

Long-awaited retroactive pay due soon

The long awaited retroactive pay, due Reese and other Air Force members around the world, is finally on the way.

The period due for compensation is from Oct. 1 through Dec. 31, 1972. Members and civilian employees who were on active duty at that time will receive their back pay beginning in July.

Includes Bonuses

Initial retroactive pay will include base pay, reenlistment bonuses and variable reenlistment bonuses. Computation will include grade changes and longevity less any lost time during the three month period in 1972.

Payments will be made in order of priority by type, the first payments being made to members who are eligible for retroactive pay who are still on active duty. These payments will begin July 15 and should be made in a lump sum to each member. Next, payments will be made to former Air Force Academy cadets who were attending the Academy at Colorado Springs during the retroactive period. These members will receive a separate check and a W-2 form from the accounting and finance office (AFO) at the Academy.

Payments will next be made to non-retired separatees. These payments will begin about Aug. 15 and should be completed by Nov. 1. A W-2 form will also accompany the check for tax purposes. Payments will be made to these individuals through addresses obtained from the Internal Revenue Service (IRS) so separated members need not file a claim to receive the money.

Retired members will receive their retroactive pay in August along with the W-2. Payments will be mailed to the retired member's pay mailing address.

All payments will be calculated to include 20 per cent federal income tax withheld and 5.85 per cent federal insurance compensation act (Social Security).

Minor amendments accompany the announcement of the retroactive pay. One such is the fact that medical continuation pay will not be included in the payments. Members entitled to this type of compensation should contact the Reese AFO for preparation of the necessary paperwork to be submitted to the Air Force Accounting and Finance Center (AFAFC).

Also, members who were entitled to combat zone tax exclusion must file their claim for tax refund when filing their 1974 tax return. No tax certificate will be required for this operation. If the IRS questions the claim, active duty members can obtain a statement of combat zone service from the Reese Consolidated Base Personnel Office. Separated members who are entitled to the exclusion should contact Military Records Center in St. Louis, Mo.,

at 9700 Page Blvd, St. Louis 63132.

Reese personnel are asked not to contact the Reese AFO with questions about the

retroactive pay. Additionally, no payments will be made by the Reese AFO without prior approval from the AFAFC.

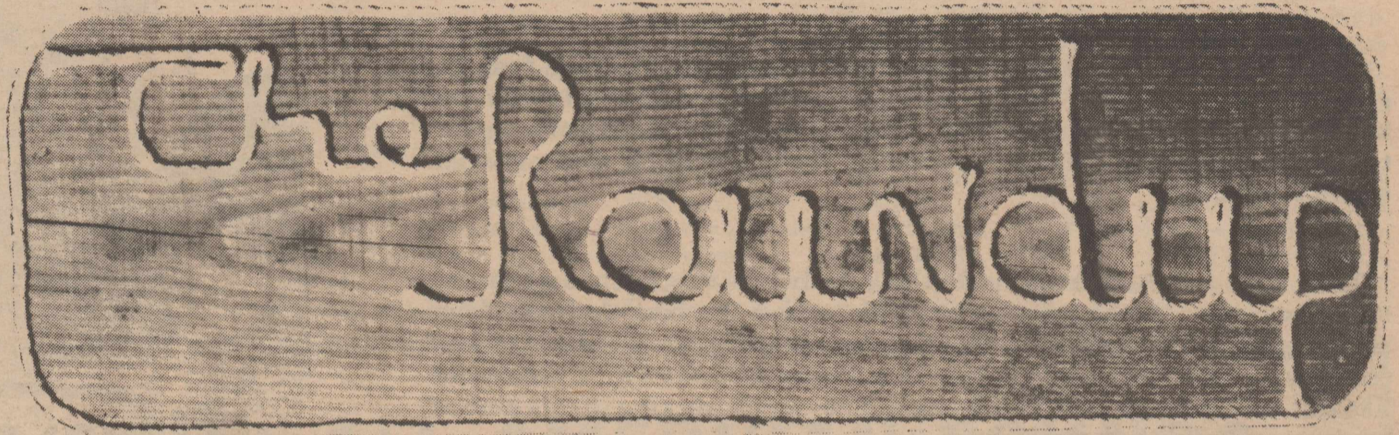

Colonel Baxter readies to leave in mid-August

Col. Walter H. Baxter III, 64th Flying Training Wing commander here, is one of three wing commanders in Air Training Command moving to new positions, Lt. Gen. William V. McBride, ATC commander, announced June 10.

Colonel Baxter will be succeeding retiring Col. William A. Boutwell as vice commander of the Keesler Technical Training Center at Keesler AFB, Miss., by no later than Aug. 15.

Col. Schuyler, presently commander of the 71st FTW at Vance AFB, Okla., will assume command at Reese July 29.

Col. George J. Kertesz, base commander at Moody AFB, Ga., will succeed Colonel Bissell at Vance.

VOLUME XXV NUMBER 24

Lubbock, Texas June 21, 1974

SUGGESTION PAYOFFS — Louise B. Fowler and Sgt. Kathleen A. Kraski are on the way to the bank with the money they earned for submitting ideas in the Reese Suggestion Program recently. Mrs. Fowler was awarded \$1,200 for two ideas, while Sergeant Kraski was awarded \$300 for her idea. There are ways to improve procedures where you work, too... think about it. (U.S. Air Force Photo By Sgt. Buddy Lerch)

Reese women break idea money records

Possibly two records were set recently in the Reese Suggestion Program.

The records for both the highest single monetary award for an idea submitted from a female employee here and the highest single monetary award ever paid for an idea submitted by a female military member at Reese were shattered, a search through Suggestion Program records dating back 20 years revealed.

\$1,200 Award

Louise B. Fowler, a civilian worker for the Reese Transportation Division, was awarded a total of \$1,200 for two ideas. One of the ideas was to include pay grades on all permanent change of station orders was approved Defense Department-wide. The Department of the Navy recommended an award of \$100 in addition to the maximum award which can be awarded by this base, \$1,000.

Her second idea was to put telephone numbers in carrier approval printouts. The idea was approved by the Military Traffic Management and Terminal Service in Washington, D.C. Its Air Force-wide application was the basis for a \$100 Suggestion Award.

\$300 Award

A procedure to place the military pay order number on the Air Force Form 2067 was submitted by Sgt. Kathleen A. Kraski of Accounting and Finance. The idea is expected to save millions of sheets of paper plus filing manhours. She was awarded \$300, based on intangible benefits. This is believed to be the most a military woman at Reese has been granted in the Suggestion Program.

Shirley A. Alana of Special Services Division earned a Suggestion Certificate for a suggestion about placing Reese news items in the Lubbock newspapers.

Sgt. James L. Bosman, 64th Supply Squadron, earned \$210 for saving the Air Force \$5,200 in manhours and material by consolidating the Custodian Authorization/Receipt Listing Program Request.

Improved Flight Suits

First Lt. Johnnie M. White, 35th Flying Training Squadron (FTS), earned \$30 for his suggestion concerning improvement of flight suits. A total of \$280 annually will be saved by the wing after his suggestion is implemented.

TSgt. William E. Christopher, formerly of the Personnel Division, suggested using special experience identifiers on computer runs. The procedure was approved by Air Force Military Personnel Center and he was awarded \$50 for intangible benefits.

\$25 Awards

Awards of \$25 apiece were given to the following for their ideas which improved various procedures:

Capt. Dennis W. Oxelgren and 1st Lt. Richard B. Brown, 35th FTS; A1C Richard D. Huff, 64th Organizational Maintenance Squadron; Sgt. Donald C. Pfeil, 64th Air Base Group and Amn. Christopher B. Hall, Staff Sergeants Michael H. Matthey and John L. DuPrey, and TSgt. Joseph W. Wilson, all of 64th Supply Squadron.

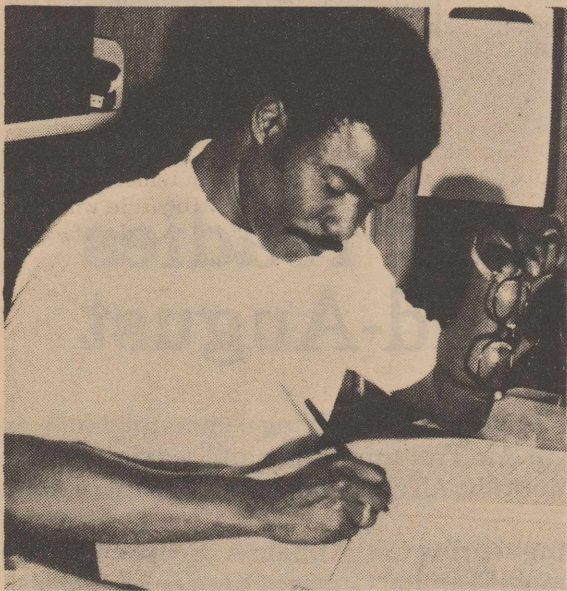

Two suggestions from SSgt. Joseph Ecklund, formerly of the 64th Civil Engineering Squadron, earned him a total of \$50 for intangible benefits.

Stanley Greenberg, 64th CE Squadron, and Jack Browder, 64th Field Maintenance Squadron, both had suggestions approved, with no award being given.

The ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the Department of the Air Force. Opinions expressed by publishers and writers

are their own and are not to be considered an official expression by the Department of the Air Force. The appearance of advertising, including inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

frame of reference

By Fred A. Flewellen
Suggestion Program Manager

Records will show that the better supervisor always seems to have a lively, creative group of people in his department.

He works to create an atmosphere where people feel free to express their ideas for improvement. He knows that two heads are better than one and that all the heads in the department are better than two. The work flows smoothly from his shop and product quality is high.

There are a number of reasons for this creative activity, but one is that the supervisor uses the Suggestion Program to get the best thinking from people, and he rewards this thinking by adopting the good ideas and recognizing those who contributed them. People who work for a supervisor like this are fortunate and they know it. They enjoy working in this kind of environment and their work shows it.

Supervisors can look at the results of the Air Force Suggestion Program to measure their own effectiveness. The benefits derived from the program will be in direct proportion to the support the supervisor gives to it. Recognition will be in proportion to benefits derived. Morale and productivity will reflect the recognition given.

There is no better time than now to take advantage of the benefits offered by the Suggestion Program. So at your next staff meeting, or better yet, take time right now to encourage your people to submit their ideas on an AF Form 1000.

Secretary of Defense cites growing popularity

Why is appreciation of the military improving? Defense Secretary James R. Schlesinger explains:

"After every war, we've had a period of antimilitary sentiment. The traditional and succinct complaint of Tommy Atkins, 'making mock of uniforms that guard you while you sleep,' comes to the fore. There was some of that after the Second World War; going after the brass and dismantling defense became fashionable. Happily, those phases are short-lived.

"Needless to say, after a war that caused as much domestic turmoil as the Vietnamese war, there was more of that. I think that with the end of American involvement in hostilities last summer, some of those passions began to fade.

"In addition to that, there was the eruption of the war in the Middle East last October. Many of the people who had begun to argue that the United States should withdraw from world responsibility and go home, suddenly had a change of perception — maybe a change of heart.

"Also, there has been a sudden reawakening of the recognition that the Soviet Union is a totalitarian state. That reawakening is represented by the concern over Solzhenitsyn, Sakharov and the like. This should not have come as any great revelation, but apparently it is a source of surprise to some people." (An AFNS Feature)

letters

(Editor's Note: The following letter was one of several received by Col. Walter H. Baxter III, wing commander from the Muscular District Association in Lubbock, thanking the base for its tremendous participation in the Combined Federal Campaign.)

Dear Colonel Baxter:
During your recent campaign, which covers 12 charity agencies, we received \$147.32 to be used in the Lubbock area.
On behalf of the San Angelo

Chapter, the District staff, the patients and its many volunteers I wish to express our appreciation for this contribution. It is through the efforts of concerned individuals such as yourself that we can further our patient service, research and camping programs throughout this area.

Sincerely,
Joyce White
District Director

Red Letter Dates for Women Show

'You've Come A Long Way, Baby'

1800s — Treasury Department hired lady clerks at \$600 a year. (Men made \$1200 to \$1800 a year for the same job).

1870 — Law allowed agencies to hire females for higher clerkships "at their discretion."

1883 — Civil Service Act permitted women to compete. The first woman appointed received the highest score on the test . . . and the second appointment.

1923 — Classification Act — established concept of equal pay for equal work.

1934 — Attorney General ruled that 1870 law gave agencies the option to request men only or women only for filling civil service positions.

1961 — President John Kennedy established Commission on the Status of Women.

1965 — Congress repealed the 1870 law.

1967 — "Sex" added to President Lyndon Johnson's executive order on EEO, now to read "It is the policy of the Government of the United States to provide equal opportunity in Federal employment for all qualified persons, to prohibit discrimination in employment because of race, color, religion, sex or national origin, and to promote the full realization of equal employment opportunity through a positive, continuing

program in each executive department and agency."

1967 — The Federal Women's Program established to enhance the employment and advancement of women.

1969 — President Richard Nixon's Executive Order 11478 integrated the Federal Women's Program into the overall Equal Employment Opportunity program and raised the focus of attention on women.

1971 — April—Memo from President Nixon directing agencies to increase the number of women in top appointive positions (GS-16 and up) and in both career and appointive positions at GS-13 to GS-15.

1971 — May—The Civil Service Commission stated that it would no longer certify men only for jobs requiring the carrying of firearms; and that from this date on women would be certified along with men.

1974 — Now on duty: female special agents, sky marshals, customs inspectors, tugboat captains, postal inspectors, narcotics agents, nuclear engineers, air traffic controllers . . . and Service women in increasing numbers performing vital and diversified functions in all areas of the Armed Forces.

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P.O. Box 2415, Lubbock, Tex.

Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser, user or patron. A

confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

Other advertising is handled exclusively by Barron Publications, Inc., phone 763-4551.

Class 74-07 graduates 43 today in chapel

Forty-three members of Undergraduate Pilot Training (UPT) Class 74-07 are being graduated today, culminating more than a year of intense training both on the ground and in the sky.

Speaking to the graduating class at 10 a.m. today in the base chapel will be Maj. Gen. James V. Hartinger, commandant of the Air War College at the Air University located at Maxwell AFB, Ala. In this

capacity, the general is responsible for preparing senior officers for high command and staff duty by developing them into sound military strategists. In addition, he serves as vice commander of the Air University.

Fighter Pilot

General Hartinger was graduated from flying training at Williams AFB, Ariz., in 1950 and was transferred to Germany where he served as a fighter pilot until December, 1952, at which time he returned to Williams to serve as a gunnery instructor.

His assignments have seen stops around the world, with most positions being with fighter units and commands. In July, 1970, General Hartinger became deputy chief of staff for plans and programs in North American Air Defense Command. He assumed his present

position at the Air War College in June, 1973.

His military decorations include the Distinguished Service Medal, Legion of Merit with one oak leaf cluster, Distinguished Flying Cross and the Air Medal. He is married to the former Susan Allensworth of Middlesport, Ohio. They have three children, Jimmer, Kris and Mike.

Graduating top in the class and receiving the Air Training Command Commander's Cup is Capt. Gerard R. Sullivan. In addition to this award, he will also receive the Leadership Award and an outstanding graduate letter. Captain Sullivan will be flying a McDonnell Douglas F-4 Phantom at George AFB, Calif.

Academic Ace

An "Academic Ace" in the class, 2nd Lt. Ben A. Calloni, will receive the Academic Award for the class in addition to an outstanding graduate letter. He will also be flying an F-4 at George AFB. Another outstanding graduate letter will be presented to 2nd Lt. Timothy S. Maddox. Lieutenant Maddox will pilot an RF-4 at Alconberry Royal Air Field, England.

The Class 74-07 Citizenship Award will be presented to 2nd Lt. Jerry B. Elmer for his role in local church and scouting activities. Lieutenant Elmer will pilot a Lockheed C-130 Hercules at Clark AB in the Philippines.

Three other graduates will also be flying the F-4. They are air cadets from Iran. Returning to their homeland are Second Lieutenants Adeli Assadolah,

Hassan Harandi and Kamal Khatam.

In addition, two more American pilots have been assigned to the F-4. Capt. Roger D. Cornell will be stationed at George AFB and 2nd Lt. Christopher M. McGreer will pilot the RF-4 at Kadena AB, Korea.

Three other pilots have been assigned to the C-130. Second Lt. Timothy B. Booker will fly the Hercules at Pope AFB, N.C.; 2nd Lt. Kenneth W. Omer will fly at Clark AB and 2nd Lt. Gordon B. Wagoner will pilot a C-130 at Dyess AFB, Tex.

Four Returning IPs

Four of the graduates will return to Reese as instructors. First Lt. Ralph B. Brown will fly the Northrop T-38 Talon here as will Second Lieutenants Gordon D. Ethridge and Bruce E. Greuling. Second Lt. John A. Boggs will pilot a Cessna T-37 Tweety Bird here.

Two other instructor pilot slots were filled. Second Lt. Travis T. Hailey Jr., will fly a T-38 at Moody AFB, Ga., and 2nd Lt. Randolph N. Vick will pilot a T-38 at Craig AFB, Ala.

Among the graduates is a Lubbock native, 2nd Lt. Russell N. McIntruff. Lieutenant McIntruff will be assigned to Altus AFB, Ok., to fly a Boeing KC-135 Stratotanker. Others named to fly a KC-135 include 1st Lt. Gregory L. Arnold at Barksdale AFB, La., 1st Lt. Kevin F. Probst at Grand Forks AFB, N.D., 2nd Lt. Robert C. Cooksby at Beale AFB, Calif., 2nd Lt. Joseph A. Forstie at K.I. Sawyer AFB, Mich., 2nd Lt. John A. Carson at Travis AFB, Calif.,

2nd Lt. Dennis R. Lawrence at Grissom AFB, Ind., and 2nd Lt. John L. Meadows at Dyess AFB, and 2nd Lt. Kurt E. May at Wurtsmith AFB, Mich.

Air National Guard

Three men will be returning to the Air National Guard (ANG) in their home states. Capt. Clayton C. Mitchell, Mr., will fly a North American F-100 in Indiana and 2nd Lt. William R. Bryndle will fly a McDonnell F-101 Voodoo for the New York ANG.

Six of the new military aviators will pilot the Lockheed C-141 Starlifter. First Lt. Fred D. Harburg will fly the C-141 at Charleston AFB, S.C. and 1st Lt. Roger S. Parson will fly at Norton AFB, Calif., as will 2nd Lt. William F. Heaberg. Piloting the Skymaster at Travis AFB will be 2nd Lt. Robert A. Reese and 2nd Lieutenants Kendall M. Meisner and Edward C. Cobb will fly a C-141 at McGuire AFB, N.J.

Five assignments will be for pilots in the Boeing B-52 Stratofortress. Second Lt. Gary L. Hudson will pilot a Stratofortress at K.I. Sawyer AFB, 2nd Lt. David P. McClure will fly at Loring AFB, Maine, 2nd Lt. Larry W. Northington will be piloting a B-52 at Fairchild AFB, Wash. and 2nd Lt. Charles Vidas will fly a "buff" at Barksdale AFB. Additionally, 2nd Lt. Darrell W. Ward will fly a B-52 at Dyess AFB.

Two men in Class 74-07 will fly the Convair F-106 Delta Dart. Second Lt. Richard A. Fagan will pilot the Dart at Griffis AFB and 2nd Lt. Henry W. Poburka will fly an F-106 at Minot AFB, N.D.

Squadron party honors outgoing commander

By 1st Lt. Edward B. Hayden

The 35th Flying Training Squadron Party was held Saturday evening to honor our former squadron commander, Lt. Col. John D. Herbert.

The party brought together instructor pilots, wives and various members of the wing to "roast" Colonel Herbert and recognize those who have left the squadron.

The evening's festivities began with Lt. Col. Robin M. Woodruff, new squadron commander, presenting plaques to those IPs who have left the 35th this year. Then roasting began as Colonel Walter H. Baxter III fanned the coals with a few fiery comments.

The wing commander quipped that Colonel Herbert's hearing had suffered due to his exposure to the Cessna T-37 "Tweety Bird." However, Colonel Baxter conceded and agreed with the Air Training Command Inspector General that Colonel Herbert ran the best T-37 squadron in ATC.

Following Colonel Baxter's comments Colonel Herbert responded with "What'd he say?"

Next, Capt. Dave Smith took his shots at the colonel, followed by a few serious words by Capt. "Stretch" Strezemieczny. Then Lt. Col. Jim Gibler took the stand and presented Colonel Herbert with a sewing kit. This was to encourage our former commander to remove and replace the squadron patches on his flight suit.

Turkey Roast

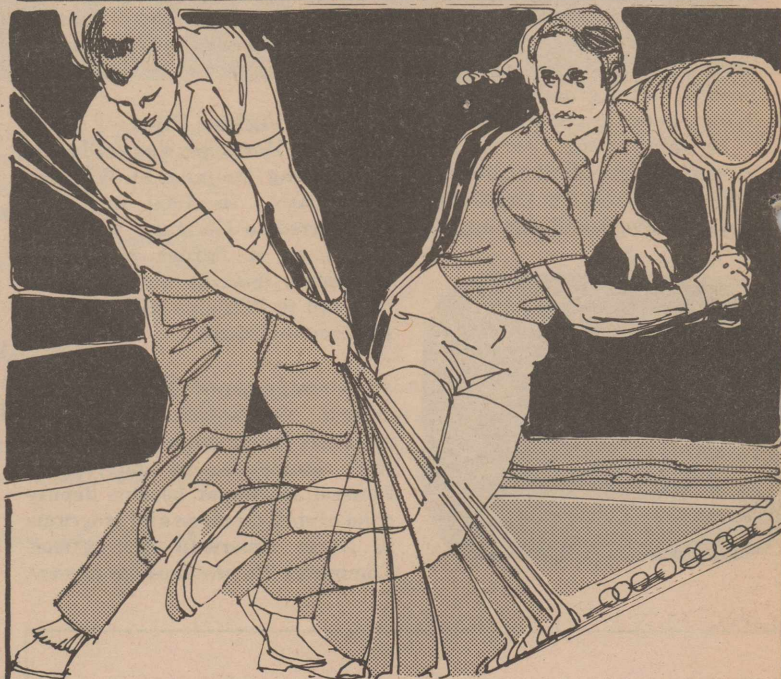

The roasting was concluded with the presentation of two gifts to the roaste. The first was an oil painting of T-37s in two-ship formation. The second gift came by way of a rope... a live turkey!! This of course was given in remembrance of all the students Colonel Herbert has flown with.

The colonel's final comment to this and the other gibes of the evening was... "(EXPLETIVE DELETED)."

Our thanks to E Flight for a well-planned evening of fun, with special appreciation to "Foscar" for providing the fine sounds and entertainment.

Credit card pamphlet goes out

Credit cards, the plastic symbols of buy-now-pay-later consumerism, are the subject of a new foldout pamphlet being distributed by the secretary of the Air Force office of information.

Without dwelling on the well-publicized conveniences of credit cards, the vest pocket-sized publication — entitled simply "The Credit Card" — warns of some oft-ignored pitfalls and tells how to cope with them.

Each lost card, for instance, can cost you \$50 if it falls into unscrupulous hands.

High-interest rates, computer errors, impulse buying and dishonest handlers are among the other pitfalls about which unwary victims are warned.

The publication was prepared with advice from Air Force chaplains and legal officers who agree that many domestic and financial problems stem from misuse and abuse of credit cards.

Did you know that unwanted credit cards should not be burned or run through the shredder? Read "The Credit Card" for the correct

method of disposing of unwanted credit cards.

The pamphlets have been distributed to all unit information

officers at Reese by the Information Division. Tenant units may pick up copies in the Information Division, Bldg. T-1.

talon talk

Talon flights pay final tribute to departing Colonel Ingram

By 1st Lt. "Pete" Peterson

The members of the 54th Flying Training Squadron (FTS) formally said farewell this week to our commander and friend, Lt. Col. Richard A. Ingram.

Colonel Ingram was presented a going-away token from each of the eight flights in the squadron. Some of the more noteworthy included a pair of genuine "roof stomping" boots equipped with suction cup soles and a pair of silver "dancing slippers" (actually a pair of silver painted combat boots). From Check

Section, Colonel Ingram received a complete set of Northrop takeoff and landing data charts.

"Foscar," the colonel's private minstrels, reunited for the event. Capt. Roy Westerfield made the trip from Cannon AFB, N.M. to complete the group for an encore performance.

Returning to Reese for the colonel's party were some of our neighbors from the south, Randolph AFB, Tex. Coming were Captains Mike Connors, "Bugs" Forsythe and "Doc" Miller along with 1st Lt. Henry Vehige to bid farewell to "Ish."

It was quite apparent that Colonel Ingram will long be a friend of each Talon driver in the 54th FTS.

The Quote of the Week award goes to 2nd Lt. Mike Walker of Class 75-

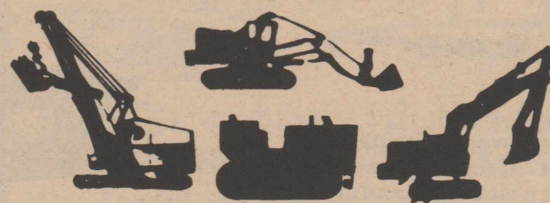

02. Mike, an Air Force Academy grad was relating some of his experiences on orientation flights as a cadet in the F-106 Dart, to fellow students. He was overheard to say, "We were at 50,000 feet and you could see the curvature of the Earth!" Sure, Mike.

Don't be fuelish.

Commander's CARE Line

(Editor's Note: The Roundup will continue to publish Commander's CARE Line inquiries as long as they are of base-wide interest. All inquiries will be reviewed by Col. Walter H. Baxter III, wing commander. All personnel are encouraged to first use their chain of command or the office of primary responsibility to air their comments, if possible. If these methods do not work, call the CARE Line by dialing C-A-R-E. Personnel are urged to give their name, rank and unit when calling.)

Sir:

A week ago Tuesday my wife tried to contact the base operator at approximately 1:30 in the morning, Wednesday morning, and she tried three consecutive times to call and each time let it ring 10 to 15 times with no answer. Finally she waited about five minutes and called again. A G.I. answered the phone and his voice sounded as if he had just woke up. I would like to know why this has occurred and also what would a person do if a real emergency existed and could not get ahold of the base operator?

Name Withheld by request

Due to the relatively small number of calls handled by the base switchboard on weekends and between 11 p.m. and 7 p.m. on weekdays, there is only one operator on duty. At such times, it may become necessary for the operator to leave the switchboard unattended momentarily. We are currently using a night alarm system which produces an audio signal when there is an incoming call, but the alarm is limited in its effectiveness outside the switchboard room. Therefore, there may be occasions when the operator is unaware of a call. If you have trouble placing a routine call at such times, please wait a few minutes and try again. If you have an emergency, you can reach the following numbers without going through the switchboard: USAF Hospital — 885-2201; Fire Department — 885-2222 and Security Police — 885-2677.

Sir:

I would like to complain about the man that works over at the bank — a little slender fellow. He keeps buying and selling cars with his bank position to buy and sell used cars on the base and I don't think it is fair because I can't buy and sell used cars on the base.

No Name

Any individual may buy or sell his own personal vehicle or vehicles as often as he desires as long as the vehicles have been registered in his name and applicable taxes have been paid. Without payment of taxes and registration an individual would be required to have a dealer's license to buy and sell motor vehicles. The individual you are referring to is not a dealer and as far as can be determined has not compromised his position in selling his automobiles.

Sir:

Today we were coming back from the Reesette and we stopped at a stop light and an SP

St. Pauls Bookstore

BOOKS RELIGIOUS JEWELRY GIFTS

AVERY JEWELRY

HRS 10-4:30 762-2893
1510 Ave. X

truck was coming at us so we stopped, but he didn't turn on his light and went on through the intersection. If we had been in the intersection, at which we had the right of way, we could have been hit. I wonder if there is anything that can be done about it. Thank you very much.

A1C Cecil W. Slay

Airman Slay:

We needed additional information so we attempted to contact you by checking the base manning (Alpha) roster, the base locator and the Consolidated Base Personnel Office; the results were negative. If you have additional information, please call MSgt. Abraham L. Jackson, Security Police superintendent, at Ext. 2612. For your information, however, safety, including vehicle, driving and weapons, is emphasized daily at each guardmount for SP personnel. Additionally, each individual attends proficiency training for three hours twice monthly and safety procedures are stressed again. SP managers make frequent "spot checks" of patrolmen relative to driving habits and prompt corrective action is taken if need be. Misleading and incomplete information should not be used to infer criticism or stereotype SP personnel.

Sir:

Good morning. I am calling about the base service station not issuing gas receipts for cash purchases. I have taken this thing to Mr. Austin, head man of the PX system down at Ft. Sam Houston and he says it is because his people in Dallas cannot issue them. One reason is that the little tickets cost 1½ cents apiece and that is losing money for them but he can't give a reason why they will not

stamp a paid receipt in the main office for you. O.K., you can go through the line and buy gas and put it on a credit card and you have got your thing for the IRS, so before I go further, I think I will give you a chance to look at it and see what can be done. I do use the receipts for a reason and when you buy a product I think you should be authorized to have a receipt for it...that's the good old American custom.

MSgt. John S. Pennington
2053rd Communications Squadron

Sergeant Pennington:

The situation has been resolved and we will issue a cash ticket to those desiring one for legitimate IRS purposes. AF regulations do not permit the exchange to sell products to those who will use them in a commercial enterprise, such as gasoline in a vehicle you use after duty hours in pursuit of an after-hours job that you may have.

Sir:

I want to talk to you about the chow hall at night. I am on swing shift and we go there at night and the food happens to be lousy — the last two weeks, especially — and I want to know if there is some way we could get it fixed. The potatoes are way too greasy and the eggs are not cooked worth a hoot or anything and I would just like to know if there is some way we can get it fixed so that we have decent food or don't fix just eggs at night so that we can just have some regular food to eat. Thank you.

A1C Douglas M. Ford

Airman Ford:

The midnight meal is considered as a breakfast meal. The eggs are cooked to order and if they do not suit your taste, then you should request another order cooked to your specification. The resident manager has assured me that we will notice a vast improvement in the quality of the midnight meal.

THE MAN BEHIND THE MISSION

SSgt. Robert W. Karpenski, NCOIC of the USAF Hospital Operating Room, has been active man in youth sports and other youth activities during his 3 1/2 year stay at Reese. He is shown here announcing a recent Little League bout. In addition, the sports enthusiast served as medic for the Reese Chiefs football team, coached basketball and was first aid counselor for Reese Boy Scout Troop 548. The sergeant, who has three kids himself, has been recently assigned to Misawa AB, Japan, and will leave for that assignment next week. The youth programs here will miss his constant participation as much as Misawa will benefit from it. (U.S. Air Force Photo by Amn. Dave McGill)

Police announce annual registration

The annual registration of all vehicles owned by Air Force personnel will be conducted during the month of July by the Reese Security Police Division. Registration will begin at 7 a.m. on the dates listed below and continue until 6 p.m. each day. Persons who are required to register two-wheeled vehicles will report to the Traffic Safety Office in Bldg. T-100. If only a re-registration of two-wheeled vehicles is required, persons will report to the base theater at 1 p.m., July 9.

The schedule by squadron will be conducted as follows:

64th Student Squadron	July 8, 9
35th/54th Flying Training Squadrons	July 10-12
64th Air Base Group, 64th Civil Engineering Squadron	July 15-17
64th Field Maintenance Squadron, Reese Hospital	July 18, 19
64th Organizational Maintenance Squadron,	July 22, 23
64th Supply Squadron and tenant units	
Make ups	July 24

When reporting to register or re-register vehicles, persons are required to furnish Security Police with their license numbers.

Author-patient switches roles with doctor

By Lighthouse

I've always been one of those people who thought that getting a cold was reserved for the chilly fall months and the cold wet days of winter. Unfortunately, I always seem to get my colds during the summer. I don't know why it happens like that, but it just does. Last week I woke up to find that

during the night, I had been overcome with a stuffy nose, sneezing, coughing and, to put it like the commercials on T.V., that tired aching-all-over feeling. Determined to catch it in its early stages and make short work of it, I immediately reported in for sick call and found to my dismay that I wasn't the only one affected with the seasonal malady.

After removing the thermometer from my mouth and noting the temperature on my chart, the nurse told me to go down the hall and wait in the doctor's office. After about five minutes, a doctor showed up and immediately sneezed once, coughed twice and blew his nose. I could see this was going to be an interesting visit.

Cold Fever

"What seems to be the problem?" the doctor asked as he picked up my chart.

"Well, sir, I have this terrible cold."

"Don't we all?" I was getting the feeling that I wasn't going to find much sympathy here. "What have you done about it?"

"This morning I gargled with salt water to ease my sore throat and then I drank some warm lemon juice mixed with a teaspoon of honey."

"Say," he said, wiping his nose, "I never heard of that. Does it work?" He began to show a little interest in my problem.

"Oh, yes sir! My grandmother swears by it."

The doctor began writing on a little prescription pad. "Anything else you been doing?"

Home Remedy

"This morning after I got up, I rubbed some menthol-eucalyptus grease under my nose to help clear up the stuffiness and then I put on

two pair of socks and an extra tee-shirt to keep me warm."

"Say, that sounds like a good idea," he said, as he scribbled madly on his pad. "How long does it take for this stuff to work?"

"You'll begin to feel the effects after a couple of hours and since it might make you a little drowsy, I would suggest just going to bed with plenty of juice and getting a lot of sleep."

"You don't know how much you've helped me," he said as he came around the desk to shake my

hand, "this cold has really been making me miserable."

"Glad to be of help, Doctor." I got up and started out of the office. "Oh, by the way," I said, "if you don't feel better in a couple of days, give me a call."

As I was walking down the hall, I heard the doctor get on the phone and ask the nurse to check and see if the pharmacy had any honey on hand. Somehow, I didn't feel quite as bad when I left the hospital. There is no doubt about it, those doctors can just work miracles.

AAFES calls back dangerous sprays

DALLAS (AFNS) - The Army and Air Force Exchange Service (AAFES) is recalling certain lots of a black-oriented hair spray deemed potentially dangerous by the Food and Drug Administration.

Manufacturer of the hair spray, Posner Laboratories of Corona, N.Y., advised AAFES that several lots of Posner natural hair sheen six-ounce size, and four lots of a 16-ounce can restricted to professional use, contain the substance vinyl chloride recently linked to a rare liver cancer.

According to Posner Laboratories, all other cosmetics and hair care items are free of that substance and have not been included in the recall.

Col. Thomas B. Spalding, director of quality assurance at AAFES headquarters, said that exchange retail outlets are removing the dangerous commercial product from store shelves. Exchange barber and beauty shops are no longer using preparations that contain the potentially dangerous substance.

Customers who recently may have purchased Posner natural hair sheen in the six-ounce size should check the bottom of the can for the following numbers.

If any of the numbers are discovered, the hair spray should be returned to any exchange for full refund.

Recordings begin for new pilots

Randolph AFB, Tex. (ATCPS) - Air Training Command pilots have recently completed testing a new system here which allows a student and his instructor to see and hear everything that occurred during a training flight.

The T-37 Audio-Video Recorder System (AVRS) program utilizes two cameras, an airborne video-recorder mounted in the aircraft, and a ground video monitor and playback unit (a 20-minute cassette) for postflight review.

Both the instrument panel and a view of the landscape are photographed for showing on a split screen.

When a student lands after completing his training mission, he merely pops out the cassette and reviews it on a ground monitor. While reviewing the film, the student may stop the projector and see both the runway and the instrument panel during any given moment where he may have made an error. He may also listen to the verbal instructions from the instructor and his verbal reaction.

One third of the T-37s at each of ATC's nine Undergraduate Pilot Training bases will have the system installed. Installation at the first base, which will be determined later, will be completed in March 1975 with a progression rate of one base per month.

ECI offers Reese people chance as woodworkers

If the chief products of your work with a saw, hammer and nails are a good crop of blisters and a messed-up workshop, the Extension Course Institute (ECI) has two courses that can help you develop a "handyman" reputation.

The courses, CDC 55230, Apprentice Carpenter, and CDC 55250, Carpentry Specialist, include basic instruction in tool use and safety and advance to wall and roof construction and complex building techniques.

The apprentice course is an excellent starting point even for someone with some carpentry experience, for it offers tips on reading plans, handling tools and keeping tools in top shape. Various types and cuts of wood are also discussed in the two-volume course. The second volume is devoted entirely to building construction and repair.

The specialist course expands upon many of the topics covered in the first course and goes into much more detail concerning shop work. Many "around the house" building projects, such as cabinets, drawers and shelves are discussed. Floor and

roof framing and even glass-cutting are part of the instruction.

The two courses are among nearly 20 offered by ECI in the civil engineering structural/pavements career field. Like all of the nearly 400 ECI courses, they are available to all

military people on active duty, members of the National Guard, Reservists, Civil Air Patrol members and Civil Service employees. The Reese Education Office has details on all ECI courses, which may be taken without charge.

Shade 1577 pants designated optional

WASHINGTON (AFNS) - The Air Force has designated the blue shade 1577 trouser as an optional item of uniform wear. These trousers are available for purchase through the base exchange and commercial military clothiers.

The optional designation will allow members to purchase and wear the 1577 trousers without a phaseout date being established. This amplifies a recent decision that the durable press Air Force blue shade 1577 trousers would not replace the Air Force tan shade 1505 summer service trousers as a standard uniform item.

These trousers will supplement the blue shade 1549 service uniform trousers which are also authorized for wear with the blue shade 1550 short-sleeved shirt.

No termination date for wear of the tan shade 1505 service uniform trousers has been established. Officials cautioned that attention should be given to wear and maintenance of the optional blue shade 1577 trousers. Owners of a durable press trouser should insure that washing and drying instructions are complied with to obtain maximum satisfaction and service of the 50 per cent polyester and 50 per cent cotton fabric.

Detachment deactivates

The 429th Field Training Detachment (FTD) will be deactivated at Reese June 30, and will be replaced by the Operating Location A (OLA), FTD 405.

The FTD 429's job is to give on-the-site training to all Cessna T-37 "Tweety Bird" and Northrop T-38 "Talon" mechanics to qualify these personnel in skills, knowledge and techniques required to operate, maintain and control assigned aircraft and equipment.

The assigning of FTD 405 will streamline the training operation, according to Capt. Bill D. Golleher, FTD 429 commander. OLA will have four permanently assigned instructors and the parent FTD, located at Randolph AFB, Tex., will send instructors for temporary duty at Reese to teach courses which do not require a resident instructor.

The change will "reduce overhead costs and make more efficient use of resources and personnel," commented Captain Golleher.

MAC warns reg violators

RANDOLPH AFB, Tex. (AFNS) - Members who fail to meet military dress and appearance standards as outlined in AFM 35-10 may be denied travel on Military Airlift Command (MAC) flights, according to a message to all commands from the Air Force Military Personnel Center at Randolph AFB.

"This command has received reports of personnel traveling on MAC flights who do not meet acceptable standards of dress and appearance. The violations include haircuts, sideburns, mustaches, beards, unauthorized/unshined shoes and unauthorized uniform items," the message read. Violations have been noted at aerial port facilities.

The message said that it is realized that individual grooming standards may become relaxed during leave en route to new duty stations. "However, this does not excuse an individual from conforming to standards when reporting for military travel," the message concluded.

News Briefs

Mrs. Luverne G. Tri has been named Family Services Volunteer of the Month for May. Having been a volunteer since 1970, Mrs. Tri has done work in England, Spain and Germany before Reese, totalling 910 volunteer hours. The wife of MSgt. Luverne Tri serves as assistant loan closet chairman and is an office volunteer.

The Mathis Recreation Center is offering 11 free tickets to the Coaches' All-America Game to be held tomorrow at Jones Stadium in Lubbock. The only requirement is that those signing up for the tickets must ride the bus provided by the Center to the game and back. The bus will leave Mathis at 6:30 p.m., tomorrow. Interested persons should contact the Center at Ext. 2722.

The Aviation Career Incentive Act of 1974 has been enacted by the President, with an effective date of June 1. Pilots, navigators and officers in flying training, leading to a pilot or navigator rating, are entitled to continuous monthly incentive pay provided they meet the prescribed time periods in operational flying duty. Also, flight surgeons are entitled to monthly incentive pay when performing operational flying duty.

Another graduate is being honored this week at Reese. Anna LaTour, daughter of Maj. (USAF Ret.) and Mrs. Gerald LaTour. Anna is a graduate of Coronado High School in Lubbock. Congratulations!

Storytime continues at the Family Services Center every Friday morning from 10 to 11:30. Children ages 3-10 are welcome to attend the event every week in the Center, located in Bldg. 6100, just outside the main entrance to Reese. Refreshments are served each week.

Tests of the B-1 bomber navigation system will begin this month at Holloman AFB, N.M. The Rockwell International B-1 is being developed to replace the aging Boeing B-52 Stratofortress.

Red Cross volunteers are holding a coffee at 10 a.m., Wednesday in the cafeteria in the Reese USAF Hospital. Any women at Reese interested in becoming Red Cross volunteers are invited to attend.

The Mathis Recreation Center announces that the 1974 Reese AFB Talent Show will be held at 7:30 Monday evening in Simler Theater.

Dover AFB, Del., is currently in need of 50 aircraft maintenance positions. These positions are Air Reserve positions and require membership in the Air Force Reserve. Interested persons should contact the U.S. Civil Service Commission Atlanta area office, 275 Peachtree St., N.E., Atlanta, Ga. 30303 or the civilian Personnel Office at Dover AFB, 19901.

The U.S. Environmental Protection Agency has issued a "stop sale, use and remove order" for an electronic insect killer. The device exploded although labelled complete safe. The insect killer consists of a blue light bulb surrounded by an electrically-charged grid which electrocutes bugs landing on it. It can be identified by a red push button located on top, used to discharge the unit after it is unplugged. If the button is pushed while the trap is plugged in the unit may explode.

The Air Force drive toward full pay centralization has been completed with the addition of 100,000 members' pay accounts to the Joint Uniform Military Pay System, raising the total to 589,000.

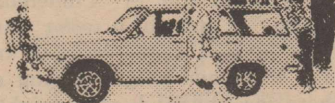

With the hot weather being here for quite some time now, it seems difficult to believe that today is the first day of summer. For those who have yet to get their bodies bronzed by old Sol, use a little common sense. A short period of exposure the first few times will yield an increasingly better tan as the summer progresses. Observe all summer rules of safety and common sense so we can all have a beautiful summer in the sun.

The Volvo Warranty:

12 MONTHS OR 999,999 MILES. WHICHEVER COMES FIRST.

Every new Volvo is warranted to be free of defects in materials and workmanship for 12 months (no matter how many miles you drive as long as the car has the recommended maintenance) from the date of delivery.

Warranty repairs must be made at an authorized Volvo dealer in the U.S. or Canada. There will be no charge for parts and labor.

Of course, a Volvo also comes with other warranties: Volvo's emission control system is warranted for five years or 50,000 miles (with recommended maintenance) whichever occurs first. Tires, naturally, are warranted separately by their manufacturer. Also, the addition and replacement of all lubricants, fluids and filters are at the owner's expense.

Now that we've shown you some protection in writing, drop by and we'll show you some protection in driving: our Volvo. **VOLVO** A lot more car than you bargained for.

Dental Clinic extends July hours

All during July the USAF Hospital's Dental Clinic will be open each Monday through Friday from 7 a.m. to 7 p.m.

The purpose of the change, according to Dr. (Lt. Col.) Leonard J. Spencer, base dental surgeon, is to get maximum use out of the clinic's assigned personnel.

Many Reese people are shift

workers and therefore experience difficulty in making and dental appointments. By remaining open for 12 continuous hours the Clinic hopes to be able to better serve the Reese community.

Dental Sick Call will remain as it now in effect — from 8 to 9 a.m. and from 1 to 2 p.m., Monday through Friday.

It is also the time of the month for Reese parents to make preventive dentistry appointment for their children. The monthly program will be held promptly at 5:30 p.m. Thursday in the Reese Elementary School's cafeteria/auditorium. This June program will primarily be to make appointments for children whose sponsor was born in July.

However, with additional time

being made available by the lengthening of the Clinic's hours, the program will be open to appointments for children who missed the opportunity in past months or who were involved with recent permanent change of station moves.

As this program is designed for children, the Clinic urges the parent or parents to bring the children for whom the appointments are being made with them. A brief discussion and a film will be shown to those attending which will be extremely beneficial, according to Dr. Spencer.

The appointments will be made for both mornings and afternoons, as school is out for the summer.

Attendance by at least one parent or guardian is mandatory if the sponsor's birthmonth is July. Questions about the preventive dentistry program will be answered by the Clinic at Ext. 2711.

Sunshine may negate health qualities with overexposure

Randolph AFB, Tex. (ATCPS) - Everybody knows that sunlight is good for you. But "everybody" often forgets to add, "in moderation, Irving, like everything else."

The ATC Surgeon's Office confirms that sunshine may clear up acne and other complexion problems, but warns that prolonged overexposure increases the risk of skin cancer considerably, besides accelerating the aging process of the skin. (Anybody for thick, cracked skin?)

While no one is immune to the disease, doctors say that it hits

those with fair, ruddy or sandy (sandy?) complexions most often. Farmers, chronic sunbathers and others who are exposed excessively to sunlight are also likely targets. The answer is to wear a hat, and to apply an ointment or lotion to block ultraviolet rays.

As an aside, you can get skin cancer indoors, too. Many cases have been reported to develop from nonhealing sores. The most serious — fortunately the least common — type, melanoma, can be fatal if not diagnosed and treated in its early stages. Alerting symptoms are rapid growth of a mole or wart, irregular pigment, bleeding, or loss of hair in an affected area.

On the bright side, 90 per cent of all skin cancer cases are cured.

And physicians say that if all patients sought medical treatment early enough, the percentage would be even higher.

But back to overexposing yourself to the sun this summer.

Don't.

Congressman gives praise to CCAF

Randolph AFB, Tex. (ATCPS) - Representative Orval Hansen (R-Id.) recently made laudatory comments before Congress about the Community College of the Air Force (CCAF).

Mr. Hansen stated, "The CCAF is one of the most innovative and promising developments on the education scene in recent years."

"Although it is only a year and a half old, the college has experienced rapid growth because of its ability to meet a great variety of educational needs."

"The student body, scattered throughout the world, numbers 570,000. It offers 3,750 courses, taught by 9,500 instructors."

Mr. Hansen added, "The CCAF offers new concepts in education and a model that could be used elsewhere in both military and civilian programs."

Keglers see good beginnings

The Petersen Scratch League got off to a good start the night of June 11 as 18 Reese bowlers took to the lanes in head-to-head competition.

Rod Wilson leads the league after the opening week of competition. Wilson bowled a 749 series. The leaders and their Peterson points totals are Wilson, 18.98; Howard Creek, 18.72; Gray Shovan, 17.30 and Harry McGarrigle, 17.20.

Both the Junior-Senior League and the Bantam League of the American Junior Bowling Conference have started their summer programs. There are openings in both leagues for young people who want to learn the etiquette and the mechanics of bowling.

The Junior-Senior League has already had some high games bowled. Ken Mele had a 225 and Chris Goodreaux had a 212.

Plans for a Ladies Scratch Trio are being formulated. The league will bowl on Wednesdays, beginning this Wednesday.

entertainment

flick flack

An unexpected sailor love story, a story of a black, middle class family with problems and an Academy Award winner highlight this week's entertainment slate at Simler Theater.

The base theater features shows at 8 p.m. Tuesday through Sunday. The special Saturday matinee begins at 2 p.m. weekly. The box office opens one half-hour before showtime.

Tonight

James Caan Marsha Mason and Eli Wallach star in "Cinderella Liberty," a story of a sailor who finds himself head-over-heels in love with love bargirl during a shore pass that ends at midnight. She is spunky, sexy and self-destructive and she has a 11-year-old son who is hostile toward the sailor. The R-rated feature is touching and entertaining in the tradition of "Mr. Roberts."

Saturday Matinee

Julie Andrews, Mary Tyler Moore and Carol Channing portray women in the "flapper era," the Twenties, in "Thoroughly Modern Millie." The hilarious blend of story and music from the Twenties is a gay romantic comedy set in New York City. The music in the G-rated show won an Academy Award.

Saturday Evening

The blood brother of Dracula

stalks the earth again in an orgy of vengeance, in "Scream, Blacula, Scream," the spine-tingling sequel to the horror hit "Blacula." William Marshall stars in the title role as a black vampire with an insatiable bloodlust who is brought back to life through a voodoo ceremony. He terrorizes the population of a small community in the Louisiana backcountry. Pam Grier stars as a high priestess of a voodoo cult who becomes involved with Blacula in this PG-rated chiller.

Sunday

"Five on the Black Hand Side" is the story of a long-suffering wife who, encouraged by a neighbor, finally rebels against her tyrant husband with an effective and hilarious women's lib counter-attack. The rest of the black family splits up and takes sides, except the daughter, who worries how the domestic war will affect her pending marriage. Clarice Taylor, Leonard Jackson, Glynn Thurman, D'Urville Martin and Bonnie Banfield star in the PG-rated show.

Tuesday

Academy Award winner Goldie Hawn co-stars with Walter Matthau and Ingrid Bergman in "Cactus Flower." The international stage comedy hit brings Matthau to the screen as a

playboy-dentist who always pretends to be married. Bergman is his office nurse who poses as his wife when he needs someone to "divorce," so he can wed kookie newcomer Hawn. The hilarious topsy-turvy comedy is rated PG.

Wednesday

The trials and tribulations of a father who tries to understand the younger generation's way of life and thinking by joining their activities is the basis of Walt Disney's "Superdad." He disapproves of his daughter's friends, especially her childhood sweetheart. The father's attempts at volleyball, surfing and other strenuous pastimes have disastrous consequences. Bob Crane Barbara Rush, Kathleen Cody and Kurt Russel star in the rollicking comedy about the generation gap, rated G.

Thursday

Anthony Perkins, Beau Bridges and Blythe Danner star in "Lovin' Molly." It is a tender well-told story of two boys and a girl, each facing life in their own way in rural Texas in 1925. The two boys, completely different in their outlooks, compete for the love of Molly. But she, an Earth mother who lives and loves with the same abandon, can give her favors freely to both before and after her marriage to another. The feature is rated R.

Reese team places ninth in tourney

The Reese Tennis Team traveled to Randolph AFB, Tex. to participate in the Air Training Command Tennis Tournament June 7.

When the swinging and swatting had stopped, the Reese team stood in overall ninth place of the 12 contenders at the tourney.

Keesler AFB, Ala., won the tournament with 27 accrued points. Randolph was second with 18 points; Lackland AFB, Tex., had 15 points; Mather AFB, Calif. and Laughlin AFB, Tex., 10 points; Lowry AFB, Colo., 7 points; Sheppard AFB, Tex., 6 points and Williams AFB, Ariz., with 5 points complete the list of teams that beat Reese.

Reese, with four total points, overpowered Craig AFB, Ala., which had three points, Chanute AFB, Ill., and Webb AFB, Tex., which had two points each, and Moody AFB, Ga., with one point.

Got a gripe?

CE fire destroys half of Bldg. 561

By Sgt. Buddy Lerch

At 1:30 a.m. Monday Sgt. Tommie Sellers was on duty as a driver at the Transportation Division when he thought he smelled an electrical fire. He walked around the dispatch office checking electrical outlets and appliances for any trouble and saw nothing. He continued with his duties.

A half-hour later, SSgt. Reynaldo Del Rosario, dispatcher at the motor pool, went outside the building for a regular area check. That's when he saw it. Bldg. 561, 64th Civil Engineering Squadron's Lumber Warehouse and Plumbing Shop, was fiercely ablaze right across the street. Sergeant Del Rosario ran back inside the Transportation Division and phoned the Reese Fire Department.

In a short time the base firefighters were on the scene battling the inferno, broken and live high tension wires dancing all around them. Sergeant Sellers hurried to move the vehicles in the motor pool, right across the street from the fire, to a place of more safety. Then he returned to help firemen battle the blaze.

"It was horrible, horrible!" Sergeant Sellers recounted. "The fire was really hot and it was hard to get close to it without one of those firefighting suits they wear." The vehicle driver had grabbed one of the fire hoses, aiding fireman Sgt. Victor D. Bradley in trying to control the hose, which has a nozzle pressure of 50 pounds. They directed the stream at the flames which licked at the air high above the building.

Sergeant Bradley, a newcomer at Reese, was on his second night of work here at the time the fire broke out.

Other firemen directed other streams, including the one from the nozzle on the department's new crash truck, at the fire. The fire was brought under control at approximately 2:20 a.m., with the building 40 per cent destroyed.

The speedy extinguishing of the blaze was attributed to the Fire Department's new firefighting equipment and the quick response by the department to the timely call from Sergeant Del Rosario.

Base firefighting officials credited Sgt. Joe A. Glenz with quickly turning off utility mains leading to the burning building.

An estimated \$2,000 worth of stored lumber was destroyed in the fire. No personal injuries were reported. The cause of the blaze has not yet been determined.

54th FTS continues softball dominance

The 54th Flying Training Squadron (FTS) is still riding high and undefeated, leading both fast and slow pitch intramural softball brackets with equal 4-0 records.

In slow pitch action, the 54th is followed closely by the 2053rd Communications Squadron with their 4-1 record and the 64th Supply Squadron with their 3-1 slate so far for the season.

Fourth place in the slow pitch

action is held by the Reese USAF Hospital squad with their 2-1 record. Tied for fifth are four teams: Administration Division, 64th Organizational Maintenance Squadron (OMS), Transportation Division and the base Comptroller Division. All these teams share a 2-2 record. Holding up the bottom of the chart is the 64th Field Maintenance Squadron with a 1-4 record and the Consolidated Base Personnel Office with their 0-4 record.

In fast pitch action, the 54th FTS shares a 4-0 record with the Reese USAF Hospital team. In third place is the 64th Student Squadron with their 3-1 record, followed in fourth by the 64th Supply Squadron with their 2-2 record for the season.

The action is also fierce in fifth position, as all remaining teams in the fast pitch are tied with equal 1-3 records. These are the 2053rd Comm Squadron, 64th Civil Engineering

Squadron, 35th Flying Training Squadron and the 64th OMS.

The gym has also released the standings thus far for intramural golf action. In first place is the 2053rd Comm Squadron with 46½ points, followed by the 64th Student Squadron with 43 points. In third spot is the 54th FTS with 42 points.

The 64th Supply Squadron is in fourth place with 40½ points in the link action and fifth is held by the Reese USAF Hospital team #2 with 37½ points. Sixth place belongs to the 64th Air Base Group (ABGp) team #2 with 33½ points while the Management Engineering Detachment holds seventh position with the FTS, sharing records of 32½ points.

The Hospital team #1 is in ninth place with 24 points, 64th ABGp team #1 has 23 points and is in 10th place, 64th OMS is in 11th spot with 18 points and the 64th CES golf team is in 12 place with 11 points.

The 1974 base golf team will represent Reese in the Air Training Command golf tournament to be held July 26-29 at Lowry AFB, Colo. The base playoff to determine who

will play will be held June 28-30. Competition will be held in open division, senior division and women's division.

The gym also announces that there will be two meetings this week. The base fast pitch softball team will hold a meeting at 1 p.m., Monday in the gym. Anyone interested in playing on the team should attend this meeting. An Athletic Council Meeting will be held at 1 p.m., Wednesday in the Mathis Recreation Center. All athletic representatives must attend.

Locke-Robertson duo wins big in Reese partnership tourney

By Sgt. Jeff King

Coming back from a three-stroke deficit, Steve Locke and Randy Robertson took first place in the three-day Reese Partnership Championship Tournament here Sunday.

The three-day total for the duo was 203. The pair shot a combined total of 66 Sunday and won by a wide margin of five strokes over the second place finishers, Joe Thompson and Ronnie Baker.

A three-putt bogie on the first hole

Sunday got the championship pair off to a poor start but they more than made up for it with an eagle and five birdies. Their putting became their strong suit as the competition progressed and the result was an overwhelming 13 under for Locke, a former Monterey High School linkster, now a Texas Christian University star, and his partner.

The first flight was won by a strong three-stroke margin by Walter H. Baxter III and Dick James, with their total of 218. Competition was fierce all the way

down, as only three strokes separated the first four teams in the second flight.

The weather favored the golfers with gentle breezes and clear skies most of the three-day span but occasional gusts and hot spells were blamed by many golfers for the "rough" shots.

Reese boasts best swimmer in area

Stace R. Sciples, a Reese dependent, has been named THE outstanding swimmer in the West Texas area in the 13-14 age bracket by the Amateur Athlete Union (AAU) at the Annual West Texas AAU Banquet held Saturday night in Lubbock.

The young athlete swims 12 to 14 thousand yards daily in training with the Lubbock Swim Club, coached by Texas Tech University Red Raider Coach Jim McNally. Stace specializes in the

breaststroke, backstroke and freestyle (American crawl).

He earned the honor after being in West Texas for only nine months. He arrived with his father, Col. Francis J. Sciples, and the rest of the Sciples family in September, 1973.

Stace is readying now for regional competition in New Orleans soon.

The other Sciples children all swim for the West Texas AAU, and "are all logging good times," according to their father.

Red Hots do it again!

The Red Hots have done it again. For the eighth straight time, this Women's Softball League team has met and beat an opponent of the playing field. . . this time in four innings.

Vickie Compton pitched her team to a 29-3 win over the Dusty Devils. The game was called after four innings because of the margin at the time. The game was "the best game the Red Hots have played," according to team coach Kyle Buster.

Many members of the winning squad shined in the batting category. Jessica Palmer hit three home runs; Sharon Kimbell and Mary Kissinger both hit a home run and two singles apiece; Barbara Hogan hit a triple and two singles.

Donna Shirley hit a double and two base hits; Connie Maggart and Vickie Compton each hit a double and a single.

Bonnie Eller of the Dusty Devils hit a home run.

All home runs during the game were in-the-park homers.
