Junior Play a Success

Friday night, February 26 the Junior class presented a play entitled "The Wild Oats Boy". A good crowd was present to see the play and everyone enjoyed it very much. The characters showed some real talent. Mr. Teague and Mrs. Stephens were the sponsors of the play, and they are to be commended for their excellent work in staging the play. The proceeds from this play will go on the Junior-Senior banquet, to be given the latter part of the school term.

We think that the High school orchestra played their numbers well and we are proud to know that we have an orchestra of this kind in our school. We thank them very much for playing and also wish to thank the senior girls setette.

The junior class wish to thank each and everyone who helped in making this play a success. We received a fine spirit of cooperation from every point, and we thank you.

SOCIETY

Latin Banquet

The classes of Latin and their guests were entertained very royally at the Methodist Church last Saturday night at 7:30. The tables were arranged in Roman style in a patio, where there were many beautiful flowers. All the gods attended this banquet and a good time was had by about sixty guests. Each person was some god and was asked to tell who he or she was.

The program was as follows:
Invocation—Joe Breed.
Offering to household god—Vesta (Mabel Tubbs)
Lectio—Minerva—Emma Louise Smith.

Musica—Therspore—Joyce Glass
Oratio—Appolo, Elwood Patty.
Recitatio—Bert Ione Smith.
Carmina—Omnes, Songs by all.
Oratio—Mrs. Jacobsen.
Que Sum—Omnes—Who each one was.

We had several guests present and one gave a short talk. They were Mr. and Mrs. Patty, Mr. Cummings, Mrs. Jacobsen and Mr. Joe Breed and the Latin teacher, Mrs. Joe Breed.

Spanish Party

The Spanish party held at the Andrews Ward Gymnasium was greatly enjoyed by everyone. Every member was wearing something typical of costume of the Spaniard. The girls were very attractive with the red rose in their hair and with the Spanish shawl draped about their shoulders, resembling the Spanish senorita very much.

The boys were also dressed in Spanish style and resembled the Spanish cavalier.

Hot tamales and punch were served to about fifty Spanish students.

Girl Reserves

Girl Reserves met Monday, February 29. The meeting was called to order by the president and the minutes read by the secretary. The following program was given:

WHITES CREAM VERMIFUGE
For Expelling Worms
Arwine Drug Company

WHY SUFFER FROM RHEUMATISM, STOMACH OR KIDNEY TROUBLE?
Thousands have found almost immediate and permanent relief through the use of BAKERWELL Mineral Water Crystals. NOT a drug—but the natural, curative waters produced ONLY in Mineral Wells, Texas' great health resort, and put up in crystal form for convenient use. Nothing added—Nature's own remedy.

Scripture reading—Shorty Cummings.
The Associations of Rural High school girls—Hazel Borum.
Reading—Wanda Teeple.
Marquette—Audrey McLain.
After the program was discussed a social was, and the girls decided to have a picnic for the Hi-Y boys, if the weather is agreeable. The meeting then adjourned until next Monday week.

Hi-Y Meeting

A Hi-Y meeting took place Monday night February 29. The president, Bill Grigsby, called the house to order and Buster Smalley read the scripture. Brother O'Brien then gave a very interesting talk on George Washington.

Mr. Stephens brought before the house for discussion the Hi-Y boys and Girls Reserve picnic. The following committee, Kinder Farris, Bruce McLaughlin, Samuel Rutledge was appointed to see Miss Miller. The club adjourned by repeating the creed, and then they played basketball.

Spanish Club Meeting

The 7th period class entertained the Spanish Club with a very interesting program February 24.

The program was as follows:
How Spaniards spend the day by Lera Opal Patton, Zeldia Batty, Reba Duncan, Maxine Fry, Marie Finley, Floy Holland, Thelma Jo Hamilton, Bob Moreland, Eugent Beard, Mark Smith, Lois Newsome.

The club was then called to order by the president Malcolm Bridges.

It was decided that the Spanish Club party would be held February 17, at the Andrews ward gymnasium. The 4th period class will be entertained by the other classes, because of their dramatic ability.

A refreshment committee Clara Belle Golightly, Latane Hale and Guy Ginn were appointed by the president.

Maxine Fry, Elizabeth Daniel, and Noryne Spence were also appointed as the entertainment committee.

Senior Class Meeting

The Senior class met Thursday, February 25th in the upper study hall after school. The purpose of the meeting was to select the senior diplomats. There were two representatives from the Star Engraving company who showed us numerous diplomas. The class selected the design like that used by the senior class of 1931. An invitation committee met after the class meeting had adjourned to look at some invitations from the Star Engraving Company.

Special Meeting of Seniors

The seniors were asked to have a call meeting Tuesday afternoon after school to discuss a certain matter. It was voted to ask Mrs. Patty to help the class with the commencement songs. There is to be a basketball tournament between the classes and the boys were asked to begin practice. It was also announced that the follies were to be postponed until the 17 and 18 of March. The advertising committee appointed for the follies was: Truett Smalley, J. D. Moore and Marion Heald. The meeting was then properly adjourned.

International Relationship Club

The fourth period International Relationship Club met Friday. The following program was given:

Talk—Aaron Williams.
Debate—Resolved that Abraham Lincoln was the Greatest American Negative—Kinder Farris, John Smith and Worrell Taylor.
Affirmative—Rolene Smith, Florence Jeter, Hermas Olson. The entire class judged the debates and the negative won.

Bright Spot of F. H. S.

The B. S. of F. H. S. club had a current event program last Thursday at the fourth period.

The president, Maxine Fry appointed Laverne Jordan and Doris Clonts to get a program for the next meeting, March 4th.

Knowledge Seekers 8th Period

The club was called to order by the president and the minutes were read by the secretary. Business was discussed. Then the following program was given:

What a college should teach—Gladys Ruth Brown.
The Meanest Racket—Earl Hanks.
Current Events—Rex Brown.
A new Diplomatic Center—Margaret Cogswell.

Who are the best novelists—Reba Duncan.
Washington and Washington—Kenneth Stevenson.
Jokes—Rex Brown.
Soviet Need of Shipping Clerks—Clair Bell Yearwood.

Diamonds in the Great Lakes—Nina Virginia Ford.
Twelve Million Years ago—Cap Felton.

Largest Omelet Fried in Half-ton Pan—Robert Daniel.
Congress Choose Sides—Ruth Troutman.
New Taxes—Russell King.

The club chose the name "Knowledge Seekers" a program committee, consisting of Reba Duncan and Robert Daniels, was appointed by the president.

International History Club

The second period international history club met Friday, February 26. At the beginning of the meeting buying a picture of George Washington was discussed. The vote carried for each member to pay a certain amount to help buy the picture.

The following program was given: Debate: Subject—"Shall we make a bold stroke at Geneva."
Affirmative—Zelda Battey, Mary Louise Thurman.

Negative: Laverne Rimmer—Wendell Henderson and Leo Jackson. The affirmative side won the debate.

Chapel News

Jim Willson Speaks in Chapel
Chapel exercises were held Thursday at one o'clock. Mr. Williams led for the songs, "Smiles," "America for Me." At the end of the songs the students remained standing and Mr. Patty led in a word of prayer.

Mr. Willson gave a very interesting talk about his travel in foreign countries. Everyone enjoyed this speech and hope that he will come again soon.

The Junior class announced their cast for the play to take place Friday night.

Patriotic program given Honoring George Washington

A very interesting chapel program was given honoring George Washington Tuesday at activities period. Several citizens from town attended this program and we hope they enjoyed it.

The program given was as follows:

Cantata—"Let Freedom Ring" and "The Cherry Tree" sung by the following girls: Lurlyne Clonts, Lola Mae Grundy, Madge Dorsey, Nadyne Wood, Pauline Rogers, Equilla Wood, Elizabeth Daniel, Benny Lester, Louise Conner, Etha Williams, Enid Scoggins, Hazel Williamson, Fern Finkner and Johnny Switzer. They were accompanied at the piano by Selma Linder.

Virgil Crawford gave an interesting talk on the life of George Washington.

Layton Dorrell gave a talk on the 1932 version of the cherry tree.

The next number was a Virginia Reel featuring Benny Lester, Bonnie Fyffe, Madge Dorsey, Edelle King dressed as Martha Washington's and Elizabeth Daniel, Pauline Rogers, Johnny Switzer and Maxine Fry as George Washington's.

The last number on the program was more songs by the group of girls. The numbers were "Valley Forge" and "Your Flag and Mine."

Locals

Noryne Spence spent Sunday visiting in Dougherty.

Rhe Cloud spent the week end in Plainview.

Mr. and Mrs. Byars and children spent the week end with Mr. and Mrs. A. E. Hanks and children.

Jokes

Butch: I'm not going to school any more.

Bill: Why not?
Butch: I can't learn anything. The teachers keep changing the lessons every day.

Kile G: You remind me of the sea.

Dorothy H—Why? Because I'm wild, restless, and romantic?
Kile G: Nope just because you make me sick.

Just making pants for poor little orphans, exclaimed John E. as he slid down the school banister.

Jim: Where did you ever get that funny looking dog?

F. C. I'll have you know he is a police dog.

Jim: You never saw a police dog looked like that.

F. C. No, but my dog's in the secret service.

Latinus Nuntius

Roman Classica Sodalitas
The Romana Classica Sodalitas met Wednesday February 17. The main feature of the program was a trial in which Octavia Frebonia Estia sued Daniel E. Cupid for 5000 sesterces. Attorney for plaintiff Cicero presented as ground for the suit, breach of a contract in which Cupid agreed to pierce a certain gentleman's heart in favor of Octavia. However he failed and Miss Frebonia replied with a suit.

Cato handled the defense. Several of the leading characters were absent making it difficult to present the play well.

Those taking part in the program were: Rhe Cloud, Tom Ed Rogers, Hugh Ayres, Lorain Stiles, Margaret Smith, Joyce Glass, Forest Fry, and Selma Linder.

Notes and News

We heard last week about the boy that spends his spare time asking girls for dates and then, remembers it's leap year.

Dept. of Agriculture Circular Sets Out New Farm Loans Regulations

Regulations Relative to Loans for Crop Production During the Year 1932.

The text of the regulations governing 1932 federal farm crop production loans received the latter part of last week by S. W. Ross, of the tentative committee on Reconstruction Finance Corporation loans for Floyd County indicate that loans of 1932 will follow in procedure much the same as last year, with some restrictions and exceptions, notably that as regards the planting of cotton.

These regulations will be of general interest. Points on which there may be apparent discrepancies will be threshed out in meetings to be held at Wichita Falls, Abilene, Lubbock and Amarillo during next week. No confirmation of commitments has been received as yet out of College Station, but the following have been certified subject to approval of that authority: Central committee, W. Edd Brown, W. R. Dooley and S. W. Ross; sub-central committee at Lockney: Frank Perkins, H. B. Adams and A. P. Barker; local committees, trustees of the respective school districts of the county.

Following is the text of the department circular:

That \$50,000,000 of the amount so subscribed, and the expansion of same through the notes, debentures, bonds, or other obligations set out in section through the notes, debentures, bonds, or other obligations as set out in section 9 shall be allocated and made available to the Secretary of Agriculture, which sum, or so much thereof as may be necessary, shall be expended by the Secretary of Agriculture for the purpose of making loans or advances to farmers in the several States of the United States in cases where he finds that an emergency exists as a result of which farmers are unable to obtain loans for crop production during the year 1932: Provided further, That the Secretary of Agriculture shall give preference in making such loans or advances to farmers who suffered from crop failures in 1931. Such advances or loans shall be made upon such terms and conditions and subject to such regulations as the Secretary of Agriculture shall prescribe. A first lien on all crops growing or to be planted and grown, shall, in the discretion of the Secretary of Agriculture, be deemed sufficient security for such loan or advance. All such loans or advances shall be made through such agencies as the Secretary of Agriculture may designate, and in such amounts as such agencies, with the approval of the Secretary of Agriculture, may determine. Any person who shall knowingly make any material false representation for the purpose of obtaining an advance or loan, or in assisting in obtaining such advance or loan under this section shall upon conviction thereof, be punished by a fine of not exceeding \$1,000 or by imprisonment not exceeding six months, or both.

Loans for crop production will be made in the several States of the United States where the Secretary of Agriculture has determined that an emergency exists as a result of which farmers are unable to obtain loans for crop production during the year 1932 from any other sources. These loans may be made to such individuals in such States as are found by the Secretary of Agriculture to have acreage fit for seeding and who are without means to purchase the supplies necessary for crop production during the year 1932.

No loans for crop production in 1932 will be made to any applicant in excess of \$400. The total amount of loans to the tenants of any one landowner in a single county shall not exceed \$1,600. Loans for crop production in counties where fertilizer is not commonly used will be made at rates per acre based on the approximate cost of the supplies required, but in no case in excess of \$3 per acre, except for truck crops, including potatoes and sweet potatoes, for which loans will be made in amounts not in excess of \$12 per acre. Loans for the purchase of fertilizer will be made only in those counties where its use is deemed necessary by the representative of the Department of Agriculture. Loans in such counties will be based on the approximate cost of all the supplies necessary for crop production, including fertilizer, but in no case in excess of a total amount of \$6 per acre, except for tobacco, on which the maximum rate is \$10 per acre, and truck crops, including potatoes and sweet potatoes, on which the maximum is \$20 per acre. Not to exceed \$1 per acre of loans for crop production made at any of the foregoing rates on the acreage of crops included in the mortgage or crop lien given to the Secretary of Agriculture, as hereinafter provided, may be used for repairs and miscellaneous expenses of crop production other than seed, fertilizer, feed for work stock, and fuel and oil for tractors used in crop production. In addition to the foregoing, loans will be made in amounts not to exceed \$2 per acre for the purchase of materials for spraying and dusting to protect cotton and tobacco from insects and plant diseases; \$4 per acre for spraying and dusting truck crops; and \$25 per acre for fertilizer and spraying and dusting materials for bearing fruit trees and vineyards. The right is reserved to make loans at rates lower than the foregoing maximum allowances. Applicants must agree to use seed and methods approved by the Department of Agriculture through its local representatives. Applicants must also agree to plant a garden for home use and a sufficient acreage of feed crops to supply feed for their livestock.

No loans will be made to any applicant who has a means of livelihood other than farming, nor to any applicant who did not operate a farm in 1931. No loans will be made for summer fallowing. Loans will not be made for a total acreage of crops in excess of the average of the acreage planted by the borrower in 1930 and 1931. Loans will not be made for the purchase of machinery or livestock, or for the feeding of livestock other than work stock used in crop production, or for the payment of taxes, debts, or interest on debts.

No loan will be made to any individual or to the tenants or share croppers of any landlord to finance or assist in financing the planting of an acreage of cotton or tobacco in excess of 65 per cent of the acreage of such crops planted by such individual or by the tenants or share croppers of such landlord in the spring of 1931, and unless such individual or landlord agrees that he will not have any interest whatsoever in any such crops in excess of 65 per cent of the acreage of such crops to which he had an interest in 1931: Provided, That the foregoing shall not apply to the farmer, tenant or share cropper who, in 1931, planted not more than 10 acres of cotton or 3 acres of tobacco.

Application for loans for crop production purposes during the year 1932 shall be made on the official form of application prescribed and furnished by the Secretary of Agriculture and shall describe the particular acreage to be sown or on which the fertilizer is to be applied. Such application shall be investigated by the Secretary of Agriculture through such agencies as he may determine, but the approval or disapproval of the application shall be by his authorized representative. Approval may be for a less amount than that applied for.

The amount approved for loan pursuant to these regulations will be paid by a temporary special disbursing agent to the applicant, upon receipt and approval by the designated representative of the Secretary of Agriculture of the following documents:

(a) Application on the form previously specified in this circular signed by the applicant and verified by the designated representatives of the Secretary in the county in which the applicant is located.

(b) Promissory note, fully executed by the applicant, for the amount of the loan, payable to the Secretary of Agriculture, on or before November 30, 1932, with interest at the rate of 5 1/2 per cent per annum, in the form prescribed and furnished by the Secretary of Agriculture. Applicants in North Dakota, Minnesota, and Montana who apply for loans for both seed and feed and/or fuel and oil for tractors will execute two notes, one in the amount for seed and one in the amount requested for feed and/or fuel and oil for tractors.

(c) Crop pledge in Louisiana; seed lien in Minnesota, Montana, North Carolina, North Dakota, and Virginia; promise and authority in Colorado, Delaware, Illinois, Kansas, Kentucky, Maryland, Massachusetts, Nebraska, New York, Ohio, Rhode Island, and Wisconsin; and crop mortgage in Alabama, Arizona, Arkansas, California, Florida, Georgia, Idaho, Indiana, Iowa, Maine, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Jersey, New Mexico, Oklahoma, Oregon, South Carolina, South Dakota, Tennessee, Texas, Vermont, Washington, West Virginia, and Wyoming, upon the crop growing or to be grown on the land described in the application for 1932, in favor of the Secretary of Agriculture, duly executed by the applicant in such manner as to entitle it to filing, and securing payment of the above-mentioned note and containing a provision authorizing the Secretary of Agriculture, through a representative designated by him, in the event the applicant fails to protect and at the proper time to harvest the crop mortgaged, to enter upon the premises and harvest the same, and to sell the crop to satisfy the lien of said mortgage and expenses incurred thereunder from the proceeds of the crop. Crop mortgages, pledges, or liens shall be executed on forms supplied by the Secretary of Agriculture and shall be filed in the proper office under the State laws applicable. These instruments shall be prepared and signed in duplicate, except in North Dakota, South Dakota, Montana, Minnesota, the original being fully executed and both copies transmitted with the application. In the four States mentioned, the proper document must be prepared in triplicate, one copy to be retained by the applicant. As the laws of Colorado, Delaware, Illinois, Kansas, Kentucky, Maryland, Massachusetts, Nebraska, New York, Ohio, Rhode Island, and Wisconsin require that a crop must be planted and growing before a legal crop mortgage can be given, applicants living in those States must sign an agreement to execute and deliver a crop mortgage on growing crops at the proper time. The crop mortgage, therefore, is not required from applicants for loans in such States at the time the application is filed.

If the applicant for a loan is a tenant, or is farming land under contract for deed or so-called crop contract, or has given a prior mortgage on his 1932 crop, he must secure the waivers of the actual owners of the land, his landlord, and/or all prior mortgage holders in the space provided on the mortgage form for the purpose. If the applicant is the owner of the land and farms it with tenants or share croppers, waivers of such tenants or share croppers must be secured in the space provided on the mortgage form for the purpose. If the applicant leases the land from another and in turn operates it with tenants or share croppers, waivers of both the actual owner of the leased land (unless the rental of said land has been paid) and of said tenants or share croppers must be secured in the space provided on the mortgage form. In all cases where waivers are required the person waiving must certify that at the time of signing such waiver he is in actual possession and owner of any rent note, mortgage, land sales contract, or other paper and must enter into an agreement on this form that he will not assign, transfer, hypothecate, or sell such security without first having secured the written consent of the duly authorized representative of the Secretary of Agriculture; and further, that

On the evening's program Mrs. A. D. Cummings, of Floydada rendered a beautiful violin solo, a Spanish serenade, and as an encore she gave "Smilin' Through." Mrs. G. R. May accompanied her at the piano.

A vocal solo by Miss Blanche Ram- sey, of Harmony, drew hearty ap- plause from the large audience and she was called back for an encore. She was appropriately dressed in a Martha Washington costume. Her mother, Mrs. M. D. Ramsey, accom- panied her on the piano.

In her fine talk Mrs. Sloneker said in part: "There are two mis- sion fields—one at home and one abroad. If we are in the place where God has called us that is where we can do the most good. Be faith- ful and always be at your post." She expressed her pleasure with her new work in the district.

Mrs. M. Carr expressed the senti- ments of the Harmony people at the conclusion of the evening when she said, "We have all worked togeth- er as one group to have this banquet and we were glad to have you."

The program was closed with prayer by Rev. White.

Tickets to the banquet were sold for 25 cents, the proceeds going to the Missionary Society fund to make it possible for every woman in the community who desired to be a member join in the work.

The program began at 8:20 and was concluded at 11 o'clock. A group of about twenty-five attend- ed from Floydada.

ALLIGATOR GAR DISPLAYED ON STREETS HERE SATURDAY

Display of the skin and head of an alligator gar caught at Monroe, Louisiana, in a net was the object of interest on a down-town street Saturday morning. Mack Davidson, who had just returned with his wife and three sons from a trip to Louisiana and Alabama, had the "exhibit" on the front of his car and had brought it to West Texas to show his friends. The "fish" had a broad head similar to that of an alligator with sharp dog-like teeth.

Before it was skinned the gar weighed 125 pounds, he said. While on the trip Mr. Davidson visited his parents, Mr. and Mrs. J. J. Davidson, of Jasper, Alabama. His mother had been ill but was im- proved when he left, he stated.

They made the 2,400 mile drive and had only one flat on the trip. Excessive rains had flooded the roads in Louisiana and water was up in the business houses in sec- tions of Monroe.

Mr. and Mrs. Davidson reside at Tuco, two and one half miles north of Abernathy, the new Texas Utili- ties power station.

Membership, Interest In Women's Clubs of County Growing Fast

Four New Women's Clubs, Two Girls Clubs Organized.—Old Clubs Increase.

A count of new members in new and old Home Demonstration clubs in Floyd County, made at the meet- ing of the County Council in Floyd- ada last Saturday, shows there has been an increase in affiliation with home demonstration work of 167 in the past four or five months, and the drive for memberships has car- ried the total number of homes reached to above the 400 mark.

New clubs organized include Star- key with 38, Fairmount-Edgin with 35, Liberty with 12, and Center with 14. In addition two girls clubs have been organized recently. They are at Irick and Fairview. Satur- day the count was sixty-eight new members in old clubs.

A campaign launched recently by the women of the clubs is netting many new members. Mrs. S. J. Lat- ta is chairman of membership. In a statement Monday she gave an outline of the aims and plans for the campaign for new members, as follows:

Reach More Homes
"The aim of the Extension Ser- vice is to reach more farm homes during the year of 1932 than has ever been reached before.

"At the last meeting in 1931 the Floyd County Council voted that each member of the home demon- stration clubs would use her influ- ence in any way she could that we might enlist more in the work. The goal is to reach at least eighty-five per cent of the farm homes in Floyd County. That means some- thing near 1500 in the county to be reached by the Extension Service.

"In order to create more interest, and hoping to get more in the Home Demonstrations Clubs a membership contest has been launched. The con- test will continue on through March and April, to close the last Satur- day in April.

"The contest is to be counted on the club getting the greatest percent of new members available in the locality the club is now located. That is, counting the number of farm homes in the district the present club now covers.

"That means if there are 100 farm homes in the neighborhood of the present club there should be 85 women in that club. It is the per- cent available and not just the per- cent of new members.

"The reward of the club having the highest per cent at the last Saturday meeting in April is to be entertained by the club having the lowest per cent, the losing club to come to the winning club and fur- nishing all the entertainment."

Extending the number of clubs which the home demonstration agent may reach has been made possible, it was pointed out this week, by the fact that many mem- bers of the old clubs have been meeting clubs on their dates, this releasing the agent to meet dates which had not been possible former- ly.

GO TO CONFERENCE

Rev. I. A. Smith and Rev. F. O. Garner will return home Friday from Oklahoma City where they have been in attendance at the annual Missionary Conference of the Methodist Church. They were ac- companied as far as Wellington by Mrs. Smith, who will visit her daughter, Miss Leah Smith. The group making the trip included Mrs. Homer Hindman, of Welling- ton, who was returning home after a visit with her parents, Rev. and Mrs. Smith and Miss Frankie Doris Smith, who has been spending the past six months here with her par- ents, Mr. and Mrs. H. T. Smith. Miss Smith will be a guest in Okla- homa City of her sister, Mrs. W. L. Porter, and family, and her brother D. B. Smith.

A Farmer's Life

"As He Lives It"

BY ED HOLMES

Have you got the Hoover habit yet? He is probably the daddy of more inventions than anybody. You know the old saying: "Necessity is the mother of invention!" Hoover seems to be the mother and daddy both. His latest that I have heard of is the new type lamp chimney. It's an empty fruit jar with the bottom knocked out! The funny part about it is it will absolutely work. Of course we could buy a regular chimney but we use the jar just to be in style! We just accidently had some empty jars.

Such weather I have never seen! The only thing it is just too good to last. There has never been a day this winter that you could not find green grass in the pastures. Price Scott says he considers we have the best prospect for a crop since 1905. Mr. but he is old. I can't remember that far back, but this is the finest I can remember.

Here is a freak of nature or something. A man in this com- munity had a sow to farrow 12 pigs, she saved them all but he killed 4 of them in order that she might grow eight good ones. Well pretty soon another sow farrowed a large litter and killed them all herself but one! Well he took the one and gave it to the other sow.

This is a very good reason that as near as possible, you should have at least two sows farrowing together. If you have had luck with one and save a bunch from the other, just divide them up.

There is really no such thing as bad and good luck. If you watch and care for your sows you will not lose all the pigs. I will not ask you to sleep at the hog pen, but don't mind telling you that I have. Thir- teen nights on a stretch is the most I have ever slept or pretended to sleep while I watched the pigs. I have an army cot that comes in handy. If you want to save large litters bad enough, you will be glad to sleep down there.

I have individual hog houses that are moved to clean fresh ground at every farrowing season. Sleeping in the pure open fresh air is not bad at all. If pigs are worth feed- ing at all, they certainly are worth your good care at farrowing time.

At another time I will tell exactly how all of my individual hog houses are made. Many different farmers have heard of them and come several miles to see how they are built.

Are the cut worms or rabbits or something eating up your wheat or barley around the edges? They were mine. I will tell you how I got back at 'em. I planted them some more! I would rather make just a little on the ground than have it grow up in the spring in weeds.

I am not certain just what this was ruining mine. Yesterday when I re-planted the blankspots, near the edge of the field, I found a golf ball. A real golf ball! I guess the country club is to close or else they don't have a fence around it that will hold those animals.

Tom Elliott from Petersburg called wanting to know if we had started to playing baseball this summer yet? They are already working out! The early birds may catch all the worms but as yet I haven't caught the BB fever.

Just received a nice letter from Gordie Hanna, a kid friend of mine, writing from Rio Vista, California. He is connected with the University of California. He has about 100 acres of asparagus in experimental work. He says they have no rain there from about the 15th of April until the 1st of November. Of course they irrigate. Maybe you will be interested when he says, "this is a Hobo Paradise."

The class B tournament at Lock- ney last Saturday was another victory for Sand Hill. There was some good competition but three personal fouls each for a few players gave

Sand Hill the victory in short or- der.

Does your chickens get in the garden and eat it up? Many peo- ple will not keep Leghorns because they fly to high! There is always some remedy for high fliers. (Yes any kind.)

Here is one for White Leghorn chickens. Clip the feathers off one of their wings, then clip all of the tail feathers off that grow on the same side. When they try to fly, they get about three feet high then fall on the side where the feathers are missing! They just can't bal- ance themselves. As far as we can tell it does not set them back as far as egg production is concerned. Common sense will tell you that if they can't fly so high, they will be easier to get along with and will come a little nearer getting down to real business.

Don't imagine that the cow, egg and hog farm is a super-human in- stitution that you should be afraid of in any way. We still milk the hogs, slop the chickens and gather up the eggs from the cows—or something like that, just the same as the regular farmer does.

We want to mix with our friends here at the farm and other places, same as before I found out that my name stood for the fruit that you gather up from the feathered fowls and two of the animals of the hairy tribe. It is just my hard luck that my name stands for all this so please don't let it make any differ- ence between us.

If I can ever be of any help, don't fail to pass around the hat—excuse me. Maybe I can think a little more clear next week.

McCoy CLUB GIRLS MAKE MONEY SELLING POP COEN

Making a little money for their club treasury by selling pop corn at the community plays is a success- ful plan that has been adopted and worked successfully this winter by the McCoy Girls' 4-H Club. A re- port from the club states that \$5.82 has been cleared from the sale at four plays.

J. H. McGehee, Former Resident Floyd County Died In California

(Special to Hesperian) Ontario, California, Feb. 26.—James Hiram McGehee, pioneer Floyd County, Texas, resident, age eighty-four years three months and fifteen days, passed away at the home of his daughter Mrs. L. R. Nichols at 527 Nocta St. Ontario, California, on February 23rd.

Mr. McGehee was born at Bas- trop, Texas, November 8th, 1847, and at the close of the Civil War settled in Salado, Bell County, Texas, where in 1871 he married Miss Josephine Aiken, who survives him. He is also survived by the follow- ing children: Wm. McGehee, Santa Ana, California, Mrs. L. R. Nichols, Ontario, California, Mrs. L. S. Ken- nedy, Olton, Texas, J. H. McGehee, Jr., Macamey, Texas, and Mrs. Mirtle Robinson, Long Beach, Cal- ifornia.

Mr. McGehee left Bell County in 1889 and settled near Lockney, Floyd County, Texas, in February 1890, before the organization of Floyd County, where he was an honored citizen for many years and contrib- uted largely to the development of Floyd County.

He came to California fourteen years ago and located in Ontario, which has since been his home.

MILLIONS OF POUNDS USED BY OUR GOVERNMENT

CHURCHES

FIRST BAPTIST CHURCH

Dick O'Brien, pastor
The attendance at our services approached normal last Sunday with 346 in the Sunday school and 139 in the B. T. S. The preaching services were also well attended.

We are beginning an attendance contest in the down town Bible Class. The rules, conditions and duration of the contest will be announced next Sunday morning by president Travis Collins. We want it understood from the beginning of this membership and attendance drive that there will be no effort made to win members from other Sunday schools or Bible classes. But if you are a man or boy in or near Floydada and not now enlisted in a Sunday school class we will be after you.

All regular services at the church next Sunday, as far as we know now.

CITY PARK CHURCH OF CHRIST

John M. Rice, Evangelist
Has recovered from a serious operation and announces that he will be back in the pulpit at the City Park Church of Christ next Sunday morning and night.

The regular services of the Church is Bible study 10 to 11 A. M. Preaching 11 A. M. Young Peoples services 6:30 P. M. Preaching at 7:30. Everybody is invited to attend. Bible study at Campbell at 3:00 P. M. every Sunday.

CHURCH OF THE NAZARENE

Rev. N. E. Tyler, pastor
A good day over the Sabbath; three professions at the 11 a. m. service. Remember you are welcome to worship with us. We invite you to come regardless of financial embarrassment. Come let's worship together. Prayer meeting Thursday night, Tom McLean leader.

Nazarene Young People's Society meets at 6:30 p. m., Esther Hearing, president. Sunday School 10 a. m., Price Scott superintendent; preaching 11 a. m., 8 p. m., by the pastor. Our subject for the 11 a. m. service, Pentecost and Tongues as taught by the Bible. Come and hear this. Our motto: "Kindness and love to all."

As pastor of the Church of the Nazarene I wish to clear up some things that seem to be struggling in the minds of my Floydada friends. First, there seems to be a question as to whether Nazarenes are in sympathy with the tongues movement and another question asks are we well organized and systematic?

ed people. Now we are a systematized, well organized people.
The Church of the Nazarene was organized by B. F. Preese, D. D. in October 1895 at Los Angeles, California, with 135 charter members, a preacher, body of two elders, without one penny worth of property. We now have up until January 1, 1932, a total of 99,127 members. We received 20,999 in 1931. We have a body of 2,304 elders and 1,031 trained ministers. We have 7 colleges in the U. S., one in Canada and a branch college in Japan valued at \$1,783,970.

We have 1,456 church buildings and 632 parsonages valued at \$11,103,480. We have a publishing house and headquarters at Kansas City, Missouri, valued at \$409,756. We have rescue homes and hospitals valued at \$175,000.

We paid in our own work last year \$36.35 per capita or over three million dollars. We own a total of \$13,457,706 worth of property with an indebtedness of 25 1/2 per cent.

And in regard to us being in any way connected with the tongue movement we positively are not in any way connected therewith. We are out for the good we may be able to do with no apologies to offer, no compromise for all the Bible without fear or favor. We have 4 general superintendents with 48 districts with district superintendents.

Adeline—Yes, I always aim to have enough to pay the taxi bill home.

My Adventure in Mexico
(By Beulah Francis Shirey)
My Uncle Henry is a land speculator. He had worked at this position a number of years and knew the work very well.

He was visiting our home one summer when he received a telegram from his company saying that he was to go to Mexico and look over the land that that company was going to buy.

It seemed that Uncle Henry was very fond of me so he asked daddy and mother if I might go along with him to Mexico. He had to give a number of reasons why I should go to persuade mother to let me go.

As a matter of fact, I had to do a great deal of shopping before I was to start for Mexico.

Finally everything was ready, so we started for the train. When I reached the train, we first had to buy the tickets. When we started to get on the train, we kissed all the family good by. It was then that I had almost changed my mind about going, because mother was

cries like she thought I was never coming back and my little sisters were crying because mother was. It was quite sad.

After kissing everyone good bye, we ran to the train, for it was starting.

When we had ridden for four hours, we came to Brownsville, Texas, just across the border of Mexico. We stayed there all night because we were too tired to travel on.

The next morning we were up bright and early ready to start. We first ate breakfast in the dining room of our hotel. It was very beautiful with marble floors and walls. I was so startled by its beauty that I stopped still. A waiter came up to us and escorted us to a table. We ate so many kinds of food that in reality were only scrambled eggs and bacon, but had a funny name like "French la Eggs," etc.

The following day we came to a low sandy hill that had so many rattle snakes in it that you could see them crawling. I was really glad to get away from the region. After reaching Mexico City, we had to ride horses for about twenty miles. We started about five o'clock the following morning and rode through cactus with long stickers on them. I asked the guide what that funny odor was. He told me that it was the sage that we were riding through. Far off in the distance we could see mountains rising above the horizon. The guide told me that we would soon be in them if we kept up the rate we were going.

We stopped that night just before reaching the first mountain which did not look so beautiful with its rugged rocks and great boulders that looked as if they were human beings turned into stone. I asked the guide if they would be that way all the way. He said they would, only larger.

After the sun had set and dusk was falling, I again looked at the mountain and was so startled by its beauty that I actually jumped as if I had seen a ghost. I would like to describe it but I do not have the vocabulary. I had always wanted to see the mountains at sunset. I had never dreamed it was so beautiful. Then the dusk turned into night; the birds stopped their singing; the eagle went back to its nest on top of the rocks; the insects stopped their humming and in their place the coyote howled while others answered the call and the owl hooted for its companions.

We cooked supper over a fire that blazed in the open with the smell of cottonwood burning. For supper we had rabbit that one of the peons killed, bread, and gravy that was made from the rabbit. It tasted very good since we had a very sharp appetite from riding all day long.

We finally wrapped ourselves in our blankets, discarding nothing but our boots, for the night was chilly.

The next morning we arose before the sun came up so we could see it send forth its early glow. It was very beautiful with the red clouds reflecting on the mountains making them look red.

We traveled on for about six miles and came to a mountain called the "Wild Cat mountain." The guide told me a beautiful story about how the mountain got its name. We traveled on and came to a place called "Buzard Pass" which didn't smell so good. We then came to a place that was called "Devil's Pass." I was told that five men held the pass while some outlaws were trying to escape.

We finally came to a ranch that was called "B Bar Circle."

To my surprise this was the place we were looking for. They were expecting us, however, so we were welcomed. My Uncle Henry and I dismounted at the gate where we were received by an elderly looking man with gray hair, faded blue eyes. He was very tall and straight. He escorted us into the house to meet his wife and daughter who were standing at the door.

He introduced us. Edith this is Miss-ah-ah Francis Shirey," he said.

"And this is her Uncle, Mr. Nutt," "Gladio-meetyu," she replied.

She then showed me to my room which was very pretty with the old fashioned chairs and table and on the floor it had a very beautiful Indian rug which was all colors.

I was then told to dress for dinner which was nearly ready.

West Texas Farmers Burn Corn

Here is George W. Magness, Farwell, Texas, farmer, who concludes it is cheaper to burn his own corn, which he could sell for \$4 a ton, than it is to buy coal at \$10 a ton. He lives about eight miles out in the country and would have to truck his corn to town and the coal back. Many West Texas farmers are burning corn to heat their homes this winter.

surprised to find a boy about sixteen waiting to be introduced. His name was "Phillip."

He said, "Glad to know you," a little more distinctly than the girl had. But before supper was over we were all fast friends, talking and laughing together.

Phillip, who was called "Bill" was very funny and conversed better than any boy I have ever heard.

They all seemed sorry at our departure and I truly was sorry to leave because I had had a nice time there.

They made me promise that I would visit them the next summer.

RECIPES AND MENUS

Pickled Pigs Feet

Clean pigs feet carefully. Place in pressure cooker. Add water and process under 15 lbs. pressure 40-60 minutes. Remove from cooker and place in stone jar; weight and cover with spiced vinegar made as follows:

- 1/2 gallon vinegar (pure apple cider)
- 1 1/2 tablespoonfuls of celery seed
- 1/2 cupful of grated horseradish
- 1 cup sugar
- 1 1/2 tablespoonfuls of mustard seed

- 1 tablespoon of salt
- 1 onion ground fine
- 1 teaspoon whole cloves
- 1/2 stick cinnamon

Mix all dry ingredients, tie in a bag, add to vinegar and bring to the boiling point. Cover and let spices infuse for one or two hours. Remove the bag of spices, heat and pour the vinegar over the feet. They may be packed hot in enamel cans and processed under 15 lbs. pressure; No. 3 cans 60 minutes.

Plain Roast, Steaks and Chops

Prepare roasts, steaks and chops the same as for pork.

Rolled Roast

Rolled roasts are usually prepared from the forequarters of beef or lamb. Remove all bones before rolling and tying. Cut in lengths which will fit into the cans when seared. Process under 15 lbs. pressure. No. 2 cans 60 minutes, No. 3 cans 65 minutes.

Swiss Steaks

Cut round steaks 1 inch thick and sear. Cut in pieces which will fit into the cans, using for cutter a can which has been cut and not re-flanged. Pack into cans. Sprinkle each piece with chopped onion and green pepper. Mix 2 tablespoonfuls bacon drippings, 1 tablespoonful of browned flour with 1/2 cup of hot tomato juice and add to each can. Finish, covering with hot tomato juice. Seal and process under 15 pounds pressure; No. 1 cans 40 minutes, No. 2 cans 45-50 minutes.

Stew

Generally the thin, muscled pieces of meat are used for stew. Cut into cubes 1 or 1 1/2 inches thick. Cook meat until bones will slip. Add onions and salt. If tomatoes, carrots, parsnips or turnips can be had, they may be diced and added in the proportion of 1/2 cup each to each pound of meat used. Vegetables should not be added until the meat is ready to go into the can, for pre-cooking and then processing discolors them. Potatoes may be added, but since they can be preserved in their natural state or can be secured at all times, they have been omitted from this recipe.

- 12 lbs. Stew meat
- 4 tsp. celery seed
- 3 cups finely chopped onion
- 6 tablespoonfuls salt.

Fill cans, seal and process under 15 pounds pressure; No. 1 cans 40 minutes, No. 2 cans 45-50 minutes.

Meat Loaf

- 5 lbs. of meat
- 5 tablespoonfuls of bread crumbs
- 2 tablespoonfuls of salt
- 1 tsp. pepper
- 1 tsp. sage
- 1 tsp. celery seed
- 2 tablespoonfuls finely chopped onion.

2 eggs, beaten together. Use meat scraps, boil and let cool.

Grind and mix thoroughly with the seasoning. One or two cups of broth may be added, according to the dryness of the meat. Fill cans while hot. Seal and process under 15 lbs. pressure; No. 1 cans 40 minutes, No. 2 cans 45-50 minutes.

Hamburger

25 lbs. raw ground meat
3 tablespoonfuls red pepper.
1 cup salt.

Use same method of mixing, seasoning and packing into cans and processing as given under sausage.

Chili

- 15 lbs. meat
- 7 cups finely chopped onion
- 1/2 cup of finely chopped garlic
- 4 cups of fat
- 3 3/4 cups of chili blend
- 1/2 cup of salt
- 4 tsp. comino seed
- 6 quarts of water.

Melt fat and fry onion and garlic until a golden brown. Add chili and sear until white, then add chili blend, salt, comino seed, and water. Cook until consistency to serve. Fill cans within 1/2 inch of the top and seal while hot. Process under 15 lbs. pressure; No. 1 cans 40 minutes, No. 2 cans 45-50 minutes.

Hash Meat

Place bones in cooker, with 2 quarts of water. Steam until the meat will slip. Remove the meat from the bones, pack into cans and cover with the strained broth. Process under 15 lbs. pressure; No. 1 cans 40 minutes, No. 2 cans 55 minutes.

Soup Stock

Skim excess fat from broth. Strain, heat and pour into cans. Seal and process. If bones are cooked in the pressure cooker as given above, broth will not need to be concentrated. If covered with water and boiled in open kettle, the broth should be boiled down until it will congeal when cold. Process under 15 lbs. pressure; No. 1 cans 35 minutes, No. 2 cans 40 minutes.

Braises

Soak in several waters to draw out the blood. Remove the membranes. Fry in hot grease. Sprinkle with salt and pepper. Pack into No. 1 cans. Add two tablespoonfuls of fat, seal and process under 15 lbs. pressure 60 minutes.

Sweet Breads

Clean and soak in several changes of cold water for about 2 hours. Drain and boil for about five minutes in salty water. Pack into cans and add about 4 tablespoonfuls of hot water, seal and process, or boil in butter or bacon drippings, add 2 tablespoonfuls of fat in which they were broiled, seal and process under 15 lbs. pressure; No. 1 cans 40 minutes, No. 2 cans 50 minutes.

Chicken Giblets

Clean and prepare the livers, gizzards and hearts. Wash all blood clots from heart. Cook in a vessel separate from the rest of the fowl because flavor of the liver diffuses with all the meat when canned together. When cooked until tender, remove all giblets. Pack into cans, cover with broth to make 11 oz. net. Seal and process at 15 lbs. pressure. No. 1 cans 40 minutes, No. 2 cans 45 minutes.

W. B. CRABTREE IMPROVED

W. B. Crabtree, pioneer Floyd County resident, who has been seriously ill at the home of his daughter, Mrs. Tom Jernigan at Center, is much improved this week, it is believed.

Pneumonia in the lungs, which developed early last week, has disappeared and the patient is taking nourishment satisfactorily, Dr. W. M. Houghton, attending physician said this morning. Mr. Crabtree is 82 years of age.

MAKING CITY ASSESSMENTS

Mayor W. C. Hanna is making assessments of city property for the 1932 rendition rolls, having been commissioned as a deputy by Assessor and Collector S. E. Duncan, who has an overload of detail work in his office.

The assessments have been in progress for the past two weeks, and a considerable proportion of the resident property taxes already have been collected, Mr. Hanna said.

Community Party Given at Jeters
A party was given at the home of Mrs. W. M. Jeter on February 24, for the young people of this community. A large number from this community was present and also from Pleasant Valley community.

Everyone reported a very nice time and all are looking forward to another frolic some evening at Mrs. Jeter's home.

Valentine Party

Mrs. Strickland and Mr. Chapman entertained the 7th, 8th, 9th and 10th grades February 16, with a Valentine party. There were many interesting games played. The hearts of the boys were pinned to a sheet, and the girls took cupid's bow and arrow and shot them. The boys' heart that the girl shot was to be her partner the rest of the evening. The girl that did not shoot a heart will be an old maid. There were several old maids.

Other games that were played were, "Barn yard mic mics," and "Monkey." Besides these games there were a number of contests.

After the games, refreshments, consisting of pink iced cookies and hot chocolate were served. Everyone had a very delightful time.

Mr. Cates—So you interviewed Ruth's father last night? Did you make him toe the mark?
Lee—Yes, dad but I was the mark.

Everyone that wishes to see a good game of play ground ball on Friday, March 4, 1932. Come to Sand Hill, for Andrews ward and Sand Hill juniors will play both boys and girls.

Sand Hill Girls Won in Tournament Saturday

Sand Hill basketball team feels very encouraged this morning from the games Saturday.
At ten o'clock Saturday morning we drew Aiken and played the second game. We defeated them by the score of 25 and 8.

Saturday afternoon we played Lakeview and defeated them by the score of 25 to 8.
There was quite a number present to see the games. All seemed to enjoy them.

At the beginning of each game Saturday the team in vivid black and orange marched on the court with the mascot in the lead and started the game off with some snappy yells and songs.

A few days before the tournament, Sand Hill girls played a practice game with the Baker and Dougherty outsiders. They won the game by a small margin.

Sand Hill is to play McCoy at Lockney March 1. The winners of this game will be county champions in basketball for the year of 1932.

Chapel Program
We have been having some very interesting chapel programs this month. Miss Meredith pupils had some educational dialogues. One was "The value of a penny." If we had all known the value of a penny several years ago we would have had more pennies to rattle now.

Mrs. Phillips pupils also had an interesting program. They had a "Good English Dialogue that was exceptionally good.

Miss Hanna's room had some very snappy numbers about George Washington. They also had some good ifs.

Mrs. Strickland's room has charge of the chapel program this week and we are expecting a good one.

We use the plan of rotation for chapel each week, each room staging a program every five weeks.

Committee Named at Lockney Mass Meeting to Work with Committee

Speakers Declare 50 Per Cent Cut Possible

Commodities Selling Low, County Officials Can Be Obtained Cheap, Too, Citizens told

A committee composed of R. E. L. Muncy, Geo. T. Meriwether, and K. Sammann, was named by Dr. Joe McCollum, chairman of the mass meeting of citizens of the north part of the county held in Lockney Saturday, to co-operate with the Floydada committee in its efforts to obtain lower tax rendition values for the current year, and a determination to fight through the plan for a reduction of fifty per cent in the county tax bills was expressed. The meeting, held in the city auditorium, was attended by approximately 250 taxpayers and citizens, including some of the largest taxpayers in the county. The group was organized by the selection of Dr. McCollum as chairman and H. B. Adams as secretary.

Shipley Makes Report
D. D. Shipley, a member of the Floydada committee, named at a mass meeting in Floydada, told of the work and investigations of this committee and their certain belief that the taxes of the county can be cut in half without crippling the efficiency of the county government. He compared salaries of the county in 1913 and 1931. At the former date, he said, salaries totalled \$4,700 per year, whereas he said present salary budget of the county is \$23,000 per year. Commodities, he said, are selling at 15 to 40 per cent of their 1913 value at this time and "it is right for all to face this situation." Citizens of the county have got to elect men on the economic side of the question, he said. We want to continue our county government and our schools, but we must operate on an economic plan to avoid bankruptcy was his declaration, and he urged the voters present to sound out and pledge their candidates to this program before the time for election, rather than afterward, and said "If he doesn't talk the economy plan be-

fore the election, you can bet he won't afterward."

Col. W. M. Massie and R. Fred Brown, of Floydada, made talks, as did K. Sammann, H. J. Ratjen, J. L. Biggs, R. E. L. Muncy and R. C. Bennett. The latter declared himself in favor of the plan of "justice to all," and referred to his refusal to pay taxes for 1931 on the basis at which his property was set by the board of equalization last July. R. E. L. Muncy pointed to the heavy tax payments going to the state from this county, which he said are out of proportion to taxation for state purposes compared with those of neighboring counties and of rich counties downstate. This is occasioned by a rendition value set entirely too high, he declared. Floyd County is paying nearly double the amount Hale County is paying into the state treasury on this account, he said. K. Sammann said the tax bill for land in Swisher County is only one-half the bill for land in this county.

Sure To Succeed
Col. W. M. Massie, in the longest address of the afternoon, expressed the utmost confidence that the demand for reduced taxation would succeed. "Sure it will succeed when the people ask for and demand it," he said. In setting up his basis for the estimate that a reduction of fifty per cent can be obtained the colonel declared that reduced valuations would automatically cut the salaries of officers working on commissions, and said the county can obtain officials as capable as the present officials for forty per cent of the present salaries. "What are you getting for your eggs, cream, wheat, your jersey cows and your wheat?" he asked his audience, and answered his own question by declaring that if the farmer is getting forty per cent of the regular price for his products he can also obtain officials at the same figure. He indicated his belief that five men in the audience (composing a judge and four commissioners in the court) "could get the job done." \$5 per day for an average of fifty days of work per year, he expressed his belief as about the right figure for a commissioner to draw from the county's revenues. The present

basis of pay is \$1,800 per year. He said the schools could be handled on a reduced valuation basis simply by cutting school expenses and the teacher salaries. A reduction of fifty per cent in valuations will automatically cut the state tax bill in half and at the same time would automatically cut the salaries of commissioners from \$1,800 per year to \$5 per day, he said. The saving in commissioner salaries, alone, he said, would thus be \$6,200 per year. In connection with the problem that would arise in the operation of the schools the colonel said that while the cut to one-half in valuations would cut the available fund, it would in no wise affect the state apportionment or the income from the county's permanent school fund.

Render At Half
Last year's valuation for taxation of average plains land, Mr. Massie said, was \$13 per acre. He advised his listeners to render at \$6 per acre "and stand pat. Let your commissioners understand you are going to have a fifty per cent cut and then go to the equalization board with it," he advised. "Don't dodge your taxes, render all your property fairly, but fight for your rights to the last ditch."

He then called for a vote of those who believed the reduced valuations, carrying a fifty per cent cut should be made, and practically a unanimous house rose to the proposition. The opposite vote was put and none stood up. Then he called for a vote of "all those who propose to stand by this and render their property on a fifty per cent basis," to which a similar practically unanimous vote was accorded. "Don't fuss with your commissioners," he admonished, "But talk with them." The colonel is an apt manufacturer of phrases and at one time referred to the period of the past several years as a time of "educational boom." "We have all kinds of booms and we have had an educational boom. And while I believe in education I also believe in homes and clothes to wear and food to eat."

Suggests Precinct Conventions
A. G. Barton, of South Plains, made the suggestion that these assembled go into an organization, pledged to name candidates for the various offices, and after holding precinct conventions gather again in a month or six weeks and announce their slate of candidates. M. H. Ragle and D. D. Shipley praised an editorial appearing in The Lockney Beacon last week and H. B. Adams, the newspaper man "who has the nerve to say what he

thinks." R. F. Brown's talk dealt with the practical work of the local committee of investigation and urged the naming of a committee from the north end of the county. "We do not have it in for our present board of commissioners, but they are the men who have the say, and they are the ones we've got to talk to," he said. He urged the consolidation of offices and departments cutting the cost of operating schools and said it is only a matter of time until necessity will force the reduction in the percentage of government employees.

D. D. Shipley said that no formal organization of taxpayers' leagues had been attempted as yet. He said the committee is hoping for results before the election, and said that the signing of petitions may be a move made by the committee later on.

Candidate Talks
J. C. Leavens, Lubbock, senatorial candidate, declared his belief in a law that would require payment of taxes according to the interest in the land as shown by tax records, including vendors' lien and mortgage lien notes. Texas has forty-two billion dollars in values, worth twenty-five billion on a taxable basis. Of this four billion pays the tax bill of the state, while twenty-one billion escapes taxation. These figures, he said, were obtained from a Texas Technological College professor. He also said he desired to see all incomes \$5,000 and over pay a state income tax.

A. B. Tarwater, representative of the 120th district which includes Floyd County and a candidate to succeed himself, said that in fights to hold down taxes the representatives at Austin felt greatly the need for backing from their constituents. "All other interests are organized and see that the representative gets their side of matters very particularly, while the general unorganized public is not able to do so," he said.

SAND HILL 4H CLUB

4H Club girls of the Sand Hill community met in the club room last Wednesday morning in the regular meeting.

Miss Faulkner was present and gave interesting talks on the bedroom and clothing. Work was assigned to the clothing demonstrator.

The next meeting will be held March 16 at which time, "Plan storage for clothing" will be studied.

SAND HILL H. D. CLUB PLANS HOME-COMING ON APRIL 13 FOR MEMBERS

Home-coming Day for all members of the Sand Hill Home Demonstration Club from the time of its organization up to the present time will be held Wednesday, April 13, it was announced this week.

Plans for the program are being arranged for the all-day celebration.

WARDROBE DEMONSTRATION GIVEN SOUTH PLAINS CLUB

The wardrobe demonstration was given the South Plains Home Demonstration Club by Miss Martha Faulkner, county home demonstration agent, February 25 at the home of Mrs. J. W. Sims with Miss Anna Sims as hostess. Fifteen members and one visitor were present.

Mrs. G. Milton will be hostess to the club at the next meeting Thursday, March 10, for an educational program.

51 ATTEND COUNCIL

Reports from clubs on the membership contest, and discussions of the Meat Show and the Santa Fe Special from A. & M. comprised the program for the meeting of the County Council of the home demonstration clubs in the district court room Saturday. A total of 51 members, representing 15 clubs, attended.

Committee reports were heard and hot beds for vegetables were also discussed. The next council meeting will be March 26.

DRAMATIC CLUB WILL MEET TONIGHT AT C. OF C. AT 7:30

Floydada Dramatic and Recreational Society will meet this Thursday night at 7:30 o'clock at the Chamber of Commerce office and

everyone interested in becoming a member of the organization is urged to attend, it has been announced by Mrs. V. Andrews, director. All members are asked to bring their monthly dues of 10 cents, she stated.

The organization will sponsor a community party Friday night, beginning at 8 o'clock in the Andrews Ward gymnasium. The games and stunts will be under the direction of Mrs. S. M. Lester, county recreational chairman.

HARMONY COMMUNITY FOLK CELEBRATE BIRTHDAY OF W. C. CLUBB FEBRUARY 28

The Harmony folk met at the home of W. C. Clubb Friday evening, February 26, and in their usual way spent a very happy time. Games and visiting with each other were enjoyed until a late hour, when refreshments were served.

Practically every home in the community was represented. The purpose of the gathering was the celebration of Mr. Clubb's 59th birthday which is on February 28. Big, little, old and young joined in on this festive occasion to pay homage and show appreciation to this good man who has resided in our midst for a number of years.

Mr. Clubb counts his friends by his acquaintances. He is not 59 years old but is 59 years young—is always interested in the promotion of community welfare, and ready to lend a helping hand wherever needed. Probably no man among us holds a higher respect or more confidence of his neighbors.

The poet beautifully expresses our opinion of such a person in the following:

I like the man who faces what he must with step triumphant and a heart of cheer;
Who fights the daily battle without fear;
Whose hopes fail, yet keeps unflinching trust
That God is God; that somehow, true and just
His plans work out for mortals.

With Confidence

Texas Utilities Company pioneered in public utility service to West Texas People—and with confidence we served Floydada people with an uninterrupted electric service for sixteen years. Confidence in the integrity of the people, and confidence in the people of this great country.

One of the results of this confidence has been a policy of ever-lowering rates in the face of rising costs and raising prices of all merchandise and commodities through a period of many years.

Successor to
Holmes Bros. Hilltop Farm
In Registered Duroc Hogs
—Since 1922

To My Friends:

The youngest member of the firm of Holmes Brothers Hilltop Farm has passed twenty one years of age and on account of our mother, Mrs. M. B. Holmes being a widow, the property has been divided and the partnership dissolved. We appreciate the business or good word you have given us and hope you have profited by it. Any debt that you have against Holmes Brothers—I will now personally assume it.

I didn't know that my name stood for diversification but here it is in black and white. They might have named me with that in mind. I don't know. I was there but I don't remember. Anyway I believe in it. A good farm must have them all.

As the other boys are interested along other lines, I will continue in the Registered Duroc Business, under my own name as you see it here. I have always bought the best young boars that can be found, in order to get new blood lines and to keep the most profitable type hog for a farmer. They do not always exactly suit me but they are the best I can find. If you are not making money from your type hogs, try mine. I have sold young breeding stock, year after year, to the same good farmers and they continue to make money from them. You can do the same.

You will make more money, from larger litters by breeding your sow to Registered Sires that are properly cared for. I have two good boars and the service fee here at the farm is only \$1.00. I will breed your sow at your farm for \$1.00 plus 5¢ per mile. I can name many of your farmer friends that absolutely believe in these boars. They make money. Why not you?

The column, A FARMER'S LIFE, AS HE LIVES IT, BY ED HOLMES, is printed and given you each week through the courtesy of the Hesperian. Being a farmer and knowing what they are up against at times, I will continue to write it as it actually happens with the hope that you will get a little entertainment and a little good from it. I mean until the boss stops me.

Above all I expect to make my word good. If it is considered good now, I will try to make it more so. Now I am ready to go to work.

Yours truly,

Ed Holmes

AN OLD ADAGE

There is an adage in the cotton trade so old it is hoary, which goes "Never bear the tail end of a big crop." If it be a true adage, and they have ways of being true in the long run because based on human experience of the centuries—if this be true now is the time to buy cotton, likewise now is the time to buy cotton goods.

It is freely predicted that cotton mills are not going to sell as cheaply this fall and next year as they have been selling. For the simple reason that the sales made during the past year were made under the cost of production. Mills will stay shut down or operate at a profit for the reason that it is more profitable not to manufacture at all than to manufacture at cost. Recently, it is said several Lancashire mills in England re-opened, indicating the belief there that the bottom had been reached.

SEVENTY YEARS RECORD

While all the business signs probably point the other direction, the fact that cotton, the nation's basic non-perishable commodity, has been lower the past year than for seventy years previous, is a good omen for business in the cotton belt during the year of 1932.

Cotton is in a substantial position, or ought to be, for two other reasons. The first of these is that there is no speculative long interest of considerable consequence, and the second is that there has been no demand for cotton apparently except from consumers themselves. The speculators have got a lot of cutting first and last, but when they get in the market again it will be a sign of the return of good times and they ought to be getting in during the next few months.

SETTING THE STAGE

The Hesperian, several weeks ago, ventured the opinion that the elements of inflation are being rapidly assembled. They are almost ready to function, it now appears.

Nearly four billions of dollars have been or are being poured into the channels of business by big business and the federal government. This money, together with hoarded money, which will be coming out of its hiding place during the next few months, is going to produce inflation.

With business practically paralyzed, as we are gravely informed by learned gentlemen, talk of inflation and boom and speculation sounds absurd possibly. But they are inevitable, almost, we feel.

REDUCED THE BUDGET

An interesting notation comes from the College of Industrial Arts at Denton, in which it is stated the budget for the next year has been reduced \$30,000 the saving being passed on to students through reduced fees. The reduction was voted by the board of regents.

While it is not known what percentage of cut \$30,000 constitutes of whole bill for operating the ensuing year, the mere fact that a cut was officially made, is an interesting reading. These are the public schools and do are tremendously interested to the public, which wants public bills cut—in fact, simply demands that they be cut.

The most worthwhile things in life are the things that cost no money, such as truthfulness, honesty, integrity, love and kindness. All these are unpurchasable commodities, yet may be had by all who seek them diligently enough.

Clipped Paragraphs

Bernard Shaw says he is a Communist but he hopes the capitalistic system will last during his life time. Shaw has accumulated considerable money writing against capital.

A robber entered an Arkansas newspaper office and took away the \$5,000 pay roll from the cashier. Afterwards he was found to be the brother of one of the linotype operators, who restored \$4,000 of the stolen money.

Toast: Champagne for my real friends and real pain for my sham friends.—Mrs. Allen.

J. V. Daniel down at the First National Bank handed me a clipping the other day that has one of the most practical suggestions about "pie melons" I have seen in a long time in it. I have seen citron melons growing in West Texas and New Mexico and they thrive, believe me.

It would be fine if someone would try them out and if they "work" then one of the biggest problems in winter feeding has been solved. The clipping follows:

"The Texas Extension Service Farm News prints this suggestion, labeled, 'The Poor Man's Silo,' contributed by a South Carolina farm agent:

"Plant an acre of citron melons and gather them after the first light frost. Put down on the barn floor straw or hay about a foot thick, lay the melons on this and cover deep enough with the same material to prevent freezing. Feed about 20 or 30 pounds of these melons to each cow per day in addition to other foods and your cows will give milk as if on pasture."

"Citron melons grow lavishly without care in West Texas. If they are valuable as forage, as this Carolina farm agent says, this section should be able to cash in heavily."

Well, that's something worth thinking about, isn't it folks?

Dutch Brewster has given me a tip on how to tell what month of the year it is and it shore does come in handy these days that make you think it is June when it ain't.

Go into a restaurant and call for oysters and if it's February, then that's a month with an "r" in it and you'll get what you ordered. If the weather outside makes you think it's June the oysters will prove it's not for you can't get oysters at a restaurant in June.

An old lady came in one day and told Dutch she wanted some fresh oyster stew and he told her that they were out of season and that they were on sale every month with an "r" in it.

"Well," sez ther old dame, "ain't this Argust?"

Somewhere or other I read, "All men are created equal." That may be true but I don't recall seeing anything about what gets us so unequal later.

Did you ever try to walk railroad ties? That shore is lots o' fun and I used to fag myself plumb down tryin' ter step from one to the other. Never did find any that wuz spaced right. They are too close together for one step and if you skip one and try to take every one you have to do a chorus gal split. I was experimentin' just the other day and I found out that if you will just kinda take a trot they will come just right for every other one at a time. Walkin' rails is great sport, too, but that takes more practice than I got.

A friend o' mine showed me a clever love letter written the other

day and all with the exception of about five words is composed of the titles of popular songs. I cabbaged on to it and here 'tis:

"Honeymoon Lane" "Strawberry Time." Dear "Huggable-Kissable-You" "Sweetheart of All My Dreams." "To be in Love," "Is to know you." "Who cares what you have been." "You're perfect," "My Inspiration." "Please Sing for Me," "I Love you." "Dear When I Met You," "I got a feeling," "Everybody Loves," and, "Every Moon's a Honeymoon."

"My time is your time," "Why be good," "When I'm Thirsty for kisses—Hungry for love." "Can you blame me?"

"I wonder if you miss me," and if "You are looking for love," "Some sweet day," "Sweet Nothing," "Wedding Bells" will ring "For you and me," "To Live and Love," "That's what I call Heaven."

"Bye and bye Sweetheart," "Yours sincerely" "A new kind of Old Fashioned Girl."

Who said Spring wasn't coming? Now I present a composition handed in and dedicated to George Sherrill.

"Mother, may I go out to play?" "Yes, my darling sonny" "But remember the things you want to do" "Are the things you better shunny."

Where oh where is the perfect profession! Every guy thinks the other feller is in the swim. Did you ever notice how folks twist and turn like a worm in the fire they're so dissatisfied?

And it's funny, too, how folks will say "oh that's only a newspaper reporter." And "Who, him? Why he's just a barber," and "That girl? She's only a stenographer."

"Goodness pity the doctors and what a hard time lawyers have, and drug store clerks are slaves; dry-goods merchants and hardware dealers never amount to anything."

Did you ever hear those expressions? We all take delight in casting evil glances at the other fellow and be-littling his lot in life.

Where oh where is the perfect profession? They are building a highway from Benjamin to Dickens City soon and plan to have a hard-surfaced road from Fort Worth via Lubbock to Amarillo and the Denver route is practically complete on the north. Here is Floydada right in the middle, the shortest route of them all and....

'Tis a feeling of spring I have among me and I gotta run along. See you next week....

'You Can Judge'

(An Editorial by Jay A. Routh)

As we started home one evening this week our attention was attracted by the conversation of two men. One of these was a middle aged fellow, physically strong, who appeared to have every requirement necessary for a real man. The other was a boy, a young man of about twenty two; just an ordinary looking chap. Their conversation ran thus: "Are you attending our Community Social Rally tonight?", asked the older man. "No, it will not be right for us to leave our Mother alone tonight."

"The old woman proves to be quite a nuisance don't she?", queried the older fellow with an apparent air of disgust. "Being somewhat angry with his superior's attitude the younger person merely replied as pleasantly as he could that he did not mind doing this for his Mother's sake."

George Washington, whose birthday the nation is now commemorating, dearly loved his Mother. She had been the belle of her community. She had become a loving, faithful Mother. She believed that her children should accomplish big things, and kept them constantly unsatisfied with their consecutive achievements. She taught George Washington the principles of economy for which he was so much admired when he became the chief executive of his nation. It was she who contributed his training in honesty and developed his sincerity. She it was who inspired his religious nature.

In this modern time people have adopted many methods and rules to test and determine the strength of manhood and character. Some measure it by financial achievement; some by social standing; others by power of position.

Harold Bell Wright in one of his best novels says that people cannot always judge a person by the religion he professes, but that a true indication of the character of the person is the kind of jokes he laughs at.

This is perhaps a truthful statement—but we believe that you can judge soundly and well the character of a person by his attitude toward his Mother.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE OF FEBRUARY 28, 1918

The last increment of Floyd County's first quota of 93 men for the national army will leave Floydada Saturday morning of this week, and will be composed of 21 men. The men who will leave Saturday are: Benjamin Franklin Mudgett, Lloyd Rippey, J. A. Maynard, Marvin Jones, Archie Allen Adams, Ora Phillips, Homer Manning Stanley, Willard Clyde Baker, Otis Hodges, John Henry Henson, Walter Garland Smith, S. Edgerton, Cleveland Jones, Samuel Brown, Grady Alin Pool, Rufus Oliver Lowry, Hubert Elbert Bartlett, Goldie Lee Burns.

E. P. Nelson and L. A. Morris have bought the G. V. Slaughter grocery stock on West Side and the store was closed during a part of the week while the stock was being inventoried.

England states neglected their soil for industries and now the industries are moving southward where food and raw products are raised cheaply.

"They tell me that out here you have a wonderful opportunity for growing a certain variety of sorghum that yields five to ten pounds per acre more than the average. Just think what would happen to this community if all the business men and farmers joined in this better seed improvement plan and made a one variety area of this section."

With these words, Mr. Otis pointed out how Lubbock county and the South Plains can continue to prosper, agriculturally. The conservation of soils seems a far-fetched subject with some of us in this area but the time is not far hence when it will be needed and now is the time to being laying the foundation for continuance of the South Plains' fertility.

Also the adoption of one-variety seed plans, not only in sorghums but in cotton and other crops, is one of the greatest factors toward continuance of our agriculture. Let a record of any sort be set by the variety of seed used here and no one man or group of men prospers without the entire area prospering.

Not only the adoption of one-variety seeds but of poultry breeds, pigs, cattle and other livestock will be of great benefit in the long run to every farmer in the entire section.

These are our opportunities. KEEP PAYING YOUR BILLS AND IMPROVE YOUR POSITION

Chillicothe News: One of the surest paths to personal success is a clean credit slate and that can only be attained through the payment of bills.

It is possible that a great many make accounts that they cannot pay in 30 days, but to those a plan of paying on the account regularly is the only plan that can be followed to success in personal finance.

Above all, if you have a stack of bills facing you and cannot see your way clear to pay all your obligations now, do not become discouraged and let the loose ends of personal finance flag in the breeze of indifference. Take your weekly or monthly pay and let each of your creditors have a little. You will find them more than willing to assist you and it won't be long until you have financial sunshine again.

MANY ADVANTAGES IN FAVOR OF THE SMALL TOWN

Chillicothe News: Bless the small towns of the world. Many who have answered the call of the big cities have been glad to return to the friendliness and less strenuous pace of "Main Street." It is heart-warming to be greeted by your first name by those you meet, rather than with an impersonal glance. It is encouraging to count for something in the community enterprises without being a millionaire. It is stabilizing to live in a neighborhood where all the homes are occupied by their owners. It is a social asset to be able to see your friends easily and frequently. It is good to establish your children where your name means something. It is sweet to be in your home town when the inevitable sorrow enters your life, and when you reach the mountain-top of happiness.

A. L. Spence Wins In Croquet Tournament; D. I. Bolding Second

A. L. Spence of Center community is champion of the croquet players 45 years of age and over who receive their mail from the Floydada post office. He won undisputed claim to the title by taking first honors Saturday in the Veteran's Croquet Tournament held Saturday on the O'Brien court on South Wall Street, defeating D. I. Bolding in two straight games in the final round.

The two finalists played two distinctive types of games, the winner making long, sensational shots and the loser playing a careful, conservative brand.

A gallery of over twenty-five spectators attended the tournament which opened at 10 o'clock and the final round was played at 2:30 o'clock. The court was in fine condition and was unusually "fast."

Plenty of skill and sportsmanship were displayed by every participant and "the boys" had plenty of fun. The trophy of a beautiful hand-made mallet was presented the victor by P. D. O'Brien speaking in behalf of Scoutmaster W. A. Gound and Troop No. 44 of the Boys Scouts, sponsors of the tournament.

The opening rounds found ten veterans competing for honors. The brackets were arranged and the play started with O. K. Davis officiating in the absence of P. D. O'Brien, who was ill during the preliminaries. Rev. O'Brien refereed the final game, however.

In the first round J. E. Horton defeated S. B. McCleskey, taking two straight games. H. T. Smith won over E. E. Johnston after dropping the first game. Smith's score was 2 to 1.

A. L. Spence won his first victory from C. C. Barbee but he had to fight for it. His score was 2 to 1, Barbee winning the second game.

D. I. Bolding started on his road to the finals by downing R. M. McCauley, 2-0, in the first frame.

In the semi-finals Bolding won two straight from Horton and thus entered the final bracket.

Spence won from Smith, 2-0 in the other semi-final round and also entered the finals.

In the consolation round played between the losers in the first four brackets, Johnson paired with Barbee defeated McCleskey and McCauley in doubles.

Blanco News

Blanco, March 2.—"The Alley Daffodil" was presented by this community at the school auditorium last Friday night. It was received by a large and appreciative audience. All standing room was taken.

Ham Smith was surprised last Sunday by a big birthday dinner at his home.

The guests were Mr. and Mrs. Harry Christian, Adele and Zela McRoberts, Edwina and Gary Greer Christian, Wilfred Cotter, Guy Gin, and Verner Norman. Mayor and Mrs. W. C. Hanna, of Floydada were afternoon visitors.

Mr. and Mrs. T. L. Brown and Mr. and Mrs. T. W. Deen were visitors in the home of Wm. Snell Sunday.

Mr. and Mrs. Walter Travis were Lubbock visitors Saturday.

The Junior boys of Blanco went to Come last week and played basketball. Although we were defeated, 11 to 9, it was a good game and our boys can say that they did some real playing.

W. C. Cates and family enjoyed a dinner in the home of Mr. and Mrs. Leonard Dalley Sunday.

The following has been found to express the sentiments of a few of our classmates in school:

"Jever go to class and not know a thing about the lesson and slide into a seat and hope the teacher won't call on you while you keep sittin' and tryin' to look intelligent? Then as the period is just about up she calls on you and about the time you are beginning to stutter and stammer, the blessed old bell rings. Jever?"

FEBRUARY CULL SALES RAISE PROFIT FIGURES

The sale of 116 hens from the flock of Mrs. K. Sammann of Providence, during the month of February, raised the net proceeds figures materially over income figures for previous months on which reports have been given in "The Hesperian."

Beginning the month with 400 hens, the flock produced 523 dozen eggs, which sold for \$82.62, and the 116 hens culled brought \$74.40, a total income of \$157.02. From this is deductible an item of \$7.10 spent for commercial feeds and \$8.25 for home-grown feeds, leaving a net of \$141.67.

The chickens are Rhode Island Whites. At this time practically all the production from the purebred flock are going to a hatchery at a premium above the run of the market.

E. C. NELSON, JR., IS BETTER, SAYS IN LETTER

Judge E. C. Nelson, Jr., of Amarillo, who is in a veterans' hospital at Muskogee, Oklahoma, is much improved and feels that he may be able to return to his home this week-end a letter to his parents, Mr. and Mrs. E. C. Nelson, of this city, said this week.

He underwent an operation while in the hospital.

Elza Gullion, of Plainview, was in Floydada Tuesday. He accompanied his wife to the Smith & Smith Sanitarium to undergo treatment. Mr. Gullion is Hale County agent for the W. T. Raleigh Company.

OFFICERS' MAJOR PROBLEM BREAKING DOWN OF RESPECT FOR LAW AS SUCH—MAXEY

Based on his experience of a year as county attorney of Floyd County, Tony B. Maxey Wednesday told members of Floydada Rotary Club the major handicap of officers in the enforcement of the law lies in the lack of respect for the law as such on the part of the public. As a result of this lack of concern, public sentiment does not crystallize behind the fact that the law has been violated, and enforcement becomes a game between the lawbreaker on the one hand and the state upon the other.

"Public opinion is an irresistible force," Mr. Maxey said. "And the idea of law observance should be drilled into the minds of the people." Observance of the law because it is the law and its enforcement will only come when the public so dictates, he declared.

The remarks were made as a part of the program presented by R. E. Fry, program chairman for the day. "What a service club can do to assist in law enforcement," was the subject assigned the attorney.

The cure for the situation is not in the official family but in the body of the people, where it seems the two principal weapons, condemnation and ostracism for the lawbreaker have been laid aside, he said.

Carl Minor spoke on "my relations with my competitor." He said that in many respects merchandising may be made a matter of co-operation rather than competition to the mutual benefit of the merchant and the buyer. He expressed the belief that co-operation is possible in many instances in buying, in display of merchandise, in advertising and in selling.

In recognition of Texas Independence Day, the program was closed by singing "The Eyes of Texas," Virgil Williams leading.

Visiting Rotarians present included Dr. D. M. Stewart, of Canyon, and W. L. Stringer of Wichita Falls.

SAND HILL GIRLS WIN CLASS B BASKETBALL; MCCOY WINS BY FORFEIT

Sand Hill won the championship of Class B division of the Rural and Class B Girls' Basketball tournament held Saturday at the Lockney High School gymnasium, defeating Lakeview 25 to 8 in the finals. Lockney forfeited without playing for the championship.

McCoy was the only team entered in the rural division and was awarded the title without having to play a game.

Five teams were entered in the Class B brackets including Lakeview, South Plains, Sand Hill, Irick and Aiken.

After drawing for places, Lakeview and South Plains played the opening game of the tournament.

Lakeview won 21 to 16.

Sand Hill defeated Aiken 25 to 8 easily in the second game, Irick having drawn the bye.

Lakeview and Sand Hill flipped a coin, the former losing and scheduled to meet Irick for the third battle. Lakeview won easily, 26 to 6, going into the finals with Sand Hill.

W. C. T. U. Notes

(Mrs. Claude Wingo, Secretary) Here are a few facts collected by our local W. C. T. U., believing they are worth passing on, and hoping to create in the minds of our own community a desire to better conditions. Success can not be realized in any line of procedure unless backed by public sentiment and cooperation. Mr. Vollmer of the University of California says if we do not give our police the proper support we will break down our own defense against the criminal element, and a policeman whose morale is bad is a menace to the community that hired him.

Nebraska Bootleggers Eat One Meal a Day

Liquor law violators in the county jail at Gering, Nebraska, according to Associated Press reports, are having to content themselves with one meal a day. This method of dealing with liquor cases was introduced by County Judge C. O. Lyda, and at present two men are now serving thirty-day sentences on the one-meal-a-day diet.

Why Not Try in Other Places—and for Other Offenses?

Santa Fe, New Mexico, seems to have found a solution of the problem of drunken driving. According to press reports the practice of sentencing offenders to thirty days in jail was not effective, and a sentence of fifteen days of work on the roads with pick and shovel has been substituted—with a really remarkable increase in the sobriety of drivers, say the police!

Our county could use such methods very profitably.

Drinking and Smoking Not Found in This University

According to press reports, the promoters of the new university to be situated at Westley, R. I., to be known as the Roger Williams University of Rhode Island, have stated that it is to be a school with high ideals, one of which is to be the protection from harmful influences of the young people who will attend. Drinking and smoking will be prohibited to all students of either sex.

Such steps as these merit the support of all good citizens, and publicity of leading newspapers.

Dr. D. M. Stewart, of Canyon, has been here on a visit since Friday with his daughter, Mrs. A. D. Cummings, and Mr. Cummings.

J. D. Porterfield, of Lubbock, visited friends here over the week-end.

New Honor

Here is former Governor Pat N. Neff, who last week was elected president of Baylor University, Waco, Texas.

Lakeview Eaglet

Staff: Editor in chief—Evelyn Roy. Assistant editor for 1st and 2nd grades—Nadine Raley. Assistant editor for 3rd and 4th grades—Era Sue Edwards. Assistant editor for 5th and 6th grades—Mae Nelson. Assistant editor for 7th and 8th grades—Bonnie McCravery.

Miss Vivian Harrison spent the week-end at her home in Dougherty community.

Mrs. Faye Hart visited her parents, Mr. and Mrs. L. E. McCravery and family Sunday.

Mr. and Mrs. G. L. Baker spent last week in Altus, Oklahoma.

Mrs. Ross visited relatives in Floydada over the week-end.

Miss Dixon visited friends in Lubbock the past week-end.

Mr. and Mrs. Lee Harry of Amarillo visited Mrs. Harry's parents, Mr. and Mrs. Claud Patton.

Mrs. W. U. Riggle gave her sister, Mrs. R. L. Carr, a surprise birthday dinner Sunday, February 28. Those enjoying the occasion were: Mr. and Mrs. C. P. Fulker and children, Mr. and Mrs. R. F. Luttrall and daughter, A. M. Patterson and children, Mrs. J. H. Newberry and son, Mrs. Erwin Newberry and children, and Mrs. Paul Newberry.

Mrs. J. R. Conway entertained her daughter, Mary Lois Conway, with a two-course dinner Sunday. A menu consisting of delicious "eats" was served to the following: Misses

Tiny and Fannie Ruth Patton, Evelyn and Imogene Roy, Vida Battey, Adelle Evers, Angelleen Patterson, Ruby Harrison, Mary Lois Conway, James Roy, Junior Conway, Mr. and Mrs. J. E. Roy and Mrs. and Mrs. John Conway.

The McCoy community presented a play here Wednesday night, February 24, "A Tonic for the Gloom." It was a good play and we enjoyed it very much.

Nadine Raley is quite ill but is reported to be some better.

Junior Conway's shetland pony kicked him in the face Sunday afternoon. Three stitches were taken on the left cheek to close the wound. He is out of school this week on account of the accident.

Little Bobby Joe, the three-year-old son of Mr. and Mrs. J. C. Raley died at the Smith & Smith Sanitarium Monday morning. The remains were laid to rest in Lakeview cemetery Tuesday morning.

We Wonder Why

The fifth and sixth grade pupils are always in their room by the time the second bell rings?

Ethel Warren is anxious for the week end to come?

Jokes

As Junior Conway was reading his lesson, Mrs. Ross observed that he was looking at the picture instead of the reading. She said, "Junior look at your words and not the picture."

Junior, looking at her, exclaimed, "Mrs. Ross, didn't you know I was cross-eyed?"

Teach The Teacher

"Why did you take your boy out of school?" asked the truant officer.

"That teacher ain't got no sense! She wanted to make my boy spell taters with a "p."

Ben Wimberly of Amarillo, spent Sunday here as a guest of his brother, Fred Wimberly and wife. He was accompanied home by Miss Vivian Evans, of Fort Worth, who has been a guest for the past several weeks of her sister, Mrs. Fred Wimberly. She will visit in Amarillo before returning home.

Clyde Maddox, of Meadow, spent Saturday and Sunday here visiting friends.

Mr. and Mrs. John Hughes of Lorenzo spent Sunday as guests of Mrs. Hazel Hughes.

Mr. and Mrs. Lon M. Davis went to Canyon Tuesday where they will visit with her parents Mr. and Mrs. Bradford. They will attend the Cattlemen's convention at Amarillo before returning home Thursday.

A. J. Ballard, who is making his home with his daughter, Mrs. W. C. Grigsby, left Wednesday morning for Wayside for an indefinite visit with another daughter, Mrs. Floyd Adams.

Seven Letter Men Out For High Track Team

Floydada High School Expected To Have Twenty Men Out For Track Competition.

Twenty men are expected out this week for practice and try-outs as track and field representatives of Floydada High School this spring the first workout having taken place Monday afternoon on the cinder paths at F. H. S. grounds. The grind of work out will be well under way by the first of next week.

Of the twenty candidates for places on the track team, seven are letter men of Floydada High School and two were star track men last year from Lakeview in the interscholastic competition. The two Lakeview men who are finishing their high school work here are Herman Nelson, quarter mile man and pole vaulter, and Roy Anderson, who qualifies in the dashes and with the weights.

The seven letter men who are expected to have a part in making F. H. S. a hard contender for honors in interscholastic track competition are as follows:

Floyd Murry, pole vault, broad jump, half mile; Lowell Gamblin, mile, dashes, hurdles; Malcolm Bridges, broad jump, high jump, quarter dashes; John Edwards Smith, weights, hurdles; Bill Welch, dashes pole vault, broad jump; Bruce McLaughlin, weights; Waldo Houghton, dashes, high jump.

The track team this year also seems to offer excellent prospects in the relays, with Nelson, Gamblin and Bridges pretty sure to make the team and several other speedy men possibilities for the fourth member.

The county interscholastic competition is set for April 1 and 2, and the bid of the local athletes for honors in the track and field events is certain to be a strong one.

Variation Of Recipes Given On Soap Making

Additional recipes for soap making were issued this week as a variation from those suggested recently by Miss Martha Faulkner, county home demonstration agent.

White Floating Soap

This soap can be used for any kind of washing:

1/2 pound lye
1 gallon water
2 quarts strained fat.

Dissolve the lye in one quart of water. Put one gallon of water into an old procelain or enameled boiler, add the fat, and then the lye. Allow the mixture to boil slowly for about two and one-half to three hours. The soap is ready to skim out when it becomes flaky, and

the liquid looks clear. Test the soap. If it sticks on the hand when squeezed and has a greasy appearance, the soap would be improved with a little more lye; if too flaky, more fat is needed. Line a wooden box with a piece of wet muslin. Skim out the soap and place it in the lined box to drain over night (from ten to twelve hours). Next morning cut into bars, dry, pack, and store. The liquid left can be used for scrubbing. Another soap recipe which has given splendid satisfaction follows.

Soap Recipe No. 3

Prepare a soda solution by dissolving eight ounces (chemically pure) caustic soda in five cupfuls of water. Canned lye is not of such pure quality, but good results have been obtained by combining one can of lye with one quart of water. Render the fat and clarify it by boiling with slices of raw potatoes until the fat ceases to crackle. Strain while still warm through a clean muslin cloth. A whiter fat and whiter soap can be had if the fat is strained through fine charcoal or clay.

Combine two pounds of clean, warm fat with one and three-quarter pounds of cool soda or lye solution and stir with a stick until it is the consistency of honey, when it is ready to mold. Pour mixture into agate pans which have first been wet, or into wooden molds lined with paraffin paper, and allow to stand until cool. Before it dries, remove the paper and stack log-cabin fashion for quick drying. Wrap and store in boxes. Soap should be kept until it is sufficiently dry not to become soft as soon as wet.

Perfume or extra cleansing material may be added during the saponifying before the molding consistency is reached. To this recipe one and one-half tablespoonfuls of borax, one-half cupful of ammonia may be added.

Toilet Soap

For a good toilet soap use two pounds olive oil, cottonseed oil, or coconut oil, three-quarter of a pound of white lard, one and one-quarter cupfuls (chemically pure) caustic soda, one quart water, and six drops oil of lavender and oil of geranium. If desired, the soap may be tinted with vegetable coloring matter. Follow directions for making, given in recipe above.

Crackling Soap

A very satisfying soap for dish washing or laundry purposes may be made from cracklings. Gut fat or other fats unsatisfactory for lard may also be used for this purpose.

Mixing—One box (pound) of lye and 3 gallons of water should be added to each 5 pounds of cracklings.

Boiling—The lye should be dissolved in the water, and as soon as the solution boils the cracklings should be stirred in and the mass boiled to the consistency of honey.

Testing—When nearly done, a small portion should be placed in a saucer and if it solidifies the mass

should be removed from the stove. Keeping—After removing from the stove, the mass should be poured into molds to harden and set away in a dry, cool place until ready for use.

SOME BUYERS ON HAND

N. A. Armstrong and J. B. Jenkins, local cattlemen, were among the Floyd County people who attended one or more days of the cattlemen's convention in Amarillo this week. They spent Wednesday in that city.

Mr. Armstrong said no rushing business was done the day they were at the convention, although a number of buyers were on hand from Kansas and other states, who were making offers for stuff at considerably lower figures than last spring prices.

Mr. and Mrs. Frank Moore and son, Joe Dick, and daughter, Norma Jean, who have been making their home in Houston for the past six months, returned Friday night to make their residence here. They were accompanied by Mrs. Moore's sister, Miss Kathleen Snodgrass, who has been their guest.

Bill Colville, who has been making his home in Amarillo, arrived Saturday to join his family here for an indefinite visit. Mrs. Colville and children came down about a week ago.

Mr. and Mrs. John A. Enoch and daughter, Blanche, and Willie Mae White spent last Sunday afternoon in Canyon. Their daughter, Ruth, appeared in a joint piano recital with John W. Hood that afternoon.

Senatorial Candidate Bask

CLYDE E. THOMAS

Big Spring attorney, who is a candidate for senator from this district to succeed Pink Parrish, of Lubbock. Parrish is not a candidate for the senate this year.

Miss Bama Gene Smalley, who is a student at West Texas State College, returned home last week to recuperate from an attack of influenza. She is rapidly recovering and expected to return to Canyon this mid-week.

Miss Willie Mae Cummings returned Sunday from Friona where she spent the past three months visiting her brother, E. H. Cummings.

Dougherty News

(By Mrs. W. D. Newell)

March is going to play safe this year by having all kinds of weather the first day. Indeed it came in like a lamb but by ten o'clock the lamb was not too tame.

Since every tree and shrub is on the verge of blooming it might be well for March to furnish some toughening breezes to set them back a little.

One of the coldest spells of last winter came around March 26th. Dougherty always has a birthday on that date and has never been able to celebrate without a storm yet.

Church News

Ewell Crawford will preach here next Sunday morning in his father's regular appointment.

Zone Meeting at Lockney

The first zone meeting for the year will be held at Lockney on Tuesday, March 8th, beginning at eight o'clock and lasting till four.

The officers' Training Course will be in group meetings with well prepared leaders for each group.

The following program will be rendered: 10 o'clock—Devotional, Mrs. J. M. Wilson.

10:30 to 11:30 Officers' Training Course. 11:30—Inspirational Talk—Mrs. Stoneker.

Lunch

1:30—Devotional—Matador. Work of District by District Secretary. Special—Mrs. A. A. White.

Business. Brief period of Dedication—Rev. A. A. White.

Rev. I. J. Lloyd filled his regular appointment here Sunday.

Sunday schools, preaching and League service were all well attended last Sunday. Perhaps one reason was the beautiful day.

Miss Thelma Crawford spent the week-end in Floydada visiting Misses Mary Anne Swepston and Mabel Tubbs.

Mrs. Clarence Scott and children from Dalhart came last Wednesday for a visit with her parents, Mr. and Mrs. J. H. Lloyd. She returned home Sunday.

J. F. Iriton and family moved to Floydada Monday. Mr. Iriton was section foreman here for the Q. A. & P. Ry. Co.

Mrs. Irene Holt underwent an appendicitis operation in the Spur hospital last Saturday. Latest reports are that she was doing fine.

Mr. and Mrs. J. E. Newton and daughter visited his sister at Ralls Sunday. His mother, Mrs. Nancy Newton, accompanied them home for a visit here.

Little Seima Louise Crawford, daughter of Mr. and Mrs. E. E. Crawford of Floydada visited her grandparents, Mr. and Mrs. S. M. Crawford this week.

Joe Nall from Plainview visited in Dougherty Sunday evening.

E. W. Terry left Friday for Forney, Texas, to visit his parents.

W. D. Newell and children visited his mother in Floydada Sunday afternoon.

Mr. and Mrs. Vert Readhimer visited the Newell home Sunday evening.

Mrs. Dora Hicks and little daughter, Bettie Lou, spent a few days with Mrs. Terry this week.

Miss Vela Blasingame spent the week-end with her sister, Verla, in Lubbock.

Mr. and Mrs. Arthur Lloyd and children and John Lloyd and children from Lakeview visited their parents, Mr. and Mrs. J. H. Lloyd, Sunday.

Mrs. H. D. Bloodworth was sick most of last week but is up again.

Virgil Crawford from Floydada spent the week-end at home.

Uncle Charlie Gray completed a deal the past few days in which he traded his home place two miles north of Dougherty for property in Magdalena, New Mexico. Mr. Hinton traded with Mr. Gray and will move his family here after school is out.

Mr. and Mrs. Darwin Callihan from Floydada spent Wednesday night with Mr. and Mrs. Varley Webb.

Guests of Mr. and Mrs. C. E. Bartlett Sunday were: Mr. and Mrs. Jim Colston from Roswell, New Mexico, Mr. and Mrs. H. E. Bartlett from Slaton, Mr. and Mrs. Otho Sanders, Daisy Bartlett and G. W. Lotzpeich.

J. N. Bartlett and H. E. Bartlett visited J. S. Bartlett of Roaring Springs Saturday night. He has been real sick and was no better. He and J. H. Bartlett are brothers.

Mr. and Mrs. Jim Colston will finish their moving this week to their new home in Mexico. They are well pleased with their place there.

New League Superintendents Cleo Cowan, president of the Epworth League, appointed her four superintendents for the year as follows:

1st Sunday—Vela Blasingame. 2nd Sunday—Thelma Crawford. 3rd Sunday—Jonnie Brownlow. 4th Sunday—Irene Colston.

The following program will be rendered at the League service next Sunday evening at 7:30:

Clara Daye of Lubbock visited her parents Mr. and Mrs. J. W. Day this week end.

Starkey Dramatic Club plans to put on another play sometime in the near future. Full of laughs from beginning to the end. Watch for the date and come prepared to laugh.

POISON BAIT IS EFFECTIVE IN KILLING WORMS IN FIELD

Good results from the use of the poison formula for combatting inroads of cut worms in his wheat field is reported by Mark Martin, extensive wheat raiser.

Mr. Martin said that he scattered the bait made of bran, molasses and arsenic over an area of about two miles around the edge of a field east of town and that he believed the "march" of the insects had been checked.

"Hundreds of the worms were dead the next morning when I went out," he said. He used 100 pounds of bran, 7 pounds of arsenic and 1 gallon of molasses.

The mild winter is believed responsible for the large number of insects and worms that are reported to be doing heavy damage in certain fields.

Gus deCordova reported that a flying insect that resembled a small locust was attacking his wheat in addition to the cut worms.

The worms are eating early wheat as well as the young stuff.

Lone Star News

Lone Star, Feb. 29.—Mr. and Mrs. Jim Johnston entertained Saturday night with bridge.

"A Poor Married Man," comedy in three acts, was presented Friday evening. The play was well attended and well presented. John B. BOBBIE JOE RALEY DIES FROM DIPHTHERIA ATTACK; FUNERAL HELD TUESDAY

Funeral services were held at 4:30 o'clock Tuesday afternoon for Bobbie Joe Raley, 3-year-old son of Mr. and Mrs. J. C. Raley of Lakeview community. Interment was made in the Lakeview cemetery following services there conducted by Rev. G. W. Tubbs of Floydada.

The child had been ill since last mid-week and became seriously ill Saturday. Death came about 11 o'clock Monday morning and was caused by diphtheria. An operation at the Smith & Smith Sanitarium placing a breathing tube in the child's throat failed to save his life.

Funeral services were under the direction of the F. C. Harmon Undertaking Company.

Surviving members of the family include the mother and father; four half sisters, Mrs. J. E. Elliott, Mrs. R. T. Bunch, Mrs. W. H. Bunch, and Mildred Raley; two half brothers, Morris Raley, all of Floyd County, and J. C. Raley, Jr., of Lot, near Waco, all whom were present for the funeral. The child was three years, 2 months and 22 days old at the time of death.

Pallbearers included R. C. Smith, Earl Edwards, Joseph McMurray and W. A. Brock. Flower girls were Misses Clara and Marie Smith.

Services were delayed for a time awaiting the arrival of Mr. Raley from near Waco.

J. R. Borum left for Memphis after spending the week-end here with his parents, Mr. and Mrs. E. R. Borum. He left Tuesday.

Famous FAST STARTERS

DEATH DEFYING SPEED

500 POUNDS OF BOBSLED, 800 POUNDS OF DARE-DEVIL RIDERS, SWISH AROUND HAIR-PIN CURVES AT A MILE A MINUTE, DIVE DOWN STRAIGHTAWAYS AT 75 MILES AN HOUR—IN THE OLYMPIC BOBSLED RUN AT LAKE PLACID, NEW YORK. IT TAKES HIGH COURAGE, OF COURSE, BUT SKILL PLAYS A MAJOR PART. SIMILARLY IN GASOLINES, THE SKILL OF THE REFINER DETERMINES THE KIND OF PERFORMANCE YOUR ENGINE DELIVERS. WITH PHILLIPS 66 YOU GET SPLIT-SECOND STARTING IN FREEZING WEATHER; ADDED POWER, PEP, AND MILEAGE, BECAUSE PHILLIPS' SKILL AND RESOURCES MAKE IT SENSATIONALLY HIGH TEST, FROM 65° TO 71.4°.

PHILL-UP WITH PHILLIPS • THE GASOLINE OF CONTROLLED VOLATILITY

"HIGHEST TEST"

at the price of ordinary gasoline

Phillips 66 volatility is 69.6 per cent higher than the average of 28 competitive gasolines. Proved by unbiased laboratory tests based on distillation at 212 degrees.

Make your motor forget that Winter is here, by filling the tank with Phillips 66 . . . the greater gasoline.

Its amazing high test starts engines instantly even in coldest weather. Makes them run with Summer smoothness. Gives added power and pep. Delivers longer mileage. It never fails to bring out the best in your motor, because we scientifically control the volatility, making it higher when your weather is colder.

Try a tankful tomorrow. And don't forget to look carefully for the Orange and Black 66 shield, because that is where you get higher test without higher price—as offered by Phillips, world's largest producer of natural high gravity gasoline.

The WORLD'S FINEST OIL for your motor

Cold weather does not affect the stabilized oiliness of this new, scientific lubricant. It remains fluid in the crankcase even at 32° below freezing. 100% paraffin base. Minus wax, water, and carbon. A product of Phillips quality, priced by Phillips to give greater value. Only 30¢ a quart.

For those who prefer it . . . Phillips 66 Ethyl . . . at the regular price of Ethyl Gasoline
