H. C. McPeak Will Be Buried At Floydada; Services Today At 4

Funeral services will be held at the Floydada cemetery chapel this Thursday afternoon at 4 o'clock for H. C. McPeak, of Plainview, and former Floyd County resident.

The remains arrived in Plainview at 9:30 o'clock this morning and services will be held at an undertaking parlor there at 2 o'clock this afternoon. The body will be brought here for burial and the second services held.

McPeak was killed Monday night in a highway accident a mile east of Raymondville. He was riding on a fender of an automobile and was swept off by a truck that sideswiped the car. He was run over by the automobile and died an hour later.

He was accompanied to the Rio Grande Valley by his father and a brother, Chester, and an uncle L. H. Burrus, to find employment.

McPeak resided in the McCoy community some six years ago and has many friends in this section.

He is survived by his wife, Lois, and a 16-months-old son, of Plainview; his parents, Mr. and Mrs. Jonah McPeak, brother of S. N. McPeak, of this city; four brothers, Clinton, of Battle Creek, Michigan; Clifford, Joe Bailey, and Chester, of Plainview; two sisters, Mrs. Fimas Holcomb, Miss Noma, of Plainview; and Mrs. Dodd, of Colorado.

Mrs. McPeak was at Jacksboro attending the funeral of her mother, Mrs. W. E. Ballard, when notified of the death of her husband. Mrs. Ballard died Thursday of last week, according to a story appearing in the Plainview Herald.

Scholastic Population Of County About 3,953

With Dougherty the only district in which definite figures are not available this morning, but estimated to run the same as last year, the total rural scholastic population of Floyd County for the year will be 1892, and including Lockney and Floydada Independent Districts, the total for the county is 3,953, both figures subject to minor possible corrections. These figures, obtained from the office of the county superintendent, indicate a net loss in scholastic population in the county of 347 for the year.

Lockney Independent School District, with a net of 401 scholastics, lost sixty-two scholastics, Floydada 120, and the remainder was lost in the rural districts.

When the census enumeration began in March first reports indicated the scholastic population might drop below 3,000.

SAND HILL TO HAVE PLAYS THURSDAY, FRIDAY NIGHTS

"The Girl in the Fur Coat," will be presented at Sand Hill high school Friday evening at 8:15 by pupils from the Dougherty school. An admission of five and ten cents will be charged to help defray expenses of the senior class of Sand Hill school.

New School Board Proposes Cut Of \$10,000 in 1932-33 Budget; Plan to Reduce Teaching Staff

Plan to be in Keeping With General Economy Program to Get System Out of Debt.

Through salary revision and a reduction of the teaching staff, the newly organized board of trustees hopes to cut at least \$10,000 from the 1932-33 budget of operating expenses of Floydada Public Schools, it was indicated following the first meeting of the officials Monday night.

W. Edd Brown was elected president of the board and Wilson Kimble vice-president. To meet a technical requirement of the law J. C. Wester was named secretary of the board but this technical office will not in any manner disturb the present office of secretary and tax collector held by J. T. J. Dawson.

In accord with old Board The newly organized board is heartily in accord with the old board and its program of financial retrenchment and economical operation of our schools for the coming term," chairman Brown said.

"There will be a general revision of teachers' salaries for the oncoming year with the revision downward. No radical changes are planned and nothing that will impair the efficiency and standing of our schools in contemplated," he declared.

Election of an athletic coach to succeed L. T. Barksdale, resigned, for Floydada High School, and election of a principal for the high school were not discussed Monday night but are matters expected to come before the board at a meeting this Thursday night at the Court House.

To Dismiss About Six It has been indicated that a reduction of the teaching staff by about six teachers is contemplated in the economy program which is to be continued in even more drastic proportions for the next twelve-month period.

It is going to be a problem to drop the several members from the faculty without causing hard feelings," Chairman Brown said.

Two New Members On School District Board

363 Votes Cast in Local School Election Saturday.—Dorrell, Turner New Men.

L. H. Dorrell and J. B. Turner, both farmers, were elected as members of the board of trustees of Floydada Independent School District in the election Saturday, being named along with Wilson Kimble and M. L. Probasco, who succeeded themselves. The vote was the heaviest in recent years, 363 votes being counted.

As usual there was a great scattering of votes, thirty-six names other than the four elected receiving from one to eighty-one votes.

The four high men received the following vote: Kimble, 294; Probasco 250; Dorrell 183, and Turner 162.

Carl Minor and G. R. May are the retiring members of the board. Both asked that they be not considered, Minor because of a desire to give his entire attention to his grocery business and May because of his race for county commissioner. Minor received 81 votes. Others who were in the running with six ten or more votes included W. M. Masse with 72, Ben Gully with 71, O. P. Rutledge with 52, M. E. Rogers 40, George A. Linder, 56, J. M. Wilson 35, J. G. Martin 20 and J. C. Newsom 16. An amusing feature to the ballot counters was the fact that every hold-over member of the board received at least one vote.

The hold-over members of the board are J. C. Wester, W. Edd Brown and Mal Jarboe. The last-named is a farmer and with three other farmer members of the board actually making their living from the farm itself. He lives east of Floydada. Turner lives west, while Dorrell, who lives in town, owns a farm east of town. Probasco is operating a wheat farm lease and lives in town.

Besides the "official" ticket put out by the board of trustees bearing names of persons whom the board had been requested to put on the ticket, there were three other tickets put out in the form of circulars. The names of Kimble and Probasco appeared on all the tickets, while Dorrell's and Turner's names appeared on two.

A hurried check on the total vote cast in the trustee elections of the past few years, indicates that the vote cast Saturday was the heaviest in any recent year. Last year less than seventy-five votes were cast.

Lockney Trustees New trustees elected in Lockney Independent School District Saturday were Eb Rankin, Claude Thornton and Z. T. Riley, according to Coach Warner Reid of the Lockney Schools, who was a visitor in Floydada the first of the week.

Arrangements were completed this week to hold the Quilt Show, sponsored by the American Legion Auxiliary, in the Pinker Building, on West California Street, the first door west of the "M" System store. The show will be held Friday and Saturday, April 8 and 9.

No entrance fee will be charged and the general public will be invited to attend. Every woman who has entries is urged to cooperate and take part in the show.

Detail plans for the show were completed Monday night at a meeting of the Auxiliary.

Mrs. L. G. Mathews is general

director of arrangements and members of the Auxiliary will alternate in handling the exhibit. It is hoped that all exhibits will be in by 2:30 o'clock Friday afternoon, it was stated.

Those having quilts they wish to enter and have no means of getting them to town have been asked to notify Mrs. R. Y. Snodgrass or Mrs. E. L. Angus and they will call for them. Mrs. Mathews stated.

Ribbons will be awarded as prizes to first, second, and third place winners. Efforts are being made to obtain out-of-town judges.

Wheat Damage In County Is Heavy, M. Martin Says

Wheat in the eastern section of Floyd County has been damaged by freezes and high winds to an extent representing a 30 per cent loss of the present crop in prospect, it was declared by Mark Martin Sunday following a trip by airplane over some 60 miles in the east half of the county.

"These reports on damaged wheat are really so this year," Mr. Martin declared. He was accompanied Sunday by his brother, Lace Martin. The plane was piloted by Herbert "Yam" Sims.

The tour extended northeast to Fairview and east to Joeballey and south to Lakeview.

"Some of the acreage around Lakeview looks good. As for our wheat this year I figure that 1,000 acres of it is absolutely gone but we have 2,300 acres that is just about as good as any I ever saw," Mark said.

"I have quit worrying about the worm damage—got too many other things now. If we can just have a hail and get some smut the job will be complete this year. The damage is more than some realize."

"The fields are visible for ten miles around from the air. I don't get much thrill from riding in a plane much more than I would a car. I get a thrill when the plane hits a rough place. I like it when she bucks."

Floyd Breeders Will Enter Record Number In Plainview Exhibit

Purebred Jerseys, totaling 36 head, the largest number by far that have ever been shown from Floyd County, will be entered next week in the Panhandle-Plains Dairy Show at Plainview. The fifth annual event opens Tuesday morning, April 12, and closes April 14 with the annual livestock sale at the pavilion.

O. L. Stansell, Floydada, is a member of the executive committee of the Association. He will probably go up Friday and take the Floyd County entries.

Floyd County breeders and the cattle to be shown by them include Mr. Stansell, who will take eighteen head to the show and will fill practically the entire entry list with at least two competing cattle. Next in number of entries will be Robt. Smith who will have seven head at the show, headed by an aged bull. His son, Robt. Smith, Jr., will enter a four-year-old cow; Henry Bollman will enter a two-year-old bull; Henry Graham a two-year-old bull; Jack Henry a junior bull and a junior heifer; S. D. Bunch a two-year-old bull and a two-year-old cow; N. B. Stansell an aged cow and a junior yearling heifer; Pat Stansell a junior heifer calf; and Jack Stansell a three-year-old cow.

TEACHER EXAMINATION DATES FOR YEAR GIVEN

There was one applicant for a certificate to teach, when the examination for teachers in this county, was held last Friday and Saturday in Floydada.

There are four more dates this year for teacher examinations, County Superintendent Price Scott states. These dates are June 3 and 4, July 1 and 2, September 2 and 3, and December 2 and 3.

SCHOLASTIC POPULATION FLOYDADA 760 PUPILS

The scholastic population of Floydada Independent School District is 760, Secretary J. T. J. Dawson's figures showing at the close of the canvass.

Mr. Dawson anticipated a drop of 150 from last year's figures, but his final totals showed a loss of only 120.

Two Rural Schools Bring Terms For Year to Close

Two rural schools of the county—Lone Star and Sterley,—have closed their schools for the year and two more—Ramsey and South Plains—will close this week.

Lone Star closed last week and Ramsey week before last. Other schools of the county have one to six weeks of the term yet to complete.

Program To Be Held At First M. E. Church

Mrs. J. A. Hill of Canyon to be Honored at Dinner and Will Make Main Address of Session.

Floydada clubs will be hosts to the Floyd County Federation of Women's Clubs which convenes in annual session Tuesday, April 12.

Beginning at 10 o'clock, a full day's program has been arranged, including entertainment numbers, business and election of officers, a luncheon and a banquet honoring Mrs. J. A. Hill, of Canyon, district president, who will make the main address to the clubs Tuesday morning at the First Methodist Church.

The 1922 Study Club and the 1929 Study Club of Floydada will be hosts to the Federation. Members of the County Home Demonstration Clubs and the El Progresso Study Club of Lockney will attend.

Miss Anna Sims, South Plains, president, will preside at the meetings. Mrs. C. A. Caffee, Antelope is secretary of the Federation.

Mrs. E. L. Norman of the 1929 Study Club and Mrs. E. L. Angus of the 1922 Study Club are on the welcome committee to receive the visitors.

Meetings will be held at the Methodist Church and the Banquet Tuesday night will be served by the Baptist ladies in the basement of the First Baptist Church with the local clubs honoring Mrs. Hill. Plates will be 50 cents each and all are invited to attend. Reservations should be made not later than Saturday with Mrs. K. E. Bain chairman of 1922 Study Club, Mrs. Geo. Linder and Mrs. Walton Hale; Mrs. A. J. Foley, chairman 1929 Study Club, Mrs. J. D. McBrien and Mrs. J. C. Wester it was announced.

For the luncheon at noon Tuesday in the basement of the Methodist Church each woman will bring a dish for the lunch to be served.

STRICKLAND WITHDRAWS FROM SHERIFF'S RACE

G. R. Strickland, employed with the city as water superintendent and fire marshal, is withdrawing from the race for sheriff of Floyd County, he said this week and his name will not appear on the official ballot to be made up by the committee in June.

Expressing his appreciation to those who had indicated their intention of supporting him, Mr. Strickland said he found, after entering the race, he would not be financially able to sacrifice the time from his duties to make a canvass of the county and see the voters.

BREAD CHEAPEST AND BEST

Not only would greater bread consumption help the farmers get a fair price for their wheat, but at the same time it would add to the health of the American people, we are informed by a food and diet authority who has been interested in helping to debunk the food cranks.

For some strange reason, he continues, thousands of women have the idea that by refraining from the eating of wheat bread they may be able to reduce. The best authorities indicate that nothing is more foolish. Wheat products build bone and muscle. They do not produce fat.

The cheapest food today is bread. It has always been the staple of American diet, and this country not only produces the best wheat, it produces the best bread in the world.

If more people ate more generously of bread and wheat products of every kind, it would automatically solve the problem of relief for the wheat grower, and congress would have one less thing to worry about.

DIVIDE BY FIVE

If you are the parent of a child or children and have been impressed with the necessity of correct diet for your offspring and at the same time are somewhat limited at this time in the money you can expend, the following suggestions will interest you. They are taken from a recent bulletin of the American Child Health Association and may be taken as reasonable. They do not expound any "ism" or doctrine, except that of common sense in the rearing of children.

In the first place, there is no doubt that all over the country there are now living children in such destitution as to leave them weakened and injured for life. On the other hand, the extravagant phrase, "deadly monotony" of foods is made for those who can afford to let their fancies roam. So that leaves you out if your income is limited. No deaths ever are caused by monotony of diet if the diet provides the actually necessary nutrients for the growing body.

Therefore, assuming your funds are limited, it is suggested that you divide them in fifths. Use one fifth, more or less, for fruits or vegetables; one-fifth or more for milk and cheese; one-fifth or less for meats, fish and eggs; one-fifth or more, for cereals and bread; one-fifth or less for fats, sugar and other groceries. Note one-fifth or more for some groups, one-fifth or less for other groups. This from all the pages that you may read, is in a nutshell, a balanced diet for your growing child. And he will thrive on it. Most every farm home in Floyd County has these in abundance in the pantry or cellar. The town homes are less fortunate in this respect. In the springtime when the town home must depend solely on market purchases, it should be remembered that advice to purchase fruits and vegetables does not say buy the highest-priced fruits and vegetables you can find.

THE SALES TAX

It is very likely that the sales tax, turned down by congress a couple of weeks ago, would have been the better solution of the balanced budget problem than the excise taxes which are being voted with monotonous regularity.

However, it begins to appear that enough excise taxes will be assessed to get around to most of us, so that after all, the burden may be fairly well distributed.

On the other hand, and speaking without levity, there is a science of taxation, tested out in time and years. The sales tax, presented to congress by bi-partisan leadership, would have gone less against the nature of people than will the excise tax. America has ample kinds of "rackets" without starting any more. The gasoline tax evasion racket, which is netting millions to individuals that was intended to go to road construction and for the maintenance of schools, is an illustration to the point.

TOM LOVE'S CHANCE

Thomas B. Love on the scene again. This time his opportunity presented by state executive committee of the Democratic Party, which requires a pledge that would exclude from the "presidential" precinct, conventions in May any who will not agree to support the presidential nominee when chosen by the party in national convention assembled. Why any who do not honestly intend to support the nominee of the party should expect to

take a part in the selection, we do not know. But something about it is binding Mr. Love's conscience, so he is going into court to prevent the pledge being prescribed.

It was foolish of the executive committee to set up such a test in the first place, and the war Mr. Love is starting is one of the first fruits.

HIRE A SECRETARY

Every organization has its hangers-on, and one of the most prolific means of employment at this time for the dyed-in-the-wool organizer and secretary are the taxpayers' leagues being formed. As a matter of fact, the best way to get governmental expenses cut is to see the governors and get them to see the point of view of the governed. They are more amenable to the reasons advanced by the actual taxpayer than they would be to the harangues and long-winded blasts of a hireling.

But a lot of folk just have to be "organized." Otherwise they have no fun. And so the vogue now is to rent an office and hire a secretary for the taxpayers' leagues. Newspapers are getting reams and reams of bla from these kind of fellows now. A year ago they were bombarding with material from some other source and a year hence it will be something else. The "secretary" of something or other we have with us always. Always somebody ready to join at a few odd dollars a throw.

JURNEY A CANDIDATE

Chesley W. Journey, who served Texas long as the secretary of Chas. A. Culberson, now deceased senator, is running for the office of Congressman-at-large. His home is and has been at Waco all these years, although he has been in Washington much of the time.

Bad as the old saloon was, Journey maintains the bootlegger and speakeasy are worse, and declares America is not compelled to submit to such conditions. The first remedy he would apply would be the confiscation and sale of property used for a saloon or speakeasy in the same manner that an automobile is sold. His second remedy is to destroy the bootlegger by "taking away his market." He would substitute for the bootlegger four per cent beer, fourteen per cent wine and prescription liquor at \$2.75 per quart for medical purposes. His third step, he says, would be to make punishment certain by abolishing all fines and jail sentences and making a penitentiary sentence mandatory.

Mr. Journey is at least courageous.

BORROWING LESS

The average citizen is going to be greater off this fall than ever before because he is going to owe less than ever before for current running expenses. Evidence of the fact that Floyd County people are determined to stand more on their own feet and let the help proffered them through government agencies go by, is furnished every day. Less than a dozen men had obtained loans through the Reconstruction Finance Corporation last week. It is true the number is reduced by the fact that the government is requiring an unreasonable security—that of the landlord's share of the income from the land, but even if this stumbling block were not in the way there are just hundreds of Floyd County citizens who just know they are not going to borrow money with which to make a crop. They do not know exactly how they are going to manage, but their minds are made up.

All the signs have failed the past two years, and they may fail again this year, but if the Floyd County farmer ever gets another "break" he is going to be in position to take advantage of it.

All fed up—that's me on Inter-scholastic League Meets for another 12 months or so. Sand and grit galore hovered over me, fell on me, got in my boots, down my collar, in my ears, blinded me, and chocked me down. The sun was right on the job and also my neck which turned a nice sensitive baby pink. But all in all the weather was so mild for a county meet that I thought I was in Florida. It usually comes a whale of a big sand storm or turns freezing cold or rains the bottom out or something else entertaining.

This Frank Kimbrough from Wayland is a dandy starter for track events. He kept things humming and most high run me to death trying to keep my eye on the runners. He had the races coming up so fast I got plumb out of breath just looking on. Frank's a dandy, sez I, and no foolin'.

The thing was all over early in the afternoon and the boys didn't have to pitch the shot by moonlight like they have done at times in the past.

Now me I could pitch that lead ball a lot better with moonshine but that ain't the rules so I don't get to throw I reckon.

But all the folks had a good time Friday and Saturday when they wasn't busy doing something else—digging sand outta their eyes for instance.

Somebody musta done something backwards somewhere or other for Floydada had it all figured out as to how we was gonna win the meet and bedoggedged if Lockney didn't grab off just about the whole shebang.

I run across a little poem that may help our feelings some along about now so I'll pass it on as per usual: "When all the world seems gone to pot

'A Block In The Cog'

(Editorial by J. A. Routh)

A little girl, whom we met, had evidently been sent on an errand by her mother. She was carrying a bundle large enough to be burdensome to one of her size. There was nothing especially attractive about the youngster, and yet when we smiled and spoke to her it was an inspiration to observe her reactions. A broad smile played across her face—her shiny, pearl-like teeth glistened—the smooth tenor and enthusiasm of her voice seems still to be sounding and echoing in our ears. She sent us on to our work with revived energy.

During all the day, as we worked at our tasks, we were encouraged and helped by the spirit of the youngster. When our problems tended to worry us we could not but think of this courageous little girl who had set us such an example.

We are thinking of a man in our town who has inherited a small fortune. He could perhaps be successful in most any business he desired to select, but for his disposition. We have heard him complain about his banker, his lawyers, his county officials, and most everybody and everything. His church is never run to his satisfaction. This constant complainer finds fault with everybody but himself. Association with this person sends one away with a feeling of dissatisfaction.

This man has had several good positions but has never held one for a very long period of time. He has tried several different fields of activity but has never found one which he desires to accept as his profession. We wonder if it has never occurred to him that his uncontrolled nature is not only a hindrance to his own achievements, but a block in the cog of the community life, tending in every movement to discourage and dissatisfy rather than cheer and encourage.

C. A. Stevens in his book, "When Life Was Young," pictures to us a character in one of the boys who was an irritable, impetuous fellow. When any task was given the group, there was always a dissenting note voiced from this rebellious natured lad. We are not informed as to the outcome of this boy in later years, but the inference is that his career was neither pleasant nor successful.

For your own sake and the sake of your influence on the general public, do not be "A Block In The Cog."

Contemporary Thought

GETTING \$1.25 FOR WHEAT

Capper's Weekly: Farmers in Pratt County, Kansas, are getting \$1.25 a bushel for their wheat, thanks to a plan of practical home-made co-operation.

The farmer-miller-baker-consumer organization, which has brought this about, has been named the Prosperity Wheat Association. Everybody is eligible to membership as a consumer of bread if not as a farmer, miller or baker. So it is not a class organization, which has wrecked so many co-operative enterprises in the past. The regular price of bakers' bread at Pratt is 10 cents a loaf. At this price, it was discovered, millers and bakers could make a profit with wheat at \$1.25 provided no unnecessary handling and transportation charges on wheat, flour or bread are included.

So all that is asked of consumers is to keep right on buying bread at

Imagine the doctor's embarrassment when his patient asked if he might have some ham to go with his mustard plaster.

Poor old printers—they got the blame for this one:
"I understand your wife is quite ill."
"Yes, she had a slight cold; tried to cure herself by reading a daily health hint and is suffering from a typographical error."

Stage manager: "I hear you and the leading lady are on the outs."
Electrician: "Yeah. It happened during that quick change act when the stage was all dark. She asked for her tights and I thought she said lights."

And then there was the Scotchman who insisted on having the marriage ceremony performed in the back yard so the hens could eat the rice.

Executioner, to man about to be electrocuted: "Is there anything you want to say before I turn on the juice."
Condemned: "Yes, loosen the strap

10 cents a loaf but demand brands known to have been made from Pratt County wheat for which the growers received \$1.25. Although this plan was started only a few weeks ago, nearly all the bakers' bread used in the county now is made from \$1.25 wheat.

The plan is now being extended to other counties with equal success and eventually will be established in every wheat-growing state in the Union, its promoters declare. As a practical solution of low wheat prices right at home this seems to beat anything yet proposed.

EXEMPT THE HOMESTEAD

Pampa News: More and more have serious thinkers come to the conclusion that homesteads should be exempt from taxation. There should be one place where a man out of work could go and remain undisturbed by tax collectors—his home. We, too, are inclined to the opinion that a family ought to have the security of having its place of actual abode free from confiscation for any purpose whatsoever, unless purely local.

The homestead exemption should not be high. Until the property tax is superceded, people must continue to pay unto Caesar in accordance with their possessions. But the point of this discourse is that an humble dwelling, large enough to accommodate a couple in their old age yet not large enough to indicate clear ability to pay, should be tax exempt. The property tax was applicable when this nation was young but today it places a penalty upon progress, disregards ability to pay (income), and constitutes the most serious menace to agriculture.

STRAIGHTENING THE TRACES

Chillicothe Valley News: To the younger generation who know all about automobiles but never harnessed a horse, we might say that the "traces" attached the horse to the vehicle and your grandfather said it was a good horse who at the word of command "straightened the traces."

The business men of this country are doing that very thing, straightening things out and general business conditions are improving. You know when a man for 40 years puts on a surplus of flesh, he cannot take it off in 40 minutes. A too sudden burst of prosperity would injure the patient.

We do not give advice, but offer as a suggestion that business should not take it slow, but take it easy.

SUCH IS LIFE

Quannah Tribune-Chief: Everybody has his troubles, and the newspaper man is no exception even if he bears his financial worries lightly having been in the red at the bank most of his life. But after starting out in the morning trying to hunt up news knowing full well that he won't find any, and rather to his surprise gets hold of a juicy news item that his readers will roll over their tongues like a sweet morsel, he feels like ice water is poured down his back when his informant concludes: "Now remember, this is not for publication!"

PROOF AGAIN SOON!

Clarendon News: We haven't many more months of waiting until business conditions here in the Southwest will begin to respond to the much improved national situation, and trade and commerce will begin to accelerate with us all.

It has been a long, hard, game of holding on, winners are to be those who have grimly stood the gaff with as many smiles as could be mustered, without repudiating a single obligation and with the maintenance of self-respect.

There is no country in the world capable of making a "come back" as the Panhandle section, and it will prove it again before many moons.

PIMENTO OR PIMENTO?

No discriminating cheese fancier would eat a true "pimento cheese," unless he were very fond of all-spice flavor, yet several manufacturers are omitting an "I" in labeling what is really pimento cheese, according to H. A. Lepper, chemist in the food control laboratory of the Food and Drug Administration, United States Department of Agriculture. Pimento allspice is obtained from the dried, unripe, aromatic berries of the pimento tree. Pimento, a Spanish sweet pepper, is always used in the manufacture of true pimento cheese. Mr. Lepper offers this explanation as a guide to cheese manufacturers and to buyers of cheese flavored with pimento.

Notice that two-thirds of "Promotion" consists of "motion."

Results in Literary Events Of County Meet at Lockney

Following are the official results in the Literary Events of the county League meet held at Lockney Friday and Saturday.

Choral Singing
Andrews Ward of Floydada won first place in the Choral singing in the Ward division, Lockney Grammar School winning second place. Allmon, the only rural entry, won the new contest in their division.

Praise by officials and those attending the league meet, alike, as the finest contest of the entire list, the event held Thursday night at the Grammar School auditorium proved unusually popular.

Andrews Ward's chorus was directed by Mrs. J. N. Johnston and included 15 children. They drew and sang "Dairy Maids" and "Soldier Boys." The Lockney group consisted of 23 singers. They drew and sang the same numbers as those presented by the other school in their group.

Members of the winning Andrews Ward Chorus include the following: Jeanne Williams, Mary Katherine Daniel, Evelyn Hicks, Mary Loper, Brooksennell Price, Juanita Roden, Bonny Wingo, Norma Ginn, Cecil Driggers, Ralph Hammonds, Junior Crow, Charles Neil, James Roy Heald, and Billy Tad Probasco. Alternates were Doris Wayne O'Brien, Dorothy Nell Swinson, and Muriel Fagan.

Miss Ellen Virginia Pitts directed the winning Allmon group. They sang "Dairy Maids" and "Old Folks at Home." Miss Pitts gave her singers the pitch with notes on the piano, the other schools starting their songs with portable phonograph accompaniment.

Each group was required to memorize 10 songs and then sing two drawn at the time for the contest and following the decision of the judges, all three choruses were combined and they sang the remaining numbers in the group. Mrs. Johnston of Floydada directed the mass chorus.

C. E. Meredith was scheduled to direct the singing but was unable to be present because of illness and Director Biggers handled the event.

PAINT ROCK, ALA., ONCE J. E. HORTON'S HOME, IN PATH OF BAD CYCLONE

J. E. Horton, as he helped his wife clean house one day two weeks ago, declared it his intention they should move back to his old home town, where the dirt never blew, the wind was calm, and you never had need of money.

But the next day, reading the papers he saw where cyclonic fury had taken toll of four lives in his old home town of Paint Rock, Alabama and changed his mind. "I told my wife we would just stay in west Texas. Paint Rock is nestled at the foot of a mountain on Paint Rock River, with just room for the town between the mountain and the river. When I was a kid we lived there a number of years," Mr. Horton said.

The four victims of the storm were in a hosiery mill when the wind struck. Some 300 employees of the mill quit work and went to their homes a short time before it struck.

Mr. Horton said Dave Welborn, also a former resident of Alabama, now of Floyd County, told him that Paint Rock was blown away once before—back in 1879. The town gets its name from the river, which was named by the Indians from bluffs several hundred feet high where the river flows into the Tennessee.

Jones Camp Hi-Jackers Thought Killed In New Mexico On February 24

Watch Belonging To Station Owner Here Will Be Returned From Lovington

That the two hi-jackers who robbed J. W. Jones at the Jones Tourist Camp in northwest Floydada on Highway 70 on February 7, of \$200 in cash and a watch, were killed in a gun fight with a Lea County, New Mexico, deputy sheriff on February 24, is the belief held by the local sheriff's office.

The New Mexico killing was given big headlines in the newspapers at the time of its occurrence, the peace officer having been shot down by the men and while the other wounded killed them both. The officer survived several hours and preparations were being made to take him to a sanitarium by plane when he succumbed.

As a result of inquiries made by Deputy T. T. Hamilton of this county into the identity of the men, it develops that Mr. Jones' watch will be returned to him. One of the men killed was identified as John O'Dell. He had on a watch of the description of Mr. Jones' watch. There is no doubt of the identification, the movement number, the case number and a private number all corresponding. A single action .32 Colt pistol on a 45 frame belonging to Mr. Jones is still unaccounted for. The second man killed near Lovington is not identified in the correspondence with the local officers.

Information obtained here was given by C. Shannon, a deputy of W. M. Beverly, sheriff of Lea County, at Lovington. Mr. Shannon advises that the gun and the car described by Floyd County officers were not being used by the men apprehended and killed. They were driving a Ford coupe, which had been stolen at Colorado, Texas on the night before they were killed, he said. In the eighteen days that elapsed between the filling station robbery here and the New Mexico episode, the men, if they were the same, had to dispose of the gun and a Chrysler roadster, which five men at the Consumers' Fuel Association

said they were driving. Descriptions, believed to tally, indicated that after leaving the Jones station the hi-jackers visited the Consumers' with robbery in mind but found too many men present and scattered about the premises in the process of unloading gasoline from trucks. Roy H. Horn, manager of the station, took the license number of the car driven, and it developed the license was issued in northeast Oklahoma for a Chevrolet touring car. When officials here got in touch with the Pawhuska, Oklahoma, collector, this information was developed. By the time the officers there made an investigation, however, the license plates had been returned to the car on which they belonged and no trace of a Chrysler roadster found.

The information from New Mexico, was contained in a letter dated April 3. The name of the second man killed, the victims' homes were not given, and the incidents leading up to the gun battle were not recounted in the letter.

SOCIETY

Miss Rosa Lee Rush Wed at Home of Sister.

Miss Rosa Lee Rush of this city, and Grewa Pryor of Des Moines, New Mexico, were married Sunday Morning at 9 o'clock and left immediately after the ceremony for a trip to Colorado and the mountains of New Mexico.

The ceremony was said in the home of the bride's sister, Mrs. T. W. Whigham, by Rev. I. A. Smith before an improvised altar of flowers and green shrubs. The couple was unattended with only a few relatives and friends present. The bride wore a green and white suit with harmonizing accessories.

Mrs. Pryor is the daughter of Mr. and Mrs. S. E. Rush of Post and a sister of Mrs. Whigham and Mrs. E. E. Hinson of Floydada. She graduated from Floydada high school with the class of 1927, attended Texas Tech for three years, where she majored in home economics and taught school last year near Tulsa. She had been making her home with her sister here since the first of the year while employed for several months by the Radio Electric Co.

Mr. Pryor also attended Tech college for two years and one year at the New Mexico State College.

After the wedding trip the young couple will make their home on a ranch near Des Moines, New Mexico.

Miss Rosa Lee Rush Complimented With Shower.

Complimenting Miss Rosa Lee Rush recent bride Mrs. G. L. Kirk, Mrs. J. D. McBrien and Misses Selma Linder and Amy McRoberts entertained last Thursday afternoon with a miscellaneous shower at the home of Mrs. McBrien.

The chosen color scheme of the bride was used in decorations and refreshments. Miss Robby Archer read, "The Unthankful Orphan;" Misses Helene and Maurine Hay sang, "The Old Fashioned Locket" and a little playlet, "The Mock Wedding" was given by Emmitt Earl Hinson as the preacher, who marched in and took his place by the honoree's chair, La Juana Leibfried the flower girl, who scattered petals for the bridesmaids, Mary Frances Rinehart and Margie McChesney, followed by the little bride, Mary Frances Jones. Being disappointed over the bride groom not arriving the little bride suggested that her gifts might be given to the other bride when the children then presented the honoree with a number of pretty and useful gifts.

Refreshments were served to Mrs. M. L. Solomon, Mrs. Loran Leibfried, Mrs. T. W. Whigham, Mrs. C. J. Hollingsworth, Mrs. E. E. Hinson, Mrs. L. J. Welborn, Misses Veva and Robbin Swinson, Winona Felton, Elizabeth McKinney, Helene and Maurine Hay, Robby Archer, Lora Smith, the honoree Miss Rush and the hostesses.

RESERVATION ORDERS MAY BE MADE NOW FOR FRYERS

Reservation orders for frying chickens, on foot or dressed, may be made now, it was stated this week by Miss Martha Faulkner, county home demonstration agent, in discussing the "Fried Chicken Week," April 11 to 16, inclusive, to be staged by members of the Girl's Home Demonstration Clubs of the county.

The special week has been planned to help the girls realize as much money from their chickens as possible. The club selling the largest number of fryers will be entertained by the agent.

Everyone who would like to purchase these early fryers at the regular market price is asked to make reservations with some club girl or with Miss Faulkner and thus encourage the girls in their enterprise.

PERRY BROS. TAX BILL TO CITY PAID IN MARCH

The tax bill of Perry Bros., on personal property in the amount of \$33.60, which was demanded by City Secretary S. E. Duncan in February, when the company moved its store from Floydada to Mineola, was paid on March 19, records at the city office indicate. Payment was made by the manager of the Shamrock store, to whom the secretary released an adding machine and a cash register which had been held by the city pending payment.

At the time a controversy arose over the matter, the company contending the city had no right to demand payment until after the tax rolls had been made up. Secretary Duncan contended that the assessment had been made, that the amount was known and that unless payment or security for payment was had, the city would have no means of enforcing its claim when the property assessed had been removed from the corporate limits. Attorneys for the company wired local authorities that the city would be held liable unless the machines held by the city were promptly released.

At the same time the tax payment was made and for which receipt Number 1 was issued by the secretary, collection of a waterbill for \$2.50 was made, the record shows.

THIRD ANNUAL COWBOYS' REUNION AT STAMFORD

Stamford, April 7.—The third annual cowboys' reunion at Stamford will be held on July 4, 5 and 6, the dates just adopted by the board of directors being about a week later than in former years.

Preparations are going forward for what is expected to be the largest Independence Day affair in the western half of the State and possibly in all Texas.

Beginning as a sectional affair in 1930, the Cowboy Reunion gained statewide prominence and attracted national attention last year.

Outstanding features of the Reunion each year are the gathering of hundreds of pioneer cowboys and ranchmen, and the cowboy rodeo in which the cowhands from the ranges compete. New attractions will likely be added this year.

Mrs. E. O. Nichols of Plainview and Mrs. L. A. Posey of Lubbock were guests Tuesday of Mrs. E. P. Nelson and other friends.

Mrs. W. U. White has been visiting in Abilene since Thursday of last week with her aunt, Miss Rose Childers. Mr. White will go after his wife this mid-week.

TAXPAYERS LEAGUE

We have had considerable discussion and agitation in regard to the reduction of taxes but very little has been done. A taxpayers association should be organized at once in Floyd County. It should be county-wide and operate without any cost to the tax payers. If the taxpayers of Floyd county will unite with a determination to wipe out all expenses that are not vitally necessary to the operation of our county, schools and cities we can hammer taxes down to where the people can pay their taxes.

It is disheartening to know the amount of delinquent taxes which are owed by the citizens of Floyd County. Many cannot pay them. Some have decided that the taxes will eat up their property anyway and are not making any effort to pay them. In many instances the taxpayers money has been squandered. It seems very little effort has been made to reduce the expenses of our schools, cities and County to a basis of our ability to pay the taxes.

It appears that we are just entering into hard times and we may have several years of hand-to-mouth living. If the taxing bodies of Floyd County do not get down to bed-rock with their tax budgets they are liable to be confronted with a taxpayers strike within the near future. There is property in Floydada to day that would not sell for enough to pay the taxes. You can hardly interest anyone in buying a residence or business house in Floydada. We have heaped the taxes upon our citizenship until we have killed the spirit of home ownership; the very foundation upon which the destiny of Floydada rests.

Some of our most celebrated economists tell us that we are on the up grade and good times will be with us in the near future. They have been telling us this for about two years when any of us with horse sense can see that we are getting into a devil of a fix. Stocks and bonds are declining almost every day, wheat, cotton, corn, live stock and other farm products are below the actual cost of production and the prospects for the future are very gloomy.

The big men of the United States have built a high tariff wall around their products and broken the back of the farmers who are the very foundation of the resources of the United States. Alexander Legge, onetime guiding star of the Farm Bureau, president of the International Harvester Co., tells the farmer in his curt way that the only chance for him is to reduce his acreage but still he draws his huge salary and maintains the high price on his machinery and repairs as

well as the other big machinery corporations.

The big auto firms of the U. S. are flabbergasted that their wares are not selling. How can a man buy a new car when he can barely feed his family? They do not seem to realize that they very brink of bankruptcy. Our statesmen at Washington and Austin do not seem to know any more what it is all about than we do and are desperately pouring millions of dollars out of the public treasury to artificially restore prosperity. It seems to have never occurred to them that they could eliminate millions of dollars of expense by cutting their own salaries and government employes and refusing appropriations for unnecessary projects. No one can hardly censure a government employee for drawing a high salary, but it doesn't seem right for one person to be drawing a handsome salary from the government while most of the remaining nine are barely existing.

Some tell us that the farmers are better off today than they were a year ago but if you will ask the mass of farmers they will tell you this is not true. Most of them are burdened with a load of debt with interest that is working day and night and not a gamblers chance to pay with the present price of their products. Our homes and farms are going under the sheriff's hammer and unless we do something at once to change conditions it will drastically affect every one of us.

Optimism is a fine thing in some instances but when conditions are such as they are now I believe it is rank foolishness for us to kid ourselves into believing that we will be all right within a short time. We should know the worst and be prepared when it comes.

We have bought to the limit, we have mortgaged to the limit, we have borrowed to the limit and now pay day is here and no money on hand and no prospects for better times until we have some radical changes. We are all evidently going back to a lower standard of living and those of us who have been living beyond our means (and most of us have) are now facing a crisis.

I believe it is the duty of every taxpayer in Floyd County to unite and work with the various governing bodies of Floyd County that we may all benefit and bring back a condition that will cause people to wish to own a home or a business in the county.

VOTE ON COMPENSATION PAYMENT TO VETERANS WORLD WAR NEXT WEEK

Local members of the American Legion and ex-service men of the county generally are greatly interested in the forthcoming vote in Congress, expected next week, on the payment of the balance of adjusted compensation, sponsored by Wright Patman in the House of Representatives.

Several thousand telegrams are being assembled in Texas, many of them from Floyd County veterans, asking congress to give the bill support. Under the bill proposed payment would be made immediately in cash.

Members of the American Legion are appealing to the people of the nation generally to support the ex-service men in their claim, pointing out that the adjusted compensation is a debt now due and that its payment would really reach down to the common people of the entire nation and not to the special interests.

A statement issued out of state headquarters of the Legion this week declares that \$95,655,800 new money would be put into circulation in Texas if the law is passed, or \$16 per capita, and this without increasing the taxes of the country.

274 HENS AVERAGE 19 EGGS IN MONTH OF MARCH

The flock of Rhode Island White hens of Mrs. Karl Sammann of Providence continue to show good production and a margin of profit for their owner, the report for the month of March indicates.

With 274 hens in the flock the total production in the month was 5219, which is an average per hen of nineteen. Average production of the flock during April is expected to show a decline. About two-thirds of the eggs are being sold for hatching at a margin above the regular market.

Mrs. Sammann's figures on the financial side show total receipts of \$72.57 from the sale of eggs, and \$2.16 for the sale of four cull hens, making a total of \$74.73. From this must be deducted \$6.30 for commercial feed bought and \$5.10 for home grown feed, showing a net of \$63.33.

CIVIL SERVICE EXAM

Examinations will be held in Floydada soon to fill a contemplated vacancy in the position of fourth class postmaster at Dougherty, an announcement from the Civil Service Commission this week states. The compensation of the postmaster at that office was \$680 for the last fiscal year.

Applicants must reside within the territory supplied by the Dougherty office. Applications for examination will be received up to April 22.

Homer Sanders, of Quitaque, was in Floydada Tuesday on business.

SIX CITIES REPRESENTED IN GOLF LEAGUE THIS YEAR

Although Post has withdrawn from the amateur golf league of the caprock area this year, member cities of the league will number six for the spring and summer of 1932. Ralls, Crosbyton and Paducah having cast their lot with the organization of which the remaining member clubs are Floydada, Spur and Matador.

Play in the league will begin on April 23. The Floydada golfers will play their first match at Crosbyton. Details of the schedule for the matches was worked out last week-end at a meeting at Spur. This meeting was attended by J. W. Clonts of Floydada.

Bill Andrews, of Spur, is president of the league this year.

MRS. V. ANDREWS RESIGNS AS DIRECTOR FOR PLAYERS

Resignation of Mrs. V. Andrews as director of the Floydada Dramatics Club was announced this week. Mrs. Andrews stated that her other duties did not leave her enough time necessary for the work with the club group.

Miss Georgia Lee Assiter is acting director for the play which the club is rehearsing.

The club will not meet this Thursday night, several members going to Pleasant Hill to give between-act specialties for a play to be presented there, it was announced by Garland Glover, president. Mrs. Andrews will accompany Misses Mary Gamble, Oleta Jackson, Myrtice Meador, and Robertine McIntyre, and Messrs. Garland Glover, Kyle Glover, and Roy Holmes.

PENNEY'S ANNIVERSARY CELEBRATED DURING APRIL

April 14 marks the thirtieth anniversary of the founding of the J. C. Penney Company and the entire month is being devoted to celebrating this landmark in the growth of the organization, according to Walton Hale, manager of the Floydada store.

The local store is number 1404 in the 1460 units, which now make up the company, and was opened on November 15, 1929, twenty-seven years after the mother store was opened by Mr. Penney in the mining town of Kemmerer, Wyoming.

Mr. Hale came to Floydada in September of 1929, after having served an apprenticeship in the Lubbock store.

"In general, retail prices of merchandise are down at least 22 per cent below what they were at the same time last year, and many of the values we are featuring at this time have not been obtainable since 1912. It is doubtful whether many people will be able to recall prices as low as those which mark the retail prices on goods offered by Floydada merchants in general, and some of the items of most general use which we have on our counters are the lowest in the history of our organization," Mr. Hale said.

DOROTHY PULLEN BETTER

Mrs. F. M. Kennedy, who has been in Lubbock with her daughter, Miss Dorothy Pullen, who has been convalescing in the Lubbock Sanitarium following a very serious operation, was in Floydada a short time Friday morning of last week and reported that the condition of her daughter was much improved.

She returned to Lubbock Friday. She planned to take Dorothy to her home in Providence community, Mrs. Kennedy said, Saturday or Sunday. Miss Pullen has been employed at Lubbock for the past two years.

Schools May Enter 4 In Spelling Contest To Be Held April 28

Each school of the county may enter four pupils in George Washington Bicentennial spelling contest to be held in Floydada April 28, it was announced this week by J. N. Johnston, county chairman.

Each entrant will be required first to write an essay of not more than 700 words and the four winning essay writers from each school may then enter the county spelling contest. The essays for the high school students are to be based on the United States Declaration of Independence and the grade students are to write on the Texas Declaration of Independence.

The two winning high school pupils and the two winners from the grade school, or in case of a rural school not having high school affiliation, the four receiving the highest grades on their essays will be eligible to enter the spelling event, the winner of which will be awarded a medal by the Sons of the American Revolution.

The date for the contest was originally set for April 22 but Mr. Johnston has been ill with influenza for the past three weeks and has not been able to make plans for the event and the postponed until April 28 was deemed advisable.

Teachers in the various schools are to direct the writing of the essays, grade them and turn in the names of the winners to Mr. Johnston just as soon as possible, it was stated.

WILLIAMS TO TAKE TWO BOYS' TEAMS TO PLAINVIEW

Coach O. T. Williams and his dairy judging and poultry judging teams will go to Plainview Monday to compete in the annual Vocational Agriculture Boys' Judging Contest to be held in connection with the Fifth Annual Panhandle Plains Dairy Show April 11-14.

Members of the F. F. A. dairy team are Milton Sims, Layton Dorrell, and J. D. Nelson. The poultry team is composed of Raymond King, Leo Jackson, and Verner Norman.

Mr. Williams has received the reports from Lubbock on the judging contests held at Tech College and this week is working out points missed by the boys over there.

PLAY TO BE GIVEN AT ROSELAND WED, APR. 13

"A Wild Flower of the Hills" will be presented at Roseland Wednesday evening, April 13. The scene is the garden of the Burke home among the hills of Kentucky. An old southern play where the un-welcome waif was cast into the home of the darkies. Mammy's love is beautifully portrayed and she is finally restored to her proper station in life. The cast of characters are as follows: Mammy—the old colored servant at the Burkes—Mrs. A. H. Robertson; Lily, her daughter—Mrs. Frank Robertson; Mose, Lily's husband—Frank Robertson; Mrs. Caroline Burke, a jealous woman—Celia May Wicker; Chloe, an un-welcome waif—Mrs. Guy Sams; Bruce Jackson, a designing girl—Mrs. Sue Whitlock; Snow White, Chloe's unacknowledged father—Sid Midget; John Burke, Mrs. Burke's youngest son—Ernest Smitherman; Jed Burke, her eldest son—Lem Robertson; Zack Jackson, Sue's brother and attorney—Elmer Mosley. There will be no admission charges and every one is invited.

VISITORS AT ROTARY MEETING FROM LOCKNEY, SPUR

Among the visitors at the meeting of Floydada Rotary Club Wednesday were R. E. Cox and C. T. Taylor from the Lockney Club, and H. O. Everts from the Spur Club. Cox is president at Lockney.

Bob Watkins of Hedley, here for a meeting at the Methodist Church, Rev. I. A. Smith, Jaul Jacobson and R. Fred Brown, were also guests. Roy L. Snodgrass gave those present a picture of the problems of the Commissioners' Court in connection with road matters of the county, and Robt. A. Sone a digest of some of the bills now before congress, including that of balancing the financial budget of the nation.

Mr. Watkins of the Hedley club and Rev. P. D. O'Brien furnished harmonica and guitar numbers.

TO ENTER TOURNEY

J. W. Clonts and Jack Scott are among the local golfers who plan to participate in the annual Invitation Golf Tournament to be held at Mineral Wells April 14-17.

The tourney officially marks the opening of the golfing season for West Texas.

J. M. Willson spent the first of the week in Silvertown on business.

Rug School Date Is Changed To April 23

Date for the scheduled Rug Training School for Floyd County Home Demonstration Club Women has been changed to Saturday, April 23, it was announced this week by Miss Martha Faulkner, county home demonstration agent. This change was made to avoid a conflict with a school at Plainview.

Miss Faulkner and a selected group of demonstrators will attend the District Rug Training School to be held in Plainview April 15-16 to be conducted by Miss Mamie Lee Hayden, extension specialist in home industries, of A. & M. College. The county school had originally been planned for April 16. The Plainview school will include representatives from Floyd, Swisher and Hale counties.

The school will begin at 8:30 o'clock Friday, April 15 and the morning of the first day will be devoted to the discussion and designing of hooked rugs. The afternoon session will include color combinations worked out in rug designs, dyeing and bleaching demonstrations.

For the morning of the second day hooking and finishing rugs and mats will comprise the program. The school will adjourn at noon.

For the county school the latter part of the month, two women from each club in the county will comprise the quota of delegates, Miss Faulkner announced.

33 LOAN APPLICATIONS R. F. CORPN. APPROVED

The Floyd County Central Committee to pass on loans to farmers from the Reconstruction Finance Corporation, had approved thirty-three loans in all since the funds became available in March. S. W. Ross of this committee said this morning. Fifteen of the thirty-three applicants have received loans already. The largest loan approved was for \$275.

Mrs. W. H. Alexander had as guests last week end her daughter Mrs. J. Ross Bell and son, J. Ross, Jr., of Childress, Mr. and Mrs. E. C. Alexander and children of Plainview, Mr. and Mrs. Randell Alexander of Levelland and Mr. and Mrs. J. T. Rhodes and children of Lubbock.

Ross Henry and H. L. Craig of Plainview were in Floydada on business Wednesday.

Moving? . . .

don't forget your telephone

If you plan to move, let us know when and where as soon as you can . . . preferably ten days in advance. If you'll give us sufficient notice, we'll try to have your telephone connected on or before the day you move. Here are some of the people you'll probably want to call:

the grocer . . . the druggist . . . the plumber . . .

Just tell Long Distance . . . "I'm calling Kansas City, Harrison 9900." Or, if you don't know the number, say "Give me Kansas City . . . I'll talk to anyone at Mr. Henry Wilson's residence, 1500 South Broadway." That's the way to place a station-to-station call.

Usually you will be connected while you hold the line . . . in a few moments you'll be talking to friends or business acquaintances in Kansas City.

Even in the daytime station-to-station calls (on which you will speak to anyone who answers at the number called) are cheapest. And they're reduced about 25 per cent between 7 and 8:30 p. m. . . . about 50 per cent between 8:30 p. m. and 4:30 a. m. Some examples:

Santa Fe-A. & M. Farm and Home Special Makes Two Stops in Col

Is Great Exposition Of Farm Home Ideas

Steady Stream of Visitors At Train During Stay In Floydada.

The fourth Santa Fe-operated agricultural train run through Texas in the past nine years, depicting new ideas in farming and farm-home making, was visited by 1109 people at its stop in Floydada Saturday morning from 9 to 12 o'clock. It was a most comprehensive exposition of modern farming and planning, the exhibits having been planned and arranged by A. & M. College specialists.

Greater Prosperity Aim
The orderly crowd which passed in practically unending succession through the train, saw exhibits bearing on practically every phase of farm life, many of the exhibits being some of the more nearly ideal work accomplished during the past twelve months by Home Demonstration Club women of the state.

A portion of the exhibits on the train were in the capable hands of Floyd County people during its stay in this county. These included Mrs. W. E. Miller, of Sand Hill, who had charge of the Home Industries Exhibit, Mrs. A. R. Hanna of the same club who had charge of the 4-H Pantry exhibit, and Miss Martha Faulkner, who had charge of the garden exhibit, demonstrating on smaller plots by means of sub-irrigation.

Mr. and Mrs. O. W. Fry, R. B. Gary and Mayor W. C. Hanna were among the prominent Floyd County and Floydada people who met the train here.

by far the best ever carried from the college in such work. Officials of the railway company and the college emphasized the fact that the train was being operated by the railway company at its expense as a contribution to greater prosperity and better living conditions on the farm. Exhibits and speakers were supplied by the college and other cooperating agencies. Electricity for operating the various electrical demonstrators was supplied by Texas Utilities Company. Not greater production on the farms, but benefits of improved methods, live-at-home program and how life may be made more comfortable, happier and of greater profit on the farm were the themes that were carried by the exhibits.

No general lecture program was carried out, the talks being made at the booths and in the cars where the crowds assembled about the things in which they were interested.

Members of the A. & M. College group aboard included: S. C. Evans, district agent, Extension Service; Miss Myrtle Murray, district home demonstration agent, Extension Service; Miss Elizabeth Cox, Home Economics Department, West Texas State Teachers College, Canyon; G. W. Barnes, Texas Livestock Marketing Association, Fort Worth; R. E. Dickson, superintendent, Spr Sub-Experiment Station; W. F. Munnerlyn, poultry department, A. & M.; T. M. Moore, agricultural department, West Texas State Teachers College, Canyon; P. T. Snyder, agricultural engineering department, A. & M.; S. D. Montford, farm electrification specialist, College Station; and W. H. Darrow, editor, Extension Service. Santa Fe representatives aboard included:

Lorraine Britton, who had been at Houston for several months, returned home recently.

Glenn Jones returned last week from Phoenix, Arizona, where he had been for the past few months.

Victory vs. Defeat
We're back from Lockney where we suffered some defeats in literary work, but were completely victorious in track. Lockney scored enough points to get the big championship cup, but we shouldn't worry about that. Let's take our defeats like sports next time. Our defeats are helpful to us in a way, because it better prepares us to meet defeats later on in life. I'm sure that every one who entered any kind of event received much good by so doing.

The track boys of F. H. S. sure held the Green and White banners of Floydada High up at Lockney. F. H. S. carried that track meet on in a fashionable style. We won first place in every track event, and everyone present saw some good runners. The track boys deserve commendation for their excellent standing. We are all proud of them, and we expect them to carry the F. H. S. banners through district, and then to state. F. H. S. is behind you, track men, so do your best.

CHAPEL NEWS
Tuesday April 5
The following songs were sung, led by Mr. Williams: "We're marching to Zion," "You Can Smile" and "Brighten the corner where you are."

Mr. Cummings told that we would send quite a few students to Lubbock for the District meet.

Faculty meeting was called for after school.

Mr. Cummings gave a two minute lesson in manners to begin the program.

Mrs. Hughes brought three girls who gave their declamation.

The seniors told how they won first place in one act play contest at Plainview. Those on the program were: Billie Joe Welch, Bruce McLaughlin, Marion Heald, Lurlyne Clonts, and Pauline Williams.

Mr. Cummings announced that there would be no school Friday because of the track meet.

Senior Class Meeting
Thursday afternoon after school the seniors were asked to remain for a few minutes. Plans were made for sponsoring a play to be presented by Plainview in the near future. A committee was appointed to meet with the trustees and plan with them on the football field. Selma Linder treasurer, made a report of the financial condition of the class.

Tennis News
The boys tennis teams and the girls singles team went to Ralls to win over them in boys doubles 6-1, 6-3. The boys singles 6-3, 7-5. The girls singles, 6-1, and 6-2. These events took place last Thursday, March 31.

Monday, April 3, the boys doubles team consisting of Marion Heald and Truett Smalley won the finals of the county meet winning over Prairie Chapel 6-1, 6-1, 6-2. These boys will represent Floydada High School in the district meet April 15 and 16.

S. W. Ross Talks to Hi-Y
The Hi-Y boys met Monday night at seven o'clock in their regular weekly meeting. The topic for discussion for the afternoon was: "Choosing a Vocation." The leader for the program was Verne Eastridge.

The program was as follows:
How does high school help choose a vocation—Virgil Crawford.

Why should we seek advice from older people—Layton Dorrell.

Talks—summarized—S. W. Ross.

Plans were made to go with Girls Reserve on picnic Thursday night. Plans were also discussed for the yearly annual camp to be held probably the last Friday in April. Many boys from Floydada plan to attend. Rules were made for attendance and the boy must be present three times in succession before the Friday to go on the camp or he will not get to attend.

Practically all the Hi-Y boys present and the attendance was appreciated. About thirty boys were present.

Do You Chew Gum, Yawn, or Sleep In Study Hall?
The following is a description of a study hall as given by one of its members:

What do students do during study periods was the question in the mind of the reporter so a general survey was made. There were various ways in which the different members of the S. H. passed the time away.

There were three girls busy arranging their hair. F. W. Bell was biting his nails. Carrick Snodgrass was gazing out of the window toward the sky. F. C. Harmon was trying to balance a pencil behind his ear. Floyd Murray was rubbing and playing with his nose.

About half of the number in the S. H. appeared to be drowsy, and nearly every one leaned their heads against his hands at one time or other. Only ten yawned during the period. Eight were sleeping.

Two of the boys in the S. H. rubbing their chins the entire time. Several were chewing on pencils or fountain pens, and four were chewing gum.

A fair average can not be gained of the number of times each girl powdered her nose, because it happened so often that it would be impossible to keep count of that.

What was the reporter doing? Well, he was writing this story.

Girl Reserves
A Girl Reserve meeting was called Monday afternoon a few minutes after school by the president, Venita Borum. Names were taken of the girls who are going on the picnic Thursday. Plans were also made for an all-day picnic to be in about two weeks. Miss Miller talked to the girls a few minutes and then adjourned. A program is arranged for the next meeting.

'Them Bones Will Rise Again'
The Green Peppers met Monday at activities period and renewed the old Whirlwind spirit.

After all business was finished, they discussed a picnic to be given to celebrate the completion of the punch board, which seems to be a years work. The squad planned to go to Roaring Springs and spend the day on the picnic. The "Spring Fever" means picnics and swimming parties, so help them get the punch board worked out and they will remember you when they are having their good time at Roaring Springs.

Many peppy songs and yells were given to renew the old Whirlwind spirit. The seniors were very sad to realize that this is their last year to sing "Dear Floydada High" and "Ye, team fight harder!" The leaders will be elected for next year at the next meeting, which will probably be next week. The senior members hope that the leaders, whoever they may be, will make as good and as peppy leaders as the ones this year have been.

The pep squad may attend the district meet, which is to be held at Lubbock in two weeks. If the squad decides to attend this event, they will appreciate all cooperation of the people who have ways for the girls to go.

The pep squad as a whole wishes to express their sincere appreciation to all citizens who have been so kind to take the girls from town to town and hope that "them bones will rise again" next year with as much enthusiasm as they have had this year.

Society Editor.

D. D. E. Report
The D. D. E. Club met April 4, at the activities period and held a business meeting. The house was called to order by W. A. Amburn, president, and the club decided to have a picnic April 15. A play was also discussed. The president appointed a committee of three to see about the ways and means for the picnic. Wanda Teeple, Virgil Crawford, Clara Bell Golithly were the three who were appointed to serve on the committee.

A committee was also selected to get a number of plays and present them to the club. Lola Maye Grundy, Harold Bishop, and Mozelle Fields were the three to serve on the committee. This is to be a one act play and it is going to be put on in the near future.

There has been some talk about electing officers for next year and the club is going to elect them at the next meeting which will be held some time next week. A constitution for the club is to be presented for the clubs approval at the next meeting also.

F Club Meeting
The F Club met Monday, April 4, to decide who will be eligible to become new members of the club. The new members are boys who made a letter in either basketball, track or tennis. The members from the basketball team are: Roy Anderson and Herman Nelson. The new members from the track are: Verne Eastridge and Ersel Matthews.

Sam Rutledge singles tennis player, is also eligible to become a member of the club.

An initiation committee was appointed by the president, Marion Heald. The committee are Otho Johnston and Lowell Gambelin. As soon as they have decided what

Something for Nothing

Service is usually hard enough to get when it's paid for, but now it seems, we can get it free. Mr. Wilson Kimble informs us that his jewelry store, well knows as "Correct Time Headquarters" regulates and inspects ladies' or mens' pocket or wrist watches FREE of charge. This service is cheerfully rendered and places one under no obligation whatever. punishment these five should receive before becoming members, the initiation will start. It is an old custom for each new member to help entertain in a chapel meeting at the high school, so this will be a part of the initiation.

The club members discussed having another picnic sometime before school is out. It is doubtful, however, that another picnic will be given by the F Club due to the numerous other activities already planned by other organizations of the High School.

Rhe—I'm not in the water.

Mrs. Stovall—What is a vacuum?
John Kimble—I have it in my head but I can't think of it just now.

Alice Mae—When do the leaves begin to turn?
Bruce—The night before exams start.

Raymond—Can I fill my fountain pen in here?
Mrs. Birchfield—You never know till you try, do you?

Marion—That's a good looking suit you have on Verne, old boy, mind giving me the address of the tailor?
Verne—Not at all. But only on the condition that you do not tell him mine.

Lurlyne—Why are you counting your fingers?
Billy Joe—Just shook hands with an insurance agent.

J. D.—Tell me what the Christian tree stands for?
Milton—Well, it would look sort of silly lying down.

Lowell—These athletic shoes suit the name.
Venita—Why?
Lowell—They keep me jumping.

Miss Dennis—When the magistrate asked me how old I was I couldn't remember exactly whether I was twenty four or twenty five.
Mrs. Teague—And what did you say?
Miss Dennis—Eighteen.

Connally Ju an Farmer Tom

U. S. Senator Tom Connally takes time out from directing the still cautious and tentative John Garner presidential campaign and dons his working clothes to assist running lines and terracing his farm near Marlin, Texas.

Garner is leaving the matter of running his campaign, if any, entirely to Connally, who recently announced in the senate that Texas presented Garner as a presidential candidate, "not as a favorite son, but as a statesman supremely qualified for national affairs."

Connally is shown here with Dan Clinton, Falls county agricultural agent, at right, and one of Connally's farm workers.

omber, while Gable rides another plane in the same capacity. Gable's ship crumbles in the air, and dropping in a parachute, he is thrown on the rocks of an isolated stretch of coast. Beery sees the accident and he and Nagel go down after him. The audience gasped as the plane swept down to a perfect three-point landing among the rocks of the beach.

Nagel is badly hurt in the rescue effort and Gable's leg is broken. Four days of waiting bring nothing but the news of their receiving set that the search has been abandoned. Unable to fly a plane as pilot, Beery loads the two men into the ship, nevertheless, and after a tense session of flying through heavy fog, which thrilled the premier crowd, brings the plane down on the Saratoga's deck in a crashing plunge which wrecks the ship and sets it afire. They are rescued, but Beery is to badly burned.

Dougherty News

Dougherty received some much needed improvement last week when Commissioner Fawver and his crew of road workers graded all the streets leading into town.

This was a splendid job of work of which the citizens feel proud.

Now, that our streets are in good condition again if each of the property owners would assist a little by digging off to a slope, all of the street intersections, this would make a better road finish and also give a better drain in case of rain, than if we wait for the ditch to be filled up.

Sand Hill Wins Championship Cup By a Large Majority

We are glad it is over? What is over? The Interscholastic League meet. It ended last Saturday, April 2, and Sand Hill was the winner by a large majority of points. We won the big Class B county championship cup, the Junior High point cup, and almost all the other cups that are still in circulation. We almost doubled our nearest competitor for the championship cup.

The list of first places Sand Hill won are as follows:

Junior track and field, 9; Senior track team, 5; Senior declamation, 2; Debate, 1; Extemporaneous speaking 2; Picture memory (tied for 1); music memory, 1; tennis ball, (senior and junior) 2; tennis 5; total number of first places 27.

We also won about 20 second places. This year makes the tenth time we have won the championship cup out of eleven years. We failed to win it in 1930. We already have two championship cups permanently won.

Picnic

The Sand Hill school went on a picnic Tuesday, April 5.

We went to Ralls crossing and spent the day. We played several baseball games. The married men played the school boys. The scores were 6 and 10 in favor of the married men. The married women played the girls. The scores were 12 to 4 in favor of the girls.

The ladies spread a fine lunch at the noon hour. The lunch consisted of sandwiches of all descriptions, deviled eggs, cakes, pies and everything else you could ever wish for.

Everyone reported a fine time and we all look forward to another picnic.

Senior Class Rings

The Sand Hill Senior class rings arrived Monday, April 4. Everyone was very proud of them. There were ten in class and all received rings.

Play at Dougherty

"The Girl in the Fur Coat" is to be presented by Dougherty, Friday night, April 8. This is not a P. T. C. play but is being put on under the auspices of the Senior class. An admission of 5 and 10 cents will be charged. The proceeds will be used to pay for the class rings. Your presence will be greatly appreciated by the senior class and the community.

"The Little Clodhopper" was presented Tuesday night, April 5, by South Plains. This play was brought in exchange for "Mary's Castle in the Air."

"Poor Father" was presented by Aiken during the past month. There was a large crowd present.

Muncy will bring "Windy Willows" Thursday night, April 7. This will be the last P. T. C. play of the season.

Locals

Clyde Cates, of Olton, spent the week-end with his parents in this community.

There was a community party at the home of Miss Buena Weems Wednesday night.

W. E. Dooley, of Wichita Falls, visited with his parents, Mr. and Mrs. Bill Dooley, last week.

Mr. and Mrs. Jim Dunlap, of Muncy community, at Sunday dinner with Mr. and Mrs. Clarence Strickland.

Mr. and Mrs. E. L. Campbell, of Tullia, visited with relatives in this community last week-end.

Mr. and Mrs. Bob Bolleher spent the week-end at Plainview visiting relatives.

Volley Ball Games

Sand Hill Senior volley ball team played Ralls at Ralls and defeated them by a score of 6 games to Ralls none.

That same evening they went to Crosbyton and defeated them by a

Sand Hill played Floydada at Floydada and were defeated, but played the Floydada girls again and defeated them.

Our volley ball team won first place in Class B school, but were defeated in the final game with Lockney, April 2.

Play Ground Ball Games

The Sand Hill junior boys and girls played Andrews Ward in play ground ball. The boys game was interesting, the score being 4 to 6. The girls also played, the score being 16-32.

The high school junior girls played Floydada girls on our court, the score being 17-16. Later we returned the game the score being 20-22.

Miss Helen Ramming who has been here visiting her mother, Mrs. Fred Zimmerman, left Saturday to resume study at Hockaday School for Girls at Dallas. She spent the Easter holidays in El Paso with Mr. and Mrs. Zimmerman.

Mrs. E. L. Campbell and children of Tullia, spent last week-end with Mrs. Campbell's mother, Mrs. T. B. Gross, of Sand Hill.

Price Reduction On Chevrolet Announced

Six to Be Continued Exclusively by Company for an Indefinite Period.

Chevrolet price reductions ranging up to fifty-five dollars were announced the latter part of last week by the Chevrolet Motor Company and were put into effect the following day by the local dealer, the Snodgrass Chevrolet Company.

At the same time it was announced out of the Detroit offices that the Chevrolet Six would continue to be built exclusively by the company for an indefinite period, and that at no time has there been thought of changing the present six-cylinder model which has led the industry in sales during the past fifteen months and brought the company its high percentage of total business Chevrolet has ever enjoyed.

The price reductions affect fourteen passenger car models. Base price for the passenger car line is now \$445 for the roadster, lowest priced model.

Mr. Knudsen pointed out that the announcement, which came on the eve of the opening of the National Exhibit of General Motors products, at 55 leading cities beginning April 2, served to arouse renewed interest in motor cars, and that the cumulative effect of developments now under way in the industry should be a major factor in stimulating the automobile, which admittedly is the key to American business recovery.

Reduced prices on individual models, all f. o. b., Flint, Mich., as announced by Mr. Knudsen, are as follows:

Roadster, \$445; Sport Roadster, \$485; Phaeton, \$495; 5-window Coupe, \$490; 3-window Coupe, \$490; Sport Coupe, \$535; De Luxe Coupe, \$510; Coach, \$495; De Luxe Coach, \$515; Standard Sedan, \$590; Special Sedan, \$615; 5-Passenger Coupe, \$575; Cabriolet, \$595; Landeau Phaeton, \$625.

The reduction took effect April 1, Mr. Knudsen said, and all dealers have been advised to make immediate delivery of all models at the new low reduced price scale.

EXCHANGES HOUSES HERE FOR NEW MEXICO LAND

W. T. Gray, who is now making his home in Levelland, was in Floydada closing up the details of an exchange of his city property here for land near Lovington, New Mexico, the new owner of the Floydada property being M. A. Scott, of O'Donnell.

The Floydada property consists of two residences on West Missouri Street.

Miss Thelma Kinnard, teacher in the Fairview school, spent the week end in Floydada, guest of Mrs. J. T. Howard.

A Farmer's Life

"As He Lives It"

BY ED HOLMES

Here I am back again. I considered very seriously just stopping this article completely. You may wonder why in the world after missing one week's writing, why I didn't quit.

We had everything planned for the baby and not one time did we ever think of it dying at birth. I know now that we couldn't possibly have realized just what it meant until it happened to us. I didn't ever realize before how utterly helpless a common human being is. Maby until now you have accomplished everything that you tried to do? Try to breathe life into a body after it has been taken away! You will wish to do this some time and you will fail. It will not matter how much you wish it done you will fail! When you realize this you will know that there is a power higher than man.

If you haven't been trying to make friends out of your neighbors, now will be a good time to start. You will never be able to repay them after they stand by you as they did us. This is one debt that you will always try to pay. Doing good things for your friends and neighbors before you really need them is the least that we should do. Just remember that it will be repaid you one hundred times over and you will receive it when nothing else will take its place.

With this in mind I will continue to do the best I can. I really have enjoyed writing these articles the past few months and I believe you will appreciate this fact or else you will wonder why I have spent hours writing when it would be more pleasant sleeping.

As I sit here thinking up, up, up, up, up, it all seems mighty nice. When I start saying that word real fast out loud what does it sound like? Pup, pup, pup, pup! Maybe your beautiful thoughts are like mine. When you start saying them, they sound different. With this, the only excuse I will offer for writing for you, I will close until next week

League Meet This Year Declared Real Success

(Continued from page 1)

The silver loving cup given in Class A High School contests was won permanently by Floydada last year and none was actually awarded Lockney.

Meet Distinct Success

From every standpoint the meet this year was a distinct success. Attendance was good, the crowds being evenly divided with events taking place in different sections of town during both days of the contests.

Lockney High School was outstanding this year, winning practically the entire list of literary events and a number of athletic events. Floydada athletes carried their banner high in the track and field contests winning every first place and in some instances taking all point-counting places.

Without question the feature of the meet this year was the systematized plan instituted by Director General W. D. Biggers and so efficiently executed by the directors of the divisions and the assistants.

Things moved off with clock-like regularity and with no confusion and a good-natured crowd in attendance. The contestants displayed fine sportsmanship without exception and to say that the meet was the best ever held is no waste of words.

In debates Lockney High School was given the decision in both the boys' and girls' division. At the contest between the Class A High Schools Friday night the audience, teams and judges "held forth" until 12 o'clock. In commenting on the debates, County Superintendent Price Scott, assisting Director J. W. Chapman by presiding, said, "I have attended every school meet ever held in Floyd County with the exception of two and never have I seen as large a crowd stay with the debates until they were completed. I think this is a most commendable tribute to the debates and to the interest being shown by the people in their school affairs this year."

Old Man Weather, usually a rather unprincipled ruffian along about time for the county meet

every year, had a softening of the heart or gizzard and smiled this time, delving out a couple of pretty nice days for the youngsters to display their ability.

Of course the sand blew across the tennis courts and the track and field but that is regulation conditions in these parts and as a whole the weather was pretty agreeable.

Frank Kimbrough and Kenneth Kendrick worked as starter and field judge Saturday. Both men are from Wayland College, Plainview. They kept the athletic events moving off smoothly and rapidly.

Bruce McLaughlin, Floydada High School, was high point man of the entire meet in track and field events, totaling 21 1/2 points.

Lowell Gambin, F. H. S., was second with 19 1/2 points. Bridges and Matthews, F. H. S., tied for third with 11 1/2. Floydada made 116 points compared to 25 1/2 scored by Lockney.

Points scored by the other schools in the various divisions and the high point man in each group in track and field were as follows:

Class A Ward—Andrews Ward, Floydada, 38; Lockney Grammar School, 22; Malcolm Linder, Andrews Ward, high point man with 11 1/2 points.

Class A High School Juniors—Floydada High School, 31; Lockney High School, 29; Blasingame, F. H. S., high point man with 17 points. Brotherton of Lockney was second with 15 points.

Class B Senior High—Irick, 50; Lakeview, 44; Sand Hill, 22 1/2. Herman Poague, Irick, high point man, 22 points.

Class B Grammar—Sand Hill, 25 points. Bradford, Sand Hill, 25 points.

Class B Junior High—Sand Hill, 28; Irick, 14; Lakeview, 11; Floyd Gilbreath, Sand Hill, high point man with 18 points.

Junior Grammar School—Sand Hill, 27; Irick, 19; Lakeview, 13. Johnnie Cates, Sand Hill, high point man, with 13 points.

Rural Juniors—Cedar Hill, 18; Harmony, 15; Allmon, 14; Prairie Chapel, 13.

Rural Seniors—Cedar Hill, 54; Allmon, 49; Prairie Chapel, 19; Blanco, 9. Starkey, Cedar Hill, high point man with 20 points.

County champions in the major divisions will be entered in the district interscholastic league meet to be held at Lubbock April 15-16.

Members of the championship Lockney girls' team in volleyball are as follows: Margie Smith, Janet Huskey, Leola Shelton, Faye Parker, Leona Shelton, Mary Smith, Edna Copeland, Lela Comer, Juanita Still, and Wilda Townsend.

Without question the feature of the second day of the meet at Lockney was the superb performance of Coach L. T. Barksdale's track team from Floydada High School. Sceldom is a meet held that the opposing teams do not capture a portion of the first places but the lads in green and white took them all without exception.

It was an unusual performance in county league history.

Contests in tennis, volleyball and playground ball were held at the High School grounds and gymnasium. Debates and other literary events were held at the Grammar School and at the City Auditorium. Track and field contests were staged at the City Auditorium park.

In the volleyball contests Lockney defeated Liberty in the final bracket and then downed Sand Hill for the county championship. In the preliminaries, Floydada lost to Lockney in Class A, Sand Hill won Class B by forfeit, in Class C Cedar Hill won from Center, Liberty beat Allmon and McCoy beat Prairie Chapel, Liberty beat Cedar and then Liberty defeated McCoy for the Class C division title. Liberty and Sand Hill then both lost to Lockney.

Playground ball championships were as follows: Lockney Grammar School in the boys' division and Floydada Ward School in the girls' section. The contests were completed last week prior to the league meet proper.

Floydada Wins Banner On Attendance Tuesday

Floydada won the banner on attendance awarded at the Baptist Worker's meeting held at Silverton Tuesday. Rev. P. D. O'Brien and Rev. G. W. Tubbs had parts on the program rendered.

Among those attending from the Floydada church included Mrs. J. H. Myers, Rev. and Mrs. P. D. O'Brien, Rev. G. W. Tubbs, Homer Sims, W. H. Foster, J. T. Spence and daughter, and Joseph McMurray. Mileage and the number attending are used in determining the winner of the banner each time.

The next Worker's Meeting will be held at Ralls Tuesday after the first Sunday in May.

A total of 13 churches were represented at Silverton. Following is the program that was rendered:

Devotional, Rev. Bradley, Plainview; "God's plan of Salvation," G. W. Tubbs, Floydada; "Hindrances to Christian Growth," P. D. O'Brien, Floydada; sermon, W. B. Fitzgerald; lunch, each bringing a dish.

Devotional, H. L. Burnam; W. M. U. and Board meeting; miscellaneous; "Contributions to Christian Growth";—R. E. Harrison, adjournment.

CHEESE, BUTTER ENTRIES DUE SATURDAY, THIS WEEK

Entries of American cheese, cottage cheese and farm dairy butter from Floyd County Home Demonstration Clubs for the fifth annual Panhandle-Plains Dairy Show exhibit next week are due in the office of Miss Martha Faulkner, home demonstration agent, Saturday, it was announced this week.

Carton containers for the butter have been received and will be at Miss Faulkner's office. Members of the committee who will prepare the items for the exhibit after they are brought from the clubs include Mrs. A. H. Kreis, Campbell, Mrs. A. C. Smith, Antelope, and Miss Blanche Ramsey, Harmony.

Miss Faulkner will take the exhibit to Plainview Monday. Judging on the butter and cheese will be held Tuesday afternoon, April 12, at the court house in Plainview.

Practically every club in the county is expected to be represented in the exhibit.

Prizes ranging from \$3 to \$1 will be given on the articles placing in the first seven winners of each group.

F. C. HARMON RECOVERING FROM OPERATION MONDAY

F. C. Harmon, city, is convalescing in the Smith & Smith Sanitarium following an operation for rupture which he underwent Monday morning. He has shown steady improvement and his condition is reported good this mid-week.

MRS. HILL NO BETTER

Condition of Mrs. R. E. Hill, of Plainview, sister of W. C. Grigsby of this city, is reported unimproved this mid-week and she is still seriously ill, suffering with high blood pressure.

Mr. and Mrs. Grigsby plan to go to Plainview again this Thursday. M. C. Grigsby, of Ada, Oklahoma, spent Monday night here with his brother en route to Plainview. He was accompanied by his daughter, Mamie Elizabeth.

CARD OF THANKS

We wish to express our thanks to the people of this community and surrounding communities who have been so nice and kind to R. B. during these past four months. The days have passed very lively and everyone's company has been enjoyed so much. We want to thank everyone for the shower given us a few days ago. Every article was useful and highly appreciated.

As we leave for Temple where R. B. will receive treatment for awhile with no set time for our return, everyone will be remembered very kindly, and we wish for each and everyone of you the very richest blessings.

Mr. and Mrs. R. B. McCravey.

BLANCO H. D. CLUB

Mrs. S. E. Brewer will be hostess for the meeting tomorrow of the Blanco Home Demonstration Club, when the general subject for study will be "Health."

Eleven members and one visitor were present at the meeting of the club on Tuesday afternoon of last week, with Irene Cates as hostess. A study was made of the care and storage of clothing, discussed round table, and Miss Martha Faulkner gave a most interesting demonstration on building and equipping closets.

City's Ordinary Income For Year Exceeds Ordinary Expense, Report Of Secretary For March 31 Shows

Bonded Debt \$18,000 Less Than 1 Year Ago

\$21,981.65 Interest Bill Paid in Period of Year From March 31, 1931.

Citizens of Floydada, who are watching the pulse of the municipality to observe the progress of the patient, which some maintain is in a critical condition, will be pleased to know that the city government lived within its means so far as 'ordinary' expenses and receipts are concerned, during the period from March 31, 1931, to March 31, 1932. These facts are disclosed in a statement and balance sheets struck by City Secretary S. E. Duncan this week and put in the hands of the city aldermen for their study.

By 'ordinary' expenses and 'ordinary' income is meant all the expense of operating the city's affairs and all the income received by the city from services rendered the public. Income from taxes collected and funds paid out for interest or for the retirement of bonded debt are not included in the statement of income and expense.

According to these figures the city received during the period named from all sources a total of \$24,745.03, more than \$22,000 of this from water and sewer services. At the same time the city's net ordinary expenses were \$22,512.68, a net "profit" of \$2,232.35, if three were no interest bills to pay and no depreciation on an investment exceeding \$400,000. Protection to property by police and fire fighting equipment and the maintenance of the streets and the city park at a cost of \$12,000 is thrown in for good measure on the "profit" side of the ledger.

However, in the course of the transaction of business the city actually expended from its coffers for "ordinary" expenses, slightly more than its income, paying out of these funds \$2,318 on open accounts which had previously accrued, bringing the total outgo through these funds to \$25,065.68, against an income of \$24,745.03.

Bonded Debt Cut

It is aside from the ordinary income and expense items of the conduct of the municipality that the affairs of the city do not look so rosy. As a matter of fact, the city operated its ordinary affairs last year at a figure that would have represented no expense in the form of taxation whatever to Mr. Average Citizen, had there been no debt and no depreciation. But there are both debt and depreciation. What the depreciation bill of the city may be has not been determined, a job that some council sooner or later will have to undertake if the city's fiscal affairs are ever presented exactly as they should be to the taxpayers. However, the original "inventory" or total contract price for all improvements made is \$421,455.59. At the beginning of the fiscal year \$388,728.47 of this amount was outstanding and bearing interest at a rate varying from 5 per cent to 6 per cent. At the close of the period the figure had decreased to \$370,614.40, or in other words \$18,114.07 of the debt was paid off in the year.

Total receipts from taxes during the twelve-month period were \$20,248.54 and there was on deposit in the bank at the beginning of the year \$37,620.55, a total of \$57,869.09. At the close of the year the city had in the bank \$12,769.78, and it had in meter deposits almost exactly \$1,000 less than a year previous, a decrease of more than \$25,000. Seeking for the big difference in cash balances and receipts totalling \$57,869.09 in tax funds and reserves, which shrank to \$12,769.78 with only \$18,000 paid in debts during the period, you find the answer in an interest bill on bonded debt totalling \$21,981.65, an amount larger by \$3,000 and more than the amount of the original debt paid off.

Reserves Set Up

Previous figures for the city's fiscal affairs, recorded in the secretary's office, show that reserves for all debts that will accrue this year are set up to and including August, which means that there is no immediate danger of default in the city's indebtedness. However, it is a striking fact that even if the city continues to keep its ordinary income and its ordinary expenses balanced, there must be an increased ratio of tax payments. Collections during the year, as reflected in the statement made by the secretary, show that at the beginning of the period there were outstanding in taxes unpaid and due the city \$20,100.37. At the close of the period this had increased almost exactly \$10,000. The city collected taxes as follows during the year: From the 1931 rolls \$16,854.18; 1930 rolls \$2,753.60; 1929 rolls \$261.84; from rolls for 1928 and prior years to 1919, \$378.92, giving a total of \$20,248.54. Income actually needed from these sources by the city was slightly less than \$30,000. Thus, it will be seen that the reserves set up by this and previous administrations came in handily during the year and there must be a pickup in future collections.

There are at present delinquent taxes due the city totalling \$30,617.66, the report shows. Of this amount \$13,349.79 is from the 1931 rolls, \$8,238.06 the 1930 rolls, and about \$9,000 on rolls for previous years, carried as an asset in the balance sheet for March 31, 1932. FEWER FUR ANIMALS

Farmers and trappers are trapping fewer fur animals each year, says the Bureau of Biological Survey. Some of the causes of this are: Overtrapping for many years in reduced breeding areas, low prices for raw furs in the last few years, and the drought of 1930, which reduced the number of fur animals. The floods of 1927 also destroyed many fur animals in the Mississippi Basin and New England. The numbers of foxes, martens, minks, fishers, and beavers reaching the market are decreasing, says the bureau, but there are still many skunks, opossums, racoons, and muskrats. The muskrat, which breeds often and raises large families, is one of the biggest fur producers.

Style Note

Fashions that bloom in the spring—tra la—are at their best if they will flourish straight through the summertime.—The Country Home.

Chester deCordova left Tuesday morning for school after spending a few days here with his parents, Mr. and Mrs. Gus deCordova. He is attending school at Cameron A. & M. in Oklahoma.

Mr. and Mrs. N. G. Jackson, of Tulsa, spent Sunday visiting her parents, Mr. and Mrs. A. R. Hanna, of Sand Hill, and friends in Floydada.

Rev. and Mrs. P. D. O'Brien and family spent from Saturday till Monday in Colorado City where they visited Mrs. O'Brien's sisters, Mrs. A. J. Herrington and Mrs. Hugh Millington.

Coach Warner Reed of Lockney was in Floydada on business Monday.

Lewis Norman, who has been making his home in Amarillo for the past several years, is visiting relatives in Floydada. He arrived Friday of last week and will be here for an indefinite period.

Salisbury Is Named President Of Rural Carriers Saturday

Floydada Members Are Hosts To South Plains Association Saturday Night.

Wm. Salisbury, Floydada, was elected president of the South Plains Rural Letter Carriers' Association at the quarterly meeting held Saturday night in the basement of the First Baptist Church. He was vice-president last year and succeeds Ray Lowe, of Plainview.

Other officers elected included Clyde Martin, of Petersburg, vice-president, and Mr. Williamson, Petersburg, secretary-treasurer.

Visiting carriers were in attendance from the West Texas Rural Letter Carriers' Association including the following: W. E. Suddarth, Mr. Reed, and Mr. Eubank, of Tahoka; Mr. Underwood, of Post; Mr. Gilley, of Southland; Mr. Carroll and Mr. Klattenhoff, of Slaton, and Mrs. Kendrick, of Lubbock.

Mr. Suddarth, who is clerk-treasurer of the Rural Carriers' Credit Union, discussed the payment plan by which rural carriers may purchase cars. A state charter to the newly formed credit group was granted recently and operations were started April 1.

Local members of the association and their wives were hosts to the visitors Saturday night. Refreshments of ice cream and cake were served. Special old-time music was furnished by Vellie McNeill, Clarence Travis, Claude Langford, and Oliver Allen.

Visiting carriers of the local association included the following: Mr. Powell, of Spur; Mr. Phipps, of Roaring Springs; Mr. and Mrs. Martin, of Petersburg; Mr. Williamson, of Silverton; Mr. and Mrs. Cooper and Langford, of Lockney; Mr. Lowe and Mr. Biers, of Plainview. Messrs. Jeff Welborn, Oliver Allen, G. N. Shirey, and Wm. Salisbury, all of Floydada, with their wives were hosts.

The next meeting of the South Plains Carriers will be held at Roaring Springs the first Saturday in July.

Poultry Hints

Reports compiled by A. & M. Extension Service officials point out the value of good poultry houses, the importance of green feed, and the per cent pullets in a flock influence production in the study of better methods in the poultry industry.

"Poultry that Pays" is the slogan which the college workers are carrying out in effect.

Records compiled from every community in the state show that: Hens in good houses laid 2 1/3 eggs each more than those in "poor" or "fair" houses, in spite of a very mild January. Income above feed cost per hen was slightly higher, although feed cost was also higher, which possibly indicates more efficient management and feeding.

Larger "commercial" flocks generally had the best houses, while the smaller "farm" flocks were poorly housed on the average.

Good houses and large flocks seem to be associated with much culling. The small "farm" flocks did little culling, but received quite an income from the sale of fryers, etc.

Only 38 1/2 per cent of the flocks had an adequate supply of green feed, although relatively few were totally without, the records indicate.

Production per hen increased directly as the amount of green feed,

although this one factor cannot be held responsible for all the increase. Flocks with plenty of green feed produced 42 per cent more eggs than those totally without.

That the "good" green feed flock owners considered their business of enough size to merit special attention is indicated by: more hens per flock, considerably more culling, better feeding indicated by 21 per cent higher feed cost per hen, 31 per cent greater production per hen, better salesmanship shown by higher price per dozen eggs sold, nearly double the net income per hen above feed cost.

Apparently those flocks rated "fair" had almost the same care that the "good" ones had, as the figures are almost the same throughout.

A "poor" supply of greens is about as bad as none at all.

Small flock owners apparently do not replace as big a production of hens with pullets as do owners larger "commercial" flocks. Largest flocks contain between 50 to 100 per cent pullets.

Flocks with over 50 per cent pullets laid an average of two eggs per hen more than those under 50 per cent. Income from sale of eggs was 45.4 per cent greater in flocks having over 50 per cent pullets.

Increased profits in the "pullet flocks" was due to a lower feed cost per dozen because of higher production, and better salesmanship by the owners reflected in a difference of over 3 cents per dozen in profit obtained.

UNDERGO MINOR OPERATIONS

Eugene and Thomas Frank, sons of Mr. and Mrs. Lee Wilkinson, underwent minor operations at the Lubbock Sanitarium Tuesday. Mr. and Mrs. Wilkinson took them over Tuesday morning and returned the same day.

W. Z. Hawkins, of Flomot, was in Floydada on business one day last week.
