The Herald Will Have Two Honor Rolls

ROSS WILLIAMS IS ON HERALD HONOR ROLL

Mr. Ross Williams was in the office Tuesday morning with a silver dollar in his hand. He gave us the dollar saying:

"If you are going to do this thing any way, I want to help you a dollar's worth." Thanks, Mr. Williams.

When everything looked the very worst last spring, Williams said: "I can't be worried. My wife is the only child of Mr. John G. Reed, and Mrs. Reed still sets a good table."

Ross is some Ross! He is his wife's husband, his children's father, his mother's son, is a brother to all his mother's children, is his wife's mother's son-in-law, and is now a subscriber to the Herald.

Aunt Roe Adams Passes Away

Aunt Roe Adams who has been very low for three weeks, passed away Monday night. She was buried in the cemetery here Wednesday, the funeral services being held at the residence, Rev. Leslie being in charge.

Aunt Roe has been here for a long time, 84 years, Dec. the 1st. She has made her home with her niece, Mrs. Holloway until recent years when she came here to live with her sister-in-law, Mrs. E. C. Adams. During all these years her life has been such as to deeply endear her to the family. Her unusually kind spirit will be greatly missed in the home.

To Organize American Legion

W. E. Easterwood Jr. a Texas man and close friend to Col. Lendberg, will be in Snyder Sunday afternoon in interest of an organization of the American Legion.

All those who are interested in the American Legion work, or in Mr. Easterwood and his Rome, New York and Dallas Flight, will want to be present. The meeting will be held in the District Court room at 3:00 o'clock Sunday afternoon.

Beginning next week and continuing until "Linotype Day," we will carry at the top of this column a list of those whose names are on our

"HONOR ROLL"

All those whose subscriptions are paid up to date, will have their names on our

"HONOR ROLL."

Watch for your name.

ELDER SYPRET TO PREACH FOR CHURCH OF CHRIST

The Church of Christ here has recently succeeded in securing the Elder Geo. W. Sypret to conduct their church services one Sunday in each month for the ensuing year.

Elder Sypret is a capable minister of the gospel. He is not only well acquainted with the Bible and church history, but he is a student of current events. He seems to rightly interpret the events of our day. Current events are but history in the making, but it isn't every one who gives the events of his own day such serious consideration.

Elder Sypret will be here next Sunday, and each succeeding Fourth Sunday of the new church year.

Attend Birthday Party

Last Sunday the home of Mr. and Mrs. Jess Louder of Snyder, was the scene of a surprise birthday dinner honoring the former. The home was beautifully decorated with roses and chrysanthemum. A three course dinner was served to the following guests:

Mr. and Mrs. J. R. Coker, Mr. and Mrs. W. A. Louder, Mr. and Mrs. Burney Hamil and son Burney Max Jr., Mrs. W. E. Hassell, Misses Polly Merrill, Verna Louder, Mr. Tom Coker and Elmer Louder.

The Approach of Winter

The briskness of the little norther Tuesday morning reminded us of our overcoats, sweaters, gloves and heating stoves.

Our seasons are remarkable. The spring-time brings us our roses, the summer brings us ripened fruits, the autumn brings us our harvest and winter brings us it: blankets of snow.

He was a designer, indeed, who arranged our seasonal year. One season is not gone but that we are anxious for the incoming of the other. "Variety is the spice of life."

H. E. Brock on Honor Roll

Mr. H. E. Brock of Inadale halted us on the street yesterday and handed us his "Linotype Dallar." Brock says we have his consent to make a "go" of the Herald. Thanks, Mr. Brock.

Messrs J. M. Robinson and Stewart, east of town were in the office here Tuesday. Robinson is the "cotton growing" man of the Hermleigh community, and Stewart is his son-in-law.

Suggestions are oftentimes mistaken for dictations.

ABOUT OUR TRIP TO THE STATE FAIR AT DALLAS

On Monday October the 14th. County Agent W. O. Logan, accompanied by Ed Jones, Otho Gilmore, Ambrose Trussell, and myself, left Snyder to attend the Boys Educational Encampment at the State Fair, in Dallas.

We arrived at the Fair Park at 12:00 o'clock Friday night and proceeded directly to the Encampment Building where each boy was assigned a bed.

Breakfast was served the following morning at 7:00 o'clock, and immediately afterward the Co. Agent took the boys on a tour around the grounds inspecting the exhibits of Texas Counties. Not until we had closely examined these exhibits did we realize what our neighboring counties were producing. Most every kind of agricultural product was on display. Other interesting exhibits were the Horticulture and cotton shows. The cotton displays were shown by the different cotton Breeders of our state.

Next we inspected the booth that had been assigned the Texas Club Boys. Some products exhibited were cotton, grain, hay, potatoes and peanuts. The great work being done by the Club Boys is easily understood when you see the excellent display of their achievements.

Tuesday afternoon the 4-H. Club Boys were carried to the Magestic Theatre. Four special street cars, furnished by the Dallas Railway Terminal Co., carried them to the theatre.

Tuesday evening the boys attended the Hagg-nbeck-Wallace Circus.

Wednesday morning the guides carried the boys through the machinery exhibits. The latest of every kind of machinery was shown. The boys were very much interested in the cotton pickers and choppers. Next we visited the automobile show where all American made automobiles were shown. The afternoon was spent at a rodeo. Some of the worlds most famous performers were there. Wednesday evening we went to one of the greatest musical comedies in the United States, the name of which was "The Red Robe."

Thursday morning we saw the National cotton show also the livestock and poultry shows.

The official Encampment closed Thursday noon, yet all boys who found it inconvenient to leave were cared for until Friday morning.

We reached home Friday evening, tired, but with the knowledge that the time had been well spent, and with gratitude to all who helped make this trip possible. We also wish to thank our County Agent for the pleasant trip and Harry Winston for a jolly return.—Terrell Bowlin.

Mrs. John Crumly has been sick near two weeks.

M. E. SUNDAY SCHOOL TO HAVE MONTHLY SOCIALS

The Methodist has organized a social club which will meet at the church on Friday night after the first Sunday in each month. Evening refreshments will be served on the church lawn, after which a program of entertainment will be given in the auditorium.

This was suggested by the Missionary Ladies who responded by the act of serving at a Sunday School meeting held at the church two weeks ago. These ladies are wide awake, offering to meet any and every effort on the part of the Sunday School or church which has a forward looking tendency.

Receives Portfolio

Our own W. E. Louder, Realtor and Insurance Agent, has become associated with the larger insurance agents of the country. He received a beautiful portfolio this week as a reward for the fine work he has done in his line this year.

The Insurance Magazines are carrying a write up concerning him in the last week's issues.

The young Mr. Louder is quite a fine business man, and is one of the best liked men in the country.

Bills Redeemable At The U. S. Treasury

We have learned more of the particulars concerning Bevely's money which was recently found by John Bowen and W. H. Vernon.

Mr. Bevely was ploughing in the Bowen field when the check book cover containing the money was dropped and covered up. The bills were badly rotted but by careful unfolding the check numbers were preserved so as to make the bills redeemable.

The bills consisted of National Bank notes, National Treasure notes, Federal Reserve notes and Gold Certificate. They are all redeemable.

Mrs. L. D. Sturgeon Bried In Snyder Tuesday

Mrs. L. D. Sturgeon of the Plainview School community, was buried in Snyder Tuesday afternoon.

Mrs. Sturgeon is well known here. She is a daughter and sister-in-law to the Sturgeons and Hoopers here.

The most pleasant man in the country is the man who is more pleasant than Joe Drennan.

J. L. FARGASON, JR.

J. L. Fargason, Jr., three year old son of Mr. and Mrs. Fargason of this place, is perhaps the youngest newspaper enthusiast in the state. He has been coming to the Herald office ever since he began to talk, jabbering out news for publication.

He makes it his business to see that all newspapers which come to the home are read and carefully preserved. He is especially interested in the Herald. "That is 'Phauvant's' paper," he used to say.

Who knows that such interest in newspaper work is not an inherent talent? Why may J. L. not grow to be one of America's greatest newspaper men? He shows signs of being a real man in the making.

Singing Meet Next Sunday

Next Sunday the 27th. is the big district singing convention at China Grove. Everyone is invited to be present and take part in the musical program.

China Grove has a beautiful little church building and it is adequately seated to conveniently care for a large crowd. Mr. White, the captivating president of the District Convention, will be present with his usual charm and efficiency. The musical interest at China Grove is exceedingly good.

Mrs. J. D. Drennan Is Dead

J. F. Drennan received a telegram from Conroe, Texas Tuesday announcing the death of his sister-in-law, Mrs. J. G. Drennan. She will be buried in Mt. Vernon cemetery near Crocket, Texas today.

Beginning next week and continuing until "Linotype Day," we will carry at the top of this column a list of those whose names are enrolled on

"GOLDEN HONOR ROLL..."

All those whose subscriptions are advanced, and all of those who are sending the paper to other out of town, will be on our

**MOORE IS INTERESTED
 IN EVERY ENTERPRISE**

Mr. Moore is a community build-
 er, and, though his farm inter-
 ests are outside the city limits,
 he is more interested in the
 building up of the town than
 many of our men who own prop-
 erty here. The building up of
 any community center makes
 life more pleasant, and often-
 times makes property more val-
 uable. Mr. Moore is chief
 among those who fully realize
 this.

It came as no particular sur-
 prise to us that Mr. Moore was
 on the dot with his "Linotype
 Dollar." We have been obser-
 ving Mr. Moore for these two
 years of our residence here, and
 have found him for every move-
 ment, institution or enterprise

which promises to build up, or in
 any way promote the welfare of
 the community.

When successful and promi-
 nent men like Mr. Moore look us
 in the face and lend us their ap-
 proval of our efforts, it makes
 us feel that our feeble efforts in
 the past may be an evidence of
 better service sometime in the
 future. Good, capable, sound,
 forward looking men hardly
 every judge wrongly.

We no doubt have many men
 just as outstanding as Mr. Moore
 but who lack only the ability to
 execute their good intentions.
 Moore is a master executive of
 his own intentions. This is the
 type of man that does thing.

**Jones Is Also Friend To
 Progress**

Among the Herald's more
 silent friends, as has been recent-
 ly discovered, is our own E. R.
 Jones. Mr. Jones has been one
 of our readers for many months,
 but his good feeling toward the
 Herald's efforts was not known
 until last Friday morning.

In handing us his "Linotype
 Dollar," we were agreeably sur-
 prised to hear Mr. Jones say:
 "I am more than willing to help
 the Herald in its efforts to help
 its self and the community at
 large."

We are very grateful to you,
 Mr. Jones, and we are in full
 accord with you in your view

that anything which helps the
 community helps every individ-
 ual who lives therein.

"Linotype Dollar" Letters

Snyder, Oct. 15.

Dear Norman:

Enclosed you will find check
 for one "Linotype Dollar." We
 want to be counted in. We hope
 you get \$1,000. You are entitled
 to that much. Anyone who
 would 'hang to it' and go over
 as you have in Hermleigh, is
 worthy of every man's support.
 The business men of your town
 ought to 'kick in' \$10.00 on that
 proposition, instead of \$1.00.

Yours hopeful of much success,

The Times-Signal.
 Jimmy Smith,
 Chubby Ritzenthaler

Dear Editor:

I am sending one dollar for
 the Hermleigh "Headache" as
 some have called it. Whatever
 it may be, my 'heartaches' if
 I miss a copy of it.

Mrs. R. D. Hall.

Dear Editor:

Enclosed you will find two one
 dollar bills. Please extend my
 subscription to the Herald.—Mrs
 W. A. Cross.

A. M. Merket, ginner and mer-
 chant of China Grove, sent his
 "Linotype Dollar" in Saturday
 with this compliment: "I read
 the Herald first."

Mr. J. I. Chorn put \$3.00 more
 into the "Linotype Fund" by
 sending the Herald to two out-of-
 town friends. Who will follow
 after this good example? "If a
 thing is worthy of your consid-
 eration, pass it on."

Hugh Vaughn put \$2.50 into
 the "Linotype Fund" last week,
 sending one paper out-of-town,
 "Go thou, and do likewise."

Mr. S. B. Spykes whose quiet
 and unsuming disposition has
 held us somewhat in suspense
 concerning his attitude toward
 our efforts here, came in Satur-
 day afternoon with his "Linotype
 Dollar" and with \$1.50 to pay for
 a subscription, sending the paper
 to a kinsman in another town.

We are gratified with this.
 "Actions speak louder than
 words." Thanks Mr. spykes.

Mrs. John G. Reed was in with
 her "Linotype Dollar" Tuesday
 afternoon. "We want the Her-
 ald," she said.

**D. Z. Hess Sits Steady In
 "Herald Boat"**

Mr. D. Z. Hess of Pyron, who
 has peasantly borne with the
 efforts of the Herald through
 the past two years, was in the
 office last summer when it look-
 ed like the country was burned
 up and paid his subscription to
 the Herald, saying, "If I make
 any cotton, I will give you ano-
 ther dollar this fall."

Last Saturday Mr. Hess was
 back in the office with his other
 dollar. The smile from his face
 indicated that the "Linotype
 Dollar" was given with much
 pleasure. Thanks Mr. Hess.

Judge J. M. Bowen of Post was here Sunday guest in the home of his sister, Mrs. John H. Lynde. Mr. Bowen was appointed as first judge of Garza County when the court was organized some several years ago.

Anxious wife: "Oh! honey, you have been drinking something, I can smell it!"

Hubby: "Dearie, if you smell anything of that sort on my breath, I am sure the corn I ate for dinner distilled instead of digesting."

Let us not forget that we have a regular produce market here. Make all the money you can every month in the year. If you can sell a thing for more money than it takes to produce it, you can make some money handling it. If it cost you more to produce it than you receive from it, you are losing money.

The year of 1929, with all its fortunes and misfortunes, is swiftly passing. History doesn't record many just such years.

Pioneers of Yesterday Leaders of Today

PIONEERING in Texas fifteen years ago was just plain hard work, stimulated with courage and guided by vision.

Leadership today is the same thing.

The Texas Electric Service Company through its predecessors and under its present management pioneered transmission line electric power service in this section of Texas fifteen years ago. By so doing it pioneered the development of the smaller communities. It laid the basic foundation upon which many communities have and are developing.

Transmission line electric power service is necessary to sound community development. It is the most dependable and economical form of electric service for the home and business as well as for industrial use.

The Texas Electric Service Company owes a definite responsibility to its customers to make possible the widest and most economical use of its product.

In line with this company's policy of studiously regulating its business, voluntarily, for the greatest convenience, economy and satisfaction of its customers, its management has been working for more than a year and a half on a change in its domestic rate which is now in effect. This rate opens up to everyone the fullest use of electricity at surprisingly low cost—lower than ever before in the history of electric service in this community. In future advertisements we shall try to make clear to you just how you can most effectively use electricity in your home.

Mr. J. M. Sehon of Salem, Oregon arrived here Monday for a short visit with his sister, Mrs. T. W. Windle, who met him in Sweetwater.

They left Wednesday morning for Dallas where they will visit other members of the parental family.

How The Farmer Feels About It

"The cow, sow and hen" talk, doesn't have the value it ought to have. The reason in part is obvious. There is nothing as repulsive to the average farmer as what he calls Chamber of Commerce dope. This phrase has the ring of C. of C. in it; but notwithstanding this fact, it is based on good reason and sense.

The Plains country has it on us, in as much as they are practicing diversification farming. This is the only advantage they have over us. We have as good soil as they have. We have every other advantage that they have, only we are not making the best of our opportunity.

The produce business is a big business. It is practical. It will not make a fellow rich over night, but it will keep him with expense money. This is the big item. The fact that we have to pay every dollar we get out of cotton on an expense debt is the reason we are not accumulating anything.

It is possible for each family to make their living expense through the year. Two or more good cows with a cream check coming each week and the skimmed milk fed to a nice flock of hens which will bring in an egg check each week, will prove a solution to our problems just as it has to the problems of the Plains farmer.

Let us think this over. We now have a dependable produce market, and let us take advantage of it.
