

Modernizing of 2 Business Buildings Near Completion

The northwest corner of the square has been changed in recent remodeling of the "face-lifting" of the three store fronts.

The two-story Pierson building has been extensively converted into a modern structure.

The west side building is under way at the present time, and the space is expected to be completed soon.

The Pierson building is being remodeled and the project for the building on Avenue 10 is under way.

The northwest corner of the square is being modernized to give a completely new appearance.

The plans also call for more convenient parking for the store's customers.

Weinert Youth Visits United Nations As Member IOOF Youth Pilgrimage

A Weinert high school student, Kenneth Sanders, spent last week in New York City where he represented the Haskell and Rule IO.O.F. and Rebekah lodges on the 10th annual Odd Fellows "United Nations Pilgrimage for Youth."

Highlighting the pilgrimage were many conferences with officials of the permanent missions to the United Nations by the young people from every section of the United States and Canada.

Visiting the U.S.S.R. and Japan delegations to the United Nations, the local area student had the opportunity of discussing many conditions and problems of those countries.

Considered one of the most ambitious programs of its type in the country, the "United Nations Pilgrimage for Youth" gives young people the opportunity of seeing the United Nations in action and observing its method of organization and studying some of its accomplishments.

Local Car Owners Will Pay Less For Insurance

Haskell County car owners will pay less for their insurance after August 1, as private passenger automobile insurance rates take a general decline.

The general reductions ordered by the State Board of Insurance are possible partly because the Board reduced the expense allowance for insurance companies, and partly because last year's drivers were a little more careful.

A typical rate is on a new Chevrolet Impala, with no drivers under 25, and not used customarily to drive to and from work.

Four Fined \$100 Each As Officers Confiscate Beer

Four men paid fines amounting to \$508.80 in County Court during the weekend as a result of the seizure of approximately 50 cases of beer by the Sheriff's department.

First to be nabbed by the law were two Hamlin men in separate cars. Each car contained 18 cases of beer, officers stated.

Shortly afterwards, a Mexican man who told officers he was from Abilene, was charged with transporting after officers found a quantity of beer in his car.

Next to fall victim to the alert officers was a Haskell Mexican who was charged with possession for the purpose of sale after the officers had seized the load of beer in his car.

The Hamlin men were charged in separate complaints with transporting intoxicants in a dry area, with members of the sheriff's department signing all complaints.

Each defendant was fined \$100 and costs of \$27.20 on pleas of guilty.

Proposed Bond Issue Meeting Approval

Proposal for an \$80,000 bond issue, the proceeds to finance modernizing and enlarging the Haskell County Hospital is meeting with approval of citizens in all parts of the county.

Meetings Slated On Methods To Control Rabbits

Judging Committee Studies Suggested Haskell Slogans

A committee to select a descriptive slogan for Haskell, in a contest sponsored by the Chamber of Commerce, is expected to announce the prize-winning slogan soon.

The selection will be made from 86 suggested slogans submitted to the C. of C. by citizens of Haskell.

A prize of \$10 in cash will be awarded the person submitting the slogan selected by judges.

There are so many excellent suggestions that the judges will find it difficult to narrow their selection down to one.

Fire Chief Warns Home Owners On Trash Burning

A warning regarding fire hazards during July and August was given this week by Fire Chief Jim Byrd.

Due to the heavy rains in recent weeks, weeds and grass are extremely thick and high in most all parts of town, especially on vacant property.

The fire department has asked homeowners not to burn trash on windy days, and that when trash is burned in a trash can it is suggested that a lid or piece of heavy hail screen be used as a cover to prevent sparks or bits of paper from blowing.

New Presbyterian Minister Is Rotary Speaker

The problem of dealing with the "Beat Generation" was the topic for an interesting talk by Wm. T. Barnett, Presbyterian minister, at the weekly meeting and luncheon of the Rotary Club Thursday in the High Way Drive In.

Presiding for the meeting was the new president, Hooper Wilkinson. A sing-song was led by Thos. B. Roberson, with Mrs. Ruthie Withers pianist.

The speaker, introduced by past president Tom Barfield, declared that "The Beat" and their contribution to juvenile delinquency, resulted from a spirit of rebellion generated after every great war.

Every great conflict has interrupted the lives of youths, he explained, and after harsh experiences of war the young people find it next to impossible to adjust themselves to normal life.

They live in a world where they don't fit and they want to get out of it. They search for something new, something apart from a world that is facing annihilation, he said.

The church has the answer for the "beat" generation, and for all generations, the minister said. The question is, will the church speak up? In the final analysis the answers of the church and christianity is up to "you and me" the Rotarians were told.

A guest at the meeting in addition to Mrs. Withers, club pianist, was Buddy Drinnon, young farmer of this city.

Ex-Grad Named Football Coach At Weinert

Sam Adams, teacher and football coach at Imperial, Texas, for the past two years, has been employed as football coach in Weinert High School, it was announced following a meeting of the Weinert School Board Tuesday night.

The new coach is a 1954 graduate of Weinert High School, and is the son of Mrs. Rupert Adams of Haskell.

He received his bachelor degree from Sul Ross State College, and for the past two years has been a faculty member and coach at Imperial High School.

During his tenure as coach, the Imperial 6-man grid team has turned in an impressive record. He is married and the father of a little daughter.

In addition to his coaching duties at Weinert, Adams will teach science and possibly other subjects.

Weinert School Supt. Douglas Myers said one teaching vacancy still existed on the school faculty, that of 5th and 6th Grade teacher in the Elementary School.

Riding Club A Community Asset

An organization which deserves the acclaim of the citizenship of Haskell for the publicity and good will generated for our town is the Haskell County Sheriff's Posse.

Although the riding club was organized only a few years ago, it has proven a valuable asset to the community from the start.

As sponsoring agency for the Rice Springs Roundup and Horse Show, it has promoted an annual event that would be a credit to any city, a show that compares favorably with the larger shows held in the Southwest.

Through participation in neighboring shows and rodeos, the Sheriff's Posse has gained much favorable publicity for Haskell, and has earned recognition as one of the area's most colorful riding clubs.

Proof of this recognition is in the numerous trophies won by the Sheriff's Posse. Among the most recent are trophies won at Olney, Graham, Vernon and last week at the Texas Cowboy Reunion in Stamford, where the local riding club won first place.

Highway Bus vs. Railway

It was doubtless a humiliating experience last week when a special train bearing railway officials headed for the Texas Cowboy Reunion in Stamford stalled near Dundee, necessitating the chartering of a bus to carry the party to their destination.

A consolation is the fact that another means of transportation, although competitive with the railway, was available. The same would be true in most any section of the country, providing dependable transportation in the face of most any emergency.

The incident brings to mind something we've often wondered about. With all the scientific know-how that is available to American railroads, it seems that they could develop single-unit railway bus service that would regain a large share of the passenger traffic now carried on the highways.

It seems to us that faster schedules could be maintained, since the railway has its own private right-of-way, as compared to crowded highways used by the bus lines.

It makes sense to us, but there are bound to be factors and obstacles that a country newspaperman knows nothing about.

Dangerous Tolerance

People can develop a tolerance for certain drugs and medications—that is, after given amounts have been taken, the remedies in question may lose effectiveness.

A comparable kind of tolerance can be developed in the realm of ideas.

For instance, we have been barraged for years with discussions of the inflation problem. We have all suffered as inflation has degraded the dollar, reducing its purchasing power more and more. But this has been going on for so long that many of us have lost any real sense of urgency so far as dealing with the problem is concerned.

If this is so, and if that sense of urgency is not regained and translated into action, we as individuals and as a nation will drive blindly ahead down a road whose end is catastrophe.

New accounts tell of the difficulties the Treasury has had in selling government bonds, even at high interest rates. Recent issues, once on the open market, have slipped in value below the issuing price. And if anyone thinks this is a matter far removed from the concern of the average man, he'd better think again.

If the Treasury can't sell its bonds, because of lack of faith in the future value of the dollar, it will have only one recourse left—printing-press money. And printing-press money, issued in large enough amounts, becomes worthless money.

What is the solution? First and foremost is a balanced budget, which would do more than anything else to save what is left of the dollar's purchasing power. And this is as urgent a need as the country faces.

Unfortunately our law-makers, both state and national, seem to have developed such a tolerance for the inflation drug, that their appetites demand more rather than less of the poison—the remedy lies in the voters.

PEOPLE, PLACES AND THINGS

By A. PATE

The Fourth of July, normally a holiday for the majority of townspeople, was another work day for many farmers in the Haskell area.

Continued rains in recent weeks have kept farmers out of their fields, with the result that careless weeds and Johnson grass got a head start in many fields.

Some farmers face an almost impossible task in cleaning out their otherwise bumper maize and cotton crops.

One longtime farmer took a

will keep good time again, Uncle Bob said.

Mail delivery was started July 1 on the 10-mile extension of Rural Route 1 out of Weirert, Carrier W. O. Lewis has advised. The route extends almost to the north city limits of Haskell.

Rev. Lewis Sherrill of Louisville, Ky., accompanied by his family, are visiting his parents Mr. and Mrs. R. E. Sherrill this week. On invitation of the congregation, Rev. Sherrill preached Sunday evening at the First Methodist Church.

Mr. and Mrs. Vaughn Bailey and children and Miss Lois Norton spent the Fourth in Wichita Falls with relatives and friends.

Buster Gholson was brought home Wednesday from the Stamford Sanitarium, where he had his tonsils removed Tuesday.

Mrs. Jim Isbell and little daughter Bettie Jane, and son Joe have returned from a visit with relatives in Lamesa, Texas.

50 Years Ago—July 10, 1909

County School Supt. T. C. Williams has returned from Austin where he sold the bonds of common school districts and got those of the independent districts approved.

C. E. Bowers has sold his dry goods store at Sagerton to J. S. Brasher of Frankston, Texas.

Mr. and Mrs. C. M. Hunt left this week for points in Oregon, Washington and California.

Mark Whitman left Thursday for Mineral Wells to attend the bedside of his father, W. P. Whitman, who is reported to be very ill.

W. T. Hudson is visiting his daughter, Mrs. Robt. Reynolds in Roswell, N. M.

Mr. and Mrs. J. S. Boone visited their ranch northeast of town Monday.

R. B. Fowler was in Tuesday from the Hughes Ranch. He reports grass is not as good as it ought to be. More rains are needed, he says.

Quite a number of citizens have spoken to us and expressed themselves as being in favor of the City Council suspending the stock ordinance until October. The whole town is growing up in grass and weeds and they think it best to allow stock to graze in the alleys and along the streets.

The Rock Island corps of engineers, who have been making the permanent survey of that road's extension from Graham to Stamford, have practically completed their work.

G. R. Couch, accompanied by Mrs. Couch, visited Knox City a few days ago. Mr. Couch is connected with the First National Bank of that city. We learn that this bank declared a semi-annual dividend of 6 per cent.

T. J. Smith of Stonewall County was over Wednesday, laying in ranch supplies.

Everybody who didn't go fishing this week went to the BYPU rally on the Clear Fork.

Tom Johnson of Henrietta, who has a cattle ranch in Knox County, stopped over here a day or two this week with his old acquaintance and friend, B. L. Frost and family.

The Stonewall People have been keeping the road to Haskell hot this week over their county seat muddle and, we suspect, making life miserable for the District Judge. We at first thought about writing up the situation, but space gave out and too, we don't believe that 40 smart lawyers could give an intelligent summary of the messed-up deal.

Some recent cattle and sheep deals included the following:

J. D. Montgomery of Stonewall was over Wednesday and closed a sale of 150 steers from two-year-olds up at \$26 around.

Lee Brothers of Stonewall County also sold to J. A. Hale 500 steers from 2's up at \$25 around.

Hale also bought lots of two and three-year-old steers from T. R. Duke and J. E. Keene of Stonewall at \$25 per head, delivery to be made in the fall.

Major Smith of this place, probably the largest woolgrower in this part of the state, closed a sale on Thursday of 5,000 yearling wethers to Prosser & Co. of Comstock, in the lower Rio Grande country. The sheep are to be delivered at Colorado at once. We did not learn the exact price, but understand the figures were very satisfactory to Mr. S., who has first-class sheep that bring top prices.

Messrs. Rose and Dickenson of this place closed a deal Tuesday with M. L. Steed of Stonewall County for his entire herd of about 4,000 sheep for \$9,000. The sheep will be placed on their ranch in the northwest part of the county.

somewhat optimistic view, remarking: "I can't remember a good crop year when we didn't have to fight weeds and grass almost continuously." Hope he's right.

Two local hot-rodgers picked the wrong place to start their drag race last Friday evening.

Lined up on the Throckmorton Highway outside of town, they got underway without paying any attention to a car approaching behind them.

Occupants of the third car were three fellows who take a dim view of racing on the highway—Sheriff Pennington, Deputy Medford and Police Chief Barnett.

When the officers gave chase and began gaining on the speeders, one of the cars pulled to the shoulder and slowed down. Continuing, the officers overtook the second car several miles down the highway.

While the lawmen were talking to the occupants of the second car, Hotrod No. 1 drove up, stopped, and breezily remarked to the officers: "Just drove out to check prospects for the cotton crop."

Sheriff Pennington had a prompt reply: "Good for you, buddy. Be at the courthouse Monday morning at 10 o'clock to give us a report."

Ordinarily, County Tax Collector Elizabeth Stewart is a very careful, thorough-going person. But like all other mortals, she gets in a hurry sometimes, and oops!

Recently, she was getting ready to accompany husband E. J. to the Rotary Club's Ladies Night banquet.

Telling him she'd be ready in a moment, she went to the bathroom to brush her teeth.

Finishing the chore, she reached for a bottle of mouth-wash—there was the sound of breaking glass as the bottle hit the floor, and then the bathroom was filled with strangling, gurgling sounds and explosive "eeks" and "ughs" as Elizabeth tried to regain her breath.

Instead of mouth-wash, she'd picked up a bottle of E. J.'s dandruff remover!

In case we're not around for a day or two, we'll send a few post cards when we think it's safe.

George Neely was commenting on the Scotsman-like traits of one of his coffee-drinking buddies.

"He's not exactly what you'd call a miser," George explained. "But I've noticed he's right-handed, same as I am, yet he carries his money in his left-hand pocket."

Heavyweight champion Ingemar Johnson and Highway Patrol Sergeant Frank Jirick are as far apart as the poles professionally, but there are similarities in several respects.

Both start their names with "J", both have a tranquilizing "right", and both are fast as double-gear lightning. Both to deal effectively with opposite have the ability and know-how situation, Johansson in the spotlight of publicity, Jirick in the every-day routine of quelling trouble-makers.

Sgt. Jirick, Sheriff Bill Pennington and Patrolman Arthur Mason were called to Rochester on a recent Saturday night.

where three troublemakers had gained the upper hand over the local law force.

When the officers drove into Rochester, the Troublesome Trio was parading down Main Street something on the order of Dewey's Fleet sailing into Manila Bay.

As the car slowed to a stop, Jirick stepped out and called to the ringleader to come to the officer's car, adding, "You're all three going to jail."

"Ain't nobody taking us to no d... jail," snarled the ringleader—and whom! he took a right to the head as Jirick swung into action. Then, before the trio realized what had happened, the wiry, sandy-haired sergeant had propelled them pell-mell into the officers' car.

"Happened so darned quick we didn't get in on the fun," remarked Jirick's fellow-officers. "We barely had time to get the car doors open for him to pile 'em in."

We note Floyd Patterson is clamoring for a return bout with Johansson, but we have our doubts about the Rochester trio being interested in a re-match.

For the comfort of outside typists who do considerable work in the vaults of the county clerk's office, several floor air conditioners are in the vault. Water has to be poured in the small units frequently to keep the cooling pads moist.

Lee Dennett, tax evaluation engineer who also works in the courthouse across the hall from the clerk's office, a helpful, accommodating cuss in a left-handed sort of way, had a brilliant idea. Watching his chance while the typists were out for a coffee break, he pours a small quantity of liquid asafetida on the cooling pads.

The result was all that could be expected. The vault was va-

dated for an hour or so for deodorizing operations.

But the typists weren't altogether idle. After verifying their suspicions, retaliation was in order.

Dennett's car got the works. Liberal applications of asafetida left an aroma recognizable for half a block away when the wind was right.

Now that Dennett has about succeeded in removing all traces of grandma's favorite curall, he's hoping devoutly that the gals consider the score even.

It'll probably be months before he can look a portable air conditioner in the face again!

MGM's Hilarious Comedy, "Ask Any Girl" Opening At Texas Theatre Sunday

Ask any girl about the normal pursuit of almost every member of the feminine sex and, if she's honest, she'll answer — the quest for a husband.

That, in a nutshell, is the theme of MGM's very funny romantic comedy, "Ask Any Girl" opening at the Texas Theatre Sunday, and starring Academy Award winner David Niven, Shirley ("Some Came Running") McLaine and Gig Young, together with a flock of beautiful young creatures hot on the trail of eligible husbands in New York City, mecca of marriageable men.

Of course, there are any number of ways for a girl to trap a man (ask any boy), but if it is doubtful that any predatory Miss achieved her goal with the methods used by Miss MacLaine in this new laugh-getter. She does it by scientific research! Here's the angle: Shirley, a pretty and saucy lass from the sticks, comes to the Big Town ostensibly to get a job but also to get a man... for permanent possession.

Involved in the hilarity of "Ask Any Girl" are Jim Backus as the man who likes sweaters (when they're on girls) and such lookers as Claire Kelly, Carmen Phillips, Elisabeth Fraser and Dody Heath. George Wells wrote the screen play from the

novel by Winifred Wolfe. Charles ("Don't Go Near the Water") Walters directed. Joe Pasternak produced the Euterpe Production in CinemaScope and color, for MGM.

Henshaw Family Reunion Held Here Sunday

The annual reunion of the Henshaw family was held Sunday, July 9th as an all-day affair in the Rice Springs Round-up Hall. Members of the family gathered from many points throughout Texas to make the occasion one of the most enjoyable in years.

Only disappointing feature was that some members of the family were unable to be present due to the fact that this year's reunion came at a time when the 4th presented conflicting engagements for some who could have otherwise have attended.

All are descendants of the late G. W. Henshaw and his son, J. W. Henshaw, early-day farmers who lived for many years in the old Rose section east of Haskell.

The day was spent in visiting together and renewing acquaintances, making pictures and playing games. A bountiful lunch was served at the noon hour.

In a brief business session, it was voted to have the next reunion on the second Sunday in June, 1961, with no gathering to be held next year. Doyle Norman of Rule is president of the reunion is secretary-treasurer of Haskell is secretary-treasurer.

Those present at Sunday's reunion were: From Dallas, Mr. and Mrs. W. L. Hood and son, and Mrs. Gladys Metcalf. From Canyon, Dean Phillips. From Amarillo, Mr. and Mrs. Roy Kiser and two sons. From Borger, Mr. and Mrs. David Walvoord and two sons. From Brownfield, Mr. and Mrs. Bill Talyland and five children.

From Abernathy, Mr. and Mrs. Lesley Ford. From Abilene, Mr. and Mrs. Wilfred Piland and two children, and Mr. and Mrs. Truett Piland and son.

From Rule, Mr. and Mrs. Doyle Norman. From Rochester, Mr. and Mrs. Gene Rose and three daughters, Patricia Woods, Mr. and Mrs. Jim Rose, Mr. and Mrs. J. C. Halliburton and son.

From Haskell, Mrs. Bessie Piland, Mrs. D. T. Atchison and daughter Shirley, Mrs. Callie Phillips, Mr. and Mrs. C. C. Rose, Julie Collins, Mr. and Mrs. Billy Doyle Norman, Mr. and Mrs. H. G. Scott and son.

TEL Class Has Business And Social Meeting

Members of the T.E.L. Class met in the annex of the First Baptist Church Tuesday at 4 p. m. for a business and social meeting.

The class was called to order by the president, Mrs. Joe Maples, with prayer given by Mrs. Akins.

The opening song was led by Mrs. Akins with Mrs. Mobley at the piano. The devotional was brought from second Timothy, 4th chapter, by Mrs. Weaver.

Minutes were read by Mrs. Arthur Merchant and approved. Groups 1, 2, 3 and 4 gave good reports. A recreation period was spent in singing gospel hymns, after which the meeting was closed with prayer by Mrs. K. D. Simmons.

Cokes and Dr. Pepper were served to Mmes. Weaver, Graham, Sego, Mobley, Akins, Maples, Bassing, Dilbeck, Merchant, Bledsoe, Welsh, Perrin, Cain, Simmons and one visitor, Miss Lucy P'Pool.

Fidelis Class Meets In Home Of Mrs. Kendrick

The Fidelis Class of the First Baptist Church met in the home of Mrs. Allie Kendrick Monday night for a social and business meeting.

Members joined in singing the class song, "Take Time to be Holy." Thelma McCain led in prayer, and Etta Moore brought the devotional from the 14th chapter of Luke, on a Christian Life. She pointed out that one must have mercy, humility, be unselfish, responsive to God and His teachings, and also serve God.

Mrs. Cadenhead led in prayer, Eula Orr gave the secretary's report and also read the minutes of the last meeting. Allie Kendrick dismissed with prayer.

Cake, punch and sandwiches were served to the following: Mmes. Jewel Cadenhead, Etta Moore, Gusta Morgan, Beulah Gibson, Bonnie Cothron, Thelma McCain, Bertha Humphrey, Eula Orr and the hostess Allie Kendrick.

Sunshine Sewing Club Meets With Mrs. Swinson

On Tuesday, July 7, Mrs. Barney Swinson entertained the Sunshine Sewing Club in her home.

The members had their regular business meeting, since the last meeting had been postponed because of rain.

The president, Mrs. John McMillin, called the house to order, and members sang the club song, "You Are My Sunshine." Mrs. Lloyd Houston was called on to lead in prayer.

The secretary, Trudie Wheeler, read the minutes of the last meeting. The treasurer, Mrs. D. A. Jones, called the roll and collected dues. Some useful and helpful hints were given as each member answered roll call.

Mrs. Chas Smith gave her report as flower and card chairman, and other officers also gave good reports.

After the business session was concluded, Mrs. John Fouts had charge of the "It Could Be You" program. Mrs. Fouts called on Mrs. Claude Ashley to stand, as she was to be the recipient of the beautiful milk glass salad bowls—if she could answer the questions promptly or pay the consequences.

Members voted to change the meeting time from 2:30 p. m. to 2 p. m. during the remainder of the summer, or until notified.

The club will meet with Mrs. Calvin Wheeler Tuesday, July 14. This will be the regular meeting date.

The hostess served a refreshment plate of confetti cake, strawberry ice cream, toasted pecans, mints and iced punch to the following members:

- Mmes. Lula Smith, Lucille McCurley, Anna Mae Houston, Trudie Wheeler, Ora McMillin, Georgia Mae Fouts, Clara Parks, Delia Ashley, Thalia Jenkins, Maude Lee Jones and the hostess, Mrs. Hilah Swinson.

The Naomi Bible Class of the First Baptist Church met in the home of Mrs. Myrom Biard Thursday, June 25, with Edna Burnett's group as hostesses.

Meeting was called to order by Elsie Eastland, class president. Opening prayer was given by Iola Everett.

Ethel Lou Shelton, card and flower chairman gave a report on cards and flowers sent.

Callie Robison gave the devotional using the "Praying Hands" as her subject.

Mattie Merle Felker closed with prayer.

Home made ice cream and cake was served to the following members:

- Betty Jo Clanton, Ethel Lou Shelton, Callie Robison, Leone Pearsey, Iola Everett, Lorene Fouts, Elsie Eastland, Eamah Ivey, Raye Scarborough, Opal Smith, Mattie Merle Felker, Opal Dotson, Edna Burnett, Opal Stephenson, Lola Mae Brewer, Betty Harris, Katherine Swartz, Gladys Merchant and Clara Biard.

20 From County Listed As NTSC Students In '59

DENTON — Haskell County was represented by 20 students at North Texas State College in the school year just ended, the registrar's office has announced. During the nine-month session a total of 7,897 different students were enrolled. They came from 211 of the state's 254 counties, from 32 other states, and from nine foreign countries.

These record figures reflect the steady increase in enrollment at the college in recent years.

To accommodate the growing student body, there are now just completed, under construction, or in the final stages of planning, buildings which will add \$6 million to a physical plant already valued at more than \$20 million.

These include buildings for industrial arts, physics-mathematics, business administration, library annex, education-home economics and music. The new business administration building, for example, will have almost as many classrooms as the entire college had in 1945 — and more offices.

Mr. and Mrs. Ernest Rolland and children, Stephen, Nancy and Virginia, spent a few days in the J. W. Hawkins home at Weinert this week.

Witnesses Cite Denial Of Rights By Argentina

The local congregation of Jehovah's Witnesses learned last week, June 28, that Jehovah's Witnesses in Argentina have been denied their constitutional rights of free assembly and worship. A vote of protest was taken and plans discussed to petition the Argentine Republic to correct the restrictions laid on the Christian group's activities.

J. M. Winn, the local congregation's presiding minister, said that in spite of many liberal advancements made by the present Argentine government that ousted the dictatorial Peron regime, a few non-Catholic religious groups that were declared illegal by Peron have yet to be recognized by Argentina's constitutional president, Arturo Frondizi.

According to Mr. Winn, two different applications for recognition were denied by the "Ministry of Worship," a department of the government formed by Peron to control the registry of all non-Catholic religions in the country. Furthermore, two futile appeals have been made to the present government to rescind the order

denying Jehovah's Witnesses the right to register. The appeal was made following a decree signed by the Argentine government on February 6, 1956, which gave Catholic religions full status under Article 14 of the Argentine constitution.

Winn said the more Jehovah's Witnesses in Argentina began circulating petitions addressed to the Argentine government requesting recognition of their new, liberal provisions.

OUTDOORS IN TEXAS

We've been reading a great deal in the newspapers recently about selective kills and catching of rough fish in Texas lakes and streams. This job has become so big and so important that the Game and Fish Commission is using airplanes and helicopters to spread rotenone on the surface of major impoundments.

Such work has been carefully planned. Through constant testing, the fishery biologist has learned exactly how much rotenone is required to kill off certain kinds of rough fish without affecting game fish that are in the water.

When an impoundment becomes over-populated with these fast breeding shad, there are three methods of control. Simplest, of course, is to empty the lake. Sometimes this is done. But seldom is practical.

Another method is a heavy dosage capable of killing all the fish in the lake. Naturally, this is undesirable. The next step is a selective kill. Usually the water of the lake is lowered. Then a mixture of rotenone is spread over the surface of the lake, either by plane or boat. This is the latest and the preferred method.

Within the last few years many tons of shad have been killed by this selective treatment. Better fishing always has resulted. It is a constant job, however, because the shad multiply fast. Even in lakes where they have been completely killed out, they are re-introduced by fishermen who bring in minnows which include shad.

This chemical treatment of water is a job that should not be done by individuals. Biologists of the Game and Fish Commission have spent a great deal of time in research. They also have worked closely with other biologists in other state departments. They have come up with a pretty exact science which is important to the future of fishing not only in Texas, but elsewhere.

Commercial Fishermen Helpful There also is another factor in rough fish control that should not be overlooked. This is the legal commercial fisherman. Although many rod and reel fishermen hate such fish as carp and buffalo, there are others who like their meat. The same is true of gar. This fish finds a ready market in large centers of population.

Right here we might say a word in behalf of the numerous commercial fishermen who work many of the lakes and streams of Texas. These fishermen are required to have a license from the state. They are not allowed to take and sell game fish. In some waters they are not allowed to take catfish.

On the other hand, these commercial fishermen each year take thousands of pounds of such fish as carp, buffalo and gar. Recently I watched a couple of these commercial fishermen at work. They were running a net across a channel in one of our North Texas lakes. They were in a 12-foot aluminum boat. Their net must have been a couple of hundred feet long. Before they had reached more than a third of its distance, they had their boat almost filled with these rough fish. They had to return to shore and empty the boat before they could run the nets again.

They got two boatloads of fish from that net in an overnight haul. They iced the fish down in a pickup and hauled them to the nearest fish market, where they found a ready sale. There have been times, and probably still will be, when commercial fishermen will ignore the law and take game fish when they shouldn't. Sometimes they use excuses that the fish was caught in the net and died before they could get it out. Wardens and biologists are watchful of these fishermen. Those who violate the law lose their license. There is always a need for the commercial man who is legitimate. In fact, this need may grow as time goes on. Ken Jurgens, assistant director of Inland Fisheries, thinks so. He says the time is coming soon when fish management will be required to fill the needs for fish. When that time comes, the

Farm Vacations For City Kids Is Novel Plan

Fort Worth—City kids are flocking to the country this summer to help promote better understanding between farm folks and their city cousins.

"Need for our city people to know what makes the modern farm family 'tick' has never been greater than today," said Calvin Pigg, director of WBAP radio's Farm Service Department which is sponsoring the Farm Vacations for City Kids project.

"The project is our part in helping boost rural-city relations and it gives city youngsters a chance to experience farm life—so vitally needed today," Pigg said.

The WBAP farm department is acting as a "clearing house"

# PAINT CREEK . . . COMMUNITY NEWS

BY MRS. GENE OVERTON

Scout Troop 48 left Sunday for Camp Tonkawa near Buffalo Gap where they will spend this week. So many of the scouts were needed in the fields at home that there were fewer scouts to go than Paint Creek has ever sent. Attending are Scouts Danny Isbell, Mike Overton, Danny Ivy, Senior Scout Waller Overton and Scoutmaster Gene Overton. If it should rain and stop the farm work Albert Roberts and Kenneth Marr will go for the rest of the week.

The community joins in sympathy to the Fred Shaw family in the death of their daughter Dorothy Jeanne Michaels of Dallas who was killed in a car wreck Saturday. The funeral was Tuesday at the Kinney Funeral Chapel in Stamford and

burial was in the Spring Creek Cemetery of Avoca. Dorothy Jeanne graduated from Paint Creek with the class of 1942. She was planning a two weeks vacation with her parents before going to a new job in Canada where her company was opening a new office.

Also we want to express our sympathy to the Morris Haynes family in the loss of Mr. Haynes' father W. M. Haynes of Anson. Mr. Haynes had been in failing health for several years.

Home for the Fourth of July vacation were Judy and Sandy Earles, daughters of Mr. and Mrs. R. V. Earles from Hendricks Memorial School of Nursing in Abilene; Mina Griffith visited her parents Mr. and Mrs. Bill Griffith from her studies.

at Hendricks School of Nursing. Emilee Griffith was at home with Mr. and Mrs. Sammy Griffith and family and Jimmy Griffith was here with Mr. and Mrs. Bill Griffith from Hardin Simmons University at Abilene.

Helen Jean Cox from Dallas spent the holidays with her parents Mr. and Mrs. W. S. Cox.

William Overton underwent surgery last week in the Haskell Hospital. He was able to return home Wednesday. Spending the week at the hospital made us realize again how lucky Haskell County people are to have such a good hospital with such an exceptional staff of doctors and nurses. Our family has had sick folks in Scott and White at Temple, in Hendricks Memorial in Abilene, and at the Knox City Hospital, and we think a patient receives just as good care here as in any of these larger hospitals.

Little Annette Box, daughter of Sgt. and Mrs. Joe Allen Box has been visiting her grandmother Mrs. John R. Watson and Johnny, and her foster grandparents Mr. and Mrs. Jim Adams. Her parents came for her and spent the Fourth with home-folks.

Debbie Sanderfer daughter of Mr. and Mrs. Glen Sanderfer of Fort Worth is spending the summer with her grandparents Mr. and Mrs. Louie Kuenstler.

Mr. and Mrs. James Raughton who are attending Texas Tech at Lubbock spent the 4th holidays with their parents Mr. and Mrs. Roy Overton and Mr. and Mrs. Clarence Raughton. Their little son, Jimmy Dan is staying this week with Mr. and Mrs. Overton.

Billy Middlebrooks received his discharge from the Army in Kentucky and he and Mrs. Middlebrooks have moved into the John Earles home place. Billy will farm his grand daddy's place.

Mrs. George Free was a medical patient at the Stamford Sanitarium last week. She is at home now, and is much better.

Wayne Dilbeck underwent surgery at the Anderson Hospital in Houston on Monday. His sister Mrs. Howard Montgomery and Mr. Mnotgomery are at his bedside.

John Carlos Montgomery has gone to Houston where he will attend the Humble Oil Company School there for the next year. Mrs. Montgomery and their two children are staying here with her parents Mr. and Mrs. Woodrow Smith for several days before joining Mr. Montgomery.

Rev. V. P. Morrison of Graham preached at the Methodist Church last Sunday morning. He and Mrs. Morrison were visiting their son's family, Mr. and

Mrs. Pat Morrison and daughters. The V. P. Morrissions and another son's family, the Van Morrissions and their son, all enjoyed a two week's vacation in Arizona and Colorado recently.

Mr. and Mrs. Ray Overton Sr. took her sister Mrs. Catherine Terry to her home in Petersburg and spent two days with her. Mrs. Terry has been a resident of the Blanch Long Rest Home.

Carolyn Livengood, daughter of Mr. and Mrs. Durwood Livengood spent a week at Camp Butman near Merkel at the Methodist Young People's Camp. Johnny Watson was a medical patient at the Stamford Sanitarium last week.

Recent guests in the Roy Overton home were Mrs. Lillie Wilson and Dee Kuenstler from San Angelo. Besides visiting with their sister Mrs. Overton they also visited their brothers Louie Kuenstler and John Kuenstler here at Paint Creek and Paul Kuenstler in Haskell.

Mrs. Ray Dean Gressett and baby Kristi spent the week with her parents Mr. and Mrs. Raymond Bounds and attended the wedding of her cousin Peggy Houston and Dean Phillips.

MILDRED GUESS

A reunion was held at the home of Mr. and Mrs. George Nelson Saturday, July 4th. Attending were a son-in-law, J. S. Robinson of Wichita Falls, and the Weinert couple's granddaughters, Mr. and Mrs. Lee Johnson and family of Upland, Calif., Mrs. Joe Brewer of Houston, Miss Fern Robinson of Houston, and Mrs. D. C. Bassing of Jal. N. M. Visitors were Mr. and Mrs. Jimmy Hall of Benjamin and Mr. and Mrs. Homer Lain and family of Abilene.

Sgt. and Mrs. Keaton Jetton of Caribou, Maine, are visiting his parents, Mr. and Mrs. T. W. Jetton. They have been living in Maine for the past ten months, while Sgt. Jetton was stationed at Caribou. Mrs. Jetton was employed at the Aroostook Trust Co. Bank there. After a 15-day furlough, Sgt. Jetton will begin a 23-week Officers School at Fort Sill, Okla. Mrs. Jetton plans to visit her folks, Mr. and Mrs. William Truchan of Killedeer, North Dakota, for a while since Sgt. Jetton will not be permitted to have visitors for the first five weeks of officers school.

Mr. and Mrs. Ronald Jennette and Patti spent the holiday week end visiting her folks, Mr. and Mrs. T. W. Jetton.

## Cattle Numbers At Record High In The U. S.

By F. W. Martin, County Agent

There were 96,851,000 head of cattle in the United States on January 1, 1959, said John G. McHaney, extension economist. This is a new record and three and one-half million more than on January 1, 1958.

Most of this increase in the cattle inventory was in young beef stock, McHaney said. For example, beef heifers rose 750,000 head, steer numbers rose 750,000, and calf numbers were 1,300,000 higher. The beef cow herd increased 1.3 million, however, the number of milch cows were off 600,000 head, leaving the total cow increase at 700,000.

A big expansion in beef production for the market in 1959 or 1960 is not expected because cow numbers are not large, he said. They are still two million below 1955 and this is favorable from a price standpoint, because the calf crop this year will not be large enough to bring about a great increase in slaughter in 1959. Many of the heifers and heifer calves will be retained as breeding stock. However, many young cattle will go to slaughter this year or next, after a period of feeding.

The outlook for fairly stable slaughter and prices in 1959 is based upon favorable range and pasture conditions. Prices during the rest of 1959 should remain good. A severe drought, however, would cause more cattle to move to market and you may want to be there first with the most. For this reason, Martin says, you should watch range conditions closely in 1959, not just in your local areas, but all over the United States.

Chances are that prices of cattle will be lower in 1960 and 1961 as cow numbers increase. The break in cattle prices usually comes later on in the cattle cycle when breeding herds are built up and calf crops increase. It could come early in the 1960's.

It is expected that the farmers and ranchers of the U. S. will add between four and five million head of cattle to the inventory in 1959. A buildup of this size would approach the rate of expansion which occurred in 1951-52. Producers continue to hold back cows from slaughter. Cow slaughter for the period January-March 1959 was 24 per cent below last year and the smallest for the period since 1952. If this continues, the expansion would be greater and prices could break much sooner than expected, Martin added.

Other visitors in the Sloan home were Mr. and Mrs. Jack Wimberly and Ronnie of Albany, Bobby Wimberly of Irving, and Mr. and Mrs. J. A. Wimberly and Ruby of Haskell.

## Virgil Hudson Resigns As Official Of Texas Cowboy Reunion Assn.

Virgil Hudson of this city, re-elected as secretary and treasurer of the Texas Cowboy Reunion Association at its annual business meeting last Friday, tendered his resignation after five years of service.

The association is composed of oldtime cowboys and cattlemen, and is a separate organization from the Cowboy Reunion corporation which stages the annual rodeo in Stamford.

Hudson said his action was prompted by the belief that "it is for the good of the association and for the sake of my health."

His resignation was accepted by a vote of the members, but only after several long-time members had praised the work of the Haskell man and expressed regret that he felt it necessary to quit.

His resignation is effective January 1.

The members elected Lasater Hensley of Guthrie as president to succeed Dr. J. C. Davis of Rule. Davis, as immediate past president, becomes chairman of the board. Hensley, serving as first vice president, was not

present at the meeting.

All officers elected were recommended by the nominating committee of which J. Spurgeon Reeves of Truby was chairman.

Others elected were: J. B. Cotten, Seagraves, first vice president; E. J. Sparks, Spur, second vice president; Hudson, secretary-treasurer.

John Selmon, Stamford range boss; George Humphreys, Guthrie, wagon boss; W. B. Willingham, Rotan, horse wrangler; Frank Reeves, historian.

Directors elected to fill three vacancies caused by death were Tom Davis and W. V. Cobb, both of Haskell, and Mrs. W. B. Cotten, Andrews. (There are 50 directors and they are elected for life.)

At 2 p. m. Saturday a memorial service for 26 members who have died since last year's meeting was held in the Bankhouse.

The Rev. Jack Southerland, pastor of the First Baptist Church, made the memorial address.

Hudson reported that the association had \$10,361.65 in the bank as of June 27, 1959. To be

deducted will be the expense of the present reunion, which he estimated will run about \$1,200.

For the first time this year the association gave members who registered \$1 for their noon meal. Heretofore, the Texas Cowboy Reunion paid for the noon meal of each member registered and admitted them to the rodeo on their membership badges. This was discontinued.

The TCRA board, representing the oldtime cowboys, said the reunion rodeo corporation had never been obligated to pay for the meals nor to issue them free passes.

On a motion by Davis, new Haskell director, the executive members of the board were authorized to invest surplus funds in some good, sound, interest-

bearing bonds that are redeemable when the association should need the money.

Hudson also reported that the association owns deeds to the two buildings and 7 1/2 acres of land and that the buildings are

insured for \$42,500. The welcome address was made by Cotten.

Forty-eight Texas plants produce creamed cottage cheese, the Agricultural Marketing Service recently reported.

### From the State Capitol

#### HIGHLIGHTS AND SIDELIGHTS

By Vern Sanford  
Texas Press Association

AUSTIN, Texas—About the only cheerful remark heard around Texas Legislative Halls of late is, "Think how bad it would be if it weren't air conditioned!"

(House and Senate chambers are cooled this year for the first time, though most of the rest of the Capitol is not as yet.)  
Many remember summer sessions in pre-air conditioned days. Scorching extraordinary was the one in 1949 which ran to July 8, longest regular session in Texas history.

Lawmakers and reporters complained that the huge granite blocks in the Capitol walls collected heat like a Dutch oven. Coat and tie rules in the legislative chambers added to the misery.

Some observers said that the 1959 Legislature (which also had a tax problem) didn't really quit. It just sort of melted down. A special session was called the next winter to clear up money problems.

For all its comforts, air conditioning hasn't taken the sweat out of passing a tax bill.  
Both House and Senate have passed tax bills, and a new conference committee was put to work to try to piece them together. But the floor action preceding passage gave no indication that any of the conflicting groups is ready to give an inch.

House membership is split three ways into (1) those who don't want the majority of new taxes to fall on business, (2) those who don't want a majority to be sales taxes and (3) those who apparently don't want any new taxes.

Each of the first two groups has been able to defeat the other's proposals with the help of the "no-taxers." Hence, despite public impatience and their own weariness, lawmakers have been ensnared in a one-step-forward-and-two-backward pattern.

**SOMETHING OLD, SOMETHING NEW**—Given to the conference committee on taxes were a new hot-tailed bill from the House and an old, nearly out-size bill from the Senate.

House bill would raise about \$108,000,000 over two years—about \$70,000,000 less than is needed. Senate bill, designed to raise about \$160,000,000 is the same one passed by the Senate in the first special session. It contains more sales taxes than business taxes which the House refused to accept on the last round.

Cut from the House bill before passage were the \$50 deductible sales tax (a 2 per cent levy on costs over \$50) and the natural gas severance beneficiary tax. Both fell by the way-side in one of the "if you kill my tax, I'll kill yours" sessions.  
Remaining in the bill were levies on which the House has been able to agree all along—on cigarettes, liquor, auto sales and corporation franchises.

"New wrinkles" added were (1) a licensing fee for private clubs that sell liquor and a 10 per cent tax on mixing drinks and (2) a 1.5 per cent sales tax on boats, motors and airplanes.  
Bill also contains a provision to cut the sulphur tax from \$1.40 to \$1.03 a ton.

House conferees, none of whom served on the committee last session, are Reps. Menton J. Murray of Harlingen, Frates Seeligson of San Antonio, Wesley Roberts of Lamesa, Joe Ed Winfree of Houston and John Allen of Longview.  
Senate conferees include four who served before, Sens. Rudolph Weinert, Dorsey Hardeman, Bruce Reagan and Jim More More Bore.

my Phillips, plus one new member—Sen. Wardlow Lane.

**SENATE OKAYS BEACH BILL**—After considerable hag-

gling and several close votes, the Senate passed a bill to guarantee public access to public beaches.

Mustang and Padre Islands are exempted from the provisions of the bill. Sen. Bruce Reagan of Corpus Christi, who sponsored the amendment, said that the islands were being developed with a systematic plan for public parks, beaches and recreation areas.

Opponents to the exemption said it would allow at least one-third of the beaches on the islands to be under private control.

As passed by the Senate, the bill does not try to define boundary between state and private land, but simply affirms the public's right to come and go from state beaches by way of roads.

**FEE BILL ADDED TO CALL**—A bill to let state colleges charge a \$30 a semester activity fee got a new lease on life when Gov. Price Daniel submitted it to the Legislature.

Bill had been introduced twice, but fizzled out in the Senate when Sen. Henry Gonzalez challenged it on two points: (1) it was not "within the governor's call" for the session and (2) in order to be considered "within the call," it would have to be regarded as a revenue-raising measure which must originate in the House.

Governor Daniel's action changed this, and the Senate went back to work on the bill. A similar bill was passed by the House last session.

**NO DEADLOCK HERE**—Easiest agreement of the session was on a bill appropriating money to pay legislative expenses.

Both House and Senate gave final passage to a bill transferring \$400,000 from the cigarette tax fund to pay costs of the second special session.

This brings legislative expenses thus far to about \$2,700,000.

**LAND SALE APPROVED**—House passed a bill that would allow the state to sell a tract of about 40 acres just north of the State Hospital in Austin.

Recently some cotton organizations began talking of the need for over-all public relations in the industry... this was initiated, no doubt by many of the erroneous statements concerning loans, "windfall profits" and any number of other things that make the farmers and merchants look like parasites on the national economy... when widely circulated magazines and newspapers leave the impression that federal aid to farmers is nothing but charity and when merchants are accused of "windfall profits" when they insist upon getting what they pay for, it's evident an information program about farming is long overdue... cotton farmers and cotton merchants have been unjustly accused for some time now and the effects of this are apparent in both legislation and public attitude... some kind of a far-reaching public information program is needed not only for cotton but for the whole farming industry... the public is getting enough information to scuttle any orderly farm program... it will be quite a job to counteract all this.

If you drink like a fish, don't drive, swim!—Chicago Air Cop Leonard Baldy.

### Three Members Elected In Fire Department

In regular meeting Monday night, members of the Haskell Fire Department elected three new members to fill existing vacancies and bring the department to its full active strength.

Elected as active firemen were Bob Dumas, John Watson and Don Garrett. Watson is parts manager at Bill Wilson Motor Company, Dumas and Garrett are employed by the State Highway Department. The new members assume active duty status immediately, with official induction ceremony to come at a later regular meeting.

Asst. Chief Tom Watson, presiding at Monday night's meeting, stressed attendance at all meetings and practices, in addition to fire alarms.

### Rev. I. F. Sheffield Is New Pastor Of Sagerton Church
