## 20 Guns in 20 Days Raffle underway

The final ticket has been sold and Floydada's unprecedented "20 Guns in 20 Days" fundraiser is ready to get underway as the Volunteer Fire Department will start the 20 day raffle this upcoming Monday, May 28.

For those who bought tickets to this unique contest, winners will be announced each day (Monday-Friday for four weeks) at 12 p.m. on 106.1

FM and will be posted on www.floydadafire.com and the Floydada Fire Department Facebook page.

For four weeks straight weeks the Floydada VFD will be giving away 20 guns in 20 days in order to raise enough money to fund a new addition to their firehouse.

With the help of Gander Mountain in Lubbock, Floydada Firefight-

er were able to sell 1,000 tickets for a raffle that will include Remington Rifle Packages, Smith and Wesson handguns and much, much more.

Stay tuned to KFLP or get on the web to find out if you're the day's lucky winner; for a complete list of raffled guns or the complete rules of the raffle visit www.floydadafire.com.

## Old Settlers Reunion this Saturday

Floyd County's 83rd Annual Old Settler's Reunion will be held this Saturday on May 26, in downtown Floydada.

On tap for this year's celebration is a cavalcade of fun and entertainment for visitors and our Floyd County pioneers.

On Friday the fun kicks-off at the Floyd County Historical Museum as they celebrate their 41st anniversary with an open house from 1-5 p.m.; refreshments will be served. Also on Friday, will be the Quilt Show Exhibit at the museum and the Friends of Floyd County Library Book Sale at the library from 9-5 p.m.

On Saturday, the long tradition of Pioneer Registration will be from 9-1 p.m. at the north end of the Agriculture Building. Parade registration will also be held until 1:30 at the pavilion.

The Quilt Show and a Quilting Demonstration will be held at the Barrow Building while the Flower Show will also be held at the Barrow building from 9-4 a.m.

## Floydada High School Receives Bronze Medal Honors in America's Best High School

US News and World Report has published its annual report of America's Best High Schools in 2012 which included 402 Texas schools, and Floydada High School was included on the list as a Bronze Medal Honoree. This is Floydada High School's

second time to receive this honor.

Determination of ranking includes a three-step process. Schools must serve all of their students well as evidenced by state proficiency tests in order to make it through the first two steps. The third step

focused on the preparation of students for college level work as evidenced through college readiness measures.

According to the publication, the ranking is developed through a partnership between U.S. News and American Institutes for Research.

The analysis focuses on state assessment performance and college readiness based on Advanced Placement or International Baccalaureate programs. 21,776 public schools in 49 states were

# LIFESTYLES

## Reeves and Tillery exchanged vows

Marla Reeves of Austin and Josh Tillery of Burnet, Texas were united in marriage 5 p.m., Saturday, April 7, 2012 at The Spirit Ranch in Lubbock, Texas. Reverend William Whittle performed the ceremony.

The bride is the daughter of Mike and Stacy Reeves of Floydada. She is the granddaughter of Jerry and Martha Leatherman of Floydada, Irene Reeves of Slaton, formerly of Floydada, and the late Russell Reeves.

The bridegroom is the son of Mark and Laura Tillery of Burnet, Texas. He is the grandson of Jerry and Marsha Pannell of Mixa, Mississippi and Roberta Cohn of Rockdale, Texas.

Dusty Prisk of Floydada, cousin of the bride, registered guests.

Serving as ushers were Wesley Cohn of San Antonio, cousin of the groom and Nick Patterson of Austin, friend of the bride.

Music selections were provided by harpist, Cassandra Lowe of Lubbock. Tate Greer of Floydada, friend of the bride, sang "God Gave Me You".

The bride was escorted down the aisle and presented by her father. She wore a stunning charmeuse gown with an asymmetrical one shoulder strap gathering to an intricate detail at the waist. The bodice gathered at the

waist in a knotted ruching. A dramatic back was accented with rhinestoned multiple, petite straps. The soft white gown fell to a flowing chapel length train. The bias cut of the gown fit the bride beautifully and her ensemble was accented with a crystal tierra that held her uplifted hair in an intertwined fashion. She carried a cascading bouquet of orange lilies and roses, which was accented with a rhinestone dragonfly.

Following tradition, "something old" was a handkerchief belonging to Marla's great-great-grandmother and was also carried by Marla's mother in her wedding. "Something new" was a pearl bracelet she wore given to her by the groom. The bride wore diamond stud earrings belonging to her mom, which was a wedding gift from Marla's dad, for "something borrowed". "Something blue" was a crocheted garter made by her grandmother, Martha Leatherman.

Serving as maid of honor was Jani Taylor of Dallas, best friend of the bride. Bridesmaids were Rachel Tillery of Burnet sister of the groom, Lindsey Leatherman Schaertl of Brownwood, cousin of the bride, Jennifer Diacont of Austin, friend of the bride, Casey Czapski of Austin, friend of the bride and Tracee Brewton of Austin, friend of the bride.

MARLA REEVES

The bridal attendants wore dresses with an ultra feminine sweetheart neckline with wide-set shoulder straps. The tea-length flowing skirt was a full silhouette of persimmon satin. The fitted waist was accented with a coordinating satin band. They carried a bouquet of orange and white lilies.

Best man was Ryan Hopkins of Burnet, best friend

of the groom. Groomsmen were Justin Reeves of Austin, brother of the bride, Spencer Schacht of Lubbock, friend of the bride and groom, Brandon Gilroy of Austin, friend of the bride and groom, Matthew Tillery of Brownwood, cousin of the groom and Jonathan Til-

## Mayo graduates with honors

Rhonda Lee Ward Mayo of Casa Grande, Arizona graduated with Honors from Central Arizona College on May 5, 2012 with an Associate of Arts degree.

She is a member of Phi Theta Kappa Honor Society and was named to Who's

Who among Colleges and University Students.

Rhonda has been admitted to the University of Arizona in Tucson and into their prestigious Honors College.

Rhonda is the daughter of Linda Sue Ward and the late Robert L. Ward of Floydada.

## Quilt Show to be held Saturday at Museum

By Cheryl Dawdy

Floyd County Old Settlers celebration will be held, Saturday, May 26th in the Floydada

Court House area. There will also be a Quilt Show again this year. The Quilt Show is in the building on the west side of the

Floyd County Museum. This is a Judged Quilt Show and we will also hang quilts that are "just for show" and not to be judged.

Go through your home and find all those lovely quilts that were given to you, that you purchased and that you made. Bring them to the building west of the Museum on Thursday afternoon, May 24th, from 1 to 4 p.m. or bring them Friday, May 25th from 9 a.m. to 12 noon.

The judged categories are as follows: Antique, Pieced Quilts, Mixed Technique (Appliqued, Embellished, Art or Embroidered), Youth Quilts (for

High School age and younger) and Miscellaneous (Wearable, Table Runners, etc.). We will be giving out Ribbons and Prize money.

The quilts "Just For Show" will not be judged.

Come by the Quilt Show and see all the beautiful quilts and vote for your favorite. Come see what the talented youth are creating.

It should be a fun time for all. So bring your prized quilts or quilted items and share with the community. If you have questions you can contact Ethelyn Gamett at 652-2525 or Cheryl Dawdy at 983-3627.

**ONE-TIME SUCCESSFUL FARMER NOW JUSTICE OF THE PEACE**

By Felicia Applewhite

Justice of the peace Ras Ford is "The busiest man in Lockney." You'll find him early each morning at his desk in an office shared by the sheriff.

Immediately, on arrival at the office, 120 N. Main, across the street from Lockney First National Bank, activity begins. A business woman with a hand full of bogus checks comes in and is told to first write letters asking for payment before turning the matter to him. A man who has located a car that was stolen from him comes in and is told to wait for the sheriff, who will be in shortly. Some come to ask the justice of the peace to perform a civil service marriage. The date is set for an "out of the office: lawful ceremony of the justice.

Justice of the peace Ford's office, with one telephone and five radios, has inter-city coverage as

well as local and county coverage. He has direct communications with Floydada.

Across from the desk of the justice of the peace, the sheriff's office has the same equipment and since the sheriff is out of the office much of the time, additional responsibility is on the justice of the peace for answering messages and receiving complaints.

"And why do you bother with this two-bit job?" he is asked.

"The office of justice of the peace is a desirable place to work. You have an opportunity to help people. I enjoy doing that," is the answer from a one-time successful farmer whose farming business was cut short in 1957 by encephalitis that "beat my nervous system up."

"I did nothing for five years until I had my health back. Then I sold International trucks until I began selling Ford cars for Whitey Baccus for five years."

He has spent all of his life in Floyd County with exception of the first seven years, which were in

# Catlin returns home after six decades

For the family of U.S. Army Cpl. David Lawrence Catlin, there was finally closure last week as the family laid to rest Catlin in his hometown of Lockney after being missing in action for over 60 years.

This past Saturday, family and friends held a private ceremony in Lockney to honor Catlin whose body was recently returned from North Korea.

"I'm glad he came home; finally after all these years... after 60 years in a foreign land he's home," commented Floyd County V.F.W. member Ed Marks.

Born in Sept. 6, 1931, Catlin and his family called Lockney home.

Although family members declined to speak to the press; classmate Delton Jack described Catlin in a recent interview with Ellysa Gonzalez of the Lubbock Avalanche Journal as "an all-

American boy."

"He would have made any mother and daddy proud," added Delton Jack who was a 1953 Lockney graduate.

Between the years 1948 and 1949, Catlin would enlist in the United States Army and would be assigned to the 31st Regimental Combat Team known as "Task Force Faith" during the Korean War.

Jim Coloninger, a doctoral candidate at Texas Tech's department of history described the Task Force in the Avalanche article as "inexperienced and not ready for what happened to them."

During a December attack, the combat team would see massive casualties; and according to Military reports from the National Archives, Catlin, who was 19 at the time, was taken prisoner on Dec. 2, 1950.

A news release by the Defense Prisoner of War/

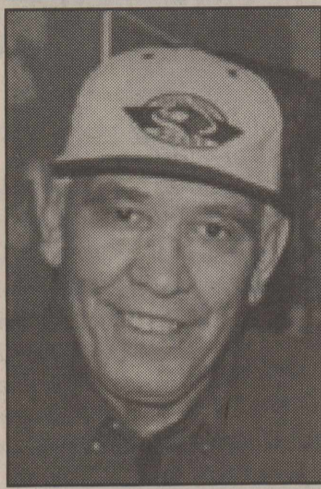

Missing Personnel Office (Public Affairs) reported that Catlin survived for almost three months before dying of malnutrition in the "Death Valley" prison camp.

Catlin's body would remain in North Korea until it was recovered in the early 90's and was returned with 400 other remains.

Last month, scientists from the Joint POW/MIA Accounting Command and the Armed Forces DNA Identification Laboratory, where able to identify Catlin's remains using dental records and DNA from a cousin.

Catlin's remains would finally be returned to Lockney last week. The community would pay homage to their hometown hero by laying a wreath beside the cross that bared his name at Lockney's Veterans Memorial Park. Members of the community also flew their flags at half mast out of respect.

## OBITUARIES

**ALEJANDRO "ALEX" RAMIREZ**

Alejandro 'Alex' Ramirez, 79, of Lockney, went to be with our Lord on Friday, May 18, 2012. A celebration of life service was held at 10 a.m., Monday, May 21, 2012 at Main St. Church of Christ in Lockney.

Interment followed in Lockney Cemetery. Funeral arrangements were under the direction of Moore-Rose Funeral Home.

Family visitation was from 3 to 5 p.m., Sunday, May 20, 2012 at the funeral home.

Alex was born on February 9, 1933 in the little town of La Noria, San Luis Potosi, Mexico to Benancio and Tiodola (Zamarron) Ramirez. Alex and Agapita Garcia were married on July 18, 1958 in Matamoros, Tamaulipas, Mexico.

Upon moving to West Texas, Alex conducted Spanish services and taught classes at the Iglesia de Cristo in Plainview, and at the Spanish Church of Christ in Lockney. Alex was a retired farmer, having worked with F.L. Montandon for 30 years. Besides farming, he enjoyed plumbing, carpentry, and working on cars. He was an all-around handyman who built his own house. Alex was a workaholic and just enjoyed being busy all the time. Even though he was a hard worker, he had a wonderful sense of humor and always liked to joke around. Alex was a member of Main

St. Church of Christ.

"Alex traveled a long, hard road to dedicate his love for the family he wanted to provide for, bringing him and them to the little town of Lockney, Texas. Dad loved us all dearly and he never strayed from that focus. He was the best, greatest father we could ever hope for."

Alex is survived by his wife of over 53 years, Agapita Ramirez; daughter, Maria Teresa Cruz and her husband, Osman Geovanni Cruz, of Amarillo; sons, Abel Ramirez and Moises Ramirez, both of Lockney, Adrian Ramirez of Seattle, Washington, Daniel Ramirez and his wife, Mary Joy, of Rockwall, Texas, and Isaias Ramirez of Amarillo; grandchildren, Geovanni Alexander Cruz and Tiffany Marie Cruz; brothers, Antonio Ramirez of Brownsville, Texas, Bartolo Ramirez of Mexico City, D.F. and Jesus Ramirez of La Noria, San Luis Potosi, Mexico; and sister, Gregoria Ramirez of Tallahassee, Florida. He is also survived by numerous nieces, nephews, and cousins.

Alex was preceded in death by his parents and several brothers and sisters.

In lieu of flowers, the Ramirez family suggests memorial donations to Hospice Hands of West Texas, 305 N. Main St., Lockney, TX. 79241.

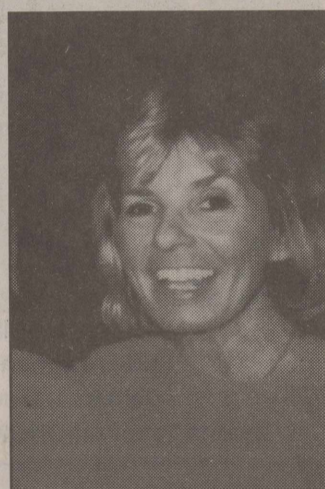

Online condolences may be made at [www.moorefuneralhome.com](http://www.moorefuneralhome.com).

### OTERO SCHEELE

Services for Otero Scheele, 85, of Plainview will at held at 11 a.m. Saturday, June 9, 2012, at St. Paul Lutheran Church with the Rev. Gerald Boerger officiating.

She willed her body to Texas Tech Health Science Center School of Medicine.

Mrs. Scheele died Saturday, May 19, 2012, in Plainview.

**CLARA LEE SMITH**

Clara Lee Smith, 74, passed away unexpectedly in Lahaina, Maui, on May 14, 2012.

She was born September 11, 1937, in Spur, Texas and grew up in Lockney.

A private scattering of ashes will be held in Lahaina.

Clara Lee was loved by all who met her and we will miss her every day.

She is survived by her husband, Richard Smith; her daughters, Jodi Detwiler and Patti Smith; and brother, Alfred J. Smith.

## Memorial Service at First United Methodist Church

On May 27, 2012 at the 10:50am a.m. worship service, the First United Methodist Church will honor its friends and relatives who have died from May 1, 2011 to April 30, 2012.

According to Jewish tradition, stones are placed on the graves of friends and relatives as a means of keeping their memories alive. The **METHODIST MEMORIAL** continued on page 10.

## Whirlwinds end playoff run in Canyon

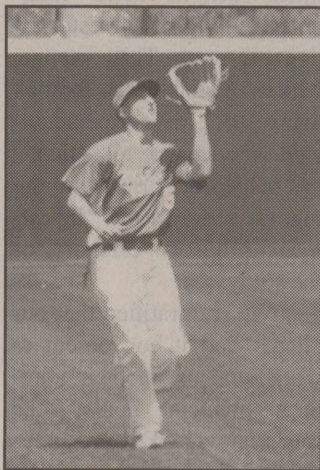

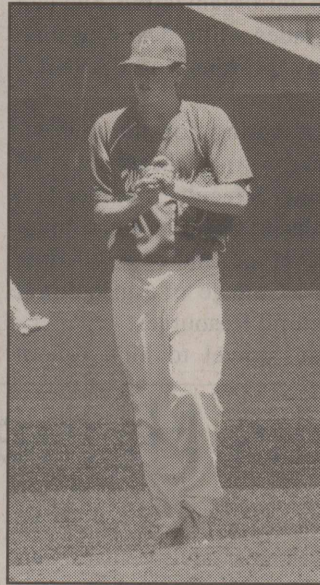

Photos by Homer Marquez

**By Coach Seago**

The Floydada Whirlwinds baseball season came to an end this past weekend when they ran into Bushland who is the defending two-time Region I Champ. Even though Floydada was hot coming into the contest, their hard work was not enough to hold off the Falcons as they lost Game 1

Friday 8-5, and Game 2 Saturday 7-1.

Friday night's action saw Jose Martinez and Matthew McGowen both work from the bump and combined allowed 8 runs, 6 earned, while giving up 10 hits, 1 strike-out, and 3 walks. The defense for the Whirlwinds did their job by recording 17 putouts and

winds threatening in the first inning with a lead of walk and stolen base by Ben Perez, but he could not be pushed across. Bushland then went on to score 6 more runs before Floydada got their first run of the game in the seventh inning. Seth Nielson was on the hill for the Whirlwinds and he went the distance while giving up 7 runs, 3 earned runs, on 11 hits, one strikeout, and 1 walk. The defense struggled a couple of times early in the game and had 4 errors on the day that lead to 4 unearned runs. On the offensive side, Floydada had trouble dealing with Bushland's number two hurler Gerald Reyna, who limited the Whirlwinds to just 3 hits on the day while striking out 7 batters. Xavier Cervera, Tyler Renfro, and Danny Martinez each had a hit for the Winds.

turned a couple of double plays. Offensively, it took the Winds a few innings to figure out Ace Pitcher Blaine Barnett but by the end of the night, Floydada had collected 5 runs on 7 hits while striking out 5 times and received 4 walks. Hunter Galvan lead all hitters with 2 hits and one run scored. Tyler Renfro and Xavier Cervera each had an extra base hit as Renfro hit a double down the right field line and Cervera slapped a triple into the right center field gap.

Saturday at 1:00 back at Wilder Field in Canyon, Game 2 took place. Bushland was sticks in this game and jumped out to a quick one nothing lead. The Whirl-

It was a great season for the WHIRLWINDS as they collected 18 wins on the year and made it to the Regional Quarter Finals for the first time in Floydada Baseball. "It has been an honor to coach this team and we have set a bar for the next several years for Floydada baseball."

## FHS Student Athletes Recognized at Banquet

**By Merritt Johnson  
Staff Writer**

As the school year begins to conclude, Floydada High School holds its annual prestigious Athletic Banquet. Last week on Thursday, May 17, students buzzed with excitement over the event. The function began with a wonderful catered meal for parents and students that are attending. Then, the coaches and instructors rewarded all of their athletic participants with certificates, and sometimes plaques, with the achievements the athletes accomplished throughout the year. Students accepted their awards on a stage, where everyone can clearly see and take pictures of them. In addition, a slideshow features pictures and video clips of all the different sports performed. The banquet always has a formal feel and is quite elegant, making it one of the most looked forward to occurrences during the school year.

one has worked hard all year long and it was good to be recognized for it," said junior Landry Morren.

All students seemed to agree that the Athletic Banquet was a great reward for what all the student athletes do throughout the year.

"It's always a nice way to have everyone recognized for their hard work, dedication and accomplishments," said senior Liz Suarez.

Not only do the students believe the event is an outstanding way to honor athletes, but so do their coaches.

"I feel as though the Athletic Banquet is a good program for a few reasons," explained Coach Benson. "One of is the fact that I feel it is good to get all the athletes together to recognize them for the sports they participated in this year. It's a great time to get teachers, parents, and students together to showcase the Whirlwind sports for the year. People don't understand the time and effort these young adults put in, and the banquet was a great way to show that off."

"I most looked forward to the fellowship with the other athletes as we reflected on our year of hard work. Every-

# Bertrand Named To Agri-Techsan Organization

LUBBOCK, Texas – Officials in Texas Tech University's College of Agricultural Sciences and Natural Resources have announced Hallie Bertrand of Floydada, was named to the 2012-2013 slate of Agri-Techsans, the college's award-winning organization of student recruiters.

Comprised of select undergraduates from every department in the college, this year's Agri-Techsans are a diverse group.

Rachel Bobbitt, the college's coordinator of student programs, noted that though the organization's diversity serves both Texas Tech and prospective students equally well, all Agri-Techsans have at least one thing in common – their enthusiasm for the

university and the college's programs.

"We only look for exceptional students who are enthusiastic about Texas Tech and CASNR, who will take an active and responsible part in our organization, and can maintain their grades while devoting time and lots of energy to promoting CASNR," she said.

Selected each spring for the following academic year, Agri-Techsans must be nominated by either a faculty member or a current Agri-Techsan, maintain a minimum 3.0 grade point average, and be a full-time student in Tech's College of Agricultural Sciences and Natural Resources.

"Agri-Techsans travel to high school

career days, job fairs, class presentations, and club meetings throughout the region to inform prospective students about the university's admissions requirements, financial aid opportunities, and what it is like to be a member of the Red Raider family," Bobbitt notes. "Prospective applicants get as much information as possible straight from the horse's mouth, so to speak," she said.

Bobbitt indicated that the selection process is rigorous, including nomination and application phases followed by an appearance before a selection committee comprised of the college's faculty and staff.

"Only those students with an interest in and enthusiasm for the promotion of CASNR, its programs, and its students are selected," she said.

"I love that I have made life-long friendships with my CASNR classmates and have developed amazing relationships with my professors," Bertrand said. "Oh, and game day tailgating"

Bertrand is a Senior Agricultural Communications major, specializing in.

After college Bertrand plans to work in a job that will enable her to create positive opinions of agriculture among consumers.

Hallie is the daughter of Jeff and Cindy Bertrand.

# Edward Jones Ranks Highest in Investor Satisfaction

For the sixth year out of the past eight, financial-services firm Edward Jones ranks highest in investor satisfaction with full service brokerage firms, according

to the J.D. Power and Associates 2012 Full Service Investor Satisfaction Study.

The study measures overall investor satisfaction with full service investment firms

based on seven factors: investment advisor, investment performance, account information, account offerings, commissions and fees, website and problem resolution.

Edward Jones places its branch offices in the communities where its clients - long-term individual investors - live and work. This practice, which enables its branch teams to provide personalized service to all clients, has helped the firm attain the highest score in the "Investment Advisor" category of the study.

"We are gratified that our clients find it convenient to work with us on their long-term financial goals," the four Plainview Edward Jones Financial Advisors said. "We enjoy working one-on-one with our clients and believe that builds a collaborative relationship."

Edward Jones also received high marks in the "Account Information" category, an important factor in the study.

"Hearing that we did particularly well in the account information factor is especially meaningful as we strive to help our clients make sense of investing," Edward Jones Managing Partner, Jim Weddle said said.

Edward Jones' overall score climbed 15 points over last year, highest among the

14 largest firms rated, as well as 28 points above the industry average.

Edward Jones ranked highest in investor satisfaction by J.D. Power and Associates in 2010 and 2009, from 2005 through 2007, and in a tie in 2002, when the study began. Edward Jones in Canada ranked highest in the J.D. Power and Associates Canadian Full Service Investor Satisfaction Study in 2006 through 2008.

The 2012 Full Service Investor Satisfaction Study is based on responses from 4,378 investors who primarily invest with one of the 14 firms included in the study. The study was fielded in February 2012.

Edward Jones provides financial services for individual investors in the United States and, through its affiliate, in Canada. Every aspect of the firm's business, from the types of investment options offered to the location of branch offices, is designed to cater to individual investors in the communities in which they live and work. The firm's 12,000-plus financial advisors work directly with nearly 7 million clients to understand

their personal goals -- from college savings to retirement -- and create long-term investment solutions that emphasize a well-balanced portfolio and a buy-and-hold strategy. Edward Jones embraces the importance of building long-term, face-to-face relationships with clients, helping them to understand and make sense of the investment options available today.

In January 2012, for the 13th year, Edward Jones was named one of the best companies to work for by FORTUNE Magazine in its annual listing. The firm ranked No. 5 overall and No. 3 in Large Size Companies. These 13 FORTUNE rankings include top 10 finishes for nine years, consecutive No. 1 rankings in 2002 and 2003, and consecutive No. 2 rankings in 2009 and 2010. FORTUNE and Time Inc. are not affiliated with and do not endorse products or services of Edward Jones.

Edward Jones is headquartered in St. Louis. The Edward Jones website is located at [www.edwardjones.com](http://www.edwardjones.com), and its recruiting website is [www.careers.edwardjones.com](http://www.careers.edwardjones.com). Member SIPC.

# Floydada, Lockney, and Petersburg First Graders Given Free Prevent Tooth Decay Kits

Floydada, TX—All first graders at A. B. Duncan Elementary, Lockney Elementary, and Petersburg Elementary were recently given free prevent tooth decay kits through the Fantastic Teeth Fan Club. Roger Poage, a member of Floydada Masonic Lodge, organized the kit distribution. Members of the Lodge assembled and delivered 129 kits to the schools.

The Fantastic Teeth Fan Club is a children's program sponsored in partnership with schools, the Masonic Home and School of Texas, and local Masonic Lodges to prevent suffering from toothaches, reduce missed school days due to dental problems, and cut costs for dental treatment.

Prevent tooth decay kits contain: a toothbrush, toothpaste, dental floss, healthy teeth sticker, two-minute timer (optimal brushing time), Tips for Healthy Teeth educational info for parents in both Spanish and English, and a summary of MHS services.

According to Oral Health In America: A Report of the Surgeon General, tooth decay is the single most common chronic childhood

disease—five times more common than asthma and seven times more common than hay fever. Poor children are affected by this epidemic more frequently than other children, with nearly 12 times more restricted-activity days due to dental issues than children from higher-income families. With more than 1.5 million Texas children living in poverty, there is a great need for preventive dental care.

Dental problems also directly affect success for children, with more than 51 million school hours lost each year to dental-related illness. Teachers have judged both classroom performance and classroom behavior to be significantly poorer among children in need of dental care. Pain and suffering due to untreated dental disease can also lead to problems in eating and speaking.

Masonic Home and School of Texas (MHS) is a non-profit organization with a history of helping children across Texas for more than 100 years. Contact MHS by calling toll-free 1.877.203.9111; sending an email to [info@mhstx.org](mailto:info@mhstx.org); or by visiting the website, [www.mhstx.org](http://www.mhstx.org).

## Biologist Defends Weeds...

By Hanaba Munn Welch  
Regional Writer

WINGATE, Texas -- A range and brush seminar underwritten by Dow Agri-Sciences doesn't sound like the place for a field lecture on protecting weeds. But it was.

Last Thursday near Abilene, after a string of indoor and outdoor presentations on Dow's latest concoctions for killing mesquite and juniper, ranchers stood on a sandy hillside on the Antilley Ranch in the mid-day sun to hear good things about keeping weeds in the scheme of things -- even if grass production is the primary concern.

Wildlife biologist Steve Nelle of San Angelo categorized his comments as "a bit of a course on weed management" and described the weed-tolerant approach to pasture maintenance as a fresh way to look at things.

Why keep some weeds when livestock mostly prefer good grass? The short answer: for wildlife, especially quail and turkeys.

Baby quail and baby turkeys eat mostly insects, Nelle said, noting that the insects thrive in weedy pastures.

With an uprooted western ragweed in his hand, Nelle also noted that many broad-

leaf weeds provide crucial cover for birds.

"The worst enemy of a quail is a hawk," he said.

Nelle encouraged his listeners to learn more about the properties of various weeds.

"You need to become a botanist," he said. "Which ones have value? Which ones don't appear to have value? ... Becoming willing to tolerate a number of weeds in your pasture may have some benefit."

If weed eradication is the goal, some plots can be spared the herbicide.

"It doesn't have to be all or nothing," Nelle said. "Spray in a strip pattern."

Nelle didn't have to point out to his audience that hunting has become a significant source of income for many ranchers -- a way to supplement income from livestock.

The weed talk came at one of three bus stops on the ranch during the field trip portion of the event.

Other topics at the seminar, which started and ended at the Taylor County Exposition Center in Abilene, ranged from reports on the properties, effectiveness and best use of Dow's newest herbicide for mesquite control to various techniques for dealing with mesquite and juniper and other invasive brush, from plant-to-plant

eradication methods to aerial application of herbicides. Extension specialists from both Texas and Oklahoma plus spokesmen for Dow AgriSciences presented the information. About 250 ranchers attended.

## Deadline Approaches for Three Farm Service Agency Programs

(Floydada, Texas), May 22, 2012 --Floyd County USDA Farm Service Agency (FSA) Executive Director Stephanie Bradley, reminds producers that the approaching June 1, 2012, deadline is for Supplemental Revenue Assistance Payments (SURE), the Direct and Counter-Cyclical Program (DCP) and the Average Crop Revenue Election Program (ACRE).

"It is crucial that producers meet the deadline for these programs in order to receive disaster and income support," said Bradley. "FSA realizes that farmers and ranchers take risks everyday and these programs form part of the safety net that can keep producers operating after devastating natural disasters and during times of low market prices," she said.

The SURE program compensates producers for production and/or quality losses during times of disaster. All producers who have experienced crop production and/or crop quality losses during the 2010 crop year must apply for SURE program benefits by the June 1 deadline. Eligibility requirements differ between producers located in counties designated as a primary or contiguous disaster county by the Secretary of Agriculture and between producers located in non-disaster counties. In addition to other eligibility requirements, producers must have purchased crop insurance through the Fed-

eral Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP).

While SURE helps after natural disasters strike, DCP and ACRE provide income support when there is a decline in commodity prices. Eligible DCP participants receive a direct payment and/or a counter-cyclical payment. Direct payment rates are established by statute regardless of market prices. FSA reminds producers that the 2008 Farm Bill does not authorize advance direct payments for 2012. Counter-cyclical payments vary depending on market prices, and are issued only when the effective price for a commodity is below its target price.

ACRE protects producers from farm market revenue declines when revenue triggers are met for a commodity at both the state and farm level. All owners and operators who will share in the DCP and ACRE payments on the farm must sign up by June 1.

"ACRE elections and enrollment must be completed by the June 1 deadline as late file provisions are not available for ACRE," said Bradley. "If elected in a previous year, producers must enroll for 2012 by June 1 to receive payment," she said.

For questions regarding SURE, DCP or ACRE sign-up, please contact the Floyd County FSA office at 806.983.5747.

## Former TFB president dies in farm accident

WACO, Texas—S.M. True Jr., 88, of Plainview died today in an accident on his Hale County farm. True led the Texas Farm Bureau, the state's largest farm organization, from 1982 to 1993.

"We've lost one of the giants in the history of Texas agriculture," said Kenneth Dierschke, current TFB president. "He had a unique ability to bring people

together and work out consensus on the most controversial of issues."

True also served on the American Farm Bureau Federation (AFBF) Board of Directors and received AFBF's Distinguished Service Award and the Meritorious Service Award from Texas Farm Bureau. He was named to the State Fair of Texas' Heritage Hall of Honor in

2002. He also served on the Texas Beef Council (TBC) Board of Directors, including a term as TBC president, and was a member of the Cotton Board.

"S.M. True has left a towering legacy at Texas Farm Bureau," Dierschke said. "Serving the farm and ranch families of Texas was his passion. He was still doing that as long as he lived."

## Texas Motorists Warned to Buckle Up or Pay Up Starting May 21

AUSTIN— From May 21 through June 3, including the Memorial Day weekend, thousands of state troopers, police officers and sheriff's deputies across the Lone Star state will be on the lookout for drivers and passengers who are not buckled up or whose children are not properly restrained.

Throughout this two week-long enforcement period of the Texas Department of Transportation's annual *Click It or Ticket* campaign, drivers and passengers who choose not to fasten their seat belts could be pulled over and fined up to \$250, plus court costs.

Texas law requires that

both drivers and passengers wear seat belts. Children younger than 8 years old must ride in a child safety seat or booster seat unless they are taller than 4 feet 9 inches. TxDOT uses the "Click It or Ticket" campaign to raise awareness about the law surrounding seat belt use and the importance of always buckling up.

"It only takes a minute to strap on your seat belt and to make sure that everyone else in your vehicle is properly restrained," said Carol Rawson, TxDOT's Traffic Operations division director. "That one minute can save a life. We shouldn't have to remind

people to wear seat belts. But just in case, police officers around the state will be pulling over folks who still have not gotten the message."

Traffic crashes remain a leading cause of death in Texas. In 2011, nearly 3,000 people died in fatal collisions on Texas streets and highways. Almost half of those drivers and passengers were not buckled up. Wearing a seat belt reduces the risk of fatal injury by 45 percent for car occupants and 60 percent for light-truck occupants.

"Click It or Ticket is not just about writing tickets. It's about saving lives," said Rawson. "Seat belt

use in Texas is much higher than it was when we started this effort 11 years ago, but we still have some hold-outs. We want everyone to get on board with the habit of buckling up."

Most at risk for serious injury or death are pickup truck drivers and passengers. Pickups account for one in four registered vehicles in Texas and are twice as likely to roll in a crash. However, seat belt use among pickup drivers and passengers continues to lag. Ninety-one percent of pickup drivers buckle up compared to 95 percent of other drivers. And, only 80

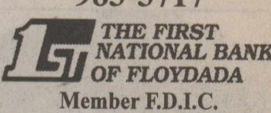

percent of truck passengers use seat belts compared to 92 percent of passengers in other vehicles.

In fact, Texas currently ranks seventh in the nation for overall seat belt use, and 93.7 percent of Texas motorists use seat belts according to the Texas Transportation Institute. Experts at the National Highway Traffic Safety Administration estimate that the steady increase in seat belt usage in Texas over the past 10 years has resulted in 2,843 fewer traffic fatalities, 48,000 fewer serious injuries and a savings to the state of more than \$10

billion in associated costs.

Floydada's City Council met on May 15, 2012 to canvass returns from the May 12 General Election. Once a quorum was present, Mayor Bobby Gilliland called the meeting to order. The council unanimously approved Resolution No. 12-3 which canvassed returns and declared results from the general election.

approximately \$3,500, and would only give the elected official about five months to serve. Councilmember Dana Crossland asked if someone could be appointed tonight. Houchin said, "Yes." Green said he would prefer to wait for the November election or a past incumbent filling the seat, but he thinks the public should decide. King's motion carried.

The council considered whom to appoint for this year's Mayor Pro Tem. Gilliland explained Green is the current Pro Tem who acts as the chair for meetings whenever Gilliland is out of town.

Green was unanimously approved to serve another one-year term as Mayor Pro Tem.

According to City Manager Gary Brown, two parties were interested in being softball coordinator for the year. Both were invited to attend the May City Council meeting, however only Jimmy Garcia was present to address the council. Garcia recounted past years' softball successes as evidence for the need of a softball program in order to bring families together. He said he will abide by all rules and regulations

# LOCKNEY SENIOR CITIZENS NEWS

**By Bettye Jackson**

THANK YOU! THANK YOU! THANK YOU! The Lockney High School National Honor Society, earlier this year, adopted the Sr. Citizens' as a project. Not only have they had lunch with us but have sponsored a fundraiser at the schools involving both students and teachers. Teachers have paid to the NHS for permission to wear jeans and students have paid to wear hats for a day. Students and Sponsor, Julie Ellison, came to the Sr. Citizens Center at lunch time last week and presented Claude Brown, Treasurer, and other Sr. Citizens members a check for \$451.00. We were surprised by this donation and so impressed with these young people. GOOD JOB STUDENTS! Parents be Proud!

A reminder! As we have earlier announced, the cost of lunches will be increased to \$5.00 for members and \$6.00 for non-members. This increase will become effective June 4<sup>th</sup>.

The Cemetery Association will meet at the Center at 2 p.m. on Memorial Day. DON'T FORGET! The

Sr. Citizens Fund Raiser will be Sunday, June 10<sup>th</sup>. Serving will begin at noon. A Bar-B-Q lunch with all the trimmings will be served. Plans are underway to have a celebrity Bake Sale and Auction. Good Food! Good Fun! Anyone wishing to donate a dessert can contact Renee Armstrong at 652-2745 or her number 983-4335.

A Memorial Plaque in honor of Major General Joe Rigby, a former Lockney resident and member of the class of 1958, will be placed at the Veterans' Park. Anyone wishing to donate can send a check to Joe Rigby Memorial, % Carolyn Hardy, P.O. Box 306, Floydada, TX. 79235.

**By Margaret Jones**

A beautiful shade of dark blue hover in the Northwest sky early this morning. A chilling breeze embraces me as I step on the sparse grass and marvel at the freshness of the new day among the low-hanging branches of the trees in my backyard.

Peace and calm still my soul as I consider the expectancy of much needed moisture on the parched land. Once more, as time hurries the hours of the day, an ever-slight shower kisses the soil and quickly scurries on its way. The expectancy is hopeful as the reality wanes.

May is an ever-progressive month of events....Mother's Day, Graduation Ceremonies, Old-Settlers Reunion and Memorial Day compete for our attention. These and ever-present demands of life fill our time with busy-ness. We look forward to visiting with you around the table at the Center whenever it is possible. Thank you again, for the out-pouring of love felt by everyone as you participated in the FUND RAISER.

Let us remember to pray for those of our number who have lost loved ones recently. Others continue with Doctor appointments and illnesses. Until sickness comes along, how soon we

forget to be thankful for each day.

Out of town guests of Margarete Word this past week were her son, Greg and wife, Mona of Granbury along with grandson, Michael, who is a college student in the Dallas area. They enjoyed a great time of visiting as well as the unique opportunity of viewing the rare "RING OF FIRE" eclipse. Such spectacular events aren't seen very often. Getting some good pictures of the eclipse was an added treat.

Visiting in our community and enjoying lunch at the Center on Monday, May 21 was Ruby Blessingame. Daryl and Ruby moved to Lyndel, Washington, a year or so ago and were in Floydada visiting Bob and Glenna Ross. So good to visit with friends who made a positive impact on our lives in a short time.

We appreciate you remembering the Center when you need to make a memorial donation. Please mail donations to Floydada Senior Citizens, P.O. Box 573, Floydada, Texas 79235.

# Floydada ISD joins districts across Texas calling for a new accountability system

Floydada ISD's Board of Trustees unanimously approved the Resolution Concerning High Stakes, Standardized Testing of Texas Public School students at its meeting on Tuesday, May 15, 2012.

The resolution, drafted by the Texas Association of School Administrators (TASA) and endorsed by the Texas Association of School Boards (TASB), strongly criticizes the current overreliance on standardized, high stakes testing as the only assessment that really matters in the state and federal accountability system.

It asserts that the current testing system is strangling our public schools, imposes relentless test preparation and memorization and is stealing the love of learning from Texas students.

Superintendent Gilbert Trevino stated, "We have reached a point in public education where changes in the accountability system are needed. The overreliance on testing has placed an overwhelming amount of stress on students and educators across the state. We are producing outstanding test-takers, but are failing to develop well-rounded students who can function as productive citizens in society."

The resolution embraces

accountability, but calls for a new system □ one that uses multiple measures rather than just one test and results in a truer picture of the performance of each student, school and district. It encourages meaningful, student□centered work in Texas classrooms that cultivate unique, individual talents.

As of this week, at least 461 Texas school districts have approved the resolution. Together those districts serve more than 2.6 million Texas schoolchildren.

"School districts across the state must unite and demand that positive changes take place. The heavy emphasis on testing is detrimental to our students and the future of education in our state. Creativity and a love for learning must be allowed back into our classrooms," said Superintendent Trevino.

This spring, students in Floydada ISD and across Texas are taking the state's newest standardized test, called the State of Texas Assessment of Academic Readiness, or STAAR.

For more information about the statewide effort, contact TASA's director of communications and media relations, Jenny LaCoste□Caputo, at jcaputo@tasanet.org or 512□477□6361, ext. 2127.

considered. 4,850 medals were awarded to top-performing schools, including 100 gold, 500 silver, and 577 bronze. 97 gold medal schools were in California and 46 gold medal schools were in Texas, including the School for the Talented and Gifted and the School of Science and Engineering Magnet, both located in Dallas Independent School District.

Many of the high-ranking schools were magnet or charter schools that accept a limited number of students through an application process, but all schools considered were public schools.

Floydada Methodist Church will implement this Jewish tradition as a way of honoring those who have died and have a connection to the church. During the memorial service, the name of each person will be read, a bell will be rung,

and a stone will be placed on the altar either by a family member or a friend.

The Floydada United Methodist Church extends an invitation to the community to attend its memorial service on May 27, 2012.

Wilbarger County near Vernon.

His father moved the Ford family here in 1916 to farm. Ras went through the seventh grade in the rural schools of Liberty and Roseland and then to Lockney.

"I didn't graduate from high school. I just got all smart and quit three months before graduation. I got what I thought was a good job. I am not sorry I quit. Advanced education is no good for farm life," he says.

He began farming "on my own in 1928, pretty quickly," in fact, he began farming at liberty the following year. He claims to have "pioneered machine age" because he "never owned but one pair of mules" in his life.

"I started driving a tractor at the age of 12. Let me tell you about that tractor. It was a big hunk of scrap iron with a 10-horsepower draw bar. It was a two-cylinder tractor made by McCormick-Deering. The total cost was \$110 per horsepower, which was much higher than we pay for tractors now.

"At that time you could buy land at \$14 per acre. It took eight acres to buy one horsepower tractor that would last three years, maybe.

Machinery is cheaper today than then. A horsepower costs about \$170 today, which is approximately 3/4 of one acre land. This tractor you buy today will last three to five times longer than one would in '21 and will do 10 times a much work in a day," he says.

It was while he was farming a section of the George Meriwether land at Cedar Hill that he "took four hours of dual flying time" before he soloed. James Miller, who barely had his license, was the instructor.

"He taught me my acrobatics instructions. I was fly-

**MUSEUM ARCHIVES** continued on page 10

ing just for fun. Now we fly 160-horsepower motors. I was flying a 40-horsepower motor—about the equivalent of a washing machine motor."

The only thing that stopped him from flying was, "I never could fly to suit myself."

After he had quit flying for a period of 20 years, when he was 55 years old, he flew with Austin Beedy.

"I told him that I had not flown in 20 years. I took the plane up for personal maneuvers knowing I had a good pilot with me. After we landed, Austin asked me how old I was. I told him 55. He answered, "I hope I can fly that well when I'm 55."

However it was not a plane "of the equivalent of a washing machine" that gave Ras Ford his "close brush with death."

I came very near getting killed on a tractor. I always liked carrying a gun on the tractor to kill rabbits. Once, a rabbit stopped very close very close to the side of the tractor. All I did was clutch the tractor and shoot the rabbit. Unthoughtedly, I took my foot off the clutch. The next thing I knew, I was riding behind on the one-way. I got off the one-way and got back on the tractor to kill it, then I went home. I couldn't drive that tractor any more! I was scared. Anytime you fall off a tractor in front of a one-way, you are lucky if you make it," he says.

In 1947 he paid W. O. Speck of Plainview \$200 an acre for two farms, one of 410 acres and one 200 acres north of Lockney

"I have lived there ever since. At the time I bought the farms, my old dad had a screaming fit. There never was an acre of land worth \$200 an acre as far as he was concerned. It was the highest that had been paid in the

county for land at that time," he recalls. His sons now farm the places.

"I had the job of justice of the peace pushed off on me. People asked me to run, but I wouldn't. The last day my name was put on the ticket and I won the election. I was asked first to finish an unexpired term. My election was for a four-year term."

"One thing that people don't know—the justice of the peace and the constable are the only two people that can arrest the high sheriff. The deputy sheriff cannot. The sheriff is only a citizen, and if he commits any type of crime, he is subject to arrest."

The official duties of the justice of the peace include the writing of warrants for any type of crime from bootlegging to murder. He sets bonds for any type of crime. The highest set in Lockney JP court is \$50,000—an appearance bond cases such as murder, rape and second-offense people have set.

Any defendant for any offense may be tried before a jury "if he sees fit." The constitution of the United States says you are free until you are tried before a jury of six, nine or 12-jurors.

"When people come in here, it doesn't matter to me if they just have a speeding ticket, I explain their rights to them. They can plead guilty or not guilty. And you can always demand a jury for any offense."

Any magistrate can perform marriage ceremonies, and any magistrate is automatically a notary public.

"We sign legal documents of any nature—transfer of automobiles, contracts of any nature, sales of property and wills. We witness lots of wills when they make them, or witness when somebody is made administrator. It's

purely witnessing a signature..."

"The first marriage I performed was a home wedding. The bride and groom were very nervous and upset. I advised them not to be upset, that this was no newer to them than it was to me. They settled right down."

"There was one wedding that I forgot all about and went fishing. I don't know what they did," he remembers.

Ford spent a part of 15 years in Mexico and other places fishing and hunting. He has fished and hunted all the way from Acapulco to Alaska and he has his firm idea on firearms and gun control.

"It's the first step toward dictatorship. It's a constitutional right to own firearms. All outlaws will always have guns. If they know what it is all about, they can make a gun in 25 minutes. There is no way to completely confiscate all guns. I am 100 percent opposed to it."

Sports fans around Lockney are accustomed to seeing Ras Ford at all games.

"I am a charter member of the quarterback club. There are only three charter members left—G. B. Johnston, R. L. Knox and me. The object of the Quarterback club is to boost the athletic program."

"I have probably attended more ball games than anybody else living in Lockney. I like to help the kids."

He does think we have "gone way overboard in athletics and in canned entertainment. He does not approve exploitation of children for public entertainment.

"I'll make this statement. I enjoy helping other people. I never had any desire to save up a lot of money. I enjoy spending it as I go along. I like what I'm doing and hope to continue just as long as I can help people."

Closing out the festivities will be a Team Roping competition at 4 p.m., at Brett Marble's rodeo arena, north of South Plains on Highway 207. Buckles will be awarded to winners.

tel/Motel Tax money.

There was no representative in attendance to present the request from the Floydada Ex-Students Association for Hotel/Motel Tax money to be used for advertising this fall's homecoming.

The council considered a building variance request from Eric Cornelius. According to Sgt. Reuben Ramon, the Planning and Zoning Commission has approved Cornelius' request for a building variance at 906 W. Houston Street. The height of the structure will not exceed the height of his residence, a rain gutter will be in place, and the building will be built toward the back of the property – not toward the street. According to Sgt. Ramon, the neighbors have signed off on the proposal. The council unanimously approved the

building variance request.

Justin Jaworski, Executive Director for the Floydada Economic Development Corporation, was present to ask for assistance on sponsorship at the 2012 Wind Expo in Atlanta, Georgia. Jaworski told the council that for the last two years the EDC board has sent him to the Wind Expo. The EDC is stepping up their presence at the expo, and so this year they are purchasing a spot to have a booth. The sponsorship costs \$3,500, plus the EDC will be paying an additional \$2,000 in traveling and advertising expenses. Jaworski said the EDC has \$2,500 promised, but needs assistance in raising the remaining \$1,500. The council asked if the EDC had approached the county and the school district since both parties stand to benefit the most from taxes created through wind energy development. Jaworski had approached the county, but not the school district. He said the Floyd County commissioners were not interested in participating financially at this time. Jaworski informed the council that the Lockney Economic Development Corporation has committed \$2,000 to the project and Lighthouse Electric has contributed \$500. The city council unanimously approved the EDC's request for assistance on sponsorship.

Sgt. Ramon passed out photos showing photos of a residence on 227 East Tennessee Street which is currently under condemnation proceedings. The Planning and Zoning Commission has already approved tearing down this property. The council must wait until June before moving ahead on the condemnation.

In discussion on the redistricting of single member districts, Houchin noted she has had very little luck getting any

lery of Austin, cousin of the groom. The groomsmen were attired black tuxes with white shirts, persimmon vests and ties.

The bridegroom was attired in a black tux with a white shirt, vest, cummerbund and tie.

Serving as flower girl was Chloe Tillery of San Angelo, cousin of the groom. She wore a white tea length dress with a fitted bodice and flowing tulle skirt.

Austin Long of Brownfield, nephew of the bride, was the ring bearer. He carried the rings on a family Bible that was given to the couple by the groom's parents. He wore a black tux with a white shirt, persimmon vest and tie.

The outdoor wedding featured a running brook and Elm trees. Spirit Ranches' peacocks added to the ambience. The couple exchanged their vows under 100-year old Elm trees. A Unity Cross was centered at the front of the ceremony. As the preacher read the symbolism of the two pieces and three pegs of the Unity Cross, Marla assembled the bride's part into the groom's part and attached the pegs to show they are now one. The outer cross represents the groom- the founder of the family yet empty without the woman. The inner cross represents the woman - delicate yet completed the man and the two become one. The three pegs represented Father, Son, and Holy Spirit - locking the

two together. The Unity Cross was handcrafted by the bride's father, Mike Reeves.

Following the wedding, a reception and dinner was hosted by the bride's parents. A dinner of barbecue brisket, potato salad, beans and coleslaw were served to the guests.

The reception tables were decorated with white table cloths and various centerpieces consisting of bowls of live gold fish, tall floral arrangements with beautiful "Birds of Paradise" flowers and arrangements in cubed vases that included sliced limes, daisies, lilies and pom-pom mums.

Jennifer Leatherman and Jessica Prisk, both of Floydada and cousins of the bride, served at the bride's table. The

cake was a four-tiered white cake with ecru borders and accents. Orange lilies and greenery cascaded down the cake. The cake was set over a flowing fountain of persimmon colored water.

Two cakes to each side of the focal cake held the bride and grooms names in Egyptian hieroglyphics.

Serving at the groom's table was Sarah Freitag and Rebekah Freitag, both of Austin and cousins of the groom. The groom's cake was a square two-tiered chocolate cake decorated with fresh raspberries and strawberries. Both cakes were made and designed by the bride's mother, Stacy Reeves.

A candy table with various

kinds of candy was a fun treat for all ages. It was decorated with pictures of the bride and groom. The candy table was hosted by the groom's parents.

The groom's parents hosted the rehearsal dinner at Gardski's Loft in Lubbock on Friday, April 6, 2012.

The bride is a 2006 graduate of Floydada High School and a 2010 graduate of the University of Texas in Austin. She is currently employed at Pappadeaux Seafood Kitchen as floor manager.

The groom is a 2002 graduate of Lighthouse Christian Academy and a graduate of

Texas A&M University. He is currently employed by Myriad Development in Austin.

Pre-nuptial parties honoring the couple included a miscellaneous shower in the home of Judy Schacht of Floydada on March 10, 2012 and a miscellaneous shower held on February 26, 2012 in the home of Donne and Jonell Freitag of Round Rock.

The couple left the reception in a beautiful Rolls Royce convertible and spent a few nights in Fredericksburg. They will take a honeymoon trip this summer.

The couple will reside in Austin.

### CITY COUNCIL continued from page 10

assistance from the owner of the law firm which has been hired by the city. The council approved Green's motion to approve a contract with Bob Bass if the contract meets Houchin's approval. The motion was also approved to fire Mr. Parish's firm.

Reach Broadband's request to extend their lease agreement for a period of five years had been tabled last month until Brown could

ascertain how many customers they have in Floydada. Gilliland said there were about 50 people who are serviced by Reach Broadband. According to Brown's information, the city receives \$28 per customer per year. DuBois made a motion to extend the lease agreement for a period of five years, but the council then noted they could not make a motion on this item as the wording of

the published agenda did not allow for any action to be taken, only discussion. The council must wait until June's meeting.

In other business, the council approved a motion to deny Atmos Energy's request for a rate increase, as well as unanimously approving the minutes from the last regular meeting held April 17, and approving payment of the April 2012 bills.

Hospice Hands of West Texas has recognized Sheryl Rigby as their "Outstanding Employee". Sheryl has been an employee of Hospice for four years and a nurse for twenty-five years. She is a resident of Lockney, Texas, and is married to Rodney Rigby and is the mother of three children. Her co-workers had many nice things to say about her; Sheryl is compassionate and provides a high quality of care, always has a smiling and is willing to do whatever is asked of her, and she is prompt and puts the needs of her patients above all else. When presented with this honor, Sheryl was somewhat "speechless" but that didn't last long; "I am so glad that God continues to use me," commented Rigby, "Nursing has been such an integral part of my life for so many years and I feel so blessed to be able to continue to care for patients. I feel God has a plan for each of our lives and he has let me learn so much from each person I have had the privilege of caring for. At this point I believe he saved the BEST for last. My goal is to hear him say, 'Well done, good and faithful servant.'"

## Hughes joins Floydada school board

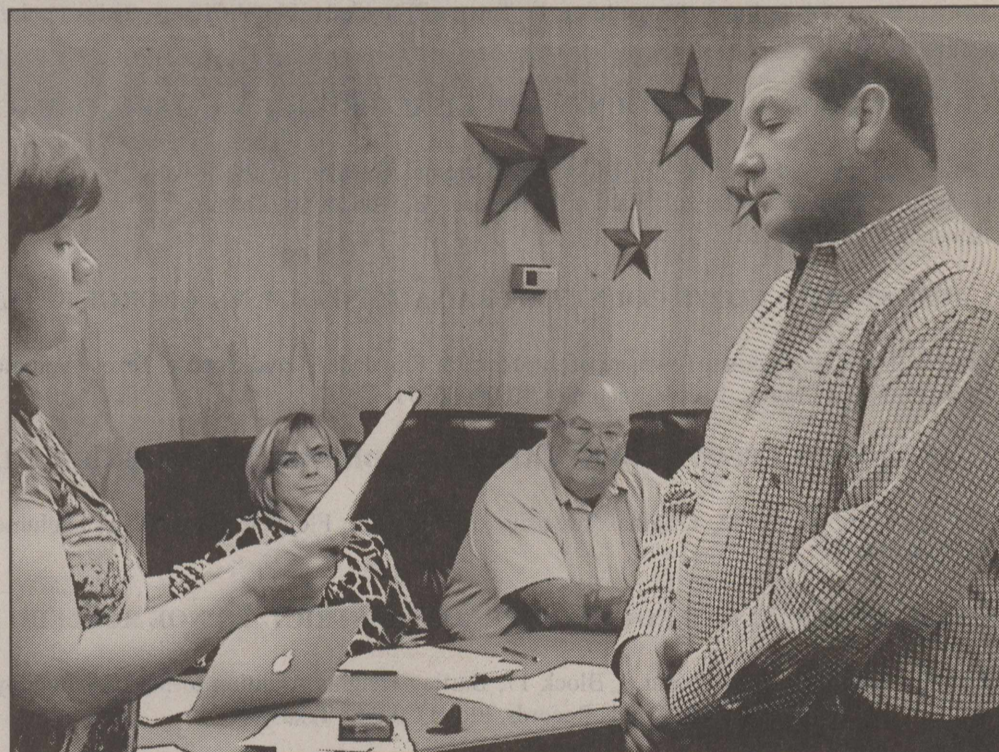

Photo by Homer Marquez

During last Tuesday's school board, trustees welcomed new board member Roger Hughes; Hughes will replace former board member Freddie Morren.

### By Homer Marquez

During this past Tuesday's board meeting, trustees for the Floydada School District would warmly welcome new trustee Roger Hughes to the school board. Hughes would replace former board member Freddie Morren after Morren decided not to run during this year's election. Also returning to the board would be Dr. William Dean who reclaimed his chair after going unopposed in this year's scheduled elections.

Following the swearing in of both trustees, the board nominated and unanimously voted to appoint Lyle Miller as the Board President, Marty Lucke as the Vice President, and Rachael Castillo as the Secretary.

Next on the agenda after paying the bills and accepting last month's minutes, Superintendent Trevino presented media honor roll certificates to Tony Ricketts, Corey Johnston, and Homer Marquez who were

recognized by TASB for fair and balanced reporting of news about public schools.

Charles Tyer would then make a motion to adopt a Fisd Trustee Standards of Conduct as recommended by Superintendent Trevino.

"I think It's great...we ask the same out of our teachers, we should do it too," commented Tyer.

The motion would pass unanimously.

Following that decision, William Dean would make a motion to update Policy FB Local, which designated Alicia Bice as the ADA-Section 504 Coordinator, as recommended by TASB effective Aug 20; the vote was unanimous.

The board would then unanimously vote in favor of purchasing two pickup trucks for the vocational departments at FHS. Oden Chevrolet would bid the amount of \$26,077 each.

Next, the Board would approve the Fisd's contri-

butio to the Floyd County Central Appraisal District Budget in the amount of \$111,048.

Also during this month's meeting, the Board would unanimously approved to amended and restated an Employee Supplemental Benefits Interlocal Resolution; as well discuss the district's summer development program with Anne Carthel; unanimously accept the 2012-2013 Superintendent Appraisal Instrument; and approve the District Goals for 2012-2013.

No action was taken on the Narcotics Detection Services Agreement because representatives Charles and Donna Evans were not present; and motion to enter an agreement with School Kids Nutrition Consultants was also postponed indefinitely.

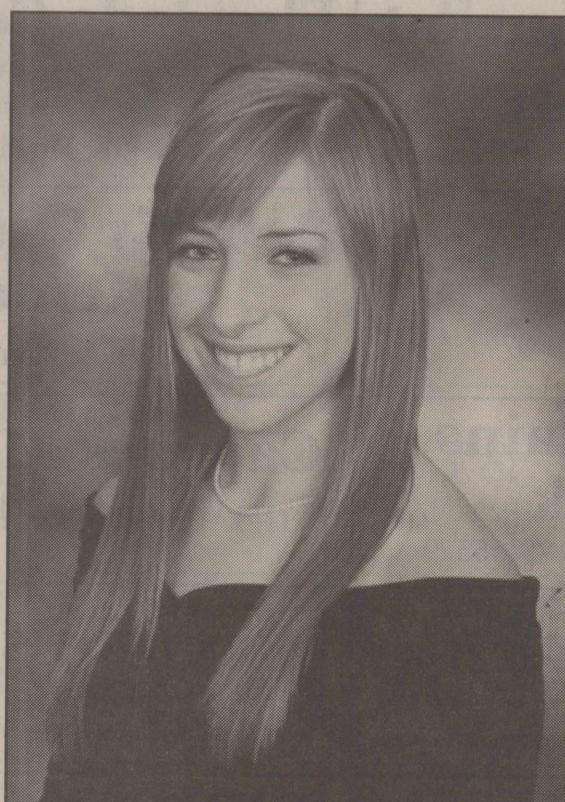

The district would also accept the resignations of teachers Nicole Gonzales and Mary Beth Aycock; but would move to employ Cara James as a new classroom teacher for 2012-2013.
