### Local Baptists Will Take Part In Annual Panhandle Assembly

Twelfth Session Opens Monday, July 18, At Ceta Canyon; Floydada Quartet to Sing.

Special music by the Floydada Church will be rendered by the men's quartet at the twelfth annual session of the Panhandle Baptist Assembly Thursday morning of next week. The encampment will open Monday evening, July 18, and will close with a program Sunday evening, July 24.

Members of the First Baptist Church of this city are planning to be in attendance during the sessions. Prominent church and educational leaders over the state will speak and take part in the program. Sunday School conferences, Baptist training service, W. M. U. conferences, daily vacation Bible schools, vesper services, song services, and special music are to be included in addition to inspirational messages.

Dr. F. B. Thorn, of Waco, is assembly pastor; G. S. Hopkins is Sunday School conference leader; T. C. Gardner, B. T. S. conference leader; Mrs. B. A. Copass, state president, W. M. U. conference leader; Mrs. Hattie P. Baker, formerly of Floydada, now of Amarillo, daily vacation B. S. leader; C. O. Huber, Canyon, song leader; Mrs. C. O. Huber and Miss Margaret Thompson, pianists.

### Mrs. J. E. Hammit To Be Buried Today At 3

Resident of County for Past 18 Years Dies Wednesday At Liberty.

Funeral services for Mrs. Viola E. Hammit, 57, wife of John E. Hammit, of the Liberty community, who died at her home at 8:05 o'clock Wednesday morning, will be held this Thursday afternoon at 3 o'clock at the First Methodist Church. Services will be conducted by the Rev. N. E. Tyler, pastor of the Church of the Nazarene, and he will be assisted by Rev. R. M. Hocker, pastor of the Nazarene Church at Lubbock. Interment will be made in the Floydada cemetery, F. C. Harmon Undertaking Company in charge.

Mrs. Hammit had been ill for 18 months and had been suffering from a liver trouble. Her condition has been serious for the past ten days and her death was not unexpected. She has been a resident of the county 18 years. The family home is 17 miles northeast of Floydada.

She was born November 8, 1874, in Missouri. She was converted at the age of 15 and became a member of the Methodist Church. At the age of 51 she united with the Church of the Nazarene of which she was a member at the time of her death.

When 15 years of age, she was married to Forest Rowland, Mr. Rowland and five of the nine children born to the union preceded her in death.

Two years after the death of Mr. Rowland she was married to John E. Hammit and to this union two children were born.

Surviving members of the family include the following: John E. Hammit, the husband; five daughters and one son: Mrs. I. F. Barton, of Amarillo; Mrs. E. E. Griffin, Canton, Texas; Mrs. W. C. Strickland, Lockney; Mrs. Irene Belt, of Cumas, Washington, and Mrs. Pauline Watson, of Lockney; Walter Hammit, of Liberty. All are at the family home for the funeral.

A sister of the deceased, Mrs. A. K. Hall, of Greenville, is here, as are three surviving brothers: Oscar Rolland, of Canton; Charley Rolland of Eustice, and Wesley Rolland, of Dallas.

Seven step-children survive including the following: Lee, Floyd, Oscar, and Claude Hammit; Mrs. Lena Wilcox, Mrs. Stella Lyon, and Mrs. Flossie Womack, all of Floyd County.

There are eight surviving grandchildren. Active pall bearers will be C. A. Strickland, Jack Brawley, Van Brawley, T. Gill, Rene Yeary, and Ess Yeary.

Flower girls are Melba McLain, Lorraine McLain, Willene Tyler, Ruth Tyler, Mildred Luttrall, and Clara Luttrall.

TWO SLIGHTLY INJURED AS CARS COLLIDE FRIDAY John Buchanan and Miss Lurlyne Clonts escaped with minor cuts and bruises when cars which they were driving collided about 6:30 o'clock Friday afternoon of last week at West Missouri and Fifth streets. The first joint of the little finger Buchanan's left hand was broken in the accident. Miss Clonts was considerably shaken up. The cars were said to be damaged.

Indebtedness of \$159,100 On June 30, 1931, Cut by \$17,600 During Twelve Months.

Floyd County's interest-bearing public debt was cut during the twelve-month period ending June 30, a total of \$17,600, according to the report made by Mrs. Maud Merri- cke, County Treasurer of the county to the Comptroller of Public Accounts of the State of Texas, which was mailed last week-end.

According to this report, the total interest-bearing debt of the county at the beginning of the period, June 1, 1931, was \$159,100, divided up as follows:

Road and bridge bonds and warrants \$59,100; general fund bonds and warrants \$42,000; jail building warrants \$38,000; and paving fund warrants \$20,000. The report shows that of the outstanding debt against road and bridge funds \$10,100 of the principal was paid during the period, the general fund debt was cut \$3,000, the jail building account \$2,500 and the paving debt was cut \$2,000. The county paid out in interest on their outstanding debts \$5,871.

Total Receipts \$70,139.46 During the period for which the report was made the county had a total net income of \$70,139.46. Of this amount \$23,648.83 was paid in the form of auto license fees, \$44,242.95 was collected in taxes and \$2,247.68 in the form of the special 15-cent tax.

The general tax rate of the county last year was fifty-six cents, which covers general fund, road and bridge fund, jury fund, building and grounds fund, and the paving warrants fund. The general fund, through which all current running expenses of the county are handled, excepting those of the road expenses, is the fund of the county which is hard-pressed for sufficient means to continue cash payment of warrants drawn against it.

Maturity dates indicated on the interest-bearing debts in the report, are shown to run from 1933 to 1943 inclusive, none of any of the warrants being due at a date later than 1943. The rate of interest on all the county's indebtedness is six per cent. With the relatively small county debt outstanding this high rate of interest for a county security can be reduced at a very material saving to the county sometime during the next few years, should a favorable market for securities of this type develop. At this time the securities market is said to be rather unfavorable for refunding.

### Detail Plans Made For Floydada Club Picnic

Details are being completed rapidly for the annual picnic of the Floydada Country Club members to be held Friday evening, July 22, it was announced this week by Roy L. Snodgrass, chairman of the arrangements committee.

Members will not be expected to bring any food as 100 chickens and five sheep will be barbecued and served. Owing to the finances of the club, a small charge of 25 cents per stock holder will be charged, Mr. Snodgrass said.

"We will have a man at the gate to collect this small amount when they arrive for the picnic," he said. Special entertainment features are being planned. J. H. Shurbet, Tad Probasco, and W. M. Windsor will have charge of the barbecue and the serving of the meal.

All members are being urged to attend the picnic as several important changes in the constitution and by-laws will be voted on during the evening, it was stated.

### ATTEND CONVENTION OF POSTAL CLERKS, CARRIERS

Mr. and Mrs. N. W. Williams and Mrs. W. H. Henderson left last week for Galveston to attend the annual convention of the Texas Clerks and Postal Carriers, going by way of Buffalo, Austin and expecting to reach home next Sunday, returning by way of Fort Worth and Boyd.

Mr. and Mrs. G. N. Shirley also left for a brief stay away from home during which they also expected to attend the Galveston convention.

### Three New Political Speaking Dates On Candidate Calendar

"White Elephant Sale" at Antelope and Lemonade and Cake Are Promised.

Three new political speaking dates between this time and the date for the first primary on July 23, have been announced for next week. The first of these is at Starkey on Monday night and the second at Antelope on Tuesday night. The dates are July 18 and July 19, respectively. Lakeview is the third, the date being Friday night, July 22.

At Starkey the gathering of the people to hear the candidates is sponsored by the Sunday School, and a pie supper will be served.

At Antelope on Tuesday night the gathering is sponsored by the Antelope Home Demonstration Club and there will be plenty of lemonade and cake. Mrs. C. A. Caffee and Mrs. T. J. Boyd Saturday said there would be a sale of white elephants and a "lemon squeeze," both of which they expect to be interesting. The candidates are expected to be out in force and a string band will be on hand to give music, unless their plans go wrong. The white elephants will sell at 10 cents each, they said. Proceeds obtained will go into the club funds.

At Floydada Tonight The candidates gather in Floydada tonight for a rally being sponsored by one of the local Sunday school classes at the district court room. Tomorrow night, July 15, the gathering will be at McCoy at a meeting sponsored by the Home Demonstration Club at the school house.

Two other dates for next week are Wednesday night, July 20, at Sand Hill, and Thursday night, July 21, at Liberty.

A program and candidate speaking is being planned at Lakeview for Friday evening, July 22, at 8 o'clock.

Hope that the attendance at the meetings scheduled for every night of next week, as well as tonight's date at Floydada, will be better than has marked previous speaking dates for the candidates was expressed by more than one candidate this week. Farmers have been deep in the weeds and fighting to get out with their row crops as well as their small grain, however.

Saturday night at Baker the attendance of people of the community was only fair. The date had been made by the demonstration club, which sponsored the event.

At Aiken, due to misunderstanding of the date and lack of general knowledge of it nobody in the community showed up to hear the candidates present their claims Tuesday night. Every county candidate and the two district attorney candidates made the trip to that place.

Every date to be filled by the candidates during the remainder of the campaign is on invitation of the community to be visited.

### FATHER IS ILL

Oscar Penland left Thursday night of last week following receipt of a message that his father was seriously ill at Lawton, Oklahoma. He was accompanied by his family.

T. P. Jones has been in charge of the Motor Inn station during Mr. Penland's absence.

### Augustus Brown Estate Is Settled

Geo. McAllister Plays Prominent Part in Solution of Mystery of 'Ghost House.'

Just how much worry can develop over a will and a haunting ghost will be demonstrated Friday night at the initial presentation of "Ghost House," a thrilling three-act mystery comedy, staged by local talent under the auspices of McDermott Post of the American Legion at the High School auditorium.

Shows Two Nights A second performance will be given Saturday night. The play is being directed by Miss Ruth Langston with special arrangements with the National Producing Company of Kansas City. The play will begin at 8:30 o'clock each night.

Geo. McAllister as Lawyer Thompson "comes into his own" in the reading of the will of Augustus Brown. The story is centered about the will and the question of "who and what is the ghost?" adds intense interest to the scenes.

Members of the cast in the order of their appearance are as follows: Mandee, the negro servant, Miss Langston; Paulette, the maid, Helene Hay; Martha Brown, the widow Kate Stiles; Barbara Brown, the daughter, Oleta Jackson; B. D. Thompson, the attorney, Geo. McAllister; Donald Kent, one of the five heirs to the Brown fortune, Roy Haynes; Mrs. Bates, one of the heirs, Wilmina Salisbury; Mr. Bates the husband, Roy Holmes; Ted Wilson, the reporter, Clyde Maddox; Police Inspector Brooks, Billie Joe Welch; the Stranger, J. C. Gilliam.

### Voting Strength of Floyd County Expected to Total About 3,000

### Major Part Of Wheat Harvest Expected To Be Over This Week

Farmers Busy In Fields Fighting Weeds in Row Crops; Stores Remain Open Late.

Operations this week are expected to bring to a close the major portion of the harvest of wheat in Floyd County, according to estimates by local elevator men.

Wheat that would ordinarily show a high test has suffered considerably from recent rains and a rapidly growing crop of weeds.

The crop this year is considered one of the lightest in recent years. Most of the fields have been averaging less than ten bushels per acre.

Activities on the farms have been at a high pitch for the past ten days, the war on weeds and the rush to get the last fields of grain completed has called all available hands into action.

Local labor entirely has handled the harvest this year, low prevailing prices making it necessary for wheat raisers to gather their own crops in every possible instance.

Row crops are looking good over the county as a whole, but are unusually weedy because of recent rains.

Trade in town during the past week has been brisk, local merchants report. Only a few people have been in town, those who came having transacted their business and rushed back home for work in the fields.

Saturday night of last week many of the stores remained open until midnight to afford every service possible to their customers who could not leave their work until late in the afternoon or after nightfall.

### Equalization Board Of City Begins Work

The tax equalization board of the city, appointed at the June meeting of the city council, began its work Monday morning of this week, and Wednesday the prospects were that they would still be grinding this week-end. They are making a painstaking study of the properties and the renditions made of them by the owners.

The board is composed of J. H. Shurbet, A. C. Goen and B. O. Cloud.

### CAR WRECKED WHEN IT STRIKES FLOW IN ROAD

A new car belonging to Carl Williams, of Amarillo, a special agent of the Hartford Fire Insurance Company, was badly damaged Tuesday afternoon on a road south of Blanco school house when one of the wheels and a wheel on a one-way plow "tangled up." The plow was being pulled by Van Galloway. It was undamaged.

In the car with Williams were E. E. Fry and J. M. Willson, of this city. None of them suffered more than minor injuries.

### City Offers Bid For Its Own Securities

Possibility that the city may invest a portion of its interest and sinking funds in some of its own outstanding bond or warrant issues is indicated in an offer made by the council at its regular meeting Tuesday night to Geo. L. Simpson & Company.

The proposition made is that the city will pay eighty cents on the dollar for \$8,000 worth of bonds of the city and accrued interest. The \$8,000 which would be spent is in a reserve set up against waterworks construction bonds issued in 1913 and due in 1953. The money, if spent, would be invested in bonds of the city which mature prior to the last-named date.

The city attempted last spring to exercise an option to retire \$8,000 worth of the 1953 issue with this reserve, but technicalities arose which made the action practically impossible. Should this new arrangement work out the city would make \$2,000 and accrued interest in the deal. Will H. Simpson, of Amarillo was before the board at its meeting and will attempt to assemble the securities from the present investors.

### Audit Report Gives All Officers Clean Record For Year

Rankin Audit Company, C. Says All Funds Covered Excellent Condition.

The formal report of the Rankin Audit Company on the financial affairs of Floyd County and of the county, received by the commissioners' Court the first of week, gives a clean bill of health to all offices and presents a formal summary of the activities of each regards the handling of the Members of the court in re session Monday went over the port.

It covered the following for the year ending December 31, 1931: County clerk, county judge, county attorney, tax collector, county treasurer, tax assessor, district sheriff, justices of the peace, precincts one and two, also giving recapitulation of all the road fund general funds, jail building, building and paving funds together with a reconciliation of bank accounts and a statement of outstanding warrants.

Drastic Cut Necessary That drastic cuts in the expenditures of the county for the year 1932 is reflected in the statement of the auditing company, the report on this point stating, "Due to the continued decrease in your assessed valuations and increase delinquent taxes, it will be necessary to make drastic reductions your expenditures for the ensuing year in order to avoid a heavy deficit at the close of the year."

A general outline of the budget recommended to be adopted by the court was submitted by the audit company in which is given actual receipts and disbursements for the year 1931. The figures for that year are to be used by the court for the succeeding year in making up the budget, which must be estimated to fall within the estimated income.

The report was made up by John C. Newton of the county and municipal division of the auditing company, at a cost of \$300 to the county. It was formally accepted by the court in their session this week.

### Right-of-Way Work Delayed Unexpectedly

Unexpected difficulties in obtaining the right-of-way between Floydada and Lockney this week has delayed action on plans for the grading of Highway 28 through Floyd County by the State Highway Department.

Committees have been working daily and had hoped to meet with the Commissioners' Court this Thursday morning with a report of a completed right-of-way of 100 feet through the county. It was planned to have enough property holders signed up to assure the road improvement by having the court notify the highway commission that the county was ready to have the work go forward.

Notice was to have been sent to Austin in time to reach the commission for their meeting Friday of this week in order that the Floyd County project could be included in this month's budgets. Failure to get the full cooperation of all property owners means another 30-day delay, it was pointed out this morning by Chairman J. N. Johnston of the county committee.

Highway officials have indicated that the state will send surveyors to Floyd County and have the work under way of grading and draining the highway a very short time after the right-of-way is obtained.

Approximately \$40,000 will be expended by the state in the county, it has been pointed out.

H. M. Mason, Arthur Barker, and Mr. Miller, of the Lockney committee met with the court this week and reported that they were working daily on the right-of-way near Lockney.

MRS. J. L. GRIGGS SLIGHTLY HURT WHEN CAR OVERTURNS Mrs. J. L. Griggs was slightly bruised Tuesday afternoon about 3:30 o'clock when she jumped from the car in which she was riding with her husband and baby just before the auto overturned on the south side of Blanco Canyon on the Ralls highway.

The brakes on the car failed to hold when the motor stalled, Mr. Griggs, who was driving, said. The sedan rolled back down the hill and turned over but was not heavily damaged. Mr. Griggs and the child were not injured.

Roy Snodgrass and Ray Moreau went out with a wrecking car from the Snodgrass Chevrolet Company and assisted in getting the Griggs car turned upright.

### SEED LOAN SUPERVISOR SPENDS TUESDAY HERE

F. H. Simpson, district supervisor of the Federal seed and feed loans, spent Tuesday in Floyd County. He was accompanied by S. W. Ross of the local committee in visiting farmers of the county who have received loans from the government.

Mr. Simpson was reviewing crop conditions incident to making his regular report to government officials.

## Lakeview News

Lakeview, July 11.—The new school building is nearing completion. The contractors' and finishing works will be completed by Tuesday of next week. The curtains are being installed this week by the Waco Scenic people. This is a building the community is very proud of.

Mrs. C. A. Cass suffered the misfortune of sticking a nail in her foot Tuesday of last week while looking over the new school building. She was brought to the Smith and Smith Sanitarium last Saturday where the place was lanced. Mrs. Cass was able to be out of bed Tuesday of this week and the foot is healing nicely.

A candidate speaking and program is being planned by the community to be held at the school house Friday evening, July 22, at 8 o'clock. The committee is at work on the program.

Sunday school was not very well attended last Sunday.

Lakeview had another two inch rain last Tuesday which hindered harvesting till Friday.

The Primitive Baptist had church at the home of Mr. and Mrs. W. C. Wright Saturday and Sunday.

Sunday July 17 the Primitive Baptist will have singing all day at the home of Mr. and Mrs. Hugh Dunn.

Napoleon Barrow, an uncle of W. C. Wright, is visiting in his home this week.

Mrs. Edwin McReynolds and children of Amarillo, who have been visiting for several weeks with Mrs. Cella Ross at the teacherage, have returned home. Mrs. McReynolds is Mrs. Ross' daughter.

Lovine Jones, little daughter of Mr. and Mrs. Lovell Jones was real sick several days last week.

Mr. and Mrs. Lee Fields have returned to their home in Lubbock. Mr. Fields has been employed as brick layer on the new school building.

Rev. J. M. Harder will preach Saturday evening and Sunday for his regular appointment.

Word received last week from Mrs. J. W. Pitts of El Monte, California stated that the family was well and doing nicely. The Pitts' family lived in this community a number of years.

Fred Porterfield of Roy, New Mexico, visited his sister Mrs. Earl Edwards and family Sunday.

The Lakeview Home Demonstration club met with Mrs. Roy Curry July 11. Twenty one members, a visitor and Miss Faulkner were present. The program was, "Raising the standards of home canned products." Miss Faulkner gave some interesting points on canning.

Mr. and Mrs. Lloyd Paschall and baby daughter, Mildred, of Fort Worth, spent from Friday of last week until Tuesday of this week visiting his parents, Mr. and Mrs. W. N. Paschall.

# Dougherty News

(By Mrs. W. D. Newell)

Farmers, I suppose are busy everywhere now, taking advantage of the harvest weather. This community has not received any rain since July fifth, feed in this part of the county is very pretty and growing fast, also the weeds, they are still coming in abundance, and in fact they have grown so rank in many of the fields, as to cause a big loss to the grain growers as it has become impossible to cut the feed with a combine.

Grain men here think another week of good weather and the harvest will be practically over. The crop this year is much smaller than for the past two years.

Ye turnip and mustard sowers, if you would reap a big harvest of these two plants, so says the sign man plant on the 25th of July.

## Church News

Rev. F. O. Garner and family were in Dougherty Sunday for his regular appointment Sunday morning and evening.

Sunday School and church attendance was below par Sunday, due probably to the busy season of wheat harvesting as many of the farmers run their combine all day.

A good League program was rendered Sunday evening. Miss Jonnie Brownlow will be leader for next Sunday evening's program and the subject of "Treasures" will be discussed.

Rev. W. H. Owens will preach at the morning hour next Sunday at the Methodist church.

A letter from Rev. Claude Wingo states that he will not be able to be here next Sunday afternoon. He is in a revival meeting in Floydada at this time and he plans to go to Cameron, Texas to hold a meeting there as soon as the present revival closes.

It is with deep regret that we lose this preaching appointment by Rev. Wingo as he has many friends in the Dougherty community.

The Union Sunday school completed their election of officers and teachers last Sunday morning.

Henry Bloodworth was unanimously re-elected superintendent, and Miss Irene Colston was re-elected secretary-treasurer.

## Aiken News

Aiken, July 11.—Wheat harvest has been in full swing the past few weeks. The rains and hail damaged some of the wheat in this community.

Mr. and Mrs. J. W. Griffith and family of Amarillo visited in the home of Mr. Griffith's parents, Mr. and Mrs. W. A. Griffith last week end.

Dorothy Jean Jones, Beulah Griffith and Geraldine Brown of Cedar visited Jewel Elam Sunday.

Charline Davis returned home from Tullia last week where she had been visiting her cousin Ouida Sef-ton.

J. C. Pierce of Lockney is visiting with his sister, Mrs. Theodore Tilley.

## Funeral Services Are Held For Mrs. McPeak

Interment was made Friday afternoon of the remains of Mrs. Nannie Burrus McPeak, wife of Jonas L. McPeak, of Plainview, in the Floydada cemetery at 5 o'clock. Services were held at the family home in Plainview at 2:30 o'clock Friday with Evangelist James L. Standridge, minister of the Church of Christ in Plainview, in charge. Short services were held at the graveside and Evangelist Standridge was assisted by Elder J. J. Day of the Wall Street Church of Christ.

Mrs. McPeak was born July 7, 1871, and died on her birthday, July 7, 1932. She was married in 1893 to J. L. McPeak in Coryell County. They moved to Floydada in 1902, residing in and near Floydada since that time with the excep-

tion of six years spent in Taylor County near Merkel. Mr. and Mrs. McPeak moved to Plainview about a year ago to make their home.

Four girls and six boys were born, three of whom are now deceased, including one son and two daughters. Mrs. McPeak died at 9 o'clock Thursday morning of last week.

Surviving members of the family include the husband, Jonah L. McPeak; Mrs. F. A. Holcomb, Miss Noma McPeak, Clifford, Joe Bailey, and Chester, all of Plainview; Mrs. Georgia Taylor, of Starks, Nevada; and Clinton McPeak, of Detroit, Michigan; and one brother, L. H. Burrus, of Plainview, and a nephew Millie Burrus, also of Plainview.

All were present for the services here with the exception of Clinton McPeak, of Detroit, and Mrs. Taylor of Nevada, who were unable to attend the funeral.

Other relatives attending the funeral from Floydada were Mr. and Mrs. S. N. McPeak, Mrs. Jessie Brown, Mr. and Mrs. G. W. McPeak and family. Mr. and Mrs. W. C. Cash, of Pampa, were also present. The body was brought to Floyd-

Mr. and Mrs. Joe C. Hutchinson and son and Ruby Nell Morris of Lubbock spent the week end with Mr. and Mrs. Claude Morris and family.

Brother Fitzgerald filled his regular appointment Sunday. There was a good crowd out to hear him.

Miss Alene Tate, who has been teaching in California, is now at home with her parents, Mr. and Mrs. G. M. Tate.

Glenn Harvey Shelton is visiting relatives in Friona.

Mr. and Mrs. Glenn Johnson and family left Friday for Kansas where they will be at the bedside of Mrs. Johnson's mother.

Miss Alene Smith of Abilene is visiting Mattie Walden.

Geraldine Brown of Cedar has returned home after a short visit with Dorothy Jean Jones.

Mrs. M. S. Bishir and daughter Peggy, returned to their home in Canyon Sunday evening after spending the past week here as guests of Mrs. Bishir's sister, Mrs. A. D. Cummings and family. Mr. and Mrs. Cummings accompanied them as far as Plainview.

**LEVENS POSTPONES DATE FOR SPEAKING ON TAXES**

Date for his address to Floyd County voters was postponed from Saturday afternoon of last week

until this Thursday night by Jess C. Levens, of Lubbock, candidate for state senator.

He spent a short time here Saturday going to Matador, Paducah and Dickens County for other ap-

pointments.

"People are just too busy with their crops right now," Mr. Levens said Saturday. "I'm going to come back to Floydada and speak on July 14," he said.

If you once have a taste of the New NuGrape, you always come back for more. It's just that sort of a flavor—a mysterious something, born of plump Concord grapes and sunshine. There is nothing anywhere near like it, with its bouquet of dew-ripened grapes, and its sparkling, dancing life—as of champagne.

Next to impossible to keep the New NuGrape on ice at home—the family sneaks in for "just another bottle," even when a case is purchased at a time. But since Nature and Science brewed it and brought it to its delightful state of appetizing perfection—you can drink as much as you please as often as you please.

There is no substitute for the New NuGrape. Accept none, for it would only mean disappointment. The genuine is sold everywhere for 5¢.

# Will Rogers Says Democrats To Stick Together This Time

Will Rogers, Claremore, Oklahoma's, contribution to the gayety of the nation, says the Democrats will stick together this time and that they have a good chance to win the presidency. With Roosevelt and Garner he is well-pleased as a national ticket.

He told a reporter for The Hesperian words to this effect Thursday evening of last week when he spent some two hours in Floydada as a guest of Fred Zimmerman. In his party were C. H. Featherston, Dr. J. H. Massie and family, and Mrs. Anna Witherspoon, of Wichita Falls. All of these except Mr. Featherston were enroute to New Mexico for a visit of a week on the Joe Riner ranch, following which they planned to go on to California.

Rogers was in this section for a brief rest and a hurried look at the west Texas cattle ranges once more. After visiting the Waggoner ranch west of Fort Worth, he was the guest of Mr. Featherston for a day and the latter brought him on to Floydada. Together they visited friends in Plainview Thursday night and Rogers spent Friday as a guest on the Halsell Ranch near Muleshoe, before taking off from Clovis by plane for his home in California.

The cowboy humorist was "himself" throughout his visit here. A sort of embarrassed appearing diffidence marked his entrance into the beautiful Zimmerman home, for instance. He couldn't find a convenient hand for his hat and backed about, finally remarking, "my, ain't this a purty place!" Photographers down-state caught him in a straw hat and all dressed up but when he reached Floydada he wore a gray hat, blue shirt with collar attached, no tie, tan denim breeches and tan shoes. The breeches didn't fit tight at the waist. To the reporter he appeared just like the Will Rogers you expected to see, except that he had hazel brown eyes. He doesn't smoke and his beverage is red soda pop.

**Hates Guard Duty**  
Rogers came to the plains country to spend a year or so punching cattle back in 1898 when he was sixteen. How he came to this section he told the reporter. His father sent him from their ranch near Claremore to a military school in Missouri. "I had so many hours on guard duty charged up to me I would still be working them out, if I'd stayed there, so I ran off and come out this way to get a little experience on the Texas ranges."

He worked north of Amarillo and around Plainview for the Knights and Slatons. "I'll declare you've got a dangy town here. Funny I never heard of it before," he remarked. Peeved that the celebrity of the southwest had never heard of his home-town the reporter remarked that a man of parts like Rogers surely should have heard of our town. "You'll just have to take in after 'em about that. I can't help it," he said.

The interview was sandwiched in between wisecracks by Rogers, J. B. Jenkins, Dr. J. H. Massie, Geo. A. Linder, C. H. Featherston, the host, and others. One of Rogers' offerings was "The Democrats always have a chance to win until election time."

**How He Remembers**  
Enroute to Floydada Mr. Rogers saw a Matador range outfit rounding up for a summer branding, he said, and was just "crazy" to stop and try his hand helping them. He blamed Mr. Featherston for making him come on to Floydada and making him miss the opportunity. "I remember Vernon because it is eighteen miles from Doan's Crossing. Crowell because it is where Jim Minnick lives, who got me mixed up in this polo business and has had me broke ever since, and I'll remember Floydada because it is where they drove the big herd of cattle down the main street." Will said.

The humorist is so full of pent-up energy that his associates have to work in relays to keep up with him. In addition to his work in motion pictures he writes a daily squib of about 100 words for a syndicate, a weekly article of about 2,000 words for the Sunday supplements, and takes time out to attend all the important events around over the country. He is a flying enthusiast and saves much time by it.

Among the Floydada people who stopped at the Zimmerman home Thursday afternoon to make the acquaintance of Mr. Rogers were Judge F. P. Henry, N. A. Armstrong, J. I. Hammonds, Roy L. Snodgrass, and others.

## A Farmer's Life

"As He Lives It"  
BY ED HOLMES  
(Station C. E. H. Farm)

Harvest seems to be rather slow on account of too many fine rains in this community. Also a little hail, has some of the wheat ready for early pasture.

The farmers that have been on the job now have some fine sudan pastures. Row crops are sure growing fine, also the weeds. Chances are now that we will grow more fine weeds this year than in several years. This is a fine thing. When they grow, it is possible to grow feed also.

These rains covered every watermelon vine on this place but one. The sand just washed in and covered them completely!

We were heading oats and there were about as many thistles present as there were oats. Boy it was hot! Some of us were about to fall out when the wise cracker, Johnnie Cates said, "We are bringing in the sheaves, but we are not rejoicing." He is the same guy that said that the Q. A. & P. stood for "Quit Arguing and Push."

Now about that cow barn. It is 14 by 30 feet. Seven feet on the low side and 9 feet on the high side. It is long ways, east and west, with the high side on the south. The sheet iron top drains the water to the north side. Of course the cow lot is on the south side and with this arrangement, the top doesn't run all the water into your lot.

The north half of the barn or 7 by 30 feet has a concrete foundation, wooden floor and divided into four barns to hold different kinds of ground feed. I have sliding sheetiron doors in the top and as my stacklot is north of the barn, I simply stack my feed in it then without any hauling I drag the feed into the mill and grind the feed into the top of the barn. You can't realize how full you can fill a barn until you pour it in from the top. The south half or 7 by 30 feet is divided into three convenient stalls and has 5 swinging doors, 6 feet 6 inches by 25 inches on the south side. These doors are left open in the day time and the sun shines on the entire floor space and thus keeps it dry and more pure. With these five doors you can turn the cows into any of the lock-head stanchions. In the summer you get the south breeze which is cool. In the winter you are protected from the north wind.

By building your barn this low, you are almost out of danger from high winds tearing it up. With less bracing you can have a barn that will be strong and the blowing rains will not do so much damage.

One by 12's standing upright, nailed to two by 6's at the bottom and two by 4's at the top will get the job done. Slat the cracks with one by fours.

This is the way my barn is built and the top extends out about one foot on the north side, and as most rains come from other directions, this side seldom gets wet. The south side of the grain bins are of course protected completely from the rains as the 7 foot stalls are on that side.

The wall between the stalls and the grain bins, I simply cut out one plank and leave one. The cows can get their heads into the barn every 24 inches down the line. It is a simple matter to bolt 2 by 4's at the bottom and as the cows stick their heads in the crack, simply use the bolt as a pivot and slide the 2 by 4 against their neck. About 4 feet high, simply nail a 2 by 4 all across the barn for the boards to slide behind, then all you need is a bolt tied to a string, bore a hole in the right place and as you place the board against her neck, stick the bolt behind the board. For individual places for them to eat, simply build a partition in the barn 20 inches from the wall and about three feet high. To divide the eating places, place a solid plank at the bottom, also one at the top then slat the crack with two one by fours. This will be much cooler in hot weather.

When I grind feed into the barn, I place a cover over the troughs and grind the barn completely full. Begin to feed from one end and as the feed is fed up, uncover the troughs and pour in the feed from the top. If the troughs are covered up, pour the feed in from the outside.

This small barn still holds 2,000 ground bundles, two tons of ground heads, one ton of ground cotton seed and 100 bushels of ground oats. When you mix these four feeds, have a good Sudan pasture, all you have to do is turn in the good cows and feel sorry for the milk maid.

## MARY ANNA ROSS REPORTED ILL WITH INFECTED FOOT

Miss Mary Anna Ross, daughter of Mr. and Mrs. S. W. Ross of this city, is very ill with an infected foot at the home of her aunt, Mrs. J. M. Badget of Ozona, where she is spending the summer, relatives were informed yesterday. The infection started from a mosquito bite.

Mr. and Mrs. Ross left Wednesday afternoon for Ozona immediately upon receipt of a telephone message telling of Mary Anna's illness.

The message also stated that Mrs. Fred Boerner, of Los Angeles, California, who had arrived at Ozona en route to Floydada where she was expected this week-end had become seriously ill. She is a daughter-in-law of Mr. and Mrs. W. L. Boerner, of this city. Fred was planning to join her and accompany her home.

## SNODGRASS CHEVROLET IS OPEN AGAIN FOR BUSINESS

Service at the Snodgrass Chevrolet Company was resumed this week, it has been announced by Roy L. Snodgrass, manager.

Business in the sales and parts department was suspended several weeks ago following a fire which destroyed a portion of the building.

## RELATIVE IS KILLED

Word was received this week by J. H. Newberry, city, of the sudden death Tuesday night of last week of Bennie Oliphant, about 40, husband of Mr. Newberry's niece of Oklahoma City.

Details of Oliphant's death were lacking. He was an electrician by trade.

## SHERIFF'S SALE

THE STATE OF TEXAS, County of Floyd  
NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, of the 14th day of July 1932, by Roy O'Brien Clerk of said Court for the sum of Five hundred fifty six & 44/100 Dollars and cost of suit, under an Order of Sale, in favor of Clara E. McNeely, guardian of the person and estate of Wm. O. McNeely, non compis mentis in a certain cause in said Court, No. 2508 and styled Clara E. McNeely Guardian of the person and estate of William O. McNeely, non Compis Mentis vs. Wm. McGehee and Scott McGehee, placed in my hands for service, I, J. M. Wright as Sheriff of Floyd County, Texas, did, on the 14th day of July 1932, levy on cer-

Contrary to the general belief the master meters at the central plant of the municipal water works in Floydada show more water is being used to keep lawns and trees doing well and to water gardens than was being used at the same time last year.

The master meters for the period from May 20 to June 20, (on which billings to users dated July 1 are based) show for the period in 1932 a consumption of 6,925,000 gallons of water against 6,719,500 gallons in 1931. There was considerable rain in the period, more than last year, and the figures seem to furnish indubitable proof that more care and attention is being given lawns and shrubbery. The number of meters in use is slightly lower than last year at the same time.

**Mains Are Flushed**  
If all the water flushed from the city's mains Monday morning could have been put on one garden or one lawn it would have gotten a good soaking. Complaints from the outer edges of the city that water in the mains was becoming stale put Superintendent Strickland, Mayor Hanna and several of the fireboys out on the job of flushing the mains. Every fire plug in town was opened and both pumps set to work furnishing pressure. 125,000 gallons of water were forced through the hydrants in about fortyfive minutes, Mr. Strickland said. The mains usually are flushed about twice a year and before complaints begin coming in, he said, but this time the consumers beat them to it. The water merely becomes stale out on the further reaches of the mains where the circulation is not so marked as in the more thickly settled portion and in the down-town district, he said. Samples of the water are analyzed systematically by the State Health Department to assure purity.

With the pressure practically at zero for the time the flushing was being done, several housewives thought their water service had been discontinued for non-payment of bills. Husband's telephones downtown began ringing and Secretary Duncan did a land office business for a full half day. It was on the eleventh, the calendar said, and bills were due the tenth.

**5 reasons**  
for having a telephone

1 "They're opening the plant again? . . . sure I'll be there!"

2 "Why yes, I found your keys on the dresser."

3 "The train is 40 minutes late . . . I'll wait for them."

4 "Please change my appointment to Friday."

5 "Please hurry, doctor. We're worried about him."

THE situations above suggest the countless ways a telephone saves time and worry . . . ways in which it makes life easier and more enjoyable. If you haven't a telephone, we believe you're missing a lot of satisfaction, to say the least. And emergencies do come. At such times a single telephone call may be priceless. For only a few cents a day, you can have a telephone of your own. No more trips to the neighbors, or the corner store. Call the telephone business office.

## W. S. GOEN SCARES AWAY TWO WOULD-BE THIEVES

W. S. Goen Thursday night of last week caught two men in the act of looking into the gas tank on his car parked in front of his home, 312 West Georgia Street, and since it was on the same night that the Santa Fe and Q. A. & P. stations were robbed and Burl Bedford's car was stolen it was thought possibly the incidents were connected.

"It was the boldest thing I ever saw," Mrs. Goen said from the front porch when she thought of the folks who were fooling her. But she heard off I was having a party.

## PASTOR COMFORT GIVEN LEAVE OF FOUR MONTHS

Pastor E. C. Comfort was granted a four months' leave of absence at the session of the Cumberland Presbyterian Church Tuesday night. The leave will extend from September 1 to January 1, it was stated.
