

Council announces committee members

Discussion about aid to Reese airman without cars led off the agenda of items at the last NCO/Airmen Advisory Council meeting.

The Council hashed over the possibility of starting a "share-a-ride" program between Reese and Lubbock, instead of a bus, as was previously suggested. The Council's Top Three Committee will do further research on the ride-sharing idea.

Lower Four Dropped

At the previous meeting the possibility of forming a Lower Four Advisory Council was brought up. Council representatives went back to their organizations to see if they were enough interest in the lower four enlisted ranks to warrant such a council.

The representatives returned at this meeting and relayed that they did not find enough interest, so the matter has been dropped.

TSgt. Ralph F. Wager of 64th Organizational Maintenance Squadron suggested that the Council investigate setting up some kind of dating area for young airmen in the dormitories to enable them to bring dates in. The Facilities Committee is looking into the matter.

During the meeting new committees were formed and members appointed to them. The Executive Committee consists of MSgt. Richard J. Arbegast, TSgt. Darrell E. LaMontagne, SSgt. Martin E.

Johnson and Amn. Deborah A. Persinger.

Top Three Committee

The Top Three Committee has as its members CMSgt. William C. Littlejohn (chairman), CMSgt. Ernest L. Podrabsky, CMSgt. Everett E. Eaton, CMSgt. A.W. Clock, SMSgt. A.C. Thomas, SMSgt. F.E. Hurney, MSgt. Glen S. Cottrill, MSgt. Paul L. Wilson and Sergeant LaMontagne (advisor).

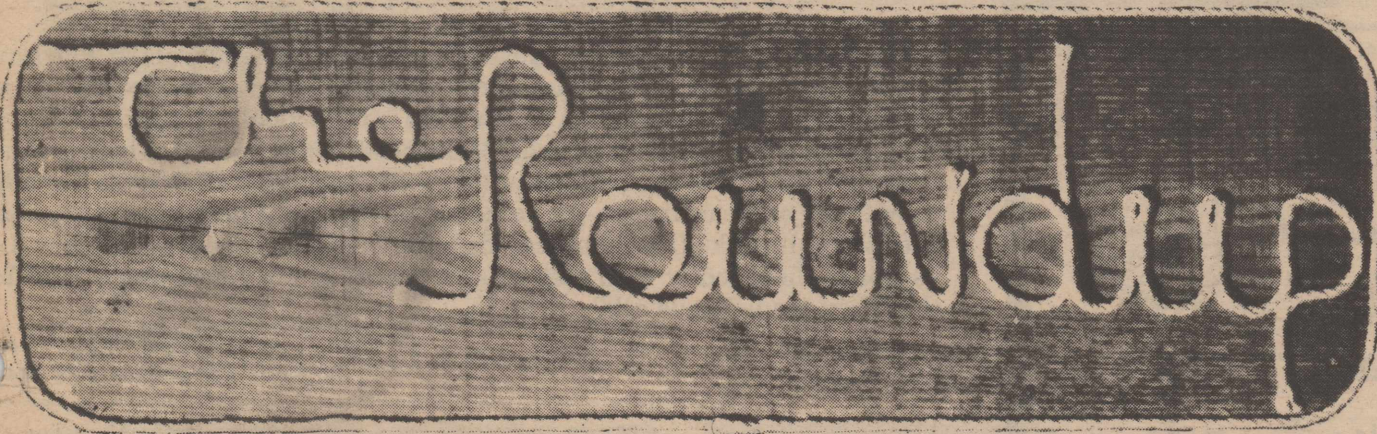

The Publicity, Reports and Activities Committee is chaired by SMSgt. Virlyn C. Davenport. TSgt. Nathaniel T. Postelle, SSgt. Terry M. Dill, SSgt. Stephen W. Lee, Sgt. Reid C. Bloom and A1C Richard K. Hill comprise the rest of the committee.

The Services and Facilities Committee is made up of CMSgt. Donald W. Lloyd (advisor), MSgt. Tony Guerrero (chairman), MSgt. Robert J. Weeks, TSgt. Robert A. Fox, SSgt. Billy F. Cox, SSgt. Herbert L. Creamer, A1C Robert E. McFall and A1C Cameron L. Pullen.

Lower Four Committee

The Lower Four Committee has Sgt. Bruce Lehman, Sgt. William R. Scott, A1C Edward Moore, A1C David Shepherd and Airmen Frederick T. Whiting and Persinger as its members.

Col. Walter H. Baxter III, wing commander, serves as the Council's Chairman. Sgt. Hassie Tyson is Council Recorder.

Reese NCO sentenced

A Reese sergeant was tried and found guilty by Special Courts Martial of two violations of Absent Without Leave, Article 86 of the Uniform Code of Military Justice.

He was sentenced to two months confinement at hard labor, forfeiture of \$200 per month for two months and reduction to airman basic.

How to keep your money working when you're not. Series H Bonds.

Most people figure when you reach retirement, it's the end of everything. Social Security and maybe a pension will help you get by. But you won't live in the style you're used to. Because the money won't be coming in, and you'll have to hang on to what you've got.

But there is a way to prepare for your retirement —by putting your savings to work for you in Series H Savings Bonds.

Unlike Series E Bonds, which hold your interest until maturity, H Bonds pay interest as fast as it's earned. You get an interest check mailed right to your door every six months. A steady income that'll help take care of any extra expenses.

Your banker has purchase applications for H Bonds. They are sold at face value for \$500, \$1,000 and \$5,000. And if you've been a

steady E Bond saver over the years, you can trade them in for H Bonds at retirement time in amounts having a combined redemption value of \$500 or more. Your accumulated E Bond interest will be applied to the purchase of H Bonds, with the tax liability deferred until your H Bonds are redeemed or mature.

H Bonds. A great way to keep a little sunlight in your twilight years.

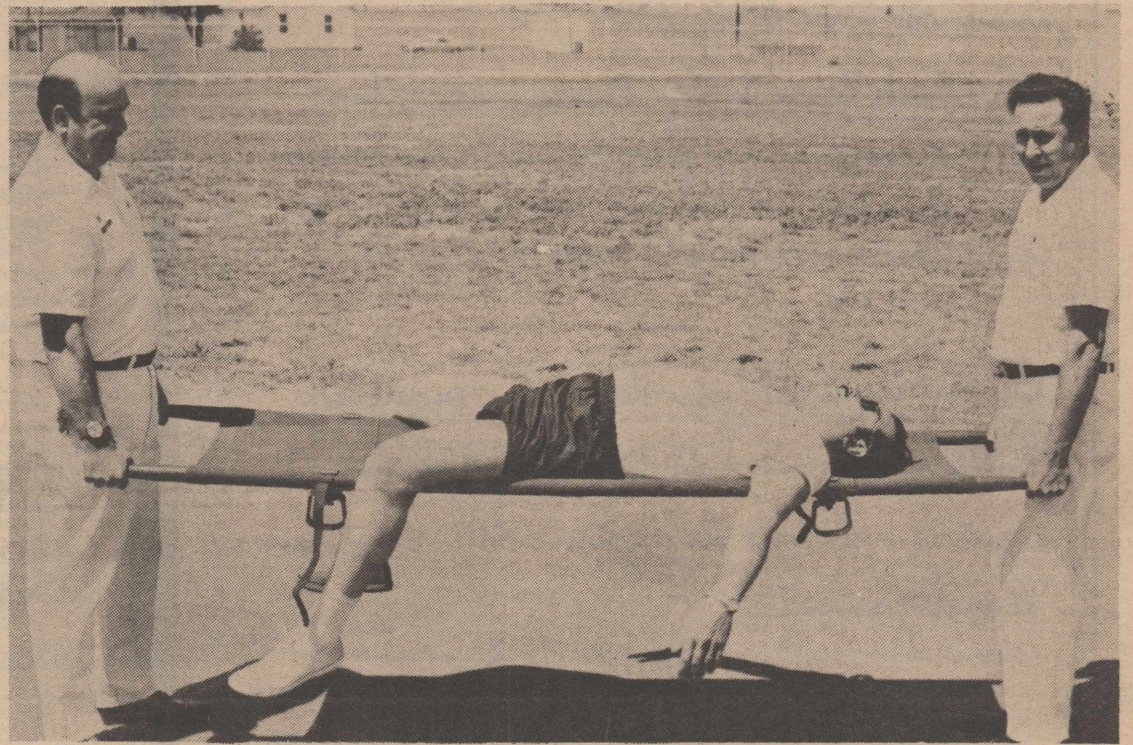

Take stock in America.

Buy Series H Bonds

Now the H Bond interest rate averages 5 1/2% per year when held to a maturity of 10 years. Bonds are replaced if lost, stolen, or destroyed. H Bonds are redeemable after six months, by application through your bank.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Department of the Treasury and the Advertising Council.

The Reese Savings Bond Drive ends May 31.

POOPED OUT - Lt. Col. Clarence K. Whiteside, USAF Hospital commander, seems to have reached his limit during the recent mile-and-a-half aerobics run. Helping the pooped-out colonel reach the finish line are TSgt. Armando Cantu (right) and TSgt. L.A. Parker. Actually, Colonel Whiteside was able to make the run without any assistance but was kind enough to show us how he really felt. (U.S. Air Force Photo by Sgt. Cal Anweiler)

Shriners Institute asks base personnel for help

An urgent humanitarian plea has gone out to all Reese personnel to help the Shriners Burns Institute of Galveston, Tex. save lives of children with severe burns.

A blood drive will be held Wednesday 29, 1974 at Mathis Recreation Center from 10:00 A.M. to 9:00 P.M.

The blood collected will be moved to Galveston to the philanthropic organization and will be used to save the lives of severely burned youngsters. Without the blood they will die.

The Shriners Institute is a humanitarian organization which treats any child under the age of 15 years with severe burns on his or her body. This is done regardless of race, creed, religion or financial background.

This hospital care is done at the expense of the Shriners.

Since the opening in the spring of 1966, the Shriners Burns Institute in Galveston has admitted over 2,500 burned children. All burned patients require surgical care which means they also require blood.

During the year of 1973 they admitted 123 critically-burned children and due to the support of donors, were able to save 113 of them. This survival rate of almost 92 per cent is unequaled by any other burns hospital in the world.

Each individual donor who gives a pint of life-saving blood during this drive will receive a distinctive lapel pin and a certificate of appreciation from the Burns Institute.

In addition, any group, club or organization which contributes 25 pints or more during this drive will receive a beautiful specially-engraved plaque to acknowledge the blood donation.

The Reese populace made a very large contribution to the Institute earlier in the year when asked to donate blood. They donated 61 pints collectively to the cause.

Remember Wednesday, May 29th. The satisfaction of knowing that you have contributed to the saving of a young life is a feeling that money cannot buy—a feeling that will be carried the rest of your life.

Please help if you can.

Lack of participation has caused our organized wives tours and orientations to be a set of complete failures. A new NCO suggested a new way - we'll try it:

To: Each Reese Wife - Please consider this a personal invitation to visit your husband at work to find out how he fits in the Reese mission and meet his fellow workers.

Be certain to let your husband's supervisor know when you would like to visit - we don't want to over-load the system. We want you to visit soon!

Air Force officials issue Memorial Day salutes

"On this Memorial Day, as we honor those Americans who died in earlier wars in defense of freedom, we are particularly grateful that it is being observed in a peacetime environment free from conflict involving U.S. military personnel. We remain deeply concerned, however, for those missing in action in Southeast Asia, and pledge our continuing efforts to achieve full and complete accounting of all our people. Let us also hope that future Memorial Days will be commemorated with peace and good will prevailing among all nations."

John L. McLucas
Secretary of the Air Force

"Each year at this time we pause to honor the men and women who have given their lives for the principles and ideals of our great nation. While we honor all our noble dead, from all our wars, it is particularly appropriate—in this first full year of peace in nearly a decade—to pay special tribute to those who gave their lives in Southeast Asia. Those who gave their lives there did so with the same courage—the same valor—the same dedication—that has been the hallmark of the American fighting man throughout our history. Let us honor them today with respect and gratitude for the supreme sacrifice that they made for us all."

George S. Brown, General, USAF
Air Force Chief of Staff

letters

Dear Sirs:

We thoroughly enjoyed our visit to Reese AFB May 10. We were all graciously received at all points and made to feel welcome. Our day was certainly an example of how learning can be fun.

First Lt. Roger McFarland was our tour guide. It was a delight to all of us to meet and visit with such a wonderful person. His explanations were clear and thorough; his manners perfect. He seemed to enjoy

the children as much as they enjoyed him. It was a special joy to have him eat lunch with us and to share of his more personal experiences with us then.

Please accept our thanks for a truly great time.

Sincerely,
Zoy Resinger, teacher

Chief says 'safety first'

By Lt. Col. Melvin E. Hallett
Chief of Safety

We Americans seem to love games. We play poker, Monopoly, bridge, chess, checkers, baseball, football, gin, basketball and so many others it would take several hours to enumerate them all. Yet, all the games have one thing in common—a set of rules are established for each one. With few exceptions, we all follow the rules exactly as agreed upon before the game. And, when those few exceptions crop up, all the fun goes out of the game.

Why is it then, in the game of life, in which we all play, do we have such a tendency to ignore the rules which, if broken, may cause us to lose?

This weekend we will increase the pace of this game of life with the first mini-vacation of the summer season. I urge each of you to keep fun in your lives by playing by the rules.

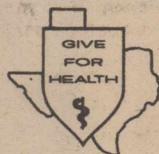

When driving, follow the rules. You know them as well as I, so there's no need to enumerate them. But three are of vital importance:

- Driving while impaired by alcohol, drugs, or fatigue is against the rules.
- Driving at unsafe speed is against the rules.
- Getting caught by the other guy's mistakes is embarrassing and often painful, so the rule is drive defensively and use seatbelts, shoulder harness, and properly adjusted headrest.

When in the water, follow the rules of the sport. Again, they're all common knowledge, but unless you're adept at underwater breathing, wear a life preserver when boating. Use the buddy system while swimming or swim where lifeguards are present, and know your own limitations and stay within them.

When in pursuit of other pleasures, enjoy them, but, follow the rules.

After all, it's your holiday—play the game without spoiling your own fun—by accident.

federal service campaign for National Health Agencies

4600 BROADWAY • SUITE 211 • SAN ANTONIO, TEXAS 78209 • 512 624-7343

May 13, 1974

Col. Walter H. Baxter III
Commander
64th Flying Training Wing
Reese Air Force Base, Texas 79489

Dear Colonel Baxter:

On behalf of the National Health Agencies, I want to extend their profound gratitude and deep appreciation to all the Federal personnel of Lubbock who contributed to the success of the 1974 Combined Federal Campaign. The members of the CFC Committee have our special thanks for their very commendable efforts.

The 1974 CFC was a particularly noteworthy campaign. Lubbock ranks among the top ten Texas CFC's in terms of percentage increase in dollar pledges over the previous campaign. The State CFC average increase in pledges was 14.72% - Lubbock can proudly report its increase of 33.80%. This achievement directly reflects the dedicated leadership of the Committee personnel and campaign workers, as well as the generous response of the Federal family.

The financial support that the member National Health Agencies derive from the Lubbock CFC is crucial to their continuing efforts to carry out programs of education, patient assistance, and research projects which hopefully will someday alleviate sickness and disease. Thus, we are highly appreciative of the confidence placed in our agencies and the financial support of the Lubbock CFC contributors.

Sincerely,

Jack M. Hardison, Chairman
Texas Coordinating Committee
Federal Service Campaign for
National Health Agencies

DOD studies retirement pay

Recent articles in news media have highlighted problems which could occur as a result of certain shortcomings in the current law governing Consumer Price Index (CPI) adjustments to retired Air Force pay, according to Department of Defense officials.

These articles have prompted numerous inquiries from members expressing concern and uncertainty about the future prospect of retired pay. Indications are that some members about to retire may do so on speculative information.

Normally Higher

Normally members may expect to receive a higher rate of retired pay if they retire after an active duty pay raise. However, because of the recent abnormal growth in the CPI, combined with the present statutory shortcomings concerning retired pay, this may not hold true for members retiring after the projected Oct. 1, 1974, pay raise.

The problem is that the rapid rise in the cost of living during the past

year may cause the percentage increase in CPI adjustments to retired pay to exceed the increase in active duty pay raises. Thus the pay of future retirees could lag behind that of previous retirees whose pay has been CPI-adjusted.

To date, with the exception of certain officers who have been limited by law to the \$36,000 salary since January, 1972, the present "statutory save" pay provision has eliminated retirees from receiving less retired pay than others of the same grade and time-in-service who have previously retired.

'Save Pay' Provision

However, if the CPI growth continues, Department of Defense officials say that the existing save pay provision will not guarantee this same protection for members who retire after the projected October pay raise.

The officials said that the financial effect on future retirees is difficult to predict because it depends upon two variables. These are:

- The percentage of the CPI adjustment projected for July, 1974. Although estimated to be about 6.5 per cent, the final figure has not been fixed.

- The percentage increase in active duty basic pay projected for October could range from 8.1 to 6.2. This depends on whether the pay raise system is modified to authorize equal percentage increases in basic allowances for subsistence and quarters, as well as basic pay.

Both of these issues must be resolved before the effect can be predicted.

The Department of Defense is sponsoring corrective legislation which eliminated the inequities and provides that future retirees will receive no less retired pay than equal (time and rank) members who retired before them. All of the services have expressed strong support for Congressional approval as soon as possible, according to DoD sources.

News Briefs

An orientation for newly arrived wives will be conducted at the NCO Open Mess at 10 a.m., June 4. The one and one-half hour presentation is especially designed for wives. Important information will be provided to help families get settled in the Reese community.

The Reese Commissary Sales Store will be closed Tuesday in observance of Memorial Day.

The Reese Library will sponsor a Summer Reading Program for students beginning the second week in June. Prizes will be awarded to the students who read the most books. A "storytime" will be set aside every Wednesday at 2:30 p.m. for preschool children. The Summer Reading Program will end at the end of July but the preschool story hour will continue on a year-round basis.

Registration for Youth Activities preschool class and dancing lessons will be held Wednesday at the Youth Center, Bldg. 629. The classes will be conducted by Mrs. Norma Lamont during the summer session. For registration and further information call Mrs. Lamont at 795-9090.

Daytona Sports Company has announced it is recalling all "Daytona 500" motorcycle helmets manufactured before May, 1967. The helmets are defective and do not provide the crash protection required. The company advises all retail outlets and the public that the pre-May 1967 helmets will be replaced free of charge if returned to the firm. These recalled products should be sent to:

Daytona Sports Company
7030 Darby Avenue
P.O. Box 1094
Reseda, Calif. 91335

The Lubbock YWCA is now taking registrations for all summer classes, including adult and children's swimming, tennis, bellydancing, golf and yoga. Preschool, elementary and teen classes are also open for registration. More information may be obtained from the "Y" at 3101 35th Street, phone 792-2723.

Community College of the Air Force officials have been notified that CCAF credits will be accepted toward degree requirements at Sam Houston State University, Huntsville, Tex. Base education services offices can help airmen request CCAF transcripts and also explain the CCAF's career education certificate program.

Airman and officer pay guides have been mailed to the Reese Consolidated Base Personnel Office and to recruiters to serve as handy references in determining and weighing the benefits of an Air Force career.

The following enlisted promotion quotas have been allocated for June: E-9, 228; E-8, 612; E-7, 619; E-6, 844; E-5, 535; and E-4, 2,713.

The Survivor Benefit Plan (SBP) requires that the annuity to a spouse beneficiary of a deceased retired member must be reduced by the amount of any dependency and indemnity compensation (DIC) payable by the Veterans Administration (VA). Eligibility for DIC by the VA sometimes may require several months before a determination of entitlement is made. The Air Force Accounting and Finance Center has adopted a policy to pay the full SBP annuity pending VA's determination, regardless of whether DIC may ultimately be awarded. The spouse beneficiary, however, must sign a statement and send it to the finance center indicating understanding and agreement that if DIC is awarded, the VA will withhold from that award an amount equal to the SBP overpayments during the interim period.

THE BEHIND THE MISSION MAN

Keeping track of the parts requirements for engines, aircraft and ground support equipment is no easy task, but MSgt. Melvyn Dotson has no trouble handling the job. As the NCOIC of the Stock Control Section of the 64th Supply Squadron, the W. Virginia native is responsible for stock requisitions, local purchase orders and aircraft parts. The 19-year Air Force veteran enjoys hunting, jogging and playing softball in his spare time. (U.S. Air Force Photo by Amn. Dave McGill)

education happenings

The Reese Education Office has announced classes and deadlines for on-base college courses as well as the deadline for officers to sign up with the Air Force Institute of Technology (AFIT).

Also announced was the next meeting date for the Headquarters Air Force Selection Board for the Airman Education and Commissioning Program (AECM).

Registration for summer first term military students for courses offered by South Plains College on base must be done before June 3. Each enrollee must be counseled by a Reese Education Officer counselor.

All civilian students may only register through May 30. The times and places of civilian registration are from 2 to 5 p.m. in the Education Office, Bldg. 62, or from 6:30 to 8:30 p.m. in the 64th Student Squadron, Bldg. 820.

Late military registrants may sign up from 5:30 to 7 p.m. in Bldg. 820 June 4 and 5.

The courses offered on base by South Plains in Levelland during the first summer term are history 233; English 131, 132 and 235; math 130, 131, 132, and 137; sociology 235; government 231; law enforcement 231 and 238 and 238; biology 142; speech 131; mid-management 241 and auto mechanics (starts Tuesday).

Texas Tech University undergraduate courses for the term will be political science 4346, "Policy and Administration" and political science 4365, "Problems in National Security." Course 4346 will meet from 6 to 10 p.m. June 4 and course 4365 will meet at that time June 5. Registration will be held on the first day of class.

Texas Tech will offer one graduate course, sociology 531. Registration for that course will be at the first summer registration.

Graduate Program

The University of Northern Colorado (UNC) graduate program will offer courses toward masters

degrees in business management and guidance and counseling. The business management courses include managerial accounting, UBUS 522; seminar in system and design, UBUS 685; and marketing management, UBUS 560X.

The master in guidance and counseling courses include behavior modification, UBUS 618; emotional development on psychopathology, UPSY 685 and counseling theory and techniques, UPSY 607.

Advanced registration is required for UNC seminars. The Reese Education Office will register UNC Students at any time. For further information call the Education Office, Ext. 2634 or 2469.

AFIT Deadline

Officer personnel wishing to be considered for entry into AFIT during fiscal year 1976 are reminded that their requests for evaluation must arrive at AFIT before June 15. Each completed request must include two copies of the applicant's

transcript from each college attended, one copy of which must be official.

The next meeting of the AECM Selection Board will be held during the week of July 15.

Airmen, being widely travelled, naturally become the best judge of the authenticity of the good foods around the world. Come and judge us among all chinese restaurants in this country.

entertainment

flick flack

Police drama, kung-fu action and a bittersweet love story highlight the film action this week at the Simler Theater.

Tonight and Saturday Evening

In an attempt to expose the corruption in the New York police department, "Serpico" becomes the target of threats on his life by other members of the department and some corrupt city officials. Finally, after being shot under mysterious circumstances, Serpico is forced to leave the United States in order to save his life. This true story police drama is rated R.

Saturday Matinee

"The Railway Children" is the story about a fatherless family who live next to a railway line and

find adventure in meeting and dealing with all of the people who use and work on the trains. A fine film for the entire family, rated G.

Sunday

The slaughter of the martial arts is back again in "The Five Fingers of Death." Seeking to become the champion martial arts practitioner in China, Lo Lieh must overcome not only the obstacles of the tournaments themselves, but must also deal with the people who want to see him stopped. Violence may offend some in this R-rated flick.

Tuesday and Wednesday Evening

Cliff Robertson portrays the "Man on a Swing," a harried police detective who is charged

with finding a cold-blooded killer loose in his city. Enlisting the aid of a clairvoyant factory worker (Joel Grey), Robertson seeks to stop the killer before he can carry out his threat to murder again. This is a good action thriller that is rated PG.

Thursday and Friday Evening

Winner of two Academy Awards, "The Way We Were" stars Barbra Streisand and Robert Redford as two lovers who are in conflict over their political views. Finally, after convincing themselves that it would work, the two get married but their marriage is full of strife and not destined to last long. A good love story which is rated PG.

at Mathis

Tonight—Starting at 7:30 p.m., the Mathis Recreation Center will hold a hamburger and pickle cookout, complete with punch. Come out to enjoy the good food.

Tomorrow—A "Pop" Party will begin at noon with Jasen Tyler doing the disc jockey honors. There will also be free soda pop, popcorn and popsicles.

Sunday—For all of you sport fishermen, the Lubbock Bass Club will be holding a fishing tournament at Possum Kingdom Lake. For more information, call

Ken Hyde at the Center, Ext. 2722. The Center will also have the T.V. tuned to the Indy 500 for you car racing fans. At 1 p.m. there will be the weekly pinocle matches and practice for the base wide talent contest. At 2 p.m. the table tennis tournament will take place.

Monday—Mini Indy 500 races will be held in the Center ballroom at 1 p.m.

Tuesday—Predict the winners before the presentation of the Emmy Awards at 9 p.m. and win a prize. In case you don't know what

an Emmy is, its the award for television performances.

Wednesday—Tonight at 7 p.m., the monthly playoffs in table tennis and pool will start. This is the chance for the weekly winners to battle each other for the monthly honors.

Thursday—At 3 p.m. the Special Services Division will hold a staff meeting, followed at 7 p.m. by a record hop with Larry Russ doing the honors as the master of ceremonies.

at Open Messes

Gary Blakely and "The Raiders" will provide the entertainment for NCO Open Mess patrons this evening beginning at 8 p.m., followed tomorrow night by the Johnny James Dance Band.

On May 31 there will be a special birthday night for all NCO Open Mess members who have a birthday in the month of May. Any member who has a birthday during this month should go to the Open Mess cashier cage to make reservations for their special night, which will include your own

birthday cake, a free bottle of champagne and a corsage for your wife or girl friend.

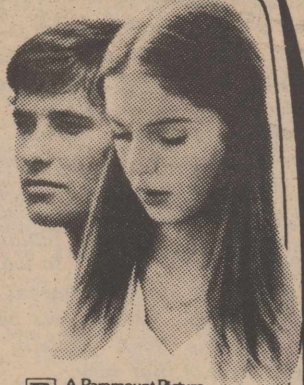

Discotheque is a regular feature of the club every Thursday and Sunday night. The mess dining room is open from 10:30 a.m. to 1:30 p.m. and from 5 to 9 p.m. Monday through Friday. It is open from 9 a.m. to 9 p.m. Saturdays and is closed Sundays and holidays.

Tonight the Officers' Open Mess

will start its week off with a ribeye steak dinner and a free glass of wine for \$3.95 and dancing to the music of "Directory." Tomorrow night the Open Mess will feature a lobster tail dinner and a free glass of wine for just \$4.95.

The Officers' Open Mess will be closed on Monday in observance of Memorial Day, with activities resuming Tuesday with Italian Night, featuring a spaghetti dinner and a free glass of wine for \$1.50.

Their love story was so unique it inspired two motion pictures. "Friends," in 1971. And now "Paul and Michelle."

Commander's CARE Line

(Editor's Note: The Roundup will continue to publish Commander's CARE Line inquiries as long as they are of base-wide interest. All inquiries will be reviewed by Col. Walter H. Baxter III, wing commander. All personnel are encouraged to first use their chain of command or the office of primary responsibility to air their comments, if possible. If these methods do not work, call the CARE Line by dialing C-A-R-E. Personnel are urged to give their name, rank and unit when calling.)

Sir:
My complaint is with the Commissary not having enough checkers on the first of the month. At times you can go out there and all the checkers have someone to check out and not many people to check out. Today there were two and the line was clear back to the frozen food counter. There was a third one there but she was directing traffic like telling us not to go anywhere but those two places. I put my stuff up and left. We didn't need that much anyway. I believe it needs to be looked into, though.

Barbara Lee

Ms. Lee:

Six cashiers were scheduled to work on May 7, the date of your call. Our records indicate that all were present for duty and no employee can recall directing the flow of carts in the checkout area on that day. It would be difficult at this time to pinpoint the reason for the delay. In the past, we have not had a head cashier to monitor the cash register operation. However, the Commissary now has adequate cashiers and a trained head cashier. Also a temporary store manager will be arriving this month to complete the manning in the Commissary's supervisory positions. Continued improvements should be noticed in the future.

Sir:

I would like to know when they are going to start spraying for mosquitos in Reese Village.
SSgt. Thomas R. Redding
64th Organizational Maintenance Squadron

Sergeant Redding:

Spraying for mosquitos in the Village commenced at 8 p.m. May 13. Hereafter, the Village will be sprayed in accordance with recommendations from Military Public Health.

Sir:

I would like to know why the air conditioning has not been turned on in Barracks 320.
Sgt. Brown
J-85 Shop

Sergeant Brown:

The air conditioning system in Barracks 320 was turned on May 8. The Civil Engineers rechecked the system May 13 and found it was cooling properly. Individual units may not be working due to a malfunction in the unit itself or in the thermostat. These malfunctions can be reported by calling the Service Call Desk, Ext. 2647.

Sir:

We have just been briefed on the bond program that everyone must increase or add or something along that line and we can't understand why we can't be 100 per cent if everyone in the flight is already participating in the program. One individual gets a \$100 bond a month, yet he will come out zero and we do not think this is right or the the way to go.

Maj. Dale Sprotberry
5th Flying Training Squadron

Major Sprotberry:

There are two components to the Savings Bond participation statistics. The percentage of members of the organization who were buying Bonds on May 1 is the base percentage. The Savings Bond Drive participation percentage is

the number initiating or increasing Savings Bond allotments during the May drive. So you see, if every member of the flight is purchasing a Savings Bond through payroll deduction, your Savings Bond participation rate is 100 per cent. If no one increases their allotment, your Savings Bond Drive participation rate is zero. I hope you understand. . . it's clear as mud to me.

Sir:

We came out for the opening of the girls' softball season and noticed a couple of things: the bleachers out at the softball diamond out behind Bldg. 955 are at best very dangerous and there weren't any restroom facilities open. All of the restrooms, as well as all the buildings, were locked. Several people suffered discomfort because of this and I just thought I would bring it to your attention and see if something can be done about it. Thank you, sir.

Sgt. Tate
Link Trainers

Sergeant Tate:

The lower section of the bleachers was moved to the chapel area for Easter Sunday Services, and have since been returned and attached.

They are now safe for use. The latrines, Facility 946, were deactivated several years ago when the adjacent baseball field was converted to a track and physical training facility. These latrines were recently reactivated, when a need for their use was recognized. The latrines will be available for use when the Physical Training softball field is used for recreational events. Thank you for bringing this to my attention.

Sir:

I understand that we have just spent \$2,000 on trees and shrubs for a beautification project. I was wondering how this money can be authorized to be spent when half the trees and shrubs on base are half dead from lack of water and maintenance. The trees in front of the BX and theater are half dead and the ones behind the Procurement Office are a lot better looking than those over there. Thank you, sir.

Sgt. Wolf
Procurement Division

Sergeant Wolf:

Many of the half-dead trees on base are elm trees which have Dutch Elm Disease, for which there is no practical control. It is better to replace the trees with something different and the trees being planted now are more adaptable to local climate conditions and more resistant to infestation of wood boring insects and diseases of this area. Most of the trees that are dying

basewide are being killed by the pin worm borer, for which there is no known control. The popular trees are short-lived to start with and are infested with wood borers. It is impractical to even attempt to control these insects in this type of tree. It is acknowledged that some trees are dying from lack of water but it is the various building custodians' responsibility to water the trees and shrubs adjacent to their buildings. A notice has been placed in the Reese Bulletin to remind them of that duty.

AF seeks new lawyers

Air Force active duty officers in the grade of either lieutenant or captain, who have served at least two active duty years and who wish to obtain a law degree, may now do so in a special legal education program.

Applicants for the program must be U.S. citizens with a baccalaureate degree from an accredited institution and must not have served more than six years in the Air Force as a commissioned officer. If the applicant is serving with an established date of separation, he must be willing to apply for and accept a career reserve status.

Applications must be accompanied by a letter of acceptance from an American Bar Association accredited law school.

Selectees will attend law school as active duty officers while receiving active duty pay and allowances. Tuition costs and a maximum of \$150 per year for books and fees will be paid by the Air Force. An Active Duty Service Commitment (ADSC) is accrued at the rate of two years for each year of training.

More information concerning the legal education program may be obtained by calling the base Staff Judge Advocate, Ext. 2505 or the base Education Office, Ext. 2634.

GIRL FRIDAY

Betty Frump, a personnel management specialist in the Reese Civilian Personnel Office, works on some of the processing and classification duties she has in conjunction with her work on civilian employee records. Although she has only been at Reese for one year, she is not unfamiliar with the Air Force way of life, since her father is a retired Air Force chief master sergeant. In her off-duty time she enjoys swimming, playing tennis, traveling and taking care of her two little girls. (U.S. Air Force Photo by Sgt. Cal Anweiler)

Recognition given to two Reese men

TSgt. Richard Costancio and SSgt. Xavier J. Stelly have recently been recognized as "Most Outstanding Students" by South Plains College, in nearby Levelland.

The awards were earned through their achievements during the spring semester Auto Mechanic course conducted by the institution on base.

Sergeant Costancio received his award for work in his first semester of enrollment in the auto mechanic program. According to Bill Trafton of the Reese Education Office, "Sergeant Stelly continues his high level of performance through his second semester in the program."

The awards were presented May 3 at the annual awards banquet for the diesel and automotive mechanics program by Claude Kirkpatrick, coordinator of the South Plains College automotive program.

"Congratulations to both these fine students who have seized this opportunity and made the most of it by hard work and determination. Well done!" praised Trafton.

LOWER RATES for most Texas drivers

For most Texas drivers, State Farm has rates that are 15% less than rates established by the State Board of Insurance. See me.

DON'T LET THE GASOLINE SHORTAGE DRIVE YOU TO A CRISIS OF SMALLER PROPORTIONS.

A Volvo can get almost twice the gasoline mileage of some popular big cars.*

Yet unlike small cars, Volvo has about the same front seat legroom as a Cadillac de Ville. As much back seat

legroom as a Lincoln Continental. And more trunk space than the Pinto and Barracuda combined.

But Volvo isn't just roomy. It's comfortable.

The bucket seats are orthopedically designed to give support to all the contours of the body. Even to the point of having an adjustment that gives the small of your back firmer or softer support.

And in a Volvo, you won't have to gather your courage to enter

crowded highways.

Its responsive, fuel-injected engine lets you move out into traffic before onrushing traffic moves into you.

And once you're out there, you'll actually feel the rigidity of Volvo's

body—welded into one solid piece of steel with thousands of closely-spaced spot welds.

So instead of overreacting to the gasoline shortage, respond thoughtfully. By getting a Volvo.

That way, you can drive a big car without adding fuel to the energy crisis.

VOLVO

*Based on Environmental Protection Agency's Federal certification test results for 1973 Volvo 145 and other '73 models.

"I came back."

"My master plan after separation from the Air Force was to find a part-time job and go to school on the G.I. Bill. I found one that had a minimal amount of job satisfaction. Also, due to the long hours my job required, there seemed to be no hope for college." S/Sgt Dan V. Weatherman came back to Air Force opportunity. His master plan, like the plans of many young people, just didn't seem to materialize when he left the Air Force.

"Late one evening my wife and I sat down and took a long hard look at what we had in the Air Force. And my current job offered none of those benefits. So I acknowledged my mistakes and decided on a new master plan called the Delayed Reenlistment Program (DEP) of the Air Force."

S/Sgt Weatherman returned to the Air Force under the DEP. If you're planning to get out, remember that you have 3 months after separation to return . . . with the same rank, salary and eligibility for full reenlistment bonus.

But better yet, before you get out take a long, hard look at what you're getting out for.

The Air Force. The best part of your future.

Tweets boost IP force

By 1st Lt. Edward B. Hayden

The 35th Flying Training Squadron continues to add experience to its instructor pilot force with the recent addition of Maj. Thomas Laffey and Capt. Reinhard Westenrieder.

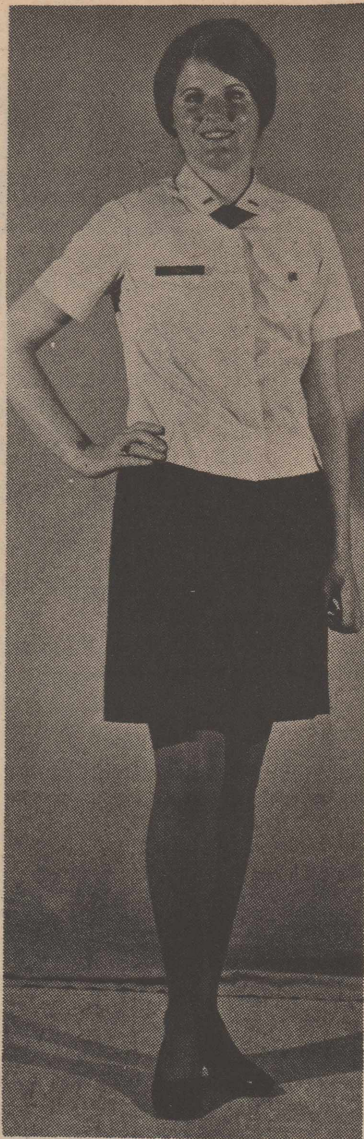

Major Laffey is currently flying with D Flight, having previously been assigned to the KC-135. Captain Westenrieder comes from T-29s at Norton AFB, Calif., and will be found instructing in B Flight.

A "well done" is extended to Capt. Charlie Thrash and SSgt. Herb Creamer for their recent accomplishments. Charlie and his wife Donnita are the proud owners of a new baby boy named Kyle. And congrats to Sergeant Creamer for

being named Squadron Airman of the Quarter.

This week's "helpful hints toward becoming a better pilot" come from an IP and a student in A Flight. 1st Lt. Steve LeVan feels it would have been better mission planning had he remembered his flight cap on a recent cross-country flight. . . especially when he was confronted with several generals in front of Base Operations without one.

And 2nd Lt. Douglas Dillely has discovered other uses for the canopy access zipper. Following a solo ride, Lieutenant Dillely found himself stuck in the aircraft when the canopy wouldn't open. Not being to proficient with hand signals, the student decided to communicate his needs through the access door.

UNIFORM WEAR - 2nd Lt. Susan Stovall demonstrates the proper wear of the combination B New Service Uniform for women Air Force members. Uniform combinations and restrictions for proper wear of this and other uniforms may be found in Air Force Manual 35-10, Chapter 4. The Roundup will continue to publish the uniform combinations for Air Force women in future issues in order to more familiarize base personnel with the requirements. (U.S. Air Force Photo by SSgt. Dennis Mehrenberg)

New doctors get \$\$\$

RANDOLPH AFB, Tex. (AFNS) - Many physicians entering the Air Force will now be eligible to receive up to a \$13,500 annual bonus.

A new law authorizing the bonus, signed by President Richard Nixon May 6, becomes effective June 1. The purpose of the legislation is to attract and retain medical officers

in the uniformed services.

The bill also provided that physicians will receive \$100 a month special pay during the first two years of active duty and \$350 a month thereafter. Formerly, a physician was required to serve 10 years before receiving the full \$350 per month.

community calendar
