Planting a seed for United Way

Endowment fund started with PBAF donation

By **AMANDA DUFORAT**
 Managing Editor

The Permian Basin Area Foundation recently awarded The United Way of Big Spring and Howard County with \$700,000, to help establish an endowment fund.

"This is a big deal and we are super excited and beyond appreciative to be receiving this donation," Christian Fair, United Way of Big Spring and Howard County Executive Director, said. "This donation allows us to start the endowment fund and allows us to support local agencies on an even wider scale, allowing campaign funds to go further."

The Permian Basin Area Foundation - a community based foundation donor services organization - was established 30 years ago and currently has around 70 agency endowments. The organization manages about 300 permanent endowments, according to Aaron Bedell,

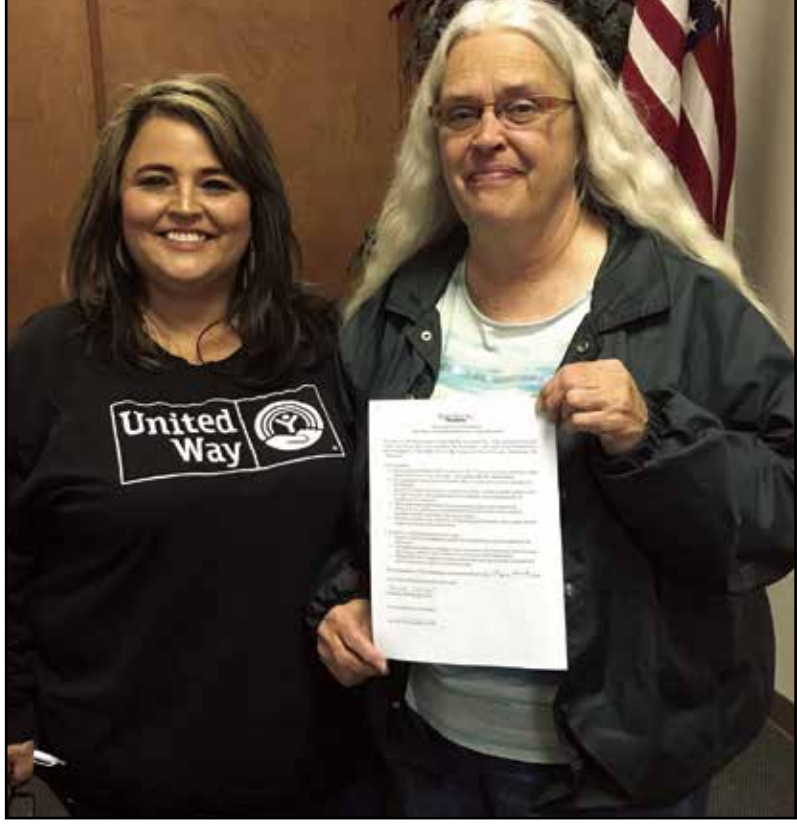

Permian Basin Area Foundation representative.

"Our roots are in United Way. We actually got our start with the United Way in Midland, when George Bush was serving on the board," Bedell said.

The generous donation, which has helped plant the seed and form the long standing roots of United Way of Big Spring and Howard County, came through the hands of a donor with mineral interests in Howard County.

"The Foundation had a donor who had mineral interests and had roots in Howard County; we wanted to make sure those funds went back into the community that they came from," Bedell said. "We may not have community in our name, but our foundation is rooted in community and supporting local communities and investing back into those communities is what the Foundation is about."

By **ANNA GUTIERREZ**
 Staff Writer

The seventh lecture in the series "Events That Changed History" was about Hippocrates, who is referred to as, "The Father of Medicine." It was during the time of Hippocrates that the thinking shifted from believing that the gods were responsible for illnesses to understanding that disease is the result of physical factors that can be understood and analyzed by humans, and can be cured or treated using the mind, reasoning and skill of the doctor without

Allredge Gardens of Midland, in the amount of \$315,189.58. The bid comes in significantly below the \$375,000 estimated cost of the project; as well as below the other bidder – Hawkins Construction, who bid \$398,970. Both bidders submitted bid bonds, performance bonds, and insurance information along with their bids.

The first phase of the project will include bringing the amphitheater into compliance with the Americans with Disabilities Act, creating ramps and accessible seating areas for wheelchair-bound visitors; as well as erecting a permanent roof over the stage.

According to Barney Dodd, chairman of the Amphitheater Improvement Committee, many bands will not play in an outdoor venue without a roof, because of the risk of rain damaging their instruments, amplifiers or other electronic equipment.

The recommended bidder on the Beals Creek project, ERS of Mississippi Inc. of Jackson, Miss., submitted a bid of \$141,141. The submission was the low bid; other companies submitted bids ranging from \$203,043 to \$235,940.

In other business, the council will revisit their discussion from the March 12 meeting about allowing golfers on Comanche

Trail Park Golf Course's reduced-cost Senior greens fees plan to play on holidays which fall on weekdays. Previously, those on the Senior plan weren't allowed to play at the park on holidays or weekends.

The measure was approved by a vote of 4 to 2 at the previous meeting, and the item on this week's agenda will add the new stipulations into the city code. The new item separates the "Limited Play" category into Senior and Junior categories. Seniors 65 and older paying the annual reduced fee – \$475 for an individual or \$600 for a family – will now be allowed to play on weekday holidays, while those 17 or younger paying a reduced greens fee of \$150 per year will still be required to pay additional daily greens fees on all weekends and holidays.

The council will also:

- Hear a presentation of the Big Spring Economic Development Corporation's audit for the fiscal year ending Sept. 30, 2018.

- Hear a presentation of the city's Comprehensive Annual Report for the fiscal

year ending Sept. 30, 2018.

- Consider donating retired rescue tools to the Volunteer Fire Department in Wingate, Texas.

- Consider allowing Howard County residents outside the city limits of Big Spring to fill up to two seats on the newly re-established seven-member Parks and Recreation Board.

- Consider changes to the Nationwide Retirement Plan for city employees.

- Consider amendments to the city's investment policy.

- Consider an agreement with Howard College for use of city property.

LECTURE

resorting to prayers or incantations. Therefore, Hippocrates is attributed with the birth of scientific medicine, the first true scientific doctor.

It was the teachings of the Athenian democracy, that men and women could govern themselves and that there was no need for a ruler appointed by the gods, and the freedom afforded by the democracy, that attracted many scholars to Athens. It was in Athens where Hippocrates became involved in the debate about whether humans could gain too much knowledge.

Hippocrates studied fractures and recommended treatments that were still be utilized in the 19th Century. He was very concerned with diet and how that played a roll in overall health, and how to use diet to prevent illness and to balance the four humors: black bile, yellow bile, phlegm and blood. He also extensively studied the "sacred disease," epilepsy and concluded it was caused by a malfunction in the brain.

Hippocrates also had the unique opportunity to study what was probably an outbreak of typhus after ships from Egypt arrived carrying grains. Shortly after their arrival, Athenians began to fall ill in large numbers and lost about 20 percent of its population.

Even though Hippocrates did not believe the gods were responsible for illnesses, he still felt he had an obligation to the gods, as he did to his patients. The Oath written by Hippocrates is still held sacred by physicians today.

BIG SPRING – The Hawks showed their power at the plate in a four game series with Western Texas College this past weekend. Howard College swept the Westerners in back-to-back double-headers on Saturday and Sunday with outstanding hitting and some impressive pitching as well. The Hawks out hit Western Texas 40 to 22 in the series and outscored the Westerners 32 to 15 in the four game sweep. With the four big wins Howard College improved their conference record to 10-2 and are tied for second in the conference.

In the first game of the series Saturday at Jack Barber field, the Hawks pulled out a close win with a big 4 run fifth inning to give Howard College the narrow 8-6 victory. The Hawks only outhit the Westerners 8 to 7 in the game, but were able to turn more of their hits into runs to get the close win.

Howard College got on the board early with three runs in the bottom of the first inning on an RBI single by Pimentel followed by a 2-run blast by Nick Jodway to take a 3-0 lead. The Hawks would add another run in the bottom of the second on a Western Texas error after holding the Westerners scoreless to go up 4-0.

Western Texas responded in a big way scoring 2 runs in the top of the third and the fourth while holding the Hawks on defense to tie the game at 4-4. The Westerners struck again in the top of the fifth, scoring 2 more runs to go up 6-4. The Hawks had the answer and scored 4 runs in the bottom of the fifth on back-to-back RBI triples by Diego Ramirez and Lance

Tony Claxton (www.claxtonphotography.com)

Howard College's Nick Jodway hits a home run during the Hawk's 8-6 win over Western Texas College in game one of a doubleheader played on Saturday, March 23.

Russell to tie the game at 6-6. Followed by a big time 2 run shot to right field from Pimentel to take a 8-6 lead. Neither team could create any offense in the remaining innings and Howard College held on to take the win 8-6.

Jordan Mikel got the victory on the rubber for the Hawks. Mikel pitched seven innings, allowed 6 runs on seven hits and struck out 8 in the win. Ince was on the mound for the Westerners. Ince pitched six inning, allowed 8 runs on 8 hits and struck out just one in the loss.

In the second game of the series on Saturday, the Hawks pitching did the heavy lifting as they shutout the Westerners to get their second victory

of the day. Howard College out hit Western Texas 5 to 4, but turned those hits into runs to pull out the 5-0 victory. Nicco Cole got the start and the win for the Hawks on the mound. Cole threw eight innings of shutout baseball, allowing just 4 hits and striking out six in the win. Bates came in and closed out the game in the top of the ninth to preserve the shutout.

Howard College got on the board early with an RBI single by Pimentel to left field to take a 1-0 lead in the bottom of the first. Neither team scored any runs again until the bottom of the fourth inning in what became a pitcher's duel of a game.

In the bottom of the fourth, the

Hawks found some life at the plate when Jodway went yard with Russell on base for a 2 run homer over the left field wall to increase Howard College's lead to 3-0. The Hawks added another run in the bottom of the fifth on a passed ball at the plate to increase their lead to 4-0. Neither team scored again till the bottom of the eighth when Pimentel struck again, this time with a hard grounder in the gap to drive in another run and go up 5-0. The Westerners couldn't answer in their final at bat and the Hawks took the victory to go 2-0 on the day.

In the third game of the series on Sunday, the Hawks traveled to Snyder to complete their four game series with a double-header their. The home field advantage seemed to have the opposite effect for the Westerners as Howard College thumped Western Texas 11-3 and out hit them 13-4. With their bats on fire the Hawks made short work of the Westerners to go up 3-0 in the series.

Howard college got the scoring started early with another hit from Pimentel. Pimentel drove in 2 runs on an RBI single to the opposite field to take a 2-0 lead in the top of the first. Western Texas did answer with a run of their own in the bottom of the inning, but still trailed 2-1 heading into the second.

In the top of the second Raul Ortega drove in another run on an RBI single to left field to go up 3-1. The Hawks defense held the Westerners scoreless in the bottom of the inning and then the Howard College bats really went to work in the top of the third.

Isaac Murillo rounds third base and heads for home for an inside-the-park grand slam during the Coahoma Bulldogs versus Colorado City Wolves varsity baseball game held Friday, March 22, in Colorado City.

Special to the Herald

COLORADO CITY — Isaac Murillo had a seven RBI day including an inside-the-park grand slam during the Bulldogs 16-1 victory over 5-3A district rival Colorado City on Friday.

The bases were loaded and one out in the fourth inning when Murillo stepped up to the plate. The Coahoma High School junior blasted a flyball to center field which hit the fence and rolled back onto the field. However, the Colorado City Wolves outfielders couldn't get the ball to home plate fast enough to stop Murillo from running the bases for the score.

Overall, the Bulldogs got plenty of work out of Murillo who went 2-for-4 at the plate with two runs, a triple, a home run and seven RBIs, and he was just one of several of Coahoma big bats out in force Friday night. The Bulldogs out hit the Wolves 13-4.

Zack Schneider had a solo home run for the Bulldogs in the third inning off a 1-2 count. Brant Gartman was 3-for-4 at bat with two runs and two steals. Avry Burgans pounded out a triple. Braxton Chandler and Taylor Barnes had multiple hits. Chandler hit a double and got two

runs. Barnes earned an RBI from a single on a line drive to third base.

Barnes went the distance on the mound for the Bulldogs. He allowed four hits, one run and struck out five over five innings.

Next: Coahoma (8-5-1, 2-3) will travel to Merkel for a 5-3A match up against the Badgers. Game time is 4:30 p.m. for the JV and 7 p.m. for varsity.

Corley hits 6th inning homer to push Coahoma into the lead

COAHOMA — Caitlyn Corley hit her first homer of the season in the sixth inning to put the Coahoma Bulldogettes on top in a late in the game comeback against the Class 2A Haskell Maidens Saturday.

The Bulldogettes were down by two runs when Corley stepped up to the plate in the sixth inning with one out. However, Cassie Grant, who was sitting on third, stole home base during Corley's at bat to cut the deficit down to one run.

Then Corley sent a dinger over the center field fence for two RBIs and pushed Coahoma into the lead by one run. Madison Rodgers and Sydney Rinnard bumped up the Bulldogettes lead by two runs after successfully stealing home before the Maidens got the third out.

Tomorrow's Horoscope

By HOLIDAY MATHIS

course, the bad ones hurt. But they also tell us when to change direction and hint to us about which way to go.

Countdown to Venus Change

ARIES (March 21-April 19). Young people have to learn to say "yes" in a world where everything is new and scary. Mature people have to learn to say "no" in a world that will use every last resource they have to give if they let it happen.

TAURUS (April 20-May 20). You're unique. As you work, those creative impulses you experience seem so natural that you assume anyone in your position would do the same thing. But that's not the case. Understand and protect your originality.

GEMINI (May 21-June 21). One style of leadership you'll encounter is a superior's tendency to ignore the junior's ideas and concerns in hopes that such things will pass. They will. So will loyalty, contribution, engagement and more.

CANCER (June 22-July 22). One person who hears your message and listens well

is better than a million people who hear it but don't listen. This is why it's so important to find a receptive audience.

LEO (July 23-Aug. 22). What you imagine you can do and what you can actually do won't always match up. Sometimes you're capable of much more, and other times far less. It will be a fun surprise how this shakes out. So keep trying.

VIRGO (Aug. 23-Sept. 22). Do you have enough? The determination will depend solely on what metric you use. If you measure in terms of material wealth, you will never have enough because there will always be someone with more.

LIBRA (Sept. 23-Oct. 23). The fact is that minds are not so fixed as you might think. People change their minds every minute. People even change their memories! Sometimes you can sense it's better to take "no" for an answer. Not today. Ask again.

SCORPIO (Oct. 24-Nov. 21). You're con-

stantly improving and updating your social skills and manners. These rules do change with the times, and you're excellent at keeping up with them, usually intuitively, but right now the effort is conscious and deliberate.

SAGITTARIUS (Nov. 22-Dec. 21). Each person's soul possesses a lockbox of yearning. The yearning cannot exactly be erased, but it can be aired out and refreshed when someone with the right key comes along to open it up, as will be the case with you.

CAPRICORN (Dec. 22-Jan. 19). Maybe it's too restrictive to see some emotions as bad and others as good. Of

AQUARIUS (Jan. 20-Feb. 18). Sometimes extra is good, as in extraordinary. Sometimes it's not, as in the colloquialism "she's so extra." It's a day not to mute it just to fit in. Express your "extra" now, and assess it later.

PISCES (Feb. 19-March 20). Are people behaving in shallow and silly ways, or are you just more curious, creative and complex than they are right now? Don't waste time judging either state of mind. Go where you're comfortable.

to be, as it creates a story about the emotions befalling us and happening to us when actually emotions very much come from inside us. Emotions are information produced by the body to help us move toward our own health and well-being. So basically, emotions are data for our built-in navigational system.

The hard part is that emotions speak one language (the language of the body and of the subconscious mind) and we speak in the language of words, stories and rationality. Therefore, misinterpretations will happen. In short, the language of feelings can be so hard to decode. But the first step, the one that will help during this Venus transit, is to recognize that feelings really are there to help, the caveat being that you have to feel them first.

Annie's Mailbox

Controlled by Parents

Dear Annie: As long as I can remember, my parents have controlled the majority of my actions. They've told me which classes to take, which subjects to pursue, which extracurriculars to participate in, which colleges to apply to. Over the years, when I've tried to speak up, they've shut me down -- especially my dad. Throughout my childhood, he was quick to yell and berate my sister and me when we didn't meet his high expectations. I've learned that my thoughts and feelings don't matter.

As you'd imagine, this has adversely affected my adult relationships. Even after moving out, even after finishing college, even with my own self-sustaining income, I still feel under their control. My brain doesn't know how to act on my own wants, my own needs that go against their will. I know it's my life and I need to do what's best for me, but mentally, I feel

entirely subservient, and I hate it. For instance, my parents are insistent that I will be going back to school (to get a master's), even though I've expressed that I'm not sure I want to go. (I am sure that I don't want to go.) They insist that I'm giving up on my dream, but it's not my dream; it's theirs. I've heard from friends that grad school is really difficult and that it's virtually impossible to succeed at it if you're not fully committed and passionate about what you're studying. So it'd be a huge waste of my parents' money -- yes, they'd be paying -- for me to go back to school.

I've told them what I want to be doing with my life, but they won't listen. I feel trapped. I'm terrified of not meeting my parents' expectations and of having my dad yell at me. But I can't keep living like this. -- Parental Pawn

Dear Parental Pawn: If you need my affirmation, you have it in spades. You should not go to grad school if you don't want to, even

(perhaps especially) if someone else is paying for it. You're doing the right thing by taking ownership of your decisions. This is your life, and you seem to have a pretty good idea of how you want to live it, though your parents' domineering behavior might make you temporarily forget sometimes. I don't think you need my affirmation at all.

I can tell you all this, and you can tell yourself the same things, and you can know, intellectually, their validity. But to feel that they're true is a different story. To reach that point, it might require the aid of counseling. There are therapists who specialize in treating adult children of narcissistic or controlling parents. I encourage you to ask your medical provider whether he or she could recommend any such counselor (or could point you in the direction of someone who can). Be sure to look for a therapist who is licensed by your state. Make an appointment today -- and don't feel obligated to tell your par-

ents you're doing so.

Dear Annie: You recently printed a letter from "Continually Cautious," about burglars targeting homes during family funerals. Please tell your readers about a similar scam: Crooks have been known to take advantage of bereaved individuals by contacting them and asking them to repay a "debt" that the deceased loved one incurred. These scammers say, "I lent your departed loved one money, but he/she didn't want you to know." In truth, there was no such debt. Don't hesitate to contact your local law enforcement agency if you're unsure of the validity of the request. -- Also Cautious

Dear Also Cautious: Thank you for this word to the wise -- and shame on these scammers and their dearth of decency.

Send your questions for Annie Lane to dearannie@creators.com.

The bidding:
East Pass South 1♠ West 2♣ North 4♠
Opening lead — four of spades.
This deal occurred in the 1972 World Bridge Olympiad and illustrates how different minds can run in different directions at different tables.

In the Sweden-Italy match, the Swedish North-South pair got to four spades on the bidding shown. Declarer made six for 480 points when he luckily found East with the K-x of diamonds and so lost only a club trick.

When Italy's Pietro Forquet and Benito Garozzo held the North-South cards, they got to six spades after a forcing one-club opening:

East	South	West	North
Pass	1♣	Pass	2♦
2♥	2♠	3♥	4♠
Pass	4NT	Pass	5♠
Pass	5♥	Pass	6♠

It was a rather poor slam for the Italians to reach, but Providence was on their side (in bridge circles in those days it was often said that God must be an Italian), and Garozzo scored 980 points for making the slam.

When the same hand was played in the South Africa-Germany match, the South African pair also got to six spades, and West, who had been silent during the bidding, made the extraordinary opening lead of the nine of diamonds. (It is customary to lead the higher card of a suit when holding a doubleton.)

It is very hard to blame declarer for reading the opening lead as a singleton (or doubleton 9-3). He covered the nine with the jack and won East's king with the ace (covering the nine with the jack was necessary if East had started with K-10-3).

After playing the A-K-Q of trump, the South African declarer led a diamond from dummy and, after East followed with the three, confidently finessed the eight. Alas, West produced the ten and cashed the ace of clubs to put the contract down one.

Tomorrow: There's only one hope.

Fun By The Numbers
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Today's Highlight in History:
On March 25, 1911, 146 people, mostly young female immigrants, were killed when fire broke out at the Triangle Shirtwaist Co. in New York.
On this date:
In 1634, English colonists sent by Lord Baltimore arrived in present-day Maryland.
In 1865, during the Civil War, Confederate forces attacked Fort Stedman in Virginia but were forced to withdraw because of counterattacking Union troops.
In 1894, Jacob S. Coxey began leading an "army" of unemployed from Massillon (MA'-suh-luhn), Ohio, to Washington D.C., to demand help from the federal government.
In 1915, the U.S. Navy lost its first commissioned submarine as the USS F-4 sank off Hawaii, claiming the lives of all 21 crew members.
In 1931, in the so-called "Scottsboro Boys" case, nine young black men were taken off a train in Alabama, accused of raping two white women; after years of convictions, death sentences and imprisonment, the nine were eventually vindicated.
In 1947, a coal-dust explosion inside the Centralia Coal Co. Mine No. 5 in Washington County, Illinois, claimed 111 lives; 31 men survived.
In 1965, the Rev. Martin Luther King Jr. led 25,000 people to the Alabama state capitol in Montgomery after a five-day march from Selma to protest the denial of voting rights to blacks. Later that day, civil rights activist Viola Liuzzo, a white Detroit homemaker, was shot and killed by Ku Klux Klansmen.
In 1975, King Faisal (FY'-suhl) of Saudi Arabia was shot to death by a nephew with a history of mental illness. (The nephew was beheaded in June 1975.)
In 1988, in New York City's so-called "Preppie Killer" case, Robert Chambers Jr. pleaded guilty to first-degree manslaughter in the death of 18-year-old Jennifer Levin. (Chambers received 5 to 15 years in prison; he was released in 2003 after serving the full sentence.)
In 1990, 87 people, most of them Honduran and Dominican immigrants, were killed when fire raced through an illegal social club in New York City.

HAWKS

Continued from Page 4

Pimentel, Trace Bucey and Seth Ochoa each drove in runs to increase the Howard College' lead to 7-1. Bucey drove in 2 of those runs with his impressive double in the inning.

With a big lead the Hawks defense relaxed a bit and gave up 2 runs to the Westerners in the bottom of the fourth before locking down and not allowing another run in the game. Ortega drove in another run in the top of the sixth for Howard College on a RBI single to center and Jodway went deep again in the top of the seventh to seal the deal with a 3 run shot over the left field wall to take an 11-3 lead.

The Hawks looked great at the plate in the win and Ricky Apodaca pitched really well. Apodaca threw five inning, allowed 3 runs on 3 hits and struck out 8 in the win.

In the final game of the series on Sunday, the Hawks had to come from behind and win late in order to get the sweep of the Westerners. Howard College trailed for most of the game before finding their timing at the plate and putting up a huge 5 run eighth inning to steal the win from Western Texas and go 4-0 in the series. Despite out hitting the Westerners 14-7, the Hawks narrowly pulled off the 8-6 victory with some late game fireworks.

Howard College got on the board first in the top of the second when Ty Manning drove in a run on a single to left field to go up 1-0. Then in the top of the third Diego Ramirez hit a 2 run dinger over the the left field fence to give the Hawks an early 3-0 lead. Western Texas answered in the bottom of the third scoring 5 runs on 3 hits to take a 5-3 lead over the Hawks.

Neither team created any offense in the fourth, fifth or sixth innings. Western Texas

added another run in the bottom of the seventh to increase their lead to 6-3 heading into the eighth inning. With the game slipping away, the Hawks came to life and exploded in the top of the either with 5 huge runs to take the lead. Ortega got things started in the inning with an RBI single, then Medrano scored on an error by Western Texas, followed by a Russell RBI single to tie the game at 6-6. On the very next at bat Pimentel drove in another run on a single to left to take the lead 7-6. Jodway put the game on ice with yet another RBI single to give the Hawks an 8-6 lead heading into the final inning.

The Hawks were able to hold off the Westerners in the ninth and sweep the series 4-0 with some really impressive wins. Howard College moved to 10-2 in conference play with the big sweep and will look to continue their winning ways as they travel to Midland this Friday to take on Midland College.

The corresponding Annual Percentage Yield (APY) for this offer is 2.10%. The Special Rate will be applied to the enrolled savings account for a period of 12 months, starting on the date the account is enrolled in the offer. However, for any day during that 12 month period that the daily account balance is less than the \$25,000 minimum, the Special Rate will not apply, and the interest rate will revert to the standard interest rate applicable to your Platinum Savings account. As of 02/15/2019, the standard interest rate and APY for a Platinum Savings account in AR, CT, DC, FL, GA, MD, MS, NC, NJ, NY, SC, TX and VA with an account balance of \$0.01 and above is 0.05% (0.05% APY). Each tier shown reflects the current minimum daily collected balance required to obtain the applicable APY. Interest is compounded daily and paid monthly. The amount of interest earned is based on the daily collected balances in the account. Upon the expiration of the 12 month promotional period, standard interest rates apply. Minimum to open a Platinum Savings account is \$25. A monthly service fee of \$12 applies in any month the account falls below a \$3,500 minimum daily balance. Fees may reduce earnings. Interest rates are variable and subject to change without notice. Wells Fargo may limit the amount you deposit to a Platinum Savings account to an aggregate of \$1 million. Offer not available to Private Banking or Wealth customers. 2. Annual Percentage Yield (APY) is effective for accounts opened between 03/25/2019 to 05/31/2019. The 11-month New Dollar CD special requires a minimum of \$25,000 brought to Wells Fargo from sources outside of Wells Fargo Bank N.A., or its affiliates to earn the advertised APY. Public Funds and Wholesale accounts are not eligible for this offer. APY assumes interest remains on deposit until maturity. Interest is compounded daily. Payment of interest on CDs is based on term: For terms less than 12 months (365 days), interest may be paid monthly, quarterly, semi-annually, or at maturity (the end of the term). For terms of 12 months or more, interest may be paid monthly, quarterly, semi-annually, or annually. A fee for early withdrawal will be imposed and could reduce earnings on this account. Special Rates are applicable to the initial term of the CD only. At maturity, the Special Rate CD will automatically renew for a term of 6 months, at the interest rate and APY in effect for CDs on renewal date not subject to a Special Rate, unless the Bank has notified you otherwise. 1,2. Due to the new money requirement, accounts may only be opened at your local branch. Wells Fargo reserves the right to modify or discontinue the offer at any time without notice. Minimum new money deposit requirement of at least \$25,000 is for this offer only and cannot be transferred to another account to qualify for any other consumer deposit offer. If you wish to take advantage of another consumer deposit offer requiring a minimum new money deposit, you will be required to do so with another new money deposit as stated in the offer requirements and qualifications. Offer cannot be combined with any other consumer deposit offer, except the Portfolio by Wells Fargo \$500 offer, available from March 25, 2019 until May 31, 2019. Offer cannot be reproduced, purchased, sold, transferred, or traded. 3. If the Portfolio by Wells Fargo relationship is terminated, the bonus interest rate on all eligible savings accounts, and discounts or fee waivers on other products and services, will discontinue and revert to the Bank's then-current applicable rate or fee. For bonus interest rates on time accounts, this change will occur upon renewal. If the Portfolio by Wells Fargo relationship is terminated, the remaining unlinked Wells Fargo Portfolio Checking or Wells Fargo Prime Checking account will be converted to another checking product or closed.
