VOLUME XXIV NUMBER 42  
Lubbock, Texas October 26, 1973

## Thunderbirds: Aerial demonstration team tops Open House schedule

Splitting the sky with precision ability like the expert craftsmen that they are, the Thunderbirds will perform their maneuvers here, Sunday.

The air show featuring the U.S. Air Force aerial demonstration team will perform in conjunction with the 1973 Reese AFB Open House. Another special attraction for the Open House will be the display of lunar samples, or "moon rocks," set up in hangar 92.

### Begin at 1 p.m.

The Open House will begin at 1 p.m. and continue until 5:30 p.m. The aerobatic team will begin their show at 3 p.m. and continue for 30 minutes. Several aircraft will be on static display on Reese's flight line for the event. These will include the Northrop T-38 Talon, the Cessna T-37, the Lockheed C-130 Hercules and other Air Force fighter and reconnaissance aircraft for viewing by the public.

Both the 35th and 54th Flying Training Squadrons will be opened to display the various training systems and aids necessary for today's Air Force pilot. In addition, the "Link" simulator trainer section will also be open.

### Entrance Routes

Vehicles may enter the base through the main gate and alter-

nate entrances north and south of the main gate. Officials urge persons residing in Reese Village to walk to the Open House to avoid parking problems.

On display along with the "moon rocks" in hangar 92 will be a student art display featuring original creations by the children in the Lubbock area (See page 9).

"From the Wright Brothers to Space Travel" was the theme of the recent student contest. Art entries numbering 246 were received from students in the first through the eighth grades and 32 poems and essays from the second through the 10th grades. Winners have been selected and will be announced at the Open House. Entrants must be present to receive their autographed lithograph of the Thunderbirds in hangar 92.

### VIP for Day

The winners will meet the Thunderbirds and will be declared Reese VIPs for the day.

The Thunderbird aerial demonstration here will be one of approximately 100 performances each year. Now in their 21st season the team's members have flown more than 1,750 demonstrations in all 50 states and 48 foreign countries.

More than 99,000,000 spectators throughout the free world have awarded the USAF Thunderbirds the title "America's Ambassadors in Blue." Come out and see why, Sunday.

## frame of reference

*"If ever there was a need for patience and understanding on the part of the American people, it exists today"*

**Editor's note:** The following is a speech made by Lt. Gen. William V. McBride, Air Training Command commander, Sept. 7 at Craig AFB, Ala., to a group of junior officers. General McBride spoke about "The Responsibilities of Being an Air Force Officer in the 1970s."

Anyone who has the chance to serve this great country and contribute to the quality and professionalism of the Federal Government—and particularly the Air Force—should grab at that chance and give it everything he has.

It's time we stopped being so preoccupied with our troubles, whether they are real or imagined, and get on to the business at hand—and do it with deep pride and feeling for this country. We should never forget that each of us can make a contribution to this nation—to the integrity of its governmental processes—a contribution to help insure the freedom and dignity and individual worth that we all desire for ourselves and for future generations.

There is no doubt in my mind that airpower was a crucial and decisive factor in fighting the South-

east Asian war. I have no doubt that Linebacker II was a key factor in bringing Hanoi to terms regarding the settlement and repatriation of American prisoners of war.

I also have no doubt that the air war in Southeast Asia demonstrated the professionalism and expertise of members of the U.S. Air Force. And I would add with considerable pride that never in the history of warfare has any fighting force ever imposed such disciplines and restraints on itself in order to meet limited objectives and to insure the safety of non-combatants.

If every there was a need for patience and understanding on the part of the American people, it exists today. If ever there was a time for the military officer to "keep his cool"—to listen, to study and to think things through—it is today. If ever there was a need for the military officer to reaffirm his loyalty and dedication to his country's well-being—and to make his own unique contribution to the growth and development of the military as a vital part of the Nation's institutional life—that need exists today.

## CCAF details reasons why Air Force people do not attend college

You don't go to college because you're stupid, right?

Right.

Why mess up the good life? Basic training is just a memory. Tech school was no sweat. You've finally got the hang of the job. Right?

After work—taking advantage of the good times—playing pool, movie-going, woman (man) watching . . . just trucking around. Right?

Right. Figures show that about 90 percent of us don't use our educational benefits while on active duty. But, maybe you're one of the other 10 percent. If so, you're smart. In more ways than one.

At any rate, now is the time for you to rethink where you're at. The Air Force has something new to help you get it together—the Community College of the Air Force (CCAF).

Whether you know it or not, you're probably part of the student body. Every enlisted man or woman serving on Air Force active duty is. CCAF programs incorporate a variety of

courses offered by more than 600 accredited civilian colleges and universities throughout the United States.

In addition, you can now combine your Air Force technical training, or work experience, with selected off-duty college courses and in time earn a Career Education Certificate (CEC).

(Yes, your Air Force training can now count toward certain college programs.)

A CEC is a document certifying educational achievement. After you earn a CEC, you can go on and earn a bachelor's degree or just use it and your CCAF transcript to impress a prospective employer.

We might put it this way. Even if you've never formally attended college, your Air Force training shows you really have. But you should stop by and visit your educational services officer and let him explain this program to you. He'll take care of the details—and help you get started.

Like we said earlier—you don't go to college because you're stupid. Right? (AFNS)

## ATC gives Halloween safety tips

Halloween is drawing near (Wednesday) and this year "Trick or Treat" can be fun—fun for those masked youngsters with concerned parents.

The degree of parental concern will vary: as some are safety conscious year-round while others are not. For those who are not, Halloween becomes an effort.

This concern on Halloween amounts to instructing children not to eat any goodies until returning home, keeping them in a familiar neighborhood, accompanying children and inspecting the goodies collected.

Fruit should be washed thoroughly and cut into small pieces. Examine candy bars closely for needle and pin holes and questionable home-wrapped packages should be discarded.

A few cents worth of candy discarded may save undue hardship or even death.

Select a familiar neighborhood, accompany the children and check the goodies.

It is that simple.

Be concerned and be safe, happy halloween. (ATCPS)

## Commander's CARE Line

**Editor's Note:** The Roundup will continue to publish Commander's CARE Line inquiries as long as they are on base-wide interest. All inquiries will be reviewed by the Wing Commander. Reese personnel are encouraged to first use their chain of command or to contact the office of primary responsibility if at all possible to air comments or complaints. If this does not work, dial C-A-R-E.

Sir:

I'm calling about an incident that I noticed has been happening quite often on base, and that is why the Security Police are setting up behind the old base service station on Soul Nite at the NCO Club. I've been watching a few times on Country-Western Night and have not seen these incidents occur on those nights, only Soul Nites. If this is just a coincidence, I apologize, but I request the matter be looked into, sir. Thank you.

Sergeant Griffin

Sergeant Griffin,

I have looked into this and find that in the past the Security Police have in fact monitored both the NCO and Officers' Clubs as well as the Mathis Center on any occasion when patronage could be expected to be heavy. I emphasize "any occasion" because this practice was not in any way discriminatory against Soul Night participants. Although close monitoring of large crowd areas is an esta-

blished law enforcement procedure, I have directed the Security Police to cease this "close monitoring" and proceed on a routine basis whenever we anticipate heavy club patronage.

Sir:

This is Captain Mitchell of Class 74-07, Section II. I live in Reese Village and found when I came home today that they had disconnected our water coolers, which seems very reasonable, but right now it's still very warm. And it's not so bad that they turned off the water, but they also took the belts so that the fan is rendered inoperable. It's not really a big thing, but it still gets very warm in base housing at this time year. Thank you very much.

Captain Mitchell

Captain Mitchell,

The Civil Engineering Division tells me that it is necessary to remove the fan belt from evaporative coolers to prevent the belt from taking a "set" on the pulleys. The coolers are turned off, hopefully, prior to the first freeze. Since this usually comes at the end of October or early November, CE must start early in order to finish all 418 housing units. As you can see, each year the engineers must play a guessing game, leaving the coolers on as long as possible for homeowner comfort and still turn all of them off prior to the first freeze.

Col. Walter H. Baxter III  
Wing Commander

The Roundup is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc. Mailing address: P.O. Box 2415, Lubbock, Tex.

### Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser, user or

patron. A confirmed violation or rejection of this policy of equal opportunities by an advertiser will result in the refusal to print advertising from that source."

News for the Roundup should be delivered to the Information Division, bldg. T-1, no later than 11 a.m. Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge and must also be in to the Information Division by 11 a.m. Monday. Other advertising matter is handled exclusively by the publisher.

*Combinations and Colors Galore*

Take the fashion route to fun in our color-upon-color laceup in combinations of upper materials-on-materials. Your little girl's spirits will soar in higher soles and heels with a trim line of piping to accent a bump toe. You'll both love them.

## Personal conferences slated today

A personal conference period will be held by the Wing Inspector, Maj. Carl J. Aglio at 1:30 p.m., today at the base library.

The purpose of the conference period is to provide a medium through which all military and civilian employees at Reese may present their suggestions or grievances in confidence for unbiased consideration and resolution.

No special appointment or permission to attend the conferences will be necessary. Personnel should obtain permission from their respective supervisors to be absent from duty.

## THE MAN BEHIND THE MISSION

SSgt. Jose M. Cuestas checks ingredients for a prescription in the Pharmacy at the Reese USAF Hospital. Sergeant Cuestas has been in the Air Force for five years. When asked what are his favorite sports, he commented, "If it's a sport that has any action, it's one of my favorite sports." The 25-year old native of San Manuel, Ariz. came to Reese after an overseas tour at U-Tapao RTAB, Thailand. He married the former Melva Cittadini and has two children. # Airman Holeman gains honor

A1C Juanita M. Holeman

## Physical exam worker receives award for October

A1C Juanita M. Holeman, a medical service specialist in the Nonflying Physical Exam Section of Reese the USAF Hospital has been named Wing Airman of the Month for October.

According to 2nd Lt. Charles E. Roberts, Medical Squadron Section commander, "The medical service specialist in the Physical Exam Section must display a variety of skills. Airman Holeman's ability to work with both military and civilian people in accomplishing a number of different type physicals substantiates her capability."

### "More Than Competent"

"Airman Holeman has proven herself to be more than competent in the execution of her duties," the lieutenant added.

Airman Holeman, because of a shortage of assigned personnel in her section, has assumed the additional responsibility of monitoring the food handler program, as well as typing a major portion of the physicals given.

Additionally, she has assisted in the hospital's Emergency Room and General Therapy Clinic, and has supported the Occupational Physical Program conducted by the Military Public Health Section.

### Active Support

She is a member of the Reese Drug Abuse Committee, and according to Lieutenant Roberts "actively contributes to and supports its function."

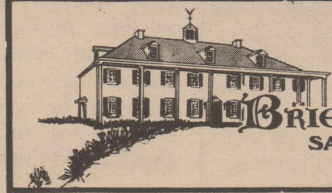

Further citing Airman Holeman's performance, the lieutenant concluded, "Airman Holeman's devotion to duty, cooperative attitude and willingness to get the job done make her a credit to the Air Force and an outstanding example of what women can do in their new role in society."

AIRMAN OF THE MONTH—A1C Juanita M. Holeman looks over a patient's medical records as part of her job in the Physical Examination Section of the USAF Hospital. Airman Holeman has been selected Wing Airman of the Month for October. (U.S. Air Force Photo by Sgt. Terry Crooks)

# Halloween brings blood drive

Reese AFB will sponsor a blood drive at the Mathis Recreation Center beginning at 1 and lasting until 5 p.m., Wednesday.

Blood Services of Lubbock, Reese's community blood center, serves 37 hospitals in the South Plains area, and the approximately 3,500 patients who annually need blood donations in this region require 12,000 to 15,000 pints of blood a year.

In addition to there being a shortage of voluntary blood donors, according to USAF Hospital Commander, Lt. Col. (Dr.) Clarence K. Whiteside, there is also a growing need for blood as the medical facilities of Lubbock and the South Plains expand.

According to Doctor Whiteside, "Blood is needed to literally save the lives of people in the community. The Blood Center

is simply the intermediary agency where the blood is given, processed and furnished to the hospital.

"The support of everyone and total community involvement is essential," the doctor added.

Each donor who gives blood

will be provided with free protection for himself and his immediate family against blood service fees incurred for six months, except for hemophilia sufferers.

The wives of Undergraduate Pilot Training Class 74-07, as a class project, will make posters

to publicize the blood drive and serve refreshments to all donors, according to another hospital spokesman.

All eligible military and civilian personnel in the area are invited to participate in the blood drive.

## Reese personnel to receive awards at ceremony today

TSgt. Joe A. Thomas will be awarded the Meritorious Service Medal at the Wing Commander's monthly Awards Ceremony set for 3 p.m., today, in front of wing headquarters, bldg. T-1.

Thomas, assigned to the 64th Organizational Maintenance Squadron (OMS) will be one of eight honorees at the event today.

First Lt. Joseph D. Fullen-

kamp of the 35th Flying Training Squadron will receive the Air Force Commendation Medal (AFCM) as will TSgt. Valton J. Willis of the 64th Air Base Group (ABGp).

TSgt. Gary L. Shovan of the 64th ABGp will receive the first Oak Leaf Cluster (LC) to the AFCM. Also receiving the first OLC will be TSgt. Robert G. Champion of the 64th Flying Training Wing.

SSgt. Donald R. Heaton will also receive the first OLC to the commendation medal. Heaton is assigned to the 64th Field Maintenance Squadron. SSgt. David T. Bowser will round out the list of personnel receiving the AFCM.

In addition, A1C Juanita M. Holeman will be recognized at the ceremony. Airman Holeman is the Wing Airman of the Month for October.

## PTA carnival set to raise money, be 'good time' for all

By A1C Buddy Lerch

"We're looking for people who like to have a good time while improving the welfare of their children at school."

Capt. Ken Wright, 1973 Reese PTA Carnival chairman, was all enthusiasm as he talked about the carnival, set for 5 to 9 p.m., Nov. 2 at the Reese Elementary School.

"The carnival has two main purposes. The first is to raise money for much-needed teaching aids and equipment for use by the teachers and kids during the school year. With the proceeds from last year's carnival we outfitted the school with air conditioners to make learning more comfortable during the hot months.

We also bought projectors and other visual aids to im-

prove the learning process," the captain said.

**Good Time**

"The second purpose is to see that everyone—the kids, their parents and anyone else attending—has a really good time . . . good enough to last until next year's carnival," he added.

The captain stressed the point that all proceeds will go directly back into the school to furnish equipment that could not be obtained any other way.

One of the activities scheduled for this year's carnival will be games in the school's cafeteria. Guitars, radios, a motorcycle helmet and many other prizes donated by merchants in the Lubbock area will be awarded to the winners.

Carnival patrons will also be awarded the opportunity to win a television set and an AM-FM radio-cassette recorder.

**Different Activities**

Eleven of the school's home rooms will each host a different activity, including a cake walk, country store and even a "for-

sign snacks" outlet. Food and drink will be available in abundance so, according to Captain Wright, "No one will have to go home to eat."

Projects which the carnival committee hopes to accomplish with this year's proceeds include a stage curtain to replace the old worn one in the auditorium, more water coolers for the students' comfort and additional projectors and other visual aids to make learning more interesting.

"Everyone is invited to come out and have a great time with the kids again this year," Captain Wright concluded.

# Aerial demonstrations thrill audiences

By A1C Jeff King

Thrilling audiences with moves that seemingly defy gravity and even human endurance, the U.S. Air Force Thunderbirds will present another unbelievable show at 3 p.m., Sunday over the flight line.

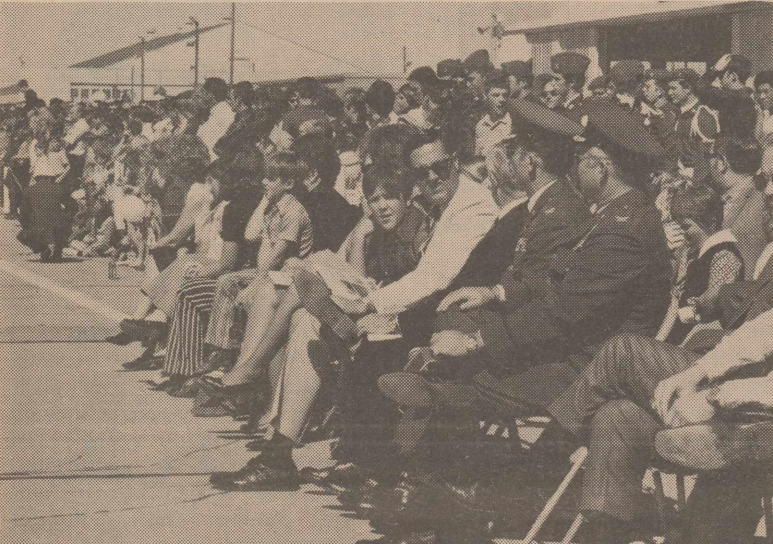

The story of the Thunderbirds is not a new one. It began 20 years ago. The echoes of jets rumbled across the Arizona desert as four Republic F-85 aircraft began their first demonstration over a small crowd near Phoenix.

The Thunderbirds were born.

Created and based at Luke AFB, Ariz., the Thunderbirds began their mission to demonstrate to people in the United States and around the world the capabilities of the men and machines of the United States Air Force.

Since their creation, they have demonstrated their mission to more than 99,000,000 people the free world over. They have flown in five different types of aircraft, ranging from their sub-sonic F-85s to their present carft, the McDonnell Douglas F-4 Phantom, a plane capable of hitting speeds well over 1,300 miles per hour.

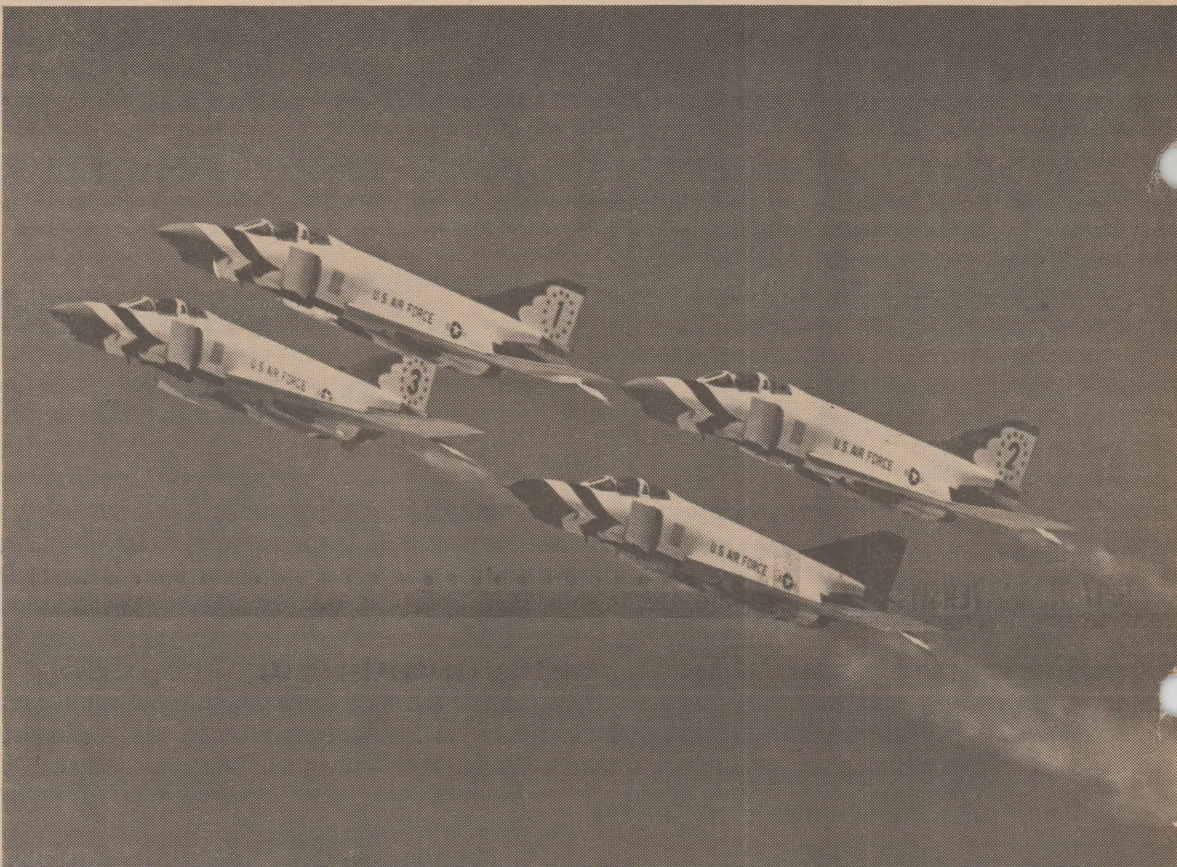

Peace and goodwill being their theme, the "Ambassadors in Blue" have earned a proud fame for themselves and every member of the Air Force.

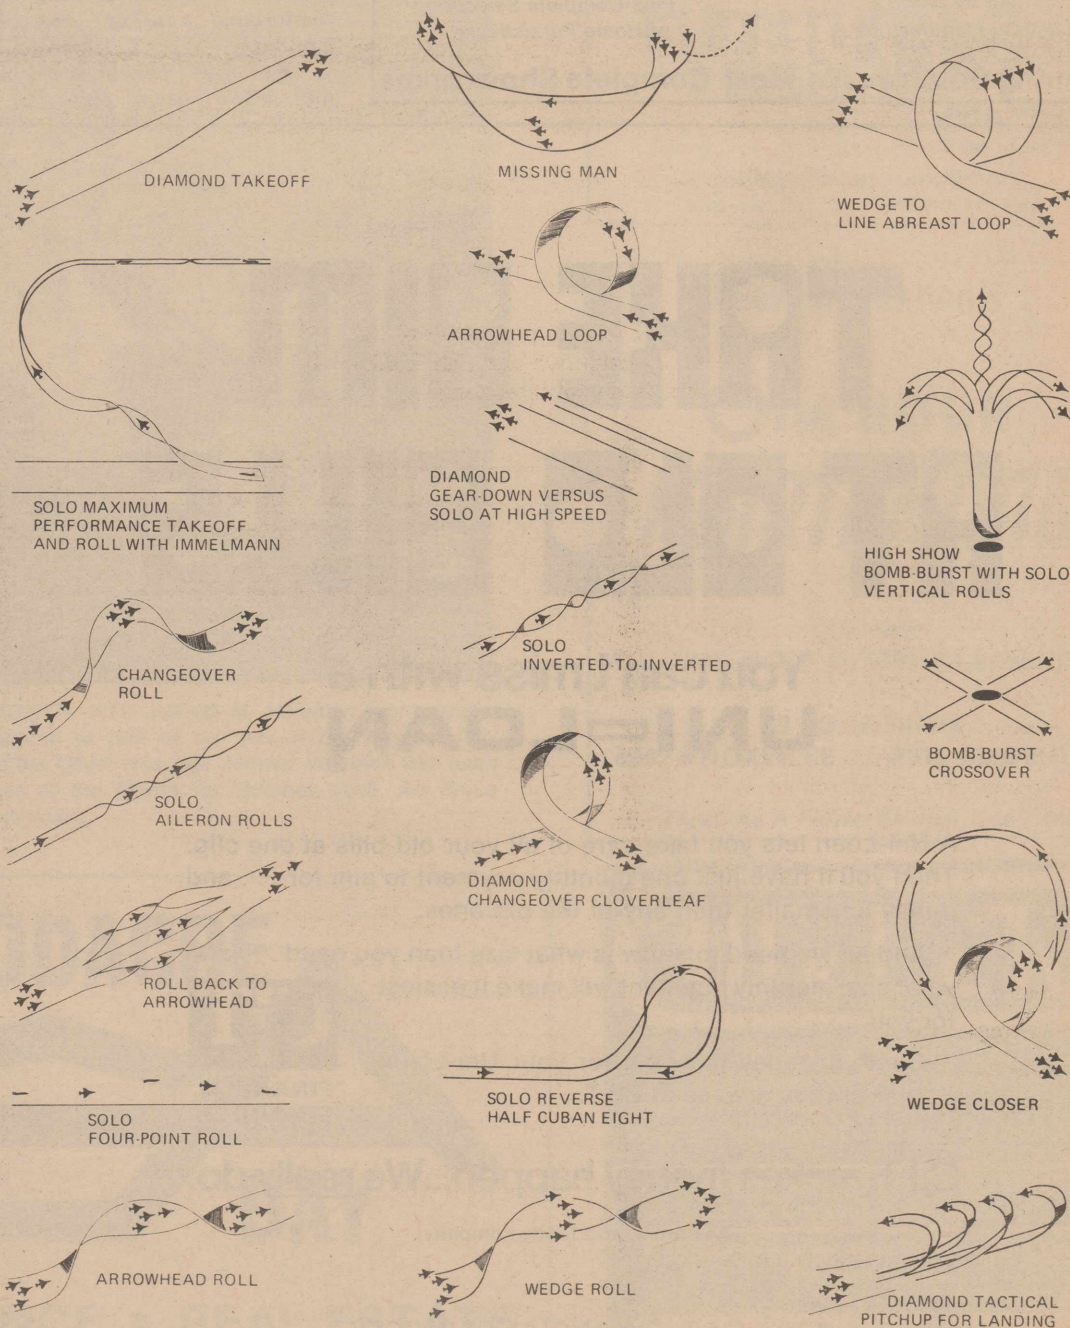

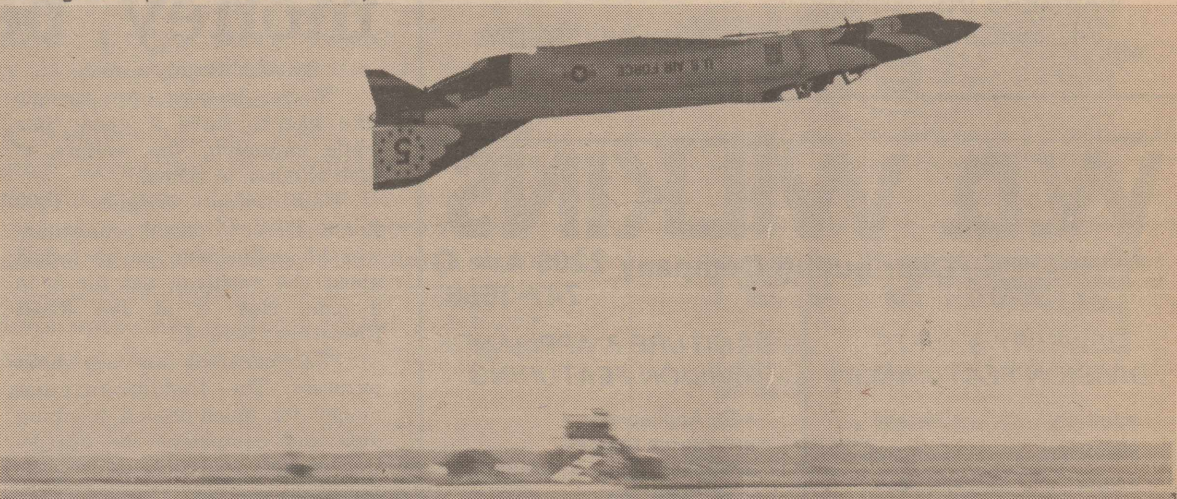

PREVIOUS SHOW—Thousands of spectators jammed Reese in past years to watch the Thunderbirds demonstrate what a modern Air Force jet and pilot are capable of. (U.S. Air Force Photo)

SLOW LOOP—Coming out of the "wedge to line abreast loop", the Thunderbirds prepare to go into one of their many other stunts. Intensive training and discipline allow them to turn a complex maneuver into a seemingly easy trick, with gasp-inspiring results. (U.S. Air Force Photo)

FOUR OFF THE FLOOR—Four of the members of the Thunderbirds fly in close formation, above, with their wing tips only three feet apart, as the fifth man, below, performs an inverted solo four-point roll right over the flightline. (U.S. Air Force Photo)

THUNDERBIRD REPERTOIRE—Above are some of the precision flying formations and stunts that the Thunderbirds perform at over 100 shows yearly. Many of these are scheduled to thrill Reese spectators beginning at 3 p.m. Sunday. (Courtesy Sketch)

## Investment Seminar Military Personnel

Money management has become an intricate part of every person's life. The accumulation of assets, their preservation and distribution can only be accomplished through personal financial direction.

R.B. Wiesen & Co., Inc. is presenting a two part seminar at the Hillcrest Country Club Tuesday night, November 6th, 1973 starting at 7:30 P.M. and ending at 9:00 P.M. We believe this seminar will be of interest and benefit to you. The subjects to be discussed will include:

The Pro's and Con's of Investments in Mutual Funds, Common Stocks, and Real Estate  
How to Create a Living Estate by use of a Financial Roadmap  
Individual Tax Shelters  
How to buy time through Life Insurance  
The Different types of Life Insurance policies  
How much Life Insurance should you have

Because of limited space this seminar will be limited to the first fifteen couples who make reservations. There will be a free drawing for a 12 inch Black & White T.V. for those in attendance. Please call 797-2436 or send in the coupon below to attend. We hope to see you.

# Newcomers receive welcome

By Capt. Bugs Forsythe  
Trying to get this article in the paper is tougher than taking a no-notice Eval ride. I will once again try to welcome newcomers to our unit.

Capt. Kurt Anderson left B Flight to the guidance of Capt. Joe Roberts, and is on his way to fill Capt. Eric Steffenson's place in Check Section. I'd like to wish Eric the best of luck on his return to Canada. All of the squadron realizes we're losing a super individual and is sorry that Moose Jar isn't on the recommended bases so we can visit our northern friends.

## Helping Hand

Helping out Joe in leading the Barracudas is Capt. Frank Salat of Laredo fame. They have also gained 1st Lt. Steve Mires. Cargo Flight has gained the help of 1st Lt. Bruce Sheer. Echo Flight is using the instructional techniques of 2nd Lt. Gary Pao and Maj. Mac Staples. Capt. George Porter and 1st Lt. Lynn Smith are helping Fox Flight students learn about what makes a Talon fly.

Maj. George Wilson of the "Hawks" finally figures out he outranked Capt. Hal Anderson and is new assistant flight commander. The Hawks also have Capt. Fattom Kendall, who came to Reese via the Laredo unemployment line.

I hope that covers most of the new people. Two other new "pilots" are the sons of Capt. and Mrs. Hal Hornburg and Capt. and Mrs. Dave Mann. Congratulations to both families.

## New Additions

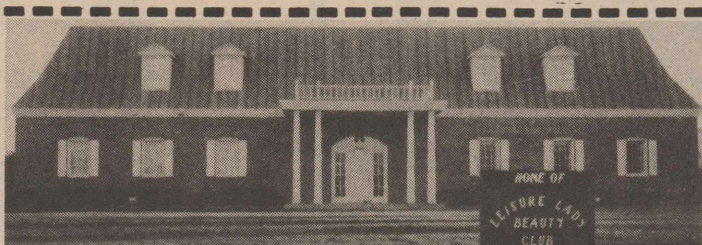

The shuffleboard and popcorn machine are welcome additions to the casual bar. With Maj. George "Mad Dog" Wilson pointing out everyone's mis-

takes on the shuffleboard, I'm sure we'll have a whole team of excellent players in a very short time. The squadron would also like to thank Mad Dog for making his weekly football activities more important than the weekly marginal student report. Some of the Hawg students were commenting on how lucky they were that they didn't graduate before football season was over, as they really liked to help Major Wilson with his poll.

The O' Club sponsored a

great Oktoberfest Saturday and it's too bad more people couldn't attend. The meal was simply outstanding and should end some of the common food complaints. It seems to me that a good club is made that way by good participation.

Hope everyone makes it out to the field Sunday to see the fabulous Thunderbirds. Remember to tell your wives and girls that all Air Force pilots could fly like that if they were allowed to.

We are looking for a few ladies who want to beat the high prices of beauty

Our Members Receive 25 to 50% Discount on All Our Services

# Area students display talents in contest

Nearly 300 young people throughout the South Plains community participated in the Thunderbirds creative contest, "From the Wright Brothers to Space Travel."

Art entries numbered 246 and poems and essays 32 for the contest. Some of the art winners are displayed on this page. The winning written entry was from Cheri Banks, a 10th grader at Monterey High School in Lubbock. Her poem is titled "Which Way Is Home?"

When I looked up and saw the  
Moon,  
and then the  
Stars,  
I wanted to jump off the  
Earth,  
to rise above the  
Trees.  
I wanted to rise and rise and  
Rise,  
until somewhere,  
One of those Stars  
began to grow bigger  
as I rose  
Higher and higher  
and higher  
until I could look back at  
Sol  
and feel homesick for  
two destinations—  
Earth and those  
Stars.  
But here am I,  
pitiful earthbound creature,  
Will I ever touch that  
second home past the  
Sky?

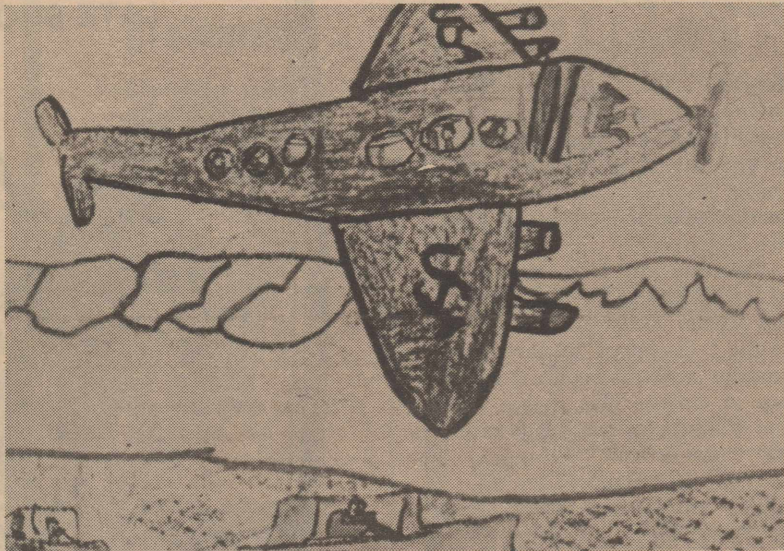

Awards will be presented to the winners in each of eight categories by the Thunderbirds themselves in hangar 92 on the Reese flight line at 4 p.m. following the air show by the USAF aerial demonstration team.

Winners and their grades are as follows: Carl Deo, grade 1; John Baxley, grade 2; Jamie Lopez, grade 3; Dustie Cook,

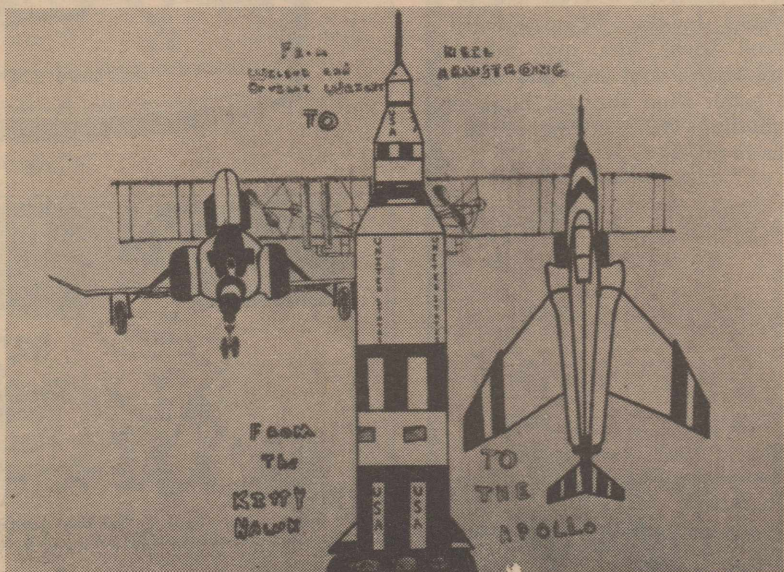

grade 4; Josie Mora, grade 5; David Jones, grade 6; Art Throckmorton, grade 7-8-9 and Cheri Banks, grade 10-11-12. Entries were judged on originality and how well students fol-

lowed the theme of the contest.

A display of the winning entries and many of the non-winning entries will be on display in hangar 92 during the Open House, Sunday.

Carl Deo, Wheatley School, First Place in 1st Grade

Art Throckmorton, Evans Junior High, First Place in 8th Grade

Josie Mora, Parkway Elementary, First Place in 5th Grade

## flick flack

The latest James Bond episode and a horror chiller top off this week's slate of shows at Simler Theater tonight in a special Halloween double feature.

The base theater features showings at 8 p.m. Tuesday through Sunday unless otherwise noted. The Saturday matinee begins at 2 p.m., with the box office opening one half hour before showtime for both the evening and matinee performances.

### Tonight

Roger Moore, Yaphet Kotto and Jane Seymour star in "Live and Let Die." The newest James Bond thriller features Agent 007 in search of an international crimelord in the streets and alleys of Harlem. The action-packed flick is rated PG, parental guidance suggested. This feature repeats tomorrow evening.

The second feature of the evening has Basil Rathbone, John Saxon and Judy Meredith starring in "Queen of Blood." A team of scientists in a rescue space ship finds a vehicle crashed on Mars. The only survivor is an unconscious beautiful woman with green skin. Shortly after finding her, a member of the scientific crew is found dead, drained of blood. The movie is rated G.

### Saturday Matinee

"Snoopy, Come Home" features all the characters of Charles M. Schultz in animated comedy. Snoopy the beagle decides to leave Charlie Brown when he gets a letter from Lila He and Woodstock, a bird that flies upside-down, travel off to see Lila while running into all kinds of misadventures.

### Sunday

Peter O'Toole and Sophia Loren star in "Man of La

Mancha," the story of Don Quixote, an aged man who fancies himself a knight, fighting for the honor of his fair Dulcinea. A great musical score complements the PG-rated feature.

### Tuesday and Wednesday

Liv Ullmann, Edward Albert and Gene Kelly star in "40 Carats," the story of love and laughter beginning with a vacation in Greece. The movie version of the Broadway hit is rated PG.

### Thursday

Ryan and Tatum O'Neal star in "Paper Moon," a story of a Great Depression con man whose specialty is selling Bibles to newly bereaved widows. The orphaned daughter of an old girl friend tricks him into taking care of her, and soon proves to be better than the con man at swindling. This touchingly funny film is rated PG.

## at Mathis

The "Soul Debate" will kick off this week's activities at the Mathis Recreation Center tonight with a free soul dance.

**Tonight**—The "Soul Debate" will begin its musical vibrations at 9 p.m. and will play until 1 a.m.

**Tomorrow**—The weekly pool tournament will begin at 5:30

p.m.

**Sunday**—Weekly table tennis action will get under way at 2 p.m.

**Monday**—The Take Off Pounds Sensibly (TOPS) Club will hold their regular meeting at 6 p.m., followed by the Boondock Rodeo Club meeting and Family Game Night action at 7

p.m.

**Tuesday**—Mathis will host Film Night.

**Wednesday**—"Halloween! Trick or treat!!!" The Reese-sponsored blood drive will be held from 1 to 5 p.m. at the center.

**Thursday**—Lubbock Chess Club meeting and action will begin at 7 p.m.

## at NCO Open Mess

"Foscar" will begin this week's entertainment lineup at the NCO Open Mess with a dance tonight. The dancing music tomorrow evening will feature the sounds

of "The Debate." Discotheque entertainment with Nathaniel Stowe will be presented Sunday and Thursday nights.

The dining room is open from

10:30 a.m. until 1:30 p.m., Monday through Friday. Saturdays it is open from 9 a.m. until 9 p.m. and it is closed Sundays and holidays.

**LAST FLIGHT**—Capt. Eric Steffensen, a Canadian instructor pilot in the 54th Flying Training Squadron, leaves his Northrop T-38 Talon for the last time (left) just in time to be doused by a group of his friends (center) including Lt. Col. Richard A. Ingram, squadron Commander. He was then given a hearty welcome by his comrades (right) as he prepared to leave the flight line. Capt. Steffensen was the last Canadian officer at Reese. He left Wednesday for an assignment as a staff officer for Canadian Forces Training Command in Winnipeg, Canada. (U.S. Air Force Photos by A1C Jeff King)

## Commander gains honor for 'zero' accident rate

Maj. George Balog is "accident free." Since he assumed command of the 2053rd Communications Squadron here April 5 of this year, the "super safe" communicators have established a military injury and Private Motor Vehicle injury rate of absolutely "zero."

This fact was brought into light by Brig. Gen. Rupert H. Burris, Southern Communications Area commander in the Air Force Communications Service.

General Burris computed the personal safety program records of each of his commanders (44 in all) from 60 days from the date of command assumption until Aug. 31 of this year. He used the Air Force Ground Accident Index method to arrive at his findings.

The 2053rd Communications Squadron is part of the Air Force Communications Service, which provides communications, navigation aids and Air Traffic Control Services worldwide for all Defense Department agencies.

## CBPO sets up information system for young officers

According to Personnel officials at Reese, many officers face a dilemma when asked to complete Air Force Form 90, Officer Career Preference Statement.

Questions such as "Does my base of preference have the weapons systems I want?" and "Will my choices on the form provide a logical, progressive route to the accomplishment of my career goals?" are commonly asked.

These questions and many others concerning officer careers can be answered by unit Career Development officers. These officers are service veterans, and according to Personnel officials they "have a wealth of first-hand knowledge to draw from in aiding you."

The unit Career Development officers have at their fingertips the latest information about as-

signment trends, policies and about his career. experts in Form 90 preparation, and they urge all officers completing their "90" to drop it by them for a final check before it's

sent to the Consolidated Base Personnel Office.

The unit Career Developers below are waiting to help any officer personnel with a problem about their career.

## palace flicks

## Film covers swap program

This week's review of the Palace Flicks sound-on-film cassette program available at the Customer Service Center in bldg. 815, is titled "Airman Assignment Exchange Program."

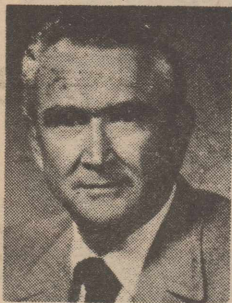

The six-minute film covers both state-side and overseas versions of assignment swapping between airmen.

Along with eligibility crite-

ria and application procedures, it also gives tips on possible reasons some airmen might not want to make a swap. These in-

clude individual payment of moving expenses and give airmen an opportunity to decide whether a trade is worth considering.

Would you be interested in an idea that might permit you to retire 5 years earlier than you now expect?

## Christmas mail deadlines near as holiday season approaches

With Christmas only about seven weeks away, many of the 1973 Christmas parcel mailing dates announced by the USAF Postal and Courier Service have already passed, and several more will expire within the next few days.

Airmail remains the only mode which will insure delivery to the Near East in time for the holiday season.

Remaining deadline dates for mailing Christmas parcels to overseas APOs are as follows:

Mail bound for Canada and the Arctic (Greenland, Labrador, Newfoundland, Azores): airmail,

Dec. 8; Parcel Airlift (PAL), Nov. 30; Space Available Mail (SAM), Nov. 24, surface, Nov. 24.

South and Central America: airmail, Dec. 1; PAL, Nov. 17; SAM, Nov. 10; surface, Nov. 10.

Europe (Belgium, Denmark, England, Finland, France, Germany, Greece, Italy, Netherlands, Norway, Portugal and Spain): airmail, Dec. 11; PAL Nov. 27; SAM, Nov. 20; surface, Nov. 10.

Africa (excluding Ethiopia): airmail, Dec. 8; PAL, Nov. 17; SAM, Nov. 10; surface, Nov. 10.

Near East (Ethiopia, Iran, Israel, Saudi Arabia and Turkey):

airmail, Dec. 1.

Far East (Antarctica, Australia, Burma, Indonesia, Japan, Korea, New Zealand, Okinawa, Philippines, Taiwan, Thailand and Vietnam): airmail, Dec. 1; PAL, Nov. 27; SAM, Nov. 20.

Mailing periods for parcels to military post offices located in the 50 United States and territories and possessions of the United States will be the same as those announced by the U.S. Postal Service.

Furhter information and assistance may be obtained from the Reese Postal Service Center, bldg. 11.

**BEST ENLISTED QUARTERS**—SSgt. James R. Murphy, his wife and two sons view with pride the recognition stake and certificate they received for having the best kept quarters in the enlisted side of Reese Village. The award was the last one presented for this season as cold weather approaches quickly. (U.S. Air Force Photo by Sgt. Terry Rivera)

## Re-ups see best month of fiscal year at Reese

Reese had "the best month so far in fiscal year 74" last month in reenlistment rates, according to TSgt. Darrell E. La Montagne, NCO Career advisor.

First term reenlistments stood at 37.5 per cent at the end of September, a figure almost twice the Air Training Command goal of 21 per cent. The cumulative rates for FY 74, however, still sag below the ATC goal, with 19.2 per cent of the first termers reenlisting so far in the year.

Reese's first term cumulative total is still short of the ATC standard, but "... we're improving, most notably in 64th Organizational and Field Maintenance Squadrons and the 64th Supply Squadron," commented Sergeant La Montagne.

He cited the 64th Air Base Group 23.5 per cent cumulative as "most encouraging" and said the 50 per cent figure for Sep-

tember in that unit was "super!"

Second term airmen boasted a 77.8 percentage rate for September, leaving a 65.2 per cent tally for the fiscal year.

Career airmen once again drove to the 100 percent mark for September, giving them a 93.8 per cent for the year so far.

Total rates for Reese for September and the cumulative fiscal year stand at 53.8 and 43.9 per cent respectively.

# Visit causes recuperative action

By Capt. Charles Thrash  
What was that rush of wind that just went by? It was strong enough to make the status go "dual only" for winds.  
Oh, I understand—ATC Stan/ Eval just left after conducting their most recent inspection.

Now that is enough reason to take off for the stag bar.

Speaking of the stag bar, have you noticed that things have started picking up around the O' Club? In the bar there is now a shuffleboard game and frequently the new popcorn machine is going strong. These are just a couple of the good signs that show the club is again on its way to becoming an outstanding place to socialize.

A couple of departures are about to take place that affect our people. Capt. Jim Howe has left for Thailand and an OV-10. Jim should have a good time at Bronco school at Eglin AFB. Too bad he has to spend the winter in Florida. Although Capt. Spider Ryan is an academic ween-

ie now, we still think of him as one of us. He found out recently he will be going to Bergstrom AFB, Tex. and an RF-4. How come everyone else always manages to get my dream assignment?

The football team managed to get derailed and then back on its winning ways. The return of our quarterback, Sam Eskew, from survival school made the big difference. They are now in the base playoffs and can use your support, so get the family together and come on out to the games.

The movement of personnel around the squadron has slowed

down for a while, so for the time being things are fairly stable. There have been a few who have had the privilege of going to survival school. What is interesting is seeing the look in their eyes when they return.

Their outlook has changed toward the outdoors. It is always a shock to find out you have to make a meal out of snake and rabbit eyes, or learn how to build a house—oven and all—from a bamboo patch. When Capt. Matt White returned he tried to get a Cub Scout merit badge for his exploits in the wilds of Washington.

## Air Force News Summary

The nation's highest decoration, the Medal of Honor, has been presented by President Richard Nixon to Lt. Col. Leo K. Thorsness, a former prisoner-of-war.

\*\*\*\*\*

The Air Force Military Personnel Center is developing a senior non-commissioned officer assignment procedure by qualification and career objectives for overseas returnees.

\*\*\*\*\*

Air Force has announced a temporary relaxation and expansion of retirement restrictions, effective immediately. Under the new plan which will permit accelerated retirements under the Fiscal Year 1974 strength adjustment program, all but six months of an active-duty service commitment for officers and airmen resulting from promotion to grades O-4, O-5, O-6, E-7, E-8 and E-9 may be waived.

\*\*\*\*\*

A new Reserve Supplement Officer program has begun to allow mobilization augmentees to train at Air Force installations near their homes rather than being assigned against vacancies with potentially distant units.

Regular Air Force and reserve recruiters are participating in a joint test program designed to provide information on how the Air Force can best insure the reserves will be able to attract and keep sufficient numbers of highly qualified people.

Introducing the  
**JENSEN-HEALEY**  
*beir to greatness*

...the new Jensen-Healey from the makers of the hand-built Jensen Interceptor. In appearance, performance and convenience, the epitome of the classic British sports car. Designed by Donald Healey, C.B.E., and powered by an engine specially built by Lotus, Jensen-Healey is everything you expect a fine sports car to be. The power plant is a 4 cylinder 2 litre cast aluminum engine which features twin overhead camshafts and four valves per cylinder for the kind of performance few cars can deliver. This superb engine is the most efficient on the market today—it passed 1973 emission tests with the highest horsepower per cubic inch of any engine so far. And all this with no air pump or recirculation exhaust.

# Intramural flag football enters playoffs

Ties for the top positions make for some exciting expectations as the playoffs near for the 1973 Intramural Football League Championships.

The Reese USAF Hospital team is presently knotted for the top spot with Undergraduate Pilot Training Class 74-03 at 8-1. The 54th Flying Training Squadron has a one-handed hold on the next slot with their 7-2 record. The race for fourth place is not as simple.

The 35th Flying Training Squadron, Civil Engineering Di-

vision and Consolidated Base Personnel Office teams were tied at five wins and four losses apiece. They had a special sudden death playoff.

The first of two games saw the 35th FTS clobbering CE and they again went undefeated as they processed out the CBPO team, 22-0. Therefore, the 35th FTS won the right to contend for the league championship tournament that will be completed tonight.

The remainder of the end-of-

season standings saw the 64th Supply Squadron in seventh place with a 4-5 record and eighth spot is held by the 2053rd Communications Squadron team with a 2-7 slate. The 64th Field Maintenance Squadron rounded out the

standings with their 1-8 season tally.

Intramural basketball action is also scheduled to begin soon at Reese. Squadrons wishing to enter a team should contact Sgt. Rodney Wilson at base gym, ext.

2783. The gym also announced that varsity flag football practice is held Monday through Friday at 8 p.m. on the intramural ball field located on War Highway behind the Reese USAF Hospital.

## Chiefs score second shutout in three games in youth action

The Reese Chiefs defeated the team sponsored by Lubbock Mobile Homes Sunday afternoon by a 22-0 gap at Hutchinson Junior High in Lubbock.

This game marked the second shutout in three weeks turned in by the Chief defense. In fact, during the last four games the Chief offense has racked up a total of 86 points, while the defense held the opposition to a total of only 14 points.

The Chief coaching staff would like to spotlight the defense. Defensive captain Greg "Tank" Sanders plays nose-

guard over the center. Defensive tackles Thomas Karpenski and Brooks Benford must block the run anywhere through the line.

Defensive ends Joe Ballanger and Greg Lopez must contain an end run attempt as well as watching for the dangerous pass. The linebackers, consisting of Adrian Justin, Mike Gibler, Pat Gaston and Ricky Wilson, must serve as pass protection, looking to intercept for a turnover. Safeties Mike MacFarlane and Wayne Mitchell serve as the last barrier between the runner and the goal. Eric Laney, Timmy

Buck, and Mike Perez serve as alternates.

The Open House activities Sunday will include a double header football slate in conjunction with the event. Two "A" Division teams will battle at 1:30 p.m. After that game football activities will stop for the Thunderbirds Air Show. The Chiefs will then play their last game of the season against the team sponsored by Henderson Funeral Directors of Lubbock, beginning about 4:30 p.m. Both games will be held at Tyler Field by the base chapel.

### pigskin predictions

## Accurate pix avenge losses

Our predictors had an amazingly accurate week of pix to make up for a rotten week before as three of five had perfect guesses.

Even so, Mr. Bass had a 75 percent right rate and Gasman split it down the middle, hitting on 50 percent. Da' Bookie came extremely close on his point spreads, even beating out Ray Scott's "Computer Picks."

	Notre Dame vs. USC	SMU vs. Texas Tech	Minnesota vs. Los Angeles	Cincinnati vs. Pittsburgh
Mr. Bass	ND 30-USC 6	Tech 24-SMU 14	Minn 17-LA 16	Pitt 24-Cin 7
Raeoid	USC 24-ND 20	Tech 28-SMU 21	LA 27-Minn 24	Pitt 30-Cin 27
Gasman	ND 35-USC 24	Tech 17-SMU 7	Minn 24-LA 21	Pitt 28-Cin 10
Mad Dog	ND 27-USC 17	Tech 17-SMU 10	Minn 24-LA 21	Cin 17-Pitt 12
Da' Bookie	USC 24-ND 21	SMU 20-Tech 14	Minn 24-LA 30	Pitt 27-Cin 10

## Nickel wins base golf crown

Jim Nickel was declared base champion after the 1973 Reese Base-Club Golf Championship held Oct. 13 and 14 at the base course.

Nickel, assigned to the 64th Student Squadron, turned in winning rounds of 74 and 72 for the top slot. Active military personnel only were eligible for the base title. First runner up for the title was Charles Thrash of the 35th Flying Training Squadron. Thrash had winning rounds of 75 and 76.

The club champion title was open to all members of the club at Reese. Dick Alexander of the base housing office won that honor with the tournament's best rounds, turning in totals of 71 and 71. Nickel's rounds were good enough to make him first runner up for the club honor.

Trophies were presented to the champions and merchandise prizes were awarded to the first and second place finishers in each of three flights. Neal Venters took first place in the first flight with his totals of 78 and 76. He won over Tony Guerrero who had games of 79 and 76.

First place in the second flight went to Jim Finley with

his rounds of 82 and 81. His handicapped total was good enough to beat Orv Wray's second place totals of 82 and 80.

Charles Black turned in scores of 83 and 87 plus his handicap to take first spot in the third flight and second place was awarded to Rick Barnett with his rounds of 83 and 86.

## Lanes announce King, Queen bowling tournament

A King and Queen Bowling Tournament will be held Nov. 17 and 18 at Reese Lanes to determine the "King and Queen of the Hill."

The tournament will be open to all active duty and retired military personnel as well as dependents. The tourney will also be open to civilian employees at Reese. Bowling will be on a "scratch" basis.

Times for the action have been set for 1 p.m. each day. Nine games will be rolled by each participant each day.

Further information may be obtained by calling Walt Hamlin at 885-2121 or Sgt. Rodney Wilson at ext. 2207.

### Correction . . .

Merilyn Thayer was elected runner-up for the 1973 Reese Chiefs Homecoming Queen, not Merilyn Turner, as was stated in the last issue of the Roundup. The Roundup staff apologizes for any inconvenience incurred by this mistake.

## 'Wine Fest' sets theme for OWC coffee, meeting

The 64th Air Base Group wives will sponsor the monthly luncheon and business meeting of the Officers Wives Club, set for noon, Thursday, at the Officers Open Mess.

Senior hostess Mrs. Frank B. McKenzie and luncheon chairman Mrs. S.W. Dederich, assisted by Mmes. George Balog, William Brady, Carl Deakle, Joe Nix and Joe Harrison as well as the wives of Air Base Group invite all members to attend a featured "Wine Fest."

Don McGown, Bill Barry and Mickey Dawson, representatives of two local beverage companies, will be featured as special guests. McGown will offer tips on the selection and serving of fine wines and according to an OWC spokeswoman, Dawson has "graciously offered a fine selection of wines to be sampled during the social hours."

The menu being offered at the luncheon will include Swiss cheese Kuiche, asparagus with Hollandaise

sauce, broiled tomatoes, fresh fruit dessert, rolls, tea or coffee.

OWC officials urge members to "make reservations early" by contacting the reservation chairman, Mrs. Dale Sprotberry at 795-9919.

A reminder was also issued concerning the bake sale following the luncheon. This month's sale is being sponsored by the USAF Hospital wives. All proceeds from the bake sale go to the club's Welfare Fund.
