

First Democratic Primary Election To Be Held Saturday, July 23

Candidate Speakings Continued During The Week In Communities

Floyd County candidates with Saturday and Sunday nights to rest, after dates at Floydada and McCoy respectively last Thursday and Friday nights, pulled their belts up a little tighter Monday, preparatory for the last week of the whirlwind campaign that has kept them seeing the voters personally every day and attending rallies every night. Tonight at Liberty in their last dates before the polls open Saturday when the verdict will be rendered. The date for Lakeview was cancelled late Wednesday when it was found the new school building would not be seated in time.

Thursday night's rally here saw about 300 in attendance, the session lasting right up near to midnight. It was held in the district court room and sponsored by the Fidelis Matrons' Sunday school class of the Baptist Church, of which Mrs. J. M. Gambin is president. In addition to the candidate speaking the program had a quartet composed of Earl Rainer, G. C. Tubbs, H. L. Sims and Garlan Glover singing for the candidates "Some Sweet Day," and other numbers. Miss Robbye Archer was presented in a monologue and Clarence Snodgrass, Jr., of Houston, sang. In addition to the county and district candidates all three of the representative aspirants were present and spoke briefly. These, however, did not get as much attention as was desired on account of the lateness of the hour when they began. Judge M. R. Avery, of Dimmitt, J. N. Johnston of this city, and A. B. Tarwater, of Hale County, present incumbent are the candidates for this office in an eight-county district. Jess C. Levens, of Lubbock, candidate for the state senate, also was present and spoke in the interest of his candidacy. Practically half of the time consumed in speechmaking during the evening was consumed by the candidates for district attorney. Judge L. G. Mathews of this city, president.

On behalf of the Sunday School class Mrs. Gambin expressed appreciation for all help given the ladies in presenting the program and handling the event. The class realized about \$9.50 profit, she said.

McCoy Meeting Good

At McCoy Friday night the meeting held in the open air, with all hands cool and pleasant, was in contrast to the Floydada meeting held in the district court room, where it was uncomfortably warm. John R. Gray, McCoy gin man, presided at this meeting for the women of the Home Demonstration Club of McCoy. An official greeting of welcome was extended by Mrs. C. C. Green, president of the club. Mrs. R. A. Sone gave a reading, "Oh, I Don't Know" that was well received. Judge Avery was the only representative candidate present. He was given ten minutes and other candidates five minutes. The entire program was run off in slightly more than an hour and thirty minutes. It was preceded by nearly an hour of informal visiting about, making acquaintances and renewing acquaintances, while soda pop, ice cream and cake sales were under way at a stand conveniently placed. About \$11 was received from the sales, which the ladies will use in some phase of their club work. The crowd was a good one and the candidates all enjoyed the event apparently.

Starkey Crowd Good

A large crowd greeted the candidates at Starkey, where the Sunday School of the community staged a pie supper with plenty of pies for all. A general good time was had, with a very big proportion of the voters of the community present to hear the candidates present their claims. Slightly in excess of \$14 was realized from the sale of the pies.

Antelope Date Enjoyed

Candidates enjoyed their date with the voters at Antelope Tuesday night, leaving for their homes after getting to talk, eat, drink and be merry. Antelope is not a large voting box but the percentage of voters present was encouraging to the candidates. The "lemon squeeze" and the sale of "white elephants" were novel features. The lemon squeeze was a method employed to obtain a small admission fee, the entrant paying one cent for every seed counted in a lemon he chose from a large container. The white elephant sale resolved itself into a regular old-time Christmas tree for a time as the various purchasers of numbers received their "presents."

At the close of the speaking lemonade and cake were served by the members of the Home Demonstration Club, who sponsored the event. Chas. W. Nickels presided during the speaking and Mrs. T. J. Boyd made the announcements and expressed the appreciation of the club and the voters for the visit of the candidates.

Funeral Saturday For A. J. Sams Of Lockney

Man Who Helped Organize County
Succumbs to Apoplexy at
Home Near Lockney.

Funeral services for A. J. Sams, 83, of Lockney, whose death occurred at 4:15 Friday afternoon of last week, were held from the First Methodist Church in Lockney Saturday afternoon at 4 o'clock, with Rev. George Turrentine, pastor of the church, officiating. Death followed a stroke of apoplexy suffered on Sunday morning of last week, from which he failed to rally.

Mr. Sams had been in ill health for thirteen years but was doing morning chores about his farm two and a half miles southwest of Lockney, when he suffered the stroke.

The list of active and honorary pall bearers at the funeral Saturday afternoon was made up of old-time friends of the family, the active pall bearers being W. A. Brewster, E. H. Rankin, J. J. Dyer, Estes Woodburn, Herman Schacht, J. R. Bowman. Honorary pallbearers were W. C. Nichols, J. D. Griffith, Frank Ford, D. D. Shipley, Robyn Baker and W. J. Teaver. Interment was made in Lockney Cemetery.

Helped Organize County

Surviving the deceased are his wife and two children, a son and a daughter. The son is Buck Sams of Lockney and the daughter Mrs. Cora Faulkner of Carlsbad, Texas. Mrs. Faulkner was unable to attend the funeral.

Mr. Sams was one of the few score men of voting age who resided in Floyd County at the time of its organization and helped to organize it. He and his wife came here in 1889 and he entered the mercantile business at Della Plains. Later he moved to Mayshaw and in 1895 settled on the farm where he lived at the time of his death. He was a native of Kentucky but came to Texas, settling in Hunt County where he was married to Miss Addie Owens in 1888. Two children preceded him in death.

During his active years he was prominent in the business and social life of the county. Owing to two serious operations, the first thirteen years ago, he had lived closely at home, much of the time a shut-in, of late years.

A number of the early-day settlers from over the county attended the funeral. Among these were Tom W. Deen and J. W. Howard of this city. They were accompanied by J. J. Davis and J. M. Wright.

New Lakeview School Building Is Accepted

Lakeview community's new brick school building has been completed was accepted from Contractor W. S. Moss, of Lubbock Tuesday at a meeting of school officials, the architect, the contractor, and residents of the community. The new structure cost \$8,652.40 and was built by the money from insurance on the old building destroyed by fire last winter.

County Superintendent Price Scott was present for the meeting with the trustees.

The new building has four classrooms a commodious auditorium and a bookroom. It is T-shape, one story and of the unit type.

Contract was let May 21 and construction was begun May 24. S. B. Haynes, of Lubbock was architect. Seats have not been placed in the auditorium and a few other details are to be completed later but the building will be ready for occupancy in September.

City Rolls Reduced Another \$500,000.00 By Equalization Board

The rolls of the city of Floydada will be at least a half million dollars shy of the total of the rolls for the year of 1931, S. E. Duncan, city secretary, estimated late yesterday afternoon when the board of equalization completed its labors. The board had been in session for ten days or more and during the time gave all property values the closest scrutiny.

"The members of the board took considerable pains in an effort to equalize the values all over the city," Mr. Duncan said.

If the valuations for taxation run a million and a half dollars this year, the totals in the city will have been cut practically in half since the peak of 1930, when the rolls show in excess of \$2,700,000. For 1931 the valuations ran almost exactly \$2,000,000, which was a reduction of \$700,000.

To meet the outstanding maturities of the city for next year there would have to be total valuations of \$2,000,000 and 100 per cent collections, the secretary said.

Members of the board of equalization this year were J. H. Shurbet, A. C. Goen and B. O. Cloud. Notices to those whose renditions are being raised call for a hearing by the board on August 1 at the city hall.

AN ELECTION PARTY

Saturday night, following a custom of long standing, The Hesperian will stage an election party at which time all hands are welcome and doubly welcome. No formalities, no nothing. You just walk up or drive up and join in the fun.

Reports on the state election, reports on the county election, as fast as the votes are counted and tabulated. Times are hard, we know. But election nights afford a lot of fun that will cost the spectators nothing. All Floydada is banking on everybody being here and enjoying the event. And if you don't get here we'll be disappointed. Most everything in town will be open until a late hour. You can take in the show, window shop, take in the election party and everything to your heart's content.

It's everybody's party. And don't forget. The Hesperian always has its favorites, of course, like everybody else—until time comes to give the vote on who is in and who is out—then we give the figures "as is" and let them fall where they may.

Don't forget. Saturday night a lively night in Floydada. And you'll miss it if you miss it.

AND AN ELECTION EXTRA

Because a large number of the people over Floyd County are not getting their dailies now—adays for a reason we all know, and for the further reason that if they did get them, they would not have the latest figures in them, The Hesperian will issue an election extra Sunday morning that will be sold about town and at the neighboring towns and, in addition, will be sent to all the regular subscribers. So that it will be an excellent medium for first-of-the-week advertising. All our merchandising is pointed toward the week-end these days, and a medium that will give Floydada merchants a chance to talk up first-of-the-week and mid-week offerings will be an interesting and worthwhile novelty.

Watch for the extra. If you want an advance copy buy it early Sunday morning from the boys. It won't be the most ambitious extra you ever received, but it will be substantial and readable—and it will have the election "dope" you want, as completely as we can compile it from the figures available.

EVERYBODY NEEDS IT

Right now, everybody needs sympathy. Possibly not the kind that makes one cry on your shoulder, but the understanding kind that calls for a certain amount of charitable overlooking of little slights and omissions. All hands are working under pressure. Most of us haven't our feet on the ground. Some are up "in the air" and do not realize it; others, realizing, are not sure of themselves, and make errors which may be charged to their mental and physical condition.

Of all, perhaps the newspapers need as much sympathy as any other class. Dealing with many kinds of people with many grave problems and worries, the newspapers "hit it hard," because the more worries the more difficult to serve. Have sympathy with your neighbors, if you want it yourself. All of us must hang together or hang separately, it begins to appear.

BOOTLEGGING OF GASOLINE

A lot is being said these days of bootleg gasoline and the newspapers chime in in agreement that it is costing the state and the lawful taxpayers many dollars. The writers who claim to know, say that the more taxes assessed against gasoline the more the racketeers will profit. Further, they say the general public is going to pay the bill sooner or later—that the chickens will come home to roost.

Granting all that is said to be true, we have not been able to understand how the bootlegger gets the job done and what is to be done about it. There may be, and probably are, many others who do not understand. To us and these others, those who know owe an explanation. We'd really like to know about it and how it is proposed that a remedy be applied.

Is the racket being carried on by plain thieving, by connivance and winking at violations, by bribery? And don't we now have sufficient statutes on the books to cover everything in the known world that could be construed as a violation of the law? Let's at least do not pass any more laws until we have time to survey the fat statute books of the past decade. Perhaps there is one that hits the nail on the head. Per-

haps, indeed, there needs only to be enlightenment and an awakening of the public conscience.

FINEST COW PASTURE

Thousands of acres of sudan grass in Floyd County, not to mention the ranges big and little, are helping to make one of the finest cow pastures for Floyd County dairy and range herds we have had in many a day. And are the farmers taking advantage of it!

And encouraging news of better hog prices, better cattle prices, firmer cream and poultry prices. And many a thousand bushel of wheat that is going to stay right where it landed—in the granary—until a better price for it is opened up.

A DIFFICULT HARVEST

1932 harvest season, now practically a thing of the past so far as small grain is concerned, was the hardest in fifteen years at least. Hall, then rain, then grain plenty ripe standing in fields of water and the weeds springing up. Cutting a few acres here and a few there, catching the dry spots while the other ground was too soft.

And some of it left in ten and twenty acre low spots that turned into shallow lakes. Good eating for the ducks only.

This is one year the old-fashioned machinery would have done the job better.

SENDING MESSENGER BOYS

One of the things it is charged that has been wrong with the country the past fifteen or twenty years is that we have been sending messenger boys to congress instead of congressmen, and likewise as to the state senate and state house of representatives. "I am for the people and for whatever the people want," is the slogan of this type, who ought to be beaten for office just as fast as the voters can get to the polls. Fine folk, good fellows, but without proper conception of representative government. Or so it seems.

The people often think they want something they should not have. It is the duty of a representative, who ought to know more about it than his constituents, to give them instead what they need. And then come back home and prove to the folk he was right.

MAJORITIES OFTEN WRONG

The Georgetown Sun said in an editorial the other day, something of what we mean. "Giving the people what they want," is quite often a dangerous thing for the republic. In fact, that may be largely what is the matter now.

Says The Sun, "Majorities are brutal, majorities oftentimes are wrong and demand of representatives things for the safety of the government which should not be granted, can not be granted and the nation survive."

Sam Houston and his ilk didn't "give them what they wanted." He was not a messenger boy. He gave them what they should have, came back home and fought it out with them. If he lost, he still had the comforting knowledge that he had not been a doormat.

THE ORGANIZED MINORITIES

Then there are the organized minorities which attempt to sway and bully their representatives. Talking loudly they make the would-be representative of "the peepul" think he is currying favor at home, when he votes against his own good judgment and possibly against what really the folk at home want if they could see the whole picture.

Some representative who comes along one of these days and decides he might as well belong to himself as to be bullied about from pillar to post may be a novelty but he will be a welcome one.

If flies wuz worth a cent apiece we wouldn't be worried about fums at our ranch.

Trying ter start a war with a fly swatter by killing the ones in sight is jist about as effective as tryin ter kill out a bed of red ants by taking a hammer and killing em when they come out of their hole. They hatch some more about every five minutes, seems like.

You gotta abolish ther hangars of ther fly circus if you air gonna stop ther fun.

Electshun Time
This is electshun week and we'll all celebrate with a big party Saturday night. Candidates have been keeping things in an uproar these last few days and have been pecking on door facings and slapping backs all over the state.

Some will win and some will lose but here's hoping that those elected will always work to serve the best interests of the peole.

There's a whoop and a holler going up from all of us for more economy but there's a danger of carrying the thing too far. We can easily fool ourselves into thinking we are saving money by "cutting out" this and that but there is a danger of whittling too deep and damaging our interests so that it will cost us more to build back what we tear down than we could possibly save.

Care should be exercised in every instance. Every state and county official should pledge himself and herself to faithful execution of the great responsibility that rests with them.

The next twelve months will represent a period of reconstruction—a period when new values and schedules must be set up to correspond to a new economic era that has naturally developed.

This is a time when the commonwealth should be protected and when cliques are useful but nevertheless dangerous when allowed too much power.

Starting at home with an economy program is wise and perhaps necessary but the people and the officers they elect should insist on even greater economy "up the line."

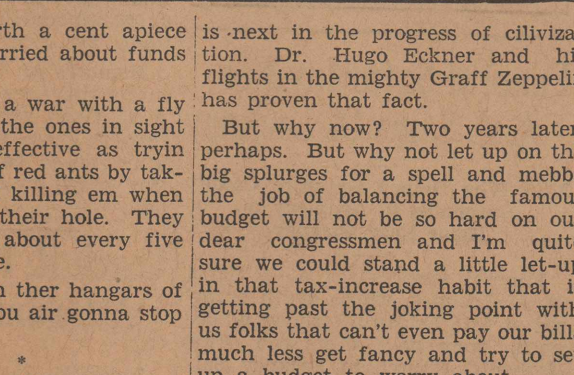

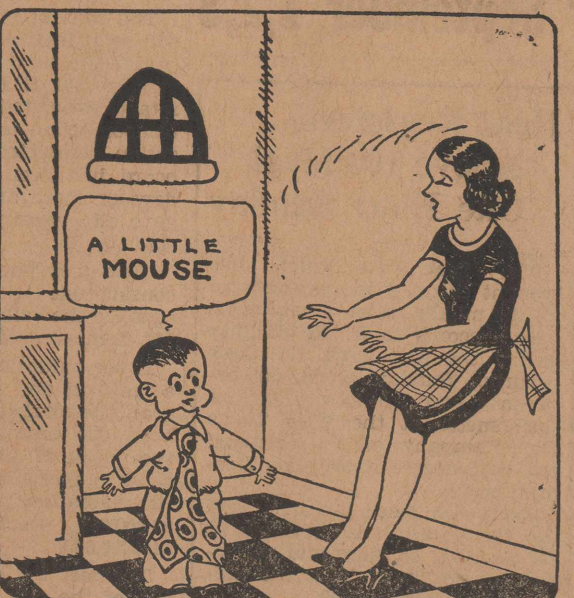

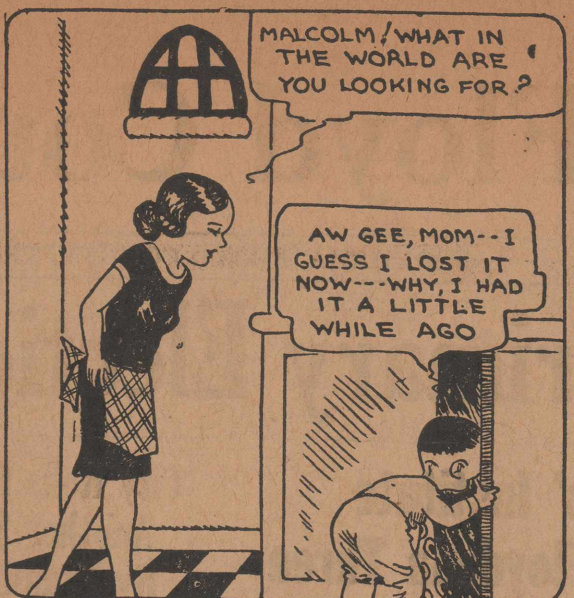

These little expenses here at home can be reduced and that will help our national headache about as much as a damp cloth on one's forehead but if we are to get actual relief we have got to have national economy.

It's the big expenditures from the nation's coffers at Washington that must be curtailed before the pain is going to be relieved here at home.

Just for example as to what I am driving at we might let up one year on our dirgible building spree. I believe we thied the dollars jingling in the pockets of our folks right here at home to buy bread and butter and shoes and coats for the kiddies rather than have a million or so floating aroun through the air so we can holler over at Germany and say, "Oh looky at what we got."

Sure and I think the time is coming when we will need mighty dirgibles for world-wide transportation and for world commerce. That step

session and many will meet in the accustomed halls for the last time.

Yet the Congress has worked hard and faithfully, under most trying circumstances, in the midst of the severest economic depression that the world has known in recent centuries. The houses have not always known just what to do and have had to muddle along somewhat, in company with the administration, which also was hazy as to remedies for desperate situations.

Congress will be a chastened and sadder body when it meets again, but it will pluck up heart, if only it sees the end of this terrible depression. The country may growl at its lawmaking body as a matter of course, but the growlers could do no better, perhaps not so well.

Farewell Congressmen! Rest in peace for a few weeks, in preparation for the fall campaign. Leisure may give more wisdom. The Nation hopes that, in harmony with evolutionary principle, the fittest will survive in the battle of ballots.

THE PASSING OF AN UGLY MOOD

Clarendon News: Sixty days ago there was present in this nation a fairly general determination to vote against every "in," and for some "outs," just as a matter of policy.

It is most fortunate for the welfare of the country that there has been a marked change in this felling in the past few weeks, and now intelligent voters everywhere, are studying men and measures with a view to good and stable government. Thus it has come about that many luckless "ins" of two months ago, now have a fair chance of reelection to office—and many deserve it.

Of course there are office-holders who deserve to be retired, and the thoughtful voters will retire many of them, but the point we are making is that no voter can be true to himself and to his country if in a spirit of despair over unfavorable conditions he votes to retire all office holders, without respect to merit and ability.

Be fair. Give all the "ins," your usual consideration, and if they deserve to be returned to office, vote for them, just as whole-heartedly as you will vote against them if there is reason for their removal.

Anyway, it bodes well for the welfare of the country that such an ugly mood is passing, as reason returns to the throne.

HEALTH AND SUCCESS

Quannah Tribune-Chief: In times like these when we encounter such strong competition in the professional and business world it behooves us all to keep our physical vigor. Being in the proverbial "pink of condition" today is a requisite of success.

Maintaining our health imposes no difficult tasks upon us. If we get plenty of sleep, exercise moderately, keep out in the open in our spare time, relax occasionally and forego needless worry, we will have gone far toward keeping in shape.

So far as foods are concerned, the simpler the diet the better. Plenty of vegetables and fruits, liberal quantities of water, and not too much pastries or heavy desserts, are recommended by physicians. We should not neglect a nourishing breakfast to help us start off the day properly. A breakfast consisting of one beverage, cereal which contains cellulose, to aid elimination, some fruit-juice and, if we have sufficient appetite, eggs or sausages—this is an ideal morning meal.

It will pay all of us to follow such simple and easy health rules. If we want to keep up with the other fellow and outdistance competition we can make no better start than to get in good physical condition and keep that way.

CHEERFULNESS

Panhandle Herald: Panhandle would be much better off if the merchants took the trouble to add a note of cheerfulness at times to their advertising copy.

Many years ago the merchant prince, John Fanamaker, decided to write a few sentences for his advertising, but the main idea was to make the reader feel better.

The other day we picked up an unusual ad, published in small space, and we believe that it illustrates the subject we are writing about. "Into each life some rain must fall; some days must be dark and dreary," the ad begins with a quotation from Longfellow.

"Our problems come these days by the dozens in assorted varieties and sometimes the brightness of the sun seems dimmed by the clouds of depression. But if we but stop for a minute and think of others we will find we are not so bad after all—the clouds roll away and we find we have much to be thankful for.

"Any troubles we may have are banished by the pleasure we get in providing to you day by day that our service satisfies."

A. S. Greene, of Allmon, was a business visitor in Floydada Monday.

Letters From R

LET'S ELECT PARRISH

Lubbock, Texas, July 19, 1932.
Dear Editor:
Every congressional bill that was introduced in the Texas Legislature, none passed, provided for a new man for West Texas. The man of the state generally thought Texas should have another congressman.

There is only one candidate for congress for Place No. 1 in West Texas and that is Senator Parrish of Lubbock.

Senator Parrish is essentially a westerner having been on the Plain for thirty years. He has been County Boy, Country School Teacher, County Judge, Mayor and State Senator, all of which positions he filled with extraordinary ability and distinction. During all these years he has handled stock more or less in the prime of life. He is large in mind, as well as in body, being of the Jim Hogg type and weighing around 300 pounds. He is active and virile and has a brilliant mind.

The people of West Texas have been more or less discriminated against, when it comes to representation in the Legislature and the Halls of Congress. If West Texas will do as much for Senator Parrish as it did for Senator Small two years ago, we will have another representative at Washington who is our kind of folks and who speaks our language.

Many of our friends in East Texas are telling us now that if West Texas does as much for herself as East Texas is going to do in voting for Senator Parrish for Congressman-at-Large, Place No. 1, that he will be elected.

Let's demand more representation as well as more consideration in these matters and stand solidly behind one of our kind.

Pink Parrish of Lubbock for Congressman-at-Large, Place No. 1.

Yours very truly,
Tom Garrard.

Miss Jewel Margaret Jones and B. C. Workman of Plainview were guests Sunday of Mr. and Mrs. S. M. Cole.

Contests Run for Period of Five Years with First Closing at 1933 Convention.

Floydada has been asked to enter the Inter-Community Beautification Contest just launched by the West Texas Chamber of Commerce.

Rules and regulations of the contest, an entry blank, and a letter inviting Floydada to enter have been received by S. W. Ross manager of the local chamber from D. A. Bannan, General Manager of the regional chamber.

W. Edd Brown, the local director in the regional chamber, has also received an announcement of the contest and a letter from President Wilbur C. Hawk and Chairman Houston Harte of the Beautification Committee, urging Floydada's entry in the contest.

The purpose of the contest is to promote the beautification of the West Texas landscape and appearance of West Texas communities by stimulating competition between the cities in beautification and cleanliness activities. All affiliated towns of the West Texas Chamber are eligible for competition in the first year's contest which will close with the 1933 convention in Big Spring. The contests have been announced to run for a five year period—the same time of the All-West-Texas Beautification Program of the regional chamber that was launched last year, and of which this contest is a part.

A loving cup will be awarded annually at the conventions of the West Texas Chamber to the town showing the best results in beautification activities as determined from reports made prior to the convention covering the year past. In addition the winning city will have its name carried in West Texas Today each month for a year together with a description of the honor won. Home planting and beautification, painting and repair, city property beautification, and county and rural beautification will be factors in the judging.

Republicans To Hold Precinct Conventions

Republicans of Floyd County will hold precinct conventions in at least five precincts, T. C. Russell, secretary of the party organization said this week. Notice of the convention to be held in Floydada Precinct No. 1, calls for the meeting hour as 2 o'clock on precinct convention day, July 23. Mr. Russell said he thought the conventions in north Floydada, east and west Lockney and Lone Star would be held also at the same hour.

The republican party in Texas is not required to hold primaries this year, Mr. Russell pointed out, because their vote in the state last year did not reach 100,000. For parties coming under this classification, he explained, the requirement for maintaining the organization is that conventions must be held if there are no primaries held.

The precinct conventions will name delegates to the county convention to be held one week following the first primary. They also name precinct chairman and vote on county chairman.

W. E. Patty, former superintendent of Floydada Public Schools, who is spending the summer at Texas Technological College, taking post-graduate work, spent Monday here on business.

Mr. and Mrs. S. W. Meharg and Mrs. Keith Gamble and daughter, of Plainview, in company with Mr. and Mrs. Arthur Keel, of Amarillo, were here Sunday, guests of Mr. and Mrs. W. C. Grigsby.

Shirey Friday night from Galveston where they had been attending a joint meeting of postal clerks, postal supervisors and rural carriers of the state held on Monday, Tuesday and Wednesday of last week.

About 1,000 postal workers were present for the meeting, Mr. Williams, assistant postmaster here, said, and their meeting next year will be held at Mineral Wells. They enjoyed the convention and the pleasures of the gulf resort including the swimming very much.

Mr. and Mrs. Williams and Mrs. Henderson returned home by way of Fort Worth and Chico. At the latter place they were joined by Mr. Williams' parents, Mr. and Mrs. L. Williams, who will visit here for the next two months.

Mrs. C. Snodgrass in company with Miss Kathleen, Roy Snodgrass, of this city, and Mr. and Mrs. Clarence Snodgrass and children, of Houston, spent Friday in Amarillo visiting Arthur Savage, who underwent an operation for appendicitis recently and is convalescing at the Northwest Texas Hospital.

Mrs. Davis Injured When Cars Collide On Road South Of McAdoo

Mrs. O. K. Davis sustained cuts on the head, mouth and shoulder and bruises about the shoulders Saturday evening of last week when their car, driven by Mr. Davis was struck by another car on the highway south of McAdoo as they were enroute from Floydada to Anson, intending to spend several days on a visit with Mr. Davis' mother.

Mrs. Davis is doing satisfactorily this week, although still suffering from the cuts and bruises, Dr. V. Andrews said.

Jess C. Levens, of Lubbock, picked the family up and took them into Crosbyton where physicians gave first aid, and G. C. Tubbs brought them back home the same night.

Mrs. Davis' principal injuries were received when she bent over to protect their two-month-old son from flying glass. He was uninjured as were Mr. Davis and their eleven-year-old daughter, who was riding in the front seat with her father.

Mr. and Mrs. Fred Zimmerman had as guests here recently Mr. and Mrs. W. L. Hawkins and daughter, Johnnie Green, of Wichita Falls, and Mr. and Mrs. Movell Fowler, of Ringold, Texas. Mrs. Hawkins is Mrs. Zimmerman's sister and Mrs. Fowler is her aunt.

Miss Emma Kewen, of Roosevelt, Oklahoma, is here for an extended visit with Mr. and Mrs. Paul Snyder. Miss Kewen is a sister of Mrs. Snyder.

VISITING MINISTER TELLS ROTARY CLUB OF REMEDIES FOR PRESENT ECONOMIC ILLS

Rev. S. J. Shettlesworth, of Odessa, who is here in a meeting with the First Christian Church, told members of Floydada Rotary Club last week that restoration of better economic conditions throughout the nation would depend in his opinion upon the restoration of faith, honor or honesty, acceptance of individual responsibility and upon restoration of real service. "If we are not equal to the present occasion, our existence has been limited and generations unborn will live to regret that we have lived," the speaker declared in calling on his hearers to take an aggressive attitude toward their duties and responsibilities.

The preacher was presented by J. C. Wester, chairman of the program committee, who also presented R. E. Fry in a talk on life insurance.

The club attendance per centage for the year closing June 30 was 95.04, S. W. Ross, secretary of the club, reported.

Rev. Claude Wingo, of this city, A. J. Cooper and R. C. McGilvary, of Lockney, were visitors at the meeting.

Mrs. Jewel Kuykendall and daughter, Eloise, of Big Spring, and Mrs. J. R. Burrus, of Lubbock, visited in Floydada Tuesday with Mrs. Maud Burrus. They were enroute to Big Spring from Matador, where the elder Mrs. Burrus had been visiting her daughter, Mrs. L. A. Stearns for the past two months.

A. M. Allen and son Rellis, of Lubbock, spent last Thursday and Friday here on business.

Hesperian Cross-Word Puzzle Number 53

great was the distress and fear, that Pharaoh sent for Moses and begged him to take the Israelites away as soon as possible. So the Israelites being ready to go at once, started on their journey, almost running from that land of sin and suffering. They assembled in Succoth, "no fewer than 603,550 men. Add to this the women and children, and the entire migration must have comprised more than two million souls."

From Succoth the Israelites traveled eastward, making a wide detour, that they might avoid the warlike Philistines who were in the

When the cloud moved forward the people followed, but when the cloud rested then the people stopped and did not move again till the cloud moved. This was to the Israelites a sign of the presence of the Lord, guiding and directing their way.

Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."
Cardui is sold at drug stores here.

Trucks and Busses Pay Heavy Taxes

Trucks and busses in Texas pay \$2,675,787 more in taxes than the gross amount paid by the railroads. Although trucks and busses constitute only 14% of the total number of motor vehicles registered in Texas, they pay 25% of all taxes paid by all motor vehicles in Texas.

These figures were compiled from the records of the State Comptroller, State Highway Department, State Treasurer, and Railroad Commission of Texas for the year 1929. The records for 1930 and 1931 now being compiled will no doubt show a decided increase in the taxes of the motor vehicles and a reduction of railroad taxes.

Out of the total taxes paid by the motor vehicles of \$45,776,973.00, the commercial cars, which are the trucks and busses, paid \$10,462,382.00, which is approximately 25% of the total and \$2,675,787.00 more than the gross amount paid by the railroads.

Sunday School Lesson

THE DELIVERANCE AT THE RED SEA

International Sunday School lesson for Sunday, July 24.

Golden Text.—The Lord is my strength and song, and he is become my salvation. Exodus 15:2.

Lesson Text.—Exodus 13:17-15:21. Exodus 14:10-16, 21, 22 is here printed.

10 And when Pharaoh drew nigh, the children of Israel lifted up their eyes, and behold, the Egyptians marched after them; and they were sore afraid: and the children of Israel cried out unto the Lord.

11 And they said unto Moses, Because there were no graves in Egypt, hast thou taken us away to die in the wilderness? wherefore hast thou dealt thus with us, to carry us forth out of Egypt?

12 Is not this the word that we did tell thee in Egypt, saying, Let us alone, that we may serve the Egyptians? For it had been better for us to serve the Egyptians, than that we should die in the wilderness.

13 And Moses said unto the people, Fear ye not, stand still, and see the salvation of the Lord, which he will shew to you to day: for the Egyptians whom ye have seen to day, ye shall see them again no more for ever.

14 The Lord shall fight for you, and ye shall hold your peace.

15 And the Lord said unto Moses, Wherefore criest thou unto me? speak unto the children of Israel, that they go forward:

16 But lift thou up thy rod, and stretch out thine hand over the sea and divide it; and the children of Israel shall go on dry ground through the midst of the sea.

Verses 21, 22—

21 And Moses stretched out his hand over the sea; and the Lord caused the sea to go back by a strong east wind all that night, and made the sea dry land, and the waters were divided.

22 And the children of Israel went in to the midst of the sea upon the dry ground: and the waters were a wall unto them on their right hand and on their left.

Time.—B. C. 1498.
Place.—Succoth, in northeastern Egypt. The northern extension of the Gulf of Suez to the Bitter Lakes.

The Lesson Comments
One can only imagine the wail of distress that went up from Egypt when the angel of death had claimed every first born son in the land, from the Pharaoh on his throne down to his lowest subject. So

Dougherty News

(By Mrs. W. D. Newell)

The writer is in sympathy with Tubbs and his cats but feels the donation was prompted by desire to do good,—to the cats. Dougherty always gets a supply of cats at each revival meeting that lasts the year round, however should we hear of anyone needing a family of cats they will be referred to Rev. Tubbs.

It appears that Floyd County has made a very liberal offer, by the State Highway Department; and seems like the county should accept the offer as quickly as possible as it will be a great help to the employment situation, as well as giving us the permanent improvement that is very much needed. This improvement would bring many more tourists and prospectors through Floyd County, which would add to the business activities, as well as create a new interest in Floyd County.

To get an idea of the amount of tourists, one would only need to be in any town to the east and inquire at a travellers bureau or filling station the best routes to Lubbock, Plainview or Texico and see what they will tell you.

The proposed route of the new highway will move the road a mile further north of Dougherty making it two and one half miles, but we believe it would be better to be within two and a half miles of a good gravelled road than to be on just a plain dirt road. On the rare occasions when it really rains in this county, it is easier to pull thru a mile or two of mud than it would be to get through 35 miles.

Dougherty does not have a chance to get on the new highway system but why worry about a little thing like that? In another hundred years our highway will be as unpopular as our railroad system is today. But Dougherty bids fair to become a great airway center, being at the intersection of two routes one from Fort Sill to Fort Bliss; the other from Amarillo to San Antonio.

It is also believed by many, that Dougherty is in the edge of one of the greatest undeveloped helium fields in the country. With an abundance of pure water and the broad level plains make an ideal air way center.

Upon running some of the late cutting of wheat over the cleaners the Edwards Elevator has obtained a by-product that may develop to be of some value, if a market can be found. They have screened out several hundred pounds of pure grass seeds. Some of the workers have suggested that it would be very valuable in the manufacturing of birdseed for canary birds or for a feed for baby chicks.

Candidate Speaking Will Close Tonight

(Continued from page 1)
Sand Hill Crowd Good
 A crowd of voters from several precincts was present at the Wednesday night meeting held at Sand Hill. This meeting, also promoted by the Woman's H. D. Club, was next to the last meeting before the close of the first campaign. Judge L. G. Mathews, of this city, was asked to preside during the speaking, which was preceded by a short program. The program opened with the singing of "America," followed by a reading by Mrs. Alice Knight. The poem, entitled "The Candidate" was announced as being an original one by a resident of Sand Hill. An effort to get a candidate's quartette to sing brought to light the fact that only two of the candidates felt equal to the job. These were E. S. Randerson and C. J. McCollum, who were joined by O. T. Williams and W. L. Fry in a medley of old-time tunes.

Preceding and following the program and speaking ice cream was served to the crowd. Mrs. W. E. Miller is president of the club at Sand Hill.

"We would be glad to have the candidates but it will be necessary for us to cancel the engagement," Mrs. Wright said Mrs. C. A. Cass and Mrs. John Conway, committee members, had asked her to announce.

During his residence at Wichita Falls, Mr. Adams was a member of the board of stewards of the First Methodist Church. He was a director of the Chamber of Commerce there and was one of the organizers of the Wichita Club and the Wichita Falls Golf and Country Club.
