

Meet of Interscholastic League at Lockney Will Be Held April 1 and 2

Preliminaries To Be Held In Tennis Early

Directors Make Plans and Work Out Details at Meeting Held Here Saturday.

Dates for the annual county Interscholastic League meet to be held this year at Lockney were set for April 1-2 at a meeting of the directors held Saturday afternoon at the Floydada High School Building.

Details and rules were discussed and adopted in both the literary and athletic events. It was voted that oral spelling and "My Community" contests be left to the judgment of Director-General W. D. Biggers, of Lockney.

Preliminaries March 26

In tennis, volley ball and playground ball four divisions will compete, including rural, Class B, Class A, and Ward schools. All preliminaries in tennis and playground ball will be conducted March 26 at Lockney, it was voted.

All preliminaries in playground ball will be played in seven-inning games, with nine innings for the finals. A 14-inch outside seam ball will be adopted for all the contests in this division, each team to furnish a ball and bat.

Each player or team in tennis will be requested to furnish two balls for contest playing. Sub-junior spelling will be confined to First and Second grades, one contestant from each school, either boy or girl. There will be one division only in the sub-junior declamation and will not be confined to the grades, one contestant entering from each school, either boy or girl.

A five-minute limit will be placed on all speakers. A sub-junior is a pupil who was under 10 years of age on September 1. Last year the sub-junior division in declamation was limited to Third and Fourth grades.

Sand Hill Players Eligible. It was voted Saturday that all schools of the county be invited to participate in all non-league contests sponsored by the county organization.

Following a thorough discussion, it was voted by the directors that J. W. Jeter, of Sand Hill be declared eligible for contests this year. Jeter and Jeter finished the high grade at Sand Hill and Chapman at Baker last year and are taking courses in school this year.

Directors present at the meeting were as follows: W. D. Biggers, director general; O. K. Davis, volley ball; G. D. Tate, playground ball; J. W. Chapman, debate; J. B. Allen, spelling; J. W. Burgett, arithmetic; C. E. Meredith, choral singing; Price Scott, rural schools, and Odus Stephen, tennis. Mr. Scott is secretary to the board of directors.

Interest Grows Fast In First Meat Show; Has 3-Fold Purpose

Entry Lists Open to Any Resident of Floyd County; 15 Places To Be Awarded.

Many inquiries about the Ham, Bacon and Meats show that will be held at Floydada March 11-12 have been received and indications are that this show will be one of the biggest events of its kind ever staged in Floyd County. Hundreds of families throughout the county have canned thousands of cans of meat products and cured thousands of pounds of meat much of which is as fine quality as can be had.

The purpose of this show is three fold: First—To encourage the raising and feeding of livestock.

Second—To encourage rural people to "live at home" utilizing the home produced meats on home tables.

Third—To produce a standard home cured meat product and find a market outlet for it.

The rules and regulations are very simple and the show is open to any farm man or woman and their family living in Floyd County. Each family or individual will be allowed to enter products in any class specified, no entrance fee of any kind will be charged. An entry of one can consists of three cans of the same product, one can of which will be opened by the judges, the other two cans to be placed on display. Each can entered must have written on the end of the can such information as the name of the product, name of owner, and owners address or community.

The entry list is as follows: Cured Meats: Best cured ham, Best cured bacon, Best cured picnic shoulder, Best cured smoked sausage, Best exhibit lard. (Approximately 5 lbs.)

Canned Pork Products: Best No. 3 can roast, Best No. 2 can sausage, Best No. 2 can mincemeat, Best No. 2 can scrapple, Best No. 2 can liverpaste, Best cake soap (Moulded in No. 2 can).

Canned Beef Products: Best No. 3 can roast, Best No. 2 can steak, Best No. 2 can Chili.

Canned Chicken: Best No. 2 can boned chicken.

The sponsors of this show are hoping that arrangements may be made with winning exhibitors whereby the winning products may be entered in the Panhandle South Plains Ham, Bacon and Meats Show which will be held at Lubbock March 24-25, at which show more than \$200 in cash prizes are offered the winners. The show will be held at the Chamber of Commerce building on California Street. Any information about the show may be had from Miss Martha Faulkner, county home demonstration agent or S. W. Ross, secretary of the Chamber of Commerce. Judges for the show have not as yet been announced.

TWO MEN WANTED HERE FOR HI-JACKING, ESCAPE JAIL, BUT ARE CAUGHT WEDNESDAY

Two of the three men who are alleged to have staged two hi-jackings on the Ralls-Floydada road the night of February 1, made their escape from the Terry County jail at Brownfield Tuesday night of this week but were re-captured by the sheriff of the county late Wednesday and carried to the Lubbock County jail for safe-keeping. The men were being held at Brownfield on a grand jury indictment for the theft of a car from the home of a Brownfield citizen. The car was recovered for the owner by authorities at Ardmore, Oklahoma, and the two men brought back to Texas on extradition application from that state. One gives the name of Davis and the other White. The third member of the party has not been apprehended.

Sheriff J. M. Wright, of this county, said Wednesday the two men would be brought to Floydada next week and the matter of indictments against them presented to the grand jury. C. W. Toon and two companions who were held up on Blanco Canyon south of Terry County enroute in a truck to Terry County positively identify the men as two of the party of three who held them up on the night of February 1. O. N. Jones, Dallas County resident, held up on the same night, is expected to come here to look the men over. The men, who escaped from the Terry County jail broke the lock and went out of the jail through the roof, local officers were told.

FARM BUREAU WILL MEET MARCH 7 FOR ELECTION; REPORTS WILL BE MADE

Officers for the ensuing year will be elected at a meeting Monday, March 7, of the Floyd County Farm Bureau Federation, it was announced last week by Jno. L. West, president. The meeting date was set Thursday afternoon of last week while the farmers were assembled in the district court room following the address delivered by John Manley, of Chicago, representing the Farmers' National Grain Corporation.

T. J. Gill, secretary of the Floyd County Bureau, will make his annual report. E. C. King will discuss the state convention of the bureau representatives in Dallas the latter part of January. J. W. Lanier will make a report on the Bureau Gin, and any other business any of the members wish to bring up, will be included on the program next month, President West said.

The meeting will be held at 2 o'clock in the afternoon in the district court room, he announced. The meeting was first set for February 9 but was postponed.

COMMISSIONER HENDERSON NOT TO BE IN THE RACE

Commissioner E. W. Henderson, of Precinct No. One, will not be a candidate to succeed himself in the office which he will have filled for four years at the close of his term on December 31 of this year.

This was the information given a reporter for The Hesperian this week. "I have been telling people who asked me about it for some time," Commissioner Henderson said. "By the time I finish up my term I think I will have had all I want of the commissioner's job."

FATHER AND SON BANQUET WILL BE HELD ON MARCH 1

Tuesday night, March 1, has been designated as the date for the Father and Son Banquet for the boys of the Vocational Agriculture Department of Floydada High School, it was stated this week by O. T. Williams, teacher, who is in charge of arrangements.

An interesting program has been arranged and H. M. Mason, of Lockney, likely will be the principal speaker.

Program Tuesday, February 22, to Open Bi-Centennial Observance; to Plant Trees

Parade To Be Followed By Special Exercises At American Legion Hall

Formally opening the year's program of observance of the two hundredth anniversary of the birth of George Washington, ceremonies will be held Monday morning, February 22, at the McDermott Post, American Legion.

Beginning at 9:30 o'clock with a parade and the call to assemble, a program of some thirty minutes will be held as a part of the nationwide celebration. School children, members of the Legion, student clubs, civic organizations, the Boy Scouts, the Legion Auxiliary, the church groups and various groups will participate in the special program and the tree planting ceremonies planned in connection.

Following the exercises at the Legion Hall, a tree dedicated to the memory of George Washington will be planted on the grounds of the American Legion home. Various committees will then go to the schools and set out trees in keeping with the general plan, it was stated by J. N. Johnston, general chairman.

Programs will be held during the year in connection with the observance of Washington's Bi-Centennial and the event Monday will be the first of the series.

Program for Feb. 22

Following is the program as arranged by R. A. Garrett and J. H. Reagan, local committeemen, for the February 22 ceremonies:

9:30 a. m.—Parade of the Fire Department and the call to assemble;

Floydada Dramatics Group Votes To Join In County Exchange

Membership of Organization Will Be Limited to 25; To Start On Play Soon.

Exchange of plays and joining in the county-wide recreational movement being sponsored by Mrs. S. M. Lester, county recreational director, and Ed Holmes, president of the district, is planned by the Floydada dramatics group formed two weeks ago with Mrs. V. Andrews as director and G. G. Glover president.

Work will start at an early date on the first production, Mrs. Andrews said.

Membership in the local dramatics group will be limited to 25 young people who have completed high school, excepting the charter members.

Vote to join in the county plan of entertainment and exchange plays with rural communities followed a short talk and an invitation by Miss Martha Faulkner, county home demonstration agent, who explained the plan which is meeting with such decided success in Floyd County and which other counties are adopting.

The local group will sponsor a community night party of recreation once each month and invite Floydada residents as their guests, if suggestions made at the meeting last week are carried out.

A small membership fee of 10 cents per month was voted to help defray incidental expenses of the organization. The next meeting of the group is planned for this Thursday night.

MIKE LOWRANCE RECEIVES SEVERE INJURY SUNDAY

While cutting wood last Sunday Mike Lowrance of the Blanco community had the misfortune of being hit in the eye with a stick. The injury being so severe the attending physician found it necessary to remove the ball Monday afternoon. At the latest reports from a Lubbock sanitarium he was resting very satisfactorily.

MRS. RINEHART BETTER

Condition of Mrs. J. S. Rinehart, who has been seriously ill at her home on South Main Street since Monday, a week ago, was improved this morning, according to Dr. Rinehart.

She first became ill with the flu after she came home from teaching her Sunday School class and later a stomach trouble developed that has kept her confined to her bed. Improvement in her condition this mid-week was the first that had been shown since she became ill.

WESLEY T. GOLIGHTLY DIED FRIDAY MORNING

Wesley T. Golightly, son of Mr. and Mrs. T. T. Golightly died last Friday morning, February 12 at 1:24 at the family home, where the family have resided for the past three years. He was born in Taylor county, March 12, 1917 and was fourteen years and eleven months old at the time of his death.

Funeral services were conducted at the Methodist church Friday afternoon at 4 o'clock, by Rev. I. A. Smith and interment made in the Floydada cemetery with F. C. Harmon in charge.

Besides the parents other surviving relatives are four sisters, Mrs. Myrtle Ballard and Mrs. Oia Langford of Floydada, Mrs. Etta Briscoe of Crowell and Mrs. Pearl Brown of Littlefield, all of whom were here for the funeral.

WORK PROGRESSES ON NEW TEACHERAGE AT ANTELOPE

Work is progressing rapidly on the new teacherage at the Antelope school. The home there was destroyed by fire recently.

Buck Brownlow is in charge of the work on the new building which will have three rooms and a porch. The frame house, with sheetrock inside and weatherboarded, will cost approximately \$600, it was stated.

Murray Jumps to Second Position in Poll

Garner Holds Heavy Lead Over Entire Field; Smith Drops To Fourth Place

Response was light to the question of "I will or will not support the nominee of my party, whoever he may be." Six voted "I will" and five voted "I will not." A total now of 28 have voted "I will" and only seven have indicated that "I will not" support the candidate regardless.

Ballot boxes have been placed for convenience at White Drug Co., Woody Drug Co., Floydada Drug Co., and Arwine Drug Co.

Rural Votes Urged

More response from the readers in the communities is urged. It has been suggested that the "votes" be marked with an "X" to the left or in front of the selected candidate and mailed to The Straw Vote Editor in care of The Hesperian.

Interest has been growing in the unique contest and campaigns for favorite candidates have been bringing results. Murray's supporters were most active during the past few days and the results of their "cavass" was very evident in successfully placing their man in second place.

Still Holds Lead

Garner still commands an imposing lead and unless the trend of the political stream changes he will continue to hold first honors. He has maintained a heavy lead since the opening of the contest but "Wild Bill" Murray is developing into a real "threat" for the nomination in the "Straw Vote."

If you have not voted, do so this week. The ballot boxes are open to anyone of voting age. Mail in your ballots. It is not necessary that they be signed.

Letter Signed by 25 North County Citizens Commends Tax Committee

Possibility that two more mass-meetings relative to tax reductions may be held in the near future was indicated by R. Fred Brown and D. D. Shipley of the recently-appointed taxpayers' investigation committee Wednesday of this week following receipt of a letter from Geo. T. Merlweher, of Lockney, and twenty-four other citizens, indicated to have been signed in triplicate, in which the committee's work is commended, and making suggestions as to possible means of obtaining reduced taxation.

The letter, addressed to Y. M. Moore, R. Fred Brown and D. D. Shipley as the full committee, says:

"The matter of your report after investigation of the high taxes now existing in Floyd County in the face of very adverse conditions has been brought to our attention. We as citizens and taxpayers of Floyd County do hereby commend your efforts in this matter, as we understand your report portrays at this time a condition in the matter of high wages and fees being paid and allowed the county officials some 400 per cent above the normal condition of 1913, and a condition which found us in much better condition than the present time and circumstances.

Suggests Another Meeting

"Gentlemen, we do feel that your efforts backed by the information that you now have in hand should be followed up by another mass meeting at once before the farmers get so busy with farm work that they cannot attend same. It is being more and more evident every day that the people are becoming aroused over this situation, and the further fact that not a single party now in office has offered, in any way that we have knowledge of, to cut their pay down on a basis demanded by the existing conditions forced on the taxpayer out of whose (Continued on back page)

Spelling Contest For School Pupils Planned

Plans are being formulated this week for a spelling contest to be conducted next month for school pupils, the winners to receive bronze medals, it was announced Wednesday by J. N. Johnston, general chairman of the Washington Bi-Centennial celebration arrangements in Floyd County.

The spelling match will be in connection with the patriotic movement this year to make the students more familiar with historical and present-day documents of government and the high-lights of history.

A list of 200 words has been selected for use by Mr. Johnston from the Declaration of Independence of the United States and 100 words from the Texas Declaration of Independence. The school children are urged to study the two documents and familiarize themselves with the words. The grade pupils will use the words only from the Texas document.

The date and final details will be announced soon, it was stated. The documents for study may be found in some standard civil government book or in a civics, Mr. Johnston said.

PICTURES OF WASHINGTON WILL BE ISSUED SCHOOLS

Large pictures of Geo. Washington will be received at an early date and will be given to school rooms that will frame them, according to a statement from J. N. Johnston, Washington Bi-Centennial chairman, who has been notified by Congressman Marvin Johnson that the pictures will be available. Mr. Johnston also has on hand essay copy outlining twelve programs featuring the historical events in the life of Washington.

UP TO THE NECK

Peter Molyneux pertinently points out the silliness of the southerner or southwesterner who is so often heard suggesting that we get out of European affairs. As a matter of fact, he says, the southerner himself is in Europe up to the neck whether he knows it or not. The southerner's market for cotton—the kind that will bring a profit—has been and will continue to be in Europe. The oriental trade we have enjoyed (taken away from India on the low price basis) is only a stop gap and would be nil except that the price is so low.

The trouble with the average Texan is that he does not know of his dependence on Europe. He knows only that he sells his cotton and pockets his money. He doesn't know or care about the need for the conserving and expanding of that market. So says Mr. Molyneux. To which we have no rejoinder. Doubtless he is right. At any rate, it gives the average southerner, who likes to cogitate about things, something to turn over in his mind. For instance, a rejuvenated Germany would take many hundreds of thousands of bales of southern cotton at a profit that she is not taking now, even at a price below cost. English mills need southern cotton to keep their spindles going, but their trade cannot afford to buy. Prosperity in England would be reflected in Texas. And so on. Possibly it ought not to be so, but nevertheless it is. And Texas people can't "get out of Europe and stay out." Not in this generation.

QUICK AND OFTEN

"Tell 'em quick and tell 'em often," was the business slogan of Wm. Wrigley, late chewing gum millionaire, but Mr. Wrigley had a good idea that was back of the slogan. A man is a good one for any business which can be reasonably delivering the goods. It is a good one for any business that is not. Publicity, whether of a billboard or whatnot, is a way of getting before the public. If you're right, you'll win; if you're wrong, you'll win, too, in oblivion.

SHINE, FRESH AIR

Nothing we oftentimes think west of is not sufficiently thought-out or thankful for is the original and of old mother nature for health, sunshine and fresh air.

As a people to have these things in such abundance for the vigor they bring, and the hopefulness in every new day, the sure cure they are for blues, insomnia, nerves and all the other ailments of mind and body—even falling arches and halitosis. It's a fact.

So many beautiful days we have. So many indeed that we complain when an occasional one comes along not so to our liking. While we have joined in one accord in wordy appreciation (?) of the sudden lack of opportunity to make money afforded by our present condition of business, and have made the event unanimous by growling and snapping at all the neighbors with whom we have business dealings, we could at least take thought once in a while of the sunshine and the fresh air—more valuable than all the other material blessings we could have.

A LITTLE PROFIT

Going over some of the activities of the chewing gum king, mentioned above, we find among other things that he made his millions out of a very narrow margin—a small fraction of a cent per package out of a five-cent article—but got the volume which is what all long have sought.

Wrigley had a great philosophy in life in some respects. He also had a keen analytical mind. He cashed in tremendously and lived a widely varied and full life—just from an idea. Just an idea that is workable is all that any man needs to grow wealthy. Ideas made all the other things worthwhile.

COLORS IN NEWSPAPERS

One of the imminent developments in newspapers is illustrations in colors. In fact, one writer of the publishing craft declared that the time had arrived when color printing for newspaper would have been in full swing by this time had not current business conditions become what they are. Many a newspaper worker has spent some time studying the prospect and worrying over it, because the innovation when it does come is going to mean the reorganization of practically every newspaper of any consequence. Two, three and even four color sections of newspa-

per are sure to come, probably within the next ten years.

What experience newspapers generally have had with color printing has been with the comic strips, but this has been done on a somewhat leisurely basis, with a whole week's time to iron out the "bugs." Too, broad, flat colors of a cartoon section are quite different to complicated "registering" and printing carefully prepared color illustrations of advertised products. Especially will this be true with newspapers that must follow a regular schedule of daily printings where presswork is greatly increased and where all such things as mat shrinkage, metal exactness and the minutiae of color reproduction are involved.

It will take a strong heart to attack the thing and a man with a lot of knowledge of costs, especially an organizer of the first water, to figure out how to make money out of color printing as applied to newspapers. Certainly it is coming. Certainly, too, the junking of a lot of ideas and the obsolescence of a heap of machinery.

But it is to be a part of the development of the next decade or so in newspapering. Why kick against the inevitable?

EXPERIENCE IN MARKETS

The farmer, who long has gained experience in the art of raising crops, has had less experience in the selling end so far as a whole market or world aspect is concerned. He has turned his crops over to someone to sell who has made a study of the business. He has pocketed whatsoever he received from the first man who offered what appeared to be the best price and has gone his way, preparing to seed another crop.

With this in mind The Hesperian has long believed that the entry of the farmer into the marketing world through co-operative marketing and otherwise, would be bound to redound to the general good sooner or later. The farmer has cotton, wheat, sheep or whatnot to sell the price of which is influenced by currents of commerce from the four corners of the earth. Many, possibly most, of these influences the raiser may not have knowledge of, but when he gets into the market he will learn of them necessarily.

No one is absolutely right on economic questions in the sense that he might be right on such abstract matters as what constitutes honesty or integrity. Economics and business are made up of a lot of the affairs of people that vary from time to time. What might be good in one decade fails to register in the next possibly.

So, although we are not sure that co-operative marketing is sound or unsound in the long run so far as the human race is concerned, certainly the experience that the raisers are gaining in their efforts at disposing of their own materials at a profit will make them study their materials more, their markets and be more intelligent, better citizens for doing so. Commerce will not be still while we tinker with it. It changes its courses and its processes as needs of the race change. All of us need to study more the things we have to sell, and the processes by which they reach the ultimate consumer.

PLEASES THE EAR

H. C. Pender, head of the government department of Texas Technological College, who told members of the local Rotary Club last week he doubted the probability of war on a grand scale for the United States as a result of the Sino-Japanese trouble, said something that a lot of people in this country were glad to hear and anxious to believe.

Mr. Pender's arguments were logical and praiseworthy, but when there is fire sparks can so easily set a blaze, and a blaze a conflagration. The Maine, sunk in the bay in southern waters, changed the map of the western hemisphere. Experts, many of them, believe the explosion was not caused from an external source. Right or wrong, it proved the spark that called thousands of Americans from the everyday walks of life to the colors and the War with Spain ensued.

MARKETS GO LOWER

The Hesperian has been rather reticent of the past few weeks about the markets. Cream and eggs and poultry, which we had hoped would look good on the market sheets through the winter have kept easing off in price. Except for a good turkey market this Thanksgiving and Christmas things haven't been so good. In fact, the trend has been lower, until last week even the bet-

Reason Enough

By Munch

Been in quite a fluster this week, especially Sunday and Monday. I been tryin' ter figger out whether I wuz livin' in South Texas or West Texas and whether this is June or February. I jist had ter give plumb up as fer as their weather wuz concerned and go git my callender and figger it all out. While we been havin' balmy days here, over in Sunny Southern Italy they been havin' snow and ice.

Old Ma Nature shore has got absent minded and got it jist about backwards on this hot and cold weather business. Reckon as 'how we will have ter invite Europe to come over ter ther Panhandle o' Texas and spend ther winter—they been rubbin' it in on us all these years about what a fine hang out they got over that fer winter time.

Not long ago I got a letter, er rather a card and I been ponderin' over it now quite a spell. I been wonderin' what ter do about it. At first I had a suspicion that it might a been written by ther photographer who wuz tryin' ter inviggle some business outta me. I ain't done nothin' about it, though, but theret don't mean I don't appreshuate gettin' a letter with a real stamp on it. I may not be worth a cent but some good friend spent ther much on me and ther's a nice thought ter think.

Here 'tis:
Dear Old C. S.
I wanta say that we shore enjoy yours weekly comments in the Hesperian. We always read 'em first of all.

A suggestion: why not put your picture along with your line of comments. It had been suggested to me a number of times so I'm tellin' you. A reader.

past week but I don't know whether ther wheat is gonna hold out long enough so's we kin kill all ther worms.

I wisht we had some way o' ketchin' in' ther critters and bundlin' them up and sending them up ter ther Farm Board and let them put ther blamed pests in ther bin marked "surplus" and let them eat up what we already got too much of and lost money on instead o' chompin' around on what we air jist tryin' ter have.

A good one is told on a young feller and his wife who air learnin' how ter farm in Floyd County. They air about as great a couple o' young folks as yer ever met and they air workin' mighty hard ter make a "go" and ther's jist what they air doin'.

They had been a planning on canning some meat jist like a lotta folks air doin' these days and so they got a nice sow and started ther feed. Plans were made to get ready fer a big hog killin' and meat cannin' day.

Ther hog jist got fatter and fatter and my but she shore wuz gonna make some fine meat. Came ther fatal day and out goes ther young farmer ter give ther victim a last feed and his wife wuz busy in ther house gittin' ther canner all ready and ther water hot and what do you think ther feller found—no one but a lotta pigs. His fat porker had farrowed a whole litter!

Imagine his embarrassment.

Looks like it would be kinda smart ter organize a non-loss corporation and ther would eliminate all use o' red ink fer a lotta fellers.

Maj. Horton has got me. I jist have ter give up. If I kin see him soon I'll git him ter solve his problem and I'll hand it on ter you. I can't figger his problem out where he sez ther under what conditions can you add two and two or four and four and ther answer be zero?

He: (angrily after having driven into rear of fair motorist's car) "Why didn't you signal you were going to stop?"
She: (snappily) "I stuck my hand out."
He: "I didn't see it."
She: "Of course not, but if it had been my leg, you'd have seen it."

Customer: "I'd like to see something cheap in shoes."
Wise Clerk: "There's a mirrow just behind you!"
Ran across an old one thet still is funny. Pass it long agin fer you. Here 'tis:
Algy met a bear.
The bear was bulgy.
The bulge was Algy.
Gotta run along, and afore I go

wanna leave a thot with yer: Tal-ter is something, but tact is every-thing. Mebbe so mebbe so but I prefer a little loose change also.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE FEBRUARY 14, 1918

In this paper will be found an official statement from the Federal Fuel Committee to the effect that gasoline is plentiful and that its use more especially in motor trucks and tractors to relieve the railroad transportation facilities of the country is urged. This statement bears out the representations of local dealers during the extreme shortage of gas and coal oil here that their troubles were due to lack of transportation facilities.

The Third Annual Floyd County School Fair is to be held at Lockney this year, the dates for which have been set by the directors as March 29th and 30th.

Two blocks of new mains are being laid in the southwest portion of the city, the additional leads being of four-inch tile. The new fire plugs giving more adequate protection to about six blocks of residences are being put in. The lead runs west from South Main Street section.

Melvin Day and family recently moved to Ralls from Floyd County and are now domiciled in their garage building until a residence is erected.

Dougherty News

(By Mrs. W. D. Newell)

Those of you who failed to read the discussion of the Tax situation under the heading "Handed to the Editor" in last week's Hesperian, have missed a treat, in fact it was one of the best suggestions for remedies of our situation that has appeared in our local paper and you'll miss some good "tips" if you fail to read this piece.

Some few gardeners are risking a few English peas, onions and potatoes in the ground, while others have not forgotten the trick—the "weather man" pulled last year by killing off all the gardens at a late frost and freeze. So if you want to know when to begin planting your gardens, the best advice would be to ask your neighbor about the first of April and probably he can tell you.

"FOR PRIVATE GAIN"

Answer to the present city council's ode "using city water for private gain":
It seems that our present City Council wants to rub it into someone's sore back about "using city water and land for private gain."

I had an agreement with the former City Council for last year and the year before that I was to use the block on which the City Wells are located. I was to cultivate and water the city's trees on said block and for such service I was to have the use of the extra ground with water for same for my own purposes. I planted this extra ground mainly in vegetables.

I think I fulfilled my part of said contract, and then some, as I fed

many hungry people from said patch of vegetables free of charge. I have no apologies whatever to make for my part in said contract. Here's to the present City Council: The City Council has made it plain "No lands nor water for private gain!"

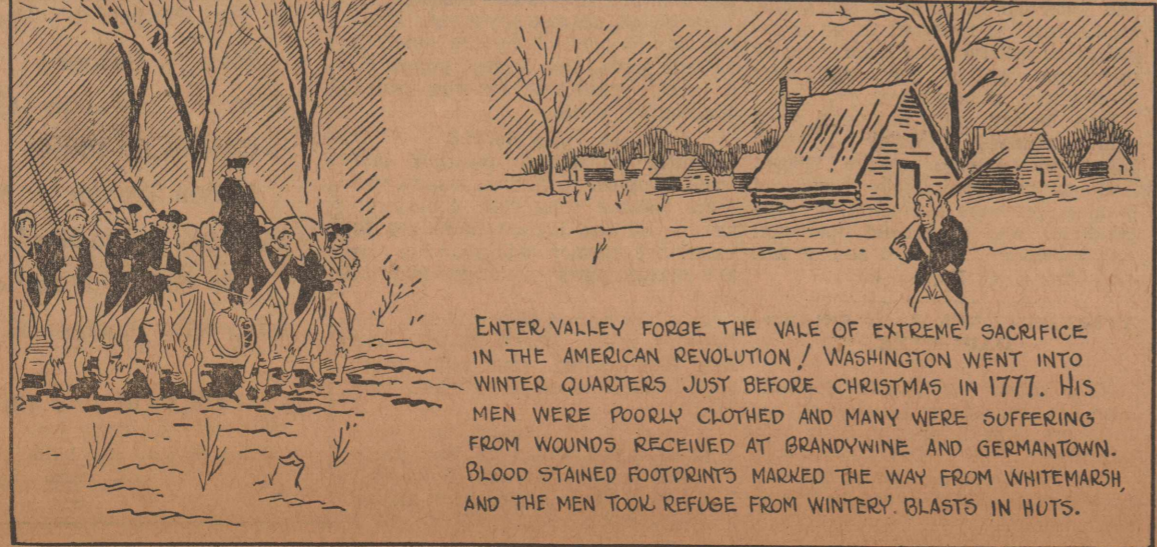

I've fed more people, I still maintain
They can all go to... "for private gain."

GEORGE WASHINGTON'S TRAVELS

ENTER VALLEY FORGE THE VALE OF EXTREME SACRIFICE IN THE AMERICAN REVOLUTION! WASHINGTON WENT INTO WINTER QUARTERS JUST BEFORE CHRISTMAS IN 1777. HIS MEN WERE POORLY CLOTHED AND MANY WERE SUFFERING FROM WOUNDS RECEIVED AT BRANDYVINE AND GERMANTOWN. BLOOD STAINED FOOTPRINTS MARKED THE WAY FROM WHITEMARSH, AND THE MEN TOOK REFUGE FROM WINTER'S BLASTS IN HUTS.

By James W. Brooks

THERE IS A STORY TO THE EFFECT THAT WASHINGTON, TOUCHED TO HIS VERY SOUL BY THE SUFFERING OF HIS MEN WENT INTO THE WOODS TO PRAY FOR AID. JOHN POTTS, THE OWNER OF A FINE HOUSE IN VALLEY FORGE CAME UPON WASHINGTON AND UNSEEN HEARD HIS PLEA. POTTS WAS SO STRUCK BY THE SINCERITY OF WASHINGTON THAT IN TELLING OF THE INCIDENT HE SAID, "THAT MAN MUST CONQUER IN THE END." HE THEREUPON OFFERED HIS FINE HOUSE TO WASHINGTON AS HEADQUARTERS.

Cooperatives Benefit Farmers In Some Way, Grain Man Maintains

"Every organization of cooperation between farmers has benefited them in some way, in dollars and cents, and in the satisfaction of carrying on their own business," declared John Manley, organization manager of the Farmers' National Grain Corporation, in an address delivered to over two hundred farmers assembled in the district court room Thursday afternoon of last week.

Fight for Rights

"Farmers have had to battle every inch of the way for their rights and the Texas Wheat Growers' Association, affiliated with our national organization, has had to fight strong competition along with the other cooperatives."

He attacked the Agriculture Marketing Act, maintaining that it was not exactly what the farmers wanted but what the administration wanted to give them. The needed step in legislation was the passage of the proposed Equalization Fee, protecting agricultural products along with manufactured goods on tariffs, he said.

"The Government could carry on a sane program relative to production if it would. It could spend money teaching the farmers to cooperate instead of so much regulation attempts on prices. The Stabilization Act of the Federal Farm Board hurt the farmer more than it helped him, especially if he resided in the southwest.

"Our association is entirely distinct from the Federal Farm Board's grain buying organization set up by the government.

"The Board waited until the farmers down here had sold their wheat before it started buying and then stopped before time for marketing another crop. That big pile of wheat they bought up last year had a lot to do with the price this year.

Explains Set-Up

"If the farmers were sufficiently organized to demand their rights they would get better prices and better service."

Mr. Manley explained in some detail the set-up of organization which he represents, which is an affiliation of state and regional cooperative organizations throughout the United States. There are 28 organizations holding stock, one of which is the Texas Wheat Growers Association with some 7,000 members. The Oklahoma and Texas subsidiary has 200 elevators and handles its wheat through the Texas-Oklahoma Wheat Pool Corporation. The corporation with headquarters in Chicago has a capitalization of 10 million dollars, two million of which have been paid in, Mr. Manley pointed out.

Through its 34 branch offices, one of which is located at Amarillo, the corporation localizes its service, he stated.

"Farmers are trying to replace the grain trade system of marketing by cooperative selling direct to the millers and exporters," he explained.

"We are inviting the farmers to affiliate with the national corporation and assist in concentrating the grain in our pool. All profits revert back to the farmers and operating expenses are paid and it is truly cooperative."

A national board of 15 directors elected from the state and regional selections have charge of the affairs of the corporation, it was brought out.

Members are given three options when they place their grain in the pool of the organization; they are, sell for cash to the elevators, store

Mr. Manley left Thursday afternoon late for Lubbock where he spoke Friday at 2:30 o'clock at the Farmers' Short Course being held at Texas Tech. He spoke Wednesday at Plainview and Tuesday at Tulla. He was accompanied by J. Frank Triplett, of Hale Center, here Thursday.

33RD BIRTHDAY RECORD COLD SPELL THIS MONTH; JENKINS RECALLS EVENT

"Cold Friday," the memorial event of history is still the topic of conversation among "old timers" and the subject was revived this week since it marks the thirty-third anniversary of the event.

It was back in 1899, February 12 and 13, that the South experienced the coldest spell ever recorded. In Floyd County the two days were still but "it was terribly cold," says J. B. Jenkins in recalling the unusual weather. Cattle were frozen by the scores and a sheep herder near Big Spring lost his life. His body was found in an upright sitting position against a tree.

"I took a buckboard and started to Childress on Saturday, one of the cold days," Mr. Jenkins related. When I got to Estelline they had to take me out. My feet had frozen and I did not know it. Icicles as big as a man's fist formed on the whiskers in my horses' nostrils and I had to get out and cut them off. Very little snow fell."

Floyd County's record snow fell in February, 20 years ago, about the seventeenth or eighteenth, Mr. Jenkins said. In places residents could walk over the tops of their fences, so deep was the snow. Train service in Floydada was stopped for eight or ten days and a special crew had to come down from Plainview and dig the switch engine and cars out of the drifts, it was related. "The snow was so deep we could not ride across the prairies," Mr. Jenkins said.

Several early-day residents of Floydada and Floyd County and those who were residing in other parts of the state at the time were recalling the "Cold Friday" of 1899 in conversations this week.

Blanco News

Blanco, February 16.—The McCoy community presented a play at the school auditorium here Saturday night. The title was, "A Tonic for Gloom." It was a good play and presented by a group that knows how to hold the interest of an audience.

Miss Ozelle Gilbert, who is teaching at Cone, is ill with the flu this week and is staying with her sister, Mrs. Walter Travis of this community. Another sister, Mrs. Lonnie Clements of Plainview is substituting for her.

Mr. and Mrs. W. F. Bishop, of Littlefield, were week end visitors in the F. L. Hickerson home.

Will Simpson of Amarillo was a guest in the home of his brother, W. H. Simpson, last week.

Mr. and Mrs. Wm. Snell were visitors in the McCoy community Sunday afternoon.

J. R. Terry and family of Floydada spent Sunday with W. F. Daniel and family.

The Blanco home demonstration club met with Mrs. Lucian Wheeler last Friday afternoon. There were eleven members present. This lively club is one of the things that keeps Blanco on the list of progressive communities.

Grover Gilbert and family of Kilgore visited in the home of Walter Travis last week end.

Our school ended its fifth month last Friday. The following pupils were on the honor roll:

First grade: J. W. Gilbreath and Mary Murphy.

Third grade: Evelyn Daniel and Ruth Simpson.

Sixth grade: Virginia Simpson, Irene Gilbreath.

Seventh grade: Leroy Cates.

Eighth grade: Corene Daniel.

Fair And Equitable Representation, Plan

If Elected Will Work for Economy In Government, Reduction of Tax Burden.

M. R. Avery, County Judge of Castro County, upon the solicitation of his many friends throughout the district, has this week announced his candidacy for the office of State Representative of the 120th District. In announcing his candidacy, Judge Avery said:

"I am always willing to be used in service for the people of West Texas; and if sent to the house, will seek to know and see that the people of the 120th District have a fair and equitable representation."

Judge Avery's wide experience as a school man and general work with Commissioners court for the past six years in Castro County especially fit and prepare him to serve the people of this section.

His platform is as follows: "In announcing my candidacy for State Representative for the 120th District, I stand for and believe the following principles will help relieve the burden of the people and develop West Texas:

1. Fewer and more workable laws should be passed by the legislature.
2. The legislature should pass laws which will serve masses instead of a class of people.
3. All consumers should have a fair and equitable rate given them by all public utilities.
4. All state money for public schools should be apportioned upon an attendance record instead of the per capita basis.
5. More economy in our government from county to state and nation, which would reduce the tax burden of the people.

If elected, I pledge my best efforts to represent the people of West Texas on all questions." (Political Advertisement)

A. S. CUMMINGS IN RACE FOR COMMISSIONER PRE. 1

A. S. Cummings, who lives west of Floydada on the Sand Hill road, is a candidate for the office of Commissioner of Precinct No. 1, subject to the action of the Democratic Primaries.

Mr. Cummings has been a resident of the county for many years and much of this time in precinct one. If elected, he will make every effort to carry out a business, economical administration of the affairs of this precinct in particular and of the county in general. (Political Advertisement)

Center News

Center, February 16.—We are having more damp weather but there is not so much cotton in the fields although there is some still to pull. Mrs. Horace Marble visited her parents for a short time Friday afternoon before going to her home near Roseland.

Mr. and Mrs. T. J. Gill and daughter, Ruth, spent Sunday in Lubbock where they went to join the other children with a surprise birthday dinner for their father.

E. T. Evans of Paducah came up Monday to spend the week with Mr. and Mrs. Grimes, returning home Sunday afternoon.

Misses Eula Mae Gullion and Gertrude Lightfoot entertained last Friday afternoon from 4:15 till 6 o'clock with a shower for Mrs. Grady McAda, who before her marriage last week was Miss Bernice Mankin. Many useful gifts were received by the bride. Those attending were Mesdames J. H. Green, J. L. Montgomery, Olin S. Miller, W. E. Grimes, W. B. Jordan, Marion Carpenter, J. Q. Carpenter, Leo Frizzell, W. L. McAda, E. W. Lightfoot, Annie Ruth Nelson, H. B. Mankin and Grady McAda, Misses Opal Hartsell, Alma Montgomery, Mrs. A. H. Matthews and the hostesses. Lovely refreshments of cake and cream were served.

Several in this community have been sick with the flu.

Sixteen members of the Center B. Y. P. U. went to the Associational meeting at McCoy last Sunday.

Little Billy Jordan returned to the home of his parents at Matador last Tuesday after an extended visit with his grandparents, Mr. and Mrs. W. B. Jordan.

Some one borrowed the five gallon gasoline can and its contents from the Center church during the past week. We would surely appreciate it if the borrower would return the can.

The senior B. Y. P. U. will render the following program Sunday evening, February 21:

Subject—The Humanity of Jesus. Introduction—Catherine Tubbs.

The Bible picture of Jesus—Viola Golightly.

Jesus had a real human body—Faye Harber.

Jesus had a human soul—J. B. Jordan.

Interscholastic Rules Radically Changed For Contests In Spelling

Attention is called in particular this week by J. B. Allen, director of spelling in the county interscholastic league contests, to the fact that some radical changes have been made in the rules governing the contest. In a letter giving suggestions to coaches and teams in the interscholastic league work Mr. Allen says:

"There has been some radical changes made in the Interscholastic League rules on spelling this year. Formerly, the contest has been on correct spelling only. But this year, plain, legible writing is to be counted the same as spelling.

"The League lists of words only has been used before, but this year, the contestant must master the League lists and the State Adopted Text.

"All spelling coaches should carefully read the rules on pages 46 to 49 inclusive, so that there will be no misunderstanding of the requirements of the League.

"Legible handwriting is an accomplishment which many graduates of our schools fail to acquire; yet in business and the professions, and even in the trades such ability is of utmost importance.

J. B. Allen, Director of Spelling."

Starkey News

Starkey, February 16.—It seems as if spring were here. All the farmers of this community are busy preparing their land for a new crop.

Mrs. C. W. Howard, Mrs. Charles Atkinson, Raymond and Mable Thornton went to Spade last Friday. Mrs. Howard's and Mrs. Atkinson's brother Otis Elmore accompanied them home to spend the week end.

Miss Clendennen and Helen Grigsby spent the week end at Cedar Hill. The Starkey Junior boys played McCoy last Friday. The score was 17 to 47 in Starkey's favor.

Sunday school and B. Y. P. U. were well attended Sunday.

Starkey was represented at the B. Y. P. U. conference at McCoy Sunday February 14. We received the banner and the conference will meet here the second Sunday in April.

Bro. Dean Huff will fill Bro. J. J. Lloyd's regular appointment Sunday morning.

There will be singing here Sunday afternoon beginning at 2 o'clock. Every one is invited to come. The community party will be held February 16 at the school house.

Miss Mable Thornton is visiting with her aunt, Mrs. Lizzie Harrison of Lakeview in Hale county.

Starkey played Campbell February 15 at Andrews Ward gymnasium and were victorious by a score of 31 to 15.

 who are seriously ill as far as we
 know. For this we are duly grate-
 ful. We were sorry that brother
 Claude Wingo had to be out of his
 pulpit, but appreciated having a
 number of his folks worship with us.

There is a possibility that the pas-
 tor will not be in the pulpit next
 Sunday, but a suitable supply will
 be on hand to take charge of the
 services.
 Visitors and strangers always
 welcome at our services.

Sunday School Lesson

JESUS THE GOOD SHEPHERD

International Sunday School les-
 son for Sunday, February 21, 1932.
 Golden Text.—The Lord is my shep-
 herd; I shall not want. Psalm 23:1.
 Lesson Text.—John 10:1-42.
 Verses 1-16 are here printed.

Verily, verily, I say unto you, He
 that entereth not by the door into
 the sheepfold, but climbeth up some
 other way, the same is a thief and
 a robber.

2 But he that entereth in by the
 door is the shepherd of the sheep.
 3 To him the porter openeth; and
 the sheep hear his voice; and he
 calleth his own sheep by name, and
 leadeth them out.

4 And when he putteth forth his
 own sheep, he goeth before them,
 and the sheep follow him: for they
 know his voice.

5 And a stranger will they not
 follow, but will flee from him: for
 they know not the voice of strangers.
 6 This parable spake Jesus unto
 them: but they understood not what
 things they were which he spake
 unto them.

7 Then said Jesus unto them
 again, Verily, verily, I say unto you,
 I am the door of the sheep.
 8 All that ever came before me
 are thieves and robbers: but the sheep
 did not hear them.

9 I am the door: by me if any
 man enter in, he shall be saved, and
 shall go in and out, and find pas-
 ture.
 10 The thief cometh not, but for
 to steal, and to kill, and to destroy:
 I am come that they might have
 life, and that they might have it
 more abundantly.

11 I am the good shepherd: the
 good shepherd giveth his life for the
 sheep.

12 But he that is an hireling, and
 not the shepherd, whose own the
 sheep are not, seeth the wolf com-
 ing, and leaveth the sheep, and
 fleeth: and the wolf catcheth them,
 and scattereth the sheep.

13 The hireling fleeth, because he
 is an hireling, and careth not for
 the sheep.

14 I am the good shepherd, and
 know my sheep, and am known of
 mine.

15 As the Father knoweth me,
 even so know I the Father: and I
 lay down my life for the sheep.

16 And other sheep I have, which
 are not of this fold: them also I
 must bring, and they shall hear my
 voice; and there shall be one fold,
 and one shepherd.

Time and place.—Probably at
 Jerusalem. A. D. 29.

The Lesson Comment
 Jesus was still talking to the man
 whom he had healed of blindness,
 and to the Pharisees who had ex-

communicated him and had con-
 demned Jesus as a sinner because
 he had healed on the Sabbath.

The picture drawn by the Master
 as an illustration was one familiar
 to all people of Palestine: that of
 a shepherd caring for his sheep.

We must understand that a sheep-
 fold was an inclosure with a high
 wall, and an opening which was
 used as a door-way. The door was
 the shepherd. The shepherd stood
 in the door-way, guarding it day
 and night and no sheep or person—
 nothing could enter without his
 knowledge or consent. If any one
 entered the fold by climbing over
 the wall he was a thief and a ro-
 bber, and there were many thieves
 and robbers, as well as other dan-
 gers for the sheep of Palestine.

But the sheep know the voice of
 their shepherd, and while they would
 flee from the voice of a stranger,
 they would go gladly when their
 good shepherd called them by name.

The good shepherd never attempt-
 ed to drive his sheep. So when the
 morning dawned in Palestine, the
 good shepherd brought his sheep
 out of the fold into green pastures
 beside still waters where they grazed,
 drank of the cool water and
 rested till the evening shadows fell;
 then he called them together and
 led them home!

In case the self-centered Pharisees
 failed to catch his meaning, Jesus
 explained to them that he was the
 Good Shepherd, and while they had
 excommunicated the man whom
 Jesus had healed of blindness, they
 had no power to put him out of the
 fold of God. With Jesus as the
 door, the man might enter and
 have the care of the true shepherd
 and these false shepherds had noth-
 ing to do with it. Jesus also re-
 minded the Pharisees that a good
 shepherd would give his life for his
 sheep. This was literally true. It
 often happened that a shepherd
 seeking a lost sheep lost his life in
 an effort to find it. The country
 was filled with dangers; wolves,
 thieves, dangers on the mountains,
 hidden holes and crevasses, into
 which a man might fall and never
 be able to get out. All these dan-
 gers are not braved because of the
 value of the sheep, which is little;
 but because the true shepherd loves
 his sheep. All this is only a faint
 picture of what Jesus is to us; his
 care for us, coming to this world to
 seek us when we were so hopelessly
 lost in sin; dying for our sins and
 thus opening the door of the heav-
 enly fold that we may enter in. "He
 was wounded for our transgressions,
 he was bruised for our iniquities,—
 and with his stripes we are healed."
 (Isa. 53:5.)

The sixteenth verse tells us that
 the Good Shepherd has other sheep
 —sheep of other folds. The Jews
 were not the only people Jesus came
 to save. They had always supposed
 that they were the only people
 God loved, cared for and accepted.
 But Jesus said otherwise. It was
 time the Jew came down from his
 perch and realized that other peo-
 ples had right and were just as
 much creatures of God as they.
 John 3:16 tells us that God loved
 the world. Not the Jew only; but
 we Americans only. "Them also
 I must bring."

JNO. RICE RECOVERS

Evangelist Jno. M. Rice, of Abilene,
 was recovered from an appen-
 dicitis operation sufficiently to leave
 the Lubbock Sanitarium Sunday.
 He went to Fort to spend a few days
 resting with friends before going to
 his home.
 Mr. Rice had just completed a
 meeting here when he became sud-
 denly ill and was taken to Lubbock.
 His condition was serious for some
 ten days.

Willie Ritchie, of Dalhart, was in
 Floydada Tuesday on business. He
 returned home Wednesday.

A Farmer's Life

"As He Lives It"
 BY ED HOLMES

Almost any farm paper you read,
 will be advertising some make of
 tractor and they will tell you that
 you can plow 40 to 80 acres each
 day! One man can grow and har-
 vest so many thousand bushels of
 grain each year. Yes you can get
 rich!

Yes if just a few only, would do
 this, there would be a demand for
 the grain, the price would stay fine
 and they could get rich. Too many
 have tried this fast working plan
 and now to the majority it is too
 bad!

When one man can grow enough
 grain to feed the entire population
 of a county, with a lot of machin-
 ery what can the others do?

It would be better if they would
 advertise a machine that would eat
 all the grain that one of these said
 farmers could grow. It would sure
 be in demand.

One farmer in this community
 works enough land to keep ten
 families busy if it was worked with
 teams, then what was grown from
 the land be fed to something that in
 turn would feed the ten families.

This one farmer keeps one cow,
 then dumps the remainder of his
 crop on a world market that can't
 handle it. He sends his profit to
 the machinery companies, buys more
 tractors and up to now is consid-
 ered the highest type farmer. He has
 an easy time and has been wonder-
 ing why everybody doesn't follow
 his example? Grow lots of grain
 with mechanical power and sell it
 for a good profit—to whom for
 what purpose?

Of course I have no certain far-
 mer in mind but this is my way of
 thinking it what is happening.
 It would be a good thing if the
 tractors would double in price! Then
 we couldn't buy them.

Just a word to you if you are go-
 ing to cover a barn with Sheet Iron
 roofing. The majority of sheds are
 built length-wise East and West in
 order to protect the stock from the
 north wind in winter. Be sure to
 begin laying the sheet iron from
 the east side! This way where the
 metal is lapped over, these hard
 west winds and hard blowing rains
 cannot get under it. In a very few
 years if it is lapped the other way,
 the west wind will have the edge
 turned up until it will not turn the
 blowing rains, which practically all
 comes from the west. If you do not
 think this is important just notice
 the barns as you pass along the
 roads and see for yourself.

A noted puzzle artist writing in a
 good magazine the other day said
 that you would succeed in life to the
 extent that you were able to solve
 puzzles? I believe we agree with
 him in some of it but may disagree
 with him as to what kind of puzzles
 are a correct test.

Your puzzle may be when you
 break a three-horse-evener out in
 the middle of the field. How can
 you fix it in a hurry and get to
 plowing without walking to the
 house, maybe over a mile to get an-
 other one?

Your puzzle may be to prepare
 meals for a family without money?
 I imagine some farmers have some
 puzzles now that would stump even
 this expert. Do not let the puzzles
 that get in your way, every day, get
 the best of you! Solve them. To
 your advantage, if you would suc-
 ceed in life.

Oliver and I made another trip to
 Anton, trading pigs for feed. We
 bought good Hegari bundles for 1 1/2
 cent per bundle. They are as fine
 as I ever did see. No sand and good
 heavy grain. The elevators were
 paying \$4.50 for heads. All feed
 seems to be on the incline. If you

The flu did its dirty work in this
 community also. Thanks to Lister-

F. H. S. Quintet To Go To District Contest

Coach L. T. Barksdale and his champion whirlwind basketball team will leave Friday morning for Lubbock where they will participate in the district basketball tournament of the Interscholastic League to be held there Friday and Saturday.

The F. H. S. team defeated Lockney, Class A, and Dougherty, Class B, in a series of four straight games to win the county championship and the right to represent this section.

Coach Barksdale will take ten men and Waymond Finley, club manager. Squad members who will go to Lubbock are as follows: Floyd Murray, Lloyd Murray, Lowell Gambin, Leo Jackson, Gordon, Ersel Matthews, Johnnie Horn, Malcolm Bridge, Herman Nelson, and Roy Anderson.

Six letter sweaters will be awarded this year. Coach Barksdale said. It was thought that the club would have only the alternative of going to Lubbock and representing the county or buy their sweaters from a limited fund. Through the cooperation and aid of the Green Peppers, girls' rooting organization, the boys will be able to get their sweaters and also make the trip to Lubbock, it was announced following a meeting of the Athletic Council and the pep squad representatives Wednesday afternoon.

A. Grigsby, Mrs. L. H. Newell, Mrs. J. E. Swin-paschall, Mrs. J. T. J. Dawson, Mrs. S. T. Harris the hostess. Mrs. W. L. Bloodworth, Mrs. Robert Abernathy, Mrs. W. M. Colville, Mrs. Orville Harris and Mrs. Charlie Harris were visitors at the meeting.

McCoy News

McCoy, February 15.—The weather has been very unsettled the past week, and has continued so this week.

Rev. E. E. Crawford, of Floydada, delivered a very interesting sermon at the Baptist Church Sunday morning and Sunday night.

Mrs. Berry entertained the young folks with a party Friday night. The McCoy P. T. C. presented their play "A Tonic for Gloom" at Sand Hill Tuesday night and at Blanco Saturday night.

The junior baseball boys played the Starkey boys Friday evening. Scores were 47 to 17 in Starkey's favor.

Misses Flora Day, Eunice Embry, and Inez Newman spent Friday afternoon with Miss Lou Ellen Cox.

Miss Clara Smith spent Sunday afternoon with Miss Mildred Raley. Messrs. Clarence and Ernest Jones, Albert Parrish and Misses Flora Day and Claret Tardy spent Sunday with Miss Lou Ellen Cox.

Mr. and Mrs. T. L. Stapleton and family have moved to Petersburg. We regret losing this family but wish them good luck in their new home.

Mr. and Mrs. N. G. Richard and family have moved to Mr. Pharr's place. We welcome them to the community.

Mr. and Mrs. Guy Jackson and daughter spent Sunday with Mrs. J. W. Jackson and family, and Freda Jackson returned home with them to spend a few days.

Mr. and Mrs. C. H. Payne and family spent Sunday with Mr. and Mrs. Oscar Payne.

Mr. and Mrs. D. F. Payne also spent Sunday with Mr. and Mrs. Oscar Payne.

Visitors in the home of Mr. and Mrs. Jewel Mara Sunday were Messrs. Clarence and Ernest Jones, Albert Parrish and R. T. Jones, and Roy Mara of Baker.

Miss Vida Mae Day spent Sunday with Irene Gilbreath.

Leroy Green, who is attending school at Floydada, spent the weekend at home.

The McCoy P. T. C. will present "A tonic for gloom" at Muncy Friday night.

Miss Nona Cox is visiting her brother at Slaton.

McCoy B. Y. P. U.

Program for the B. Y. P. U. for Sunday, February 21, is as follows: Subject, "The humanity of Jesus" Introduction—Mrs. Mara. Scripture reading—Irene Smith. The Bible picture of Jesus—Lounett Pharr.

Jesus had a real human body.—Leola Smith.

Jesus had a human soul.—Lorene Embry.

Jesus, "the son of man."—Flora Day.

Jesus, humanity's hope.—Albert Parrish.

We invite everyone to be with us each Sunday night for B. Y. P. U. and singing.

CARD OF THANKS

We wish to thank our many friends for the kind words of sympathy and for the many beautiful floral offerings, on the occasion of the recent illness and death of our daughter and sister Mrs. W. S. Posey.

Mr. and Mrs. W. L. Boerner, Mr. and Mrs. E. P. Nelson, Mr. and Mrs. S. W. Ross, Mr. and Mrs. Frank Boerner.

R. T. and F. W. Ayres, of Lockney, were in Floydada on business Wednesday.

Teachers, Outsiders To Stage Basketball Benefit February 23

Basketball of "high class" is threatening to be developed at the Teachers versus Outsiders game to be played Tuesday night, February 23, in the Andrews Ward Gymnasium if the claims of the opposing "campus" mean anything. It is possible that both the women and men teams will take part.

The battle will begin at 7:30 o'clock and will be staged at a benefit for the P. T. A. and the high school Interscholastic League fund. Incidental equipment will be purchased for the county meet. Admission will be 10 cents.

Joe Breed will direct the play of the Outsiders' quintet for the men and O. K. Davis, principal of the R. C. A. school, will have charge of the faculty stars.

Both squads boast "some of the best" and maintain respectively that it is a "cinch" even before the game begins. Former college and high school stars will appear in both line-ups.

The teachers possibly will have the stellar services of J. M. Teague, L. T. Barksdale, O. K. Davis, O. T. Williams, Odus Stephen, and others. The probable starting line-up for the men Outsiders will be as follows: Bill Daily and Alva Hull, forwards; Raymond Nelson, center; Everett Price and J. L. Thomas, guards. Subs: G. L. Kirk, Roy Eubank, T. W. Whigham, T. A. Norman, and Roy Breed.

Miss Ruby Norton will have charge of the women teachers' quintet.

Sanitarium Notes

Miss Mona Mae Smith, Lakeview was dismissed from the Sanitarium Saturday, she underwent an appendicectomy ten days ago.

Mrs. O. R. Baird, Lockney, is convalescing following a major operation last Sunday.

Mrs. Virgil Williams, city, was dismissed from the Sanitarium Tuesday. She underwent an operation last Monday.

Nita Merle Sparks, Lakeview, was dismissed Tuesday. She had her tonsils removed Sunday.

Virgie Luttrall, Lakeview, underwent a tonsil operation Tuesday.

Mike Lorraine, McCoy, was struck in the eye with a stick of stove wood Sunday afternoon. He received medical attention in the Hospital Sunday. He was referred to an eye specialist where it is thought the eye ball will have to be removed.

Born to Mr. and Mrs. R. V. Prindle, Floydada, February 12, a daughter. The baby was named Margaret Jean.

Dr. George V. Smith made a professional trip to Earth, Texas, Sunday night. He returned Monday.

He was accompanied by Wayne Gound. R. L. Riddle, Lakeview, received treatment in the Sanitarium for a broken arm Tuesday. Mrs. Frank Jameson and baby, Matador, were dismissed from the Sanitarium last Sunday.

PUTTING ON PRESSURE TO COMPLETE COLLECTOR'S REPORT BY NEXT SATURDAY

Pressure is being put on the work in the office of Collector C. M. Meredith in preparing for the annual report of the office, which is scheduled to be received by the commissioners' court in a special session Saturday.

"We are going to have to do about to keep our date," Mr. Meredith said.

This week two additional clerical helpers were put on the force in an effort to get the work completed in time. They are Burl Bedford, former Floydada city secretary, and Mrs. C. D. Gibbs, who is borrowed from the office of Barker Bros.

BLANCO H. D. CLUB MEETS WITH MRS. L. C. WHEELER

Blanco Home Demonstration Club met last Friday at the home of Mrs. L. C. Wheeler to study "Putting the Plan in Planting." A round table discussion of, "Wind break as a farm asset," was held. Mrs. Snell talked on care of trees, Mrs. Christian on Natural trees and shrubs and Mrs. Wheeler on transplanting trees and shrubs.

Eight members, one visitor and one new member were present. The meeting for February 26 will be held at the home of Mrs. McCarty when they will study, "The Livable Living Room."

BORN—to Mr. and Mrs. Dewey Hatley, Dougherty, February 2, a son.

BORN—to Mr. and Mrs. Weldon Perkins, of Silver City, N. M., February 7, a son. Mrs. Perkins is a granddaughter of Mrs. Edd Westfall, city, and was visiting her grandmother.

PROFANITY

El Paso Scottish Rite Bulletin: We have known golden hearted men who were addicted to profanity.

We have known sanctimonious scoundrels, also who never uttered an unholly word. We had rather be cussed by a real man than to be prayed for by a religious fakir.

But this is no apology for profanity. The habit of cussing cannot be condoned. It is high treason against the Almighty and a species of assault and battery against the English language.

"The things which are seen are temporal; the things which are not seen are eternal."

Message To Be Adapted To Needs Of Territory Traversed By Special

Farm and Home Special Will Key-note More Profit, Better Living on Farm.

College Station, Texas, Feb. 16.—Telling a story of modern farming methods through the medium of specially prepared exhibits as well as in the words of speakers abroad, the Santa Fe farm and home special, operated by the Santa Fe Railway Company and the Texas A. & M. College cooperating, began a forty-five day tour of all Santa Fe lines in Texas Feb. 15 at Navasota. The special will make 147 stops in all and a program of two to three hours will be given at each stop. Visitors will be invited aboard to inspect the various agricultural, livestock, home industries and home improvement exhibits and speakers will appear at open air meetings at the train at all stops where the weather permits. Passenger coaches will be used for meetings in inclement weather. The final program of the tour will be at Snyder, April 6. The train visits Floyd County on April 2.

Much in the nature of an agricultural college on wheels, the nine car special carries a message the keynote of which is more profit and better living on the farm. It will emphasize throughout the broad reaches of the state the benefits of improved methods of livestock raising and farming practices, tried methods of cutting production costs, making the farm self-sustaining. It tells the story, in words and exhibits, of proper care and utilization of the soil, of a well rounded farming program, of home beautification and live-at-home practices, of slugging enlargement in the scope of home industries among progressive farm women.

One entire car of the train is filled with farm electrification exhibits sponsored by the Texas committee on the Relation of Electricity to Agriculture in cooperation with the Northwest division of the National Electric Light Association. Local electric companies will supply current at the different stops for the operation of the equipment which includes poultry farming apparatus, grinders, cream separators, milking machine, sausage grinder, and other farm machinery as well as various household appliances.

J. F. Jarrell, Topeka, Kan., manager of agricultural development of the Santa Fe, has general charge of the train which is being operated by the railway company. Exhibits were prepared by the Extension Service and speakers are from the staffs of the Extension Service, the college proper and other cooperating agencies and institutions.

The train contains eighteen exhibit booths and the program of exhibits and talks covers such phases as agronomy, poultry, beef cattle, sheep and goats, dairy cattle, hogs, farm electrification, feeding and clothing the family, yard beautification, rug making and home industries. Forestry and pasture improvements exhibits will be shown in East Texas territory.

Livestock car contains exhibits of Angora goats, dairy cows, hogs on self feeders, beef cattle showing advantages of creep feeding, and sheep. Some of the exhibits will be changed from week to week to adapt the message of the train to the particular section being traversed.

Mrs. Minnie Reeves of Lubbock visited in Floydada last Friday with her sister, Mrs. Fannie Montague, and other relatives.

Loyalty

Whether it be in school, at home, or out in public life, one should always be loyal. Here in High school we have four classes and many social organizations. Each pupil is a member of one of these classes and several of these organizations. Every class and every organization has its interests and its private affairs, and it is an obligation of every member to be loyal and show his allegiance to every organization to which he belongs.

We have some people who cannot keep any kind of secret. They have a practice of telling everything they hear or see. It is this kind of a person that tells the secrets of his organization, and in doing so he is a traitor. We know that a successful business man never tells every body about his affairs. He keeps his private business to himself and expects the same of others.

Now, let's be loyal to our friends, our high school and its organizations. The world needs loyal workers more than anything.

Floyd County Championship Won By Whirlwinds

In the first game played at Lockney Wednesday February 10, Floydada won by the close score of 27 to 24. The Whirlwinds were 7 points behind in the third quarter; however the score did not stay that way long as the first string team immediately went in, and with Gordon Lightfoot's excellent shooting—the day was saved. Lightfoot was high point man with 15 points.

In the second game played at Floydada, the Longhorns never threatened the small but fast breaking Floydada quintet. The Whirlwinds had the game sewed up from start to finish. It was a slow game as Floydada never had to use the finer tactics of basketball to win. The final score was 23 to 11 in favor of Floydada. Lightfoot was high point man with 10 points, followed closely by Herman Nelson who accounted for 8.

The starting line-up for both games was:

L. Forward—Nelson; R. Forward—Lightfoot; Center—Bridges; L. Guard—F. Murry; R. Guard—Anderson.

First Dougherty Game
This game was at the Andrews Ward gym and was the fastest game played here in several years.

The first quarter ended 2 to 1 in favor of Dougherty. The half ended 5 and 5. The third quarter ended 11 to 11. Neither team was ever more than four points ahead. Floydada was four points ahead for a short time during the third quarter.

Lightfoot was high point man with 8 points and was the outstanding player on the floor. Nelson also showed up well. Dick Furrow was Dougherty's best player, making 7 points for his team. The line up was:

L. Forward—Nelson; R. Forward—Lightfoot; Center—Bridges; L. Guard—F. Murry; R. Guard—Anderson.

Second Game With Dougherty
The Whirlwinds played the Dougherty basketball team Monday night for county championship. The score was 29-19.

This game undoubtedly was one of the best games of the season, due to the fact that both teams were in good physical training and were coached exceptionally well for high school teams.

High point man of the game was Roy Anderson with nine points; second was Herman Nelson with eight points then Gordon Lightfoot with seven points. All three of these boys are Floydada Whirlwinds.

Basketball interest was high Monday night. Even the fog and drizzling rain did not keep a large crowd from attending the game.

The Whirlwinds are going exceptionally well this year in basketball and we wish them plenty of luck in the district.

The line-up was: L. Forward—Gamblin; R. Forward—Lightfoot; Center—Nelson; L. Guard—F. Murry; R. Guard—Anderson.

A musical program which presented at the last meeting was very enjoyable.

Coach Barksdale was a visitor. By Silas Duncan, reporter.

Stop, Look, Listen

Just a few more days and the Junior play will be staged. Yes, it's a good 'un too. "The Wild Oats Boy," Humor, wit and dramatics, they're all there, yes sir. Save your nickles and dimes, sacrifice your gum and candy—bring your sweetie and her family. Come one, come all. Remember the date February 26.

Chapel News

The Spanish club of Floydada presented a very interesting program in the auditorium Thursday, February 11, for the chapel exercises.

First on the program was a song in Spanish "Ramona" by Hazel and Nannie Lou Williamson accompanied by Lois Newsome on the piano and Della Mae Shultz on the Guitar.

Next a short play, "The courtship and marriage of a Spanish girl" was presented. This play showed how the courting and marrying are done in Spain to day. Those taking part in the play were Malcom Bridges, Guy Ginn, John Hoffman, Walton Henderson, James Hammonds, F. C. Harmon, Elizabeth Daniel, Pearl Ivie, Maxine Fry, and Opal McNeil.

Della Mae Shultz played and sang two pieces on the guitar.

Maxine Fry gave a very interesting talk on the "Holidays and Fiestas in Spain." The last and most interesting part of the program were two bullfights. These plays presented Malcom Bridges and Walton Henderson as the Toreadors and Guy Ginn and John Hoffman, the animals they were to fight. After several minutes of hard fighting, Malcom and Walton won.

The program was enjoyed by students and faculty.

Brother Wingo Speaks in Chapel

Chapel exercises were held Wednesday afternoon in the auditorium at 1:00. Mr. Williams led in the song service with Selma Linder at the piano. The following songs were sung, "Let the Lower Light Be Burning," "Brighten the corner where you are." At the close of the last song Brother Wingo led in a word of prayer.

Mr. Cummings turned the program over to Brother Wingo who gave a very interesting talk on "Making your Life Count for the Most." He gave several ways that a person may make his life count for the most.

Mr. Cummings gave special mention to the basketball team, girls debating team and boys debating team.

Mrs. Teague asked a meeting of the junior girls for this afternoon. Miss Rea asked to see the extemporaneous speaker, also Miss Miller asked to see the people for declamations.

George Washington

George Washington was a very fine fellow. He saved his country so all the little boys and girls would get a holiday on his birthday.

Many fine things have been said about George. One man said he was the father of his country. One said he could not lie because he cut down the cherry tree. All I have to say is cut down to the following; George Washington was first in war, first in peace and first in the hearts of his countrymen, folks, he married a widow.

Notes and News

Ma Hecklesneffer says if the men will leave 'em alone the women will solve the Japanese problem.

Seniors go in strong for exercise, mostly chalk and eraser throwing. Then there is the guy who says, "Oh, let's talk about you awhile. How do you like the way I part my hair?"

Mr. Cummings was on his way to school the other day, and he thought he had left his watch at home, so he took it out and looked at it to see if he had time to go back and get it.

Marion Heald told the editor of the Hesperette that if they didn't quit putting jokes in about Pauline and him, he would quit borrowing the paper.

A large sized commotion was caused last Tuesday in the halls when a boy dropped a quarter. Mr. Cummings figures on giving his Economics class a test when they cover enough territory.

Mrs. Teague says she gets quite a kick out of writing her name in the merit book.

School was stopped last week by a fire which turned out to be only a boys red hair.

Mrs. Ferguson Again In Race For Governor

Says Demand Is Relief from Governmental Inefficiency And Extravagance.

A statement released this morning by Mrs. Miriam A. Ferguson, ex-governor of Texas, makes a certain forecast made this week that she will be a candidate for the office of governor of the state, subject to the democratic primaries.

Her statement in part is as follows: "Responding to the written request of more than 400 friends in 200 counties in Texas that I again enter the service of the state and pledging their active support, I hereby announce as a candidate for governor. These friends assure me that there is an urgent demand for my candidacy not only from all former supporters, but from thousands who have heretofore opposed me. They further say that there is a widespread dissatisfaction with the present administration of state affairs and that the public is demanding relief from governmental inefficiency and extravagance.

"While I am not anxious to, nor will I enter into any scramble for office, yet I do not feel that any citizen is at liberty to decline to render public service in time of public need. My family having been in the past signally honored I recognize a special obligation to heed the call of the people of Texas if I am

needed or wanted in the public service.

"I sincerely hope that the contest in which we are about to engage will be conducted on the basis of merit rather than personal antagonism. 'Who can best serve Texas' should be the uppermost thought in the minds of the voter when the time comes to cast the ballot in our democratic primary.

"In addition to my connection with and my experience in the governor's office, I shall avail myself of the advice and cooperation of competent friends, of the legislature and my husband in determining a policy that will relieve the present perilous condition of our state affairs.

"In submitting my name as a candidate I deem it proper to take the people into my confidence and tell them that I am not financially able to make any extensive or expensive campaign and will have to leave myself in the hands of my friends in the various counties of the state. I will go into office again, as in the past, under no promise or obligation to any special interest or faction for past, present or future favors.

"In answer to those who may think that a woman should not hold high station, permit me to call attention to my administration of only one term in comparison with the last four administrations of men."

An announcement of her platform is promised for a future date.

Electric Service Rates Were Going Down

When Everything Else Was Going Up

Major reduction after major reduction was made in the charges for electrical service provided the people of Floydada by our company at a time when services of every other nature were showing increases from month to month.

And prices for many of the other things which you purchase for the convenience and needs of your home and your place of business still must come down a far-way to be in line comparatively with the high peak of charges for electric service as compared with present charge levels.

We are making every effort to give a good service to the people served by our lines at the lowest possible price.

THE GASOLINE RACKETEER IS ROBBING YOU As Well As Your State

An enormous new racket has grown up in the past few years—the bootlegging of gasoline to escape payment of the state tax. Now an alarming amount of gasoline is being sold without payment of lawful tax.

Most motorists who buy bootleg gasoline buy it unknowingly. But know it or not, they are being robbed by the gasoline racketeers every time they buy from them!

The gasoline tax you pay belongs to you, and you should get it back from your state in the form of good roads. When you buy bootleg gasoline, you pay all or a part of the tax, too—but the racketeer pockets the money. You never get it back! And remember—if your state received all the money paid as a gasoline tax, it could well afford to lower the gasoline tax!

Knowing this, you naturally don't want to buy any bootleg gasoline. To be sure the money you pay as tax goes to your state, buy only gasolines sold under dependable, familiar brand names, backed up by reliable companies who make sure the state gets the tax. By sticking to familiar, reliable brands, you'll help banish racketeers.

CONOCO Gasoline is a branded gasoline you can buy with safety at the sign of the CONOCO Red Triangle.

Whirlwinds Win Two-Game Series From Dougherty For Championship

F. H. S. Wins Place In Lubbock Meet To Represent Floyd County; Sweeps Series.

Sensational, long shots from every angle of the court by Nelson and Anderson gave Floydada High School a 28-19 victory Monday night at the R. C. A. Gym over a fighting Dougherty quintet, sweeping the two-game series and giving the Whirlwinds the county championship. The victory gave Coach L. T. Barksdale's crew the privilege of representing Floyd County in the district tournament at Lubbock.

Anderson was high point man of the second game with a total of 9 and Nelson was just one point behind. Powell was high point man for the Dougherty team with 7 to his credit.

In the final Monday night the green-and-white clad warriors grabbed an early lead and marched straight to a victory. A determined battle was waged by the Dougherty lads coached by Blankenship and they fought from start to finish but their offensive refused to function properly until too late.

Superb passing and accurate goal shooting netted the Whirlwinds a clean-cut victory. Effective long range firing was responsible for most of the F. H. S. counters.

Starting line-ups for the teams in the final were as follows with the points made by each member of the team: Floydada—Lightfoot, f, 6; Anderson, f, 9; Nelson, c, 8; F. Murray, g, 4; Gamblin, g, sub, Bridges for Gamblin; Dougherty—Ferguson, f, 5; Powell, f, 7; Campbell, c, 4; Hall, g, 3; Edwards, g; Powell, sub.

The score at the end of the first quarter was 9-0 for F. H. S. and at the half was 13-8 with the Whirlwinds on the heavy end. At the close of the third frame it was 21-10 and the game ended 28-19.

The gym was filled to capacity Monday night, the Green Peppers of F. H. S. adding plenty of vocal enthusiasm.

Owens refereed the game; Stovall of Floydada and Reid of Lockney were timekeepers; Davis of Floydada and Ferguson

Saturday night's battle was a thriller in every sense of the word with first one team holding a one-point lead and then the other, Floydada finally winning, 15-14, with a sensational shot by Lightfoot from the center of the court just a split second before the game ended.

At the end of the first quarter the score was 5 to 3, and at the half stood at 5-5. The third quarter closed with both teams boasting nine points each. Then in the fourth frame it was tied at 13-13.

Floydada fouled and Dougherty added a point making the score 14-13 with 10 seconds to play.

Golightly then made his beautiful goal from the center of the court and the whistle sounded to end the game about the time the ball hit the floor.

The Andrews Ward Gym was filled to capacity and the crowd literally went wild during the process of the battle.

F. H. S. Sweeps Series With Lockney Quintet

Floydada High School's basketball quintet made it two in a row by winning from the Lockney High School Longhorns here Thursday night of last week, 23 to 11 in the second and final game of the series for the championship of Class A schools in the county interscholastic League.

Wednesday night the Whirlwinds downed the L. H. S. crew by a score of 27 to 23 at Lockney. The second game was played at the Andrews Ward Gymnasium before a large crowd of basketball fans.

Lightfoot, speedy little forward, was the "big gun" in Coach L. T. Barksdale's offensive, registering 10 points. Nelson added six points, F. Murray 4, Anderson 2, and Gamblin 1. Late in the game Coach Barksdale had his second string men carrying on the battle.

For the Longhorns the scoring honors were divided, four members of the starting line-up registered a marker. Myrick made 2 points, Hodel 2, Weathers 3, Frizzell 2; Johnson, substitute, added 2 points to run the total to 11 for the Steers.

Following are the starting line-ups, Lockney: Myrick and Hodel, forwards; Weathers, center; Frizzell and Perkins, guards; Johnson, and Broyles, substitutes; Floydada: Lightfoot and Anderson, forwards; Nelson, center; F. Murray and Gamblin, guards; subs—Murray for Anderson, Jackson for L. Murray, Bridges for Gamblin, Horn for Lightfoot, Mathews for F. Murray, Jackson for Nelson, L. Murray for Anderson, Stewart for Bridge.

OTHO CLENDENNEN BETTER AFTER INFLUENZA ATTACK

Otho Clendennen, Floyd County boy who arranges and prepares the exclusive, cross-word puzzle feature each week for Hesperian readers, has been ill with the flu for the past two weeks but his condition is much improved.

Otho is residing in Lubbock during the winter. In spite of his illness he has managed to keep his puzzles coming regularly so that his many puzzle fans would not be disappointed.

Mrs. A. J. Welch has been confined to her home most of the time since her return Friday from Dallas markets where she made spring purchases for Miladies Shoppe. She has been suffering with a light attack of influenza.

(Continued from page 1) income the salaries are taken, this will be a strong issue in the coming election and it is likely that many voters will sound out the candidates on this issue.

Would Combine Offices

"We have not been one of those making the investigations and do not, therefore, have a knowledge only in a general way of the true situation, but it would seem to us that there are many reductions that can be made, some in the way of combining offices now in existence that are not needed, and can be handled in conjunction with other offices of the county, as for example, we feel that the tax assessor's and collector's offices can be combined as before the separation, and that the district clerk's office can be disposed of and that the county superintendent's office can be thrown into the county judge's office, and others that you know better about, which with the proper reduction in salaries, should cut our tax values some, thirty to forty per cent, which will tend to satisfy the demands of the tax-paying public and place the county back on a sane basis and bring the people more in unity.

Re-Finance Public Debt

"As to our due bond payments it has been suggested that we re-finance them ahead as Abilene and some other counties are doing to get out of the depression, and then if this cannot be done that we allow a portion to run past due from one to two years as conditions demand. It has also been suggested, in making this small canvass for signers of this document that our county demonstration agent be dispensed with for the present at least, and any other reductions that can be made.

"The people are after a reduction of from one-third to one-half of our present taxes and it can be done by using a lot of intestinal fortitude instead of saying it cannot be done as some are now saying. It takes effort and the people will win this battle by surging on and not stopping."

Signatures to the address to the committee are as follows:

Geo. T. Meriwether, Dorsey Baker, C. D. Mosley, O. W. Fry, W. C. Nichols, E. D. Teuton, Robin Baker, W. C. Hubbard, J. C. Wilson, J. C. Applewhite, H. A. Brotherton, J. C. Thornton, L. M. CHAS. H. SOMMER SEES RAPID IMPROVEMENT IN CHANNELS OF BUSINESS

"General business conditions in the east are pronouncedly better and have shown great improvement in the past month," declared Chas. H. Sommer, of St. Louis, Mo., president of the Q. A. & P. Railway, who was in Floydada Wednesday for a short time with his brother, A. F. Sommer, of Quannah, vice-president and general manager.

They were here on an inspection of the road from Quannah and spent only a few minutes in town.

Chas. Sommer returned last week from Washington, D. C. and he was enthusiastic over the possible favorable results in business indicated in the government's credit extension bill that will release \$750,000,000 of Federal Reserve gold.

"These loans will start things going again and our paralyzed exchange will function once more," he said.

FLOYD COUNTY HAS GULF COAST WEATHER; FOG IS FOLLOWED BY SLEET, RAIN

Gulf coast weather has prevailed in Floyd County this week which opened Sunday with a heavy blanket of fog that did not clear up in Floydada until 12:45 o'clock in the afternoon Monday. The unusually heavy fog cleared up in a very few minutes.

Colder weather accompanied by rain and sleet replaced the spring-like season Wednesday. A total of 12 of an inch moisture fell in Floydada.

The high temperature of the week was registered Tuesday when the thermometer rose to 61 degrees and the low was Wednesday when 26 degrees were registered, according to Mrs. G. L. Kirk, of the West Texas Gas Company.

Following were the high and low temperatures for each day: Sunday 48, 39; Monday 54, 40; Tuesday 61, 40; Wednesday 33, 26; Thursday low, 35.

DRAMATIC GROUP MEETS TONIGHT AT C. C. OFFICE

Selection of a name for the organization will be one of the main items of business to come before the Floydada dramatics organization at a meeting to be held this Thursday night at 7:30 o'clock in the Chamber of Commerce office, it was announced by G. G. Glover, president.

In accordance with a previous vote of the group, the meeting will be concluded promptly at 8:15 o'clock. Mrs. V. Andrews is director of the organization of young people of Floydada who will present plays and exchange with rural communities in the county-wide entertainment plan.

Board Anxious For All Take Up Their Offer

(Continued from page one) "Due to the fact that the assets of the Floydada Independent District have been pledged for borrowed money used in the operation of the schools when tax money was not available, this is the first opportunity the board has had to accept warrants on taxes. And, very likely, this will be the last opportunity of this school year for these school warrants and vouchers to be so used. For this reason the board is extremely anxious for all interested parties to take advantage of the opportunity to pay their taxes in this manner."

ROBT. A. SONE IS CANDIDATE FOR DISTRICT ATTORNEY

Yielding to the request of many of my friends, some friends of long standing and many whose acquaintance I have only recently made, and an ambition which I have cherished for many years, I hereby offer myself to the voters of the 110th Judicial District of Texas as a candidate for the office of District Attorney.

For your information I am 38 years of age. My family consists of myself, my wife and one child. I have lived in Floydada over five years and in the counties composing this Judicial District and adjoining counties practically all my life. We have cast our lot with the people of Floyd County and all that we have is located here.

I have been engaged in the practice of law for seven years, five of which have been in Floyd County. I was County Attorney of Bailey County for one year, resigning to accept a similar position in Floyd County. I served one appointive and one elective term as County Attorney of Floyd County. Since that time I have been engaged in the private practice of law in Floydada.

In offering myself as a candidate for the office of District Attorney I am not unmindful of the duties and obligations of one serving as such officer. It is an office in which one may be of distinctive service to his community. It is distinctively an office of ACTION tempered with good judgment and common sense. It requires the equal enforcement of all of our laws. It requires that all people whether prominent or otherwise be accorded the same treatment before the law. It requires due recognition of the rights of citizens as well as the rights of offenders.

In announcing my candidacy I have no campaign promises to make other than if elected to deal fearlessly, aggressively and honestly with the problems of that office as they arise. I shall be free at all times to handle whatever matters may come before our courts. Whether or not I can handle these duties to your satisfaction I leave to you and invite an investigation of my record as a citizen and as an attorney and respectfully refer you to any informed person who knows me.

Although there are several thousand voters in this Judicial District composed of Dickens, Motley, Briscoe and Floyd counties I shall try to see each of you and know you personally. I will greatly appreciate your vote and your influence in my behalf in the coming democratic primary.

Respectfully submitted, Robt. A. Sone. (Political Advertisement)

FUNERAL HELD TUESDAY FOR MRS. GLASSCOCK OF EARTH

Funeral services were held Tuesday afternoon for Mrs. Nellie Glasscock, 27, who died Monday night at 8 o'clock at her home at Earth, Texas. She is survived by her husband, Emmett Glasscock, a son, Jim Wayne; four brothers, J. C. W. R., W. H., and F. O. Irwin, all of Flomot, and three sisters, Mrs. May Harris, Plainview, and Misses Aggie and Ruth Irwin, Flomot.

Interment was made in the Earth cemetery at 2 o'clock Tuesday. Dr. Geo. Smith, of this city, was called for a consultation with Dr. Bradley, attending physician, last Sunday. He was accompanied by Wayne Gound.

Double pneumonia that developed following the birth of a child was the cause of her death. The child also died.

MORE CLOTHING IS NEEDED BY DESTITUTE, SAYS TYLER

Another appeal to citizens for donations of clothing and shoes for a needy family in Floydada was issued this week by Rev. N. E. Tyler, pastor of the Church of the Nazarene. "If the good people will just leave them at The Hesperian office or the Chamber of Commerce I will take the items to those in need," Rev. Tyler said.

RETURN FROM TRIP

Carl Minor and J. M. Willson returned home Thursday of last week from Fort Worth where they spent a few days on a combined business and pleasure trip.

Mr. Minor attended the annual Laymen's Convention of the Presbyterian Church at Dallas while down-state. Among the outstanding church leaders present was Dr. Lewis Seymour Mudge, Philadelphia, moderator of the Presbyterian Church, U. S. A. The next convention will be held at Fort Worth. Mr. Minor did not attend as a delegate but went to the session mainly to meet old-time friends.

Mr. Minor also visited his mother, Mrs. E. M. Minor, of Denton.

Mr. Willson was a guest while in Fort Worth of his mother, Mrs. D. M. Willson.

Lincoln Given Tribute In Talk To Rotarians

Peoples of all ages have been led from the trough of their depressions by men from lowly places in life. Judge H. D. Payne of this city, declared before the meeting of the Rotary Club held Wednesday noon, in an address on the life and place in history of Abraham Lincoln. And, he prophesied a leader will be raised up to lead the people out of their present morass of difficulties and set the feet of humanity on the road to success once more.

The attorney's oration was preceded by an anecdotal description of the early life of Abraham Lincoln, his trials and the difficulties of his youth, of how he became "Honest Abe," and of the gems of debate and oratory which Lincoln's public utterances have become, and paid tribute to his ability to look beyond the strife of the Civil War to demand that politicians give justice and fair play to the southerners and their leaders, Davis and Lee.

W. Edd Brown, chairman of the fellowship committee of the club, had charge of the program. Preceding the address he presented a "radio broadcasting quartette" composed of G. C. Tubbs, C. L. Minor, Dr. Wilson Kimble and Roy L. Snodgrass with O. T. Williams as pianist. This quartette rendered a classic of the barbershop, "Sweet Adeline." If the club approved they were to be presented soon on a national hook-up, Mr. Brown said. The club did not approve.

Rev. G. C. Turrentine and Artie Baker of the Lockney club, and G. C. Hutchings of the Amarillo Club, were guests for the meeting.

MRS. GREEN'S ROOM WINS BANNER AT R. C. A. PROGRAM

Pupils in Mrs. J. H. Green's room won the banner for having the largest number of parents present at the Washington Bi-Centennial program Tuesday night at the Andrews Ward auditorium. The room reported 12 parents present. A good crowd was in attendance.

The following interesting program was given: song, "America" by audience; invocation by Miss Fannie Bolding; piano solo by Joyce Glass; reading, "You Never Can Tell," Donnie Beth Nichols, history of P. T. A., Mrs. O. T. Williams; a history of music during Washington's life, Marquinta Price; reading, "A Modern Washington," James Wester; reading, Guy Cantwell; piano solo, Marguerite Leonard; a pageant by the pupils on the seven cardinal principals of education; reading, "February" by Robertine McIntyre.

DEFINITE IMPROVEMENT IN CONDITION MRS. CANNADAY

Mrs. W. I. Cannaday, who has been ill for more than two weeks from a blood infection, is definitely much improved this week and members of the family feel she is out of danger and will completely recover in a few weeks.

Mr. Cannaday said this week he felt his wife would recover rapidly.

Judge Fires Presides In Court Here Monday

Judge A. J. Fires, of the Childress District, will preside in District Court for Floyd County when it opens for its fifth and closing week of the term Monday morning at 10 o'clock. He will preside in all cases here in which Judge Kenneth Bah is disqualified, while the latter will hold court at Memphis.

Outstanding cases in which the 110th District Judge is disqualified are the paving suits against Floydada property holders by the North Texas Trust Company. An addition was made to the litigation over the paving recently when Mr. and Mrs. J. T. Kirk instituted suit for damages in connection with the paving on South Wall Street. It is probable one or more of these cases will be disposed of at this term.

The same petit jury which served this week has been called back for service next Monday.

John Carter, a Lockney young man, pled guilty in court Wednesday morning to a charge of selling liquor and was assessed a penalty of one year in the penitentiary, which he accepted.

The charge of assault to murder against Fred Jones was reduced to aggravated assault and a sixty-day jail sentence was assessed.

The grand jury will re-convene on Monday for deliberations, after a recess of ten days or more.

Poison Bait Formula Given To Kill Worms

Means for combating inroads of cutworms reported in Floyd County wheat fields has been suggested in a formula prepared this week by O. T. Williams, vocational agriculture teacher in Floydada High School.

Mr. Williams said: "Under the general term 'cutworms' we commonly designate any of the larvae of several species of moths which are more or less similar in general appearance and habits and which have the habit of feeding on low-growing vegetation and cutting off the stem just under the surface on the ground.

"The most common worm in this locality is copper colored. The little caterpillar which hatch out from the eggs in September feed on what roots of whatever vegetation is available until frost, then they go deeper down during cold weather and hibernate until warm weather. If warm nights come in late January or February, they come out very hungry and are ready to eat anything that is growing.

"Weather conditions now is favorable, hence they are feeding on the roots of the growing wheat.

"Since the worms come out early at night and crawl out on top of the surface, a poison bait is the only way of killing them."

Following is the poison bait suggested by Mr. Williams: 20 pounds of wheat bran, 1 pound Paris green, 2 quarts of cheap syrup and 3 gallons of water. Mix brand and poison. Heat water and syrup and dissolve the syrup in water. Add the poison bran to the water. This should make a crumbly mass. This should be put about dusk where the worms are feeding. They usually start at one edge of the field and "march" across. The poison should be placed in the "path" or edge of the wheat toward which the insects seem to be advancing.

Since the bait will dry out the next day a new supply will have to be added the following night. Chickens should be kept up and not permitted to eat the bran. It will not injure livestock if thoroughly scattered and not left in lumps on the ground where it can be eaten in sufficient quantity to kill the animals, Mr. Williams suggested.

Age Limit Reduced, Croquet Tournament Postponed One Week

Reduction of the age limit for entrants from 55 years to 45 years of age and postponement of the Croquet Tournament until Saturday, February 27, were announced this week by Scoutmaster W. A. Gound, director. The event had been scheduled for February 20. Entry lists close February 26.

It is believed that a larger range in the age limit will permit more entries and add much interest to the contest which will be staged to determine the champion croquet player from the list of those who receive their mail from the Floydada post office.

Troop No. 44 of the Boy Scouts and Mr. Gound are sponsoring the event with the cooperation of The Hesperian. Dick O'Brien will referee.

Bride Marries Best Man

Showed Good Judgment They say time waits for no man; well, neither did the bride. The groom's watch was slow and he arrived on the scene fifteen minutes late—but that was too late. If the groom had been wise he would have taken his watch to Kimble's and had it regulated and inspected. This Service is FREE and there is no longer an excuse for anyone tolerating an inaccurate watch. Wilson Kimble is known as "Correct Time Headquarters" and they will cheerfully regulate and inspect your watch FREE. They have the most modern and complete watch repair service in the city. They have on hand, parts for over 5000 different makes of watches which insure unusually quick service. Prices are always low. See them today. adv.

BOB SMITH IMPROVED

City Marshal Bob Smith, who has been confined at home with kidney trouble for the past ten days, was able to sit up Wednesday. His condition has improved rapidly since the first of the week.

J. D. McBrien returned home Sunday after spending a week at Stillwell, Oklahoma, where he was a guest of his father, R. McBrien. He also visited relatives in Arkansas.
