

# Reese to gather at 'Town Hall' meeting

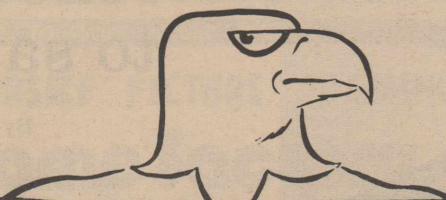

All members of the 64th Flying Training Wing and their dependents are invited to the Town Hall Meeting at 7 p.m. Feb. 3 in the Mathis Recreation Center.

The purpose of the meeting is to promote better understanding and free speech between all Wing members, their families and the 64th Air Base Group. It will provide a chance for everyone to question people from the Security Police Division, Civil Engineers Squadron, Special Services Division and any of the other services within the Group.

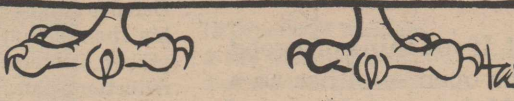

Col. Richard A. Ingram, ABGp commander, said that he feels this meeting will show the concern that he and the rest of the Group have about the services they perform within the Reese community.

Everyone is invited to bring their problems to the foreground. Working together we can arrive at answers of benefit to all. It is hoped that meetings such as this one will provide another avenue of communications between members of the Wing and those people charged with serving all of Reese, the 64th Air Base Group.

Dress will be casual and you may leave at any time.

You are invited to the  
**Town Hall Meeting**  
7 p.m. Feb. 3  
at Mathis Recreation Center

## Lives unfold at 'Operation Kick It' here

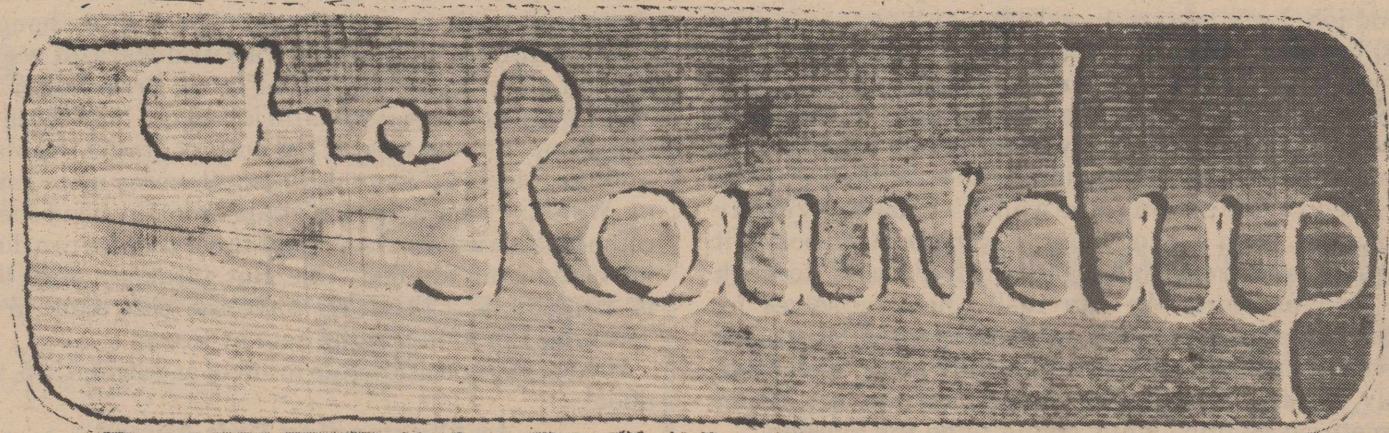

"Operation Kick It" returns to Reese for two programs at 4 and 6:30 p.m. Jan. 30.

"Operation Kick It" presents the true personal stories of several convicted felon drug abusers from Huntsville Prison, Tex., told by the inmates themselves.

The first program, at 4 p.m. in Simler Theater is for all Reese military members age 25 and younger. All in that age bracket must attend if they are "not absolutely mission essential," said Wing Commander Col. Schuyler Bissell. The second program, scheduled to be held at 6:30 p.m. in the Mathis Recreation Center, is for Reese dependents.

"Drug abuse among dependent personnel is a matter of growing concern to me personally," Colonel Bissell said. "I would like to encourage all parents to have their children attend the second performance."

Off-duty military personnel may also attend the second program.

VOLUME XXVI NUMBER 3

Lubbock, Texas January 24, 1975

## AF notifies officers of RIF to reach strength targets

RANDOLPH AFB, Tex. (AFNS) - Air Force notified 621 Reserve officers Monday that they are to be involuntarily separated not later than June 27.

This reduction in force (RIF) is unavoidable despite implementation of numerous loss management programs to reduce fiscal year 1975 officer strength levels.

Air Force announced early last November that due to lower strength levels, resulting from Congressional appropriation decisions, it might be necessary to implement a RIF. In anticipation of this, a reserve officer screening board was convened on Nov. 11 at the Air Force Military Personnel Center. The board considered certain categories of officers with a total active federal service

date between July 1, 1957 and June 30, 1972.

Under the previously implemented voluntary programs, officers were encouraged to apply for early releases, retirement restrictions were relaxed and transfers to the Air Guard and Reserves occurred under Palace Chase. Approximately 2,000 officers exited the active force under these voluntary programs.

Involuntary programs, other than RIF, have also been recently announced,

including the accelerated retirement of certain Reserve officers beyond 20 years of service and the advancement of some separation dates from FY 76 to FY 75 for other nonretirement eligible officers.

The yields from all previously implemented voluntary and involuntary programs were insufficient to meet the end strength objectives and subsequently it became necessary to implement the RIF. All officers to be released will be given at least 90 days' notification.

## Chapel Center releases Prayer Breakfast plans

Reese AFB will hold its annual Prayer Breakfast in the Officers Open Mess at 7 a.m. Feb. 3.

This event is being held in conjunction with the 24th Annual National Prayer Breakfast (formerly the Presidential Prayer Breakfast) that will be held Thursday at the Washington Hilton Hotel under the sponsorship of the U.S. House and Senate Prayer Groups.

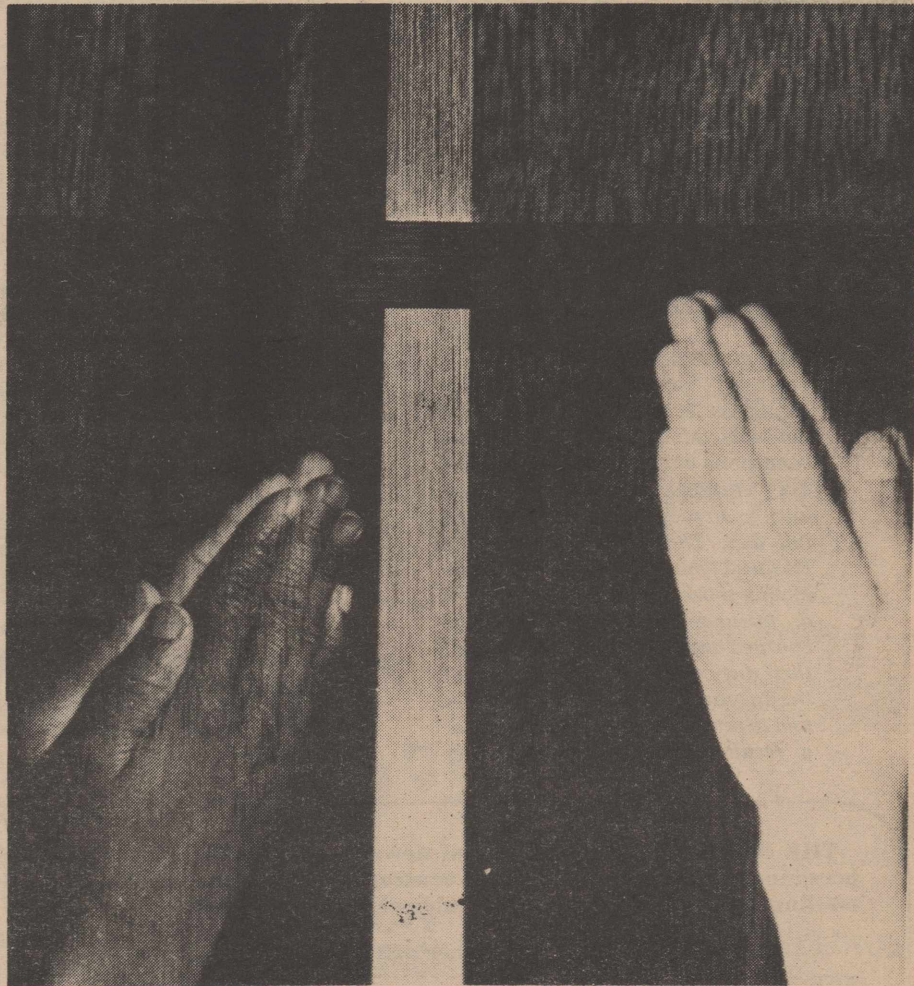

Similar breakfasts will be held at the Pentagon and military bases throughout the world. The purpose is to bring together the leadership of the United States in recognition of the moral and spiritual values upon which the nation is founded.

The Reese Prayer Breakfast will be hosted by Wing Commander Col. Schuyler

Bissell. Thomas J. Patterson, editor of the West Texas Times newspaper and Assistant-to-the-Dean at Texas Tech University will be the guest speaker.

Tickets for the Breakfast cost \$1.75 each but the Catholic and Protestant Chapel Funds have agreed to underwrite each ticket by 75 cents. During the coming week, representatives will be in various organizations on base with tickets.

All Reese people are urged to begin making plans now to attend their Prayer Breakfast. Persons attending are allowed to be excused from work without being charged leave time. More information about tickets can be obtained from TSgt. James Milward in the base chapel, Ext. 2237.

## frame of reference

*"... we can lead the way for the 64th Flying Training Wing to really come alive in 1975!"*

Now that you have forgotten all about those New Year's resolutions you made early Jan. 1, I would like to suggest some realistic ones for the Logistics complex in 1975. Each of us will have to do our part if they are to work!

First, let's see to it that we take care of our people. Let's welcome newcomers enthusiastically. Let's listen to and help solve people problems. Let's improve working conditions. Let's inform each other up and down the chain of command about what is going on. Let's be sure somebody knows when he's done a good job. Let's be sure everybody has a chance to give 100 per cent and, if not, find out why not. Let's be sure everybody has a "safety first" attitude.

Second, let's be sure we get our part of the wing mission done to the very best of our ability. It is not going to be easy. We will have to watch every penny we spend while making sure we don't violate any safety measures. With a lot of young, eager troops on board, it is going to be a real challenge to the "old heads" to teach as well as work. We can really help ourselves by planning ahead as much as possible with Operations, Civil Engineers, Transportation and Safety, to mention only a few. "Rattle the system" if we are doing something "dumb" while trying to do the mission.

Third, let's accept only the very top standards in the way we look, act, work and play. If you enjoy "walking the borderline", you are only cheating yourself!

Fourth, SAVE, SAVE, SAVE! Paper, pencils, pens, paper clips, rubber bands, electricity, gasoline, natural gas, oil, you name it. In December, 113 common office use items in the Base Service Store went up 214 per cent

**Col. Alain G. Boughton**  
Deputy Commander for Logistics

in price!! We must not be wasteful. If you think of a good idea for savings, get it out in the open — either as a RECON item or as a suggestion. Make yourself some of that green stuff. Do not ever save on safety, though!

And, fifth, let's be sure we all understand we are part of a "team" — the 64th Flying Training Wing. Sure, we each have a specific job to do, but if it is not done properly, the team effort suffers, we get the blahs, and the "doctors" from down south come up to "cure" us. We want those guys (and gals) from the head shed to come up because we want them to see that we can do the job better than anybody else. But, it takes a team to do it. Personally, I think we have the best team in Air Training Command right here at Reese!

If you need specific goals to shoot at during 1975, how about:

**An Outstanding Unit Award**  
**The ATC Supply Effectiveness Award**  
**The American Petroleum Institute Award**  
**An "Excellent" on the next IG**  
**Just plain satisfaction in knowing you did your 100# in the total team effort.**

Through all our combined efforts in the LG complex, we can lead the way for the 64th Flying Training Wing to really come alive in 1975!

## Officials urge renewed effort to save energy

By Sgt. Jeff King

Energy conservation continues as a major concern at all levels of command. Efforts have paid off well as reduction goals have been met and beaten all the way down from the federal to the local levels.

On the national scene, a reduction goal of seven per cent was set. The actual savings was 24 per cent. That figures out to a savings of more than 90 million barrels of oil and a \$725 million savings for American taxpayers.

Notes of appreciation from all levels of command thanked people for their efforts and urged added support. Secretary of Defense James R. Schlesinger added with his thanks that he hopes units will use proper judgement in adjusting energy reduction goals. In his words, "Finding an appropriate balance between conservation and readiness goals will not be easy and is a decision which must rest with each individual commander."

Schlesinger added, "I am confident that the Department of Defense will meet the President's goal..."

That goal has been set at a 15 per cent reduction in energy consumption over what was used in fiscal year 1973.

Gen. R.H. Ellis, Air Force vice chief of staff, stated, "We face a greater challenge in FY 75 as rising energy costs make conservation doubly important. I am confident, however, that our effort will be successful."

In Air Training Command, FY 75 savings are already being realized. Lt. Gen. George H. McKee, ATC commander, in a letter to all wing commanders, stated that ATC has already seen a 20 per cent drop in utilities consumption. The period he describes is the first five months of FY 75. He added that ground fuels consumption has been reduced more than 32 per cent.

In General McKee's words, "This is most commendable. Perhaps more important is the fact that these reductions constitute a major cost avoidance. The command motor gas savings alone was more than \$170,000."

At Reese last year we saved more than 12 per cent in electrical consumption and more than 25 per cent in natural gas use, compared with the previous year. This year, according to Col. Schuyler Bissell, wing commander, the price of electricity has increased another 25 per cent while the cost of natural gas has doubled. In his words, "This gives us even greater opportunity to save whenever possible in this area."

Simply translated, they are all saying the same thing: "You're doing fine but we need more. We know you can do it, people, so have at it!"

## Commander's CARE Line

(Editor's note: THE ROUNDUP will continue to publish Commander's CARE Line inquiries as long as they are of base-wide interest. All inquiries will be reviewed by the Wing Commander, Col. Schuyler Bissell. Personnel are encouraged to first use their chain of command or the office of primary responsibility to air their complaints, if possible. If these methods do not work, call the CARE Line by dialing C-A-R-E. Personnel are encouraged to give their name, rank and duty section when calling.)

Sir:

I would like to know why the civilians all over this base got off Dec. 26 when the roads were bad. We had to sign for leave while the other civilians said they took "administrative" leave. My duty section is at the Hospital. Thank you.

No Name

Administrative leave was not declared on Dec. 26. Many employees scheduled for duty were not told of the hazardous road conditions and drove safely to their duty stations. Many remained on duty to do pressing business for the full day. Those employees in the Hospital who reported for work were among those not informed. Through a misunderstanding they were charged annual leave when they left their duty stations before the end of the duty day. They should have been told to return home and stand by for a recall to duty if the weather

permitted before the end of the day. Standby time is duty time. To correct the injustice Hospital people suffered due to the misunderstanding, those who reported for work and were charged leave for leaving the base early will have that day of leave restored to their accounts.

Sir:

I think 35-10 in the CBPO and finance is being carried way past limitations. As soon as you walk in there and stand around, people come walking up to you and tell you to get a haircut... even civilians. I feel they have no right to be doing this. It should be coming down from the proper chain of command within the squadron, telling individuals who need haircuts. When you go to appointments you should be served and that's it, without being hassled by all these people telling you your hair is too long so they can't serve you and you don't have an appointment. Thank you.

Sergeant Williams  
"G" Flight

Sergeant Williams:

Both the CBPO and Finance offices are responding to my instructions, "Personnel not

conforming with 35-10 will not be served." They are in the service business and are committed to providing the very best. They are also in the military and agree that problems should be handled within the chain of command. Apparently it was not. Therefore, they had to handle it. We will continue our present policy. If a civilian was confronted, my apologies.

Sir:

I'd like to know why the honor guard is so important that it takes priority over duties when we're short manpower on the flight line. Thank you.

MSGt. Richard E. Kohler  
64th OMS

Sergeant Kohler:

I am quite aware that the Honor Guard has numerous functions to attend that in turn task our ever increasing drain of personnel resources in the Air Force. However, ATCR 900-16 (Honors and Ceremonies) states that honor guard duty and performance take precedence over normal military duties when the base mission will not be seriously weakened. I can think of few, if any, instances when our base mission would be seriously weakened by releasing a few individuals for Honor Guard duty. You and I alike must remember that the honor guard is most often the only direct contact the civilian community has with the military personnel and they expect us to respond when called upon. I fully support this organization and request that you and your coworkers do likewise.

## Youth work needs YOU!

By James L. Avery  
Chief of Recreation Services

All sports have their booster clubs and we need you to give our new Youth Activities program a boost.

We have a very limited budget and so must rely upon the talented people of our Reese community to give us a hand.

If you have a special hobby or particular interest and would be willing to share it with our Reese youth, please let us know. If your specialty is more of a developed skill, help us out. The more people who care enough to help, the greater and more rewarding our Youth Activities program will be for our youth and volunteers.

Please call the Youth Center at Ext. 2820 and let us know what you can contribute.

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P.O. Box 2415, Lubbock, Tex.

### Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser, user or patron. A confirmed violation or

rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Information Division, Bldg. T-1, no later than noon Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., phone 733-4551.

# DoD directs Air Force to enhance airlift work

WASHINGTON (AFNS) - The Secretary of Defense has directed the Air Force to develop and implement an airlift enhancement program to improve the national airlift capability. The program will include improvements in both the Department of Defense's (DoD) airlift capability and the civil resources that are committed to the DoD in time of an emergency.

During the past year, the U.S. has undertaken several initiatives to provide a more flexible and responsive military policy. These initiatives will make U.S. forces more readily available and useful to our NATO allies in the event of a contingency in Europe.

**Purpose**  
 Officials say the basic thrust of the enhancement program is to add on and improve the DoD mobility capability. This added airlift capability would make it possible to reinforce Europe rapidly with a large combat force. They feel it would also provide convincing

evidence of the Air Force's ability to deploy division-sized forces to Europe on short notice. This could well serve as a "real" deterrent to aggression, say Air Force officials.

As a result, the Air Force is planning more intensive use of current strategic airlift forces. This includes increasing aircrew and maintenance manning and the amount of spares, war reserve material and supplies. This would enable the aircraft currently in the inventory to be flown at higher utilization rates.

Another enhancement option involves the modification of existing military and civilian aircraft to increase their ability to support the airlift mission. The modifications currently under consideration would offer substantial increases in wartime capability. However, the modifications do not incur significant peacetime operating costs.

**Options**

The specific options include:  
 • a 25 per cent increase in capability of C-5 and C-141 by greater use of existing aircraft.  
 • Inflight fueling for C-5 and C-141

aircraft. For the C-5, this requires only crew training. The C-141 will require modification.

• C-141 stretch. This involves stretching the fuselage of the C-141 by 23 feet. This modification will give a 30 per cent volume increase in cargo loads.

• Tactical airlift augmentation. This involves use of the C-130's in the strategic long-range deployment.

• Civil reserve air fleet (CRAF) modification. In this program, civilian passenger aircraft are modified to provide a wartime cargo capability. The modifications would include a cargo door, floor strengthening, and an internal aircraft cargo system of rails and rollers to move equipment once inside the aircraft. Under peacetime situations, these aircraft would operate in the normal passenger configuration. However, in time of emergency they would be utilized in support of national requirements.

The House Armed Services Committee will begin hearing on these proposals Jan. 27. Many key Air Force leaders are scheduled to testify on the details of the airlift enhancement plan.

# JOC hashes over past, future events

By Capt. Bill Zahn and  
 1st Lt. Tom Salmi

The Reese Junior Officers Council (JOC) held its first meeting of the new year Jan. 10 at the Officers' Open Mess.

Reports were given by Capt. Ken Larson, JOC vice president, concerning the Reese Christmas Party for area orphans and the auction sale held at the old Officers' Mess. Both activities were a success. Thanks are extended to those people who made it possible.

Plans are being made to organize an Angel Flight party with Angel Flight from Texas Tech University's ROTC Detachment 820. The event is being planned for February.

An "incentive" trip to Torrejon, Spain, was discussed. More information will be available at next month's meeting.

New business discussed at the meeting included a change in the Council's charter that will make the representatives of the pilot training classes voting members for the first time.

Also discussed was the grouping of the JOC representatives into five standing committees. A newcomers' briefing is being set up to introduce incoming officers to the Reese JOC.

The last new business action set up a committee for a JOC Air Force Association-sponsored dining-in.

Col. Schuyler Bissell, wing commander, expressed his desire for the JOC to become a strong active working force at Reese.

The next meeting of the JOC will be Feb. 7 at the Officers' Mess. They are always held at 3:30 p.m. on the first Friday of each month.

\*\*\*\*\*

"I am well aware of the toil and blood and treasure it will cost us to maintain this Declaration. Yet through all the gloom I see the rays of ravishing light and glory. This is our day of deliverance. With solemn acts of devotion we ought to commemorate it. With pomp and show, games, sports, guns, bells, bonfires and illuminations from one end of the continent to the other from this time forth forevermore." (John Adams).

# 35th FTS selects winner

Capt. Ronald L. Kuhl, "D" Flight, has been named the 35th Flying Training Squadron's Instructor Pilot of the Month for December.

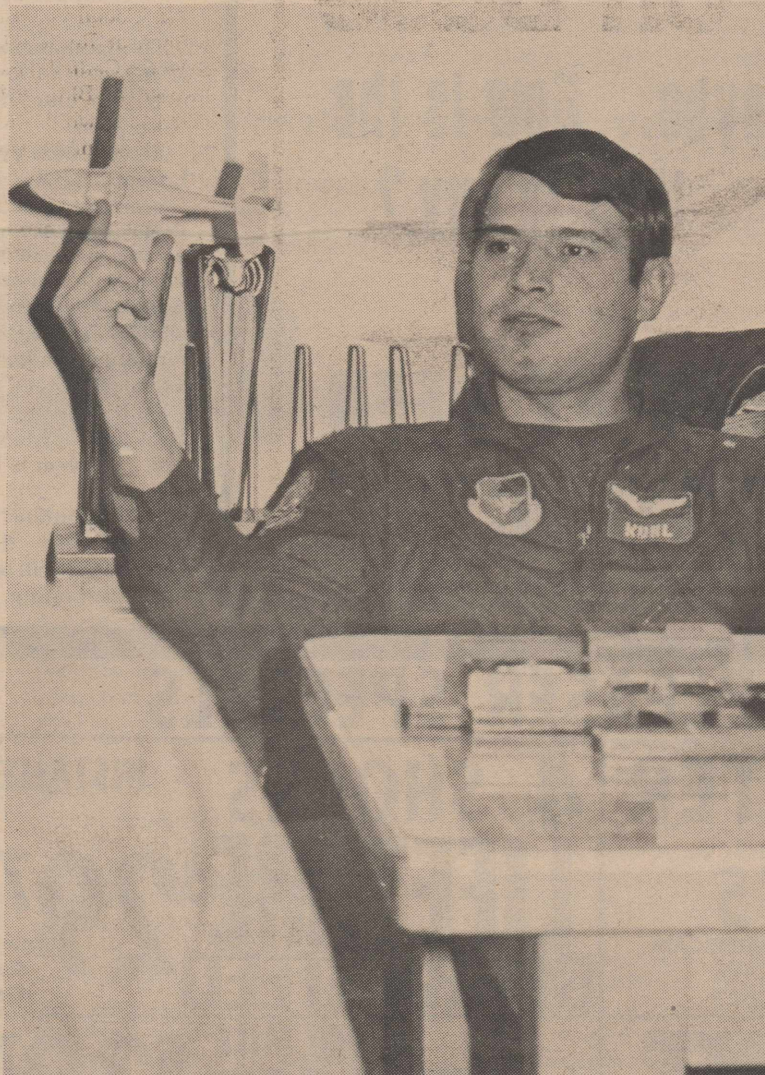

*Captain Kuhl honored for knowledge of total program*

As Flight Scheduler, Captain Kuhl has managed the training of 22 student pilots in a recent class to insure the best flying. His scheduling insured instructor continuity while meeting the training syllabus without a deviation. According to Lt. Col. Robin M. Woodruff, then 35th FTS commander, Captain Kuhl's ability to schedule the training activities for students with problems was "outstanding in all cases." In evidence of this fact, the captain was named by the Wing Commander to serve as Senior Runway Supervisory Unit Controller.

"The performance of this duty requires a thorough knowledge of the total T-37 flying operation," said Colonel Woodruff. "Capt. Kuhl expertly controls the normal operations of numerous training aircraft. Based on his thorough knowledge of aircraft systems and procedures, he often assists emergency aircraft in landing safely.

Captain Kuhl was recently cited by the wing Standardization/Evaluation Division for his "outstanding performance" on an instructor flying evaluation. And, because of the teaching skills he has shown, he has been selected to serve as Sponsor Instructor Pilot. As such, he oversees the training of newly-arrived T-37 IPs to make sure they get the proper training and are prepared to perform the duties of an IP.

"Keenly aware of the . . . student's needs and the demands of the pilot training program, Captain Kuhl adjusts his teaching techniques to develop the flying skills of his students," commented Colonel Woodruff.

MONTH'S BEST — Capt. Ronald L. Kuhl has been selected Instructor Pilot of the Month for December for the 35th Flying Training Squadron. See story above. (U.S. Air Force Photo by TSgt. Rich Godfrey)

## Reese honors slain leader

A crowd of 83 people paid tribute to the late Dr. Martin Luther King in a special memorial service Jan. 15 in the Reese Chapel Center.

The service began with a trumpet solo rendition of "Born Free" by 1st Lt. John Dyer. Tape recordings of Doctor King's famous speeches, "I Have A Dream" and "I've Been to the Mountain" were presented at the memorial. A special address by Rev. Leon Anderson of the New Galilee Baptist Church in Carlisle, Tex., keyed on many of King's statements. Reverend Anderson urged the audience "... not to spend too much time talking about Doctor

King's life.

"He left a dream unfulfilled," he continued, "and we should feel challenged to pick it up and make it a reality." Reverend Anderson quoted Scripture, saying, "It is better to be a living dog than a dead lion." He added that he felt it would "... be better to be a dead lion who

knew he had died for a worthy cause than to be a live dog cringing from his responsibilities."

Other special speakers at the memorial, which is held each year on the late Civil Rights' leader's birthdate, included Col. Schuyler Bissell, wing commander, 2nd Lt. Hollis Booker and Sgt. Emory Moss.

## News Briefs

The first Hail and Farewell coffee of the year of the Officers' Wives Club will be held at 9:30 a.m., Thursday in the Officers' Open Mess. Hostesses for the coffee are the wives of members of UPT Class 75-08. The women will be welcoming wives of members of Class 76-04 and saying farewell to 75-05. This month's program is titled "Lubbock Laugh-In." Skits will be presented fashioned after television's "Hee-Haw." No reservations are needed for the coffee.

\*\*\*\*\*

MSgt. Thomas A. Flynn of the base Administration Division received the first Oak Leaf Cluster to the Meritorious Service Medal recently. He received the award for his efforts while serving as NCOIC of Administration at Udorn RTAFB, Thailand in the Chief of Maintenance complex from Sept. 6, 1973 through Sept. 2, 1974.

\*\*\*\*\*

The Air Force entertainment group, "Tops in Blue," has concluded its tour after 16 weeks on the road. The group of 17 performed before 58,000 people and their families during its 115-day tour of 91 installations. This is the third year the "Tops in Blue" show has provided entertainment to Air Force bases.

\*\*\*\*\*

An accreditation survey Feb. 12 at the Reese USAF Hospital will greatly reduce the available services that day. Emergency services will be rendered. Specialty clinics will not accept appointments for that day. Normal operating hours will resume Feb. 13.

\*\*\*\*\*

The Social Actions Office will present a special program for all women at Reese on alcoholism at 10 a.m., Tuesday in the Family Services Center. The program will be held in the lounge of the Center, located in Bldg. 6100, just outside the main entrance to Reese. A discussion will be held and refreshments will be served after the film presentation. All women on base are invited to attend.

\*\*\*\*\*

People are currently needed to retrain into the Aircraft Engine Systems Repair specialty (Air Force Specialty Code 422X2). A vacancy exists at Reese. Airmen in grades E-2 through E-7 are eligible to apply as long as they meet basic requirements. A mechanical or electronic aptitude of 50 or higher is mandatory. People desiring more information or applications must contact the Consolidated Base Personnel Office at Ext. 3376 before the end of January.

\*\*\*\*\*

The monthly preventive dentistry program for children will be held at 5:30 p.m., Thursday in the cafeteria of the Reese Elementary School. Appointments for children whose sponsors' birthmonth is February. The necessary forms will also be filled out at the meeting. For more on the Reese dentistry program, see the feature story on page 11.

## SPs explain their jobs to their wives

Reese's Security Police Division recently held its first open house for wives of the unit's personnel.

This new program is intended to help the women better understand their husband's job and how he fits in with the Division's mission.

The wives were welcomed as true members of the "team" by Security Police Chief Capt. Gary B. Jones. Then MSgt. Joe L. Ruiz, NCOIC of Operations, explained the different tasks, manning and equipment of the Division.

As part of the open house, the wives were given a tour of the Security Police facilities including the operations desk, detention cell, armory and patrol vehicles.

"This is going to be a good program," said Sergeant Ruiz, "especially for the new Air Force wife. Her understanding of the husband's work should make his job that much easier."

## NEW SERVICE ANNOUNCED

Gene Snead's Matador, Realtors, Inc., 5602 Slide Road, Lubbock, Texas has been appointed exclusive representative in the Lubbock area for Interstate Referral Service, Inc., a national real estate marketing firm with headquarters in St. Louis, Mo., and also appointed as representative for Rural Urban Listings (RUL), the Southwest's only computerized non-residential multiple listing service.

Gene Snead said today, "Our Interstate Referral Service membership enables us to receive pre-information of families moving to the Lubbock area from other parts of the nation. We can now mail these families a copy of our Handy House Hunter's Helper monthly photo booklet of homes we are offering for sale. This not only gives families moving here an understanding of construction and prices but also provides much greater exposure of homes we have listed for sale. Naturally, local buyers will also find our new services helpful because they can shop for a home easier and faster by picking up a free copy of our Handy House Hunter's Helper at any of the business firms in this area that are displaying it as a public service." - A Free copy may be picked up at the Housing Office Bldg. 1167 at Reese Air Force Base.

Interstate President Tom Malone in announcing the membership, stated, "We are indeed pleased to have Matador, Realtors represent our program in the Lubbock area. Gene Snead and his competent staff have demonstrated the ability to be leaders in their professional field. Today the residential real estate business is a national one. Interstate Referral Service will broaden the scope of Matador, Realtors company services to clients locally and nationally." Call Matador, Realtors, 795-4383 for your free booklet.

According to Gerald Easterly, President of Rural Urban Listings, RUL links the rural broker with the urban broker. Getting the right people together quickly. This is the idea and concept used by RUL. Whether buying or selling you can use the RUL computer system by calling Matador, Realtors, 795-4333. - P. Ad.

# Enlisted Advisory Council discusses base irritants

Topics of discussion at the Wing Enlisted Advisory Council Meeting Jan. 6 ranged from wearing of fatigues to NCO duties to traffic barriers.

Capt. Carl J. Kretsinger, staff judge advocate, addressed the Council on the subject of supervisory responsibilities. He also covered the authority of an NCO and the proper use of ATC form 18, the individual counseling record. Captain Kretsinger gave each member a copy of "The Book," which detailed the major points on these discussion topics and defines the rights of the service man.

## NCO's Problems

Captain Kretsinger also pointed out some problems that face the NCO in his efforts to do his job. Sometimes the airman's problem results from a defect in the supervisor's attitude and ability. On the other hand, in many cases, the NCO's officer in charge will not back the man's disciplinary actions. Another reason for improper action is the deterring factor of the "paper mill" that the NCO must go through in order to take action in airmen violations.

SSgt. William T. Davis of the Council polled 50 people on base to ask opinions about wearing the fatigue uniform in offices during the winter months. The response was favorable because of the expense of cleaning. Also, with more people being encouraged to walk to work from Reese Village, the wear of fatigues would be practical on cold days. Col. Schuyler Bissell, wing commander, said he wanted to discuss the matter with the base's supervisors. A decision is planned for the next meeting.

## Living Off Base

The question of airmen being allowed to reside off base at their own expense was again raised. SMSgt. Alfred W. Chock brought up the point that each squadron commander has the authority to sign a letter allowing people to live off base. Approval is then forwarded to the Billeting Office. Some of the criteria considered include what housing is open and the maturity of the person asking for off-base housing.

MSgt. Joe L. Ruiz informed the Council of the Security Police procedure about firearms and dangerous weapons. He said that people wanting to use their weapons during a weekend when the item is usually stored in a locked SP shed, would be allowed to contact the SP desk sergeant and the weapon would be available for pickup at any

time during the weekend.

Other discussion items included favorable comments about the Christmas holiday share a ride program and problems in the Finance offices. SSgt. Michael Wagman of that office stated that rules no longer allow easy access to the office's pay roster. He added that, due to a manning shortage, the problem was likely to continue.

## "New Business"

In the "new business" column, the council discussed the problem of thefts in the barracks. It was noted that there was an increase of thefts over the Christmas holidays. Members were urged to tell their people who were victims to submit claims for the stolen items to the

Claims section of the Staff Judge Advocate Office in Bldg. 800.

A survey is in progress at Reese concerning the various rates being charged by telephone companies for installation deposits. This item was brought up at the meeting and will remain open until all findings are gathered and a reply is received from the phone company.

Members of the Council expressed the overall lack of understanding about Security Police handcuffing policies. Capt. Gary B. Jones, SP chief, will be at the next meeting of the Council to explain the rules.

That next meeting of the Enlisted Advisory Council will be held at 10 a.m., Monday in the NCO Open Mess.

# SEVEN LUXURY FEATURES THOUGHTFULLY LEFT OFF THE VOLVO 164 AT OVERSEAS MOTORS.

You can't create a luxury car by tacking on "luxury features." One of the things that makes our Volvo 164 truly elegant is a total absence of tackiness. So...

1. No opera windows.
2. No fancy interior decor group.
3. No 400 cubic inch V-8.
4. No status hood ornament.
5. No fake wood grain veneer.
6. No decaled-on pinstriping.
7. No long options list.

The thoughtful person will figure out for himself why these "features" are absent on the 1975 Volvo 164.

The thoughtful, inquisitive car-buyer will come to our showroom and see what's present on the 1975 Volvo 164.

## Cub meeting slates bike safety talk

A bicycle safety program will highlight Cub Scout Pack 548's monthly meeting to be held at 7:30 p.m. Thursday in the Reese Elementary School cafeteria.

Other activities will include awards for Cubs and adult leaders, discussion on the "Blue and Gold Banquet" and registering of new Cub Scouts.

Transfers have brought about a decrease in the Pack's membership. Parents of boys eight to 11 should bring their sons to this meeting if they want them to get involved with Scouting.

# 35th FTS welcomes new leader — Colonel Bradshaw

Lt. Col. Robert G. Bradshaw Jr. took command of the 35th Flying Training Squadron Jan. 16.

He said that he was proud to be a part of the 35th FTS because of its outstanding record. He endorsed the 1975 goals of continued safety and outstanding Inspector General ratings as set by the former squadron commander, Lt. Col. Robin M. Woodruff.

Since entering the Air Force in 1958, Colonel Bradshaw has flown 11 different aircraft. They include fighters, bombers and trainers. He also was a member and coauthor of Future UPT Mission Analysis (1975-1990), an Air Force study.

Awards and decorations earned by Colonel Bradshaw include the Distinguished Flying Cross with one oak leaf cluster, Meritorious

Service Medal with two OLCs, Air Medal with 14 OLCs, Air Force Commendation Medal, Presidential Unit Citation and the Air Force Outstanding Unit Award with "V" and two OLCs. He has also earned the Combat Readiness Medal, National Defense Medal, Vietnam

Campaign Medal, Air Force Longevity Award with three OLCs, Small Arms Marksmanship Award and Vietnam Service Medal.

Colonel Bradshaw and his wife Betty have three children: Lee (16), David (14), and Melissa (12).

NEW COMMANDER — Lt. Col. Robert G. Bradshaw Jr., right, accepts congratulations and welcome from Col. Schuyler Bissell, wing commander. Jan. 16 marked the day Colonel Bradshaw took command of the 35th Flying Training Squadron. At the ceremony, he was also awarded two Oak Leaf Clusters to Air Force Meritorious Service Medal. See story above. (U.S. Air Force Photo by TSgt. Rich Godfrey)

## CBPO tells of special assignments

The Reese Consolidated Base Personnel Office (CBPO) has announced a continuing need for qualified people to work in three government agencies.

The Office of the Joint Chiefs of Staff (OJCS), the Defense Communications Agency (DCA) and the National Emergency Airborne Command Post (NEACP) all need members in 13 Air Force Specialty Codes. (AFSC). Those AFSCs are 22XXX, 231X1, 274XX, 29XXX, 307XX, 324XX, 511XX, 622XX, 704X0, 702X0, 711X0, 732XX and 81XXX.

Two of the activities have several bases at which volunteers may be stationed. OJCS operates from Washington D.C., Ft. Richie, Md., New York City and London City, England. The DCA has locations in Arlington, Va.; Washington D.C.; Scott AFB, Ill.; Elmendorf AFB, Alaska; Kunia AFB, Hawaii; Croughton City, England; Vahingen AB, West Germany; Torrejon AB, Spain; Clark AB, in the Philippines; Ft. Carson, Colo.; Young San Reservation, Korea; Ft. Richie and Worms City, Germany. The NEACP is at Andrews AFB, Md.

Tours are for two years with NEACP, while OJCS and DCA tours are three years long.

Anyone wishing more information on the tours or eligibility should call Airmen First Class Pete Verzi or Dwayne Jackson at Ext. 2402 or 2482.

## flick flack

A variety of types of movies will be shown at Simler Theater this week, ranging from a one-man crime fight to a scary voodoo tale.

The base theater features shows at 7 p.m. Tuesday through Sunday. The special Saturday matinee begins weekly at 2 p.m. The ticket sales office opens 30 minutes before each showtime.

### Tonight

Charles Bronson, normally a mild-mannered liberal, explodes in revenge in "Death Wish." When he finds that his wife and daughter senselessly murdered, he goes after every crook he can find. The police cannot figure out how all the muggers in town are meeting their death in this R-rated show.

### Tomorrow Matinee

A boy and his sister run away from their mean stepfather to live with their grandmother in Ireland in "Flight of the Doves." They stow away on a ship and then set off on foot across the Irish countryside, with their uncle in hot pursuit. The exciting adventure is rated G for the whole family.

### Tomorrow Night

Bill Cosby, Sidney Poitier and Flip Wilson star in "Uptown Saturday Night." A cabdriver and steel worker are held up in an after-hours gambling club. When one of them learns that a lottery ticket in his stolen wallet was a \$50,000 winner, they decide to track down the four thieves in the PG feature.

### Sunday

John Wayne, Eddie Albert and Diana Muldaur star in "McQ," a slick contemporary action flick. Detective Lon McQ is hell-bent on avenging the death of his partner, defies departmental orders and turns in his badge to go it alone. Evidence finally points to the Police Department itself in the exciting PG feature.

### Tuesday

Julie Andrews is a secretary in the British Foreign Office who handles highly classified information in "The Tamarind Seed." She does not suspect that an attractive man she meets on a holiday might be second-in-command of an important

Russian agency. Their friendship puts them both under suspicion in the PG-rated show. Omar Sharif and Anthony Quayle costar.

### Wednesday

Four members of a famed family in Haiti are summoned to the deathbed of their voodoo priestess grandmother in "The House on Skull Mountain." They arrive to find her already dead but they must stay in her mansion for a week before the will can be read. Voodoo powers clash in the spooky PG show. Victor French and Janee Michelle costar.

### Thursday

"Airport 75" is the thrilling followup to the suspenseful show, "Airport," and again stars Charlton Heston and Karen Black and George Kennedy. A huge 747 is hit by a small private plane, badly injuring the captain and killing the whole crew except a stewardess. She bravely tries to control the damaged craft as the Air Force attempts a daring rescue. The tense air adventure is rated PG.

## at Open Messes

The Seafood Buffet and dance music by "Cherry Rhone" start this week's entertainment at the Officers' Open Mess tonight.

The Kansas City Strip will be offered tomorrow night with music provided by "Magenta" (formerly "The Raiders"). On Sunday Pancake Hangar will be open from 10:30 a.m. to 1:30 p.m. for breakfast.

Monday is Italian Night and Tuesday features the Seafood

Platter. Steak Night is Wednesday, with the Hamburger Steak Dinner served Thursday. "Gemini" will play at the Officers' Mess Thursday night.

"The Raiders" will provide dancing music for members tonight to kick off the entertainment week at the NCO Open Mess.

"TBA" will entertain at the

enlisted club tomorrow night. Discotheque action takes over Sunday and Thursday nights.

The Monday Pinochle Tournament is open to the membership and women are invited to play. The tourney starts at 7 p.m.

The NCO Open Mess staff reminds holders of silver tokens that they must use the tokens before Feb. 1, as only gold tokens will be accepted after Jan. 31.

## Youth Center slates happenings

A dance tomorrow night from 8 p.m. until midnight highlights this week's schedule of events at the Youth Center.

Corecreation is set for Sunday,

with the Center being closed Monday and Tuesday.

Wednesday will feature the preschool tap and ballet classes

from 9 a.m. to 6 p.m. The playoff of weekly pool tournament winners will take over at 7 p.m. Those playoffs will continue Thursday, also at 7 p.m.

# Surgeon heralds Dental Health Week

By Lt. Col. Leonard J. Spencer  
Base Dental Surgeon

February is an extremely busy month with a national holiday, Valentine's Day and general catching up of post-Christmas activities. The first week of February has been designated National Children's Dental Health Week. We at the Reese Dental Clinic are working on several programs which will bring special attention to the oral health of our dependent children.

A poster contest at the Reese Elementary School will allow children to express their feelings on what their teeth mean to them and what is needed to insure dental health. Also, posters will be displayed throughout the base to remind us of the importance of this yearly program.

We now provide dependents five

years and older appointments to have X-rays taken, teeth cleaned, a fluoride treatment and a dental exam. These appointments are made on the last Thursday of each month for the next month.

Usually we use the sponsor's birth month as the target date for the meeting, to be held at 5:30 p.m. in the Reese Elementary School cafeteria. We require the presence of one sponsor per family and urge the children to attend for a short program conducted by our Dental Health Officer, Dr. (Capt.) William Stano.

We have had only about 40 per cent of the eligible dependents take part in the program in the past. Thursday we will conduct our monthly program. To place a special emphasis on National Children's Dental Health Week, we would like to invite all eligible children to attend this meeting.

Also, we would like to urge people who have not availed themselves of our program in the past year to do so at this time. We have had many newcomers, summer leaves or sickness as reasons for our dependents to get out of sequence. Here is your chance to take advantage of an excellent program

at the cost of only a small amount of time. We will set aside several days to treat as many patients as we can.

The Reese Dental Clinic would like to remind you that good oral hygiene is not something practiced diligently for one week in February but must be carried on throughout

the year. Good oral hygiene requires a basic knowledge of your teeth, supporting structures and the proper method of daily care. Parents can best teach their children good oral hygiene through example. Let's stamp out decay with the instructions to be given by the Reese Dental Clinic.

## Schlesinger directs 5 per cent cut in FY 75 travel budget

WASHINGTON (AFNS) - Secretary of Defense James R. Schlesinger has directed that the DoD fiscal year 1975 amended budget for travel be cut by 5 per cent.

This 5 per cent cut will be felt more than is indicated. The cut is in the FY 75 budget but half of the year has already passed while operating on a full travel budget. The 5 per cent cut in the total year's budget must now be absorbed in the last 6 months of

FY 75. This is in effect a 10 per cent cut in the last 6 months of FY 75.

The Secretary urged each agency to take necessary steps to insure that travel obligations for the balance of this fiscal year be based on personal health and safety, military readiness and overall economy.

He stated that administrative travel for conferences, consulting and orientation would be held to an

absolute minimum.

Due to this cut, some personnel will have to perform and train on a reduced schedule for lack of funds. The services are urged to minimize this readiness impact and loss of productive time by rescheduling training and leave.

The Secretary emphasized that administrative travel that is not completely essential will not be financed.

## Youth Center slates cage signups

The 1975 Youth Activities Basketball Registration will be held from 1:30 to 4 p.m. Jan. 25 at the Youth Center.

Boys in the six- thru 13-year old group will have to pay a \$5 fee upon registration.

Although there is a lack of Central Base Funds to be spent for trophies, Youth Activities will issue uniforms to the boys after teams are organized. Parents will be required to sign for the uniforms and see that they are returned clean and in good

repair at the end of the season.

Parents are urged to volunteer to be referees, score and time keepers and coaches. Professionalism is not as important as a desire to work with the boys and share in the fun, according to officials.

Sportsmanship will be strongly encouraged and coaches will be responsible for maintaining sportsmanlike conduct from each of their teams. For further information contact the Youth Center at Ext. 2820.

## Reese Rattlers win two against Lubbock squads

The Reese Rattlers, the base's varsity basketball representatives, beat two Lubbock teams on Saturday and Sunday.

The Rattlers hosted the Lubbock Phantoms on Saturday. Reese outshot the visitors by a 91-79 tally.

Sunday saw the Rattlers hosting the team sponsored by Mama's Spaghetti and found themselves in a real battle. Reese finally came out the victors in the 83-77 battle.

The Athletic Staff at the base gym thanks both teams for coming out to Reese and for the "great sportsmanship" which was shown.

Reese's high scorer for both games was Wilfred Contreras. He scored 22 points in both of the battles.

The Rattlers will be at Randolph AFB, Tex. tomorrow and Sunday to take part in the 1975 Air Training Command District Basketball Tournament.

## Delandero travels to Austin?

Pete Delandero has run all the way to Austin!

He did not actually run to the Texas capitol, but the distance he has stacked up in the Reese Joggers' Club, 386 miles, is the distance from Lubbock to that city. Delandero leads the rest of the runners in the club by at least two to one.

Tony Guerrero has compiled 197 miles underfoot and stands (or runs, rather) in second place. Tom Cofer has 180 miles to his credit. John Webb is at 166; John Gones has 100 miles even and John Doring is just behind with a 97 total so far.

Terry Dill has run 83 miles down the road to better health. Don Stone has 73 miles; Ed Burhans 56 and Bruce Alloy has 51 to round out the top ten in the club.

# Bowlers find range, pocket to count for high scores

By Sonny Serutan

High scores were more the rule than the exception last week. The bowlers are finding the range quicker and staying in the pocket more consistently.

The Reesette League on Jan. 13 had the Bobbsey Twins leading the pack. Betty Payne had a 580 (good enough to make her sick the next day), and Rusty Grady, Reese's own "pistol packin' mama," had a 200 game.

The Super Gals of the Supersonic League let Eva Lint steal the whole show. Eva had a 177 game and a 433 series.

No scores from the Intramural League, Personnel Division or Cotton Pickers League.

On Jan. 15 Pat Watson led all the Renegades with a 221 game and a 499 series. Teammate Lois Irby had a 172 game. By the way, this league is looking for two women bowlers. The league bowls Wednesday morning at 9:30 a.m. Call the Bowling Center (Ext. 2116), for further information.

### Good Shooting

The Jan. 16 Ball and Chain League had some good shooting. Mighty Mite Sharon Padgett had a 189 game and Judy (I'll have to ask Jimbo) Turner had a 490 series. For the men, Charles Buck had a 221 game and Jim Turner had a 595 series.

In the late show Skip and Jean McGarrigle kept it all in the family. Jean had a 184 game and a 501 series. Skip had a 212 game and a 542 series. Bob Shrewsbury had a 203 game and Kathy Duniwant had a 169 game. Almost forgot that Jan Wilson had a 455 series, pretty good for a limey.

### AJBC Shows the Way

In the American Junior Bowling Congress our young people showed the way again. In the Bantams, Troy Johnson had a 122 game and 230 series. Doug Payne bowled a 110 game and liked it so much he did it again the second game. Val Williams had a 120 game and a 234 series. Cindy Rodriguez had two good games of 101 and 96 for a 197 series.

In the Junior-Senior Division Randy Turner really popped them. Randy had a 216 game and a 582 series. George Stepneck had a 523 series. (Exactly 100 pins higher than his father ever bowled). Anthony Buck had a 472. Jerry Wright had a 476. Reese Dancy had a 446.

For the young ladies, Erin McGarrigle had a 145 game and a 394 series. Kim Payne stayed consistent with a 133 game and a 386 series.

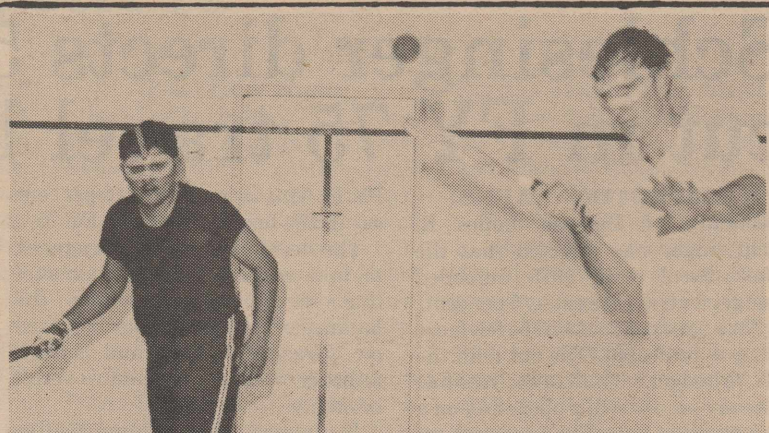

Remember Scotch Doubles? Saturday night, 7:30 p.m. — come early, stay late.

### Victory Song?

Still no live entertainment for

Sonny's Place. Tried to get the traveling team to sing their victory song, but it has been so long since they won that no one remembered the words.

Sonny Says — "When you bowl bad it is seldom the lanes, the pins or the ball. Look in the mirror and you will see the real cause of your problems."

**PADDLEBALL MARATHON** — Raul Martinez, left, prepares to return a well placed shot from the racquet of 54th Flying Training Squadron member Jeff Britton. Britton emerged the victor after two hard-fought paddleball bouts that lasted more than 30 minutes each. The score was 21-17 at the end of both games in favor of Britton over Martinez of the 64th Air Base Group. The base Paddleball Tournament ended Jan. 17. (U.S. Air Force Photo by TSgt. Rich Godfrey)

 MINIMUM BALANCE

## BEING "TAXED" TO YOUR LIMITS?

That old BANK CHECK TAX (that service charge the bank nips out of your balance when you write a couple too many checks, or let your balance get a dollar or two too low) - it's bad enough, isn't it? Who likes to get hit with a \$3 or \$4 or \$5 charge for practically nothing?

But - what about when the bank says, "Now, we won't hit you with the BANK CHECK TAX, IF you sign up for the \$3-EVERY-MONTH TAX!?" That's \$3 EVERY month! That's \$36 a year! And what do you want with those other "goodies" the bank throws in?

Well, Bank of the West Grounded that BANK CHECK TAX two years ago! And no EVERY-MONTH TAX, either. We think you ought to have fun, banking with us, and by ginger, we're going to see that you do! And who not start now?

# BANK of the WEST
