every man to inform others of like tastes and pursuits of such things as he may know or believe will conduce to their advantage, I pen the following in regard to my experience in fruit culture in Haskell county. I have in my orchard about 117 tress including pears, peaches, plums and apricots, also grapes and berries. The fruits so far tested in my four years experience, which have proved successful, are: the Magnolia pear; the Robt. Lee, Stonewall Jackson, Greensborough, Elberta, Gov. Hogg peaches; in Will Run Through Territory Famed plums, I regard the Gonzales as

We have just about eaught up with the rush we had for loans last fall. The demand for money was enormous and it has taken ns some time to get through with it, but we are now up and better prepared than ever to get loans through quickly and at very little expense to the borrower; the expense now being much less than it has been heretofore. Don't wait until you have to have the money before you apply, for you can't loose any thing by applying now, and besides that by applying now you will be in plenty of time and avoid the rush this coming fall. We will inspect again in July, so if you need money take it up with us immediately. We have plenty of money now in the bank ready for this business.
