## J. M. WRIGHT RESIGNS; EFFECTIVE SEPTEMBER 1

### Commissioners Court Will Meet On Monday

#### Sheriff Will Move to Farm After He Takes Rest Of a Month.

Sheriff J. M. Wright Saturday afternoon announced his resignation from the office of sheriff of Floyd County, effective September 1, formally tendering official notice of his decision to Judge J. W. Howard, as county judge and chairman of the Commissioners' Court.

#### Will Go To Farm

After a month's rest Mr. Wright will go to the farm, his plans being to buy a place and, "get out on the farm and start to working it," he said.

"A man just as well get out of office at one time as another. I am tired after five years and eight months as a peace officer, and want to take a good rest, while I look around and see what I can get in

#### Court Meets Monday

Judge J. W. Howard to whom Mr. Wright's resignation was presented, said Saturday afternoon that the court planned to meet Monday on some business, anyhow, and the resignation would be put before them for their consideration at that time. "I do not know what action the court will take," Judge Howard said.

the way of a place to make my home," the sheriff said. "As I go out now the court can name a successor to fill my unexpired term."

A change in the status of the office made by the court effective September 1, ordered all deputy sheriff hire, amounting to \$130 per month, discontinued. At the same time the commissioners voted to have the telephone in the sheriff's residence at the jail taken off the county's expense bill each month. Commenting on this, Mr. Wright said he didn't think one man could run the job without any help. The office is paying very little at this time, he said, and he could not afford to hire deputies. "I am not sore at anybody. The court feels that they must cut the expense of the sheriff's office down and that's their part of the job. However, I feel sure I could not make expenses the rest of the term and could not stand up to all the work that has to be done," he said, adding that he would certainly do his best as a private citizen to help his successor, whomsoever he might be.

Mr. Wright began the work of a peace officer as a deputy under P. G. Stegall, now deceased. When on December 17, 1930, Mr. Stegall committed suicide the commissioners' court named Mr. Wright as his successor, choosing him from a list of several applicants. In the July primary this year, Mr. Wright was third man in the race for the democratic nomination for the office, E. S. Randerson and W. A. Brewster being the two high men. Voters yesterday determined which of these would be the party's nominee for the place in the November elections.

Prior to entering the work as officer Mr. Wright had been on the farm in Floyd County for a number of years, except for a short time spent in California. He came to this county from Wilbarger. He recently said he had been saving up his money and that he could retire to the farm without being broke.

### Outcome Of Race Still In Doubt This Morning

Terrell, Thompson, Pierson Command Lead In Run-Off.

(By Texas Election Bureau) Dallas, Texas, Aug. 28 — The Democratic nomination for the governorship of Texas was in doubt when the Texas Election Bureau had tabulated more than 850,000 votes and closed for the night at 1:30 o'clock this morning. Governor Sterling maintained a fair lead, at one time being around 22,000 until more than seven hundred thousand votes had been counted, then went into second place. Mrs. Ferguson's lead afterward went above four thousand, then dwindled away, leaving Sterling in first place again, by a slim majority of 2601 votes with the chances perhaps fifty-fifty that he would or would not stay there.

Returns to the Texas Election Bureau at 1:30 a. m. from 233 out of 254 counties in the state, including 108 complete, show the following totals for candidates in Saturday's Democratic run-off primary:

Governor: Ferguson 431,947, Sterling 434,548; Railroad Commissioner, six years, Satterwhite 317941 Terrell 479540; Railroad Commissioner, four years, Hatcher 378985, Thompson 416651; Supreme Court Hickman 383921, Pierson 391323.

For Congress-at-Large, place 2, Joseph Weldon Bailey, Jr., has a lead, on the face of the returns

### Duggan Has Shade Over Lockhart For Senator

With three counties, Kent, King and Stonewall not reporting, twenty-one out of twenty-four counties in senatorial district number 30, ten of which are complete gave Duggan 20,412 and Lockhart 19,003 in their contest for senatorial honors. Approximately 45,000 votes were cast in this race in the July primary and the estimated outstanding 4,000 to 5,000 votes might change the standing to give Lockhart the nomination. However Duggan is given a shade the advantage.

The figures were assembled and compiled by The Plainview Herald and Lubbock Avalanche.

# Hester West Tells of First Events on Voyage to China

Floydada Girl Goes to Foreign Missionary Field; To Land Aug. 29 At Shanghai.

Miss Hester West, daughter of Mr. and Mrs. Jno. L. West, of this city, who is en route to China for missionary work for the Methodist Church, will land August 29 at Shanghai, her parents have been informed.

She will go 70 miles into the interior to take language work the first year at Soo Chow at the Soo Chow University which will be her address. After completion of her language study, Miss West will be an instructor in nursing.

She has written several interesting letters of her trip from points in the United States and the start of the voyage across the sea.

Her mother has given permission for publication of the following interesting details:

Dear Folks:

We are about 4 hours out from Chicago, going in our special car, having a good time comparing our experiences since we left Nashville. Bao Yu Yang and Miss Ruth Diggs joined our party this morning so the 7 of us are having a fine time together. Since there are so many of us I'll run away and write to you.

Some of the Scarritt girls in Dallas came down so we had quite a party to see us safely on the train. We had our berths made down early and as soon as we had our supper we began to get to bed. It took us quite a while but we got in and slept until late the next morning. We had to wait only a very few minutes in St. Louis for our train. It had rained just ahead of us during the night for a long piece so it was cool and in Illinois we found it real cold, that is, cold for August.

We got to Chicago too late to go on the sightseeing tours so we looked out of our hotel window and went to bed. This morning our party got together down at the station and we had increased to seven. We left Chicago at 9:10. As soon as I find out where all we have been I'll try to let you know but I can't do it now. We did not go near enough to Lake Michigan to see. I wish you could see the many, many fields of corn that are on either side of the track since we waked up yesterday morning. We are now passing through the dairy section. Most of the barns have silos near them and most of the cows are Holsteins. Some wheat fields still in the shock. The country is rolling with medium sized trees, what kind I can't tell from here. The barns are built straight up from the ground and are mostly two stories high. They have no curves, dormer windows or much ornamentation. The houses in the towns look about like houses in Texas.

Dear Folks:

Come over and enjoy the dust with us. It certainly is thick on everything here. Every since I waked up at 8:30 this morning we have been surrounded on all sides by wheat and oats. Enough to feed the world I guess. Got to St. Paul.

sale at these stops but all I have bought has been some postal cards. I am hoping to get to do some shopping in Vancouver if we get through at the consuls office in time. Lorena said we would not be able to get any but all wool unions in Shanghai so who do not have ours are to see if we can get the silk and wool ones here.

Our porter is a graduate of Fiske so we have a regular feast talking over Nashville. He has been with our car since we left Chicago and has been unusually nice to us because we have been so interested in him and his Alma Mater. His home is in Calgary, Alberta.

Found time yesterday to scratch a note to Bro. Have cards ready to write to Mrs. Potts and Uncle Mog. I am sorry I did not get Mrs. Potts minutes off on the mail before I left. Will you please see to it that she gets them soon? I'll write her that they are coming.

We have such a congenial crowd. It has been a regular picnic all the way. Nobody is sensitive and everybody teases everybody else and enjoys it. We take a nap whenever we please or have a game of ball, write letters, tell stories or jokes, go on a hike through the cars or do just as we please.

We have just turned our watches back an hour for the second time. On the sea we turn them back an hour every night so they say, and we omit one day entirely, by the time we get there we are 13 hours behind the time at home.

Bao Yu has written a letter to you I am so happy that we are to be so close together next year. Even if I should not live at the Nurses' Home I am sure I will be over at the hospital quite a bit so we will be able to see each other just the same.

On the boat I am to room with Louise Avett from North Carolina. We will be happy to be together for we have been very good friends these past two years. She was Felice Mendez's roommate this past year. I think there are to be only two in each room. I am glad for that way we will have more room.

## Many Peace Officers Attend Bolin Funeral

Many peace officers from over the plains and panhandle attended the funeral in Plainview and Lockney Tuesday afternoon for Harve Bolin, killed Saturday of last week southeast of Portales, New Mexico, in a gun battle with men suspected of the robbery of the Olton State Bank on July 15.

Bolin was known far and wide as a fearless officer and many officers were present to pay their last respects. Among these was J. A. Grigsby, under whom Bolin served his first deputy-ship in 1917. Mr. Grigsby was accompanied by Mrs. Grigsby. Others from Floydada who attended were Marshal and Mrs. R. D. Smith, Mr. and Mrs. Lee Howard, Ed Griffin, G. R. Strickland, J. R. Maddox, Judge J. W. Howard and Sheriff J. M. Wright.

J. Pat Horton, pastor of the First Baptist Church in Plainview, was assisted in the funeral at Plainview by Rev. W. G. Bailey, pastor of the Plainview Methodist Church, and Rev. R. E. L. Stutts, of Lockney, a superannuated Methodist minister. A brief service was held at the Lockney Cemetery before the burial for the benefit of friends of the family who could not go to Plainview.

Active pallbearers at the funeral were Judge A. B. Martin of Amarillo, Royce Oxford, Dr. J. L. Guest Geo. Boswell, Kelly Hooper, Meade F. Griffin, of Plainview, Robin Baker of Lockney, and Sent Stallings of Amarillo.

He is survived by his widow, nine daughters and one son, a brother of Salem, Oregon, and a sister of Phoenix, Arizona.

Mrs. O. P. Rutledge and daughter, Ruth and son, Randolph, returned Saturday morning from Tahoka where they had spent the week as guests of Mrs. Rutledge's mother, Mrs. S. S. Ramsey and other relatives.

Mr. and Mrs. Henry Cox made a business trip to Lubbock Thursday. Mr. and Mrs. Henry Conway, of Tyler, left today for their home after a two-weeks vacation spent at Lakeview with Mr. Conway's parents, Mr. and Mrs. R. H. Conway, and other relatives.

the high school grounds twice daily, beginning each week-day morning at 7:30 o'clock and each afternoon at 4:30 o'clock. Suits and equipment will be issued Monday morning at 8 o'clock. Coach Terrell has announced.

Scrimmage once each week will be held on the new field south of the school building which has a fine turf of grass. All other practice sessions will be held on the field west of the school building. All games will be played on the field in the Athletic Park given the school by graduating classes.

"I plan to have an "A" and "B" team and schedule games for both squads," Coach Terrell said Saturday. We will have the seventh grade over at the high school this year and there may be some men in the group we can use. If a man shows up well in Squad B we'll move him up to Squad A and demote anyone in Squad A who is loafing."

"Little Murray" one of the head-fest quarterbacks in West Texas and the smartest field general on the South Plains, will be back again this year. Marion Heald, the stocky little half who turned more than one defeat last year into a thrilling victory, will be in the line-up. Bridges who showed a steady improvement last year is the third member of the backfield who will return.

In the line Coach Terrell will have such experienced men as Jackson, Johnston, Ginn, Murray, Linder, deCordova and Christian. Olson all 150 pounds or more. Others expected to report are Baxter, Glover, Cothran, Eastridge, Jenkins, Hollingsworth and Connelly.

Lowell Gambin, who "came to light" in a class game as a real possibility for the backfield is expected to give somebody a hard fight for a berth in the backfield.

**TARWATER ADDRESSES LOCAL VOTERS FRIDAY AFTERNOON**

A. B. Tarwater, present incumbent of Plainview, spoke to an audience of about one hundred and twenty-five Friday afternoon on the court house lawn in the interest of his candidacy for representative of the 120th District.

He was introduced by Col. W. A. Nash, of Plainview, who accompanied the speaker here.

Tarwater pointed out that he directed the passage of the gas refunding tax bill and that he favored a tax on products that compete with the butterfat produced by farmers in West Texas.

E. H. Robertson, Lubbock merchant, scheduled to speak Friday afternoon did not keep his local engagement. He was to have spoken for Ross Sterling for governor.

J. N. Gragon, of Perrin, Texas, is visiting his daughter, Mrs. Henry Cox.

**Location Lines Are Completed Saturday On Survey To East**

Location lines were completed Saturday morning on the survey east of town on Highway No. 28 by T. B. Ingram, project engineer, and his crew.

Cross-section levels will be started Monday morning, he said, and this phase of the work will require about two weeks.

"I think I can start my plans about the middle of next week," he stated.

The survey was started in Floydada and the lines were run east to the Motley county line in accordance with a program planned by Guy R. Johnston, of Lubbock, resident district engineer. The second survey will be from Floydada north to the Hale County line.

Reports had not been received Saturday from Austin to guarantee to pave the right-of-way through town. Federal aid will not be given in paving within the city limits because the last census of 1930 showed Floydada to have a population in excess of 2,500 people.

Engineer Johnston is making an effort to get all the paving done in town by the State department.

**Blanco Farmers Make Study Of Costs, Profits In Classes**

O. T. Williams Directs Group Which Is To Meet Monday Night Of Each Week.

Current farm problems and means of increasing profits from lowered costs of production were general subjects for study by the Blanco Farmers' Evening School organized Monday night by O. T. Williams, vocational agriculture teacher in Floydada High School.

**Cates Is President**

W. C. Cates was elected chairman of the group and Clyde Snell was made secretary. Mr. Williams will be in charge of the plan of study.

"The outlook and feeding of dairy cows" will be the subject for the next meeting Monday night at 8 o'clock and will continue for an hour and a half. Meetings are planned to be held weekly at the school house. Round table discussions are held and an exchange of ideas and suggestions made at the sessions.

Last Monday night the farmers with 14 present studied the general subject of "How to make more money out of hogs, dairy cows, and poultry." They discussed the outlook for hogs by comparison of markets, storage and exports, and also the proper methods of feeding hogs.

**Fewer Hogs Now**

After a study of the hog production figures, pig crop, number of sows to farrow this fall, the feed crop, and the trends of exports the following conclusion was reached on the general outlook for hogs for this next year: that there are now fewer hogs on the farms than in some time; that European countries had a smaller pig crop this year than any time since 1924, and that the number of sows to farrow in those countries was small, indicating that the pork demand is likely to be larger next year than at present.

Those present also noted that there is less storage of pork and all competitive foods now on cold storage than in the last five years.

"As a result of these studies, the group decided to stress hogs as part of their 1932-33 farm program," Mr. Williams declared.

**Self-Feeders Endorsed**

The group came to the conclusion that self-feeders not only saved feed but also made quicker growths and in addition saved much time.

It was brought out that it took much longer to put on 100 pounds of gain in feeding grain alone and that the two best supplements to grain are tankage and skim milk.

It was stated that one pound of tankage is equal to 25 pounds of skim milk and that one pound of grain is equal to six pounds of skim milk.

"They decided that grinding feed did not pay for the grinding for growing pigs, but was good for finishing hogs. Soaking the feed takes the place of grinding but care should be exercised to see that the feed is not allowed to sour," Mr. Williams pointed out.

Those present for the organization meeting of the farm study class Monday night were as follows:

W. C. Cates, W. H. Simpson, W. H. Smith, S. E. Brewer, W. F. Daniels, Billy Snell, Clyde Snell, Ray Bennett, Buster Shepherd, Buster Simpson, Norman Jones, L. C. Wheeler, E. L. Campbell and Mr. Williams.

"All who are interested are urged to come and meet with us," Mr. Williams said.

Mr. and Mrs. Hal Hartrick, who have been visiting for some time in Temple arrived Wednesday for a visit of several days with Mrs. Hartrick's sister, Mrs. W. H. Sharp and family, before going to Alexandria near Quitaque where they will teach this year.

It pays to feed stock and poultry the right kind of feed. In the long run, it is always less expensive. Purina feeds in Checkerboard Bags are the equals of any on the market and superior to most feeds. Reasonably priced, they produce results that count for something.

### Clubs' Representation Good At Annual Canyon Camp

#### Picnic Held at Hank Smith Memorial Park, Friday-Saturday.

All Girls' Home Demonstration Clubs of the county with the exception of one were represented at the annual encampment held from Friday afternoon until noon Saturday. A total of 86 were present. McCoy and Baker Clubs were represented 100 per cent and received a special award for their perfect attendance score, according to a report made by Miss Martha Faulkner, county home demonstration agent, director of the encampment.

Leaving the court house shortly before 6 o'clock the girls were taken to the home of Miss Alta Lloyd, state winner in the bedroom contest, and made an inspection tour of the bedroom. Each visitor registered in the guest book being kept by Miss Lloyd.

Camp was made under the direction of Miss Faulkner in the Hank Smith Memorial Park in Blanco Canyon after a visit was made to the Old Rock House, the historic spot of interest in this section. They were guests at the encampment of Mr. and Mrs. Bob Smith, who reside at the old Smith home, and Mr. and Mrs. Pete Smith.

Immediately after supper, served picnic style and consisting of fried chicken, salads, tomatoes, and other trimmings, a program was rendered by groups of the respective clubs. Every club gave one or more numbers.

Mrs. Lester Directs  
 Mrs. S. M. Lester, county recreational chairman, directed the games and contests which were played before home-made ice cream was served.

Saturday morning each club cooked their own individual breakfast over their individual camp fires and then everybody went swimming.

Miss Faulkner presided at the business meeting held after the swim in Blanco Canyon. Work for the girls' part of the Home Demonstration Club exhibit September 23, 24, was outlined. The girls' exhibit will include clothing, hooked and braided rugs, poultry poster of demonstrator's record, and miniature bedroom.

Alta Lloyd discussed "The Value I Received from my bedroom work" Her talk was very interesting and she told the girls that they didn't know what they were missing if they did not work hard on their bedrooms next year.  
 "My bedroom is mighty pretty and it won in the state contest but you girls will not realize what a pleasure it is unless you can really live in a room like it" she said.  
 "That part means more to me than anything."

Thelma Colston, Irene Colston and Annie Jewel Favver, Baker Club, gave a synopsis of their trip to the A. and M. Short Course and to Galveston in July. Report material to be filled out was distributed to be returned to Miss Faulkner the first club meeting in September.

After lunch, they broke camp and started for home.  
 "I surely did enjoy the outing with my girls and I think they all had a good time," Miss Faulkner said. "I want to express our appreciation and sincere thanks to Mr. and Mrs. Bob Smith and especially to Mr. and Mrs. Pete Smith for their accommodations and favors." Club girls and chaperones on the trip were as follows:
