## Funeral Rites for W. L. Boerner Held Monday Afternoon From Home

### Former Mayor Of City Victim Heart Ailment

Death Comes Suddenly Saturday To  
Pioneer Ranchman and  
Town-Builder.

Funeral rites for W. L. Boerner, 76, pioneer resident of Floyd County, were held Monday afternoon of this week at 2 o'clock, following his sudden death Saturday morning, with Rev. I. A. Smith, pastor of the First Methodist Church officiating and assisted by Rev. G. I. Brittain of Plainview, a long-time friend of the Boerner family. The funeral was held at the home 602 South Fifth Street. A large number of friends of the family, including many pioneer residents were present.

### Death Comes Suddenly

Death of the pioneer ranchman and town-builder came suddenly Saturday morning at 9:10. His condition had been serious for the past several months, a heart ailment having developed. He was not well during the latter part of the night of Friday but the attack which proved fatal did not occur until after 8:30. He expired within a few minutes after being moved to a bed from the chair which he occupied.

Surviving Mr. Boerner are his wife and five children, two sons and three daughters. The sons are Fred W. of Huntington Park, California and Frank J., of this city. The daughters are Mrs. E. P. Nelson and Mrs. S. W. Ross, city, and Mrs. J. M. Baggett, of Ozona. Several grandchildren also survive. All the children were here for the funeral, Mrs. Baggett and Mr. Baggett arrived Saturday night and Fred W. Boerner, accompanied by his wife and by Mrs. Otto Faulkner, of Long Beach, daughter of Mr. and Mrs. E. P. Nelson and granddaughter of the deceased, reached here Monday morning at 7 o'clock after a forty-hour drive. Another daughter, Mrs. Florence Posey of Lubbock, preceded her father in death on February 6 of this year.

## Democratic Speaking To Be Held Saturday

Speaking in the interest of the candidacy of Mrs. Miram A. Ferguson, Democratic nominee for governor of the state, Judge Dorenfield, of Amarillo, will address the voters in Floydada Saturday afternoon at 3 o'clock, it has been announced. The same speaker is scheduled for Lockney at 4:30 Saturday afternoon. If Judge Dorenfield cannot make the talk here "some other good Democratic Speaker" will deliver the address, the announcement stated.

# Must Hurry Program on Highway 28, Engineer Johnston Tells Committee

Warning that the funds with which Highway No. 28 through Floyd County will be built are emergency funds and that if the paved highway is to become an actuality, conditions of the department must be met without delay, was given members of the Floyd County Commissioners' Court and members of the local highway committee at a called session of the court, by Guy R. Johnston, of Lubbock, District Highway Engineer Tuesday morning.

"At this time we have the funds available from the federal emergency appropriation, we have our work going under full blast, and we can pave this highway. If Floyd County doesn't get the highway it is going to be your fault," Mr. Johnston said in the course of his remarks to the committee and members of the court.

The impromptu meeting was called so that there would be mutual understanding by all interested parties. At present there are four or five property owners east of Floyd- ad with whom an understanding has not been reached and there are innumerable details in connection with completing the highway ready for a project to be let on the east end of the county. This project extends from the Motley County line to the north limits of the City of Floydada, Mr. Johnston said. "We want to make a letting for the grading and drainage structure and for the paving of this first project at the December letting, but we can't get approval of the highway department nor of the Good Roads Bureau unless everything in the way of highway right-of-way problems is worked out," he declared.

Some of the detailed plans in connection with work on the highway across the county were called to mind by Mr. Johnston, who was

### FUNERAL SERVICES TO BE HELD TODAY FOR SON OF J. H. GARNER, DOUGHERTY

Funeral services for James Harvey Garner, 4, son of Mr. and Mrs. John H. Garner, of Dougherty, who died at 10 o'clock Wednesday morning from diphtheria will be held this Thursday afternoon at the Floydada cemetery chapel at 2:30 o'clock. The boy died at the Smith & Smith Sanitarium where he was taken at 5 o'clock Wednesday morning and a tracheotomy was performed in an effort to save his life.

Services this afternoon will be conducted by Rev. I. A. Smith, pastor of the First Methodist Church of this city.

James Harvey was born in Floyd- ada August 13, 1928. The family had been to East Texas some two weeks ago, returning last week to Dougherty. He had been ill since Saturday.

Deceased was a nephew of Mrs. John Buchanan and Mrs. Arthur Lloyd, of this city, and a grandson of Mr. and Mrs. J. W. Garner, of Plainview.

Survivors of the immediate family include his parents and a sister, Willie Mae, 9.

Among the out-of-town relatives here for the funeral today are the following: Mr. and Mrs. W. H. Fox, and Jake Garner, of Amarillo; Mr. and Mrs. J. W. Garner and daughter, Bernice, Mr. and Mrs. Alva Cargel, and Mrs. E. I. Fahey, all of Plainview.

Interment will be made in the Floydada cemetery under the direction of Lee Mayhew of the F. C. Harmon Undertaking Company.

### MALLORY GROCERY HOLDS OPENING FRIDAY NIGHT

Mallory Grocery Company, local Red & White store, entertained their friends and patrons Friday night of last week at a formal opening at which was featured displays of Red & White products. Over 400 people were in attendance during the evening. Refreshments were served.

Special music was furnished by a stringed orchestra composed of Bob King, guitar; Claud Langford, mandolin; Clarence Travis, guitar; G. W. Hall, guitar, Lee and Seaton Howard, violins.

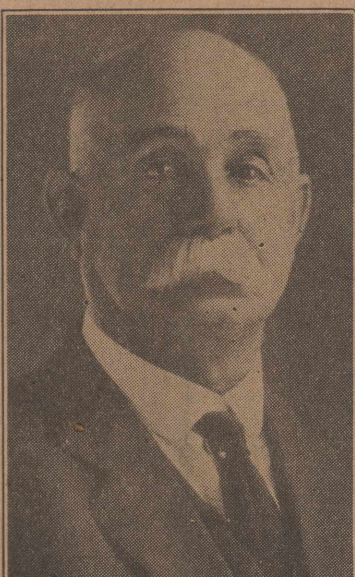

C. E. Carroll, of the Red & White organization, of Amarillo, was in charge of the demonstration. Coffee was served by Mrs. Carroll.

Rex Westerfield, manager, had charge of arrangements for the entertainment and made a short talk at the reception.

### DUTCH BREWSTER BETTER

Dutch Brewster, who has been unable to be on duty at the Del-Rue Cafe for the past week because of a back injury suffered last week while attempting to push a car, was down town for a short time yesterday. His condition was improved, he said.

### Former Mayor Dies

W. L. Boerner, who died Saturday morning, was Floydada's second mayor, serving from 1917 to 1920. He was outstanding in the community as a town builder during the decade from 1910 to 1920. He first took up his residence in the county in 1894.

## Legion to Stage Armistice Day Parade Nov. 11

Staging a parade beginning at 10 o'clock and a social during the evening will comprise the activities of McDermott Post No. 118 of the American Legion and Auxiliary for Friday, November 11, it was announced this morning by J. C. Gilliam according to plans formulated last night by the committee on arrangements. The plans are subject to approval by the post commander.

Final details will be completed on the program for the day's activities at a meeting of the Legion Monday night.

A social will be held on the night of November 11 by the Legion and Auxiliary, according to present plans.

Other members of the committee on arrangements are Calvin Steen and Travis Collins.

### INTEREST NOT SO KEEN IN ABSENTEE BALLOTING

With the time for absentee voting practically up, the closing day being Friday, November 4, at midnight, no pronounced interest in absentee voting for the general election has been manifested, according to the figures for absentee voters made up by Tom W. Deen, County Clerk.

Only two voters in the county had cast ballots at the clerk's office, one of them being from South Floyd- ad box and the other from East Lock- ney. Out of fourteen ballots mailed to other points for absentees, two had been returned late yesterday.

### School Holiday For Armistice Subject Of Board Meeting Monday

Whether Floydada Public School students will have a holiday Armistice Day is still to be determined, and the board will answer the question yes or no on Monday night of next week, when their regular meeting will be held. The Thanksgiving holiday will also be up for consideration at that time.

A. D. Cummings, superintendent, said that he had not been advised by the board concerning the holidays of this month, but that the board action Monday night would be in ample time for all practical needs.

The schools of the city have observed Armistice Day as a holiday ever since the first impromptu and spontaneous holiday "declared itself" November 11, fourteen years ago.

The schools this week have continued on the half-holiday basis to give as much time as possible for school boys and girls in the cotton harvest.

### Henry F. Hollis Dies After Brief Illness

Remains of Lakeview Resident In-  
terred with Masonic Rites  
At Slaton.

Henry F. Hollis, 54, resident of Lakeview community, southeast of Floydada, since 1928, died at his home three miles southeast of Lake- view Sunday at 12:30 p. m., after an illness of brief duration. He became ill on Friday.

Prior to his removal here Mr. Hollis had been a resident of Slaton since 1920 and the remains were taken to that city for interment. The funeral was held from the First Baptist Church at Slaton at 2 o'clock Monday afternoon services being conducted by Rev. J. Matt Harder of Ralls assisted by Rev. Turner with Foster Funeral Directors in charge. Interment was made in Slaton Cemetery with Masonic rites, his membership being held at Slaton.

Surviving the deceased are his wife, the former Miss Aura Adams of the pioneer Floyd County Adams family, four brothers and four sisters. Two of the brothers and two of the sisters were here for the funeral service, the others being unable to attend. The brothers are Will Hollis of Wichita Falls, Ralph of Sweetwater, S. L. of Washington, D. C., and Charles of Sherman, Texas. The sisters are Mrs. C. B. Vick of San Angelo, Mrs. Oleta Tolbert of Marshall, Mrs. Bertie Merrell of Los Angeles, and Mrs. Lula Puckett of Oklahoma. The brothers who attended the funeral were Will and Ralph and the sister, Mrs. Vick of San Angelo. They were accompanied here by their families.

In addition to these, relatives, Mr. and Mrs. George Smith of Mt. Blanco, and Mr. and Mrs. Fred Denham, of Lubbock, accompanied the body to Slaton for the funeral. Mrs. Smith and Mrs. Denham are sisters of Mrs. Hollis. Several other friends of the family also were among those who attended the final rites for the deceased. A brief service was held at the home at 10 o'clock Monday morning by Rev. Harder before the funeral cortege left for Slaton.

Henry Francis Hollis was a native of Adairsville, Georgia, where he was born September 14, 1878. From that state he moved with his parents to Arkansas and later to Texas, residing in Fannin County. He went to Denison in 1907 and was employed in the shops of the M. K. & T. until 1920 when he and his parents moved to Slaton and he was employed with the Santa Fe. At Slaton he met his wife, then Miss Aura Adams, a teacher in the public schools of Slaton. They were married on August 6, 1924.

Although a member of no church he professed faith in Christ at Slaton and planned to become a member of the Baptist Church.

His sudden death is the second in the immediate family of his wife in the month, her brother, Dr. S. H. Adams, having met a tragic end on October 13, when he was shot as he sat in his office at Slaton.

### MRS. M. D. JONES' FATHER DIES AT CROSS PLAINS; FUNERAL HELD SUNDAY

Mrs. M. D. Jones has been at Cross Plains since Friday of last week where she attended the funeral Monday afternoon of her father. Services were held at 3 o'clock Monday. He died at 12:30 o'clock Sunday.

### OTIS BOOTHE OPENS NEW SANDWICH & COFFEE SHOP ON WEST SIDE OF SQUARE

Opening of Otis Boothe's Coffee & Sandwich Shop on the west side of the square at 102 Main Street in the building formerly occupied by the Moore Drug was made Friday of last week.

Mr. Boothe is experienced in the cafe business and is well known in Floyd County. "Our slogan for our shop is 'The Home of Good Coffee,'" Mr. Boothe said.

## Floydada Whirlwinds Clash With Matador Bullfighters Tomorrow; Winner Stays in Conference Race

Host City Prepares for Crowd of  
5,000 Fans to Witness Contest  
On Burleson Field

Matador, Texas, Nov. 1—Friday afternoon, November 4, at 3:30 on Burleson Field in Matador, the Floydada High School Football Whirlwinds will meet the Matador Bullfighters in a decisive conference bout. Both these school elevens have been avowed contenders all the season for District 2 honors, hence this particular game carries with it something more than ordinary results.

Coach Terrell of Floydada has a veteran squad that was runner-up in the district last season, and the fans of that little plains city have the necessary punch, polish, and drive to take the district championship this year. When they drive off the caprock on November 4, for the Bullfight assignment at Matador, they will pack all the power and confidence that can come to a squad through good coaching, and loyal support of their community, and from successful playing during the season. They have won victories over Plainview, Quitaque, Paducah, Ralls, and lost 6-0 to the Amarillo Yarnigans. And if they can blast the Bullfighter obstacle, they have tasteful visions of district honors.

But this Matador Bullfighter crew doggedly stands in the way of the Whirlwinds. The Bullfighters are coached by Harvey Stanford, former Electra High mentor, who has put lots of cunning, power, and confidence in them.

Regardless, this is going to be one of the greatest high school football contests ever staged anywhere in the West, and Matador is preparing to take care of a five thousand crowd that is expected to witness this great high school football event.

### New Baptist Pastor Arrives With Family

Rev. S. R. McClung, who recently accepted the call of the First Baptist Church of Floydada as pastor, arrived with his family last night and they have taken up their residence at the Baptist Parsonage on South Wall Street. Rev. McClung spent a few hours here Sunday, preaching Sunday morning, when he was heard by messengers from some fifteen other churches in the association as well as by members of his own new congregation.

He returned home Sunday night to Lawton, where he preached his farewell sermon to the congregation of the Central Baptist Church, and made the return trip with his family Tuesday.

"We are not straightened out yet in our new home," he told a reporter for The Hesperian over the telephone late Wednesday. "I have not had time to make any plans for Sunday services or to view the situation since arriving."

The new minister has six sons and one daughter. Two of the sons did not accompany the family here, both being in school at Lawton. The eldest of these is Truett, who is a student at Cameron A. & M. College, and the younger Carroll, who is in high school. "Yes, I named them after preachers," the preacher said.

Rev. Mr. McClung fills a vacancy in the pastorate made vacant by the resignation this summer of Rev. P. D. O'Brien, who moved to Colorado City, Texas, to accept the work with the church there.

### S. O. ADAMS RECOVERED

S. O. Adams, of this city, veteran of the Civil War, and pioneer resident of the county, was so far recovered Wednesday from his recent illness that he was able to be out and giving business matters his attention.

Mr. Adams suffered a slight stroke of paralysis ten days ago and was confined to his bed for several days.

### Game Called At 3:30; Many Fans Plan To Go

Marion Heald May Not Start; F. H. S. Eleven Works Hard For Battle.

Two equally determined elevens will face each other on Burleson Field tomorrow at Matador in what is predicted to be the football classic of the north half of District 2 of the Interscholastic League. The Floydada Whirlwinds and the Matador Bullfighters, both undefeated elevens so far as conference games are concerned, will fight it out to determine which of the two teams remains in the race for district honors. Both elevens have won their first conference tilts, Floyd- ada over Paducah and Matador over Lockney.

The game will be called at 3:30 o'clock and a big delegation of Floydada fans are making plans to attend. Tickets to the game are on sale at Arwine Drug and Westers' Bakery. Admission will be 40 cents and 15 cents.

### deCordova Is Back

With the exception of Marion Heald, stellar back, Coach R. P. Terrell will put his full strength of heavy artillery. Heald injured his foot again Monday in scrimmage; it is possible that he will not get in tomorrow's game. Henry and deCordova, who have been out with injuries, will be back to start.

Coach Terrell has been sending his huskies through the stiffest workouts this week they have experienced this year and the entire squad should be in good condition and fine spirits for the battle. He has spent the week working on defense to meet the type of plays used by the Bullfighters.

It is likely that the backfield combination using big Lloyd Murray on the offense as in the Amarillo game last week will appear against the Bullfighters. The line-up at the opening whistle will likely be as follows for the Whirlwinds: Jenkins, left end; Johnston, left tackle; Henry left guard; Ginn, center; Smith right guard; Jackson, right tackle; deCordova, right end; Floyd Murray, quarter; Lloyd Murray right half; Bridges, left half; Heald, Cothorn, or Glover, fullback.

### Strong On Defense

The Matadors have a strong defensive eleven, their goal line having been crossed only one time this season and that was by big "Bo" Graham, of Quitaque. About the only comparison between the two teams that take the field Friday is the fact that Matador lost 7 to 0 last week to Quitaque, the same team that the Whirlwinds defeated 19 to 6. Matador held Electra, a class A team, to a 0-0 tie and defeated Dickens, Crosbyton, and Lockney.

### Burnam Is Star

"Galloping Gazelle" Burnam, left half, is the "big shot" for the Bullfighters. He made six of the twelve touchdowns against Crosbyton. He is fast and shifty. F. Campbell quarter is fast and is a specialist long end runs. DuPriest at end is reported to be the big defensive star and a demon tackler advances indicate.

Coach Harvey Stanford's line to start likely will be as follows: DuPriest, left end; O. Crowell, left tackle; J. Bourland, right guard; R. Patton, center; K. dall, right guard; J. Harris, right tackle; K. Jeffers, right end; Burnam, left half; J. S. But right half; F. Campbell, quarter; Hutto, fullback.

Mr. and Mrs. J. J. Curry, rillo were guests over the past end of her brother, Hugh Ha, and family.

## VOTE INTELLIGENTLY

There are nine proposed constitutional amendments to the constitution of the State of Texas, on which all voters of the state will be called to pass judgment Tuesday, November 8, general election day.

Some of these amendments have all the earmarks of feasibility and desirability, while others should be turned down.

In this connection, when you go to the polls you have a definite duty, that of casting an intelligent ballot for or against each and every one of them. Doubtless you have been one of those who have done a lot of criticizing the past year or more, especially criticizing your officials concerning their duties. Now, a definite governmental duty is up to you. The shoe is on the other foot. Let us see if you do your duty. Adopting or turning down the constitutional amendments, and doing it on the basis of intelligent information, is up to you. Now strut your stuff. Show these officials who have been cursing what a good citizen you are!

## SCATTERING THE CRIME ELEMENT

Over at Lubbock the recent indignation of the public against a criminal element that got so high-handed as to threaten the whole community, has resulted in such thorough co-operation with the officials that the criminal class have felt it unsafe to remain there and have scattered until it all blows over.

Such a condition is noted by the county attorney of Lubbock County, who gives it as his opinion that the criminal and undesirable element have scattered to neighboring cities and towns of the plains area, and gives warning to the newspapers to warn their people to give their officials every co-operation toward ridding the communities of the undesirable immigrants.

## THE EAGLE SCREAMS

Not since the days of Tilden has the eagle been made to scream so loudly—and painfully—as in the present presidential campaign. One reason for this is the fact in practically every other home there is a radio going at night and that at all points of the dial, when the family would be listening, there is a political speech either by the presidential candidates themselves or by some of their cohorts.

The general run of voters are not much interested in what the candidates have to say as in their general attitude toward the job which they covet. Democrats profess to be confident their man will win, but are not so outspoken the republicans always have gotten the "sax" and still believe that their candidate will win. We are not so sure from this obscure vantage point, they are incorrect. Anything that happens in the last few days of the campaign, Hoover, in the face of inept attacks on the mass media, is striking back boldly at his critics claiming credit for many things which he says have had great beneficial results in toning down the clamorous situation. How the thousands who have lost everything they have, or are in prospect of doing so, can take heart at his words, we are at a loss to understand. Albeit, memories are short and the nature of a man is to "stay with his crowd."

And as the eagle screams—in pain, not exultation—the battle draws to a close. The people will have their say shortly.

## VIEWING WITH ALARM

Glancing retrospectively over the past few issues of The Hesperian, we are inclined to the belief that, editorially, we have been doing too much viewing with alarm.

With the situation admittedly bad from every business angle, the problems will be solved by individual effort applied to individual troubles largely. Government "has taken too big a hand in private affairs, we are beginning to find out, but by and large the fault is that of the mass of the people who permitted it to take place, during a buck-passing period of the past twenty years or so. And the people will win back the application of common horse sense in the selection of their public servants, in their insistence on reduction of governmental costs,

and by gradually working off their encumbrances of one kind and another.

The viewers with alarm will do good only as they keep reminding the people of these problems and the necessity for constant vigilance, constant effort.

## A DANGEROUS THING

The siren song of something for nothing has always led to disaster.

Painting a beautiful picture of escape from state taxation for all homesteads valued at \$3,000 or less the proponents of the constitutional amendment that would relieve more than half, possibly three-fourths of the property holders of the state of any state tax, are saying that the taxes will be collected from some other source. High C in the refrain is that the money the home owner has been paying will be collected from the exploiters of the natural resources of the state, the Freepoor Sulphur Company and others, probably meaning oil and a little deeper dig at the corporations.

Texas people will do well not to listen to this song. It is unnatural for property to escape taxation. It has not been so since the beginning of time and in this year of 1932 the solons have not discovered something new under the sun.

If the homestead tax exemption amendment is adopted the people of Texas, either in this or the next generation, will pay through the nose.

## A JOKE ON HENRY

Mr. Henry Ford, maker of good automobiles, knows his carburetors without doubt, but his forays into the world of public forum have been amusing at times and tragic at others. His Peace Ship is an instance of the kind of fantastic turn his mind takes occasionally.

His latest contribution to the funny situations that arise in a national campaign was given recently when he made one of his very infrequent trips to the microphone and broadcasted to the country his advice that Mr. Hoover be supported and returned to office. A short time later, possibly the next day, it developed that Mr. Ford would not himself support the incumbent for the very simple reason that he had not registered within the time required by law. Mr. Ford will not vote on November 8, although he is said to be bringing the pressure down on his employees and co-workers to do so.

Those who advise most cocksurely sometimes fail to make sure of the example they set. Unlike Texans Mr. Ford would not have had to spend a cent to get to vote.

## WHITE HOGS POPULAR

During the past two or three years white hogs have become popular with Floyd County farmers although the whites have been exploited very little as compared with the reds and the Poland Chinas.

Different farmers give different reasons, but most of them think the whites, generally smaller boned and stockier built, make meat more quickly, with less trouble and time, for home consumption, and seem to get ready for market quickly, too.

At any rate you see plenty of white hogs when you travel over the county.

One down and two to go! Get on your bullfighting pants, Oscar, for this next one is gonna be a tough hombre. Better git yer spurs, too. They been punching each other under the cover down at Matador for the past twelve months trying to make each other believe that they really are going to beat the Floydada Whirlwinds tomorrow.

All I can say is that they have got some of the finest folks in the world down in Motley County but everybody makes mistakes once in awhile and the good people down at Matador ain't no exception to the rule. It's going to be a wov of a game and there shore ain't no doubt about that. Every loyal fan of the Green and White should resolve to be on the sidelines Friday for believe you me there's going to be plenty of room for some good lusty yelling for the F. H. S. lads.

The Whirlwinds must remember that tomorrow they face a team that has been pointing for this game for a whole year—ever since Floydada got the bacon here in the battle last year. And you dear fans will recall that Matador showed plenty of power in that early day. Things should prove interesting, indeed, when the curtain rises this time—twelve months later.

F. H. S. won its first conference game from Paducah in a most decisive manner and there are two more games on the card in this section of District 2—Matador and Lockney. The one and only big worry is the tussle with the Bullfighters at Matador, for the Lockney Longhorns have looked mighty weak so far and should give the mighty Whirlwinds little opposition.

But beat Matador first, gang. If you even profess to be the least bit football minded, then by all means go and see that game tomorrow—and boost for your team. They are as fine a group of young men as you will find anywhere on anybody's football and they deserve to win. They've got the stuff to do it and they've got a good coach. Will you come through with your part and be a real sportsman? Your answer to that question will be your presence at Matador tomorrow. Let's go, Whirlwind fans! Get a tamale, Hiram, and let's go throw the ball.

Now for our little weekly glance over the other pastures. In Class B it looks like a cinch for Nocona down in District 5. The Indians defeated Bridgeport 13 to 0 Friday for their fifth straight victory of the season and their goal line has been crossed only one time and that was by Decatur.

In District 4 it looks like Olney again. Chillicothe held last year's champions to a 0-0 tie Friday and that was a moral victory for Chili but it goes down as a half game won and a half game lost for both elevens. The outcome, however, leaves Olney on the inside track for its fifth straight district championship as Chillicothe has yet to

face two of the strongest clubs in the district, Crowell and Burk Burnett, both of which have been conquered by Coach Albert Acker's Olney Cubs.

McLean and Shamrock are bowling them over in District 1 and I predict that Shamrock is going to be the winner up in that neck of the woods. Hereford will have plenty to say about who represents the district, however.

Slaton lost recently to Snyder but the latter is not in District 2. Last week Slaton downed Tahoka 37 to 0 and Brownfield beat Lamesa 7 to 4. I predict it will be Slaton again in the south half of our district. If the Whirlwinds can keep up their winning pace it may be another traditional battle against the Tigers on Thanksgiving Day.

I made a very important discovery this week in connection with our new weather barometer. You know I told you about the new additions to our herd at the ranch, including one cat and the army of fleas. Doggone it that cat ain't cross-eyed! Now what's that the sign of? I have been watching the fleas mighty close so I could tell you about the weather as indicated by the manner in which the fleas hopped.

They are just as peppy as they can be and have been hopping to the south this week. This is an unfailing sign of a cold wave coming, so get everything all set, folks.

Mrs. Maud Hollums brought me in a clipping the other day written by "a columnist that is a columnist" as Mrs. Hollums described her. That kinda hurt my tender feelings just saying it in that way but on second thought I remembered that I ain't no columnist so that didn't cast no reflections on me after all. But back to the clipping. It was about flowers and how much they mean at times and no question but it was a wonderful piece.

I'll just give you a few paragraphs to give you an idea. It was written by Mildred Seydell, columnist for the Atlanta-Georgian back in Atlanta.

"Once I was as rampant about spending money for funeral flowers as you are. That was before I had lost someone very dear to me, someone I loved with all my heart. Since then I know that the very best way in the world to spend money is on flowers to be sent to funerals!"

"Flowers died each year and were born again. Flowers were made by God, and so was man. Flowers had no death—only a sleeping in the ground. Flowers seemed to say this to me, and saying it they comforted. They held out to me that pledge of immortality. They gave me a reason for carrying on."

Beautiful thoughts aren't they. Rev. I. A. Smith said in his sermon last Sunday that there never was a time in history when we needed more to encourage each other. And he's right. A friendly little word, a smile, a pat on the back these days may do more good than you will ever realize. Everyone has his troubles—remember that.

## Contemporary Thought

### FAVORS THE SALES TAX

Texas Opinion: It is significant that most opposition to the sales tax arises in quarters where it has not been tried. In Mississippi, there was conducted a serious experiment in the taxation of sales. And the experiment there, if one may credit even a small part of what he hears and sees, is concluded most happily. There is every indication that the sales tax has come to stay in Mississippi, even that it may replace

other and more venerable methods of creating revenues for the conduct of government.

There was much organized opposition to the proposal that Mississippi preserve its credit and solvency by means of a tax levied generally against retail and other sales. Merchants organized "anti-sales tax associations" and financed an anti-sales tax lobby. Every obstacle that the ingenuity of man could conceive was placed in the path of the sales tax movement. But a desperate crisis confronted the state, and despite opposition that in normal times would have repeatedly defeated the proposal, the measure was passed.

The Mississippi sales tax has now been operative a little more than four months. Bond maturities and interest payments have been met, repudiation and default avoided. No banks were closed, although economists had foreseen a general collapse of the state's banking system had one bond been repudiated or one interest payment defaulted. Penitentiary and asylum and school are still doing business at the old stand, although their existence, too, had been threatened.

Proceeds of the sales tax, rolling in each month, have maintained the state treasury in healthy condition. The answer to a revenue problem that was perhaps without parallel in the modern financial history of American commonwealths.

But was business wrecked and demoralized, as opponents of the tax had predicted. Most emphatically not. To the contrary, merchants who fought the measure most strongly are now its staunchest friends. Mississippi people have discovered it is possible to support their government without pinching and depriving themselves. They enjoy the privilege of "paying as they go" in government.

Today, in place of organized opposition to the sales tax, there is an insistent demand that the rate be increased from two to five per cent, and that forms of taxation less easily paid be relegated to the scrap heap. Mississippi people have discarded their doubts; they like the sales tax. And that is a fact which should not be overlooked by other states which wage war against a stubborn revenue problem.

### WHEAT AND COTTON FUTURES

Plainview Herald: Many wheat farmers heard with interest the news that Secretary of Agriculture Hyde has decided to lift the rule on reporting certain character of sales on the exchanges.

This will lift certain requirements for the reporting of long and short position of large individual exchange trading account, which will no longer be required by the Grain Futures Administration.

Reports of trades of individual purchases of 500,000 bushels have resulted in the narrowing of the market and the lowering of prices of grain, is the contention of many in the grain trade, who appear well informed on the topic.

The order becomes effective today. It should give a wider range in the grain market.

There is a mistaken idea that buying and selling future grain is wrong morally. The term gambling has been applied to bucket-shop operators so long that many of the people have the idea that there is moral wrong in buying and selling grain futures. This method of marketing offers opportunity for petty gambling in the buying and selling of futures, it offers possibilities of market manipulation to a degree, but indeed not to the extent that it is commonly imagined. The term imagined is used advisedly, because a lot of this criticism is based upon imagination and not upon an understanding of the practices of the trade.

On the contrary there is an established market for wheat and cotton every day of the year, because there is available to the buyers facilities to in turn sell what they have bought.

A buyer of cotton is able to pay promptly with a check, because he can sell the cotton he has bought and get the proceeds of it immediately, by selling it on the futures market. He does not have to speculate or to guess on what he will get for the cotton when that individual bale moves. He knows what he will get and buys accordingly.

The mills buy wheat on contract for future delivery as well as sell it on the same basis. They are thereby enabled to fix their investment at any time they so desire.

Hedging is legitimate. It tends to stabilize the market in any commodity. The trade in futures maintains demand and makes an actual, instead of a merely nominal market.

Our exchanges have their faults. The system is not perfect, but we must know that the Chicago Board of Trade on which much of our wheat is bought and sold is the outgrowth of seventy years of experience in handling the commodities in which it deals.

### THE HOMESTEAD AMENDMENT

Randall County News: To be very frank about it, the News is now opposed to the constitutional amendment exempting homesteads to the value of \$3,000. When this amendment was proposed, it looked all right. There was no particular reason why the state could not exempt homesteads, as it had the power to tax other things in order to make up the five or ten millions of dollars which will be taken off the tax rolls. The state will be able to get all the money it needs. It may impose a sales tax, or luxury tax, which might amount to more than the exemption that the homestead owner received.

But now comes another angle, which makes this amendment very objectionable and should cause its defeat. Able lawyers now say that the exemption will apply not only to the state, but also to the local school districts, the counties and cities. If their deduction is true, it would virtually close the Canyon schools, as the district would have no means through which funds could be raised. The school children of Canyon are the greatest assets of this community. To give the boys and girls an education is the only worthwhile thing that the men and women of this generation are able to do for them. To wreck the school districts of Texas with an idea of saving a little tax money would be the height of folly on the part of the voters.

The same would be true of the city of Canyon and the county of Randall. To take away the taxing powers of these local governments would be the worst thing which could possibly happen.

We hope the lawyers are wrong as this amendment is likely to carry. But it is folly to support the amendment without the understanding of the danger confronting the local institutions. So far as the state is concerned, there is no danger. But if the exemption is extended, as these lawyers claim, to the local governments, then only chaos will result, and no man can estimate the damage that will result from the amendment.

The News thought at first that the amendment was good, and advocated it. As the case now stands, it should be defeated, and badly defeated by those interested in the local schools, the city government and the county government.

### GOOD SPORTSMAN DEFINED

Memphis Democrat: The thing that distinguishes a genuine sportsman from a "bum sport" is that those who have the spirit of sportsmanship not only know how to win gracefully, but how to lose uncomplainingly. The difference between a genuine sportsman and the other kind is that your real sportsman never tries to shift the responsibility for his failure upon somebody else.

We have long believed that the sporting attitude toward life is the soundest of all philosophies of living. Try your best to win, but if you lose don't be too quick to blame somebody else for your failure. Nine times out of ten, people get whatever rewards their individual ability, character and industry entitle them to. But it is our observation, also, that about nine times out of ten the man who falls is ready to lay the blame upon the Government, or the capitalists, or the boss, or anybody else but himself.

True sportsmanship does not imply taking defeat lying down. The true sportsman never knows when he is licked. He never accepts defeat as final, but continues to strive to the end of the game. He observes the rules of the game rigidly. If he doesn't like them, he may try to have them changed, but so long as the rules are as they are, he follows them.

We hear a great deal of whining in these days of depression, but every little while we run across a real sportsman, who hasn't let circumstances lick him, but is starting out afresh to try to win the game of life. To every such man we take off our hat.

Wellington Leader: Death came peacefully in sleep some time ago to William C. Patterson, "the world's oldest hangman and first electrocutioner," at his home in Hornell, N. W., at the age of 84.

Mr. Patterson was hangman at Auburn prison, New York, for years before the electric chair was substituted for the rope, and during his time as executioner had put 54 convicted criminals to death. These included Kimmuler, the wife slayer, the first man to meet

## Yannigans Get 6-0 Decision Over Whirlwinds; Teams Play Even Terms In Close Fray

Eleven Shows Improve—  
Since Paducah Game;  
by One Penalty Made.

Floydada's 1933 model Goldenrod in the form of a smooth-Yannigan machine rolled Floydada High School's side to score a touchdown in the second quarter that was registered a 6-0 victory day afternoon. It was the first of the season for Coach Terrell's cyclone and the first of the new Whirlwind Athlete was completed two years ago. The Green and White has the salty dregs of defeat on its face.

Coach have the F. H. S. wanted to hoist the flag of victory a conference enemy on a new field, so taking a goose from a non-conference foe so bad after all.

**Fumbles Mar Play**  
The Yannigans can tell the back home that they had to all and plenty of it to win.

It was a beautiful game, only by fumbles by Whirlwinds, and even at that it was an exhibition of football by two eleven. The Yannigans play the type of ball as the Goldenrod, Amarillo High School's ring, and the team is composed of practically all sophomores fill compose in the main the high school eleven. Both teams in the best of condition and taching was evident at every of the game. A most unusual that speaks volumes was that not a single penalty for holding, roughing, and any wide category of "don'ts" was on either team during the battle. Floydada drew one for five yards for two passes complete in succession and that the marking over in that event.

at Paducah the week previous Green and White lads drew penalties to win an ordinary game so far as yardage was concerned and Friday's game here evidence of net results of some work by Coach Terrell and his staff in weeding out some defects were mighty glaring at Paducah.

**Hull Uses 14 Men**  
Each T. G. Hull rolled down

from the north plains in a big bulging out at the sides with his army of 32 men Friday but he actually used only 14 of them to get those precious six points to comprise the "bacon" to take back to his home camp.

In one big gun, designated so far as the fans were concerned by a No. 47 adorning the back of his jersey, the Yannigans had enough artillery to get a decision but it was far from a route of the enemy and they had to resort to plenty of maneuvering and do some plain fighting to win. No. 47 was one Boynton, and he it was who was heralded as a triple threat man. He had to loosen up with all three of his threats Friday to balance off some of the consistent and at times spectacular work of a great Whirlwind team.

Boynton, 170-pound fullback, scored the winning touchdown, he did the punting, he kicked off, he did practically all the ground gaining, he threw most of the passes and he got a number of tackles but it was as far from a one-man show as ever will be staged.

Praises must be sung of 22 men, for both elevens gave an exhibition of as pretty a tussle as local fans will have the opportunity of seeing very likely in many moons. Good blocking, perfect interference, and "heads-up" plays just about summarizes the affair.

**Quarters Seem Short**  
To start the game Captain Lane won the toss and elected to defend the south goal with the southwest wind to his back. Line Captain Jackson elected to receive for F. H. S.

It was a hard, clean game between two gridiron machines, perfectly oiled, that ran with business-like precision and furnished a good crowd of fans with some first-class entertainment. So pretty did things "click" and so evident was the ever-threatening scoring punch and so tight was the defense of both teams that spectators howled loud and plenty at the speed in which the fleeting 12-minute quarters made their exit into history. The folks were intense on the play and were so thoroughly enjoying things that when each quarter ended they would "come back to earth," so to speak, and wonder "why the time-keepers didn't shut off their watches for this and that and have more time

for the combat."

Two powerful forward walls came together with a "bang" Friday and did all manner of things to each other. The Whirlwinds marched in through and around the Yannigan line and then the sentence might be turned around for justice to the invaders.

Spectacular broken field runs by Marion Heald, a ripping, dodging, return of two punts by Captain Floyd Murray, some ball toting by big Floyd Murray, some first class tackling by Jenkins and Bridges were the high lights of the Green and White hue.

**F. H. S. Deserved Win**  
The Whirlwinds deserved to win Friday over the Black and Gold aggregation but three heart-breaking fumbles stopped as many drives started by the F. H. S. crew. Taking in consideration every department, the Whirlwinds looked superior but with the breaks going against them they would only gather momentum to be checked at a crucial moment. The Green and White did not run any risks of injuries with over-zealous playing, holding in reserve their dynamite, no doubt, for Matador and other conference melees, but Coach Terrell's huskies did play a sweet game of ball.

Henry got back in the line again in Friday's game after being out with a leg injury since the Quitaque tussle. He worked hard at his post. Jackson and Johnston gave good accounts of themselves against some real competition.

Big Murray's experimental activities in the backfield were fairly successful but what a whale of a difference he made when he was shifted back into his old position in the line.

Glover showed improvement on his blocking in the backfield and likely will see service during a good part of the Matador game next week. Little Cothorn snatched a pass for a six yard gain near the close of the game and proved that he can do things under fire besides carry the pigskin.

**L. Murray Gets Pass**  
Big Murray connected with a heave from Heald that was good for 9 yards and it's beginning to appear that anybody on Coach Terrell's team is a prospect for a pass combination.

Passes and line plays composed the assortment of plays used by the two elevens. One lateral pass play, Murray to Heald to Bridges worked for a first down and outside of that number it was straight football that the fans got to see. Floydada could not get her attack to "clicking" but to give an idea how that line was working Floydada lost not a thing from scrimmage and the Yannigans were thrown for a loss of 28 yards.

Dees, Boynton and Beale were outstanding in the backfield performances for Amarillo with the latter two gaining most of the yardage. Boynton executed long bullet passes but his receivers were butterfingers and only one out of eight attempts was good and that one for 35 yards.

"If" Floydada had not fumbled Floydada would have won and "if" Amarillo had had some pass receivers the score would have been worse, perhaps, so there you are.

Heald, as usual, was always good for a gain every time he carried the ball and his side-stepping, shifting runs kept the Floydada fans quite happy.

Just glance at the summary if you would like to see just how evenly matched the teams were Friday.

GAME	First Downs	Yds. Gain Scrim.	Yds. Lost Scrim.	Passes Complete	Passes Intercepted	Yds. From Passes	Fumbles Avg.	Penalties	Fumbles Made
Yans	7	146	28	1	7	0	35	36	0
F. H. S.	6	143	0	2	6	0	15	37	5

Little Murray and Boynton staged a battle royal on their punts, both booting the oval nine times each. All the way it was a nip and tuck affair.

**Break Costs Score**  
It was a tough break that gave the Yannigans the ball in the Floydada territory near the close of the first quarter. Boynton got off a perfect 60-yard punt to F. Murray at safety who took it standing on his own goal line and started to Ralls. His teammates took out Yannigans in every direction and he slashed his way for 33 yards and almost got loose. He was tackled hard enough to be knocked out had been an ordinary package of iron but that little power house is made up of steel sinews and the least he did was lose the ball. Ledbetter, Yannigan left tackle, recovered on the Whirlwinds' 35-yard stripe. Then Boynton skirted right around behind an interference of 25 Yannigans (that's the way it looked from the sidelines) and took it to the four-yard line where Bridges called a halt and saved the day temporarily.

The quarter ended and the teams reversed directions at the opposite end of the field. Dees failed at the line on the next play. Boynton picked up two precious yards at left tackle and then on the third play ploughed the center of the line for the touchdown. Boynton's attempt to kick for extra point from placement went wild.

The Yannigans had the ball on Floydada's 28-yard line as the half ended. The third quarter was a punting duel and came to an end with Amarillo in possession on Floydada's 40-yard line.

In the fourth frame the Whirlwinds made a steady march into Yannigan territory and in the last few minutes of play made 25 yards but the ball rested near the 50-yard stripe when the fray ended.

Starting line-ups were as follows:  
Floydada: Amarillo  
Jenkins .....LE..... Taylor  
Hoffman .....LT..... Ledbetter

## Varied Phases of H. D. Work Illustrated in County Tour

Modern Rural Home at Lone Star  
Is Visited; Club Women Tell  
Of Profits.

How Floyd County has capitalized on the program of "a life and a living in the home" sponsored by the Extension Service of A. & M. College in the home demonstration clubs directed by Miss Martha Faulkner, county home demonstration agent, was visualized Thursday of last week by business men and interested individuals in an Achievement Tour that covered about 75 miles of the county.

**Work Is Varied**  
High points of achievement brought out for the trippers the varied nature of the home demonstration work including, beautification of the rural home, wardrobe work, poultry work, balanced menu foods, canning and curing of vegetables.

The first stop was made at the home of Mrs. H. H. Meador in the Lone Star community. She told the visitors the story of her wardrobe work, illustrating the "before and after" improvement idea.

At the second stop made at the home of Albert King in the same community the trippers saw one of the high spots of the tour—one of the most modern rural homes in West Texas. To describe the home one almost has to imagine all the wonderful improvements that it would take to make an ideal place of residence. The spacious residence has three bedrooms, a large living room, a dining room, sun room, kitchen, hallway and bath. It is lighted by electric lights, heated with hot air and has a gas plant making possible installation of gas cooking equipment.

Large closets have been placed in each room, the bath has a tile floor, pedestal commode, base tub, and linen closets.

In the kitchen a hotel size electric refrigerator has been built in, and there is running water for the dish washing activities.

**See Model Pantry**  
All the barns and chicken houses are electrically lighted and automatic milkers are used in the modern dairy barn.

Featured at the King home was the storage cellar with shelves around the walls built to accommodate the jars and cans according to size. Down the center of the cellar shelves had also been constructed on the order of a grocery store. It would take a quarter of a column to describe the many good things to eat that bore evidence of the Mrs. King's activities.

There was no wasted space and as one of the women on the tour described it, "The cellar was really her idea of a perfect arrangement."

After leaving the King home, the caravan went to the home of Mrs. Olin Fry where the featured point of interest was her landscaped yard. Photographs showed the home and yard before landscaping. Her lawn was beautiful and the most impressive accomplishment was the foundation planting of evergreens that had been used instead of flowers. The evergreens had not been damaged by recent frosts. Mrs. Fry presented each guest with a pretty bouquet of yellow chrysanthemums.

**Cleaves \$1,572 Profit**  
How she has made her canning program at home into a real business enterprise was explained by Mrs. W. E. Miller of Sand Hill where the next visit was made by the caravan. Since 1926 she has sold 8,660 cans making a net profit of \$1,572, she told the visitors. This year with Mr. Miller and members of the family they filled a contract with A. & M. College for 3,000 cans of black-eye peas with pork.

Lunch served at the Sand Hill school house by the home demonstration club women was next in order. They served fried chicken, fresh and canned vegetables, pickles, relishes, hot coffee and pumpkin pie. They realized \$4.25 from the proceeds to go to their club.

With cleverly arranged posters Mrs. J. V. Greer poultry demonstrator of the Sand Hill Home Demonstration Club, at the first stop after lunch told how she had mixed her own feeds according to a formula given her by Miss Faulkner and had made the remarkable profit of \$1.17 per hen from her flock above feed costs during the past 10 months. She gave each individual slips of paper carrying the formula for her successful feeding her flock of 114 White Leghorns. It was as follows: 100 lbs. corn or milo meal; 100 lbs. ground oats in water for heat; 200 pounds finely ground wheat; 100 lbs. meat scraps; 3 lbs. salt; green feed year around; hens kept up until noon and fed mash; fed grain in afternoon; plenty of water, warmed in winter.

How to arrange a small kitchen pantry with a week's supply of canned food was illustrated by Mrs. Mather Carr of Harmony at the next place of review. In addition she displayed on a table a variety of fresh vegetables, unusually complete for this season of the year, including tomatoes, mustard, okra, sweet potatoes, beets, cabbage, fresh onions, turnips, carrots, green peppers, dried beans, peanuts, pop corn, fresh strawberries, fresh Irish potatoes, dried apples, polk berries for pies.

**Has \$400 Pantry**  
After a visit to Mrs. Carr's kitchen the visitors were taken to her cellar to see her quantity of canned products in storage. She has products valued at over \$400 in her attractive 4-H pantry. She is president of the Harmony-Allmon club and is food supply demonstrator for her club. She has 138 feet of shelving in her cellar containing 800 quarts of canned products in addition to dried and cured vegetables and cured meats.

She served as favors to the visitors sacks of fresh pop corn grown in her garden and popped at home. A visit with Mrs. L. C. Wheeler, of Blanco concluded the tour. A yard inspection was made and explanation given of her methods of foundation planting. A lily pond added to the attractiveness of the yard.

**Holmes Makes Pictures**  
Pictures of the group of trippers was made by Roy Holmes of Floydada as were snap shots of scenes at all the places visited. The return to Floydada was made at 4:30 o'clock Thursday afternoon.

"We had a delightful trip," Miss Faulkner said. Everyone seemed to enjoy it and expressed marked interest in what had been accomplished. I regret that more did not get to go and see the actual achievements that they have heard about. The roads were good and everything worked out nicely," she stated.

Those making the tour were as follows: C. J. Taylor, Mrs. Bill Dixon, Mrs. Joe McCollum, Clyde Applewhite, Lee Ayres, Artie Baker, and Frank Perkins, all of Lockney; Mr. and Mrs. C. M. Martin and son Jack Porter, C. E. Watson, Jr., Mrs. J. B. Jenkins, Roy Holmes, Miss Adelaide Scott, R. T. Westerfield, and Miss Faulkner, all of Floydada; Mrs. W. E. Miller, Mrs. A. S. Cummings, Mrs. Carl W. Smith, and Mrs. W. M. Jeter, all of Sand Hill. The Sand Hill women joined the caravan at the lunch hour and completed the afternoon tour. Mrs. M. D. Ramsey and Miss Blanche Ramsey met the trippers at the home of Mrs. Carr.

Miss Georgie Lee Assiter visited with her parents, Mr. and Mrs. G. T. Assiter Thursday night of last week. She is bookkeeper at her father's gin at Estacado this year.

Mrs. C. M. Thacker and little daughter Mary Lee and Misses Inez Switzer, Cap Hardgroves, Peggy McKinney and Louise Hyatt visited in Lubbock last Thursday with Dr. Thacker's sister Mrs. Jim Goodwin.

Miss Minnie Lee Carathers daughter of Mr. and Mrs. J. L. Carathers, is attending Buckner High School in Dallas, having taken up studies there the earlier part of October.

## Fifteen Churches In Assn. Represented At Meeting Here Sunday

Attendance at the Fifth Sunday workers meeting of the Floyd County Baptist Association, held with the Floydada Church last Sunday, was representative of practically every church in the bounds of the association, fifteen being represented with messengers. The churches with representatives here were Rails, Crosbyton, Mt. Blanco, Lakeview, Campbell, Center, South Plains, McCoy, Lockney, Silvertown, Quitaque, Flomot, Whiteflat, Matarador and Come.

Only one change was made in the program for the day, which opened at 10 o'clock in the forenoon and continued until a late hour in the afternoon. By this change the assembly had the unusual opportunity of hearing Dr. Wallace Bassett, of Cliff Temple Church at Dallas. He took the place of Dr. R. C. Campbell, of Lubbock. The latter, however, was present, accompanying the Dallas divine to Floydada.

The every member canvass was the theme for the meeting. Rev. F. C. Dick, associational campaign director, presided. The campaign which is largely a budgetary measure for 1933, is scheduled to be completed in its entirety by the date of the state convention on November 14.

## BAPTIST CHURCH PROGRAM

Sunday School at 9:45 Sunday morning. Let's all be on time and work for a greater school and put our school on the map in a great way.

Since our pastor is on the field and will have charge of all the services from now on we are looking forward to a great growth in our membership and church work generally. Let us all co-operate to that end.

## District Court Cannot Complete Docket For Term, Prospect Now

### Civil Cases Have Right-of-Way Monday; Paving Trials Up, Fires Presiding.

Prospects at present are that District Court for Floyd County will not be able for lack of time to try all the cases in which litigants want trial, it was indicated this week by court attaches, who said that settings for cases for the remainder of this week and all of next would keep the court busy every minute.

District Attorney A. J. Folley has several cases, including some pleas of guilty which will be worked in to the term's procedure in some manner if possible, he said, although civil cases have the right-of-way beginning Monday. He indicated the possibility of one or two night sessions being necessary for this purpose.

Judge Kenneth Bain is away this week and in his stead Judge A. J. Fires of the Childress District, is presiding in cases in which the 110th Judge is disqualified. Judge Bain is holding court at Clarendon.

**Trying Paving Cases**  
The trial of paving cases has been under way this week. The first of these taken up was that of W. M. Massie. A compromise agreement is said to have been reached before the testimony before the jury was completed Tuesday, although no judgment in the case has been entered.

The jury for the week was dismissed Tuesday, and other cases that have come up are being tried before Judge Fires.

The grand jury will resume their work Monday morning, and a new petit jury panel of thirty-six has been summoned. Names on this panel, to appear Monday are Clayton Cox, R. Ashworth, Will Beedy, E. C. Banks, Raymond Blount, S. E. Stiles, W. G. Collins, Frank Whitfill, H. D. Bloodworth, J. N. Nelson, E. T. Pratt, J. B. Houston, Earl Rainer, William Wood, R. H. Ashton, J. J. Smalley, J. W. Hardgrove, David Battey, R. I. Bennett, Wm. Snell, C. H. Schacht, Clem Barrett, J. E. Race, F. F. Ewing, W. M. Dotsey, E. C. Mosley, Earnest Fowler, C. S. Colston, J. C. Thorn, Carl Ferguson, W. M. Finkner, Leonard Merrill, G. Scott King.

### Would Prove Alibi

Two criminal trials that are to come up for attention sometime during the remainder of the court term are those of Jodie Edwards and Clarence Stinson, who, officers state, expect to plead guilty to two charges each in connection with the Quitaque burglaries and subsequent developments in August and the earlier part of September. The indictments returned in this county charge receiving and concealing stolen property, which they are alleged to have had at a rendezvous near the Geo. Tibbetts place in the northeast part of this county, and assault to murder. The latter charge grows out of a gun fight with Sheriff N. R. Honea of Silvertown, and a deputized citizen, Ernest Tunnel, of Quitaque, on September 3.

Claud Davis, who also is charged by indictment with the same offenses, will set up an alibi. He was in Arkansas at the time the crimes are alleged to have been committed, he maintains. Witnesses will be brought here to prove this point, officers are informed.

### Mrs. Kane Appeals

Formal notice of appeal from the jury's verdict in the case of Mrs. Ruth Kane, charged with the murder of J. A. Cunningham in Motley County on April 23, was given by her attorneys last week-end, following the judge's over-ruling of a motion for new trial. The jury in the case returned a verdict of five years penitentiary sentence for murder with malice.

George Cunningham, at present in the Floyd County jail, has accepted a verdict of one year in jail as a sentence imposed by a jury in the second week of court on a criminal assault charge from Dickens County.

Friday a divorce decree was given Beatrice Duncan against J. L. Duncan and a personal property settlement agreed upon was given the assent of the court. Mrs. Duncan is given the care and custody of six minor children, the defendant having the full right under the decree to visit them at all reasonable times.

This morning the suit of the paving company's receivers against J. G. and C. M. Martin is being heard. Yesterday the receiver was given a verdict for substantially the amount asked against the heirs of C. J. Staples. Two sons one living in Virginia and one in Alabama, represented by Judge H. D. Payne, presented the case for the defense. It was tried without a jury.

There are more than thirty of the paving suits originally filed by the North Texas Trust Company, which has since gone into the hands of a receiver. The receiver is represented by Pat Howe, a Dallas attorney.

### OCTOBER COLLECTIONS FOR STATE, COUNTY \$4,614.28

Total collections for the month of October on Floyd County property for all taxes was \$4,614.28, according to a report made this week for the month at the office of Collector C. M. Meredith.

Of this amount current taxes collected were \$3,345.94, delinquent \$1,170.52, insolvents \$44.81, occupation \$2.26, and polls \$50.75. The greater per centage of the payments made on the current roll were for the entire amounts due the state and county as shown by the rolls. Some of the taxpayers took advantage of the opportunity, however, to pay on the "split" basis. The first half of the split tax payments may be paid up to November 30.

## A Farmer's Life

"As He Lives It"

BY ED HOLMES

(Station C. E. H. Farm)

I am convinced more than ever that there are spooks. They may be flesh and blood, anyway they certainly have strength. Of course Alma and I were at Sand Hill on Hallow'en and old Do Do was either afraid of the spooks or helped them, I don't know which. They rolled my feed wagon about one half mile down the public road, set a pig crate on top of the car shed, turned a 1600 pound broad tire wagon bottom side up, turned the two-wheel trailer over and what have you. Through mistake they left the yard gate open and 4 head of horses and 28 cows romped over the yard and garden. This was pretty hard on the young fruit trees, but maybe next Hallow'en they will be back to normal.

When I got ready to leave Sand Hill I had what gasoline the carburetor would hold and air in two cegins. They slap forgot to drain the radiator!

The carnival at Sand Hill netted exactly \$11.00 and several bruised faces. The boys were certainly good sports. Out of about 15 boxing matches that went three one minute rounds, none of the boys let their tempers get completely away with them. Their temper would rise as they got a good smash in the nose the Iron Rule. Many of them wanted to make it a weekly affair. We appreciate the visitors and the way they acted. Come back again boys.

In the name of humanity farmers, what are you buying these cotton pickers for? Don't you know you are cutting your own throats? I believe at least 50% of the money that the working class of people get from pulling bolls, they turn around and spend for clothes, made from your cotton. That machine you bought or will buy will not consume a bit of your cotton. Neither can the people you throw out of a job buy it, for what can they use for money? Why can you get your cotton pulled for from 25c to 35c per hundred, you are slapping yourself square in the face when you turn off your friends and get the machine in your field. What can you gain in the end?

In the face of so much unemployment and an under-consumption of cotton materials, it seems to me this is terrible. Think of it!

You can think of plenty excuses to offer in your defense but think of the poor people that want to work for you and in return furnish a market for some of your cotton. I don't want to start a racket between the better class of farmers and the other of our country people. Now is the time we must help each other. Think! think, before you ruin some one's chance for some warm clothes this winter, then in return force cotton to a lower market and ruin yourself. The machinery companies will have no sympathy for you. They will even take the machine away from you in the end.

You should not call yourself a farmer until you have mastered a one-row binder. However you will have a better chance at the Pearly Gates if you let them completely alone. The crazy things cuts off

about two extra inches of twine every time they are supposed to tie a bundle. This little piece is wasted but what makes you mad is when it fails to tie the bundle with what is left! Of course you won't do it but some times you will get so mad you will want to take its own knife and cut its bird off when the steel jawed rascal refuses to turn the twine loose when the bundle is ready to be kicked out. If you would see sights, slip up on a farmer when he is trying to run a row-binder. "Nature in the raw is seldom mild!"

## Fairview News

Fairview, November 1—The Campbell League presented a very interesting program at the Fairview Methodist Church last Sunday evening. Everyone enjoyed it.

The Fairview League was entertained with a Hallow'en party at the church Monday evening. All reported a very enjoyable time. The basement of the church was cleverly decorated and pumpkin pie and coffee was served.

The Club of Center canned a beef Wednesday of this week at the home of Mrs. Jordan. Several of the Fairview women attended. The beef was furnished by Mrs. S. L. Rushing for the demonstration.

## TURKEY MARKET

We expected the market to open on November 1st but it will be Nov. 4th.

We hope it to be with a fair price. Want to say we have made a deal for my turkeys to be dressed here at home in Floydada. This will give local people additional work, save transportation by so doing. It will go a long ways in helping the price.

We must do everything we can to help hold up the price.

Our Phone Number is 146 and want you to feel free at all times to call us in regards to the market.

If it costs you to call us we want you to call us collect and we will be glad to pay the call.

Thanking you for past business.

corn in the earth upon the top of the mountains; the fruit thereof shall shake like Lebanon; and they of the city shall flourish like grass of the earth.

17 His name shall endure for ever: his name shall be continued as long as the sun; and men shall be blessed in him: all nations shall call him blessed.

13 But now in Christ Jesus ye who sometimes were far off are made nigh by the blood of Christ.

14 For he is our peace, who hath made both one, and hath broken down the middle wall of partition between us;

15 Having abolished in his flesh the enmity, even the law of commandments contained in ordinances; for to make in himself of twain one new man, so making peace;

16 And that he might reconcile both unto God in one body by the cross, having slain the enmity thereby:

17 And came and preached peace to you which were afar off, and to them that were nigh.

18 For through him we both have access by one Spirit unto the Father.

19 Now therefore ye are no more strangers and foreigners, but fellow citizens with the saints, and of the household of God.

Time and Place.—David was born at Bethlehem about B. C. 1092. Paul wrote his letter to the Ephesians during his first Roman imprisonment. A. D. 62.

The Lesson Comment

"They have healed also the hurt of the daughter of my people slightly saying, Peace, peace, when there is no peace." Jer. 6:14. "Because, even because they have seduced my people, saying, Peace; and there was

no peace; and one built up a wall, and lo, others, daubed it with untempered mortar." Ezek. 13:10.

The passages of Scripture which have been quoted, were written years and years before the birth of Jesus, the Prince of Peace, and yet, so applicable are they to present conditions, they might have been spoken but yesterday. Our late war ended with—no peace, but only armistice. Our hurt is only slightly healed, and while we talk peace, write peace and imagine peace, war goes on. We sign papers and hold meetings; we broadcast and iron out wrinkles; one nation builds a wall and another daubs it "with untempered mortar," and it crumbles away. We try to estimate the vast sums of money spent in wars; we count the priceless lives sacrificed to the god of war, and the blood poured out on his altar. We are horrified, and well we may be, at such slaughter. And then we begin anew, to build the wall of peace and daub it with mortar.

The cause of war is usually, selfishness and greed. This is true in disputes and warnings in the home, in the town, in our country and in the unrest, disquietude and war between nations. Nations love self, covet power and money and are more than willing to fight to get it. But the Bible tells us that God has made all nations of one blood. It also tells us that Jesus died for all men—the entire world.

In the 72nd Psalm, we note how wonderful, how peaceful it shall be when Jesus shall reign completely. Kings shall be willing subjects of his, and the poor and needy shall be cared for very tenderly. There shall be no distinction between the rich and the poor, but every one

shall serve the Lord and all nations shall bow before him. His name shall endure forever; men shall be blessed in him: all nations shall call him blessed.

## How Old?

He doesn't look a day over fifty. And feels like forty. At the age of 62.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headachy, half-alive—don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup pepsin.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative.

Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a sound stomach, active liver and strong bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every way.

# 24 Attend First Community Meat Canning Demonstration

All-Day Event Conducted at Center; Next Will Be Held at South Plains.

For the first of a series of five county meat canning demonstrations conducted in Center community Wednesday by Miss Martha Faulkner, county home demonstration agent, 24 people were present for the all-day event. S. W. Ross, secretary of the Floydada Chamber of Commerce, directed the cutting of the meat.

The demonstration was held at the home of Mr. and Mrs. W. B. Jordan.

The next demonstration will be held Friday, November 4, at South Plains. Mrs. S. M. Lester, of Liberty, will furnish the beef and the canning will be conducted in the hotel building, unless plans are changed.

A change was announced this week by Miss Faulkner in the date for the fifth demonstration at McCoy originally planned for November 8. It was changed to Wednesday, November 16, because of a conflict with the first date with the national election. The canning will be held at the home of Mrs. C. C. Green and the beef will be furnished by Mrs. J. B. Holland.

Mrs. A. H. Kreis, of Campbell club, will furnish the beef for the Dougherty demonstration to be held at her home November 10.

The fourth demonstration will be held in the city of Lockney November 12 and the beef will be furnished by Mrs. Joe McCollum.

Those present for the Center demonstration yesterday were as follows: Mrs. J. L. Montgomery, Mrs. W. H. Finley, Mrs. V. H. Boteler, Mrs. E. J. Hoffman, Miss Thelma Kinnard, V. H. Boteler, Mr. and Mrs. W. B. Jordan, Mrs. Turner, Mrs. A. L. Spence, Mrs. A. J. Harper, Mrs. O. S. Miller, Mrs. C. B. Lyles, Mrs. A. W. Anderson, Mrs. J. E. Green, Ruth Jordan, Mrs. R. B. "We certainly did appreciate the fine accommodations and the loyalty of the club women," Miss Faulkner said. "Especially do we want to thank Mrs. Rushing for her co-operation."

Everyone interested is invited to attend the demonstrations.

## Boerner Funeral

(Continued from page 1) Two sisters also survive the deceased. They are Mrs. Edd O'Leary, of Ennis, Texas, and Mrs. A. E. Vandervoot, of Dallas. Neither was able to be here for the funeral rites.

### Married Fifty-two Years

Mr. and Mrs. Boerner had been married nearly fifty-two years. They celebrated their golden wedding anniversary here on November 21, 1929, at the home of their daughter, Mrs. E. P. Nelson, when a number of pioneer friends, as well as relatives and other friends gathered to do them honor.

The family moved to Floyd County in 1894 from Ennis. Mr. Boerner at that time obtained extensive land holdings and began operating a sheep ranch in southeast Floyd County, a property that is now in farm lands. After ten years here the family moved to Ozona and lived four years, returning here in 1908. Since that time he had resided continuously in Floydada, and was among the first property owners in the city to begin the construction of brick business houses, as the town took its first spurt toward permanency in 1911. Following the fire that destroyed the west side business district on July 4 of that year, he constructed one of the first brick business structures.

For three years, April 1917 to April, 1920, he was mayor of the city and during the World War was named Fuel Administrator for this county when the lack of railway cars and the demand for fuel created a serious emergency. This emergency duty, along with the activities of mayor during the influenza epidemic, was coupled with other heavy duties in connection with the raising of funds for Red Cross work and the support of Liberty Loan drives and other activities incident to the community's full share in the prosecution of the World War.

### The city's first paving program

was initiated in the fall of 1917 during his first year of office as mayor and completed in the spring of the following year. From the organization of the Hesperian Publishing Company in 1912 until 1919, he was a director of the company and in April of the latter year he was elected its president. He served in this capacity until two years ago. During the past two years he had gradually withdrawn from active participation in business and during the past several months had given practically all of his time to the conservation of his health, which, he realized, was seriously impaired.

He was a native of Cincinnati, Ohio. He came to Texas in his youth and was married in 1879 at Ennis to Miss Emma Griffiths, who survives him. The family lived for a few years at Albany after leaving Ellis County, before finally settling here.

Honorary pallbearers named for the funeral service were J. H. Green, Boone Hall, J. J. Day, W. M. Massey, L. H. Lewis, Geo. A. Linder, N. B. Stanley, S. L. Rushing, J. M. Willson, Geo. L. Fawver, G. R. May, C. Surginer, R. E. Fry, S. B. McCleskey, W. M. Windsor, E. C. Neilson, Jno. W. Maxwell, D. D. Shipley, A. L. Bishop, J. D. Starks, L. C. McDonald, A. C. Goen, H. D. Butler, Dr. Geo. V. Smith, J. J. Foster, Dr. L. V. Smith, J. N. Guillion, W. T. Brown, H. O. Pope, E. P. Woody, J. L. Carathers, W. Edd Brown, J. A. Arwine. Active pallbearers were Glad Snodgrass, Edd Johnson, J. G. Martin, Homer Steen, John McCles-

kep, Harry Stanley. Arrangement for the funeral were in charge of Lee Mayhew of the Harmon undertakers.

Flower girls were Bert Ione Smith, Margaret Smith, Mary Anne Kimble, Mable Smith, Dorothy Thurmon, Folia Randerson.

Among out-of-town relatives and friends here for the funeral were Mrs. R. D. McKinney, Lubbock, a granddaughter; Hugh Griffiths, of Plainview, a nephew of Mrs. Boerner, together with his wife and son, Dallas; W. S. Posey, Mrs. L. A. Posey, Mr. and Mrs. Parum Posey, Mrs. Neil H. Wright, Mr. and Mrs. A. N. Gamble, Mr. and Mrs. C. H. Quinn, Mrs. C. H. Darwood, Mr. and Mrs. H. B. Davis, all of Lubbock; and Dr. and Mrs. E. O. Nichols, of Plainview.

## Mrs. Robertson Dies; Has Four Daughters Residing In County

Remains of Mrs. W. B. Robertson, 73, of Merkel, mother of Mrs. Earl Rainer, of this city, Mrs. O. R. Goughly, of Center community, Mrs. Claude Patton, of Lakeview, and Mrs. C. M. Lyles, of Campbell, were laid to rest at 5 o'clock Wednesday afternoon of last week in the Merkel cemetery.

Mrs. Robertson died at 12 o'clock Monday night of last week. She had been in ill health for the past two years and her condition had been gradually growing more serious for the past few weeks. Her death was due to heart trouble and infirmities.

Surviving children, including five daughters and three sons, were all present with the exception of Mrs. Goughly, who was ill with influenza and was unable to go to her mother's bedside.

Mr. Rainer and sons, Elvin, Norville, Lavon, and Arliss, went to Merkel Tuesday of last week and were accompanied home by Mrs. Rainer Thursday of last week. Mrs. Patton also returned last Thursday and Mrs. Lyles came home Friday.

Funeral services at the Baptist Church were conducted by Rev. Ayres, of Abilene, assisted by Rev. Houston Scott and Rev. Griffith, of Abilene, and Rev. Willis Taylor, of Lamesa.

Mrs. Robertson was one of the early settlers of Bell County. She was a native of Alabama and came to Texas and settled in Bell County. She moved to Young County in 1879 and back to Bell County until 1901. She resided a year in Clay County and in 1902 moved to Merkel in Taylor County where she had since resided.

Her husband died November 23, 1918, and was buried at Merkel.

The eight surviving children are Mrs. Goughly, Mrs. Rainer, Mrs. Patton, and Mrs. Lyles, all of Floyd County; Mrs. Jim Ingram, Hobson, Houston, and Austin Robertson, all of Merkel.

Deceased leaves five living brothers and two sisters; they are Mrs. J. B. Teaff, of Merkel, Mrs. Bob Brown, of Amarillo; A. D. Jones, of Roswell; J. C. Jones, of Pecos; A. R. Jones, of El Paso; Joe Jones, of the state of Washington, and General Jones, of Merkel. Mr. Jones and Mrs. Teaff, of Merkel, were the only brother and sister present for the funeral.

## Mrs. S. J. Latta Is First Place Winner On Pickles At Fair

First place on her green tomato pickles at the State Fair at Dallas was won by Mrs. S. J. Latta, food farm supply cooperator of the Campbell Home Demonstration Club, according to information received this week by Miss Martha Faulkner, county home demonstration agent.

Mrs. Latta was high point individual held by the Floyd County Home Demonstration Clubs.

In her pantry, which she values at \$121.54, she has a total of 458 quarts of canned products, including 86 varieties. With only two in the family she has put up most of the products in pint containers, the remainder being in quarts.

She has 36 quarts of fruits, valued at \$5.40; 86 cans of meat valued at \$17.20; 100 pounds of cured meat valued at \$13; 122 quarts of vegetables, valued at \$24.40; 40 quarts of sweet pickles, valued at \$8; 76 quarts of preserves and jelly, valued at \$19; 56 quarts of relishes, valued at \$11.20; 42 quarts of pickles, valued at \$8.40; 50 pounds of dried beans, valued at \$2.50.

### FANS SEE MATADOR TEAM IN ACTION WITH QUITAQUE

To see the Matador High School Bullfighters in action a number of Floydada football enthusiasts attended the Quitaque-Matador game played at Matador Friday of last week. The Panthers, led by big "Bo" Graham, scored a touchdown in the last few minutes of play and added the extra point for a 7-0 victory. It was the first time this season that the goal line of the Bullfighters had been crossed and their first reversal of the year.

Among those attending the game were J. C. Wester, Leroy McDonald, Verne Elliot, J. R. deCordova, Gene Collins, J. D. Goodjohn and Bob Roberts.

### F. C. HARMON HOME

F. C. Harmon returned home Friday afternoon of last week from a stay of more than two weeks in a hospital at Lubbock, where he went for medical and surgical treatment.

E. O. Cloud and Mrs. Harmon went to Lubbock to accompany him home.

Filing supplies. Hesperian.

## Employment Bureau to Supervise Expenditure of Relief Finances

### Public Work Expected To Be Started At Once

Executive Committee of Five For Relief Labor To Be Headed By W. Edd Brown.

Formation of an executive committee of five persons to handle the distribution and expenditure of federal relief funds due to arrive most any day this week, has been announced by W. Edd Brown. He was instructed, as the representative of Governor R. S. Sterling, to handle the matter in the most judicious manner possible, to give the greatest benefit to the public in the expenditure of \$3,780 recently approved by the governor and the representative of the Refinance Corporation.

A portion of the money allotted to this county will be received and expended and as the need progresses additional funds will be forth coming.

The Floydada Employment Bureau was the name adopted for the local organization in its first meeting last week-end. W. Edd Brown named as chairman of the organization, S. W. Ross secretary, with Lon M. Davis, J. M. Willson and O. P. Rutledge as the three other members, all serving voluntarily and without remuneration.

"There are any number of projects on which we can conscientiously spend any funds we may obtain and it is our hope to make it possible for any persons in need of employment during the remainder of this year to get it and to be self-sustaining instead of being on charity, as has been the case the last two winters," Mr. Brown said this week. The projects that will be undertaken, the wage that will be paid and several other details were yet to be worked out the first of this week. Mr. Brown indicated, pointing out that all the possibilities under the plan of furnishing relief through labor instead of direct donations had not yet been developed.

The funds that will be distributed are being provided from funds allocated to Texas from the federal treasury for the years of 1934 to 1936, and will be deducted from the federal funds of those years, 1932 or 1933 emergency or regular appropriations are not affected in any manner by the special relief funds being provided, the local committee members have been advised.

First efforts to obtain funds for this city and county was begun several weeks ago, when it was announced that W. Edd Brown had been named by the West Texas Chamber of Commerce, as the representative of Governor Sterling to make up the application from this point, under the Reconstruction Act of 1932, passed by congress. With S. W. Ross Mr. Brown spent several days working on the application, which, it was stated, could be for an amount not to exceed amounts spent in the past two years for relief, less an amount equal to any reimbursement anticipated from any source.

Aid in making up the formal application from this point was given by Maury Hopkins, manager of the branch office of West Texas Chamber of Commerce at Plainview.

### ALLEN'S DOGS WIN EIGHT OUT OF TWELVE STARTS

Oliver Allen returned Tuesday night from Concordia, Kansas, after attending the national race meet for a week. He had a wonderful time, he said. He took six dogs to the meet, and put three of them in the races. His dogs won eight out of twelve starts.

His Buddy dog showed up best among his entries by winning the Concordia Special Stake.

"There were 600 dogs entered in the races," Mr. Allen said. "Including some imported hounds. I saw one dog that had sold for \$4,500. Men were there from all vocations in life, some of them millionaires and some of them just old working boys like myself. The races really are more of an international than just a national event, the competition in the National Derby, premier event of the races, being open to the world."

Mr. Allen said he didn't do much talking but a lot of listening while he was at Concordia.

### 'GOVERNMENT OF CANADA' 'TARIFF' ROTARY SUBJECTS

The form of government in vogue in Canada, and the tariff question, presented in non-political vein, were subjects heard discussed at the Rotary Club meeting Wednesday noon. G. C. Tubbs had the first subject and A. D. Cummings.

Interesting differences in the basic governmental functions from those of the United States, as observed in Canada, were pointed out by the first speaker.

The why of the tariff, the function of the federal government in applying it, and the basic differences of political thought on the question, was Cummings' theme, who concluded with the expressed belief that not only national but international tariff relations should be determined in a nonpartisan manner. T. K. Martin, of Fort Worth, was a visitor at the club meeting.

Condition of A. V. Haynes, who is ill at his home, 329 West Missouri Street, was reported as being slightly worse this Thursday morning.

Judge F. P. Henry was unimproved this Thursday morning, attending physicians said. He has been ill for several weeks at his home on First and West Missouri Streets.

### ROOSEVELT HEARD AT M. E. CHURCH ON SCOUT ADDRESS

A number of people interested in scouting remained after services at the Methodist Church Sunday night and heard over a specially installed radio an address delivered by Franklin D. Roosevelt, president of the Boy Scout Foundation of Greater New York. The arrangements were made by Scoutmaster W. A. Gound and the radio furnished through the courtesy of the Radio Electric Company.

### McCoy Precinct Next

In February of next year the Commissioners' Court in their regular session, will name the election officers for general and special elections for the ensuing biennium. When this occurs McCoy Precinct No. 22 will make its appearance in the list as a voting precinct with McCoy school house as the voting place. The new precinct was created by the court last August on petition of John Gray and a practically unanimous citizenry in the area comprising the new district. It is roughly composed of all of McCoy School District and that portion of Blanco Canyon and south of the Peabersburg road. Most of it is taken from the Starkey voting precinct, with a little slice off of the east side of Allmon voting precinct.

G. L. Kirk, manager of the West Texas Gas Company office, has been convalescing at home this week having returned Monday from the Plainview Sanitarium where he had his wisdom teeth extracted and underwent treatment for an infection in his jaw.
