Three Heroes Fly To Fame-- One To Death

Americans Strike Back Bravely; One Sinks Battleship

MANILA, Dec. 12.—Three dare-devil American aviators flew to fame—and one to death—against the Japanese.

Military and naval sources in Manila today told the story of how American and Filipino aviators struck back against powerful enemy assaults. The name of 26-year-old Capt. Colin Kelly, Jr., of Florida, who was killed in action, heads the roll of the heroes.

Dives Into Jaws of Death
His diving airplane vanished in a roaring explosion that sank the 29,000-ton Japanese battleship Haruna off the coast of Luzon island as the pilot plunged his craft straight down at the enemy's and released a shock of high explosives almost into the mouths of flaming Japanese guns.

Around the air bases they told of the blows struck by Lieut. Boyd Wagner of Johnstown, Pa., who like Kelly flew an army air corps plane. Wagner raced northward to the tip of Luzon island as the Japanese sought to land reinforcements under special protection in the Apurri sector.

Wrecked Several Planes
Half a dozen enemy craft tackled him and two of them went down after a fierce dog fight. Wagner then streaked on toward the enemy landing field and dropped until his plane was merely skimming the tree-tops, his machine guns scattering flaming bullets against Japanese craft on the ground.

Washed Several Planes
Half a dozen enemy craft tackled him and two of them went down after a fierce dog fight. Wagner then streaked on toward the enemy landing field and dropped until his plane was merely skimming the tree-tops, his machine guns scattering flaming bullets against Japanese craft on the ground.

Men 19-44 In Line For Duty At The Front

Selectees Already Signed Won't Be Registered Again

WASHINGTON, Dec. 12.—Congress today received sweeping new draft legislation that would require every man in the nation from 18 to 64 inclusive to register for service and it was announced that hearings on the measure would begin tomorrow.

Chairman Andrew J. May, D., Ky., of the military affairs committee, introduced the War department's bill in the House shortly after it had convened at noon.

No Women At Present
The measure provides that every male person in the United States who is 18 years old but has not reached 65 must register.

Those who have previously registered for selective service will not be required to register again, officials said. No registration of women is planned for the present.

To Give Accurate Survey
May took the measure to the House after a conference with congressional leaders, selective service officials, and the secretary of war, in the office of Speaker Sam Rayburn.

The broad registration will be for the purpose of getting an accurate survey of American manpower.

Selective Service Director Lewis B. Hershey disclosed that a pro-

Two negroes and one Mexican were wounded in a burst of gunfire early today near Acuff and a negro woman was slashed with a knife about 9 o'clock Thursday night in the Slaton negro quarter, police and the sheriff's department here said.

At a sanitarium where three of the wounded were taken for treatment it was said the negroes were hit in the legs, the Mexican in the hand.

Charges Being Prepared
This afternoon against Jessie Lee Washington, 21, of Slaton, negro who slashed his common-law wife, Jessie Lee Thomas, about 19. The muscles of one arm were severed, said Charles Yates, Slaton deputy sheriff.

At the sanitarium it was announced that another negro had undergone amputation of hair one hand as result of gunshot injuries. His case was one of accident, however, it was explained. He, 19-year-old Jessie Shoals, field hand on the L. G. Woods place near Regis, slipped when hunting and his gun was discharged.

NORMANDIE SEIZED
NEW-YORK, Dec. 12 (AP)—The \$60,000,000 French liner Normandie, tied up here since the beginning of the war, was seized today by the coast guard.

AUSTIN, Dec. 12.—Texas has numerous laws which are applicable in war time which means now.

Invaders Storm Luzon Area In Fierce Attack

WAKE, MIDWAY BELIEVED HOLDING; JAP WARSHIPS DODGE U. S. FLEET

President Roosevelt cabled to King George VI of Great Britain today a confident prediction of victory over the Axis, and the nation was further cheered by an official report that Japanese warships had fled to escape battle with the ships of the U. S. Asiatic fleet somewhere in the Pacific.

"The forces which have plunged the world into war, however strong, can not prevail against the indomitable strength of free peoples fighting in such a just cause," Mr. Roosevelt said in a message to the British sovereign.

His statement came as war dispatches reported that Japan was powerfully increasing the fury of its air and sea-borne attacks on the Philippine island of Luzon.

In Washington, President Roosevelt reported that a band of hard-fighting U. S. Marines still held Wake island, about halfway between Honolulu and Manila, and the American Federation of Labor said it had been informed by the Navy of the fall of Guam and Midway islands.

A Navy spokesman, however, said the Navy had no information about either.

In San Francisco, the postal telegraph cable department said it was still working communications "right now" with Midway island, indicating that it was still in American hands.

The Japanese had been attacking the Wake island "leathernecks" for at least 72 hours.

Strikes From Several Directions
Imperial Tokyo headquarters officially claimed the capture yesterday of the capital of little Guam, which lies about halfway between Manila and Wake island. Midway island is about half way between Wake island and Honolulu.

The AFP said it was told by the Navy that about 1,000 American construction workers were captured by the Japanese at Midway and Guam.

Major attention centered on the battle of Luzon island, where the Japanese were now reported striking in great force.

A war department communique said Japanese troops were attacking the island, richest and biggest of the Philippine archipelago, from several directions, on the east and west coasts.

Enemy concentrations were reported at Legaspi, 250 miles south of Manila, the major port on the Pacific side of the island, and off the west coast of Zamboanga.

Zambales is a province northwest of Manila, extending southward toward Corregidor fortress which guards the entrance to Manila bay.

Also, "the enemy is augmenting its forces at Aparri and Vigan, the communique said. Vigan is 200 miles northwest of Manila; Aparri 250 miles north of the capital.

"Hawaii: No operations reported. West coast: No change in the situation."

Details were scarce on the brush between U. S. and Japanese warships—Aparri, however, no part of the main U. S. battle fleet was engaged, since it was reported to be at its base at Pearl Harbor, Honolulu, 5,600 miles from the Philippines, when the war broke out six days ago.

U. S. Base Heavily Damaged
A bulletin from the Manila headquarters of Admiral Thomas G. Hart, commander-in-chief of the Asiatic fleet, said the encounter ended without result when the Japanese made off and darkness intervened.

Admiral Hart acknowledged that Japanese bombers inflicted "very great damage" in Wednesday's air raid on the Cavite naval base off Manila.

"There was considerable loss of life, more among the civilians in the city of Cavite than among the naval personnel," the admiral's announcement said.

The clear implication, in the communique or the skirmish at sea was that the Japanese warships avoided battle and escaped.

One Hundred Fifty Attend OES Reception Given To Honor Mrs. Barnard

Lubbock OES Is Hostess

To express their appreciation of Mrs. T. H. Barnard who was elected OES associate grand conductor at the recent state meeting in Amarillo, members of the Lubbock chapter of the Order of the Eastern Star entertained with a reception Thursday night in the lounge of Tebb Women's Dormitory No. 2.

One hundred fifty guests were present, including members of many chapters in district 2.

Mesdames Annie Potts and C. C. Chambers greeted guests at the door and presented them to the receiving line made up of Mrs. Quincy Haney, worthy matron, Mrs. Barnard and the following grand officers: Mrs. Daisy Beulan, hostess of district; Mrs. May Lawson of Post, deputy grand matron; Mrs. Pat Boone of Littlefield, fraternal correspondent and Mrs. W. Nabors, representative from South Dakota to Texas.

Plays Solo Vox

The program during the evening consisted of solo vox numbers played by Earl Hubbard and his mother, Mrs. Chester A. Hubbard which featured carols and was concluded with "The Star Spangled Banner."

Guests registered in a pentagon-shaped book bound in red velvet and lettered in white with the name "Lillian" Mesdames John Spikes, J. D. McGinnis, John H. Portwood and Charles R. Duncan alternated at the register.

Mesdames I. D. Thomas and Burton S. Burks presided at a table of china, a gift from the Lubbock chapter to Mrs. Barnard.

Others in the house party were Mesdames R. A. Metcalfe, Early Daniel, J. R. Potts, Frank Barclay, L. J. Harmon and Ben V. Smith, general chairman of arrangements for the reception.

Features Christmas Trees

A large Christmas tree stood in front of the fireplace and smaller trees were placed about the lounge. Tapers burned in 7-branched candelabra.

The refreshment table was covered with a white glazed taffeta cloth and at the end of the table center garlands of white bells in graduating sizes hung to the floor. A huge reflector bearing small Christmas angels holding red candles, flanked with sprays of holly, centered the table. Groups of red Christmas bells were placed on either end of the table in front of the silver tea and coffee services.

Mesdames Paul Hardwick, W. Guy Casey, Floyd Jackson and Elva Baker alternated in presiding at the table.

Children Present Yule Program Before P-TA

Seventy-five children in vestments presented a cantata, "Let Us Go Up to Bethlehem" at a meeting of the Junior High School Parent-Teacher association at the school Thursday afternoon. They were directed by Mesdames Mary A. Ware and Ellois Elliott.

Assisting were pupils from the speech department directed by Mrs. Ray Brown and pupils from Miss Mary Lou Roberson's art department who painted a church window for the occasion.

Seventy-five parents and teachers were present.

Harvest Day Is Conducted

A Harvest Day program for women of Lubbock Methodist district held at the Asbury Methodist church Thursday was for the purpose of instructing recently elected officers in the Society of Christian Service in their duties and to hear reports of work done in 1941.

Representatives from approximately 28 societies attended the all day meeting and covered dish luncheon. Mrs. J. E. Walter, retiring president of the Asbury Woman's organization, acted as general chairman of arrangements.

Mrs. Hilburn Presides

Mrs. Marvin Hilburn of the First Methodist society, and district secretary of the district organization, presided. Mrs. J. C. Richards, who was in charge of the dining room, was assisted by Mesdames O. C. Tume, Cary Blake, Bonner Cummings, Jessie Sewell, Harmon McLarty, M. L. Eagle, E. L. Gabbard, Carl Hunt, J. R. Hartsfield and W. E. Peterson.

Mrs. Tume was in charge of music and directed the group in singing Christmas carols during the morning and afternoon services.

"The Ten Talents" was title of a devotion given by Mrs. W. E. Hamilton. Mrs. Cecil R. Matthews told of the work done by the Lubbock district of Women's societies.

A negro chorus, under the direction of Lillian Strogers, sang two spiritual numbers, and "Silent Night" and "O Come All Ye Faithful." The chorus and audience joined in the closing song, "America, The Beautiful."

Energetic Club Program Is On Christmas Theme

A Christmas program was presented at a meeting of the Energetic club with Mrs. R. C. Hoping, 2429 Nineteenth street, Thursday afternoon. Mrs. Pat Boone of Littlefield told Van Dyke's story "The Other Wise Man" and Mrs. Frank Barclay sang a number of Christmas carols.

Names were drawn and gifts exchanged. The club will give a basket of gifts to the needy.

Mrs. Flora Nutt was elected president during a business session. Mrs. L. W. Bullock was chosen vice president and Mrs. Rosie Graubay was elected secretary-treasurer.

Guests were Mesdames Boone, Barclay, Earl Hobbs of Littlefield and Frances Tolbert. Members attending were Mesdames Tom Arnett, Creek Brown, Bullock, C. Murphy, M. L. E. Terrell, Frances Van Dyke, Otis Taylor and L. C. Montgomery.

ECONOMICAL DISH—Made in America, cheese and fruit, an economical dessert.

Messiah Will Be Presented

Greatest oratorio of the Christmas season, Handel's "Messiah," will be presented twice in Lubbock Sunday at the First Baptist church by a chorus of 100 voices made up of church choirs of the city and the Texas Technological college choirs and directed by Dr. Julien Paul Blitz. First presentation will be at 4:30 o'clock and the second at 8:30 o'clock.

Soloists will be Mrs. W. Jack Lewis, soprano; Miss Margaret Prewitt, lib; Ira Schantz, tenor, and Rex Webster, bass.

Mrs. Blitz will play piano accompaniment for the soloists and will be accompanist for the orchestra.

The programs are open to the public. No offerings will be taken, according to announcement from those in charge.

This is the third consecutive year the oratorio has been given in Lubbock under direction of Doctor Blitz.

Faculty Advisory Committee Chosen

A faculty advisory committee to the administration of Texas Technological college has been selected, according to announcement Thursday.

Ballots were sent to a committee by faculty members.

The 12 elected, according to divisions, are: Arts and sciences, Dr. Charles B. Qualla, Dr. W. B. Gates, Dr. Fred W. Speer, T. C. Root, Dr. Bessie League and Dr. J. William Davis; agriculture, Dr. A. W. Young and Mari G. Pederson; engineering, J. H. Murchough and F. L. McRee; home economics, Miss Mabel D. Erwin and Miss Vivian Johnson.

The committee is to nominate one of its members for appointment to the administrative council.

The group was selected according to a plan submitted recently by President Clifford B. Jones at a faculty meeting.

On His Wish List GIFT PAJAMAS by Jayson!

Markets Take War Calmly

(By The Associated Press) CHICAGO, Dec. 12.—American agriculture goes into the new year with prices considerably below levels prevailing when Uncle Sam started shooting a quarter century ago. Moreover, stocks of some commodities are the largest on record and farmers are scheduled to step up production to peak levels in 1942.

Although farm prices have followed much the same course they took during World War I, today's market quotations, hovering around highs for the last four years, were hardly comparable in most cases to those of 1917.

Face Different Picture Farmers who recall peak prices of the war and post-war period, when wheat and rye were worth \$3 a bushel, corn \$2, oats \$1, hogs \$20 a hundred pounds and cotton more than 40 cents a pound, face a different picture in 1941.

Grain production then was stimulated greatly by the demand to feed Europe and prices of cereals soared. Now, American farmers are being called upon not so much for grains, abundant at present, as for products of grain consumption, meat, eggs and milk products. Much of the export market available in 1914-1920 cannot be reached now.

Commodity markets have taken the shock of definite American involvement in the new struggle with comparative calm. Prices have risen moderately since first shots were fired Sunday. However, before the opening today wheat was up only about 8 to 9 cents a bushel, corn and rye 4 cents, and oats 3 cents. Hogs have risen about 80 cents a hundred weight, eggs about 2 cents a dozen and cattle are sharply higher.

November Rainfall Is Below Normal

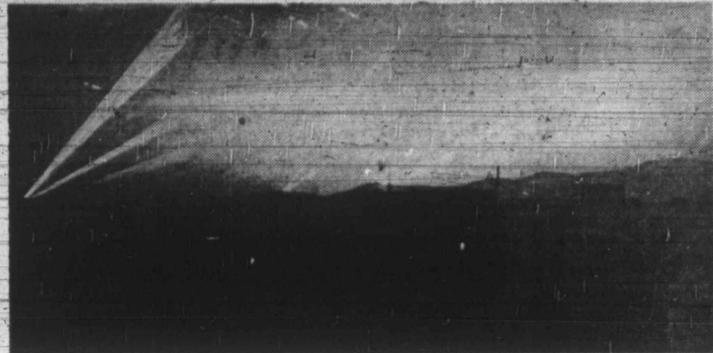

November rainfall was half an inch under normal for the month but the year's total is still more than twice the normal fall for the year, it was shown in the monthly report issued by Don L. Jones, superintendent of the state experiment sub-station.

Total rainfall for the year is 39.83 inches. Monthly precipitation was 37 of an inch. There were 18 clear days, six cloudy and six partly cloudy days. Maximum temperature was 79 degrees; minimum, 21 degrees; mean temperature, 50.4 degrees; maximum relative humidity, 92 per cent; minimum relative humidity, 59 per cent; total evaporation, 2,013 inches.

Army Induction Staff Arrives Here Today

Major Everett W. Bright of the army induction center at Fort Bliss, arrived this morning to assist in handling the physical examinations for selective service men, with a staff of eight enlisted men from his office.

"We will be here through Dec. 20, unless ordered to return," said Major Bright, who formerly was assistant district recruiting officer here. The party left El Paso late Thursday and arrived about 4 o'clock in the morning. It rained "all the way" from El Paso through Carlsbad, N. M., and Seminole to Lubbock," he added.

The enlisted men include Staff Sgt. Earl Lyles and Leroy R. Wilson; Sgts. Donald K. Reynolds, John B. Shugart, Jr., and Charles A. McLain; Corp. Lee R. Gandy and Privates Richard C. Fryre and Willie H. Link.

Quota Election Will Be Discussed Here

Business men, especially those who own farms, are invited to attend a meeting tonight in the county courtroom at 7:30 o'clock at which the cotton marketing quota election on Saturday will be discussed. Walter V. Wells, administrator of the Agricultural Adjustment administration, said this morning.

C. C. Jobson, county farm agent; Harvie D. Pool, assistant, and R. H. Gibson, marketing clerk in the AAA office, will attend and discuss the quota.

Two meetings were scheduled to be held each night since Monday night. Attendance has been small, ranging from 25 to 45 persons. Rain Wednesday night postponed two meetings when only the speakers appeared.

Your Country needs you NOW!

LET'S GO! U.S.A. KEEP 'EM FLYING!

ENLIST TODAY

Your Regular Army is calling for volunteers!

Men between 18 and 35 are needed for all of the Arms and Services.

The Air Force wants thousands of young men, immediately. Training schools are ready now for large numbers of Air Mechanics, Aerial Photographers and other specialists.

AVIATION CADETS

Many thousands of aviation cadets, 20 to 26 years of age, inclusive, are needed to become flying officers as bombardiers, navigators and pilots.

You can help in building the world's most powerful Air Force, and in the necessary expansion of the Regular Army.

ACTION IS NEEDED NOW!

Your country has decided. The treacherous attack on America has aroused the United States as nothing else could.

Your Army is ready. Call at the nearest Army Recruiting Station for advice. You will be given full information on how you can serve your country best—how you can defend that freedom which is your birthright.

"Let's go! U.S.A. Keep 'em Flying!"

U. S. ARMY RECRUITING SERVICE

Post Office Bldg., Room 200-206, Lubbock, Texas

Texas Tech Joins Today In "Keep 'Em Flying" Program Of Nation

Mail Courses Being Offered

Texas Technological college this morning joined in the nation's "Keep 'Em Flying" program with announcement of a correspondence course by which high school graduates can attain the necessary college credits to qualify for selection as an aviation cadet within five months.

The college was the first in the nation to recognize the need for such a course, and a plan was worked out by the administrative council and submitted to the chief of the air corps at Washington. It was approved and this morning announcements of the program are going out in the mail to many young men who lack only necessary college credits of being eligible for enlistment as an aviation cadet.

Requirements Changed

Originally, the army required that cadets have completed two years college work. Recently the requirements were changed to allow boys with less than two years work to enlist provided they could pass examinations on certain subjects considered essential. College credit on those subjects exempts from examination.

Courses designed to prepare youths for examinations as cadets and one designed to prepare high school graduates to seek appointment as navigator-bombardier also are being announced. J. F. McDonald, director of extension at the college, said all of the courses would be offered by correspondence and also all might be obtained in extension class if as many as 10 persons wished to attend class in any one of the subjects.

Four Subjects Taught

Four subjects will be taught in the course designed to prepare the cadet applicant for complete exemption from examinations. It may be completed in from five months to a year, depending on the individual student. The subjects are two semesters in freshman English, two semesters in plane geometry and college algebra, one semester in trigonometry, and two semesters in American history. The courses also will offer college credit, all carrying a total of 21 semester hours. Fee will be \$10 for each three semester hours or \$70 for the entire course.

Second Course is termed a refresher course and is designed for boys to decide to take the cadet examinations, but are not able to meet regular refresher courses which have been conducted at various places for the last several months. It carries no college credit. Subjects to be taught are high school English, arithmetic, algebra, plane geometry, trigonometry, general history and United States history. All seven subjects could be studied at one time, but college officials advise that applicants not attempt all at one time. Fee is \$70 for the seven.

Fees Are Reduced

The third is a course in "Principles and Laws of Physics" designed to prepare students for the army examination for qualifying for appointment as navigator-bombardier. Applicants for such appointments need only a high school education, but must pass tests in physics.

On all three courses, the regular fees are reduced by about 30 per cent, all instructors having accepted that much reduction in their fee for teaching the course as a contribution to the national defense effort.

Plans for the courses were worked out cooperatively by the college and Major Joseph R. Peller, district recruiting officer;

The New Army Game

Quota Election Set Saturday

Committees for the county as a whole and in six communities will supervise Saturday's cotton market quota election, according to Walter Y. Wells, administrator here of the Agricultural Adjustment Administration.

Meantime, the six community groups will receive their supplies when they report today at the AAA office, 1320 Avenue Q.

The county committee, of which C. E. Lilley of Slaton is chairman, is to meet today and discuss the setting up of cotton yields for insurance of the crop in the 1942 season. It is expected community committee members will attend and discuss these matters also.

The cotton-marketing quota does not have any effect upon the cotton crop insurance program for next year, Wells pointed out. It does, however, effect the loan. In the event the quota is not approved, no loan will be made.

Each community committee is composed of three members. Hours for the polls to be open will be from 8 a. m. to 8 p. m.

Location of voting places are: Slaton—city hall; and Roosevelt school under direction of the Slaton community committee; Idalou community club house and Becton school under the Idalou committee; Cooper school at Woodrow under that committee; Friendship school at Wolforth under that committee; New Deal at Monroe under that committee; Shallowater under that committee; Shallowater community club house under that committee and county court room, courthouse, Lubbock, under the county committee.

Besides Lilley, James Steele, Capt. Perry C. Euchner, aviation procurement officer for the El Paso district, and Sgt. R. A. Jackson, chief clerk in the local recruiting office.

Anyone wishing to obtain a circular regarding the courses may send a request either to the extension division at Texas Tech or the district recruiting station in Lubbock federal building. The courses are ready for immediate offering, said McDonald.

Woodrow, and John R. Murrell of Shallowater, comprise the county committee.

Only 2,667 passenger automobiles were registered in New Zealand in the first eight months of 1941, compared with 5,456 in the corresponding period of 1940.

Seven Rules For Safeguarding Morale Are Given; War Jitters Like Stage Fright

EVANSTON, Ill., Dec. 12. (U.P.)—Dr. Irving J. Lee, Northwestern university psychologist, likened war jitters to stage fright today and offered seven rules to safeguard morale.

"The position of many Americans is analogous to that experienced in stage fright," he said. "This situation, if permitted to continue, might lead to a deterioration of civilian morale."

Lee, who has helped actors, businessmen and students overcome the "inefficiency of anxiety," listed these rules:

- 1—Center your attention on the task at hand.
- 2—Don't feel that the whole burden rests on you.
- 3—Remember that worry saps your energy and leads to more worry.
- 4—Don't expect too much; prepare for bad news. It isn't the pain but the surprise coming of the pain that hurts.
- 5—Question all rumors. Don't let them affect you emotionally.
- 6—Trust those in authority. Only they are in a position to know the facts.
- 7—Don't worry—worry kills.

Brooklyn Boy Gets Tough With Santa

NEW YORK, Dec. 12 (AP)—Postmaster Albert Goldman, at the annual opening of children's letters to Santa Claus, came across one from a Brooklyn boy named Mike. Mike's letter contained a long list of things desired, and added: "You better bring all this stuff or I'll beat you to a pulp."

Victory Now Is Only Goal

(By The United Press)
CHICAGO, Dec. 12.—The America First committee, pre-war foe of administration foreign policy, prepared today to disband its organization.

In a final statement announcing dissolution plans, national directors of the committee reaffirmed their belief in its principles but said the nation's only wartime goal was "victory." The statement said the committee's objectives had been an "impregnable defense for our nation and avoidance of involvement in the European and Asiatic war."

"Our principles were right," it said. "Had they been followed, war could have been avoided. No good purpose can now be served by considering what might have been, had our objectives been obtained."

"We are at war. Today, though there may be many important subsidiary considerations, the primary objective is not difficult to state. It can be completely defined in one word: 'Victory.'"

Gen. Robert E. Wood, national chairman, said the committee intended to take legal steps in states where it was incorporated to prevent use of the name, "America First," by other groups.

Approved by Lindy Wood reported the national directors' action had been approved "in advance" by Charles A. Lindbergh, one of the committee's principal spokesmen.

The statement appealed for preservation of "fundamental" American rights during the war and expressed hope that secret treaties "committing America to imperialistic aims or vast burdens in other parts of the world shall be scrupulously avoided." It also urged its members to support the nation's war effort.

Coats 6 inches long and 3 inches wide were discovered in South America by Dr. C. W. Parsons, of the University of Glasgow.

Plain As ABCD That JIG Is Up

MEXICO, Mo., Dec. 12 (AP)—Said Col. C. R. Stirling of Missouri Military academy when informed of America's declaration of war: "It's as plain as ABCD (America-Britain-China-Dutch East Indies) that the JIG (Japan-Italy-Germany) is up."

SCENIC CALIFORNIA—Ah, so tired! That's the way platinum-tressed Marion Martin feels after a jaunt around her 11-acre farm near Hollywood. The California scenery in background is pretty, too.

First Aid Course Is Planned Here

The Home Economics club of Texas Technological college will sponsor a Red Cross first aid course immediately after the Christmas recess, according to Miss Margaret Weeks, dean of the home economics division.

Students may enroll for the course without charge. Only expense will be in purchase of a textbook.

Plans for the course were begun recently, even before the United States declaration of war.

Dr. Allen T. Stewart and assistants will teach the course. As many classes will be organized as demand justifies, with 35 students to a section, according to preliminary plans. Fifteen hours of classwork will be offered.

Further plans will be announced later, said Miss Weeks. The Home Economics club also is sponsoring food demonstrations on surplus commodities in effort to do its part in civilian defense.

Elsie Haberer, student from Muleshoe, and Pari Dee Agee from Stamford gave a demonstration Thursday.

RAF Again Lashes Nazi Bases On Continent, Berlin Acknowledges

Finland Claims New Victories

Germany reported today that British planes, resuming their aerial offensive, had bombed several places in north and north-west Germany during the night.

High explosive and incendiary bombs caused "some damage to dwelling houses and some civilian casualties," Radio Berlin said. It added that one British plane was shot down.

Finns Claim Victory

Finland, now, as an Axis partner, aligned against the United States, said its troops had "dispersed and almost annihilated" three Russian divisions in "bitter fighting in the last few weeks."

Italy's contribution to the Axis was, according to its official news agency, a bombing attack during the night on Britain's naval base at La Valletta, Malta. It was commented that all the Italian bombs hit all the targets "assigned" to them, and that the British anti-aircraft fire was weak.

Axis news, reaching the United States now in devious ways by means of radio broadcasts and patches from the few remaining neutral countries, notably Sweden, indicated a let-down after the German and Italian declarations of war on the United States yesterday.

The German official news agency said Hungary declared war on America last night, that the American minister at Budapest was given his passports and that the Hungarian minister at Washington had been ordered home.

The Hungarian minister in Washington said his country had not declared war.

The Swiss newspaper *Neu-Zuercher Zeitung* reported from Berlin that Switzerland would represent both United States and British interests in Germany.

Rebuild New World

Gen. Hiroshi Oshima, Japanese ambassador to Germany, was quoted by the Rome radio that the Axis powers "after the common victory" would "rebuild jointly a new world both in the East and in the West."

The Italian newspaper *Stama* of Turin announced that the Italian people learned with "incredible enthusiasm" that war had been declared against "their worst enemy"—the United States.

"The leaders of the three allied powers, Germany, Italy and Japan, are acting with perfect synchronization as they did before," *Stama* said.

News Briefs

Daughter Is Born—Mr. and Mrs. Mack Smith, 2321 Fifth street, are parents of a daughter weighing 8 pounds, 11 ounces, born Thursday afternoon at 1:55 o'clock in West Texas hospital. The father is a drug store employee.

Son Is Born—Mr. and Mrs. Carl Stephenson, 1420 Tenth street, are parents of a son weighing 6 pounds, 15 ounces, born Thursday afternoon at 8:10 o'clock in West Texas hospital. The father is an auto company employee.

Birth Is Announced—Mr. and Mrs. Anton Wolf of Abernathy announce the birth of a daughter weighing 9 pounds, 14 ounces, Thursday night at 7:45 o'clock in Lubbock sanitarium. The father is a farmer.

Coach To Speak—Coach Dell Morgan of Texas Technological college will address a dinner program tonight in Littlefield high school gymnasium. The school's football team, pep squad and band will be guests of trustees. Home-making department members will serve dinner.

Mission Board Speaker—Dr. J. L. Moye, representative of the Southern Baptist Home Mission board in the southwest, will speak at 10:45 o'clock Sunday morning at Calvary Baptist church. He will address a Mexican Baptist church congregation at 112 Avenue K Sunday night.

Recreational Program Planned—First Baptist church social recreation team in the Community center, at Sixth street and Avenue B, will give a two-hour program for Junior and Senior High school age students, beginning at 7:30 o'clock tonight.

Relative Dies—Charles B. Metcalfe, 85, former member of the Texas legislature, father of State Sen. Penrose B. Metcalfe and cousin of Charles B. Metcalfe, former Lubbock district court clerk, died Thursday in San Angelo. Inadvertently today's *Morning Avalanche* used the picture of the Lubbock rather than the San Angelo, man in connection with the death notice. Similarity of names and proximity of the pictures in newspaper files contributed to the mistake.

Bombs Miss Lubbock Man—Two months ago Jimmie Bomer joined up with the regular army. Five days ago he was one of the thousands who heard the bursting of bombs as B-29 bombers from a program received this morning in Lubbock said he had not been injured, his sister, Mrs. S. S. Stubbs of 3519 Dixie Drive in Lubbock, informed. His mother is Mrs. C. C. Barnes of Gage, Okla. Pvt. Bomer is at Kamehameha station, T. H.

Sam Malone Here—Rev. Sam Malone of Los Lunas, N. M., and a former newspaper publisher at Seminole, was in Lubbock this morning en route home from a trip to Seminole. He visited his son, Sam Malone, jr., a student at Texas Technological college.

Rev. Mr. Malone said an oil test on his farm north and west of the Seminole townsite had reached 5,180 feet Thursday when he was there. He said drillers told him they expected to reach the pay at approximately 5,220.

Cotton Stamp Report—Supplemental cotton stamps issued to Lubbock county farmers for their cooperation with the department of agriculture's acreage reduction program, amounted to \$32,061.50 up to this morning, Walter V. Wells, administrator of the Agricultural Adjustment Administration, said. Practically all of the stamps that will be issued have been distributed.

Warning Given On Trash Fires Here

Warning that a city ordinance specifically forbids the burning of trash in alleys was given by fire department officials this morning. Several fire alarms recently have been due to fires of that kind which have gotten out of control, officials said. One caused a loss of several hundred dollars. Serious fires have been narrowly averted in other cases, according to the report.

Officials asked for voluntary cooperation in observing the ordinance. Otherwise, they said, they will have no choice except to file complaints.

Pvt. Edwin N. Mitchell, Mack D. Mitchell, father, rural route, No. Three, Cobb, Ga.
Navy men killed in action in Hawaii Sunday and next of kin were:
Pvt. John J. Moran, Michael Moran, father, North Tarrytown, N. Y.
Sgt. Stanley A. McLeod, Neil W. McLeod, father, Jonesboro, N. C.

Russians Declare Japan Faces Defeat In Warfare With U. S.

(By The United Press)
KUIBYSHEV, Russia, Dec. 12.—Pravda, official Communist party organ, bitterly denounced Japan today, saying it had attacked the United States and Great Britain treacherously and obviously after long preparation.

"The Japanese aggressor has plunged into a very hazardous adventure which bodes him nothing but defeat," Pravda said.

"And if he counted on the possibility of 'lightning victory' he is in for a disappointment no less great than that suffered by the bloodthirsty Hitler as the result of his bandit attack on the Soviet union."

As Pravda published the first important Russian pronouncement on the new Pacific war, the Soviet information bureau bitterly taunted Germany on the failure of its greatest offensive of all time.

The communique, addressed to "the crooks and sharpers of the Hitler and Co. gambling house," reviewed the collapse of the German attack on the Eastern front.

It came one day after a Pravda editorial yesterday which said that Russia would never conclude a separate peace with Germany and that peace would be possible only by agreement with the United States and Britain—after Germany had been beaten.

Today's editorial, denouncing Japan and emphasizing the "gigantic strength of the United States," said:

"Japan is facing a united front of the United States, Great Britain and China. Japan's first successes do not decide anything. In future Japan's reserves will become exhausted in this war while America's reserves will grow. It is this very circumstance that will decide the issue of the war."

"Japan will indisputably suffer defeat."

Lubbock, Already Honor Roll City, Has Improved Its Rating With Milk Supplies

Lubbock, already an "honor roll" city, has improved its rating with regard to precautions to insure the purity of its milk supply, according to a communication announced this morning to Dr. J. W. Rollo, city health officer, from Dr. George W. Cox, state health officer.

The letter reported the results of a recent official inspection for the federal and state departments of health of dairies, creameries and other milk handlers here.

First in Two Years
The inspection was the first in approximately two years. The last, made in 1939, resulted in Lubbock being credited with a score of more than 90 per cent, according to a chart established by the state and federal departments. A score of 90 per cent or higher is necessary for "honor roll" ranking, which Lubbock was given for the first time in 1939.

Although the scoring system has been tightened considerably since the last inspection, according to H. H. Hunter, city milk sanitarian, Lubbock's general average is higher. From the standpoint of enforcement, the city is rated 92 per cent as compared with 93 per cent two years ago. This results chiefly from a revised milk and dairy ordinance adopted by the city commission recently.

Lubbock's rating as to pasteurized milk is fractionally higher than two years ago, at 94 per cent, while, in respect to raw milk, it is fractionally lower. The general raw milk rating two years ago was 94 per cent. Two separate classifications for product this year show: Raw milk to retailers, 91 per cent, a sharp drop; and raw milk to plant, 95 per cent, a slight increase. Hunter said, however, that the inspections as to raw milk recently were particularly rigid.

Annual Banquet For Scout Group Staged

Jim McConnel of Tulla was named district chairman and C. O. Byrnes of Dimmitt vice chairman at the first annual banquet of the new northern district of South Plains Boy Scout council in Tulla First Presbyterian church Thursday night, according to report this morning by Jack O. Stone, council executive who attended.

W. Coffee of Silverton, principal speaker at the banquet, was chosen district commissioner and Henry Teubel of Tulla and John Haynes of Silverton were recommended for membership on the council executive board.

Another action at the banquet was the recommendation of the name, "Tula," for the new district. It is for Tula canyon which extends across Swisher, Briscoe and Castro counties, which make up the district. Approval of the name by the council board is considered a formality.

Dr. R. P. McCasland of Tulla was toastmaster at the banquet. More than 100 guests were served, Stone reported.

According to an order in 1935, all officers in the Soviet army must take dancing lessons.

The state controls about one-tenth of the 3,000,000 acres of woodland in Great Britain.

Latin American Republics Supporting United States In Struggle

"All-Out" Aid Is Indicated

(By The Associated Press)

The western hemisphere's position as a barrier separating the Oriental and European members of the Axis was solidified further today by declarations of war by five Latin American republics against Germany and Italy.

Cuba, first of the 21 American republics to declare war against Japan, took similar action yesterday against Germany and Italy.

Break Off Relations

Cuba, Nicaragua, the Dominican Republic and Guatemala followed with similar declarations and Mexico broke off diplomatic relations with the Third Reich and Fascist Italy, as she had done previously with Japan.

Implementing Mexico's latest action was an offer by the Mexican confederation of workers of 300,000 armed members for any required national service.

Brazil reaffirmed her previously proclaimed solidarity with the United States and other American republics, "in view of the declaration of war by Germany and Italy" against the United States.

Parliament Voted

The Colombian Senate unanimously voted far-reaching military and financial emergency powers to the government early today to cope with the international situation. The chamber previously had approved.

The Berlin radio reported in a dispatch from Tokyo that Japan had blocked credits to Argentina, Peru, Brazil, Costa Rica, Nicaragua, Guatemala, Honduras, Cuba and the Dominican Republic.

Japan Is Uneasy

(Continued From Page One)

planes and troops roughly adequate to meet any sudden Russian move.

Reds Might Plaster Japs

In one respect, the situation offered a striking parallel to that which preceded Italy's entry into the European war when France was forced to keep sizable forces on the Italian border as a precaution against an abrupt Italian invasion.

And, while the uncertainty lasts, it was pointed out, Tokyo and other key Japanese cities must live in fear that an unannounced Russian decision to join in the Pacific war may subject them to a surprise plastering from the air in the best Japanese Pearl Harbor manner.

Should Russia make such a decision, it would close the ring of military powers about Japan and be a vital strategic gain for the Anglo-American front.

Pricking Great Power

By striking suddenly and powerfully while Japan is occupied with military and air operations extending over thousands of miles of land and ocean, it is believed that the Russian Siberian army might well alter the whole development of Japanese strategy and turn it into a strategy of defense.

The Russians have in Siberia two things which could be of immense help to the Allied campaign against Japan: An army and the air base.

Prior to the withdrawal of some divisions from the Siberian front to aid in fighting the invading Germans, the Russian army in the east was generally considered superior in numbers and equipment to the Japanese forces facing it across the border of Manchukuo. The Russian air force was believed to possess great striking power in comparison with that of its potential opponent, regardless of the Japanese air showing of recent days.

West Coast Alert

(Continued From Page One)

sudden decision an hour later to permit residents to return to their homes.

More than 1,000 persons living between Santa Cruz and Monterey, behind which lies the huge Fort Ord garrison, were ordered from their homes and a blackout was clamped on the area by the Fourth Interceptor command.

Plains Paint Windows

Police, under army supervision, escorted the residents from their homes to schools and churches inland. Just as suddenly as the evacuation order came, the Army returned them and the people were returned home. The towns of Santa Cruz, Salinas, Monterey, Carmel, Watsonville and Pacific Grove were affected.

The blackout, however, lasted four hours although radio stations at no time were ordered off the air.

Vital defense industries were making preparations to operate despite future blackouts. Borden Aircraft in Seattle used 1,747 gallons of black paint to coat its windows and other plants were following suit.

Light Rainfall Over Section Last Night

Clearing skies this morning following a rain Thursday night in which the state experiment station reported 59 of an inch of moisture was recorded.

Minimum temperature this morning was 33 degrees, five below the 43 maximum of Thursday.

Fort Worth and Denver City railway dispatchers reported rain as follows: Hart, half inch; Dismal, high rain; Plainview, high rain; Sterley, half inch; Petersburg and Silvertown, inch each and Turkey, hard rain.

Boys' Calls To Home In City Coincidence

Mrs. Joe Jones of 2101 Avenue L answered the phone Thursday night.

Her ears were assailed by a bedlam of back-alley caterwauling mixed with high-pitched wailing of a hundred "no-number" dial phone protests, or something of the sort.

Over the confusion came the shout of son Atwood, of Los Angeles.

"Having blackout here," he yelled. "Maybe you can hear the air raid sirens. Just a precaution test."

The phone rang again. "Son Joe, jr., this time. At Scott field, Ill."

"My two-weeks furlough has been canceled. Could you visit me instead, Christmas?" Joe, jr., lacks six weeks of completing his radio instruction course in the air corps.

"Sure I'll visit him," said Mrs. Jones. "But those calls were a coincidence, weren't they?"

Texas War Laws

(Continued From Page One)

more than 25 years.

Possession of any flag, standard, color, ensign or coat of arms of any nation with which the United States is at war or any imitation thereof, or of any political subdivision of any such nation can be confined for not less than two nor more than 25 years.

Any officer may, without warrant, arrest violators of any of the above sections when the officers' presence or view, Travis county (Austin) has venue of all above offenses.

The suspended sentence law does not apply to any of the offenses.

Hawaii Defenders

(Continued From Page One)

it was just another defense practice when they were awakened by the explosions.

The training shell brought Mrs. Burns and me to our feet. This was no maneuver.

I raced up nearby Tantalus mountain, elevation 1,350 feet, from where Pearl Harbor and Hickam field were plainly visible and saw three black plumes rising from the field and the harbor and blue patches of sky flecked white with the bursts of anti-aircraft fire.

A Japanese sat on a concrete guardrail atop the peak, smoking complacently.

Almost Blacked Out

Pearl Harbor was almost blacked out by heavy smoke and high overhead bombers roared amid intense anti-aircraft fire.

While I was approaching the office a bomb exploded less than 100 feet away from a hardware store and nearby another bomb killed a man. One direct hit on an automobile killed its four occupants instantly.

Police handled the civilian situation beautifully in the emergency.

Army authorities said today that there have been no new Japanese air raids against the Hawaiian islands since Sunday night.

Pioneer Dies

(Continued From Page One)

county from Parker county in 1892. He obtained several sections of land east of Lubbock and raised cattle. A postoffice was established at the Acuff home and later was moved to the present site of the Acuff community. Mr. Acuff served as Lubbock county commissioner several years. He formerly owned Acuff addition in Lubbock.

He moved to Hereford in 1903 and to Austin in 1906. He was in the real-estate business in Austin. He moved back to Lubbock in 1932.

Mr. Acuff was one of the first

Big War Fund Before Senate

(By The United Press)

WASHINGTON, Dec. 12 — The Senate votes today on a \$10,000,000 supplemental national defense appropriation, the first since the declaration of war against the Axis to gear the armed forces for a "long, hard war."

The Senate appropriations committee will send the bill to the floor at noon after adding nearly \$2,000,000,000 in cash and contract authorizations, including \$500,000,000 for naval war planes, to the House-approved version.

More Funds Asked

The bill, boosting the war program to more than \$50,000,000,000 was approved by the committee yesterday only a few hours after the declaration of war against Germany and Italy.

Acting Committee Chairman Kenneth McKellar, D. Tenn., said the bill was the first of what may be an endless series "necessary to supply the implements and arms for a long and hard war against three foes."

Rear Admiral John H. Towers, chief of the Bureau of Naval Aeronautics, asked the committee to please funds for naval fighting planes, including high-speed fighters, permitting construction of an additional 2,020 airplanes. McKellar did not reveal the type or number of fighting craft to be constructed from the \$500,000,000 fund.

Other Steps Provided

In an effort to provide power necessary to make aluminum needed for the defense of the country, the committee added a power facility program embracing four additional dams in Tennessee.

Other items added by the committee include: \$7,000,000 for Army and Civil Aeronautics administration land fields; \$724,000,000 for feeding and clothing Army personnel; \$269,000,000 for the Army of the Philippines; \$370,000,000 for the Navy bureau of ships; \$300,000,000 for vessel construction and machinery; and \$33,000,000 for the interior department for defense construction purposes.

News Briefs

Rains in Bailey — Southern Bailey county Thursday night received a heavy rain, G. F. Howell, formerly of Eads, who is residing here temporarily, said he was told this morning by a son-in-law at Eads. The rain was general over that section, he added.

Examine Many Men — Forty-eight out of a total of 60 selective service men who were ordered to report today for a physical examination before induction into the Army of the United States, had reported shortly before noon. Sgt. R. A. Jackson, chief clerk in the district recruiting office, said. A medical board was giving examinations.

Injunctive Matter Up — Judge E. L. Pitts of 99th district court this afternoon expected to hear testimony in the case of State against Beatrice Noble, a negro, and others. Defendants were cited to appear and now ask for a temporary injunction should not issue to them enjoining against liquor trafficking.

Burglary Reported — Police said this afternoon Mrs. J. A. Guinn of 2206 Main street, had reported burglary sometime Thursday night of her residence and theft of two persons valued at \$4 in aggregate. A window had been opened to allow entry, she said.

Bike Stolen — Police said a Tahoma youth, Preston Whitley, had reported his bicycle stolen at a downtown theater. Numerous bikes have been taken from the place in recent weeks, police reports showed.

One Dead And Five Missing In Crash

WASHINGTON, Dec. 12 (AP)—The Navy announced today that an officer was killed and two officers and three enlisted men are missing and five other enlisted men injured in the crash of an Atlantic ocean patrol bomber. The location of the mishap was not announced for "reasons of national security."

Paul H. Alter, USNR, 26, was killed. He is a native of Fort Plain, N. Y. Listed as missing were: Lieut. Richard B. Hughes, 28, of Long Beach, Calif.; Ensign Robert W. Deraemer, 25, Griffith, Ind.; Cleo Wells, aviation machinist mate first class and naval aviator pilot, 31, Norfolk, Va.; Harry H. Shoop, sideman in the class, 21, Elizabeth City, N. C.; Carl W. Pierce, aviation machinist mate third class and aviation pilot, 29, North Wilkesboro, N. C.

American Workers In Pacific Are Seized

WASHINGTON, Dec. 12 (AP)—The American Federation of Labor announced today that the Navy had notified it that more than 1,000 members of its building trades unions had been taken prisoner by the Japanese when Midway and Guam were captured by the enemy.

The AFL said it was informed that 700 of the workers, mostly taken from California to work on Army and Navy base construction, were captured at Midway and 400 at Guam.

It said that the Navy estimated that another 10,000 building trades workers had been taken to Honolulu in the last year or so for defense work and that so far as was known all were safe.

Terrific Blast Rocks Iowa Ordnance Plant

BURLINGTON, Ia., Dec. 12 (AP)—A terrific explosion in the No. 1 melt unit of the partly-completed Iowa Ordnance plant near here this afternoon shook the neighborhood, injured a number of workers and possibly increased the danger of the crown colony. The capital city, Victoria, is on Hongkong island off Kowloon.

Chinese Taking Toll

Chinese forces were reported to have launched a powerful offensive along the Kwangtung front to relieve Japanese pressure on Hongkong. A China radio broadcast said the attack started two days ago, with 15,000 Japanese already killed and wounded.

It was admitted in Manila that the Japanese had improved their strength in northern Luzon since a landing in force started at Aparri early Wednesday.

The southern landing was reported by U. S. Army authorities even before the Japanese officially claimed a pincer position there and this was minimized in Manila.

Terrain Proves Hell

Just as Jungly mountains are natural barriers north of Manila, rough terrain aided the American and Filipino defenders against an attack from the south, and Luzon sprang 450 miles from tip to tip, to tip between the Pacific and the China sea.

Imperial headquarters of Japan announced in a communique broadcast by the Tokyo radio that a minesweeper of the empire's Navy had been sunk and another damaged in operations around the Philippines, while "nine Japanese naval planes have been lost," some in human-torpedo attacks, and one other aircraft was missing.

Deaf Ship Is Sunk

Domel said Japanese authorities denied the battleship Haruna had been sunk, off northern Luzon, saying American bomber crews apparently mistook the damaged cruiser for the battleship.

Against the Japanese losses, the Tokyo high command asserted that 202 U. S. warplanes had been destroyed in the Philippines, in-

Increase Seen For Ginnings

For the first time this cotton ginning season the number of bales ginned in Lubbock county, according to the bureau of the census, U. S. department of commerce, exceeded those for the corresponding date in the 1940 season, figures announced this morning by Andy L. King, special agent of the bureau, showed.

Ginnings to Dec. 1 were 43,433 bales, compared with 42,251 a year ago. Increase was 1,182 bales.

Sharp Boost Seen

Last report, as of Nov. 14, showed 12,441 bales. The 10 days between the two reports showed 2,992 bales turned out.

The Nov. 14 report showed five counties had passed the 40,000 bale total. Nueces, Jones, Mills, Burnell and Haskell. The first three counties are not expected to exceed their mid-November totals by more than a few thousand bales at the least. Burnell and Haskell, being in West Texas, have a chance to get more ginnings this month.

Fines Are Assessed In Liquor Charges

Fines totaling \$325 were assessed against two liquor law violators this morning by Judge G. V. Pardue of county court.

Alvin Kincaid was fined \$125 and costs. Lawrence Payne, a negro woman, \$200 and costs. Both pleaded guilty. Judge Pardue said in his judgments.

Orin Phillips was fined a total of \$174.90, costs included, Thursday afternoon on a similar charge. Walter Wilkerson was charged this morning in two cases with liquor law violation. Ralph Brock, county attorney, was completing affidavits alleging contempt of 99th district court, where Brock said Wilkerson had been permanently enjoined from trafficking in intoxicants.

Also, Brock said, he was preparing to file an application asking the 99th court of Judge E. L. Pitts to grant temporary restraining orders enjoining Curtis Childress, a negro, from such traffic. He said he would ask for a hearing to be Dec. 19 for the defendant to appear and show cause why a temporary injunction should not issue.

Three Shot

(Continued From Page One)

in connection with the Acuff case which was alleged to have happened on the Buckner place. Both are about 40 years old. It was estimated that the Mexican was not held, pending further investigation.

Witnesses said Garner had lost money gambling with the others and whipped out a gun and started blazing away. The injured Mexican was not a planned interloper to prevent his father being injured.

Other Cases Reported

Police and county officials said a Ralls woman had been released on her own recognizance Thursday afternoon to appear back today in court on a charge of theft from an informal charge of theft from a store here. She was a relative, County Judge G. V. Pardue said, of a juvenile who was with her Thursday and who faced a hearing this morning for shoplifting. A hat and a necktie had disappeared from the store, it was related. The juvenile was not detained after the hearing.

Two white men and two negroes tangled in a Thursday night disturbance at a small hotel here, police said. The white men paid \$15 fines, one of the negroes posted \$15 cash bond for appearance later and the other was held in jail.

Otherwise, everything apparently was rather quiet.

Service Legislation

(Continued From Page One)

posal was now under consideration to establish some sort of government support if married men and others with dependents, who are now deferred, were found to be needed.

Hershey told the conferees that an additional 1,000,000 men probably can be combed out of present registrants between the ages of 21 and 28 and that 1,200,000 men reach the age of military service annually.

"We may need a lot of men," he said, "and we've got to find out now where we can get them."

The legislation was reviewed in a conference at Rayburn's office attended by Secretary of War Henry L. Stimson, Hershey, Rayburn, House Minority Leader John W. McCormack, D. Mass., May, House Minority Leader Joseph W. Martin, R. Mass., Rep. James Wadsworth, R. N. Y., co-sponsor of the original selective service act; Rep. Walter G. Andrews, R. N. Y., ranking minority member of the military affairs committee, and War department and selective service aides.

Indians Seeking To Buy Defense Bonds

SEMINOLE, Okla., Dec. 12 (AP)—The business committee of the Seminole Indians has passed a resolution asking the federal government to release \$50,000 of their tribal funds to buy defense bonds. An act of Congress would be required to release the funds for purchase of such bonds. The tribe has on deposit about \$125,000.

Germany Fleeting

(Continued From Page One)

had been ousted.

At the same time, the Soviet information bureau issued a statement declaring Hitler's alibi that an early winter forced him to begin his retreat.

Weather Favored Nazis

On the contrary, the weather has favored the Germans; as the advent of winter this year has been late and slow, the statement said.

It is not the terrible frost but our valiant Red army that now inflicts defeat on the German Fascist invaders while frosts, real Russian frosts, are still ahead.

And the casual observer decided to choose a different corner for his pranks and left the Eastern front for Berlin in order to disclaim responsibility for the possible defeat of his army during the winter.

The Russians said the Berlin newspaper Tagblatt issued a peace feeling, claiming that Moscow was ready for peace if Germany guaranteed not to occupy Russia and abandoned the policy of attempting to annihilate communism.

Detroit Girls Offer Aid In Enlistments

DETROIT, Dec. 12 (AP)—Twenty girls employed as stenographers in downtown offices descended upon the navy and marine corps recruiting offices today and presumably "bad the situation well in hand."

Learning that the navy and marine offices were short of stenographic assistance, the girls offered their services during spare hours, each planning about eight extra hours a week.

Lieut. Charles Popp, marine recruiting officer, said their help would cut in half the paper work involved in each enlistment.

Wichita Falls, Sunset, Austin And Temple Favored To Advance

Tyler Also Is Given Chance

Schoolboy Race Is In Quarter-Finals

BY TOM W. MILLER
United Press Sports Writer

Texas sports writers missed as many as they guessed correctly last week but were back today with their elections in the schoolboy quarter-finals this afternoon and tomorrow.

The writers were overwhelmed in picking:

Wichita Falls over Yaleta.
Dallas Sunset over Highland Park.

Austin over Houston Lamar.

There was wide difference in opinion on the other game and some of those polled said their choices were hesitant ones. By a narrow margin the writers liked:

Temple over Tyler.

Twenty joined in the poll and just one, Bob Ingram of the El Paso Herald-Post, thought little Yaleta could repeat last week's jarring upset and get by Wichita Falls. It was to be pointed out, however, that the writers a week ago were unanimous in picking Sweetwater over Yaleta's squad of 14 boys. Yaleta won 14 to 7.

Likewise, there was one vote, and one only in favor of Highland Park over Sunset. Bob Gresham of Temple—who incidentally guessed Tyler's heavier Lions would beat Temple's undefeated Wildcats—guessed Highland Park's vaunted passing game would stop Sunset 7 to 6. Last week 93 per cent of those writers polled picked Paris over Highland Park and the underdog Highlanders won 19 to 6.

Temple, Tyler playing today

Seventeen of the 20 picked Austin's Maroons over Houston Rip. Manning of the Fort Worth Press, Zack Hurt, sports broadcaster of Station KFJZ in Fort Worth and Bill Roberts of the Houston Press.

The vote in the Temple-Tyler game was 11 votes for the home team Wildcats, who have not been beaten this year, and nine for the visiting Lions, who were clipped 19 to 13 by Sunset in the first game of the year, but who have won 10 straight since.

The Temple-Tyler game is this afternoon, the others tomorrow afternoon.

Invitation Cage Meet Underway At Tahoka

TAHOKA, Dec. 12 (Special)—Top-heavy victories by Idalou boys and Wilson girls featured the opening round of the annual Tahoka invitation basketball tournament for high school teams Thursday.

Harrison Sage and Clarence Gordon, with 14 and 12 points, respectively, paced the Idalou five to an easy win over the Post Antelopes, 30 to 14.

Measuring the Tahoka B team, 30 to 13, the Wilson girls gave promise of going to the meet finals. Their triumph was attained with ease.

In other boys games, McKinney led Wilson to a 23-to-14 victory over Tahoka B. Enzor was outstanding in a win for New Home over O'Donnell, 26 to 18, and Wayne Shewan caged 11 points as Tahoka defeated Union school of Terry county, 27 to 7. White starred for O'Donnell and Miller was impressive for the Union quint.

O'Donnell ousted New Home, 20 to 18, Idalou slipped past Post, 19-11, and Tahoka eliminated Union, 17 to 10, in other girls games.

Wilson and Ropesville girls open the Friday card at 10 o'clock with Draw and Wilson boys meeting an hour later. In the afternoon, Sundown and O'Donnell girls play at 1 o'clock, Denver City and New Home boys meet at 2 o'clock, and Post girls complete the first round in a game with the Ropesville-Wilson contest at 3 o'clock.

Semi-final and consolation games get underway at 4 o'clock Friday afternoon. Championship melees will be played Saturday night.

Border-Confidence Cage-Season Starts

West Texas State Teachers In Favorites' Role For Title As They Entertain Texas Mines

(By The Associated Press)

CANYON, Dec. 12.—Out here on the wind-whipped plains where six-footers are considered half-pints, West Texas State Teachers' giants of the painted court are setting a two-points-a-minute pace.

And to quote Al Baggett: "This team has great possibilities of being the best I've ever coached."

That would be quite a compliment because a West Texas State Teachers' team that loses more than a half-dozen games a season is termed something of a disappointment.

The Buffaloes' principal one of several trade marks is the claim of being "The Tallest Basketball Team In The World."

This year the 16-man squad averages 6 feet 3 1/2 and the starting team 6 feet 4 1/2.

Play Miners Tonight

In four games the Buffs have scored 308 points, beating Chihuahua State of Mexico 60-46 and 49-35, running over Eastern New Mexico 111-22 and blasting Omaha University 85-25.

Tonight the West Texas masters open the Border conference face with Texas Mines at Canyon.

Charles Halbert, mighty Buff center, is the tallest college player in the world—6 feet 10 inches.

An ambitious schedule aimed at national recognition this year is highlighted by a battle with the famed Long Island Blackbirds at Madison Square Garden.

Tonight's tilt with the Miners matches the defending champion El Paso quintet with the five that's established itself as favorite to win the Border title by its top-heavy early-season conquests.

Saturday night the Miners move to Lubbock to play Texas Tech's Red Raiders.

One other conference team opens its schedule tonight, though in non-conference action. Arizona university opens a two-game series at Silver City against the New Mexico Teachers.

"Ringer" Tourney Is Won By Mrs. Akey

Mrs. Charles Akey won top honors in a year-long "ringer" tournament at Lubbock Country club, it was announced Wednesday at the regular weekly ladies day at Country club.

No luncheon or tournament play was conducted Wednesday, due to adverse weather.

Mrs. Akey's average of 66 was the best for the year in the ringer tournament, with 72 scores of Mrs. J. H. Stiles and Mrs. W. F. Helwig next.

In the first flight, Mrs. W. H. Freeman took the honors with a 79. Mrs. Qlan, Key's 81 was second.

Zivic And Kid McCoy Will Tangle Tonight

NEW YORK, Dec. 12 (AP)—Young Kid McCoy of Detroit meets former welterweight champion Fritzie Zivic of Pittsburgh in a ten-round scrap at Madison Square Garden tonight, with the winner advancing a notch toward a shot at Freddie Cochrane's title.

McCoy, who has won 45 of his 54 fights since turning professional in 1938, ten of them by knockouts, is favored at odds of 5 to 7. A crowd of around 10,000 is expected to turn out.

Mize Goes To Giants In Deal

Biggest Trade Of Season Announced

(By The Associated Press)

CHICAGO, Dec. 12.—The big merry-go-round of the major league winter baseball meeting had just about run down "last night" when the St. Louis Cardinals suddenly turned Johnny Mize over to the New York Giants—and there was the deal for which bosses of the 16 clubs had been watching since Monday.

Coming as it did, the move found most of the major league chiefs already homeward bound, but not Branch Rickey of the Cardinals and Bill Terry of the Giants.

Gets Two Players, Cash

Rickey let go of his big slugging first baseman only after Terry had promised to hand over Catcher Ken O'Dea and Pitcher Bill Lohmann—plus a chunk of cash of unstated denomination.

O'Dea had played in only 59 Giant games and Lohmann had won only nine of 19 decisions last season, so Terry figured he could spare the boys. And Rickey knew what he'd do about the Cardinal first base job.

Coming up from Columbus is Ray Sanders, a competent first sacker, as well as versatile Johnny Hopp, who filled in for Mize on occasions last season. Regarding O'Dea, Rickey said he needed a catcher and "liked the looks of Ken." He also never is reluctant to take the other fellow's spare cash.

Yesterday's other developments reflected the chiefs' concern over the nation's involvement in the war, an item that detracted considerably from their efforts to discuss baseball. They set up a \$25,000 fund to buy diamond equipment for service training camps, and agreed to turn over receipts from the annual All-Star game for the same purpose, thus assuring a final kitty of about \$125,000.

KFYO To Broadcast Coyote-Ysleta Tilt

Radio Station KFYO will carry Saturday's broadcast of the Wichita Falls-Ysleta quarter-final football game, it was announced this morning.

Broadcast will begin at 1:50 p. m. with play scheduled to begin 15 minutes later. Cy Leland will handle the play-by-play, Dick Neuman the color. Other stations carrying the game are KWFT, Wichita Falls; KRBC, Abilene; KXOX, Sweetwater; KBST, Big Spring; KGKL, San Angelo; KGNC, Amarillo; KRDD, El Paso; KFDA, Amarillo; KRLE, Midland and KVWC, Vernon.

The Sunset-Highland Park game at Dallas will also be broadcast, with Charlie Jordan and Jim Crocker handling the description. Included in stations to carry this game are KRLL and WRR Dallas, and KGKO and KGNC, Fort Worth.

Friday's Temple-Tyler game and Saturday's Austin-Lamar contest will also be aired, but only East and South Texas stations are to carry the accounts.

Ben Hogan Again Burning Golf Course Up With Sizzling Play In \$10,000 Miami Open Event

(By The Associated Press)

MIAMI, Fla., Dec. 12.—It takes more than a few greens-guarding traps to keep the nation's top pros, Ben Hogan especially, from tearing a golf course apart.

Miami Springs officials tried to put a curb on low-scoring in the \$10,000 Miami Open by installing pitfalls where the good players drives and approach shots usually drop.

But the 11 traps placed around the greens since last year didn't bother Hogan at all yesterday as he fired a blazing 64 that tied the course mark and gave him a first-round lead of two strokes over a record field of more than 200.

Others Plenty Hot

Good as that round was, it by no means sewed up first money for the diminutive Hershey, Pa., star, Ky. Laffoon of Chicago, who stroked a five-under-par 30 on the back nine, was just two shots off pace, and 11 other pros were under par 70 for the opening round.

Asked whether he'd be hard to catch now, Hogan grinned happily and replied that another 64 would make him very hard to catch.

Snead, Runyan Near Top

As the field teed off on the second day of the four-day, 72-hole grid, Bill Heinlein of Noblesville, Ind., and Jim Ferrier, former Australian champion who now resides at Elmhurst, Ill., were right behind Hogan and Laffoon with 67's.

Sam Snead, long-driving Hot Springs, Va., star, Paul Runyan of White Plains, N. Y., and Ben Lovin of Miami were bracketed with 68's.

The top amateur, former champion Dick Chapman of Coral Gables, Fla., was tied with five pros at 69.

Associated Press' Team Is Named

(By The Associated Press)

NEW YORK, Dec. 12.—Two Southern standouts, the leader of Missouri's mighty Gophers, the nation's No. 1 football team, and a repeater from the Pacific Coast comprise the backfield of the Associated Press All-America team, released today.

Frankie Sinkwich, the University of Georgia halfback who caught the attention of a gridiron world by playing a full season with a broken jaw protected by a special harness, and Bill Dudley, 19-year-old sparkplug of the University of Virginia eleven, are the Southern.

Smith Easy Choice

Bruce Smith, Minnesota's captain and outstanding competitor, was an easy choice for a backfield slot. By many experts, he is rated the top player of the season.

The fourth backfield position went to a boy who led Stanford's surge to football fame and won himself an All-America position a season ago. He retained that honor this season by stellar play in a season that was far below the mark the Indians made a year ago.

This backfield, which weighs 142 pounds, is fronted by a line which scales in at 260 pounds.

Texas At End Slot

Another repeater from the West Coast, California's Robert Richard Reinhard, is the biggest man in the forward wall, weighing 220 pounds. His tackle mate is Richard Wildung, Minnesota's captain-elect.

The ends are Malcolm Kutner of the University of Texas, only Southwestern representative chosen on the first eleven, and Wisconsin's David Schreiner. At guards are Harvard's Endicott Peabody, 2nd, and Pittsburgh's Ralph Fife. Darold Jenkins, Missouri's captain, won the center post.

Sinkwich, Schreiner and Wildung are juniors; the other eight seniors. Albert and Reinhard are the only repeaters.

Dudley Sets Precedent

Virginia, Wisconsin, Texas and Missouri have representatives on the team for the first time in its 17-year history.

Selection of Dudley breaks another precedent. At 19, he is the youngest back ever to be chosen. Joe Martinez-Zavilla, 1932 Cornell end, and Gagnell Tinsley, 1935 Louisiana State end, were also 19 when selected.

The team was selected by careful vote.

Duke Eleven To Drill At Tech December 22

Approximately 150 persons are expected to be aboard the special train accompanying the Duke university football team to the West Coast when the Blue Devils stop here for a workout, Dec. 22, Rap-Forbes, division passenger agent for Santa Fe, announced.

The Blue Devils will be en route to the Coast to play the Oregon State Beavers in the Rose Bowl game New Year's Day. Coach Wallace Wade will send his team through a workout on the Texas Tech gridiron—the only workout-of-the-trip for the Blue Devils.

Forbes said the Santa Fe had arranged for buses to carry 75 persons from the depot to the football field that afternoon. The train arrives here at 3 p. m., departs at 6 p. m.

Reinforcements For Valiant American Forces Expected

Soviets Major Jap Headache

BY DEWITT MACKENZIE
Wide World War Analyst

Official word from Manila that the situation remains unchanged materially may be taken as encouraging, especially in view of the continuing Japanese assaults against strategic Luzon island.

I think we may assume that reinforcements in air, land and water will reach the Philippines before long, and it's good to know that our knight-champions are holding their own pending arrival of aid.

General Douglas MacArthur's "we shall do our best" inspires confidence. And what a grand job those Marines are doing on the little island of Wake—dawn their tough hides!

Still In Tough Spot

However, it should be emphasized that the Philippines are in a tough place. The Japs have troops ashore on both the northern and southern parts of Luzon and boast that they have in a position to start a pincer movement against Manila. That represents a serious threat.

News from London that the Japanese troops are infiltrating into northern Malaya, and that the British are retreating to prepared positions, gives further indication that the Japs are maneuvering to position for a possible drive against the great naval base of Singapore. Even if they find a grand offensive against this powerful position isn't feasible, they figure on establishing a field of operations from which to conduct bombing operations against the British fleet at Singapore.

Russia's Moves Watched

One of the most vital questions in connection with the battle of the Pacific is whether Russia is going to declare war on Japan. Certainly one would expect the Bolsheviks to join the Allies in the fight, since the security of the Soviet union is so heavily involved. Obviously the quicker Japan is knocked out the better it will be for Russia because of the conservation of American and British energy and resources.

The entrance of the Muscovites into the war against Japan at this critical juncture might have a devastating effect on the island empire. As already pointed out in this column, the Red air fleet at Vladivostok is a mighty sword suspended over the heads of the unweary Japs. All-out bombing raids against Japanese cities might be catastrophic for the Nipponese.

Fight To The Finish

The Soviet announcement that Nazi peace overtures have been rejected, and that the Russians will stick by the Allies, comes at an opportune moment. Only yesterday I was asked what might be the significance of the Nazi withdrawal of warplanes from the Russian front, the German cessation of offensives, and Moscow's silence in the face of this. The implication in the query was, of course, that Hitler and Stalin might be getting ready to sign another peace pact.

The answer would seem to be that the Russian and Nazi interests clash at every point. That isn't a new thought on my part, for those readers who have followed this column will recall that from the start of the European war I repeatedly insisted that despite the Russo-German pact the two countries were headed for war.

Europe no longer is big enough to hold both Hitler and Stalin. The logic of this is that Stalin will fight, especially since Moscow already has laid against the further charge of treachery in violating his pact with Moscow.

Australia On War Fooling

By The United Press
—MELBOURNE, Dec. 12.—The air force, in the first war communique ever issued in Australia, said today that one plane had failed to return from reconnaissance flights at sea.

A Bataavia communique said Australian bombers based on a Netherlands East Indies island had raided a Japanese air base on a small island between the Dutch colony and the Japanese mandated Palau (Pelew) islands in the northeast Wednesday. One plane, it said, did not return.

The communique said there was "nothing of major importance to report."

To Increase Manpower

Prime Minister John Curtin announced today sweeping emergency measures to meet the war in the Pacific, the most important of which provides for an enormous increase in the number of men under arms in Australia.

Single men and widowers without children between the ages of 35 and 45, and also married men and widowers with children between the ages of 18 and 35, will be called on to register for service, and to enlist when required.

The list of reserved occupations from which men will not be taken for military service, has been greatly curtailed.

Curtin described the measures as "the first installment of complete revision of the whole Australian domestic life."

The government, it was learned, is considering establishment of a supreme command over all services.

Mobilization Planned

Under another emergency measure announced today, members of the volunteer defense corps, most of them veterans of the first world war, will be mobilized for guard and postal duties.

The Christmas holidays, Australia's national relaxation period, have been restricted to Christmas and New Year's days.

Prohibition of the floodlighting of sports arenas means suspension

Stop Signals Are Planned

The city commission directed that stop signs be placed at several intersections where the traffic volume has increased recently at its semi-monthly meeting in the city hall Thursday afternoon.

The signs are to be placed on both sides of College avenue at all intersections from Twentieth to Twenty-sixth streets, inclusive, and on both sides of Twentieth street at Avenue T. The traffic flow into College has increased because of recently completed paving of the commission was informed by C. Pender, D. D. D. Cross and Chas. Whitmore were re-appointed members of Lubbock housing authority, local supervising board for the construction of a \$515,000 federal improved housing project. Holdover members are Sam Rosenbalm and Ray Diegel. Terms of members are two years staggered so that three expire one year and two the next.

Franchise Extended

An ordinance passed on second and final reading levies an annual street rental charge against Texas News and Utilities company amounting to 2 per cent of the company's gross receipts in Lubbock and extending the company's franchise one year from March, 1963. The charge is the same as that made against other utility companies.

The claim of Great American Insurance company to \$3,713.10 from the city as reimbursement for money paid to Client Breedlove, flying school operator, for damages to an airplane in an accident at Municipal airport before dawn on the morning of Sept. 11 was refused. The claim was presented by Vaughn E. Wilson, attorney. The commission took the position that flying at the hour of the accident was against regulations established at the airport during the period of construction. A letter from Fire Chief W. E. Twitty calling attention to an ordinance which forbids trash fires in alleys was read.

Bond Approved

City Attorney Durwood H. Bradley was directed to prepare an amendment to the city zoning ordinance so as to create a retail business zone on the north side of Thirty-fourth street—extending three lots in each direction from College avenue. The area now is in a residence zone. The city zoning board recommended the change.

The quarter-block at the northeast corner of Sixth street and Avenue K was offered to the city for \$4,825, and was declined.

The sign contractor's bond of West Texas Sign company was approved.

Present at the meeting were Mayor Carl E. Slaton, Commissioners W. B. Price, W. G. McMillan and Garland Newsom, City Manager W. H. Rodgers and the city attorney.

Final Arrangements For Rites Pending

Final arrangements for funeral services for Mrs. Arthur Husted, 29, of Corpus Christi, former Lubbock resident, who died in a Galveston hospital at noon Thursday, will not be made until arrival of her husband tonight, Rix Funeral home reported.

Services probably will be conducted Monday afternoon. The body is to arrive Saturday.

Mrs. Husted had lived in Lubbock several years before moving to Corpus Christi.

Survivors include the husband, a daughter, Bobbie; her parents, Mr. and Mrs. J. L. Dorsett of one mile south of Thirty-fourth street on route 6; four brothers, Marson, Marvin, Larry and Richard Dorsett, all of Lubbock; two sisters, Mrs. Lena Griffith of Ramah, N. M., and Miss Ernestine Dorsett of Lubbock.

- Koinife... 3.50
- Cuff Links... 2.50

Sold separately... or in sets.

Enlistments In Area Boosted

Thirteen army enlistments were reported here Thursday by Major Joseph R. Peller, district recruiting officer.

They were William O. Priest, Jesse B. Spiller, Ross L. Crawford, William L. Luster, Jr., Jesse L. Gardner and Edwin L. Pickett for the air corps at Jefferson Barracks, Mo.; Robert B. Walker for the air corps at Biloxi, Miss.; Burnice L. Brown, Joe E. Moore, Robert L. Sears, B. L. Lesly and Frank L. Odum for the regular army, unassigned; and Jimmy B. Warren for the infantry, Philippines.

Navy Has Busy Day
The Navy, too, had a busy day as J. B. Calloway, chief quartermaster and recruiting officer, indicated when he announced 10 men had been tentatively accepted for the naval forces.

Of the 10, three will go to Dallas for physical examinations tonight, one Monday night, one Wednesday night and five next Friday. Calloway estimated 150 men have applied at the recruiting office for information since Monday morning.

Those leaving are Herman C. Brewer, Lubbock; Glen L. Little, 709 Fifteenth street; James A. Kidwell, Garner; Jack J. King, Tahoka; Melvin S. Thacker, Roaring Springs; J. W. Tippet, Tahoka; Joe T. Aver, Jr., Littlefield; John M. Rodgers, Jr., route 1, Lubbock; David K. Reynolds, Shamrock; and Spurgeon A. Mitchell, Littlefield.

A 200-foot ceiling delayed de-

parture of an itinerant aviation cadet examining board from Good-fellow field, San Angelo, which had been examining prospective aviation cadets at Texas Technological college gymnasium. Six men out of 35 examined were passed, but their names cannot be announced until official approval is made, said Capt. H. S. Johnson, chairman of the aviation board.

Part of the board proceeded to Amarillo by automobile Thursday night. Lieut. Frank Bomar flew his plane to Amarillo but two other planes remained at Municipal airport.

Sixty To Report
Sixty men who may be called into the armed services within the next 30 days will report today at recruiting offices in the federal building for physical examinations, Major Peller said.

Included in the group will be 18 from Lubbock draft board No. 1; said J. W. Tarlton, clerk of the board. Others will come from Martin county.

From draft board No. 1 will go Fred Ernest Hughes, George Jason Young (transferred to California), Robert Wade Blake, William George Lewis, Ralph Judd Hudgins, James Alton Boynton (transferred to Dallas), Robert Leon Fielding, Earl Ivo Osborn, Jr., J. R. Jenkins, Glenn Bundy, James Alfred Ray, Clayton B. Capbell (transferred to Berger), Martin Eugene Akin, Morris Monroe Tipton, Arvie Lee Oden, Hubert P. Riley, Clevis Ketrion and Bill Wilson.

English Is Chairman
Robert Wade Blake, William George Lewis, Ralph Judd Hudgins, James Alton Boynton (transferred to Dallas), Robert Leon Fielding, Earl Ivo Osborn, Jr., J. R. Jenkins, Glenn Bundy, James Alfred Ray, Clayton B. Capbell (transferred to Berger), Martin Eugene Akin, Morris Monroe Tipton, Arvie Lee Oden, Hubert P. Riley, Clevis Ketrion and Bill Wilson.

More To Report
On Saturday 60 more men will report for tests. Andrews is to send four men; Dawson, 30 men; and Gaines, 26 men. Next week on Monday, Tuesday, Wednesday and Thursday, 60 men will report daily.

A report released Thursday showed 26 men had been accepted for the Navy for the week ending Wednesday night, Calloway said.

Of the 26 men, 12 were under 21 years of age and all had to have written consent of parents or guardian; five of these were under 18; but one man had passed his 21st birthday. Eight men over 21 had been registered for the draft.

Tech Co-Eds Find New Pastime With Bible, Pair Of Scissors

BY ELIZABETH YOUNG

Following close behind pig tails, oull boards and knitting as popular momentary fads among Tech girls comes a new pastime—fortune telling with a Bible. The fad, mostly among dormitory girls, sounds like a Chinese auction and looks, when they are all huddled together, like Hindu prayers. It is a new way to see their futures, but mostly they do it for amusement rather than seriously.

The equipment needed for the game is a medium sized Bible, a large pair of scissors, several yards of stout string, a pencil and paper.

Procedure Explained
The Bible is opened at random to any page near the center. About four verses of Scripture are copied from the page onto a card. The scissors are then placed in the Bible points toward the center of the bound edge and the handles protruding on the open side opposite the binding. The book is then shut on the scissors and both are tied in place securely with the string. This procedure makes a good place to hold the scissors.

Two girls then place their index finger of the right hand under each side of the handles, thus suspending the Bible.

Then the game begins. With the Bible thus suspended, one girl reads the Scripture and the other asks a question which can be answered with a simple "yes" or "no." And here is the uncanny part—if the answer is yes, the Bible will slowly turn around, twisting around sometimes all the way. If the answer is no, the Book doesn't move.

Example Given
Each time a demonstration is given, skeptical girls crowd around and six while 21 were not registered because they had become of age since July this year.

State Bar Leader
Speaker In City

Gordon Simpson of Tyler, president of the Texas State Bar association, was today guest of members of the Lubbock county unit at a banquet in Hilton hotel Thursday night.

He was here to attend a legal clinic conducted Thursday in 49th district courtroom. He assured the attending lawyers that "the problem of unauthorized practice is meeting our increasingly effective attention."

Roy W. McDonald, professor of law at Southern Methodist university in Dallas, led a discussion of the new rules of practice and procedure in the clinic.

Thomas B. Duggan, jr., was master of ceremonies at the dinner and Simpson was introduced by J. J. Kilpatrick. In charge of arrangements were Duggan, chairman, E. L. Klett, A. V. Weaver, Jr. and Kilpatrick.

Ralph Brock is president of the sponsoring Lubbock County Bar association.

and ask questions to which they know the answers such as "Do you have a date with Bill tonight?" As the trick proves itself, as it invariably does, questions begin to get deeper and first the co-ed asks about her dates, then her grades, and so on for hours. Sometimes questions come up such as "Is my roommate double-crossing me with Oliver?" and the book keeps answering.

One co-ed confidently asked the Bible if she would be married soon. It didn't turn. She asked again would she make it in five, in ten or in fifteen years and the book stood still. Then in desperation she asked if she was to be an old maid school teacher and almost got her hand twisted off as the book whirled around.

Has Amusing Side
It seems a little uncanny, too, that a room of girls, Saturday night of last week got a prediction that war would be declared in one week by first asking if war would ever be declared and then narrowing the time limit down.

Some last their faith in the game, however, when all its football forecasts didn't prove correct.

Amusing, too, was the little girl whose conscience was hurting her, who asked if it was sacrilegious to use the Bible in that way to which the book said "no." But she wasn't satisfied and asked if the economics book would work as well, to which it answered "yes" and it did!

English Women Facing Conscription To Do Part In "Total War"

Drastic Plans Are Underway

BY ROSETTE HARGROVE
NEA Service Staff Writer

LONDON, Dec. 12—Every unmarried English woman between 20 and 30 now faces conscription in Britain's "total war" effort. England seems determined that women shall bear their share of the war burden.

Minister of Labor, Ernest Bevin, whom a total conscription of women will help most, had first tried cajolery and conciliatory wooing in trying to recruit Britain's women for industrial war work. He placed the matter on a volunteer basis.

But the plan failed, in that it didn't respond in sufficient numbers.

Now, however, a drastic conscription bill has been approved by the House of Commons which will mobilize England's women-power on a draft basis.

Not Specified Alone
Actually, the bill does not directly specify women alone. It will also call up every man in Britain, with no distinction as to class, between the ages 18-12 to 51.

Statutory rights will be preserved of course. Which means that no woman drafted will be required to use lethal weapons unless she so volunteers—and women may take their choice of extending their efforts in some one of the organized branches for defense—the Women's Royal Naval Service, the Auxiliary Territorial Service, the Women's Auxiliary Air Force, the Women's Land Army, and the rest—or they may serve in civil and industrial branches.

But the point is, Bevin will be empowered to recruit women workers for English industries, which are so desperately undermanned.

Miss England Just Waited
Bevin had from the beginning of the war one recurring nightmare—the conscription of women. Obviously he was frightened of them and, like all men in his position, he tried to disguise realistic facts with a too proprietary approach. The consequence is that Miss England ignored both his threats and promises and just waited to see what would happen. Meanwhile, the need for a further 500,000 women did not grow any less and British war industries were clamoring for more and still more workers.

Red tape has been responsible to some extent for this state of things. Employers have also been somewhat la-blanche, desirous of being spared the bother of initiating new help.

Women In War, Too
Some people thought that a voluntary appeal, based on down-to-earth facts, would have brought a ready response. Others favored compulsion from the start. Every one is unanimous, however, in declaring that the system of call-up, followed by a "heart-to-heart" interview and the subsequent cooling of the ardor of even the most enthusiastic and patriotic. Clearly organization and celerity would have worked wonders, but "babysitting" women was the wrong psychological approach. Women are too much part of this war to be spared any of its more realistic aspects.

It is claimed that any big executive will recognize and sometimes admit that an important enterprise would feel the loss of the boss's secretary, perhaps even more so than that of the boss himself. Yet

"BRITAIN SEEMS determined that women shall bear their share of the war's burdens." The women pictured above volunteered to help clean up London's bomb debris. In the near future, others may be drafted for this and all other war work.

Troops May Be Used To Break Strike

JACKSON, Miss., Dec. 12 (AP)—Gov. Paul Johnson said today he was prepared to use the state guard if necessary to assure resumption of bus service on the Mississippi routes of the Tri-State Bus company, strike-bound nearly a week.

He said he understood service could be restored tomorrow if protection was furnished drivers, and no one could dream of exempting typists and secretaries as a class in one swooping gesture. From now on employers will have to justify their demand for exemption of any women employees and will be liable to fines if it is proved their representation is inaccurate or unfounded.

said he was prepared to place guardsmen on the buses if necessary.

The governor asserted that transportation must go on in the interest of the public and of national defense.

Drivers struck at midnight Friday after negotiations by the Amalgamated Association of Electric Railway and Motor Bus Employees of America (AFL) for a quarter-cent a mile wage increase failed.

The company, with headquarters in Shreveport, La., operates in Mississippi, Louisiana, Texas, Arkansas, Alabama, Tennessee, Missouri, Kentucky and Illinois.

WAR PROGRAM
AUSTIN, Dec. 12 (AP)—President Homer P. Rainey of the University of Texas today notified the 9,500 students that a "war program" will be put in force at the university. He said a national student defense council will be formed.

"Women will be organized in appropriate work such as the Red Cross, home nursing, motor corps, and the like," said Dr. Rainey. He advised students taking technical courses to continue them, as they likely will be more helpful as technicians than in other service.

Jap Planes Are Said Manned By Germans

LONDON, Dec. 12 (AP)—A large percentage of the Japanese planes attacking the Malayan peninsula are piloted by Germans, the Chronicle's-Singapore correspondent reported tonight.

"Enemy plane losses from which the pilots were captured or killed established that a large percentage of the pilots are Germans," the correspondent said.

The main British land forces have not yet engaged the Japanese who have gained a foothold north of Singapore, he added.

Uncle Sam Rounding Up Barrage Balloons For Air Defense Units

Nation "Ready For Anything"

BY MILTON BRONNER
NEA Service Staff Writer
WASHINGTON, Dec. 12—Uncle Sam is rounding up a herd of "melancholy elephants" for the army. That if you don't know, is what the British call the lumpy barrage balloons which are so valuable a part of London's anti-aircraft defenses.

Now that war has come, this country will not only need barrage balloons for its coastal cities, but also to guard locks in the Panama canal, Wetland canal, Saulte Ste.

One of Uncle Sam's fast-growing herd of "melancholy elephants" being handled by men of the barrage balloon officers' class at Camp Davis, N. C.

Marie, for ship anchorages, vital bridges, ammunition plants and other national defense industries.

Army Prepared
To avoid being caught napping, army officials have set aside a one-thousand acre tract of land seven miles southeast of Paris, Tenn., where officers and enlisted men can be thoroughly trained and formed into barrage balloon units. Finishing touches are being put on a school which will have six and twelve-week courses in the technique. The school, accommodating 1,000 men, is expected to be completed by Jan. 31, 1942.

Barrage balloon units formerly belonged to the air corps, and have been transferred to the coast artillery corps, but the air corps is still charged with procurement of equipment.

Others Being Organized
Two barrage balloon units were formed last summer, and four more are being organized. Until Camp Tyson, near Paris, is completed, training will continue at Camp Davis, N. C.

Army authorities, despite the vast areas of this country, believe the United States won't need as many "melancholy elephants" as

Britain, for geographical reasons. They contend that whereas great fleets of German planes can reach England in a short time, an enemy would need bases fairly close to our shores to threaten East damage.

Will Attach To Skyscrapers
For safety's sake, most balloons in this country are inflated with non-inflammable helium gas. Inflammable hydrogen gas, which will be used later because there won't be enough helium to go around, is used in some balloons for training purposes so the men will learn all of the necessary precautions.

In England most of the balloons are sent up from parks and other open spaces. Army officials here

To assist the Goodfellows in locating all children up to and including 14 years of age residing within the Lubbock city limits, regardless of color or creed; please fill out the coupon below and mail to:

**CHIEF GOODFELLOW,
P. O. BOX 561,
LUBBOCK, TEXAS**

Please be sure that Santa Claus visits the following:

Family name _____
Address _____
No. of Boys _____ Ages _____
No. of Girls _____ Ages _____

Although there will be no distinction made because of color or race in distributing gifts, it will assist in verifying correctness of addresses to indicate whether those mentioned above are white or negro

Important Note—Coupons must reach the Chief Goodfellow not later than Saturday, Dec. 20

"Slap That Jap" Is New Army Poster

CAMP FUNSTON, Kansas, Dec. 12 (AP)—Since this country declared war free hand artists in the second cavalry division have been putting up posters in the barracks and mess halls. Some of them: "Slap that Jap," "Put the squeeze on the Nipponese," "The rising sun will soon be setting."

Buy A Defense Bond TODAY!
Temperament owners of Mexico City have petitioned the Mexican Congress to establish a bank to finance the construction and improvement of their buildings.

are planning to attach some to the tops of skyscrapers in big cities like New York to give the balloons added altitude. Normally, the balloons soar about nine thousand feet overhead.

Passenger Cars May Be Curtailed More

WASHINGTON, Dec. 12 (AP)—The government's slash on production of passenger automobiles still further today and immediately began studies to determine whether such production should be halved entirely.

The OPM's civilian supply division, moving swiftly to conserve steel and other critical materials for the nation's war industries, threw out previous quotas for the automotive industry and told manufacturers that this month's output must be cut 60 per cent under December, 1940, levels.

January's output must be reduced 75 per cent as compared with January, 1941, and between now and next Feb. 1, the industry's situation will be surveyed in light of this country's war needs. If necessary, one official said, production will be stopped after that date.

Gloria Vanderbilt Is Engaged To Marry

NEW YORK, Dec. 12 (AP)—Mrs. Reginald C. Vanderbilt announced last night the engagement of her daughter, Gloria Morgan Vanderbilt, 17-year-old heiress to more than \$4,000,000, to Pasquale di Cicco, motion picture executive, of Beverly Hills, Calif.

Mrs. Vanderbilt said that she and her daughter would return to Beverly Hills early next week and that the marriage probably would take place there shortly.

Di Cicco is a widower, his first wife, Thekla Todd, film actress, having died in 1935. His father, the late Pasquale di Cicco, sr., was a prosperous large scale farmer of Queens, Long Island, where his mother now lives. She presently is visiting him in California.

BOY! THIS SYRUP HITS THE SPOT

AND BRER RABBIT GIVES THEM EXTRA IRON NEEDED DAILY

EVERYBODY loves this "good-to-eat" way of getting extra iron!

Brer Rabbit Syrup is an inexpensive way to add extra iron to the family's diet. Scientific tests prove that it is a good source of iron, and the iron is in a form almost completely available to help fill the body's daily need.

Have your family enjoy Brer Rabbit Syrup on pancakes. They'll love its flavor. And you'll be improving their diet with extra iron.

Serve this Delicious Syrup several times daily

Children and grown-ups need an abundance of iron daily... and they love delicious Brer Rabbit Syrup. Give them plenty every day.

AS A SPREAD—For pancakes, waffles, biscuits and other hot breads. Or on plain or buttered bread for between-meal snacks.

IN MILK—For a delicious Brer Rabbit Milk Shake, mix one or more tablespoons of Brer Rabbit Syrup with a glass of milk.

ON CEREAL—In place of other sweetening.

FOR DESSERT—As a sauce for ice cream or in luscious gingerbread or cookies. All of Brer Rabbit's iron is retained in cooking.

DON'T MISS THIS CHANCE!

TO GET LOVELY CHINA!

There's an extra thrill with every package of Mother's Oats with China! A dainty, colorful piece of China—beautiful, practical and made by one of America's great manufacturers.

And when you buy famous Mother's Oats you know you are giving your family a "super breakfast" besides—hot, delicious and rich in energizing, whole-grain goodness everyone needs for pep, health and good living!

Ask your grocer today—for your Mother's Oats with China—a combination that's really a super value you'll be thrilled with! Don't delay!

Office Open Day and Night Except on Sunday Afternoon 1211-13 Texas Avenue

The Girl on Broadway says when you feel like bragging, stop long enough to remember it isn't the train's whistle that makes it go.

It may be that the good die young, but the chances are if they had grown up they'd have been about as mean as the rest of us.

GOVERNOR Coke Stevenson's reappointment of George W. Cottingham as a member of the Public Safety commission represents an action which will be wide commended.

For six years—in fact, ever since the Department of Public Safety became a part of the government of Texas—Mr. Cottingham has devoted much time, thought and physical effort to building up an efficient organization of state police...

Those who know the Chronicle's bald, slender editor best will tell you that his agile and alert mind is one of the most brilliant in Texas.

Quiet, unassuming and no part of a personal showman, Mr. Cottingham is an artful dodger of personal publicity and is not a seeker after glory.

Not while American blood is being shed and while the prospects continue to be that more and more blood will be shed.

While a friend of ours says he never knows what her next door neighbors are going to do next, she never loses any time telling everyone who will listen what they did last!

That Man on Avenue Q says more wishes would come true if so many of them weren't made sitting down.

One of our friends just back from the East says he can't get used to the modern saloons. First he was surprised to see women shaking dice with the bartender—and then he discovered the bartender was a woman!

A recent news item informs us that Canterbury, Conn., has accumulated a large cash surplus in the city treasury and has suspended taxes for a year.

JUNE Provinces, crack woman columnist of the new Chicago Sun, passes along a bit of monkey business she picked up on her rounds of the Windy City's Loop.

Thinking it might take readers' minds off more serious things for a brief respite from unpleasantness, we relay Miss Provinces yarn to wit:

Sir Lancelot was lost one dark night in the deep woods of Merry England. He wandered about helplessly and after some hours encountered a handsome St. Bernard dog. The dog attached himself to Sir Lancelot and they went on together for some time.

Two weeks ago, two months ago, two years ago, the cynical part of the American public might have accepted the news that defense contracts had been let on a "pay-off" basis with nothing more than a shrug.

Certain segments of our people like to pose, under ordinary conditions, as believers in everything's a racket, and "why shouldn't a guy get his take?"

But that's all changed now, as the country grimly sets itself for a bitter war to the finish.

No appreciable number of our people are going to see that a "pay-off" system in connection with national defense spending is any part of "all right," now that all of a sudden lecture regarding the actual need of defense spending has gone out of the window.

For The Love Of Pete

BY BURTON BENJAMIN Copyright, 1941, NEA Service, Inc.

THE STORY: No longer popular with his teammates and classmates is State football star Pete Laird, pursued by movie actress Stephanie Stevens, who is stily using him for his publicity value. Stephanie's compliments and attentions have turned his once-moodiest head and estranged his college sweetheart, Anne Humphreys, his best friend and team captain, George Landers. Coach Dinty Dugan is already worried about team morale and resentment of Pete, when Pete and George, who has finally confessed his love to Anne, have an argument over her. In the flat fight that follows, George is injured. Other members of the team decide to insist on Pete's expulsion but George, hospitalized with his injured shoulder, tells them the argument was his own fault. A statement Anne' reluctantly confirms. He explains to her that it is most important to keep the team together.

STATE VS. MINNESOTA CHAPTER X

Slowly, unsteadily, without Landers, State chugged along the undefeated trail—more like a jockey than a juggernaut. Illinois had them in a hole for three quarters when one of Zupke's famous dippy-doo plays clicked for a 70-yard touchdown. But Pete Laird unhooked a fourth-quarter pass to Wonsocki to tie it up and returned a punt to the end zone from where Joey Anderson kicked a field goal in the waning minutes.

They just eked out a win at Iowa when Pete scooted 34 yards for the only touchdown in a ragged game. Purdue and Georgia Tech were easier, but State lacked the zip and crushing power of the first two games. Although the quiet, unassuming and no part of a personal showman, Mr. Cottingham is an artful dodger of personal publicity and is not a seeker after glory.

Not while American blood is being shed and while the prospects continue to be that more and more blood will be shed.

While a friend of ours says he never knows what her next door neighbors are going to do next, she never loses any time telling everyone who will listen what they did last!

That Man on Avenue Q says more wishes would come true if so many of them weren't made sitting down.

One of our friends just back from the East says he can't get used to the modern saloons. First he was surprised to see women shaking dice with the bartender—and then he discovered the bartender was a woman!

A recent news item informs us that Canterbury, Conn., has accumulated a large cash surplus in the city treasury and has suspended taxes for a year.

JUNE Provinces, crack woman columnist of the new Chicago Sun, passes along a bit of monkey business she picked up on her rounds of the Windy City's Loop.

Thinking it might take readers' minds off more serious things for a brief respite from unpleasantness, we relay Miss Provinces yarn to wit:

Sir Lancelot was lost one dark night in the deep woods of Merry England. He wandered about helplessly and after some hours encountered a handsome St. Bernard dog. The dog attached himself to Sir Lancelot and they went on together for some time.

Two weeks ago, two months ago, two years ago, the cynical part of the American public might have accepted the news that defense contracts had been let on a "pay-off" basis with nothing more than a shrug.

Certain segments of our people like to pose, under ordinary conditions, as believers in everything's a racket, and "why shouldn't a guy get his take?"

But that's all changed now, as the country grimly sets itself for a bitter war to the finish.

No appreciable number of our people are going to see that a "pay-off" system in connection with national defense spending is any part of "all right," now that all of a sudden lecture regarding the actual need of defense spending has gone out of the window.

Hold Everything!

"I'm not trying to tell you how to run your business, but for gosh sakes don't drop me in Europe!"

Today's Journal Editorial . . .

RECREATION FOR OUR AIRMEN

The interest that a cross-section of the civic-minded people in Lubbock is taking in the provision of suitable downtown recreational facilities for men to be stationed at the air base is commendable.

To a very large degree, the young men stationed at the school are going to be our responsibility during their off-duty hours.

As young men, they are going to find recreation of one kind or another. Most of them are the sort who prefer the right kind of recreation, if it is available. If not, they will take what is available—and we may be sure that if they have to depend on dives and joints for their fun, it won't be the right kind.

Fortunately, Lubbock is tackling the problem in an intelligent, realistic manner. Civic, social and church organizations are working together in a general committee in their preparations to provide the sort of recreation that vigorous young men will enjoy—something that nearly all of them would choose, if they had a choice between good and bad.

This sort of planning, if carried out, will be good for the young men and for Lubbock. Furthermore, it will be a lot of fun for both.

team as a whole lost some prestige, Laird gained fame as the season rolled along. Writers called him the king of sports for 1941.

Storms lay ahead for State's football forces, however. Out of the north an ugly rumble headed toward University Town—Bernie Bierman had another great Minnesota team. Undefeated and untied, writers labeled it the "finest collection of talent in the country." But, they pointed out, "the Gophers have no Laird. That may make the difference."

Laird's injury mended slowly. He left the hospital in a week but didn't don a suit for three. Dugan kept him out of contact work, hoping to get him in shape for Minnesota. Andy Roskauer was adequate at quarterback—but that was about all.

Anne Humphreys' romance with Pete Laird was dead as a dodo, decided the campus. She and Landers were inseparable. People soon took their affair for granted.

Pete Laird secluded himself. He became the hermit of University Town and apparently relished it. He lived alone, Landers having found other quarters.

Pulses quickened in University Town as the week of the Minnesota game dawned. Tense with excitement, no one talked or thought of anything else. Professors found classes inattentive and restless and many tutors found their own concentrating powers noticeably diminished.

It was a sellout—\$9,000 seats on-hand and on order. Press box reservations rained in. "The game of the year," said the sports writers.

More nervous than usual, Pete Laird worried over some psychological notes Thursday night before the game and tried to concentrate. It was no use. He was all tightened up. The door knocked and he arose to answer it, welcoming an opportunity to break the tension.

Standing in the hallway were Stephanie Stevens and Larry Winship. He was speechless as she flew into his arms and kissed him hungrily.

"Hello, Pete, my boy," Winship stirred him out of his giddiness. The publicity agent was dressed something like a circus barker. "How are you, kid? Steph and I figured you'd be surprised. Couldn't miss this game, though. Got some ducats, too—right on the 50 behind your bench. What a game! We'll be yelling for you, won't we, baby?"

"Will we?" Stephanie dismissed him.

Walter Winchell

ON BROADWAY (Copyright, 1941, for The Journal)

THINGS I Never Knew and Still Dunno: That the Japanese home office has banned foreign novels with love themes on the grounds that they're degenerating Nipponese youth by making kissing popular. . . . Whether you realize that the word "million" is only a little more than 400 years old. (It was coined eight years after Columbus discovered America). . . . Whether Herbert Agar's definition of "peace" isn't a yankee doodle dandy: "Peace is not the absence of war; peace is the presence of justice."

Whether you know that grammarians now consider it perfectly good English to split an infinitive and to say, "None of them are— (grammar called it carnal). . . . Whether it would be any consolation to Il Duce to know that the Russian Army likes to sing Italian songs. . . . How Hitler expects to lick a people like the British. Capt. David Niven's new contract with an English movie studio says: "Work on any picture will be suspended while any invasion attempt is being made, so that David Niven may return to his regiment. Work will be resumed immediately after the invasion attempt has failed."

That a new automobile horn, shortly to be put on the market, will sound the first notes of Beethoven's 5th symphony, the "V for Victory" signal. How about a horn that sounds two minutes of silence? . . . That you can use spiders as barometers. They spin long threads, if the weather is going to be good, and strengthen their webs and shorten the threads if it's gonna rain. (That alone is worth the price of admission). . . . Whether the authorities in Portuguese East Africa haven't an effective system for catching up with tax evaders. When a native doesn't pay his taxes, they put his wives in jail until he comes across.

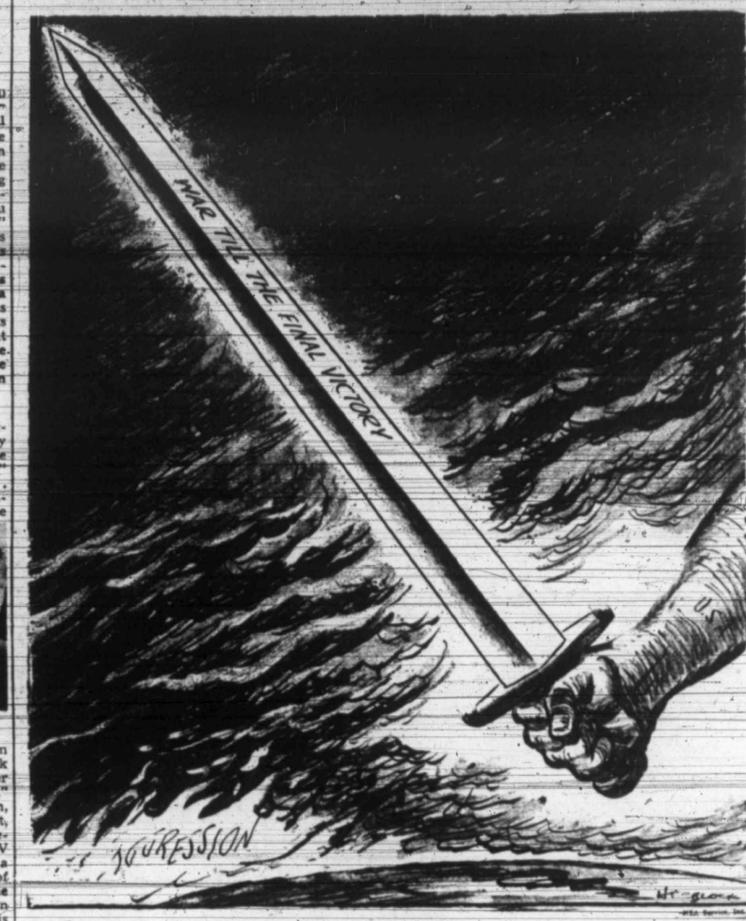

Whether you want to stop a per-sonal, just ask him what the natives of Rio are called. (They're Caricoms—gee, are you a bunch of dopes?) . . . That white elephants aren't. (They're either flesh-colored or reddish brown). . . . Whether you realize how lucky they are to be living in the U. S. instead of Japan, where coiffures are regulated by the gov't, and only four styles have official approval. . . . That, according to handwriting experts, if a man dots his 'i's high, it's a sign that he has a sense of humor. (How come that in Quebec a girl may marry when she's 14 years old, but she can't be admitted into theatres alone until she's 16. . . . That it was Ambrose Bierce who defined an egotist as "a person of low taste, more interested in himself than in me."

Why a marriage isn't legal in England if it isn't performed between 8 a.m. and 6 p.m. . . . Why Fresno, Cal., prohibits the manufacture of cream pies from June 16 to Oct. 1 each year. . . . That a junk yard in front of a railroad crossing in Denver has this sign: "Go ahead, take a chance. We'll buy the car."

Why more savage than civilized people are left-handed. (Probably because they don't exercise their right hand knifing people in the back). . . . That Senator Robert Wagner receives an average of 500 letters a day and answers every one of them promptly. (Wonder what he does with his spare time?) . . . That in Rhode Island a marriage proposal isn't legitimate unless the man gets down on his knees to pop the question. . . . That among the ancients numbers had sex. The odd numbers were masculine and the even numbers feminine. (That eight is a cute little number). . . . That one of the Japanese islands prohibits birth or death by law. (When a man gets sick or a woman is infanticiding, until the respective illness or birth is past). . . . That Col. Scoopagle's latest invention is a revolving bowl for three goldfish.

Whether you know that city-dwellers inhale a teaspoonful of dirt a day. (And that doesn't include some of the plays we inhale). . . . That the fastest thing a human can do is wink his eye, which takes about one-tenth of a second. (Yoo-Hoo!) . . . That it's no wonder everyone is nuts about Bette Davis. She would have given her right arm to play Cassandra in the movie, "Kings Row," she wanted the part that badly. But the coveted role was given Betty Field because she was recommended to the studio as the ideal actress for the part by—you guessed it—Pettie Davis. . . . That

The Only Course--The Only Outcome

Old Methods Of Waging War Must Be "Chucked Out The Window" Jap Pacific Aviation Blitz Erases Distances

BY PETER EDSON Journal Washington Correspondent WASHINGTON, Dec. 12—Now comes blitzy warfare at sea. And the question arises as to what it will be like—a question that will be answered by developments of these first few days or weeks of the war—between the United States and Japan.

First blow struck at Hawaii by the Japanese navy indicates that the old limits of range—the pre-conceived ideas of distances at which naval vessels could safely operate from their bases—have been greatly extended.

P'Veviously, it was thought that no fleet could operate more than 2500 miles from its base. Yet the distance from Japan to the Hawaiian Islands is 3500 miles. From San Francisco to Yokohama is 5200 miles. And the Japanese bombed Honolulu and torpedoed a transport off the California coast.

The whole strategy of a naval war in the Pacific has for years been talked-of in terms of this theoretical safe 2500-mile radius at which fleets might operate, and of a maximum 1000-mile radius at which bombing aircraft might operate from their air bases. Even the German bombing attacks, while deadly up to 700 and 800 miles from their channel ports, have done little damage at 1000 miles.

So the Pacific chess board of war was measured off on 2500-mile circles for sea power and 1000-mile for air.

From Manila to Yokohama is 2000 miles—a difficult if not impossible distance by air, unless the new naval aircraft can navigate it and return.

From Canton (now held by the Japs) to Manila is 800 miles, an easy distance for bombers.

From Vladivostok to Tokyo and Yokohama, a mere 700 miles.

From Yokohama to Singapore, the British Gibraltar of the Orient, is 3300 miles, up to now thought too far for air or sea attack.

From Yokohama to Batavia, Netherlands East Indies, is 3600 miles, making the Dutch reasonably safe.

From the Alaskan mainland to Yokohama is 2600 miles and from the tip of the Aleutian Islands to Yokohama is less than 1800.

From Formosa, southernmost main island of the Japanese archipelago to the northernmost of the Philippine Islands is a mere 78 miles. And Formosa is fortified as a Gibraltar of Japan far stronger, perhaps, than the defenses of the Philippines.

ONCE WERE GERMAN UPSETTING factor in all these calculations are the Japanese ruler of Nepal should be addressed as: His Majesty Maharajadhiraja Tribhubana Bir Bikram Jung Bahadur Shah Shumshere Jung. (Huh???)

Crossword Puzzle

mandated islands—more than 600 of them—forming the Marshall and Caroline and Ladrone groups, extending over an area 2500 miles from east to west and 1000 miles north and south. They lie roughly in the 4800-mile stretch of ocean between Hawaii and the Philippines. Until the World War they belonged to Germany.

They were assigned to Japan by a League of Nations protectorate as a reward for Japan's participation in the war as an ally, but today they are the most dangerous trouble spots in this Pacific war.

At least six of the islands—Papua, Yap, Truk, Ponce, Jaluit and Saipan—have been fortified by Japan and they serve as the advance bases from which submarines and aerial patrols can be dispatched to harass the operations of our fleet west of Hawaii. Only Japanese vessels have been permitted to cruise in waters of these mandated islands and only Japan knows what threats they hold to the Dutch East Indies, the Philippines, to Singapore and even to Australia and other British possessions in the south Pacific, which they threaten at distances of less than 1000 miles.

In a short naval war, if a knock-out blow could be struck against

WASHINGTON BONFIRE

DIPLOMATIC immunity is one of the strangest phenomena of the relations between nations, but it was never used to more startling advantage than by the Japanese embassy staff in Washington after the Japs bombed Hawaii.

Though diplomatic courtesy had arranged for police protection of the embassy and its staff, there was no S. police or espionage organization on the job to prevent the destruction of important embassy documents. . . . Photographs

Japan proper, then the importance of these islands is not so great. But in a long war, the necessity of cleaning out the Japanese naval bases in these islands is obvious. And it is here that all the highest strategy of the two great navies almost evenly matched, must be brought into use.

Navigation is unknown and treacherous, refilled channels, aerial patrol over vast expanses of tiny island and atoll-dotted ocean, submarine operations under the most hazardous conditions, landing expeditions on unknown territory—these are but a few of the prospects of this new blitzy warfare at sea.

The Love Of Pete

to kick and State spread out to receive. It seemed that all 89,000 were on their feet screaming. Pete couldn't even hear the whistle over the din...

It was a long spinning kickoff that came in Laird's direction. He backed up to receive it, saw Landers cut in front to block and set himself. This one would be for Stophanic.

The ball hit his arms, he juggled it momentarily and dropped it. Ox Anderson, Minnesota's six-foot-eight-inch end, was bearing down on him. He tried to scoop up the loose ball and dodge at the same time. He couldn't do either.

Anderson hit him with a vicious tackle and sent him sprawling. Heinie Dober, great Gopher tackle, pounced on the ball on State's three-yard line.

Laird's head was spinning. Faintly, he heard the crowd roaring as he dragged himself to his feet. He wiped a trickle of blood from his nose, turned to walk back to position and saw Landers writing in pain on the ground.

Players crowded around him, and as they lodged him on a field stretcher Laird saw his face for a brief moment. There were tears in Landers' eyes.

Wonsokki walked over to Pete. "Shoulder went first-time-he tried to use it," he growled. "Well, big shot, you were the guy who didn't need any practice. Let's see what you can do now!"

Edson's Column

Continued From Editorial Page

ers rushing to the embassy after the news broke found Japanese attaches burning their "papers" in open bonfires on the embassy grounds, smoke rising lazily in the clear, bright air of a late Indian summer Sunday afternoon.

What were the Japs doing? Burning love letters, said the inscrutable yellow men in their best English, and they shooed the photographers-out in the street, barring their "eyes."

There wasn't a cop in sight. Buy A Defense Bond TODAY!

Farm Leaders Urge Post-War Organization To Cope With Problems

Food Also Will Aid In Victory

(By The United Press)
DES MOINES, Ia., Dec. 12—The war has brought prosperity to midwestern agriculture, but it also has brought a whole new crop of economic problems.

They have resulted in an increasing tendency among farmers to organize and cooperate, not only to protect themselves during the present emergency, but also during the post-war readjustment.

There is no movement to unionize agriculture, but farm leaders have urged an aggressive, non-governmental farm organization development to insure a post-war national farm program and to prevent the agricultural disparity that followed the world war, when farmers had no organization whatever.

Labor Shortage
 Agricultural leaders are in- stance, are at work putting into effect the new food production increase but find the situation complicated by the amount of agricultural labor taken by selective service and by the higher wages paid by the new defense industries which have come to the Midwest.

Francis Johnson, president of the Iowa farm bureau federation which represents 45,000 farm families, points out that in the face of slogans that "food will win the war and write the peace," selecting service officers cannot be per- suaded that there is such a thing as an experienced agricultural worker, and that he is as im- portant to a modern farm as is a highly-trained mechanic to a defense industry.

Johnson also contends that agricultural machinery will be forced into the background if OPM does not allot higher priorities for its production.

He suggests that the allocation of definite quantities of steel will have to be interpreted in terms of so many binders, milking machines, rails, staples, rods of wire or bundles of bale ties.

Butter And Egg Worries
 Another fault found by Mid- western butter interests with the national food program is the new order permitting the use of coloring in clear butter.

Mark G. Thornburg, state secretary of agriculture, as well as officials of Wisconsin and Illinois, have protested vainly that the practice will result in the ruin of the butter industry after the war emergency has passed.

"Poultry raisers, responding to the Washington call for more eggs, have been warned that they cannot merely increase the numbers of chickens on their farms with-

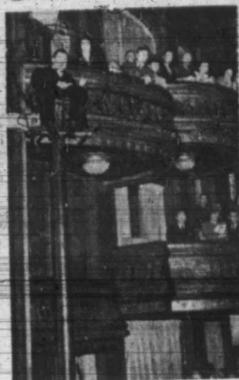

WANTED: "Defense Program" for Audience at Broadway's New Hit

"Ole Olsen (right) and Chick Johnson (left) have roared back onto Broadway with a musical, "Sons o' Fun," that is a sort of glamorized, but completely new, "Hello, Poppin'." On-stage much of the glamor is provided by beautiful, inflammable Carmen Miranda (center), plus dozens of gloriously gowned gals...

As in the theatrically historic "Hello, Poppin'," audience participation is half the night's battle. In the picture above, a couple of holders of box-seat tickets have arrived at the theater to learn from a phony usher, Frank Labuse (left) that they have to climb a ladder to reach their box...

Another patron's coat is whisked to the top of a pole and he is told that he must climb the pole and sit guard over the coat the rest of the evening (see above). Olsen and Johnson like to think of their daffy theatrical endeavors as parties rather than shows. One critic called "Sons o' Fun" a "goin' husking bee"...

While a conspicuously labeled "G-Man" roams the aisles on a search for public enemies, other patrons are being carefully ushered to the wrong seats. Two indignant new arrivals, announcing loudly that they are holders of tickets "in the orchestra," are promptly escorted to the orchestra pit and handed horns...

"Come prepared to defend yourself," read the opening-night advertisements for "Sons o' Fun"—and here you see one of the many reasons for this warning. Beauticians show girls lure male customers into the aisles for a dance; then, after stripping them of their coats, force them to march on-stage...

There's never a dull moment. One feminine member of the audience, ostensibly contemplative of the pulchritude on-stage, does this "impromptu" partial strip-tease in the aisle. Critics, with both their nerves and their intellects strained to the breaking point, admitted "Sons o' Fun" is a surefire hit.

NERO'S VILLA
 Excavators at Agzile, a seashore town on the Italian coast south of Rome, unearthed a luxurious sea villa belonging to the emperor Nero.

COMET BROWN RICE
 Healthful Energy Food

Young and old delight in its nutty flavor, all alike benefit from its healthful vitamins and minerals. Easy to prepare, Comet Brown Rice blends with meats, fish, and poultry, soups, salads, and desserts. Buy some today, but demand genuine Comet! An inferior built mixed rice is no economy.

Send your box for the Comet Free Recipe Book today! A handsome copy of RICE RECIPES OLD AND NEW will be sent free.

out housing facilities.

The quality of marketed birds has suffered from the expansion of flocks without expanded facilities, it is said. Poultry raisers also have been worried lest there be a shortage of cardboard baby chick boxes because of the use of cardboard in packing gunpowder.

Must Chart Future
 R. M. Evans, administrator of the Agricultural adjustment act, has warned that following the war, farm prices may again drop rapidly in a few short months unless we have controls on them and are prepared to act with national unity.

Farmers in this state, who has the largest agricultural revenue in the nation, are insistent that the 85-per cent of parity floor under prices be continued by Congress.

Realizing that "every inflation is followed by deflation" which is usually harmful to agriculture when prices drop, Iowa farm leaders have urged the imposition of ceilings upon all prices, with the provision that the farm ceilings be not less than 110 per cent of parity.

To further halt inflation, Dr. T. W. Schultz, economist at the University of Iowa, has suggested that a portion of AAA payments to farmers be made in the form of defense savings bonds.

In an address to the Iowa farm bureau convention here, Evans

warned that "we do not know what the peace time world will be like. But we can be sure it will not be like anything we have ever known. There can be no return to the

"good old days."

Evans also urged that "our strength lies in national cooperation through a national farm program" and told farmers they have

it in their hands to play a larger part in the post-war peace than any other group in the nation.

Soap is now rationed in France.
