JAPS LAUNCH SWEEPING ATTACK

War Widows To Get Life Pensions

Pay For Six Months Also To Be Given

Wartime Levels Of \$30 To \$83 Will Likely Be Paid

(By The Associated Press)
WASHINGTON, Dec. 17.—Widows of the fighting men who died at Pearl Harbor will receive six months' pay and a pension for life.

Awaiting signature on the president's desk is a measure to increase the pensions from the peacetime range of \$22-\$56 monthly to wartime levels of \$30 to \$83.

Other Protection Given
Uncle Sam's guarantees that wife and children will be cared for if death should strike are matched by other government protection which shields soldiers and sailors, while they live and serve the country, from financial worry.

This is embodied in the soldiers' and sailors' civil relief act of last year which suspends "enforcement of civil liabilities" and that includes taxes, installment payments and insurance premiums in certain cases to permit service men "to devote their entire energy to the defense needs of the nation."

Determined By Age
The widow's pension is not determined by the fighter's gold braud or years of service, but by the age of his widow and the number and ages of the children. "So the widow may receive a larger pension than the major-general, though the six months' pay, of course, would be otherwise. Pensions are paid for death in action or from natural causes.

The pay is granted by the War and Navy department, the pensions by the veterans administration. The latter also administers the national life insurance program under which service men may get life insurance protection up to \$10,000 at very low rates.

Under the pension bill sent to Mr. Roosevelt this week, a childless widow under 50 would receive \$33 a month, provided she was not receiving monthly payments of \$8 or more from government insurance. If she was paid insurance of that amount, her pension would be \$30 monthly.

Would Be Increased
With one child younger than 16, the pension would be increased by \$10 a month. If the child were 16 or older, the additional monthly amount would be \$5.

JAPS HARD HIT

Old Glory Above All U. S. Far East Chief To Fly Flag Or Die

(By The United Press)
WASHINGTON, Dec. 17.—Admiral Farragut said: "Damn the torpedoes! Full speed ahead!"

Commander James Lawrence ordered his men "to fire faster and not to give up the ship."

An official dispatch during the Civil war exhorted: "If anyone attempts to haul down the American flag, shoot him on the spot."

Bombed For A Week
Lieut. Gen. Douglas MacArthur was more soft-spoken. "Let's keep the flag flying."

The Japanese had bombed Luzon for a week. They had shown "at one frequently" a capacity for hitting what they aimed at. It was only natural that an officer should suggest that the American flag flying from the Far Eastern army's headquarters might serve the Japanese as a target.

Army men here—men who saw him in action on the western front in the first World War—were not surprised when they read MacArthur's reply.

"Take every other normal precaution for protection of the headquarters, but let's keep the flag flying."

Loves 'Ari Of War'
It was "a typical MacArthur gesture," a comrade of the 41-year-old Far Eastern commander said.

"It was not swagger, it was not swashbuckling; it was not."

Enemy Planes Destroyed By U. S. Bombers

Fuel Supplies On Invasion Coast Also Are Fired

(By The Associated Press)
MANILA, Dec. 17.—U. S. Army bombers destroyed 26 Japanese planes and fired fuel supplies in a heavy attack yesterday on the beach head which the Japanese established last week at Vigan on the Luzon west coast, 200 miles from Manila, Army headquarters announced today.

The announcement followed swiftly on an official disclosure that submarines of the U. S. Asiatic fleet had gone into action for the first time in the 11-day-old war with Japan, scoring successes the details of which were not immediately divulged.

No Injuries Reported
The navy department announced that there were no injuries to personnel during the Japanese attack on Johnston island, which was reported late yesterday.

The Navy described the action by Japanese naval forces as "weak."

Earlier, the War department said the shelling of Kabulu, on the island of Maui by an enemy submarine yesterday caused only slight damage to a loading platform of a pineapple company and there were no casualties.

Attack At Dusk
Johnston, 117 miles southwest of Hawaii, was attacked by Japanese naval units at dusk of an unspecified day, possibly Monday, at about the same time that a Japanese submarine attacked the Hawaiian shipping center of Kahuili, only about 95 miles from Pearl Harbor.

The Navy reported that damage from the shell fire was light and there were no casualties.

Hawaiian Warrior Recaptures Tiny Island From Japanese; Native's Wife Beats Out Brains Of Nipponese Aviator With Rock

(By The United Press)
WAIMEA, KAUI, ISLAND, T. H., Dec. 17.—Beeny Kanahale, a descendant of ancient Hawaiian warriors, recaptured his island from the Japanese although he got wounded three times in the process.

He and his wife live on Nihaui island, which is 36 miles long and three miles wide, and is 210 miles northwest of Honolulu. The island has a population of 180 Hawaiians and two Japanese.

There is neither a telephone or a radio on Nihaui, and when a Japanese pilot was forced down on the beach Dec. 7, nobody knew he was there.

(Turn to Page 8, Column 3, Please)

Chinese Aiding Hard-Pressed British Army

Nipponese Claimed Using Nazi Planes In Latest Forays

(By The Associated Press)
Sporadic fighting raged in the vital Hongkong sector today as Japan launched new onslaughts toward Britain's Far East bastions only to have Chinese forces deliver successful attacks at their rear.

This Chinese thrust in the Tam-shui area, about 28 miles north of the mainland border of Hongkong on Japanese-conquered Kowloon peninsula and about the same distance east of the Canton-Kowloon railroad, reportedly compelled the Nipponese to shift reinforcements to cope with the attack.

Japs Using Nazi Planes
At the same time, London reports claimed that the Japanese were using both Messerschmitt 109's and 110's—German fighter planes—in the air battle of Malaya.

ME-109 is a single-engine plane and the ME-110 is the twin-engine. Both can be used as bombers.

The Japanese previously had been reported manufacturing fighter planes based on Messerschmitt models but there had been no indication before that they possessed planes made in Germany.

If these actually were planes made in Germany they might have been shipped to Japan via Russian Siberia before the German-Russian war.

RAF Pilot Escapes Japs
The more feasible arrangement, however, would have been to use German planes and engines and capable Japanese workmen to build them under Nazi direction in Japan.

The news service said an RAF pilot first encountered four ME-110's but evaded them and his United States-built Brewster Buffalo fighter then outdistanced five Japanese navy aircraft.

Later, it said, he was attacked by three ME-110's but escaped from them by diving into clouds and in a fourth encounter with an enemy formation eluded another group of ME-109's.

From Singapore came news that Japanese forces have landed in (Turn to Page 8, Column 8, Please)

VICTORY FOR REDS

Americans Are Laid To Rest At Honolulu

"We Will Wipe Out That Treachery," Chaplain Says

(By The Associated Press)
HONOLULU, Dec. 17.—Day after day, just before sunset, with simple dignity befitting the gallantry with which they died for their country, America's finest have been buried at Honolulu.

They have been laid to rest on green hills overlooking the sea there to remain until a peaceful time when the bodies might be returned to their native soil.

Service Described
This has been going on since Monday, Dec. 8, the day after Japanese bombing brought death to 91 officers and 2,638 enlisted men of the Navy and 168 of the Army.

A tight-knit group of six-foot marines in olive-drab uniforms raise their rifles and fire three volleys over the fresh earth as nightfall approaches fast. A bugle sounds taps.

A black-robed priest blesses the ground with holy water and a Protestant chaplain recites the committal ceremony—then the living move back to their war jobs amid the blackout.

Buried With Conviction
"Don't say we buried with sorrow," said the grieving chaplain of the fleet, Captain William A. Maguire. "Say we buried with conviction. Our men died manfully."

Three Die, Eight Are Hurt In Rail Mishaps

Fast Katy Passenger Train Smashes Into Another On Siding; Orders Said Mixed

(By The United Press)
JEFFERSON CITY, Mo., Dec. 17.—Three train crew members were killed and four others injured today when a fast Missouri-Kansas-Texas railroad passenger train rammed into a train standing on a siding waiting for it to pass.

The train was shaken up but none was seriously injured. The train carried two cars loaded with mail.

The List Of Casualties
P. H. Hendley, Sedalia, Mo., engineer on the stationary train.
E. M. Truett, Sedalia, Mo., engineer on the other train.
Richard Snell, New Franklin, Mo., fireman with Truett.
Those seriously injured enough to be hospitalized were R. J. Gowan, Booneville, Mo., an engineer, and his son, James, a fireman; Scott Humphrey, Mokane, Mo., a fireman, and Earl Harris, St. Louis, Mo., negro porter. One of the trains had two engines.

The speeding engine of the train was smashed apart by the force of the impact and two cars piled up atop the wrecked engine and the front of the stationary train.

A federal agent who went to the scene of the accident at a viaduct across the M-K tracks near Jefferson City said he found no evidence of sabotage. He said railroad officials believed the accident resulted from a mixup in orders.

Dalhart Doctors Are Rushed To Scene
DALHART, Dec. 17.—Four persons were injured early today when six cars of a westbound Rock Island passenger derailed at Naravisa, 56 miles southwest of Dalhart.

The train was the California on the Chicago to Los Angeles run. It left Dalhart at 11:25 p. m. and derailed more than an hour later.

Railroad officials said eight cars of the 14-car train carrying approximately 400 passengers passed safely over what apparently was a soft spot.

Nazi Conquest Tide Abruptly Is In Reverse

Russians Declare Germans Running Without A Fight

(By The Associated Press)
Russia proclaimed a series of smashing new victories in the war with Germany today, and for the first time Adolf Hitler's high command wryly acknowledged that the German invasion armies were "shortening their lines" along the Soviet front and were hard-pressed on the defensive in North Africa.

The extent of the German retreat along the whole 1,200-mile Russian battleline was high-lighted by a British broadcast reporting that all communications between Moscow and long-sieged Leningrad had been reestablished.

Running Without Fight
Soviet dispatches said the Red army were pushing a vast counter-offensive from Leningrad by no means capturing hundreds of villages and towns in one sector after another, and that in some instances the Germans were running without a fight.

In perhaps the gloomiest Nazi communique of the entire war—giving the German people at least an inkling that the tide of conquest has been thrown into reverse—the high command reported:

"In the course of transition from aggressive operations to stationary warfare for the winter months, necessary improvements involving the shortening of lines now are being systematically undertaken on various sectors of the eastern front."

But Soviet dispatches pictured the Germans in capturing flight, by no means affecting a strategic withdrawal, with a Moscow communique declaring:

"The fleeing enemy is being pursued and annihilated by our troops."

War Drive Is Pushed Today

With \$7,646 already reported, nearly 100 Lubbock men are at work today seeking to complete the county's quota of \$14,000 of the \$50,000 Red Cross war emergency fund.

The contributions accounted for are those reported by the special solicitations groups who worked Tuesday, according to report by W. H. Evans, general chairman of the campaign. Reports of several of the special groups still were incomplete and some had not reported at all, the chairman said.

Those at work today are members of the general solicitations campaign committee headed by DeWitt Landis, and they started from a breakfast in Hilton hotel this morning, hoping to complete their task by 5 o'clock this afternoon. They are to make their reports at that time.

Assistants to Landis are Hugh Dunlap, Chas. Reed, H. B. Bryan, O. W. Sexton, Luther Godwin, O. W. Ribble, Clark Wood and Paul Hardwick. Each was present at the breakfast, attended by approximately 100 men.

Lower Draft Age Is Urged

(By The Associated Press)
WASHINGTON, Dec. 17.—House Democratic Leader McCormack of Massachusetts rebuked today and asked the representatives to approve legislation to require military training for men from 19 to 44, inclusive, rather than 21 to 44, inclusive.

Criticizing the committee "for rejecting a request by President Roosevelt and the War department that men below 21 be inducted into service McCormack said:

Too Many Leaders
"We cannot have too many leaders in this crisis. I can not accept their (the committee members) judgment instead of that of the president of the United States and his military advisers."

McCormack said Rep. Andrews (R-N.Y.) would sponsor an amendment to restore the War department's age brackets.

Rep. Thomason (D-Tex.) replying to McCormack, said that no member of the military committee "sets himself up as superior to the War department" and asked the members for a "dispassionate"

Cleveland Cadet Dies In Oklahoma Crash

(By The Associated Press)
OKLAHOMA CITY, Dec. 17.—Anthony F. Incorvaia, 24-year-old flying cadet of Cimarron field, was killed today when his plane crashed into a plowed field near the training base at Yukon.

Capt. J. L. Simon, of Cimarron field, said the plane spun in from 3,500 feet as Incorvaia was practicing spins.

The motor of the ship, a primary trainer, was buried at least three feet in the ground and the ship itself was a splintered mass of metal and wood. Incorvaia's home was in Cleveland, Ohio.

ALBANIA AT WAR
BERN, Switzerland, Dec. 17.—(AP)—Stefani, the Italian official news agency, reported today from Tirana that Albania had declared war on the United States.

Schools Aiding Defense Drive

Teachers and students in nine Lubbock schools have bought \$5,357.28 in U. S. defense savings stamps and bonds in recent weeks, a compiled report as announced this morning from the office of Dr. W. B. Dravin, superintendent, showed.

Schools and amounts subscribed in stamps and bonds:
Junior High school, \$2,292.
Dupre school, \$1,247.99.
Roscoe Wilson school, \$213.92.
George M. Hunt school, \$242.17.
Central Ward school, \$77.
Sanders school, \$41.50.
George R. Bean school, \$55.30.
Dunbar school, \$30.25.
K. Carter school, \$1,126.95.

In addition, several students of the various schools have large quantities of bonds and stamps given to them by parents and relatives. Dupre school, for instance, has one student who has a \$10,000 bond, another who has \$9,525 bonds. Children in the Roscoe Wilson school had \$4,175 in stamps and bonds they had been presented with by parents or other relatives.

Campaign Just Started
Senior High school and Guadalupe school, which is attended by Mexicans, were the only institutions not reported. No sale of stamps and bonds has been made by Senior high, but "every effort other than that is made to stimulate buying of defense stamps and bonds by students." Guadalupe offered.

Lower Draft Age Is Urged

(By The Associated Press)
WASHINGTON, Dec. 17.—If the number of war age males counts, the United States and its Allies have a two-to-one chance to win the war.

This was revealed today by the census bureau, which presented an estimate of manpower of fighting age—18 to 35—in the principal belligerent countries. These countries have 85,203,000 men in the fighting age group, not including China, India and the Netherlands Indies. Of these, 56,043,000 would serve under

Allies Have Two-To-One Edge In Fighting Men Over Axis

Allied flags and 28,560,000 for the Axis.

If China and India were included, the number of fighting men for the Allied nations would total 163,887,000.

The bureau said the United States and its possessions have 22,798,000 males between 18 and 35; Great Britain and dominions, 10,275,000; and Russia, 23,574,000.

Germany has 11,281,000 fighting age men; Italy 6,440,000 and Japan 10,839,000.

Loot Taken By Post Burglars

(Special To The Journal)
POST, Dec. 17.—Burglars believed to have struck directly after 5 o'clock this morning took approximately \$1,500 in loot from Hays Dry Goods store and a typewriter, radio and paint brushes from Higginbotham-Bartlett Lumber company. It was revealed by Sheriff Lon Cross.

The sheriff said clues indicated two persons perpetrated both burglaries and escaped with their loot in a car.

Clothing 'Is Taken
Overcoats, jackets and dresses comprised most of the property taken from the dry goods store.

A night watchman quit work, as usual, at 5 o'clock. It was explained. The sheriff and his deputies went to work at 6:30, but loss was not discovered until merchants opened their doors at 7 o'clock.

Sheriff Cross said he had enlisted help from officials over a wide stretch of West Texas, including those at Abilene, Sweetwater, Big Spring, Sedgwick, Lubbock, Tahoka, Brownfield and Seminole.

An abortive attempt was made to get money from a safe in the dry goods store. The knob was knocked, but burglars could not swing open the safe door.

Texas Children Also Doing Their Share In War

Students Boost Stamp Buying

By The Associated Press
Texas children—aroused like their elders over the war with the Axis—are chipping in with their pennies for Texas war effort.

Little youngsters barely walking the teen age in school are co-operating by the thousands for defense.

Tiny Betty Oliver of Amarillo, age two and a half, has swapped her savings of 1,350 pennies, a \$2 bill and a silver dollar for 100 stamps. She's going to boost that total to \$18.75 so she can buy a \$25 maturity value bond.

Amarillo, Wichita Set Pace
Last week Amarillo school pupils bought \$1,249 worth of stamps. Wichita Falls school children in six weeks have purchased \$7,642 worth of stamps.

Bobby Taylor's heart is in the right place. Two weeks ago burgars stole his dime bank. The money was going for a defense bond. Eager to help somebody, he shined his grandpa's shoes, donated the proceeds to Houston's Mile of Dimes campaign for the needy.

Robert Holmes of Gladewater, age 13, got a silver dollar for every birthday. Everytime his post card was better than his sister's he got another dollar. Tuesday he took his savings—\$19—to school, put the sum in a locker, told his teacher to call the post office about a bond. When he returned to get the money, it was gone.

To Black Out Oil Fields
Meanwhile, Texas' cooperation in defense continued unabated.

The Salvation army—pledged its entire facilities in Texas and a staff of 1,000 Tuesday night to Gov. Stevenson for any civilian defense use. The pledge came from Lieut. Col. William George Gilks, commander.

The Gregg county defense council announced that East Texas oil fields would be blacked out "sometimes in January," darkening the cities of Gladewater, Longview and Henderson. Gas flares would be extinguished by order of the railroad commission.

Dallas Recruiting Offices for the Army, Navy and Marines announced that 300 recruits were being sought.

Women To Drive Cabs
The war had its peculiar twists Tuesday.

In Dallas, President Houston Nichols of the City transportation company said women will begin driving Dallas taxicabs early in January to help fill gaps in ranks of the company's employees, who are resigning rapidly to go into defense industries and military service units.

Enforcing the letter of the law, Dallas police stopped a taxicab wagon carrying several foreigners and took them to headquarters. Officers understood the suspects to say they were Japanese. But they turned out to be Japanese-British and Dutch subjects who are dancers in a show that has appeared in several North Texas cities. They were released.

Co-Eds To Cooperate
Other highlights on the Texas war front:

Corpus Christi—Commissioning ceremonies for a section base completed this week at the U. S. naval air station to serve as a link in a chain of five supply bases for the inshore fleet will be held at 10 a. m. Thursday.

Denton—More than 1,000 co-eds of North Texas State Teachers college, home members and wives of faculty members signed up Tuesday night at a women's defense rally to do various types of war work—sewing of soldiers' kits, first aid, ambulance driving.

Denton—Defense bond drive

THIS WAS A HAND THAT SHOOK THE HAND—Behind the forbidden hand of an officer at Brooklyn navy yard is the Duke of Windsor, who's about to grip the paw of a navy yard worker. The duke inspected naval operations at the yard while on a visit to U. S.

Slum Project To Be Rushed

Assurance that construction of the \$515,000, Lubbock improved housing project which is to be used for defense purposes will be speeded was given in a long distance conversation Tuesday afternoon to members of the local authority.

W. L. Bradshaw, executive director of the authority here, W. T. Strange and O. R. Walker, representing the firms of Haynes and Strange and Walker and Atcheson, architects for the project, talked to three Port Worth officials of the United States Housing authority and one Washington USHA official.

As a result, said H. C. Pender, chairman of the Lubbock authority, "100 per cent priority" is virtually assured.

"The USHA officials emphasized the need for speed, since the project is to be used for housing facilities for non-commissioned officers and workers at the air base nearing completion 10 miles west of Lubbock."

In return, they indicated, a priority number would be available, assuring availability of materials. The project will consist of three- to six-room apartments, approximately 130 units. Rent will be \$25 to \$35 a month at the most.

Architects will recouple their efforts to complete plans and call for bids within 30 days, Pender said.

Use of the project for air base workers probably will have no effect upon a proposed 140-unit residential project announced last week by the Federal Works agency in Washington, it was said.

"We will need 300 to 350 residences to take care of workers at the air base," Pender said. "A 130-unit housing project and 140 defense residences still will fall short of our needs."

It was pointed out that the 40 residences being constructed by Lubbock Homes, Inc., are for commissioned officers only.

Women Students Of Texas Tech Will Meet Today To Discuss Part In Defense Work

Women students of Texas Technological college are to meet in the gymnasium at 5 o'clock this afternoon to discuss the part they can play in the national defense.

"All women students are asked to attend," said Onita Belle Ruffstedt, president of the Association of Women Students.

Mrs. Mary W. Doak, dean of women, will speak. Miss Mayme Twyford, sponsor of the Home Economics club, will present plans for a Red Cross first aid course to be sponsored by the club. Blacks to be filled out by those wishing to enroll will be distributed. Miss Margaret W. Weeks, members of a state committee on nutrition for national defense, will discuss work of the committee.

Nurses Wanted
Both men and women students have indicated intentions of eliminating expensive social functions. The Men's Inter-Club council has voted to limit rush functions next semester to smokers. The council is considering eliminating formal dances of men's clubs next semester.

First women's social organization to vote to do away with expensive presentation dance decorations was Las Vivarachas club, which has decided to use money which ordinarily would be spent for dance decorations to buy defense bonds or otherwise used for national defense. The dance will be held, according to present plans, but money spent will be reduced.

Announcement has been received in the office of President Clifford B. Jones of need for 50,000 girls to enter schools of nursing in the country. Miss Kath-

denes to take care of workers at the air base," Pender said. "A 130-unit housing project and 140 defense residences still will fall short of our needs."

It was pointed out that the 40 residences being constructed by Lubbock Homes, Inc., are for commissioned officers only.

Pains In My Arms Made Them Stiff; Hoyt's Helped Me

Muscular Aches And Pains, Constipation And Nervousness Were Relieved by Hoyt's Compound, Says Mr. W. R. Perry.

"Hoyt's Compound brought me such quick and effective relief that I want all my friends to know about it," declares Mr. W. R. Perry, 809 East Harrison St., San Angelo, Texas. He continues: "For a year I had muscular aches and

pains in my arms and shoulders. I had to be helped into my coat, and I couldn't raise my arms over my head. At times I had similar pains in my legs. I was badly constipated, and I couldn't sleep because of nervousness.

"I want others to benefit from Hoyt's Compound as I did. Aches and pains are gone now, and I raise my arms easily. Constipation is relieved, I feel better in every way. And I do praise Hoyt's!"

Hoyt's Compound is recommended and sold by the Mark Halsey Drug Store and by leading druggists everywhere. Adv.

Public Health service and other government services.

PEANUTS SHIPPED
POST—Peanut shipments are continuing but the harvest is about over with. Recently seven crops were shipped.

Authorization to employ a new Boy Scout field executive after Jan. 1 to be stationed at Littlefield was given by the executive board of South Plains council at a dinner in Lubbock hotel Tuesday night.

Dr. F. B. Malone, council president, was in charge of the meeting in Lubbock hotel. Attending were J. Edd McLaughlin of Falls, J. M. Wilson of Floydada, J. C. Elms of Littlefield, P. O. Smith of Whiteface, Rollin McCord of Tahoka, J. M. Moxley of Brownfield, Robert Maxey, Jack Randal, K. N. Clapp, Sam Henry and Jack O. Stone, all of Lubbock, and John Boggs, field executive of Brownfield.

John W. Broome was named chairman of the annual January council banquet and Wilson was chosen as nominating chairman with a committee of Joe Selem of Sudan, L. A. Wicks of Falls, Henry and Smith. The Silver Beaver award committee is composed of K. N. Clapp, Alex Nisbet, jr., of Plainview, Marshall Mason of Post and Henry.

The production of maple syrup in Canada in 1941 is estimated at 2,276,400 gallons.

British Bombers Blast At Cities Over Germany

Big Fires In Area Started

(By The United Press)
LONDON, Dec. 17.—British bombers swept over Germany and occupied enemy territory in a large-scale raid last night, starting large fires at the naval base at Wilhelmshaven, an air ministry communique said today.

Docks and other objectives in Wilhelmshaven were left burning. Bremen and other towns in north-west Germany also were bombed.

British planes attacked docks at Ostend, Dunkirk and Brest and airdromes in occupied France. One plane was missing.

An official German news agency broadcast, heard in London, admitted that "strong" air forces dropped highly explosive incendiary bombs at "several places" on the northwestern coast of Germany. The agency claimed four British aircraft were shot down.

The British Broadcasting company said, "The German planes dropped a few bombs" in southeastern and southwestern England, causing little damage and few casualties.

Plymouth And Dover Feel German Raids

BERLIN, Dec. 27 (AP)—Official Radio Received by AP—German air raiders blasted the British south coast ports of Plymouth and Dover last night and also damaged a medium-sized supply ship in British waters, the German high command announced today.

It acknowledged that the Royal Air Force had dropped high explosives and incendiaries at several places in northwest Germany's coastal area, doing some damage to civilian residences, but said that four of the raiders were downed.

Rails High Band To Give Annual Concert

RALLS, Dec. 17 (Special)—Ralls High school band will present its second annual benefit concert at 7:30 p. m. Thursday night in the City auditorium here.

Admission charge will be an article of clothing or food or a toy, which will be distributed to the needy of Ralls for Christmas.

C. Spratt is director of the band. In addition to the band music, Betty Smith will present a reading, "Christmas Eve in a Lumber Camp."

The program will be climaxed by the playing of Christmas carols, "Oh, Faithful Pine," "O, Sanctissima," "Cantique de Noel," "Silent Night," and "Adeste Fideles." The high school glee club, directed by Miss Melba Hazel, will sing "Joy to the World."

Other numbers will be "Airport March" (Eisenberg), "Chapel Shrine" (Leoni), "Albanian March" (Hall), "Balaton Overture" (Buch-

This Is The Plainsman's "Pet Corner!" Lubbock And South Plains People Tell About Pets

In spite of Christmas plans, war and everything else, Lubbock and South Plains people continue to write in to The Plainsman, Avalanche-Journal columnist, telling him about their pets.

A postcard marked "Lubbock, Route 1," and signed as "A Daily Reader," gives us the information that Mr. and Mrs. C. L. Cobb have two pets—a dog and a cat—which play with each other all the time and never fight. The dog is named "Rin-Tin-Tin," after the canine movie star of years ago, and the cat is called "Wimp," after the world's champion hamburger eater.

Neil Rhodes, of Lubbock, is looking for her pet, a curly black and frisky puppy named "Happy," in reference to the dog's disposition. The pet had been missing for several weeks.

Has Blue-White Cat

Joyce Elaine Coffman, of 1922-A Thirteenth street, writes: "I have a beautiful blue and white cat. We call him 'Thomas, Jr.,' but his real name is 'Sir Galahad.' All the dogs in the neighborhood give him plenty of room. He is real smart. My cousin says he is 'just a plain, Grade-A alley cat,' but I think he is extra-special. I have asked Santa to remember him with a rubber mouse." Miss Hortense Wayland, of Lubbock, Route 2, has a collie of the famous Sunnybank strain, raised by Albert Payson Terhune, the dog authority. The dog's name is "Florence Spangle-of-Sunnybank" and has two pups called "Nicky" and "Christmas," because they were born last Christmas Eve. However, the pups are more generally called "Barney Google" and "Blondie" for comic strip characters. Miss Wayland has a fourth dog, too, called "Carlotta," because she dances and whirls so frequently.

Has Numerous Pets

Ruth Brock, of 563 Avenue B, says she enjoys "The Plainsman's" column daily and also is interested in pets. "I have quite a few pets myself," she writes. "I have five registered Persian cats of all sizes. One is called 'Suzy-Q' because she is always bouncing into things and then makes you laugh about it. The most understanding (tel): 'Footlifter March' (Fillmore), 'Till Reville,' and 'El Caballero.' Spanish march (Olivadotti)."

of all my cats is 'Queen Elizabeth.' She is a medium-sized, beautiful white cat, one year old and full-blood registered. I call her 'Queen Elizabeth,' because she is so beautiful, haughty and independent—Some day I will write about my dogs."

A reader signing herself as "E. J. B." of Lubbock, says she enjoys every Plainsman column and appreciates space given over to pets because "most of my life some kind of a pet has had a place in my heart and home." "E. J. B." goes on to say: "I am the proud owner of a part water spaniel dog named 'Dora Dena.' My son and his wife from California were visiting me when the dog was a small pup. They spoke of friends named 'Dora' and 'Dena,' so I decided to name my dog for them. 'Dena' which I call her for short—is the most intelligent dog I have ever owned. She does many tricks and numerous people in Lubbock have heard her play the piano."

Dog Eats Raw Vegetables

Billy Tom Lawson, says "You wanted some news on pets, so here I come! We live in Lubbock and have a female dog named 'Doodle,' that will eat nearly any kind of raw vegetable. Last summer she would go with me to the garden and eat beans and peas right off the vine. My sister has a bird named 'Bing Crosby,' for the old crooner, and lives up to his name."

Other Lubbock and South Plains readers who have unusual pets, or pets with unusual names, are invited to write in about them. Just take an ordinary postcard, jot down the facts about the pet or pets, and mail to The Plainsman care of The Avalanche-Journal. Please include name and address on the card.

INDIAN MAID—Because she's anxious to do her part for the government, Tew-hawannie, 18, a descendant of a Mohawk chief, works at a lathe in a New Haven, Conn., machine shop, making naval equipment. Tew-hawannie's non-tribal name is 'Carol Thompson.'

HEADS SELL WELL—WHITEFACE—Matize heads are reported selling here for \$7 and \$8 a ton. Harvest is well along.

Labor And Management Leaders To Talk Future Policy With FDR

War Plan May Be Formulated

(By The Associated Press)

WASHINGTON, Dec. 17—Representatives of labor and management convened today in an effort to work out a no-strike agreement for the duration of the war, but recessed after a brief session to accept an invitation to confer with President Roosevelt at the White House.

William H. Davis, chairman of the defense mediation board and named by the president as moderator for today's conference, told the group that it would not get down to business until after the White House meeting.

Unanimous Agreement Sought

Some government quarters forecast creation of a new mediation agency, patterned on the 1918 war labor board.

In calling the conference in an endeavor to end strikes during war emergency, President Roosevelt made it clear that he would be satisfied with nothing short of unanimous agreement.

AFL Backs Move

The conferees—12 men from labor, 12 from industry and two representing the public—convened with definite instructions from the president. They were told that there should be no hesitation on the part of either labor or industry to accept as a basic condition that there should be no interruption of production by labor disputes for the duration.

The conference also had before it a new labor peace offer from the American Federation of Labor. In a declaration of wartime labor policy, the AFL extended the olive branch to the Congress of Industrial Organizations in a brief paragraph which did not directly mention the CIO but which said that labor rivalry had no place in the war-time picture.

"We regret sincerely," the declaration said, "the rivalry in organization that has beset the labor field for the past few years. We hold all such rivalries and jurisdictional conflicts have no place in an emergency such as faces America and the world today. We therefore renew our offer for unity in the labor movement and for the common defense of our nation against mortal danger. We hope our call to this end may not be in vain."

CIO officials indicated that they would answer this appeal soon after today's meeting, but declined to say they, too, worked yesterday on a policy declaration, but planned to make it public only after it had been submitted to the conference.

TWO U. S. WARSHIPS LOST AT PEARL HARBOR—Secretary Of Navy Frank Knox reported in Washington that the U. S. battleship Arizona, left above, and the target ship Utah, right, were among six vessels lost in

Japanese air raid on the Pearl Harbor naval base in Hawaii. The Arizona, he said, was destroyed by the explosion first of its boiler, and then its forward magazine, as result of a hit by bomb which is believed to have literally passed

down the smoke stack. The Utah had not been used as a combatant ship for many years. The Japs thought they were knocking out an aircraft carrier when it was attacked, Knox said.

Naval, Military Careers May Be Blasted By Investigation

(By The United Press)

WASHINGTON, Dec. 17—Predictions that some naval or military careers would be blasted by the presidential investigators of Hawaiian defense conditions were heard generally today as the joint Army-Navy board gathered for its organization meeting.

Meantime, Hawaii had been under intermittent attack again—enemy warships shelled two of the islands, one of them a naval air outpost.

Wake and Midway island garrisons still are fighting off the Japanese. Japan claims that Guam has been captured. The four officers named by President Roosevelt to conduct the Hawaiian investigation under chairmanship of Associate Supreme Court Justice Owen J. Roberts were: Maj. Gen. Frank R. McCoy, retired; Brig. Gen. Joseph P. McNarney, an active air corps officer; former Chief of Naval Operations William H. Standley, and former Commander-in-Chief of the United States fleet Joseph M. Reeves. Both naval officers are retired. Reeves had air commands in the Navy during his rise to command of the fleet.

They will seek to fix the responsibility for the fact that the armed services were not "on the alert" on Dec. 7 when Japanese planes bombed the fleet and military establishments at America's most important Pacific outpost. The board has the power to call any Army or Navy officer to any sessions for questioning.

There was general satisfaction with the composition of the board not only in the War and Navy departments, which helped select personnel, but in Congress where there had been a minor and quickly squelched movement for an independent investigation.

Needles Are Flying In Texas Capitol

(By The United Press)

AUSTIN, Dec. 17 (AP)—Needles, not words, are flying in the Texas House of Representatives these days.

The day after Japan's attack on America, Mrs. Homer Leonard, wife of the speaker of the House, got out her knitting needles and went to work.

She was joined by Mrs. Bess Dunlavey, the speaker's secretary; Mrs. Myrtle Lawrence, nurse to the Leonard children; Mrs. Clara Neal, clerk to the House committee on contingent expenses; and Miss Gussie Evans, House journal clerk.

Portugal May Get Into War

(By The United Press)

LONDON, Dec. 17—A foreign office commentator said today that the British government was "in touch" with Portugal on reports that the Japanese had occupied the Portuguese island of Macao off the China coast near Hong-kong and intimidated that Portugal might be involved in the war if the reports proved true.

The commentator said Britain was doing all it could to ascertain the true situation regarding Macao and commented:

Far-Reaching Effects

"If the report that the Japanese invaded Macao is true it may have far-reaching effects on Portugal's attitude toward the war."

"It would obviously be of considerable importance and gravity, as it involves in the war another power hitherto outside the conflict."

Earlier, official informants had charged that Axis powers were doing their utmost to stir up trouble between Great Britain and Portugal in South Africa by circulating reports in Portugal to the effect that Britain had promised South-Africa parts of Portuguese Mozambique and Angola.

"There is no truth whatever in these reports," a spokesman said of the state, said Jobson, were better represented than from any other part. Several districts near Tempe had all five of their supervisors there, but most of the districts had but one.

O. T. Williams of Lubbock, area conservationist of the federal soil conservation district, and W. G. Kennedy of Muleshoe, a member of the state board, also were present.

Italian General Is Lost On Submarine

LONDON, Dec. 17 (AP)—An Italian submarine carrying an Italian general and 19 other military officers from Libya to Italy has been sunk in the central Mediterranean, the admiralty said today. The admiralty said the general was not among 53 survivors who were made prisoners.

The general was identified as Guido Lami.

The submarine was reported by the British to be the Ammiraglio Caracciolo, one of Italy's newest ocean-going submarines, displacing 1,461 tons.

Area Represented At Conservation Meet

Two of the supervisors of Lubbock Soil Conservation district who attended a state-wide meeting in Temple Monday and Tuesday returned Tuesday night.

C. C. Jobson, agricultural agent, who accompanied them to the meeting, and T. L. Holt of Idalou, a former county commissioner, and George E. Eklund, Union, were those who attended. Districts in this section

ABOUT RIGHT NUMBER

SYDNEY, N. S. W., Dec. 17 (UP)—One soldier guarded every eight Germans when a group of Axis prisoners landed here today.

One soldier guarded every 40 Italian prisoners.

Brief Bits Of Local News

Pamphlets Distributed—Lubbock Chamber of Commerce has undertaken the distribution of a pamphlet, "Protection of Industrial Plants and Public Buildings," to those on the South Plains it might concern at the request of the federal Office of Civilian Defense. Chamber officials said this morning. Approximately 100 copies were placed in the mail. A small surplus remains at the chamber of commerce which are available on request.

Service Exams Stop—No further U. S. civil service examinations for government positions will be given under the direction of the Lubbock board until a later date. The Christmas holidays, according to Charles Walker, local secretary. The Christmas rush is keeping postal employees busy, he explained, and the government does not want its men to take the time from handling their regular work to do the special examination work. Applicants will be notified of the next date, Walker added.

Checks Received—Ninety-five cotton parity checks were received by the county Agricultural Adjustment administration office late Tuesday, Walter Y. Wells, administrator, said. They amounted to \$12,994.52.

Peak Is Passed—Peak of cotton classing under the Smith-Doxey act and for the Commodity Credit Corporation's loan program has been passed by the Lubbock district office, said L. O. Buchanan, chief, who added approximately 325,000 bales had been handled here. Fifteen classers are now at work. Last week's classing dropped off at the end of the week to make the total 55,000 bales, slightly under the previous week.

Weather Report—Minimum temperature this morning was 4 degrees above that of Tuesday, while the maximum Tuesday reached 65 degrees, the state experiment sub-station reported.

Recovery Of Crash Victim Is Reported

Word that his step-mother, Mrs. W. F. Wiginton of Stratford, appears to be on the road to recovery after having been seriously injured in an automobile accident near Dumas Dec. 10 was received this morning by C. E. (Dutch) Wiginton of Lubbock.

Mrs. Wiginton, a visitor in Lubbock on many occasions, has been in a hospital in Dumas, but expectation was that she would be removed to her home.

An occupant of the car which collided with that in which Mrs. Wiginton and two other women were riding was killed. At least three others involved in the accident, including Mrs. Wiginton, were injured, according to reports received here.

Many Applications For Jobs Received

Enough applications have been received to virtually insure that the sub-depot commander's department at the air base near completion west of the city will be efficiently staffed with civilian workers, according to information given this morning by Major H. S. Bishop, sub-depot commander.

Far more applications have been received for practically every civilian job at the base than possibly can be filled, he said. Those for which the fewest applications have been received have been for certain types of mechanics' jobs and they will be filled without difficulty, Major Bishop said.

He is to employ approximately 150 civilian workers in his department. The applications for them number several thousand, he said.

There are 1,165,000 milch cows on the farms of Illinois alone.

Daughter Born—A daughter weighing 8 pounds 2 ounces was born to Mr. and Mrs. C. R. Frost of 2334 Avenue H at 8 o'clock Tuesday night in West Texas hospital. Frost is a trailer builder.

Explanation Offered—Ed D. Allen, county chairman of a drive to raise Red Cross funds, pointed out this morning that 15 per cent of the money collected will be in Lubbock county, not the city of Lubbock exclusively, for our own relief needs. "There seemed to be a lack of understanding on that score," he said. "Records show how funds have been expended in rural sections in the past, notably after the Shallowater tornado."

Ornaments Damaged—Firemen of central station said they answered an alarm at 6:30 o'clock this morning and found an "overloaded" electric circuit connecting Christmas ornaments at the First Methodist church had become fused. Damage was slight.

The Federal Censorship Setup Different From That Back In 1917

Flow Of News To Be Quicker

(By The Associated Press) WASHINGTON, Dec. 17.—Stephen Early, White House secretary, said today the government hoped to have the rough outlines of a censorship plan ready for President Roosevelt's approval by the time the war powers bill reaches him from Congress.

Early said an advisory committee composed of Vice President Wallace, Attorney General Biddle, Postmaster General Clegg, and several military officials, is working on various plans for some time and that they would be submitted to Byron Price, newly appointed censorship director.

Price is expected here Friday to take over his new duties. He has been granted a leave of absence as executive news editor of the Associated Press. The war powers bill is expected at the White House soon, possibly today.

The censorship setup will be different from that created in 1917 under George Creel. Early said Government departments and agencies will continue to issue releases as in the past, but those bearing on the war will be approved first by an interdepartmental committee to be established under Price's direction.

Price will build his own house as the needs determine. Early said. "His office will not be a news production office. You will get your news where you have always been getting it. Present information sources remain open to you, and the arrangement is decentralized and quicker than in 1917."

The great value of news is getting it from the source to the reader in a minimum of time. Early said. "Censorship does not have direct control over the censorship office unless they get information that is not given out."

Mr. Roosevelt at his press conference yesterday outlined a partly voluntary, partly compulsory censorship over all media of communication, creating a barrier against infiltration of military data to the Axis, the new broad grant of power to the chief executive would authorize him to re-allocate federal functions, grant contracts without bidding, revise contracts and control completely the financial transactions of aliens.

Served in World War. Mr. Roosevelt at his press conference yesterday outlined a partly voluntary, partly compulsory censorship over all media of communication, creating a barrier against infiltration of military data to the Axis, the new broad grant of power to the chief executive would authorize him to re-allocate federal functions, grant contracts without bidding, revise contracts and control completely the financial transactions of aliens.

The 50-year-old newsmen, who asked and obtained a leave from the Associated Press once before to join the A. E. F. and win the bars of an infantry captain over seas, left his post at Newport yesterday. He could not discuss his plans, he said, until he was established in Washington.

Japs Lose Planes (Continued From Page One) today's report confirmed that there had been no injuries to personnel at Johnston. About 10 shells were fired in the Maui attack, the Army said.

No Change On Land The communique announcing the attack on Vigan, launched apparently to prevent the Japanese from establishing air bases necessary for conquest of the Philippines, said there had been no change in the land situation today.

The bulletin was issued at 4 p. m. (1 a. m. CST). Of the Japanese planes destroyed, one was shot down in aerial combat and the remainder were wrecked on the ground, the communique declared.

Enemy Suffers Heavily The announcement said: "The enemy at Vigan suffered heavily from an attack by our Air Force yesterday. One Japanese plane was shot down and at least 25 more were destroyed on the ground. Fuel supplies were set afire. There has been no change in the land situation today."

Daily Markets

Grain Market CHICAGO REPORT CHICAGO, Dec. 17 (AP)—A drop of more than 2 cents a bushel in wheat prices in one day has surprised the market's reaction to the government's open market quotations, indicating that little, if any, wheat had been disposed of since the government's announcement of the plan has the effect of placing a sort of ceiling on the market.

Wheat closed 1 1/2 lower than yesterday, Treasury 1 1/2 higher, 3 1/2 lower, Dec. 1914, 1 1/2 higher, 1 1/2 lower, Dec. 1915, 1 1/2 higher, 1 1/2 lower, Dec. 1916, 1 1/2 higher, 1 1/2 lower, Dec. 1917, 1 1/2 higher, 1 1/2 lower, Dec. 1918, 1 1/2 higher, 1 1/2 lower, Dec. 1919, 1 1/2 higher, 1 1/2 lower, Dec. 1920, 1 1/2 higher, 1 1/2 lower, Dec. 1921, 1 1/2 higher, 1 1/2 lower, Dec. 1922, 1 1/2 higher, 1 1/2 lower, Dec. 1923, 1 1/2 higher, 1 1/2 lower, Dec. 1924, 1 1/2 higher, 1 1/2 lower, Dec. 1925, 1 1/2 higher, 1 1/2 lower, Dec. 1926, 1 1/2 higher, 1 1/2 lower, Dec. 1927, 1 1/2 higher, 1 1/2 lower, Dec. 1928, 1 1/2 higher, 1 1/2 lower, Dec. 1929, 1 1/2 higher, 1 1/2 lower, Dec. 1930, 1 1/2 higher, 1 1/2 lower, Dec. 1931, 1 1/2 higher, 1 1/2 lower, Dec. 1932, 1 1/2 higher, 1 1/2 lower, Dec. 1933, 1 1/2 higher, 1 1/2 lower, Dec. 1934, 1 1/2 higher, 1 1/2 lower, Dec. 1935, 1 1/2 higher, 1 1/2 lower, Dec. 1936, 1 1/2 higher, 1 1/2 lower, Dec. 1937, 1 1/2 higher, 1 1/2 lower, Dec. 1938, 1 1/2 higher, 1 1/2 lower, Dec. 1939, 1 1/2 higher, 1 1/2 lower, Dec. 1940, 1 1/2 higher, 1 1/2 lower, Dec. 1941, 1 1/2 higher, 1 1/2 lower.

Stock Market MARKETS SHOW DROP NEW YORK, Dec. 17 (AP)—Nervous selling upon the stock market's release of the industrial leaders ran from 11:30 a. m. to 1:30 p. m. The Dow Jones industrial average fell 14 1/2 points to 208.29, with 48 of the 30 stocks in the basket lower.

Cotton Market NEW ORLEANS REPORT NEW ORLEANS, Dec. 17 (AP)—Additional construction of cotton textiles caused the price of cotton to advance today. The market closed 12 1/2 points net lower. The tone was barely steady.

Livestock Market KANSAS CITY REPORT KANSAS CITY, Dec. 17 (AP)—Cattle, 3,000; fairly active; uneven; 30-30 lbs. 10-12; 11-12; 13-14; 15-16; 17-18; 19-20; 21-22; 23-24; 25-26; 27-28; 29-30; 31-32; 33-34; 35-36; 37-38; 39-40; 41-42; 43-44; 45-46; 47-48; 49-50; 51-52; 53-54; 55-56; 57-58; 59-60; 61-62; 63-64; 65-66; 67-68; 69-70; 71-72; 73-74; 75-76; 77-78; 79-80; 81-82; 83-84; 85-86; 87-88; 89-90; 91-92; Nation May Enjoy Japs' Uneasiness As U. S. Subs Stalk Nipponese

Fleet Also On Enemy Trail

BY DEWITT MACKENZIE
Wide-World War Analyst

There is grim satisfaction in the warning to the people by Lieut. Commander Tomingo of Japanese imperial headquarters that probably "Pankee submarines" ranging from 50 to 100 miles in radius are operating off Japan.

Concrete indication that Tomingo may be right is found in U. S. Admiral Hart's report that U. S. submarines have made two successful attacks. The nature of the victories isn't disclosed but we can wait for that, just so long as we wait for the "Pankee" to be his way.

This strikes me as a very encouraging sign, because it means we are beginning to swing into offensive action in the crucial battle area.

Big Naval Battle Expected

It is pleasing to feel that these under-water boats are the pilot fish which signal the advent of American naval and air reinforcements. I don't mean that literally, because there is no indication where the submarines came from, but it has been more than ten days since the attack on Pearl Harbor, and a fair stretch of Pacific can be crossed in that time. The golden hours which we have gained through the grand defense made by our forces should pay returns before long.

It wouldn't be surprising to see a big naval engagement break out almost any time now. Our fleet is hunting the Japs, and if they pursue the lines which their strategy thus far has indicated they are bound to fight to keep us from bringing aid to our bases, since Japanese success depends on securing and holding control of these.

Japs Seek Indies Wealth

From the standpoint of the ultimate outcome of the battle of the Pacific the fierce attack of the Japanese against the British on the Malay peninsula is more important than the assault against the Philippines. The Japs, of course, are trying to fight their way down the peninsula to the great naval base of Singapore, the fall of which presumably would deliver into their hands the great wealth of the Dutch East Indies which Singapore guards. Japan needs the resources of the Indies badly.

Fear that American naval and air aid may be rushed to the aid of the British undoubtedly is spurring the Japanese to make a supreme effort in which, according to the British, they are fighting like fanatics. The situation is serious for Britain, but it should be remembered that the Japanese have to fight their way four hun-

Salary Deduction Plan Is Approved

A salary deduction plan of buying defense bonds was approved by employees of West Texas Gas company at their annual Christmas party in Lubbock hotel Tuesday night.

Regular monthly deductions will be made from employees' salaries to go toward the purchase of the bonds, deductions ranging from \$1 a month into the higher brackets. A total of 145 employees of the company in 44 towns of the system will participate in the program.

W. M. Cates, Slaton, president of the South Plains Safety council, presided and was toastmaster at the banquet. Short talks were made by Harley Cook, Amarillo, safety service director; R. E. Hinchev, vice president and general manager; and Geo. W. Dupree, attorney. Gifts were handed to various employees at the close of the program.

Tech Men Students To Report On Status

Instructions to report to the registrar of Texas Technological college at 5 o'clock this afternoon were issued Tuesday to men students who became 21 years of age on or before July 1.

They are to fill out information cards labeled "student report on selective service status." The reports are to be presented to the advisory committee on higher education and national defense by Dec. 20. The cards apparently are to be used to determine the possible effect of the selective service upon college students, and I anticipate the information will be used in helping to revise the selective service regulations, by army ways as to insure a continuing flow of college graduates during the war period. Dr. Harry L. Kent, administrative assistant at the college and institutional representative for deferment matters, said in the announcements sent to classes.

Buy A Defense Bond TODAY!

dred miles down the peninsula before they come opposite the great island which houses Singapore. This world famous naval base isn't tottering yet by any means.

So far as concerns the defense of the Philippines, the latest word continues good. An American communique says that the situation on the ground remains unchanged, and a later Army report announces the destruction of at least twenty-six Jap planes on the west coast of Luzon. That victory is of great importance because it indicates that we still retain control of the air over the strategic island of Luzon. The Japs need air supremacy to effect a conquest of the Philippines.

Boy Can Join But Father Declares He Must Go Too

The United States navy can take a certain Terry county youth, provided his 56-year-old father can go along too.

This was the gist of a letter which Chief Quartermaster J. E. Calloway, naval recruiting officer here, received Tuesday. It was in reply to a form letter sent the father asking why the son's application for enlistment had not received parental approval. The reply was written on the form letter—Navy recruiting routine now seeks to find out why parents do not consent to their son's enlistment when he is under 21 years of age.

"My son is ready to join the Navy any time you consent for me to join with him," the letter explained. "I have enjoyed 56 years of freedom

Committee Members Are To Be Chosen

Elections of community committee members in the county Agricultural Adjustment administration are scheduled Friday, according to C. E. Lilley of Slaton, chairman.

Four will be held at 2 o'clock in the afternoon, at Slaton, Idalou, Monroe and Woodrow. Shallowater meeting is scheduled for 6:30 o'clock and Wolforth for 7:30 o'clock.

Besides three committees, a delegate to the county meeting to be held Saturday morning, will

of speech, religion and to do as I dam please. Now I am ready to give the rest of my time that all young Americans can continue to do as I.

"I have a high school education, one year in college and two years of medicine. I can get as many slant-eyed pole-cats as any man in the U. S. navy."

The letter added the father already had one son in the Navy, serving on board ship and presumably stationed in the Pacific.

Expansion Program To Be Submitted

Plans for a portion of the Lubbock school expansion program are to be submitted to defense officials in Fort Worth Monday for approval, according to report Tuesday by S. B. Haynes, member of the architectural firm which is preparing plans.

The portion for which plans will be completed this week was described as that approved by the DPW, through which agency an allocation of \$121,600 has been made available. The part to be

also be named. The county committee, three active members and two alternates, will be named at that time.

FINN CULPRIT

ST. LOUIS (UP) — When cold weather arrived the United States fish and wild life service began its annual chore of transferring 50 goldfish from the pool at the police station back to the Forest park fish hatchery. The 50 fish were put into the pool in the spring. But the workers had snared only 15 fish. Draining the pool produced no more fish. Then police noticed a sleek car which the station said had been around all summer.

The first Pitcairn Islanders to visit New Zealand in many years recently arrived at Auckland to visit Joseph Christian, who had undergone an operation, and two of the 10 say they will never return to Pitcairn Island.

There's A Brighter Side To The Picture Nation's Sports Stand To Gain With Passing Of Emergency If First World War Is Example

BY JOE PIERCE
Journal Sports Writer

WHEN ONE OF OUR favorite teams takes a licking—it happens in the best of athletic sports, you know—we invariably pick the team that did the dirty work to win all kinds of honors.

That's the big reason we picked Wichita Falls to win the state high school football championship. We didn't think the Westerners could be beaten, and when they were, it was only natural to conclude that any team that beat the Westerners won't be beaten.

For much the same reason we are now picking the Rice Owls to win the Southwest conference basketball championship.

South Nation's Sports Mecca

(By The Associated Press)

ATLANTA, Dec. 17.—The southland today became a mid-winter sports mecca as it adopted the Pacific coast's war-orphaned football games and race horses.

Two of California's colorful grid classes—the Rose bowl and the East-West All-Star—were blacked-out by army orders and transplanted in the south. California's racing tracks were closed.

Huge Crowds Expected

It will give Dixie the nation's top three football bowl games, two star-studded inter-sectional battles, and a winter horse racing program jammed with big names.

More than 250,000 fans are expected to pack stadia in four southern states for a holiday week of thrilling football.

Dec. 27—North-South All-Star game, Montgomery, Ala.

Jan. 1—Duke and Oregon State in the shifted Rose bowl game, Durham, N. C.

Jan. 1—Georgia-Texas Christian in the Sugar bowl, Miami, Fla.

Jan. 3—East-West All-Star game in the Sugar bowl, New Orleans.

The army, which requested cancellation of the Rose bowl game at Pasadena, approved the transfer in Durham and Duke university will play host to a record crowd of 55,000 at \$4.40 apiece.

Thousands of young Americans whose total athletic activity has consisted of walking to the corner to catch a street car will in months to come participate in army-sponsored athletic programs that will develop athletic stars where there were none before.

Other thousands who competed in high school and college sports will return to active competition.

Young men will get an opportunity to play baseball and football to box and go out for track and field who never would have had the chance to do for the war.

The two decades from 1920 to 1940 has often been called the Golden Age of sport, and the impetus athletics got in the American Expeditionary Force can be credited with a lot of that.

Gene Tunney, this reporter's idea of the finest champion any sport ever knew, began boxing while serving with the Marines in that war. And he's back in harness again, setting up the athletic program for the Navy.

Already the new athletic program for the services is taking shape. Service teams are playing to area titles in football this year—though the championship playoff has been curtailed by the sudden necessity for action on the fighting front.

The Pensacola Naval Air station last year produced one of the country's finest basketball teams. And this season the Great Lakes Naval Training station team is playing—and winning from—Big Ten teams.

The Fort Custer baseball team won the national amateur championship last summer.

Many of the nation's best known boxers already are fighting under Navy colors now, and are serving as instructors in Navy athletic programs as worked out by Tunney.

Speaking of the change of site in the Rose Bowl game, here's the bowl schedule one sports writer worked-out for the "All-America" team:

Jan. 1—Japan, there.

Feb. 1—Italy, there (breather).

March 1—Germany, there (homecoming).

Houston Scene Of Tech Games

Crimsons In Good Form Against Owls

(Special To The Journal)

HOUSTON, Dec. 17.—The Texas Tech's Red Raiders and the Texas Aggies tangled at 7:45 o'clock tonight in the opener of Houston's second big-time basketball double-header.

In the second game, the Phillips 66 quintet will battle Rice Institute's Owls.

Tuesday night the Owls and the Oilers were victorious over Texas Tech and the Aggies. The tall Rice team overcame a stubborn, speedy Red Raider five, 55 to 43, and the Bartlesville quintet whipped the Aggies, 74 to 43.

Yankees, Brooklyn Cop Honors As Brightest Lights For '41 Season; Other Stars Named

BY GEORGE KIRKSEY
United Press Sports Writer

NEW YORK, Dec. 17.—The comeback of the New York Yankees, who regained the world championship after being dethroned in 1940, and the triumph of Brooklyn in the bitterest season-long pennant race in National league history featured the 1941 baseball season.

While the Yankees' feat was the year's outstanding team accomplishment, the Dodgers' first pennant in 21 years stirred up more interest. From early April until Sept. 25, four days before the finish, the Dodgers battled the St. Louis Cardinals for the lead; The Cincinnati Reds, 1940 world's champs, got off poorly and never were a factor in the race.

DiMaggio Voted Tops In Sports For '41

(By The Associated Press)

NEW YORK, Dec. 17.—For breaking all major league consecutive hitting records with a string of 56 straight games, Joe DiMaggio was voted the outstanding male athlete of 1941 by a margin of more than 2 to 1 over his nearest rival.

The New York Yankee outfielder, who batted .357, piled up a total of 157 points as 42 of the 52 sports experts participating in the Associated Press' annual poll placed him first on their list. He was given either second or third place on 20 other ballots.

Ted Williams, who in hitting .406 for the Boston Red Sox became the first major leaguer in many years to surpass the 400 mark, ran second to DiMaggio with 64 points for his unprecedented performance of successfully defending his title seven times during the year.

With Craig Wood, U. S. Open golf king, finishing fourth with 27 votes, football was completely routed for the first time in three years.

Texas Cagers Defeat Inter-State Teams

(By The United Press)

TEXAS basketball teams whipped quintets from three states last night — Arizona, Arkansas and Oklahoma — while six other Texas schools went in for intra-state competition.

The tall West Texas State Teachers Buffaloes won their seventh straight of the season and their third straight Border conference game at Tempe, Ariz., drubbing the Tempe Teachers 53 to 29. Tonight the Buffs wind up their swing around the western end of the conference against Arizona university at Tucson.

Texas Wesleyan college journeyed to Cleburne to beat Arkansas' Ouachita college 47 to 37.

And the Texas Longhorns defeated the Southeastern Oklahoma Teachers at Austin 28 to 25 in a rough game. Thirty-three fouls were called on both teams.

The Rice Owls, pre-season favorites in the Southwest conference, nipped the Texas Tech Red Raiders 55 to 43 at Houston. Daniel Baker beat Wayland College 37 to 16. And the North Texas State Teachers finished fast to outscore the Texas Christian Horned Frogs 54 to 46.

Giant rays, although they reach a width of 20 feet and weigh more than 8 tons, can leap completely out of the water.

Louis Opens Training For Buddy Baer Bout

GREENWOOD LAKE, N. Y., Dec. 17—Joe Louis began training today for the twentieth defense of his heavyweight ring title, a rematch with ponderous Buddy Baer in Madison Square Garden on Jan. 9.

Louis' share of the purse will go to the naval relief society.

Raider Offense Being Polished

Techsans In High Spirits For Tulsa

Football scouts of the University of Tulsa saw the Texas Tech Red Raiders in action a couple of times this season, but what they saw isn't likely to help the Hurricane much in the New Year's Day Sun bowl encounter between the two teams.

The Red Raiders are spending much of their time these days in working out new formations and variations of old formations, designed exclusively for use against Coach Henry Frnka's Tulsans.

Tuesday, for instance, they put in three hours of hard practice, most of which was devoted to offensive efforts.

Judging from the spirit and determination in Tuesday's workout, the Raiders plan to break down the barrier with a blow-empire attack. The backfield performers looked better than at any time this season. You know, the Tech backfield is one that is rather fancy as it hides and hoards the ball, fakes and spins and passes all over the place. And from the way the backs worked Tuesday you can bet all the kops in Rhodesia that the ball carriers will be ready for Tulsa.

Look Out For Dobbs

The Red Raiders have a tough job.

(Continued on Back Page)

World Series Was Peak

During the year baseball lost one of its greatest characters when Lou Gehrig, the one-time "iron horse," died on June 2 after an illness of two years.

The Yanks smacked the Dodgers down in the World series, four games to one, but it was far from a routine series. The hysterical peak was reached in the fourth game at Brooklyn when the Dodgers lost a game they had already won.

Both Set Records

In leading the league with an average of .406, Williams became the first player in the circuit to surpass the .400 mark since Harry Hellman turned the trick for Detroit in 1923. The willowy Red Sox outfielder achieved his mark dramatically by rapping out six hits in eight times at bat in the season's windup doubleheader against the Athletics after slumping to .396 the day before.

DiMaggio started his streak May 15 and wasn't halted until July 17 when Al Smith and Jim Bagby horse-collared him in a night game at Cleveland. During the streak which surpassed Willie Keeler's 44-year-old record of 44 straight games as well as George Sisler's modern mark of 41 games, the Yankees climbed from fourth place to first and made a run-aways of the race the last part of the season.

Brooklyn's Only Club To Draw Over 1,000,000 Paid Customers

Brooklyn was the only club to draw over 1,000,000 paid customers, the exact figure being 1,213,253.

Calling Names

In Chattanooga, Tenn., they're already calling Duke vs. Oregon State the "Tobacco bowl."

How about a fresh name for an East-West game played in the south? And next Sunday's pro playoff is being tabbed as the "Snow-bowl" which seems appropriate in view of the fact it was so cold in Chicago last week.

(Continued on Back Page)

Sports Roundup

Use Of Frosh For Varsity Play Urged

By HUGH FULLERTON, JR.
Wide World Sports Writer

NEW YORK, Dec. 17.—Seems to be open season for suggestions on how the sports program can be made to fit the military program.

Joining the rush, now about postponing the building of that basketball hall of fame and sinking the dough from the "golden ball" games (which will be played in every state) into defense bonds? There might even be a surplus for the Army and Navy relief funds. The Naismith memorial wouldn't lose out, either.

Scoop Latimer of the Greenville (S. C.) News comes up with the idea that colleges should declare freshmen eligible for varsity athletics and the seniors ineligible — because most of them will be heading for the Army anyway.

Wouldn't that one go over well with football coaches who are set with senior squads for next year? The Dixie conference already has made a start by voting to let the frosh play.

Temple High Tests Houston Saturday

BY ROY J. FORREST
United Press Sports Writer

HOUSTON, Dec. 17.—Raymond Borneman is cited the "big train" on which Lamar High school has ridden into the semi-final round of the interscholastic football playoff.

Fans call him the "one-man gang" whose roughness and toughness has netted him 178 points of his team's 229 in 12 games.

Almost everybody here declares that as Borneman goes, so goes Lamar—and that includes next Saturday's game with Temple High school here at Rice stadium.

Coach Praises Him

Coach Ed Duggan, who has his first "winner" in 15 years of football here, signs Borneman's contract—the highest cashing—the big halfback the best he ever directed.

Duggan coached at Sam Houston High school here 11 years before taking over football at Lamar four seasons ago. His greatest stars were Cecil Isbell and Fred Hecker and he says Borneman is

Thailand Joins Roster Of Small Nations Succumbing To Axis Might

Power Politics Play Big Role

BY DAVID S. WAITE
Editor, Singapore Free Press
AND NEA Services Writer

SINGAPORE, Dec. 17.—Japanese treachery enmeshed ill-fated Thailand like a blanket while bland-faced Nipponese envoys carried on their "peace negotiations" in Washington.

When Japan was amassing great concentrations of troops on the Thailand-Indo-China border, power politics were going full blast behind the scenes.

At the very moment when Kurihara was talking peace in the United States capital, Thailand was taking the brunt of diplomatic pressure, economic pressure, propaganda pressure, and even military pressure on her frontier.

So great was this pressure, according to a British foreign office statement, that Thailand was forced to succumb to Japanese demands even before open warfare broke out in the Pacific, putting up only "token" resistance when Japan finally blew the lid off the Pacific war-pot.

Far East knew Japs' Plans
From here, it seemed obvious that Japan's "peace negotiations" in the United States were a sham, while she continued a Thailand policy that, at its logical conclusion, could only mean war in the Far East on a very big scale.

The Japanese first turned on the heat by increasing their garrisons on the Thai-Indo-China frontier. There were exercises designed to impress the Thais with the wisdom of resisting Japanese demands. Then followed the demands which, according to well-informed opinion, amounted to suggestions that Japan should take over entire responsibility for the defense of Thailand. Reports that Japan actually asked for military and air force bases in Thailand are not confirmed, but there is no doubt that this is what Japan was after—and perhaps got.

Propaganda Played Part
Concurrently, the Japanese increased economic pressure on Thailand. They continued to buy up everything they could put their hands on in Bangkok, offering inflated prices to impress the Thais. They sent to Thailand Japanese-manufactured goods, which by rights, should go to Indo-China. They increased their propaganda blitz by circulating imaginary stories of the Anglo-U. S. "threat" to Thailand, and by spreading foul slanders about prominent Thai statesmen who did not appear sufficiently pro-Japanese.

In the Japanese Embassy in Bangkok, special sections were formed to deal with diplomatic affairs, economic problems and propaganda. Mr. Koh-Ishii, the former spokesman of the Japanese foreign office, was sent to Bangkok as Chancellor of the Embassy to take care of the political propaganda. Since Mr. Ishii was known to have pronounced pro-Axis feelings, he was regarded as a good man to work with the Italians and Germans in Bangkok, who were also doing their share of anti-British and anti-American work.

Thailand—Realized, Threat
The Thais closely watched all that went on in their own country and all that happened on their frontiers, and they drew certain conclusions. Their interpretation of the duties of neutrality prevented their statesmen from saying openly that Japan was a potential—indeed, an actual—menace to the independence of their nation. But that is what they meant when the Bangkok radio nightly warned its listeners to be on their guard against fifth columnists, foreign spies, saboteurs, and so on. The radio urged the population to prepare for war that could come only from the Japanese in Indo-China.

One sometimes heard stories about the Thais being pro-Japanese. They are nothing of the sort. There may have been a few leading Thais who a few months ago were inclined to regard Japan as the future masters of East Asia, but they then found it best to lie low and say nothing. The Thais were really sincere when they declared their intention to remain neutral.

Japan wants Thailand's rubber, tin and rice, which she needs. She might hope to occupy the country and go on immediately to threaten the Burma road which she might think it would be easier to cut.

PURCHASE PRICE SETS RECORD—Colby Hanover (above), two-year-old trotter that ended the 1941 season as leading money and race winner, has been sold to E. J. Baker of St. Charles, Ill., for the price, \$15,000, being the highest sum paid for a harness horse in a decade. This favorite for next year's Hambletonian was owned by the late Eugene Frey, of York, Pa.

Recruits Off For Ft. Sill

The 24 men accepted for enlistment in the Army Tuesday are en route to Fort Sill, Okla., to report for duty, according to Major Joseph R. Peller, district recruiting officer.

A special bus, the second in two days, was used for the trip. Enlistments brought the total for December to 118 men. Six of the group were from Lubbock, four from Plainview and four from Amarillo, with others from Delhart, Hale Center, Matador and other towns. Three of the men were assigned to Panama, filling the quota, the remainder were for the air corps.

Following were the enlistments: John C. Hodges, Dalhart; Marion C. Tins, Burt S. Bishop, Wallace W. Francis and Lem Gibson, Plainview; Elvin L. Stanley, Giffard; Arnold A. Schumaker, Nazareth; Truitt H. Williams, John C.

Dupree Is Speaker To City Employees

A Christmas banquet of approximately 90 city employees was addressed by George W. Dupree, attorney, in Cohanough's cafeteria Tuesday night. Guy Casey, city fire marshal, was toastmaster.

Other numbers on the program were: musical selections by the Harmonettes, composed of Jane Rogers, Mona Hamil, Geraldine Terrell and Anita Scay and directed by Mrs. Leo E. Walter; dialect reading, Sam McMillin, and invocation, by J. D. Thomas.

Three-quarters of the land of the world lies north of the equator.

Green, Jr., Delmar L. Pimson and Robert E. Ross, Amarillo; Sidney D. Ellis, Calvin E. McEachern, Hershel W. Ivey, Alex P. Jones, Willis E. Bear, Juan J. Carmona and Raymond W. Jarvis, Lubbock; Raymond C. Morris, Booker, Emil H. Ukens, Hooker, Okla.; Leonard G. Henderson, Gainesville; Dalma D. McBride and Harold R. Renfro, Matador; Cagle B. Short, Hale Center.

The Plainsman Says

That G.I. on Broadway says if you were to systematically punish those responsible for your troubles, most of the punishment would be self-inflicted.

TODAY'S POME

Lives of misers old remind us. We can hoard our dough and when we kick off we'll leave behind us those who'll quickly blow it!

DOWN at El Paso, at the northern and eastern boundaries of which sprawls Fort Bliss and its accompanying reception center, war is a grimly serious thing.

Also, just west of El Paso, where Highway 80 passes under a big railroad bridge, as the motorist proceeds to points in New Mexico, several scores of fully outfitted and steel helmeted soldiers keep up a 24-hour daily vigil.

THE soldiers watching across the border; however, are not watching our Mexican neighbors, for the very good reason that the Mexican government sees eye-to-eye with the U. S. in the matter of the war and the aims pertaining thereto.

Instead, the soldiers are keeping their eyes open for Axis aliens who might be attempting to slip into this country along the wide open spaces of the Texas-Mexico frontier.

GENERAL QUINONES Our Good Neighbor

With that thought in mind, The Plainsman took time out to make a personal call upon one of the most important personages in Mexico as far as the people of the U. S. Southwest are concerned—General Jaime Quinones, commander of the Juarez military garrison.

There are many aspects of inflation we can't understand. For instance, why is it costing a hen twice as much to lay an egg now than it did a year ago?

DETROIT woman says she left her husband because she was jealous of his piccolo. If we were jealous of a piccolo, we'd have to be in a mighty tight corner before we'd admit it!

During the more than a year in which he has been in command at Juarez, he has made many friends for Mexico among the Americans—and many friends for the U. S. among his own people.

GENERAL QUINONES is 47 years old, but looks more like

Lady By Request

By HELEN R. WOODWARD Copyright, 1941. NEA Service, Inc.

CHAPTER I The offices of Durbin and Thorpe were exactly like any other successful law firm's—usually, rather, musty, book-lined affair.

Her dismissal had not come exactly as a surprise. She had been nervous and ill-at-ease ever since she had taken the job.

Richard Thorpe, the junior partner whose personal secretary she was really supposed to be, had not been so patient with her.

Diana knew that he had numerous "affairs" with women posing as clients, and when she first came into the office, she made the mistake of refusing his invitation to dinner rather coldly.

Miss Montgomery, a caustic young lady with fawn-colored hair, an assertive manner and 10 years' legal experience, had come a week before. Efficiency fairly oozed from Miss Montgomery's lacquered finger tips, and since her coming Diana had been relegated to such unimportant tasks as seeing clients and opening mail.

Alone for a moment in the outer office, Diana walked to the window and looked out. The first snow of the season swirled in eddying circles about the heads of pedestrians in Center street eight stories below.

Outside of his job and his charming wife and young daughter, the general's chief interest is in good horses; for he is an outstanding expert polo player and a top horseman in a nation which has more than its share of fine riders.

Southwestern U. S. and Northern Mexico are fortunate that these trying times find a soldier and a gentleman of the type of the strapping, six-footer in command at Juarez.

There are many aspects of inflation we can't understand. For instance, why is it costing a hen twice as much to lay an egg now than it did a year ago?

DETROIT woman says she left her husband because she was jealous of his piccolo. If we were jealous of a piccolo, we'd have to be in a mighty tight corner before we'd admit it!

During the more than a year in which he has been in command at Juarez, he has made many friends for Mexico among the Americans—and many friends for the U. S. among his own people.

GENERAL QUINONES is 47 years old, but looks more like

Hold Everything!

"I hope you'll pardon it, sir—it's a South American meat-eating plant!"

Today's Journal Editorial

GET THAT MAILING DONE—NOW! Perhaps it already is too late to do your Christmas mailing early.

But if ever there was a time when Christmas mailing should be done as soon as possible, that time is now. Otherwise the packages are pretty sure to reach their destinations late.

Reasons are obvious. The volume of mail this year is tremendously heavy. The postoffice department is finding it extremely difficult for reasons that also are obvious—to obtain the additional help that is needed during the Christmas rush.

So, if you plan to send packages elsewhere, you had better do so at once. That is about the only way to make reasonably sure that gifts will reach those for whom they are intended before Christmas.

who ran the store at the crossroads and who wanted to marry Diana. Her mother always said she couldn't see what more Diana wanted than Bill and the comfortable home he would give her.

Not that Diana did not love her home. The spacious clapboard house had always been her special haven. Her hard-working mother and father, her sister and brothers—were more than dear to her.

Richard Thorpe came in, followed by a tall man who walked with a long swinging stride and carried a brief case. Nodding briefly to Diana, they passed into Mr. Thorpe's private office and closed the door.

Diana wondered if the tall man was a new client. Another lawyer perhaps. There was something striking, distinguished even, about his appearance. She had seen that he had a strong, jutting jaw and blue eyes which swept Diana briefly, but long enough to convey an appreciation of her appearance.

She turned back to her contemplation of the street below. Before another hour had passed, she would be one of that hurrying throng—but without a destination. During her two months with Durbin and Thorpe she had not managed to save anything. She had needed shoes and a winter coat. Dresses to make her presentable at the office Food and shelter.

There was \$8 in her purse now. Mr. Durbin would give her a check for \$20 more—and when that was gone—

They'd be glad to have her back at the farm. She was really needed there. Her mother was always complaining because of the fact that when her two daughters were old enough to be of some help they had left—

Today's Thought As long as I am in the world, I am the light of the world.—John 9:5.

God is truth and light his shadow.—Plato.

ON BROADWAY (Copyright, 1941, for The Journal)

THE Big Parade: Victor Mature's double, an usher at the Roxy Theater—Badge No. 18... Judith Anderson appearing in "Sons of Fun" in which 800 rounds of ammunition bang off every performance, jumping nervously at the bark of a car's backfire.

Salles in Our Alley: Over at Ruban Bites they are agreeing that George Jean Nathan was acting pretty regular about the kidding he gets for dating oriental dishes.

At LaMartinique, Nat Karson, designer of the stocking counter show there, listened to a facial surgeon discuss tricks of his trade.

Midtown Vignette: It actually happened the other afternoon, and hurry for her. It was in a Fifth Avenue store.

SHOW Business Noveltie: In the film "It Started With Eve," Deanna Durbin, as usual, is a poor girl anxious for a break.

The Big-Time: Mary Martin's warbling in Paramount's "Birth of the Blues" flick... Hugh Bradley's "Havana: Cinderella City"...

BROADWAY Small-Talk: Tommy Manville, it appears, gets married for better or worse—publicly.

Sounds in the Night: In the Stork... He's a good city editor—rated by everybody on the staff—except the circulation manager.

Break For Good Neighbors: As news releases are prepared by the Rockefeller and Donovan staffs, they are exchanged by the two offices.

Column about Broadway: The day your country goes to war... At the Lord Tarleton: "She's a soprano at the Metropolitan. When she throws out her chest, the customers in the balcony duck."

No New Worlds to Almost Conquer

Plenty Of U. S. Propaganda Now Is Being Sent Out News, Not Hokum, Goes South Of Border

BY PETER EDSON Journal Washington Correspondent

WASHINGTON, Dec. 17—Whether or not the South Americans like the particular varieties of U. S. propaganda pie in the sky these days, the fact is that it's being dished out in quantities that should suit any taste.

Center of the pie counter is the office of Nelson Rockefeller, so-called coordinator of inter-American affairs. For a time, there was a little controversy between this CIA office and the COI office of Col. William Donovan, co-ordinator of information, but that's all smoothed out now.

It was intended, all along that the Donovan office would prepare for world consumption outside the United States. That was all right, but the Rockefeller boys weren't any too anxious to have anyone messing up their pet customers with fancy recipes not seasoned to the South American taste.

Anything he doesn't like he is at liberty to file in the wastebasket, and that's that. By having a non-government man do the final editing in this way, material is chosen for its news value and not for its propaganda value, and that's where the South American listeners get a break.

Short wave radio isn't the only stuff beamed to Latin America, either. Several months ago, Rockefeller started talking to firms doing export business in South America, and persuaded a number of big businesses to buy time on South America's own long wave stations for broadcasting U. S. press news bought from

casters are good practice. Hours of broadcasts and frequencies vary from day to day and week to week, but the stations now handling them and some of the frequencies which can be picked up easily on any set with a short wave band, are the following:

Table with columns: Station, City, Cycles, Meters. Includes WCBX, WLWO, WGEA-WGEO, EGFI, WNBI-WRCA, WCAW, WBOS, WRUL-WRUW.

tracted wide attention. He was younger than she had thought he would be—not a great deal over 30, she decided. There was a suggestion of hidden strength in his tall, figure in the jutting chin. He had dark hair that curled imperiously back from his brow and blue eyes that looked like a frozen-over lake. She wondered, irrelevantly, how it would be to gaze into those eyes if they should suddenly become warm and tender.

"Miss Tucker, if you do not intend to take my dictation, please say so!"

Richard Thorpe's voice cracked like a whip across Diana's startled consciousness. Her face flushed crimson as she realized that in her contemplation of Stephen Curt she had entirely lost track of what Thorpe was saying. She saw Curt turn and bore into her with his keen blue gaze, and her confusion increased. Thorpe was white with anger.

Suddenly, something long dammed up burst within Diana. She rose, trembling, and slammed her dictation book down on the desk directly under Richard Thorpe's nose!

"You're quite right, Mr. Thorpe," she said, her voice hot with fury and humiliation. "I do not intend to take any more, either of your dictation or your insults! As far as I am concerned, you and all your associates may go to the devil!"

(Continued From Editorial Page)

Rockefeller organization in seeing that the South Americans get straight news and not propaganda is through a new special news picture service being set up in Washington under Francis Jamieson, Pulitzer prize winner, and Harry Frantz, veteran United Press cable editor. When this service is fully organized, it will cooperate with the western hemisphere papers in preparing and furnishing news about the Americas. Only one South American paper now has a correspondent in Washington. U. S. news services do furnish cable coverage on spot news—but the feature news and the special requests can't all be handled. Why U. S. chemical imports from the Argentine are increasing, outlook for the South American hide market, how Puerto Rico's price control works, editorial reaction of the U. S. press—all this the Rockefeller news service will furnish on request.

In all this service of information for South and Central America, however, efforts are made to see that there is no competition with private enterprise. News for the Latin is first offered to the regular U. S. commercial distributors. If they don't want it, then the coordinator's office will put it out itself.

Hubber Manager For '42 May Be Named

Announcement of the field manager for the 1942 Lubbock Hubbers may come after a conference today between Monty Stratton, former Chicago White Sox pitcher, and officials of the Hubbers.

President Sam Rosenthal announced the conference last night after talking to Stratton by phone in Celeste, Stratton's home town.

Stratton has served as a coach of the Chicago White Sox since the end of his pitching career with that team a few days ago. He was released by the White Sox to give him an opportunity to deal for a minor league manager's job.

Red Raider Gridders

(Continued From Sports Page)

hard, functioning line that balances perfectly with the leaguer backfield, and in Tuesday's workout the linemen were charging in a manner seldom seen this season.

Coach Morgan warned the Red Raiders that Tulsa will show them a brilliant player in Glenn Dobbs, a junior tailback. Dobbs was the outstanding Hurricane performer this season. He punted 44 times for 37.07-yard average. He completed 34 of his 69 aerials for a percentage of 47.8 and a gain of 607 yards. Dobbs carried the ball 66 times for 332 net yards.

"Dobbs is a dangerous boy when he gets his hands on the ball. We are going to have plenty of trouble with him because he is not the kind of a guy who stops irying when he is tackled. He has been tackled and then shook loose and raced for several touchdowns this year," commented Coach Morgan.

Following Morgan's lecture on Dobbs, Captain Ty Bain, senior quarterback, looked at Morgan, smiled and said:

"Don't forget, coach, we're no bashful beginners at this football. We'll take care of Mr. Dobbs."

And that was the end of Tuesday's Sun Bowl practice.

ANTON STILL BUSY

ANTON—Ginners here believe they will get at least 2,000 more bales of cotton. Grain harvest is estimated at half through, or slightly better.

Buy A Defense Bond TODAY!

DO THEIR BIT FOR GOODFELLOWS—Five Lubbock girls have been reading about the Goodfellows and their work and they decided to do their bit toward making Christmas morning happier for less fortunate children of Lubbock. They gathered up some of their dolls, doll collecting being a hobby of three of them, sewed up a batch of new doll outfits for each and in the picture above you see them as they presented the dolls to the Goodfellow collection. The dolls have the fanciest bunch of clothes you ever saw and the girls made them all from remnants they garnered from their mothers. In this picture, left to right: Joann Forbes, daughter of Mr. and Mrs. Ray Forbes, 2115 Twenty-eighth street; Jo Ann Nislar, daughter of Mr. and Mrs. Joe Nislar, 2319 Seventeenth street; Laura Lou Bailey, daughter of Mr. and Mrs. P. L. Payne, 1921 Sixteenth street; and Jo Ann Bailey, daughter of Mr. and Mrs. P. L. Payne, 1921 Sixteenth street; and Jo Ann Bailey. (Journal Staff Photo)

Houston Star

(Continued From Sports Page)

greater than either.

Duggan said today that he is guarding his entire squad against injuries in practice for the Temple game, giving his boys little leave-work.

Improved Rapidly

He pointed out that he took only 19 players to Austin last week and that only 12 of them got into the quarter-final game until the last few minutes when Lamar had a big scoring edge.

Lamar has improved rapidly in recent weeks, especially in the line. Richard Stubbs, all-city center, has been boomed for all-state honors. Tackles Henry Bourne and H. J. Nichols have been responsible for many of Bormeman's touchdowns.

Fullback Pat Larson blocks for Bormeman on the latter's sweeping runs around end or quick cuts through tackle, and protects him on passes.

"Build-Up" Is Okay

Alba Eble, quarterback, flings the ball to Bormeman when the "gang" goes down the field to receive. Halfback Floyd Ford aids the reception by alternating on line smashes.

The big halfback is over six feet tall although he is only 16 years old. He ran the 100-yard dash in the state-track meet in 10 seconds at Austin last spring and despite his size, is shifty and tricky.

Oh, yes. Who calls stunts for Lamar? Raymond Troxell Bormeman.

Class A Cage Games Scheduled In Area

Two conference games are scheduled tonight in the South Plains Class A basketball wars. Both were originally scheduled for last night.

In District 4-A (which corresponds to 5-A in football), Denver City plays tonight at Seagraves, and in 3-A game at football 4-A, Lockney plays at Matador.

Tuesday night Floydada defeated Paducah, 23-9, and Ralls tripped Spur, 27-20, in 3-A games, and Post edged out Bowlsfield, 17-16, in the only 4-A contest reported.

Not to be overlooked in the "one-man team" are wingmen Clyde Love and George Gartner, who usually are on the receiving end of Bormeman's tosses, or Guards Marion Settegast and Wilbur Harrison.

Coach Duggan is unabashed in the "build-up" for Bormeman, a junior in eligibility. He points out that Bormeman weighs variously from 194 to 198 pounds.

The big halfback is over six feet tall although he is only 16 years old. He ran the 100-yard dash in the state-track meet in 10 seconds at Austin last spring and despite his size, is shifty and tricky.

Oh, yes. Who calls stunts for Lamar? Raymond Troxell Bormeman.

UNSCRAMBLED

Transoceanic telephone conversations are sent through a scrambling machine that changes the low and high tones to opposites. At the other end, the speech goes through an "unscrambler."

Sports Roundup

(Continued From Sports Page)

that the papers reported those red-hot Bears froze the ball in the last few records of the game.

TODAY'S GUEST STAR

Daniel C. Ortiz, Santa Fe New Mexican Examiner. Those radio announcers who so ably pronounce the jaw-breaking names of so many college gridgers during the football season should have no trouble getting jobs with the diplomatic service to send abroad as interpreters.

Meeting of a committee which is to coordinate a civilian defense program in the county is to be held tonight at 7 o'clock in the office of County Judge, G. V. Pardue.

The committee will report recommendations for the program, which has been urged by Gov. Coke R. Stevenson, in a letter to all county judges of the state.

The committee appointed by Judge Pardue Monday night was: Mayor Carl Slaton, Police Chief Don Reeder, Sheriff Tom Abel, Ranger Capt. Maney Gault, Highway Patrol Capt. W. W. Legge, Fire Chief W. E. Twitty, Capt. George Berry and Capt. P. G. Meading and Maj. Chester Hubbard, all of the Texas defense guard, Dr. J. W. Rollo, city health officer, Dr. W. L. Baugh, county health officer, and Mayor Joe Teague of Slaton.

Jeanne Kavanagh signs President Roosevelt's name to hundreds of government documents every working day.
