Three Killed in H Near Baird Mon

Three persons were killed in two separate accidents on Highway 80 near Baird this week.
The first accident, which happened early Monday morning just west of Baird, involved a Chevrolet station wagon and an Oldsmobile. James Luther Lovelady, 31, a Ft. Bliss soldier, who was in the station wagon, was killed. Mrs. Wanda Hamilton Patterson, about 25, of Platt, Kans., a passenger, remains unconscious in Hendrick Memorial Hospital.
The other fatality was Mar Rosales, 21, of Abilene, supposedly driver of the Oldsmobile. On the critical list in Hendrick Memorial Hospital are Benito Garcia of Abilene and H Benito Garcia and Daniel Gonzales, both of Abilene. Six persons were riding in the Oldsmo-

ILLAO HIRT A OT-CAR.

According to Highway Patrolman Cecil Weems, Wilson apparently fell asleep and his vehicle ran off the road.
Wilson's death boosted the Callahan County highway fatality toll to four for the year.

SWEET'N' SOUR

By A. Dill
October's bright blue weather is here and even if you had no calendar to remind you, you'd know it, wouldn't you? September may be a hybrid with the cool head of autumn and the hot blood of summer, but October is a thoroughbred - even her warm days aren't deceptive, and there's the clear bright notes of winter in the voice of the wind.
Dear friends, have you been confused, bothered or bewildered by the deluge of football prophecies that fill every paper and fly like Autumn leaves with every blast of a referee's whistle? Then ponder no longer, as a service in public interest, this column brings you the unequalled forecasts of the one, the only "Yogi" Boyd - accept no substitutes. Mr. Boyd (our very own solid citizen Lowell) may be unsung as a forecaster, but did you know that he has a batting average of 90? That was for last season. This year he has reported that remarkable talent by calling 3 out of 4 games played. We contacted Yogi Boyd for his prediction of this week's Baird-Merkel tiff and he came up with this - Baird, 14 - Merkel 6. (Ah, ha, Mr. Spivins - you now have competition, but with a gift like Yogi's and a press agent like this, you haven't a chance, Charlie, ma' boy, you might as well make like the proverbial Arab, fold up your Crazy Crystal 'n quietly steal away).
Congratulations to Eva Black, tiny blonde, brown-eyed daughter of Mary and Ray Black, who won the recently sponsored Kellogg Co.'s Yogi Bear contest. Eva's drawing of a birthday card placed her in the winner's circle, and all of us cheered when she made a TV appearance to accept her award. By the way, Eva had a birthday on September 30, so it's been a big week for the youngster.
One of the most attractive yards you'll see anywhere surrounds the D. C. Cox home. The candle plants are particularly lovely now.
Maude and Fred Hart had a wonderful week end - they attended the annual reunion of NTSTC graduates, held this year in the Baker Hotel in Sweetwater. Zedie Pysent of Clyde accompanied the Harts. Maude and Zedie were room-mates at NTSTC and the reunion held especially happy memories for both of them.
A great big bouquet for lovely Kitsy Ross, sparkling brown eyes, deep honey curls took the judges heart last week when the young lady won the annual High School Beauty Contest. The prettiest girls in the world attend Baird schools, and those of you who saw the contest will agree. Second place honors went to an attractive Freshman candidate, Sharon Jeter; third place was taken by the peaches and cream beauty of Carol Lynn McGowen, a Sophomore, and fourth honors were taken by lovely Linnea LaCour, Junior contestant.

Notice Wheat Producers:
This is a reminder to all wheat producers who are dissatisfied with their payment rates for reducing wheat acreage in 1962 that October 9, 1961, is the final date to appeal their rates.
Appeals must be made in writing and submitted no later than the above date. Acceptable evidence will consist of weight tickets, certification of wheat buyers and other documents that will clearly substantiate the yield. The payment rates will be based on the production of wheat in 1959 and 1960.
You should submit the evidence and file your appeal with the ASCS office.

Foot-In-Mouth Football Forecast By CHARLIE SPIVINS

Rear View
Last week went 50-50 for District 7-B, with the dependable flag raisers, Jim Ned and Gorman, counter-balancing for Rising Star and May.

Gorman shutout another victim, Hico, 30-0. Gorman is not only unbeaten and untied in four matches, but has not allowed so much as a single point by opponents while racking up 82 for themselves.
Jim Ned, while not so stingy defensively, has won 5 straight to hold its number one position in the district. They routed Bronte last week, 28-8. The Indians meet a strong Clyde team this week in a contest that both Baird and Gorman will be watching with interest.

Rising Star lost to Early, 6-14 for its third loss of the season against two victories, but has a very good opportunity to even the score against May, Saturday.
May managed to score more points against Rochelle than it has all season, but lost its fifth contest, 21-42.
Charlie got three right and one wrong last week.

Crazy Crystal
Baird did well to hold Merkel. Charlie reads Baird 14, Merkel 14.
Jim Ned is due for its first loss of the season. Clyde 21, Jim Ned 8.
Gorman 22, Aleda 6. Panthers get scored on.
Rising Star 36, May 6. Rising Star to make it 3-3.

Baird Cubs Roll Over Lueders

The Baird Cubs put together lightning ground attack, implemented with a little aerial gunnery to completely swamp a confused and mistake-burdened Lueders team Tuesday night.
The first quarter passed rapidly, with only one threat on the part of the visitors, which ended on a fumble and a Baird recovery at the Baird 23-yard line.

The second quarter saw considerably more action, with Baird's two rapid-fire TD's. Wayne Alexander ran the first one from the 11; kick for point was blocked. Byron Snyder ran around end for 18 yards, to inside the 20, and Steve Stanley made the second tally. Snyder made the PAT good for two points.

Lueders made a serious threat late in the second quarter, moving to the Baird 9-yard line, but failed to score. The half ended 14-0.
The second half opened with a short Baird kick-off. A Lueders lineman fumbled and Baird recovered, but were forced to punt. Lueders tried 3 downs and attempted to punt. It was blocked and Baird recovered on the Lueders 35. Wayne Alexander took the ball inside the 20, and again Stanley carried it over. Snyder added two more points. The third quarter ended 22-0.

In the fourth period, Lueders drove just inside the Baird 20, only to be frustrated again by Baird's defensive unit.
With 1:17 left in the game, the Cubs racked up 8 more points on another Stanley sprint of 20 yards. The two points was added by Wayne Alexander.

YOUR Chamber of Commerce Directors Meeting

The Baird Chamber of Commerce Directors will meet at 7:30 p. m. Monday in the chamber office. The meeting is an important one and should be attended by every director.
Brucellosis Program Needed in County

Brucellosis, or Bangs disease, costs livestock owners millions of dollars each year. The Brucellosis program was affected on the state level to protect the interest of individual cattle owners and the state market as a whole.
The program is handled on a county level and is done on a voluntary basis. Seventy-five percent of the cattle owners in the county, owning 51 percent of the total tax rendered cattle, are needed to sign a petition stating that they desire the program, in order for the program to be put into effect.
While no one is required to sign the petition if they so choose, it is also true that there can be adverse effects resulting from not having a "clean slate." The larger percent of the counties in West Texas have adopted the program. Brown, Coleman, Taylor, Shackelford and Stephens counties in our immediate area have already done so. Those counties still uncommitted are fast becoming a smaller and smaller majority and the restrictions placed upon these untested counties can cause serious problems in the marketing of their cattle. The effect can be interstate as well as inter-county.

Brucellosis, called Undulant Fever in humans, not only makes barren, but is infectious to humans as well as cattle, and can be contracted through physical contact or by the drinking of unpasteurized milk from an infected animal.
The cattle are tested free of charge - the only requirement being that of having them available at a working chute or other means of convenient handling for the taking of blood samples. All dairy cattle, purebred beef cattle and herds of fifty or less must be completely tested. Larger herds need only a representative number to be tested.
There has not been a large amount of movement in the cattle market over the past few years, due to herd rebuilding following the drought. However, with many herds reaching capacity, the time is near for an increase in marketing. The reluctance of buyers from tested areas to bid on animals from untested areas could soon hurt the cattle industry in Callahan County.

The facts are here, the petitions are in circulation, and the decision is yours.

Owings, Emma Owings, Charles Owings, Pearl Hayes Owings and George Owings, if they be living, but if they be not living, then the unknown heirs of B. F. Hayes, George Hayes, Beulah Hock, A. L. Hock, Rosie Hayes Hensley, E. R. Hensley, Willie Hayes Jones, J. C. Jones, Mattie Hayes Sullivan, G. H. Sullivan, Eugene Hayes, Leo Hayes, Viola Hayes Herron, J. S. Herron, Edgar Hayes, Cora Hayes Boyd, Lloyd Boyd, Eva Owings, Emma Owings, Charles Owings, Pearl Hayes Owings and George Owings, their heirs or legal representatives, and the unknown owners of one half of the minerals in the land hereinafter described, other than J. L. Pippen, Winnie Pippen and J. R. Petty, Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Callahan County at the Courthouse thereof, in Baird, Texas, by filing a written answer at or before 10:00 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 30th day of October, 1961, to Plaintiffs' Petition filed in said court on the 11th day of September, 1961, in this cause, numbered 11,415 on the docket of said

court, styled **J. R. Petty et al. Plaintiffs, vs. George Hayes et al. Defendants.**

A brief statement of the nature of this suit is as follows to-wit:

Plaintiffs' suit is for the appointment of a receiver to execute an oil and gas lease covering a half interest owned by Defendants in 40 acres of TE&I Co. Survey No. 3156, in Callahan County, Texas, described as follows:

BEGINNING 637 varas West of the Northeast corner of Survey 3156; **THENCE** South 413.1 varas; **THENCE** West 546-2/3 varas; **THENCE** North 413.1 varas; **THENCE** East 546-2/3 varas to the place of beginning, and containing 40 acres of land, more or less.

Plaintiffs allege that J. L. Pippen and wife, Winnie Pippen, own 1/2 of the oil and gas in said land, and have leased such mineral interest to Plaintiff J. R. Petty, and that Defendants own 1/2 of such minerals, but that Plaintiffs do not know the amount of such minerals owned by each Defendant and are unable to determine the mineral interest owned by each Defendant. That Plaintiff J. R. Petty is ready, able and willing to drill a well or wells on said land for the development of the oil and gas therein, but that it would not be economically feasible to drill said wells without a lease on Defendants' interest in said minerals. That Plaintiffs will suffer substantial damage unless a receiver is appointed to lease the mineral interest owned by Defendants, as is more fully shown by Plaintiffs' Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof and make due return as the law directs.

Issued and given under my hand and the seal of said court at Baird, Texas, this the 12th day of September, 1961. (SEAL)

ATTEST: Mrs. Corrie Driskill, Clerk of District Court, Callahan County, Texas 38-4-c

News From Your County Agent
By TRAVIS ALLEN

Two county 4-Hers, Gary Goin of Clyde and Becky Dyer of Clyde, won second and third, respectively, in the area Sears Swine program heavy litter contest. This is a part of the Sears program for the Abilene store area. The awards are made to the 4-H member whose litter of pigs weighed out the heaviest at 56 days of age. Each litter is weighed separately and witnessed by the county agent and one other person. These weights are sent to the District Agent and he compares them with others in the area to find the winner.

Gary weaned 10 pigs at 56 days of age and they weighed a total of 365 pounds, which was heavy enough to win second in the area. Becky Dyer weaned 11 pigs at 56 days that weighed a total of 342 pounds and placed third.

Sidney Foy and son, Freddie, local registered Hampshire sheep breeders, will take ten head of their sheep to the Texas State Fair at Dallas this Friday, and compete with flocks from over the United States for awards.

With the cooling weather, the possibilities of a frost coming, all livestock owners are cautioned to remember the danger of acid poisoning from sorghums just after frost. All sorghums are susceptible to a build-up of acids immediately after frost and should not be grazed until the stalks have thawed and the leaves dried. Freezing causes rapid release of prussic acid gases that make the forage toxic during the time it is frozen and while thawing.

Party decorations were on the honoree's chosen colors of pink and white. Centerpiece for the lace laid table was an arrangement of pink roses with white milk glass appointments.

Mrs. Frank Payne received with her daughter, and Rosalyn Dunlap registered guests.

The honoree wore a tailored navy blue suit with white accessories. Her corsage was of pink carnations.

She was the recipient of many beautiful gifts. An electric percolator was presented by the hostesses.

Other members of the house-party were: Mmes. Garvin Jones, Dale Brown, Archie Nichols, Roscoe Shelnut, Medford Walker and Louise and Dove Bates, Jenice Price, Louanna Barnes, Syble and Ethel Abernathy.

Masters-Dickson Wedding in Freeport

Linda Masters became the bride of Howard Donald Dickson in an impressive double ring ceremony, held in the Church of Christ at Freeport, Saturday, Sept. 30, at 7:30 p. m.

Parents of the couple are Mr. and Mrs. Masters of Freeport, and Mr. and Mrs. Hugh Dickson of Baird.

Given in marriage by her father, the bride wore a white street length dress, with pearl jewelry and a corsage of blue and white carnations.

A reception followed at the church. Parents of the couple assisted in receiving the guests.

Mr. Dickson graduated from Baird High School in 1955, and served four years in the U. S. Air Force. He is employed as an electrician with the Kieke Electric Co., at Freeport.

Following a wedding trip, the couple will reside at 415 1/2 West Broad Street, in Freeport.

Sweet and Sour . . . (Continued from Page 1)

Autumn's regal colors are splashing the roadsides now - tall spires of golden Mexican "flowers of the sun," mingled with the royal purple of thistle, aren't something you'll soon forget.

Fall flowers are blooming in town yards, too, and don't you love the lavender powder-puff look of Michaelmas Daisies when they bloom in profusion? There are some pretty ones at Cecil Nichols' home.

Did we say October never fools anyone? She completely hoodwinked the Iris in Mrs. Appleton's yard. Standing tall and bright, they think its April and peer over their green spear leaves for the coming of an errant Easter rabbit.

Need a kitten - Roberta Lawrence is just mite over-stocked on that commodity. The little girl has fifteen furry balls of mew and wants homes for a few of them.

Happy home-making (or whatever it is you say to folks who are moving into a new home) to the L. B. Howards, who are now situated in a lovely new place on Ross Drive. By the way - a

report on Mr. Howard after his first six weeks "active service" as head of the Baird schools can read only "completely satisfactory." Howard is an excellent school man from every point of view and no one agrees more heartily than the youngsters he works with - they love and respect him, which is just about a perfect combination.

Birthday greetings to some "late" September folk and "early" October ones. Roy Jarrett had a birthday Sept. 25, and on the 28th, Mrs. Tom Hadley and Mrs. C. M. Peek had their special day. Earl Hughes celebrated on the 28th and Cecil Barton had his big day on the 29th - greeting to all of you.

October 3rd brought a cake with candles to a very special person - Dr. M. L. Stubblefield. The 3rd is also David Jones' birthday and Mrs. Cecil Barton's celebration time.

Let's send a great big hearty Happy Birthday out west of Baird to H. G. Hamrick, who had a big day Oct. 4th.

Cathy Barton celebrates on the 5th and on the 6th Jane Ann Gardiner (out in Roswell), Sonia Walker, and Louanna Barnes

all have their day on the 6th. The 6th is also Frank Estes' birthday, and we're sorta' fond of that fella' being related, you know.

On October 8th, there'll be a celebration at the Barton home - that's Tom birthday, and it's also Mike Harts day and Mrs. Gus Hall.

October 9th means something special at our house - "Mammy's Buffday" - it's also Cotton Barnes' day and they usually manage to celebrate it. Evette Meadows is another Oct. 9th young'un and ditto for Carl Schaff-rina.

Leave it to our Mother to come up with this quip (as we steadied ourselves from the rock of a sonic boom) - "These sounds of safety could give a person a nervous breakdown. You have to be rather rugged to withstand all of this protection."

Sp4c Don Loyd is at home on 25 day leave, with his parents, Mr. and Mrs. C. J. Loyd. He has been stationed at Ft. Bliss the past several months, and is being transferred to the McGregor Firing Range in Maintenance Technical Engineering Dept.

The Baird Star, Baird, Callahan County, Texas, October 6, 1961

Mr. and Mrs. Robert J. Morgan, Tim and Robert Shean, visited his aunt, Mrs. Faye White the first of the week. They were en route to Bareilly, India, where Mr. Morgan will be construction superintendent for Firestone rubber plant being installed there. They will be in India for 18 months.

I spent Friday night with Fay and Emmitt Wood and Saturday afternoon we went to San Angelo to see their daughter, Bettie Wyatt and family. We really did enjoy visiting them. They have a pretty new house, moved into it some time in June, and already have their yard looking real pretty.

Mrs. Ella Thornton of Brady spent the week end with Burette and Johnny May Ramsey. Those having Sunday dinner at the Ramseys were Ella, Mr. and Mrs. John Farmer of Ft. Worth, Mrs. May Lumpkin of Argyle, Mrs. Ray Reed of Denton. These ladies are cousins of Johnny May Ramsey.
