Settlement Announced In Railroad Dispute

WASHINGTON, Dec. 2. — The threat of a strike was lifted today from the nation's railroads, simplifying the problems of traffic chiefs who must accommodate the heaviest holiday business in two decades on lines already jammed with defense freight.

Britain Expected To Open War On Finns

LONDON, Dec. 2. — Informed sources today predicted that British declarations of war against Finland, Rumania and Hungary would come toward the end of the week. They said Finland had been given her last chance to cease attacking Russia. The sources indicated that British reluctance to declare war on Finland had been overcome to a considerable degree when Finland adhered to the anti-comintern pact, especially in view of Prime Minister Churchill's warning several months ago that whoever marched with Hitler was Britain's foe.

Heavy Turkey Buying Looms

More Lubbock people will eat Christmas turkeys, obtained in Plainview this year than ever before, officials of the local chamber of commerce predicted this morning. The prediction was made after the start of preparations for Lubbock representation at the eighth annual dressed turkey show which opens in Plainview Wednesday and reaches its climax Thursday afternoon at 1:30 o'clock with the annual auction sale. A Lubbock buying committee will attend a luncheon in Plainview before the sale begins and then will buy at the auction turkeys for local residents who desire them, according to plans announced at the chamber of commerce.

"Hitler May Recognize Defeat In Russia And Visit Us In All His Fury--" "More Men! More Women! No!" Churchill's Cry

(By The Associated Press) LONDON, Dec. 2. — Prime Minister Churchill told parliament today that "a crisis of manpower and womanpower will dominate the year 1942 for Britain, proposed that military conscription age limits be lowered to 18-1-2 and raised to 50 and warned that eventually men of 60 might be called.

He urged to compel unmarried women between the ages of 20 and 30 to join the uniformed forces also will be sought, he said, although only volunteer women will be assigned to "lethal or combatant services."

The present conscription limit for men is 18 to 41. Declaring to a solemn crowded House of Commons that Britain's "crisis of equipment is largely over and an ever-broadening flow is now assured," partly because of United States aid and partly because of newly completed British empire factories, he said the drain on Britain's

manpower was arising from five causes: 1. The necessity of staffing the new factories. 2. The maintenance and expansion of forces in the east. 3. The supplying of Russia from British production. 4. The prospective expansion of the air force, and the continuous growth of the navy, and, 5. The continuous guard against "two vultures"—the danger of invasion and the air raider which "will hang over us until the end of the war."

The expanded military conscription will bring more than 3,000,000 more men and women under review for armed service with the British forces. Another change would permit 19-year-old youths to serve overseas, a duty which now is limited to those of 20 and older.

Churchill coupled his call for increased manpower and womanpower with the warning that "at anytime Hitler may recognize his defeat by the Russian armies and to recover his disaster visit us with all his fury." "We are all ready for him. We shall receive him when he comes, by day or night; by far greater forces and with every modern improvement, but we must always be ready," he said. Observers believed the measure would be passed speedily after debate, but Thomas Horabin, opposition liberal, pointed out that the prime minister made no reference to "conscription of property" and declared, "there will be disappointment that the prime minister has not gone much farther in organizing us for total war."

Oklahoma Bank Robbed Of Over \$2,000

JAPANESE "ON SPOT"

Gunmen Escape After Looting Cement Bank

Man, Wife Locked In Vault; Posses Organizes Search (By The Associated Press) CEMENT, Okla., Dec. 2. — Two men robbed the First State bank of Cement of between \$2,000 and \$3,000 today and fled in a waiting automobile. Glenn Mann, cashier and Mrs. Mann, a teller, were alone in the bank when the men entered and forced Mann at pistol point to put the money in a sack. Then, Mann said, the two fled after locking the couple in the vault. No Trace Of Robbers Mann said one of the men appeared to be between 30 and 35 years of age, with medium height and weighed from 150 to 190 pounds. He said he did not get a "very good look" at the second, who menaced Mrs. Mann with a pistol while the first gunman held a pistol on Mann. Mann estimated the loss at between \$2,000 and \$3,000, adding "I haven't had time to make a thorough check."

Plans For War In Orient Hit Feverish High

(By The Associated Press) BANGKOK, Dec. 2. — Britain's new 35,000-ton battleship Prince of Wales steamed into the great Singapore naval base today at the head of a flotilla of powerful naval reinforcements as Japanese dispatches asserted that British imperial troops were massing along the Thailand frontier for an invasion. The Prince of Wales and other unspecified "heavy units" are the first capital ships Britain ever sent to the Far East ready for action. Others have made only ceremonial visits. British Accused Of Aggression Simultaneously, a Reuters (British news agency) dispatch from Bangkok said one of the largest columns of military vehicles ever seen in Burma left the capital for duty with British troops at defense centers throughout the country. British fears of a Japanese thrust into Burma or Thailand have been repeatedly emphasized in recent weeks, but Domei, the Japanese news agency, declared bluntly: "Indications are that Britain herself is now seeking to invade Thailand."

Revolt In U. S. Said Possible

(By The United Press) WASHINGTON, Dec. 2. — Dr. Francis E. Townsend, old-age pension leader, told a Senate committee today the people of this nation "are in a mood to revolt" because of their inability to secure adequate living standards. Townsend, appearing before the Senate finance committee, declared that "not one single idea" in the past 12 years has emanated from Congress for furnishing effective economic aid to depressed sections of the population. He termed the federal social security program "ineffective and insufficient."

German Panzer Forces Break Desert Trap

(By The Associated Press) CAIRO, Egypt, Dec. 2. — The Germans have succeeded in joining their two panzer divisions in the fighting in the Libyan desert by cutting through the British corridor to Tobruk and the British have lost Rezegh and Bir El Hamed in the battle, the British said today. The success of a part of German General Erwin Rommel's armored forces in driving through the British lines from the west probably means the combined force now hemmed in along the coast east of Tobruk can break the encirclement and escape again to the west "if they wish to do so," an authoritative source said in London. British Still Confident A British spokesman here said the joining of the 15th and 21st panzer divisions had not in any way impaired British confidence. "It may delay matters for a few days longer," he added. "It was just a down in an up-and-down fight."

Germany Flee After Defeat

(By The Associated Press) SOVIET dispatches declared today that the retreat of Adolf Hitler's Ukraine armies from Rostov-on-Don had become a rout, with the Nazis fleeing westward along the shores of the Azov sea after a defeat which "puts an end to tales about the invincibility of the German army." Advances reaching London said that the German southern forces, commanded by Gen. Ewald von Kleiser, were heading back to Mariupol, 100 miles east of Rostov, to make a new stand around that city, which they captured on Oct. 7. Germans Claimed Halted The German high command said bitter fighting was continuing but gave no details. On the central front, a bulletin from Hitler's field headquarters asserted that German troops pressing the two-month-old offensive against Moscow had penetrated deep into the capital's defense system—how far was not stated—while a Soviet spokesman countered with a statement that "the Germans can register so far only tremendous losses in all directions, without exception."

Recreational Plans Pushed

Several developments were reported this morning in connection with plans to provide suitable recreational facilities in Lubbock for men stationed at the air base under construction west of the city. One was the announcement that the city-wide recreation committee which is to take the lead in dealing with the problem has been completed. Another was information that assistance of the Works Projects administration very likely can be obtained for the carrying out and operating recreational projects decided upon—especially if they involve construction. Seek Suitable Building One plan being studied in connection with the recreation problem, it was explained, is the erection or alteration of a suitable building, which must be near the business district, to be converted into a recreational center for men stationed at the base. The original central air base committee of the chamber of commerce consists of Homer D. Grant, chairman, and Knox T. Thomas, Chas. Whitacre, Vernice Ford.

Three Sentenced To Death For Slaying

NEW YORK, Dec. 2. — Louis (LePke) Buchalter, one-time kingpin industrial racketeer, and two co-defendants, Emanuel (Wendy) Weiss and Louis Capone, today were sentenced to die in the electric chair the week of Jan. 4, 1942, for the slaying of Joseph Rosen, a Brooklyn storekeeper. Only Weiss, said by the state to be the "trigger man" in the Rosen killing, had any comment as Kings county Judge Franklin Taylor sentenced the trio. The three were convicted of slaying Rosen by a jury early Sunday morning.

Jail Inmate, Ballroom Owner Contesting For Mayor's Post

(By The Associated Press) NEWBURYPORT, Mass., Dec. 2. — Former Mayor Andrew J. "Bossy" Gillis, now a jail inmate, and John M. Kelleher, a ballroom proprietor, contested for the mayoralty in this seacoast city's municipal election today. The red-headed "Bossy," serving a nine-month term for criminal libel upon a judge in his newspaper, the "Asbestos," wound up his campaign last night by listening in the jail to one of his own radio addresses. The speech, dictated from notes written on old paper bags, was placed on a recording at the jail and then was broadcast from a Salem radio station. Gillis, relaxing from his job of shoveling coal at the jail, was surrounded by 50 other inmates, all applauding heartily, as he listened to his address. He was unsuccessful in efforts to obtain a parole, and his "outside" campaign was conducted by his wife, Gillis, three times mayor, defeated Kelleher for the office several years ago, 1,861 to 1,329.

Borger Man To Enter Plea For Liberty In Bank Robbery Case

(By The Associated Press) NEW ORLEANS, Dec. 2. — For years a resident of Borger, Hardy Johnson, alias T. H. Cole, who escaped from the Louisiana penitentiary nearly 25 years ago, is scheduled to appear before the state pardon board here Monday to apply for his freedom. The Angola Argus, prison newspaper, in its current issue, reported that Johnson left the prison after serving 2 1/2 years of his 14-year sentence for bank robbery, was "turned in for \$25" and taken back to Angola in October, 1941. Meantime Johnson had been employed as a policeman in Tulsa, then gone to Borger where he married a widow with two daughters and resided there for 20 years. Highway Projects Are Outlined

Dallas Routes Receive Funds

(By The United Press)
AUSTIN, Dec. 2.—Access to Dallas from the south will be improved by road projects for which the state highway department today announced allocations.

Just when the work will be done was not specified. This work and projects in 27 other counties for which funds were allotted, do not make up a specific 1942 program or for any particular period, but are ones that will be pushed.

Work is Outlined

One Dallas county project calls for work on state highway 246 from U. S. highway 75 south of Holmes street bridge to the Dallas-Lancaster highway in Dallas. Approximately \$140,000 will be spent on the route.

The other step is the maintenance of two routes into Dallas from near Sterrett, Ellis county. The present portion of U. S. 77 from Dallas through Lancaster and Red Oak will be retained as a state highway and U. S. 77 will be rerouted more directly to traverse what now is state 197 near Sterrett. State highway 197 from near Sterrett along the Beckley avenue route into Dallas will be cancelled.

Appropriations Made

An appropriation of \$50,000 was made for improving 14.5 miles of U. S. 377 between Benbrook and Cresson and \$235,000 for re-grading and surfacing 21 miles of state 92 between Hamlin and Rotan.

Other authorized work included:

A \$15,000 spur from U. S. 80 to Aledo.

Surfacing state 295 for five miles north of Victoria, \$27,000.

A seven-mile spur from state 329 to Imperia, \$25,000.

Grading and surfacing state 85 for five miles north of Fort Stockton to cost \$110,000.

Pending building of the Imperial spur, a temporary route will be maintained from Grand Falls to Imperial.

Bridges between Beckville and Tatum on state 149, \$70,000.

Piers on Brazos river bridge at Glen Rose, \$10,000.

State maintenance of a road between Dayton and Cleveland.

Loop into Gustine for state 36.

Spur route from state 199 west of Olney to state 79.

Mud Creek bridge on state 110, \$81,000.

Through traffic facilities at Lufkin for U. S. 59, \$155,000.

Dr. Phillips Thomas

WESTINGHOUSE RESEARCH ENGINEER
PRESENT HIS LECTURE

"ELECTRICITY AT WORK"

THIS LECTURE WILL BE PRESENTED
TUESDAY, 8:00 P. M. AT

LUBBOCK HIGH SCHOOL AUDITORIUM

Dr. Thomas will shoot midget whirlwinds from a type of "gun" that some day may clean the air of industrial cities by blowing giant rings of factory smoke high into the sky.

New floating lights are being used to convert harbors and rivers into safe landing lanes and sea planes and blue lights that make things look red will be shown.

The speaker will demonstrate how radio static can be eliminated by a new coating of powerline insulators. A robot device that "hunts" for fires with an "electric eye" and automatically puts them out with a stream of water will illustrate the photo-tube, a device scientists have put to work to control elevators, open doors, look for holes in metal sheeting, protect factory workers and do many other odd jobs.

An electromagnetic tester that helps manufacturers make better bearings, gears and pistons by detecting "burned" spots will also be displayed by Dr. Thomas.

You are urged to attend this Lecture-Demonstration. It is highly interesting and educational.

Texas Tops Nation In Food Drive

Farm Products To Be Boosted

By BRACK CURRY
Associated Press Staff Writer
Uncle Sam's triple-threat food offensive looks to Texas during the coming year for its mightiest contribution among the states.

The effort will entail a radical transformation of Texas agriculture. The nation's greatest agricultural state—first in 24 important phases of agriculture—Texas in 1942 will contribute increasing quantities of corn, oats, vegetables, peanuts, grain sorghums, milk, poultry products, beef and mutton to the three-pronged food-for-defense program.

Should Increase Income
Conversely, Texas farmers will be asked to produce less cotton, wheat, hogs, barley, flaxseed, rye, rice and potatoes.

Decreases in the quotas of these products will about balance the increases in others, department of agriculture experts predict, and Texas farmers next year should pocket substantially more than their estimated 1941 income of \$200,000,000.

Match the Cascade of War Equipment
As the United States prepares to match the cascade of war equipment now flowing to the democracies with an equally impressive amount of vitamin-producing food, Texas' role in the food-for-defense program—assumed to characterize equally as important as its military contribution.

Comparative Boosts Listed
Texas has 13 per cent of the nation's total acreage of farms, 10.4 per cent of all the cattle and calves in the country, 21.1 per cent of the nation's sheep and lambs. Over 6,000,000 cattle and calves and 8,500,000 sheep and lambs graze on the broad Texas ranges.

To Fulfill Secretary of Agriculture Wickard's dictum that American food will win the democratic war, dictate the peace and preserve the peace after the war, Texas' 418,000 farmers in 1942 will be asked to produce these items:

Milk, 4,650,000,000 pounds, compared with 4,438,000,000 this year.
Eggs, 293,775,000 dozen, compared with 185,250,000 estimated production this year.
Other Changes Noted
Beef and veal slaughtered, 1,764,053,000 pounds, compared with 1,494,960,000 this year.
Lamb and mutton slaughtered, 275,500,000 pounds for 1942, compared with 260,000,000 this year.
Corn, 4,800,000 acres, compared with 4,725,000 this year.
Oats, planted, 1,658,000 acres, compared with 1,548,000.
Grain sorghums, planted, 3,840,000 acres for next year, compared with 3,533,000 acres this year.
Hay, harvested, 1,566,000 acres, compared with 1,427,000.
Peanuts, harvested, 245,000 acres for nuts and 378,000 acres for oil, compared with 320,000 acres combined this year.
Fresh vegetables, 356,200 acres for harvest, compared with 343,200 this year.
Processed vegetables, 28,800 acres planted, compared with 27,900 this year.

Girl Sends A Dime To Help Buy Elephant

(By The Associated Press)
RICHMOND, Va., Dec. 2.—Frances Thompson, aged 8, "almost" ready to cry over the death of the Ringling Brothers-Barnum and Bailey circus elephants, sent a dime to the Richmond Times-Dispatch with the suggestion that it be used as the start of a "fun" to help the circus "pay for some more."

"One, anyway," said Frances. "I love all kinds of animals and I had a goat 21 years old," she wrote. "She died in August and I know how the circus feels about a pet dying. All of us loved Ramona. Nan in memory of dear old Nan I want to start a fund. You can send it to Ringling circus with your sympathy."

"Daddy carried me to see the circus unlearn when it was here that Sunday and I saw the elephants pull the wagons about. And to think they are dead almost makes me cry over a friend I knew."

The Times-Dispatch promised to send Frances' dime to the circus to buy elephants.

(By The United Press)
TOKYO, Dec. 2.—Seigo Nakano, pre-Axis leader of the Tokohai nationalist organization, attacked the government for sending special envoy Saburo Kurusu to the United States today and said that any compromise settlement with the United States would invite Japan's downfall.

Addressing a public gathering in Tokyo's great Hibya hall Nakano demanded that Japan resort to force, such as sinking American transports, in event the United States refused to accept Japan's terms for peace in the Far East, which include cessation of American aid to China.

Against the bellicose background provided by the meeting which Nakano addressed, the cabinet met under Premier Gen. Hideki Tojo and continued its discussion of the Washington conversations. Details were not disclosed.

Indicating that the government did not expect any immediate break with the United States, the crack liner Tatura Maru sailed on schedule for Los Angeles, where it was expected to arrive Dec. 14, and pick up Japanese nationals leaving the United States.

We The Women

BY RUTH MILLETT

While national defense is responsible for holding up a lot of marriages—those of draftees and of boys anticipating being drafted in the near future—it is also directly responsible for a boom in marriages.

There wasn't any chance for Mary and Joe to marry—until the defense industries started up. Joe didn't have steady employment and Mary, untrained, could not have earned more than a few dollars a week if she could have found work to do.

Now Joe has a job in a defense plant and is making more money than he has ever seen before. So they are marrying.

If they can just remember what things have been like for them during the past five years, they will look on Joe's big weekly pay envelope as a mighty good thing, but something not likely to last forever, or even for more than a very few years.

GEAR YOUR MARRIED LIFE ON A LONG-RANGE PLAN
And they will gear their living accordingly. Even a year ago they would have been delighted to be able to get married and live in two rooms, see one picture show a week, forgetting worries about not having a car.

If they can just keep that picture in mind and not improve on it too much when they get up housekeeping now, they can really make this period a time for getting ahead and getting themselves established as a family unit—rather than doing as so many in their position are now doing, spending every cent they make on extravagant living, and going into debt for things still beyond their reach.

If Mary is smart, she'll even figure how to get a course of training that will fit her for a job out of the money that is coming in now.

INVEST SURPLUS FUNDS IN WORK TRAINING
Then if hard times come suddenly, she'll be able to help with earning a living. Also, she'll see that the things they buy actually make for better living, not just for show.

If they entirely forget what life was like even a year ago and spend every cent Joe makes without any thought of the future, they may find that going back to little after throwing money around is harder even than having little in the first place.

Of course, they may never have to go back—but they will be building their marriage on a firmer foundation if they assume they will—until time proves otherwise.

Australian Cruiser And Axis Raider Sunk At Sea

No Survivors Are Reported

(By The United Press)
 LONDON, Dec. 2.—The Australian cruiser Sydney, is believed to have been sunk after sinking a heavily armed merchant raider in the South Pacific, it was announced today.

The raider was the Steiermark, 9,400 tons. It was known until recently as the Kormoran. There were no survivors of Sydney but some survivors of Steiermark were rescued.

Was Heavily Armed
 The ministry of information said the enemy merchant raider was heavily armed and was sunk by gunfire. It was presumed the Sydney too was sunk because "no subsequent information has been received from her."

The action occurred some time before Nov. 26. The ministry said the next-of-kin-of those aboard Sydney had been informed on that date.

Sydney was of 6,830 tons, built in 1934, had 550 officers and men. It was armed with eight 6-inch guns, eight 4-inch antiaircraft guns and lesser armament.

Bond Election For Cochran Ordered

MORTON, Dec. 2 (Special)—Election on the proposal to issue \$150,000 in road construction bonds in road district No. 1 (Whiteface) was set for Jan. 3 at a meeting of the county commissioners' court here Monday.

Through Oil Field
 The proposed road would run south from Whiteface to the rapidly-developing oil fields. It would be all-weather in construction and conform to specifications of the state highway commission.

Action was in response to presentation of a petition signed by Hubert F. Taylor and 93 others.

Whiteface residents said the route would extend approximately 18 miles.

The court is composed of County Judge L. L. Price, Commissioner J. R. Ward of precinct 1, Commissioner E. C. White of precinct 2, Commissioner J. D. Lewis of precinct 3 and Commissioner G. W. Thompson of precinct 4.

Toy Collection Is Planned By Negroes

The negro Cumberland Presbyterian church will sponsor a collection of toys, clothing and other gifts for children in "The Flats" Dec. 15, according to W. M. Sedberry, an elder in the church.

Sedberry said that the dramatic club of the church would be in charge of the program, to be given the night of Dec. 24, at the church, Seventeenth street and East Avenue B. Between 350 and 400 children are to be cared for this year, he added.

Clothing, candies, fruits, nuts and food will be distributed to the needy children. This year the school enrollment is the largest in the history of the section. Each

Former Tech Student Claimed By Injuries

Funeral services are to be held in Henrietta this afternoon for John Louis Cook, former Texas Technological college student, who died in Wichita Falls Monday of injuries received in a grade crossing accident Sunday in which four others were killed. He is a first cousin of Dr. Sam G. Dunn and Misses Mary, Myrtle and Beulah Dunn, all of Lubbock.

Cook, pianist with a dance orchestra in Wichita Falls, attended Texas Technological college from 1929 to 1931 and was a member of Centaur club. He was the son of Mrs. Beulah Cook of Henrietta. Two sisters, Misses Maurine and Lydia Cook, later attended Tech.

An Associated Press dispatch said a "doodle bug" switch engine was in collision with the car in which six musicians were returning home. Others dead were Mr. and Mrs. Bernard Hayes and Bernard Nelson, passengers in the car, and Johnny Ricks, railroad switchman. Hurt seriously were Paul Burns and Jimmy Scroggins.

Aggies, Alabama To Play In Cotton Bowl

COLLEGE STATION, Dec. 2 (AP)—Texas A. and M. football players were en route to Tacoma Washington where Saturday they play Washington State but the campus was jubilant over selection of Alabama as their opponent in the Cotton bowl New Year's day.

Dean E. J. Kyle, chairman of

the athletic council, said "I am glad that for the second year in succession Texas A. & M. can contribute its share in making the Cotton bowl game a success. We are naturally overjoyed at the selection of such a worthy opponent."

Before he left with the team last night, Coach Homer Norton said that A. & M.-Alabama game should be "one of the best if not the best bowl game of the day."

LIBERAL ALLOWANCE FOR YOUR OLD TIRE

It's an Old American Custom

Remember the first movies? They flickered and jumped all over the screen. But we thought they were wonderful. No one could imagine, then, the technicolor talkies of 1941.

We dare say folks were thrilled when Dobbin first drew a horse-car. But transportation didn't stop improving. Think of the sleek buses today.

Making a good thing better is an old American custom! And it's an old custom of KELLOGG'S, world-famous makers of cereals. Over the last 25 years untold Americans have praised the goodness of KELLOGG'S ALL-BRAN. Eighteen Are Facing Possible Federal Prison Terms Of 10 Years

All Convicted Of Conspiracy

(By The Associated Press)
 MINNEAPOLIS, Dec. 2—A possible federal prison term up to 10 years loomed today before 18 persons, members of or associated with the Socialist Workers party who were convicted by a jury here on charges of conspiracy to create insubordination in the armed forces of the government.

Albert Goldman, New York attorney and one of those convicted last night, announced that "every legal step and every other resource would be exhausted for appeal purposes." He immediately made plans for filing an appeal before Judge M. M. Joyce in federal court here next Saturday.

Sentencing Date Set
 Judge Joyce set next Monday as the date for sentencing.

Conviction of the 18 defendants was on one of two counts—an indictment returned last July after a raid on the Socialist Workers party offices here and in St. Paul. Bushels of literature were seized in the raid, and introduced in evidence at the trial, along with two red flags and several pictures of Leon Trotsky, Communist leader who was assassinated in Mexico.

Court attaches said the verdict marked the first convictions under the Smith amendment to the sedition act of 1940. That amend-

ment, added to the law in June, 1940, makes it unlawful to advocate overthrow of the government.

One Commits Suicide
 Originally the government obtained indictments against 29 persons. Of the original defendants, however, Grant Dunne, Minneapolis labor leader, escaped trial by committing suicide three weeks before the cases were called Oct. 27. Indictments against five others were dismissed on defense motion after the government had finished its testimony, and five others were acquitted on both counts in yesterday's verdict.

Miles Dunne, president of General Drivers Union 544-CIO, was one of those acquitted, but his brother, Vincent R. Dunne, also a leader in the union, was convicted. Likewise acquitted were Kelly Postal, another union leader,

er, Ray Organ, Ray Rainbolt and Harold Swanson.

Defendants convicted besides Goldman and V. R. Dunne were Harry DeBoer, Carlos Hudson, Clarence Hamel, Emil C. Hansen, Jake Cooper, Edward Palmquist, Carl Skoglund, all members of or allegedly associated with SWP; James P. Cannon, New York, national secretary of the party; Mrs. Grace Carlson, state organizer; Felix Morrow, New York, editor of the New Militant, official party organ; Oscar Coover, Alfred Russell, Oscar Schoenfeld; Max Goldman, Farrell Dobbs and Carl Kuehn.

Turks May Swing To Allies' Side

Nazis Pressed On All Fronts

BY DEWITT MACKENZIE
Wide World War Analyst

One of the most important war developments of recent months has suffered a black-out because of the more sensational American-Japanese crisis, the Nazi rout at Rostov and the great Allied drive against the Axis in the Libyan desert.

I refer to the fact that the Soviet has delivered under naval convoy at Istanbul, Turkey, three barges laden with the oil which is more precious than rubies these days—the first shipment of its kind since the Russo-German conflict began. Further, it is said that the Nazis covet, in order to offset Nazi economic pressure on the Turks, have offered them all the oil they need henceforth, and they need plenty.

Turkey Now Invaluable

Now that move might easily develop into a major victory for the Allies, its significance is that apart from the Caucasus, from which the Germans have just been flung back, Turkey is the only feasible "land gateway" from the continent to the Middle and Near East, once the Bosphorus or Dardanelles has been jumped.

In other words, Turkey is one of the most valuable stretches of terrain on earth right now in the eyes of either the Axis or the Allies.

That's why both sides have been doing their utmost to swing the Turks away from neutrality and into their respective camps. Thus far the British seem to have the inside track, but the cautious Ottomans have given signs of trying to remain neutral as long as possible, or at least until it seems wise to make a shift.

U. S. Taking Hand

The side which wins the outright support of Turkey will have got a rich prize. If that support could be secured before the crucial fighting of next spring, it would be worth a kingdom either to Hitler or his enemies, and I dare say Ankara might even get that price if it chose to bargain.

In connection with the attempt to swing the Turks to the Allied cause, some Washington observers are speculating whether William C. Bullitt, who has just been assigned to the Near and Middle

EDUCATIONAL NOTE
ENID, Okla. (AP)—Educational note issued by Fire Chief John Sweeney after his crew made two futile runs: "Fire alarm boxes are painted red. Post office boxes are painted an olive drab. There is no use of residents mistaking a fire alarm box for a mail box."

East as presidential observer, may take a hand in the game. If observes Bullitt, who has a reputation for skill in diplomacy, could pull off that coup he would have achieved a politico-military triumph all by himself.

Von Papen Also Interested

It would be an exceedingly delicate task and particularly difficult because Bullitt would be dealing with the oriental mind. Also, Turkey is in Britain's preserves ("England" hopes), but Prime Minister Churchill undoubtedly would welcome help in this instance.

Should Bullitt attempt to bring home the golden fleece he will encounter fierce competition in Count Franz von Papen, Nazi ambassador to Turkey, who not only is one of the shrewdest diplomats of our time but is hard-boiled and wouldn't hesitate to try to give the American a ducking in the Hellespont if the pace got too hot.

Apart from other considerations, Von Papen reputedly has no liking for "these idiotic Yankees", as he is said to have called the people who kicked him out of his job as German military attaché at Washington during the World War because he was suspected of plotting against our neutrality.

Fundamentally Pro-British

Von Papen undoubtedly has a keen eye on the prize. He has a keen eye on the prize. He has a keen eye on the prize. He has a keen eye on the prize.

Since the World War the Turks have at heart been pro-British. I found that to be true when I visited Turkey just before the present war. The great president Kemal Ataturk, creator of modern Turkey who then was on his deathbed, had laid down this policy as fundamental. It was said that if the Turks had to fight they would remain neutral as long as possible.

The Plainsman Says

That Girl on Broadway says the best way to forget about the cost of living is to live the kind of life that's worth the cost.

Anybody wantdog? Mrs. J. H. Brock has a small, black, male puppy, eight months old...

STEPHEN Vincent Benet, widely known and read American author of poems and short stories...

We believe in the dignity of man and the worth and value of every living soul...

We believe that free speech, free practice of religion are the cornerstones of such a government...

We believe in justice and law. We do not believe in curing an evil by substituting for it another and opposite evil.

We believe that political freedom implies and acknowledges economic responsibility.

We know that it is not perfect. We know that it is imperfect. We know that it is a system...

For The Love Of Pete

BY BURTON BENJAMIN Copyright, 1941, NEA Service, Inc.

THE STORY: It seems strange to blond, pretty Anna Humphreys to sit in the California stands at State's opening game...

CHAPTER II Pete Laird stepped out of the locker room door into a maelstrom of people.

"There he is!" shrieked dirty face. "Sign this," commanded pug-nosed pug-nose and an autograph book.

"This way" followed the perspiring one with the camera. Hemmed in, clauded, Laird tried to fight his way through the eager faces.

They finally retreated far enough for Pete to fix his coat and straighten his tie. Laird clutched the cop's arm. "Get me outa this," he pleaded.

"There's no!" "Gee, D," said Pete, giggling and gawking, the mob began to stir again.

"What a dish!" muttered one photographer. "Say, Miss Stevens," snapped out the sea.

"What is this?" said Pete, annoyed, a gag. "Why, Mr. Laird," protested Stephanie, grasping his arm.

"I'm a funny sort. I have violent likes and dislikes. Above all, I like people who excel.

"Hi, Joe—what do you know?"

Today's Journal Editorial

A POORLY-TIMED CAMPAIGN

Regardless what merit they may have, the attempts being made by the American Legion to secure passage of congressional measures liberalizing pension payments to World War veterans and their families are poorly timed.

The argument urged in favor of the measures that they wouldn't cost much compared with so-called Lease-Lend spending could be true, and the cost still still could amount to a great deal because so-called Lease-Lend appropriations have been tremendous.

People of the nation, taken as a whole, are likely to feel they thus far have done fairly well by veterans and their families. In normal times, they might be willing to do even more.

"I'm glad," he smiled. "I like people who go after what they want." He moved closer to her.

"The car picked up the speed. 'Where are you going?' he asked. 'To a party,' she replied. 'I'm having a few people over tonight. Interesting crowd—Hollywood big shots and little shots, but all fun. You'll like them.'

"I know what I want. The touchdowns and headlines are stepping stones." "I like the way you say that," she approved. "Go ahead."

"I've wanted to be a doctor ever since my dad died. I watched the doctor walk out of his room and shake his head, and I said to myself, 'I'm going to find out why people have to die that young, why doctors have to shake their heads like that.'

"I'm a funny sort. I have violent likes and dislikes. Above all, I like people who excel. I heard Lily Pons sing once and introduced her for four days to get an introduction."

I will sing unto the Lord, because he hath dealt bountifully with me.—Psalm 136.

NOTES of a New Yorker: When the column first mentioned that opera stars Kirsten Flagstad and Tito Schipa had Axis leanings...

Marlene Dietrich is wearing a gold pin-of-two-tears. Once in a cast—the other features two rubies (for toe-nails) and a jeweled mule dangling from the foot.

NOT long ago John L. Lewis, who lives at the swanky St. Regis hotel (where else should a labor leader live?) was escorted by a head waiter to an Oak Room table.

Buddy Clarke, the maestro at the Coconut Grove in the Park Central, dropped a nickel in a pay station box, and hung up when he got a busy signal.

"I'm glad," he smiled. "I like people who go after what they want." He moved closer to her. "Miss Stevens, if someone had told me I'd be sitting next to you tonight, I think I'd have laughed right out of my face."

A Kiss for Cinderella

This Is A Queer World--And Congress Fits Well Into It Washington's Official Comics Growing 'Corny'

BY PETER EDSON

WASHINGTON, Dec. 2.—Formal action of the House of Representatives in permitting Congressman Ham Fish to testify before a federal grand jury investigating Nazi propaganda activities in the United States provides one of the biggest laughs and at the same time one of the saddest commentaries on the present state of congressional mind you could ever find.

EDSON

In effect, the House ruled that Fish could testify only when the House was not in session, but on the day after that great concession was announced, there were two roll calls in the lower chamber.

That gives you the inconsistency of the picture: A third of the members can be absent from the House junketing to South America or Europe, at home making a speech, working in the office, in bed with the flu, or holding hands with the state political boss. That's all right. But let a congressman be called upon to do his duty as a citizen and tell what he knows to a grand jury—then the affairs of state become most pressing indeed.

Committee meetings must be held, heads must be put together and brows corrugated, and the sacred priv-ileges of this great state—harumph! kaff! kaff! deliberated upon as though someone had proposed sawing out his tonsils with a kitchen spoon.

THE MEN who will have to do the fighting—the soldiers, sailors and marines—are getting along with their British brothers in arms just about as well as they did in the last war, which is not at all.

CALL OF THE CITY A NEW angle to the perennial scrap between the little town and the big city has been uncovered by the Tolap committee investigating defense migration.

THE LONE RANGER

WHY, DEAREST, HOW CAN YOU SAY SUCH THINGS? I'VE BEEN A HECK OF A HUSBAND, CAROL.

IT'S TRUE, YOU'VE STAYED HOME NIGHT AFTER NIGHT WHILE I'VE BEEN OUT LOOKIN' FOR EXCITEMENT. IT'S NOT FAIR TO YOU, CAROL.

I BEEN THOUGHTLESS AND HELPFUL, AND FROM NOW ON I'M COMIN' HOME EVERY NIGHT!

YOU DARLING!

OH, HOW WONDERFUL! BUT WAIT! I HAVE A BETTER IDEA! WHY NOT COMPROMISE? WHY NOT TAKE TURN ABOUT AND COME HOME EVERY OTHER NIGHT?

OBOY! THAT'S FAIR!

Exiled Scientist's Dream Of An American Fortune Is Nightmare Of Legal Procedure

(By The United Press) DALLAS, Dec. 2.—An exiled scientist's dream of an American fortune hung today in a nightmare of legal difficulties.

The scientist is Dr. Ernest Stossel, 40, who fled Vienna when the Germans occupied Austria in 1938. He came to this country with a formula to convert waste petroleum products into wax suitable for wire insulation and for carbon paper coating.

Corporation Formed

Traveling half-way around the world until he reached Dallas, Stossel interested in his scheme, Helman Rosenthal, a chemist, and Albert Meyers, a capitalist. The three formed a corporation.

Shortly after the company started to operate, Stossel claims, Rosenthal became ill. During his period of sickness, Meyers fired Stossel and then altered the by-laws of the corporation.

This move, Stossel said, deprives him of \$200,000. In a case before District Judge Claude McCallum, the inventor asks \$200,000 damages plus six per cent interest from the company.

Formula Is Lauded

Upon cross-examination, Stossel admitted that because of machinery difficulties the wax preparation hardened prematurely. "But," the inventor asserted, "that could happen to any corporation."

Stossel's formulae have commanded international attention. Scientific journals have lauded, especially, his formula for producing a colloidal soap product.

The case started yesterday and was continued today.

ABOUT CHAMPAGNE

Champagne was accidentally concocted some 200 years ago by a Benedictine monk, Dom Perignon, who was trying to save a batch of wine that was turning out badly.

Casings cemented at 4,900 feet with 250 sacks. Operators now are drilling plug preparatory to running tubing and testing the well. It is located 660 feet out of the northwest corner of section 60, block AX, public school land. Before entering the pay zone the well encountered an odor of gas in samples from 4,908-10 feet and a trace of porosity and staining from 4,952-71 feet.

Very Little Gas

Sinclair-Prairie Oil company No. 1 Kleiner, central Yoakum county wildcat, showed no oil and very little gas in bailing dry bailer and 3,000 feet of sand—lime then was lost and a fishing job is in progress. The well is bottomed at 4,136 feet, plugged back from 5,600 feet to shut off sulphur water preliminary to testing oil shows. It is three and one-half miles northwest of the Ownby pool and four miles east of Plains.
