has been found on a farm here. A small piece of ivory was identified by Prof. H. H. Plough of the Amherst College geology department as a chip off a mastodon's molar tooth. He believed the two-and-a-half inch fragment was deposited by glacial waters.

STATE ENCOURAGES GLIDING

ST. PAUL, Minn. (AP)—The Minnesota Aeronautics commission plans to establish four glider schools in the state because of increased interest in the use of the glider as a military weapon. Stanley Hubbard, commission chairman, says Minnesota air currents are ideally suited for glider training.

COUNTY JAIL'S REALLY FINE

ALAMOSA, Colo. (AP)—It's little short of a privilege to serve time in the Alamosa county jail. Bernard Anderson, federal inspector of prisons, says: "There is none better in Colorado."

HARLEY SADLER

ANZACS STUDY BY MAIL

CANBERRA, Australia (AP)—The Australian recruiting director has perfected a system that will permit all Anzac troops to continue their studies or even learn new trades and professions while under arms. Correspondence courses, libraries with the armies, and professional teachers in the armies and technical experts will be utilized.

Arabs in Iraq expect to grow two bumper crops of melons this year.

Midway Features Laugh Riot In "No Time For Comedy"

"NO TIME FOR COMEDY"—MIDWAY

"MOON OVER MIAMI"—BROADWAY

A LAUGH riot to take theater rows' mind off the international situation for a couple of hours is the offering at the Midway theater today, Monday and Tuesday.

"No Time For Comedy" is the hilarious hit which highlights the entertainment menu.

Boasting a cast including such stand-out performers as Academy Award winning James Stewart, Rosiland Russell, Genevieve Tobin, Charles Ruggles and Allyn Joslyn, the funniest features sophisticated dialogue, an entertaining plot and a general atmosphere that tickles the ribs. The story bears out these claims.

Crammed With Laughs

Stewart, playwright from Redfield, Minn., comes to New York at the request of the producers of his play to change the last act. But the producers suit on him, so Miss Russell, star of the show, puts the play on.

It's a success and then she proposes to the small-town author. They are married and he writes four more successful plays. And then in steps Miss Tobin, wife of Ruggles, a Wall Street broker, who encourages men with "latent talents." Miss Tobin encourages Stewart to ignore comedy and write tragedies. His efforts flop and when "life's darkest moment" seems too much to bear, his fortunes take a turn for the better. Miss Russell playing a prominent part.

Spicing the picture, of course, are the sage remarks of Ruggles and the witty remarks of the remaining members of the cast.

WILL PAY \$5,000

Just think of all the things you could do with \$5,000! The makers of Vicks VapoRub and Va-tro-nol will pay \$5,000 for a name or title for their new radio play which is the living diary of a living American family. For details of how you may win \$5,000 be sure to tune in radio station...

Russia's Loss Would Be Blow To Democracies, Lease-Lend Worries Farm Bloc

Britain Is Stronger Though Nazis' Claims May Be Bared

THE near future likely will reveal definitely whether German claims of victory in Russia are true or false.

Undoubtedly the Nazi forces have made tremendous gains. Whether Russia is about to be knocked out of the war is something the world won't know about for awhile. Probably the Nazi claims are exaggerated.

But let it be supposed that the claims are true, and the worst is about to happen so far as Russia is concerned. It would be a terrific blow to the hopes of world democracies. But it won't mean that the Axis has won the war—not by a long shot.

No matter what may happen to Russia now, the fact will remain that the Soviet has done far more than most authorities expected when the Nazis launched their attack. About the best that some foremost authorities hoped was that Russia might last a few weeks. They expected the Nazis to sweep to quick and devastating victory without having to pay a great price for it.

The fact of the business is that Russia has lasted much longer than was generally considered possible. Even the Germans admit they have suffered terrific losses. During that time, American aid to Britain has gained steadily in volume. Even if Russia falls now, the fact still will remain that a strengthened Britain faces a weakened Germany—a Germany which cannot begin capitalizing fully upon Russian conquests for some time to come.

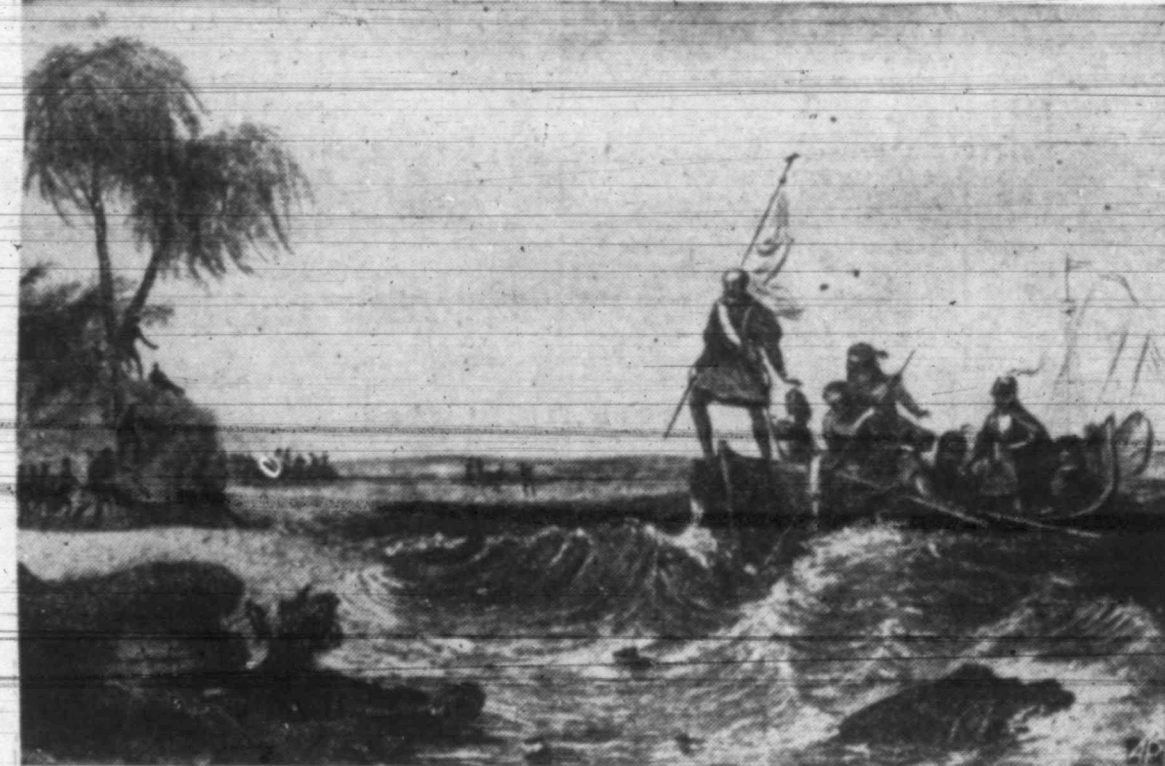

All this has considered the worst possible view of the picture. Actually the German claims should be taken with a good deal of salt. Sight cannot be lost of the possibility that Adolf Hitler had to make claims of victory to keep satisfied the German people to whom he promised an early conquest of Russia. Nor is it reasonable to believe that, in the time that has elapsed, the Russians have not moved back into safer areas some of the strength which will enable them to keep fighting.

But, as remarked, even if Russia is about to be eliminated from the war, the Soviet has fought long enough and hard enough to brighten the hopes that eventual victory will rest with the democracies.

Rescue Job

How 1941 Reporter Would Have Covered Discovery Of America Columbus Seizes Island In The West

Admiral Columbus shown carrying standard of Ferdinand and Isabella ashore on island which he named San Salvador.

NOTE: On Oct. 12, 1492, Christopher Columbus and the crew of his three ships landed at the island of Guanahani, now known to have been Watling Island in the Bahamas Islands. Following is the story of the discovery of the New World as it might have been written by a reporter on the scene.

(By The Associated Press)
GUANAHANI, Oct. 12, 1492.—Admiral Christopher Columbus, an explorer-geographer, who said he came from Genoa, Italy, landed this morning and took possession of the island in the name of their Catholic majesties of Castile and Leon.

The tall, gray-haired commander planted the royal standard of Spain in the shore while members of his crew fell weeping to their knees, kissed the earth and uttered prayers of thanksgiving.

FIRST TO SIGHT LIGHT
GUANAHANI, Oct. 12 (AP)—Members of the Santa Maria crew said today that it was Admiral Columbus himself who first sighted a light—the night of Oct. 11 and raised the glad cry of land.

The *San Pedro de Triana*, a smaller of the Santa Maria, went the honor of the first glimpse of land he stood watch in the early hours this morning.

Many of the sailors who reportedly had been mutinous or doubtful of the voyage's outcome protested themselves before the admiral and begged his forgiveness.

Columbus, who expressed belief he had reached a part of India or Cathay, said he would name the tiny island San Salvador.

by conscious of the historic significance of his discovery, but was restrained in bearing and voice. The admiral displayed a letter of introduction to the Grand Khan of Cathay from King Ferdinand and Queen Isabella of Spain. He said that the voyage climaxed seven years of effort before over-zealous of four European nations to gain support for his theory that the Atlantic ocean offered a westward passage to India.

From a base at San Salvador, Columbus said, he would send expeditions to surrounding islands as soon as repairs to his ships were completed.

The three vessels headed by Columbus in the Santa Maria, stood out to sea Aug. 3 from the Portuguese port of Palos, Columbus recounted, and proceeded to the Canary Islands where minor repairs were completed and wood and water were taken aboard. On

Machinery Sent To Britain (The National Whirligig)

WASHINGTON
By Tuckey
CLAUDE WICKARD'S revelation that Lease-Lend advances to England include \$10,000,000 worth of agricultural machinery won no friends among the farm bloc for the new war fund measure before the House. His testimony, which was given at secret appropriations sub-committee sessions, was polished carefully before release to the press.

When members asked why we were forwarding implements as well as food, the Secretary of Agriculture set forth Britain's present and future agricultural program. She intends to plow up two million acres this year, four million in 1942, six million in 1943. For placing these acres in cultivation she needs American machinery. This land will then be devoted to production of the vegetables, dairy products and fruits which she now is receiving from us in canned and concentrated form. In fact, American farmers have been asked to shift from the production of surplus crops to these products primarily as an aid-to-Britain measure.

The scheme to increase British output, Mr. Wickard explained, is designed to insure supplies in the event German subs gain command of the sea between the United States and England. What worries farm members is the prospect that after the war Britain will be self-sufficient in production of the very crops which our growers are expanding as a contribution to the national defense program.

STAGING: British Intelligence experts here had an important, behind-the-scenes role in the White House attempt to depict Stalin as an apostle of religious freedom. With the numerous varieties of religionists living within her far-flung Empire, London has been extremely anxious to suppress resentment over the tieup with the Kremlin.

England's embarrassment over the bizarre alliance has been all the keener because, in an attempt to counteract Moscow propaganda within the Empire's borders, she has emphasized vigorously Russia's "godlessness." Her smarter propagandists in London, in New York, and here figured that a practical political solution would be for President Roosevelt to welcome Stalin into the Christian brotherhood. The Polish Ambassador complied by forwarding to the State Department a letter asserting that Poles under Russian command had been allowed to worship. Secretary Hull flung that news into print, which provided a well-arranged stage for F. D. R.'s statement at his press conference.

British anxiety over the reaction to Hitler's attack on the Soviet is reflected in an article appearing in *THE SOUTH AMERICAN JOURNAL*, a British-owned magazine published in Brazil. In a recent issue it said that Hitler's attempt to pose as the defender of Christianity by attacking Moscow had fallen flat in South America.

"Latin America is a Catholic continent," the article said, "and knows too much about the Nazi attacks on Catholicism and other religious confessions to be able to regard Nazism as a Christian champion against the Godless Bolshevism."

SQUEAMISH: American attempts to safeguard South America against a foreign invasion have reached far greater proportions than the public realizes. The details are military secrets, but Washington authorities are not unwilling for the general outline of new hemispheric defenses to become known.

Almost every island in the Caribbean of any size will eventually be studded with air and naval bases for the accommodation of planes and subs in an emergency. These fortifications will supplement the defenses which we are building in territory taken over from Britain in the destroyer deal. The R. F. C. has advanced funds to Pan American for improvement of its airports in Bolivia and Ecuador. With Lease-Lend money the War Department has arranged for enlargement and equipment of civilian and commercial air fields in several other countries. Fields now capable of handling only a few small planes soon will be able to house and service hundreds of our greatest bombers.

The reasons for all the mystery screening this situation are diplomatic rather than military. German agents undoubtedly are aware of our activities, and have reported them to Berlin. But Secretary Hull is squeamish, lest too much advertising of our preparations offend Latin sensibilities. He does not want to give anti-American interests the slightest pretext for representing these normal precautions as an invasion of South American sovereignty.

NEW YORK
By S. Burton Heath
NEVER in all his long years as a mogul of Labor has John L. Lewis been so completely out-manuevered as he is today. Word has gone out from dopesters that the man whose whisper once made Presidents quake in their patent leathers now doesn't dare run for head of the organization he created. The flat statement that John L. will not seek the C. I. O. presidency next month is prophecy, based upon a logical inference that he is too canny to risk overwhelming defeat.

The best inside information indicates that the Miner chief will go to Detroit's Hotel Statler and Moose Hall in control of not more than one out of every four delegates to the national convention. Close to four out of the five thousand voters in that gathering will be hanging on the words of Sidney Hillman, co-director of the Office of Production Management, now openly F. D. R.'s spokesman and chief adviser on labor matters.

That is a tremendous comedown in a short time. A few years ago Lewis led his industrial unionists out of the A. F. of L. and set up his own national council, which he built by organization of the mass industries into what for a time promised to become Organized Labor itself. Then he got cocky. He staked his leadership on Wendell Willkie's election. When he stepped down a year ago he supposed the abdication to be a temporary gesture. Apparently it was permanent.

COLD: All this gripes Lewis. The pill of seeing Hillman dominate a C. I. O. convention is most bitter. But even that is sweet medicine beside the news that the O. P. M. is going to address the A. F. of L., Building and Construction Trades Department's annual convention in Seattle.

The C. I. O. has the United Construction Workers, who were supposed to put the Green outfit out of business. Lewis never will forgive Hillman for spoiling this picture.

He interprets the move as part of his successful campaign, as agent for the President, to reconcile C. I. O. and A. F. of L. without consideration for John L. Lewis' sentiments or feelings, leaving him out in the oncoming cold.

HOSTILITIES: Meanwhile, in New York, the Hillman bloc has demonstrated its growing strength by a lightning blow at another of Lewis' pet schemes. Samuel Wolchok, president of the United Retail, Wholesale and Department Store Employees, tossed a Lewis lieutenant out on his ear, declared war on the Communists, and generally committed what up to recently would have been less majestic.

Many who know a lot about labor have forgotten that Sidney Hillman was the first director of the C. I. O. department store organization. He made Wolchok co-director, and later his successor. The present head of the union is grateful and loyal. He does what his patron wants.

A Denver woman, seeking divorce, says her husband left home 12 years ago to get a haircut and hasn't returned, and that she doesn't think he will return. That's just like a woman always jumping at conclusions.

Good times and bad. This country will always have several million unemployed looking for work wherever they know they can't find it.

Our Curious World -- By William Ferguson

Novel Of Wartime England Packs Punch

Jane Nicholson's "Shelter" Proves To Be White Hot Story
A NOVEL of wartime England, "Shelter" (Viking), carries an impact that may lift many readers right out of their chairs. The author is Jane Nicholson, a name unfamiliar in reading circles.

The setting is the smart West End of London during the mass air raids of last August and September, and the story concerns three persons in particular and millions in general. It opens with a German plane flying in the night over the flat of Louise and Joe Mason, a young London couple. It closes after a white-hot story with the wife and her rival for the husband's affections, Camma Hill, sitting alone in the flat, at the start of a later raid, waiting for the crash and for news of the husband, long overdue from his shift as an auxiliary fireman.

"Shelter" is totally unlike other novels of Britain at war. It is a living story of people in the blitz, of what happens to them and to those with whom their fate is bound, of people who never know what moment they may be blown to pieces, and who go on through it all, living out their every day problems.

Much of the story is told in staccato style—"West End News Reel"—which adds to its drama. Inherent in it is the problem of the "relations of Louise, Joe and Camma."

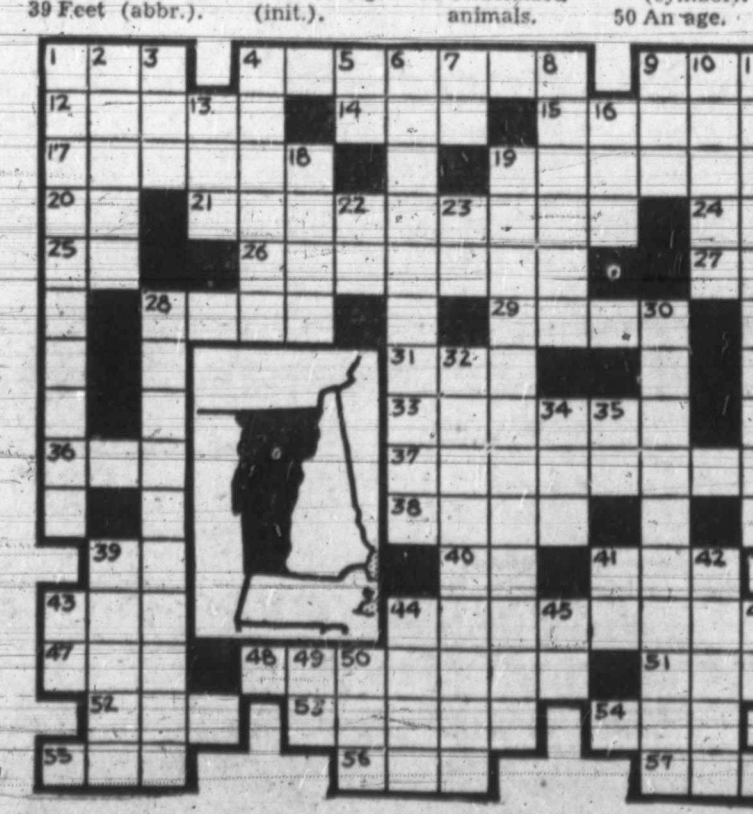

The author is a woman whose story reached the publishers through an agent. Just who she is, except that she went through the raids—which will seem obvious to her readers—the publishers do not know.

It "Army Wife" by Nancy Shea (Harpers)—doesn't frighten a potential bride of the regiment into the arms of just any handy insurance salesman, she'll probably make her handsome officer as efficient a spouse as ever knickered under sabers. Wife's Lieut. Col. Augustine F. Shea, the serene

viewwise author takes a West Point "bachelor's" degree through her first husband, who dies as an army wife. A convenient 300 pages for any young lady who expects to be wedlocked to one of the star-and-bars boys.

Obstacles Will Be Faced

THE American Federation of Labor is sure to encounter strong opposition in the efforts admitted by its officials to organize the state, county and municipal employees of Texas.

According to the pretenses now made, the Federation merely is seeking for such employees the right to become members of the labor organization if they desire.

But, in view of all past records, it is absurd to believe the Federation would be satisfied with any such accomplishment. It is foolish to believe the labor organization would ever be satisfied, if it once gains a foothold, until membership in the American Federation of Labor would be required of all state, county and municipal employees. They would have to belong to the union, or they wouldn't hold their jobs. Only the members of the union would be eligible for the wages that all taxpayers have to pay. Only the few would be allowed to enjoy the fruits of the toil of the many.

It is not to be supposed the governing agencies of the various political entities of the state ever will permit any such condition to come about. If so, then the time will have arrived for the mass of the people to make changes in those who govern them.

The One Minute Sermon

They that make a graven image are all of them vanity; and their delectable things shall not profit; and they are their own witnesses; they see not, nor know; that they may be ashamed.

Who hath formed a god, or molten a graven image that is profitable for nothing?

Behold, all his fellows shall be ashamed; and the workmen, they are of men; let them all be gathered together, let them stand up; yet they shall fear, and they shall be ashamed together.—Isaiah 44: 9 through 11.

OUR PLEDGE
We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

Busy Days Ahead For Farmers As Harvesting Of 1941 Cotton Gets Underway

Southern Area In Head Start

BY J. SAM LEWIS
Avalanche-Journal Staff Writer

Again the acid smell of burning cotton bolls and the whirr of the harvest machine are beginning to fill the South Plains as the harvesting of the 1941 cotton crop gets under way. Roads are beginning to be clogged with transient pickers headed to the plains and white balls are to be seen in otherwise green fields.

Particularly in the southern part of the area the harvest is again under way. W. E. Hazlett at Lubbock, with the Texas State Employment service, reported earlier in the week he had placed 2,000 pickers up to that time; of these 800 or more had been placed between Oct. 2 and 8.

Most of the early cotton is reported out of danger of leaf worms. In some ways the invasion of leafworms was of value to cotton; in that their destruction of leaves opened the bolls to bright sunlight when it came. Comparatively little damage to cotton bolls from rains has been reported. Farmers state that bolls cracked open during the rains and that no staining of lint was indicated.

Stalks are still blooming. Subsoil moisture will enable growth to continue until frost. E. W. Plumley has been assigned to Tahoka to handle securing of pickers for Lynn county and adjoining areas.

Headings of cotton will depend on the weather. Best reports indicate the yield, based on present conditions and with first frost holding off until between Nov. 3 and 10, will exceed the per acre average of 1940. The record crop acreage is below that of four years ago.

A LITTLE PATCH OF TEXAS GROWS IN WASHINGTON—If the 80 degree weather holds on, Rep. William Robert Poage (D-Texas) may yet harvest a crop from the little patch of cotton he's raising in the yard of his Washington home. The Waco congressman gave his plants the once over last week after a day at his office.

Farm Plan For County Okayed

Agricultural Adjustment Administration plan No. 2 has been adopted for Lubbock county, C. E. Lilley of Slaton, chairman of the county AAA committee has announced.

Under the plan each farmer must devote 20 per cent of his cultivated acreage to soil conserving crops. On the rest of the acreage he may plant what he desires provided of course, he has a cotton or wheat allotment for those crops, or one or more of the special allotments, peanuts, Irish potatoes and sugar beets.

Producers who plant peanuts, potatoes or beets, must take the acreage out of the total, less the 20 per cent soil conserving crops. In order to plant these special crops, an allotment must be made, otherwise the producer will be in violation of the program.

After the allotted acreages are planted, there is no restriction as to the crop to be planted, corn, grain sorghums, etc.

On the soil conserving acreages the following may be planted: Sweet sorghums, millet, sudan grass, oats, barley and rye. These must be cut when green, the plant not having reached the "dough" stage. The crops may be grazed, if desired.

As an alternative, the soil conserving acreages may be summer fallowed.

A district meeting of AAA committee members and employees will be held Oct. 30-31 to discuss the 1942 program. State office leaders will attend with C. T. Wasson, district field manager and V. L. Cade, district state committee member.

Wheat allotment for 1942 has been made for each individual farm. It approximated 16,000 acres. The 1942 cotton allotment for the county has been received, it is approximately 24 acres under that of 1941, which was 173,887.

Individual farm allotments are to be completed by the county office by Nov. 1. They are to be based on land measurements now being completed of the more than 480,000 acres of crop land. Yields per acre also are to be set up by that date.

Twenty-four producers of Irish potatoes have reported a total of approximately 600 acres in crop and have asked for allotments for 1942.

Lilley pointed out that under the program an allotment is necessary in order to produce potatoes. Other potato growing states, hearing of purported high increases in acreages in Northwest Texas this year, protested to the AAA that they were being discriminated against. It was announced as a result the allotment program for the state was decided upon.

Preliminary surveys indicated, according to Walter V. Welch, county administrator, that there were approximately 1,300 to 1,400 acres in crop in the county this year. However, when letters were mailed to producers of 600 acres were reported by them.

Argentina Buys Coal In This Country Now—MOBILE, Ala., Oct. 11 (AP)—An 8,000-ton cargo of Alabama coal for a utility firm in Buenos Aires cleared through the port of Mobile recently.

Mobile port authorities said that trade with the Argentine was "constantly increasing" and predicted that if the coal shipment proved satisfactory, Alabama mines would find an important outlet in the South American market.

The firm which purchased the fuel formerly obtained its coal from England and Germany. With the European nations temporarily

Twenty Tech Seniors Start Practice Work In Schools

BY KARA HUNBUCKER
Twenty seniors majoring in Vocational Agriculture education at Texas Tech have begun practice teaching in four of the area one high school departments.

Chappelle, head professor, O. T. Ryan, area supervisor, and T. L. Leach, teacher trainee, comprise the college faculty.

Largest gain shown in any Texas area has been that in area one schools with an increase of 14 departments over last year's total of 86 schools enrolling 3,527 youths.

New Departments Added—New departments have been added at Mobeetie, Bomarton, Iowa Park, Munday, Seymour, Vernon, Union (Brownfield), Wellman, Klondike, Welch (Dawson county), Levelland, Morton, Muleshoe and Sundown. Mergers and Westover schools dropped their work for the year.

Texas Tech graduates comprise eleven of the 17 new area teachers; three are from Texas A. & M., and three from Sam Houston State Teachers college at Huntsville. Sixty-nine of the 98 teachers in the area are graduates of Tech.

Pampa District Largest—Largest of the 12 districts in area one is the Pampa district with 13 schools: Canadian, Claude, Dumas, Groom, McLean, Miami, Mobeetie, Pampa, Panhandle, Perryton, Shamrock, Wheeler and White Deer.

Hereford has ten schools including Bovina, Canyon, WSTC, Vernon, Bomarton, Burkburnett, Chillicothe, Crowell, Harrold, Iowa Park, Munday, Quanah, Seymour, Vernon Five in One, Meadow, Brownfield, Brownfield Union, Meadow, Plains, Rosalia, Home, Tahoka, Wellman, Wilson.

Lubbock: Idalou, Lubbock route 4, Cooper, New Deal, Roosevelt, Shallowater, Slaton, Frenship, Plainview, Abernathy, Cotton Center, Floydada, Hale Center, Lockney, Plainview, Silverton, Crosbyton, Crosbyton, M. C. A. D. O., Jayton, Lorenzo, Ralls, Spur.

Seminole: Klondike, Sparenburg, Union (Lamesa), Loop, Seagraves, Seminole, Welch (Dawson), Wellington, Kirkland, Wellington, Samnorwood, Quasi, Childress, Paducah.

Memphis: Clarendon, Estelline, Lakeview, Memphis, Quitaque, Turkey.

Snyder: Fluvanna, Hermleigh, Post, Ira, Pylon.

Two Ambitions Merge As Man Joins Army—AUDUBON, N. J., Oct. 11 (AP)—Harry W. String, 24, had two ambitions in life—one to see Alaska, and the other to be a soldier.

He decided to realize both of his dreams by enlisting in the army for service in Alaska. But that wasn't so easy. He resigned his job and went to the Camden, N. J., recruiting station. He was informed there, however, that the only way of getting to Alaska was to go to the West Coast and enlist.

He sold his motor car for \$250 and bought a second-hand auto for \$45 and set out for Spokane, Wash.

Two weeks later, on his arrival, he sold his battered car for \$20 more than he had paid for it, which covered the cost of his coast-to-coast trip.

Then he enlisted for three years duty with the regular army in Alaska. Within two days, his ambitions were realized—he was parading the streets of Anchorage in a khaki uniform.

out of the business, the Alabama mines expect their greatest competition from West Virginia mines shipping via Hampton Roads.

Savages Found Minus Anchor In New Life

CHICAGO, Oct. 11 (AP)—The benefits of modern civilization often have a destructive effect on uncivilized communities and may cause the loss of entire populations.

Dr. Bernhard E. Hormann, speaking of the University of Hawaii contents.

Dr. Hormann, speaking at the annual Institute of the Society for Social Research at the University of Chicago, blamed modern civilization for the disintegration of the customs and taboos of the uncivilized groups.

This, he said, leads to the reduction of the birthrate, since families are separated, the economy disrupted, and apathy regarding traditions prevails.

Through the introduction of disease, the conflict of civilizations also increases the death rates, he said. Consequent loss of morale, which he defined as "the collective will to live," hastens the process of disintegration.

Another way in which morale is lowered, he said, was by the increase in society caused by growing feelings of insecurity among uncivilized peoples in contact with civilized groups.

The growing belief in society causes uneasiness among uncivilized peoples, he said, and tends to develop the attitude of "What's the use of trying?"

"That such an attitude may influence the formation of character is clear," he concluded.

Life Of Amy Johnson Subject For Picture—LONDON, Oct. 11 (AP)—The life story of Amy Johnson, who was killed in air crash in the Thames Estuary, is the subject of a new film to be produced at the Denham studios.

It is believed that Anna Neagle will play the part of Amy Johnson and David Niven the part of her husband, Jim Mollison.

The life story of Amy Johnson was chosen because she was regarded as symbolizing the modern adventurous and purposeful women of Britain.

WATERS CARRY SOIL—Farmers along the mouth of the Mississippi raise cotton on top soil from Iowa and other northern states. The soil is carried down and deposited by the flood waters of the river.

Texas has 300,000 acres of state lands.

Crude Output Again Shows An Increase

HOUSTON, Oct. 11 (AP)—Domestic crude oil output increased 214,300 barrels daily to average 4,065,950 for the week ending today, the Oil Weekly reported.

Daily average production was 53,950 barrels above the U. S. Bureau of Mines estimate of market demand for October; the magazine said, and the hike resulted from a return to full output in Texas.

Week's trend: Texas, 1,464,400, up 220,500; California, 662,400, up 25,700; Oklahoma, 428,100, off 4,400; Illinois, 406,300, off 27,350; Louisiana, 335,200, up 3,600; Kansas, 231,650, off 8,050; New Mexico, 114,500, off 1,000; eastern states, 93,750, up 300; mountain states, 113,100, up 50; Michigan, 63,650, up 1,300; Indiana, 19,450, up 150; Arkansas, 74,800, off 750; Mississippi, 61,250, up 1,400; and Nebraska, 6,900, off 100.

Fort Wayne Is Cited For Low-Cost Housing—FORT WAYNE, Ind., Oct. 11 (AP)—Fort Wayne's newest housing project is the "lowest cost, low rent housing project in the United States," Administrator Nathan Straus informed officials here.

He said the average net construction cost of the units, \$1,830, was 15 per cent less than the previous low in the northern area.

The previous low was \$2,137, set by the Armistead Gardens in Baltimore, Md.

The Fort Wayne project, Westfield Village, is built on a 15-acre tract and will house 120 families when completed. Base rental will be \$12.50 for a unit containing living room, two bedrooms, kitchen and bath. Rentals will rise a dollar a month with each additional bedroom.

Major Flood Project Costs \$69 Per Minute—SACRAMENTO, Calif., Oct. 11 (AP)—California's huge Central Valley Project, a rampart against flood and drought, is costing \$69 a minute to construct, according to U. S. Civilian district engineer for the U. S. bureau of reclamation.

Forty states already have furnished about \$30,000,000 worth of material and expenditures to date for \$80,000,000. The current cost is about \$3,600,000 a month, including both materials and payrolls.

The Soviet Union has 6,000 miles of coastline on the Arctic ocean.

Wheat Farmer Finds Alfalfa Profitable

ABILENE, Kas., Oct. 11.—Wheat raising in Kansas may be romantic and satisfying, but the records of at least one conscientious farmer show there are more lucrative pursuits.

The farmer, whose name was withheld by W. J. Conover, extension agricultural economist of Manhattan, Kas., kept records of comparative income from three crops—wheat, timothy hay, and alfalfa hay. He netted only \$145 an acre on wheat whereas alfalfa used for silage returned him \$12 and alfalfa netted \$20 an acre.

His record showed these figures: Wheat—\$11.20 an acre gross income; expenses \$9.75; net income \$1.45. Alfalfa sarge—\$24 an acre gross income; expenses \$12; net \$12. Alfalfa hay—\$29 an acre gross; expenses \$9; net income \$20 an acre.

Missouri Co-Eds Top Men In Class Rating—COLUMBIA, Mo., Oct. 11 (AP)—The girls at the University of Missouri get the prize for being best students by a wide margin.

Recently compiled figures on grade averages for the second semester of the last school year showed the men with 210 out of a possible 400 points. The girls were 22 points better.

Basketball players had a lead in brain power over football men, getting 226 while the pigskin pounders had 190. The boys in fraternities had 209 and those not belonging to Greek letter societies scored 215.

Cavalry Horses Given Energy Tested Foods—FORT RILEY, Kas., Oct. 11 (AP)—Tests undertaken by the cavalry replacement center here show that an army horse requires about 28,000 calories a day.

A horse should be fed nine times as much caloric energy as a soldier although in proportion to size the horse requires one-ninth less feed, the survey showed.

Each cavalry horse here receives 13 pounds of hay, 11 pounds of oats, 4 pounds of alfalfa and 8 ounces of bran.

Improvement In Prospects For Nation's Crops Noted

WASHINGTON, Oct. 11 (AP)—The agriculture department reported today that crop prospects improved in crop prospects during September apparently lifted this year's aggregate production to near the record established in 1937.

In the whole area east of the great plains, warm weather in September hastened the maturing of late fields of corn, soy beans, beans, cotton and sorghums.

Little Frost Damage—Little damage from frost was reported, except locally in the Rocky mountain states.

Production of principal food crops, the department said, was impressive. Wheat is expected to show the highest yield per acre on record—16.9 bushels—on a production of 961,194,000 bushels which would be the largest total in any year except 1915.

Crops of rice, dry beans and dry peas were all substantially larger than any previously harvested. Production of potatoes and sweet potatoes, was said to be sufficient for the country's needs. The aggregate commercial production of other vegetables will probably exceed last year's record.

Fruit To Exceed Record—The department said the 1941 commercial fruit crop was now expected to exceed the record crop of 1937.

Corn production was estimated at 2,626,000,000 bushels or the third largest crop since 1928. Production last year totaled 2,449,200,000 bushels. The department said the corn acreage was unusually small, but that husking reports indicated the yield seemed likely to average 30.5 bushels per acre, a yield exceeded in only two seasons, 1905 and 1906.

With both barley and grain sorghums exceeding previous records and oats above average, these crops, together with corn, formed a total feed grain crop of 104,000,000 tons, the largest since 1932.

Can Increase Flocks—"This production of feed grains is sufficient," the department said, "to permit farmers to increase their flocks and herds the six per cent that seemed to be indicated during the summer and to feed fairly liberally as in other years."

LOTS OF SHIPS—The files of the Federal Bureau of Navigation contain records of 300,000 vessels ranging from trans-Atlantic liners to motorboats.

Annual Barbecue And Field Day Scheduled

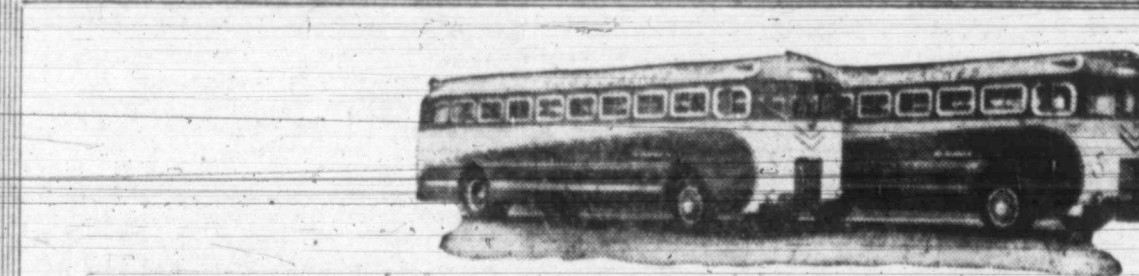

An annual barbecue and field day is to be held today by the von Roeder Seed farms of near Knapp, with C. N. and Nolan von Roeder showing to their friends their cotton-breeding plots. The barbecue was postponed recently because of stormy weather.

State experiment station officials have been invited to attend. The brothers, well known all over the state, have used a new method of planting cotton in planted 24 inches apart in two rows with spacing of three.

Average yield for the past five years, under this plan, has been between 475 to 500 pounds of lint per acre. Recently Don L. Jones, superintendent of the Lubbock experiment station and R. E. Karpenter visited the farm to observe experiments with grain sorghums, as well as cotton.

S. B. Jackson of 2414 Fifteenth street, a cotton man who owns Kemgas delimiting plants in Texas and Oklahoma, plans to make the trip, he said Saturday. The brothers have invited their customers and friends to the affair. Jackson has worked with them for a number of years.

The files of the Federal Bureau of Navigation contain records of 300,000 vessels ranging from trans-Atlantic liners to motorboats.

"Not a Cold Spot in the house since you put in those Clow Gasbeam Radiators."

"and this steam heating system needed no costly furnace or boiler."

Phone or see your Gasteam Representative today, and get an estimate. For industrial or commercial heating, investigate Clow Unit Heaters.

YOU TOO can get the benefits of complete uniform steam heat with Gasteam Radiators in YOUR home. HERE'S WHY—The only way to heat a house uniformly is to use individual radiators at the coldest parts of the house. Cold air is thus warmed as it enters the house, regardless of wind direction, instead of flowing across the floor from room to room in order to get to a large centrally located heater. When you light your home, you put a bulb in every room—you wouldn't think of lighting it with a searchlight. The same idea applies in heating. Use vented Gasteam Radiators and eliminate moisture. There are Gasteam Radiator sizes to meet every domestic and commercial use. They are easy to install, easy to use, and they are quickly available in your locality.

Museum Plans Made For Fall

Alm in the West Texas museum, still operating in a partially completed structure on Texas Technological college campus, this fall is to dramatize and highlight the rare and interesting items in the museum and completely rearrange all exhibits, said Dr. W. C. Holden, museum curator.

In a "Give-a-Brick" campaign last fall enough money and bricks were donated to complete the museum but the organization still lacks the approximately \$45,000 needed to put the bricks together. Museum officials still hope to obtain the amount needed for construction, and in the meantime, "are doing the best we can with what we have."

Head Is Mounted
As an example of the plan for dramatization of unusual items, the shrunken head of a South American head hunter has been mounted in a case with an unusual background and an explanation concerning the head underneath the object. The head, given to the museum by Hugh McCulloch, came from the Jivaro country on the Santiago river of the upper Amazon.

A "hall of ethnology" will be established and will contain Alaska material, exhibits of items relating to the Yaqui Indians, South American and African exhibits, and pueblo and Plains Indian exhibits highlighting the costumes, jewelry, pottery and basketry of the Indians.

Some of the Indian relics will be obtained through exchange with the School of American Research at Santa Fe, N. M.

"Rooms" Are Planned
In addition the museum will contain various "rooms," or roped off spaces in which material of various types will be displayed in proper settings. One will be the Hall of Texiana, containing all items in the museum pertaining to Texas, including a collection of rare documents and pictures. One will be a sod house, another a ranch parlor.

The art department will feature around exhibits of the Art institute, cases containing china, textiles, glassware and ceramics. The archaeological section will feature stone-bearing Indian pictographs which were obtained from the Madera ranch near Van Horn. Such pictographs are rare in museums.

To Restore Artifacts
Pueblo artifacts from the Arrowhead ruins at Gloria, N. M., will be restored and exhibited.

This fall Dr. Grayson Meade was added to the museum staff as paleontologist and will spend much time in the field.

The museum is open from 9 a. m. to 5 p. m. Monday through Saturdays and 3 to 5 p. m. Sundays. A drive for membership in the West Texas Museum association is to be conducted. Resident membership fee is \$2.00. Fee for those living out of Lubbock or students is \$1.

He Had Lion By Tail, Thereby Hangs A Tale

ALBUQUERQUE, N. M., Oct. 11. (AP)—He who grabs a mountain lion by the tail cannot let go, and thereby hangs a tale.

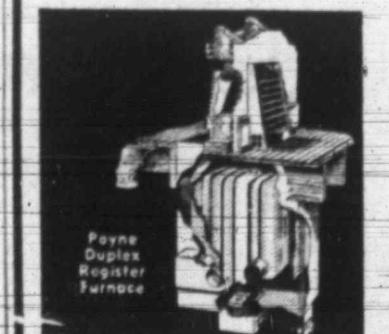

George Lescallett, Reconstruction Finance corporation representative, and Frank Armijo, head of the Chama mountain country, Lescallett said he wounded the beast, knocking it off of its perch.

Armijo found the lion on the ground with its teeth sunk in the ear of one of their dogs. He said he grabbed Leo by the tail, couldn't pull him loose, and was afraid to let go.

Lescallett had the gun, but he hadn't arrived so Armijo tightened his grasp and did some fancy jumping away from sharp claws. Then, Lescallett showed up and administered the coup d' grace.

New Hints Of Peace Efforts Heard

Hitler Wants Red Conquest

BY FRED VANDERSCHMIDT
Avalanche-Journal War Analyst
 It is entirely likely that any truce armistice balloons which Adolf Hitler has waited toward Russia in the course of his Moscow offensive were merely oblique harbingers of new attempts to make a peace with Britain before the winter snows blanket the battle dead in the east.

Hitler wants extermination of the Red armies and complete conquest of Russia in Europe, not compromise. It is only necessary to fit his own sentences together to realize that he is willing to give the British a peace offer which, on paper, might look fairly attractive.

Blames Only Churchill
 Eight days ago Hitler chose to say again that he did not blame the bulk of the English people for the war, only Churchill, "his co-agitators" and "international Jewry." The day before he made that speech he told his troops (as it later was disclosed for propaganda purposes) that they could win "the most essential condition for peace" if they smashed Russia in the decisive battle then beginning.

Subsequently, in a cascade of proclamations, Hitler had his underlings shout to the world that the battle with Russia was won. Actually, developments of the last few days prove that was not true. This morning, the Germans have to say, in effect, that they are still about the business of winning it.

Grandiose Campaign
 It is, therefore, difficult to escape the conclusion that Hitler is conducting a deliberate and grandiose campaign to make the people of Britain and those of America, fool believe that there is no use trying to sustain Russia any more and that it would be better to patch things up before the Germans, fattened by the wealth of all Europe, turn west with all their remaining men, planes and guns.

But this, according to the most reliable indications, is not going to work.

First: Hitler does not know the people of Britain, never did, never will. Second: The British and American statesmen who were in Moscow even while the great German offensive was raging have returned convinced that Russia is not licked and determined not only to provide Russia with supplies but to keep open a way by which they may reach the Red armies.

Copper Tree Is Latest Addition To Museum

AUSTIN, Oct. 11—Did you ever see a copper tree?

Well, the Texas Memorial Museum has one—but it doesn't yield copper nuts.

Discovered in Jones county by a University of Texas-WPA geological field crew, this tree is a 200,000,000-year-old fossilized specimen, hardened to metal by action of chemicals in the soil in which it was buried in prehistoric times.

The tree stands twenty-five feet high, and is preserved even to its limbs and twigs, something unusual in petrification, according to Dr. Sellards.

During the process of petrification, water in the sands in which the tree lies carries a mineral to replace the wood, Dr. Sellards explained. Most common of these minerals is silica, and is unusual for copper carbonate to be substituted, as was done on this tree, he said.

Due to lack of space in the museum, the tree is not on exhibition at present.

A Kansas man was arrested for chaining his son to a bed. Most sons don't have to be chained.

WHEN one thinks of Russia's Crimea, his mind dwells automatically on Czar Nicholas I, Florence Nightingale, and Alfred Lord Tennyson. Comes now Adolf Hitler to emblazon his name in the peninsula's history books.

The armed forces of Germany want the Crimea because it menaces the flank of the great Nazi army striking eastward toward the Russian Caucasus. They want it, too, so that Russia may be deprived of its big naval base at Sebastopol, city of 80,000.

The Crimean peninsula, size of Vermont, is good ground for winter fighting—its mild climate has given it the name Russian Riviera. Three mountain ranges form a windbreak on its southeastern coast; flat steppes down largely in wheat, take up three-fourths of its area. Inland Sebastopol is the capital.

Russian armies, seeking to extend Czar Nicholas' influence into Turkey, battled British, French and Ottoman forces in the Crimea for three years, 1854 to 1856. Fall of Sebastopol to the Allied army ended the conflict, remembered today because of nurse Nightingale's heroism, Tennyson's immortal "Charge Of The Light Brigade."

Texas Co-Eds Possess Definite Opinions On Everything From Politics To Careers, Survey Reveals; Draft May Change Plans

(Special To The Avalanche-Journal)
 AUSTIN, Oct. 11—That familiar picture of a gloomy, bewildered, college youth is headed for the museum wall, as results of a survey of co-ed opinion at the University of Texas may be believed.

The poll, questioning a representative group of 400 from dormitories, sorority houses, co-operatives, and campus offices employing students, showed Texas co-eds to be possessors of definite opinions on everything from politics to hair-ribbons.

Want 3 To 7 Children.
 Careers are all right in their places, they say, but that place is immediately after graduation. More than half of the University women students want a job the first year out of college, but ten years later, they're practically unanimous in voting for a home and family. Incidentally, that family will probably be one of from three to seven children. Statistics may show that the average American couple has only one child, but University girls choose three as the best number.

The draft will doubtless change the plans of many University students, but the girls aren't opposed to it. They aren't especially enthusiastic either, but they mark themselves up as being resigned—recognizing the necessity for military training. They want to do their part in defense, too, but they'd prefer it in the medical or nursing service and in home defense units.

Conscious Of Problems
 But while they are conscious of national problems, they aren't too preoccupied to take account of clothes and appearance and interior decoration. They shout down the popular notion that co-ed dormitory rooms are a night-mare of party favors, college pennants, and unmade beds. The style in room decoration, the poll declares, is distinctly utilitarian.

Even in this modern age, "mother knows best." At least 75 per cent of Texas girls declare that they discuss most of their problems—dates, careers, love, religion—with their mothers. But if they want to bring the subject up, no "prying" allowed.

Believe it or not, if a choice were forced upon them, they'd take a good mind over good looks—two-to-one! But they're willing to work on their looks—even if they do say that the motive behind their campus clothes is comfort, not a desire to impress anyone.

The average yearly clothes budget is about \$300. That takes care of those saddle oxfords, socks, skirt and sweater for campus, as well as something fancier for dates. In the "glamour game," they'll take perfume, tailored clothes, a startling coiffure, and a good conversational "line."

Sweden expects its 1941 fruit crop to weigh over 170,000 tons.

Photographs Of Oldest Buildings In Texas Are In Collection

AUSTIN, Oct. 11—More than a thousand photographs of the oldest buildings still standing in Texas have recently been acquired by the Archives Collection of the University of Texas Library here.

Taken as part of a nation-wide project of the Historic American Buildings Survey, the pictures make up a cross-section study of old-time Texas architecture. Among the buildings shown are the Stage Coach Tavern at Chapel Hill, Washington county; the well-known Old Post Office at Fredericksburg; and the Johnson's Institute building at Driftwood, Hays county.

Many of the photographs are of buildings—both public and private—which date from the period of the Republic of Texas. One was the home of Anson Jones, last president of the Republic, now preserved in the state park at Washington-on-the-Brazos.

The university library's archives collection is the home of more than two and a half million original manuscript documents which are source materials on the history of the State, the South and the Southwest.

Russians were established in Alaska long before the American Revolution.

OH ANN DEARIST IT'S SO SWELL T'BE SEEN' YOU AGAIN AFTER ALL THESE---

HAW HAW HAW--HA HA HA--

---YEARS--- WHY IT MUST BE FIVE YEARS---

WHY--WHAT TH'-- FER HEVVINS SAKES---

HO HO HO--- OUCH-- MY STUMMICK--HAW HAW--

WHERE'D HE COME FROM--YOU KNOW YOU AINT ALLOWED T'HAVE DOGS IN HERE!

SHHH--HE'S MINE. AINT HE SWELL? I FOUND 'IM OVER BY THE--HOLY SMOKES--GIT UNDER THE COVERS WITH 'IM---

HEY--WHAT TH'--

NEVER MIND WHY-- PLEASE--- I BEG YA--- PLEASE JOE PUT 'IM UNDER YER COVERS QUICK---

WHO'S GOT A DOG IN HERE--

--AHM--ARRR--ARRR--- I GOT A TERRIBLE COUGH SERGEANT-- LIKE A BARK IN MY THROAT--ARRR--- ARRR---

OH--- WELL WHY DON'T YOU GO AND SEE THE---

ARRR---ARRR--- YES---GUESS I'D BETTER---

SERGEANT--- I UH WAS GONNA TAKE 'IM OUT--- I DINT MEAN T'BREAK REGULASHUNS-- I'M--RILLY--- I TRY T'BE HONIST BUT JIST---

ARRR--- ARRR---

YOU SEE HE WAS LOST AN' I WAS GONNA TURN 'IM OVER AN' YOU WALKED IN THEN AN'--

THAT'S FINE PALOOKA-- IT'S THE GENERAL'S DOG AN' HE'S OFFERED A REWARD. GOOD WORK!

HEY WAIT--- I'M THE GUY FOUND 'IM AN' BROUGHT 'IM HERE. I FIGGERED HE WAS SOME OFFICERS-- I GIVE 'IM T'JOE T'HOLD FER ME--

JERRY!

--AN' IF THERE'S A REWARD IT'S MINE 'ON YER MINE 'ON YER WORD OF HONOR IS THAT TRUE OR AINT IT JOE?

Y-YES I WAS TRYIN' T'TAKE THE BLAME FER HIM.

JUST WHAT I THOUGHT! YOU LOOKED TOO GUILTY TO ME!

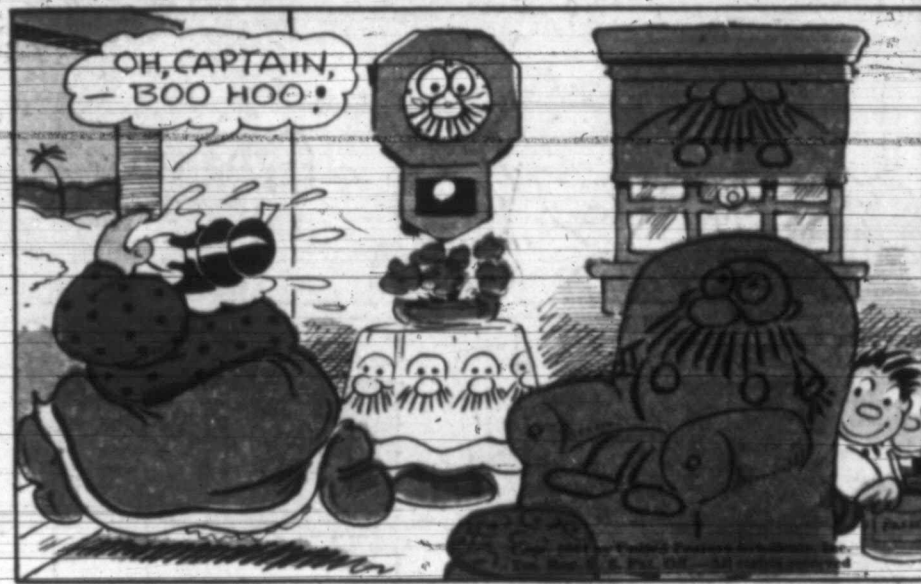

BUT HOW DID I DOUBLE-CROSS YOU? YOU DONE IT TO YOURSELF.

HOW D'YA LIKE THAT SERGEANT! SUCH A LIAR! SAYS THERE'S A REWARD AN' I BITE! HEY GIT ME SOME CIGS, WILL YA?
