NUMBER 39 FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, FEBRUARY 1932

Register, Adding Time Held Security Perry Bros. Taxes

Departments of Perry Bros., chain variety store operators in Floydada for the past two years, was marked Tuesday by levy on an adding machine and cash register by City Collector S. E. Duncan for the current year's taxes. The machines are being held in the city hall pending determination of the proper manner in which to obtain a tax bill for which, it is alleged, Perry Bros. became liable on their stock of merchandise and fixtures on January 1. The firm owned no real estate here.

Indignation was expressed by F. C. Thomas, manager of the firm, Wednesday morning before their departure for Mineola, where the stock will be re-opened at a new location in a short time. "Our firm doesn't owe any taxes anywhere. We have never skipped a bill," he said.

Collector Duncan Wednesday night said the matter was a small one over which to make any fuss. "My attention was called to the fact that the company was packing to move its stock from Floydada, and I had no alternative other than to ask for the payment of the current tax or a bond covering the payment of the estimated amount of it," he said. "When the local manager and Mr. Perry himself both refused to pay or make bond for payment there was nothing left for me to do except to levy on something that would be expected to cover the amount when sold. I was acting under instructions from Mayor Hanna and City Attorney R. A. Sone, of course."

The amount allegedly due the city is \$33.60, which is based on a rendition of the stock and fixtures by the manager since January 1, as of that date, Mr. Duncan said. "I offered to write them receipt No. 1, but they didn't want it," he said.

A telegram received Wednesday afternoon from Fairchild & Redditt, Lufkin attorneys, to City Attorney Sone said that unless the property was immediately released the city would be held responsible for damages. The excellent reputation of Perry Bros. in business for many years was cited in the telegram.

"None of that was the question with me," Mr. Duncan said. "I am sure Mr. Thomas and Perry Bros. are fine people. The statute apparently required me to levy on property for the taxes and what I did."

The variety store was located in the White Building on south side square, prior to its removal, which was completed Wednesday.

Eyes Of Love' To Be Presented Next Month

"Eyes of Love," a three-act comedy-drama is the title of the play selected by the Floydada Dramatics Recreational Association for presentation soon, possibly the last Friday night in March, it was announced Monday by Mrs. V. Andrews, who will direct the play.

The name for the local organization of young people who will cooperate with rural communities in a play-exchange plan was selected at a meeting held in the Chamber of Commerce office Thursday night of last week and is to be the same as the county-wide organization.

Cooperating with Mrs. S. M. Lester, county recreational chairman and Ed Holmes, president of the county dramatics group, the Floydada players will stage the play in communities after giving it at the Floydada High School auditorium.

Members of the cast selected to take part are as follows:

Carolla, a negro servant, Katie Lee Thurmond; Gailya, an adopted daughter, Helene Hay; Reeta, a two-faced friend, Jessie Mae Wood; Burt Wade, Reeta's brother, Mark Duncan; Mrs. Barry, Gailya's foster mother, Bonnarea Stephens; Lola, a lively housemaid, Mildred Strickland; Clark, a busy butler, Doug Hollins; Judge Barry, Gailya's foster father, Roy Holmes; Royal Manton, Burt's rival, Charles Mathews; Jim Rankin, the manacle man, Garland Glover.

Time of the play will be two hours and rehearsals will start as soon as the parts are received, Mrs. Andrews said Tuesday.

The Floydada Dramatics group will hold their next meeting Thursday night, March 3, at 7:30 o'clock in the Chamber of Commerce office and everyone interested is urged to attend and to affiliate with the membership. Dues of 10 cents per month are charged to cover incidental expenses of staging the plays.

"We are anxious to have all who have finished high school, including the young married folks and all to come and join us in our activities," Mrs. Andrews said.

Slow Rain Friday Night Brings Excellent Season; Mud Brings Grief to Car Drivers

Slow, continuous rain that fell practically all night Friday, followed by heavy mists Sunday and showers Sunday night brought to every section of Floyd County the finest season of moisture recorded at this time in recent years. The precipitation totaled eighty-two one hundredths of an inch in Floydada and reports from different sections indicate that the fall over the county ranged from three-quarters to over an inch.

Heralded by "old-timers" as one of the best rains in the recent span of years, the timely precipitation changed the general crop outlook and improved prospects for a good wheat crop.

Points to Good Year
Moisture conditions and weather winter point toward a "good year" for farmers and others declare. The last week was "right" in that it came at the "right" time, in the "right" amount and it fell just "right," coming as a slow, steady "soaker" that went into the ground where it fell.

Colder weather that followed the rain, a light freeze and heavy frost Monday night are considered to be of material benefit to the prospective fruit crop. "Holding it back" from premature budding before the close of winter. Fruit tree buds had been swelling rapidly during the past two weeks of spring-like days.

Dougherty and points east on the Q. A. & P. Railway reported an inch of moisture or more Friday night. In Floydada the gauge showed .7 of an inch Saturday morning and .12 additional that fell Sunday night.

L. B. Cozby, who resides eight miles northeast, reported approximately an inch at his farm. He was in town Monday and declared that the roads had been traveled as little from Saturday to Monday as at any three-day period in history so far as he could recall.

David Battey said he had a good road and also said unusually heavy.

Bob Gary stated that about an inch of rain fell at his place in the Harmony community.

Surface 'Crust' Vanishes
Last week's rainfall broke up a crust that had formed in the highways, giving especially. But it disappeared for two feet, according to those who at use of the highways Sunday. Highways were finally at a standstill for several hours, horse and the mode of travel.

MRS. J. L. HENSON NOW CONVALESCENT AT HOLLIS

Mrs. J. L. Henson, who has been seriously ill in a hospital at Hollis, Oklahoma, is now convalescent following an operation for appendicitis. She suffered a general breakdown and her condition was acute for a time.

She is now at home and on the road to recovery, relatives here learn. J. H. Green, of this city, her father, said they had reassuring news this week to that effect.

Mrs. Henson is the former Miss Jessie Green.

Echo From Plainview Bank Failures Heard

Suits filed last week in the U. S. District Court at Lubbock by F. A. Blankenbecker, receiver for the Plainview National Bank, ask for the return of more than \$33,000 alleged to have been drawn from that bank immediately before its close last September.

Suits filed are against Charles Clements, district judge of the sixth-fourth district, Mrs. Charlie Clements, E. J. Tillery, J. J. Beck and Lon Robinson, R. D. and Homer Loooper, E. C. Hunter, C. L. Largent and R. Q. Silverthorne. The largest amount claimed from there is from Judge Clements, of whom it is sought to recover over \$16,000. Over \$8,000 is sought from R. Q. Silverthorne. The receiver alleges that these payments were not made in the usual course of business but on the contrary with the intent on the part of said bank to make these preferred creditors over its other creditors.

Tax Reduction Mass Meeting At Lockney

Announcement of a tax reduction massmeeting to be held at the City Auditorium in Lockney on Saturday of this week, February 27, is being broadcast this week by Geo. T. Meriwether and others of that vicinity, who have set the hour for 2 o'clock.

Circulars announcing the meeting state that "men will be here from Floydada with facts from the county records showing extravagance in county expenditures." All Floyd County taxpayers are urged in the circular to be present at the meeting "to help carry this fight through."

"We must have heavy tax reduction or we will lose all our property," the circular says.

STARKS TAKES VACATION

Postmaster J. D. Starks is taking a short vacation this week which began Sunday. He will resume his duties Sunday.

Fathers And Sons To Enjoy Banquet March 1; Mason Is Speaker

H. M. Mason, general manager of the Lockney Cotton Oil Mill, will deliver the main address at the Fathers and Sons banquet of the Future Farmers of America Club of Floydada High School Tuesday night March 1, at 8 o'clock in the basement of the First Baptist Church. Mr. Mason will speak on "The By-Products of Cotton Seed."

Fathers and sons will meet around the festive board and enjoy a special program.

Following is the program that will be rendered: song, Future Farmers of America; invocation, E. C. King; welcome address by Supt. W. E. Patry and response by Gus deCordova; introduction of fathers and guests; music by F. F. A. Band; project set by Gordon Lightfoot; "What is a good dairy cow?" by Layton Dorrell; "The by-products of cotton seed," H. M. Mason, Lockney; one-minute talks by fathers and guests. Ersel Matthews, club president will be toastmaster and J. R. deCordova will act as sergeant-at-arms.

Included on the menu will be baked hen and dressing, gravy, baked apple and whipped cream, english peas, rolls and butter, coffee, cake and ice cream.

"We are all planning for one of the biggest events of the year and we hope to enjoy a real time," said O. T. Williams, teacher of vocational agriculture in F. H. S.

Mothers of members will serve the banquet and the food will be donated by the boys.

Exchange Judge Ill; No Court This Week

An epidemic of influenza among court attaches and officials of the Hall County District Court this week caused the failure of Judge A. J. Fires to show up in Floydada Monday to hold court here in cases in which Judge Keneth Bain is disqualified.

A telephone call to Judge Bain Sunday night advised him not to go to Memphis to preside on account of the epidemic. Judge Fires himself was among those ill, he was advised.

Pat Howe, Dallas attorney, was here Monday morning representing North Texas Trust Company in the paving cases but no effort was made to go into any of them when it was learned that there would be no presiding judge. The petit jury summoned for Monday morning was dismissed for the term the same morning.

County's Debt Out \$9,000 In Year Annual Report of Clerk Discloses

County's indebtedness was reduced during the fiscal year closing January 31, 1932, the sum of \$9,108.38. This fact was disclosed by the annual report of Tom W. Deen, County Clerk, under the law which requires that the financial status of the county be set out in detail.

Not only does every fund set up in the operation of the county's affairs, except the general fund, show a lower outstanding indebtedness but the amount also of outstanding scrip at the end of the period shows a reduction.

The total debt of Floyd County as of date January 31, 1932, was \$162,779.26, as against \$171,887.64 on January 31, one year prior. Of this amount \$6,884.25 was non-interest bearing scrip of the county and the remainder in the form of interest-bearing warrants. Last year scrip outstanding was \$8,837.64.

Following are the interest-bearing items outstanding against the various funds, with figures for January 31, 1931 set opposite them for comparison:

Grand Jury For Term Makes Its Final Bow

The grand jury for the winter term, Floyd County District Court, made its final bow Tuesday afternoon, when it was adjourned for the term by district judge Kenneth Bain, after making its report and asking for dismissal. Five bills of indictment were turned into open court when it closed its labors.

"We have diligently examined all violations of law which have been called to our attention, or of which we had any knowledge, and in cases where we deemed the proof ample, of where we could agree, we have presented bills of indictment. If there is any unfinished business or anything upon which we could not agree, we leave those with the prosecuting officers of the court for the attention of future grand juries.

Officials Complimented
"Every officer of the county has been diligent to lend us whatever measure of aid and co-operation that was necessary or solicited from us and we wish to extend our thanks for their services.

"It seems that our county official family is serving the public efficiently and that a commendable spirit of harmony and co-operation exists in our county government. We believe that the official family is free from jealousies and jangling at this time, and we would commend them for it."

The report is signed by A. S. Cummings, as foreman.

High School Girls' Chorus Sings Anthems For Members of Rotary

The feature of Wednesday's noonday luncheon of the Floydada Rotary Club was the singing of a girls' chorus from Floydada High School, who rendered some of the music popular on Washington Bicentennial program. The chorus is sponsored by Miss Daltis Rea and coached by O. T. Williams, both of the high school faculty.

A five-minute historical study of Floydada Rotary Club was given by A. D. Cummings, and the George Washington cherry tree and the hatchett incident, 1932 version, was given by J. C. Gilliam.

W. Edd Brown, chairman last year of the Farm Rehabilitation Loan committee for Floyd County, gave a brief outline of the procedure in obtaining farm loans, and gave it as his opinion that loans this year would be made on a more practical basis, with the same essential protection to the treasury, but with considerably less annoyance from red tape.

Committees have been tentatively named for the handling of the loans this year, but have not been officially released as yet.

O. P. Rutledge, chairman of the aims and objects committee of the club, had the program in charge.

C. B. Hendricks, of the Rails Club and O. C. Bailey and Harve Pennington, of the Lockney Club, were visitors.

Sub-Junior Story Telling To Be Limited This Year

Sub-junior story telling will be confined to the First and Second Grades this year instead of the sub-junior spelling as was stated in last week's Hesperian.

One contestant will be allowed from each school, either boy or girl, for the Interscholastic League Meet to be held at Lockney April 1 and 2.

MRS. CANNADAY SITS UP

Mrs. W. I. Cannaday, who has been ill for the past three weeks with a blood infection in her leg, was able to sit up in bed for the first time Wednesday and she is thought to be entirely out of danger and will be recovered in a short time.

Expect Fine Exhibit Cured, Canned Meats At Show March 11-12

Fifteen Classes of Entry Open to All; Pork and Beef Divisions Will Feature Quality.

Preparations for Floyd County's first Meat Show which will be held at Floydada March 11-12 are fast taking shape with indications that some of the finest cured meats and products will be shown that has ever been produced in the country. Information coming from many parts of the county indicate that the exhibit will be a large one and that several thousand cans of various kinds of meat products will be on display as well as several hundred pounds of cured meats.

Expect Full Lists
In view of the fact that this show comes just prior to the Panhandle South Plains Meat Show at Lubbock at which show many cash premiums are offered to the winners in the various divisions, it is expected that the classes will all be filled.

All first places at the Floyd County Meat Show will be shown at the Lubbock Show if arrangements can be made with local exhibitors. In the ham, bacon and meats division at the Panhandle South Plains show \$8 in cash is offered for the first place winner for the best ham, \$5 for second best, \$4 for third best, \$3 for fourth best, \$2 for fifth best and \$1 for sixth best. For the first and best cured bacon \$5, second \$4, third \$3, fourth \$2, and fifth \$1. Best cured picnic shoulder, first \$4, second \$3, third \$2, fourth \$1. Cured smoked sausage (approximately 5 pounds) first \$3, second \$2, third \$1. Best exhibit lard, (approximately 5 pounds) first \$3, second \$2, third \$1. In the canned pork and canned beef products the first prize will be for the best can \$3, second \$2, and third \$1.

The Floyd County meat show is three-fold in its purpose, first to encourage the conservation of more home products on home tables, second a better quality and third to encourage the raising and care of more livestock on the farm.

Demonstrates New Method
Home Demonstration Clubbers have been stressing a conservation program for many years and as a result farm folks have supplied with more food products any previous year and a number are of a superior quality. New methods, new improved ways for the various products used.

Plans should be made to attend this Meat Show and if you have cured meat products that you enter in this show it is sure to bring it in, for you are winning product.

There are fifteen classes in this show and it is hoped that many of the exhibitors will make all fifteen classes.

The classes are as follows: Cured ham, cured picnic shoulder, cured sausage, 5 pounds lard, canned roast, canned sausage, canned minced meat, scrapple, canned liver, made soap, Canned beef, canned roast, canned steak, chill, and canned boned.

**INFLUENZA SUBSIDING,
MANY LIGHT CASES**
Although influenza is somewhat in this county, physicians think, there is still a considerable number of cases among the various schools he thinned out, while pupils home to wrestle with the flu.

Only a few serious cases developed at this point.

'OUR NEIGHBOR'S PRIDE' (Editorial by Jay A. Routh)

A little boy in our neighborhood had a "scooter." He had made it himself. For a week he had been playing with it. It was his product. He himself had selected the boards out of that pile on the vacant lot near the new building. He had gotten the wheels off an old pair of skates. No one had helped him; he had made it all by himself, and it had worked. The afternoon that he finished it he came running over to our house with it. "See! Look what I made without anybody telling me how," he boasted with boyish pride as he showed us how it worked.

As we watched from our porch, we saw him exhibit his treasure to everyone who passed his way. And then, this afternoon we overheard a conversation between him and an older boy of the town. "What! you made that old thing? Why, the wheels wobble—you have to stop every few minutes to fix something about it. What fun do you get out of a thing like that? Shucks! I could make a better one than that any old day," said the older boy, thoughtlessly deriding the little fellow's cherished toy.

Our little neighbor boy didn't say much. But as soon as the older boy left he put his scooter away and we haven't seen him playing with it since. He wouldn't for the world let anyone know he was hurt, but we wonder if he is unhappy and dissatisfied because what he made wasn't good after all. We wonder if he will ever attempt a new adventure again. To the older boy, just a simple little toy, meant fully workmanship, that meant pride to anyone. He didn't realize it was the pride of the littler boy. He didn't realize that words would mean disappointment and unhappiness to the

we thought—how like experience. Our friend's little garden—his first pride. Gardens are to us—we've tended them thoughtlessly since we don't garden any more, he explains, he really doesn't care for such a small plot and he doesn't know much about it anyway. We, unmindful thoughless derision, wonder changed his mind.

First get a pencil and a piece of paper and place the paper on a table and take the pencil in your right hand. Next raise your right foot off the floor and start your leg in a clock-wise motion, that is, to the right, describing a circle. Now to keep your right foot going in a circle in the same direction while you make a figure "6" on the paper with the pencil with your right hand. Be sure to keep your foot going clock-wise.

Try it and see what happens. It will surprise you and I promise you some fun. Don't forget to collect the Yankee dime for even your best gal can't do it.

We've all tried it here on the ranch and I reckon none of us is ever gonna get in the aviation service. No sir, I reckon not.

And I find these lines: "She called it laundry whiskey because it took her unaware."

One good thing about the war over in China, it is taking our minds off the depression.

Speaking of depression, me and Uncle Sam are hard at work on a solution for things. Unkie is gonna help business with his Reconstruction Finance Corporation and I'm gonna help ther farmers who make business in their first place.

which would spend approximately \$6,500,000 of the funds available for road construction on this through line northeast to southwest through Texas. The Spur organization declares it is not unreasonable to demand that this huge sum of money be spent to fill in gaps and to complete unfinished roads already long on the waiting list in west Texas.

Whether the Highway Commission is doing its work unfairly and at a great waste of money as claimed by Mr. Hunter, is to be proven. And whether the contemplated favoritism toward the already improved stretches of paved highways through the state is actual or imaginary will actually develop, is also to be shown.

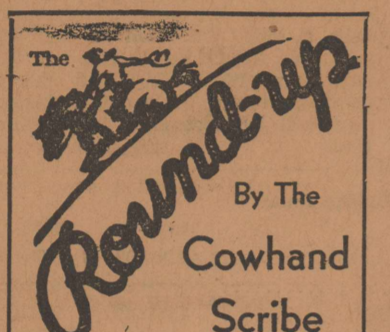

But that the highway commission and the handling of its business is to be a bone of much contention in Texas the next few years, does not seem to be uncertain.

BEAUTIFUL YARD \$1.05

Hundreds of stories written for the Extension Service of A. & M. College tell the story of the efforts being made by Texas farm men and women to make the surroundings in which they live and rear their children more attractive. And the results obtained show some remarkable accomplishments at a very low cost.

The women took the lead in the work of making the yards more attractive. 11,970 farm women and girls beautified farm yards in Texas last year at an average cost of \$1.05. Not only did they make life pleasant through their efforts, but also they added to the actual value of the premises.

Woods and prairies, they are finding are full of native shrubs, trees, wild flowers. Clearing rubbish out of the yards, repairing gates, underpinning houses also have helped.

Round-up By The Cowhand Scribe

Well, Maj. Horton and me is havin' us a time. I had to give up on his problem where he said "under what conditions do you add one and one and have nothin' left or under what conditions would you add four and four and have nothin' left?"

It's a trick problem and one that will not work out mathematically but it can be done—Maj. proved it. Here's how: add one Hoover administration to another Hoover administration or add four years with Hoover to four years more with Hoover and shore enough we'd have nothin' left.

Now I got one. It is a kind of a test and if you can pass it you are qualified to enter the aviation service. It's a "dilly." If you want to have some fun bet yore gal a Yankee dime she can't do it and I guarantee you will get to collect and have some fun at the same time.

It's simple so far as "trying" to it is concerned but oh boy! Doing it.

First get a pencil and a piece of paper and place the paper on a table and take the pencil in your right hand. Next raise your right foot off the floor and start your leg in a clock-wise motion, that is, to the right, describing a circle.

Now to keep your right foot going in a circle in the same direction while you make a figure "6" on the paper with the pencil with your right hand. Be sure to keep your foot going clock-wise.

Try it and see what happens. It will surprise you and I promise you some fun. Don't forget to collect the Yankee dime for even your best gal can't do it.

We've all tried it here on the ranch and I reckon none of us is ever gonna get in the aviation service. No sir, I reckon not.

My idea is entitled: "A plan to bring back prosperity." I been a incubatin' in my mind this idea and I have hatched a eggcellent plan to end this here depression. The Democrats say that it's up to them and the Republicans think they must save the nation and Alfalfa Bill Murray kinda opines he's been called but I say it's up to the hens!

A solution for the whole problem, I have it in a egg shell: raise chickens! Plains people please pull up plenty pluck! Remember the prominent place that poultry playing in plains of the pioneers! Hurrah! At least we got it solved. Columbus started the fad when he brought over a bunch of hens and named the place he landed, Plymouth, stock, after them same early birds. You recall in history the phrase "Eggs marks the spot where the Pilgrims landed."

In England conditions got mighty tuff and the far sighted folks just decided to move away from a bunch of bad eggs and that's how America got her fresh start. That's it—eggsactly.

Fellers are always hatching up new "facts" from history to disprove what we knew was right all along so I come forth and lay a thought—that the first arrivals to America did not come over in the Mayflower at all—they came over in the Maylay—they were not sure about some.

Now getting to the heart of this matter so that we can see the lights, I wanna get this plan outta my craw: 1. Wheat Problem—Feed the wheat to the chickens. Because wheat means chickens and chickens means dumplings and dumplings call for more wheat and more wheat calls for more chickens and the more chickens we get the more wheat they will eat and there goes the jobs for the Federal Farm Board members.

2. Unemployment—Jobs are scarce as hen's teeth so this chicken plan must help create more work and it does. The Chicken Prosperity Plan will start the wheels of industry. Because: Gardens are being planted and every garden has to have worms to keep the vegetables from getting to thick. People will be employed to gather the vegetables and others will be employed to help gather the worms. Some will sell the vegetables, some will feed the chickens. Some will train the roosters to crow at 6 o'clock every morning and some will train the roosters not to crow at all on Sunday morning and some will just train the roosters not to crow at all after they get big enough for fryers.

3. Gold and the R. F. C.—All of a sudden the U. S. wakes up and finds that with some more commissions and another big name, Reconstruction Finance Corporation, they can fix it where we'll have all the gold we want. The only thing that worries me is when? I'm ready for my gold bricks right now, how about you. But take my plan, gee whiz we don't have to wait for nobody

and we don't have to sign eighteen hundred documents to show where and how we are broke and need a little lend of a loan. As I said, take my plan and our teeth fillings of gold will cost less than half. Because: we can feather our everybody's nest by crossing our hens with the goose that laid the golden egg. Everybody knows that by 1933 we will have 14-karat eggs with a 21-jewel yolk.

4. Wall Street—we can crack up big fortunes in the east and make all the big boys scramble for more eggs by putting on a big advertising campaign through The Hesperian that we have discovered that eggs contain Vitamin Z which is the greatest vitamin you ever had in your body even better than goat gland juice and the whole world will break their necks and the eggs too getting some Vitamin Z. P. S. this new discovery is pronounced "Z" as in fresh tomato zoop. No charge for that tip.

5. Prohibition—The way to get anything started is to talk it and that's what we can do about our egg plan. By the way, if you wish you may plant and egg plan—they are fine to eat but I do not care for them too much. Instead of cussing out the grocery man or the kids for getting mud on the kitchen floor just say: "You egg" or "you eggs" as the "case" might be. That's a crate idea. And going further under the roost to get at the back of this idea just how long do you suppose the 18th Amendment will be able to hold back the great wave of eggnog that will submerge the country. The dry will dry it up? Eggsactly.

6. The American Eagle: At our ranch the old hen has replaced the great American eagle. We eat eggs disguised as steaks, zoops, potatoes and bologny. You never saw such a variety of eggs as we eat. Our old hens would swell up so with pride at what they are layin' in the that I doubt if we would get more than one egg a week from them.

We done give up a bad job—just to home and wants to round somebody else off to hang all the time. Murray for old Biddy! This plan is respectable to take the yolk of our vests and put it on the eggs. Maybe it will help me and give me just for a change. I chicken prosperity plan will raise the price of eggs and if the cent gets and strong enough everybody and everything that has the earmarks of a ship it all over to throw at the Japs and I reckon that time to feather your roster be your booster

Right here is where I eggisit. Sanford's ink for the office man at Hesperian Office.

OFFERS A PLAN

Editor Hesperian: Having attended both citizen's mass meetings and having read the report of the committee of investigation and correspondence of the Lockney group, it is very evident that the people are looking for a measure of relief, but as yet no one has given any plan of constructive criticism which will in any way help us.

Without vision the people perish, is on old but true adage. The people have about perished from the burden of taxation already. We cannot expect vision from our public officials as that would deprive them of their means of livelihood and politics.

These meetings have brought out the point that each office has its functions laid out by law for it to follow or else be a misfit in office. Now in order for us to get relief we must present some plan that would meet the approval of the masses and could be enacted at the legislature. This would require the reorganization of the county governments along new methods.

The people are entitled to an efficient, orderly and economic form of government of which they have been deprived by the code of politics. I have a plan in mind for the reorganization of the county government, which I believe would result in the elimination of great economic waste as conducted at the present time.

As all meetings have been directed towards the county commissioners, I will start there also and do away with the commissioners and county judge entirely as an economic necessity, and in their place would place the looking after the highways of the county in the hands of the county surveyor, who would be able to see the county as a whole and could construct roads for the benefit of the entire county. At the present time we have four grading outfits in the county with the means of running one. I would suggest the sale of three of these and the funds derived therefrom placed against the bonded indebtedness of the county or if there are those not paid for to return them in exchange, of the collateral against them.

In the county judge's place would be a man elected as county manager whose duty would be to look after the finances of the county, and be the county purchasing agent. As purchasing agent all goods acquired by the county would be on an order

of purchase from his office. He having the privilege of making all purchases under \$10.00 on his own judgement as to value, over that amount it would be purchased by the competitive order. Then when the purchasing order was countersigned by the county manager with his seal it at the same time becomes a warrant and could be presented to the treasurer for payment without further red tape and expense.

As to the county clerk his function as clerk of the commissioners court would terminate with the doing away of said court, but his duties as the recorder of deeds etc. would be continued and he would derive his salary from the fees of such work.

I believe in the consolidation of the assessors and collector's office with an assessment of five mills to take care of the expense of the office at all times.

The funds of the county should be looked after by a county treasurer and for this office should be continued as in the past, and I believe the office that has paid the greatest dividends to the people of the county in the past two years is the office of the county home demonstration agent and more power and greater vision to her in her work.

As to the county superintendent of schools I believe the same should be continued as in the past for we can not do too much for the education of our youth in the proper channels, and I believe Floyd County has at the present time a noble God-fearing man who is doing the best to raise the school's to the standard to which they are entitled.

As to the legal end of the county government we know they are over organized and we are confronted with a great miscarriage of justice on that account.

Trusting this will place a few people to thinking will have accomplished its purpose, for when the people get to thinking great changes can be brought about.

Another item that should be brought before the people at this time is the asking of a law to be past at the next session of the legislature in regard to the interest rates charged at the present time. A bill should be past placing six per cent as the legal rate on short time loans, four per cent on homestead loans and five per cent on investment loans. Two or three percent on machinery, auto and vendor lien loans. For the burden of the interest rate of Floyd County is more burdensome than the tax rate. We must take into consideration that every thing a farmer has to sell, he must sell less Chicago Freight, and everything he buys must be paid for plus Chicago Freight. But it costs but a two cent stamp to bring the money here as to Chicago so why can he not have at least the benefit of the Chicago interest rates, and finally no country can come into its own handicapped by high interest rates. As Lincoln said "A country cannot exist half slave and half free." I thank you.

J. A. Enoch. Many will be interested in knowing what was the outcome of the petition signed by owners of four telephone lines (928, 929, 919 and 903) and mailed to Southwestern Bell Telephone Co., asking for 50 percent reduction in our telephone rates.

We now pay 50 cents per month or \$6.00 per year for each box on the line. We own our lines and connect with the Bell System at the city limits. This charge for service only includes free connections at anytime with other rural lines into Floydada and the business and residential telephones in Floydada. Other calls or Long Distant calls by an individual are paid extra according to the time and distance of the calls.

In short order, upon receiving the petition, the Bell System sent Mr. A. O. Thomas, District Manager of the company, whose telephone No. is 1640, Lubbock, Texas, to us to explain their side of the question. He went to see every secretary of the four lines, also any other owner of a telephone on the lines that were especially kicking about the high rate.

After telling J. E. Riley of their side of the affair, Mr. Riley told me that he felt like donating a little extra!

Here are some of the things he told me. He said: "Over three thousand telephones were discontinued in Texas during the month of January, 1923." He said, "We have no magic pocket to reach into to get money. We get all of our money from the subscribers and when we place the rates below our expenses—we cannot operate. He said, "We did not raise our rates when everything else went high, so we cannot lower our rates when everything goes down. He said, "If service could be given you any cheaper than you are receiving it

from us, some other company, try to begin operations in Floyd and we couldn't keep them from doing it."

He then said that the telephone operators in Floydada were the same pay per day but were five day week schedule instead of six. The local manager of lines in Floydada and Lubbock still drawing the same salary other years.

I just want to ask you how fair for him to draw the salary as in good years when the subscribers according to the district manager's own words, pay all the when we on account of years and low prices don't get fourth of our regular incomes. Is no personal reflection on him, he is a good friend of mine but how can the company reduce our rates when they do not cut their expenses?

He said: "We own \$4,000.00 worth of equipment in Floydada and do not need to buy anything more at these prevailing low prices. Floydada has never failed to pay a fair rate of interest on their investment."

If all these are facts and they must be or Mr. Thomas wouldn't have said so, why can't they cut their expenses and reduce our rates in a year like this? They can but the fact remains that they have not. If they could operate for 50 cents per month per box in 1929 they can operate for less now. If you only paid 50 cents per month in 1929 to be connected with so many business firms and residential telephones, why should you have to pay 50 cents per month now when so many have cut loose? Get a directory and see how many have cut loose. Did they want their telephones or did they cut loose for another reason? Why can't they place the rate in keeping with the times in order that they can keep their subscribers and we can keep our telephones?

Ed Holmes. FLOYD COUNTY 14 YEARS AGO News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE FEBRUARY 21, 1918 The building for the Dane and Hughes Garage on North Main Street will be almost completed this week, with continued good weather, Sam Dane contractor on the building says.

Among the Floydada people at the Cattlemen's Convention in Amarillo this week are N. A. Armstrong, Jno. N. Farris, Dr. M. F. Husky, and Lee Montague.

L. J. Davis, of Gainesville, Texas, has bought the W. H. Doughtery section, 16 miles east of Floydada on the Matador road and is preparing to improve it this spring for a home.

Poet's Corner AN UNUSUAL VISITOR He dropped into my office with a grin upon his face. He talked about the weather and the college football race. He asked about the family and told the latest joke. But never mentioned anyone who'd suddenly gone broke.

He talked of books and pictures and the play he'd been to see. A clever quip his boy had made he passed along to me. He praised the suit of clothes I wore and asked me what it cost. But he never said a word about the money he had lost.

He was with me twenty minutes, chuckling gayly while he stayed. Over the memory of some silly little blunder he had made. He reminded me that tulips must be planted in the Fall. But calamity and tragedy he mentioned not at all.

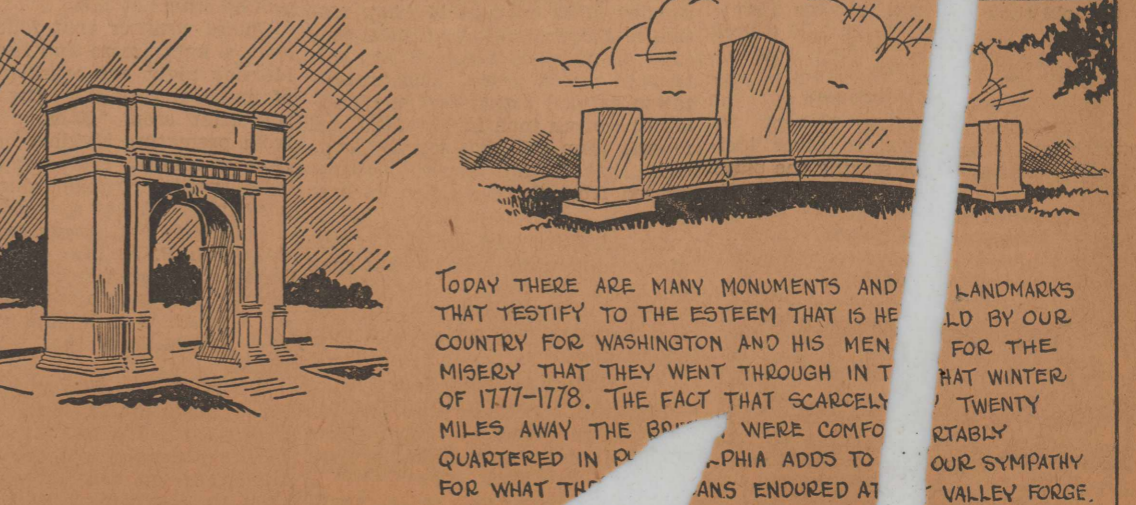

I thought it rather curious when he had come and gone. He must have had some tales of woe, but didn't pass them on. For nowadays it seems to me that every man I meet. Has something new in misery and moaning to repeat. And so I write these lines for him who had his share of woe, But still could talk of other things and let his troubles go. I was happier for his visit—in a world that's sick with doubt. 'Twas good to meet a man who wasn't spreading gloom about. —Anonymous.

GEORGE WASHINGTON'S TRAVELS

THE WINTER THAT WASHINGTON AND HIS TATTERED SOLDIERS SPENT AT VALLEY FORGE WAS A MOST TRYING EXPERIENCE. AND IT WAS ONLY THROUGH WASHINGTON'S LEADERSHIP THAT HE KEPT HIS ARMY INTACT. WASHINGTON HIMSELF OCCUPIED A TENT FOR A WHILE.

48 By James W. Brooks

TODAY THERE ARE MANY MONUMENTS AND LANDMARKS THAT TESTIFY TO THE ESTEEM THAT IS HELD BY OUR COUNTRY FOR WASHINGTON AND HIS MEN. MISERY THAT THEY WENT THROUGH IN THE WINTER OF 1777-1778. THE FACT THAT SCARCELY TWENTY MILES AWAY FROM PHILADELPHIA ADDS TO OUR SYMPATHY FOR WHAT THE MEN ENDURED AT VALLEY FORGE.

CHURCHES

BAPTIST BUDGET DRIVE

Upon recommendation of the board of deacons, and a unanimous vote of the Baptist Church, it has been decided to launch our annual budget campaign next Sunday morning during the Sunday School hour.

The plan is to canvass the membership of the Sunday School first and then go out by committees and solicit those who are members of the church, but are not in the Sunday school. No undue pressure will be brought to bear upon any one, but it is earnestly hoped by the deacons that there shall be a hearty response on the part of the entire membership.

FIRST CHRISTIAN CHURCH

Rev. P. D. O'Brien taught the Bible lesson for the Blanche Groves circle meeting with Mrs. Jack Porter at the home of Mrs. C. Snodgrass. Twelve members and one visitor was present.

After the lesson a business session was held followed by a social hour when the hostess served refreshments.

Six members and one visitor were present for the business meeting and lesson study at the meeting of the Rose Walker circle at the home of Mrs. G. N. Shirey. Mrs. J. H. Myers conducted the lesson. The meeting for Monday afternoon, February 29 will be a co-operative meeting at the Baptist church with the Baptist ladies as hostess.

METHODIST W. M. SOCIETY CONCLUDES LESSON STUDY

Mrs. Clay Johnson conducted the last chapter of the lesson study on the book, "Challenge of the Dawn," at the meeting of the Methodist Woman's Missionary Society at the church Monday afternoon. For the next study course the society will take up the study of "Great Souls at Prayer."

The meeting was opened with a prayer by Mrs. I. A. Smith and Mrs. J. M. Willson gave some rules concerning the W. M. S. work. Mrs. R. L. Henry dismissed the meeting in prayer.

The meeting for Monday afternoon, February 29 will be a co-operative meeting when the Baptist W. M. S. will be hostess.

TO ATTEND CONFERENCE

Rev. I. A. Smith, pastor of the First Methodist Church of this city, and Rev. F. O. Garner, Methodist circuit pastor, will leave Monday for Oklahoma City where they will attend the annual Missionary Conference of the entire southern Methodist Church.

They will make the trip by auto if the weather permits. Bishops and many of the national church leaders will appear on the program for the conference which opens April 1 and closes April 3.

CENTER H. D. CLUB MEMBERS DISCUSS 'PLAN IN PLANTING'

Center Home Demonstration Club members discussed the subjects of "how to shop" and "putting the plan in planting" at the meeting held last Wednesday afternoon at the home of Mrs. E. M. Rutherford.

How to shop was discussed by Mrs. Montgomery, Mrs. O. S. Miller and Mrs. E. M. Rutherford; putting the plan in planting by Mrs. W. E. Jordan, Mrs. T. M. Noland and Mrs. Walter Sims; Mrs. O. S. Miller also gave the different tests of the different fibers. We had a very interesting meeting and especially invite all who are interested in the home demonstration work to be with us.

At the meeting for March 2 at the home of Mrs. J. L. Montgomery the following program will be given: subject, "Care and storage of clothing," "How may the life of clothing be prolonged," Mrs. J. H. Green; "General care and storage of cotton, wool and silk garments," Mrs. Herbert Meredith; "Planning storage for the entire wardrobe," H. D. Agent; "Washington Bicentennial," Mrs. O. S. Miller.

Roy Snodgrass and Jack Porter, of the Snodgrass Chevrolet Co., left Wednesday afternoon for Lubbock to attend a service meeting. Mr. Snodgrass spent the first of the week in Dallas on business.

Whirlwinds Lose In Quarter Final Round To Meadow, 26 To 20

Floydada High School's Whirlwinds, Floyd County champions, won a decisive 32-17 victory over Abernathy in the first round and took a lead in the quarter final round but went down before a surprise attack and lost a 26 to 20 decision to Meadow in the District 2 Interscholastic League basketball tournament at Lubbock Friday.

The Terry County quintet scored eight points in the last three minutes to overtake the Whirlwinds' lead and surpass it. The tilt was the last game played Friday afternoon. The semi-finals and finals were played Saturday.

Sixteen teams were entered in the tournament. Ralls and Plainview, favorites at the opening both were defeated the first day. Ralls lost to Shallowater, 46 to 21, and Plainview met defeat at the hands of a dark horse, Ropes of Hockley County.

Coach L. T. Barksdale's Green and White fighters got off to a ragged start but they finally "got going" and easily won over Abernathy. Anderson, Lightfoot and Nelson did stellar work in the preliminary and quarter final games.

Ledger Contains Names of Many Pioneers of County

Complete Roll of Early Day Settlers Preserved in Book Edited by Glad Snodgrass

The goods box of stored items in the form of an old ledger kept by one of the early business firms of Floydada is now in the possession of Glad Snodgrass, son of one of the merchants interested in the same.

The old ledger, carrying 242 names, is practically a complete roll of residents of Floyd County of 1897. In the list will be found many of the hardy men who blazed a trail to West Texas and on whose names have been written the names of many who have passed on.

Snodgrass & Nelson
It was back in 1897 that the ledger was kept by C. Snodgrass, father of Glad Snodgrass, and W. Nelson, who operated a general merchandise store in an old frame building on the corner of the square here the Arwine Drug now stands. On the pages are written the monthly accounts of the customers at the grocery and hardware "departments," the other portion of the store featuring dry goods.

Items on the individual accounts are interesting to the student of history. A typical account was that of Geo. Fawver whose account for September ran as follows: hermits 5 cents, vinegar 40, tobacco 0, flour \$1.25, molasses 45, soda 25, buggy whip, bridle reins 60, rope 10, ariat rope 30, and beans 50 cents. Most of the accounts for six months did not exceed \$5, the pioneers raising most of their supplies at home.

The account for the "Court House" from August 17 to February 20, 1897, totalled the grand sum of \$2.15 for 3 brooms, coal oil, machine oil and door hinges.

Has Other Records
Mr. Snodgrass has some other records of the same date stating that J. S. McLain was tax assessor for the county, the late R. T. Miller was county clerk; the late A. B. Duncan was county judge; J. D. Starks, commissioner of Precinct 1, F. J. Rogers, commissioner Precinct 2, and S. B. Chadwick, commissioner Precinct 4.

The ledger now in the possession of Mr. Snodgrass has been in stored books at the home of Chas. Battey for the past 25 years. Mr. Battey said that he found the book in a goods box he got in town after a few years ago and that he had just checked it away with some goods and the other day discovered it in and brought it in to Mr. Snodgrass.

Familiar names, indeed, are those listed within the time-worn pages of that book of Floyd County history. One of the interesting sidelights revealed was the fact that a man came to town to spend the night in 1897 there appearing in his name in the charge of "cheese 10 cents and crack-nuts." Those two items were

A Farmer's Life

"As He Lives It"

BY ED HOLMES

I have been asked many, many times this question: "What is a balanced ration for a hog?" Think of this just a minute and you will see this is a very broad question.

I do not set myself up as an authority on this question because it covers too much territory. In the first place I do not feed any two pens of my hogs the same ration for that is one of the main reasons that they are in separate pens. They do not need the same ration. A growing pig that you intend to develop into a brood sow needs more of a growing ration and less fattening feed than a pig that you intend to sell on the market as soon as 200 lbs. is reached.

A pig that you intend to grow out big, with a foundation for a brood sow that will farrow at least ten litters of pigs—you can afford to feed more high priced feed for you will get the price of it back many times. Understand that I am not talking about this mixed ration that the feed stores mix out of your own feed, add a little high-sounding mineral you know nothing of and sell it back to you for three times its feed value.

Milk, oats and green pasture of any description: sudan, wheat or alfalfa, with a little of your maize will grow a dandy pig that you wish to keep for breeding purposes, either boar or sow. You probably never heard of oats for hog feed! If I was forced to quit feeding oats to hogs—I would quit the hog business. That is the only grain that I know anything about, raised on a farm to feed hogs that will make them grow and develop and not get their too fat.

Farmers come here and say: "I would like them better if they were not so slim!" Well I would rather they would feel that way now than to have them sleek and fat from a lot of starchy feed, then hear them complain afterward that the brood sow got down in her back and couldn't raise a big litter of pigs. Which would you rather see?

If I didn't know in my own mind that a pig will make a better brood sow to keep her from getting fat, I certainly wouldn't go to so much trouble trying to keep them from it for it certainly is a more costly route in the beginning.

Experiment stations have proven several times that to place a weaning pig in a dry pen and feed him nothing but maize and water for six months, he will be smaller than at the beginning! Yet we see farmers try to grow pigs on maize! Maize! Maize! If you have just a few in number and have slop from the kitchen, a little milk, they will grow fairly well, but you are wasting a lot of feed to give them nothing but maize (milo).

You will say it is too costly always to keep milk, ground oats and a green pasture just to grow your breeding stock! Yes, you cannot afford it for just a few and that is the very reason why you can pay a small premium above the regular market value for a young gilt or boar that has been developed right.

Pork is fine in its place but is always out of place when on a young animal that you wish to keep for breeding purposes. Grow your brood sow out big and fine then when you are ready to grow her pigs for the market, she will help you to put the fat on them in a hurry.

Alfalfa Bill Murray says, "There's nothing in the world better for a man than fat pork. It lubricates your system. It plays a big part in my diet."

Hurrah for Alfalfa Bill! If that is where he gets his nerve, why don't you try eating some good fat pork?

Tankage and bone meal is the finest thing in the world to help balance a grain diet for a hog. You can buy them at any elevator. They are pretty expensive but they are worth the money. Those, fine, fat Jack Rabbits that you are growing at a pretty high cost, down in the back of your field are about 98 per cent tankage and bone meal! Why don't you help your merchant by buying a good 22 rifle and go have some fun shooting those rascals.

Miss DoDo and I had a dandy time last Friday when with less than one box of shells we brought home 31 pairs of the big ears. Milton Smith went with us and thought it was plenty funny to see old DoDo bring those rabbits to the car in a hurry. Some of them she would have to carry over a quarter of a mile to get to the car! She rides on the fender until the next one is shot.

Pardon this another personal reference when I say that before several witnesses one of my gilts weighed 365 lbs. at exactly 10 months old. In that 10 months she ate very little grain, other than ground oats, along with milk, rabbits and a green pasture. To my notion she will be a real brood sow.

One of my friends the other day, after he had been reading one of my explanations that was about as clear as mud, said, "You are pretty good at figuring out things, have you ever figured out how a car can run without gasoline? I have the hardest time in the world trying to figure out how to buy the cheap stuff. If anybody has a practical answer to his question, I will be glad to print it."

We've planted 4 more fruit trees this week. Have you? Now we have pear, apple, peach, cherry, mulberry, apricot and fig trees. Grape vines, strawberries, dew berries, and young berries. They are lots of trouble to grow but your friends surely do enjoy helping you eat them. Plant them and work six days out of every week as you are commanded.

Try cooking some raisins with your ground whole wheat breakfast food. Boy it is great.

It isn't possible to have a finer rain than came last Friday night. If you had your land disced, you can do a fine job of listing now. There is more ground being disced this year than I believe I have ever seen before.

McCoy and Liberty sure have given us two good evenings of entertainment. Their leaders passed us some dandy bouquets, which of course are all hot air! We would 25 a thousand miles to hear them say it again, however. Really we do not have a thing in the world on them. The plays they gave us are as good as the best. They are sure coming to the front. This trading plays and getting acquainted with our neighbors sure seems to be a fine thing.

Mr. and Mrs. Clarence Strickland, singing to the accompaniment of his guitar, for a between-act special along with Liberty's play, was appreciated more than anything I seen at Sand Hill in a long time. It was great.

Bud Pope as a black face, with this encore, got the heartiest laugh from an audience at Sand Hill in a long time. Here is is:

Here is the story of Robert McGuire, Came running through town, with his pants on fire; He ran to the doctor and fainted with fright, Whe nthe doctor told him his end was in sight! Generally I don't care a thing for poetry. Do you? Any way you certainly missed a treat if you failed to read the small poem by Mrs. W. D. Newell in The Hesperian published on February 11th. She is certainly a deep thinker. Excuse me for keeping you so

long. This good rain end everything that goes with it, sure has me feeling fine! Now so long until next time.

Electrical Servants

'Tis an old saying that is mighty true that it's easy to be penny wise and pound foolish and so it would be to attempt to struggle along in this modern world without efficient, economical, dependable Electric Servants in your home.

Just a few pennies a day will drive drudgery from your home. Let your electric washers, vacuum cleaners, electric irons, curling irons and the multitude of other little energy savers work for you every day.

(Increased use of Electric Service is billed at a surprisingly low rate schedule and adds only a small amount to your total bill).

McCoy News

McCoy, February 22.—About an
inch and a half of rain fell over this
community Friday night. The roads
are almost impassable.

There was no Sunday school or
B. Y. P. U. Sunday on account of the
roads.

Rev. Jones will fill his regular
appointment Sunday at the Meth-
odist church.

The McCoy P. T. C. presented
their play, "A Tonic for the Glooms,"
at Muncy Friday night. There was
the largest and most appreciative

crowd that we have had yet. We
certainly thank them for their good
attention. We are planning to pre-
sent this play at Lakeview soon.

T. D. Mara of Estacado spent Fri-
day night with Mr. and Mrs. Jewel
Mara.

Misses Ilma and Freda Jackson
and Miss Lou Berry returned home
Sunday.

ter, Mrs. McLaughlin, several days
last week in the Wilson community.

Several in this community are on
the sick list with the flu.

School is progressing nicely again.
Mr. and Mrs. Pete McLaughlin of
the Wilson community visited her
parents, Mr. and Mrs. White, here
last week.

Mrs. Boartz entertained Mrs. S.
S. Pullen and Miss Jane Pullen of
Panhandle also Mrs. Flo Zimmer-
man and her mother Wednesday
for dinner. Covers were laid for
ten. A nice time was had by all.

We have had cloudy and dis-
agreeable weather the last few days.

Mr. and Mrs. Albert Kelm of Lone
Star were guests of Mr. and Mrs.
W. A. Boedeker last Wednesday.

Mr. and Mrs. Cleo Allgire and
babies of Panhandle came down
Friday morning to visit their aunt,
Mrs. Kennedy and family. They re-
turned home this afternoon accom-
panied by Mrs. S. S. Pullen and
Miss Pullen, who had been visiting
here the past two weeks.

Mr. and Mrs. J. A. Zimmerman
had as their guests Friday for din-
ner Mr. and Mrs. Allgire and chil-
dren, Mr. Hewitt, Mr. Clower of
Lone Star, Mrs. S. S. Pullen, Miss
Jane Pullen of Panhandle and Mr.
and Mrs. Zimmerman and mother.

Mr. and Mrs. Fred Sammann were
very pleasantly surprised recently
on her birthday by a number of her
friends who came to celebrate her
birthday. Several of her neighbors
came from where they recently liv-
ed near the Holt school house. All
attending reported a nice time.

day night and Sunday with her
parents, Mr. and Mrs. J. L. King.
They started back to Center Sun-
day afternoon and got as far as the
Lightfoot home where they spent
the night on account of the roads
being so bad.

**NEW GOODRICH TIRE BEING
SHOWN BY FLOYDADA DEALER**

After three years of careful ex-
perimenting with raw materials,
compounds, construction methods
and design, and after exhaustive
tests on the road and in the labora-
tory, the B. F. Goodrich Rubber
Company announces a new tire,
said to be the world's safest pneu-
matic—the new Goodrich Safety
Silverton.

The announcement comes to
Floydada motorists through J. B.
Bishop of the Triangle Garage,
Goodrich dealer.

This new tire, with an entirely
new exterior design and embracing
many improvements in the stand-
ard features of pneumatic tire en-
gineering, was evolved out of years
of actual road experience of the
world-famous Silver Fleet, the
Goodrich road laboratory, and the
challenge of modern motoring con-
ditions and automobile design for
better, safer, more dependable
tires.

Sanitarium Notes

Virgie Luttrall, Lakeview, was dis-
charged from the Sanitarium last
Thursday. She had a tonsil opera-
tion.

f. Johnston, general chairman oyd County of the Bi-Centen- celebration, officiated at the g held at the Palace Theatre, the address of the morning y Rev. I. A. Smith, pastor e First Methodist Church.

Quotes From Addresses
all not attempt to quote from norary newspapers about the f Washington, nor from the s which have been brought to our generation," Rev. Smith ed, "But instead shall quote portions of Washington's pub- dresses made by himself, by to try to tell you the manner n he was."

itations were used from the ac- nce speech made upon wash- n's appointment as commander in chief of the Federal armies in his first inaugural address in and his farewell address at the

close of his second administration in 1796, to show the many-sided Washington who was called upon to take leadership in the early formative period of American history. Some of the more human qualities of the man, Rev. Smith described as his humility under great honors and his belief in Divine Providence. Washington's first official act when he became president, Mr. Smith quoted the record as declaring, was to invoke the blessings of the creator on the people and ask him furtherance of their happiness. Wash- ington believed it of "infinite moment" that the state adhere to the union and warned against partyism, and in one of his addresses pointed to the need for protection of equal rights to all.

That George Washington, if living today, would be a supporter of the Eighteenth Amendment, was one of the declarations made by the speaker. In his first inaugural address the Father of his Country warned his fellow-countrymen of the need for respect for law and the constitution, and the observance of the laws until such time as their repeal could be obtained by legal and constitutional methods, should such be found desirable.

Because of the country's peculiar situation, its peculiar set-up of governmental forms and its breaking away from the old forms of rule, Washington in his fraewell address said while it would be highly desirable to keep faith with other nations, the country should beware of "entangling alliances, because we are differently situated," the speaker quoted him as saying.

Male Chorus Sings

The morning's activities were inaugurated by the sounding of the fire siren by the city fire department. A last-minute change of place for the program was made to the Palace Theatre from the corner of Fifth and Virginia, the grounds of the American Legion, where, however, the hole was dug for the planting of the George Washington memorial tree.

Rev. Claude Wingo, pastor of the First Christian Church, pronounced

the invocation, formally opening the exercises, and the audience of some three hundred, sang "The Star-Spangled Banner," with high school voices leading.

This was followed by the recitation of the American Creed and the pledge to the flag by members of Boy Scout Troop No. 44, with W. A. Gound, scoutmaster.

Reading of a tribute to George Washington, "Tis Splendid to Live so Grandly," by Billie Stanforth, Andrews Ward student and son of Mr. and Mrs. Billie Stanforth, of South Plains, was followed by a rendition of "Mound Vernon Bells," by members of Floydada Male Chorus. These also sang America, led by G. C. Tubbs. Other members of the chorus who sang were H. L. Sims, Judson Chenoweth, E. E. Hinson, G. G. Glover, J. T. Spence and R. W. Cawthron.

Tree Is Dedicated

With their sponsor leading, and all members of the audience joining in, the members of the local Chapter of the Future Farmers of America, sang "God Bless This Tree" and repaired to the grounds where in a brief and simple ceremony the Chinese Elm presented McDermott Post, American Legion, by the State headquarters "Post at Austin, was planted. Ersel Mathews, president of the chapter, formally dedicated the tree to the memory of George Washington.

As an inducement to boys and girls of the city for further study of the constitution and the early history of the country, J. N. Johnston, general chairman of the county bi-centennial committee, announced that prizes would be offered students of high schools for essays on the declaration of independence of the United States and to grade pupils for essays on the declaration of independence of Texas. Spelling contests will also be sponsored, the high school contestants using a 200-word list from the declaration of independence of the United States, and a 100-word list for the grade students from the Texas declaration of independence.

Formalities in observance of the Washington natal day will continue throughout the year until Thanksgiving day, it was announced by Mr. Johnston. Four other trees presented to McDermott Post, American Legion, will be planted during the next two weeks at the school grounds in Floydada. The first of these ceremonies will be held on Tuesday afternoon, March 1, at the High School, at 1 o'clock. Civic and business organizations of the entire community are being invited to be present and take part in the program. W. E. Patty, superintendent, said this week.

REV. P. D. O'BRIEN IS OPENING SPEAKER P. V. BAPTISTS' CONFERENCE

Rev. P. D. O'Brien, pastor of the First Baptist Church of this city, opened the annual conference of Baptist Panhandle Pastors and Laymen at Wayland College, Plainview, February 16-17-18, with an inspirational address. He later discussed the contribution of Wayland College to the denominational life of the Plains.

Mrs. Lon V. Smith, of this city, spoke on the contribution of the W. M. U. to Christian Education. Mrs. Smith spoke Wednesday afternoon and her address was well received, declared by many who attended to be one of the best during the entire conference.

R. E. Key, of Tahoka, was elected president for the ensuing year, with Rev. J. F. Nix, of Clovis, as vice-president. The program committee is composed of president G. W. McDonald of Wayland, Rev. J. Pat Horton, Plainview, and Mr. Key. The next meeting date of the conference will be set by the committee.

Resolutions were adopted authorizing a special drive over this section later in the year for money and students for Wayland College. Considering the conditions, the college was reported to be in good condition and is running without debt. Dr. J. B. Tidwell, head of the Bible department of Baylor University at Waco for 20 years, was the principal speaker and delivered addresses twice daily throughout the conference.

Outstanding preachers, laymen and women from over the Plains-Panhandle section appeared on the program and more than three hundred guests registered. Among the leaders taking part on the program were the following: R. E. Key, Tahoka; Dr. J. E. Nunn, Amarillo, J. J. Rushing, Plainview; Dean Z. T. Huff, Plainview; President McDonald, Wayland College; Rev. B. N. Shepherd, Clarendon; Rev. W. C. Harrison, Canadian; Rev. Jno. W. Cobb, Rotan; Rev. E. F. Cole, Lamesa; Rev. Philip McGahey, Snyder and Rev. A. C. Huff, Tulsa. The conference adjourned Thursday afternoon of last week.

CROSBY PIONEER DIES

S. A. Elam, 81, West Texas pioneer, who died at 3 o'clock Thursday afternoon of last week of apoplexy at the home of his daughter, Mrs. Will Young, of Fairview community, Crosby County, was buried at Ralls Friday. Services were held at 2 o'clock at the First Baptist Church conducted by Rev. Jim Wallace and assisted by Rev. C. E. Dick, of Crosbyton.

Deceased is survived by three sons and one daughter, all of Ralls: Mrs. Will Young, Frank, Will and Charlie Elam.

Mr. Elam had been a resident of West Texas for 30 years.

Soap Making Formulas Given By H. D. Agent

Timely recipes for soap making were issued this week from the Extension Department at A. & M. College through Miss Martha Faulkner, county home demonstration agent. The soap made according to the specifications set forth in this information will be entered in the meat and meat-products show to be held in Floydada March 11 and 12.

Home Made Soap

Utensils for cooking small batches of soap, enameled or granite ware is suitable and for larger batches an iron kettle may be used. When the stir method is used, crockery is suitable. Strong lye solutions will attack copper, zinc, and tin to a certain extent. Never use aluminum utensils. Alarge granite or wooden spoon is best for stirring.

Ingredients—
1. Lye—pure, uniform.
2. Water—Best results are obtained by using soft water when possible.

3. Fat—clean fats are light yellow or white and if the soap is made from clean fat it will be a very light color. Care must be taken in collecting fats. Burnt or dirty grease is not of use in that state; but if not burnt badly, it can be cleared by melting, straining, then frying a few small pieces of potato in it. Clarify the fat as it accumulates and keep it in clean tin cans, well covered, until a sufficient quantity is on hand. Both fats and oils must be washed free from salt. Rancid greases may be purified by boiling with a solution of one part of vinegar and five parts of water. Allow it to cool, then skim off the cleaned grease. If rancid greases are to be employed, one of the boiling processes will give better results.
4. Perfumes—Scents such as oil of citronella, bergamot, oil of lavender, geranium, or sassafras may be added so as to perfume the soap, thus destroying the odor of the fat used.

Molding—Soap may be molded in the pan in which it is made, but it is better to pour it into mold. Wooden or pasteboard boxes lined with a damp cloth make very good molds. For exhibit purposes some have used match boxes, lined with oiled paper. The box is filled level full and pushed back into the carton until the soap has hardened. Mold in No. 2 can.

Cutting—It is easier to cut the soap after removing it from the mold. A more satisfactory cut can be made with a fine wire or string than with a knife.

Curing—Soap should cure at least four weeks before using. This allows it to dry out better so it will not wash away so rapidly. It would even be better to have it six months old before using. The older soap is the better. Soaps made by the boiling process require longer aging before they become hard and ready for use.

Hints—Excess lye forms a hard crumbly soap. Hard, vigorous stirring will cause separation of the lye and fat in the cold process. Stir slowly and evenly. Greasy soap indicates lack of lye.

RECIPES

Hard Soap No. 1
7 pounds melted (but not heated) fat.

1 pound soda lye dissolved in 3 quarts water.

Melt fat gently to a liquid, strain through two or three thicknesses of cheesecloth. Mix the lye and water and stir to dissolve lumps, then cool to lukewarm before adding to the melted (but not heated) fat. In a fine stream, add the fat, which should be at the "creamy" consistency, and keep stirring continually until the whole mixture is thick and light colored. Pour quickly into shallow pasteboard boxes or dripping pans which have been lined with dampened strips of cloth. When firm mand nearly cold, cut into bars or squares. Pack the soap with open spaces between and allow it to dry for at least a month before using. If dried thoroughly before using, it "spends" better.

Soap Recipe No. 2
Dissolve a one pound can of lye in one and one-half quarts of cold water. Stir to dissolve lumps and let stand until cool. Then add:

1 cup borax
1/2 cup ammonia
1/2 cup kerosene
5 pounds melted (but not over-heated) fat.

Strain the melted fat when cooled and about the consistency of thick honey. Add the dissolved and cooled lye, then add the borax, ammonia, and kerosene. If a clearer soap is desired, add one-half cupful of sugar, stirring continually until the whole mixture becomes the consistency of porridge. Pour quickly into shallow boxes or pans, crease into cakes. When nearly

cold, cut and store as directed in recipe No. 1. If the odor of kerosene is objectionable, a half cupful of water may be substituted for it. The kerosene has excellent cleaning properties.

Miss Robby Archer and Samuel Rutledge were selected Sunday as delegates from the Sunday school of the Cumberland Presbyterian Church.

EDUCATIONAL PROGRAM BY HARMONY H. D. CLUB

Harmony Home Demonstration Club met with Mrs. Walter Hanna last Wednesday evening to study an Educational Program. Several new members and visitors were present.

The following program was given: Ways of establishing the reading habit in the home—Mrs. Paul Rogers.

The value of educational games—Mrs. Zant Scott.

The advantage of a high school education—Mrs. M. D. Ramsey.

Should we encourage children to attain a higher education—Mrs. M. Carr.

Washington bicentennial—Mrs. Walter Hanna.

The hostess served cherry cake, jello and hot chocolate.

The liveable living room will be the subject of study at the meeting March 2 with Mrs. R. B. Gary.

PICTURES OF WASHINGTON ARE RECEIVED AND ISSUED

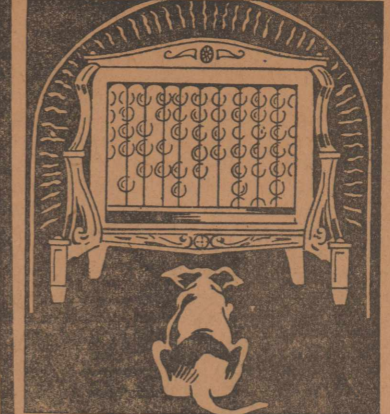

Beautiful colored pictures of a bust of George Washington sent out by the committee sponsoring the national Bi-Centennial Celebration were received last week by J. N. Johnston, general chairman for Floydada, and were framed this week for presentation to schools and civic and patriotic groups.

The pictures, 22 by 28 inches, were given to 31 rooms in Floydada schools and to the American Legion, the Rotary Club, Troop No. 44 of the Boy Scouts, and the Future Farmers of America Club, making a total of 35 received here. A letter from Mr. Johnston to Congressman Marvin Jones for additional pictures brought the reply that the supply was exhausted.

SINGING AT LAKEVIEW

Announcement was made last week of plans for a singing at Lakeview on the fourth Sunday evening of the month—February 28—beginning at 2 o'clock at the Baptist Church.

A general invitation to singers and others of neighboring communities is given, Bert Battey said, as well as to the people of the immediate community.

Two Indictments Each Against Men Held On Charges Of Robbery

Two indictments each against James White and R. W. Davidson, held in Floyd County jail this week, allege robbery charges against them for the hi-jackings of C. W. Toon of Meadow, at Blanco Crossing and Otho Jones, of Dallas, near the E. C. King farm, both on the Ralls road south of Floydada.

C. W. Toon was here and appeared before the grand jury Monday. The hi-jackings occurred on the night of February 1, and the defendants were arrested at Ardmore, Oklahoma, the following week, and returned on extradition to Brownfield, where they are alleged to have stolen a car, the same night on which the Floyd County hi-jackings occurred. The car was recovered at Ardmore. A third man claimed to have taken part in the robberies has not been apprehended.

After their indictment in Terry County the two defendants escaped Tuesday of last week from the jail at Brownfield, but were recaptured and taken to Lubbock for safe-keeping until they were brought to this county.

\$1.50 Per Capita On Apportionment Paid

Payment of \$1.50 per capita on the school apportionment from the state department of education was received by the school depository, The First National Bank, last week and the funds have been apportioned out by School Superintendent Price Scott, so that all the rural teachers of the county have received a small amount on their outstanding vouchers.

Further disbursements this week are expected to run the total received by the teachers on salaries to nearly \$17,000 in all. This includes the state aid funds amounting to \$11,560 and about \$2,500 from available school funds which came in through the collection of county taxes. All of this will go to rural teachers. In addition, upward of \$25,000 was either set aside in interest and sinking funds for various bond issues, or is in the course of being paid out for supplies, coal bills and incidentals of school operating expenses.

The apportionment from the state was forwarded the first of last week and with the letter of transmission, State Superintendent Marrs said that the remaining \$12.50 would be forwarded, probably as follows: March four dollars; April, three dollars; May, two dollars; June, one dollar; July one dollar; August, one dollar, and September, fifty cents.

FUNERAL WILL BE HELD THIS AFTERNOON FOR MAREAU BABY

Funeral services for Norvel Joe Buster, baby son of Mr. and Mrs. R. C. Moreau, city, who died at 4:30 o'clock Wednesday afternoon from pneumonia will be held at the Floydada cemetery this afternoon at 3 o'clock. The baby was one year, 10 months and 25 days old. He had been ill since Tuesday of last week.

Rev. F. O. Garner, Methodist circuit pastor, will conduct the services.

Mr. Moreau is employed in the mechanical department of Snodgrass Chevrolet Co.

F. C. Harmon Undertaking Company will have charge of the funeral arrangements.

Out-of-town relatives here today for the funeral include Mr. and Mrs. F. F. Hardison, sister of Mrs. Moreau and her brother, O. C. Johnson, all of Amarillo; W. N. Moreau, of Amherst, Mr. Moreau's father, and Mr. and Mrs. Claude Lemons, of Amherst. Mrs. Lemons is Mr. Moreau's cousin.

FIRE DESTROYS EAST LEE STREET HOME LATE MONDAY

Fire that is thought to have originated from an oil burner in a heater Monday afternoon at 6:30 o'clock destroyed the home of Mr. and Mrs. W. B. Hinkle on East Lee Street. The five-room house of a story and a half was owned by C. P. Fulkerson.

Insurance totaling \$525 only partially covered the loss on the building, and the furniture and personal effects of the Hinkle family were a total loss.

Lack of water connection facilities hampered the Floydada Fire Department and the blaze was too far under way to be checked by chemicals.

Mrs. Hinkle said that possibly the oil burner in the heater became choked and when it "backfired" it set fire to the floor on which oil or grease had been spilled by some previous residents in the house. The fire department was notified but before the trucks arrived the house was in flames.

It was the first fire in Floydada in several months.

H. D. CLUBS WILL REPORT ON MEMBERSHIP DRIVE CONTEST AT COUNCIL MEET SATURDAY

Reports on the membership drive started the first of the year will be made at the meeting of the Floyd County Home Demonstration Club Council in regular session Saturday, February 27. The meeting will convene at 2 o'clock in the District Court room.

"All Home Demonstration Club members are invited to come as visitors," it was announced by Miss Martha Faulkner, county home demonstration agent.

COMMUNITY PARTY POSTPONED

Community night planned last Saturday night by the Floydada Dramatics and Recreational Association was postponed because Mrs. S. M. Lester, county recreational director, was unable to attend because of heavy roads due to the rain Friday night.

The date for the "party" will be announced later, it was stated by Garland Glover, president of the Floydada group.

LOCAL PASTOR WILL CONDUCT M. E. MEETING IN MARCH

Rev. I. A. Smith, pastor will conduct the annual revival of the First Methodist Church to begin Easter Sunday, March 27, it was declared Tuesday night at a meeting of the Board of Stewards.

The meeting will be held at the church and no definite date was set for the conclusion of the revival, it was stated.

Mr. and Mrs. E. C. King and Mr. and Mrs. Johnnie Hill left this morning for Abilene. They were accompanied by Mrs. J. E. Eubank. They will return Friday or Saturday.

H. D. Thomas of Pampa was a guest from Sunday until Tuesday of his brother, J. L. Thomas, and Mrs. Thomas.

F. H. S. VOCATIONAL AG BOYS TO COMPETE AT PLAINVIEW

O. T. Williams, coach, and two judging teams from his vocational agriculture classes will go to Plainview Saturday to compete in contests to be held there in connection with a show staged by the Boys' 4-H clubs and vocational agriculture boys of Hale County.

Members of the teams were determined by try-outs which closed Wednesday. F. H. S. will compete in the dairy judging and plant production. The personnel of the respective teams are as follows: Dairy Team, Layton Dorrell, J. D. Nelson, Milton Sims; Erel Mathews and Silas Duncan, alternates; Plant Production Team, J. B. Jordan, Otho Johnston, and Gordon Lightfoot; Carrick Snodgrass, alternate.

A total of 54 teams have been entered.

FLOYD DEMONSTRATORS WILL ENTER CHEESE AT PLAINVIEW

Entries of American and cottage cheese and butter will be made by Floyd County Home Demonstration Clubs in the Plainview Dairy Show to be held April 11 and 14. Arrangements have been made to make the show one of the largest in the history of the event, advices from Plainview indicate.

Those planning to make American cheese entries should begin just as soon as possible on their products, suggests Miss Martha Faulkner, county home demonstration agent. It should be given time to season, she pointed out. Recipes and suggestions are available at her office for those interested, Miss Faulkner said.

PLAINVIEW H-Y MAY GIVE PROGRAM HERE MONDAY NITE

Plainview Hi-Y is expected to present the program at the next meeting of the F. H. S. Hi-Y Monday night at 7 o'clock at the Andrews Ward Gymnasium. A basketball game between the two clubs will follow the program, it was announced by Bill Grigsby, president. At the meeting of the club this week Grigsby gave the scripture reading and Odus Stephen made a short talk. Business concluded the program.

Wheeler And Woolsey As Drugstore Cowboys

'Caught Plastered' Is Novel Story; Combines Heart Appeal and Laughter.

A Bert Wheeler and Robert Woolsey comedy, "Caught Plastered," is the first of the week at the Palace in Floydada, the first showing and booked for Sunday afternoon and again on Monday and Tuesday. The picture is not only funny but funny in a refreshing way. It combines new comedy situations with dramatic intensity, and in between the two extremes are little giggles, bit smiles and heart aches.

There is even some slapstick, the advance notices declare and plenty of giddy patter.

Opposite Wheeler is Dorothy Lee, a combination fittingly called the "Romeo and Juliet of the Comedy World." Wheeler's whimsical love-making and Dorothy's charm are very much in evidence all through the picture.

Action plunges into an absorbing story, strange as that may seem in connection with comedy.

Tommy Tanner (Wheeler) and Egbert Higginbotham (Robert Woolsey) enter a midwestern town on their uppers. They meet Ma Talley (Lucy Beaumont), who is about to lose her drug store business of the machinations of a villain, (Jason Robards).

They take over the store to save her from the poorhouse, and are about ready to pay the "heavy" when he spikes their soda with liquor and tips off the police. When things are darkest, Dorothy Lee (daughter of the local police chief), outmaneuvers the crook.

Jack Deakins, manager of the show, believes the show will make a hit with theatre-goers here.

HARPER SCOGGINS UNDERGOES APPENDICITIS OPERATION AT PLAINVIEW; WAS GUEST HERE

Harper Scoggins, superintendent of schools at Groom, and former principal of the Floydada High School, is convalescing in the Plainview Sanitarium where he was rushed for an operation Sunday afternoon at 5 o'clock. Mr. Scoggins was a guest Saturday night in the home of Mr. and Mrs. G. N. Shirey when he suffered a sudden attack of acute appendicitis. He was here on business.

The operation was delayed until Mrs. Scoggins and children arrived in Plainview. Mr. Shirey brought the children, Harper, Jr., Paul, and Merle, to Floydada for a visit, Mrs. Scoggins and baby daughter remaining at her husband's bedside.

MRS. CHAS. FEATHERSTON IN SAN ANTONIO HOSPITAL

Mrs. Chas. Featherston, of Wichita Falls, former resident of this city, is in the Nix Hospital in San Antonio, where she under went a major operation some two weeks ago, friends here have been informed.

Mr. Featherston and daughter, Mary Elizabeth, have been at her bedside since the operation. She will probably be at the hospital for another month while convalescing.

MRS. RINEHART IMPROVED

Mrs. J. S. Rinehart has shown rapid improvement this week and has been able to sit up some, Dr. Rinehart stated. She has been suffering from influenza and stomach trouble.

Forgery Indictment Against Stevenson

Former President Floyd Co. Nat'l Makes \$1,500 Bond In Floydada This Morning

T. S. Stevenson, president of the Floyd County National Bank which closed its doors the morning of July 15, 1931, made bond of \$1,500 this morning in the office of Sheriff J. M. Wrigat on a charge of forgery. The charge was made by a grand jury indictment returned in court Tuesday afternoon. Mr. Stevenson surrendered to the sheriff in the office of L. G. Mathews in this city.

Bond was signed by J. M. Willson, H. O. Shurbet, and John Stevenson, the latter a brother of T. S. Stevenson, residing in the north part of the county.

The indictment alleges the name of Will Smithee, of Briscoe County, a brother-in-law of the defendant, was signed to a note for \$350 which was in the bank at the time it was closed.

Blanco News

Blanco, February 22.—The muddy condition of the roads during the past week end kept most of us at home. The roads become almost impassable. A few however, mustered up courage enough to make the trip to Floydada Saturday afternoon.

The Blanco community will present a play at the school auditorium Friday evening at 8 o'clock. The title is, "The Alley Daffodil." It is a three-act play and has a good story with lots of comedy. The eleven characters in the play are: Cherry Rogan, Minola Rae Gilbreath; Pop Rogan, Mr. Wheeler; Mr. Roberts, Mrs. Brewster; Mrs. Roberts, Mrs. L. Wheeler; Frances Roberts, Irene Cates; Larry Roberts, Clyde Snell; Vengeance, Mrs. Ham Smith; Rumpus, Horace Simpson; Count, W. B. Cates; Miss Stone Eula Mae Gilbreath; Her maid, Lucette, Mrs. Daniel.

There will be no admission, so come and have a good time with us on Friday night, February 26. The primary room entertained in chapel Monday afternoon with a George Washington program. The following program was rendered: Song, Hatchets; Reading, The Flag; Story of our flag; poem; the Flag; playlet, the New Hatchet; song, Little George Washington.

A great interest is being shown this week by the pupils in Blanco school toward beautifying their school ground. A number of trees and flowers have been planted.

Miss Ozelle Gilbert went to Cone Sunday afternoon to begin her school work there again Monday. Mr. and Mrs. Ray Bennett and children were visitors in the Gilbreath home Sunday.

Some of the people attended the play at Harmony Friday night. All reported that it was a good play and enjoyed it.

Lone Star News

Lone Star, February 22.—Lone Star basketball boys played Providence Friday afternoon. The score was 10 to 9 in Lone Star's favor. Mrs. Morris Nance entertained last Friday evening with bridge. Delicious refreshments were served to Mr. and Mrs. J. T. Griffen, Mr. and Mrs. Ben McGhee, Mr. and Mrs. Elam Cummings, Mr. and Mrs. Clyde Baxter, Mr. and Mrs. Oliver Savage, Mr. and Mrs. Abner Wim-

BI-CENTENNIAL PROGRAM AT HIGH SCHOOL TUESDAY

Formal observance of the bi-centennial of the birth of George Washington will be held on Tuesday afternoon, March 1, beginning at 1 o'clock, it is announced by W. E. Patty, superintendent of the schools.

Program for the event is now being prepared, and an invitation through various public means is being given to citizens of the community to be present for the program, Mr. Patty said.

SPELLING CONTEST WILL BE HELD ON FRIDAY, APRIL 22

Date for the spelling contest for school pupils on words taken from the U. S. and Texas declarations of independence will be held Friday night, April 22, in the District Court room, it was announced this week.

POULTRY DEMONSTRATORS SHOW PROFIT IN JANUARY

A profit of more than \$1 per day was realized during the month of January by Mrs. J. V. Greer, Sand Hill Club poultry demonstrator, from her flock of 132 White Leghorn hens. Total receipts from the sale of fowls and eggs amounted to \$36.60 and her total expenses were \$4.60. She realized \$11.76 from her egg sale alone.

Mrs. J. C. Simpson of the South Plains Club is also one of the poultry demonstrators that is proving that poultry raising is still profitable. During the month of January, she cleared \$11.86. She has 254 White Leghorn hens. Her expenses were \$8.50 and she gathered 1,768 eggs for which she received \$19.86 and she made an additional 50 cents for sale of fowls, making her total receipts \$20.36.

Miss Irene Smith, poultry demonstrator for the McCoy Girls' 4-H club, showed a profit of \$2.22 during January from 107 White Leghorn hens. Sale of eggs amounted to \$6.75 and her total expenses were \$6.75, her records show.

From the sale of eggs and poultry last month Mrs. O. M. Conway, poultry demonstrator for the Lakeview Home Demonstration Club, realized a profit of \$14.70 from a flock of 133 White Leghorns. Her total expenses were only \$5.45.

Roy Muncy returned Tuesday afternoon from a business trip to Oilton.
