## County Youth Take 25 Places

County youths took 25 places in the cattle classes at the 14th annual Jones County Fair and Livestock Show last weekend. Haskell entries took the Champion Hereford place reserve champion Angus, champion crossbreed and champion of the show to almost dominate the cattle division.

Joe Wilfong showed the grand champion of the show, a Hereford-Simmental crossbreed by Rob Brown of Throckmorton, which also won the title of champion crossbreed. Stanley Hager showed the reserve champion.

Winners in the breeding classes were: Cindy Thomas, 1st place Hereford female under 1 year; Cynthia Jones, 2nd place Hereford under 1 year; and Calvin Wilfong, 1st place in Angus females.

Fat Steer winners were: **LIGHTWEIGHT HEREFORDS**, 1. Stanley Hager; 2. Kyle Wilfong; 5. Robbie Peiser and 6. Buddy Mulino. **HEAVY-WEIGHT HEREFORDS**, 1. Stanley Hager; 3. Cindy Thomas; 5. Kim Hager, and 6. Sue Hager. Champion Hereford, Stanley Hager.

**LIGHTWEIGHT ANGUS**: 2. Mark Hager, and 3. Stanley Hager; **HEAVYWEIGHT ANGUS**, 2. Calvin Wilfong; and 3. Melissa Roberson. Reserve Champion Angus, Calvin Wilfong.

**LIGHTWEIGHT CROSS-BREDS**, 1. Joe Wilfong; and 3. Sharon Foster; **HEAVY-WEIGHT CROSSBREDS**, 2. Kyle Wilfong and 6. Kim Hager. Champion Crossbreed, Joe Wilfong. Grand Champion of the show, Joe Wilfong.

**PULL AND BANG CONVERSATION AT TRAP SHOOT**

**PULL AND BANG** will be heard repeatedly August 27 at 10:00 a. m. at the Haskell Trap Club's monthly shoot. 'Pull' is the signal to release the clay target which flies away from the shooter at an angle which is not known to the shooter beforehand.

The 'bang' part of the almost simultaneous sounds will almost always result in the shattering of the clay target.

The shoot will be divided into three divisions, 16 yard event, handicap event, and doubles event. In the 16 yard event all shooters shoot from 16 yards behind the point where the targets are released and compete in three classes A, B and C. Shooters in Class A will have an average of 94% and over. Class B shooters will have an average of between 91 and 94%. Shooters which have no basis for an average will compete in Class B. Class C shooters will be those with an average of less than 91%.

Shooters in the Handicap event will compete on an equal basis shooting from a pre-determined position based on previous averages. Shooters who do not have an average on which to base a classification will be required to shoot from the 22 yard line.

The Doubles event will also be divided into three classes, A, B, and C. All shooters will shoot 50 pair of doubles from the 16 yard line.

Everyone is invited to attend the shoot to participate or watch what should prove to be an almost amazing exhibition by some of the top shooters in the state. Events are divided such that all shooters are competing against shooters of about the same ability.

The board of directors of the Haskell Memorial Hospital has hired Ervin Frierson, local building contractor, to supervise the building project at the hospital.

## Fair Plans Well Underway

The theme of this year's Haskell County Fair, September 28, 29 and 30, could well be 'From the days of the covered wagon to the days of the Jet Airplane.' This is because both will be represented here September 28 at 5 p. m. when the gigantic street parade will unfold for the approval of huge crowds expected to line the streets of Haskell.

Word has just been received by Rex Felker, executive secretary of the Fair, that the colorful and historic horse-mounted Cavalry Platoon of the 1st Cavalry Division of Fort Hood will be here. Riders will be dressed in the uniforms of the Frontier Cavalry men that were stationed at old Fort Griffin, Old Fort Phantom Hill and other western outposts in the early days. Dressed in exact replica of General Custer's troopers who were massacred by the Indians on the Little Big Horn River, they will ride from the pages of history to remind today's citizens of the part that the horse mounted cavalry

played in the settling of the west. It is hoped, but confirmation has not been received at this time, that they will be able to remain in Haskell that night and stage their outstanding saber drills and pistol drills for the enjoyment of the public in the rodeo arena at the grounds.

Today's modern jet airplanes which protect America's frontier here and abroad will be represented by the famous and popular 'Band of the Oilbelt' of Shepherd Air Force Base. This colorful and well known band will lead the parade and be featured in a concert at the Fair Grounds that night.

These plus many other novel entries will be in the parade, which is expected to be a mile long. A total of 15 high school and military bands have already been given a special invitation to participate and it is highly possible that all or at least 10 musical organizations will participate. All merchants and individuals are especially invited to have an entry in what should be the greatest parade ever presented here.

According to Fair president, Pat Hale, commercial exhibitors are already reserving space for their displays in the exhibit halls and others interested should make reservations in the near future in order for ample space to be provided.

Present plans call for tractor driving contests for the youth and numerous divisions for both boys, girls and adults in the various exhibits where ribbons and rosettes will be awarded. Indications are that the barns will again be full to capacity with livestock shown by members of the FFA and 4-H clubs.

The annual catalogue of this year's fair is presently being printed and will be available for distribution around September 1. Opening date of the Fair is only 33 days from today. Everyone is urged and encouraged to begin making preparations to participate in all phases of the Haskell County Fair, which is recognized as the largest small town Fair in the state of Texas.

## Gold Rush Days

Beginning August 29, a new promotion will be sponsored by Haskell merchants. Entitled "Gold Rush Days," the program will feature reduced prices and special bargains for shoppers in this area.

The promotional program will be continued the last Tuesday of each month.

Haskell Chamber of Commerce officials and members of the Retail Trade Committee have put forth a great effort to make the program possible and are very pleased with the number of merchants participating.

Merchants have reduced prices to unheard of levels in order to give local shoppers the bargains they deserve for their regular patronage during the

month.

Specials are listed in this edition of the Free Press but merchants have many more bargain priced items that are not listed, so make plans now to browse through the stores and stock-up on the many available bargains.

Merchants participating in the program are: M-System Super Market, Bynum's, Hasen's, The Personality Shoppe, Lane-Felker Dress Shop, Fincher's Ready-to-Wear, the Dad 'N' Lad Shop, Cofield's Dept. Store, Johnson's Pharmacy, The Haskell Free Press, Oates Drug Store, The C&B Store, Boggs & Johnson Furniture, Jones Cox & Co., Perry Brothers' Store, Frazier Radio & Record Shop, Lane Apparel, Fouts Dry Goods & Variety,

Lyles Jewelry Store, The Slipper Shoppe, Anderson Tire Co., Sherman's Floor and Interior, Smitty's Auto Supply, Lone Star Gas Co., and the Texas Theatre.

## Last Two Nights Of Rule Meeting

Services for the final two nights of the Commitment for Christ will be held in the Rule Church of Christ tonight and tomorrow at 8:00 p. m.

A special service for ladies will be held today (Thursday) at 10:30 a. m. with a luncheon following. The ladies' lecture will be entitled 'God's Woman.'

Satisfying crowds have attended the first three days of the service and a special invitation is issued to all persons who have not heard Mid McKnight.

## Amendments

(Editor's Note: This is the 3rd in a series of articles to be published by the Free Press to give voters an explanation and analysis of amendments to be voted on in the November 7th General Election. Also included will be arguments both for and against the amendments.)

**AMENDMENT NO. 3**  
This proposed amendment to the constitution would add a section to authorize the 63rd Legislature to establish a constitutional revision commission. The commission would report its recommendations to the legislature not later than Nov. 1, 1973. Members of the 63rd Legislature would then be convened in January 1974 for the

purpose of drafting a new constitution or revising the current constitution for submission to the voters of Texas. The convention would be allowed to sit through May 31, 1974, and could extend its life for 60 days beyond that date. The only subject matter restriction on the convention as provided by the proposed amendment is that the present Bill of Rights of the Texas Constitution be retained in full.

**ARGUMENTS**  
**FOR:** There is a real need for a more workable basic law such as that of the proposed amendment, which would require less periodic revision. As the legislature has always been entrusted with the function of (Continued on Page 4, Sec. 1)

**WTC DORMITORY COMPLEX.** Shown in the background is the new Western Texas College dormitory complex which will be open for students this fall. Open house was held last Sunday from 2:00-5:00 p. m. # Paint Creek . . . . Community News

Mrs. Gene Overton

It's that time of year again. The new shirts and blue jeans and school dresses are ready for another school year. First day at Paint Creek School is to be different this year. In years before there was a general assembly with children and parents gathering in the auditorium for all the information regarding bus routes, lunch money and general rules to be followed, plus introductions to the faculty. Then they went to

their home rooms for books. Usually they were at home by noon.

I understand that this year students will go to their home room, meet their teacher, be issued books, and after being informed of rules, they will begin regular classes for assignments and introductions to the courses.

It is also that time of year for the parents of the college students. Mother has been hurrying from shoe sale to slacks or dress sale to coat sale, and sewing, sewing, sewing. I wish I had just a penny for every name tape I have sewed in college clothes, scout uniforms, army uniforms and towels. About the time my boys were grown they came out with felt tipped pens with which one could just write a name. But I used to wonder why we hadn't just named one twin Haynes, or Penn-craft and the other Fruit of the Loom or Arrow.

Most of the college students leave this week or next, and we wish for them all a good year. I believe Paint Creek has only two new faculty members. Mrs. John Blackstock will teach first grade and Janay Morrison will teach remedial work. Col. and Mrs. Raymond Medford, Bret and Lori of McGuire AFB, New Jersey, are here visiting her parents Mr. and Mrs. Raughton, and his mother, Mrs. R. L. Medford at the Stamford Inn and his brother's family, Mr. and Mrs. Willie Lee Medford.

The Paint Creek School faculty and school board members and their families enjoyed their annual ice cream supper last Thursday evening.

Judy Earles, a dental technician in Lubbock, spent the weekend with her parents, Mr. and Mrs. R. V. Earles.

Danny Isbell was in Corpus Christi this weekend for the wedding of Terry Sanders of Weinert and Beth Harper of Corpus. Danny was a groomsmen.

Mrs. Lee Cockrell returned home Saturday from Dallas where she has been at the bedside of her mother, Mrs. Burnes who underwent heart surgery at Baylor Hospital last week.

Mr. and Mrs. Wayne Wells and daughters spent last week vacationing in Arkansas and

the Smokey Mountains. Mary Lee Alexander bride-elect of Steve Saffel, was honored with a gift tea at the Haskell National Bank Saturday afternoon.

Mr. and Mrs. J. R. Perry and daughter, Millie, of Abilene, were in College Station Friday for the ROTC Commissioning ceremony in which 2nd Lieut. Rick Perry received his commission in the Air Force. Rick will be stationed at Big Spring for his basic flight training.

Mr. and Mrs. Allen Morris of Seymour and Mr. and Mrs. Jimmy Larned of Abilene spent last weekend with their parents, Mr. and Mrs. Eric Bergstrom and attended the Thabe family reunion.

Mr. and Mrs. John R. Watson III of Austin have been here and in Weinert for the past two weeks during the sickness and death of his mother, Mrs. Cliff Dunnam. Our Paint Creek community joins the family in its grief, and extends our sympathy to Johnny and Barbara and their families to Cliff and his family, and to the Nanny and Watson families.

Glen Casselberry took his mother, Pat Casselberry and his grandmother, Mrs. Leon Pearsey, to Snyder Sunday to the open house for parents and new students of Texas Western College. Glen will be a freshman at T.W.C. this fall.

**ATTENDS AUSTIN MEETING**—Marvin Phemister (left) of Weinert, Texas, president of the Haskell County Farm Bureau, attended the statewide conference for county presidents, August 9-11 in Austin. He is shown chatting with Mrs. Phemister, and Mr. and Mrs. T. J. Richards of Paducah. Mr. Richards is the Texas Farm Bureau Board member from this district. Issues facing agriculture and new programs in Farm Bureau were discussed at the three-day meeting.

## Farm Bureau President Attends Meet

Haskell County Farm Bureau President, Marvin Phemister, and Mrs. Phemister of Weinert, attended a statewide conference of county presidents, August 9-11 in Austin.

Issues facing agriculture and new programs in Farm Bureau were discussed by the more than 125 county leaders in attendance. The presidents also heard a report on a farmer-rancher image study conducted recently in Dallas. According to the report, there is a "reservoir of good will" in metropolitan areas for agriculture in general.

Speakers included J. T. (Red) Woodson of Fannin County, president of the 130,000-member state farm organization; TFB Executive Director Warren Newberry of Waco; and Jack Angell, Chicago; American Farm Bureau Federation labor specialist.

State and national issues discussed included: farm labor, transportation, environmental pollution, financing public education, taxes, property rights, and control of fire ants, predatory animals and screwworms. Farm Bureau programs under discussion included: public

relations, policy development, income tax service, and Farm Bureau commodity approach to farm problems.

The county leaders also

heard a report on how agriculture fared in the recent special sessions of the 62nd Legislature as well as an analysis of the "characteristics" of the upcoming 63rd Legislature.

**BAND LOOKING AHEAD**  
 The Steer Band has been having band school this week from 6:30 to 8:30. They worked on the new songs they will play at the football games and the new marching techniques. The band is under the direction of Steven Wolf. The band's first performance will be Friday night, Sept. 8 at the Rochester - Knox City football game at Rochester.  
 On Sept. 9, the Steer Band will march in West Texas Fair Parade in Abilene. They will attend the Fair that day and that night they will play with the other bands, playing the National Anthem for the football game.

Acree, who sang "O Promise Me."  
 Matron of honor was Mrs. Ray Clark of Abilene. Bridesmaids were Cheryl Clopton and Janis Clopton, both of Haskell sisters of the groom. They were attired in orchid gowns with white trim. They carried a long stem white daisy.

Best man was Jerry Clopton of Irving. Groomsmen were Kent Graham of Newcastle and Jack LeFevre of Palacios. Candlelighters were Marlon Terry and Leslie Scott of Rochester. Flower girl was Monette Terry. She was dressed in orchid also.

The bride was presented in marriage by her father and wore a floral length gown of white satin with chantilly lace panel down the front, full lace sleeves and lace train with an illusion veil falling from a tiara of pearls and satin butterflies. She carried a corsage of daisies and baby breath.

The reception was hosted by the bride's parents in the Fellowship hall of the church. The bride is a 1972 graduate of Rochester High School and the groom is a 1971 graduate of Haskell High School and attended college at Tarleton State College at Stephenville. They plan to live in Fort Worth where the groom is employed.

## Louise Thornhill Installed As New Haskell Young Homemaker Prexy

On August 17, 1972 at 7:00 p. m. the Haskell Chapter of Young Homemakers met at the Community Room of the Haskell National Bank for their Ninth Annual Installation Banquet. This year's theme was "Decade of Progress." Corsages were presented to outgoing officers, Billie McKeever, Judy Brister, Sandra Wallace, Pat Gary, Jean Hale, and Edie Connel. Corsages were also presented to the charter members, Janice Browning, Bettye McBroom, Mary Lee Sorrells, and Wynette Mullins, and to the club advisor, Mrs. Mary E. McCollum. All of the other members of the organization were presented with corsages.

The invocation was given by Mr. W. P. McCollum. After a delicious meal, which was catered by the Young Homemakers, Judy Brister introduced the guest speakers of the night who were Mr. and Mrs. Charles Swinson. The Swinsons gave a very interesting and inspiring slide presentation on their trip to Russia. Outgoing President, Billie McKeever gave her address to the club, followed by the installation of the new officers, Edie Connel, Area IV Vice-President, presided over the installation ceremony and lighting of the candles. This year's officers will be Louise Thornhill, President; Janet Strickland, Vice-President; Sandra Gunn, Secretary; Mary Jen-

nings, Treasurer; Muriel Nancy, Reporter, and Billie McKeever, Parliamentarian. The new president, Louise Thornhill, then gave a short address followed by presentation of awards. Judy Brister presented Billie McKeever an award in appreciation for a job well done in the past year as president. Mrs. Mary McCollum was given a gift from the club showing appreciation for her help in the past year. Edie Connel presented this year's Outstanding Young Homemaker Award to Billie McKeever. The members then in unison gave the Young Homemaker Creed. President Louise Thornhill called the meeting adjourned.

## Meeting Plans City Wide Crusade

Harold Spaul, the General Chairman of the Steering Committee of the City Wide Crusade planned for October 8-15 presided over a general meeting of all committees last Sunday, August 20, at the East Side Baptist Church. Pastors and laymen from the following churches were present: East Side Baptist, Trinity Baptist, Trinity Lutheran, First Baptist, First United Methodist, and Southside Baptist. Every church in town is invited to come and participate in the further planning and organization of this Crusade.

Reports were heard from the various committees. The services will be held in a tent on the fair grounds with services at 7 a. m. and 7 p. m. each day. Each of the various participating churches is furnishing workers for the committees involved.

It was decided to have a community-wide census in September. Each church will have an area of the city to cover and then all names will be pooled and a master list compiled and given to each participating church.

There were about 85 in attendance at this meeting with the next meeting scheduled in September. Every church is invited to attend.

## CARD OF THANKS

May we express our thanks and gratitude for the many kindnesses extended to us in the loss of our loved one. Our special thanks to those who remembered us with their prayers, food, visits, memorials, and cards. Your help has made our burden lighter. President of the Association of Conservation Districts, states that participation in conservation programs as the states election laws. Each district is sub-divided into five zones, and each year the SPCD Director is either re-elected or a new Director is elected in special called elections. Each Director serves for five years before he is either re-elected or replaced. It behooves citizens of each

of these five zones to participate in these elections to assure the election of qualified, capable, and willing men or women to serve on the SWCD Board of Directors. The SWCD Director is rapidly becoming a very important official in the zone he is elected to represent. More and more responsibilities are being placed on these people each year. The future holds unknown power in the hands of these elected officials concerning such things as land zoning and land use regulations. Planning assistance was furnished Durwood Miller on 75 acres he recently purchased from Dick Andrews. This unit is located about 1 mile southwest of Haskell. Miller is the Otis Matthews' son-in-law. L. J. (Bud) Adams and his son, Elmer Adams, of Weiner were assisted in developing revisions of their conservation plans on the J.W. Pace Estate into one plan cover all units of the Pace Estate operated by Adams. Assistance was furnished by Jim Boykin, Soil Conservationist on the Haskell SCS Work Unit Staff. Boykin also assisted Thurman Stout of Weiner and Clifford Thomas of Haskell develop new conservation plans. Dare, Minister of Activities, cordially invites all Haskell parents to bring their children for participation in the choirs. The choirs meet at 6 p. m. each Sunday evening in rooms off the south hall of the First Baptist Educational Building. There are three choirs involved: Pre-school Choir for children ages four and five; Music Makers Choir for children in the first, second and third grades; and Young Musicians Choir for children in the fourth, fifth and sixth grades. The older two choirs perform

in Sunday evening services from time to time and will attend a children's choral festival in the Spring. Directors for the choirs have recently attended a children's choir leadership clinic at San Angelo. The directors are: Mrs. Phil Coleman for the pre-school choir; Mrs. Buster Gholson for the Music Makers Choir; and Mrs. Clinton Kimbrough for the Young Musicians Choir. Mr. Dare says 'Parents need to bring and encourage their children in a children's choir. Singing is universal and highly

personal. A person's voice is his link with the world. Most any child can learn to sing and this ability gives him the opportunity of self-expression, a sense of personal achievement, and an additional means of communication.' All children in the Haskell area are invited to enroll by contacting Mr. Dare at First Baptist Church or just come to the church at 6 p. m. any Sunday evening. **NEW 1972-1973 TEXAS ALMANAC!** We have it in stock. **THE HASKELL FREE PRESS.**

**WASHINGTON**  
 carrying an average of 500,000 daily passengers and countless millions of pieces of luggage and baggage.

More than 500 airports receive regularly scheduled air flights. Though 25 airports account for 70 percent of all passengers, many of the smaller airports are served by modern jets and become a target for hijackers and extortionists. Air travel and air freight are constantly expanding and the predictions are that during the 1970's travel will increase by at least 10 percent a year.

Efforts are now under way to provide carrier protection against this type of robbery. A real test is shaping up within the next few months. There seems to be new determination on the part of Government and airlines to halt these air crimes.

It is a frustrating business and an expensive one. Detection systems cost money and

there is already an argument between the Government and the airlines as to who will foot the bill. The biggest problem, however, is how to exercise the greatest possible precaution and at the same time avoid delay and inconvenience. Human frailties being what they are, airlines will receive all sorts of complaints by their passengers if they are greatly inconvenienced. Competing airlines want to give the best possible service and delays such as the search of individuals and their baggage would certainly slow down schedules. The fact that airline are both promoters and cops has been an obstacle to highjacking efforts. It is understandable that both Federal Marshals and airline security agents will not want to needlessly harass travelers if they can avoid it. It is understandable that carelessness will result, since the chances of a passenger being highjacked is one in 3 1/2 to 4 million.

In the next few months tighter controls will be put into effect. The airlines are buying hundreds of magnetometers with plans to use them at all gates of major airports. By Presidential order hand baggage is now being inspected in three of the Nation's most heavily traveled air routes. These are Los Angeles to San Francisco, New York to Boston and New York to Washington. On other routes a screening system is being used but the effectiveness has not been proved.

The Federal Aviation Administration is pressuring the airlines to do more. One approach is to give passengers the choice of either surrendering all baggage or requiring a search of anything carried on a plane. The problem is by no means a simple one and defies complete and total solutions. The problem exists throughout the world, which has brought on international consultations. An amendment to the Foreign Aid Bill passed last week provides that any aid to a foreign country will be cut off if they do not either prosecute or extradite to this Country any sky-jacker who has sought asylum, as in the last case of those who went to Algeria. This will not reach many countries such as Cuba but it does point up a part of the dilemma and an effort to eliminate safe harbors for the criminals.

Passengers, airlines and government may eventually be left with the worst of two choices: Stricter and more time-consuming inspections of passengers and baggage or face the constant threat of sky crime.

### Dove Hunting In January

Texas dove hunters with frostbite? Unheard of! Until this season, Texas dovehunters were more prone to heat prostration or rattlesnake bite. But recent action by the Texas Parks and Wildlife Commission split the mourning dove season, making a portion of it in September, and the remainder in January when the cold winds blow.

The North Zone season will be Sept. 1 through Oct. 14, 1972, and Jan. 6-21, 1973.

In the South Zone the season will be Sept. 23 through Nov. 5, 1972, and Jan. 6 through Jan. 21, 1973, except that in counties having an open season for white-winged doves, the open season for mourning doves

ends Nov. 2 during the fall segment of the season. Texas Parks and Wildlife Department biologists stress the split season is just an experiment to see if the late season will result in additional recreation without unduly increasing the overall harvest of doves. They will keep a close eye on the results to see if late dove hunting in Texas might affect the breeding populations of other states.

Hunters have long been interested in such a season because of the many doves present in Texas during the winter months, according to department officials.

Biologists called for the experimental season this year because they now have the means to evaluate the effects of a split season, whereas in the past sources of information needed were not available.

 Proposed  
**CONSTITUTIONAL AMENDMENT**  
 NUMBER 13 ON THE BALLOT (HJR 82)  
 General Election November 7, 1972.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 65 to read as follows:

"Section 65. Wherever the Constitution authorizes an agency, instrumentality, or subdivision of the State to issue bonds and specifies the maximum rate of interest which may be paid on such bonds issued pursuant to such constitutional authority, such bonds may bear interest at rates not to exceed a weighted average annual interest rate of 6%. All Constitutional provisions specifically setting rates in conflict with this provision are hereby repealed." This amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to vote of the qualified electors of this State at the general election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "To set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling."

## SAGERTON NEWS

Farmers in the area are back in their fields this week after the land has dried up enough to plow, and the crops are looking very good.

I am happy to report that Brad and Brian Bailey, my twin grandsons and their mother are doing fine. I have been down at Bedford and have sort of neglected my column. Delbert his mother, Mrs. Cliff LeFevre, Mrs. Will Stegemoeller and Mrs. Neva McKernall came after Jill and I Sunday. I would like to remind people that I am home now, and ready to report their news items if they will call me.

Mr. and Mrs. Reginald Crabtree, former residents of this area, now living in Plainview, visited with Mrs. John Clark Sunday before last. They were here for the Community Church picnic, which was rained out.

Mrs. Charles Clark, and Mr. and Mrs. M. Y. Benton visited in Houston over the weekend with Mr. and Mrs. Bob Clark and family.

Two quilts were made at quilting parties in the home of Mrs. Will Stegemoeller last week. Those attending were: Mrs. Charlie Letz and Mrs. Katie Gerloff of Old Glory Mrs. August Balzer, Mrs. Etta Leach, Mrs. M. Y. Benton, Mrs. F. A. Stegemoeller, and Mrs. Otto Schaake, and Mrs. Alice Lewis, and Mrs. John Clark and the hostess.

Mr. and Mrs. Fred Kupatt and Kris were in Dallas Friday of last week to keep a doctor's appointment, and they visited with the Mike Baileys in Bedford.

Mr. and Mrs. Glyn Quade accompanied by Mrs. Lillie Handrich of Albany, went to Pecos last weekend to attend the wedding of their nephew, Mike Hill, son of Mr. and Mrs. Tom

Hill of Aspermont. Mrs. Clara Kainer recently made a trip to the Smoky Mountains and Tennessee with Mr. and Mrs. Jerry Kainer and family of San Antonio.

The sympathy of Sagerton residents is extended to the family and relatives of Oscar Kainer, who passed away last week. Oscar grew up here at Sagerton and had many friends here.

Peggy Clark will register for the fall term at Concordia College in Austin next week.

Diane Monse will enroll at West Texas State University at Canyon this fall.

Mrs. John L. Brooks had her two grandchildren, Melinda and Cynthia Thompson, from Irving visiting this week.

Mrs. Otto Lehrmann spent several days last week with her daughter's family, the Carl Opitz in Abilene.

Ricky and Steven Lehrmann leave this week for Lubbock where they will be freshmen at Tech. Gail Lehrmann will be a senior at North Texas University.

Kent LeFevre will go back to McMurtry next week. Clayton Stegemoeller and Roy Nierdieck will also be students at Tech this fall.

## FACTS ABOUT THE HIGH COST OF FOOD

(This is the 6th and last of a series of articles presented by Banking, Journal of American Bankers Association, reprinting the Haskell National Bank.)

### Meet the Efficient American Farmer.

In many underdeveloped nations of the world, the population is tied up with the chore of food production. But in the U. S. every farm worker provides food for himself and 48 of his fellow Americans, them to provide other goods and services which increase the quality of life. This is a dramatic increase in efficiency since 1950 when a farmer provided for himself and 15 1/2 others. Yet, farmers have not made extra profits in providing the nation's food. In fact, only 20% of the nation's farmers have gross incomes of \$20,000. Net income per farm in 1971 was \$5,498. Able income per person living on a farm is only 1/3 the non-farm population's.

Farmers spent over 70% of their gross income on production expenses, helping provide 6 million jobs in machinery, chemical and other supply industries and 14 million to 16 million jobs in processing, marketing related food industries.

**FARMERS BUY:** 5% of the nation's steel produced, 10% of the U. S. petroleum output, 25% of the truck produced. While the number of farms has declined in recent years, agriculture is still the largest single consumer of steel, rubber, petroleum products and chemicals in the nation.

Farmers also donate a healthy share of the taxes to the states. In Iowa, for example, farmers represent 10% of the state's population and receive only 15% of the personal income but pay about 35% of the property taxes. And farmers make a big contribution in our balance payments, as the yield of one of every five acres of land is marketed overseas.

The farmer? He's not responsible for your big tax bill. He's doing more than his share in keeping food low and benefitting the nation. He's the main reason the country's biggest bargain today.

### Pousley's OF RULE

Calf prices are above 100% of parity, the Texas Crop and Livestock Reporting Service notes. Average price for calves received by Texas farmers as of July 15 was \$45.30 per hundredweight. Effective parity is \$44.20 per hundredweight.

Overall the all farm products index shows prices received by Texas farmers and ranchers were at 356 per cent of the 1910-14 base. This is an increase of 20 per cent above a year ago.

Calf prices are the only commodity above effective parity price. Cotton, for example, was at 28.5 cents per pound while the effective parity is 55.16 cents per pound.

Hogs were at \$27.20 in Texas on the average; effective parity is \$30.00.

Beef cattle prices averaged \$35.60; effective parity is \$36.80. Grain sorghum averaged \$2.01, while effective parity is \$3.33.

Parity—that measuring stick used to compare farm income with non-farm income—is now at 75 per cent.

So even though farm prices have been increasing, total farm income is still about one-fourth below the rest of the economy.

Farm income now is estimated at \$18 billion a year. But at full parity, farm income would be about \$22 billion.

Sheep on feed in Texas shows a six per cent increase in the number on feed a month earlier. This, however, is four per cent below a year ago.

Drylot sheep feeders with a lot capacity of 2,000 head or more had 143,000 head of sheep and lambs on feed for slaughter as of August 1.

Current intentions to market the 143,000 head are: August, 53,000; September, 56,000; and October, 34,000. September and October intentions are incomplete at this time because additional lambs could still be placed on feed and marketed during the period.

Cancellation of DDT registration will take effect August 31, except for a few limited uses. The Pesticide Advisory Committee of Texas, which makes recommendations to the Texas Dept. of Agriculture relating to the use of pesticides, said cancellation should have little impact on agriculture production in the state.

DDT will continue to be registered for use on stored sweet potatoes, use by public health officials in prescription drugs, and by the military in health quarantine programs.

Screwworm regulations relating to dipping or spraying of livestock have been changed. Livestock are no longer required to be dipped or sprayed before shipment from one screwworm-infested state to another. However, all livestock shipped from or through areas where screwworms are a recurring problem must still be inspected, any wounds treated, and the shipment certified free of screwworms.

Pink bollworm stalk destruction deadline is August 31 for these counties: Cameron, Wilbrey and certain portions of Hidalgo and Starr.

Early stalk destruction throughout the state is urged. Extensive insect damage has been reported this year in many parts of the state. Early stalk destruction can reduce insect infestation for the 1973 cotton crop.

### 27 Couples Attend Dance Festival

The Haskell Country Squares and the Knox Prairie Promenaders from Munday were well represented this year at the 14th annual Square and Round dance festival held at the Convention Center in Ruidoso, N. M.

27 couples represented the two clubs at the Festival which had 111 squares. Featured callers included Melton Luttrell of Fort Worth, Beryl Main of Aurora, Colo., and Dave Walker of Tucson, Ariz.

After returning, the dancers agreed that square dancing gets better each year.

## 4-H Recipes

Terri Lowlor, daughter of Mr. and Mrs. George Lowlor, won a blue ribbon at her first food show with the following recipe. Terri is a member of the Haskell 4-H Club.

**South of the Border Casserole**  
1 lb ground beef  
1/2 cup chopped onions  
2-8 oz. cans tomato sauce  
1 tbsp. chili powder  
1 tsp salt  
12 tortillas, cut into halves  
2-4 oz. pkgs. sharp cheddar cheese (shredded)

Brown meat, add onions and cook until tender. Stir in tomato sauce and seasonings. Alternate tortillas, meat mixture and cheese in 1 1/2 qt. casserole. Bake at 325 degrees for 30 minutes or until brown and bubbly. Serves 4.

Lisa Smith, a member of the Sagerton 4-H Club, is the daughter of Mr. and Mrs. Roy Smith of Rule. Lisa's entry was in the fruits and vegetable div.

**Fruit Salad Pie**  
1/2 can pie cherries  
1-1 1/2 size can crushed pineapple  
3 tbsps. cornstarch  
1 cup sugar  
3 sliced bananas  
1 cup chopped pecans  
Mix cherries and pineapple juice. Add enough water to make one cup of liquid. Add cornstarch and cook until thick. Add cherries and pineapple and sugar. Let cool and add bananas and nuts. Pour into baked pie shell. Top with whipped cream.

**Crust:**  
1 1/2 cups flour  
1/2 tsp. salt  
1/2 cup Crisco  
3 T. water

Chicken and spaghetti is one of Julie Jameson's favorite recipes. Julie is the daughter of Mr. and Mrs. Jon Jameson of Haskell and a member of the Haskell 4-H Club.

Boil until tender a 3 lb. fryer  
1 can mushroom soup  
1 can tomato soup  
1 medium onion chopped fine  
1 green pepper, chopped  
1 medium package of long spaghetti

1/2 c. Worcestershire sauce  
Cook green pepper and onion in butter, till brown. Cook spaghetti in chicken broth. Combine green peppers, onion, mushroom and tomato soup, sauce, chopped chicken and spaghetti together. Serve as is

or else put in shallow pan with stuffed olives added. Bake until thick.

**Banana-Nut Cake**  
2 1/2 cups flour  
1-2/3 cups sugar  
1 1/2 tsp. baking powder  
1 1/4 tsp. soda  
1 tsp. salt  
2/3 cup soft shortening  
2/3 cup buttermilk

1 1/4 cups mashed ripe bananas (about three)  
2/3 cup finely chopped nuts  
Heat oven to 350 degrees. Grease and flour 2 layer pans, 9x1 1/2". Blend flour, sugar, baking powder, soda, and salt. Add shortening, half of buttermilk and mashed bananas. Beat 2 minutes, medium speed on mixer. Scrape sides and bottom of bowl constantly. Add eggs and rest of buttermilk. Beat 2 more minutes, scraping bowl frequently. Fold in nuts. Pour into pans. Bake about 35 minutes. Cool. Finish with butter icing.
