GROW OR FOSSILIZE

Never allow life to become
wholly a matter of routine, but
always struggle to come into con-
tact with the new.

Strive continuously and ear-
nestly to enlarge the circle
of your thoughts, the sweep
of your sympathies, the fields of
your knowledge. You are sure
to cease growing physically, but
no such certain fossilization faces
you mentally. What is more at-
tractive than a bright child hap-
pily acquainting himself with the
whole world? What is more
monotonous than the oyster-like
life of many old people, circum-
scribed and unchanging, dull, vac-
ant-eyed?

—H. Y. Benedict, President Uni-
versity of Texas.

MORE GRAIN, LESS FLOUR

There are any number of scores
of reasons for the low price of
wheat and the doldrums in which
business has found itself, principal-
ly centering about the kind of treat-
ment agriculture has had during the
past decade and a half. However,
there is one contributory cause for
low wheat that was inevitable and
still is making itself felt.

While the acreage and total pro-
duction of wheat has been increasing
rather steadily for sometime, with
special emphasis since the war in-
troduced machinery more and more
into the production of the crop, the
consumption among even just the
plain folk has fallen off. In other
words, there has been a diet
change brought about amongst the
people that has cost the farmer
many a pretty penny, and of course,
when it cost him it cost the rest of
us also.

A bunch of faddists, the country-
wide, are. Somebody says drink
blah-juice and blah-juice goes into
the menu of every home that reads:
don't ruin your health with good old
wholesome bread. It will make you
fat. And all hands begin reducing.
Perhaps about the time all the wheat
men are broken raising two-bit cer-
eal crops, there'll be a new cycle
that will bring flour and baking
back into vogue and there'll be an-
other era of prosperity for the every-
day dirt-farmer. Meanwhile we are
raising too much wheat, eating too
little flour.

PRINTERS AND GROCERS

A groceryman and a printer are a
bit alike in some of their mental
processes, albeit the grocer who
reads, if any, may take offense.
Both are obsessed—each individual-
ly—that he is operating on the low-
est overhead cost of anybody in the
world, and if you'll have a heart-to-
heart talk with either—your printer
or your grocer—he'll break down
and admit to you that his business
is so much better managed than that
of his competitors—he lets the bars
down and includes the wide world—
that he can sell cheaper than any-
body else. Maybe he can't pay his
wholesale bills, but he is an egoist
and thinks he is doing well. Of
course, it has gone out of fashion
for anybody to make money right
now. Even the lumberman and the
banker are marking time.

But the grocer and the printer,
they have talked their cheapness
for so long the public, even before
the present economic crisis hit for
others, took it for granted that
neither had any right actually to
make money. Both proudly waved
their cost mark in front of the pros-
perity and declared proudly that
little margin he had offered to take.
So that a man might count on his
fingers, almost, the number in either
trade who have gained a com-
petence through a life of hard work
and determined effort. It's just a
failing in the type, probably.

THE CANDIDATES, THEY PAY

Consider the poor candidate for
a moment. In Texas, and perhaps
in many other states, they pay the
fiddler. Many people there are who
think that the primary elections are
paid for out of the taxpayers' pockets,
whereas, in fact, the only source
of revenue in this state whence the
parties gain sufficient funds to stage
their primaries is through an assess-
ment made against the candi-
dates based on the salaries and emolu-
ments of the office which is
dangled before the candidate so he'll
be the sucker.

So, when a candidate comes to see
you after this week and asks you
to vote for him, be reminded that he
is paying the bill, and not yourself.
He is putting on the party and in-
viting you to be present—on his side,
if you will, but be present, anyhow.
All the voting you'll do between
this date and the general election

will be paid for by somebody else,
not the taxpayer as such. Even the
fun the wets and drys will have in
July, voting for and against the
submission of the prohibition pro-
posal, will be financed by the poor
devils who are out in the hot sun
hitting up the folks and betting their
last penny on the way the wheel
will turn for them.

CONGRESSMEN-AT-LARGE

Those who are not familiar with
the machinery of elections will be
somewhat confused, possibly, over
the fact that the ticket this year in
the primary will have some forty
names on it for congressman-at-
large. These will be indicated under
"place number one," "place number
two," and "place number three." The
Texas law requires that before a
state candidate may become the
nominee of a party he must have
received a majority of the votes cast
in his race. Under this law the
state committee could not put all
the names in the pot and then let
the people vote on the three high
names because there would not be
substantial compliance with the
law. Presumably, there will be a
run-off in each race and in the sec-
ond primary one man or woman
will have been nominated for con-
gressman-at-large in each "place."
And thus the party will have three
legal candidates to offer the people
in the fall election.

Fourteen names appear on the
ballot for "place number one,"
eleven for "place number two," and
fourteen for "place number three."
You get to vote for one under each
head. And when we finish this fall
Texas will have three more repre-
sentatives in the hall of congress
than ever before.

Of course, this "place" business
wouldn't have happened if the leg-
islature had done the elemental
thing the constitution said for them
to do last session, which was to re-
district the state for congressional
representation. But the boys were
too busy.

THE 'SUBMISSION' BALLOT

The "Submission" ballot which is
to be voted on at the general pri-
mary on July 23, is rather a new
idea voted on by the state com-
mittee on June 13, and because of
its unexpectedness, will not be gen-
erally understood possibly. This is
the way it will read on the ballot:

"For the submissions by the 73rd
Congress of the question of re-
taining or repealing the 18th
Amendment to the Constitution
of the United States to the peo-
ple through conventions especial-
ly elected in the separate states to
consider that issue by itself, as
provided in Article 5 of the Con-
stitution of the United States."

"Against the submission by the
73d Congress of the question of
retaining or repealing the 18th
Amendment to the Constitution
of the United States to the peo-
ple through conventions especial-
ly elected in the separate states to
consider that issue by itself, as
provided in Article 5 of the Con-
stitution of the United States."

You may be interested in refresh-
ing your mind as to the provisions
of "Article 5 of the Constitution of
the United States." If so, it reads
as follows:

"The Congress, whenever two
thirds of both houses shall deem
it necessary, shall propose amend-
ments to this constitution, or, on
the application of the legislatures
of two thirds of the several states,
shall call a convention for propos-
ing amendments, which, in either
case, shall be valid to all intents
and purposes, as part of this con-
stitution, when ratified by the leg-
islatures of three fourths of the
several states, or by conventions
in three fourths thereof, as the
one or the other mode of ratifica-
tion may be proposed by the Con-
gress."

JOB OF HURDLING

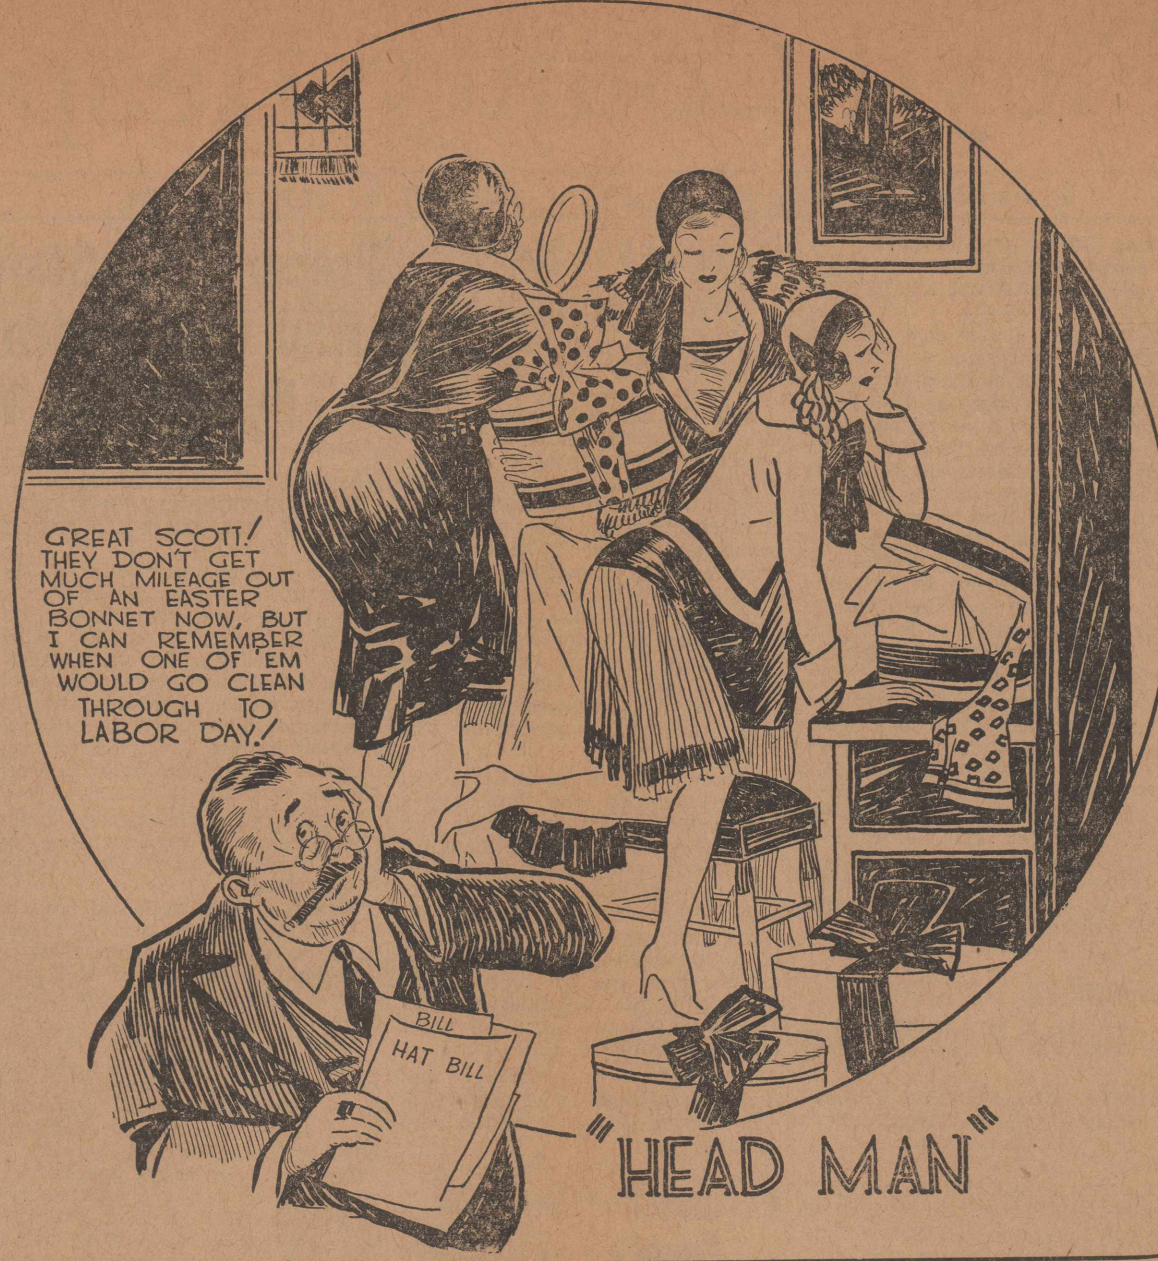

If you have read the above pro-
visions of Article 5 of the constitu-
tion, you will readily see how many
obstacles any proposed amendment
to the same will have to hurdle.
First, two thirds of both houses of
congress will have to vote to sub-
mit the proposal either to the vari-
ous legislatures or to conventions in
the various states. And following
this three-fourths of the states will
have to vote either through their
conventions or their legislatures.
The Texas proposal, to be voted up-
on as above, asks that the question
be handled by conventions chosen
for the purpose "to consider that
issue by itself."

Texas is such a large state with
so many varied interests that its
legislative hopper is full of mat-
ters to be considered by the end
of the first day of any session. For
this reason the idea of a separate
convention, if it is to be held, is
better. The man who is chosen to
represent his county or section in
the convention would be out of or-
der when and if he gets up and goes
to spouting off about something
other than the subject at hand—
very much unlike the legislature.

There was quite a bit less con-
fusion and a lot more respect for
the institution of the law back in
convention days, it seems to us. At
any rate, if there is to be "submis-
sion" it will be considered "separately"
from other issues.

And meanwhile prohibitionists
have a long, long time, possibly half
a life time, to prove that national
prohibition is workable, before the
last state will have ratified any
change in the constitution as at
present set up. And after that, if,
having lost nationally, the state still
has its machinery for carrying on
the kind of prohibition laws we were
using before the Eighteenth Amend-
ment passed, and since that time,
too, for that matter.

Too Much To Think About At Home

LITTLE INTEREST TODATE

Todate little interest has been
shown in the political situation in
Floyd County. Perhaps people have
too many of their own troubles to
get their minds seriously on the po-
litical outlook either in the county
or state. The state of the wheat
crop and the wheat market have
been major thoughts, and there are
other things, as you know.

Very likely, however, there will be
a revival, or a beginning, of inter-
est in the outcome of the various
candidacies when the wheat harvest
is finished and there is not such a
rush. But it is not a good sign,
when even the prohibition submis-
sion question does not get a "rise"
out of the people.

IT IS NOT RIGHT

What a shame that Texas has a
law on the statute books making it
necessary for a man to pay money
for the privilege or duty of voting!
A thousand or possibly fifteen hun-
dred Floyd County people this year,
salt of the earth and we "don't mean
maybe," are disfranchised because
they felt the need of \$1.50 for bread
and meat worse than for a vote.

Well enough that there be some
kind of check on the voters, such as
a requirement that one register,
giving age, address, political affil-
iation and whatnot. But to make
it a money consideration is not
right. But you make the suggestion
that the schools get a part of the
income from the payment of polls.
Better not to have schools, we main-
tain, than to have them at the price
of a free man's vote.

TERRACES SAVE SOIL

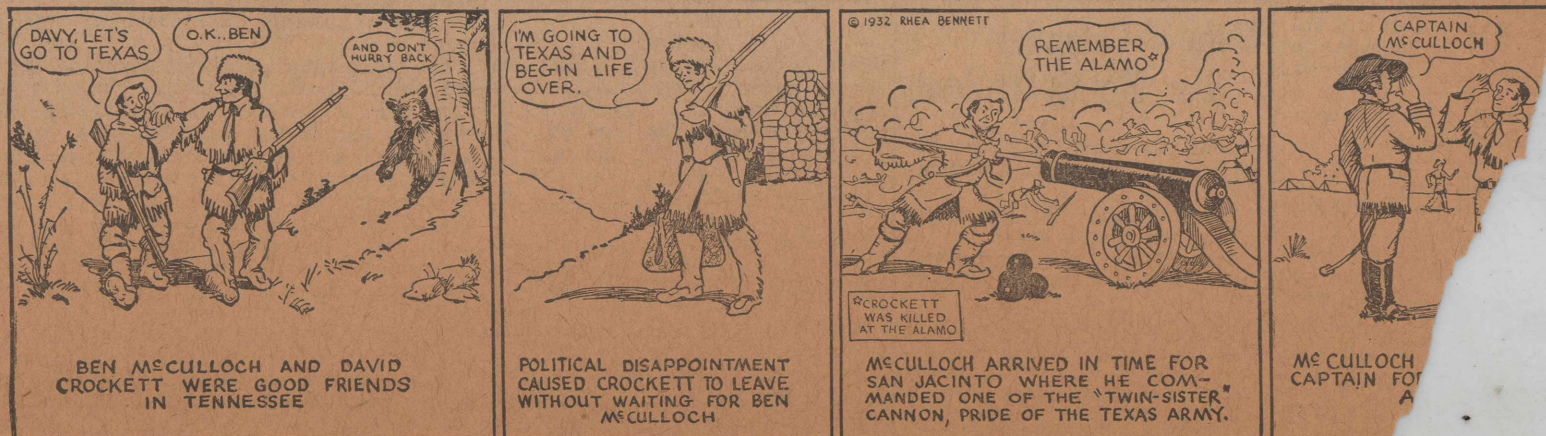

Thirty-five times as much soil
was washed from terraced land
as from terraced areas, according
to actual measurements at the Fed-
eral soil erosion experiment station
at Guthrie, Okla. In 1931 an un-
terraced area planted to cover crop
or rye and followed by cowpeas and
later by winter wheat lost 43.9 tons
of soil per acre as compared with
1.25 tons an acre from a level-ter-
raced area of the same slope planted
to oats and followed by cowpeas, and
later by winter wheat.

TOMATO JUICE

Tomato and orange juice serve
about the same purpose in the child's
diet and may be interchanged suc-
cessfully in family menus. The
choice is largely a matter of price
and availability. In the summer,
when tomatoes are abundant, they
may well be utilized for juice, say
child nutrition specialists of the Uni-
ted States Department of Agricul-
ture. Tomato juice is easily pre-
pared from raw tomatoes by cook-
ing them quickly, straining, and sea-
soning to taste. Like orange juice,
tomato juice is a good source of
vitamins A and B, and both are ex-
cellent as sources of vitamin C.

The Texas Rangers

the bill. We are now paying for
the expensive spree enjoyed during
and following the world war when
everyone thought he was getting
rich. When you pay your tax bills,
just remember that war does not pay.

TOO MUCH BUSINESS

McLean News: A city alderman
tells us that if delinquent taxes and
water rent could be collected the
city could pay all current indebted-
ness and take up \$10,000 worth of
future bonds. The city is now in the
position of a merchant extending
credit to his customers when he
must borrow money to pay his own
bills.

VOTE IS ILL-ADVISED

Canyon News: The liquor ques-
tion of the election tickets this year
will disturb the voters' minds more
than anything else could do. All
economic questions will be forgotten.
Means and measures will be pushed
aside and the entire interests of the
campaign will be around this prob-
lem. If liquor should return, it
would not return prosperity, but
would add to the suffering and pains
of millions of women and children.
If liquor is returned, it will not do
away with crime, greed and graft,
but will add to these crimes. The
antis are charging prohibition with
all of the ills of the day, and there-
fore the strong appeal of the pres-
ent time. The News is always for a
majority rule on every public ques-
tion, and has realized for sometime
that another vote must be taken on
the prohibition question, but be-
lieves it ill-advised at this time
when so many more important ques-
tions confront our nation.

THE GOOD OLD DAYS

Pampa Daily News: We remem-
ber that a few years ago banks ad-
vertised with such slogans as "Let
us do your bookkeeping for you—
write checks." This evidently was
taken literally. The number of one
dollar checks written in a month
is staggering. Uncle Sam has seen
fit to impose a two-cent tax on the
free check service banks allow. This
unusual step probably will hasten
the use of the service charge by
those banks which in the past have
been glad to handle thousands of
checks free daily. Patrons are not
going to like the check tax. They
never have relished the service
charge. Perhaps it is because they
enjoy getting something for noth-
ing. Truly, the "good old days" are
passing.

LAWNS AND GARDENS

Slaton Slatonite: Slaton can
truthfully be called a city of beau-
tiful lawns. All over the town one
can see flourishing shade trees,
green, well trimmed lawns, and gor-
geous flowers gardens.

For some years past the Chamber
of Commerce encouraged home and
town beautification, and the peo-
ple began to acquire the habit.
Pretty lawn contents have a fea-
ture for some years past. They
have proved wholesome and worth
while.

However, thus far we have seen
no announcement that we are to
have a pretty lawn contest this year.
We hope these will not be abandon-
ed. True, the prizes have never
been large but it has never been
necessary to make them large in or-
der to accomplish the true object
in view, namely, to emphasize the
importance of home and city beau-
tification, and to furnish an incen-
tive therefor.

We hope that the pretty lawn
contests will not be abandoned. It
is not too late to get the program
under way for this year.

And in connection with home and
town beautification, we hope the
importance of the home garden will
not be overlooked. Much can be
grown in that way, a saving can be
effected, and if for no other rea-
son, a garden always affords a lit-
tle useful labor for children who
otherwise would have nothing to do
but to loaf and rove idly about the
town.

FOREST ROADS

Mileage of forest roads construct-
ed last year more than doubled the
mileage constructed in 1930, report
the Forest Service, United States
Department of Agriculture. The
building increased 23 per cent.
The forest-roads funds were
panded in 39 States and Terri-
es and construction amounted
4,238.3 miles. The 1930 mileage
1,725.6. Road-building operat-
carried on in part under emerg-
relief appropriations, were
to open up inaccessible areas
tional forests where fire dan-
greatest and contributed
communities to the relief
unemployment conditions.

Done Strikes Part Of Town

Area of damage extended to the southwest corner of town, although not making deep in that section was Tuesday afternoon when rains, of Petersburg, said as far as to Floydada that as far as the H. A. Krause place as pronounced damage, the area began a short distance from Petersburg, Mr. Weems deCordova said the damage in Allmon place was severe.

Wind at Lakeview

Between Floydada and Lakeview Tuesday night the roadbed was a dam of water and the adjoining fields as disclosed by the flashes of lightning appeared as one solid sheet.

Weldon Wilkinson reported that he estimated the rainfall at least six inches at his grandfather's, the D. Wilkinson place, two and one half miles southeast of town. Lakes were filled and running over, he said. Cotton was damaged at least 50 per cent and the wheat was blown down, he said.

Part of the top of the barn on the C. Alexander farm was blown away. Others to the south and east losing windmills were Clark Bolding, Will Hambricht, and F. A. Dickert. W. E. Mason's barn and that of his son, Grady on the same section were destroyed as were the outhouses.

Mr. Dickert lost one mill entirely and the wheel from a second. Heavy hail, his third for the season, damaged his wheat crop about 75 per cent, he estimated. He resides seven and one half miles southeast of town.

It was estimated by Lovell Jones that the precipitation at his place in the Lakeview community exceeded five inches. The water ran up on the runningsboards of cars that were successful enough to "navigate" the highways.

A combine shed, a windmill, cream shed, and a portion of his car shed were blown down at the Lovell Jones place in Lakeview community.

Ed Wilson's barn west of Floydada some ten miles was blown down. Bill Dooley, Jr., reported over three inches of rain on his father's farm.

T. R. Noland in the north section of the county said that only a light rain fell at his place.

A. E. Kreis, east of town said they got a big rain but not much hail. Herschel Green, who resides east on the Matador highway, reported about three-quarters of an inch rain and very little hail.

At the J. F. Roberts place six and a half miles southeast the windmill was blown down and other damage done, but at the L. C. McDonald place, adjoining on the east no damage was reported although a good rain fell. This seems to define the damage area on the east. Northwest the damage appears to have been slight.

At the N. B. Pace place and the O. W. Fry place little damage was done by wind or hail. At least a portion of Harmony escaped damage. Three inches of rain fell at the Finkner place but little hail.

Gule Snodgrass, 13 miles southwest in the Harmony neighborhood, estimated the damage to his wheat from ten to fifteen per cent. He said the rainfall was much heavier at his place than in town. The barns did not carry off the water fast enough and the roadbed was covered.

Hail damage was light at his place, wind being responsible for the main portion of his loss, Mr. Snodgrass stated. A windmill wheel was torn up at his place.

"The heavy hail started about a mile and a half east of my place and cleaned up things to the canyon which it seemed to follow on to the southeast.

Down the Ralls road beginning with V. M. Manning the damage was severe. Hiram Johnson, three miles south, Miss Ima Johnston said, had everything ruined and a lot of chickens drowned. R. I. Teeple, W. T. Stiles on south, Judge J. W. Howard's place across the canyon and Elwood Assiter on toward the county line had severe damage to row crops as well as to other property.

Chimneys were blown off and the roof of his home was damaged, it was reported by W. T. Stiles. Row crops suffered heavily along the path of the storm. Damage to fields of wheat and row crops were reported by Ham Smith and J. D. Christian south of Floydada and in the Blanco section.

W. C. Cates estimated a 50 per cent damage to wheat on his farm, two miles west of the Blanco school house. W. F. Daniel at the school house had cut half of his wheat but when he went out in the field Tuesday morning he was unable to determine just where his combine had passed in the field, so completely did the hail and wind destroy the crop.

A scant half inch of rain fell at the W. B. Jordan place at Center. Mrs. Jordan said east of the Silver-ton road, in that vicinity she had learned of no particular damage.

MRS. MARY S. COZBY IS BURIED AT SPUR; SERVICES AT CENTER

Mrs. Mary S. Cozby, who died Tuesday morning in the Center community, was buried Tuesday afternoon at Spur. She died at 2:54 o'clock at the home of her brother, J. S. Richards, with whom she had been residing for the past two years while making her home in Floyd County. She had been seriously ill for some twelve days.

Infirmities of old age were given as the cause of her death. She was 72 years, 6 months, and 16 days of age. Deceased was the wife of J. A. W. Cozby, who preceded her in death a number of years ago.

Funeral services were held Tuesday morning at 10 o'clock at the home of her brother and the remains were taken to Spur for interment at 4 o'clock Tuesday afternoon by the F. C. Harmon Undertaking Company of this city. Services were conducted at the residence by Rev. F. O. Garner, circuit pastor of the Methodist Church. Short services were also held at Spur with Rev. W. B. Vaughn, Methodist pastor, in charge. She was a member of the Methodist Church at Spur.

Surviving relatives include five children, three sons and two daughters, and five brothers. The daughters are Mrs. W. D. Blair, of Spur, and Mrs. A. F. Havis, of Lubbock; the sons are J. R. and L. B. Cozby of Center community, and J. T. Cozby, of Spur.

Active palbearers were as follows: Clyde Crabtree, Leslie Crabtree, Clifton Burton, E. J. Hoffman, G. M. Bullard, and Jim Stewart.

Providence News

Providence, June 21.—G. C. Battey was in Floydada last Wednesday on business.

Mrs. Marie Lee Nations of Guyton, Oklahoma, visited her parents Mr. and Mrs. J. A. Battey Sunday.

Another inch and a half of rain fell here Monday afternoon accompanied by a high wind and some hail.

Mr. and Mrs. Joe Zimmerman were in Plainview Monday afternoon and reported one of the heaviest rain storms there that afternoon. They came through water all the way home in some places being almost impassible.

Vic White was in Plainview Monday morning on business.

Miss Myrtle Williams left last week for Boulder, Colorado, where she will attend school this summer. A fine rain fell here Monday morning which delayed the wheat harvest.

Mr. and Mrs. Clarence Hannon and children of Fort Worth and Mrs. W. C. Ooley and children of Plainview were visiting in our community last week.

J. M. Bramlet, of Plainview, was in our community looking after his wheat harvest Monday.

Mr. and Mrs. J. W. Dawson were shopping in Plainview last Saturday.

M. T. Zimmerman is spending a few days with his son, Dee, and family near Irick.

PIONEERS DISCUSS PLANS

Directors of the West Texas Pioneers' Association discussed plans for the annual reunion to be held August 15 at the Hank Smith Memorial Park at a meeting held at the Old Rock House Saturday afternoon.

Will Dunn of Crosbyton and President M. C. Potter of Silverton, are to make arrangements for lighting the grounds and report at another meeting at an early date, it was stated.

Those present Saturday were J. B. Jenkins, Bob Smith, Will Dunn, and N. Y. Bicknell.

Fort Worth Bank Wins On Plea Of Privilege

Week-End of District Court Marked by Legal Battle Over Funds of Closed Bank.

The Continental National Bank of Fort Worth last week-end won the first round of legal skirmishes in the case of J. H. Burson versus the Security State Bank of Lockney and several other defendants, when its plea of privilege for change of venue from Floyd to Tarrant County was sustained by Judge Kenneth Bain. This bank is one of several defendants. The First National Bank of Amarillo was denied change of venue to Potter County. Plaintiffs gave notice of appeal in the first instance and the defendant bank gave notice of appeal in the second. Liability for the loss of approximately \$3,000 when the Security State Bank closed last July will be determined in the suit, when finally adjudicated. Burson had a large wheat check in the clearings of the bank when it closed.

A divorce decree was granted Cohen Batey from Lanah Batey in a divorce hearing the latter part of last week.

A decree of the court foreclosing a lien held by North American Life Insurance Company on 400 acres of Floyd County land in the sum of \$10,326.75, which includes principal, interest and attorney's fees, was issued during the closing week. M. E. Leatherman and T. M. Goodman and wife were defendants in the suit as to 240 acres of the land, and W. A. Thornhill and T. M. Goodman and wife as to 160 acres. A second lien held by Raymond Allen as administrator of the estate of W. I. Allen, deceased, against the 160-acre tract was declared cancelled and held for naught by the decree.

Roseland News

Roseland, June 21.—The shower of rain which fell Monday will be of great benefit to the row crops.

Several people of this community started harvesting their wheat last week.

Mr. and Mrs. Carl Callahan returned last Wednesday from Hot Springs, New Mexico where they have been some time for Mr. Callahan's health. We are glad to report him greatly improved.

Mr. and Mrs. T. F. Casey, Mr. and Mrs. Hilburn Casey and Bobby Lou visited R. L. Orman of South Plains Sunday. Mr. Orman is suffering with erysipelas but is some better at this time.

Mrs. Baker, of Weatherford, visited her sister, Mrs. Horace Marble, last week.

Mr. and Mrs. Guy Sams visited in Lockney Saturday night.

Gerald, Francis and Roland Cross, Allora and Forrest Casey and Alee Gene Wicker spent last Thursday with Cralie Whitlock celebrating his fifth birthday.

FLOYDADA PEOPLE VISIT IN PALO DURO PARK

Canyon, June 12.—Mr. and Mrs. E. W. Collins, Gene Collins, John Charles Collins, Mr. and Mrs. T. L. Graham of Floydada, were among the recent visitors registered at the Palo Duro Free Park, 13 miles east of this city. This park located on the brink of the Palo Duro Canyon, which is known as the "Scenic Wonder of Texas," is maintained by the local chamber of commerce and is open free to visitors at all times. It is kept open for the purpose of acquainting the people of the state and nation with the natural scenic beauty spots of Texas.

Thousands have visited the park during the past year, coming from all sections of Texas, 43 states of the nation and 10 countries.

Center News

Center, June 20.—We are having a nice rain tonight and no hail.

Mrs. J. Q. Carpenter continues very grave. In fact she seems to be getting weaker each day.

Rev. and Mrs. F. O. Garner spent Sunday with Mr. and Mrs. Grimes.

Rev. Garner and Mr. Grimes went to Pleasant Hill to attend services Sunday afternoon.

John Scott, formerly of this community, spent one night last week with Mr. and Mrs. Sims.

Miss Gertrude Lightfoot spent last week with home folks. Rev. and Mrs. Merle Weathers were guests in the Lightfoot home during the week.

W. B. Jordan and family, Mr. Anderson, Rev. Shannon and Tom Jernigan attended the B. Y. P. U. rally at Floydada Sunday afternoon and heard Mr. Gardner our state B. Y. P. U. secretary and Miss Conn speak.

Mr. and Mrs. Fred Cone of Wichita Falls are here at the bedside of Mrs. Cone's mother, Mrs. J. Q. Carpenter.

Wheat harvest is well under way and would have reached its height this week but we can not tell how long the rain will retard the work.

Next Sunday afternoon is our regular singing day.

Mrs. Mary S. Cozby, who has been ill about twelve days, died early Tuesday morning. She was buried at Spur following services here.

TO THE VOTERS OF FLOYD COUNTY

Having made my announcement in last week's issue of this paper just a few minutes before it went to press, I did not have time to explain my program. It is one of strict economy. Before the depression hit this country, the farmer and business men were all enjoying prosperity and paying good wages to their employees, which was right. But now a dollar buys about four times as much farm products as it did in those days. A dollar buys about twice as much food and wearing apparel as it did in those days.

My way of thinking is that the officials of the county should reduce their salaries in line with present conditions, to help lift the burden off of the taxpayer. These conditions which now exist may be normal. Who knows? And anything better may be a boom.

We know that the farmer and the business man is doing everything in his power to stop losing money and have cut their over head to the limit. I feel that the same business tactics should take place in all county affairs and I pledge myself to a strict economic program should I be elected.

I have been a resident of Floyd County 19 years having come to this country in 1913 and have been farming and connected in business institutions in the county since that time. I served Floyd County as commissioner of Precinct 2 for two terms declining to run for 3rd term. I feel that I am qualified to fill the position to advantage of the people of Floyd County and ask that I receive the vote and influence of all those who believe me to be qualified for the judgeship of Floyd County.

It will be impossible for me to get in touch with each voter in the county but will appreciate the support of all and especially the help of my many friends through the county.

Mrs. Smith is a daughter of Mrs. Collins. E. E. Ellis, 617 Arthur Street, is the father of the child, and a son of Mrs. Collins. The funeral was held at the Griggs Funeral Chapel, with Rev. Robert C. Jones, pastor of the Church of Christ, officiating. Besides the parents Howard Elbert is survived by two sisters and two brothers. Mrs. N. W. McCleskey and son, Frank, of Big Spring, were in Floydada Friday looking after business interests. While here they were guests of Mrs. Jno. Farris.

COMPANY IS ARRANGING NEW SALES CAMPAIGN

Plans are underway to carry on a larger sales campaign in this section of the country for increased volume for the Wesson Oil & Snow-drift Company, it was stated Friday by Jack Mistrot, of Amarillo, representative. Increased efforts are being made with an improved line-up with wholesale dealers, he said. Massie Wholesale is handling the products in Floydada, he stated. FIRE THURSDAY DESTROYS SMALL CHICKEN HOUSE Fire which originated while D. Johnson was engaged in "singing" the walls to kill mites destroyed a small chicken house at the rear of Mr. Johnson's residence at 110 East Hallie Avenue Thursday afternoon of last week. The blaze was extinguished with chemicals by the Floydada Volunteer Fire Department. The estimated loss was small. The alarm was sounded at 3:40 o'clock. 'HOME OF GREAT AMERICANS' STUDIED BY CEMETED H. D. C. "Homes of Great Americans" was the topic of discussion at the meeting of the Center Home Demonstration Club Wednesday of last week when they met at the school house. In the absence of Mrs. Carpenter and Mrs. Lightfoot, who were to have given the homes of Washington and Lincoln Mrs. Miller gave an interesting talk on Washington. Lincoln's home was discussed round table; Mrs. T. J. Gill discussed the home of Woodrow Wilson and Mrs. O. S. Miller the home of Samuel L. Clements. Several other discussions were omitted on account of absence of the ones on the program. The next meeting will be held July 6 to study, "Raising the Standard of home canned products." The program arranged is as follows: "Quality productions for home as well as market," Mrs. J. E. Green; "Precaution in the use of canned foods," Mrs. Walter Sims; "Proper labeling of exhibits for the fair," Mrs. W. E. Grimes; "Raising the standard," County Home Demonstration agent. So many on the program were absent but we hope they will be present next time. There will be a canned demonstration at the next meeting and as many as can are urged to be present. Beans, beets and spinach will be canned. LONE STAR H. D. CLUB MET WITH MRS. MEADOR The Lone Star Home Demonstration Club met Tuesday afternoon, June 14, with Mrs. Meador to discuss the "Wardrobe Achievement Day." Round table discussions were held on the subject followed by a business meeting. Refreshments were

served during the social hour to thirty members, two new members and five visitors. The next meeting date will be June 28 at 2:30 at the school auditorium. The subject will be "Homes of Great Americans." Reporter. 4H CLUB REPORT Miss Martha Faulkner met with the 4 H club girls of McCoy at the school house Thursday afternoon, June 16, at 2 o'clock. The meeting was called to order by the president to attend to new and old business. Miss Wanda Day was appointed as bed room demonstrator and Mrs. J. B. Holland was elected as sponsor to succeed Mrs. Jewel Mara. Most of the club members have their work completed. Miss Faulkner gave a very interesting discussion of the bedroom. The next meeting will be held July 21. New members are invited to join and visitors are welcome. BREAD DEMONSTRATION GIVEN AT LAKEVIEW CLUB MEETING Mrs. D. D. Shipley gave the demonstration on corn bread at the meeting of the Westside Lakeview Home Demonstration Club at the meeting held at the home of Mrs. Josie Heard June 17. Mrs. A. J. Only the NEW NuGRAPE Has Their Delicious Flavor. You'll admit there is a goodness in the flavor of grapes—and that's why the New NuGrape is different from all artificial flavors—different as gold and brass. In a certain valley, made rich and productive by reason of the moisture, in season, from surrounding hills—a famous brand of grapes is raised. The vineyards are renowned for the rich, wine-like flavor of the great purple clusters of fruit. And it has been our obligation to YOU, to transport that natural delicacy of flavor—to your home—to places where soft drinks are sold. The New NuGrape — made exclusively with Welch's Grape Juice — costs no more than any artificial grape substitute. It's now on sale everywhere for 5¢. Local Committee Votes To Leave 'Submission' Off Primary Ballot

Primary For Purpose Of Naming Candidates

Primary Ballot Sub-Committee Meets Monday to Make Up Official Ballot.

The Democratic Executive Committee for Floyd County at their meeting Monday voted not to go to the expense of putting the "submission" proposal voted June 13 by the State Executive Committee of the party on the ballots for Floyd County. Nearly an hour was given over to discussion of the matter and the final decision reached was a unanimous one, namely that the state committee had no authority to instruct such a procedure in an election called to name candidates for the party to be put before the voters in the general elections in the fall.

C. F. Ramsey, of Lockney, made the motion not to include the "submission" proposition on the ballot and Lee Allmon seconded it. "The vote on the proposal would only add confusion, and we have enough of that already," Mr. Ramsey said. "And leaving it off does not affect the rights or privileges of voters to express their convictions on the matter of repeal or retention of the Eighteenth Amendment when the time comes. This kind of a vote should be taken at a time when all the people of all parties in the state may have a chance to cast a vote on it." The only hesitation by any member of the committee present was based on the fear that some of the members of the party in the county might feel they had not had an opportunity to vote on the matter along with other counties of the state which might put the "submission" proposal in the primary ballots. However, since candidates are paying for the election, they are entitled to have a vote of the people on their races without additional or extraneous matters being injected into the situation, the committeemen argued.

The "submission" proposal would have read:

"For the submission by the 73d Congress of the question of retaining or repealing the 18th Amendment to the Constitution of the United States to the people through conventions especially elected in the separate states to consider that issue by itself, as provided in Article 5 of the Constitution of the United States," and against the same.

"Candidate Crop Short"

When the committee came to assess costs of holding the election and apportioning the cost of the same to the local candidates, it was found that contrary to opinion, the "crop of candidates is short," and although nearly \$300 was "lopped off" the cost of holding the primaries this year, the cost to the individual candidate is going to be as high as two years ago and in some instances higher.

The order of names as they will appear on the Floyd County ballot, is as follows:

For Governor: Geo. W. Armstrong of Tarrant County; M. H. Wolfe of Dallas County; R. S. Sterling of Harris County; Roger Q. Evans of Bexar County; Tom F. Garden Hints

At this season of the year many insects appear on most garden plants, some species of fruit trees, shade trees and shrubs which if permitted to remain on the tree, plant or shrub will in some instances kill or seriously injure the plant from bearing fruit.

There are two distinct classes of insects, the chewing or eating kind and the sucking kind. The chewing insects, such as beetles, caterpillars, etc. may be destroyed by an application of a solution made from Paris Green or Arsenate of Lead applied to the leaves and foliage of the plant, which will kill when eaten. On the other hand sucking insects like, aphids, thrips, slug, leaf hoppers, psylla, squash vine borer, etc. feed by inserting their sharp slender beaks into the interior of the leaf or blossoms.

They cannot eat plant tissue, hence cannot eat poison. They must therefore be destroyed with a preparation which kills by contact or by its fumes. Such insects as, thrips, slug, black, green and mealy aphids will be found on, cucumber, watermelon, canteloupe vines, black eye peas, etc., of the garden variety and on many flowering plants in yards and on roses. Eye spotted bud moths, false tarnish plant bug, leaf hoppers, red and green apple bug and woolly aphids also attack various kinds of trees and plants. Any of the above named insects and many others may be easily controlled with the following preparation:

1 teaspoon full of Black Leaf

"40" to 1 gallon of water, to which add enough soap to make a good lather, the soap should be dissolved and thoroughly mixed before adding the black leaf "40," when the soap and water has been thoroughly mixed, all lumps of soap dissolved then add the black leaf "40" and mix all three ingredients together thoroughly. To apply use a good spray and see that the pressure is strong enough to penetrate the mat which is sometimes made by the insects and is hard to penetrate unless the pressure is strong, usually one application will do the job but plants should be watched closely for the return of the insects and should have another application as soon as any signs show up. Another good formula for the control of the above insects is made of hydrated lime and Black Leaf "40" as follows:

The amount of dust to be made up is determined by the size of the garden or shrub which is to be dusted.

50 lbs. of hydrated lime add 1 pint black leaf "40". 25 lbs. hydrated lime 1/2 pint black leaf "40" for 12 1/2 lbs. hydrated lime 1/4 pint black leaf "40".

Pour the lime in a can or keg which can be securely sealed to keep the lime from sifting out then add the proper amount of black leaf "40" pitch in the can or keg several rocks or two or three hands full of good sized pebbles and revolve the container for at least ten minutes, when this is done the lime and nicotine will be thoroughly mixed, then have a box ready so that the rocks or pebbles may be screened out of the lime. To apply, one should have a blower made

for the purpose however very few have the blower and can take the dust and sprinkle or throw on the plants and get very satisfactory results, a still calm day should be chosen to apply the dust as otherwise it might be hard to get it to the effected spots and if the wind is blowing the fumes quickly disappear. All of the suggested formulas can be made with very little effort and are cheap and easy to apply. Much valuable information for the control and extermination of many insects can be had from either Miss Martha Faulkner, county home demonstration agent, or S. W. Ross, secretary of the Floydada Chamber of Commerce, it has been announced.

Miss Browneyes Hawkins of Wichita Falls arrived Sunday for a visit with her sister, Mrs. Lon V. Smith and family. Miss Hawkins is campaign manager over West Texas for C. V. Terrell, who is a candidate for Railroad Commissioner for the second term.

Mr. and Mrs. Hayes O'Neal, of Lubbock, arrived Friday for a visit here with her parents, Mr. and Mrs. J. R. Maddox. Mr. O'Neal is taking his vacation.

J. C. Broyles, of Lockney, was in Floydada Friday on business.

Buddy Bell, O. B. Olson, and Reeves Scott returned home Friday night from Colorado Springs, Trinidad, and points in the mountains of Colorado. They had been away some ten days.

ANNUAL FARM EQUALS

Raw material enough to several times the quantity of as well as fiber board, acetone, alcohols, acetone, and charcoal by the country is produced each year in the United States the straw of wheat, oats, bar and rice, the stalks of corn, sugarcane and the wild grasses, says the United States Department of Agriculture. farm wastes probably exceed 600,000 tons annually.

Although manufacturers that these farm wastes contain enough raw materials to supply many of the country's needs, materials are usually so bulky the cost of gathering them is high that they can not compare with other more compact and easily handled materials. When any are used, the demand takes a small part of the total supply. Most of the products mentioned are now made from other raw materials, such as wood and corn.

The department, through the Bureau of Chemistry and Soils and other branches, seeks constantly to discover new, practical uses for farm waste products. It recently found that a cheap satisfactory cellulose, base material for rayon, could be obtained from bagasse, a sugarcane waste.

Some birds will eat 100 or more insects at a meal and, if the insects are small, may devour several thousand. Birds refuges on farms attract and protect the birds, which in turn help to destroy the insect pests.

INTRODUCING

UNIQUE

A NEW, LOW-PRICED, HIGH QUALITY GASOLINE ANNOUNCED FOR THE FIRST TIME BY PHILLIPS » »

● The Phillips Petroleum Company introduces **UNIQUE** gasoline—a brand new gasoline of regular U.S. Motor specifications. It meets all requirements of U.S. Motor Grade.

UNIQUE gasoline is colored light green for identification purposes only.

The Phillips Petroleum Company has discontinued the sale of its third grade gasoline, formerly known as **PHIL BLUE** gasoline.

UNIQUE gasoline should not be confused with Phillips '66' High Test premium quality gasoline. This quality gasoline will **ALWAYS** be for sale at Phillips '66' stations.

UNIQUE gasoline, of better quality than the discontinued **PHIL BLUE** gasoline, sells for the same price.

Look for the light green gasoline at Phillips '66' stations. That's Phillips new **UNIQUE** gasoline.

REFINED BY PHILLIPS TO MEET U.S. MOTOR SPECIFICATIONS

WARNING!

The Phillips Petroleum Company is now marketing three grades of gasoline, of three different qualities, each of which is colored to protect motorists against substitutions, which cannot be accomplished without the purchaser detecting the attempt. Phillips three grades of gasoline are identified as follows: **UNIQUE GASOLINE**—Phillips new U. S. Motor Grade gasoline—is colored light green. **PHILLIPS '66' HIGH TEST** premium quality gasoline is white. **PHILLIPS '66' ETHYL** gasoline is colored red.

MRS. WEST IS PRESENT FOR LORENZO CONFERENCE

Mrs. Jno. L. West, who visited in Lorenzo last week as a guest of Mesdames Bob Horne, Bunch Fulgim, and A. G. Smith, attended a Woman's Missionary Conference at Lorenzo held Wednesday of last week. She returned home Friday.

The conference was held at the Methodist Church. Mrs. Geo. C. Wolfarth, Lubbock, district leader of the Lubbock District, was in charge. The meeting was well attended, and the reports were excellent Mrs. West said.

Songs and recitations on a special program given by Mr. Barnett and his Glee Club of 20 girls and 4 boys from the Methodist Orphanage at Waco were especially interesting because of the fact that a former Floydada girl, Miss Rosebud Genesis, was in the group.

Dougherty News

(By Mrs. W. D. Newell)

Here's a little story that may explain, to some extent, the condition of things financially as they now are:

The Wichita Kansas Chamber of Commerce recently conducted a little experiment. Ten men were given \$10 each with the following instructions: "Go to some Wichita store and make a trifling purchase of 50 cents or less. If the clerk offers to sell you anything else, buy it, regardless of what it is and continue to buy whatever is suggested until your \$10 is gone."

At the end of the day the ten men brought back \$94.60 of the \$100. With which they started! Which means that ten Wichita clerks with a wide open chance to sell a hundred dollars worth of goods merely for the asking managed to get an average of 54 cents apiece.

The story ends with this admonition "Cheer up world and snap out of it." that's all that is needed.

The wheat harvest this year is about two weeks later than usual getting started, judging from the times the elevators opened last year and this.

Reports from the elevators say the wheat so far will average about 10 bushels to the acre but it all has a good test some as much as 62 or 63 pounds to a bushel.

The rain Monday evening and night amounted to 1/4 inch here but reports South of town were from 1 to 3 inches near Jobailey.

The hot winds that came the first of the week did considerable damage to young cotton. In some places the leaves were badly scorched.

Orange Biscuits

2 cups sifted soft-wheat flour
4 teaspoons baking powder
3/4 teaspoon salt
About 2/3 cup milk
2 tablespoons sugar
2 tablespoons grated orange rind
3 tablespoons fat.

Sift the dry ingredients, add the orange rind and fat and mix well with the tips of the fingers. Make a well in the mixture and add the milk slowly and stir from the center with a fork, until a medium soft dough is formed. Toss on to a lightly floured board and knead a few seconds until smooth. Press into sheet about 1/8 inch thick, with the palm of the hand. Cut into rounds and cover the top of the biscuits with a mixture of 1 tablespoon of grated orange rind and 1 tablespoon of sugar. Bake in a hot oven (400 degrees F.) about 15 minutes or until lightly browned.

Mrs. G. C. Townsend and son, G. C., Jr., of Wichita Falls, and Mrs. R. C. Flake and daughter, Mary Helen, of Longview, arrived Tuesday night for a visit here with Mr. and Mrs. Bill Dyer and Mr. and Mrs. Lorraine Nelson. Mesdames Flake and Dyer are sisters.

Half-Minute Interviews

E. W. Merriott: "Monday night's hail and rain didn't get much of our crops but it made a pretty clean sweep between Floydada and our places."

J. J. Thomas: "We had a good rain and not much hail Monday night."

Otis Harris, Harlingen: "I like the Valley fine."

H. T. Smith: "The twister took a six-year-old cherry tree in my backyard and carried it half a mile to the Duncan pasture."

K. A. Osburn: "Tuesday was the longest day in the year—don't forget that."

Mrs. J. C. Gilliam: "A rainbow this morning at 6 o'clock was the prettiest I ever saw."

Grover Smith: "I never saw any more water on the plains than was on the Lakeview road Monday night."

A. E. Shelton: "I don't recall seeing more rain fall in an hour than fell Monday evening. I was in Grover Smith's wheat across the road from Ben Gulley and spent the hour under the combine. When it was over I waded water way above by shoe tops to get out."

Miss Hazel Belle Rogers, local operator for the past several months with the Southwestern Bell Telephone company, was transferred this week to Pampa where she will be employed as operator there. Miss Ethel Gilbert of Lockney was transferred here. Miss Gilbert has been employed with the company at Lockney for several years.

Hesperian Cross-Word Puzzle Number 49

his wife hid themselves from the presence of the Lord God amongst the trees of the garden.
Gen. 12: 1, 2—
Now the Lord had said unto Abram, Get thee out of thy country, and from thy kindred, and from thy father's house, unto a land that I will shew thee:
And I will make of thee a great nation, and I will bless thee, and make thy name great; and thou shalt be a blessing:
Gen. 13:1—
And Abram went up out of Egypt, he, and his wife, and all that he had, and Lot with him, into the south.
Gen. 26:19—
And Isaac's servants digged in the valley, and found there a well of springing water.
I Cor. 9:25—
And every man that striveth for the mastery is temperate in all things. Now they do it to obtain a corruptible crown; but we an incorruptible.
Gen. 28:15—
And, behold, I am with thee, and will keep thee in all places whither thou goest, and will bring thee again into this land; for I will not leave thee, until I have done that which I have spoken to thee of.
Gen. 33:11—
Take, I pray thee, my blessing that is brought to thee; because God hath dealt graciously with me, and because I have enough. And he urged him, and he took it.
Gen. 37:1—
And Jacob dwelt in the land wherein his father was a stranger, in the land of Canaan.
Gen. 41:53—
And the seven years of plenteousness, that was in the land of Egypt, were ended.
Gen. 44:33-34—
Now therefore, I pray thee, let thy servant abide instead of the lad a bondman to my lord; and let the lad go up with his brethren.
For how shall I go up to my father, and the lad be not with me? lest peradventure I see the evil that shall come on my father.
Gen. 46:3—
And he said, I am God, the God of thy father: fear not to go down into Egypt; for I will make of thee a great nation:
Time—From the creation of man till the time Jacob went to Egypt, was probably something over 2000 years.

PAIN

HEADACHES, NEURITIS, NEURALGIA, LUMBAGO...

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of mono-aceticacidester of salicylicacid.

REVIEW: WHAT WE HAVE LEARNED FROM GENESIS

(With Missionary Application)
Golden Text.—We know that all things work together for good to them that love God, to them who are the called according to his purpose. Rom. 8:28.
Lesson.—Text.—Missionary verses from lessons of the quarter.
Gen 1:3—
And God said, Let there be light; and there was light.
Gen. 3:8—
And they heard the voice of the Lord God walking in the garden in the cool of the day: and Adam and

COMFORT for COLICKY BABIES ... THROUGH CASTORIA'S GENTLE REGULATION

The best way to prevent colic, doctors say, is to avoid gas in stomach and bowels by keeping the entire intestinal tract open, free from waste. But remember this: a tiny baby's tender little organs cannot stand harsh treatment. They must be gently urged. This is just the time Castoria can help most. Castoria, you know, is made specially for babies and children. It is a pure vegetable preparation, perfectly harmless. It contains no harsh drugs, no narcotics. For years it has helped mothers through trying times with colicky babies and children suffering with digestive upsets, colds and fever. Keep genuine Castoria on hand, with the name:

How One Woman Lost 20 Pounds of Fat

Safe Way To Lose Fat
Take the case of Miss Madelone Crowley, for instance, who lives in Little Rock, Ark. Just read her letter:
"I have used Kruschen Salts for one year—when I started I weighed 140 pounds—now I weigh 110 pounds and never felt better in my life."
That's the big reason a host of men and women take Kruschen to lose weight—as the fat goes you gain in health—skin clears—eyes grow bright—activity replaces indolence.
Take one-half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—cut down on fatty meats, potatoes and sweets—a jar of Kruschen that costs but a trifle lasts 4 weeks—get it at Arwine Drug or any drug store in the world—but for your health's sake demand and get Kruschen Salts.
