MANY EARLY REGISTRANTS... Member of Class of '87, Early-Day Teacher, Register for Homecoming

An ex-student who attended Haskell schools in 1887, and a former School Superintendent here almost 50 years ago are among the more than 100 Exes who have sent in advance registration for the 1959 Haskell School Homecoming, to be held Friday and Saturday, Sept. 25 and 26.

Mrs. Mayre Lena Wiseman, chairman in charge of pre-registration, said that an increasing number of registrations had been arriving each day since invitations were mailed recently to more than 2,000 ex-students, former teachers and patrons.

J. W. Meadows of Amarillo, former county official who lived here as a youth and graduated from school here in 1887, sent in his registration and advised Homecoming planners that he "wouldn't miss this year's Homecoming for the world."

Another early registrant for this year's Homecoming is Judge Clyde Thomas of Big Spring, prominent West Texas jurist and a former school superintendent here. "Prof. Thomas was with the Haskell school system during the period around 1910 and is still recalled as an excellent school man and stern disciplinarian."

Also sending in his advance registration this week was Ernest Poteet of A&I at Kings-

DR. RAY ELLIS

Revival to Begin Sunday at South Side Baptist

The revival at South Side Baptist Chapel, South 7th and Avenue F, will be August 30 through September 6. Dr. Ray Ellis of Abilene will be doing the preaching. His younger brother, Verne Ellis of Fort Worth, will be leading the music.

Dr. Ray Ellis graduated from Howard Payne College in Brownwood, and received his doctorate of theology degree from Southwestern Seminary in Fort Worth. Dr. Ellis pastored churches in East Texas for seven years before coming to Hardin-Simmons University in Abilene as professor of Bible and Greek.

Verne Ellis attended Hardin-Simmons University, and while attending he served First Baptist Church, Rotan, as music and educational director. He is a graduate of Stephen F. Austin College, Nacogdoches, and while attending there he served the Herty Baptist Church of Lufkin as music and educational director. Mr. Ellis is now serving the South Side Baptist Church in Irving, Texas, and preparing to enter the seminary in Fort Worth.

Both of these men have a warm Christian spirit, and everyone is invited to come and get acquainted with them during this week of revival. Pastor W. C. Kimbler stated that, "We are fortunate to have such men in our church and in our city, and everyone is invited to attend every service in the fully air conditioned auditorium."

Hospital Bond Election Ordered Held Sept. 19

In a busy session Tuesday, the Commissioners Court ordered a countywide \$80,000 hospital bond election, approved the 1960 budget and tax levy, and consolidated four voting boxes, as the major items of business transacted in a meeting which consumed the entire morning.

The hospital bond election was set for Saturday, Sept. 19, with balloting to be at all voting boxes in the county. Complete text of the election order will be published and posted next week.

The election was called in compliance with a petition signed by several hundred taxpaying voters, and which had been presented the Court several weeks ago. Proceeds from the proposed bond issue would be used for enlarging and making needed improvements to the Haskell County Hospital.

Commissioners turned down a recommendation by the hospital's board of directors that architects' plans be prepared for the proposed project. Commissioners felt that this should not be done until outcome of the election was determined.

Budget Approved

The Court approved the 1960 budget for Haskell County covering estimated expenditures of \$486,084.82 for operating costs, including debt servicing, during the coming year. The 1960 budget is up \$43,990.12 from the 1959 budget.

The countywide tax levy for 1960 is unchanged at 80 cents, of which 54 cents will go to the general funds and 26 cents to interest and sinking funds. The Court voted to consolidate two voting boxes at Rule, No. 5 and No. 22, into a single box. Also to combine Plainview Box No. 18 with Bunker Hill Box No. 20. The change is to be effective Jan. 1, 1960, and at that time all voting boxes in the county will be re-numbered in consecutive order.

In other business transacted, Commissioner Louie Kuentler of Prec. 3 was authorized to contract with the Bascom Estate for caliche and gravel required on a road project in his precinct at the same rate being paid by the State Highway Department for similar material.

Haskell Man Killed In Wreck Near Mineral Wells Wednesday

Corbet Lytle, 67, well-known Haskell resident, was fatally injured and his wife suffered critical injuries in an automobile accident near Mineral Wells about 2:30 p. m. Wednesday.

Mr. Lytle died in a Mineral Wells hospital without regaining consciousness.

Mrs. Lytle, who received severe chest and head injuries, was given a good chance for recovery, physicians said, unless complications result.

Mr. and Mrs. Lytle were on their way home after visiting a nephew, Menefee Lytle, and two nieces, Mrs. Alfred Elders and Mrs. Ralph Lorans, in Weatherford. They left Weatherford about 1 p. m. to return home. Near Mineral Wells, the Lytle car was hit broadside by an automobile entering the highway from an access road, relatives here were advised.

The Lytle car, a Plymouth sedan, was badly wrecked.

Body of Mr. Lytle was returned to Holden Funeral Home. Funeral arrangements were incomplete Thursday morning.

An Army veteran of World War I, Mr. Lytle had farmed in Knox and Haskell counties for a number of years before the family moved to Haskell some five years ago.

For the past several years, Mr. Lytle had been employed as a warehouse nightwatchman.

He is survived by his wife; one son, Gerald Lytle, of Haskell; four daughters, Mrs. John Miller of Haskell, Mrs. Kenneth Adress of Colorado City, Mrs. A. C. Hennessee of Carlsbad, N. M., and Miss Veanie Lee Lytle of Abilene; nine grandchildren; and one sister, Mrs. Lula Hunter of Munday.

County-Wide Farm Bureau Meeting Scheduled Here Saturday Night

Plans have been completed for a county-wide meeting of the Farm Bureau, to be held Saturday night, August 29 at 8 o'clock in Rice Springs Municipal Park, President Henry W. Smith of the Haskell County Farm Bureau announced.

"Every farmer and rancher in the county is invited to this meeting, and we believe will enjoy it," Smith said.

Refreshments will be served, and entertainment will be provided by The Play Boys from Aspermont. This group of talented youngsters is composed of E. M. Lawrence Jr., Doyle Hertenberger, and Richard Snow.

John U. Nelson New Supervisor County Schools

John U. Nelson of Grand Saline has recently been employed as county supervisor of instruction for Haskell County schools. Mr. Nelson will make his home in Haskell, but will do supervisory service for Rule, O'Brien, Weibert, Mattson, Paint Creek and Sagerton. He succeeds E. C. Goodwin of Abilene, who served in that capacity last year, but will be supervisor in Callahan County this year.

Mr. Nelson holds a Master of Education degree, has experience both as a supervisor and as an administrator. Mrs. Nelson, who is still at the family ranch home near Grand Saline, will join him here soon. They are members of the Baptist Church.

County Teachers Scheduled for Training Panels

Inservice training for Haskell County Teachers will be conducted on a county-wide basis this year, under the direction of Rover Morelan, a consultant from the Texas Education Agency. Also helping will be the two county supervisors of instruction, Mrs. Artie May Burkett and John Nelson.

Some 75 or 80 teachers, from all the schools in the county except Haskell Independent District, will be involved in this cooperative study. The first general meeting will be held at Rule in the high school auditorium on Wednesday, September 2, at 2:30 p. m. Other meetings have been set for November 4 and February 10, the time and place to be determined later.

With "Guidance" as the main topic of study this year, it is planned that each period of meeting will consist of a general session with Mr. Morelan in charge, followed by three sectional meetings at high school, junior high, and elementary levels.

Haskell teachers will continue their inservice training, according to plans that were set up when the county cooperative plan was formed.

Door-Smashing Spree by Negro Draws Fine

A 30-year-old Negro man, Leon Taylor, was fined \$10 and costs in Justice Court Sunday, after he had entered a plea of guilty before Justice Merle Weaver to a charge of malicious mischief.

The complaint was signed by Deputy Sheriff Moreland Glass, who had arrested Taylor after the Negro had kicked open a locked door at the home of Marie Jenkins, a Negro woman. The incident occurred Sunday morning, officers said.

"I was mad at that woman because she had locked me out of the house," the Negro told officers in explaining his fit of anger.

Court costs amounted to \$19.50, for a total outlay of \$29.50 by the Negro man.

HHS Band Will Begin Season's Work Aug. 31

The HHS Indian Band will begin preparations for the first football game Monday, August 31, from 7:30 a. m. to 9:30 a. m.

On Tuesday the band will practice from 7:30 a. m. to 8:30 a. m., and on Wednesday and every subsequent day the regular practice period will be from 8:30 a. m. to 10 a. m.

All members are reminded that they are required to be present at these rehearsals the first day.

Elton Culberth Now Sole Owner Coltex Station

Elton Culberth has purchased the interest of his former partner, R. C. Trussell, in the Coltex station on the Stamford highway, it was announced this week.

As sole owner, Culberth will operate the establishment in the future under the name of Culberth Cox-Tex Station.

Typing Session Held Again Tonight

Haskell's first blood typing Tuesday evening, with persons volunteering, the program reported.

Persons who know their blood group and factor, and who are already listed on blood donor lists of various groups such as fire department, Jaycees, etc., are also asked to participate in the current program. If they will report their blood type, name and address, a new card will be issued and their name will be included in the new list being assembled.

The program is being sponsored by the Business and Professional Women's Club, and the cooperation of all citizens and organizations will be appreciated.

Final Rites For Garvin Infant Held Here Wednesday

Funeral rites for Rosetta Marie Garvin, three months old daughter of Mr. and Mrs. Glenn Garvin of Kermit, were held at the Assembly of God church in this city at 3 p. m. Wednesday.

Rev. W. T. Priddy, pastor of Matton Baptist Church, officiated and burial was in Willow Cemetery under direction of Holden Funeral Home.

The baby died Aug. 25 in Kermit, after a brief illness with pneumonia.

Survivors include the parents, two sisters, Treva Jo and Teresa Darline, and two brothers, Glyndell Ray and Darwin Lee, all of Kermit; the maternal grandparents, Mr. and Mrs. B. L. White of Haskell; and grandfather, James M. Garvin of Tulsa, Okla.

New School Term Begins Monday At Sagerton

The classrooms, lunchroom, kitchen and hallways are being refurbished this week at the Sagerton school in preparation for the opening of school Monday, Aug. 31. The water system has also been repaired.

Miss Irene Stewart, principal, stated that the buses will run Monday morning reversing their runs from last year, which means that the south-of-town bus will go south on the Farm to Market road. There will be a full schedule Monday, and lunch will be served in the lunch room. Buses will go home at 2:30 Monday.

The faculty will be the same as last year: Mrs. Hollis Haynes, Mrs. L. B. McNeil, and Miss Irene Stewart. Mrs. Haynes and Mrs. McNeil have been enrolled at McMurry this summer.

Mrs. M. Y. Benton and Mrs. Cliff LeFevre will again work in the lunchroom, and John Bell is janitor. W. A. Bell will be one of the bus drivers, and another will be employed.

Board members are Johnny Tichelman, Alvin Ulmer, Alvin Bredthauer, Carl Hertel, J. M. New, Barney Ross, and Leon Stegemoller.

Band Parents to Meet Sept. 1st To Organize

Band Parents will have an organization meeting on Tuesday, Sept. 1st at 7:30 p. m. Plans for the school year, plus election of officers will be held. All band parents are urged to be present.

HASKELL VISITORS

Visitors in the home of Mr. and Mrs. Kenneth Thomas this week were Mr. and Mrs. Bonner Smith of Beane, Texas, and Mrs. Susie Cordor of Dallas.

Also, the Court complied with a request of the Chamber of Commerce and voted to pay 60 per cent of the cost of fire extinguishers required for the Government's emergency hospital stored here.

Commissioners unanimously approved the bond and commission of Deputy Sheriff 'Buddy' LeFevre, the new peace officer at Rochester who recently began work in that capacity. He succeeds former Deputy Weldon Boulidin, who resigned.

By a 3-1 vote, Commissioners went on record to divide approximately \$15,000 in gas tax refunds received from the State, equally among the four Commissioner's precincts. Voting for the equal four-way division were Commissioners Newton of Prec. 2, Kuentler of Prec. 3 and Blake of Prec. 4.

Dissenting was Commissioner Claude Ashley of Prec. 1, who offered a motion that the money be divided on the basis of car registrations in each precinct. His motion died for want of a second.

Meeting a similar fate was a motion by Commissioner Blake that fines collected by the county go into the Road and Bridge Funds instead of the General Fund. His motion failed to receive a second.

Commissioner Blake contended that the law stipulates that fine money go to the Road and Bridge Funds. However, the three other Commissioners pointed out that the General Fund needed the revenue, and siding with them was County Auditor Austin Coburn.

By agreement between Commissioners Kuentler and Blake a slight change was approved in the boundary line between their precincts, Nos. 3 and 4. The change affects a narrow strip of land between Highway 277 and the old Stamford Road south of town, and merely re-establishes the old boundary line. No one resides in the affected area, it was pointed out.

147 Register in High School

Enrollment of high school students for the ensuing term will be slightly under last year, based on registration figures compiled this week.

High School Principal W. P. McCollum reports registration of 46 Seniors, 40 Juniors and 61 Sophomores Monday and Tuesday, for a total of 147. First day registration last year was 161, records show.

Registration in Junior High School Monday and Tuesday was reported as follows by Principal Hubert Bell:

Seventh Grade, 79; Eighth Grade, 78; Ninth Grade, 49.

Knife-Wielding Negro Is Fined For Assault

A difficulty between two Negro men Saturday afternoon resulted in one receiving knife cuts on his arm and hands, and a fine of \$25 and costs for his assailant.

Injured was Robert Lewis, about 35, who suffered several deep slashes on his hands and arm during the melee.

The knife-wielder, Gennie Dee Ray, 26, was charged with aggravated assault in a complaint filed in Justice Court by Sheriff Bill Pennington. Ray entered a plea of guilty before Justice Merle Weaver who assessed a fine of \$25 and costs of \$19.50.

The incident was investigated by Sheriff Pennington and Highway Patrolman Arthur Mason and they took Ray into custody.

At right is a black and white reproduction of the 4-cent Soil Conservation stamp now on sale at the post office here. The stamp, printed in three colors, went on sale yesterday (August 26) in Rapid City, S. D., at the annual meeting of the Soil Conservation Service of America.

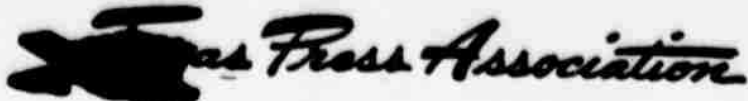

The stamp portrays a modern conservation farm, according to J. C. Yeary Jr., SCS, Haskell. Grasses in the rolling pasture, foreground, prevent soil erosion and conserve moisture. Grazing is regulated to favor growth of the best forage grasses.

A farm pond, lower right, provides water for domestic and livestock use, for fire protection, for wildlife, and for recreation such as fishing, swimming and boating.

Contour strip-cropping and rotation systems, left and right center, include grasses and

Drive With Caution

School bells will soon be ringing, and our streets and roads will be filled with children going to school.

This means that you, as a driver, must be extra careful, extra alert. Drive slowly for the sake of the children—your children. Remember, they are young, eager, sometimes unpredictable—they may see you—but be sure you see them.

Is a child's life worth five minutes? Then remember now to always drive slowly. Is a child's life worth a little attention? Then remember now to always drive carefully. From here on in watch out for school buses and give them every courtesy. Watch out for children walking to and from school, children waiting for the bus at corners, children at play—for they may dart into the street after a ball.

It's your responsibility to drive slowly, carefully, and be alert to every possible emergency.

We Must Remain Close to God

When this nation was in the pangs of birth, it proclaimed its faith in God and has continued that faith ever since. Under it, we have prospered and grown strong and, fittingly, throughout the years there have been reaffirmations of this faith, as witnessed by adoption of the motto, "In God We Trust," and inclusion of the words "Under God" in the pledge of allegiance to the flag.

In the republic's early years, barely more than a tenth of its citizens had religious affiliation, whereas today 80 per cent are church members. Statistics also show that half the adult population attends worship services regularly. Thus, it is clear that we have come a long way in less than two centuries.

We are reminded by the nationwide Religion in American Life observance that there remains room for even more spiritual growth. If we are to retain what God has bestowed on us in years past and add to our prosperity and strength, we must take to heart the Religion in American Life call to "Find strength for your life—worship together this week."

It is just as important to remember today, as our ancestors remembered in past generations, that "where the spirit of the Lord is, there is liberty." Liberty is the nation's cornerstone. When it goes, all else worthwhile goes. To keep it, and the things that flow from it, we must remain close to God.

Welcome for Khrushchev But Not for Chiang (The Houston Chronicle)

Chiang Kai-shek, president of the Republic of China, has been a loyal ally of the United States since 1941. He is one of the authentic great men of this age. He is the world political figure possessing the longest record of consistent opposition to communism.

Chiang has desired for years to visit the United States. He has never been invited. Reportedly he has sought an invitation and has been told that Washington does not welcome his visit.

Why? Nikita Khrushchev is the enemy of the United States and of the entire free world. Never has he expressed appreciation for the American aid which saved Soviet Russia from defeat by the Nazis. He has intensified the "cold war" Stalin started. His planes have shot down our fliers repeatedly. There is reason to believe that some of them are alive and being held captive. He has threatened to "bury" us.

Why is the red carpet to be rolled out for him and not for Chiang?

Haskell County History

30 Years Ago—Sept. 7, 1939

Weinert Public School began the new term August 28, the earliest school opening in the county. Total enrollment on the first day was 450 students, Supt. I. J. Duff reported. Of this number, 143 were in high school and 307 in the elementary grades.

Cinton Crawford, who has been in Cleveland, Ohio, for the past three years, has been visiting his parents, Mr. and Mrs. J. M. Crawford. He will leave for Mexico City, where he will be chemical engineer for the F. W. Stone Company in a new plant they have just finished there.

Burglars who broke into the Moser Service Station just north of town Monday night, stole six new automobile tires.

Plans for the 1939 Central West Texas Fair will be submitted for approval of C. C. directors at a breakfast meeting Sept. 5. Manager Ralph Duncan has announced.

In order to minimize traffic hazards in the vicinity of Haskell schools, City Marshal Sebo Britton is painting safety zones at crossings on Highway 30 in the area around High School, North Ward and South Ward schools.

Bowen Motor Coaches of Fort Worth will inaugurate a new bus service from that city through Jacksboro, Olney, Throckmorton and Haskell to Stamford. The schedule will provide the most direct route from this section of West Texas to Fort Worth and Dallas.

Elmer C. Watson, formerly superintendent of Mattson Rural High School two years, left this week for Dimmitt in Castro County, where he has been elected superintendent of the Sunnyside High School for the coming year.

Lee Roy O'Neal of Snyder and Alvy Couch of Big Spring spent the weekend with home-folks here.

Mrs. Guy Collins and children, Nancy, Sue and Guy Jr., have returned home after spending six weeks in Santa Fe, N. M.

Mr. and Mrs. Oscar Oates of Abilene spent the weekend here with relatives and friends.

30 Years Ago—Aug. 28, 1929

In a deal closed this week, Courtney Hunt and associates of Haskell purchased the Texas and Haskell Theatres in this city, and will operate the two businesses in the future.

C. W. Marian of the Gilliam community was in town Wednesday with his second bale of cotton this season. He says he has a crew that can pull a bale a day.

The home of W. P. Clanton in the extreme southeast part of town burned about 10 o'clock Monday morning.

A modern teacherage has been completed for the Myers school north of town by J. A. Frazier, local contractor.

The safe in the office of the Haskell Motor Company was badly damaged Saturday night, when burglars knocked the knob from the door but were unable to get into the safe. Entry into the building was gained through a rear window. Chas. A. Harrell of Phoenix, Ariz., is here visiting his brothers, Will, Ike and Nath Harrell.

Rev. and Mrs. G. R. Forrest-er and children have gone to their old home in Tennessee, where they will spend a month's vacation.

Supt. C. B. Breedlove said that all faculty positions had been filled for the term of Haskell Schools which will begin Sept. 2. The list of teachers includes George V. Wimblish, Principal High School; Miss Lewis Manly, Principal North Ward; Mrs. Irene Ballard, Principal South Ward; Herman K. Henry, Donna Davis, Jessie Vick, Mrs. Ed Sprowls, Mrs. George Wimblish, Bertha Carman, Alene Mitchell, Mrs. Doyle Crow, Mrs. W. M. Murphy, Nettie Millino, Velma Hambleton, Alma Sprowls, Mrs. O. W. Maloy, Minadel Davis, May Fields, Ruby Fitzgerald, Mary Sherrill, Bessie Terry.

Rev. and Mrs. Gaston Foote are spending this week in Childress, where the Haskell minister is conducting a revival for the Methodist Church.

50 Years Ago—Aug. 28, 1909

The ladies societies of the Methodist and Christian churches will entertain the public with an old-fashioned spelling bee at the Methodist Church Friday night.

District Deputy Grand Master L. C. L. Duvall will deliver a lecture at the Odd Fellows Hall in this city next Thursday night.

M. S. Shook sold 250 steers this week to Murchison of Nolan County. We understand the consideration was around \$7,000.

J. N. McFatter, who has the contract for a large building at Rochester, was at home several days this week.

Dr. A. G. Neathery and his brother, Steve, left Sunday night to attend the bedside of their father, who is ill at his home in Farmersville.

S. A. Hughes has sold his land and insurance business and is now with the Texas Oil Co. He left Monday for Dallas where he will take up duties in the main office of the company.

Dr. A. L. Taylor and wife and three sons of Hereford passed through Haskell this week on an automobile tour. They paid the family of his brother, Dr. J. F. Taylor, a visit while in Haskell.

Mrs. Joe Irby and Miss Allie Irby are visiting friends and relatives in El Paso.

The Board of Trade is taking steps to get the Wichita Valley to build a passenger depot and furnish better service at this station.

The Lewis Bakery at this city furnished 2,000 loaves of bread for the Throckmorton barbecue.

Solon Smith of Missouri is visiting his brothers, Dr. J. D. and N. T. Smith of Haskell.

Prof. W. H. Clifton of Central Texas, is visiting his brother, M. A. Clifton this week. Prof. Clifton was a pioneer teacher in this county.

Congressman Morris Shepard, sovereign banker of the W. O. W., will speak at the courthouse on the afternoon of Sept. 17 on the subject of "Woodcraft." At night he will give his famous lecture, "Christian Citizenship."

60 Years Ago—Sept. 2, 1899

The Commissioners Court met Monday in regular session. Transactions approved included the following: T. E. Ballard was authorized to have the crossings on Timber Creek on the Anson Road filled in with rock or graded, and to have other bridges in his precinct repaired when necessary. County Judge H. R. Jones was authorized to contract for 28 cords of wood for the courthouse. The butcher's report of McCrary & Ellis was approved. Ordered that the county judge sell the old courthouse benches for the best price he could get. Also that he have the county court room cleaned up and seats installed.

J. A. Hale came in this week from a cattle buying expedition in Stonewall and westward. Sid Post this week sold all of his stock cattle except 25 cows to W. T. Hudson.

J. L. Jones got back Monday from a trip to the I. T., and Kansas City, where he sold his territory steers.

We are informed that two Stonewall parties, Messrs. Florence and Ashley, are arranging to open a restaurant in Haskell this fall.

Bert Brockman has resigned his clerkship in the Alexander store and will try his hand at cattle punching.

J. H. Cobb of Henrietta, who has been here during the past week buying cattle, has bought two and three year old steers from several of our cattlemen. Among those selling were Messrs. J. A. Bailey, T. J. Lemon, S. S. Cummings, S. Bevers and Watt Fitzgerald.

Joe Gunter of Sherman was here for a day or two this week looking after the establishment of a horse ranch on the 3,000 acres of land recently purchased by him in the north part of the county.

Ex-Sheriff and County Judge

PEOPLE, PLACES AND THINGS

By A. PATE

In a story last week concerning the city's selling of a 1/2 acre tract of land, we neglected to check the minutes of the city council meeting concerning the transaction. As a result, the impression was conveyed in the article that the sale was unanimously approved by the Council.

It has now been called to our attention that sale of the property was by a 3-2 vote of Aldermen, with Council members Myron Biard and Brooks Middleton voting against the sale of the land, while Council members Byrd, Pitman and Frazier favored the sale.

We were moaning last week about the difficulty of getting skilled, dependable printers, and more particularly of a recent experience with a vodka-gurgling character known in newspaper slang as a "floater."

A friend of ours, an old-timer here, recalled an anecdote told by the late Oscar Martin, founder of The Free Press who it seems had his trouble with tipsy printers.

A tramp printer blew in one day and Martin hired him, after reaching an understanding on drinking habits. Under terms of the deal, the printer could drink to his heart's content on Friday and Saturday, sober up on Sunday, then work Monday through Thursday without touching the bottle.

The deal worked out fine for several weeks, the printer keeping his word and working like a trojan from Monday until the paper was printed Thursday.

T. D. Isbell of Knox County was here this week to receive a lot of saddle horses he had bought from A. H. Tandy.

F. G. Alexander has returned from the St. Louis and Chicago markets.

day night. Then he'd get on a glorious two-day jag, winding up in the bull-pen at the back of the Road to Ruin Saloon where he sobered up.

Then came the time the printer broke over and when Martin came down Tuesday morning his printer was on Cloud Seven higher than a kite.

Martin, angered, started lecturing the printer and told him he was fired. "Furthermore, I'm going to write you up in The Free Press and tell the world what a sorry, no-good scallawag you are," he told him.

"Go ahead and write me up and be d---," the drunk printer retorted. "I'll start out on foot and walk out of your circulation in two hours," he declared.

The topic got around to crowds the other day, and Oscar Oates and several others recalled some of the notable gatherings in this section as the 4th of July picnic of 1916, when an airplane flight was the magnet which drew thousands to Haskell.

Then, to cap the crowd of all crowds in this part of West Texas, the celebration staged in Throckmorton in the 20's when the railroad built into that city drew multiplied thousands of people.

A buffalo hunt and free barbecue had been arranged as major attractions. Arrangements had been made to feed between 4,000 and 5,000 people, but more than 10,000 turned out! Despite the fact that food played out before half the crowd had been fed, the celebration was a huge success and put Throckmorton on the map as an up and coming "railroad town."

The railroad was short-lived, however, and after 10 or 15 years operation, the line was abandoned and during the early months of World War II the

rails were taken up and sold as scrap iron. . . . here for the first time they were kept under control, and killing marred celebration. . . . A little known connection with the first cutting horse originated in Haskell. . . . Newspaper accounts regularly in the Haskell which sent a staff for the Reunion. . . . "Old Hub" from King County the first contest ever held.

BEAT THE TAX INCREASE

Increased taxes on TV and will go into effect the first of September.

Also, a 3 per cent tax will be levied on phonographs, hi-fi, and players. Why not buy or trade a new TV, radio or player before first?

Buy a new player and put it Lay-A-Way Plan for Christmas. Evade the tax on it.

FRAZIER'S RADIO & RECORD STORE

HASKELL, TEXAS

U.S. OIL

Indispensable in our way of life vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways . . . It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials. . . . It is indispensable in our way of life, and vital to the national defense.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use . . .

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe. The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the world as well or better than ever before.

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from

Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

Mr. Prospective Car Buyer

When buying that new or used car of your choice, stop and investigate and you will be surprised at the savings in store for you when you finance with us.

You will avoid the high cost of "package" financing and in addition you will enjoy the advantages of being a cash buyer.

We invite you to make comparisons and then come in or call us for prompt, courteous and confidential service.

1859 OIL'S FIRST CENTURY - BORN IN FREEDOM, WORKING FOR PROGRESS 1959

CONGRATULATIONS TO THE OIL INDUSTRY OF AMERICA

Both America and the oil industry have come a long way August 27, 1859, the day when Edwin Drake drilled the first oil at Titusville, Pennsylvania.

Born in freedom, oil has contributed to the nation's ever-standard of living. America's oilmen and women have brought century of great progress. In transportation, food, clothing, house-medicine—in so many ways—they've made life easier and better all of us.

The oilmen and women in our community, who are our and neighbors, richly deserve a grand salute.

in the R. O. Gibson Sr. home last week.

Mr. and Mrs. Raymond Olson from Kansas visited in the Carl Hertel home last week.

Mrs. Jack Jones and son of Old Glory and Mrs. Joe Clark and daughter Peggy, visited in Norton, Kans., with Rev. and Mrs. Jeurgenson and family recently. They also went sight-seeing in Dodge City, Kans.

Mr. and Mrs. Carl Hertel took their daughter Janice, back to Dallas last week for a check-up and the doctors are pleased with her progress. She underwent surgery on her back last May and has had to stay in bed most of the summer.

Mrs. Ida Hertel, who has been staying with Mr. and Mrs. J. A. Hertel, visited with Mr. and Mrs. Carl Hertel Tuesday night of last week. On Wednesday, she returned to her home in Benjamin.

Winston Ulmer, who has been working in Hobbs, N. M. most of the summer, has come home to stay with his parents, Mr. and Mrs. F. A. Ulmer until time to go back to college at Texas Tech.

Mr. and Mrs. F. A. Ulmer were surprised by a group of their friends Wednesday night, Aug. 12, for a surprise house-warming. Those present were Mr. and Mrs. G. W. LeFevre, Mr. and Mrs. Barney Ross and family, Mr. and Mrs. Reece Clark, Mr. and Mrs. Charles Clark and sons, Mr. and Mrs. Delbert LeFevre and family, Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Johnny Spitzer and family, Mr. and Mrs. Joe Clark and family, Miss Irene Stewart of Stamford, Mr. and Mrs. Melvin New and Jimmy Mrs. John Clark and the honoree and daughter, Jana.

Mr. and Mrs. Eldon Cook and daughters of Big Spring visited with Mr. and Mrs. M. Y. Benton last weekend.

Guests in the Oscar Manskie home Thursday of last week were relatives from Oklahoma. Mr. New's mother from Walnut Springs is visiting with Mr. and Mrs. Melvin New.

Ann and Joyce Sue Clark are visiting with their daddy, Whit Clark, and their grandmother, Mrs. John Clark.

Mr. and Mrs. Reece Clark went to San Antonio last week end to visit with T-Sgt. and Mrs. Ted Terrel and son Clark Don. Clark Don celebrated his second birthday Sunday.

Mr. and Mrs. Delbert LeFevre and family returned Tuesday night of last week from a trip to Ruidosa, N. M. They also visited with Mr. and Mrs. Will Neinst and members of the Neinst family in and around Littlefield on their way home.

Mr. and Mrs. Johnny Spitzer, Gary and Jana Gail, returned Monday from a vacation in Santa Fe, N. M. They also attended the Quarter Horse Show there, and their horse, Carbon's Girl, placed second in the junior cutting.

Mr. and Mrs. Roy Hertenberger of Aspermont visited in the Johnny Spitzer home Sunday afternoon.

Mrs. Delbert LeFevre was surprised by a group of friends with a pink and blue party at Gal Two... Sagerton... her home Saturday night. Present were Mrs. John Clark, Mrs. Will Stegemoeller, Mrs. Cliff LeFevre, Mrs. Annie LeFevre of Teague, Mrs. Lee McLeod of Wortham, Mrs. Charles Clark, Mrs. Melvin New, Mrs. F. A. Ulmer, Mrs. Johnny Spitzer, Mrs. G. W. LeFevre, and the honoree, and Misses Ann and Sue Clark, Jana Ulmer and Linda LeFevre.

Guests in the August Angerman home Friday through Sunday were Mr. and Mrs. John Angerman from Waco.

August Stremmel was taken back to the Hamlin Hospital last week, but his condition is improving.

Rain On 11 Days In July Totals 3.35 Inches

Rainfall measured on 11 days during July brought a total of 3.35 inches of moisture during the month, and for the first time in several years the temperature failed to reach or exceed the 100-degree mark. Data was furnished by Sam P. Herren, local weather observer for the government.

Normal rainfall in July is Heaviest downpour during the month came on July 2, when .85 inch was registered. 2.23 inches, compared to the 3.36 inches of precipitation this year.

Total rainfall for the year to date is 15.30 inches, almost an inch more than the normal of 14.42 for the first seven months of the year.

July temperature ranged from a low of 64 degrees on July 20 to 99 degrees on July 31.

OIL NOTES

A new producer looms for the area one-half mile south of O'Brien in northwest Haskell County.

It is Sojourner Drilling Corp. of Abilene, No. 1 J. R. Hitchcock, located in the Farrow Survey.

Operators set the 4 1/2 inch casing at 4,904 feet. Total depth is 4,912 feet. Operator was to drill the plug and complete in an open hole in a Strawn sand.

A drillstem test in the Strawn was taken at 4,904-12 feet. With the tool open two hours and 40 minutes, gas surfaced in seven minutes. Recovery was 4,050 feet of oil, and 90 feet of heavily oil and gas-cut mud. Flowing pressure was from 35 to 745 pounds; and 30-minute shut-in pressure, 1,290 pounds.

It is a southeast offset to Sojourner Drilling Corp. No. 1 E. M. Carney Estate, wildcat recently completed as a Strawn sand project.

Herron (Burson Sand) Field six miles northwest of Haskell has gained a new well. The oiler is Sohio Petroleum Co. No. 1 Willie W. Buerger, located in Richard Finch Survey.

Daily potential was 17.42 barrels of 34.3 gravity oil, plus 30 per cent water. It is pumping from four perforations per foot at 4,810-17 feet treated with 500 gallons of acid. Casing is set at 4,868 feet. Total depth was 4,870 feet, plugged back to 4,481 feet.

Fletcher Oil & Gas Drilling Corp. No. 1 W. P. Russell will be 5,100 foot rotary wildcat four and a half miles northwest of Rochester.

Location spots 330 feet from the north and west lines of Section 4, Block 14, H&TC Survey.

Of particular interest to Mr. and Mrs. Hunter was a meteor about 4 inches in diameter which was found by a farmer near Haskell in 1908. It was sent to the museum in 1949 after the farmer read an article about meteorites in the Saturday Evening Post.

Other points visited by Mr. and Mrs. Hunter include Grand Canyon, Ariz., Bryce Canyon, Utah, Las Vegas, Nev., Los Angeles and the San Francisco area, Yosemite Valley, Lake Tahoe, Calif., Virginia City, Nev., and Salt Lake City, Utah.

"After having visited in four National Parks, one cannot help being impressed by the scenic wonders of the West, and the care being taken by our Na-

SEE FAMED METEOR CRATER . . .

Couple Visits Here After Tour Over Several Western States

Mr. and Mrs. Charles F. Hunter of New Orleans, La., spent several days last week in the name of her parents, Mr. and Mrs. D. H. Persons in this city. Mrs. Hunter is the former Ruby Sue Persons.

Mr. and Mrs. Hunter were on their way home after a three-weeks vacation tour through a number of Western states.

Places visited included Santa Fe, N. M., the Painted Desert, Petrified Forest, and the famed Meteor Crater between Winslow and Flagstaff, Ariz. The awe-inspiring sight is the world's largest proven meteor crater, 4150 feet across, three miles around its top, and 570 feet deep.

They also visited Oak Creek Canyon, Ariz., and the American Meteorite Museum in Sedona, Ariz., where hundreds of meteorites of all sizes and from all over the world are displayed.

Dove Hunting Season Opens September 1 in North Zone

Season opens for North Texas dove hunters Tuesday, Sept. 1, with perhaps one of the best crops in years, according to the assistant secretary of the Game and Fish Commission.

The new 1959-60 hunting and fishing licenses will go on sale after August 20, according to the announcement. They will be effective Sept. 1, and all persons who hunt outside their own counties are required to have a new license. Fishing licenses also expire Aug. 31, and a new license is necessary for fishing outside the home county or with any kind of winding device.

Persons over 65 years of age are not required to have a license. Exemption cards are available at the regional offices or by writing to the Game

and Fish Commission in Austin. Such cards are issued as a courtesy, and are not required.

A map showing the Texas counties and their open season has been prepared by the Commission. A study of it will tell you where it is legal to hunt in both the North and South zone counties.

The season is open Sept. 1 through Oct. 20 in the North Zone, and Oct. 1 through Nov. 19 in the South zone. There is an exception in the lower Valley counties where mourning doves may be shot at the same time as white-winged doves. In that area the season will close three days earlier.

The whitewing season is for the alternate days of Sept. 11-13-15, from 2 p. m. until sunset.

MOURNING DOVE - WHITE-WINGED DOVE Open Seasons 1959

MOURNING DOVES: Daily bag limit—10. Possession limit—not to exceed 20.

WHITE-WINGED DOVES: Daily bag limit—10. Possession limit—10.

NOTE: When both mourning doves and white-winged doves are possessed—Possession limit—20, in the aggregate, and not more than 10 may be white-winged doves.

SPECIAL NOTE: Unlawful to take white-winged doves or chachalacas South of U.S. Highway 83, formerly State Highway 4, in southern tip of Texas, marked on map as "Game Sanctuary."

SHOTGUNS: Must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

SHOOTING HOURS: Mourning doves, 12 noon to sunset—except in areas having whitewing season, where the shooting hours will be from 2 p.m. to sunset on September 11, 13, & 15, only. White-winged doves, in season, 2 p.m. to sunset.

prowl to feast on the victims of nature's little accidents that have occurred during the night. Also the light is not the best for underwater lures at that time of day. Fishing near plant life, lily pads, duckweed or grass is productive—because not only does the plant life offer cover for the fish, but also gives off oxygen that fish must have. Hence the fish are in such areas.

Never make your first cast your best cast, is the author's recommendation. Make it short, but to a definite spot. Then cast a little farther out. Then farther and farther. Reason: If you make your longest cast first and get a strike, you will have to drag the bass through all the water in between. That puts every bass in that area on guard.

One thought that Dave keeps in mind continually is to think like a fish, not like a fisherman.

man. Be in a position to see the frame of mind of the fisherman. These are just a multitude of tips and suggestions to help the fisherman—and who has a question a champion?

SOUTH SIDE OF SQUARE

By Vern Sanford

Dave Hawk's claim to fame is as a fisherman—not an author. But his broad experience and intensive study of the ways and wherefores of successful fishing have prompted the man to write a book on bass fishing. He calls it "80 Years on Bass."

Although Dave lacks a lot of being 80 years old, he can and does call on his vast amount of his dad's and his dad's mother's experience, as well as his own wide background of fishing to provide a "here's how" book that is certain to become a best seller among those who wet a line and set a hook in the bass-filled waters of Texas.

Although Dave was born in New York, he's mostly a Southerner. When Dave was but two years of age his parents moved to Florida. There his father served as a fishing guide for 12 years. During the last six of those years he was associated with the Shakespeare Co. and gave exhibition casting and tackle demonstrations.

With this environment it was but natural that Dave learned to fish early in life. Fact of the matter is, Dave guided many a fisherman out of the Florida Everglades when he was only 11 years of age. Later, Dave helped his father, Capt. O. L. Hawks, open and operate lure factories in California, Oklahoma, Missouri and Arkansas, providing bait for those specific areas. These factories were sold to national manufacturers, who incorporated Hawk lures into their own lines.

One November day in 1956, a representative of a large Texas lure manufacturing company stopped in for a visit at the Hawk lure factory in Harrison, Ark. In short order he purchased the firm's entire line... lock, stock and barrel. That put Dave out of a job. But it also brought him to Texas as manager of the Corpus Christi firm, the Padre Island Lure Co. Six months later he was elected president.

Dave remained there until September of 1958. In November he started his own firm in Austin. Today, when he isn't fishing, he's making Extractor and other brands of Dave Hawk lures.

That, in brief, is the background of Dave Hawk, champion fisherman and author of "80 Years on Bass."

I say champion fisherman because Dave's the gent who, in 1958, won the State Bass Tournament, won the Behren's Drug Tackle Tourney for tackle representatives, shared for the overall championship of the Port Isabel Tournament, and

was runner-up in the National Professional Fishermen's Tournament in Arkansas.

This, all in one year's time, mind you.

Only a fisherman with Dave Hawk's background and proven ability could get away with some of the comments he makes in his book—without a challenge—for he is frank and doesn't hesitate to express an opinion.

Some of the suggestions Dave makes are startling ones.

For instance, his first recommendation is to discard all swivels. But he doesn't just tell you to do it—he explains why you should.

He backs his contention with these statements: They increase lure losses and fish losses. They reflect light, unbalance a lure, catch in the line and tempt one to change lures too often.

Dave believes in black lines because it reflects less light. "Light lines look like a ribbon of reflected light," says the author.

He prefers leaders 15 to 20 feet long. This, because the long leader will put the line and leader knot so far ahead of the lure that the fish's attention will not be drawn until the lure comes into view. "Many a hit—and miss—can be attributed to the fish striking the line and leader knot instead of the lure," he warns. "Added advantage of the long leader," says the author "is that the line and leader knot will be around the spool several turns during the last few minutes of landing a fish and thus prevent a separation."

Dave urges as much reverence for a line as for a lure. He points out that a good fishing line costs slightly more than a lure, yet the fisherman expects it to last forever. He not only recommends frequent change of line, but suggests reversing the line every ten trips. This, to keep the most flexible part of the line next to the lure. "As lines stretch and tighten—change ends—" he admonishes.

"Any rod longer than five feet, seven-inches, is a buggy whip, not a rod," he says this champ fisherman. "So select a rod that will set the hook in the fish—for you—when the fish hits the lure. Remember that the tip of the rod jerks the line and this in turn plants the hook."

How the long rods and heavy rods work against the fisherman were explained by the author. He points out that every time you attempt to set the hook the tip of your rod first travels toward the bass. So, if you are using a long solid rod, the fish has more opportunity to free itself.

The Hawk method of finding fish is pretty well outlined in

one chapter of the book. Another chapter tells how to tempt them after you locate them.

Here are some more of his suggestions: Stay with dark colored, underwater lures if there is a wind blowing, or the season of the year rules out flying insects.

Work the light colored top-water lure if there are insects out and the wind is not blowing more than a two-inch ripple.

In the early morning and the late evening (during insect seasons), use a dark top-water lure, as these are the times of day when the frogs move from bank to the water and back.

Top-water fishing always is the most productive during the first few minutes of daybreak—because bass are on the

Linda Frances McDonald, Wm. A. Prater Repeat Wedding Vows Here August 22

MRS. WILLIAM ALFORD PRATER

Linda Frances McDonald became the bride of William Alford Prater in wedding rites read at 5 p. m. Saturday in the First Methodist Church.

The bride is the daughter of Mr. and Mrs. Arthur McDonald of this city, and parents of the bridegroom are Mr. and Mrs. Bill Prater of the Mattson community.

Officiating at the double ring ceremony was the Rev. Tommy

Nelson, Methodist minister of Rule.

Wedding music was presented by Jimmy Trimble, organist, and Dorothea Rueffer, soloist, who sang "Because" and "Whither Thou Goest."

The bride's father gave her in marriage. She wore a bridal dress designed by her mother, of white lace sheath over satin, with portrait neckline and organza silk overskirt. Rhine-

NEWS OF INTEREST WOMEN

Rebekahs Install Officers, Plan District Meet

New officers of Haskell Rebekah Lodge No. 43 were installed at a recent meeting, and plans are being made for the attendance of local Rebekahs at the meeting of the West Texas IOOF & Rebekah Association District 1 meeting in Baird on Sept. 14.

At the last meeting, the charter was draped for two departed members, Mrs. Zetta Frantz and Mrs. Bertie Waggoner.

Three new members will be inducted at the regular meeting Monday evening, Sept. 7. They are Mes. Clara Parks, Blanche Long and Betty Campbell. All members are urged to be present at this meeting.

Officers of the lodge, installed recently, are:

Donna Thomas, Noble Grand; Ruby Medford, Vice Grand; Eva Speer, secretary; Middle Lees, treasurer; Grace McKelvain, finance secretary; Viola Tidwell, lodge deputy; Viola Tidwell, team captain; Viola Tidwell, representative; Eva Speer, alternate; Viola Tidwell, RSNQ; Callie Robison, LSNQ; Avis Pennington, RSVG; Virginia Zimmerman, LSVG; Betty Harris, warden; Leone Pearsey, conductor; Delia Ashley, flag bearer; Louise Josselot, chaplain; Mary Honea, RSC; Mary Kingston, LSC; Anna Mae Houston, outside guardian; Ruth Landess, inside guardian; Emma Pitman, musician; Bertie Dumas, song leader; Wilma Brown, PNG; Louvinia Kelso, RSPNG; Mildred Collins, LSPNG; Bertie Mae Dumas, reporter.

stones covered the band of the skirt. Her shoulder length veil was attached to a crown of seed pearls and sequins. She carried a bouquet of white roses and wore a crystal necklace.

Sherry Burson of Haskell was maid of honor. Her dress of pastel pink flocked nylon over taffeta was trimmed with lace and velvet. She wore a small pink hat with veil and carried a bouquet of white carnations.

Charles Prater was best man for his brother.

A reception following the ceremony was held at the Fellowship Hall of the church. Members of the houseparty serving were Christy Royall, Marsha Buegger, and Myra Stephens.

The couple left on their wedding trip after the reception. For traveling the bride wore a blue two-piece suit with white accessories and her corsage was from her bridal bouquet.

The couple will reside in Paducah, Texas, where the bridegroom is employed by Texas Seismograph Co.

The bride attended Haskell High School where she was a member of the Future Homemakers of America and the HHS Pep Squad.

The bridegroom is a graduate of Mattson High School and served two years in the Army.

Norma Dale Mullins Becomes Bride Of Dalton Ewing Linton Sunday

MRS. DALTON EWING LINTON

Wedding vows were exchanged Sunday by Norma Dale Mullins daughter of Mr. and Mrs. J. W. Mullins Sr. of Haskell, and Dalton Ewing Linton, son of Mr. and Mrs. O. E. Linton, also of Haskell.

The 4 p. m. double ring ceremony was performed in the Pinkerton Baptist Church, with the Rev. M. D. Rexrode, pastor of Haskell First Baptist church, officiating.

Given in marriage by her father, the bride wore a gown of white chantilly lace and nylon tulle over taffeta and satin. The fitted bodice featured a sabrina neckline outlined with scalloped lace embroidered with seed pearls and sequins. A wide tier of chantilly lace trimmed in seed pearls and iridescents and a second tier of nylon tulle applied with lace formed the bouffant skirt over taffeta and extended into a chapel train. A crown held her veil of illusion. She carried white roses atop a white Bible.

She wore the traditional blue garter for something new and something blue. For something old and borrowed, she wore a gold bracelet belonging to the bride's grandmother.

Ernest Kimbrough was best man, Monena Rueffer, niece of the bridegroom, was ring bearer. Ushers were Johnny Darnell, Jimmy Don Brock, Rodney Brown and David Duncan.

Mrs. Frank Clarkson of Lub-

bock attended her sister as matron of honor. Bridesmaids were Mrs. Marlin Brown, sister of the bride, from Ignacio, Colo., and Carolyn Nelson of Winters.

They were identically attired in floor-length gowns of pastel blue organza over taffeta styled with a bouffant skirt caught at the waist with a wide belt of taffeta and a small bow in front accented with seed pearls. They wore matching organza hats trimmed with pearls and sequins.

Penny Mullins of Lubbock, niece of the bride, was flower girl. Candle lighters were Glenn Rueffer and Kerry Mullins, nephews of the couple.

The flower girl wore a sleeveless gown of pastel blue organza over taffeta. The bouffant skirt was caught at the waist with a sash of taffeta with a matching organza headband featuring seed pearls and sequins.

The ringbearer wore a gown identical to that of the flower girl, and a corsage of feathered carnations.

Nuptial music was presented by John Stone, pianist, and Mrs. Clyde Childress of Abilene, soloist, sang I Love You Truly, Because, and The Lord's Prayer.

The reception was held at the Magazine Club. In the houseparty were Mrs. Buck Calaway, Mrs. Gladys Pitman, Mrs. Geo. W. Mullins, aunt of the bride,

Fred Monkes Celebrate 50th Wedding Anniversary With Plane Trip to

BY MILDRED GUESS
Mr. and Mrs. Fred Monke left Tuesday by plane from

Dallas for Sioux Falls, S. D., to celebrate the 50th anniversary. They will visit Mrs. of Le Mars, Iowa, Mrs. Monke, and who of honor at the wedding couple. They will also visit stone, Minn., to visit Monke, a brother Monke.

Mrs. C. E. Turnbow and Mrs. Mary Barnett. Others were Robbie Neil Mullins, cousin of the bride, who registered the guests, Mrs. Jerry Mullins and Geneva Franklin presided at the bride's table.

A white damask cloth covered the bride's table. A bouquet of white gladioli was arranged on each side of the table, with silver appointments and the bridesmaid's bouquet completing the table decorations.

For the wedding trip, the bride wore a black and brown check suit of silk and cotton blend, a small white feather hat, and white gloves. Black bag and shoes were accented with a corsage of white roses.

The couple will reside at 1209 North Lee, Apt. E, in Odessa, where Mr. Linton is now employed at the Odessa Water Filtration Plant.

The bridegroom is a 1958 graduate of Haskell High School and also a graduate of Seagins Beauty Academy in Abilene.

The bride graduated from Haskell High School in 1957. She has completed her sophomore year at Texas Technological College as a business major, where she was a member of the Freshman Council and secretary-treasurer of her dorm, Casa Linda.

Mr. and Mrs. Monke married on August 11, 1938, in Rule, Texas, and honeymooned in the north of Haskell. They made a trip by train field, Ill., traveling the Orient Railroad, to La Fe.

Mr. and Mrs. Monke their farm in what Myers community north of Haskell. They married in 1946. They have a beautiful country home year, and they move to make their home.

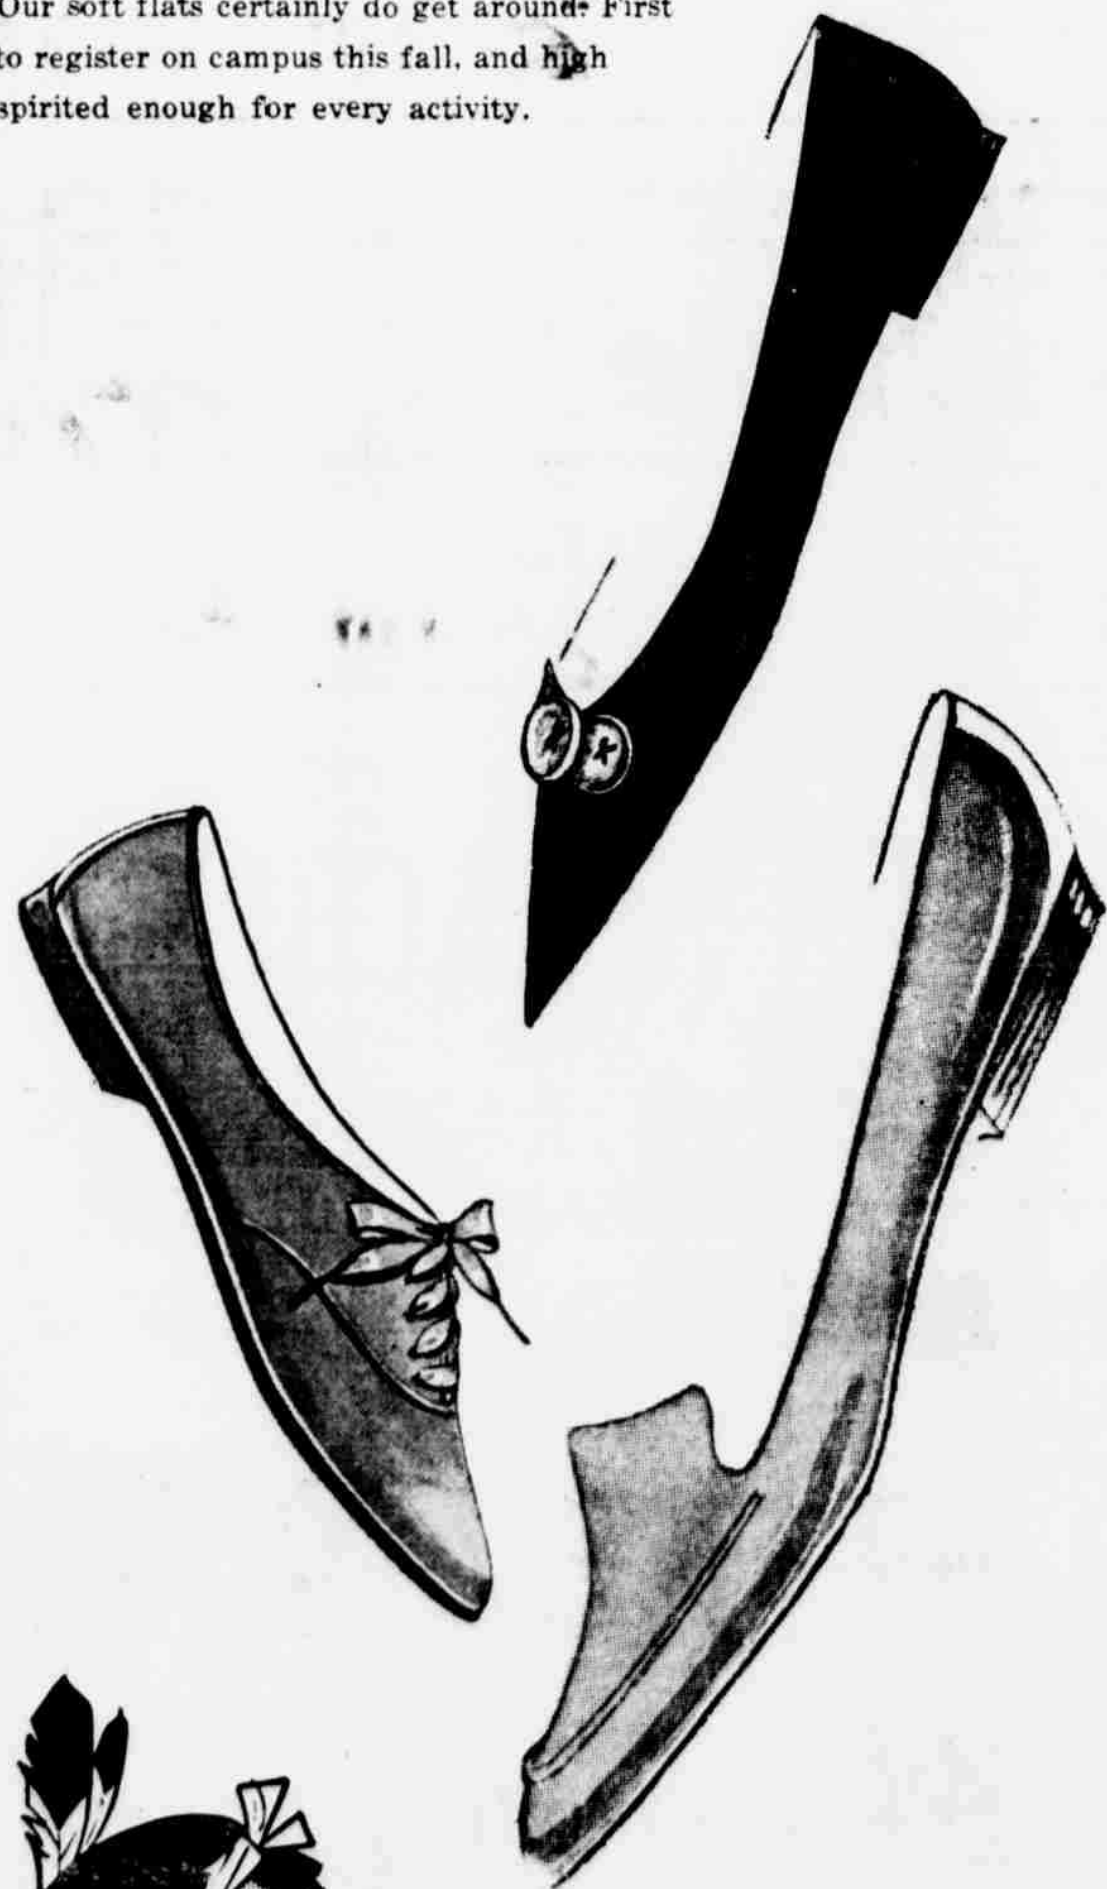

Mr. and Mrs. Monke accompanied to Dallas daughter and son-in-law and Mrs. R. C. Linton.

P.T.A. ANNOUNCING

Officers and members of Haskell P.T.A. are requested to meet at Mrs. Frank's home after 7 o'clock Monday August 21, for a plan "Back to School" for Sept. 1. Men who find it interesting will please contact member of their committee.

Slipper Shoppe

Our soft flats certainly do get around. First to register on campus this fall, and high spirited enough for every activity.

PAINT CREEK . . . COMMUNITY NEWS

BY MRS. GENE OVERTON

Registration for the 1954-55 term of school began Monday morning and classes began Tuesday. Supt. Morrison said that 124 registered Monday. We have the same faculty, the same lunchroom personnel and have only one new bus driver. Royce Trussell will drive the Ericksdahl bus route. Mack Earles will drive the WTU power plant and Scott Park route, and Coach Tate will have the Haskell route. Mack has driven the Haskell route for the past 7 or 8 years.

Football practice began last Monday with the boys working out every afternoon, and sometimes early in the morning. Coach Tate has 12 boys out for football this fall. The football schedule calls for 9 games, six of them here at home, and they are as follows:

Sept. 6, O'Brien here; Sept. 10, Woodson here; Sept. 17, Luaders here; Sept. 24, O'Brien there; October 1, Mattson here; October 8, Benjamin here; October 15, Goree here; October 22, open date; October 29, Vera there and November 5, Weibert here, O'Brien, Mattson, Benjamin, Goree, Vera and Weibert are conference games. The September games begin at 8 o'clock and the November games start at 7:30.

Lt. John Carlos Montgomery is at Fort Hood for two weeks training with the ROTC Reserves. He will complete his training and return to his home in Houston this weekend.

Carolyn Livengood, 14 year old daughter of Mr. and Mrs. Durward Livengood returned home from the Stamford Sanitarium last Friday. She underwent an appendectomy the week before.

Mr. and Mrs. Eric Bergstrom had as their guests last week Mr. and Mrs. Henry Ivy and four children. Mr. and Mrs. Ivy are the mother and father-in-law of their daughter, Wanda, her husband, and Mr. and Mrs. Allen Morris from Seymour, were also here.

Mrs. Ray Perry and Mrs. Paul Fischer took some of the pep squad girls to Abilene Monday afternoon to choose the pep squad sweaters and order them. Mrs. Perry is the sponsor for the pep squad this year.

Mrs. Jack Medford had a reunion Sunday August 16 at Lake Brownwood Park with all her children, grandchildren and great-grandchildren present except one grandson, William (Punk) Medford in the Navy at San Diego. They met on Saturday and stayed Saturday and Sunday. Present were her daughter, Mrs. Frank Underwood, Mr. Underwood and their children, Mr. and Mrs. Colen Hammer and son, Jackie and their daughter, Mr. and Mrs. Wayne Josselot and two children from Weibert, Mr. and Mrs. Medford Underwood and two children of Atoka, Okla., her son Harvey Medford, his wife and their sons, Mr. and Mrs. Johnny Medford, her son Guinn Medford, his wife Zora and their children, Mr. and Mrs. Charles Bates and three children, and Bobby; her daughter Mrs. W. W. Thane, Mr. Thane and their children; Mr. and Mrs. Norman Lee Thane and two children, Mr. and Mrs. Jack Tidwell, and Mr. and Mrs. Charles Hanson and two children, all from Abilene; and her son Medford, his wife and their sons, Mr. and Mrs. Jack Medford and two children, Mr. and Mrs. Leroy Medford and two children from Abilene; and Mr. and Mrs. Buster Medford from Stillwater, Okla.

Mother Medford is 84 years old, and this is the first time in 13 years she has had all her family together. There were 49 descendants present.

The Medford family was one of the earliest families to settle in our community. My grand-daddy, Nick Speer, organized the two Methodist Sunday Schools that merged to make the Paint Creek Church, and he said when he came to organize the Morris Chapel Sunday School he spent the night with the Jack Medford family on Saturday before the organization the next morning. That was about 1910 or 1911.

We used to say that Johnson grass and the Medfords were going to take the community, but now there are only the Roy Medford and the Leon Medford children in our school, and Mrs. Lee Medford and Willie. They are all mighty fine folks.

We extend our sympathy to Woodrow Smith and his family in the loss of his brother, Dan Smith of Stamford who died following a heart attack Monday afternoon.

Mrs. John Carlos Montgomery and children Paul and April

of Houston spent Tuesday and Wednesday with Mr. and Mrs. J. H. Montgomery. They were here for the funeral of Mrs. Montgomery's uncle, Dan Smith of Stamford.

Mrs. Gene Overton and son William were in Arlington last Friday where they visited her aunt, Miss Maxie Speer, and her uncle, Will Speer. They went to Dallas from there and saw the State Fair musical, "Bells Are Ringing." Saturday, William met a group of NTSC and Texas Woman's University students in Denton and went with them to Camp Egan near Tahlequah, Okla., where they will attend a week's training camp for Methodist College students. William will serve as Fellowship Director for the M.S.M. at Denton First Methodist this year.

Summer school students at home from school are William Haynes and Emilee Griffith from H.S.U., and Arvie Bergstrom and Shirley Thané from ACC.

Mike Bonine from Abilene spent last week with Mike Wallar and William Overton. They all spent Saturday in Rule visiting the Overton boy's grandparents, Mr. and Mrs. L. W. Jones and riding horses at the Jones Ranch near Rule.

Mrs. Allen Isbell had a "pea shelling" party last Wednesday night and all the guests were given a bushel basket of black-eyed peas to shell for the school lunchroom. Cake, Cokes and brownies were served to Mrs. Bill Mickler, Mrs. Roy Overton, Mrs. Paul Fischer and daughters Paulette and Margaret, Mrs. Ray Perry and Mrs. Irvin Overton, Joyce

Shanaffel, Mrs. Gene Overton and the hostess and her daughters. It takes four gallons of shelled peas for one meal in the lunchroom, and I think we shelled enough for three days. Several took some home to shell the next day.

Mr. and Mrs. Jess Cook and daughter Carolyn were shopping in Abilene last week for trousseau and bridesmaid's dresses. Carolyn will become the bride of Gary Goree in a ceremony at the Trinity Baptist Church in Stamford this coming Friday evening.

Mr. and Mrs. James Ross Mickler and children have moved from their home at Veda's Camp to San Angelo where James Ross will manage a sale barn.

Chester L. Jones visited for a short time in the community at the home of his niece, Mrs. Gene Overton and her family on his way home to Fayetteville, Ark., from a business trip to Colorado City.

Pat Morrison, Gene Overton, Bill Tate and James Raughton attended the Shrine Charity Oil Belt football game in Wichita Falls last Friday evening. It was between picked teams from graduated high school players, one team of Texas boys and one team of Oklahoma boys, Donald Davis from Stamford played.

Mr. and Mrs. Ray Perry and children recently returned from a week's vacation in Colorado.

Mr. and Mrs. Phil Williams and baby daughter from Lubbock spent last weekend with her parents, Mr. and Mrs. Jess J. Mickler.

Mr. and Mrs. Garland Calloway and daughter Judy returned Wednesday from Houston where Judy had a check-up and any necessary adjustments to her new artificial leg. Judy will be a senior this year and one of our baton twirlers with the pep squad.

Tip to teenage drivers from the National Safety Council: "Be proud of your driving. Do your part to prove you can be the best driver on the road."

The Liszt of the Mohicans

Him know good music got-um char. Soothe-um savage breast. When sun go him serenade Tepee Tillie with top tunes. When it's Time Gal... Sweet As Apple Cider... When it's Time Down South... Mystery Farm No. 4 Identified As 'Old Pinkerton' Homeplace

AERIAL VIEW OF B. C. CHAPMAN FARM

Mystery Farm No. 4 in last week's issue of The Free Press has been identified as the 100-acre farm belonging to District Judge B. C. Chapman of this city.

Judge Chapman has been presented a mounted aerial photograph of the farm and surroundings.

The farm adjoins the west city limits of Haskell, and is known as the "old Pinkerton homeplace." The farm was originally developed by the late J. A. Pinkerton, who built a pretentious two-story home on the farm, which at that time was considered in rural territory.

Judge Chapman has owned the farm for a number of years. All of the land is in cultivation, and the place is being farmed by Clay Smith of Haskell. Mr. and Mrs. Smith formerly lived on the place until buying their

present home on Avenue H in Haskell.

The farm home is now occupied by Mr. and Mrs. Calvin Smith and family. Mr. Smith is the manager of the local branch of Schlumberger Oil Well Surveying Company.

Award Winners
Winner of first prize, \$5.00 in cash given by the Free Press, for identifying the Mystery Farm goes to Mrs. Edward R. Moeller, 608 South 11th Street.

Second prize, \$3.00 in cash given by Barfield-Turner, the sponsoring firm, goes to Bobby Ray Roberts, Route 1. Third prize, a year's subscription to The Free Press, goes to Ervin E. Frierson, 1205 North Avenue H.

Pork Tops USDA's Plentiful Foods For September

Pork stands out among foods expected to be plentiful at Texas markets in September.

The spring pig crop was 12 per cent larger than a year ago and heavy fall marketings probably will start earlier than usual this year. Pork prices are expected to be lower.

That's the report from the Agricultural Marketing Service, Dallas, the branch of the U. S. Department of Agriculture that determines each month which foods are in greater than normal supply.

A vast array of fresh fruits and late summer vegetables many from Texas farms, also are listed as plentiful foods this month. Pears, grapes, lemons and limes and onions deserve special mention. Pear production is expected to run 10 per cent more than average; grapes, 13 per cent more than average.

Small, consumer-size turkeys should be abundant throughout the state. Peanut butter and milk complete the September list.

Shoppers usually can reduce the amount of money spent for groceries by serving plentiful, in-season foods. County home demonstration agents can give additional information on the day to day availability of locally grown produce.

RULE NEWS

BY FAYE DUNNAN

Davene Jones Honored
Davene Jones, bride-elect of Jerry Jeffcoat of Cisco, was feted with a miscellaneous gift tea Thursday afternoon, Aug. 20 from 4 to 6 at the Philadelphia Club House in Rule.

Mrs. J. E. Geer greeted the guests at the door. Those in the receiving line were Mrs. Davis Jones, mother of the bride-elect; Davene Jones, Mrs. O. C. Jeffcoat of Cisco, mother of the groom to be; Mrs. M. L. Jones, Miss Jones' grandmother; Mrs. W. R. Robinson of Rochester, Miss Jones' aunt, and Dianne Jones, her sister. Mrs. A. D. May, Mrs. E. E. Whorton and Mrs. Rex Murray showed the gifts to the guests.

Mary Whorton registered the guests. Myrtle Murray furnished music for the occasion.

Sonja Carroll served, assisted by Mrs. Hugh Carroll, Mrs. Albert Hannsz, Fae Hughes, Mrs. Boyce Foll, Mrs. W. S. Cole, Mrs. G. E. Davis and Mrs. Alton Ross.

The serving table was laid with a white embroidered cloth over red, with a centerpiece of white roses and red grapes. Roses were used on the piano and registration table.

Quarterback Club to Meet
The Rule Quarterback Club will meet Monday night, Aug. 31, at 8 p. m. in the high school. All members and those interested are urged to attend.

LOCALS
Mr. and Mrs. Kent Dunnam spent the weekend with their parents, Mr. and Mrs. O. G. Lewis and Mr. and Mrs. C. W. Dunnam. They have moved to Amarillo and Pampa and Mrs. Dunnam will teach in the Amarillo school system. Mr. Dunnam is reporting to the AFB at Randolph Field in San Antonio on Sept. 1.

Mr. and Mrs. Boyce Foll have been visiting Mr. and Mrs. Don Foll and their children in Breckenridge.

Mr. and Mrs. Buddy Rial and Penney are vacationing at Buchanan Lake.

Mr. and Mrs. Troy Casey have returned from vacationing in Glendale, Calif., and El Paso.

Jimmy Norman and Mike Eastland of Stamford visited with Bill Eastland in El Paso recently.

Mr. and Mrs. Harvey Norwood are vacationing in Pecos, El Paso and Deming, N. M. Their granddaughter Vicki Trammell returned to El Paso with them. Vicki had come to Rule with her other grandparents, Mr. and Mrs. C. W. Dunnam, when they were in El Paso the week before. Kenny Young and Scotty White accompanied them on the trip.

Carolyn O'Pry is home from Denton between semesters.

Mrs. Clyde Martin of Petersburg has returned home after visiting her parents, Mr. and Mrs. E. L. Lewis.

Mr. and Mrs. C. B. Sprayberry and Jerry have returned from a visit with friends and relatives in Mississippi and Alabama.

of Winter Legumes Is on Many Area Farms

Many hundreds of acres through the area can be put to medicinal use by planting winter legumes. An Austrian Win-... A. McGowan... Soil Conser-... Farmers in the... and Wichita... Conservation Dis-... begin planning... legume program... benefit the... protective... of wind... by the ad-... material and... fertility with re-... yields the fol-... penetration... ground, under... and win-... proof that... causes more... into the soil... of 1958 a...

clipping was made of Austrian Winter Peas on the Burnell Gilleland farm. They weighed out 10,000 pounds of green weight per acre. This is equivalent to 120 pounds of nitrogen fertilizer per acre. The use of legumes in a cropping system is to be considered a most economical way of adding nitrogen to the soil.

Some soils are so depleted in nitrogen and organic material that it may possibly take several years to replenish the soil organic material. However the legume crop will improve the tilth of the land and reduce the wear and tear on mechanized farm machinery, and it will also extend the life of equipment.

A cover crop of legumes can be planted from September to November. However the best time is in September, so as to obtain the advantage of early fall rains and to provide good cover during the winter months. G. W. Caddell, Leon Burson, Norris Anders and E. A. Lowack are planning to plant several acres of Austrian Winter Peas for soil improvement. Many other producers are planning to use this practice in developing their conservation program.

Notable Cast Featured in 'Warlock'

Combining one of the most outstanding casts ever assembled for a Western action production with the incomparable outdoor background filmed in CinemaScope and De Luxe Color, 20th Century-Fox's monumental "Warlock" will have its local premiere Sunday, Aug. 30, at the Texas Theatre.

Headed by Richard Widmark, the starring cast is filled out by Henry Fonda, Anthony Quinn, Dorothy Malone and Dolores Michaels, with Edward Dmytryk as producer and director.

"Warlock" tells the story of a rough frontier cattle town, of the lawless element ruling it, the professional gunfighter brought in to tame it, and the man who stood balanced precariously between the killer gang and the gunman.

In the key role, that of an outlaw turned lawman, Richard Widmark racks up another of his outstanding action performances, adding to a record begun with the memorable Tommy Undo in "Kiss of Death."

As the professional gunman, Henry Fonda brings back all the excitement and magic of his faultless early portrayals in such films as "My Darling Clementine" and "The Ox-Bow Incident." Anthony Quinn, who has

gained renown as an international star, is the warped and strange sidekick of the professional gunman.

Academy Award winner Dorothy Malone is the captivating woman of mystery who has a score to settle with Fonda but falls in love with Widmark, and Dolores Michaels is the woman in Fonda's life.

Filming among the grandeur of Montana's mountainous Four Corner section, "Warlock" neatly ties together this stellar cast with genuinely exciting outdoor photography by serving to compliment Robert Alan Arthur's masterful screenplay from the best selling Oakley Hall novel.

Rounding out the fast-action picture is a top supporting cast headed by Wallace Ford, Tom Drake, Richard Arlen and DeForest Kelley.

WEINERT NEWS BY MILDRED GUESS

Guests in the home of Mr. and Mrs. Ben Bruton were her brother and family, Mr. and Mrs. Bruce Rhine of Lubbock, and her mother, Mrs. Drue Rhine who will remain for a longer visit with the twins before they return to college at Denton.

Mr. and Mrs. Cecil Jones visited her mother, Mrs. W. W. Ashby in Denton during the weekend.

Attend Exercises As Son Receives ACC Degree

Mr. and Mrs. Vernon Ivy and daughter Judy, accompanied by Mrs. Stella Campbell, attended summer commencement exercises at Abilene Christian College last Friday evening.

In the exercises, Gary Ivy, son of Mr. and Mrs. Ivy, received his Bachelor of Science degree in music education. While attending ACC, Gary was a member of the college band and orchestra. He is a graduate of Haskell High School, where he was an outstanding member of the HHS Indian Band.

Gary has accepted a position as instructor and director of band in Baird High School. He began work there this week in preparation for opening of the new school term.

Haskell Airman Now Stationed At Dyess AFB

Dyess Air Force Base—Staff Sergeant Jackie E. Faulkner, son of James E. Faulkner of Dimmitt, Texas, is presently serving in the Fourth Strategic Support Squadron at Dyess AFB. He is maintenance supervisor working on the giant C-124 Globemaster airplane.

Sgt. Faulkner is a veteran of 12½ years service. Before reporting to his present duty station he was stationed at England AFB, Alexandria, La. He served over seas at Johnson AFB, Japan from 1952 through 1954.

Dyess Air Force Base at Abilene, is the home of the 819th Air Division which uses B-47 medium jet bombers, KC-97 tankers and the C-124 transport in the performance of its mission as a part of the Strategic Air Command. Dyess AFB was activated in September 1955, and is one of the newest and most modern installations in the United States.

Sergeant Faulkner graduated from Haskell High School in 1946, and immediately after entered the service.

RELATIVES VISIT MRS. W. E. WELSH

Mrs. W. E. Welsh, who is at the home of her daughter and husband, Dr. and Mrs. Frank C. Scott after being critically ill in the Haskell Hospital, had several relatives visiting her during the weekend. Lt. and Mrs. Collins Welsh and son David came by plane from Warrensburg, Mo., and Dr. and Mrs. Horace Robbins and son Hugh Taylor came from Houston. Mrs. Welsh's brother, J. B. Silvers and Mrs. Silvers were here for the weekend from Little River, Texas, and Mrs. Welsh's daughter, Mrs. Ralph Duncan and daughter Jennifer of Abilene are spending the week here.

The Haskell men reported a very informative meeting, with many suggested issues that will be of much interest to farmers and ranchers in coming months. These matters will be brought up at some community meetings being planned for which dates will be set later, President Smith said. However, he stressed that these community meetings would be held before the county-wide Resolution Meeting in October.

VISITORS FROM LITTLEFIELD

Mr. and Mrs. John G. Freeman and family had as guests Saturday and Sunday, Mr. and Mrs. Houston Parish and children Ramona, Gary, Hayes, Evonne and Betsy from Littlefield.

Local F-B Group Attends Meeting In Wichita Falls

Headed by Henry W. Smith, president of the Haskell County Farm Bureau, a group of officers and directors of the local farm organization attended an area Policy Development meeting held in Wichita Falls August 20.

In the group, in addition to Smith, were Alton O. Jones, C. G. Hammer, H. D. Gammill, Thurman Rice and Clinton H. Herren.

The Haskell men reported a very informative meeting, with many suggested issues that will be of much interest to farmers and ranchers in coming months. These matters will be brought up at some community meetings being planned for which dates will be set later, President Smith said. However, he stressed that these community meetings would be held before the county-wide Resolution Meeting in October.

Haskell Officers Meet By Chance In Korea

The oft-heard saying that the world is a small place proved true recently for two young Army officers in Korea, both from Haskell.

Meeting by chance were Lt. Kenneth W. Howard, officer in an artillery group, and Lt. Thomas Holland, assigned to an infantry division. Neither officer knew the other was in that area until their chance meeting.

Lt. Holland, son of Mr. and Mrs. Tom Holland of Haskell, has been in Korea since early this year. Lt. Howard, son of Mr. and Mrs. Hollis Howard of Route 1, went to Korea in May. "You can imagine what a pleasant surprise it was to both of us to meet someone from home," Lt. Howard wrote his parents. "And we plan to visit together as often as possible."

Lt. Holland is a graduate of Haskell High School and Texas Western College, El Paso. Lt. Howard graduated from Paint

Creek High School and Texas Christian University.

LOST —

REWARD: For return of ladies purse with pictures, girl's drivers license, NTSC graduation ring. John E. Robison, 1101 N. Ave. D. 35p

190.31 per cent increase in the total quail populations over that for the fall of 1957.

A deer census in the same section of state showed a fall population of one deer per 19.77 acres compared to one deer per 13.71 acres in 1957 in Bosque County and similar increases in most of the other counties in the Possum Kingdom area.

Regular field observations indicate a higher turkey hatching success but only a slight increase in turkey population over those for the previous nesting season. Squirrel populations were much higher and cottontail rabbit numbers continued high. Dove numbers were comparable to those for the preceding year.

Sixty-five roadside quail counts were made in 15 counties during the survey, while 5,643 acres in Clay, Wise and Young counties were censused with bird dogs. Methods for determining the population trends for turkey and squirrels include field observations, contacts with game wardens, land owners, and other field workers

Heavy Increase In Wildlife Population

Quail, deer, squirrel, turkey, dove, and cottontail rabbit populations in the Possum Kingdom Game Management area show an increase for this year. Field biologists' reports indicate that in some cases they are over 100 per cent above 1957 population figures for the same area, according to the director of wildlife restoration, Texas Game and Fish Commission.

Early 1959 survey figures show a 36.04 per cent higher breeding population of bobwhite quail now than at this same time in 1957. A bird dog census on selected areas conducted in late fall of 1958 indicates a

CHEVROLET

most m.p.g.*

one of 7 big bests Chevrolet gives you over any car in its field

ENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by NASCAR, Chevy outstopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM—Official dimensions reported to A.M.A. make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

USDA Cotton Program for 1959-60 Has Dual Program of Price Supports

As required by law, price supports will be made available to cotton producers for the 1959-60 crop at two different levels. Choice A will be limited to Purchasers from Producers who elected to comply with regular acreage allotments. Choice B will be limited to Loans to Purchasers who elected to comply with the 40 per cent larger acreage allotments. Both programs will close on April 30, 1960.

This dual program of cotton price supports was designed to permit cotton to enter the channels of trade and not materially increase present price depressing surpluses of cotton, afford producers more choice in acreage as well as regain lost markets.

An eligible producer under Choice A program received 33.97 basis middling inch at Haskell. The local approved selling agents in Haskell have authority to sell this same bale to the trade if high bid is 31.10 or above. This difference between the price that producer receives and the CCC selling price applies to all grades and staple lengths under the program, that is, 110 per cent of Program B price supports.

Local ASC committees under supervision of the ASC State committees determine eligible producers and will issue marketing cards indicating whether producer has qualified for A or B program. These marketing cards must be presented to purchasing agent. If Program A or Lending Agent if under Program B. The local ASC offices also maintain lists of all local purchasing and lending agents as cotton buyers or banks are eligible for approval.

Prices for Choice A cotton at Haskell are as follows: Middling inch, 33.97; Middling 31/32-33/32; Middling 15/16 32-47; Middling 29/32-31/32; Middling 7/8-30/32; Middling 13/16 of 30-22.

There is a premium in price for all white grades designated as "Plus." Also a separate price for light spotted and spotted grades, the light spotted carrying a premium of 2c or more over the spotted grades.

Weights eligible under A program are from 275 lbs. through 700 lbs., with bales weighing 275 lbs. through 349 lbs. carrying a penalty of 1c per pound, and bales weighing 350 lbs. through 700 lbs. with a penalty of 5c per pound.

All grades and staple lengths are eligible for purchase under the Choice A on which Board of Cotton Examiners show a grade and staple length in "class block" but any bale

showing a "Reduction" in grade or staple length shall be 4c per pound less than the purchase rate for the quality to which the cotton is reduced—except cotton which is reduced not more than two grades for preparation will take the rate to which grade and staple length is reduced.

Producers of Choice A cotton can receive payment promptly from approved purchasing agents upon presentation of Class Card, approved warehouse receipt and Marketing Card. There is no charge to producer for drawing up Purchasing Agreements or other clerical work, but the producer must pay all warehouse charges to end of current month in which payment is received. This should average about \$1.50 per bale if producer sells cotton in the same month in which cotton is placed in the warehouse.

The landlord or landowners must sign waivers on Purchase Agreement with tenant whether they hold a lien or not. Power of attorney (CCC form 77) for out of state landowners or landlords may be made in favor of any qualified person with the exception of purchasing agent or loan clerk.

Following is cotton described as ineligible for purchase (Choice A) cotton:

Cotton compressed to high density; cotton which producer has no legal right to sell; cotton received by landlord or landowner as a fixed rental; false-packed, water-packed, mixed-packed, reginned or re-packed cotton.

Loan Program (Choice B)

Choice B supports are limited to loans to the producers. The 1959-60 loan is about the same as in the past. Loan support for Middling inch cotton at Haskell is 28.27 with same premiums and discounts for grade and staple lengths as the Purchase Program (Choice A). Any cotton showing a reduction in grade or staple length is not eligible for the loan except cotton reduced not more than two grades for preparation.

Bales under 350 lbs. and over 655 lbs. are not eligible for the loan. This year's loan schedule carried a premium for all white grades designated by the Board of Cotton Examiners as a "Plus." Light spotted and light gray carries a premium of 2c or more per pound over the spotted and gray price.

It is generally believed that most of Program B cotton will sell on the open market as loan cotton at Haskell.

VISITING IN HASKELL

Mrs. Gaylon Head and son Curtis of Big Spring are visiting Mrs. Head's mother, Mrs. George Moeller and sister, Mrs. Charley Redwine.

VISIT IN ABILENE

Mr. and Mrs. George Moeller visited Mrs. Moeller's brother, R. M. Barrington and Mrs. Barrington in Abilene last week.

SPEND WEEK IN COLORADO

Mr. and Mrs. Barney Frazier and Mr. and Mrs. Wayne Bradford and Bronwyn spent last week at Lake Isabel, Colo., trout fishing and enjoying the cool, mountain atmosphere.

Hospital Notes

The following persons have been listed as patients in the Haskell County Hospital during the past week:

Mrs. H. M. Smith, medical, Haskell.

Lee Henderson, surgical, Haskell.

Mrs. J. W. Draper, medical, Haskell.

Mrs. E. A. Howard, medical, Haskell.

T. F. Rainey, surgical, Haskell.

Mrs. W. F. Crume, surgical, Rochester.

Mrs. Gentry Middleton, surgical, Haskell.

Mrs. J. W. Burrow, medical, Rule.

Mrs. R. C. Montgomery, medical, Haskell.

Mrs. H. C. Neinst, surgical, Haskell.

Mrs. Nellie Hamilton, medical, Haskell.

Mrs. Royce Dean, medical, Stamford.

Ben Worley, surgical, Haskell.

Mrs. Charles Overand, surgical, Rochester.

Mrs. Giles Kemp, medical, Haskell.

W. W. Quattlebaum, medical, Haskell.

DISMISSED:

Mrs. O. Cole, Rule; Mrs. A. W. Cox, Knox City; Mrs. W. E. Welsh, Haskell; Mrs. R. L. Banks, Haskell; Jess Jenkins, Haskell; Mrs. Charles Vest, Haskell; Mrs. E. L. Jenkins, Jr., Stamford; Johnny Gonzales, Rule; Joe Lowery, Rule; Mrs. F. B. Jenkins, Munday; Mrs. Morrell Dick, Haskell; Gene Merchant, Haskell; Betty Joan Middleton, Haskell; Ramah Turner, Haskell; Eddie Harvey, Stamford; Mrs. B. W. Wright, Haskell; Mrs. N. C. Phelps, Haskell; Mrs. Hollis Howard, Haskell; Mrs. W. P. Russell, Rochester; Mrs. L. A. Jones, Rochester; Simon Reyes, Eagle Pass; Gavino Sotelo, Haskell; D. E. Griffin, O'Brien; Mrs. Laura Optz, Haskell; Bill Jetton, Weinert; Kay Reid, Rochester; Mrs. Elia Louise Hunnicut, Haskell; Mrs. Speck Sorenson, Haskell; Lupe Quintana, Rochester; Jodie Rhone, Haskell; Mrs. Norman Jones, Haskell; C. E. Williams, Knox City; Mrs. Bobby Hutchison, Munday.

THE VERY NEWEST

The following births have been recorded in the Haskell County Hospital during the past week:

Mr. and Mrs. Samuel Cole Turner of Colbert County, a boy, Robert Ace, born Aug. 24, 1959, weight 7 lbs., 10 1/2 oz.

Rev. and Mrs. Guy Harris of Haskell, a boy, Todd Joseph, born Aug. 25, 1959, weight 7 lbs., 13 1/2 oz.

Mr. and Mrs. Pablo Soto of Weinert, a boy, Joe, born Aug. 23, 1959, weight 7 lbs., 12 oz.

Mr. and Mrs. Alvin Tumlinson of Rule, a boy, Jerry Lynn, born Aug. 24, 1959, weight 8 lbs., 7 oz.

Haskell Gains 2 New Residents During Week

Haskell gained two new residents during the past week, according to the weekly survey made by the Chamber of Commerce.

The newcomers are: Mr. and Mrs. T. H. Strayhorn, 206 South Avenue E. Ina Mae Brown, 502 North Avenue B.

RECENT VISITORS IN DR. EDWARDS HOME

Recent visitors in the home of Dr. and Mrs. Arthur Edwards were their daughter, Mrs. Robert Arnold and children Scott, Dianne and Marilyn of Austin. While here they spent one Sunday at Token, in Runnels County, where Dr. Edwards showed his daughter and grandchildren places of interest in the area where he was born and reared.

VISITS IN HOME OF GRANDPARENTS

Little Miss Margaret Sue Hunter of New Orleans, La., has been visiting in the home of her grandparents, Mr. and Mrs. D. H. Persons for the past two weeks. Mrs. Persons will accompany her daughter, Mrs. Chas. F. Hunter and Margaret Sue to New Orleans for a month's visit.

O'Brien Football Team Workouts Now Under Way

Coach Tommy Robison began workouts this week for O'Brien High School gridder for the football opener at Paint Creek on Saturday, Sept. 5. Those practicing include Junior Hester, senior end; Jerry Rowan, junior half and Royce Cox, former manager who is also a junior; two sophomore backs, Jerry Force and Larry Gibson; and the following freshmen: C. H. Underwood, Bobby O'Neal, Jimmy Johnston, Joe Matura and Bobby Cox. Two or three more freshmen may report later.

Hester played at end and Rowan was a regular back on last year's squad which won 7, lost 2 and tied 1. Force and Gibson played some. All freshmen played grade school football last year.

Players who graduated from last year's team were Danny Walworth, John Tom Johnston, Jerry Carver, Jerry Covey and Buddy Williams. Walworth was all district while all but Williams were first string players of Chas. Yarbrough, the 1958 coach who is now coach at New Home, south of Lubbock.

O'Brien plays its first game at Paint Creek on Sept. 5, (Saturday) and follows it up with successive games away at Leuders and Moran before its first district game on Sept. 24 with Paint Creek. Last season, O'Brien lost to Weinert and Gore, beat Ira, Leuders, Mattson, Moran, Hobbs, Vera and Benjamin in addition to its tie with Paint Creek.

Coach Robson will be starting his first year as head coach of a high school team. He has assisted in coaching at Slidell and Pawnee after his college playing at North Texas State. He is a Haskell High School graduate where he was twice all district lineman.

NEWS From Congress

By Congressman Frank Ikard

As Congress moves toward adjournment and most members prepare to return to their homes, the top news story during the next two weeks will undoubtedly be the visit to this country of the Russian strong man, Krushchev. We can all hope that something fruitful will come out of the talks between Krushchev and President Eisenhower and that many of the differences that exist between our two countries can be peacefully settled; however, past experiences indicate that anything really fruitful coming from his visit is highly improbable. The Geneva Conference of Foreign Ministers which has just concluded did not accomplish anything, and the Russians did not give one inch on any problem or question, and their ultimatum with respect to Berlin still stands. The greatest contributing factor to the failure of the Geneva Conference no doubt was the desire of the Russian Leader to come to this country and to meet personally with our President. This he has now accomplished. In some respects the meeting here in the United States between the two Heads of State could be described as a Russian victory, for we had stated that there would be no such meeting as long as the ultimatum with respect to Berlin existed. Perhaps, however, the greatest danger with the Krushchev visit is that we will be lulled into a false sense of security with the thought that the cold war is thawing. While we are absorbing the onslaught of Soviet propaganda which necessarily will accompany the Krushchev visit, we must be ever mindful of the fact that the basic aim of Communism is world revolution and the eventual overthrow of our form of government.

With the passage of a labor bill in the House this week, Congress took a long step toward adjournment. Still to be enacted is a program for financing the interstate highway system, a housing bill, and several appropriations.

Jury Service Is Speaker's Topic At Rotary Club

John Camp, Abilene attorney, told members of the Rotary Club at the weekly luncheon meeting Thursday, that when the average citizen thinks of civic duty or participation in government affairs, he immediately thinks of the privilege of voting.

"It is a privilege and along with that privilege it is a duty of citizenship that no one can overlook. But all of us have another duty, another privilege," the speaker said. "I refer to the neglected duty of serving on our juries when called, and through such service help shape the administration of justice."

The speaker appeared on the Rotary Club program under the auspices of the Southwestern Insurance Information Service

of Dallas, which is currently conducting a statewide information and education program on safety and jury service. The program was arranged by Thos. E. Roberson.

"During the last few years," the speaker pointed out, "an alarming situation has developed in the United States. The personal injury suit business has become highly organized and in certain areas the practice of making ridiculously big awards has become well known. In these areas the cost of liability insurance has increased for everyone. The cost of excessive verdicts are passed on to the everyday consumer. I am not talking about the just, fair, and adequate award for injuries. I'm talking about those that are cut of line, those that are excessive and those that result in industry and business as a whole being penalized so that no person may be unjustly enriched." Camp continued.

Barbara Elliott was pianist for the club sing-song led by Thos. B. Roberson. Guests were Lee Dennett of Haskell, Rev. Herb Barker of Rochester, Aubrey Simpkins and Connor Horton of Rule, Wade Watts and Tom Adams of Stamford.

RETURN FROM TRIP TO ROCKY MOUNTAINS

Mr. and Mrs. Ray Perry and children, Milla and Ricky, have returned from a trip through the Rocky Mountains. About ten days were spent in touring points of interest. While in Colorado, they visited Silverton, an old mining town that has been kept intact since the 90's. There are no paved streets or other modern devices and the inhabitants dress in clothes of that time.

HASKELL VISITORS

Mr. and Mrs. Robert Bruce Reynolds, formerly of Jacksonville, Fla., were visitors last week with his grandfather, R. J. Reynolds in this city. Mr. and Mrs. Reynolds left Thursday for Houston, where they will make their home.

RETURN FROM ABILENE

Mr. and Mrs. V. Ivey have returned from a visit to their daughter and son-in-law, Mr. and Mrs. J. E. Ivey, in Abilene.
