tients have noticed a difference in the way the doctor speaks to them now. His Spanish is a lot easier to understand since he returned from his City, month long "working sabbatical" in Puebla, Mexico.

A desire to better serve his patients, at W.J. Mangold Hospital, led Dr. Stewart to leave his home and family in Lockney and live as a "native" in Mexico for one month.

After researching a Spanish Immersion Program offered by the Spanish Institute of Puebla, Dr. Stewart made his reservations a year in advance.

Stewart flew to Mexico City and took a bus to Puebla.

His arrival was marked with some anxiety but Stewart was determined to "make it on his own"

"I didn't have anyone pick me up at the airport," said Stewart. "I wanted to jump right in and see if I could navigate around the country. There are a lot of people who speak English along the coast and in tourist areas, but Puebla is different.

"Puebla is not frequented by tourists and English is not spoken there. When I got off my bus in Puebla I was trying to use my telephone card to call for my ride. It was very difficult to figure out how to use it on their machines without being able to ask for

Stewart said Puebla is a city of 2 and 1/2 million people and approximately a 2 hour drive from Mexico

Stewart said that although he already knew a fair amount of Spanish before he arrived, this time in Mexico helped him learn the correct way to

Stewart's days consisted of study, study, study--and more study. Even the "excursions" out of the city were meant to educate and to practice communication.

After lunch with other students, Stewart spent two hours with a Spanish speaking guide. "We toured museums, malls, churches, and shopped," said Stewart.

The location for the Charles Ball Memorial Fishing Tournament has been changed to Baylor Lake in Childress. The date, Saturday, April 27th, and all schedules remain the same.

DEBATE STATE BOUND--Liz O'Connell placed 2nd in Lincoln-Douglas Debate among the 24 students from area districts at the Academic Regional Tournament held in Abilene. She won the semifinal round against the contestant from Spearman with a 3-0 vote and lost in the final round to place second in the Regional tournament. it yet--the price tag on the Veteran's Memorial has gone up.

Now don't go getting the wrong idea. This was not because anyone was misleading the public. It is just that the response to the project has been overwhelming and the estimation of the names that would be sent in has exploded.

Four more granite panels have had to be added to accommodate the names. Over \$58,000 has already been raised and most of that has come in large donations. The original price tag was \$60,000 and it is now \$90,000.

That is a lot of money still to be raised--but if everyone sent in \$15.00 it would be accomplished quickly.

Also--just to be pushy (because I can)--I would like to ask those people who called in a name to send \$15.00. After all--\$15.00 is not much to ask for to have your loved ones name included on the granite memorial.

The address of where to send the money is included on the front page of the paper.

Take a very close look at the veteran's names. This is your chance to make a correction. Don't gripe after it is engraved in the granite.

On a completely different subject, one having to do with Texas democratic politics, we are indebted to Dave McNeely, a columnist with the Austin American Statesman, for passing along some facts and figures from the last primary runoff. McNeely quotes Dan Weiser, a Dallas political analyst. According to Weiser, by way of McNeely, we find out that 9 percent of the registered Hispanic vote turned out, and contributed 35 percent of the total vote in the Democratic Primary. Of those who voted, Victor Morales got 67 percent. Ron Kirk, the black former Mayor of Dallas, got 33.

Among black voters, according to Weiser, 12 percent turned out, and gave Kirk 97 percent of their vote. Weiser says black voters amounted to 35 percent of the vote also, the same as Hispanics. The way we see it, registered black voters were much more likely to turn out than Hispanics, and were much more solid in their voting. Had Hispanics turned out in the same numbers as blacks, and had they voted as solidly, racially speaking, the outcome would have been different.

Only 2 percent of the registered Anglo voters went to the polls, accounting for 30 percent of the total Democratic vote. Both Hispanics and blacks out voted Anglos in the Democratic runoff. Their (the Anglo) vote was split 53 percent for Morales and 47 percent for Kirk.

# 1934 Study Club

By: Margarette Word

The 1934 Study Club met Tuesday, April 16, 2002 in the home of Frieda Simpson with Queen Annie Lawson as co-hostess.

Refreshments were served first. As we were finishing eating Jo Lynn Dean gave us information about "Ole Country Market" that the Chamber of Commerce will be having July 13, 2002 with funds going to Downtown Beautification. The First National Bank has set up an account where one can deposit money to help with the project. It sounds very exciting with what will be taking place on July 13. Lots of plans are in the making to have this day to be full of fun things to do and hopefully draw a large crowd of hometown folk and out-of-towners. There are flyers on merchant's windows so look for them and plan to attend.

Each blood donation can help several patients. Every unit of donated blood is sent to the United Blood Services laboratory for testing and processing. Laboratory technicians separate the whole blood into components (including red blood cells, plasma, platelets and cryoprecipitate).

Red blood cells are used for surgery patients. Plasma is needed to treat trauma and burn patients. Platelets are

tients undergoing chemotherapy. Cryoprecipitate is a special blood clotting factor used by those with hemophilia. While individual components are transfused for specific medical needs, a patient with a serious injury may require several different components.

Anyone who wishes to donate may call Tammie Shuping at 983-5332 to arrange an appointment.

Floydada High School is sponsoring the blood drive. Blood donated is used to treat the needs of patients in local and area hospitals.

# Lady Horns claim 5-2A District Track Title

By: Coach Hallmark

The Lady Horns traveled to Morton April 12 and competed well enough to win the district title with 131 points. This has been a year of ups and downs for the Lady Horns, but they always find a way to win.

"Injuries have played a major role in this year's team, as several of our members were unable to compete at the district meet. This made it tougher to reach our goal of a district title," commented Coach Hallmark. Jenna Ford and Vanessa Walker, our two seniors have competed well all season and continued that success at district. Jenna qualified for regional by placing 1st in the long jump, 1st in the 200 as well as the 4x100 relay and 4x200

Vanessa qualified by placing 1st in the triple jump, 1st in the 100 as well as the 4x100 and 4x200 relay. Vanessa also placed third in the high jump.

Other members of the 4x100 and 4x200 relay are Teresa Day and Sarah Martinez. Both of these young ladies placed in their respected events the 200 and 100 as well.

Jalee Dietrich, a regional qualifier in the shot put, will be making her first trip to Abilene. Jalee also placed 3rd in the discus. "She has done a great job all year," said Coach Hallmark. "Mandy Hancock has had a great year and a strong showing at district." She placed 5th in the discus and 4th in the

Roberta Garcia placed 3rd in the 400 meter dash and has been in the top

three all year in every track meet. Ashley Brock finished 4th in the 100 meter hurdles with her best time of the year.

Coach Hallmark commented, "Every point is very important, whether it is 1st or 6th the points add up. I believe this is the reason we were able to do well this year. We were able to have many different individuals step

up and score some points." "I am very proud of these young ladies and I appreciate each one of them. I congratulate them on their district title as well as those that have advanced to the regional meet on April 26 and 27 in Abilene. Thanks for a great year and all your hard work," said Hallmark.

Individual results are as follows: Shot: Dietrich, 2nd, 33' 11 3/4"; Hancock, 4th, 32' 5"

The Junior Class and Sponsors of Floydada High School wish to thank all the parents and community members for the success of our Jr.-Sr. Prom 2002. We would especially like to thank Larry Stovall for his building and assembling the castle decorations that served as the main theme of our prom. We would also like to thank Bobby Gilliland and Script Printing for printing the invitations and Texas In A Box.com for their donation to the concession stand of their outstanding barbecue and sauce. Jon LaBaume, thank you for all of your help at the Unity Center.

Without the parents help in the concession stand, making the ice cream and stew served at the basketball games, the booth at Punkin Days and decorating the Unity Center, we could not have had a successful prom.

Our meal provided by Judy Schacht and flowers by Arwine's completed a perfect evening.

To everyone a million thanks!

Texas traditionally produces 30 percent of the nation's cotton and about 6 percent of the world's each year - that's enough cotton to make some 1.3 billion pairs of denim jeans. The saying, Cotton is King in Texas, rings true.

I'm proud of these facts, and it's a tradition that I'm intent on seeing continue. Unfortunately, we're coming off some hard years in Texas. Low prices and drought have severely affected this industry, costing Texas cotton farmers \$433 million in 2001 alone.

Of course, we are always working to improve our operations. From seed and planting research, to pest control and eradication, to better irrigation techniques and weather modification, the future is bright for cotton production.

### "CANCER"

It cannot cripple love It cannot shatter hope It cannot corrode faith It cannot remove peace It cannot destroy confidence It cannot kill friendship It cannot shut out memories It cannot silence courage It cannot invade the soul It cannot reduce eternal life It cannot quench the Spirit It cannot lessen the power of the resurrection

Our greatest enemy is not disease, but despair. Keep trusting God's love so your spirit will remain strong. If cancer has invaded your life, refuse to let it touch your spirit. Your body can be severely affected and you may have great struggle, but if you keep trusting God's love your spirit will remain strong.

I would like to say Thanks to Dr. Smeyve who did my surgery and to all those who sent flowers, cards, made phone calls and visits. That meant so much to me.

Also, thank God for the Floydada Rehab Care Center. I was there about two and one half months and a great big thanks to them. All the nurses, staff and therapists were so good to me and always made me feel better.

I would like to say Thanks to the people from different churches who go out to the care center and sing once every week. Also the pastors who bring a short devotional. That means so much to everyone. Thanks to all of you.

I love you all, Ila White

The following veteran's names will be included on the Floyd County Veterans Memorial Monument to be erected on the courthouse lawn and dedicated on November 11, 2002. They are listed alphabetically under the conflict in which they served. Those killed in action are recognized with KIA.

The deadline to have your name engraved on the monument is June 4th.

This printing is a rough draft only. It is being printed in order for family and veterans to read over the names and call in corrections. If your name is misspelled or has been included on the list twice--please call Julianne Cornelius at 983-2982. If you served more than one conflict and your name is listed twice, please choose which war you would like to be recognized for and call this in to Cornelius. If your name has been omitted from the list please call Cornelius.

Because the list of names has grown to almost 4,000 instead of the estimated 2,000, the cost of the project has grown from \$60,000 to \$90,000.

The fund currently has donations of \$58,497.80. All sizes of donations are encouraged and welcomed. Send your donations to: Floyd County Historical Museum, attn: Veteran's Memorial Fund, c/o First National Bank, Box 550, Floydada, TX., 79235.
