#### First Bale '31 Cotton Ginned: **Brings 6 Cents**

J. Day place, nine miles south-west of Floydada, Monday brought in the first bale of the 1931 cotton crop to be ginned in Floyd County.

The bale was ginned free by the Haynes Gin Company Mon-day night at 7:30 o'clock, the crew of other gins assisting in turning out the season opener It weighed 465 pounds and graded strict middling with a thir-teen-sixteenths inch staple, ac-cording to C. T. Scott of the Haynes Gin.

Mr. Carter gathered the snap cotton from a field covering forty acres, he said.

A premium of cash and merchandise was made up by Mr. Scott from local business firms totalling \$24.05 and was bought for

cents by Haynes Gin. The price paid was 85 points higher than the regular market to add to the premium.

#### Court Accepts Refund Proposals Dallas Firm

Both General and Road and Bridge Fund Warrants and Script to be Financed.

A proposal on the part of Roger H. Evans Company, a Dallas investment firm, to refund the outstandng interest-bearing warrants of Floyd County's general and road bridge funds respectively, and in addition to finance the operation of each of these funds for the remainder of this year up to \$20,000 each for which they are to have refunding warrants, was accepted August 26 by the Commissioners' Court of

the county Procedure is now under way to perfect the agreement under which the present outstanding refunding warrants of the road and bridge fund totalling \$61,600 and of the general fund totalling \$28,000 bearing six per cent interest, payable serially, interest payable annually, will be refunded into bonds bearing six per cent interest, payable semi-Whirlwind Grid Team annually to be changed on an equal basis, and the investment company to pay all expenses of the exchange. The refunding bonds, according to the agreement, are to be issued as Evans & Company assemble and present for payment a like amount Green and white jersied huskies, of outstanding indebtedness. The

expressed the belief that the Commissioners' Court would set the maturity dates on the bonds, so as to spread the indebtedness out more not being made for the sale of mort- ditions, and the statutes make it than the present refunding war-

rent operations of the road and nancing calls for the delivery of \$20,000 worth of warrants on each of the funds or such part thereof as is necessary to carry the funds through the remainder of the year, the investment company agreeing to take all or such part of the \$20,000 issue on each as the court may deliver on the basis of refunding at six per cent interest, interest payable annually the court agreeing to pay five per cent of the face value

# Clovis Resolution Praises Territorial Policy of Texas Utilities Company

How the revised schedule of costs of service for light and power recently announced by Texas Utilities Company for the municipalities served by it, were received by officials and citizens of Clovis, New Mexico, is indicated by the resolution below reproduced, the attitude of the Texas Utilities Company and the New Mexico Utilities Company, in their desire to be of help to municipalities in meeting their present-day problems being clearly shown.

The appreciation of this territorial policy of the company by the Clovis officials and citizens is heartily expressed in the following:

## RESOLUTION

- (1) Whereas: I. R. Kelso president of Texas Utilities Company and president of New Mexico Utilities Company has announced the policy of cooperating with the various towns on the interconnected electric net work of New Mexico Utilities Company and Texas Utilities Company lines in the matter of working out emergency relief measures to help take care of financial problems now confronting many towns served by these companies, through no fault of the territory served; the policy in regard to emergency relief has been adopted by Texas Utilities Company and New Mexico Utilities Company because, many towns on their lines are suffering temporarily notwithstanding the wonderful crops being produced in this territory, solely because of a world wide depression for which the territory served is in no way responsible.
- (2) Whereas: At the date of the sale of our water and light utilities by the City of Clovis to New Mexico Utilities Company in October 1925, our City tax rate as the result of said sale was reduced from \$17.50 to \$7.50 on each \$1000.00 valuation of city property.
- (3) Whereas: On this date said New Mexico Utilities Company, through Hon. I. R. Kelso and other representatives of said Company, has made known to the governing body and citizens of Clovis its decision, as a voluntary action on its part, and as donation to said city and the tax payers, effective as of August 1, 1931, and for a period of one year thereafter, to reduce the cost of the street lighting in said city to one-half the cost prevailing on and prior to said date, and has further taken voluntary action reducing the rate for its service to our schools, which is a reduction of approximately 75% over the 1930 charge; it being understood that in the event that the legislature of New Mexico or any other lawful taxing power or authority shall impose any tax on or affecting the service supplied the schools and city increasing the cost of furnishing same, such tax shall be added to and become a part of said rate and be paid by said city and schools.
- (4) Whereas: The action of said New Mexico Utilities Company in the matters aforesaid effects a great saving financially to our city, schools and tax payers, the saving in street lighting amounting to \$1659.00 Aug. 1, 1931 to Aug. 1, 1932, the saving to schools based on 1930 consumption being \$320.74, the savings in city hall lights and other city service being \$365.70, all aggregating \$2345.44; and in addition thereto said New Mexico Utilities Company is one of our largest tax payers, its current taxes to our schools and to the cities of Curry County and to the state and Curry County is the sum of \$13,455.94, and in addition to the donation on street lighting for one year, the reduction to our schools and city hall lighting is the seventh substantial reduction made by the company since acquiring the property from the city of Clovis in October, 1925.
- (5) Whereas: Said New Mexico Utilities Company has heretofore from time to time reduced its rates in the City of Clovis, each and every such reduction having been made voluntarily by said Company; and
- (6) Whereas: The aforesaid action by said Company is fully appreciated by the City of Clovis and the citizens thereof, and is convincing to all of said company's generous spirit of helpfulness to the Community and of its willingness to serve the community at the lowest possible cost and at all times to deliver to the public water, lights and power service second to none and to do its full part freely and voluntarily to lessen the financial burden of its patrons, and at considerable financial loss, during the time of financial and industrial depression; and
- (7) Whereas: We wish to say that in our opinion if all the Utilities serving the people of the State of New Mexico maintained the same generous and helpful attitude toward the Communities served by them as has

always been maintained by the New Mexico Utilities Company, there would be no demand or need for any kind of State regulation, and we wish to express to the public and to said New Mexico Utilities Company and to its President, Judge I. R. Kelso, and to its other officials and representatives our appreciation for its generous attitude and spirit of helpfulness; THERFORE

- (8) BE IT RESOLVED, by the City of Clovis, acting by and through its governing body and Committee of Citizens, in meeting this day held at the City Hall in the City of Clovis, that we do hereby express to the said New Mexico Utilities Company, and to Hon. I. R. Kelso and other officers, agents and representatives of said Company, our sincere appreciation of its and their kindly attitude of cooperation, generosity, fair treatment and efficient service it now renders and has at all times rendered, and that we, as citizens, taxpayers, business men and officials do hereby pledge to our governing body, to said New Mexico Utilities Company, and to each other our friendly and mutual cooperation in working out, on an efficient and economical basis, all problems that affect and concern our mutual inter-
- (9) BE IT FURTHER RESOLVED, that a copy of this resolution be delivered to Hon. I. R. Kelso, as the president and Representative of said New Mexico Utilities Company, and a copy hereof also delivered to the Mayor and Governing Body of the City of Clovis, and a copy delivered to the Board of Trustees of the Clovis School District No. 1 and a copy delivered to the Clovis Chamber of Commerce.

Executed at Clovis, New Mexico, this 11th day of August, A. D., 1931, by the undersigned Committee of Citizens of Clovis, in a meeting at the City Hall.

> NED HAUK, Mayor

JAS. T. STALKER City Commissioner City Commissioner Ross absent from the city.

Unanimously adopted, passed and ratified by the Mayor and City Commissioners of the City of Clovis, New Mexico, this the 11th day of August, 1931.

ATTEST:

HORTENSE WESTERFIELD, Clerk, City of Clovis, N. M.

NED HAUK, Mayor.

NOTE: The hereinafter mentioned committee represents the following business and professions in Clovis, New Mexico:

CARL A. HATCH ED. L. MANSON JAS. W. BICKLEY CHAS. E. DENNIS A. W. HOCKENHULL

J. F. SELLERS DON WETHERFORD J. W. BOARD J. SIMPSON MORGAN.

I, Hortense Westerfield, Clerk of the City of Clovis, New Mexico, hereby certify that the foregoing is a true and correct copy of Resolutions adopted by the City Commission of City of Clovis this 11th day of August, 1931.

Done at the office of City Clerk of Clovis, New Mexico this 11th day of August, 1931.

#### Local Gas Co. Grounds **Second In Competition**

G. L. Kirk, manager of West Texas Gas Company's Floydada properties and office, won second prize in the competition for the most attractive grounds in a contest which has been waging among managers of the forty-two cities and towns served by the company in this area. The Brownfield manager

won first place in the competition In his arrangement of the grounds Kirk used clover for the grass plots with privet hedges on each side of property. Roses, cannas and perennial flowers are used in the curb spaces, making a most attractive place.

The yards were scored a few weeks ago, the winners being announced Thursday. One of the points on which the yard were scored was the percentage of improvements this year over the appearance made by the grounds last year.

# juggish feeling

NEXT time you are out of fix as the result of irregular or faulty bowel movement, try Thedford's Black-Draught for the refreshing relief it gives thousands of people who take it. Mr. E. W. Cecil, a construction super-

intendent in Pulaski, Va., says: "When I get constipated, my head aches, and I have that dull, tired feeling-just not equal to my work. I don't feel hungry and I know that I need something to cleanse my system, so I take Black-Draught. We have found it a great help." Sold in 25-cent packages.

## WASHINGTON'S TRAVELS

OUR months after his wedding, Washington was honored with a seat in the House of Burgesses. As he entered the legislative chamber of the old Capitol at Williamsburg, members rose to their feet, and this young man of 27, with six years of arduous and faithful public service to his credit, was so abashed at his formal welcome to new duties in the name of Virginia that he could not speak. This historic building at the left was given the name "Capitol" for the first time in America.

By James W. Brooks

Discount on all round trip tickets.

Historically Correct Sketches
By CALVIN FADER

URING his service in the House of Burgesses, Washington's travels were confined to the King's Highway, which was the main thoroughfare between Alexandria and Williamsburg, with Raleigh Tavern marked by the old foundation stones above, as the terminal point in the Colonial capital. Here Washington was an occasional guest and probably took part in the convivialities of the sessions held in the "supplemental house of Burgesses," where, by the way, the skull of the pirate Teach, was used as a punch bowl.

#### METHODIST CHURCH

S. H. Young, Pastor addition to the the regular services of the week at the Methodist church there will be a conference of all the conference officers and district secretaries of the This meeting convenes Friday afternoon at 3 o'clock, at which time Rev. W. M. Pearce, our pastor at Vernon will speak. At eight thirty Mrs. E. L. Angus. Friday evening a conference officer will give an address. The public is cordially invited to attend these

#### FIRST BAPTIST CHURCH

Dick O'Brien, Pastor Among the happiest experiences in a preacher's life is when he has worked hard all summer in revivals and then gets to come home to be with his family and church, for the launching of the fall program. It has been our privilege to work in three revivals this summer. One with the First Baptist Church at Crosbyton, another with the church at Rochester, and a third with the First Church at Lamesa. Congregations have been larger, and interest more pronounced this summer than at any time within our mem-For all of this we are duly grateful. We are declining all other meeting invitations and expect to be with the church here for an indefinite period of regular service, the Lord permits. We repeat we do not go away for the special meetings because we want to, or because we do not see plenty to keep us busy here, but because the need is so great, the field is so

allowing us to hold these meetings. The work here for the past four Sundays has been under the human leadership of Rev. C. E. Meredith. That the work has prospered under his hand is evidenced by the fact that the attendance at all services has held up remarkably well in Free fro spite of the fact that this is the dred Raley. dull period of the year. We are deeply indebted to brother Meredith for this fine service, and to the folks for their fine co-operation with

Now, if the same thing is happening all over the country the thousand bales less of cotton here thousand bales less of cotton here. The same is true for the man who raises cotton. If he can stay favorites.

In the legislature and the people that the legislature and the legislature and the legislature and the people that the legislature and the will sell for more than the larger with it at the present price, it is a crop would have brought. A good big crop is fine, if the price is with 10-cent cotton. Anything one would think is the investing of the store and the merchant askright. But nothing like an appar- bought below production cost is a ent or real drop in the supply to boost prices. It beats Farm Boards and massmeetings mighty bad.

#### BRIGHTER OUT THERE

Earth, have quit getting rich and are now putting all their thought and effort into seeing their way through the winter. With a little knows exactly what it is doing and

happened. The business man and and in a wasteful manner. town farmer are still crying about these things, but the real dirt farmer is singing a different tune and working along different lines. If you don't think so, find out for

#### CUTTING DOWN EXPENSES

The general public will sympathize with the city council in its efforts to hold down the operating extime, however, the laborer is wor- and other political units. thy of his hire and if due care has

An emergency was declared by the furnish employment. council in reducing the salaries of members of the council. A ten per cent cut plus a thirty per cent cut in an income is a good deal of a cut all to come within a year. The protest of employes to the cuts made would indicate they feel the deductions are a little too heavy. Doubtless an amicable arrangement will be reached, and meanwhile council and officials alike should have the sympathetic support of the citizenship in an effort to get the job done without doing any injustices along the line.

another, such as high-priced help, farm.

erally are becoming more and more common, and some are even predicting a big scandal to break over the operations of the board.

Whether charges are true that the board has taken care of all their friends, except the farmer, would have to be a matter of proof. This proof, claims of enemies of the board indicate, will be forthcoming.

#### Floydada, Texas, under the Act MORE ADVISORY COMMITTEES

Undoubtedly Mr. Hoover is going to gather some more statistics and things to file away, announcement .....\$1.00 having been made the other day of the thirty-some-oddth committee he has named that will have only an unofficial or advisory standing. This besides the innumerable commissions and bureaus set up to \$1.50 gather statistical information and compile it for the information and guidance of those others who are named by statute to administer the laws and regulations of the land.

Naming commissions and committees appears to be the president's weakness. He can't any more help naming a committee, as soon as he completes a conference, than some men can help chewing tobacco or driving on the wrong side of the going to put up the price of eggs for road. In a way it doesn't hurt anything, and yet it is a shame that the president can't sense a few things about folks and go ahead and do them. He seems so far removed in his way of thinking from the the receipts of eggs have been fallcommon, ordinary mortal can't follow his way of thinking. These kind of times we need a different kind of man for president.

#### COTTON AN INVESTMENT

Some very good business men have expressed the opinion that at present market values cotton represents one of the best investments an American business man can make. Cotton is down now, as is everything else and the woods are full of investment opportunities. It is as wild to say now that things will years ago to say there would never be any more low spots in the market

good bet for the long run.

#### HANDING IT OVER

Either the Texas Railroad Commission is a much smarter and betcon't believe it, get out a half-day And it is to be regretted that Govand talk with some of your friends—ernor Sterling has been beaten at or they would be friends, if you'd let the game of protecting the natural them—out in the country—the furin protecting the smaller operators, Folks out re, closer to Mother called independents, who are op-

Introduction

up a hard fight to save them. Paul "Shut 'er down, George," we've turned to the Gentiles he had a got to quit fishing for trouble and hard road to travel. But for traveling such a road he was well prepared, having been reminded at the very beginning of his Christian experience that he would be called upon to suffer much for Christ's sake. He is already traveling this hard road; he and Barnabas are at Lystra, having been driven out of both Antioch and Iconium.

#### The Lesson Applied

When the missionaries reached Iconium Paul preached first in the Jewish synagogue, and many Jews, as well as Gentiles believed in Jesus. But again the leaders of the Jews who opposed Christianity, stirred up others and the city became divided, some believing the evangelists while others stood by the Jews. But when the missionaries learned that Jews and Gentiles combined with the Roman rulers in a purpose to kill the mby stoning, they fled to Lystra, eighteen miles from Iconium.

Lystra and Derbe were towns in a tendance of 500 students in all de-partments. Superintendent Savage here, we are told Christianity came addressed the assembly on behalf for the first time, face to face with heathenism.

There being no synagogue at Lys-The City Council has been in ses- tra, Paul probably preached in the attentively to what he said. The great evangelist no doubt saw that Sam H. Phillips and Miss Edna the man had faith in Jesus, for the for the faith that saves. Finding what he sought, Paul told the man to stand on his feet, and the man

After the healing the two missionaries retired, but the people seeing what had been done, began to cry that their chief gods, Jupiter and ond contingent from Floyd County Mercury had come down to them in oxen, with their horns and bodies twined with garlands of flowers, and wished to sacrifice them in

worship to Paul and Barnabas. These Christian preachers were horrified at such a mistake on the part of the proof, and ran among them crying out that they were only come to preach to them and to turn them from "these vanities" of idol worship, to the worship of International Sunday School Lesplained that it was this same God

## Wheat Prices

Four Ways To Sell It.

MARKET PRICE PER BU. 30 Cents

#### FED THROUGH HOGS

An average of 11 bu. of wheat fed straight will make 100 lbs. of pork worth say \$5.50 or a price per bushel

#### FED WITH TANKAGE

An average of 7 bushel of wheat fed with 40 lbs. of tankage will make 100 lbs. pork worth \$5.50 less \$1.10 for the tankage or \$4.40 for the wheat which is 63 cents per bushel.

#### Fed With Purina Pig and Hog Chow

An average of 5 bushels of wheat fed with 40 lbs. of Pig and Hog Chow will make 100 lbs. of pork, worth \$5.50, less 88 cents for the Pig and Hog Chow or \$4.62 for 5 bushels of wheat, or a price per bushel of 92

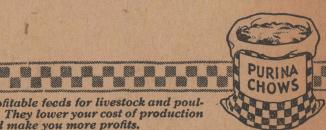

Wheat Sold on the Market Loses Plenty of Money.

Wheat Fed With Purina Makes Plenty of Money.

#### TAKE YOUR CHOICE!

Wheat can be fed other animals—dairy cows, fattening cattle and poultry, and supplemented with Purina Chows. Feed wheat to your live-stock with Purina and make it bring a bigger price. Wheat must be ground or cracked and have the right protein supplement to do the job. We sell the correct supplement— PURINA CHOWS.

## Farmers Grain Co.

Profitable feeds for livestock and poultry. They lower your cost of production and make you more profits.

## Keep Those Little Feet HAPPY!

Correctly fit shoes for the child are far more important than you may realize. Can you work when your feet hurt? Neither can the child do good school work if his shoes are not properly fitted. A bruise by a misfit shoe may develop into a painful foot trouble in later life. Keep the SHOE LINES out of their faces while they are young—avoid foot troubles later by having their shoes CORRECTLY FITTED at-SEALE & JONES

## HAVE YOU HAD YOUR FOOT MEASURED AT Seale-Jones Dry Goods?

If not come in and let us measure your foot without any obligation on your part. We will give FOUR PAIR OF SHOES FREE to one Lady one man, one girl and one boy. Come in and learn of our plan.

## Before Buying Get Our Prices

Our everyday prices are special prices. Plenty of new fall goods to select from. Every department is full of new merchandise. The same qual-

## NU-WA Garage

Perhaps some of you may remember some twenty years ago I opened a garage which is now the Boerner-Thagard Motor Co. I ran same until about 1918. You will, perhaps, remember the first building was wood, then I put up a metal building, then in 1916, or about that time, we put up the brick.

-But the thing I am going to say is that I have taken over the place and am opening under the name, NU-WA GARAGE. -My Equipment is coming in now and with-

in the near future we will be all set. Also, if there is anything we can do for you at present, come the same as you have in the past and we will try to take care of you.

-My intentions are to handle a full line of Panhandle Refining Company products. We also are ready to do any kind of car repairs and in the near future expect to equip our shop to rebuild tractors as well.

We are going to handle farm machinery when the season opens.

YOURS RESPECTFULLY,

J. H. REAGAN
