# Jaycees to Study Possibility for Golf Course Here

Haskell Jaycees will investigate he possibility of building a golf course for Haskell, members voted at their regular meeting Tuesday night, when members also made plans for work on several other projects. Bill Lane was appointed to look into the possibility of getting the golf course project underway.:

ject in Precinct 3 were delivered to the office of County Judge Alfred Turnbow Wednesday by A. L. McKee of Anson, resident engineer for the State Highway Department.

The new F-M road, already surveyed and approved, extends from

Announcement was made that all Jaycees were to take part in the cleanup program at the ceme-tery Tuesday, Aug. 20 at 6:30 p. m. All other clubs in town are cooperating, Wallace Cox, Jr., re-ported.

in painting house numbers on street curbs, and Jaycees voted to start the painting project at 5 p. m. Aug. 27.

On the recommendation of the membership committee, members were divided into two teams for an attendance contest with Wilda Medford and Huey Bledsoe head-ing the groups. Losers will host a feed for the winners at the end of the contest.

## Two Men Named To Vacancies in Fire Department

the son of Fire Chief Ray Lusk,
In discussing the problems of so
many weed-grown areas in town
which have resulted in numerous requests to the fire department to burn off the areas, City Fire Mar-shal R. A. Lane and City Fireman Floyd Lusk explained this was nct practicable.

Burning off the weed patches would involve the time of several firemen and some of the equip-ment, which might be needed at any time on a more serious fire, Lusk explained. Lane pointed out that the department could not afford to assume responsibility for the risk involved.

Members of the department voted to purchase three \$100 Savings Bonds with a part of the money allotment, on a per which has accumulated in the firements sick fund.

# ROW Deeds Ready For Signing on New F-M Road

Right-of-way deeds for a 12mile Farm-to-Market road project in Precinct 3 were delivered

veyed and approved, extends from Haskell south and east to a con-nection with Paint Creek F-M

deeds and necessary easements are signed, the project will be ready for contract letting. Judge About 35 right-of-way deeds and several easements will be needed the 12 mile roadway.

# Haskell Stores Sponsor Dollar Day Aug. 20

August Dollar Day-will be sponsored by a number of Haskell stores on Tuesday, August 20.
Coming on the eve of the beginning of school, Dollar Day will
afford an opportunity for substantial savings on many back-toschool items for both youngsters

and college students.

Also in the value spotlight will be many items of summer and early fall merchandise, as well as articles for the home, including furniture, appliances, kitchen-

A partial list of Dollar Day bar-gains appear in the advertise-ments of cooperating merchants who are mailing four-page cir-culars throughout the Haskell trade territory this weekend. Watch for your copy of the bargain circular and use it in making up a shopping list for your visit to Haskell Tuesday, August 20.

VISIT IN MIDLAND

Mr. and Mrs. George Darnell spent a few days in Midland last week, visiting in the home of Mr. and Mrs. R. H. Banks and Mr. and Mrs. R. G. Darnell. Bobby Darnell, son of the R. G. Darnell's, accompanied them home for a vis-

### Paint Creek School to Begin Aug. 26 With Accreditation of 27 Units

A total of 27 accredited units | Including Supt. McRae, who is ill be offered students in Paint | beginning his eighth year as adwill be offered students in Paint Creek High School during the 1957-58 term which will begin Monday, August 26, Supt. Dan Mc-Rae announced this week. Added credits offered for the first time this year are in Social Science and Math.

On opening day of the new term, the district's five buses will be operated on the regular routes on the same schedule as last year.

Community assembly will be held at 9 a. m. in the school auditorium, after which registration of high school students will be held and books will be issued pupils in elementary grades. pils in elementary grades. Reg-ular classwork will begin Tuesday morning.

# **Funeral Rites for** R. A. Dunnam, 86,

Funeral ritees for R. A. Dunnam, 86, retired farmer and well known Haskell resident, were held at 3 p. m. Tuesday in the First Baptist Church.

Mr. Dunnam, who had been in failing health for several years, died at 8.30 a. m. Sunday in the Haskell Hospital.

Officiating for the funeral rites were the Rev. H. G. Hammer of Haskell and the Rev. W. T. Priddy

Oma Sanders of Haskell June 28, 1924. Mr. Dunnam, a member of the Baptist Church, came here from Denton County.

Surviving are his wife; one son, Charlie of Lubbock; two stepsons, Henry Sanders of San Angelo and Ray Sanders of Lubbock; a step-daughter, Mrs. Sidney Westbrook of Amarilo; two brothers, C. A. Dunnam of Weinert and W. D. Dunnam of Tioga; a sister, Mrs. Macie Hix of Weinert; 14 grandchildren and three great-grand-

Pallbearers were Joe Hicks, O. T. Sturdy, Bill, Cliff, J. B., Wayne, Alfon, and Raymond Dunnam.

#### Summer Program In Homemaking To Be Concluded

The summer program for home-makers in Haskell High School is to be concluded next week, according to Mrs. Mary Eleanor McCollum, homemaking teacher.

Girls who enrolled for the course in June, and who have completed the required 100 hours of work, are to report to the Homemaking Cottage Monday, Aug. 19 at 10 a. m. During the week all reports will

be made and the cottage be set in order for the coming term. Plans will be made for the annual

ministrator, eleven instructors compose the faculty of the school. In addition to his administrative duties, McRae also teaches high school Math.

Other faculty members are H P. Morrison, high school princi-pal, commercial subjects, and football coach; James M. Raughton, grade school principal, science, and junior coach; Bess Smithey, English; W. L. Medford. vocational agriculture; Mrs. Dorothy M. Crabb, homemaking; Richard G. Selman, social science; Mrs. W. C. Taylor, grades 5-6; Mrs. Lila Heflin, grades 4-5; Mrs. Irene Ballard, grades 2-3; Mrs. J. M. Owens, grades 1-2.

Mrs. Crabb and Selman are new members of the faculty. Mrs. Crabb comes to Paint Creek from Jayton, where she has taught for the past five years. Selman, who is finishing work on his Master's degree this summer, formerly taught in Bomarton and in New foundland and France while in the Air Force.

Mrs. Allen Isbell is lunchroom supervisor, with Mrs. Tony Earles as assistant.

Two of the school's bus routes will have new drivers, H. W. Wright on the route to the Cobb community, and Richard Selman on the route to the Ward community. Other routes have the same drivers, Mack Earles, H. P. Morrison and James M. Raughton.

A substantial improvement to the school plant this year has been homemaking cottage.

Mas. Mary E. McCollum, teacher, stated this week that the first importance of the East Side Baptist Church.

Burial was in Willow Cemetery under direction of Holden Puneral Roma.

All weren of the community interested in the course are urged to be present for this initial meeting so that plans can be made for ing so that plans can be made for including various interests in the late Mr. and Mrs. W. F. Dunnam. He was married to Mrs.

Haskell and the Rev. W. T. Priddy of Abilene, a former pastor of the addition of a modern water the addition of a modern water system, completed at a cost of \$12,433.67. Water is supplied by a pipeline from Lake Stamford, and has made it possible for Paint Creek to have a grass-covered football field for the first time.

Is, 1871, in Alabama, the son of the late Mr. and Mrs. W. F. Dunnam. He was married to Mrs.

Dunnam. He was married to Mrs. requirements of the State Health

Department. Board of trustees of the school is composed of M. E. Overton, president; R. E. Medford, secretary; Paul H. Fischer, Jess R. Cook, S. L. Griffith, Frank Sims, Manuel Thane.

#### Ray Perrys Return From Trip Through Central U. S.

Mr. and Mrs. Ray Perry and their two children, Melba and Ricky recently returned from a vacation trip into Central United

While on the trip the Perrys attended the Carlile Shetland Pony Sale in Perry, Okla., and also visited the Lowery Shetland Pony Farm in Nebraska City, Neb.

The highlight of their trip was a three-day visit in Aurora, Neb., in the home of Mr. and Mrs. W. C. Herron and family. Perry and Herron were Army buddies during World War II. Mr. Herron is a

city mail carrier in Aurora.

Aurora and its surrounding country is known as having the nation's No. 1 deep well irrigation system. The crops there are beautiful, with corn standing eight to ten feet high.

The Perrys toured the capital cities and capitol buildings of slumber party, usually held during the last week in August, for girls taking part in the summer program.

Okiahoma, Captol buildings of Okiahoma and Nebraska while on their trip. They returned home by way of the Osage Indian Reservation country in Oklahoma.

of \$3,496,600 subject to taxation by the City of Haskell, together with maximum tax levy for the current year of \$1.50, were approved by the City Council at the regular meeting Tuesday night.

Total renditions for 1957 show an increase of approximately \$60,-000 over last year, City Secretary T. J. Arbuckle reported. Total taxes levied amount to \$52,449.06, of which an estimated 85 per cent. or \$44,582.00 will be collected, the Council was told.

Although the city does not operate on a budget system, 42 per cent, or \$18,724.44 of the estimated tax collections will be needed to meet interest and sinking fund requirements. Remainder of the tax money, \$25,857.56 was apportioned in the tax levy to the va-rious funds, as follows: General fund, \$6,720.08; park fund, \$2,070.-64; street fund, \$5,430.62; fire fund, \$5,171.72; police fund \$6,-

In other business transacted, the Council selected the Haskell National Bank as city depository for the ensuing two years, set a price of \$1,000 on a city-owned lot in the Shook Addition, and approved for payment July bills against the city in the sum of \$5,462.19.

A financial statement covering the city's operations during July and through August 10, listing all receipts and disbursements during that period, was presented by City Secretary Arbuckle. It showed total balances of \$12,495.06 in all funds, adequate for normal operations of all departments until Oct. 1, when current tax re-

ceipts become available. Other items in the statement wells, two of which were of suffi-cient volume to be developed and connected to the city mains. Toeasements, drilling, casing, equit ment, etc., was \$3,338.37.

# Faculty Complete. To Begin Aug. 26

Mattson Rural High School will begin the 1957-58 term Monday, Aug. 26, Supt. William R. Baker announced this week.

All faculty positions have been filled, Supt. Baker said. Two new members are Jimmy Trimble, who will teach commercial subjects in High School, and music; and Mrs. Geraldine Lane, who will teach High School English and History. Mrs. Lane has a B. A. degree from Howard Payne College, and M. A. degree from TCU. Trimble is an August graduate of H-SU, with major in business and minor in music.

Other members of the faculty include Supt. Baker, who will teach High School Science and serve as boy's coach; Homer Putman, principal, High School Math, and assistant coach; Mrs. Frankie Jo Baker, 7th and 8th Grades and girls' coach; Mrs. Alice Wooten, 5th and 6th Grades; Mrs. Lucille Marlow, 3rd and 4th grades; Mrs. Beulah O. Gibson, 1st and 2nd Grades. W. D. Johnson is building custodian.

In preparation for the new school term, all classrooms and the gymnasium have been repainted,

and other repairs made.

The district's three buses will make their run Aug. 26 in time to have pupils at the school by 8:30 a. m. The school lunchroom will be in operation, and students will return home at 2.:30 p. m.

All boys who plan to come out for High School and grade school football should report for work-outs the 26th, Supt. Baker and assistant coach Putman said. Several night sessions will be held during the hot weather, they

#### Viewpoint of Others

11/2 DAYS EACH WEEK GO TO PAY TAXES From the Houston Chronicle:

You are not working for yourself when you report to your job every Monday. During a portion of every week of the year, including coffee drinking pals who accused your paid vacation, the various taxing authorities are getting their us of giving Haskell adverse pubpercentage of your earnings.

Some of these taxes you only pay once a year, such as local real estate taxes. If you are a salaried worker, the federal government takes the first slice out of your wages evrey pay day for income taxes. Smokers pay a federal and state tax more frequently. So do motorists when they buy gasoline.

Most taxpayers know how much they pay in income taxes every orial Park and WTU's Paint Creek pay day of every year. Few have ever figured out how many days power plant. a week they work to support the ever-expanding federal bureaucracy, the state government, and local taxing authorities.

The Tax Foundation, Inc., has worked out this mathematical stories!" problem. The answer is tough to take. An American with an \$85-a-week ed. salary works slightly more than 11/2 days a week to pay his various tax bills over a one-year period.

This average person, the corporation says, spends more time to cover his tax bills than he does for any other single purpose. Osly the amounts of time spent on the job to earn money for food comes anywhere near the tax figure.

Here is how the average American's work-week breaks down: Food, 814 hours; housing, 7; transportation 312; clothing 3; medical the project has not been discardand personal care 2; recreation 1%; all others, 2 hours.

In the 112 tax-paying days of every week, the major part of your wages is going to the federal government. This is especially true known in West Texas and rough in Texas since there is no state income tax. The most logical place roads are still commonplace alto give the taxpayer relief is at the national level.

#### Return From Visit In Houston, San Antonio, Denton

Mr. and Mrs. Perston Weinert. Harlan and Joelle, of Weinert, re-turned home Wednesday after visiting Mr. and Mrs. Carl Jones and Miss Beatrice Weinert in Houston, and Mr. and Mrs. Geo. Roeber in San Antonio.

On their return home Tuesday, they went to Denton to meet Nadine Weinert when she returned from her tour of the Western States. She took the tour with a group of 40 students under the sponsorship of the NTSC Geography Department.

Highlights of Nadine's trip were the Grand Canyon, Yosemite National Park. San Francisco, Crater Lake, Victoria, B. C., Yellowstone National Park, and Salt Lake City. Nadine will remain in Denton until August 22 when she will receive her M. A. degree from

## Texas Egg Law Becomes Effective On August 22

The Texas Egg Law, which bebe "just what the doctor ordered" high qualty eggs are being placed on the market for sale.

The effect of the law will not program with the Locust Street by the producers and other industrymen as well, according to from \$19 to \$22. Medium and low-F. Z. Beanblossom, extension

This law, says Beanblossom, provides primarily for inspection and careful labeling of all eggs hat are to be sold on grade. The eggs are inspected primarily at retail outlets and if sold on grade are labelled according to size and quality. Ungraded eggs must be so labelled.

It shall also be unlawful to seil or advertise shell eggs below the quality of Grade A as "fresh." "selected," "cage," "infertile," "cage," "infertile," 'newlaid." or other words of sim lar import.

Producers of eggs who sell only the production of their own flock are exempt from the law unless they sell on the basis of grade, then their eggs must meet the standards specified by the law. The deadline for obtaining licenses by dealers retailers, wholesalers, brokers and process-ors is October 20. There is no fee to any retailer, as defined by the law—that is, any person selling or offering for sale, eggs to consumers only in this state.

Actual enforcement of the new law will start on February 17,

It's an eye for an eye when two egotists get together.

# Stocker Cattle Open Strong

By TED GOULDY

Fort Worth Trade was very active on stocker and feeder classes of cattle and calves at Fort Worth Monday and prices were from fully steady to as much as School, at Fort Gordon. 50 cents higher. There was a rather large representation of out of state buyers on hand, a factor which again lent strength to the bright prospects for the late summer and fall market for Texas cattle this year.

Last week agricultural economists in the cornbelt were warning farmers there against the trend toward "paying too much" for replacement cattle this fall.

At the Corn Belt Livestock Feeders Association meeting in Chicago last week the fact that cattle are in strong hands and ample feed and grass are available, was listed as a factor in the strong position of cattle growers. More than normal demand for placements from grazing areas because cattlemen sold down in the drouth, was also expected, and prospects of big feed grain sunter of Mr. and Mrs. Lynn Waldrip plies due to sharp increases in grain sorghum acreage and improved corn growing conditions in the Western Cornbelt were cited

> Later than usual marketing of for added poundage.

These warnings to combelt stocker and feeder buyers about high priced replacement cattle found sympathetic endorsement among out of state buyers at Fort Worth Monday. But, as one buyer from the Hoosier State of Indiana put it, "We're in the cattle business, we need cattle and our or later.

In the trade Monday good and choice stocker and steer calves ranged from \$20 to \$24, the higher figure on some 517 pound steer calves, whose helfer mates cashed at \$21.50 and scaled over 100 pounds. Plainer stocker calves sold from \$14 to \$19, and stocker steer yearlings and feeder steers ranged mostly from \$21 down Fleshy feeding heifers ranged from \$19.50 down. A few replacement cows sold from \$10 to \$14.

In the slaughter division good and choice fed cattle sold at the best prices since last fall, as good and choice fed steers cashed at \$20 comes effective August 22, may to \$26, the top for two loads of 950 pound fed steers from Oklato assure Texas consumers that homa. Plain and medium butcher sorts cashed at \$13 to \$19.

Fat cows drew \$12 to \$15, and canners and cutters brought \$8 to \$12. Bulls cashed at \$10 to \$15. Good and choice fat calves sold er grades cashed at \$10 to \$18.

#### Rule Sergeant Finishes Course In Field Radio

Fort Gordon, Ga. (AHTNC)—
Sergeant First Class Ralph D.
Robinson Jr., whose parents live
in Rule, recently was graduated
from the field radio repair course
at the Army's Southeastern Signal

The 25-week course trained Sgt. Robinson in the fundamentals of electricity and radio, the service and repair of raido transmitters and receivers, and the use of ra-

dio testing equipment.

In the Army since 1942, Robinson has served in Korea.

He attended Aspermont High

### Paint Creek WTU Plant Staffers **Enjoy Vacations**

Vacations have been in the news spotlight among workers at Paint Creek Power Plant of West Texas Utilities Company recently

Chief Engineer and Mrs. C. O. Pace, guest of the Holts, enjoyed their vacation in Corpus Christi fishing and swimming. Also while in Corpus they visited Port Aran-sas and Padre Island.

W. E. Huss, Jr., and family spent their vacation at home this year. Mrs. Huss took the mumps the day they started their vaca-

A. C. Bowers and family visited friends and relatives in Sweetwater, Odessa, Snyder and Rising Star on their vacation. The remainder was spent in resting at

Mr. and Mrs. J. B. Kuenstler and daughters visited friend and relatives in Sulphur Springs and Brady. The remainder of the vacation was spent with their children at home.

The W. R. Starks visited Mrs. Stark's parents in Carlsbad. N. M., and her sister in Canyon. Their vacation trip included visits with friends in Roswell, N. M., and Wichita Falls.

While on their vacation Mr. and Mrs. D. C. Wester and son. Calvin visited in Fort Worth, Burleson, Weatherford, Olney, and visited the fish hatchery at Possum Kingdom Lake. They also attended the Wester reunion in Abilene in the home of J. S. Wester.

Mr. and Mrs. L. A. Davis and family spent their vacation visiting friends near Wichita Falls, and Mrs. Davis' parents, Mr. and Mrs. E. L. Seawright near Ver-

Mr. and Mrs. J. R. Josselet and family spent their vacation at They were visited by his parents, Mr. and Mrs. J. D .Josselet of Sierra Blanco, Texas. He also spent some time on his farm which he works part time.

Mr. and Mrs. D. T. Atchison and Shirley vacationed in Colorado and Northern New Mexico. Places of interest visited were the Royal Gorge, Colorado Springs, and Denver, Colo., Red River and

The Louis R. Tuckers spent their vacation at home this year. Louis' family's plans for vacation were interrupted when his wife, Jo, was hospitalized Aug. 2. Mr. and Mrs. W. N. Mercer

spent two days in Lubbock visiting Mrs. Mercer's sister. Their daughter, Suzanne had been visiting there a week.

E. P. Fambro of Breckenridge,

with Comunity Service Co. was host the week of the 10th, to the company's lodge on Possum King-dom Lake. This was a reunion of Mr. and Mrs. Hill rents of Mrs. Oman. buddles who had not seen each other for over twelve years. The weekend was complete with boating, water skiing and fishing. Guests in the home of the L. R. Tuckers were Louis' parents, Mr. and Mrs. F. V. Tucker of Hobbs, N. M.

Hostesses for a chicken, potato salad and bean picnic supper for their families were the WTU Women's Club of the Paint Creek Plant and Haskell local office, Aug. 8, at Rice Springs Park in Haskell. The ladies served a very nice supper which was enjoyed very much by all present.

Dr. and Mrs. Joe Thigpen and children, Dr. and Mrs. Wm. J. Kemp, Mr. and Mrs. Don Davis, Bob Mobiey, all of Haskell and Dr. and Mrs. Bob Colbert and chil-dren of Rule returned Tuesday evening from Colorado Springs and other points in Colorado.

#### Recent Bride Is Honoree at Tea In Frazier Home

Mrs. Wilson Bailey of Mineral Wells, the former Miss Oleta Wells of Mineral Wells, was honored recently at a tea in the home of Mrs. Byron Frazier.

Guests were greeted at the door by Mrs. Frazier, the honoree, her mother, Mrs. Wells and her sister, Mrs. Robert Bruton of Haskell.

The tea table was laid with a white cutwork linen cloth featuring a center arrangement of white zinnias, before a large white fan with varigated shades of green. Green candles in crystal holders completed the arrangement. White cake squares with small green fans and green frosted punch were served from crystal services.

Guests were registered by Mrs. Kirby Kirkpatrick. Mrs. Bill Johnston ladeled punch and Mrs. Virgil Sonnamaker served cake squares. Mrs. L. L. Carroll directed guests to the room where gifts were displayed by Mrs. Harve Brundige. Also in the house party were Mrs. Hole Harrell and Mrs. R. I. Johnson.

The hostess' gift was a white Martha Washington bedspread. Mrs. Bailey is a former employee and beautician of the Kirkpatrick Beauty Shop of Haskell.

#### WTU Womens Club Entertain With Picnie

Members of the WTU Women's Club entertained their families Thursday night with a picnic at Rice Springs Park.

A picnic supper was served, which included fried chicken, potato salad, and beans. A large number of members and their families attended the enjoyable

#### Brenda Brewer and Don Summers to Wed Sept. 1

Mr. and Mrs. Raymond Brewer ! Haskell are announcing the engagement and approaching marriage of their daughter Brenda Brewer to Don Summers, son of Mr. and Mrs. C. A. Summers of Stamford.

The wedding will be an event of September 1 in the First Bap-tist Church in Haskell at 2:30 p. m.

Mr. and Mrs. Charles Oman and children, Brady and Teena Beth, were weekend visitors in the home Elmer Champion family at the of Mr. and Mrs. Hill Oates, pa-

#### The Very Newest

The following births have been reported in the Haskell Hospital: Mr. and Mrs. Jesse Granado, Rule, a daughter, Sylvia, born August 2, weghit 6 pounds 13½

Mr. and Mrs. Windel Jones, Haskell, a daughter, Christie Lyan. born Aug. 4, weight 9 pounds.
Mr. and Mrs. Jimmy Cook.
Throckmorton, as son, Jimmy
Donald, born Aug. 4, weight 7

Mr. and Mrs. Douglas Myers. Weinert, a son, Gregory Lynn, born Aug. 3. weight 8 pounds 8 ounces

Rev. and Mrs. Bill Pemberton, Rule, a daughter, Deborah Kay, born Aug. 5, weight 8 pounds

#### Saturday Tea is Compliment To Miss Doris Strain

Mrs. J. G. Vaughter and Mrs. J. Belton Duncan were hostesses for a tea Saturday, Aug. 10 from 4 to 6 p. m. in the Vaughter home complimenting Miss Doris Strain, bride-elect of Herman Lloyd of

Guests were greeted at the door by Beth Vaughter and presented to the receiving line consisting of Mrs. Vaughter, the bride-elect and her mother, Mrs. J. H. Strain.

Jean Duncan presided at the bride's book, and traditional mu-sic was played by Kay Henry. In the dining room the table was laid with an oyster white cutwork cloth. At one end was placed a silver bowl holding pink carnations from which ran pink satin streamers with the inscription, 'Lloyd and Doris, Sept. 8." All appointments were of crystal and silver. Arrangements of summer flowers were used throughout the

Mrs. James Strain of Abilene. sister-in-law cf the bride-elect. presided at the table and goodbyes were said by Mrs. Duncan. Other members of the house party were June Cook and Sarita Seal of Eastland.

home.

me ton, Eastland and Abilene.

#### Peggy Lou Waldrip, Elliott Hawkins. To Wed Aug. 23

Mr. and Mrs. Lynn Waldrip, announce the engagement and approaching marriage of their daugh. ter. Peggy Lou, to Eiliott Haw-kins of Dallas. The prospective bridegroom is the son of Mr. and Mrs. E. D. Hawkins, 4111 DeLee Street. Dallas.

The couple will exchange vows in the chapel of the First Baptist Church, Wichita Falls, August 23 at 7 p. m. Dr. J. H. Landes will officiate for the dcuble ring ceremony.

Miss Betty Lynn Waldrip will attend her sister as maid of honor. Serving as honorary bridesmaids will be Miss Pat Womack of Omey, rcommate of the bride--be, and Miss Pat Clancy of Erick, Okla. Kay Henry of Haskell will be organist.

Bobby Hawkins of Dallas, brother of the prospective bridegroom, will serve as best man.

Miss Waldrip is a 1956 graduate of Haskell High School. She has been attending Midwestern University, Wichita Falls.

The prospective bridegroom is a graduate of Woodrow High School Approximately 75 guests called in Dallas. He has attended Tarleand were from Haskell, Throck- ton Junior College and Midwestern

# Paint Creek . Community News

School was completed for this coming year at a board meeting Monday night. Mrs. Dorothy Crabb brought home on Tuesday night. They brought homemade ice cream and from Jayton has been elected as Homemaking teacher to fill the vacancy created by the resignation of Mrs. Brad Rowland, Richard G. Selman of Denton, has been elected to teach the Social Science courses. Mr. Selman has taught two years in Bomarton before going into the service. While stationed in Europe, he taught two years in France, and later two years in Newfoundland. Last year after his discharge from the Army he taught in Arkansas.

Mr. and Mrs. Crabb and their

two children will live in the teacherage where Mr. and Mrs. O'Neal lived, and Mr. Selman will probably live in Stamford and drive the bus Fred Selby drove last

Mrs. Allen Isbell has been elected to serve as supervisor of the lunchroom following Mrs. Vernay Howard's resignation. School will begin the last Monday this month which is the 26th. We have a good aculty, plenty c water, grass on the football field, and we hope a good enrollment.

Paint Creek enjoyed both the basketball games and the football game that climaxed the 6-man ccaching school at Abilene week before last. Eddie Lee Thane from Paint Creek represented the dis-trict on the basketball team, and eon Hokanson represented the d.strict in football. Many Paint Creekers attended the games at McMurry stadium.

Clara Am and Margaret Fischer returned Friday from the Lutheran Young Peoples camp at Kerrville. They and 10 other young people from the Haskell Lutheran Church attended the camp which was held at Camp Chrysalis.

The ladies of the Paint Creek

Baptist Church honored Mrs. Billy Doty with a pink and blue party last Wednesday afternoon at the church.

The members of the pep squad met and completed plans for their new uniforms last Monday morning. Several of the mothers met with them. Some changes were in the leaders, as Alice Louise Early has moved to Abiene. Barbara Grand was elected leader to take Alice's place, and Joan Marr was elected president of the squad in Barbara's place. Their uniforms are to be maroon corduroy skirts and gold polished cotton blouses.

Mrs. Jewel McLennan from Abi-Mrs. Jewel McLennan from Abilene was a Paint Creek visitor Saturday. She came home to see about her crops, and then was going to Fort Worth to get Tom Paul who had been visiting her brether's family there. Paul's uncle had given him an English bilycle which he was bringing back to Abilene. Mrs. McLennan is doing well in her beauty course, she made 94 on one exam and 100 she made \$4 on one exam and 100 on another. She, will remain in Abilene to complete her course this fall, and Paul will attend school there. She hopes to be back here the first of the year.

Mrs. Mary Owens, our first grade teacher settimed home from Dentes last mask where the here

Carly fantily in the Abilene paper this fine family, but we realise this fine family, but we realise living in Abilene will make Mr. Early's work more centralised since he has business interests in Brownwood and a reach in Tarly in the Carly in the Ca as well as the one here.

ockdale Baptist Church ened for the Early family on

The faculty of the Paint Creek | with a gift, and neighbors surprisbody had much fun at the party because they all regretted losing the Early family so much.
Bill Patterson spent last week

in Colorado City with his uncle's family, Mr. and Mrs. Dennis Patterson, Allen and Lynn. Mr. and Mrs. John Scheets were

in Abilene Monday to visit their daughters, Bonnie and Mrs. Chas. Coddington. Airman 1-c and Mrs. Coddington are leaving this week for Illinois where Airman Coddington will be in school for three months. Bonnie and her roommate and aunt Ellen Hilliard had the misfortune to lose all their clothing in a fire in the closet of their room at the home of Mr. and Mrs. Ben Franklin store and Ellen works at the watch factory, the United States Time Corp. The people at the watch factory made up a collection for the girls and Mr. and Mrs. Scheets took them some new clothes from here.

Mr. and Mrs. Jesse Cook and children are spending their vacation in Colorado Springs. Cards from them indicate they are havng a wonderful time.

The Baptist Church is having a revival meeting at the church this week with morning services at 8 and evening services at 7:30. I want to apoligize for not get-

ting this news in sooner because Lons Tidwell phoned me about it, and I have missed getting the news in lately. The class of 1947 had their 10th anniversary reunion at the iunchaterium on July 28. There were 9 of the original 14 present for the day. They met at rusbands and children and then spread lunch. They took pictures and organized the class, planning to meet again in five years.

Those present were Mr. and Mrs. Bobbie Tidwell and daughter Dianne, ((Mrs. Tidwell was Lena Chapman); Mr. and Mrs. Lennis Hilliard and family of Hurst: Mrs. Geniece (Howard) Bull and chiliren Sammy and Gary, of Lubbock; her twin sister Geneva couldn't be here; Mr. and Mrs. Billy Hise, Rondal and Janna of Haskell (Mrs. Hise was Ouida Hammit); Mr. and Mrs. Billy Jack Ray of Haskell, (she was Juanell Collins); Mr. and Mrs. Jerry Hanson and Mr. and Mrs. Gene Perry and Carla from Stanton; Mr. and Mrs. John Grand and family from Haskell; Mr. and Mrs. E. Howard of San Angelo. (Mrs. Howard was Helen Terrell); and Mr. and Mrs. Dale Middlebrooks and Phyllis from here. (Mrs. Middlebrocks was Ruby May Dean). Those who could not be here were Mrs. Jack Watson (Evelyn Sharmfelt) from Stamford, Morris Hay-nes from Fort Worth, Geneva Howard from Lubbock, Burnell Shaw from Fort Worth and Max-ine Stephens.

#### Lieut. Jack Larned Visits Here on Way To Pistol Matches

Mrs. May Larned of this city had as guests in her home one day last week, her son and his wife, Lieut. and Mrs. Jack Larned of San Antonic, accompanied by three members of the San Antonio police department, Sgt. Everett Ammann, Don King and Jim Gaffney.

Lieut. Larned is captain of the route to Camp Perry, Ohio, where they will compete in the National ands of requests.
Pistol Matches. Another member cates photostats. of the San Antonio team, Jim Sperry, was driving to Camp Perry by another route.

Lieut. Larned said that in the 1956 national matches, his San Antonio team won sever h place in the nation. They beat such teams as New York Police Team, Chicago City Police, and many ther metropolitan teams.

#### Gossett Family Reunion Held at Audubon

The Gessett Family Reunion at the old family home in Audubon was held August 11. It has been an annual affair since 1928.

The members came from far and near, California, Florida, New Mexico, Arizona and Texas. A bountiful feast was served noon and visiting and picture takng were the order of the day. At night pictures were shown on the screen.

Miss Wynelle Hellums of Dailas came for her parents, Mr. and Mrs. W. D. Hellums, but they were not able to attend the reunion Sunday.

One of Texas' earliest advocates of soil conservation was Howard Duke, who terraced his Noweon County farm in 1882.

Church has two new air conditioners in their church, and now the building is cool and comfortable. Scouts returning from the National Jamboree at Valley Forge brought back some Asiatic flu. All 4 Paint Creek Scouts took to their beds the day they returned, and the next day the Scoutmaster took it. Four or five of the Scouts from Anson have it, one of the Rule boys and Tom Bill Holden from Haskell started taking shots in time to ward off a bad case of it The entire Griffith family took it from Dan, and Mrs. Griffith spent several days in the Stamford Sanitarium with a bronchial infection. Tha flu is not to be treated lightly, and all you Paint Creekers try to keep from taking it. They say there will be a preventive shot out this fall for it. But it is terribly contagious, and the high fever accompanying it just leaves paients so weak. Lynn Dale Manske spent last

week with Danny Ivy, and Sunday two boys spent the day with Mrs. Ivy's parents, Mr. and Mrs. H. Kretschmer at Mattson. Mr. and Mrs. D. Patty

children had as their guests last week Mrs. Patty's sister's family, Mr. and Mrs. R. M. Hann, Chardren, Linda and Randy of Abi-

Danny, Janice and Jeannine went with Mrs. Jess J. Mickler to Colorado City to take Mrs. Bob Mickler and baby daughter. They vis-ned Mr. and Mrs. Twain Mickler and daughter and Bob met his wife there to return to their home in Big Spring.

Guests in the Gene Overton dren of Beaux Ridge, La. Mr. Lilile was a platoon leader in Gene's company in World War II.

Mrs. Gertrude Overton of Burlason and her daughter, Mrs. Fred Stuckert and son Bill of Ft. Worth were guests of Mr. and Mrs. Ray Overton, Roy Overton and Gene Overton recently.

Scouts of Troop 48 enjoyed a swim in the tank and a wiener roast at the home of Gene Overton last meeting night. At an early date the Scouts plan to meet at the school auditorium where the four Secuts who attended the National Jamboree will show their films and report on their trip. Coach and Mrs. Ray Overton.

Jr., and Mary Margaret spent Sunday with Mr. and Mrs. Ray Overton, Sr. They had spent several days last week with Mr. and Mrs. George Free.

Mrs. Clara Hendricks is announcing the engagement and approaching marrage of her grand-daughter Wanda Faye Howell to Airman 1-c Uriel Albert Lehman, son of Mr. and Mrs. Robert J. Lehman of Rockdale, Texas. Airman Lehman is stationed at Dyess Air Force Base in Abitene. Air Force Base in Abilene.

#### Rush Foreseen for Birth Certificates as School Time Nears

Austin-"School days, school days, all around the state," may stray somewhat from the original song, but it means that come September, around 263,000 little Texans will be going off to school for the first time.

In anticipation of this the Bu-reau of Vital Statistics of the Sar Antonio Police Department's
Pistel Team, and they were en route to Camp Perry, Ohio, where last minute onslaught of thousands of requests for birth certifi-

It seems that each year the situation repeats itself: Most school districts require proof of birth in the form of a birth certilicate or photostat for students entering school for the first time in the f "st grade.

Harried mothers all too often forget about the requirement until middle August. By then the Bureau of Vital Statistics is flooded with thousands of similar requests for photostat copies resulting in a delay in the receiving of the copy for two weeks or

In efforts to speed up the process, the bureau each year hires extra help and works overtime in addition to using certain speedup techniques to aid the location of the original certificates kept on permanent file at the Department of Health.

Most of the requests will be for 6-year-old children. Knowing this, vital satistics personnel arrange the record books containing the 217,470 certificates of birth for the year 1951 and part of the "stacks" for 1950 so that access will be easier and quicker.

The removal and replacement of the certificates for photostating is done at the "stacks" by the extra personnel instead of at the photostat machine by the technicians in the usual manner.

In this way a staggering pile-up of record books is avoided and the issuance of birth certificate photostats is greatly speeded.

State Registrar Don Carrol asks that requests for photostat copies be made as soon as possible to avoid the rush. Contact your local health department or send the request to the Bureau of Vital Statistics State Health Department, Austin, Texas. Be certain to include the child's

name, name of both parents, and the date and place of birth. Enclose \$1.00 with your request. Cash is requested.

Write tonight to be sure to get your photostat on time.

#### Heavy Increase in . Irrigation Noted On High Plains College Station-Almost a quar-

ter of a million acres was added to the total acreage being irrigated in the High Plains area of Texas during the past year. Water Mr. and Mrs. Lem Ivy and the to take care of the additional acrepetter job of irrigating existing lands came from an additional 5,653 wells.

These facts are revealed in the annual survey of irrigation on the High Plains recently released by lotte, Patty, Janet and Phyllis for the Texas Agricultural Extenor Markum, Ill., and another sission Service with headquarters in ter, Mrs. A. B. Young and chil-W. Sherrill, irrigation agent irrigation activities in 42 counties.

Information in the survey was Mrs. Jack Isbell and children, obtained from data supplied by agricultural agents in the counties concerned, and points up the great importance of irrigation to the Plain's agricultural industry. The report shows that 18,344

gated. The total acreage under irligation now stands at 4.568.880 home last week were Mr. and Hale county farmers are now ir-Mrs. Chas. Lillie and seven chil- | rigating 500,000 acres and lead the area in that respect. Lubbock and Hockley counties have the largest number of irrigated farms and number of wells. Seven counties in the area, Deaf Smith, Parmer, Castro, Swisher, Lamb, Hale and Lubbock are listed as having in excess of 300,000 acres each under irrigation. Natural gas is being used for

fuel on 19.644 wells, butane on 16 .-226 and electricity on 5,840 wells. The lift on 12,307 wells was listed as under 125 feet and over 125 feet on 9,918 wells Sherrill reports that grain sor-

ghums, cotton and wheat were the major crops irrigated last year with a combined acreage total of just over 4 million. Other crors irrigated included sudan, barley, corn, legumes, pastures, vegetables and other specialty

Copies of the report may be obtained from Sherrill's office which is located in the Agricultural Building on the Texas Tech campus at Lubbook.

Yeleta del Bur, established in 1682 near El Paso, is Texas old-est permanent settlements.

# 11-Million Bale Cotton Crop Is

rorecast.

The Agriculture Department on Aug. 8 forecast this year's gevernment-controlled cotton crop at 11,597,000 bales of 500 pounds while

gross weight.

This first estimate of the current year's crop compares with 13,310,000 bales harvested last year and 13,669,000 for the tenyear (1946-56) average.

The Texas crop was estimated at 3,775,000 bales. The department

at 3,775,000 bases. The department said the Texas crop is 78% of normal and the indicated acre yield is 206 pounds.

The crop will be supplemented by reserve and surplus supplies of about 11,400,000 bales from past

crops. Most is stored under price support programs.

The prospective crop is less than forecast of market demands for the 1957-58 marketing year. The surplus supplies will be available to fill any deficits.

#### Specialists Advise On Range Practices

College Station-Proper range management is an essential part of any successful ranching pro-

Th points to stress now for proper range management are feed reserves, deferred grazing and brush control, according to G. O. Hoffman and A. H. Walker, exension range specialists. No chemical weed control can now be used effectively, for the weeds are too large and mature.

A feed reserve means the difference between profit and loss, advise the specialists. Excess forage should be stored for future use during winter and drouth per-

Deferred grazing should be practiced even if it is getting dry. Good deep-rooted grass will still make considerable growth on the subsoil moisture. The specialists then give a summary of the reports of several

county agents in regard to brush control, grass growth and chemical weed control. Karnes county reports show that grasses, for the first time in several years, are showing up on much of the root plawed ground. In Brown county, chemical

treatment has proved effective in

tree control. The trunk base treatment gave practically 100 per cent kill on mesquites and yucco. In Young county, brush treated der irrigation is de areas have produced twice as area. Water is any much grass as untreated ones. even under drouth conditions. Spraying to control brush has been found to be an economical to provide additional

grass. Grass work is being carried on in Goliad. Good grass growth has been noted on soil where fenuorn power appdications were made to 4-D at a material of control post and blackfack oak in per sore

method

February, 1955. Chemicals made the difference between dead, harmless weeds panic grass with and green ones as much as six 4-D ester applied feet tall in Shelby county. The plane. BERKSHIRE STOCKING

### Farm Operations Should Consider Wind Erosion

Farmers of the California Creek and Wichita-Brazos Soil Conser-vation districts should begin planning their farming operations to control wind ercsion during winter and early spring months, SCS technicians point out. The farming methods followed for the next three months will determine to a great extent the amount of blow-

great extent the amount of blow-ing sand we will have next year. In order to hold wind and water erosion to a minimum, farmers

or wheat on the surface of the soil market place" while magazines, throughout the blowing season. radio and television "tend to split Maize should be harvested so as people into groups." to leave as much stubble as pos-sible standing. This stubble left standing helps protect the scil from wind erosion. Wheat or oat straw left on the surface of the soil protects them from erosion and also provides a mulch to hold

moisture by preventing evaporation and controlling runoff.

Another method of controlling wind erosion is to provide a living cover for the land during the blowing season. This can be done by planting a cover crop in the fail. These cover crops will be destroyed in the spring in time for the cash crop to be planted. Some farmers use oats or rye as

a cover crop. Others add a legume such as vetch with their oats or rye. This method provides a soil improving crop as well as a good cover crop. Austrian winter peas are commonly used as a cover crop, which is also a soil improv-

When a legume crop such as Austrian winter peas or vetch are Austrian winter peas or vetch are used as a cover crop, the farmer receives benefits in two ways. The soil is protected by the growing crop during the blowing season, this controls the wind erosion. The legume crop adds fertility to the soil, this increases yields of the cosh crop that follows. cash crop that follows. Fields left bare during the win-

Fields left bare during the winter and early spring encourage sand storms which create undesirable living conditions as well as being very damaging to the soil. Plan now to control wind erozion next spring, and for the land's sake keep it covered.

Cover crops should be planted in September to provide good cover during the winter months. However they can be planted as late as November. For financial assistance in planting cover crops contact your ASC office, For instance contact the soil Conservation Service.

## Newspapers Lead In Food Ad Effectiveness

Housewives find newspaper ads more helpful in making out the weekly food shopping list than ads in any other medium, a recent survey disclosed.

In a survey of more than 5.000 Illinois homemakers, 59 per cent preferred their newspaper as a guide to food shopping, according to James S. McAnulty, chairman o fthe Newspaaper Food Editors Large grocery chains are con-

one of the most economic con- ads exceeding the combined total

Newspapers may be read by any member of the family at chosen time, he said, in contrast to radio and television which "thrust their advertisement upon the audience as a penalty for free entertainment provided."

Mr. and Mrs. James Strain and children, Jayne and Steve, of Abilene, spent the weekend in home of Mr. Starin's parents, Mr. and Mrs. J. H. Strain.

Mr. and Mrs. Bill Brown and little son Chris, of Abilene, were weekend visitors in Haskell and attended a tea honoring Miss Doris Strain.

Mrs. Bobby Neil Smith and little son Mike, of Arlington, were weekend visitors in the home of Mr. and Mrs. Clay Smith.

## Fix-Up Your Home Racketeers On **Prowl Again**

More than 500 million dollars will be paid by homeowners this year to the "home fix-up racke-teers," who promise the homeowner bargains in termite-proofing, kitchen reconstruction, roof-

The fast talkers in the house renovation and repair business have many tricks. One of them, according to the editors, is to should provide a protective cover on the land during the blowing season. This can be done by utilizing crop residue to provide a dead cover, or by planting cover crops to provide a living cover.

The utilization of crop residue is one of the most economic consideration and sexceeding the combined total according to the editors, is to promise cut-rates to those who will permit their homes to be controlled in newspapers. The offer is hedged with are a more powerful advertising many conditions that inevitably the full price must be paid.

Often such racketeers conceal many of the charges in the fine print in the contract, or offer skip to the next town.

To guard against such operators, the magazine advises: 1. Don't bite at superbargains. Ask the names of four or five previous customers that you can

check with.

2. If the company is not known to you check its standing with your local bank, the chamber of commerce or better business bu-reau. This is essential if dealing with out of town or itinerant firms.

3. Read the contract twice be-

3. Read the contract twice before singing. Demand a duplicate
of what you sign, with the contractor's signature on it.
4. Don't sign the completion
certificate, indicating the job
meets with your approval, until
you have satisfied yourself that
it's in accord with the contract or sales agreement.

Texas' lowest recorded temperature was 23 below zero at Tulia on Feb. 1899.

## Effect of New Egg Law Will Be Widespread

The Egg Law passed by the Texas legislature, will mave a widespread impact on Texas citizens. It will affect egg producers, dealers, retailers, wholesalers, brokers and processors as well as

But just what does this law do? How will it affect those people just listed? F. W. Martin, county agent, lists a few of the law's highlights.

(1) It provides for the establishment of standards of size and quality of eggs. The standards of quality as determined by cand-ling and condition of shell, the grades and standards of size as determined by weighing shall be the same as standards and grades prescribed by the U. S. Depart-ment of Agriculture for shell

(2) The law provides for prop-er grading and labelling. The eggs are inspected primarily at retail outlets and labelled according to grade, which include size and quality. Unless the grading is under USDA supervision, it shall be 'nlawful to use the pre-fix "U. S." on grade and weight

(3) Provides for licensing of egg retailers, dealers, wholesalers, processors and brokers. There is no licensing fee to any retailer as defined by law-that is, any person selling or offering for sale eggs to consumers only in this state. All retailers must have a license even though there is no

(4) Provides that the law will be self-financing through the fees

(5) Provides penalties for violations. Any person convicted of violating this act is subject to a fine. The license of a violator may be suspended for a period not to exceed 90 days.

(6) Gives exemption to producers selling eggs from their flocks unless a grade is claimed. But if they wish to claim a grade, then their eggs must meet the standards specified by the law.

(7) It establishes an Egg Marking, kitchen reconstruction, roofing etc., according to the editors of Changing Times magazine.

The fast talkers in the house will be chairman, and nine other members, all from Texas, who will serve six year terms.

> Mrs. Bill Wilson and daughters Frances and Kelly, of Abriene, were visitors during the weekend with Mrs. Wilson's mother, Mrs. Verna Wilson and her mother, Mrs. Mary A. Oates in this city.

Mrs. G. T. Collins of Throck-porton visited friends in Hasworthless guarantees and then kell Saturday and attended a tea skip to the next town. kell Saturday and attended a tea honoring Miss Doris Strain, brideelect of Herman Lloyd of Long-

#### New Variety of Perennial Sweet Sudan Developed

A synthetic, tetraploid of the sorghum species has been devel-oped by the Texas Agricultural Experiment Station after 15 years of breeding and selection, accord-ing to F. W. Martin, county agent. This tetraploid, Perennial Sweet

Sudan grass was obtained by doubling the chromosomes of common Sudan grass by treatment with colchicine and crossing it with Johnson grass. It has good forage qualities with sweet and juicy stalks, good fertility and production qualities, and a perennial root growth habit in-termediate between Johnson grass and Sudan grass. Its roots do not penetrate as deeply as those of Johnson grass, so it is unlikely to become a pest.

A leafiet just released by the

Experiment Station, "Perennial Sweet Sudan Grass," gives pertinent information on this new grass. Included in the leaflet are sections on growing habits, palatability and productivity, forage qualities, seeding habits, its capabilities as a cover crop and sources of seed. Seed should be available for planting from commercial seed companies in the summer of 1958.

Copies of this leaflet are available at the Agricultural Information Office, College Station, Texas, or local county agent's offi-ces in Haskell. Ask for L-346.

Highest temperature ever recorded at any Texas weather Louis Hughes of Big Springs, station was 120 degrees F. in Miss., spent the weekend in the Seymour on Aug. 12, 1936. home of Mrs. Maggie Larned.

### Farm Accidents **Prove Costly** Says TSA

A fall on the farm or ranch can cost a rural family more money than a fall in prices on the agricultural commodities markets, according to the Texas Sefety

The association points out that falls are the leading source of all injuries to farmers and ranchers

However, injuries from all mishaps are expensive. In fact, a recent study shows that the average medical costs of such interies runs \$105 per accident. Piled on top of this is, in many cases, the necessity of hiring extra labor or suffer a serious loss of production,

besides pain and discomfort.

Around the yards and corrals, pick up loose wires, boards and scrap metal. Don't allow nails or hangers to protrude unnecessarily. Keep tools in safe racks. In the home, keep stairways clear of objects and well lighted. Have a step ladder or kitchen stool handy for reaching high places. And, don't carry a "lazy man's load" that will block your walking view.

Mr. and Mrs. Wendil Jarman and family of Pasadena, Texas, spent the weekend with Mrs. Maggie Larned and attended the funeral of R. M. Hise.

#### Power Plant - - -(Continued from page 1)

mated that by 1961, the residential customer's usage will have increased another 50 per cent. WTU is also interested in the development of nuclear power. Paralleling the present \$51 mil-

lion power development program. the company is participating in nuclear research octivities.

Young pointed out that West Texas Utilities has for some time been associated with the Sargent and Lundy group, designers of nuclear installations at Argonne National Laboratories, Lemont III. More recently, WTU joined with 10 other private utility companies in Texas to form the Texas Atomic Energy Research Foun-

This non-profit Foundation recently completed arrangements with General Dynamics Corporation for a four-year, \$10 million research program in the field of controlled thermonuclear react-

Young added that in the immediate future it was not likely that nuclear fuels would become economically competitive with natural gas for electric product-

WTU's construction program is already underway. Work of installing a 5,000 kilowatt gas turbine unit at WTU's gas turbine station northwest of Ft. Stockton began earlier this year. The new gas turbine unit will be in service in 1958.

Construction of the addition of major steam units at the company's Paint Creek and Rio Pecos Plants will begin this fall.

A 53,000 kilowott steam turbine unit will be added at the Paint Creek Plant on Lake Stamford in Haskell County. Construction will begin next month. The unit is scheduled to be in operation in May, 1959, increasing the plant's capability to 126,000 kilowatts.

At the Rio Pecos Plant near Mc-Camey, a 36,500 kilowatt steam unit will be added. Work is scheduled to begin this fall. The new steam unit to be added to the plant is designed for use with a 5,000 kilowatt gas turbine unit now at the plant. The three 6,000 kilowatt steam units now operating at spring of 1959 the Rio Pecos will be converted to 138,000 volt Plant will have a capability of 59,500 kilowocts.

A new power plant will be constructed on Oak Creek Lake in the northeast corner of Coke County. The 117 acre site selected for the plant is on the west shore of the lake immediately adjacent to Highway 70. A 57 acre portion of the site has been purchased from the City of Sweetwater, and the company is negotiating with Charles Copeland. Coke County ranchman for the purchase of an

Construction of the new power plant will begin early next year. scheduled to be in operation in 1961. The ultimate capacity of the plant will be 225,000 kilowatts.

111/2 miles north of Bronte and three and one-half miles south of Blackwell will be approximately in the geographic center of the company's system. Being almost equi-distant from Abilene and San Angelo, the plant will be well situated to supply the additional power requirement for both cities and the surrounding areas.

The 138,000 volt transmission line connecting Abilene and San Angelo, which is now nearing completion, extends within two to three miles of the new plant location. A 138,000 volt transmission

WTU has purchased the water rights on Oak Creek Lake from the Gulf Oil Corporation. Gulf had previously purchased the rights from the City of Sweetwater owners of the lake. A contract between the utility company and Sweetwater regarding future use of water from the lake has been completed.

The increasing of generating capability is only one part of providing electric power. Transmission lines, substations and distributing systems must be ex-panded and increased in size, capacity and quantity in order to get electricity to towns and custo-

To supplement and strengthen the present 2,652 miles of high voltage transmission lines serving West Texas. WTU plans to have in operation by 1960 a continuous 138,000 volt transmission line from the Oklahoma border near Quanah to San Angelo and another 138,000 volt line from the Rio Pecos Piant at McCamey to Val

Verde County in southwest Texas. The transmission line from Oklahoma to San Angelo will provide continuous 138,000 volt interconnection for WTU's Lake Pauline Plant, the Paint Creek Plant in Haskell County, the Abilene Plant, the new Oak Creek Plant and the Concho Plant at San Angelo. This line will also connect with the Public Service Company of Okahoma's system to provide an

additional source of power. The line from McCamey to Val Verde will connect at the north-ern boundary of Val Verde County with Central Power & Light Company's system, providing addition-

al power from that area.

The Oklahoma-San Angelo line will be in service in 1958 when construction of the northern segments of the line are completed. New 138,000 volt lines will be built between Paint Creek Plant and organizations cooperating in and Munday and from Lake Pauline the clean-up project. to the Oklahoma border. The existing 69,000 volt line from Lake Pauline to Munday will be converted to 138,000 volts.

In 1959, construction of a second 138,000 volt line from Paint Creek to Abilene will begin.

In that same year, ten miles of 138,000 volt line will be built from the Rio Pecos Plant to McCamey. and the present 69,000 volt line the plant will be maintained for from McCamey to the Central peak load use. On completion of Power and Light Company installation of the new unit in the connection in Val Verde County

These 138,000 volt lines will be operated in connection with the 69,000 volt system which interconnects with Southwestern Public Service Company on the north, the Texas Electric Service Company on the east and west, and the Lower Colorado River Authority on the south, in addition to the interconnections with the Public Service Company of Oklahoma and Central Power & Light Co. These interconnections with other additional 60 acres to complete utilities provide for a flow of electric power either into or out of the system as needed.

Not included in the present five The first 75,000 kilowatt unit is vear construction budget, but as an integral part of future planning is a proposed new plant in the San Angelo area. Under terms This new plant to be located of sale of the water system to the city of San Angelo in 1950, WTU retained water rights sufficient to add approximately 90,000 kilowatts of capacity at the existing Concho plant in Son Angelo or at one of the city's lakes. Current plans indicate the possibility of a new plant being constructed on the Three Rivers Reservoir when completed. Young said that he was confident that satisfactory details could be worked out with the

City of San Angelo. The company also owns water rights for additional generation facilities at the Lake Pauline Plant loop will connect the new plant and at the Paint Creek Plant.
to the Abilene-San Angelo line. The Abilene and Conoho Plants

will continue to be staffed and maintained as operating units of the company's generating system. Additional distribution facilities such as main feeders, additional street lighting, capacitors and conversion of distribution systems to higher voltages according balance of the five-year pro-

### Quartet of Local Singers Entertain Lions Club

A quartet of local singers pro-vided the entertainment program at the noon meeting and luncheon of the Lions Club Tuesday in the Texas Cafe dining room.

Composing the quartet were Ray Lusk, Hubert Bledsoe, Mrs. Troy Ash and Hallie Chapman, with George Turner as piano accompanist

Mr. Turner also entertained the club with an original composition. a waltz, as a piano solo.

The program of songs presented by the quartet included Father, Watch Over Thy Child, Sweet Forever, Rock of Ages, He Leads Our Children Home, Salvation's Been Brought Down, and several encore selections.

During the business session, Robt, R. King announced that all members of the Lions Club were to go to the Cemetery Tuesday, Aug. 20 at 6:30 p. m., to spend an hour in cleaning up and beautifying the cemetery premises. Each person should bring a hoe or rake,

King announced. Bailey Toliver and Wix Currie will serve as co-chairmen in assigning sections of the cemetery to groups from the various clubs the clean-up project.

#### Registration Fees On Motor Vehicles Upped 10 Per Cent

A 10 per cent increase in regstration fees for various classes of motor vehicles will become effective August 22. County Tax Assessor-Collector Elizabeth Stewart has been advised.

The increase was provided for in House B.il 620 passed by the 55th Legislature.

All vehicles registered or reregistered beginning August 22 will be subject to the increased fee, the Assessor-Collector was advised. Also, the 10 per cent additional fee for diesel engines has been increased to 11 per cent.

Texas' Longhorn cattle resulted from fusion of Moorish and French cattle with milk cows from the Atlantic Seaboard.

### 82-Year-Old Rochester Woman Goes Back To School

"Back to School" usually means the fall season with its attendant bustle of getting children ready for school or the older ones off to college.

college.

However, for Mrs. Tom Murphey of Rochester, it had an unusual meaning recently. Mrs. Murphey, who will be 82 years old in October, recently enrolled in a sewing class at the high school in Rochester. The class was taught by the Home Ec teacher, Mrs. Betty Herring and the students were women of the community who were women of the community who were interested in quicker and better ways of making clothing.

Of the several who were in the

class. Mrs. Murphey was un- Curry Chapel Church doubtedly one of the better seamstresses. Sewing for herself and family, she had made many beautiful garments, including tailored coats, suits, and dresses. garments were constructed so carefully that a close examination lead one to believe they were made by expert craftsmen.

She also has made many beautiful items for her home including curtains, spreads and linens, indeed, every room has interesting evidence of a true homemaker. Mrs. Murphy also has a talented "green thumb" and knows the names and "habits" of all he

flowers. She is quick to give plants and bouquets to friends and has furnished the floral decorations for many social functions as well as for her church.

She is an active member of the Methodist Church and until recently served her Missionary Society as treasurer. For many years, she gave the annual Christmas party for the society as well as for the Birthday Club. The latter is a group of long time friends who celebrate their birthdays with a luncheon together each month. Members of the club reside in Rochester, Haskell and Mrs. Murphey and the late Mr.
