DEAR READER: Yes, your father can be helped.

When the heart begins to beat inefficiently (from arteriosclerotic heart disease, hypertension and other causes), fluid that is normally excreted through the kidneys may be shunted to other tissues, leading to edema (swelling). This edema commonly affects the feet and lungs, where it causes puffy ankles and a peculiar disturbance in breathing called "paroxysmal nocturnal dyspnea

In simple terms, the fluid backup in the lungs displaces air: Breathlessness and wheezing result. During the day, when the patient is erect, much of the fluid gravitates to the lower portions of the lungs and causes shortness of breath only durg exertion At night however when the patient is supine, the excess fluid spreads throughout the lungs and the patient may awaken with a feeling of suffocation. This breathing difficulty reflects a condition known as "congestive heart failure.'

There are three basic techniques to treat CHF. First, drugs (such as digitalis) will strengthen the heartbeat and allow edema fluid to be extracted by the kidneys.

Second, ACE inhibitors (such as

of the heart, as well as lowering blood pressure. Again, this permits fluidrelease through the kidneys.

Third, diuretic medicine (kidney stimulants, such as Lasix) forces the kidneys to excrete more fluid than they ordinarily would, thereby lessening edema in the lungs.

In many cases, all three drugs are used simultaneously - and they work well together.

Hypertension and cardiac-valve disease increase the work of the heart and commonly cause CHF, of which paroxysmal nocturnal dyspnea is an early manifestation. Therefore, I

#### Top or bottom, take your pick

Mark Twain, in one of his characteristic moods, said, "Probable nor'east to sou'west winds, varying to the southard and westard and eastard and points between; high and low barometer, sweeping round from place to place; probable areas of rain, snow, hail, and drought, succeeded or preceded by earthquakes with thunder and lightning.'

Which two of these words apply in today's deal? How should South weather the storm brewing in four hearts against a spade lead?

When the dummy appeared, South saw that he could afford two trump losers, but not three. And after winning trick one in hand with the spade king and cashing the heart ace, he could continue with a low heart or with the heart jack (or 10).

Both would work if the suit was dividing 3-3. But if the opposing hearts were 4-2, declarer realized he had to find either East or West with honor doubleton. So, at trick three, declarer continued with a low heart. And when West had to win with the king, South smiled inwardly to himself.

South won West's spade continuation in the dummy, cashed the diamond ace, ruffed a diamond in hand and drove out East's heart queen. Declarer ruffed the next spade, drew East's last trump and forced out the club ace. He had one trump left with which to ruff the fourth round of spades - all he needed.

When you can play high or low, consider both carefully.

Phillip Alder has just published his new book, Get Smarter at Bridge. It is available, autographed upon request, for \$14.95 incl. p&p from P.O. Box 169, Roslyn Heights, NY 11577-0169.

So the candidates hit the trail for one last day trying to rally support, and some got high-powered help.

Clinton was stumping for three Democrats trying to defy the odds and the polls — and win Senate races: Ann Wynia in Minnesota, Bob Carr in Michigan and Charles Oberly in Delaware.

Not blind to the polls or midterm traditions, Clinton expects there to be a lot more Republicans around next year. So, during an interview on CNN's "Larry King Live," he looked past Tuesday's voting to next year's legislating.

### Foreman-Moorer one for the ages

I don't know where you were on Saturday night, but if you weren't sitting in front of your television set you missed possibly the the single biggest, individual upset in sports history

With 2:03 gone in the 10th round, a 45 year old preacher from Houston named George Foreman, combined a left jab and a right cross which sent defending heavyweight champion Michael Moorer sprawling to the canvas.

So, with Moorer lying on top of the MGM Grand logo, Foreman regained the heavyweight crown which he lost exactly 20

years and six days earlier. People around the boxing community agree that Moorer was awfully generous when he agreed to defend his newlygained title against an aging Foreman.

But, the decision was irrevocably, undeniably his.

Moorer, himself, admitted to being a huge Foreman fan. He also confessed that he had been an admirer of big George's will to win.

Maybe that was his downfall.

Once Moorer had decided to a fight, Foreman was required to pass a medical physical to get into the ring.

How he passed that physical

is beyond me. Foreman boasts constantly about the wonderful merits of a cheeseburger and ice cream diet. The sad thing for all you diet buffs looking for that inner-youth is that maybe, just maybe, cheeseburgers ARE the

key to a younger self. Foreman busted onto the boxing scene at the 1972 Olympics, where he won a Gold medal. Almost a year later, Foreman recorded a TKO victory over champ Joe Frazier, placing big George at the pinnacle of professional

The road to fame and fortune was cut short in Kinshasa, Zaire, however, by a guy named Ali.

Good "old" George said after the fight that he had finally exorcised the ghost of Ali once and forever.

It took Foreman almost 20 years to get back on that road but he did it. And, you know what, he did it wearing the same shorts he wore agains Ali in Zaire.

## Time Out Late fumble sets up Steelers' OT victory

HOUSTON (AP) — Gary Carlson completed a 26-yard Brown's fumble gave Gary An- pass to Ernest Givins on fourthderson the one extra kick the and-23 at the Houston 6 and fol-Pittsburgh Steelers needed to beat lowed with a 25-yard completion the Houston Oilers.

In a game with no touchdowns, ers in position for Del Greco's tythe only turnover Sunday set up ing, 38-yarder. Anderson's 40-yard field goal with 3:36 left in overtime, giving jury when he was sacked by linethe Steelers a 12-9 victory over Houston.

"I'd like to kick it every time," Anderson said. "It's just like touchdown, either. playing golf. If you take a good swing at the ball you're going to Brown's fumble. hit it well.'

Anderson also had kicks of 50, 39 and 37 yards. Al Del Greco Houston made kicks of 32 and 49 yards before his 38-yarder with seven seconds left in regulation tied it at 9.

"I've been through it so many times, that's what kicking is all about," Anderson said. "I'm just glad that we had one more kick than they did."

Pittsburgh improved to 6-3, while the Oilers (1-8) lost their fifth in a row.

Anderson got his chance to be the hero when Brown fumbled after an 8-yard gain at the Houston 22. After one rush by Bam Morris, Anderson kicked the winner.

'Each week, it gets more bizarre," Houston coach Jack Pardee said. "We thought the key to the game would be turnovers and it did come down to that, but it

was just one.' Quarterback Neil O'Donnell pieced together a fourth-quarter drive that included a 33-yard pass to Yancy Thigpen and led to Anderson's 37-yard field goal for a 9-6 lead with 3:57 left in the 5-52, Wellman 4-52, Givins 2-35, G. Brown

"There were two great defenses going at it," O'Donnell NBA Glance said. "We knew coming into this game there were no great weaknesses in their defense. We killed ourselves a couple of times in the red zone."

The Oilers responded in the closing minutes behind Cody Carlson, booed earlier in the game for his passing inefficiency.

McLennan College ..... Western Texas College

KANSAS CITY, Mo. (AP) -Derrick Walker turned a short pass from Joe Montana into a 57-yard reception, producing the only touchdown and just about the only excitement in Kansas City's plodding 13-3 victory over the Los Angeles Raiders on Sun-

day night. Kansas City's defense, which had given up 95 points in its three previous games, was helped by 15 Los Angeles penalties — two short of the team record - for 115 yards and two missed field goals by Jeff Jaeger.

The Raiders (4-5) have lost seven straight in Arrowhead Stadium and eight of their last nine overall to the Chiefs (6-3), who moved one game behind San Diego in the AFC West. The Chargers, who lost 10-9 at Atlanta earlier Sunday, visit Kansas City next Sunday.

Chiefs coach Marty Schottenheimer got his 100th career victory. He is one of four active coaches with 100 wins.

## **Public Notice**

Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas (PUC) to restructure the current PLEXAR I and II service offerings. This restructure will significantly change PLEXAR I and II services.

The restructuring of PLEXAR I will, among other things: (1) reduce the maximum line size from 30 to 9; (2) obsolete and grandfather certain optional features; (3) eliminate the requirement to subscribe to Feature Package Two in order to subscribe to certain optional features; (4) reduce the nonrecurring and monthly rates of certain features; and (5) increase the nonrecurring charges for the PLEXAR I System Charge (\$2.10 to \$8.00), Call Transfer Disconnect feature (\$3.00 to \$8.00), and Convenience Dialing I feature (\$6.35 to \$8.00). All current PLEXAR I customers will have the option of keeping their current PLEXAR I service, switching to the new restructured PLEXAR I service, or switching to PLEXAR II service with ten or more lines.

The proposed PLEXAR II restructure will, among other things: (1) change the tariffed offering to serve the market segment of 10-74 stations; (2) create two station pricing structures, one for customers with 10-29 stations, and one for customers with 30-74 stations; (3) reduce the sensitivity for the loop portion of the rate to two price bands: 0-2 miles, and beyond 2 miles; (4) offer a PLEXAR II basic station that can be flexibly configured, from a number of standard features, to meet the individual customer requirements; (5) change the way the termination liability is calculated so the customer is responsible for 65% rather than 56% of the present worth of the remaining monthly payments in the contract; (6) create an option that allows month-to-month customers to convert to long term contracts of at least three years and receive a credit or "contract signing bonus"; and (7) establish a System Subsequent Change Charge which applies per serving central office when changes are made that affect the entire system.

Current PLEXAR II customers will also have the option of keeping their current PLEXAR II service, or switching to the new restructured PLEXAR II service. PLEXAR II customers with at least 75 stations also have the option of switching to PLEXAR Custom service in certain situations.

This application has been assigned Docket Number 13210. Persons who wish to comment on this application should notify the Commission by November 28, 1994. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the PUC Public Information Office at (512) 458-0256, or (512) 458-0221 teletypewriter for the deaf. ## To The Voters of Scurry County

I am not voting for Bobby Goodwin for County Judge because I believe he lied to me when he was previously County Judge about having to have County Road 4123 surveyed.

He told me to have the road surveyed in a property dispute and then later denied doing it.

It's our privilege to vote for who we want to and I will not vote for **Bobby Goodwin.**

"I know the day-to-day problems that people involved in agriculture have," said Stenholm. "I know that a workable Farm Bill will have an effect on everybody in the district — not just the farmers."

Boone has stated that he has been told by farmers that past Farm Bills have been "too complicated and had too much red tape" to be successful.

Boone has attacked Stenholm for accepting political action committee funds but Stenholm strongly defends his acceptance of the PAC monies.

He said PACs allow citizens to have a voice in their government and most of his contributions come from rural interests.

Boone has signed a pledge not to accept any PAC money, but has accepted money from the national Republican Party which accepts contributions from PACs.

Stenholm cited his seniority in Congress and the influence that comes with it as one reason to reelect him.

Boone said Stenholm "has been there long enough" and it is time for a change.

Outdoor grilling is a Texas tradition. You've probably collected lots of great recipes for barbecued ribs, chicken, steaks and burgers. But now there are two ingredients you won't need. Charcoal and lighter fluid. Both contribute to the grime of air pollution. So take a deep breath and fire up a propane grill. Grilling with propane is faster, cheaper and environmentally correct. Propane. The clean choice. The clear choice. Bon appetit!

All four candidates for commissioner stated that they did not

The County Judge candidates responded as follows:

Bobby Goodwin - "Leave it like it is, no change

Ricky Fritz - "Against have to pay it."

Now you know how the candidates feel about you and your public water bills.
