

# Vast Civilian Defense Program Gains Speed Under Specific Plans

## "Home Front" Is Bolstered

By MARGUERITE YOUNG  
NEA Service Staff Writer  
WASHINGTON, Oct. 23.—Uncle Sam is just about set to enroll train and equip a home-front army of 11 million men with 1,500,000 schooled-for-trouble leaders, half of them women.

That's what the Office of Civilian Defense is building: An army. Its forces are citizens. Their weapons range from ten-ton fire weapons to handsticks, their duties from bomb hunting to baby tending. They are nonetheless an army. In fact, they constitute one of the most spectacular as well as important military factors on the "home front" side of total war.

There's what John Citizen and Mary Citizen expect orders in their own average town or average countryside home territory? — Within four months?

"No sir. Within one month!" answers U. S. Director of Civilian Defense, Florence H. LaGuardia. "We'll be ready to start training almost everywhere within about four weeks."

During the next 14 days, new civilian defense schools will open to train picked regular fire and police officers. First to come are schools in one of the Gulf coast towns and another in Omaha, Neb. Those locations signal significant facts about civilian preparedness in relation to strictly military considerations. One: Human organization and training are so well under way along the Atlantic coast that attention can be centered, now, on two other avenues of possible attack—the southwest, vulnerable to a move via Mexico, and the northwest, subject to a downswing through Canada.

These areas have been on the minds of the O.C.D. officials right along, of course; that's why, they explain, the first full statewide blackout took place, last month, not in New York or Georgia but in sparsely-populated New Mexico.

**Extensive Plans Made**

Another significant fact: O.C.D. backed, on paper, the huge program of providing the means of protection needed by about 50,000,000 people who live in Uncle Sam's doorway—a doorway which to O.C.D. includes all the territory stretching along the borders for 800 miles inland. They're blue-printing needs down to the last fire hose and gas mask—plenty of which do not exist and could be produced only by switching raw materials which are now OPACed for guns for the United States and the Allies. They've put in the works and in some cases are already telling the last housewife what to do with emergency tools.

**Costs May Be Enormous**

What all this will mean in dollars and cents nobody knows exactly. But last week LaGuardia asked Congress for authority to spend up to \$100,000,000 in buying and/or borrowing equipment.

Congress will hand over authority, probably in January. By that time, needs—notably, fire-fighting and medical supplies for field units—will be completely inventoried. LaGuardia recently questioned local authorities' responses showing just how short they are on fire department and hospital staffs are being tabulated.

Then, O.C.D., the priorities people, and the War department will get together and plan the necessary production. It will be allotted on the basis of military hazard.

These progress points give you just a faint whiff of the job that's been done by LaGuardia and his aides since President Roosevelt created O.C.D. last May 20.

There's a circumstance which in

### What You Can Do in Civilian Defense

- Air Raid Warden:** Enforces blackouts, directs people to shelter, detects and reports gas, toms, fire, gives first aid. Women and men wanted.
- Bomb Squad:** Removes, explodes without harm, delayed-action bombs. Picked men of regular police only.
- Auxiliary Police:** Enforces emergency light, traffic restrictions, guards docks and bridges, prevents looting, aids air-raid protection. Women and men wanted.
- Auxiliary Fireman:** Joins regular fighting forces when necessary. Thirty volunteers assigned to each auxiliary fire station. Men volunteers only.
- Fire Watcher:** Stands on roof, other lookout points, spotting and handling fallen bombs.
- Rescue Squad:** Saves air attack victims, shut off broken gas, electric, water lines. Men, working in squads of 10.
- Nurse's Aide:** Assist in field, work in wards and out-patient departments of hospitals to aid civilians in nurse-depleted spots, do visiting-nurse and public health duties, augment industrial and school services. Women wanted.
- Medical Corps:** Go with medical field corps, organized by hospitals, to aid casualties.
- Messenger:** Get communications through when normal means fail. Girls and boys 15 to 21 wanted.
- Driver Corps:** Transport for Casualty Clearing Stations, Message centers. O.C.D. suggests Coordinator of Transportation-control. Women and men wanted.
- Staff Corps Administrators:** Technical work at headquarters, typists, clerks, etc. Women and men needed.
- Emergency Food and Housing Corps:** Provide food and shelter in disaster. Qualified women wanted.
- Decontamination Corps:** Treat clothes and equipment, neutralize streets and walls affected by "blister" gas.
- Demolition and Clearance Crews:** Attack rubble, debris, unsafe walls with pick and dynamite. Men wanted.
- Road Repair Crew:** Restore traffic after raids, restore roads and markings. Men wanted for road crew.

**TO RETURN TO DUTY**  
DENVER, Oct. 23 (AP)—Brig. Gen. William E. Guthrie, of Denver, who suffered a breakdown in health two months ago, said today he expects to be back on active duty at Camp Barkeley, Texas, in command of the Eighty-Ninth Infantry brigade, within six weeks.

Police officers, who in turn teach citizen auxiliaries—firemen, policemen, air raid wardens. This will go right on while new schools operate in the Gulf, in the northwest and also in the Pacific coast area.

The FBI and O.C.D. will open 50 other civilian defense schools, scattered over the country but with appropriate concentration in vulnerable territory. There, picked police officers will study, go home and teach more who will then instruct citizen auxiliaries.

**Classes Scheduled**

O.C.D. and the Massachusetts Institute of Technology, with help from utilities and fire insurance companies, are holding classes for plant superintendents and shop foremen who will protect industrial and public buildings in any situation. Sixty military universities will start similar courses soon. O.C.D. got them going and gave them a printed pamphlet detailing methods and standards—down to the "spare bulb and battery" each key utility-squadman shall carry.

The Red Cross is training nurses-aides for field duties, and O.C.D. has issued a bulletin of medical service complete with organization chart and standard practices—down to marking foreheads of tourniquet-case air-raid victims "with skin pencil or lipstick." Every hospital is expected to form its own emergency field unit.

A plan to shield school children in school is about ready. La Guardia called together school heads, told them Britain's experience shows it's unnecessary, indeed unwise, to rush children to the country and rush them back again. Here, evacuation is well down on the list of protective measures. But this means every school child must be trained to cooperate under sporadic air attacks. By the end of this month, every school in the country will have O.C.D.'s pamphlet carrying the basic plan for drilling and disciplining the youngsters.

Finally, O.C.D. has planned and printed three pamphlets addressed to John and Mary Citizen, everywhere. One tells what to do under bombardment. The second "tells more definitely," La Guardia says. The third "gives specific instructions in relation to the building in which you live and the one in which you work." These will go forth to state and local defense councils and defense volunteer offices soon. They're being held back now to avoid unnecessary alarm. When that's done, every citizen who doesn't receive them is expected to go and get them from local defense officials, and learn them by heart.

**TAKES THREE IN DAWSON FAMILY**—One kiddo chrisn't enough in the J. L. Dawson family, but the Dawson triplets are entertaining themselves satisfactorily here although only one has the driver's seat. Jerry, John and Jesse Dawson, whose parents live three miles north of Shallowater, will be two years old today. All weighed less than five pounds at birth, but John weighs 26; Jesse, 25½; ad Jerry, 23. They were photographed Wednesday afternoon when they visited Stewart & Benson clinic. Mr. and Mrs. Dawson have two other children.

**Supreme Court**  
**SUPREME BENCH REPORT**

**KIDNEYS MUST REMOVE EXCESS ACIDS**  
**Help 15 Miles of Kidney Tubes**  
**Flush Out Poisonous Waste**

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of poisons and poisonous waste. If you don't do your duty, you may cause kidney trouble, rheumatism, gout, uric acid, and other ailments. Frequent or scanty urination, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty urination shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels. So ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Nationwide Swindler Held in Los Angeles**  
LOS ANGELES, Oct. 23 (AP)—Federal Bureau of Investigation agents today held Robert D. Hayes, 49, alias James Douglas Hughes, charged with swindling victims in all parts of the nation of "at least several hundred thousand dollars." Hayes was identified in a routine police investigation after he was arrested for slapping the face of a woman who knocked his hat off a cafe stool. Authorities found he was wanted in Portland, Ore., Phoenix, Ariz., and Dallas, on charges of fraud.

**SORE TOES**  
Are Nature's Warning That CORNS ARE COMING!  
Don't wait! At the first sign of sore toes from new or tight shoes, use Dr. Scholl's Zinco-pads for quick relief and to keep free of corns. They take the ache out of corns. Separate Medications included for speedily removing corns. Large family size box costs but a trifle.  
**Dr. Scholl's Zinco-pads**

one sense lightened, in another sense complicates the defense task. O.C.D. in Washington cannot by direct command move a man or woman an inch out of ordinary pursuits. That is, civilian defense is all voluntary and all done under existing local, county and state officials—with existing local private welfare organizations like hospitals and family aid societies tied in, too.

It fell to LaGuardia, in short, to do what he said Washington needed most, right after the emergency came—"co-ordinate the coordinators." Only, he takes in every hamlet and farm, and much of the population.

**Specific Program Planned**

Everybody ran to O.C.D. when the crisis appeared, especially that type of lady who has a lot of time to find something to do with, as well as a lot of patriotism. Organizations did so, too. They started registering volunteers and training them. LaGuardia let them, and there are now several hundred thousand registered and partly-trained volunteers. But the director says, and none too gently, "I'm sick of registering—we need to enroll, and get people in line for specific jobs in specific official units."

Matter of fact, the volunteers got ahead of necessary preliminary planning and organization. Now the O.C.D. has caught up, and is shifting the whole business of taking people in and feeding them to training points to a local center, the civilian defense volunteer office. There are 46 of these now, and the total will multiply in the next weeks. They are set up as part of the local defense councils, of which 2,862 are functioning and 250 are partly organized. To all of those, O.C.D. has just shipped a 35-page manual telling what to do, how to do it, how to set up and

get going.

In addition, this manual has gone to the 1,630 existing county defense councils (there are 3,000 counties in all) and to the 48 existing state defense councils. Any would-be volunteer can go to those officials and get the manual, and if there's no center nearby, the citizen can write his governor or ask his mayor for a manual—and the manual tells him how to help get a local civilian defense volunteer office into being.

O.C.D. in Washington does take responsibility for stimulating local civilian defense action, for standardized practice by means of detailed instructions, and for training key citizens. Here are some things already done about that:

The civilian defense school operated jointly by O.C.D. and the War Department's Chemical Warfare Service at Edgewood Arsenal, Md., has turned out three graduating classes—handpicked officers of local fire and police departments, who become local instructors, training more regular firemen and

# Seven Large Steel Companies Are Facing Prospects Of Strikes

## Thousands Of Miners Idle

(By The Associated Press)  
Seven large steel companies today faced the prospect of strikes in their "captive" coal mines next Monday midnight, while 20,000 Alabama coal miners remained idle in a wage dispute.

The CIO United Mine Workers last night issued a formal strike call in the captive mines, renewing their demand for a union shop. A similar demand last month caused a seven-day strike of 43,000 workers, ended by a 30-day truce arranged to permit the national defense mediation board to consider the dispute.

About 21,000 of the miners live in western Pennsylvania. The captive mines are operated by the H. C. Frick-Coke company (a subsidiary of the U. S. Steel company), the Youngstown Sheet and Tube company, and Bethlehem, Weirton, Wheeling, Crucible and Republic Steel companies.

**To Make Recommendation**  
Chairman William H. Davis of the mediation board said a recommendation in the case would be made by Saturday.

Alabama coal mine operators met last night with representatives of the CIO United Mine Workers for a discussion of the union's demands. An increase of 40 cents a day above the present basic wage of \$5.50, paid vacations, and changes in the methods of computing coal weight loss because of washing operations.

The defense mediation board has recommended a wage increase of 25 cents a day, retroactive to May 1, with an additional 15 cent increase to be granted when conditions warrant. The board's other recommendations include two \$10 payments for 1941 vacations, and payment of four cents a ton for washer loss.

**Appeal Is Sounded**  
While the Office of Production Management appealed to workers and management to avoid "interruption of work by strikes or slowdowns" in "these days when material on the battlefield is everything," there were these developments in the defense labor situation:

**Detroit:** CIO unionists, openly rebelling against their own union leaders, continued picketing the Great Lakes Steel corporation plant which until their walkout a week ago was producing tensile steel for defense uses. The strikers have asked for a new contract with the company, reinstatement of 16 suspended strike leaders, and for the removal of Orval Kincaid, Detroit director of the CIO Steel Workers Organizing committee. They contended that Kincaid did not give them a voice in union affairs.

**Crisis Is Averted**  
Pittsburgh: A decision to mediate averted for the present a threatened general strike of 250,000 AFL craftsmen in the Pittsburgh industrial area.

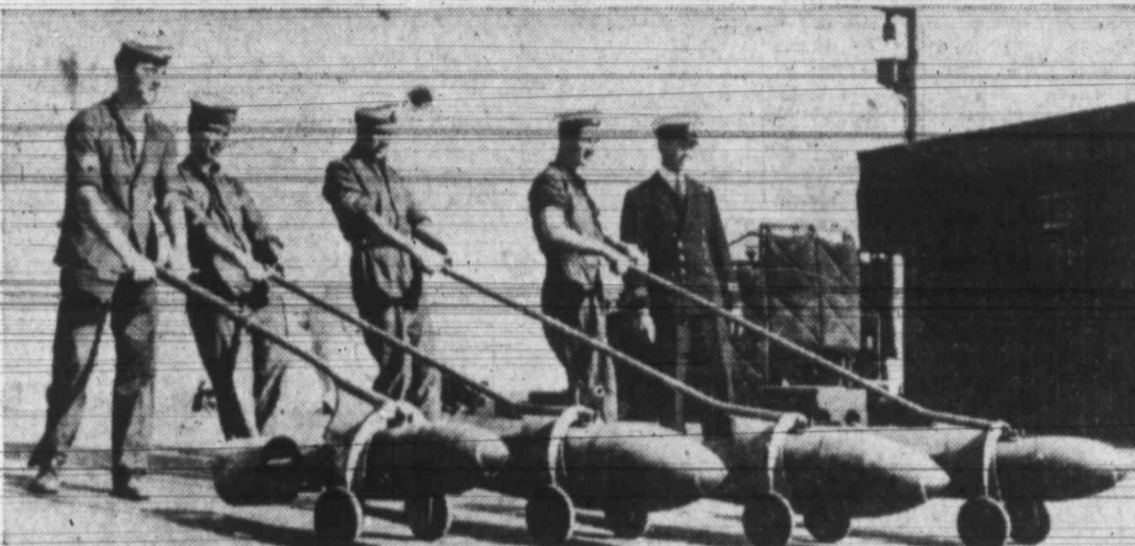

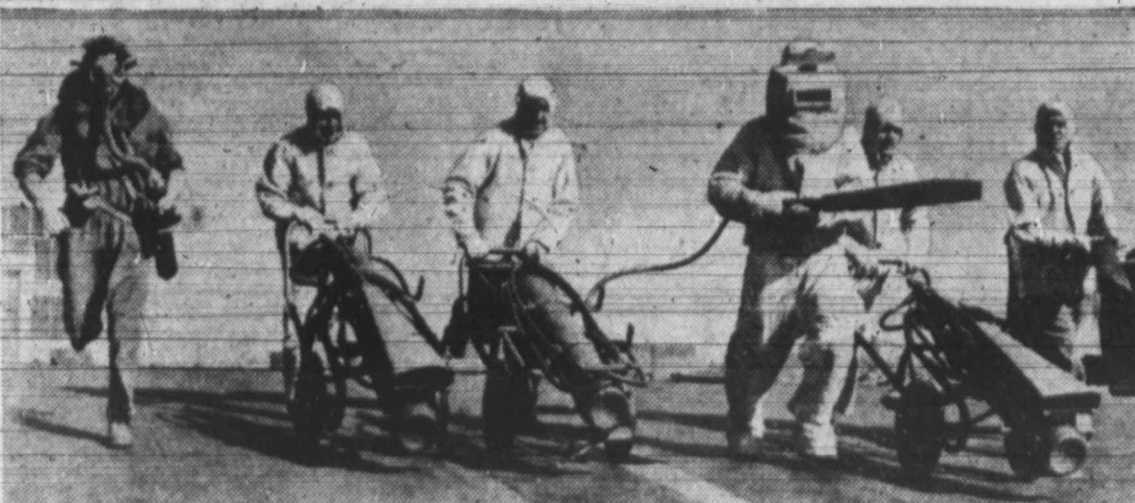

**Seattle:** About 1,300 welders and burners, members of a newly organized independent union, struck at a number of shipyards, holding up defense orders at the Seattle-Facoma shipbuilding plant, the Todd-Seattle Dry Dock, Inc., and elsewhere along the waterfront. The independent union demands the reinstatement of 177 welders at the Lake Washington shipyard, who were pulled off the job Monday by the Seattle Metal Trades Council (AFL), which acted under its closed shop contract with the yard.

**San Diego, Calif.:** Ryan Aeronautical company and the United Aircraft Welders of America signed a labor contract for the duration of the presidentially proclaimed national emergency. Wage increases for the 100 welders covered were indicated, but no details of the agreement were released.

**Impasse Reached**  
Buffalo, N. Y.: An impasse was reached in negotiations between CIO workers and the Bell Aircraft corporation, which has fighter plane factories located at Buffalo and Niagara Falls. The union, which has authorized a strike but has not set the date, seeks a general pay increase of 20 cents an hour, a union shop and the check-off.

**Chicago:** President Roosevelt's special fact-finding board investigating the national railroad wage dispute, having concluded its hearings, will draw up its recommendations to be in the president's hands by midnight, Nov. 5.

**Bendix, N. J.:** A picket line which CIO officials said was composed of 3,000 union members today formed at the strike-affected

**GAY TARS OF BRITAIN'S FURIOUS IN U. S. NAVY YARD**—Men aboard the Furious, British aircraft now a-mending in Philadelphia's Navy yard, are gay despite the vessel's foreboding name. Here some of them warm up with a fire drill in asbestos suits, top, wheeling extinguishers around the flight deck, while others take 500-pound aerial bombs out for an airing, bottom.

## Addition For School Okayed

Plans for the erection of an addition to Senior High school building to house a shop in which national defense industrial training will be provided were announced Wednesday by Dr. W. B. Irvin, city school superintendent.

The board of trustees of Lubbock independent school district has authorized Haynes and Strange, Lubbock architects, to prepare plans for the \$25,000 structure. Hope was expressed that it will be completed, with local funds, within three months from today.

**To Contain Three Units**  
The shop will contain three units: A sheet metal working shop,

Air Associates, Inc. plant which has \$5,000,000 worth of aviation contracts. Irving Abramson, chairman of the state CIO council, said "we're going to keep this plant closed down until Washington takes some definite action." CIO unionists called the strike September 30, accusing the company of unfair labor practices and refusal to sign a contract. The mediation board referred the case to President Roosevelt after failing to get a settlement.

that will eliminate conflicts with the defense work, it was announced.

**Federal Funds Available**  
At the termination of its service to the national defense program, however, the building will be used for high school industrial classes. Although local funds will be used for the building, Dr. Irvin has received notification that federal funds will be available to provide the shop tools.

The federal funds will be granted by the United States Office of Education through the trades and industries division of the Texas department of education.

**To Have 3 Rooms**  
The building will include two rooms 30 by 40 feet in dimensions and one room 24 feet by 28 feet. It will include offices, tool rooms, showers, washrooms and lavatories.

The machine shop, of course, will be intended for instruction in operation of metal lathes, steel-turning and other metal working machines. The sheet metal shop will serve as a laboratory for sheet metal workers, one of the most essential skills required in aircraft production and other industries.

School officials are planning that the electric shop, in addition

## Dawson Fair Opens Today

LAMESA, Oct. 23 (Special)—Judging is scheduled today in all departments of the annual Dawson county fair, which is to continue through Saturday.

R. N. McClain, Terry county farm agent, is to judge cattle and hogs, Don F. Turner, Lynn county agent, agricultural exhibits, and Miss Norene McNatt, Lynn county home demonstration agent, the women's exhibits. W. B. Collins is president of the fair association.

**Friday Children's Day**  
The association owns three buildings on its grounds in the south part of town—a livestock building, a commercial exhibits building and a general exhibits building.

W. Connally Baldwin is vice-president of the board of directors and Raymond Lee Johns, secretary-treasurer of the chamber of commerce, is secretary. Businessmen and farmers comprise the board. Ben J. Baskin, farm agent, is assisting in handling the affair.

Friday will be children's day. Each of the 17 schools in Dawson county will be closed and the children will attend the fair, coming in school buses.

**Band Program Arranged**  
Conway King, Lamesa high school band director, has arranged a special band program for the children.

J. Logan Gregg is superintendent of the hort division; Donald Street of the agricultural division; C. W. Shafer of the Hereford cattle division; J. M. Peterson, dairyman, of the Jersey cattle division

**NAUTICAL CUSTOM**  
Nineteenth century sailors were permitted by tradition of the sea to place one foot on the table after mess if they had rounded Cape Horn. Both feet were put up by those who had crossed the Arctic Circle.

Water power plants of the United States with 100 horsepower or more have a total installed capacity of 18,500,000 horsepower.

and N. S. Abbott of the junior Jersey division.

Miss Mattie Phenix, home demonstration agent, heads the women's division, including home demonstration clubs, girls 4-H clubs and other exhibits.

Prizes are to be paid winners, and ribbons awarded. Merchants have contributed \$400 for prize winners.

## Club Pledges Give Dinner

Members of Las Vivarachas club were honored Wednesday night when twelve pledges gave a dinner at the Mexican Inn.

Corsages of fall flowers were given as plate favors. Autumn leaves and chrysanthemums were used to form a centerpiece.

Pledges who were hostesses were Misses Myrnavae Barkley, Iva Ella Branpen, Ola Lee Brown, Ethel Burns, Mary Dawson, Helen Duff, Jane Gilby, Mary Patricia James, Nila Rae Miller, Grace Rooney, Mary Jo Ryan and Betty Carol Wood.

Members present were Misses LaVerne Allen, LaVerne Barton, Jo Nell Cox, Anna Kathryn Daverport, Annis Durham, Dorothy Lou Emmitt, Camille Graves, Sarah Hill, Frances Metcalf, Betty McEldred, Jewell McCoy, Dorothy Miller, Beth Newton, Lucille Payne, Martha Frank Plans, Shirley Rémhóld, Jeanne Rosco, Bertie Jo Shell, Flora Lee Williams, Winifred Woods and Mesdames W. S. Moss, Jr., and Pete Harmonson.

**Receive Six Members**

Lubbock Business and Professional Women's club attended a luncheon at Hotel Lubbock Wednesday afternoon. Five new members and a transfer member, Miss Mary Cobb, were received. They were Misses Delia Wilkinson, Evalyn Campbell, Charlotte Chester, Kathryn L. Cook and Mrs. Carl McFarland.

Misses Lalia Leguon and Velma Jo Bishop were guests, Miss Katharine Walker, Frances Metcalf, Chapman and Mrs. Allie M. Dyer reported on the district conference held at Pampa October 11 to 12 at which Miss Carol Ludeman was elected district director for district one.

Those attending were Mesdames H. C. Lewis, Lottie Wylie, Ethel Keenum, Vera Chapman, R. J. Watson, Ben F. Maxey, Allie M. Dyer, Willie W. Thomas, Letha Massie, Lottie Hillon, Floe Swenson, Lucille B. Sampson and Mabel Chapman.

Misses Katharine Walker, Ann Kelly, Elsie V. Link, Ella May Butler, Clara Pratt, Gladys Heaton, Estelle McAllister, Thelma Stallings, Una Alcorn, Lucile Robinson, Carol Ludeman, Elizabeth Barnes and Maud Dee Skeen.

Mesdames M. C. Rutledge and Leslie Cartwright were hostesses.

**EASY TO DO**—Two timely touches to tempt you to re-do the faded easy chair: Quilting it's quite the thing! and a striped flounce to conceal the scars on the chair legs. If you are used to the old-style hand-quilting, you've got a sewing surprise when you try the mechanical quilter. If gadgets get you down, you can consult your local sewing center for a swift send-off with this aid to slip-covering. The contrasting colors of the stripes to blend with the quilted part of the chair is a part point to note, too. The thing that will please you most about colors and designs this fall is being able to get matching shades in different fabrics with the labels you like. Cottons are chic.

with a Hallow'een party Wednesday afternoon for the Borden Needle club.

Those present were Mesdames Vaughn Winn, Leo Winn, J. C. Jarrott, Carl Hawkins, R. E. Ellison, Douglas Anderson, Tony Gilson, Ben Jenkins, Arthur Maxey, W. P. Pittman and Ivan Zickeloose, a new member.

Mesdames Vaughn Winn and Gregg Strader will entertain for the club on November 26.

Dahlias were decorations at a party Mrs. R. F. Coffee gave for the 1916 Needle club Wednesday afternoon at her home, 1220 Avenue O.

Mesdames Roger Pierce and Florence Lee were visitors. Members attending were Mesdames E. B. Green, R. H. Martin, J. W. Gamel, E. L. Banks, J. W. Wallace, Willie Brown, Tom Arnett, J. H. Kimmel, R. I. Tubbs, J. A. Pressley, J. M. Gordon, W. H. Edgett, W. B. Lyle and F. F. Young.

Mrs. George Ebbank, 2118 Twenty-third street, was hostess to the Needle Club-Bee Wednesday afternoon. A Thanksgiving luncheon was planned for Nov. 12 at the home of Mrs. C. M. Hawes. Visitors who attended the meeting were Mesdames J. J. Tyson, Ted Zachary, W. T. Holder and Virginia Eubanks and Sue Tyson.

Members present were Mesdames M. K. Simpson, Hawes, J. M. Lovelady, Odell Hughett, J. L. Pate, C. C. Chambers, Glenn Smith, and Bob Bowron.

**Gives Club Luncheon**

S. O. W. club members attended a luncheon Wednesday afternoon at the home of Mrs. E. C. Pool, 2306 Adams. A forty-two party to honor husbands was planned for the home of Mrs. R. J. Swayer.

Members present at the luncheon were Mesdames M. C. Robertson and

## Soprano Will Sing Tonight

Jean Dickenson, soprano of the Metropolitan Opera, will sing at Senior High school auditorium at 8 o'clock tonight, first artist of the current South Plains Civic Music association season.

Admission will be by membership cards. No single admission tickets will be sold.

Over Hill, Over Dale (Cook), By the Simplicity of Venus (Doves (Bishop), The Lass With the Delicate Air (Arne), The Wren (Benedit), L'Orgia (Rossini), Rose Softly Blooming (Spohr), Swiss Echo Song (Ecker), Laughing Song from "Manon Lescaut" (Auber), aria, Ah! Tardai Troppo, from "Linda di Chamounix" (Donizetti), Ouvrez (Desaui), air de L'Enfant from "L'Enfant et les Sortilèges" (Bavay), Le Coquer (Carreloube), Quand la hache tombe (Gretchaninoff), Staccato Polka (Mulder), Orientale (Marian Bauer), Indian Lullaby (Gruen), A Little China Figure (Leon), My Laddie (Thayer) and Voices of Spring (Strauss).

## Personals

J. V. Jones, jr., chief clerk in the division freight and passenger office of the Santa Fe, is confined to his home with an attack of the flu.

Harvie D. Pool, assistant county agricultural agent, who undertakes an operation for sinus trouble, is reported as improving in West Texas hospital.

## City Federation Is To Meet Friday Morning

An important meeting of the City Federation has been slated for 9:45 o'clock Friday morning in the pine room of Hotel Lubbock. An executive board meeting has been set 15 minutes earlier by Mrs. George Berry, president.

Committee reports will be made on the survey for possibilities of a local service organization for men to be stationed at the twin engine air base near Hurlwood.

## School Carnivals Will Be Given Friday Night

Witches, riding traditional brooms, feeding shocks, pumpkins and costumes will form the background for carnivals to be given at two grade schools Friday night. Games of chance, contests, musical programs and refreshments are to be features of the events which are open to the public.

Central Ward school carnival will begin at 6 o'clock. An admission fee of five cents is to be collected.

George R. Bean carnival is to begin at 7:30 o'clock.

The parent-teacher associations are sponsoring the entertainments, assisted by room mothers clubs.

## Van Meter-Hughes Vows To Be Read Dec. 1

Miss Hazel Hughes, daughter of Mr. and Mrs. E. C. Hughes of Stanton, is to marry Ed Van Meter, son of Mr. and Mrs. W. E. Van Meter of 2206 Ninth street Dec. 1, in Dallas. Announcement of the approaching marriage was made Wednesday afternoon.

Miss Hughes is a graduate of Wolforth High school and a former student of Texas Technological college. She was a member of the Shari social club.

Mr. Van Meter is a graduate of Lubbock High school. He is now employed with a local bakery.

The couple will make their home in Lubbock.

## Latin Club Is Planning Fall Social Activity

Tech Latin club is planning an annual dance, banquet and Christmas party this fall and plans were discussed at a meeting of the group Tuesday night in the administration building. Mrs. William G. Dingus is club sponsor.

Dr. Mary Louise Breedlove of the English department will address the students Nov. 18.

The bulldog originated in England.

**We The Women**

BY RUTH MILLETT

If you want to know whether or not a man and woman are married — you can find out without asking. Just follow them into a restaurant. They are if—

She seemed interested in the menu than in her companion at the table.

He pulls out a letter or paper.

He carefully adds up the bill before paying it.

and begins to read, while waiting for the meal to be served.

## EYES FOR ONLY THEIR FOOD

Both concentrate on their food when it is served.

There's no leaning across the table between courses.

She keeps looking around the restaurant, sizing up all the other women present.

When he gives instructions to the waiter she joins in.

She asks the waiter if such-and-such a dish is good before ordering it, and then makes him tell her exactly what is in it.

She wants to know if the dessert is included in the special dinner.

When the music starts she looks wistfully at the dancers.

When the bill is presented she stretches her neck to see the total.

He carefully adds up the bill before paying it.

She notices the size of the tip he leaves.

## THE "THIS ALWAYS HAPPENS" EXPRESSION

She realizes that she no longer has her gloves, and she wears a "this always happens" expression as he goes back to lock under the table for them.

She gets up without waiting for him to help her with her coat or to pull out her chair.

They are both silent as they leave the restaurant, and he walks just a half step ahead of her as they go to get in their car.

for him to help her with her coat or to pull out her chair.

They are both silent as they leave the restaurant, and he walks just a half step ahead of her as they go to get in their car.

**"WILD WEST" TRIM**—Many accessories for the campus were inspired by cowboy trappings. These "Wild West" gloves are of deerskin, trimmed with fringed medallions. They are of the new single-stem construction which makes even plump hands sleek and streamlined. Soft, supple deerskin is a brand new substitute for pigskin, which is becoming a rarity in this country. The flower-print wool scarf carries out the western motif. It's tied cowboy-fashion.

## Wesleyan Guild Circle Sews For Red Cross

The Noah circle of the Wesleyan Guild of the First Methodist church sewed for the Red Cross Wednesday night at a meeting in the home of Mrs. L. H. Simpson, 1402 Avenue M, with Miss Velma Jo Bishop as hostess. Those present were Misses Maud Dee Skeen, Ann Kelly, Charlie Jackson, Gladys Noah and Evalyn Campbell.

## Lubbock Delegation Goes To Levelland

Regardless of rain, members of a chamber of commerce good neighbor delegation planned to leave early this afternoon for Levelland to visit the Hockley county fair, chamber officials said this morning.

They were advised by Melvin Sisk, secretary of the Hockley county board of development and the fair association, that the fair opened on schedule during the forenoon with most of the exhibits in place. He said, however, that some of the livestock exhibits probably will not be in place until late in the day. The fair is to close Saturday night.

Those for whom reservations had been made in the official Lubbock Chamber of Commerce car are Frank Wilson, chairman of the delegation, and O. A. Terry, C. W. Ratliff, J. L. Quicksall and Bennett Slagle, of the chamber staff.

Slagle reminded that another good neighbor group headed by Ray Farmer is to attend the Dawson county fair in Lamesa Friday. The delegation probably will leave from the city hall about 10:30 a. m.

## Visitors Are To Have Tea

Numbered in the entertainments being planned for the women's auxiliary of the Texas Sheep and Goat Raisers association here with their husbands who will attend a directors meeting today and Friday is a 4 o'clock tea Friday afternoon in the home of Dr. and Mrs. Clifford B. Jones on Tech campus.

Assisting Mrs. Jones in hostess duties will be Mesdames Maple Wilson, R. C. Goodwin, James G. Allen and W. L. Stangel.

Officers of the auxiliary are: Mrs. H. C. Noelke, San Angelo, president; Mrs. J. Eugene Cowden, Mountain Home, first vice-president; Mrs. Sayers Farmer, Junction, second vice-president; Mrs. Len M. Mertz, San Angelo, secretary-treasurer; Mrs. Foster Rush, Van Cour, corresponding secretary.

## POSTPONE PARTY

Because of the rain, a party planned for the Arnett-Benson club for tonight has been postponed indefinitely.

The United States consumes about 65 per cent of the world output of tin.

## Las Amigas Club Party Given By Mrs. Smallin

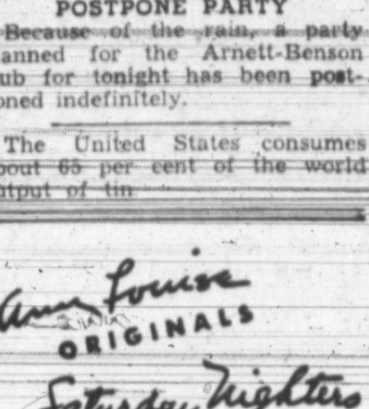

Forty-two games were the diversion when Mrs. Dow Smallin, 2335 Nineteenth street, entertained for Las Amigas club Wednesday afternoon.

Guests were Mesdames Carmen Williamson, Drew Warren, Roy Jordan, Horace Miller, Joe Johnson, Vernon Talbot and Rex Smallin.

**SKULL-DUGGERY**

DUMAS, Tex. (AP)—Authorities started a quiet investigation when rains uncovered a skull, with a jagged hole in it, near here. The skull was found in the State Department of Society for study. The department subsequently sent it to anthropologists at Texas University. Their report said it undoubtedly was the skull of a middle-aged Indian who probably died around 1900.

After years of experimentation Brazil is utilizing native fibers as substitutes for Indian jute in making sacks.

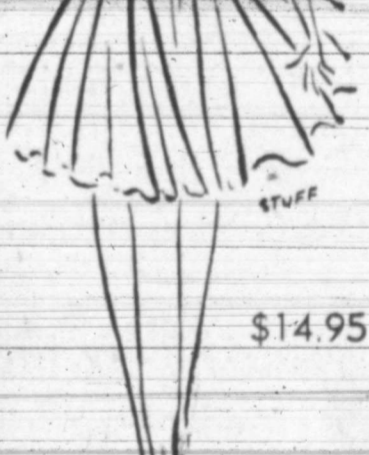

**Amie Louise ORIGINALS Saturday Nighters**

Just as surely as pumpkins are yellow, Hootin'-Tootin'-Teens will strike a happy note in PLUFF'n STUFF. Wear them on your big Saturday nights, when the fiddle plays gay.

**IF NOSE CLOGS UP TONIGHT**

Put 2 purposes V-a-tro-nol up each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion... and brings greater breathing comfort. Follow the complete VICKS V-A-TRO-NOL directions in folder.

**Introducing Harmon Jenkins**

A member of the family in the new home of Jenkins Jewelry.

Harmon Jenkins.

Age 30, tall, dark and handsome... but married. Harmon is our credit manager. Coming with us after seven years as assistant manager of Swift & Co.

Harmon attended Texas Tech and married another Tech student, Jean Ayres of Floydada. It only takes 5 minutes to "charge it" at Jenkins Jewelry. And if we know you... it takes less than that.

Harmon also pinch hits in the various departments and if you are looking for "courtesy from a clerk".... Harmon is your man.

Well, our opening date for our new home is drawing close at hand. Watch for date... and let's make it a date!

Sincerely yours,

J. D. Jenkins

**Eatmor Cranberries**

Did you ever make upside down rolls the KARO way?

For Sunday breakfast or supper, these delicious Karo Buns will make your family "sit up and take notice". They're so flavorful, so satisfying... and really easy to make. Just follow this recipe:

**KARO ROLLS**

2 cups sifted all-purpose flour 1/2 cup melted butter  
3 tsp. baking powder 2 tsp. granulated sugar  
1/2 tsp. salt 1/2 cup Karo (blue label)  
1/4 cup shortening 1/2 cup chopped nuts  
1/4 cup milk 1/2 cup chopped dates

Sift flour with baking powder and salt. Cut in shortening. Add milk slowly, to form a soft dough. Roll out on a lightly floured board into 4 rectangles 2 inches about 1/2 inch thick. Brush with 2 tsp. of the melted butter; sprinkle with sugar, then roll up as for jelly roll. Cut into pieces 1 inch wide. Mix Karo with the remaining melted butter. Add nuts and dates, and spread in bottom of greased 8-inch cake pan, or in large muffin pans. Arrange circles of dough cut side down on top of Karo mixture. Bake in a hot oven (450 degrees F.) 15 to 20 minutes or until brown. Makes 14 to 16 rolls.

**A First Line FOOD FOR DEFENSE Against Fatigue**

● Fitted and Boxed Plaids, Tweeds and Fleeces

● Fitted Herringbones Tweeds for Larger Women

● Colors and Sizes for Every Woman and Miss

● Beautiful Black Dressy Fabrics

USE "RUDY'S" POPULAR LAY-A-WAY PLAN

MUCH has been written about feminine hygiene. But too often women overlook hygiene in the REAL sense of the word—underarm cleanliness and sweetness. You cannot be attractive with underarms moist, stained and smelly. Use Atrid, the new cream deodorant.

1. Atrid does not rot dresses, does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly checks perspiration 1 to 3 days. Removes odor from perspiration, keeps armpits dry.
4. Atrid is a pure, white, granular, stainless vanishing cream.
5. Awarded Approval Seal of American Institute of Laundering as harmless to fabric.

Women use more Atrid than any other deodorant. Try a 10c, 50c or 59c jar today at any store which sells toilet goods.

# Lubbock's Fans Try Hand At Picking Westerner-Sandie Winner

## Optimism Rides High As Day Of Days In Grid Wars Draws Near

Framed in tradition-soaked background of more than a quarter of a century of gridiron classics, Lubbock and Amarillo today are feverishly preparing to write another chapter in a rivalry unparalleled in Texas schoolboy history.

It was back in 1910—William Howard Taft was president... Uncle Sam had never fought or thought of a World war... The nation itself was yet to grow... The first railroad had been completed to the Hub of the Plains only the year before... Lubbock then was a sprawling community on the great plains—the beginning of an agricultural domain that was to be carved out of a cattle empire... J. E. Vickers, who now resides on the Plainview highway, was the first coach of Lubbock High's first football team... And the setting was a cowtown in Amarillo... Lubbock and Amarillo!

**They Met In Their First Game**

Like mixing a Dodge and a Giant, mixing thoroughly for a few minutes and then surveying the results... Anyway, the Lubbocks and the Amarillos were meeting in their first football game. There were no bleachers, no pep squads, in fact, very few spectators. The coaches served as officials (no one else knew how)... the teams played straight through... two 30-minute halves... And Lubbock won, 6 to 0, kicking the extra point... The touchdowns in those days counted only 3 points, the extra point as it is today... John Jarrott, another longtime Lubbock resident, may claim the honor of scoring that first touchdown against the north Panhandle eleven... And great was the rejoicing even then for the Hub of the Plains... The teams played twice that year, Amarillo journeying to Lubbock and gaining a deadlock a short time later... Two contests also were played with Plainview, one lost and one won... And now, 31 years later, another Lubbock High aggregation, the Black and Gold Westerners, is to invade the helium city. But this time a throng of more than 12,000 hysterical football fanatics will jam historic Butler field for a game that has the schoolboy spotlight of Texas limelighting it as "the game of the week." It's "the game of the year" any year for the two cities involved.

**Lubbock High's first football team:** "I pick Lubbock to win by a very close margin."

**E. J. PARSONS,** department store manager: "The Westerners will win. They have the will, the heart and the training. I'll take them over Amarillo about 13-6."

**R. B. McALISTER,** KFYO sports announcer: "Lubbock has it. They'll hit an Amarillo line that has everything, but once the Westerners start throwing passes the game will become a victory march for them. Lubbock 13, Amarillo 6."

**THE PLAINSMAN,** for 18 years the most optimistic fan preceding each Lubbock-Amarillo game: "What have the Sandies got that we haven't got? Lubbock will start winning most of the Westerner games as soon as all of us realize that our North Plains rivals are more 'Brass Brainstorms' than Golden Sandstorms. I'll take the Westerners, as usual, 19 to 7."

**ROBERT OLIVER,** negro shine boy: "Ah ain't shuah, but Ah'll take Amarillo. They got something that Amarillo 14; Lubbock 12."

**L. E. DAVIS,** insurance man: "I think it'll be Lubbock, but I wouldn't venture to guess the score. Both teams might score—Amarillo by passes."

**NAT MULLINS,** department store clerk: "I'll be Lubbock without too much trouble. Of course Amarillo has something, yet they'll go down to the score of about 18-7."

**WES YOUNGBLOOD,** KFYO sports announcer: "Lubbock, 19-7. Amarillo has no pass defense and no offense. All they have is a big, rough tough line and I don't think we'll even mess with that."

**COLLIER PARRIS,** sports editor, Avalanche-Journal: "Amarillo by 13-7. Amarillo's superior line and the psychological advantage of playing on their home field should turn the trick for the Sandies."

**HELEN FLEMING,** Lubbock Sanitarium nurse: "Amarillo 13-6. The Golden Sandstorm will obliterate the bewildered Westerners."

**P. MILLSAP,** city recorder of police court: "I'm not sure just who'll win, but it'll be a good game throughout."

**ALTA BUSBY,** drug store waitress: "It'll be the Westerners 15-7. Don't ask me why, I just know the Westerners will win."

**ARLIE CRITES,** theater manager: "Lubbock by 6 points. Amarillo is good, just not good enough."

**D. JARRETT,** drug store co-owner: "The Sandies will be smothered, stopped completely. Lubbock, 20-7."

**MRS. GEORGE BREWER,** vice president of the Western Mothers club: "I wish I could be sure the score would be in our favor, don't you? I'd be happy and well pleased if the game ended Lubbock 7-9."

**MRS. S. J. NABERS,** who recently returned to Lubbock after a residence in Amarillo where she taught in Sam Houston Junior High school: "I'm such a poor fan I would not like to predict a score but we'll win no doubt although perhaps by not too wide a margin. When I lived in Amarillo I found it hard not to be on Lubbock's side. I am rooting for the Westerners now."

**VERA WARD,** West Texas hospital nurse: "Lubbock, because the team has a better spirit, is better coached, and is playing for a better city."

**A. J. GLASSMAN,** department store manager: "Lubbock is a sure winner. They are at least two touchdowns better than Amarillo."

**CLARENCE NOEL,** Junior High student: "Both Lubbock and Amarillo are plenty good. I don't know which one is really the best, but I'll bet on the Westerners."

**CY LAMASTER,** Cowhand coach: "Well, Lubbock's backfield is just about as green as that of Amarillo's. And Amarillo has one of the best of high school lines. Looks to me like the Westerners will have a tough evening. Guess the game is a toss-up."

**LEETE JACKSON,** Tech freshman halfback and former Westerner: "It'll be the Westerners without too much trouble. Amarillo goes down."

**DEL MORCAN,** Red Raider coach: "It'll be a close game with the breaks counting high in the outcome. Still, I'll be optimistic and pick Lubbock."

**BUDDY MEYERS,** freshman student at Tech and from Amarillo: "Amarillo has the edge however slight—The Sandies, 13-6."

**DR. W. B. IRVIN,** superintendent of Lubbock schools: "The game will be very close. Both teams will have learned a lot by the time they meet, and each will be ready to play a much better brand of ball than they have been playing."

**MRS. NEIL WRIGHT:** "I think Lubbock will win by a touchdown. And of course it will be a very good game."

**BO SEXTON,** telegraph company manager: "If Amarillo is held to 2 points, Lubbock will have played a good game."

**J. D. HASSELL,** department store executive: "Lubbock by 1 point. The teams are evenly matched."

**MRS. L. B. WRIGHT,** mother of Billy Wright the Westerner captain: "I think Lubbock will win if the field is dry but I don't think there will be much chance if it is muddy. Our boys are too light to shove heavy Sandies around. We'll win by a good score if the field is dry."

**ORAN WILSON,** drug store owner: "Lubbock by 6 points. Just because we've got the best ball club—no doubt about it."

**PARKER F. PROUTY,** general manager, Avalanche-Journal: "Having seen both Lubbock and Amarillo play, I feel that Lubbock should win by a touchdown if the weather is normal or if Amarillo doesn't decide to wash the field off with a fire hose as they have done in the past."

**OLA MAE DELLES,** nurse at St. Mary's hospital: "Lubbock will win, but not by too large a margin. I have faith in the Westerners and I know they won't let me down."

**VERNON HERNDON,** hotel manager: "Of course, Lubbock will win—and by 13 points too. They have developed fast and have an offense that will beat Amarillo."

**DOLORES BIZZELL,** cheer leader at Senior High: "The attitude of the Westerners and the fight that's in them will win the game Saturday. They'll be trying their hardest and we can depend on them to bring victory back for Lubbock High."

**TOM PENDERGRAFT,** hotel manager: "Lubbock will win but

**TO BECOME MOTHER—** Jackie Coogan, 'The Kid' of movie fame, has announced that he and Mrs. Coogan, above, are expecting an heir. Mrs. Coogan first denied the reports but later confirmed them after she had talked with Jackie.

the score will be close. I think the Westerners are the underdogs but this time the underdogs will win. I'm betting on them."

**GEORGE BENSON,** banker: "I hope Lubbock will win but am afraid they won't. They never do so good when they play in Amarillo and I heard it rained a flood up there last night too."

**POWER NOT EXERCISED**

No president of the United States has ever had occasion to exercise his constitutional power to adjourn Congress "to such time as he shall think proper," since both Houses have always reached agreement as to adjournment time.

**Amazing way to help run-down people get new vitality... pep!**

A truly marvelous change can be brought about by overcoming miserable digestive complaints, underweight, sluggishness and loss of appetite—all by two important steps—

Restore vital digestive juices in the stomach... energize your body with rich, red blood. Here's how!

If you are one of those unfortunate who have been ill, have suffered with colds, the flu, worked under a strain, failed to eat the proper foods, or have been vexed by overtaxing worries... yet have no organic trouble or focal infection... and your red-blood-cells have become reduced in vitality and number... if your stomach digestion refuses to work properly, then here is good news for you!

S.S.S. Tonic is especially designed to build back deficient blood strength... to revive and stimulate those stomach juices which digest the food so your body can make proper use of it in rebuilding worn-out tissue. These two important results enable you to enjoy the food you do eat... to make use of it as Nature intended. Thus you may get new vitality... pep... become animated... more attractive!

Feel and look like yourself again.

Yes, when you tone up the stomach and get its digestive juices flowing freely, you should enjoy again that old-time zest for food... stomach digestive juices should vanish. S.S.S. Tonic also gives you the mineral matter in soluble and digestive form to restore your blood to its rich, red color... this makes for greater strength... color in your cheeks... resistance against disease attacks.

Because S.S.S. is in liquid form it begins its work as soon as you take it. Just about the BEST product made for daily diet. You will be delighted with results. Scientific research shows that S.S.S. Tonic usually acts results. Thousands and thousands of users have testified to the benefits it has brought to them—that's why so many say "S.S.S. Tonic builds sturdy health and makes you feel like yourself again." © S.S.S. Co.

**QUINTUPLETS** relieve misery of **CHEST COLDS** this good old reliable way

At the first sign of the Dionne Quintuplets' catching cold—their chests and throats are rubbed with Musterole—a product made especially to promptly relieve distress of colds and resulting bronchial and croupy coughs.

The Quints have always had expert care, so mother—be assured of using just about the BEST product made when you use Musterole. It's more than an ordinary "salve"—Musterole helps break up local congestion!

**IN A STRENGTH:** children's Mild Musterole, Also Regular and Extra Strength for grown-ups who prefer a stronger product. All drugstores.

**S.S.S. helps build STURDY HEALTH**

# Americans Now Becoming Acquainted With "Ersatz" -- Substitutes

## Shortages Are Being Made Up

(First of three articles on how and why substitute materials are playing an increasingly important role in American life.)

By JOHN GROVER  
Associated Press Staff Writer  
WASHINGTON, Oct. 23.—Dr. Necessity is prescribing ersatz pills for Uncle Sam to alleviate acute shortages of defense materials. Ersatz is the substitution of what you have for what you can't get. The United States, experts say, can't produce enough of a number of vital materials to supply both the arms program and normal civilian needs.

**Munitions Top List**  
Civilian needs necessarily get the short end of the stick—munitions come first. You can't get or shortly won't be able to get—thousands of common articles as you know them now.

There are about 18 basic shortages, says Robert E. McConnell, OPM's chief of conservation and substitution. He says quite frankly we're entering an era of ersatz. Here are the materials we lack: Aluminum, cork, copper, mica, nickel, alloy steels, tungsten, zinc, tin, chrome, manganese, mercury, plastics, nitrates, rubber, power, steel, lead.

These shortages threaten everything from Junior's soda pop to the fillings in grandma's teeth.

**No Copying Nazis**  
But don't worry, American ersatz isn't taking the German form of paper clothing. You can't get or adulterated breadstuffs. Economists say we'll continue to have the necessities of life in full, accustomed measure.

It's the non-essentials they're curtailing or substituting. There are only three answers to shortage problems: (1) substitution; (2) conservation and salvage; (3) doing without.

The public is gradually getting acquainted with all three. There will be some doing without. The government experts tell you to make no mistake about that. That whack in automobile production quotas is only a sample.

**Plan Educational Program**  
There'll also be a nationwide educational campaign to teach Americans—the most wasteful people on earth—to conserve stuff they already have, to salvage useful metals and materials.

There'll be two kinds of ersatz—painless and obvious. Here's painless: Pop will yodel just as happily while shaving for all that his shaving cream comes in a lead foil instead of a tin foil tube. It seems insignificant, but the substitution will save 2,500 tons of the vital metal a year.

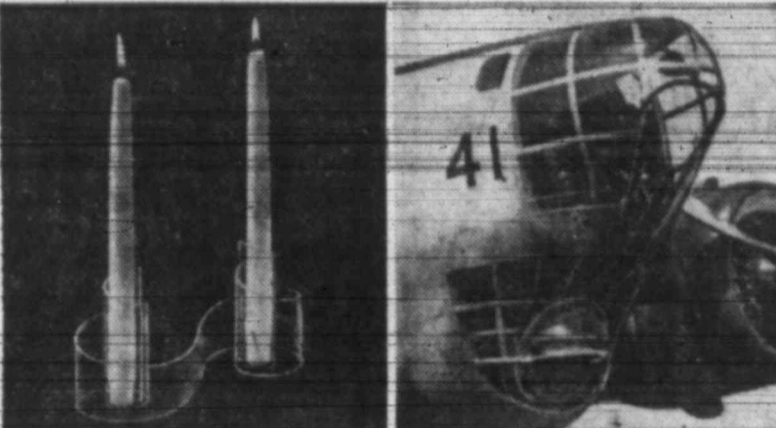

The canned beans Pop gets the day mother overstays at her bridge club, will come in a can coated inside with a 0.0006-inch thickness of tin, instead of the pre-defense .0006-inch plating. The 10 per cent cut in can plating will save 5,000 tons of tin annually and won't affect quality at all.

**Substitute For Tapioca**  
One shortage can cause another, too. All available things are being used to rush tin and rubber from the Orient. That doesn't leave shipping room for tapioca, normally the second largest shipment from the Far East.

Tapioca is mighty important in industry. Only 5 per cent of the imports goes into boarding house puddings. The rest is used for shoes, envelopes, and holds the leather layers in shoes together. Ersatz stickup from corn and

**BABIES AND BATTLESHIPS** are just one pair of contrasts that drive home why there are such things as shortages and priorities. The same material (kerosene) used for this baby's trousers is used in processing steel walls of battleships.

**BEAMS AND BOMBS:** A second lesson in contrast. Transparent plastic, delicate enough to form home candlesticks, is strong enough to withstand power dives and be front "windows" of giant bombers.

**FINGERNAILS AND FURY:** or, what happens to acetone. The chemical is an essential part of most fingernail polishes, but is even more essential in packing wallop into high explosives.

### Tokyo Claims 'Honor' Of U. S. Navy Hurt

NEW YORK, Oct. 23 (AP)—The Tokyo radio, said last night in a broadcast heard here by CBS: "In spite of fact that more than a month has elapsed since the president of the shooting order by President Roosevelt, American naval vessels, although they are fully equipped, are still unable to destroy or sink any German submarines or battleships.

"This has created a very serious problem of honor for the United States navy, especially when the American destroyer Kearney has been inflicted severe damage, had eleven members of the crew killed and ten wounded."

### U. S. Destroyer Said Attacked Because It Cruised With British

ROME, Oct. 23 (AP)—Virgilio Gayda wrote in the newspaper Giornale D'Italia today that the United States destroyer Kearney was torpedoed because it was cruising with British warships.

(The other end of the Axis, Berlin, said claims the Kearney and other American vessels had been torpedoed were "fakes" designed to create war fever in the United States.)  
Gayda said that all American vessels aiding Britain in war zones would be treated as belligerents.

"THEY CALL ME 'DOC'"  
"When someone complains of indigestion I hand them one of my ADLA Tablets"—wrote Mr. M. of Penn. If "Doc" met you he'd probably hand YOU one! Ask your druggist today for ADLA Tablets and see how quickly they relieve gas and heartburn.—Mark Halsey, Drug Stores Adv.

# France Reazens Nothing From Collaboration With Nazi Leaders

## Hopes Of Year Ago Dimmed

(By The United Press)

VICHY, Oct. 23.—France, compared with the hopes of one year ago, has found that it had settled almost nothing beyond the release of 100,000 prisoners of war.

It was one year ago tomorrow that Philippe Pétain and Adolf Hitler laid the foundation for Franco-German collaboration.

**Hopes Not Realized**

Since then, France has realized none of the principal hopes she placed in collaboration. In addition, 400,000 prisoners still are behind the barbed wire fences of German camps.

France had believed that the Nord and Pas de Calais departments on the north coast would be returned, but they are still "hostage" provinces of the German military administration in Brussels.

She had even hoped that some solution would be found to save Alsace and Lorraine, but these provinces are now under a German garrison and 40,000 Frenchmen have been expelled.

**Paying Full Amount**

She had hoped Germany would cut the occupation cost of 40,000,000 francs (about \$6,000,000 a day) by at least half to help avert inflation, but France still pays the full amount.

She had hoped Germany would eliminate the interzone demarcation line, or at least move it north of Paris, but here again there has been no change.

The German side of the ledger shows:

French war factories, although slow to start production of planes, tanks, artillery, and munitions, now are humming with activity as they fill German military contracts.

**Food Sent Germany**

France has shipped Germany 40,000 head of cattle a month, 14,000,000 bottles of champagne, 300,000 cases of beer, 100,000 cases of all of her wine reserves, cheese, potatoes, sugar-beets, wheat and fruit.

Skilled French laborers, in all about 100,000 men, have gone to work in German factories.

"Peace industry" orders, the manufacture of alarm clocks, typewriters, machinery and other goods for German export in exchange for food and raw materials, are being filled by French factories.

The Vichy government insists there has been no military collaboration with Germany beyond the recruiting of a "volunteer anti-Communist legion" numbering about 2,200 men to fight against Russia.

**To Keep Possessions**

The government has asserted repeatedly that it would not turn over its African possessions, including the important Atlantic base at Dakar, to Germany.

Vichy authorities have waged a constant but losing fight against inflation, chiefly because of the heavy occupation cost. This has not been reduced although German forces in France that totalled 60 divisions a year ago are less than half that today.

Despite the fact that France has the second largest gold reserve in the world—most of it cached in New York and Martinique—it has barely enough gold to cover 20 per cent of her commitments and last September had to raise the ceiling for treasury advances from the bank of France from 218,000,000,000 to 130,000,000,000 francs.

**Aged Heir**

(Continued From Page One)

would receive \$300 a month for life, but if he re-married, she would get a lump sum of \$30,000 with no more monthly payments.

On June 13, 1940, she married Wanda Drake.

**To Receive Payments**

Judge Wilson ruled that under terms of the will, all real estate income to pay off the debt and if we sell, it will mean a big reduction in the income.

"It is anybody's guess when the two old brothers, the daughter and other heirs will get anything."

So far, no payments of bequests have been made.

**Four Merchant Ships Are Reported Sunk**

BERLIN, Oct. 23.—The German high command said today that U-boats had sunk four merchant ships totalling 32,000 tons, including the 14,000-ton troop transport Aurania.

Gloyd's register of shipping lists an Aurania as a 19,904-ton passenger liner of the Cunard-White Star line. Her port of registry was given as Liverpool.

It was stated that the ships were

## Daily Markets

**KANSAS CITY REPORT**  
KANSAS CITY, Oct. 23.—(AP)—Wheat 1.18; corn 1.12; soybeans 1.15; other produce and poultry unchanged.

# Hockley Ready For Big Fair

LEVELLAND, Oct. 23 (Special)—Despite rain, everything was in readiness this morning for the opening of the Hockley county fair which will continue through Saturday, according to Melvin Sisk, secretary of the Hockley county board of development and the fair association.

**Livestock Exhibit**  
In addition to the community exhibits and crop exhibits, there also will be handcraft, flower, canned goods, livestock and art exhibits. Educational displays include those by Boy and Girl Scouts, health exhibit, defense savings bonds exhibit, and home defense flag exhibit.

Scottie Samson of Post will judge the crop and flower shows. Although names of other judges were not available tonight, Sisk said visiting county agents and other agricultural officials would judge.

A wide variety of entries in the livestock division was reported. D. W. Sherrill, Hockley county farm agent, is superintendent of the crop division and Miss Fannie Brown-Eaton, home demonstration agent of Hockley county, heads the women's division.

**Thursday Children's Day**  
Thursday is children's day and the schools of the county have been asked to dismiss for the day so that pupils could attend. The fair will open its gates to the children and no charge for admittance will be required by the midway, which includes the D-S. Dudley shows. After Thursday there will be a charge of 10 cents for admittance to the carnival grounds. The exhibits are free to all at all times, Sisk announced.

One of the features of the carnival show is acrobatics by a performer atop a 150-pole.  
At 3 o'clock Thursday afternoon there will be a band parade for the visiting bands under direction of O. L. Bartholomew, Levelland High school band conductor. That night there will be a marching contest to be participated in by the bands, and pictures of the winning band will be published in the local papers.

Cash awards will be presented all first and second winners and ribbons will go to third place winners.  
C. B. Edgar, Whittharral farmer and stockman, is president of the fair association. Barring inclement weather, a good attendance is expected, he said.

## Hoblitzelle Named Statehood Chairman

AUSTIN, Oct. 23 (AP)—Commr. A. Garland Adair today appointed K. Hoblitzelle, Dallas theatre owner, as chairman of the Texas Centennial of Statehood commission.

The commission, authorized by the 47th Texas legislature, will plan for the celebration in 1945-46 of the centennial of Texas' entry into the United States. Adair said that it would be Hoblitzelle's task to appoint a central council for coordinating the fairs and festivals expected to be held throughout Texas in 1945 and 1946.

Hoblitzelle was active in the 1936 celebration of Texas' 100th birthday as a republic. He later produced the motion picture, "Cavalcade of Texas," which was shown at the New York and San Francisco world fairs.  
Adair said that the appointment was made after he had conferred with Gov. Coke Stevenson, Col. Paul Wakefield, Texas representative to the New York World fair, and others interested in the statehood centennial observance.

## Campus Parking At Tech Being Sought

Joe College and his girl friend want to be allowed to park on Texas Technological college campus, according to the Treador, student newspaper.

Petitions to the administrative council asking that the ban on campus parking be removed are being circulated and, according to the student newspaper, are being signed by "numbers bordering upon thousands."

"Seemingly the most popular plan for the return of campus parking has been the advocated 'restricted area,' whereby a zone, possibly lighted at the corners, would be designated for parking of couples," the Treador said. The student newspaper has run a series of editorials advocating campus parking.  
No petitions had been presented to the administrative council Wednesday afternoon.

**UNMEASURED**  
Scientists have been unable to measure the velocity with which gravitational force is transmitted through space from one body to another.

**BUOY MEETS GIRL**—As thousands gape, Agnes Miller ends ride in breeches buoy from third-floor window of plant at Camden, N. J., during demonstration of U. S. Coast Guard equipment.

## Appeals Court

**CRIMINAL REPORT**  
AUSTIN, Oct. 23 (AP)—The following proceedings were had Wednesday in the court of criminal appeals:

Affirmed—ex parte O. G. Taylor from Harris county; ex parte Nick Marks from Ellis; Howard D. McCallahan from Jasper; Julia Jordan from Brazos; Henry Allen Hill from Dallas; Horace Foster from Dallas; Charlie Barnes from Gregg; ex parte H. E. Rhodes from Nueces; ex parte S. T. Johnson from Red River; Dan Smith from San Saba; Thomas J. Dix from Wilson.

Reversed and remanded—John Square from Smith.

Appeal dismissed at request of appellant—Albert McDonald, Jr., from McLennan.

Order directing issuance of mandate—Albert Wesley, Jr., from Dallas.

Appellant's motion for rehearing overruled—Alex Fambro from Jones; Alfred Funchard, alias John Cornell, from Milam; Rosendo Arguijo from Hidalgo; T. C. Nystel from Somervell.

Appellant's motion for rehearing granted, reversed and remanded—S. L. Stanley from Harris.

## News Briefs

**Daughter Is Born**—Mr. and Mrs. Gordon Sanders, 1212-A Ninth street, are parents of a daughter weighing 6 pounds, 15 ounces, born Wednesday afternoon at 9:50 o'clock in West Texas hospital. She was named Joan Elizabeth. Sanders is with Sanders Funeral home.

**Son Is Born**—Mr. and Mrs. A. E. Cogburn, Lubbock, route 2, are parents of a son weighing 8 pounds, born Wednesday night at 7:35 o'clock in the home. Cogburn is a dairyman. The birth was reported at St. Mary's hospital.

**Birth Is Reported**—Mr. and Mrs. J. F. Nicholson, 1524 Twenty-seventh street, announce the birth of a son weighing 7 pounds, 1 ounce, in West Texas hospital Wednesday afternoon at 2:10 o'clock. Nicholson is a railway mail clerk.

## Drawing Of Jury Panels Complete

Drawing of jury panels for the November term of 72nd district court was completed Wednesday, according to Royal Furgeson, district clerk.  
Grady Harris, deputy sheriff, representing the sheriff's department, and Furgeson drew the names in the presence of Judge Blair.

The seven-week term opens Nov. 3. November 17 has been designated criminal week. The term ends Dec. 26.

Eight to 10 years is the average life span of the ant, although some have lived to 15 in captivity.

# "Rain, Rain Go Away," Is Prayer Of Lubbock's Football Fans This Week

## Fifteen Conference Games To Be Played Over South Plains Area

### Six Champions To Be Decided; One Already Chosen

BY JOE PIERCE  
Journal Sports Writer

The blitzy battling for football championships on the South Plains rounds the stretch turn this week and points down the November-straightaway that will decide winners in the five districts of the area.

There are 15 conference games slated making this the biggest week end of all the season.

One Champ Chosen

One champion has already been determined—Petersburg in the north zone of District 4-A—and there are six to go. And a number of Friday's and Saturday's games will be decisive.

Tops on the card is, of course, Saturday's contest between Amarillo and Lubbock in District 1-AA. All that traditionally hinges on a Sandie-Westerner game will, more than likely, rest on the result of this one—the championship of District 1-AA, and perhaps even of the state.

Of course, there are other games to be won after this one is history before any team can call itself champion. But Saturday's winner will be an easy favorite for the district crown.

Thousands Are Expected

Butler Field will be jammed in every available spectator area, with more than 12,000 expected to crowd through the gates.

This reporter picks the West-generals to win, because Lubbock has shown more touch-down-getting ability this season, along with a defense that has done much better than the Sandie guardians—and because seven boys in Lubbock's starting lineup were starters last year and well remember the sting of the 14-0 defeat they took from Amarillo.

The Class A districts yield nothing to 1-AA. There are a half-dozen contests scattered here and there which may decide championships.

Three Games Slated

In the north half of District 5-A, for instance, where an even five teams are still in the very middle of a battle for the championship, three games are slated that'll bear on the title.

Top game in that area is Olton's invasion of Littlefield. The mighty Mustangs, seeking to bounce back from a stunning upset by Slaton last week, will rank as favorites over the once-beaten Littlefield team—but a couple of thousand fans will jam Seely Field to see what goes on.

Leveland, rated not very strong but still tied for the circuit lead, goes to Morton for what's expected to be an easy test. But the Indians are anxious to revenge a terrific 72-0 beating they took a year ago.

Sudan Must Win

Sudan, only a shade behind the leaders, is host to Muleshoe; and must win to stay in the running. This game matches a couple of Texas Tech teammates of two years ago—Prince Scott is coaching at Muleshoe and Phillip Harmon at Sudan.

The fifth team in the 5-A north zone race, Slaton, takes a vacation from conference fighting to meet an opponent of long standing, the Post Antelope. Post will be underdog by a wide margin—but under the same setup a year ago the Antelope swarmed all over Slaton and earned a 12-1 tie that was a victory until the last moments of play.

Brownfield's Cubs face another obstacle in their march to a fifth consecutive south zone crown in the Denver City Mustangs, who play at Brownfield Friday night. Denver City has been springing upsets all season, but it's doubtful if they have what it takes to surprise the Cubs.

Seagraves Is Favored

One other 5-A conference game matches Tahoka with Seagraves in the Gaines county capital. Seagraves will be a slight favorite because of Tahoka's beating by Seminole last week.

Seminole this week entertains Class B Andrews in a non-conference game, and O'Donnell faces an invasion by Crosbyton of District 1-AA.

The Paducah-Floydada clash at Floydada, matching last year's champions and this year's favorites, tops the 4-A card, with secondary attention going to the Matador and Ralls and Lockney at their conference titles.

Petersburg, already the winner in the north zone of 4-A and waiting for the south zone to pick a champion, plays a south zone game, meeting Cooper under the lights at Cooper. The Golden Bulldogs clinched their title two weeks ago with a decision over Abernathy. Previously they had beaten New Deal and Hale Center in a conference game, and Abernathy journeys to Southland for a league contest. In the south zone, Meadow plays at Friendship in a

# SPORTS

PAGE TEN—LUBBOCK, TEX. THURSDAY, OCTOBER 23, 1941

FRONT-LINE RESERVES—A couple of lads who may prove to be very valuable additions to the Lubbock-Westerner cause Saturday afternoon are pictured above. Left, Wes Hamilton, left end who has started several games this year but probably will play second fiddle to Hubert Bechtel in this game. Right, Robert Brewer, a sophomore playing his first year on the Westerner team. Brewer may start at left halfback. Coaches last night were still undecided whether he or Howard Lanford would get the call.

## Today's Sports Roundup—Latest Rumors Declare Gabby Hartnett Will Take Over The Reins To Manage The Phillies

BY HUGH FULLERTON, JR.  
Associated Press Sports Writer

NEW YORK, Oct. 23—Ever hear the one about the little fish that didn't get away? . . . The George Ruppert fishing contest offers prizes for the smallest fish caught as well as the big ones. . . Current leader is a Black sea bass weighing 75 grains or 0.1714 ounces. . . Al Weill, who has four featherweights and five wetters in his fight stable, is talking about putting two of them together to make one heavyweight who might lick Louis. . . Al currently is raving about Pedro Hernandez, his youngest feather, who he claims is a real prospect. . . Dan Topping, who is threatening to make some trades in his football Dodgers, don't wake up, was seen listening attentively when Ossie Sojeman-

scribed the beauties of the "formation to the football writers the other day, especially when Ossie remarked that his contract runs out this year.

**TODAY'S GUEST STAR**  
Jerry Mitchell, New York Post: "Zeke Bonura was released by the army. His 33 years made him an over-aged destroyer."

**HOT STOVE WARMUP**  
Latest rumor about Gabby Hartnett is that he will manage the Phillies next year, but there's some doubt whether Gerry Nugent would put up the kind of dough Gabby would demand for that job. . . Freddy Hutchinson, who won 26 games for the Buffalo Indians, didn't pitch a game after he rejoined the Tigers and the story is that his arm was "dead" the first time he tried to warm up after flinging five times in ten days for the Bisons. . . The famous Dodgers-Giants feud didn't keep Bill Lohman from inviting four Brooklyn players up to his Ulster county (N. Y.) farm for a bit of hunting after the season closed. . . One ball player who won't have a chance to hold back a few dimes from his pay is Johnny Rigney. His new bride, the former Dorothy Comiskey, is treasurer of the White Sox and signs Johnny's pay checks.

The Pascoog, R. I. park race track will present a "Marlene Dietrich" trophy Saturday to the horse with "the most perfect legs." If one turns up with legs like Marlene's the spectators probably will have to be de-nerved. . . Although Stuffy McEwenan, Columbia fullback, got a busted nose last week, he expects to play 60 minutes, as usual, against Army Saturday. . . Coach Lou Little says "we may relieve him after 50 minutes if we're well out in front" . . . Windsor (Colo) high school already has closed its football season—the school shut down so the boys could help with the sugar beet harvest. . . And Chippewa Falls (Wis) high makes its opponents seeed in more ways than one. The team is known as the Cardinals and two of its star backs are Gene Cardinal and Bernard Cardinal. . . Boston college's halfback, Ted Williams, is used mainly as a decoy while other players run with

loop test, while Ropes is seeking an opponent for an open date. In District 3-B, two conference tests are on tap, the cellarite Farwell team playing the defending champion Amberst group at Amberst and Spring playing at Whit-barral. Spring Lake, co-leader with Amberst in the non-conference game with Dimmitt.

Below is the complete schedule for the week, with this reporter's choice as the probable winner in CAPTALS:

**DISTRICT 1-AA**  
LUBBOCK at Amarillo. We like the Westerners, but we won't give points. **PLAINVIEW** at Borger. Plainview is a toughie, but we think it'll win. **PAMPA** at Childress. Because District 1 is tougher than District 2. **DISTRICT 4-A**  
CROSBYTON at O'Donnell. But we think the Eagles will score for the first time this year. **PADUCAH** at FLOYDADA. What do you say to a game of giving any team a lot of trouble. **LOCKNEY** at SPUR. We can't resist trying to pick one upset a week. Maybe this one. **MATADOR** at Ralls. On the flip of a coin. **DISTRICT 5-A**  
OLTON at Littlefield. On the rebound, Amveland at Morton. But not a rivalry. **MULESHOE** at Sudan. A couple of Red Raider buddies of a couple of years ago—what their teams at each other, and we'll take Phil Harmon. **SLATON** at Post. Off their records, Slaton by 30 points, but we think it'll be a game this year. **DENVER CITY** at BROWNFIELD. There are those who say the Cubs could beat Lubbock Westerners. **CROSBYTON** at O'Donnell. But this is the best chance O'Donnell will have to win a game this season. **TABOKA** at SEAGRAVES. Those three new teams are tough, aren't they? **ANDREWS** at SEMINOLE. There have been complaints because we've been missing the winner on Seminole's games. So this week we give it to the Indians. **DISTRICT 3-B**  
SPRING LAKE at Dimmitt. Just guessing. **FARWELL** at AMBERST. We'll take the defending champions. **ANTON** at Whitbarral. Another upset. **DISTRICT 4-B**  
AMBERNATHY at NEW DEAL. A shaky vote for the Antelope. **COOPER** at NEW DEAL. This one's a shaky. **PETERSBURG** at COOPER. We'll stick with the champs. **MEADOW** at FRIENDSHIP. The Terry county boys are improving fast.

## Red Raiders Dely Weather Feature Battles Slated For City

If the New Mexico Lobos can come no nearer to stopping the Texas Tech football team Friday night than has an unkind weather man on two days this week, then the Lobos might as well give up now.

It rained, and hard, Tuesday. It rained, harder, Wednesday. But still the Red Raiders and their freshman understudies, the Picadors, went hard at it in drills both days, trying earnestly to get ready for feature games this week.

The Raiders meet the Lobos Friday night.

The Picadors play the Cameron Aggies Saturday afternoon.

Both games are at Tech stadium.

Blackboard-Lessons

Coaches Morgan and Huffman brought the varsity boys inside the fieldhouse during the heaviest part of yesterday's downpour, and they huddled around for a blackboard lesson. Later they scampared back on the field and worked a lot of time to defensive work against New Mexico players.

The freshman gridgers stayed out in the muck all afternoon, whooped and yelled and practiced industriously for their Saturday afternoon contest, with the Cameron Aggies.

Tickets for the Friday night "parents day" game moved briskly at the downtown office, but slower at the Tech gymnasium. The ducats will be on sale at the Hilton Hotel-lobby today from 10 a. m. to 2 p. m., and fans are urged to make purchases while they last. Before and after those hours, Ticket Manager Mule Dowell will be at his office in the Tech gymnasium, and all day Friday.

Indications are that the largest crowd of the season, thus far, will be at the Friday night game. Advance ticket sales have far exceeded those of the two previous home games.

## Tech's Judgers Are Eighth In Contest

Texas Technological college dairy products judging team placed eighth among 22 contenders in the international collegiate contests at Toronto, Canada, according to a telegram received Wednesday.

Texas Tech's team ranked third in judging of milk and tenth in butter judging. Roy Moffett, Tech student from Camp Springs, placed eighth in milk judging. Joe McGregor of Lubbock placed tenth in milk judging, and Miller Gilham of Hughes Springs placed tenth in butter judging with a score of 11.5, the winner having a score of eight. In the dairy products judging, points are placed on a scale of added and the contestant with the least points wins.

**Ohio State First**  
Among teams, Ohio State university placed first, Connecticut Agricultural college ranked second and Michigan State college placed third.

Mart G. Pederson, associate professor of dairy manufactures, was team coach. The contest was held at the International Dairy Industries Exposition Monday.

**15th At-Kansas City**  
Texas Tech's senior livestock judging team returned Wednesday night from Kansas City, after placing 15th in the contest at the American Royal Livestock show. Students, who made the trip were Haynes Baumgardner of Wellington, William Griffin of Sylvester, Ollie and Warren Linder of Wolf-ford, J. T. Rodgers of Lubbock, J. P. Sharp, Jr., of Tulsa and Johnnie Starkey of Muleshoe. Ray C. Mowery, professor of animal husbandry, was team coach.

Sharp was fourteenth in individual judging and was high man on the team.

**FATE TAKES A HAND**  
PHILADELPHIA—Sophomore Guard Ed Crane of the unbeaten Pennsylvania eleven escaped without injury in the Princeton contest during which brother guards Dick Di Battista and Bob Hartwig were hurt. But yesterday Crane sprained an ankle while running to class.

the ball. . . That probably explains why he doesn't get much attention from the Fen-way fans, who are used to a Ted Williams who is de Mc-Coy.

**WRONG APPROACH**  
When Umpire Beans Reardon was asking President Ford Frick of the National league for a raise, he remarked: "I'd retire from umpiring if I had enough money." . . . Frick promptly turned down a raise for fear Beans really meant it.

**CANT DO IT**  
Man cannot voluntarily stop completely the rhythmic process of inhaling and exhaling by holding his breath, and thus cannot commit suicide by this means.

## Paso Fans Are Accustomed To Seeing Air Filled With Leather

(By The Associated Press)

EL PASO, Oct. 23—The other night Texas College of Mines amazed the nation by throwing 61 passes and completing 32 against Loyola at Los Angeles.

That, the statistician said, was a record for pitching the leather.

But it was no surprise to the folks here in the home of the Texas Mines. They are accustomed to seeing the air filled with footballs every time they go to a game.

Because Owen Price, the guy who led that foray out at Los Angeles, has a counterpart in Billy Squires, who hangs up records for El Paso High.

Squires, the Davey O'Brien of the West Texas mountain country, thinks nothing of throwing 40 passes a game and he's surprised if he fails to connect with 25 of them.

And rain, snow, hail or wind—it's all the same to Billy, who found out long ago that a straight line is the shortest distance between two points, therefore he could throw a football at a spot better than he could carry it.

Spark of El Paso High's unbeaten Tigers, Billy has pitched 82 passes in four games and completed 48 for 562 yards.

That's chunking in anybody's league.

But that's nothing for Billy. Take last season:

Against Bowie of El Paso he pitched ten for ten. Against Amarillo, the team that won the state schoolboy championship, Squires flipped 42 and completed 27—and he did it wearing gloves! The game was played in an ice storm.

His best mark this season is 22 out of 29 for 166 yards. That performance tumbled rugged Pampa from the state's undefeated ranks.

This year his team has scored 92 points. Billy made 38 of them and his passing led to the other 40.

Coach Jewell Wallace, who used to know some great flippers back at Texas Christian university, says: "He's the finest high school passer and the coolest player I ever saw."

Wallace thinks he will make a college star of the same type as O'Brien and Sammy Baugh, passing greats of T. C. U. in years gone-by.

It might be recorded here, that Coach Dell Morgan of the Raiders has dropped from his system considerable of the optimistic attitude he generally expresses. Frankly, he fears an upset, and he is tougher on the gridgers this week than he has been all season.

He's a bit on edge, thinking of previous Tech-New Mexico games when Tech was supposed to hold the upper hand only to be caught napping by brilliant bits of strategy on the part of Coach Ted Shipkey and his tricky gang. Morgan is driving the Raiders pretty hard this week.

Personally, we think the Raiders have had just about enough of getting slipped up on by New Mexico, and that they're ready for what comes.

**Two Giant Tackles To Tangle Saturday**  
CAMBRIDGE, Mass., Oct. 23. (AP)—Fans at the Harvard-Navy game Saturday will see two of the season's biggest tackles.

Midshipman Gene Fishmann is 6 feet 3 inches tall and weighs 250 pounds. Harvard has Verne Miller, who is 6 feet 2 and weight variously estimated from 250 to 399 pounds.

**Henry Is Worried About The Aggies**  
TULSA, Oct. 23. (AP)—You can't blame Coach Henry Erns, for worrying about the strength of the Oklahoma A. and M., eleven which his University of Tulsa gridgers must face Saturday.

Herel Hickman, who was a regular guard for Tulsa as a sophomore, hasn't been able to make the first team since transferring to the Aggies.

**FELLER IN 1-A**  
CLEVELAND, Oct. 23. (AP)—Bob Feller, ace pitcher with the Cleveland Indians, last night was placed in Class 1-A by his local selective service board.

Wayne L. Thompson, secretary of Board No. 20, said Feller's order number is 2857 and that it "will be a long time before he will have to go."

The Fish and Wildlife Service in Washington has the world's largest collection of data on where and when wild birds occur in North America.

## Rival Coaches Hope For Sun Golden Sandstrom Working Indoors

Forty-eight hours from the time you read this you'll know who won the Lubbock-Amarillo football game of 1941.

But until that time rolls around, you and you and you and all the rest of West Texas' football fans

**MORE TICKETS HERE**  
If you haven't got a ticket to the Lubbock-Amarillo football game it might be a good idea to call Flaky Levey at the Hilton hotel ticket office right away.

Levey, after selling all the original Lubbock allotment of tickets, got in another batch of almost 500 last night. After an urgent plea to Amarillo authorities, they went on sale at 10 o'clock last night, and it's just possible there may be a few left.

The seats are back of the goal line. Seats left would appreciate late last night.

have no choice except to be patient and pray for your own favorite team.

**Hope For Dry Weather**  
Because old Father Time is peculiar about things like that. He just won't be rushed, no matter what the urgency of the affair that's coming up down the line.

Coaches Bull Lynch of Amarillo and Goober Keyes of Lubbock jointly hoped last night for lifting of the rainy weather which has been prevalent in both Lubbock and Amarillo the last two days.

If it doesn't rain in Sandiland today, the Lynchmen will take their first outdoor workout since Monday. They were forced to drill in the gymnasium Tuesday and Wednesday, and limited their exercises to limbering-up drills.

**Start Early Today**  
The Westerners will start a little early today in an effort to escape mid-afternoon rains that forced them to shorten Tuesday's and Wednesday's drills.

The continued rainy weather caused speculation on prospects of the teams on a muddy field. Coach Keyes declared:

"Our chances will be greatly reduced on a muddy field, and there would be a strong possibility of a scoreless tie."

**Statistics Are Tricky**  
But both teams were hoping for a dry field for the game—as were some 12,000 paying customers who already have plunked their money on the line for the game.

On the basis of the records, there's little to choose. The two teams have met one common opponent—Vernon. Amarillo edged the Lions 12-6, Lubbock tied them, 0-0.

And other games played this year are equally unrevealing in picking the winner.

And even if there were plenty of dope, one would be perfectly safe in throwing it all out the window.

It wouldn't mean a thing. Because, when Lubbock plays Amarillo:

Anything can happen—and usually does.

**Auto Race Champion Is Killed In Crash**  
SHREVEPORT, La., Oct. 23. (AP)—Gus Schrader, 46, of Cedar Rapids, Iowa, mine time national dirt-track automobile-driving champion, was fatally injured last night when his speedy little racer rolled wheels with another during a contest at the Louisiana State fair.

Schrader's car, which he had designed and built at a cost of \$15,000, connected with one driven by Jimmy Wilburn, Portland, Ore.

**Men if you want a better shave tomorrow—try Pal Hollow Ground blades today!**

## Ferguson Picks Winners But He Admits They Are Tough

BY HARRY FERGUSON  
United Press Sports Editor

NEW YORK, Oct. 23—If the little man over in the corner will kindly quit yelling "yah, yah, yah, you had nine losers last week, we will get down to business."

**SOUTH:**  
Alabama over Georgia—Starting with a tough one, just to get off on the wrong foot, so to speak.

Georgia Tech over Auburn—And easy if Johnny Bosch is set to go.

VMI over Richmond—Let's say one touchdown.

Texas A. & M. over Baylor—Too much speed and power in the backfield.

Texas over Rice—Too much of everything.

Vanderbilt over Princeton—Withering the ivy league.

Tulane over Mississippi—Worth going miles to see. Close game.

North Carolina over Wake Forest—Just a hunch, brother, just a hunch.

**MIDWEST:**  
Minnesota over Michigan—What's that they say about always stringing along with a champ? The game of the day.

Missouri over Nebraska—Aren't there any easy ones anywhere this week?

Notre Dame over Illinois—They might roll up a score, too.

Northwestern over Ohio State—Bouncing back from the Michigan fiasco.

Tulsa over Oklahoma Aggies—20 to 7.

Santa Clara over Oklahoma—The west coast powerhouse rolls on.

Purdue over Iowa—The Boiler-makers are improving and are about ready to boil over.

Iowa State over Kansas—Fairly easy, I reckon.

Indiana over Wisconsin—In a mild sort of upset.

**EAST:**  
Cornell over Colgate—Close and a tie wouldn't be a surprise.

Fordham over Texas Christian—Because Kyle Gillespie, TCU's passer, is hors de combat.

Army over Columbia—With misgivings and doubts. Good game.

Boston college over Georgetown—A touchdown or two.

Harvard over Harvard—No matter whether the sailors play their first, second or third team.

Holy Cross over NYU—Without too much trouble or excitement.

Pennsylvania over Maryland—Why can't they all be as easy as this one?

Duke over Pittsburgh—Or this one?

Dartmouth over Yale—Money in the bank.

**FAR WEST:**  
Stanford over Washington—On a hunch that Shaughnessy has already done all his losing for the season. A good one.

Colorado over Wyoming—A parade.

Oregon over UCLA—Not so easy as it looks, however.

Oregon State over Washington State—Fairly safe.

Utah over Denver—21 to 7.

USC over California—An upset is possible but not probable.

Record to date: Won 39, lost 14, tied 3.

**CANT DO IT**  
Man cannot voluntarily stop completely the rhythmic process of inhaling and exhaling by holding his breath, and thus cannot commit suicide by this means.

# Rumanian Army Suffers 250,000 Casualties In Siege Of Odessa

## City Evacuated By Red Troops

(By The United Press)  
LONDON, Oct. 23—A special dispatch to the Russian army newspaper Red Star asserted today that the Russians had inflicted 250,000 casualties on the Rumanian army in killed, wounded and prisoners in the siege of Odessa and, in abandoning the town, had evacuated not only all their equipment but even their rear guards.

The dispatch, sent by the official Russian news agency Tass, said the Russian high command originally intended to evacuate Odessa by Oct. 6 but ordered a postponement until Oct. 13 in order to insure that all troops, war materials and industrial equipment could be removed and many civilians evacuated.

Eight days were spent evacuating the troops, materials, equipment and civilians, the dispatch said.

**Equipment Removed**  
A big Russian transport convoy arrived at Odessa Oct. 15.

"By that time artillery, tanks, trucks, carts, foodstuffs and other materials had been removed," the dispatch said.

"At 11 a. m. the main forces commenced to embark."

"By 4 a. m. Oct. 16 everything was completed. The rear guards, who had remained in position until midnight, went to the port and all were embarked safely within one hour."

**Close Check Made**  
"After the rear guard had embarked a special detachment checked the city yard by yard to make sure that no one had been left behind and no military equipment had been forgotten."

"At 5:30 p. m. the commander of the garrison reported:

"The evacuation of Odessa has been accomplished without loss of men or material."

"Apparently the German-Rumanian command had no suspicion of the evacuation until Oct. 15. It did not dare impede the evacuation at the end."

"Twelve Rumanian divisions (180,000 men) were sitting in their trenches, afraid to move against the small rear guard holding our defense line."

**KEPT WIFE CHAINED TO BED**—Mrs. Neal Cahoon, 19, whom Vandavia, Ill., police said they found chained in bed when they went to the Cahoon home to arrest her 62-year-old farmer husband, visits her husband in jail. With them is their 2-month-old son, Freddy. (NEA Telephoto).

## Sponsor Is Chosen And Budget Approved At "Y" Conference

Election of a sponsor, approval of a budget and other business occupied attention of the board of directors of the YM-YWCA of Texas Technological college at a dinner Wednesday night at Gocanougher's cafeteria.

Fred Griffin, instructor in English at the college, was named sponsor of the Christian organization.

The budget includes funds for speakers, for a trip of delegates to the "Y" camp at Hollister, Mo., next summer, office supplies, entertainment and books.

Mrs. Fern Babcock, regional secretary of the organization, spoke. She remained here today and is to meet with the

"Y" cabinet at 5 o'clock in the association's office in the library building and will speak to the association at a meeting at 7:17 o'clock tonight in Seaman hall.

Attending the dinner were Rev. H. G. Gantz, chairman of the board of directors; John W. Broome, vice chairman; Dr. A. J. Bahm, secretary; Dude Buster, treasurer; J. D. Strickland and C. V. Bullen, new members, and Dr. C. C. Schmidt, Dr. Fred W. Sparks, Dr. James M. Gordon, Dr. A. W. Young and James G. Allen. Also present were the co-presidents of the student organization, Wanda Kimbrell from Idalou and Nyebrand Hester from Bovina, and Griffin.

## British Planes Raiding Coast

(By The United Press)  
LONDON, Oct. 23—Low-flying Spitfire fighting planes roared across the channel toward Calais on the French coast this morning, and observers heard heavy bursts of shell fire, apparently German anti-aircraft.

About the same time, German long range guns blazed six or eight rounds at a British convoy off Deal, eight miles northeast of Dover. The convoy was festooned with balloons and no planes attacked it.

**Rhineland Attacked**  
An air ministry communique said bombers attacked objectives in the Rhineland, including the industrial center of Mannheim, during the night.

Attacks also were made on harbor works at Le Havre and Brest, on the French coast. Five British planes were missing.

German "raiders" deployed over many areas of England last night.

**NEW WORLD SILVER**  
It is estimated that during the 440 years between 1493 and 1933, a total of 14,000,000 ounces of silver has been taken from the earth in the western hemisphere alone.

**SURE BEATS WALKING**—Scooters are provided for pilots of private planes which must set down at the end of the ramp at Washington's new airport—which explains the ride Lu Shank and Mrs. Ruth Hurst (right) of New York are getting to the terminal building, with Ramp Controller Richard Collins at the scooter controls. Miss Shank is a pilot.

## Lord Halifax Gets Rebuke

(By The Associated Press)  
LONDON, Oct. 23—Lord Halifax, British ambassador to the United States, was the target of a vigorous attack by Laborite Aneurin Bevan today in a war debate in the House of Commons.

Referring to a speech made in the United States before the German drive into Russia, Bevan said:

"Lord Halifax informed Hitler in the plainest possible language when he was assembling his troops to attack Russia that he need fear no attack from us."

"How far is a statement of that kind — when Hitler is gathering his forces — from treason?"

"The prime minister must get rid of some of these men or they will drag him down with them."

"The time has come for the reconstruction of the government and reconsideration of its policy."

**Getting Up Nights**  
If you suffer from Getting Up Nights, Backache, Nervousness, Leg Pains, Swollen Ankles and feet, write out, due to non-circulation and non-systemic kidney and bladder troubles, you should try Crex which is giving relief to thousands. Printed guarantee. Money-back unless completely satisfactory. Ask your druggist for Crex today. Only 25c. —Adv.

## Overtime Plan Violating Law

(By The United Press)  
DALLAS, Oct. 23—Some Texas businesses, particularly oil companies and drilling contractors, are using a method of computing overtime payment which does not comply with the requirements of the wage and hour law, regional wage-hour Director Gus C. Street, jr. said today.

He said the companies continued to use the so-called "6-2" plan, a method of computing frequent announcement by the wage and hour division of the department of labor that it is not acceptable to wage-hour officials.

**Paid Different Wages**  
Under the "6-2" plan, which represents a work day of 8 hours, an employee is engaged in interstate commerce and covered by the wage-hour law is paid different hourly wages for different parts of his work day, Street said.

"A worker whose daily wage is, say, \$9 for the 8-hour day, is told that he will be paid 'time' at the rate of \$1 an hour for the first six hours, and 'time and a half' at \$1.50 for each of the last two hours of the day," Street explained.

**Are Overtime Hours**  
"Where the employee is hired to work an 8-hour day at the rate of \$9 a day, his hourly rate of pay is \$1.125—not \$1. Therefore, if this employee works more than 40 hours a week, the extra hours worked are overtime hours and he must be paid time-and-a-half for each of those hours on the pay basis of \$1.125 an hour straight time, not at \$1 an hour."

The wage-hour regulations are based on the work-week, not the work-day in figuring overtime, Street emphasized.

He did not name the companies allegedly violating regulations.

## Organization Plans Will Be Discussed

Formation of a local chapter of an international organization to deal with problems of the post-war world is to be discussed at a meeting in the music room of Senior High school tonight at 7:30 o'clock, according to reminder this morning by Dr. R. S. Underwood, member of the sponsoring committee.

The invitation to attend, he added, includes "everyone interested."

Dr. William Davis, member of the department of education faculty at Texas Technological college, is to be the principal speaker, discussing the topic: "Post-War Organization of the World."

## DIES FROM INJURIES

FORT WORTH, Oct. 23 (U.P.)—Jack Phillips, 26, died here today as a result of a motorcycle-auto crash last Friday. His death brought the Terrant county traffic fatality toll to 47 since the first of the year.

## ODD BREAD

In Persia, most breadmakers stick the dough to the walls of the oven and peel it off in huge pancake-like sheets when baked. Bakers of the bakeries use these loaves as wrappings for their other purchases.

## Brief Bits Of News

**Two Meetings Postponed**—Because of rain and slippery roads, two meetings slated for last night were postponed. One was of Lamb county school teachers, who were to have been addressed by Dr. W. B. Irvin, Lubbock schools superintendent, the other Lubbock Dairymen's association. It was announced the teachers would meet next week and elect officials.

**Mill To Shut Down**—Because cotton seed is almost unavailable due to weather conditions having stopped harvesting of cotton, Lubbock Cotton Oil mill probably will close operations temporarily, probably beginning Friday, George A. Simmons, manager said. Such seed as is being received is above normal in moisture content.

**Constructing Sub-Station**—A sub-station is being erected by Texas-New Mexico Utilities Co., at the twin-engine advanced training school at Hurwood, said H. L. Allen, vice president and general manager. A recently completed extension of line from Lubbock is ready for energizing.

**Team Arrives Today**—New Mexico university's team from Albuquerque was scheduled to arrive this afternoon at 4 o'clock in a special car attached to train 91. Santa Fe officials said, A special train from New Mexico's metropolis, carrying more than 100 fans, is due Friday afternoon just ahead of the regular passenger train.

**Will Set Yields**—The county Agricultural Adjustment administration committee at its meeting Friday is to set 1942 individual farm yields for Irish potatoes. All producers have been asked to send in a request for their acreages for 1942, but only a few had replied up to this morning, Walter Y. Wells, administrator, said. Producers who want a specified acreage should have their requests in the hands of the committee some time Friday, Wells added. C. E. Lilley, Slaton; John R. Murrell, Showalter; and James Steele, Woodrow, comprise the committee.

**Applications Filed**—Two hundred fifty applications for cotton parity payments were mailed to the state office of the Agricultural Adjustment administration, College Station, Wednesday night, said Walter Y. Wells, county administrator. This makes a total of 1,467 applications approved and sent to the state office. The remainder will be sent the state office as rapidly as completed.

**Prowlers Reported**—Police reports this morning showed complaints of property owners at 1611 College avenue and 2210 Twenty-second street, where prowlers had been active. There was no arrest. Investigators said none was injured in a slight collision at Eighteenth street and Avenue Q at 8:50 o'clock this morning. A collision at 6:20 o'clock Wednesday afternoon at Nineteenth street and Texas avenue also caused no injuries, reports showed.

**Given Driving Awards**—Claude and Clyde Terrell, 33-year-old

twins brothers who drive for Dalby Motor Freight lines, have been cited by Texas Department of Public Safety for "outstanding contribution to driving safety." Upon recommendation of Capt. W. W. Legge of the highway patrol office in Lubbock, certificates of merit have been mailed to the men by Homer Garrison, jr., director of the public safety department. Garrison said in letters to the men that Clyde Terrell had driven 400,000 miles without a mishap of any kind, Clyde Terrell 540,000 miles without accident. Both, of 620 Avenue M, were singled out for their skill, caution and courtesy on the road.

**Alleged Forger Is Captured In City**  
An alleged forger and army deserter was arrested by the sheriff's department Wednesday night upon request of U. S. secret service office in Dallas.

Cap Moore and Grady Harist, deputies sheriff, took into custody a 22-year-old Mexican and his 18-year-old girl companion.

The girl will be held merely as a material witness, it was indicated.

**Man Pleads Innocent**  
They were found in the Mexican quarter of Lubbock.

The sheriff's department said Clifford Brown, 30, had pleaded innocent of a charge of liquor law violation and had been placed under \$500 bail by County Judge G. V. Fardue. Brown's residence is Slaton.

**SENTENCED TO 8 YEARS**  
NACOGDOCHES, Oct. 23 (U.P.)—Mrs. Minnie Matterson was sentenced to 8 years in the penitentiary today at her second trial on charges of slaying Rufus Watkins Nov. 18, 1940. She was assessed 35 years at her first trial but the sentence was reversed.

**POLAR RAILWAY ATTEMPT**  
In 1900, Baeuendahl, a German lieutenant, attempted to build an overhead railway from Spitzbergen to the North Pole. The cars were to be suspended from a wire strung on poles. Several miles of poles actually were erected before the project was abandoned.

That Girl on Broadway says of the member who is absent from the bridge club is the one who gets the most alms.

Unless you are flat on your back in bed with a high fever, or have a leg in a cast or an arm in a sling, don't complain of feeling badly.

INTO THE Plainsman's subway. Both the other day came Howard Coleman of San Antonio...

Noting our heavy yield of grain sorghums over the South Plains area this year, Mr. Coleman fell to wondering if perhaps such crops could not be partially turned to human consumption.

Mr. Coleman's cogitations along this line are not entirely academic, he says.

Back in 1903, he remembers, when times were hard with his family, his mother worked out her own ratio for something closely akin to cornbread and the result was quite satisfactory.

Mr. Coleman's mother mixed up 65 per cent grain sorghums—which were plentiful—with 35 per cent of corn and baked therefrom something closely akin to cornbread and, according to Mr. Coleman, a very tasty food.

He wonders if the nation isn't overlooking a bet in the use of what we call "feed crops."

NOT even the most optimistic among us could expect much general use of grain sorghums as human food except in those years when the wheat or corn crops fall far short of normal.

Then, too, a look ahead gives the suggestion an added impetus. When the current war is over, unless all signs fail—the United States will become the "food arsenal" for a great part of Europe and, perhaps, a part of Asia, as well.

Should the necessity of feeding the world's hungry strike upon a year or years in which our own and the world's wheat and corn crops were under par, there would be a decided need for a substitute of some kind—and that substitute could be grain sorghums.

The idea has possibilities galore—not the least of which might be an additional, financially worthwhile market for a great product of South Plains farmers.

With the idea in mind of discovering, if possible, whatever human food value may be in grain sorghums, The Plainsman discussed the matter with Dr. Clifford B. Jones, president of Texas Technological college.

Close to the soil, Doctor Jones immediately became interested in the idea. He said he would discuss the possibilities with Dr. Robert C. Goodwin, graduate school dean and head professor of chemistry and chemical engineering; and with Dr. A. W. Young, head professor of plant industry and agronomy, as well as with Dean Arthur H. Leidigh, of the college's division of agriculture.

AS DOCTOR JONES suggested, the chances are that previous studies have been made along this line.

However, he agreed that whatever studies have been made have not been widely publicized and a further check into the matter certainly would not be amiss in the face of possibilities.

The Plainsman, and many another resident of this section well-versed with the findings at Texas Tech.

The average American believes he is patriotic because he believes in the Constitution which he has never read, and stands when the Star-Spangled Banner is played and hums the tune.

That man on Avenue Q says at the sophomore age it's extremely difficult to tell a budding genius from a blooming fool.

The average man is having a harder time finding himself than ever before, says a psychologist.

Has the average man ever thought to look in a hole?

THE Southwestern-Bell Telephone Co. is paying Lubbock a very nice, but also a quite costly compliment—thanks to increased telephone rates approved here last year without a struggle by

For The Love Of Pam

BY VIVIAN GREY (Copyright, 1941, For The Journal)

YESTERDAY, Pam Queller-ton is a native of Key West, which makes her a "conch." But to Pam the term is a compliment, for her family is as good as any that spend the winter in that gay city.

CHAPTER SIX INSULT

Freda was on her feet and looking down at him. "Lunch time," she said. "Coming."

"Not just yet," Jerry didn't even watch her as she moved away. Meanwhile, Pam had been busy all morning completing the long-

the City commission. According to the telephone company, Lubbock definitely is in the "big city" class.

When the Bell company clawed deeper into the pocketbooks of every Lubbock phone-patron last year, it claimed that phone rates here, "as elsewhere," must be based upon the number of calls possible to be made from any one telephone.

Well, let's see what's going on in other parts of the country served by the far-flung Bell monopoly.

In Lubbock, 1940 federal census 31,853, it costs \$6 per month for a business telephone.

And the same \$6 monthly rate holds good in the following cities, each listed according to their 1940 federal census counts: Savannah, Ga., 95,996; Shreveport, La., 98,187; Pueblo, Colo., 52,162.

In Long Beach, Cal., a city of 164,271, according to Uncle Sam's 1940 nose count, you can get a business telephone for \$4.25; in Albuquerque, N. M., population 35,449, what costs you six bucks here will cost you \$5.50. Everywhere else, the rates are lower.

When the suave, smooth, carefully trained gentlemen of Southwestern-Bell were out here last year hypnotizing the City commission, The Plainsman expressed the belief that our city, dads were making a mistake in letting themselves be sucked under without even the semblance of an official objection.

We still think the boys at City Hall made a mistake very costly to the city as a whole. However, we do not condemn the City commission, individually or collectively, for making the mistake. Everyone makes mistakes and city officials here, as elsewhere, are only human.

But just because a mistake was made last year is no reason for a continuance of the mistake and infatuation.

WE see no reason why the Lubbock City commission shouldn't reopen the case and attempt to rectify the error of last year.

SINCE the time Southwestern-Bell neatly took Lubbock for a jolly rate increase ride, Houston, Dallas and San Antonio have secured whopping reductions in their telephone rates.

Currently, the hard-hitting El Paso city administration is locked in a struggle with the Bell monopoly there and from the looks of things so far will succeed in getting some relief from uniformly high telephone rates there.

We respectfully suggest that the City commission subscribe to the Herald-Post, and direct someone in authority at City Hall to peruse the almost daily news being presented by that paper on El Paso's phone rate fight, just to see how a campaign against high telephone rates can be carried on.

We have been following the El Paso fight since its inception and can testify that the boys in the Border City are going to town, day by day. Noting that rate reductions in Dallas, Houston and San Antonio also carried with them payment by the Bell company of rate experts hired by the cities to prosecute the campaign, El Paso has employed similar experts and is leaving no stone unturned in her efforts.

If anyone at City Hall is even remotely interested in how phone rates might be reduced and thus give Lubbock's taxpayers a little relief in the face of mounting costs of government, we'll try to get for them all the back copies of the Herald-Post, giving full facts and figures on telephone rates in various parts of the nation, as well as complete particulars on how to go about getting rate reductions where they should be had.

What's wrong with the suggestion that Lubbock look into the situation?

Hold Everything!

"I found the smell of bacon and eggs twice as effective as the bugle for getting 'em up in the morning, sir!"

Today's Journal Editorial

CLEANING UP THE BAR

Announcement that the State Bar of Texas intends to "take vigorous steps to discipline members guilty of malpractice" encourages hope that the most effective method of dealing with this particular problem is about to be employed.

However, most observers are going to wait and see whether these promises get beyond the talking stage before they give too many cheers. Observers will recall that there frequently has been a lot of talking about ridding the ranks of the bar of sharks, without anything actually being done.

There can be no question but that there are black sheep among a membership as numerous as that of the Texas bar. Attorneys know better than anyone else that a few such black sheep tend to put the entire profession in disrepute.

They are the ones to do whatever housing-cleaning that needs to be done. Let's hope that they actually will do it.

A bunch of violets she had ever made. They were lovely when she finally held out the finished bouquet to admire it. It would be perfect, she reflected, for Mrs. Winthrop's black chiffon dress. Pam had tried to do especially lovely work because they were to be a gift Jerry's mother had been so sweet and gracious.

"Mother! You'll talk differently when you find your son bringing you a Conch daughter-in-law!"

"That's What You Think!" Mrs. Winthrop turned sharply to the girl. "What do you mean, Lenore?" she demanded. "You know Jerry would never marry anyone but Freda. He's been in love with her for years. That was settled long ago. Jerry is only amusing himself."

"That's what you think!" "Jerry's simply doing what every boy does. Flirting. It's harmless, I'm sure. She paused. "I only hope he doesn't hurt her, that she understands it's only a passing interest. She's such a sweet little thing. Pretty, too. I must speak to Jerry. Boys are so thoughtless sometimes."

"Passing interest? That's what you call it!" "Jerry would never marry anyone but Freda. You know that, Lenore."

"Oh, I'm not saying he actually intends to marry this creature. But you can't tell. These little Southern girls aren't as dumb as you think. They know a good thing when they see it."

"I'm so glad you're pleased." Pam's face lighted with pleasure. "And now I'll run along."

Mrs. Winthrop had seemed genuinely pleased. Pam had done something for Jerry's mother. "That Lenore's high and mighty!" the maid said when the door of the Winthrop apartment was closed. "But aren't you going to pick up your money?"

"No, it isn't mine. It looks as if you can have it."

"Thank you!" The maid stooped swiftly to scoop up the coins and glanced after Pam as if she thought the girl had gone mad.

"Money on the floor?" Pam heard her say, "and she doesn't even bother to pick it up."

But to Pam a gift was a gift. She wanted no return for it. In the suite at the hotel, Mrs. Winthrop, the violets still in her hand, turned to her daughter. Lenore was furious.

"Did you see what that little Conch girl did?" Lenore exclaimed. "Spurned my money! Made me ridiculous before that maid. Little beachcomber! Beach rat!"

Mrs. Winthrop was surveying Today's Thought

Walter Winchell

ON BROADWAY (Copyright, 1941, for The Journal)

NEW YORKERS ARE Talking about Babe Ruth's price (\$25,000) for his services in the Gehrig film, which Goldwyn screams is too much. He will probably pay it, though, as Ruth is a "must" in any biography of Gehrig.

Harry Richman's terrific torch for Hazel Forbes, whose divorce action recently he didn't protest. Supposed to be telling chums he wishes they were back together again.

The prodigious who likes to patronize a certain gaming spot, and everytime he does, he takes along two tails.

Who likes to patronize a certain gaming spot, and everytime he does, he takes along two tails. Gives them each \$100 and sends them into the roulette or dice rooms—while he WINCHELL stays at the bar.

"It's cheaper that way," he explains. The recording executives who predict that "King Joe"—the saga of Joe Louis—will be the No. 1 Seller of the Year.

The show that couldn't sell a ticket at two nights—so the cast went out to the street and invited the passersby in free. The way the British radio pounds way at Italy's slipping morale with eight daily broadcasts urging the country to unlash itself from Berlin.

Reel's reply probably is: "Why speak to me? Take it up with the Warden!"

THE well-known British stage player, now here, who will soon be disgraced and has nobody to blame but his high-living mania. Has about \$400 worth of bad investments, one of which will bounce him into the next poorhouse.

"Serves you right, Lenore," she replied. "I'm sorry to say it, dear, but that little girl didn't humiliate you at all. You did it yourself. You're altogether too high-handed. Use a little discretion when you tip. You should have asked the girl in and treated her as a friend, not an errand girl."

"Mother! You'll talk differently when you find your son bringing you a Conch daughter-in-law!"

"That's What You Think!" Mrs. Winthrop turned sharply to the girl. "What do you mean, Lenore?" she demanded. "You know Jerry would never marry anyone but Freda. He's been in love with her for years. That was settled long ago. Jerry is only amusing himself."

"That's what you think!" "Jerry's simply doing what every boy does. Flirting. It's harmless, I'm sure. She paused. "I only hope he doesn't hurt her, that she understands it's only a passing interest. She's such a sweet little thing. Pretty, too. I must speak to Jerry. Boys are so thoughtless sometimes."

Jap Sandman, Trading New Dreams for Old

London Correspondent Compares U. S., English Plane Factories

American Workers Get Much Better "Breaks"

The writer of the following article—London correspondent of the Service and The Journal—recently returned to England after a vacation trip to America.

By PAUL MANNING NEA Staff Correspondent LONDON, Oct. 23.—The contrast between a U. S. airplane factory and any British plane plant is so great it hits you between the eyes. That was my reaction to the Lockheed-Vega airplane factory in Los Angeles, where giant bombers and sleep pursuit ships are being rolled off the world's largest assembly line in mounting numbers by 33,000 highly-skilled technicians.

It was the vast acreage, the fluorescent lighting, the modern equipment, the rapidity with which the men worked and the general freedom they enjoyed that was impressive. It was so impressive it only underlined how difficult is the lot of the British airplane worker.

Take the Hawker Hurricane factory, for example, not far out of London. It is a long, low, brick structure so perfectly camouflaged that from the air it resembles nothing more than a patch of shaded ground, and from the road it might be just another building where, during peacetime, they once manufactured face powder and rouge.

From the smooth strip of concrete which bypasses the plant, you can see maybe 25 anti-aircraft guns and three-inch cannons, machine harass and upset the aim of bombardiers crouched in the nose of high-flying bombers and hedge-hopping Messerschmitt fighters.

HURRICANES BY NIGHT THERE is a high white fence along the factory border which parallels the road. At 4:30 in the afternoon a small army of men, some leaving the factory, some going into it, parades through the gate. The men who enter at 4:30 are the night shift.

They work methodically through the night, riveting fuselages, mounting wings, bolting six cannons and four machine guns into those wings, doing all the hundreds of big and small jobs which add up to a total of one 385 m.p.h. pursuit plane.

The assembly line floor where they work is as different from the world's largest Lockheed airplane factory in Los Angeles as night from day. There is no overhead fluorescent lighting to reduce eye strain. And during hot summer evenings when scarcely a breath of air moves, they cannot open the hundreds of small glass windows because that's just an invitation to get bombed. Anyways, open the windows and in come great clouds of oil smoke from the smudge pots which line the roadways and fields as an antidote against those nights which are made vividly clear by the penetrating brilliancy of a bomber's moon.

Their assembly lines also are not so modern. The equipment is less efficient and when they bolt a metal cowl over one part of the 2000-horsepower engine you know it was not sliced into form by one of the new electrically operated cutting saws such as they have at Lockheed, which cut 11 cowlings in a single operation.

BIZING UP THE SIZE PROBABLY the greatest contrast is the obvious one of size and freedom of working inside and

outside of a well-lighted plant. There are no 33,000 men working in the Hurricane plant outside of London or in the Spitfire factories of the Midlands or in the Welsh factory where the great four-engine Stirling bombers now plating Berlin are turned out. Instead, the total is maybe 3000 a factory, but with many more factories, so that if one is bombed to the ground total production will not stop.

The quality and type of man working in the Hurricane factory and in the Lockheed plant are different, too. American workmen are younger and they move with greater rapidity. As they operate the great pile-driving machines which pound formless metal into corrugated strips, you get the feeling that here is something that only the word dynamic will describe.

Although the English workmen lack this type of high-gear equipment and are cramped for space, due to the stringent rules of blackout, they have been turning out Spitfires and Hurricanes which many think surpassed the performance of any U. S.-built pursuit plane in operation along the English Channel.

AMERICAN bombers, however, have no counterpart in England. They are superior in every degree. They fly higher, faster and farther with a bigger bomb load, and when they are riddled

**The Love Of Pam**  
(Continued From Editorial Page)

Their home had been a big comfortable one with plenty of food; all of the necessities, but not many frills. Adele had been the youngest of five girls in a family that had been motherless since her birth. Their father's maiden sister had tried to take the place of their mother, but had never been too successful at it.

A mist-gathered in Adele's eyes. She had been fond of her father. As fond as he gave her opportunity to be. They had never taken time to understand each other very well. That was the old way. She was glad Jerry and Lenore regarded her as one of them and spoke to her as such. They might, with their modern young-casualness, seem a trace disrespectful sometimes. But they understood each other and there was a deep and abiding love that bound them together.

It was after Tom Blodgett's death, which came after the other four girls had married and Matilda had passed on to her reward, that Adele went to New York and did the thing she had always wanted to do—get a job singing in a restaurant of pre-war elegance. There she met handsome Bart Withropes had been a little shocked when Bart brought his bride home.

But she had won them over. It was probably some last vestige of Matilda that had helped her do that.

**Party**

That night Edmund Antoine gave the supper which paid his bet to Jerry. It had to be late, after he had finished his work at Casa Marina. There were twelve couples at dinner, with a great many more invited in for dancing afterwards.

Antoine had spared nothing. He wanted to make the event something to be remembered, and she looked about the place. Pam, dancing with Jerry, felt that all of the flowers in Key West had been cut for the party and were scenting the air.

Outside Pena's the piazzas and garden were softly lighted with what looked like subdued orange lanterns, but which really were holiday lights after the old Indian custom—just brown paper bags with about three inches of sand in them to form a base and a short candle lighted and standing upright in the sand. The bags were tied at the top.

"The Indians do it in New Mexico," Jerry explained. "To light the way for the coming of Christ Child at Christmas. Isn't it beautiful?"

"Oh, it is! It's lovely! Lovely!" exclaimed Pam.

There was a gay quality about her, Jerry thought, looking down at her. All of her bright young beauty was pointed up by her happiness. Others, besides Jerry, had observed it, and he was having trouble with cut-ins.

"You're too popular," he said to her as one claimed her. "I'll have to do something about it!"

Pam smiled back at him. A girl standing next to Freda said: "Look, all the rest of us have to work like coal heavers to get and hold a little attention. What's she got that we haven't?"

"Oh, they're just hitching their old wagons to a new star," Freda said lightly. "It doesn't mean anything."

"That's what you think! It means the difference between a good time and a dull one. I'd like to scalp her!"

To be continued

**Re-Roof Now!**

Let us do the job

Many home owners are inclined to neglect their roofs, with the unpleasant result that the roof soon deteriorates. If your roof is in bad condition you owe it to yourself and to your family to have it put in good shape. You'll be surprised to learn how little it costs to have a really good, new roofing job. We can do it for you quickly and economically, and do a thoroughly excellent job. Call us today, won't you?

**WHO SAYS I CAN'T MAKE GOOD COFFEE?**

HOLD ON, GRACE! I ONLY SAID I'D SHOW YOU THE SECRET OF GOOD COFFEE!

MY JIM'S SO FUSSY ABOUT COFFEE HE HAD TO BE GOOD ABOUT MAKING IT.

SURE YOU ARE, GRACE—BUT IS YOUR COFFEE AS GOOD AS MINE? I USE FOLGERS!

OH FOLGERS! WHY...IT IS QUITE DIFFERENT FROM MINE!

NATURALLY! FOLGERS IS MOUNTAIN-GROWN COFFEE—HAS LOTS MORE FLAVOR THAN THE LOWLAND COFFEES MOST BRANDS USE!

HEAVY! THE COFFEES BETTER THAN EVER THIS MORNING, GRACE. HOW COME?

THAT'S THE DIFFERENCE! FOLGERS' MOUNTAIN-GROWN FLAVOR MAKES!

ITS FLAVOR'S SUCH A COFFEE SAVER I USE 1/4 LESS OF FOLGERS

Even if you're proud of your coffee now—you'll be surprised at how much better it tastes—when you switch to Folger's! It's a vitally different kind of coffee! Up to 3 out of 4 coffees are lowland grown—but Folger's is mountain grown! Brings you a keen vigor and flavor acquired in bracing mountain air, tropic sunshine and rain and fertile volcanic soil. Flavor so vigorous over 7,000 women write they use 1/4 less of Folger's! Get it today!

# Word Picture Of Russian Ruins Given By Scribe

## Winter To Be Big Problem

BY ERNEST G. FISCHER  
Associated Press Staff Writer  
WITH THE GERMAN ARMY IN KIEV, Oct. 14—(Delayed)—What winter will bring remains to be seen in this German-captured city, bombed and battered in weeks of siege and left by the Russians to burn.

The food problem has been solved by the German army's soup kitchens but as winter's snow swirls through the charred ruins of burned buildings, the sight of women and children hunting for firewood is not a reassuring sign.

**Fires Set Off**  
Delayed fires were set off by hidden Russian mines after the city was occupied and burned for five days, raising 29 blocks—eventually 40,000 other explosives had been made harmless, Nazi officers told me during a conducted tour. Bridges are in ruins.

Many of the mines, they said, were set to explode from radio impulse and others were hooked up with the electricity system. There were no signs of street fighting in Kiev itself but in the outskirts some buildings had been shelled and others hit by machine-gun bullets.

On the western edge, a great

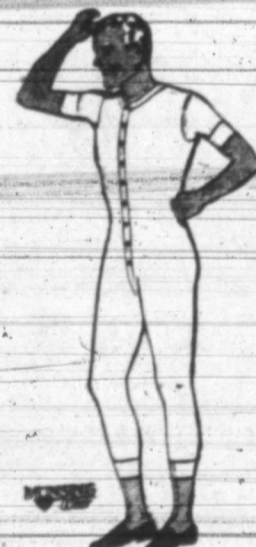

HOW ABOUT THE HUNTING SEASON?—Lest the moose he so patiently broke to harness meet a sad fate during the Ontario hunting season, and end up over a fireplace mantel, Albert Vallancourt says he'll put red and white checked coats on his strange team. Above, he's on his way to market at Sudbury, Ontario, a constant source of surprise to motorists encountered.
