KWAHADI DANCERS WILL PERFORM FOR LOCKNEY'S OLD FASHIONED SATURDAY, AUGUST 18

Kwahadi Dancers to perform in Lockney

By Phillip Glasson

The internationally known Kwahadi Dancers of Amarillo will demonstrate their unique form of authentic Indian dress and dance during Lockney's annual Old Fashioned Saturday here August 18.

The Kwahadis will dance near First United Methodist on Main Street, contributing to a day filled with events. Old Fashioned Saturday festivals begin at 8 a.m. with the three-on-three basketball tournament, followed by the Texas State Championship Pedal Pull, the Kwahadis, an antique tractor display, street food and craft vendors, Texas Tech athletic booths, entertainment by local and area musicians and singers, and the traditional street dance from 8 until midnight.

A Model A John Deere Pedal Tractor will also be raffled at the end of the pedal pull. Raffle tickets are being sold for \$3 each by Chamber directors.

No admission will be charged for the Kwahadi performance, which is cosponsored by the Lockney Scouts

and the Lockney Area Chamber of Commerce. Since the group's founding in Amarillo in Fall, 1944, more than 1,500 boys have shared their dances in 3,000 performances in 30 states and many foreign countries. Today the boys are typically booked 50 shows ahead and present 50 to 80 performances annually.

The Kwahadis maintain an active collection of 70 dance sets. Colorful costumes, traditional songs and dances, and information have been printed in cities across the world in conjunction with their tour.

Booth space is still available for Old Fashioned Saturday. For additional information, contact event coordinator Phillip Glasson at 652-3355. Entries for the three-on-three basketball tournament will also be accepted until August 16. Entry forms are available at City Bank, Consumers Fuel, Floyd County Farm and Ranch Supply, and at the Lockney Area Chamber of Commerce website (www.lockneychamber.com)

Alumni and Whirlwinds hit the basketball courts on Friday

Fast cars, a cash giveaway and men dressed like women. That is what you will find at this Friday's 2nd Annual KFLPALumni Basketball Games from Whirlwind Gym in Floydada. The girls varsity faces Floydada alumni at 6:00 p.m. followed by the boys game at 7:30 p.m.

The highlight of the night is the chance to win a 2002 Ford Pickup or Ford Escape, plus \$100 cash, a Direct TV satellite dish and gift certificates to many stores and restaurants. At halftime of the girls game, you will have a chance to see something that hasn't been seen on a basketball court in nearly 25 years. Then at halftime of the boys game, radio personalities Tony St. James and Jeremy Bryant will entertain with a wager they made on the air. St. James will shoot three shots from half-court, if he makes one of the three, then Bryant must wear a dress to Floydada's home opener of the basketball season. "I've been in training for three weeks on my recliner," says St. James.

One thing to remember is bring a radio with you to the ballgames, if you

do, you have a much better chance of winning. Bryant promises during both games to add some "wrinkles" to make the games more enjoyable to watch. For example, you will see a combination of two sports into one during the game.

"It's a lot of fun to watch as a spectator and it should be two competitive ballgames," says Nick Long.

Last year, the youth of the Floydada girls varsity outlasted the Floydada graduates as the varsity won the inaugural game. The boys game saw the high school varsity jump out to a 17 point lead in the first half, but the alumni caught fire behind the 3-point line in the second half on their way to a comeback victory.

"If Michael Jordan can wait until the last minute to decide to play this year, I can do the same. Besides, we have a lot in common, we're both tall," says Bryant replying to the question whether he will play or not on Friday.

Make sure to bring the whole family with you to the game, and your radio and expect a night full of competition plus some wild surprises.

IRS checks are in the mail

Beginning July 23, every taxpaying American will be receiving a tax refund check from the U.S. Treasury. The checks are for as much as \$300 for single taxpayers, \$500 for heads of households and up to \$600 for married couples.

In June, Congress passed and President Bush signed into law the Tax

Relief Act of 2001. It provides substantial, long-term tax relief to those who pay federal taxes - and immediate tax relief in the form of rebates on the incomes taxes Americans have already paid in 2001, before their rates were reduced. "This landmark legislation provides for the largest federal

School Supply Lists Inside This Edition

FISD adopts new dress code

Floydada School Board Trustees approved a new dress code for FISD during their regular board meeting, Tuesday, July 10.

Prohibited in the dress code are sagging pants, halter-tops, and tank tops. All male students must tuck in upper body clothing. Clothing with insinuations or reference to alcohol, drugs, violence, illegal, immoral activities, or camouflage clothing is not acceptable. (A detailed dress code can be found on page 6).

Trustees approved the transportation/fuel supply bid from Cornelius Conoco at \$40,994.50. The other bid received was from Consumers for \$41,299.30.

Coach Robin Nixon gave an overview. **Continued On Page 4**

AIRPORT BOARD SEEKING FUNDS FOR RENOVATION--The City of Floydada has been awarded a grant for the Floydada Municipal Airport. The grant will allow for the total rebuild of the taxiway and areas around the hangers plus widening and lengthening of the runway. The grant requires the city provides a 10 percent match of the total cost of the project. The estimated cost of the project is over 1 million. The City will be putting up 50% of the match (up to \$100,000) and the airport board has to raise the other 50%. The larger runway would allow larger corporate planes to land and take off and many feel this will aid in economic development for the City of Floydada. The Airport Board is asking for donations toward the project. All checks can be made to the Floydada Airport Rebuilding Account, c/o City of Floydada, Box 10, Floydada, TX., 79235.

Council picks Economic Development Committee

Lockney City Council met July 10, and approved a Junk Car ordinance (see pg. 6 for detailed ordinance).

The Council also approved a temporary Economic Development Committee, consisting of: Phillip Glasson,

Bobby Hall, Russell Harris, Brenda Johnson, Abel Luna, Charlie McQuhae, and Eddie Teeter.

Company leasing Lakeview property for seismic studies

A recent visit to the Lakeview Community by a seismograph company seeking to lease land, has led citizens to start asking questions about "understanding contracts".

According to Lakeview resident Joyce Williams, "There has been a representative from a seismograph company in town looking to lease all the land he can get 2 miles north of Lakeview, 1 mile south, and crossing the Ralls Highway. We have been told the land would be leased for two years.

"Before we sign anything, the landowners wanted to get as much education as they could on how to understand a seismograph contract."

To help these citizens read and un-

derstand these contracts and seismograph operations, two representatives of the Panhandle Producers and Royalty Owners Association, Wayne Hughes and William Harris, will meet with land and mineral owners from eastern Floyd County, Monday, May 23, in the Lighthouse Electric Community Room, at 7:00 p.m.

"We will talk about the relationship between 3-D seismic operators, land and mineral owners and oil and gas producers during the meeting," said Hughes, who is executive vice president of the association. "We will also talk about the various programs of PPROA."

Harris, who is president of William

P. Harris Oil and Gas Properties of Amarillo, will summarize the 3-D seismic interpretation process. He will also discuss the kind of lease documents which are used to authorize seismic sensing crews and equipment on the land and what effect those operations have on normal farming and ranching operations.

Mr. Harris is a Certified petroleum Land Manager with over thirty years experience in the exploration and production phase of the oil and gas industry. Mr. Hughes has been the executive V.P. of PPROA for over 10 years. He is the nephew of Henry and Olive Hinton of Dougherty.

Senator Haywood dies

State Senator Tom Haywood, 61, died at his home in Wichita Falls early Thursday morning, July 11, after apparently suffering a heart attack.

Haywood, represented Senate District #30, which included Floyd County.

Haywood's death comes on the heels of what he considered his most successful session as a member of the Texas Senate. Thirty-nine bills either written by Haywood, or House bills sponsored by him in the Senate were signed by Governor Perry. Additionally, several Haywood initiatives passed as amendments to other bills. In May, the Associated Press named him one of the six "Movers and Shakers" of the 77th legislature.

Gov. Rick Perry said of Haywood, "Anita and I are deeply saddened upon hearing of Tom Haywood's death. In recent years, there has been no better example of courage and selfless service to his state than Tom Haywood.

"Despite the personal challenges he faced daily, Tom never let them interfere with his commitment to serving the people of his district and of this state. Texas has lost more than a senator. We have lost someone who truly loved Texas and personified what public service is all about. His leadership in the Senate will be missed."

During his tenure in public office, the senator made family values, tax incentives and agricultural issues his focus. He served on the Education, Natural Resources, Economic Development, State Affairs, Military Affairs and Nominations Committees. He was

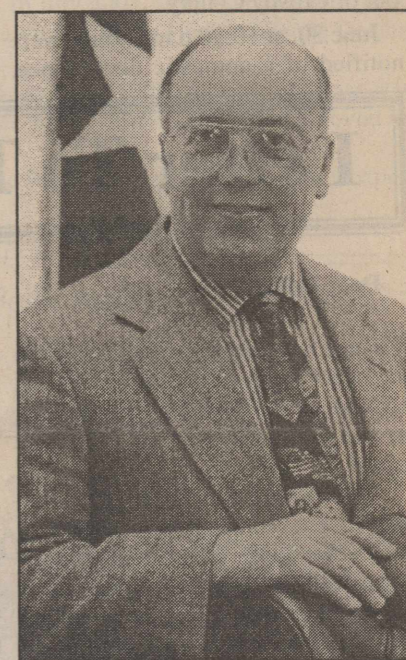

also chairman of the Senate Subcommittee on Agriculture, and co-chairman of the Joint Interim Committee on Agriculture Policy.

Haywood was a former associate professor of physics at the University of North Texas in Denton and Midwestern State University (MSU) in Wichita Falls. While at MSU, he also served as the director of University Affairs. In 1979, Haywood left the education field to become vice president of the North Texas Oil and Gas Association (NTOGA). Under his leadership, NTOGA became one of the most respected industry organizations in the nation.

Senator Haywood, along with his wife, Pat, was a native of Dallas. He resided in Wichita Falls since 1971.

Lt. Gov. Bill Ratliff, a longtime friend and colleague, said, "Haywood's death is a great loss. He was a gentleman, a leader and one of the best friends Texas ever had. He blessed the Senate with a special brand of bravery that was a daily inspiration to everyone who knew him."

Senate District #30, which Haywood represented, included the counties of: Archer, Armstrong, Baylor, Briscoe, Carson, Castro, Childress, Clay, part of Collin, Collingsworth, Cooke, Cottle, part of Denton, Dickens, Donley, Fisher, Floyd, Foard, Grayson, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Montague, Motley, Scurry, Stonewall, Swisher, part of Taylor, Throckmorton, Wheeler, Wichita, and Wilbarger.

SENATOR TOM HAYWOOD

Haywood is survived by his wife, Pat; three daughters; Alisa Green, of The Colony; Denise Haywood, of Wichita Falls; Jamie Ratliff, of Grand Prairie; and eight grandchildren. His son, Tommy, preceded him in death on May 27.

The funeral service was held at 2:00 p.m., Saturday, July 14, at First United Methodist Church in Wichita Falls.

The family requests that memorial be made to: The Society of Progressive Supranuclear Palsy Inc., Woodholme Medical Building, Suite 515, 1838 Greene Tree Road, Baltimore, MD., 21208; or First United Methodist Church, Box 2125, Wichita Falls, TX., 76707-2125.

LISD approves bids for paving and sidewalks

Lockney School Board trustees spent the majority of their regular meeting, July 12, discussing the budget and the loss of state funds.

According to Superintendent Raymond Lusk because of declining enrollment there would be a sizeable deficit in the budget. "We will be spending money out of the fund balance to fund the budget," said Lusk. "The State will recapture \$900,000 from us in September."

The \$900,000 is part of the funds given to the district by the Texas legislature and is calculated based on past enrollment figures.

The trustees accepted the resignation of Home Economics teacher Trena Aston. Tamarah Smith was hired to replace Aston. Also hired was Ross Lassiter as assistant coach.

The board approved concrete bids by Isidoro Sanchez to fix the sidewalks behind the high school, band hall, and old gym. The cost for repairing the sidewalks is \$5,900.

Also approved was a bid by Thrasher paving to repave the elementary school parking lot for \$23,492, and behind the old gym for \$8,885.

City Bank Lockney was the only depository contract bid offered to the board. The bid was approved.

Floydada Police Report

June 13th, at 11:00 a.m., Floydada Police were called to the 400 block of W. California in reference to someone stealing public utilities. Diecisiete Rosa, 20, of Floydada, was charged with Misdemeanor Theft.

June 14th, at 6:00 a.m., police took a report of a stolen bike. The boy's blue and black Mongoose Bike was stolen from the carport.

June 16th, police were called to a "fight in progress" behind Sue's Gifts. "The officer responding to the call turned onto Main Street and saw an individual, identified as Floyd County Jailer Chris Sanchez, flagging down the officer," said Floydada Police Chief Darrell Gooch. "The jailer was chasing escaped inmate, Richard Garza."

According to Gooch, Garza picked up a board to fight off Sanchez. Sanchez then backed off and waited for backup to arrive.

Garza was apprehended at the scene and returned to the County Jail.

According to Gooch, Garza escaped by crawling over the fence in the exercise yard.

Garza was in jail for Parole Violations. He was on parole after serving time for Assault on a Police Officer. He has now been charged with Escape.

June 22nd, at 3:25 p.m., Erminio Yannis, 49, was arrested for outstanding warrants out of Garza County.

June 25th, police stopped a vehicle on 2nd Street. The driver, Francisco Luna Jr., 24, of Floydada, was arrested for Driving While License Suspended and on a warrant for probation violations.

June 25th, police stopped a vehicle for speeding on the Ralls Highway. Balentine Riojas Jr., 20, of Floydada, was arrested for outstanding warrants out of Crosby County.

June 30, at 10:20 p.m., police were notified of a domestic disturbance.

Arrested at the scene were Flore Sanchez, 27, and Jorge Ramirez, 28, and both were charged with Domestic Violence.

July 4th, police were dispatched to a "fight in progress" in the 500 block of E. Price.

According to Chief Gooch, "When the officer arrived he saw one body laying in the street with blood around him and 50 or 60 people running in that neighborhood. One group was chasing another group and one man was out in front running away. The officer drove over to the man who was being chased and put him in the police car and then returned to where the man was lying down. When he got out to check on the man, two women came running up to the officer and started accusing each other of assaulting the other one."

"The officer attempted to separate the women but they started fighting again. The officer was able to push them apart and arrested both for disorderly conduct."

Also arrested was Jesus Rodriguez, 27, of Lubbock, for aggravated assault.

The victim was treated by EMS and taken to W.J. Mangold Hospital in Lockney. He received stitches to the head and was kept overnight for observation.

July 9th, a man reported the theft of a trailer axle from his place of business.

July 11, police were working traffic at 2nd and Missouri and the officer witnessed two vehicle pull up to the light and stop. According to Gooch, "the man in the back vehicle stuck his head out the window and shouted a threat to the person driving the first vehicle in front. The officer then arrested Israel Martinez, 20, of Floydada, for Terroristic Threat."

A view from The Lamplighter

By Ken Towery
email: chowdipper@earthlink.net

We see by the papers: The Bush Administration is preparing to "enter into negotiations" with Mexican government concerning the status of some 3 million (plus or minus) Mexican citizens not living illegally in the United States.

The Administration, according to early published reports on the U.S. proposal, would like to offer those Mexicans who have violated immigration laws and avoided authorities all these years a free pass to U.S. citizenship. They would then join millions of illegals who have been granted "amnesty" in the past under previous Administrations and previous Congresses.

Lyndon Baines Johnson, who was President during parts of the 60s, must be smiling from wherever he is. It was he who forced through changes in our immigration laws to give preference to so-called "undeveloped" countries of the world. That change was the granddaddy to a host of rules, edicts, acts of Congress, blind eyes, what have you, that helped change the politics and culture of America.

Few of those changes, very few of those changes, have actually benefited America or the native-born citizens of America, no matter what their race, color or ethnicity. But all those changes have benefited the government of Mexico, which sees the

United States as a convenient safety valve for all its problems. And it has benefitted a great many industries, welfare workers, emergency room personnel, and government agencies in general.

Above all, it has created many, new voters who the politicians look upon as possible "electors" and who t.v. barons look upon as potential viewers in the rating game. In any case the creation of "new citizens" is a birds nest on the ground of many "haves" in America. But it is something less for the "have nots" already here.

Readers of this column may remember that we have worried about Mr. Bush's immigration stance from the beginning. In the beginning he was convinced (probably by some of his close advisors) that because he could speak Spanish, and because he was from Texas, he could and would reap a majority of the Spanish-speaking vote. Despite all the hoopla, he received less of that vote than did Al Gore, who probably didn't know 10 words in Spanish. And he received no more of that vote (as a percentage of the whole) than did the conservative--some would say "right wing"--John Tower who was a Texas Senator for nearly 20 years.

Bush has shown entirely too much of a tendency toward pandering for minority groups, in our opinion. The

Jews in America voted overwhelmingly against him, yet he adopts a pro-Israel stance in foreign policy. So why, pray tell, should they vote for him? What have they to lose by continuing to vote against him? The black vote went more heavily against him than in any election in memory, yet his top picks for State Department and National Security go to blacks. So why should they not vote against him? The Spanish speaking population gives a vast majority of its vote to Gore, yet Mr. Bush orders the U.S. Navy to vacate long time training grounds on Vieques simply because of a generated political squabble in Puerto Rico that his advisors told him might cost him some votes. Now he seeks, or may seek, a "solution" to the illegal immigration of millions from Mexico by simply making them citizens. Again, why should they vote any different than in the past? The results, they have every right to believe, will be that same.

We probably should say here that we have no real quarrel with any of Mr. Bush's appointments, regardless of the race, color or ethnicity. They are, or seem to be, qualified individuals. But to say race, color, ethnicity or whatever, was not considered in their appointment is hog wash. And to say that the appointments will have any significant impact on the future

voting patterns is also hog wash.

I am reminded, at this point, of the State Senate race between Mr. Frates Seeligson and Mr. Henry Gonzales in San Antonio many years ago. Seeligson was a House member from San Antonio. He was very rich. He ran a well funded race. On San Antonio's West Side somebody constructed a little ditty that was played repeatedly at political rallies where Frates footed the bill. It went something like this: "Frates Seeligson is a real nice guy. We'll drink beer, and eat his tamales, and then we'll vote for Henry Gonzales." Needless to say, Henry won, and went on to become a Congressional buffoon for many years.

What should Mr. Bush do? Whether he's dealing with Vieques or the immigration matter, he ought to hold to what's good for this country and let the chips fall where they may. The voters will follow. Or at least the votes of most right-thinking Americans, would follow.

Judging from earlier Congressional reaction to the Administration's musing in the immigration matter, we have at least one United States Senator who has his head screwed on right. Senator Phil Gramm was quoted saying the "amnesty" proposal, as first leaked to the press, was "a bad idea." He added, "We ought not reward lawlessness." Our thoughts exactly.

Courtroom Activities

In County Court, July 12, 2001:

Maximo Castaneda Jr., pled guilty to a May 25, 2001 charge of DWI. He was fined \$600 and court costs, and sentenced to 180 days in jail which was probated for 2 years.

Roberto Luna, 47, of Floydada, pled guilty to a February 2, 2001 charge of DWI. He was fined \$600 plus court costs and sentenced to 180 days in jail which was probated for 2 years.

Amos McCovin pled guilty to a DWI charge from May 25, 2001. He was fined \$600 and sentenced to 180

days in jail which was probated for 2 years.

Danny Joe Plasencio pled guilty to DWI-2nd charge from May 25, 2001. He was fined \$750 and court costs, and sentenced to 9 months in jail which was probated for 2 years. His Driver's License was suspended for 6 months.

Jorge Varga Villarreal Jr., 22, of Lockney, pled guilty to a March 12, 2001 charge of Reckless Driving. He was fined \$200 plus court costs.

Letter To The Editor

Dear Editor

There have been several articles in the paper lately about improving the appearance of Floydada. I would like to see all the streets of Floydada paved.

This would greatly improve the impression visitors receive when they are in Floydada. Gary Brown is willing to look into paving the streets, but the homeowners along the street are the ones who will have to pay for the paving.

If a long stretch of road can be paved at once, the cost is cut down considerably for each homeowner. If you are interested in having a street

paved near your home, please contact City Hall and have them put your name and address on a list.

Also, for the property owners next to Sunset Street, Gary is working on curbing along that street. If you are tired of keeping up (mowing, etc.) part of the city's street, and if you are willing to pay to have your part curbed, please call City Hall. This will happen sooner than the paving, so call soon. The more we can get to participate, the less it should cost each property owner. Also ask about installing stop signs along that street.

By Margarette Word

The center is open Monday through Friday. If you plan on eating lunch please call the center at 983-2032 by 10 a.m. The center is located at 301 E. Georgia.

Bob and Evalene drove to Dolores, Colorado to attend a grandson's wedding held Sunday, July 8th. In a garden wedding, Garrett Queen and Jennifer Sheppard of Midland were married with 100 relatives and friends attending.

Love Moore spent several days in Virginia with her two daughters and their children at the beach.

I went to Amarillo to be with my three sisters a couple of days this past week.

Saturday evening, July 14, 2001 Edna Patton's celebrated her birthday at her house with a birthday supper provided by her son, George and his wife Donna of Abernathy. Money and gifts were given to Edna by sons, George and wife Donna, Carrol, W.C. of Lubbock and Larry Patton and Marcia his wife of Clermont, Florida,

also a friend Edd Hobney of Lubbock.

Grandchildren, David Patton of Lubbock and his wife Suzanne and Lisa and Ernie Stane of Lubbock were present. Also present were great-grandchildren, Haley and Cameron Patton and Chance and Chase Stane.

Birthday cake was made by Lisa Stane and sons.

Jo Wester recently moved to Lubbock. We will miss her.

Our sympathy to the family of Lyndell Roberts.

Billie Jordan is home after having back surgery.

Charles Haensch is home after having quadruple by-pass heart surgery. We do appreciate you remembering the center when you need to make a memorial donation.

In memory of **Joy Jones**- Reverend Ione and Vic Sedinger, Mr. and Mrs. Bill Feuerbacher.

In memory of **Alma Dunn**- Judy Beedy.

In memory of **Lewis Reedy**- Judy Beedy.

Thought For The Week

There is a Chinese Proverb that says - If there is righteousness in the heart, there will be beauty in character.

If there is beauty in Character, there will be harmony in the home.

If there is harmony in the home, there will be order in the nation.

If there is order in the nation, there will be peace in the world.

Menu July 23-27

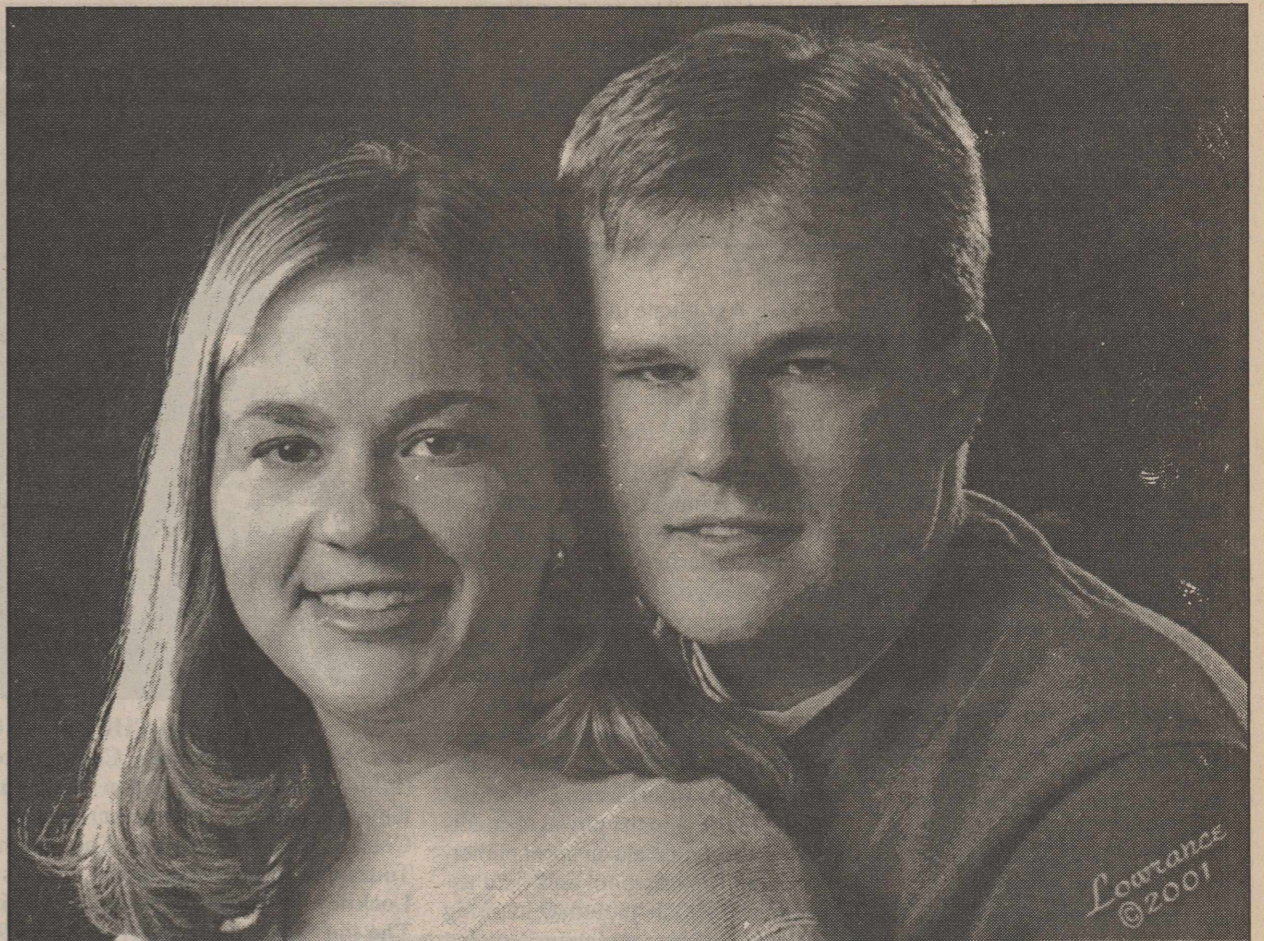

Monday- Lemon chicken, kidney or red beans, zucchini, tossed salad with ranch, hot roll, peaches.

Tuesday- Pepper steak, rice, green beans, sliced tomatoes, wheat roll, chocolate cake.

Wednesday- Roast beef, brown gravy, tater tots or fries, peas and carrots, toast or bread, fruit salad.

Thursday- Chicken pot pie, tossed salad w/ ranch, cornbread or roll, purple plums, cookies.

Friday- Pork chops, mashed potatoes, mixed vegetables, coleslaw, biscuit or roll, baked apples w/ cinnamon.

JENNIFER RENEE GIVENS AND JONATHAN WILLIAM TRYER

Givens and Tryer

Dr. Ted and Sue Givens of Denton, Nebraska, formerly of Plainview, are proud to announce the engagement of their daughter, Jennifer Renee Givens of Dallas to Jonathan William Tryer of Dallas, formerly of Odessa, son of Thomas E. and Valry Tryer of Midland.

The bride-elect is the granddaughter of Lena Givens and the late Melvin Givens of Crosbyton and Milton Harrison and the late Marie (Jo) Harrison of Floydada.

The future bridegroom is the grandson of the late Dorothy and William Blieden of Beaumont and Stella and the late Harry Tryer of Beaumont.

The bride-elect is a 1994 graduate of Plainview High School and a 1998 graduate of Texas A&M University in College Station where she received a Bachelor of Science in Microbiology. In July 2001, she also received a Master of Science degree in Microbiology and Molecular Genetics from the University of Texas Health Science Center at Houston Graduate School of Biomedical Sciences.

The future bridegroom is a 1995 graduate of Permian High School of Odessa and a 1999 graduate of Texas A&M University where he received a Bachelor of Science degree in Industrial Engineering. He is currently employed with APW in Dallas.

The couple plans to wed on Saturday, August 4, 2001 at 11:00 a.m. at the Marty Leonard Community Chapel in Fort Worth.

death tax and across-the-board income tax relief. In addition, congress has doubled the child tax credit to \$1,000 and expanded education savings accounts.

"The four major provisions of the legislation will save Texans \$62.7 billion through rate reductions and estate tax relief, \$12 billion in expanded child tax credits and \$4.5 billion for marriage tax penalty relief, for a total of \$79.1 billion over the next 10 years," said Hutchinson.

"Nationwide, 100 million individuals and families will participate in this tax cut; 14 million elderly Americans will receive a tax reduction, resulting in 12 million paying less tax on their Social Security benefits. More than 40 million couples will get married tax penalty relief and 3 million couples will no longer have to itemize deductions as a result of an increase in the standard deduction."

In addition to their tax rebates, Americans also will see a phase-in over 10 years of relief from the marriage tax penalty, elimination of the

The U.S. Treasury is only able to send out 11 million checks a week, so the Treasury will issue the checks in 10 separate mailings over 10 weeks, according to the last two digits of the taxpayer's Social Security number.

Taxpayers don't need to do anything to receive the checks. Those who have moved should file a change of address form with the U.S. Postal Service to ensure their checks go to the right address. They also may notify the IRS directly by filing Form 8822, "Change of Address."

4-H'ERS JUDGE--Floyd County 4-H members Senee Foster (left), Morgan Norrell (center), and Brady Ragland (right), recently attended a Livestock Judging Camp at Seward County Community College, in Liberal, Kansas on July 6th and 7th. Approximately 50 youth from Texas, Oklahoma, and Kansas participated in the two day camp which was hosted by SCCC Ag Department and Livestock Judging Team. Participants received judging training in cattle, swine, and sheep, as well as oral reasons, note taking and presentations. The final afternoon a contest was held where Brady Ragland received 2nd High Individual, Morgan Norrell 3rd and Senee Foster, 4th. They were accompanied by County Extension Agent and Coach J.D. Ragland.

Military News

Marine Corps Pvt. Isaias M. Lerma, a 1999 graduate of Lockney High School recently completed basic training at Marine Corps Recruit Depot, San Diego.

Lerma successfully completed 12 weeks of training designed to challenge new Marine recruits both physically and mentally.

Lerma and fellow recruits began their training at 5 a.m., by running three miles and performing calisthenics. In addition to the physical conditioning program, Lerma spent numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat, and assorted weapons training. They performed close order drill and operating as a small infantry unit during field training.

Lerma and other recruits also received instruction on the Marine Corps' core values -- honor, courage, and commitment, and what the words mean in guiding personal and professional conduct.

Lerma and fellow recruits ended the training phase with The Crucible, a 54-hour team effort, problem solving evolution which culminated with an emotional ceremony in which the recruits were presented the Marine Corps Emblem, and were addressed as "Marines" for the first time since boot camp began.

Navy Petty Officer Steven Galvan, son of Josefina Galvan of Lockney and Isidro Galvan of San Juan, recently reported for duty aboard the amphibious assault ship USS Belleau Wood, forward deployed to Sasebo,

Japan.

He is a graduate of Vincennes University, Vincennes, Indiana with an associate's degree. He is a 1981 graduate of Lockney High School. He joined the Navy in 1987.

Marine Corps Pvt. Javier Salazar, son of Maria and Antonio Garcila of Lockney recently completed basic training at Marine Corps Recruit Depot, San Diego.

Salazar successfully completed 12 weeks of training designed to challenge new Marine recruits both physically and mentally.

Salazar and fellow recruits began their training at 5 a.m., by running three miles and performing calisthenics. In addition to the physical conditioning program, Salazar spent numerous hours in classroom and field assignments which included learning first aid, uniform regulations, combat water survival, marksmanship, hand-to-hand combat, and assorted weapons training. They performed close order drill and operating as a small infantry unit during field training.

Salazar and other recruits also received instruction on the Marine Corps' core values -- honor, courage, and commitment, and what the words mean in guiding personal and professional conduct.

Salazar and fellow recruits ended the training phase with The Crucible, a 54-hour team effort, problem solving evolution which culminated with an emotional ceremony in which the recruits were presented the Marine Corps Emblem, and were addressed as "Marines" for the first time since boot camp began.

Fortenberry's gather for 50th annual reunion

Members and friends of the Fortenberry family will gather Friday and Saturday, August 3rd and 4th at the Massie Activity Center in Floydada for their annual reunion. Games, skits, and entertainment will begin at 6:00 P.M. If you would like to participate in our contest, dig in your closet and wear something you would have worn in high school. A prize will be given.

Hamburgers and drinks will be provided for supper. Bring your favorite

homemade ice cream for dessert. Saturday morning a hearty breakfast of bacon, biscuits, eggs and gravy, rounded with cinnamon rolls and coffee, will be provided from seven until nine o'clock. An entertainment program, also with a short business meeting will begin at 10:30.

At noon; bread, meat, drinks, and utensils will be furnished. Bring and share your favorite dish.

A copy of the Reunion Cook Book will be available.

Thanks for reading the Hesperian-Beacon

HAC unveils farm bill plans

By Shawn Wade

With the three basic elements sought by the cotton industry serving as the backbone of the proposal, Plains Cotton Growers officials say the framework laid out by the House Ag Committee (HAC) staff on Thursday sets the stage for development of a significantly improved U.S. Ag policy.

Although feeling that support levels outlined for cotton were lower than needed to fully realize the safety net envisioned in PCG's policy, the best description of PCG's initial reaction is cautiously optimistic.

"The concept paper presented by the House Ag Committee staff provides a framework that we believe provides the best combination of delivery mechanisms," notes Steve Verett, PCG Executive Vice President. "We have never advocated an approach that put all our eggs in one basket and we are pleased that the Committee is including the multiple part approach in its proposal."

One thing about the proposal that is going to be key to the discussions between Congress and the Agriculture industry is that any changes that are proposed to increase funding in one area will have to be offset by reductions in spending in other areas.

Taken together the proposal projects program costs near \$168 billion over the ten-year period from 2002-2011. This includes \$73.5 billion in new spending over the period.

House Ag Committee Chairman Larry Combest has every intention of having a new Program implemented for the 2002 crop year, although much will hinge on the speed with which the Senate completes its version of new legislation.

Marketing Loan Program Retained
The HAC staff proposal made very few changes to the base loan rates for program crops. The only exceptions to this were soybeans and minor oilseeds, which saw their rates reduced slightly.

Cotton loan rates would be established at the current level of 51.92 cents per pound. PCG officials have advocated, and still feel strongly, that the base loan rate for cotton needs some adjustment to more closely reflect modern production costs. PCG has suggested a move up to 60 cents per pound.

Payment limits for loan deficiency payments and marketing loan gains remain unchanged at \$75,000. Availability of generic commodity certificates was retained.

Fixed Decoupled Payments
The HAC proposal retains a fixed, de-coupled payment for all program crops at the 2002 Agriculture Market Transition Act (AMTA) payment rates. The cotton payment rate under this part of the program would equal 5.54 cents per pound.

The fixed payment would be paid on 85 percent of the enrolled farms

payment acreage base multiplied by the current payment in effect of the farm.

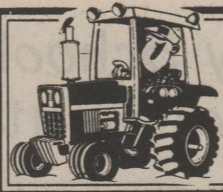

Growers will be allowed the option of updating base acres to reflect the average cropping pattern on the farm during the 1998-2001 time period, or they can elect to leave the bases unchanged. Payment yields will remain frozen at current levels.

Counter-Cyclical Price Support
Proposed implementation of a counter-cyclical, Target Price-based, support mechanism is a return to the type of support last seen in the 1990 Farm Bill. The HAC Proposal reintroduces target prices for all program commodities at 1995 levels, and institutes new targets for soybeans and minor oilseeds.

The target price for cotton is proposed to be 72.9 cents per pound. Payments would not be tied to planting, but would instead be made on 85 percent of the payment base acres on the farm times the frozen payment yield.

Counter-cyclical price payment rates would be determined by subtracting the total of the fixed, decoupled payment (5.54 cents for cotton) and the higher of the average price received by growers or the base loan rate for cotton from the 72.9 target price.

Additional analysis and updates on the development of the proposed legislation will be published as it becomes available.

Floyd county Farm News

Farm Bureau criticizes redistricting plan

By Gene Hall
The state's largest farm organization has sharply criticized the Texas House redistricting plan introduced by Texas Attorney General John Cornyn Monday.

Texas Farm Bureau President Donald Patman said, "We believe the Attorney General's redistricting plan appears to be partisan and we see it as very unfair to rural Texas."

Cornyn's plan pairs incumbent Democrats in 10 new districts and pairs two Republicans in only one district. Nine new districts would have an incumbent Democrat facing a Republican incumbent. There are 22 open seats in the plan, creating new districts where no incumbent currently resides.

In two cases, in Galveston and Travis County, three incumbent House members would face off in elections against each other. Harris County and Houston would grab 25 seats under the Cornyn plan. Those gains in Harris County proposed by Cornyn would be primarily at the expense of rural West Texas.

"It is not unexpected that agriculture and rural Texas would lose seats during this redistricting process," Patman said. "But under the Cornyn plan rural Texas is being shorted. There are very substantial communities of interest in rural Texas, including the agricultural industry."

Patman, a grain, cotton and cattle producer from Waxahachie, said that Cornyn's plan is unacceptable. "Farm Bureau is non-partisan,"

Patman said. "Agricultural issues are neither Republican or Democratic, and we will oppose any attempt to gerrymander a partisan House at the expense of rural issues."

The Farm Bureau leader said that the most over populated district in the Attorney General's plan is district 83, which includes the West Texas counties of Cochran, Gaines, Hockley, Yoakum and part of Lubbock. In Harris County, 23 of the 25 proposed seats are under populated, according to constitutional guidelines. The effect of the under populated districts would create more urban districts, at the expense of rural Texas.

"It makes no sense to force an already dwindling representation in rural Texas into fewer seats than is justifiable," Patman said.

Think Texas
by Agriculture Commissioner
SUSAN COMBS

Hot Texas summers call for some cold comfort, and ice cream does the trick for many Texans. In fact, July-one of the hottest months of the year is National Ice Cream Month, and more than 1 billion pounds of Texas milk were used in ice cream and other frozen products last year alone.

Ice cream has become an American staple, with each person consuming about 23.2 quarts of ice cream, ice milk, sherbet, ices and other commercially produced frozen dairy products a year. Texas ranks third in the nation in number of gallons produced, and the frozen dairy product industry has become a major market for our dairy farmers. The top five counties in terms of milk production are Erath, Hopkins, Comanche, El Paso and Archer.

It's no surprise Texans are ice cream lovers, considering our warm weather, healthy dairy industry and, of course, the simple fact that ice cream tastes good on a hot Texas day. Ice cream, which is made with a combination of milk products and sweetening agents, is a favorite dessert, but it also has

many useful nutrients and is a great source of calcium.

Older children, teenagers and adults older than 50 need three servings daily from the milk group, according to the U.S. Department of Agriculture's Food Guide Pyramid. Others need two servings daily. Fat-free and low-fat ice creams have become readily available; the lowfat varieties have three grams or fewer in a four-ounce serving.

What better way to celebrate summer, support our dairy industry and even reap some health benefits.

2001 severe weather season highlights

(Reprinted from "The West Texas Twister" - a publication of the National Weather Service Forecast Office)

February- Like the 2000 severe weather season, we had another unusually early start this year with severe weather reported on both the 8th and 20th of the month. Severe thunderstorms produced wind damage in Lamb County and hail up to golfball size in Farmer, Swisher, Garza, and Dickens Counties.

March - Severe thunderstorms produced hail up to golfball size and wind gusts up to 70 mph across several counties of the South Plains on the 23rd.

April - On the 4th, there were a dozen reports of large hail up to 2 inches in diameter in Terry, Hockley, Lubbock, and Hale Counties. Strong thunderstorm wind destroyed a number of center pivot irrigation systems

and wind that likely exceeded 100 mph resulted in major damage in Happy on the 6th. The West Texas Mesonet site near Olton measured an 83 mph gust. On the 21st, there were 30 reports of damaging wind and hail up to 2 inches in diameter across nine counties of the South Plains and extreme southern Panhandle.

May - Severe weather was reported on twelve days this month. There were 19 reports of hail up to baseball size and two brief tornado touchdowns on the 2nd. On the 3rd, there were 57 reports of hail and damaging wind as well as two brief tornado touchdowns across the South Plains and extreme southern Panhandle. The severe weather event evolved into a heavy rain event with flash flooding reported in eleven counties. On the 17th, there were 35 reports of large hail with baseball to softball size hail occurring near New Deal. On the 26th, a tornado lasting about 25 minutes produced minor

damage in southern Hockley County. A long-lived supercell produced hail up to tennis ball size and several tornadoes as it tracked eastward across Swisher, Briscoe, Hall, and Childress Counties on the 29th. A powerful windstorm affected the South Plains on the 30th. Wind gusts of 105 mph were measured at the West Texas Mesonet site at Reese Center. This storm resulted in an estimated \$100 million damage to property and another \$70 million to crops across Lubbock, Lamb, Hockley, and Lynn Counties.

June - Large hail up to two inches in diameter was reported in Crosby, Lubbock, Dickens, Kent, Stonewall, and Hall Counties on the 1st, 4th, 14th, and 24th. At least eight tornadoes, several of which lasted 20 to 30 minutes, were reported across Motley, Floyd and Briscoe Counties on the 5th. The severe storms also produced hail up to baseball size across the same areas.

Cotton Growers object to USDA's ruling on WTO

By Shawn Wade

In a letter to Secretary of Agriculture Ann Veneman, Lubbock-based Plains Cotton Growers, Inc. objected to the USDA determination that 1998 supplemental Agriculture Market Transition Act (AMTA) payments were in fact trade distorting and fall under the WTO Amber Box classification.

Amber Box programs are defined as trade distorting payments and limited by the World Trade organization agreement to which the United States is a signatory.

By unilaterally designating and reporting the 1998 supplemental AMTA payments as Amber Box, the USDA risks exceeding the Amber Box limits and would have to reduce Amber Box payments in future years. This also sets a precedent for designation of the 1999-2001 supplemental AMTA payments as Amber Box and further ties the hands of the U.S. Congress to support the domestic Agriculture industry in the United States.

The PCG letter states: "It is our belief, however, that USDA should take a position that supports U.S. Agriculture. We feel that identifying the 1998 supplemental AMTA as Amber Box is contrary to the manner with which USDA and the U. S. government SHOULD BE DEFENDING its method for supporting the U.S. agriculture industry. In this instance we think a Green Box determination should be made because: (1) hindsight shows that the payments were not in fact trade distorting; and, (2) the designation is in the best interests of U.S. agriculture. If other WTO members want to dispute the designation then the burden of proof should fall to them to prove distortion of trade as a direct result of the aid."

PCG urged Secretary Veneman to reconsider the decision and to instead report the payments as Green Box, non-trade distorting program payments.

Plainview

Students new to Duncan Elementary School may begin to register for enrollment

You may register at any time before the first day of school. The office is open Monday through Thursday, 9:00-12:00 and 1:00-3:00.

The age requirement for Prekindergarten is that a student may be 5 or before the first day of September 2001.

Please bring birth certificate, immunization record and social security card for each child enrolling.

The immunization clinic will be

held at Duncan Elementary for all students of the FISD who need to update their immunization record. Immunizations will cost \$8.00 each. Medicare will be accepted. The date of the clinic will be Tuesday, August 7. Clinic hours will be 9:00-12:00.

To parents of prekindergarten and kindergarten students:

During the first two weeks of school, prekindergarten and kindergarten students will be released at

12:00 noon. This will be after their lunch. Students who ride the bus may stay all day. Students shall be picked up at the south entrance to the building at 12:00.

During this two-week period, teachers will be making home visits. If you, as a parent of a prekindergarten or kindergarten student have any questions, please call the Duncan school office at 983-5332.

See you at Old Fashioned Saturday in Lockney

SECTION 14 OF LOCKNEY, CITY ORDINANCE NO. 224 HAS BEEN CHANGED

Ordinance No. 224

AN ORDINANCE OF THE CITY OF LOCKNEY, TEXAS PROVIDING FOR THE ABATEMENT AND REMOVAL OF JUNKED VEHICLES OR PARTS THEREOF, AS PUBLIC NUISANCES, FROM PRIVATE PROPERTY, PUBLIC PROPERTY, OR PUBLIC RIGHTS-OF-WAY; PROVIDING FOR THE SEIZURE THEREOF; PROVIDING FOR EXEMPTIONS THEREFROM; PROVIDING PROCEDURES FOR THE ENFORCEMENT OF SUCH REMOVAL; AND PROVIDING A PENALTY.

WHEREAS, the City Council of the City of Lockney, Texas, has determined that junk vehicles or parts thereof constitutes a public nuisance whether located on private property, public property, or public rights-of-way; and

WHEREAS, the City Council has determined that the removal of junked vehicles or parts thereof from private property, public property, and public rights-of-way would serve the public interest of the citizens of Lockney, Texas;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Lockney, Texas, that:

Section 1: In this Ordinance:

(1) "Demolisher" means a person whose business is to convert a motor vehicle into processed scrap or scrap metal or to otherwise wreck or dismantle a motor vehicle.

(2) "Garage keeper" means an owner or operator of a parking lot or establishment, motor vehicle storage facility, or establishment for the servicing repair, or maintenance of a motor vehicle.

(3) "Junked vehicle" means a motor vehicle as defined in Section 1, Chapter 42, General Laws, Acts of the 41st Legislature, Second Called Session, 1929 (Article 6701d-11, Vernon, Texas Civil Statutes):

a. that is inoperative; and

b. that does not have lawfully affixed to it either an unexpired license plate or a valid motor vehicle safety inspection certificate, that is wrecked, dismantled, partially dismantled, or discarded, or that remains inoperable for a continuous period of more than 45 days.

(4) "Storage facility" means a garage, parking lot, or any type of facility or establishment for the servicing, repairing, storing, or parking of motor vehicles.

(5) "Motor vehicle" means a motor vehicle subject to registration under the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes), and also includes a motor boat, outboard motor, or vessel subject to registration under Chapter 31, Texas Parks and Wildlife Code.

(6) "Antique Auto" means a passenger car or truck that was manufactured in 1925, or before, or a passenger car or truck that is at least 35 years old.

(7) "Special interest vehicle" means a motor vehicle of any age that has not been altered or modified from original manufacturers specifications and, because of its historic interest, is being preserved by hobbyists.

(8) "Collectors" means the owner of one or more antique or special interest vehicles who collects, purchases, acquires, trades, or disposes of special interest or antique vehicles or parts of them for personal use in order to restore, preserve, and maintain an antique or special interest vehicle for historic interest.

Section 2. The Police Department of the City of Lockney, Texas, shall furnish notice to owner of a junked vehicle or vehicles or parts thereof on private property or on public property or on a public right-of-way requiring that the same be removed and abated within ten (10) days of receipt of the notice. Said notice shall further inform the owner that a request for a hearing must be made before the expiration of said ten-day period, such notice to be mailed by the Police Department by certified or registered mail with a five-day return requested to the last know registered owner of the motor vehicle and 11 lien holders of record and the owner or the occupant of the public property or public right-of-way whereupon such public nuisance exists. In the event any such notice is returned undelivered by the United States Post Office, official action by the Police shall be continued to a date not less than ten (10) days after the date of the return.

Section 3. Any vehicle which has been removed in accordance with the requirement of this ordinance shall not be reconstructed or made operable thereafter.

Section 4. Prior to the removal of the junked vehicle or any part thereof as a public nuisance, a public hearing shall be held before the City Council of the City of Lockney when such a hearing is requested by the owner or occupant of the public or private premises or by the owner or occupant of the premises adjacent to the public right-of-way on which said junked vehicle or part thereof is located within ten days after service of notice to abate the nuisance. Any resolution or order issued from the City Council requiring the removal of a vehicle or part thereof shall include a description of the vehicle and the correct identification number and license number of the vehicle, if available, at the site.

Section 5. Notice shall be given by the Police Department to the State Department of Highways and Public Transportation of the State of Texas within five (5) days after the date of removal of the junked vehicle or part thereof, identifying said vehicle, so that the Department can immediately cancel the certificate of title to the vehicle pursuant to the Certificate of Title Act (Article 6687-1, Vernon's Texas Civil Statutes).

Section 6. This ordinance shall not apply to a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property; a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or a junkyard; or unlicensed, operable or inoperable antique and special interest vehicles stored by a collector on his property, provided that the vehicles and the outdoor storage areas are maintained in such a manner that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery, or other appropriate means.

Section 7. The administration of this ordinance shall be vested in the Police Department of the City of Lockney, Texas, except that the removal of the vehicles or parts thereof from property may be by any other duly authorized person acting on behalf of or instructions from the Police Department.

Section 8. The expiration of the notice provided for herein, or after and order requiring the removal of such junked vehicle has been served upon or delivered to the owner or occupant of the premises on which said vehicle is located, the Police Department of the City of Lockney, or any other duly authorized person acting on behalf of or instructions from the Police Department, may, if said nuisance has not been abated, remove or caused to be removed the vehicle which is the subject of said notice to a suitable storage area designated by the City Secretary of the City of Lockney, Texas. Such vehicle shall be stored in such storage area for a period of not less than ten (10) days during which period any party owning or claiming any right, title, or interest therein shall be entitled to claim possession of the same by the payment of the City of Lockney, the actual cost of the City of abating such nuisance.

Section 9. When any junked vehicle has remained in the storage area provided for herein for not less than ten (10) days, it shall be the duty of the Police Department of the City of Lockney, Texas, to dispose of the same by removal to a scrap yard or by sale to any individual submitting the highest bid or offer received therefore or to remove the same to any suitable site operated by the City for processing as scrap or salvage. Out of the proceeds of the same, the City shall pay for the cost of removal and storage with the balance, if any, to be paid to the person or persons entitled thereto (either owner or lien holder).

If there is no bid or offer for the junked vehicle, the Police Department may dispose of the same by causing it to be demolished or removed to a place designated by the City Secretary, or by permitting it to be removed by an individual who is willing to do so for the benefit of the junk or parts he can salvage.

Section 10. The Police Department may, in its discretion, file a complaint in the Municipal Court of the City of Lockney, Texas, for any violation of this ordinance if such violation is not removed and abated, and a hearing is not requested within the ten day period provided in Sections hereinabove. Any person found guilty of maintaining a public nuisance as defined herein shall be punished by a fine not to exceed \$200.00 and the Court shall also order removal and abatement of the nuisance. Each and every day that this ordinance is violated shall constitute a separate offense.

Section 11. A junked vehicle or part thereof shall constitute a public nuisance when visible from a public place or public right-of-way which is detrimental to the safety and welfare of the general public, tends to reduce the value of private property, to invite vandalism, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, or is detrimental to the economic welfare of the City of Lockney by producing urban blight which is adverse to the maintenance and continuing development of the City.

Section 12. The City Police may enter private property for the purposes specified hereinabove to examine a vehicle or vehicle part, obtain information as to the identity of the vehicle, and remove or cause the removal of a vehicle or vehicle part that constitutes a nuisance.

This ordinance does not affect any law authorizing the immediate removal, as an obstruction to traffic, of a vehicle left on public property.

Section 13. If any section, sentence, clause, or phrase of this ordinance is, for any reason, held to be unconstitutional or otherwise unlawful, such holding shall not affect the validity of the remaining portions of this ordinance, and all of the remainder of this ordinance not so held to be unconstitutional or otherwise unlawful shall continue to be in full force and effect.

Section 14. All reasonable and necessary expenses incurred in the abatement of such Public nuisance may be charged against the owner or owners of such junked vehicle or Parts or against the property owner from whose property the items were abated. Such fees will be determined by the office of the Chief of Police and shall be payable in Lockney, Floyd County, Texas, by attachment of the said fee to the property owners utility bill, due at the time of the Payment of the said utility bill.

Section 15. AD ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 16. This ordinance shall become effective until ten days following its publication, one time, in the Floyd County Hesperian Beacon, a newspaper having general circulation in the City.

ADOPTED by the City Council of the City of Lockney, Texas, this 12th day of July 2001.

Gary Marr, Mayor

Attest:
Trish Davis, City Secretary

7-19c

American Heart Association

IT WASN'T THE FIVE-ALARM CHILI.
DAD MADE THE RIGHT CALL.

Carlos Bernal, 46 years old, heart attack survivor.

Acting fast may mean the difference between life and death. Recognize these signs of a heart attack:

Pain spreading to shoulders, neck and arms; uncomfortable pressure, fullness, squeezing or pain in the center of the chest that lasts more than a few minutes; and chest discomfort with lightheadedness, fainting, sweating, nausea or shortness of breath. New treatments can help reduce damage to the heart but only in the first few hours after symptoms begin. Every second counts. To learn more, call the American Heart Association at 1-800-AHA-USA1 or visit us at www.americanheart.org/tx

Obituaries

MICHAEL WAYNE BOX

Private family services were held for Michael Wayne Box, 19, of Ransom Canyon.

Mr. Box died Monday, July 9, 2001. He was born July 3, 1982, in Hurlwood and he attended Slaton schools.

Survivors include his parents, Joann and Jeff Gary of Lockney and Eldon and Lana Box of Plainview; a brother Joshua Box of Plainview; a sister, Michelle Monroe of Plainview; and his grandparents, Emmett and Ruth Lunday of Ransom Canyon and Roy and Faye Gary of Elephant Butte, New Mexico.

The family suggests memorials to Special Olympics.

KATELYN GONZALES

Graveside services for Katelyn Gonzales, infant daughter of Paul Gonzales and Catherine Nuncio of Lockney, were held at 10:00 a.m. Friday July 13, 2001 at the Lockney Cemetery. Reverend Jim McCartney officiated. Services were under the direction of Moore-Rose-White Funeral Home of Lockney.

Katelyn Gonzales died on Wednesday, July 11, 2001 at University Medical Center in Lubbock.

She was born on April 22, 2001 in Lockney.

She is survived by her parents, Paul Gonzales and Catherine Nuncio both of Lockney; he paternal grandfather, Venture Gonzales of Floydada; her maternal grandparents, Benito and Sylvia Ponce of Floydada; her maternal great-grandparents, Felix Sr. and Maria Nuncio of Floydada; and three sisters, Amber, Anita, and Lacie Nuncio all of Lockney.

The family suggests memorial to the American Heart Association 3403 73rd St., Lubbock, TX 79423.

MARGARET HOLT

Services for Margaret Jane Holt, 80, of Plainview were held at 2 p.m. Tuesday, July 17, 2001 at Seth Ward Baptist Church. Reverend Jim Ritter officiated.

Burial was in Parklawn Memorial Gardens under the direction of Lemons Funeral Home of Plainview.

She died Sunday, July 15, 2001. She was born September 28, 1920, in Glen Rose. She married William D. Holt on September 12, 1941, in Plainview. He preceded her in death March 10, 1985.

She was raised in Floyd County and moved to Plainview in 1950. She worked at Smith, Johnson and Robins Clinic in Plainview for 20 years and was a ward clerk at Central Plains Hospital for several years. She was a member of Seth Ward Baptist Church and active in TOPS for several years.

She is survived by three daughters, Gay Nell Huffine and Deanna Rodgers, both of Plainview, and Janie Aberegg of Eastland; a brother, Billy Ray Horton of Floydada; 10 grandchildren; and 12 great-grandchildren.

LYNDELL ROBERTS

Services for Lyndell Roberts, 74, of Lubbock were held at 10 a.m. Tuesday, July 17, 2001 at First United Methodist Church in Floydada. Reverend Wendell Horn, pastor, officiated. Burial will be in Floyd County Memorial Park under the direction of Moore-Rose-White Funeral Home of Floydada.

Mr. Roberts died Saturday, July 14, 2001 in Southland.

He was born on March 3, 1927 in Floydada to the late Mr. Poyner Irving Roberts and Mrs. Jessie Leah Wilson Roberts. He attended school in Roaring Springs and graduated from Floydada High School. He married Peggy Bishop on August 5, 1946 in Floydada. She preceded him in death on December 30, 1993.

He moved to Lubbock from Floydada in 1984. He was a procurement agent in the oil business and worked for Rip Griffin the majority of the time. He was a 50 year member of the Floydada Masonic Lodge #712 A.F and A.M. and a 32nd degree mason of the Scottish Rite. He was a veteran of the United States Coast Guard having served as a Merchant Marine in the Pacific Theater during World War II. He was a member of the First United Methodist Church of Lubbock.

He is survived by a son, Bobby Dan Roberts of Plano; a daughter Sherry Smith of Floydada; two brothers, Travis Dale Roberts of McKinney and Ken Irwin Roberts of Richardson; a sister, Janis Julian of Floydada; four grandchildren and a great-grandchild. The family suggests memorial to First United Methodist Church PO Box 719, Floydada, TX 79235.

EUFULA MARIE WESTER

Funeral services for Eufaula Marie "Topsy" Wester, 77, of Garland, were held at 1:00 p.m. Wednesday, July 11, 2001 at the First Christian Church of Garland. Reverend Paul Ramier and Reverend Don McKenzie officiated.

Interment followed at Restland Memorial Park. She passed away July 8, 2001 at her residence.

She was a member of the First Christian Church of Garland, the Dental Auxiliary, the Rotary Anns and was a avid square dancer.

She was preceded in death by a brother, Charles Dudley.

Survivors include her husband of 57 years, Dr. James D. Wester; one son, James Mack Wester; one daughter, Vicki Leigh Wester and four granddaughters, Tiffany Butler and husband, Ron, Alyssa Wester, Jamie Wester and Terrie Johnson and her husband, Steve.

I would like to thank all the people that were praying for me. I am very grateful that God listened to your prayers and left me here with my son. I am getting my strength and health back slowly. God has blessed me with so many great people! My heart goes out to all of you with love!

Thanks,
Sulema Tamayo
God Bless You!

The family of H.S. Waller would like to thank the Floydada Care Center and Dr. Ahmad who took such good care of him. Thanks to our neighbors, friends and relatives for all the kind acts of love. It makes ones passing much easier when surrounded by love ones.

Sincere thanks,
Lois Waller
J.E. and Gayle Waller
Jay, Karen and Kaci Waller
Jim, Nina, Jordan and Jayc Waller
