Memorial will be dedicated November 11 Air Force Flyover Part of Ceremony

Volunteers for the Floyd County Veteran's Memorial are scrambling with last minute preparations. The 16 month 4-H Citizenship project for Skyler Cornelius will soon become a reality with the Memorial dedication on Veteran's Day, November 11.

The rain has stopped after approximately two weeks of drizzle and workers are now able to ready the Memorial site for concrete. Employees with the City of Floydada are wasting no time in taking advantage of the sunshine.

The program for the dedication has been finalized and every thought has been given to laying out the red carpet and giving tribute to veterans.

The dedication service will take place on Missouri Street, in front of the Hesperian-Beacon office. Veterans are being asked to register at 12:00 noon under the pavilion of the Hesperian-Beacon. The folding chairs in front of the stage will be reserved for veterans and immediate family members, and deceased veterans immediate family members.

The dedication service will begin at 1:30 p.m. The 100 block of E. Missouri Street will be closed to traffic from early morning until after the dedication ceremony.

A special highlight for the service will be a much sought after "fly over" from Sheppard Air Force Base. Two T-38's will pay tribute to Floyd County veterans following Kenny Maines rendition of "God Bless America".

The T-38's will be flown by Captain Scott Zamzow, Captain Brian Hazel, 1st Lt. Tim Stevens, and 1st Lt. Kevin Pritz.

Floydada and Lockney schools are being bussed to the ceremony and the bands from both schools will join together to provide patriotic music. The bands will pay special tribute to each branch of the military and veterans will be asked to stand as your branch song is played.

Buglers Jimmy Cannon and Justin Ogden, of Wayland University, will play Taps near the end of the ceremony.

Altus Air Force Base will provide the Colors Ceremony and the flag folding. Flags have been given to the Memorial Committee from U.S. Representative Mac Thornberry and State Representative Pete Laney. The flag from Thornberry was flown over the Nation's capitol on September 5, 2002. The flag from Laney was flown over the State's Capitol on Oct. 8, 2002.

The keynote speaker for the dedication will be Texas Speaker of the House Pete Laney. Major General USAF (Ret) Robert E. Dempsey will also have remarks.

The 4-Her who started this project,

Skyler Cornelius, will be in charge of the dedication and will open with remarks of "How It All Began".

"There are so many people to thank for making this possible," said Skyler. "People came together and sacrificed their money and time to make this a reality and to honor their loved ones."

"This monument will stand as a testimony to the community's efforts and the veterans sacrifices."

"Over 160 volunteers have worked in this effort and over 873 contributors have donated to the project."

The memorial consists of 10 panels with 4,036 names of Floyd County Veterans, living and deceased. The cost of the project was approximately \$91,000 (not including concrete).

The project was first introduced to Floyd County, by Skyler, in the November 8, 2001 edition of the Floyd County Hesperian-Beacon. Months of work had already gone into the project before the idea was published.

Skyler came up with the idea of a Veteran's Memorial after seeing the Knox County Veterans Memorial in Benjamin, Texas.

"The memorial took my breath away," said Skyler. We were inspired and decided that Floyd County needed such a memorial. "We spent four months investigating other communities who had done this and we developed our plan of action."

Skyler presented his project to other 4-H members and was quickly joined by enthusiastic youth and adults. A junior and adult board was formed to help.

The Floyd County Historical Museum also volunteered their expert research services and allowed the committee to work under their tax-exempt number.

Skyler stayed busy with speeches to civic organizations, City Councils, Commissioners Court, Economic Development Boards, American Legion, VFW, Boys Scouts, and Chamber of Commerce. Representatives from these organizations also served on the board.

The estimated cost of the project in the beginning was \$20,000 for 800 names and 4 panels. However, enthusiasm grew beyond expectations and over 2,000 more names were eventually added. This escalated the cost to approximately \$91,000 and 5 additional panels had to be added.

The added expense did not slow the effort. "At first I was stunned at the increase in price--because we had been off by \$2,000 away from our first original goal," said Skyler. I've learned that just when you think you've figured everything out, it changes and you deal with it and press on."

Most of the donations have come

A FLYOVER OF T-38'S FROM SHEPPARD AIR FORCE BASE WILL BE PART OF THE MEMORIAL DEDICATION, NOVEMBER 11TH

through private contributions. One grant of \$500 contributed to the project. As has been the case on other memorials, no veteran had to pay to have his name included on the panels.

The project has attracted the attention of media all across the State of Texas and thrust Skyler into a spotlight he wasn't really expecting. Skyler has talked to Congressmen, reporters, military leaders, etc.

"I've learned a lot about public speaking," said Skyler. "Together, my mom and I have almost 2,000 hours in this project, including 115 hours just entering the veteran's names."

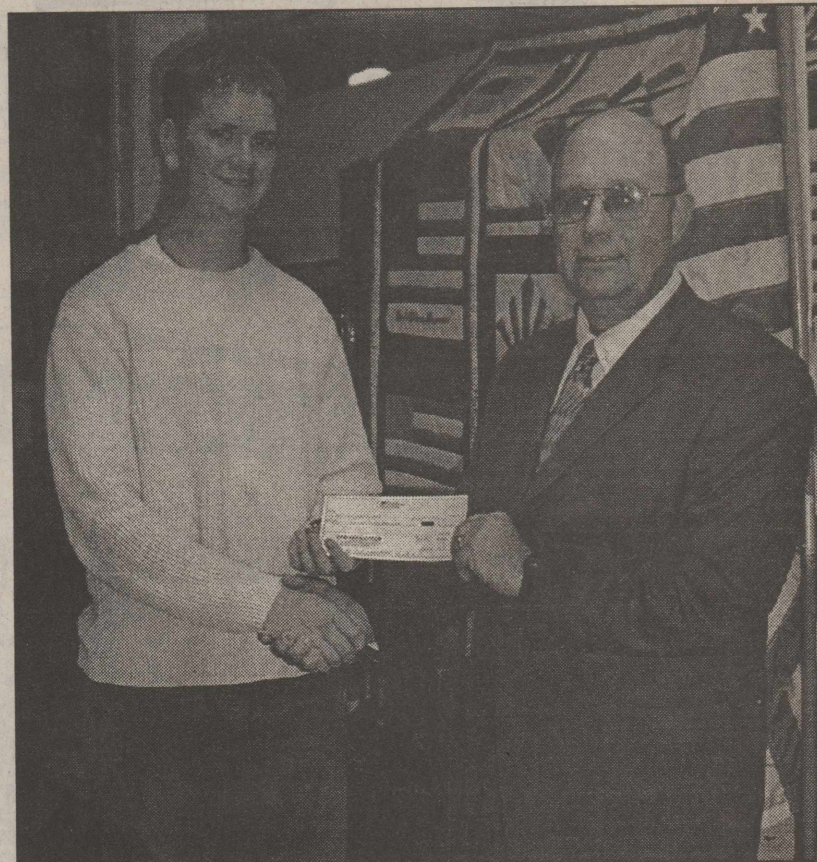

Skyler is well aware of the community project this has become. "It is an emotional project. "People who have very little money have given \$5.00 with tears in their eyes. We have received contributions ranging in amounts of \$5.00 to \$10,000. Donations have been given through postage for brochures, computer work, research, and labor."

"Floydada City Manager Gary Brown and city employees have been invaluable to this project," said 4-H Adult Project Leader Julianne Cornelius. "They deserve a great deal of credit in making this all come together in time for the Veteran's Day deadline. They have done the labor in

digging and preparing the ground for the concrete. The labor alone has saved us \$10,000.

"City employee Jack Alaniz and Roel Cisneros went above and beyond and designed an 8 foot star border for the flag pole which will be in the center of the Memorial. The star will surround the pole and red, white, and blue mums will be planted in the star. The mums are being donated by VFW Post 5616 members. The flag pole has been donated by Gen. Robert Dempsey and his mother, Betsy. Recessed lighting in the ground will shine on the flag at all times. Mrs. Martha Farris has made the lighting possible. Another last minute touch will be granite benches donated by Fritz and Eleanor Schacht family, and Gene and LaNeta McLain. Floral arrangements at the dedication will be donated by Arwine Floral.

"The most memorable part of this project will be dedication day," said Skyler. "I would tell other young people that if they have an idea or they are inspired by something or someone, or they can help one person feel better, then it is worth doing. Follow your dream, don't hold back, make a plan of action, recruit volunteers, let your idea be known, give 100% and ask God to bless it. The possibilities are endless."

OVER THE TOP--Monte Williams (right) the President of the Floyd County Historical Museum Board, presented Skyler Cornelius (left) with a check for \$5,000 which allowed the Memorial Board to meet the final goal for the Floyd County Veteran's Memorial.

City awarded \$10,000 grant

Floydada named Cotton Town USA

Floydada is one of three communities that will receive a \$10,000 grant from Bayer Crop Science and the National Cotton Women's Committee, after being named Cotton Town USA.

Other communities earning that title are Dermott, Arkansas, and Stamford. The grants are awarded to towns that rely on cotton production as a

cultural and economic cornerstone. These grants will fund community improvement projects.

Floydada will use the money to help create a community technology center that will provide citizens with access to computers, as well as technology training and business and educational classes.

"Training will be free for all citizens and includes GED, new business start-up and Internet training to assist our businesses and farmers in finding new marketing avenues for products and crops," says Floydada's nominator, Dora Ross.

"We are proud to award this honor to three towns that have demonstrated

a strong commitment to the cotton industry," says Al Luke, Bayer CropScience insecticides/PGR manager.

Applicants were asked to complete a nomination form that included telling why their town was a cotton town, and a short explanation of why their town

The big day is almost here. Over a year of hard work by Skyler Cornelius and over 100 other volunteers have made the Floyd County Veteran's Memorial a reality.

It will be an emotional dedication. I guess we should all agree now that tears are expected so don't kill yourself trying to keep from crying.

What an example a 16 year old boy has been to this community. And what an example this community can be to the rest of the United States. I am so proud of this County. Thank you for all the work and donations that have made this memorial a possibility.

Thank-you veterans for giving of your life for me. Thank-you for going into battle with the knowledge that you might not live through it--just so people you knew and didn't know could live in a free United States.

I hope this memorial will help future generations remember exactly what you've done for us.

I hope everyone enjoys the special edition this week. Putting this section together meant a great deal to me.

I loved all the photographs. Every face has a story behind it. I wish we could all know all the stories.

The men are so young and handsome. The young men of today would do well to study these faces and remember what these old men around town have done for them.

Think about their sacrifices and give them the respect they deserve.

The following column was written by Jeffrey Hunter for his college newspaper.

Hunter is the copy editor of The Bison, the student newspaper of Harding University in Searcy, Ark. He wrote this after returning home from a visit to Lockney after the town's one and only traffic light was taken out.

I thought it was a great column and

applies to the quiet behind the scenes work that is performed by unsung heroes all the time. I thought it applied to what is going on around us all time--and what our veterans have done for us in the past.

Someone who was not used to their presence would easily miss the relentless sentinels standing on the corners.

From their street-side perch, they performed their task perfectly, never missing a second. Only a Forth of July parade of marching children or the occasional funeral procession could interrupt their important mission.

Never did they procrastinate, sleep-in or take a break.

They were reliable, but no one noticed.

Dry West Texas winds swept over the red brick street beside them day after day. Blowing dirt stripped their fading yellow skin, exposing the iron strength that hid underneath.

Work continued through the most miserable conditions.

They never complained, so no one noticed.

Under their constant gaze, a small town grew and then dried up. Neighboring storefronts became vacant and sidewalks became empty, but they stayed through it all. They had a job to do, and they did it without fail.

They were dedicated, but no one noticed.

Families in cars, children on bicycles and farmers on tractors were all at their mercy. They were guardians of the people, and they dictated directions every day to protect those they served.

Their demands were few, but firm.

Stop.

Go.

Use caution.

They protected the lives of many people, but no one noticed.

They weren't like their technical cousins in the city, but rather more

stately relics from ages ago.

For most of a century, they stood at the intersection of an old country highway and Main Street of a small rural town. They were the only stoplights in the farming town of a little more than 2,000 people, and they were a landmark for miles around.

Perhaps it is a stretch for you, but for a guy who watched them slowly blink from color to color countless times throughout his life, the connection to an important lesson is simple.

Be thankful for the good things.

It seems that these days, the kind simplicities that make life a pleasure are often ignored in favor of a focus on the bad things.

Shootings, war and recession fill the headlines of our newspapers. Social woes, unwanted class assignments and financial troubles often occupy our conversations.

By default, those who complain or fall short of our expectations receive our attention, while those who serve and excel sometimes slip into the background.

Failures and shortcomings are easy to see, but people do good things every day that go unnoticed. They might be right in front of your face blinking on and off.

It is true that people do not do good deeds just to gain recognition, praise or thanks, but that doesn't mean they don't deserve it. There are many helpful people who need to be thanked, and many diligent people who need to be rewarded.

Look for them, acknowledge them and be thankful for them.

As for the scene at the intersection of Main and Locust, things are different these days. An accident caused extensive damages, and after years of dutiful service, the faithful old stoplights were finally turned off.

And everyone noticed.

Letters to Editor

Dear Editor:

There is indeed nothing sweet nor harmless about the Harry Potter books.

Witchcraft is very popular in our "modern new-age" world. Every generation thinks they have discovered fabulous new ideas as the sinful pleasures of the world become apparent to them.

But guess what- the Bible tells us that God calls these sin: witchcraft, idol worship, drunkenness, homosexuality, and adultery, to name a few. Yes, these are SINS - not illnesses as our modern psychiatrists would have us believe.

Lucifer, the "Angel of Light", sucks us in bit by bit with seemingly harmless small steps until we find ourselves so deep in sin there appears to be no way out.

But God loves each and every person and wants no one to be lost. That's why He sent His son, Jesus to be our Saviour and ONLY way to Heaven.

God demands perfection from each

person who will go to Heaven. This part about the Triune God of the Bible that people forget is that He is a just God, demanding all sinners be punished. "All sinners" includes every person who has ever been conceived, so God devised the plan that He would GIVE us freely the gift of faith so that all who believe in His son would be saved. This gift of faith in Jesus is the white robe of perfection we need to get to Heaven.

Exercise your free will to shove Jesus out of your life and you remain a sinner who will face the God of justice when you die and be judged solely on your "good works", which God calls filthy rags.

Eternity in hell is an awfully long time for regrets. There is no second chance after you're dead. It's now or never.

All children are precious to God, so we dare not put stumbling blocks in their paths such as the Harry Potter ideas and suggestions. We ARE our brother's keeper.

Betty Goen

Dear Editor,

I would like to respond to Ann Ford's letter published in the October 31st issue of your paper.

Instead of arguing the merits of her stance, I would like to remind her of a few other books about witchcraft she might like to put on her list.

To begin with, "The Wizard of OZ", obviously about a wizard, and 4 witches from the north, south, east and west. Then there is "Snow White" who was a victim of a witch's spell. Also, "Mary Popins" practiced witchcraft and exposed children to it. "Hansel and Grettel" were nearly killed by a witch. "The Sorcerer's Apprentice" is one of many Disney stories about magic and sorcery.

Others include, "Escape to Witch Mountain", "Bedknobs and Broomsticks", "The Sword in the Stone" and "Merlin". There was a witch in "The Little Mermaid" and in "Willow". C.S.Lewis wrote "The Lion, the Witch, and the Wardrobe" and a whole series of books based on that theme.

I could name many more, but I think I have made my point. The Harry Potter series is a wonderful piece of literature that promotes honesty, mercy, responsibility, loyalty, empathy and all the character traits that children need.

It is a modern fairy tale that captures my children's imagination and teaches them good morals. I know this because we have read the books. I wonder if Ann Ford has.

Sincerely,
Lane Cheek

You Did Not Even Know Me

Is there something I can do, or is there something I can say to thank you for this wonderful gift, of which I can never repay. You gave everything you had, to protect everything I hold dear. Yet, you asked for nothing in return for your pain, your sacrifice and your tears. I cannot count the many things that I am grateful to you for. Without your bravery all my freedoms could have been no more. These days, Life is something that people take for granted, how dare we trample on the seeds that you so lovingly planted. You fought and died in foreign lands to protect the freedom of our home. The price of freedom was not too high for you to take it on as your own. For you, veteran, I am truly thankful, and every day I will let it show. Because you gave the precious gift of freedom to someone you did not even know.

Turner cousins hold reunion

The grandchildren of the late Mr. and Mrs. V.D. Turner met on Saturday, October 19, 2002 at Lubbock for a first-time reunion. A large group of them enjoyed the "Cooder Graw" concert at Raider Gate on the Tech campus preceding the homecoming game. Two of the cousins are members of the band. Later they gathered at the County Line Restaurant for a meal and an evening of fun and reminiscing. A barbecue meal, with all the trimmings, and cake was enjoyed by the seventy-seven present.

An aunt, Audeen Irwin of Lubbock, donated a crocheted afghan for a drawing, which was won by one of the cousins, Shandra Simpson of Amarillo.

Twenty-three out of twenty-six grandchildren were present for the meal, and none of those three, Brenda

Kinast of Abernathy and her daughters Stacey and Sandi did attend the concert that afternoon.

Those cousins, spouses, and children attending were as follows: Sherry Hacker of Knox City; Ricky and Becky Burns, Rhonda, Larry and Chad Guthrie, Ernest and Sheryl Back, Shane and Rowdy Derryberry, all of Floydada; Mark Turner of Austin; Vance and Brad Turner of Leander.

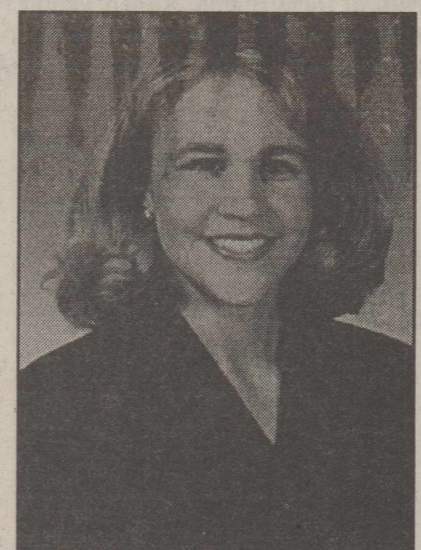

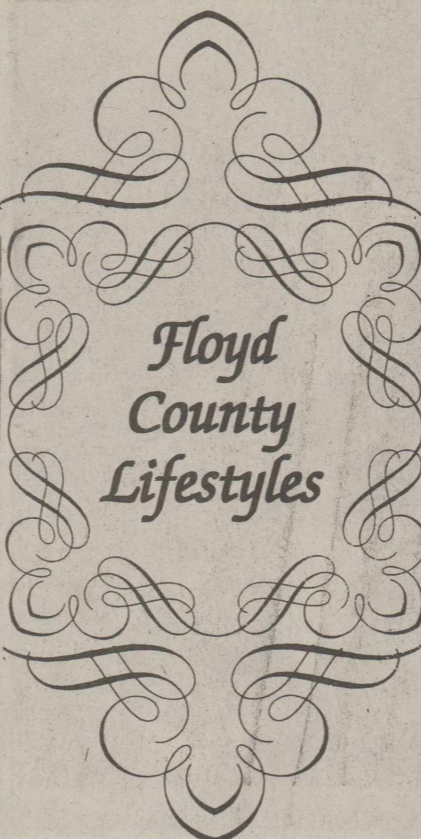

Also attending were: Kelly, Melinda, Allison, and Avery Turner; Karen Turner; Shelli, Jimmy, Matthew, and Tyler Johnson; Pat, Darlean, Catherine, Jacob, and Jason Irwin; Mike, Tammy, Reily, and Valree Irwin, and Shonda Guthrie, all of Lubbock.

Other family members were: Susan, Hollis, Hollie, Robbie, Mason, and

Will Browning, and Kenneth Young, all of Plainview; Grant, Lisa, Landon and Halee of Whiteface; Bobby Turner of Dallas; Barbara, Joe, Joseph, Nathan, and Rose Ammons; Shandra, Ashlee, and Cassie Simpson of Amarillo; Doug and Kelli Turner of Levelland; Kim Vogel of Steamboat Springs, Colorado; Karla and Lowell Allingham of Phoenix, Arizona; Trisha Turner of Flagstaff, Arizona; Lori King and Zach of Eules.

Two aunts, Audeen Irwin of Lubbock and Margie Young of Floydada also crashed the party.

Guests attending were: Lisa Rolke of Austin, Bob and Kathy Bowen and Don and Alice Bowen of Mundy, Mr. and Mrs. Wayne Ammons of Lubbock; Brett and Alisha Turner, Cole and Jamie DuBois, Quetha Graves, and Shondra Scott, all of Floydada; Randy West and Renee Kadlacek of Amarillo.

LISD Migrant Program receives honors from TEA

Lockney ISD has been recognized by the Texas Education Agency (TEA) for successfully educating its migrant students.

TEA's Division of Migrant Education has selected Lockney ISD as a winner of the 2002 Excelling District Award given to school districts and campuses that had high TAAS passing rates among their migrant students. Statewide, 111 school districts and 280 campuses are receiving this recognition. The purpose of the award is to recognize school districts and campuses that strive to meet the unique needs of migrant children and their families and that help migrant students meet high academic standards. There are an estimated 132,000 migrant students in Texas.

Recipients of the Exceptional and Excelling District Awards will be presented with a plaque at the 2002 Texas Migrant Education Conference during a special luncheon in their honor.

The 30 school districts receiving the Exceptional District Award had to attain a migrant student passing rate of at least 90 percent in reading, math and writing portions of the Texas Assessment of Academic Skills (TAAS) Test and have a 2000-2001 migrant student dropout rate of 1.0% or less, in addition to having an all student passing rate of 90 percent or greater in TAAS Social Studies. The 81 Excelling District Award recipients had to meet a standard of 80 percent in the same areas of TAAS and have a 2000-2001 migrant student dropout rate of 2.5% or less.

Whirlwinds rebound with 39-13 victory over Olton Mustangs

Bill Gray

Rebounding from their first district loss at Lockney on October 27, the Floydada Whirlwinds soundly defeated the Olton Mustangs 39-13 last Friday night in Olton. Improving to 7-2 for the season (3-1 in District 5-2A), the 'Winds clinched their first playoff berth since 1998 and will host the Hale Center Owls in the regular season finale tomorrow night at Wester Field. The Owls snapped a seven game losing streak last week with a convincing 40-6 victory over Abernathy.

This time last year, Hale Center and Abernathy were battling for a district championship. Last Friday they were both looking for their first district win. Even though the Owls (2-7 overall and 1-3 in district action) are out of the running for a playoff spot, they present a very tough challenge as Floydada prepares for a playoff appearance against a representative from District 6-2A. The Whirlwinds' bi-district opponent is still up in the air, but the most likely scenario indicates that it will be either Canadian or Panhandle. Four teams are still in the running for the three playoff berths in District 6-2A. Olton closes out its season at Lockney tomorrow night.

On a wet, dreary night in Olton that should have produced numerous turnovers, the Whirlwinds lost only one fumble and that was on their opening drive in the scoreless first quarter. Floydada opened the scoring early in the second period on a 4-yard run by quarterback Tyler Helms. The 72-yard scoring march was highlighted by a 30-yard pass from Helms to Brady Rainwater and significant runs by Dustin Covington and Chris Wickware.

The Mustangs were unable to move the ball in their next possession and plans for a 4th-down punt attempt by Sawyer Perry were spoiled when the ball was snapped over his head. The

Whirlwinds took possession at the Olton 15-yard line, but a pair of 5-yard penalties temporarily stalled their

scoring threat. Helms hit Wickware with a 21-yard screen-pass for a touchdown to put the 'Winds up 12-0 with 7:08 remaining in the second period

Olton mounted a strong drive on its next possession and benefitted from a roughing-the-kicker call that gave the Mustangs a first down. A 10-yard sack of Olton quarterback back Dustin Synatsch by Jacob Morales from the 7-yard line kept the Mustangs out of the Floydada end zone in the closing moments of the first half.

The Whirlwinds opened the third period with a 79-yard kickoff return for a score by Gerald Henderson. Helms kicked his first of three conversions to extend Floydada's lead to 19-0. At this point of the game Dustin Synatsch unleashed his "aerial circus."

After completing only one pass in six attempts for 21 yards in the first half, the Olton signal-called went to the air twice to Tray Johnson to set up a 1-yard quarterback sneak for a score. Ernesto Contreras added the point to put a dent in Floydada's lead.

The Whirlwinds responded with a quick scoring drive of their own. Helms ran for 36-yards to push deep into Olton territory and Covington set up his own 1-yard touchdown blast with a 10-yard run from the Olton 11-yard line. The conversion failed, but Floydada was clearly in command 25-7. After Synatsch fired four consecutive blanks near midfield, the Whirlwinds took over on downs. Helms capped a 5-play, 47-yard drive with a 24-yard TD scamper and added the point-after to push the Whirlwind lead to 32-7. The Floydada senior had the best rushing night of his career by carrying 10 times for 103 yards and a pair of touchdowns.

Synatsch continued his aerial barrage of the Floydada secondary with a 61-yard touchdown bomb to Tray Johnson, and Olton trailed 32-13 going into the fourth quarter. Floydada scored on its next possession as Covington capped a 12-play, 80-yard

drive with a 1-yard score. Helms added the point-after for the final 39-13 winning margin.

In the end, the Whirlwind running game was too much for the Mustangs. Coach Lee Hurt commented, "Ball control is our game, and our offensive line really took charge of things tonight. I am so proud of our kids...we told them going in (against Olton) that we needed to take care of business, and they did just that! Olton has a good football team and a lot of people overlooked them. They have good backs, and their quarterback throws the ball well. Our offensive line controlled things and allowed us to control the clock. They completed a lot of passing yardage on us, but we were trying to keep them from getting the big play...we tried to keep the passes underneath us."

Coach Hurt added, "Tyler (Helms) stepped it up when he had to...he runs the veer well and did a great job of throwing the ball in spite of the wet weather."

Hurt also said, "We have a tough game coming up against Hale Center this week. They have a good quarterback who throws the ball well and they have a lot of team speed. We're going to have to really work on our pass defense in getting ready for them this week. We'll start worrying about who we'll face in the playoffs after we get past Hale Center. We've got to shore up our pass defense in preparing for Hale Center as well as the playoffs."

Breezer Football Report

7TH GRADE BREEZERS

By Coach Ayala

The 7th grade Breezers traveled to Lockney on Thursday, October 24th and came back with a victory 36-0. The game was a wet and muddy experience. The Breezers did a great job coping with the wet field as well as a wet ball.

The kicking game was a big part of the game. They kept Lockney deep in the hole all night. Good kicking followed by great coverage did the job we like to see.

Blake Greer put the first points on the board with a good 20 yard run off the right side. The extra point was not good. Pate Beedy connected with a 12 yard play action pass to Ernesto Salazar to start the second quarter. The extra point was good (Blake Greer).

After a recovered Lockney fumble, Ernesto Salazar scored on a 20 yard run. The extra points were good (Pate Beedy).

The defense did a great job stopping a hard hitting Shorthorn offense. I felt the Shorthorns could have broken any one of their offensive plays. Our defense kept them on their toes and on their station to put a stop to Lockney's offensive attack.

The third quarter started off with a 65-yard, 3rd down and 14 yard touchdown by Herman Garza. The two-point conversion was not good. Jenero Seguro ran for a 35 yard touchdown. The extra point was good (Tanner Sue).

This completed the scoring for the Breezers. There were some good runs from Placido Valdez who ran for 72 yards on 2 carries; Jenero Seguro had 65 yards on 3 carries and Eladio Saldana had 18 yards on 2 carries. They had a good night but it helps to have good blocking from the line and lead backs.

We are very proud of the effort of our young Breezers. They are getting better day to day. I know our district foes are getting better to. This can only lead to a great district to be a part of. Where anyone can get beat if you aren't ready to play on that given night.

By Coach Ayala

The 7th grade Breezers traveled to Olton on October 31, 2002 and took advantage of some early Colt fumbles to set up three early scores. The final score was Breezers 30, Olton 6. With great special team play, the Colts were placed deep in their territory. With the rain and cold weather,

the Colts could not hold on to the ball. The first fumble recovery lead to a Pate Beedy 22 yard score. Blake Greer scored the extra point.

The next turnover was recovered on the 6 yard line. This set up a Blake Greer score over the offensive left side. On the next special teams kick-off, the Colts turned the ball over on the 27 yard line. After 3 short yards runs, this set up 4th and a 9 yard situation that Ernesto Salazar took care of scoring from 22 yards out. Brandon Monreal's reception scored the extra point on Pate Beedy.

The first quarter ended with 24 unanswered points. Pate Beedy scored one more touchdown on a fourth down, clock running, keeper over the right side. Three ticks off the clock was left to end the second quarter with the Breezers 30 - Colts 0.

In the second half, the Colts came out ready to play. They shut us down and managed to take a ball away from our runningback and scored their only touchdown. We stopped the extra point. The game ended with the Breezers 30 - Colts 6.

We were very pleased with the effort that our young Breezers put out. They have come to play every game this year and have given a very good team effort.

Next week our game will be played at home on November 7th against the Hale Center Owls. This will be our last game for the 2002 season. Come on out and be a part of the Green Breeze that is blowing in nothing but good times and great things to come in the future.

8TH GRADE BREEZERS

By Coach Ayala

The 8th grade Breezers traveled to Olton on October 31, 2002 to take on the Olton Colts. The Breezers came home with a 36-6 victory. The day was filled with rain and cold weather.

The game would be decided on what team is going to hold on to the ball and keep the ball from being turned over. That team was the Breezers.

We scored on the first drive, second drive and the third drive. Ricky Suarez scored the first touchdown from 32 yards out. The extra point was not good. The next touchdown came from a 48 yard run by Tate Jones. Taylor Beedy scored the extra points on a trap play.

Raul Marmolejo scored the next three touchdowns with runs of 47, 36 and 34 yards out. Tate Jones and Brandon Rainwater scored two out of three attempts for the extra points.

The Breezer defense really did a great job shutting down an open set Olton attack. We bent, but we did not break. The front four did a great job shutting down the fullback playoff tackle, but did allow a few yards up the middle. Over all, we are very proud of the effort these young men displayed on a cold, cold Halloween night. It was a good Trick or Treat night for the Breezers.

We will take on the Hale Center Owls Thursday, November 7th. They will be well coached and we better get ready to play at our best that night. We would like to see the fans we have had at our games. We really appreciate all you do for our young ball players. Let's not forget the cheerleaders and twirlers who do a fantastic job getting our boys and fans up for the games. There's not enough we can say about our appreciation for these young girls and their sponsor, Mrs. Cooper and Mr. George James. Thanks again.

that it was muddy and wet. They could not get good footing on their cuts as well as on their blocking assignments. On a dry day it could have been a different story.

On the first series Tate Jones had a hard time getting the snap, but managed to get the ball under control as the game progressed. Ricky Suarez, following a team of blockers, (Tomas Hernandez, Raymond Gutierrez, Rusty Hopper, Pedro Aguilar) scored the first points on a 20 yard run. The extra point was not good.

Recovering a Lockney fumble, the Breezer offense went back to work. This time Paul Marmolejo ran in to score on a 40 yarder. Again the extra point was stopped by a good defensive effort by the Shorthorns. The first quarter ended with another turnover by the Shorthorns on the 34 yard line.

The ball was stripped from the runningback as the Breezers were making the tackle. Tate Jones connected with a 30 yard reception to Ricky Suarez for a touchdown. Douglas Williams did a great job coming back and making a clearing block to allow Ricky to score. The extra point was not good.

The third quarter was not played very well. I credit the Shorthorns for coming out after half ready to get back into the game against the Breezers. They shut our offense off and caused us to punt the ball back to them. Pedro Aguilar did a great job punting the ball as was our coverage. That ended the third quarter of play.

In the fourth quarter we got back on track offensively and drove the ball down the field. Paul Marmolejo scored from 2 yards out. The extra point was no good. The Shorthorns put some good drives together as well and drove down the field and scored 2 touchdowns and both extra points were good. They did a great job controlling the ball and mixing up their plays.

Shannon Bolton scored our last touchdown with a 17 yard sweep play. The extra point was good (Tate Jones to Raymond Everrett).

We are very proud of our young Breezers. They have been working hard and are trying to do the right things on and off the field. We really appreciate the support you give them.

Longhorns outscore Friona 33-16

By Coach Edwards

The Lockney Longhorns, who won the Floyd County Championship in their previous outing against Floydada, had another championship to capture. The Longhorns traveled to Friona on a cold and rainy night and romped the Chieftains 33-21, won the number one seed in the District 5-2A Championship, and earned a spot in the state playoffs.

The Longhorns used a different tactic other than the norm. Three of the five touchdowns came from the air, not the usual ground game which has been a key to Lockney's success.

"We only threw six passes on the night," Coach Joe Robertson explained. "It just so happened that three of the receptions were touchdowns. Ben did an excellent job finding the open receivers, and our receivers made great catches. It was wet and nasty, but our boys did what they had to do to win the game."

The Chieftains goal was set out to stop the run. Especially the second leading rusher of the South Plains in class 2A, Mark Ford. Friona crowded the line of scrimmage with hope to slow down the Longhorns. However, the Chieftains defense just opened a "can of worms" for Lockney. Five different Longhorns scored touchdowns. Ben Sherman threw three touchdown passes and all three being his firsts of the year. Jeran Butler, Matt McPherson and R.J. Cruz each had a touchdown reception which were their only touchdowns of the year. Brandon McDonald scored his first touchdown in district play and only his second on the year. And Mark Ford added one of many touchdowns on the season.

And then there was Cody Bayley who set up several of the Longhorn touchdowns. Bayley rushed for 94 yards on nine carries which is a career high for him.

"That just shows you how balanced we are," Coach Robertson said. "Every player that we have on our team is capable and willing to get the job done. Our offensive line did an outstanding job especially with all of those red jerseys piled around the football. And our defense stepped up big when they had to. It was just a total team effort."

Things did not seem so promising

at the beginning for Lockney. The Longhorns fumbled the opening kickoff and the Chieftains recovered giving them the ball on Lockney's 24 yard line.

On fourth and goal, Brock Field found Nathan Haile for a one yard touchdown pass. The point after was no good giving Friona an early 6-0 lead.

The Longhorns began their usual game by chewing up the clock and grinding out yard on the ground. Fifteen plays later, Ben Sherman connected with Jeran Butler for a nine yard touchdown pass. Jesus Rios made the point after giving the Longhorns the lead, 7-6 with 1:58 remaining in the first quarter.

The Longhorn defense held the Chieftains on their next possession making them turn the ball over on downs. Eleven plays later, Sherman threw his second touchdown of the night to Matt McPherson for an 11 yard touchdown pass. Rios' point after was good increasing the Longhorns lead to 14-6 with 3:49 left in the first half.

But the Chieftains struck back quickly. Field found Adam Bandy down the sidelines for a 25 yard touchdown pass. Nathan Haile ran in the two-point conversion tying the game at 14-14 with :42 seconds remaining in the first half.

Lockney started their next possession at their own 26 yard line. Mark Ford broke loose for a 41 yard gain moving the ball to Friona's 31 yard line with :24 ticks left in the half. Sherman once again aired it out with R.J. Cruz splitting the defense catching the ball in stride at the goal line for the score. Rios' extra-point was good giving the Longhorns the lead for good 21-14.

Lockney used their momentum of the first half to stop the Chieftains on their first possession of the second half. The 'Horns took over at the Chieftains 45 yard line. Eight plays later, Mark Ford made his way through a pile scoring on a two yard touchdown run. Rios' point after was no good but increased the lead to 27-14 with 5:25 remaining in the third quarter.

The 'Horns defense stepped up again forcing Friona to turn the ball

over on downs. But the 'Horns turned the ball back over by fumbling it on the first play from scrimmage.

On Friona's first play after the turnover, Brock Field raced to the end zone for a 47 yard touchdown run. The point after was good closing the score to 27-21 with :21 remaining in the third quarter.

As the fourth quarter began, the Chieftains defense stiffened and forced Lockney to turn the ball over on downs. Friona was using both its running and passing game to move the ball into Longhorn territory with less than six minutes remaining in the game. But the Longhorns defense came up big when linebacker, Jeran Butler, intercepted a pass which halted the Chieftain threat.

On a crucial third down and long, Cody Bayley gained 30 yards to give Lockney a first down and put them deep into Friona territory. This set up a 16 yard touchdown run by Brandon McDonald. The two-point run attempt failed but the Longhorns increased their lead to 31-21 with 2:51 remaining in the contest.

Friona moved the ball into Lockney territory, but their final drive was interrupted by a R.J. Cruz interception in the end zone. The 'Horns took a knee to end the game and took sole possession of the district race.

"This is unbelievable," Coach Robertson exclaimed. "Our team and coaches have worked very hard to accomplish what we have done. I am tickled pink and I am so glad that our boys get to enjoy the feeling that they are feeling. The beauty of it all is that we do have more than one game left on our schedule."

The Longhorns (8-1)(4-0) will host the Olton Mustangs (5-4)(2-2) for the last regular and district season game of the year starting at 7:30 p.m. on Friday.

Lockney J.V. Football Report

By Coach Edwards

The Lockney Longhorns Junior Varsity squad lost their chance to win the district championship falling to the Friona Chieftains 48-14.

Lockney trailed 22-8 at the half but turnovers would not allow the Longhorns to get a rally going. The Longhorns had nine fumbles on the night losing seven of them. Three of those fumbles were inside Friona's 15 yard line.

The Longhorns scoring came from Daylen McCarter who threw a touchdown pass to A.J. Rosales. John Vasquez ran in the two-point conversion. Andrew Garza ran in the other Lockney touchdown.

The Junior Varsity is now 5-3 on the season and 3-1 in district. The Longhorns will travel to Olton on Thursday game time starting at 6:00 p.m.

Lockney 8th Grade Football

By Coach Edwards

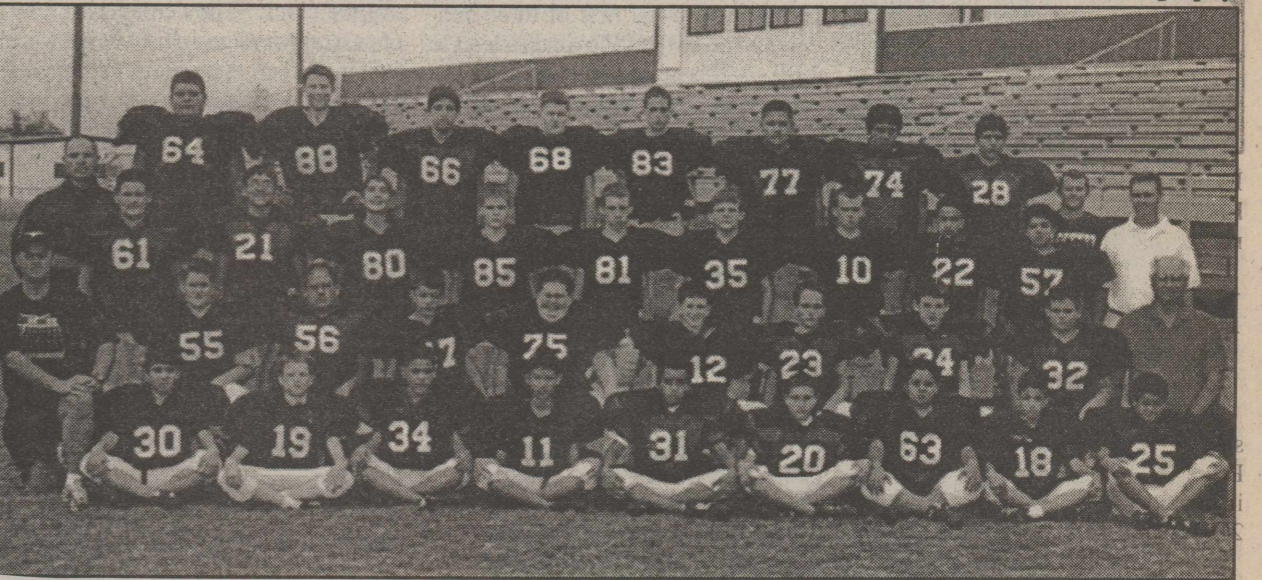

The Lockney Shorthorn 8th Grade team fell to the Chieftains of Friona by the score of 31-0.

The Chieftains jumped to 22-0 lead at the half and never looked back. Turnovers hampered the Longhorns limiting themselves on offense.

The 8th grade team will finish their season on Thursday as they host the Olton Mustangs starting at 6:15 p.m.

The game was tied all the up to the 2:00 minute mark of the game when the Chieftains broke loose for a 32 yard touchdown for the victory.

The Shorthorns did an outstanding job defensively slowing down a very talented Friona team.

"I am proud of how our boys play and how hard they work," Coach Edwards said. "We are usually outsize by most teams, but our boys will stick their heads right in the middle of them and never give up."

Conservation issues top priority of PCG

By Shawn Wade

With all the attention being focused on the implementation of the new Direct and Countercyclical Program (DCP) it is sometimes easy to forget that a significant investment was also made in conservation programs as part of the Farm Security and Rural Investment (FSRI) Act of 2002.

Through it all, however, PCG continues to juggle the development and implementation issues surrounding the new farm program and conservation programs with a continued effort to gain passage of a 2000-2001 crop disaster package and the many other day-to-day issues that are out there.

The result of the FSRI Act's investment in conservation is a significant increase in funding for conservation programs with the goal of increasing the "on-farm" impacts of conservation spending.

In an effort to insure that High Plains cotton producers are able to fully participate in the new programs, Plains Cotton Growers has been taking an active role in the development of the rules and regulations that will govern operation of the new programs.

At the top of PCG's Conservation To-Do list are revamping older pro-

grams like the Environmental Quality Improvement Program (EQIP) to get the most out of significantly increasing budget allocations throughout the life of the FSRI Act.

PCG is working closely with State and National Natural Resource Conservation Service (NRCS) staff to communicate producer needs and priorities so that quickly changing rules do not inadvertently cause the area to miss out on participation opportunities.

Perhaps even more exciting, however, is the potential impact of the new Conservation Security Program (CSP).

Originally put forth as the basis for an alternative Farm Program, the CSP found its way into the FSRI Act as a stand-alone Conservation program open to every farm and ranch operation in the nation.

In fact, the CSP program outlined in the farm bill could be an excellent opportunity to open another valuable income stream for producers without a lot of extra investment.

This is possible because the CSP was intended to reward producers who are already incorporating conservation practices and realizing conservation

benefits.

In an effort to stay ahead of the curve during development of the CSP, PCG brought NRCS representatives from the Texas and Washington offices to the High Plains less than one month after the signing of the farm bill.

That visit was the beginning of many discussions about how to make sure this area can fully participate in the program and accomplish the conservation goals of the CSP.

PCG representatives will be traveling to St. Louis, MO, November 12 to participate in the "National Conference on Farm Bill Conservation Opportunities" sponsored by the National Association of Conservation Districts (NACD) and the Conservation Technology Information Center (CTIC).

The conference will include informative presentations by USDA NRCS Chief Bruce Knight, and USDA Chief Economist Keith Collins, and Chuck Conner, Special Assistant to the President for Agriculture.

It is hoped that during the conference additional discussions can take place and feedback provided regarding the implementation of the CSP and the regulations that will govern it.

NAP applications deadline nears

By Rodney Schoppa

The application closing date to sign up for the Non-Insured Assistance Program (NAP) for native grass and improved pastures is December 1, 2002.

NAP covers crops damaged by severe weather that result in a loss of 50 percent or greater. Losses are generally determined by percentage of loss compared to the producer's actual yield history. Lost production eligible for payment is paid at 55 percent of crop value.

Producers interested in obtaining crop insurance on perennial pastures should visit their local USDA Service Center as soon as possible to complete an application for their 2003 acres. Producers with acres in multiple counties should be aware that carrying capacities for pasture acres covered under NAP may vary by state and by

county, so they need to check with their local FSA offices for details.

NAP coverage is only available for crops where coverage is not available under the Federal Crop Insurance Program (FCIP). For all native grass and improved pastures, producers must report acres and file notices of loss in a timely manner to insure eligibility. However, production evidence is not required for perennial pastures that are grazed only.

The December 1, 2002 deadline to purchase NAP coverage also applies to persons who have an existing policy and want to renew their coverage for 2003.

For detailed NAP information and applicant eligibility criteria contact the Floyd County office at (806)983-5747 or visit FSA on the World Wide Web at <http://www.fsa.usda.gov>.

Texas Beef Council News

By Lisa Williams

Russian beef buyers received a crash course on profiting from U.S. beef thanks to the U.S. Meat Export Federation (USMEF), the beef check-off program, and a couple of Texans.

A recent beef market development program conducted by USMEF with support from the Texas Beef Council (TBC) sent Texas beef producer and TBC Chairman John E. Dudley of Comanche and Texas cowboy cook Tom Perini of Buffalo Gap to Russia. Dudley and Perini conducted three seminars in Moscow and St. Petersburg and appeared on one Russian television cooking show.

USMEF's objective with the program was to use Dudley's and Perini's expertise to develop the image of U.S. beef as a high quality, affordable product to Russian importers, processors, restaurant operators and chefs.

The seminars reached 120 Russian buyers. Among the attendees were the executive chef and his assistants from the Kremlin, the citadel that houses the offices of the Russian government including Russian President Vladimir Putin.

Perini had cooked beef tenderloin for Putin in fall 2001 when he met with President George W. Bush at Crawford, Texas.

It was a great lead-in for the seminar, Perini said. Influential members of the Russian food service trade showed up to hear Perini discuss the U.S. beef that had so impressed their

country's leader. And Perini's message didn't disappoint them. He told them that U.S. beef provides high quality, tenderness and flavor for all audiences, whether they eat at the Kremlin or at the corner coffee shop.

"Much of the Russian cuisine involves boiling or overcooking beef from older dual-purpose cows," Perini said. "The Russian chefs and meat buyers did not realize that grain-fed cuts from young U.S. calves selected for beef traits could be flavorful and juicy. We showed them how they must use the recommended preparation method at the right temperature and the proper length of time for each cut."

Perini instructed the Russian trade on the foodservice options of beef cuts like brisket, knuckle, ball tip as well as tenderloin, T-bone and ribeye. He emphasized that foodservice receives best results when underutilized cuts are cooked over low temperature for long periods of time and when middle meats are prepared to a doneness less than medium well.

Dudley, a registered and commercial cattle operator, provided background on the U.S. production system at each seminar. He said the Russian trade was impressed with the U.S. beef producers' system for generating marbling (the flecks of white inside steaks) that add flavor and juiciness to U.S. beef cuts.

"They were interested in the large picture of the U.S. beef industry and how we go through the system to produce grain-fed beef," Dudley said.

"They gave our message a great reception."

USMEF began developing this region in the early 1990's using a combination of beef checkoff dollars and government Market Access Program funds. USMEF foreign directors and consultants generated programs and contacts to build awareness and demand for U.S. beef in Russia and other independent states of the former Soviet Union.

Over the next decade, Russia has become the U.S. beef industry's fourth largest customer. Through August 2002, Russia had purchased 50,026 metric tons of beef and beef variety meats worth \$43.2 million. This figures show growth of 26 percent in volume and 43 percent in value over the previous year.

Although the Russian economy suffered a setback with the 1998 devaluation of its ruble, the country has benefited from its move to a free-market economy following the end of the Cold War in 1989. It primarily has purchased U.S. beef variety meats, but has shown a greater interest in beef cuts as Russia per capita income grows.

"If the Russian economy continues to expand, I think the potential for U.S. beef in that market is unlimited," Dudley said. "Investment of checkoff dollars in developing these kinds of markets is, in my opinion, invaluable in getting the U.S. beef industry a secure place in the world beef economy."

to display its Cotton Town USA plaque in the room.

Stamford proposes the grant be used as "seed money" to purchase a Cotton Town Cottage - an old house the town plans to restore and raffle to preserve the historic heritage of the town. Funds earned through the raffle will then go towards improving other community buildings.

As Stamford resident Paula Bennett wrote in her submission, "Can't you visualize it now: remodeled, freshly painted, trimmed shrubs, a red porch swing and a sign in the yard, 'Cotton Town Cottage - the House that Cotton rebuilt?'"

Cotton Town USA is part of Cotton Counts, a consumer awareness campaign aimed at improving the understanding of and attitudes toward the U.S. cotton industry, and led by the National Cotton Women's Committee. Grants are funded by sales

from the TEMIK Saver's Choice program, which rewards growers for multiple purchases of Bayer products.

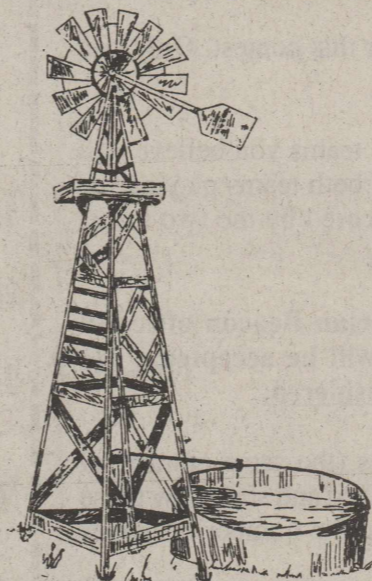

Bayer CropScience researches, develops, manufactures, and sells a broad range of innovative crop science products for the crop protection, biotechnology and seed markets; and the consumer lawn and garden markets. Bayer CropScience, with worldwide headquarters in Monheim, Germany, is a business area within the worldwide Bayer Group.

Bayer CropScience is an international, research-based group with core businesses in health care, crop science, polymers and specialty chemicals. It employs some 117,000 people thought the world. In 2001, Bayer had sales of EUR 30.3 billion and net income of EUR 965 million. Capital expenditures amounted to EUR 2.6 billion, R&D spending to EUR 2.6 billion.

should receive the award and what it would do with the grant money if their community were selected. In its inaugural year, the Cotton Town USA program received more than eighty applications.

"The quality and number of the Cotton Town USA applications were received surpassed our expectations," says Cotton Nelson, manager, public relations for the National Cotton Council. "It is quite apparent the applicants are proud of their 'cotton' towns and their heritage, and are dedicated to improving their communities. We salute Bayer CropScience for stepping up to recognize and support rural America in this challenging economy."

All three Cotton Town USA communities have specific plans for the grant money. Dermott, Arkansas plans to create and furnish a community room for civic functions that will be open to all residents. The town plans

First of all, I would like to thank God for my blessings on my new car. Thanks to my friend, Olivis Vega Graham and Chris Graham of California for arranging my visit to the Price is Right.

To my family and friends for their support. It's truly an awesome feeling when you feel the sincerity of family and friends when they get excited about your accomplishments.

I've always believed in that we are blessed so that we may be blessings to others. Thanks to Kaliedoscope for the t-shirt.

God bless,
From the Price is Right Lady

We would like to express our heartfelt appreciation to all of our many friends, neighbors and family members for all of their visits, phone calls, flowers, gifts and the many meals prepared for Robert and I, but most of all for the prayers offered for our family during my recent surgery, hospitalization and continued recovery at home. We are truly blessed to live in such a caring community and have such wonderful friends. Thanks to each and everyone.

Sincerely,
Sue and Robert Ward

**A SALUTE
TO OUR VETERAN'S**

It is with a sense of deep gratitude to the people of Floyd County that we today pay special tribute to those who have stood in harm's way to defend us all from harm's way.

We mark this gratitude with a simple, inspiring monument on the Courthouse Square, one we hope, and expect, will stand as a lasting testament to those of our sons and daughters who answered the call to duty, who put on the uniform of our country and stood ready to serve where needed.

In some cases that meant the supreme sacrifice. Some will not be here to see their name engraved in granite for all others to see. In remembering them we give special thanks. That, we know, is a very small tribute, but it is about all the living can give to those who fell on some distant battlefield, and, in falling, gave their all so that others might have the kind of life they wanted in the kind of country they wanted.

We pay tribute as well to those among the living who cared enough to devote time and money to see that those who served their country might be remembered. Future generations will mark the fact that at some time in the distant past there were people who not only served, but that others remembered those who did. We here at The Hesperian-Beacon are proud to be among that number.

Dear Editor,

IT TAKES A COUNTY TO BUILD A MONUMENT!

Because of the many individuals that have come together as a team, over 160 volunteers and 873 contributors, the vision of the memorial has become a reality. The past 16 months have taught me a lot about organization, citizenship, financial responsibility, delegation, public speaking, and leadership. The most memorable part of this project will be Dedication Day on Veteran's Day, November 11, 2002, because it's the day we've all been working towards.

I would like to thank the following for their time and effort:

Thank You Veterans We Salute You!

The following photographs of our veterans have been placed in this edition with a deep sense of love and gratitude for the sacrifices that have been made on our behalf.

Each individual has a story to tell of what they went through for the families they left behind and the future families in this country.

Although many of these veterans are no longer living they have not been forgotten by their loved ones or this nation.

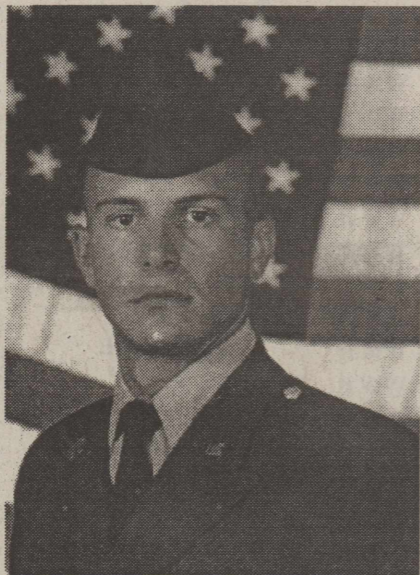

We have chosen to honor them in a small way with these picture pages.

The picture part of this edition has been made possible by:

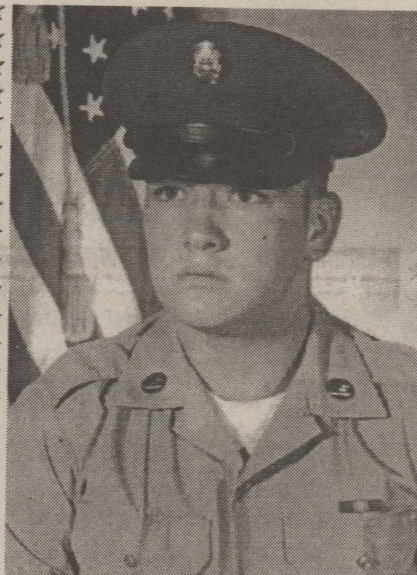

*Friends and Family of These Veterans
The City of Floydada, and
The Floyd County Hesperian-Beacon*
