Red Cross Membership Campaign To Be Held in Floydada Tuesday

Committee Members To Meet At C. Of C. At 9

County Is Asked to Secure 600 For Roll This Year; Hope to Complete Quota in Day.

The annual drive for Red Cross memberships for the year 1933 will begin in Floydada Tuesday morning, November 22, it was announced this week by Mrs. Geo. A. Linder, chairman of the drive.

A meeting of the committee named by Mrs. Linder to conduct the drive in the city of Floydada which was called for Monday afternoon at the Chamber of Commerce office was called off after several of the members of the committee were unable to attend. The committee has been notified to meet at the chamber offices on next Tuesday morning at 9 o'clock at which time supplies and instructions will be given to those who are to make the canvass, it is hoped that the drive can be made in one day and that the quota which has been assigned to Floydada will be reached within a few hours after the drive begins.

Demands Are Great

National and local chapter officials are appealing to every citizen who can possibly do so to take a membership this year as the Red Cross is facing one of the greatest demands for assistance in the history of the organization. It has been pointed out that local citizens have not been solicited for relief funds for relief in Floyd County during the last two and one half years due to the fact that the Red Cross has been carrying the load which has been heavier than has ever been known in this section of the country due to short crops and low prices which have prevailed.

While aid has been administered to many families in Floyd County who might not have received aid had it been left up to local organizations to supply the aid, it is pointed out that had it not been for the Red Cross local citizens would have been asked to contribute many times and that perhaps some might have suffered.

Memberships Are 51

Memberships in the Red Cross are the same as they have been for the past 50 years, only \$1 of which the local chapter retains 50 cents. Floyd County has been asked to secure 600 memberships this year. The county has been divided into districts, the Lockney branch chapter having been assigned the north half of the county and the Floydada chapter the south half of the county. Mrs. A. J. Folley of this city has been named as chairman of the rural districts in which she has named chairmen for each district.

Materials and supplies have already been sent to each district chairman.

The following districts are under the supervision of Mrs. Folley: Antelope, Dougherty, Campbell, Fairview, Pleasant Hill, Baker, Center, Liberty, Blanco, Lakeview, Starkey, McCoy, Sand Hill, Allmon, Harmony.

The committee named by Mrs. Linder who will make the drive in Floydada are as follows:

Mrs. O. P. Rutledge, Mrs. W. I. Cannaday, Mrs. J. B. Jenkins, Mrs. Jack Henry, Mrs. L. J. Welborn, Mrs. Homer Steen, Mrs. R. D. Smith, Mrs. J. M. Gambelin, Mrs. J. D. McBrien, Mrs. W. M. Houghton, Mrs. A. B. Keim, Mrs. E. L. Norman, Mrs. Ross Henry, Mrs. W. Edd Brown, Mrs. Jno. N. Farris, Mrs. R. E. Fry, Mrs. Glad Snodgrass, Mrs. Geo. V. Smith, Mrs. Lon M. Davis, A. D. Cummings is Roll Call chairman of the high school and O. K. Davis, chairman of the Andrews Ward school.

An intensive campaign will be made for memberships and the committee is expecting everybody to save their dollar for a memberships.

Pioneer Ginman

A. V. Haynes, whose death occurred last Thursday afternoon, was a veteran of the ginning craft in this section. He built several of the "first gins" in West Texas, when this territory was opened to cotton farming and constructed the gin in Floydada which has borne his name since 1914.

Pioneer Plains Ginner Succumbs At Home Here

Funeral for A. V. Haynes Held Friday Morning From Methodist Church.

Funeral services for Andrew V. Haynes, 62, pioneer ginner of Floyd County, were held from the First Methodist Church in Floydada Friday morning at 11 o'clock, and interment was made in Floydada Cemetery. Elder J. J. Day preached the funeral, and was assisted in the service by Rev. N. E. Tyler, pastor of the Church of the Nazarene.

Death came to Mr. Haynes Thursday afternoon at 2:10 at his home, 329 West Missouri Street, after a long period of suffering. Following an injury five years ago while he was making repairs at the A. V. Haynes Gin, he had gradually grown feeble. For more than a year he had been confined to his home and his last illness lasted for several months. His death was not unexpected.

Out of respect to the deceased the local gins were closed down for the period of the funeral service Friday morning, and ginmen and their crews joined in paying respect to his memory.

Surviving the deceased are his wife and one son, Roy Lee, three brothers, two sisters, a half sister and stepmother. The brothers are Harve L. Haynes, city, Frank of San Jon, New Mexico, and Isaac, of Shamrock; the sisters being Mrs. Mollie Gibson of Vernon, and Mrs. Oscar Orsburn of Weatherford. The (Continued on back page)

Last Week's Payments On Taxes Are Lighter

Tax payments were somewhat light last week at the office of County Collector C. M. Meredith, who reported a total of slightly less than \$2,000.

Of this amount \$1,310 was from current rolls, \$559.37 from the delinquent rolls, \$28 in poll taxes and \$76.88 occupation tax.

Remittances to county, state and school funds, based on ninety per cent of total collections gave the state \$642.15, the county \$502.77 and the common schools \$555.01. County assessor Roe McCleskey also received \$14.85 out of the amount for assessing school taxes.

Few taxpayers are paying on the split payment plan.

E. F. EASTRIDGE HOME

E. F. Eastridge, who has been under treatment of physicians at the Veteran's Hospital at Alexandria, Louisiana, for five months, returned home last mid-week to remain until after the Christmas holidays or longer.

Mr. Eastridge served in the Spanish-American War. His health is much improved, he said upon his return home.

Thanksgiving Service to Be Held Wednesday Night

Thanksgiving services, in which the whole community is invited to join, are announced for Wednesday night of next week at the First Baptist Church beginning at 7:15 o'clock.

The service is being arranged by

"Little Doctors" are: Glenn Wallace Norman, Kenneth Baird Bishop, J. R. Haney, Kenneth Hodge, James Wester, Leslie Rae Copeland, Burl Bishop, and Randolph Rutledge.

Near Completion Of Right-Of-Way On 28

With the exception of one, possibly two, resident property owners within the city limits and a few non-resident lienholders, the committee working on Highway 28 right-of-way yesterday reported to Commissioners' Court that their work is rapidly being completed this week. To the exceptions also must be added some four or five unknown owners of property whose property must be condemned because they cannot be found.

Probability that the court will be able to advise the Highway Commission of the completed job, with all deeds in hand, by the month-end ready for the letting of a contract was indicated in the meeting of the committee, and the court yesterday afternoon. The court was being insisting on hurry-up work since an early beginning on the actual construction will mean much work for unemployed of the county and will be a great aid if it can be gotten under way early in the new year.

HESPERIAN OFFICE TO CLOSE THANKSGIVING

The Hesperian office will be closed all day Thursday of next week—Thanksgiving Day, following a custom of long standing in the office.

All hands at the print shop will be off all day and will observe the holiday, each after his own desire.

In order to observe the holiday The Hesperian will go to press late Wednesday, practically twenty-four hours ahead of the usual publication hour.

Co-operation of correspondents, club reporters and others including advertisers, in getting copy for the paper in the office early in the week, will be greatly appreciated.

Willson On S. M. U. Board Of Trustees

Head of Plains Group of Lumber Yards Selected by N. W. Texas Conference.

J. M. Willson, of this city, head of the Willson & Son Lumber Company, with yards in half a dozen cities and towns in this area, last week-end was selected as the representative of the Northwest Texas Conference of the M. E. Church, South, on the board of trustees of Southern Methodist University of Dallas.

During the past few months there has been a marked division in the governing group of the school over fiscal affairs, according to newspaper reports emanating out of Dallas. Willson, presumably will be pitched into this scrap over business policy, which has been the cause of the resignation of at least one important member of the board of trustees recently.

Mr. Willson said this week he did not know when he would be asked to attend a meeting of the board.

Willson has been prominent in Northwest Texas Methodism for several years. At the recent meeting of the Plainview District Conference he was chosen the district representative at the conference last week. During the Conference he was also named on the important committee of the budget for the ensuing year.

Local Church Workers At Baptist Convention

Mrs. Lon V. Smith, president, and Mrs. Geo. A. Linder, corresponding secretary-treasurer of the ninth district, Baptist W. M. U. of Texas, have been in Abilene since Monday where they are attending the sessions of the State Baptist Convention.

Sessions of the W. M. U. were held Monday and Tuesday, the convention proper opened on Wednesday.

Rev. S. R. McClung, pastor of the First Baptist Church, left Tuesday for Abilene to be present for the opening sessions on Wednesday morning.

SLIGHT FIRE DAMAGE

Fire that originated in the seed conveyor during the process of ginning a bale of cotton did only slight damage Monday afternoon at the Texas Cotton Growers Gin plant.

The alarm was sounded at 4:45 o'clock and the Floydada Volunteer Fire Department answered the call but members of the gin crew under the direction of Manager J. W. Lanier had the blaze extinguished when the trucks arrived.

Five Thousand Turkeys Marketed With Floydada Dealers Last Week

Approximately 5000 turkeys were marketed at Floydada last week, and of this number about half brought the raisers 12 cents per pound and about the same number 10 cents per pound.

Very few of the fowls reached market before Thursday afternoon and on Friday dealers in the area were swamped with offerings, filling the capacity of dressing plants of the section for the limited time in which the finished birds must be ready to start rolling to primary markets.

This resulted in practically no local market in the south plains area for Saturday and the disappointment of several raisers who expected to sell on that day. Dealers estimate that a thousand or more turkeys were at this point Saturday that did not sell. One dealer pointed out that the situation developed from slow movement of the fowls in the earlier part of the selling period. "The thousands of last-minute birds could not be put through the dressing plants in the time set," he said. "The market was available if we could have handled them."

The turkey crop was of the highest quality of recent years, all dealers were agreed, early cool weather and plenty of feed and grazing putting the fowls in fine condition.

Fans Launch Plans To Get District Contest

Guarantee Sufficient to Bring Turkey Day Play-Off Here If Locals Win.

Anxious after six years of waiting to see another district championship football game in Floydada on Thanksgiving Day, with the Green and White squad of Floydada High School pitted against a worthy foe, committees of local business men today are canvassing the town for advance pledges of tickets for a Thanksgiving game here, and expect to complete sufficient pledges by tomorrow night to assure a sizeable fund with which the high school athletic council can meet the demands of the winner of the bi-district game in the south end of the district tomorrow.

Either Post or Brownfield will be pitted against either Floydada or Littlefield Thanksgiving Day. There is an important "ifs" to be hurdled before A. D. Cummings, chairman of the athletic council, can begin negotiations Saturday morning, but the obtaining of the pledges in advance for tickets affords the only means of being forehanded in case this "ifs" are safely passed. "If Floydada wins" Friday against Littlefield, the difficulty that must be hurdled, then Mr. Cummings will have backing for a guarantee he would have to make to bring the championship game to Floydada on Thanksgiving Day. Mrs. Patton's Funeral Held Sat. Afternoon

Mother of Roy and Claude Patton Succumbs After Brief Illness.

Mrs. Fannie Catharine Patton, 70, of Lakeview, died at the home of her son, Roy Patton, in east Floydada Friday evening of last week at 7:30 after a brief illness, and interment was made in Lakeview Cemetery beside her recently-demised husband, Miles Patton, following funeral services held at the Lakeview Baptist Church at 4 o'clock Saturday afternoon.

Rev. J. Matt Harder, of Ralls, pastor of the Lakeview Church, preached the funeral. He was assisted by Rev. S. R. McClung of the First Baptist Church of Floydada, and Rev. Reed of Crosbyton. Lee Mayhew, of this city, had charge of the funeral arrangements.

Roy and Claude Patton, of Floydada and Lakeview respectively, prominent in civic and business affairs of the two communities, are her sons. She is also survived by a daughter, Mrs. Virgil Brown, of Haskell, and by several grandchildren. Four granddaughters were flower bearers at the funeral service being Claude Myrl, Lera Opal, Bernice and Fannie Ruth Patton. The pallbearers were Fred Battey, Lovel Jones, Hugh Nelson, John Conway, Will Weatherbee and Jasper Rhodes.

Mrs. Patton had been a resident of this county since 1918. She was a native of the state of Arkansas. The family came here from Haskell. Her husband, M. Patton, preceded her in death on August 5 of this year, dying after a protracted illness. Mrs. Patton was ill only a few days, and was preparing to move to her home at Lakeview from a visit in her son's home here when her condition became grave. Had her husband survived until October 8 they would have been married fifty years on that date.

Three brothers and a sister survive the deceased. The sister is Mrs. L. E. Hudspheth of Tenyson, Texas, and the brothers, George Davis of Lakeview, Jeff Davis and Bill Davis of Oklahoma. Of these only the sister and the first named brother were able to be here for the funeral.

Mrs. Harley Brown, of Haskell, only daughter, was here for the funeral.

Successor Not Named for Man Who Has Served Local Financial Institution.

E. C. Nelson, active in the management of The First National Bank of this city for the past twenty-two years and for the past twelve years its president, resigned and severed his active connection with the institution at a formal meeting of the board of directors Saturday afternoon at the bank.

This week following his resignation, it was stated that no successor has been named to fill the place and no date set for an election. J. V. Daniel is an active vice-president of the bank and for the present will be in active charge of its affairs. No other changes have been made in the personnel.

Mr. Nelson this week said he had not made definite plans for his future activities. He has numerous investments and will devote his time to them for the present, he said.

State School Supervisor Visits, Commends Public School System

Praise Given Faculty Personnel; Suggestions Offered For Improvements.

Praise for the work of the faculty of Floydada High School as well as for the student body, is embodied in the report of H. O. Smith, state supervisor of schools of the high school division, State Department of Education, made last week following an official visit with the school on November 4.

Attention was called in the report to the fact, that in spite of a short-ent period plan due to need for the scholastics in the cotton fields, good work was observed, and, he says, "The efficiency and training of the faculty personnel call for favorable mention," while praise similarly given the student body pointed out, "The courteous and responsive student body merits additional praise." Speaking of the school as a whole he declared, "There are many evidences of systematic management, good organization and a co-operative attitude," and adds that it is a decided pleasure to visit the Floydada system.

Among the improvements during the year which are commended are the re-seating of the auditorium with opera chairs, the football grassed and fenced, gymnasium seats built to seat approximately 300 persons; additional playground equipment provided; chemistry equipment added; material additions to the high school library.

Recommendations made by a prior inspection have been met so far as financial condition of the school would permit, the report states. The following items are suggested as desirable for early consideration of the school authorities:

Strengthening of the grade libraries; additional reference material for the Latin and Spanish departments; wall maps for use in the Latin-American history course; and

Winner Will Go Into Thanksgiving Finals

Game Scheduled for 3 O'Clock; F. H. S. Eleven Is Favored; Both Teams Experienced.

With prospects looming on the gridiron horizon for a District crown of Green and White, Floydada High School will stage a determined invasion of the lair of the Littlefield Wildcats Friday in a game that will send a winner into the finals Thanksgiving Day.

Winners In Northeast

The tilt is scheduled to start at Littlefield at 3 o'clock, negotiations having been closed definitely Tuesday night by Coach R. P. Terrell of the Whirlwinds, winners of the northeast quadrant of District 3 Class B.

Friday's game will be an unusual affair for the champion Whirlwinds. They will be facing an untried team so far as games played this season are concerned. The Wildcats hold the title for the northwest corner of the district.

Battling their way through heavy schedule of tough assignments, the Green and White warriors have staged a steady march toward the district title and this week will be pitted against a team, that so far as local records show, has played only one game, winning over Spring Lake, 19 to 0 early in the season. The Littlefield school has been dismissed for cotton picking but will be eligible to continue in the league grid race, according to (Continued on back page)

Classes Dismiss At 12:30 Friday; Will Begin At 8

Schools in Floydada will operate on the short session plan Friday, it was announced yesterday by Superintendent A. D. Cummings.

Classes will begin at 8 o'clock and will be dismissed at the high school and at Andrews Ward at 12:30 o'clock.

The arrangement was approved by the board. The plan was adopted so as to afford all pupils wishing to attend the Floydada-Littlefield football game Friday an opportunity to do so without missing any school work. It will also give some of the children an opportunity for a half day's work in the cotton fields if they are needed at home, it was pointed out.

Admission to the game at Littlefield will be 15 cents for children, 25 cents for high school pupils, and 40 cents for adults.

#### PRACTICAL TEACHER AID

The month of November is the month for the payment of taxes for those who plan to make "split" tax payments, and offers a practical way for the average citizen and business man to be of assistance to teachers in Floydada Independent School District. By taking scrip off the hands of the teachers, either for merchandise or cash, the taxpayers may turn the scrip in on a big percentage of his taxes, thus getting his tax bill paid and make it possible for the teachers' "money" to get into circulation also, with consequent betterment of business. Every voucher or warrant thus disposed of also gets one more off the market and out of circulation, and will have a tendency to make a more buoyant market for scrip which must be taken at a later date by the teachers.

The plan is a practical means of self-help for the individual and community, in which teacher, the merchant and the community all benefit.

#### DISCARD THE PLEDGE

Out of the year's political experience two things seem to stand out in connection with the election law that the people are going to want to see done by their legislature. One of these is the elimination of the primary pledge from the ballot in primaries and the other is doing away with the poll tax altogether. These two objectionable features of our present election law have been in the way this year, just like a sore thumb, and can be eliminated by substituting the registration plan for voters. It is not desirable to turn the balloting wild hog loose. The voter should be required to indicate sometime before the primary his eligibility for a vote and the party of his choice to prevent fraud or the miscarriage of the party's preferences for men to head their tickets. But on the other hand, in the general election, if any party puts up a candidate who is not worthy in the opinion of the franchise holder, he should be conscience-free and law-free to cast a ballot for whosoever he chooses.

There are said to be many changes that should be made in the election laws of Texas. If so, outstanding among these is the elimination of the poll tax payment and the elimination of the pledge. Both, written into the law with every good intent, doubtless, have filled their period of usefulness and should be discarded before another primary rolls around.

#### THE BURDEN OF PROOF

The live stock and poultry hauling law, which puts the hauler on the highway under the necessity of establishing the lawfulness of his haul, upon demand by an officer, designed to protect the poultry and live stock raisers against raids of thieves, who at one time were making life miserable for raisers and the peace officers well. Under the law, whereas the burden of proof was on the officer who stopped the truck on the road, the burden is now upon the shoulders of the truck operator. If it develops that the load of live stock or poultry is a lawful one, the embarrassment is not then on the officer who is attempting to protect the property of his constituents.

Need for the law, happily, is rare but it fills a good purpose on the occasion. Under the old chicken theft law an officer almost had to see the theft with his own eyes. A case was very difficult to make out. Now, the fact that property for which permit is not held to transport, is being carried over the highways, is an offense in itself, as is the forging of a permit.

It will rarely inconvenience to any extent those who are going about their business in the usual way, while it puts a powerful weapon into the hands of the officer when he gets to dealing with crooks.

#### TREMENDOUS RESPONSIBILITY

While democrats are crowding over the landscape which has put the party into the saddle nationally, with a big working majority in both houses of congress and a democratic president to go into office March 4, after the first flush of victory it is going to become evident that victory has brought with it a tremendous responsibility.

Proof that democratic policies to be pursued are sound economically, proof that democrats can rule the nation sanely and proof that a different attitude on the part of government toward the people and business will bring business recovery—all of these and others are responsibilities squarely up to the

party. It is a big task and democratic leaders must meet the situation resolutely.

#### BUSINESS REVIVING

The wild claims and criticisms of a political campaign, together with the heat of argument and recrimination, always has an adverse effect on business. People, including the masters of business, let up in their endeavors and give their attention to the political situation. They view with alarm, sound the party tocsin, and generally do everything for weeks, consciously or unconsciously, except give whole-hearted attention to their businesses. As a result business drags.

Following the election, however, the voters awaken to the fact that a living has to be made, orders taken care of and new orders obtained. In other words, that they must go ahead and live regardless of whom the president may be. Accordingly, business looks up. And contrary to forecast of some of the more alarming declaration of those high up in officialdom, this is what happened the first week after the election was held. Business must move on.

To be fooled constantly makes you a fool.

Don't guess at what you ought to know.

Only a weak person has to do foolish things to attract attention.

#### WEEDS 'DOMESTICATED' IN TOBACCO EXPERIMENTS

The United States Department of Agriculture is "domesticating" weeds in experiments in southern Maryland.

Unorthodox as it appears, growing weeds is useful in this instance. Experiments in that area showed that tobacco grown on land that that tobacco the previous year was higher in quality than that from land continually cropped.

In nature a wide mixture of weeds grew, but in the experiments the department has planted individual plots of the more common weeds, such as ragweed, stickweed, partridge peas, and lamb's-quarter, following the weed crop the department will plant tobacco on the plots and study its quality.

Weeds apparently thrive on opposition. Department scientists found that, although the weeds grew readily under natural conditions, they did not grow so readily when they were planted. The Government men had difficulty in making some of the weeds in the experiments grow at all.

Tobacco growers for many years have known something of the effect of weeds on a following tobacco crop, but in times of good prices they have been unwilling to let the land lie idle and grow weeds. Now, with too much tobacco, farmers who let part of their land grow to weeds one year may get better tobacco the next.

#### FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE NOV. 14, 1918

The official announcement made Monday that the armistice had been signed with Germany brought forth an immediate and joyful response from the people of Floydada and Floyd County, and though many were doubtful early in the day because of the hoax which had been perpetuated on the previous Thursday, late in the afternoon all businesses were closed and more than a thousand people participated in an impromptu celebration of the event. For two hours or more the din of open auto mufflers, guns shooting, giant firecrackers was terrific.

Attorney Kenneth Bain has been spending the early part of this week in Silvertown attending district court.

Floyd County stands second in the sale of War Savings Stamps in the northwestern group of counties. County Chairman Jas. K. Green has been notified.

How They Stand

	P	W	L	Pct.
FLOYDADA	3	3	0	1.000
Matador	3	2	1	.666
Paducah	3	1	2	.333
Lockney	3	0	3	.000

Those mighty Whirlwinds stepped out and took undisputed possession of the gridiron title for the northeast quadrant of District 3 of the Interscholastic League in the Class B division with an easy win Armistice Day over the Lockney Longhorns.

With a perfect record of three games won and none lost in conference play this year, the Green and White warriors have girded themselves for competition from other pastures.

Down in the southeast corner section of the district Post is sitting on top of the heap and will be pitted against Brownfield for the championship of the south half of the district while Floydada is battling for the right to represent the north half. Post beat Spur Friday 27 to 19 for the quadrant title.

I predict that Floydada and Brownfield will meet on Thanksgiving Day for the district championship and you can tell all your relatives that they will have a chance to see one of the best high school football games ever played.

Brownfield has one of the smartest quarterbacks in the conference. He's a lad who hesitates not a minute in giving his opponents a safety of two points so he can kick out of danger. But he's going to wish he hadn't been so liberal when the Green and White gets to him. Two points may decide the thing. Brownfield unquestionably has a most powerful club with victories over Slaton, Lamesa and Tahoka. They beat Tahoka 38 to 2 Friday for the quadrant title over in the southwest corner.

So now it's going to be Floydada vs. the winner of the Post-Brownfield battle—that is if the Green and White wins next Friday. That gives us a picture in our District No. 3.

Up in Dists. 1 and 2 the muddle has cleared up wonderfully during the past week. Panhandle, Lefors, Spearman, Dumas, Shamrock, McLean, Canyon and Hereford seem still to be in the running. Panhandle defeated White Deer 40 to 0 last week and will play Lefors Friday for one section of their district. Spearman beat Grover 50 to 0 Friday and meets Dumas this week for another corner. Shamrock downed Wellington in a hard 7-0 fight last week and Friday journeys over to McLean to decide the title in their half. Hereford and Canyon fight it out Friday for the other half.

Oiney's steam roller is puffing right along and flattened Archer City 46 to 6 last Friday. The Cubs have only Seymour between them and their fifth straight district title and odds are highly in their favor to cop the flag in District No. 4.

In District No. 5, Class B, Graham's Steers have been going everything in their path. They are the only undefeated eleven in the district. Last Friday they let Bowie off with a 99-0 and tomorrow tangle with Nocona.

Perryton did something no other high school team has succeeded in doing this year when they bowled over the Amarillo High School Yansingers last Friday by a matter of some 12 to 0. The Yans defeated Floydada 6 to 0 and that's the one and only time the Green and White has had to appear in the "game lost" column this season. Perryton must have a real football club and no foolin'!

It's been quite a spell since I ran across this one so I thought my reader might enjoy reading it again, too. Here it is:

Impatient man outside telephone booth: "Can I help you find the number you want, lady?"

Young woman (sweetly): "Oh, I don't want a number; I am looking for a pretty name for my baby."

His wife determined to cure him of his bad ways and with the aid of a sheet and an electric torch transformed herself into a fair imitation of a ghost. Then she went out to the drunkard and shook him.

"Wash that?" murmured the toper. "Satan," came the reply from his wife.

"Shake handsh, old horsesh. I married your sister."

Well, we are in the last quarter of the game, folks. This year is about gone but we still got a chance to win. Many a hard struggle is won in the last few minutes. Grit your teeth and let's see just how strong we can "come back" against the odds. Election is over and cold days are here—time to keep things humming now.

Boy howdy, but the world is lucky. I went around to see this Dr. de Zita, the astrologist, the other day and he gave me my horoscope—free. (If it hadn't been free I wouldn't have been able to buy it like I did without having some time on it.) And I shore was convinced just how lucky this world is to have me in it—judging from all the great things I found out about myself from my horoscope.

Since I was born in Aires, I got a great future. That's quite appropriate for a bullhooter like me, ain't it. Aires—hot Aires. You see "Aires" is the plural of "Air" and that's me—"hot aires." Well, my horoscope says that I like to have my own way and I reckon that's right. It said I had a luxurious taste and that shore does sound high-powered.

My "fortune" says I might be anything from a watch-maker to a pugilist. So there ain't much danger of my missing the right trade. Here's a sample of the suggestions the Doc gave me:

"Whatever you do in life you should do it with a quick and rapid turnover. When in business, you should be where you could turn your money over many times a year."

That's a good suggestion and all this week I been over in a corner of the office turning over a nickel I had left from last month's salary. I just about got that nickel wore plumb through to where the buffalo's horns are sticking that Indian right between the eyes.

When it comes to giving money a quick turnover all you gotta do is call on me. These horoscopes shore do help a feller. If anybody is in doubt about their future just come down and read my horoscope and get all pepped up for a great future.

I'm keeping my eyes peeled now on the stars and when the signs get right I'm going to make a million dollars. The loan department will be closed after I get it and you can lay to that.

### Contemporary Thought

#### WHAT IS THE ANSWER?

Turkey Enterprise: A few reasons why government should keep out of business.

1. Because government in business opens the gates of public expenditures at the taxpayers' expense; many of the expenditures being for special services to a limited number of persons from which services the general taxpayer, who must pay for them, can derive no benefit.

2. It creates new classes of political agencies and gives them unlimited power to incur debts, levy taxes and spend public money.

3. It discourages industry and prevents the investment of private capital in new enterprises because a private citizen cannot compete with taxfree, government-owned projects.

4. It invites the worst kind of political gerrymandering for promotional schemes at public expense.

5. Each time the government goes into business it removes taxable property from the tax rolls and loads the taxes thus lost onto remaining taxable property, plus additional taxes for new governmental ventures into the field of industry.

The question of the government in business in competition with its private citizens should be considered from the standpoint of the principle involved rather than from the interest of any particular line of business. The business itself is incidental to the principle. If we subscribe to the theory that public ownership is good for any business, even in a small degree, we should be honest enough to go all the way and sanction complete public ownership and control of the means of production and distribution. We should not single out one line of business to stand the brunt of such unfair and killing competition.

Government competition might better apply to the local meat market, grocery store, or clothing store, than to the shipping, insurance, public utilities, railroads and banking, for it is much more important that the average family get the first 3 items at cost than it is that they get the latter items at cost.

#### THE CAMPAIGN IS OVER

Quahon Tribune-Chief: The campaign which has been waged with considerable bitterness is over, and whether we like the winners or not, as good citizens it behooves us to help those in power to run the government like we think it should be run.

If our neighbor has been shooting off his mouth too freely, forget it. No use to harbor unkind thoughts because the man acted the fool. If it came natural, he could not help himself, and if he forgot himself, he probably feels worse over it than anybody else.

#### INSULL'S OPERATING COMPANIES

Abilene News: Samuel and Martin Insull's unpardonable sin was in running out from the consequences. They cannot be forgiven that. But whatever may be said of the Insulls, they have never run out on West Texas. Out here the most

I got an overwhelming majority in every state for cowcatcher. I didn't have a bit of trouble winning the election this year. After I once got started they just couldn't stop me.

## Legion Gives New Thought On Fight Against Disabled

Figures Given Would Offset Drive Being Made by National Economy League.

Publicity is being given to the National Economy League and its attempt to organize business men of the country in a drive in the coming session of congress to curtail by some \$450,000,000 the benefits now being paid veterans of the World War, and other wars.

"We wonder if the business men of this community have given thought to the amount of money that is brought into this community each month as a result of the same paid to World War veterans," J. M. Willson, post Commander of the American Legion here said today. "We will let the others answer for themselves, but for the World War, the disability compensation amounts to \$204,620,000 and disability allowance \$104,277,000. The difference is that the larger figure is for disability connected directly with the veteran's war service, and the smaller sum is not. The total for these two items is \$308,897,000 per year, which amount is what is received by veterans and spent by them for the necessities of life, etc.

"The population of the United States is 122,775,046, according to the last census. Therefore, for every man, woman and child in America, the above sum of \$308,897,000 means if properly divided down, about 20 cents per capita. Now, this is not what it costs them—far from it. It is what they receive indirectly through these veterans. The cost comes out of the federal taxes, largely from the federal income tax paid by 42,000 per-

significant counter picture to the vast and reverberating fall of their house of holding-company cards is the going condition of the operating companies that were the real heart of the structure.

During this deluge of Insull news—all about Martin in the \$20-a-week boarding house, Samuel's flight to Paris to Florence to Athens, Martin in jail, of Samuel the expatriate and fugitive—it is well to remember that the brothers dreamed of dependable electricity in small towns, on the farm, and that the West Texas Utilities Company remains, with the other operating units, to fulfill the dream. West Texas is not willing to put that company on the spot for offenses of which it was ignorant.

It has not missed on the promise to pay, a few weeks ago distributing \$117,000 in hard coin of the realm to its holders of \$6 preferred stock of whom 2,000 are West Texans. Last year it paid taxes amounting to \$1,160 per day, and salaries and wages of \$3,000 per day.

More can be said. The West Texas Utilities Company has, every year, spent more money in the development and expansion of its properties than it has received in profits from their operation. In efficiency and good conduct it is one of West Texas' finest assets. Last week its operation, viewed for the first time, won admiration of two hard-headed business men from Chicago, the receivers of the Middle West Utilities Company, Messrs. Hurley and McCulloch. Those gentlemen issued an enthusiastic statement in which, however, they only said what the West Texans already know.

The News pays it this tribute because, in the present emergency, its personnel have taken their medicine without complaint or whimper. Not one, from the president down to the porter in the general offices, has asked this newspaper, or any newspaper, to "go easy" or "give us a break."

#### SOME SUPERSTITIONS

Canyon News: Among the hundreds of superstitious beliefs still held by otherwise intelligent people may be named the following, compiled by a recent writer:

It is bad luck to spill salt or break a mirror. Putting on a garment backwards or wrong side out by mistake brings good luck. Fish is a brain food. Handling a toad will cause warts. Only the good die young. It is unlucky to light three cigarettes with one match. Friday and the 13th of the month are unlucky, especially if they happen to fall on the same day. To pick up a pin means good luck. Crops should be planted according to the moon. Knocking wood averts a penalty for boasting of former good luck.

The list of such superstitions and beliefs is almost endless. And it is not only the ignorant who act upon such beliefs. Most people including those who have achieved greatness, have their pet superstitions. To mention only a few:

President Lincoln was superstitious about dreams. President Cleveland always carried a horse chestnut in his pocket for luck. Mussolini consults astrologers. Bill Tilden of tennis fame carried a four-leaf clover. Poli Negri thinks her screen career was damaged by a black cat crossing her path. Chalaipin, famed opera star, always burns on his left shoe first. Sarah Barnhardt would not let any of her company wear yellow. Napoleon feared cats and maneuvered his armies according to the stars. Stanley Baldwin carried a rabbit's foot. And many hotels and office buildings omit the number 13 in numbering their floors, in deference to superstitious guests and tenants.

A small minority of persons are hardboiled enough to call all these superstitions the bunk, and defy them accordingly. How about yourself? Would you walk under a ladder, or open an umbrella indoors,

sons who have annual NET incomes of more than \$6,000,000,000 per year. In 1928, their net income, or profits, totalled \$6,309,000,000.

"In a city of 10,000, this 20 cents per month per capita, means, on an average that the World War disabled veterans of that community received from the government \$2,000 per month, or \$24,000 for the year. In a city of 5,000 it would be \$1,000 per month.

"As a matter of cold fact, the amount is much larger, because such disabled veterans naturally reside in the towns and cities. A careful survey made recently of a typical American city of about 20,000 population (Inglewood, Calif.) received that the disabled veterans residing there receive approximately \$10,000 per month. If that ratio would hold good throughout all towns and cities, then the one of 10,000 population would get \$5,000 per month, or \$60,000 per year.

"Does this money mean anything to the merchants, to the doctors, the dentists—yes, and to the bankers, school teachers, taxpayers and laborers? Of course it does, because they would miss that money each month and each year. It could easily be the difference between profit and bankruptcy for many firms.

"Then there is another side to the story. Many of these veterans have no other means of support than the small sums they receive from the government. Take this support away from these veterans and what is going to happen?

"They are almost certain to become wards of the city and county. Remember, the veterans are paid out of federal taxes, and not from local and state taxes. Their pay comes out of the huge profits of federal income tax payers. But if they become burdens on their local communities, then they affect the average American home owner and business man.

"Besides, they fought for the federal government and it is a federal problem, not a state or local liability."

### Cornell And County In Agreed Judgment

In the closing days of the five-week term of District Court for Floyd County, fall term, A. N. Cornell, Amarillo accountant, and the members of the Commissioners' Court of Floyd County, agreed on a judgment which was entered as the decree of the court, in their lawsuit over responsibility of the court under contracts made by a former court but which was cancelled by the present court when advised that the contracts had not been approved by the Comptroller's Department.

By the terms of the agreement Cornell received \$1,106.96 from an escrow fund in the First National Bank in the name of C. M. Meredith, Collector, which he accepts in full payment for all claims and releases any claims he may hold by reason of his suit. Costs of the suit are also paid by him.

Mr. Cornell sued under contracts dated in 1931, three in number, and maintained that a total of \$1914.16 in fees due him had accrued at the time of the filing of an amended petition.

A judgment foreclosing a deed of trust on four lots in Floydada, was granted Mrs. Clara Lee Scott against Kathryn Snashall, \$1,347.50 principal, interest and attorney's fees being asked.

A decree granting divorce was entered in the suit of Daisy Lee Morgan against J. R. Morgan, together with restoration of the maiden name of Daisy Lee Gresham.

In a divorce suit, Mattie E. Johnson was granted a decree of divorce and restoration of former name of Mrs. Mattie E. Steele.

The court formally adjourned Saturday afternoon for the term.

J. F. Gentry, of Paducah, was in Floydada the first of the week on business.

B. F. Manasco spent a short time in Amarillo on business the first of the week.

BORN—to Mr. and Mrs. H. C. Stanley, city, a son, Thursday, November 10.

T. O. Collier, of Plainview, was a business visitor in Floydada Saturday.

Mr. and Mrs. Geo. B. McAllister spent Saturday to Tuesday in Dallas.

## Hester West Tells Of Home Life At Soochow

More details on life in China are given in another interesting letter this week from Miss Hester West, daughter of Mr. and Mrs. Jno. L. West, of this city, who has just arrived in China to do missionary work and to serve at teacher-nurse in her adopted home-land. The letter reads as follows:

Thursday night in my own room at Soochow.

Oh, I am so happy to be here that I have been having prayer meetings all afternoon, I really mean it. We got in about 12 o'clock. Let me see if I can hastily review this past week for you. I have been to much on the go to try to write you but now that I am under my own vine and fig tree I can have more time.

We left Mokanshan on Friday morning. Nothing very exciting happened on the way down except that it rained all the way and that the yoke that goes on the mans shoulders to carry my chair broke and I was set down very quickly. I was not hurt, and they very soon had it repaired and went on our way. We got to Huchow about 1. I staid with Miss Glenn. That night we all went over to Virginia school for a dinner party. Imagine my surprise when Mrs. Sone told me she was from Texas and that the Mr. Sone there in Floydada was her husband's brother. Miss Alsop is from Fort Worth and so I immediately felt at home.

The next morning I went with Miss Glenn over the hospital. It is a very nice plant. Saw several cholera patients but all but one of them were about well. That afternoon I had tea at Virginia school and then went through a silk mill that is very near by. You can well imagine that I was very much interested in every thing I saw there. Went through one of the man power kind and one that was run by electricity. That night all of the members of the S. Methodist church had a social affair. It consisted of speeches, stunts and games. Of course, the most of it I did not get because it was in Chinese but I did enjoy watching them and listening to the flow of language. Hope I can understand it better the next time I go. Just before the program started, Ava Morton arrived from Soochow and brought me the letter from home. You may think I was too interested in the program to read it but you are mistaken. I enjoyed hearing from you but was sorry to hear that Tullabath had gone on. I was not at all surprised.

And Uncle Ed and Co. are now living in the valley. I'll write them at Rio Hondo hoping that is their address. To go back to my story, Sunday morning we went to church. I couldn't understand the sermon but I did understand when they sang "Blessed Assurance." It meant more to me than it ever had before. We had dinner at Dr. Patterson's tea at Miss Glenn's, and after a walk around the wall had supper at Mrs. Sone's. I was glad to go to bed that night you bet. The next morning we left for Shanghai but I'll have to tell you the other tomorrow. I am so sleepy I can't tonight.

Friday morning: I was just pulling the covers up after I had gotten in bed when some one knocked at my door. It was Lorena Foster from Changchow. She had come over on business and the three of us, Miss McElwreath, Lorena and I sat up until about 12 talking over all sorts of things. We are planning on going to Changchow this week end and to Sung Kiang the next one. As far as I am concerned my visiting about is then over for quite some time. But travel is so difficult here when it gets cold and besides we will be busy in language school. The first Annual Conference of the China S. Methodist church is to meet here in Soochow the week of the 12 and that is the day our language school is to begin and the day Elizabeth DeLoach is to arrive so we will be quite busy for a few minutes about that time.

Dad you ask to tell you all about my trips. Would that I could. So much as we have seen would write itself into a least two books and maybe more.

We got to Shanghai about 10 p. m. on Monday. Went out to Mc-Tyler and spent the night. The next morning by 8 we were down on the Bund watching for the tender from the President Cleveland. Miss Perry was there as big as life. Several people from her station were there to meet her so she had quite a reception. She spent the day with them and the night and the next morning with us. We took her to some of the interesting shops we had found and showed her how smart we were to be able to find our way around without any trouble.

Wednesday afternoon we bought our tickets for Soochow and had our trunks taken out of storage and checked. We had tea at the Chocolate Shop. It is an American tea room where those who get hungry for American food drop in. I had a dish of ice cream with strawberries and whipped cream on top. The strawberries had been shipped in from the U. S. They were very large and very good. That night we packed our bags and left early the next morning for this place. Miss Berry and her folks were on the same train on the way to Peking so we rode this far together. Annie Clyde and Bao Yu met us at the station and got to see Mamie Lou for about 10 minutes. After our baggage was sent to we each one got in a rickasha with our bags and away we went for the compound. Annie Clyde and Louise turned off before we got here for they are living with Miss Nina Stallings. Bao Yu and I came on her. We are living at the end of the Nurses Home.

room, living room downstairs, three bed rooms and a small room for the amah, upstairs. Nice porches downstairs and up. The hospital is across a very narrow street, Laura Haygood is right next to it Soochow University is just east and Dr. Snell's home is on the west. The canal or the moat is just east of the U. campus and the wall is of course, just next the water. It is cool and clean out here. Trees all along the walks, flowers and grass makes it very pretty.

Bao Yu came over yesterday afternoon and took me over the campus of the U. and Laura Haygood, Miss McElwreath took me over the hospital this morning. It is nice and every one seems so glad to see me. I have met most of the workers here now and am planning a very enjoyable winter with them as neighbors.

Later: Well we have decided to go to Changchow in the morning for a very short visit. I do hope we are not rushed to death.

Guess what I had for supper. Some egg sandwiches, some peanut butter sandwiches, a big glass of milk, some bananas and part of a meloe. The last mentioned is an older brother of the grapefruit. It is as large as a large cantaloupe. The skin is taken off the top third and the sections are taken out singly, stripped of their covering and eaten. They are not as juicy nor as sour as the grapefruit but are just what I have been looking for a long time.

We walked down the main street this afternoon. Went to the city temple. Reminds me of the story when Jesus drove the rabble out of the temple. Right up to within 10 feet of the gods there was a regular county fair. Dishes, toys, crickets (every family wants at least one for company because they are so noisy shoes, food, well, just everything. We had quite a following because every child we saw would call his or her friends to come see the foreigners and they would follow to see what we would do. As we were coming back one little chap about three came out to see the sight. He didn't know what to call us so his mother told him to call us "Foreign Teachers." I wish I could spell it in English for you but I am not sure how it would be. Wish you could have heard him try to say it. He was a sweet child.

A woman in the hospital had trip-lets today but they were premature and one of them did not live very long. The others were all right the last I heard.

We have electric lights, a refrigerator, screened windows, an oil stove for our bedroom and a fire place in the living room. I am sure we will have a happy time together this winter.

I must finish this letter in order to get it off on the next boat. I want to mail it as I go to the station. Oh yes, we have a Victoria. We have had a fine program tonight on it. You asked if I got other gifts in Dallas. Sister Bessie gave me two dress lengths, and a petticoat, the waist kind. Also some bias tape and some material for straps. Robin gave me a five year diary.

The enclosed gift is for your birthday, Mama, I am sending it early so I can begin sending the Christmas gifts. Hope you like it

but even if you don't, please, please, use it. If you don't, I am not going to send you any more. It is about time for bed and I must go.  
Your daughter and sister,  
Hester.

## Life Begins' Story Of a Maternity Ward

"Life Begins," a First National picture, a drama which is to be presented Saturday midnight, Sunday and Monday at the Palace Theatre, is built around life's beautiful theme, Motherhood, its entire action occurs in a maternity ward and most of the leading feminine roles patients awaiting motherhood. From all accounts it is filled with human interest and rich in emotional tug.

In some quarters the belief is expressed that it will class among the greatest presentations of the year. The director is the same as produced "The Mouthpiece" which made William Warren a star.

The story has a lot of natural human fine drama and sentiment.

The screen play was written by Earl Baldwin from the original of Mary MacDougall Axelson. It centers about a young woman (lovely Loretta Young) who has been framed into prison in a murder case. Facing motherhood, she pleads for the right of the baby, who has committed no crime, to be born outside of prison walls. Her plea granted, she is taken to a maternity hospital and there the doctor and her young husband (Eric Linden) are confronted with the situation of letting either the mother or the baby die, as both cannot live.

How they decide the problem is the "kick" of the story.

### WILMINA SALISBURY CAST IN ROLE OF COLLEGE PLAY

Miss Wilmina Salisbury of Floydada has been selected for one of the roles in "The Flight of the Herons" by Kennard, one of the three one-act Russian plays to be presented by the Texas Woman's College Thespian Club in the fine arts auditorium Thursday night, December 1, according to Miss Catherine George, director of the speech department.

The Thespian Club has made a study of Russian Drama this semester. "An Evening in Sorrento," by Turgeny; and "The Bear," by Chekhov, are the other two plays to be presented.

Miss Salisbury is the daughter of Mr. and Mrs. T. W. Salisbury of Floydada and is a sophomore in Texas Woman's College. She is majoring in speech.

### GEO. B. MARSHALL WRITES SERIAL FOR N. M. PAPER

The Examiner, newspaper at Farley, N. M., is running as a unique feature a serial story written by Geo. B. Marshall, former Floydada High School football star and until recently a resident of Farley. He is now residing on the farm near Floydada. He is a son of Mr. and Mrs. L. A. Marshall.

Following is an article appearing in the Farley paper regarding the story written by Marshall:

"On our desk this week lies the new story 'Southward Ho,' fresh from the pen of George B. Marshall of Farley. Its length contains thirty-five neatly typewritten sheets of the standard size. It is an interesting story from start to finish containing an unusual plot with lively characters that keep you smiling and crying to the end.

"The Examiner has purchased the story from George and will soon start it as a serial in their columns. We are pending the climax of the story, 'House of the Three Ganders' before we begin 'Southward Ho!' It is our aim to keep our readers supplied with a good serial story from time to time.

"We are amazed at the local youth aspiring to authorship of one of the Examiner's stories. George has been employed at our office on rush occasions as a typesetter, and the people of Farley will hail the appearance of George's first story with great admiration and deep concern. "Watch the columns of the Examiner for the new story which will blossom out on the pages of this paper soon."

## The cupboards is their home

POULTRY, butter and eggs must never be without cupboards to go to. Behind the daily activity of Swift & Company's organization lie the simple ambitions of 55,000 employees and 48,000 stockholders—to modestly, but well, and to deal fairly with each other and the rest of the world.

They understand the company's task. A most important part of that task is to buy produce from farmers; more than 100 produce plants, put it into attractive form for consumption and pass it along, without delay and with a minimum of cost, to retailers.

Employees and stockholders understand also the limitations of the job. They realize: (1) that Swift & Company must buy produce in competition with all other dealers and pay what any one else will offer; (2) that Swift & Company must sell whatever it buys at a price which consumers, through their retailers, are able and willing to pay; (3) that the little profit aimed at can be obtained only by keeping down every expense.

Our workers are spread over most of the United States; they are local residents wherever Swift & Company has a produce plant, a packing plant or a branch selling house. They are people just like the farm men and women who have produce to sell, with the same desire to give honest value and to get on in the world by performing real service.

Of our stockholders, more than 40 per cent are women. Their funds are invested in the company because they hope to receive at least moderate dividends. Over a period of years, profits have averaged less than half a cent a pound on all products sold.

Through good times and bad Swift & Company continues to maintain its national market for produce, working near capacity, paying cash to producers and, with the hearty cooperation of employees and stockholders, cutting every operating and selling expense over which it has control.

The Swift & Company national market was made digging up demand wherever it exists in the U. S. States, by advertising brands of high quality, Swift Meats, Swift's Premium Milk-Fed Chicken, C West Fowl, Swift's Brookfield Butter, Eggs, C and many other products.

# Dougherty News

(By Mrs. W. D. Newell)

Another, and one of the coldest northers of the season blew up late Monday night, causing a halt to the cotton pulling, but as there was no moisture accompanying the norther work was started again by noon.

Again the time of year has come that we should not forget to water the shade trees occasionally. The dry cold weather of the next few months will prove very harmful unless they have sufficient moisture.

## Join the Red Cross

For the next two weeks we are being given an opportunity of becoming a Red Cross member. This, as we know, is only a patriotic organization and those who are able should consider it a rare privilege of being able to help the poor and needy of our county.

## Kirvin-Kagle Wedding

Miss Elmer Dell Kirvin and Harrison Kagle were quietly married at Roaring Springs on Thursday, November 10.

Mrs. Kagle is a niece of Mrs. John Hines, also a sister of Kelsie Kirvin of this place, and she has made her home with her aunt and uncle, Mr. and Mrs. John Hines since she was a small child, having been reared in the Jobe family community.

Mr. Kagle's home is at Roaring Springs. He was accompanied here by his father and sister.

## Antelope School News

Antelope, November 14.—Several new pupils were added to our school roll today. Most everyone will be up with the cotton pulling this week and several more will be added.

The school organized a Good Health Club last week. The following officers were elected: Charles Nickels, president; Weldon Cumbie, vice-president; Georgia Lee Sparks, secretary; Helen Ring, health nurse; Drew Cumble, doctor. The aim of the club is to raise a war against colds and improper health habits. The nurse and doctor are to see that good health rules are closely followed.

## Mrs. Ferguson Carries County By 138 Votes

Official Returns Give 8 out of 9 Constitutional Amendments Majority Here.

Miriam A. Ferguson Democratic candidate for governor, carried Floyd County by 138 votes, the official count of the Commissioners' Court completed yesterday afternoon shows. Her vote was tabulated at 1125, while her Republican opponent, Orville Bullington was given 987 votes. Only four votes in the county were cast for other gubernatorial aspirants. Of these Armstrong, Jacksonian party candidate, received two, Edwards, Socialist, received one, and Hiett, Liberty party, one.

These figures, along with these covering other state and district contests, will be certified to the secretary of state at Austin at an early date, there to be tabulated along with returns from 253 other counties, and compiled into one official count for the whole state.

## Centennial Losses Here

While newspaper reports indicate that all the proposed nine amendments to the state constitution carried in the state as a whole, one of them failed to get official sanction of Floyd County voters in the general election. This was the amendment permitting the legislature to appropriate money from the state funds for a celebration of the Texas Centennial in 1936. It was defeated in this county 530 to 275.

The amendment for the change in the plan for investment of the permanent university fund carried 578 to 336.

The amendment providing for the right to redeem land sold for taxes within two years carried 842 to 212.

The change barring state, county or subdivisions thereof from collecting tax after they are delinquent for ten years, carried 632 to 579.

The amendment permitting navy and army men to hold positions of honor and trust and to vote in the state carried 519 to 386.

The amendment permitting counties bordering on the Gulf of Mexico to vote bonds for certain purposes, including seawalls and breakwaters, carried 516 to 226.

The amendment providing that only qualified electors, owning taxable property, shall be qualified to vote at bond elections was given a big majority, 765 to 160.

The homestead exemption amendment also was given a tremendous majority in this county, 997 to 189.

The amendment combining into one office the offices of tax assessor and tax collector was also given a big majority, 862 to 162.

There were no contests in district or county races, all democratic nominees receiving practically unanimous vote. Democratic electors received 1976 votes, and Republican electors 145 votes in the county.

## Dog Fanciers Plan Open Field Hunt For Sunday

Open field rabbit races starting at noon Sunday are being planned by racing dog fanciers in a pasture north and west of Floydada, it was announced this week. Besides local dogs, hounds from Quanah, Lockney, Sudan, Plainview, Childress, Rails and Lorenzo are expected to be here.

The races are not official contests of any kind, and there will be no fees. The location is four miles north and one mile west of Floydada, and "everybody and their dogs" are invited.

## MRS. L. G. MATHEWS HAS OPERATION AT LUBBOCK

Mrs. L. G. Mathews, of this city, is in a Lubbock sanitarium where she is reported to be recovering satisfactorily from a major operation which she underwent Wednesday morning.

She was accompanied to Lubbock by Dr. W. M. Houghton and Mr. Mathews. He plans to return home this afternoon to attend to business matters.

No doubt walking would be fine for one's health if there were any safe place in which to walk.

## Rev. Smith Returned As Local M. E. Pastor

Rev. I. A. Smith was returned as pastor of the First Methodist Church of this city and Rev. F. O. Garner was re-appointed pastor of the Floydada circuit at the Northwest Texas Conference held last week in Amarillo. They returned home Sunday. Others attending the conference were J. M. Willson, lay delegate from the local church and Mr. and Mrs. S. L. Rushing of the Fairview Methodist Church. The appointments were read by Bishop H. A. Boaz, of Dallas.

A number of changes were made in the Plainview district. W. L. Little, former pastor at Denton, is the new presiding elder, succeeding Rev. E. E. White, who was transferred to North Texas Conference and will be pastor of the Denton church.

Rev. B. J. Osborn was named the new pastor for the Lockney Methodist Church. He was given an exchange pastorate with Rev. G. E. Turrentine, who goes to Crowell.

Rev. A. C. Jones was returned to the Lockney circuit.

For Matador Rev. J. F. Luker was transferred from the Central Texas Conference. Rev. J. W. Chisholm, formerly at Matador was transferred to the North Texas Conference.

Rev. R. B. Walden was returned to his charge at Aiken. The new pastor at Petersburg is Rev. Cecil R. Matthews. Others returned to their former charges in the Plainview District were the following: Abernathy, W. H. Barnett; Hale Center, R. S. Watkins; Hart, R. I. Hart; Muleshoe, E. C. Raney; Muleshoe circuit, L. L. Hill; Otton, D. D. Denison; Plainview, W. G. Bailey; Plainview circuit, F. R. Pickens; Tulia, M. S. Leverage; Whiteflint and Flomot, E. L. Sisk. The student in S. M. U. is Lloyd H. Jones and B. L. Nance is conference evangelist.

New pastors in the district and their charges are: Amherst, W. H. Terry; Earth and Y. L. H. H. Allen; Happy, J. L. Willis; Kress, C. R. Hardy, Littlefield, P. H. Gates; Spade circuit to be supplied; Silvertown, Joe. S. Strother; Sudan, Sam A. Thomas; Vigo Park, J. R. Plant.

Former Floydada pastors and circuit pastors were assigned as follows: Rev. Ben Hardy, Anson; Rev. C. B. Meador, Miami; Rev. G. T. Palmer, Dalhart; Rev. S. H. Young Snyder, and Marvin Brotherton, Thalia.

"We turned in an 'average report' for the local church," Rev. Smith said. Delegates from Floyd County returned home Sunday. "We had a fine convention," he reported.

## BOY SCOUTS MAKE PLEA FOR TOYS TO GIVE TO NEEDY KIDDIES XMAS

Scouts of Floydada this week issued a plea for toys and clothing that they may distribute among the needy children Christmas. Scoutmaster W. A. Gound of Troop No. 44 has asked all children or parents who have toys available to bring them to the Chamber of Commerce office or call for him at the Willson & Son Lumber Company.

"We will repair the toys and repa- in an effort to apprehend tire thieves who have been operating in Floydada during the past two weeks. O. B. Olson reported the loss of five castings, Judge K. E. Bain one, Roy Eubank one, and the total for the two-weeks' period is nine stolen, according to Deputy Sheriff G. Scott King.

Old mules, before the time the tractors run them out were worth \$50.00 each. This county used to grow young mules and ship out the old ones at this price. Wouldn't it be fine if we were still in that position today? This county is considered one of the best for growing fine feed. Despite this fact, Gile tells me of a farmer in this county who operates a tractor and not a horse or mule on the place, planted and cultivated 250 acres of cotton this year. Of course this one farmer would not affect the price of cotton, but with a million farmers following his example that will happen? Don't understand me to mean that I am against machinery or planting cotton. There should be a happy medium that will not ruin us. I like a pocket knife but I don't want one to cut my throat. Why wouldn't it be safe to grow our own stock, grow our own feed to feed them and thus cut the crops that we are forced to sell for what we can get. Our expenses would be less and we would have more power over our own business.

This fact alone should make us hunt for a way out. Our local elevator this year during wheat harvest had a list of every farmer in one of our neighboring communities with the exception of three. No farmer on this list could draw a penny on his wheat until the mortgage holder was paid! I guess it was accidental but the three farmers who were not on the list didn't own tractors. Go see for yourself who held the mortgages that couldn't be paid. The farmers were treated just like Louisiana negroes. They couldn't be trusted to collect for their own crop then go pay the creditor.

From actual observation I have found that an old cow chewed each mouthful of Cud from 60 to 65 times before swallowing the second time. (I mean she works her jaws that many times to the mouthful!) She turns this energy into profit for you. Chew this a long time and see if it will help you. You should read your daily paper as you eat. This is a good way to digest the news and what you eat at the same time. It's a good combination.

Local officers have been working in an effort to apprehend tire thieves who have been operating in Floydada during the past two weeks. O. B. Olson reported the loss of five castings, Judge K. E. Bain one, Roy Eubank one, and the total for the two-weeks' period is nine stolen, according to Deputy Sheriff G. Scott King.

## Blanco News

Blanco, November 16.—Old man winter seems to have arrived in the night. The thermometer registered seventeen this morning about seven o'clock. Butchering will probably be the order of the day.

Mr. and Mrs. W. C. Cates spent Sunday with his parents, Mr. and Mrs. W. A. Cates of Floydada.

Mr. and Mrs. W. A. Gilbreath visited Saturday night and Sunday in Plainview.

Mr. and Mrs. Leonard Daily made a trip to Crosbyton Sunday.

Only three or four patches of cotton in this community escaped the hail and they are being rapidly gathered.

Mrs. Moss Howell had as her guest Sunday her sisters, Mrs. Eliza Gullion of Plainview and Mrs. Clayton Teague of Slaton.

Mr. and Mrs. Will Snell and family attended singing at Starkey Sunday afternoon. They were dinner guests of Mrs. Holyfield.

Mr. and Mrs. L. C. Wheeler visited Mrs. Wheeler's sister Mrs. R. A. Brabham of Slaton Sunday.

Last Thursday Mrs. A. H. Manning, Misses Daltis Rae and Lucy Crum of Floydada were guests of Mrs. Will Snell.

Mr. and Mrs. Harry Jones of Lakeview visited Mr. and Mrs. J. D. Christian Sunday.

Filing supplies—Hesperian.

## FIVE ARKANSAS MEN ARE ARRESTED FOR CAR THEFT

Five young men in possession of a stolen car were apprehended by Sheriff E. S. Randerson and Deputy G. Scott King Thursday of last week near Joe Bailey. They were charged with car theft and lodged in the Floyd County jail until the arrival Monday of Deputy C. E. Baker and Ralph Jones, of Hope Arkansas, owner of the car.

The five men were returned to Arkansas to face charges.

## Rainer Window Winner In National Contest

Award of third place in the Kansas City Division of a national window trimming contest was made this week to Earl Rainer of the Rainer Shoe Shop on the south side of the square. He received a check for \$5 as the prize. A picture of the window will appear in "Trade Lasts" publication of the Wear-U-Well Shoe Company, sponsors of the contest.

The attractively arranged window was decorated in red, white, and blue and featured in addition to the Wear-U-Well products, the other items of merchandise on sale by the shop.

Officials of the shoe company congratulated Mr. Rainer very highly on the excellent arrangement of the window. The grand prize in contest went to a store in Princeton, West Virginia.

R. deCordova, Malcolm Bridges, Floyd Murray, Kyle Glover, Wilford Cothorn, Lloyd Murray, Leo Jackson, Otho Johnston, Guy Johnson, Guy Ginn, Coach R. P. Terrell and the hostess, Maxine Fry.

### Advice from Sophs to the Fish

Never go to class with a pencil or filled fountain pen; it's childish. Practice track in the halls. Teachers like communicative students. Always talk or write notes to your next door neighbor.

Remember—teachers have a dull time. Relieve the monotony of their existence by whistling a tune or singing a song in class.

Ask for a class party over the week end; it shows that you have your mind on your studies.

Never let the stage speaker be the show in the assembly. If you can't think of anything to say, shuffle your feet or pound your seat. You'll most likely win an educational interview. Believe it or not we've gone through all this.

Don't show this to the upper classmen. They might use the ideas themselves.

Ask Maxine, Edelle, Latane, Irene, and Mary Anne how they went to Lockney. (We wonder that they got back.)

Lattie wants to know who that good looking sheik is that Mac was so interested in—at Lockney. Oh Yea—sez Mac.

Who's called "accident" now? and why?

Was Marion Heald in a car wreck Sunday? We wonder.

**Seniors Decide on Project**  
The Senior class met Tuesday, November 15, the purpose of the meeting being to decide upon a class project and how to raise funds to carry out the project.

A project committee consisting of Kinder Farris, Otho Johnston, Mary Anne Kimble and Virginia Welch was appointed.

Miss Sentell, representing Holland's magazine, presented a plan for raising funds by selling subscriptions for the magazines, and it was unanimously approved. The meeting was then adjourned.

## Good Attendance Marks Five Meat Canning Events

Series Closed Wednesday With McCoy Canning; Record Crowd At Lockney.

Good attendance has marked each of the five meat canning demonstrations conducted this month, it was reported yesterday afternoon by Miss Martha Faulkner, county home demonstration agent, who has been in charge of the series.

The final demonstration was conducted Wednesday afternoon at the home of Mrs. C. C. Green in the McCoy community. The beef was furnished by Mrs. J. B. Holland and the cutting was done by S. W. Ross, secretary of the Floydada Chamber of Commerce, and Wm. Finkner of Harmony.

From the standpoint of attendance the Lockney demonstration was the largest with an estimated two hundred people visiting the City Auditorium during the event held last Saturday. Other demonstrations were held at Center, South Plains, and Dougherty by Miss Faulkner, assisted by Mr. Ross.

Among those present all day yesterday at McCoy were the following: Mrs. T. L. King, Allmon; Mrs. C. H. Day, Starkey; Annie Kelly, McCoy; Mrs. Wm. Snell, Blanco; Mrs. J. B. Turner, Blanco; Mrs. John McCleskey, Floydada; Mrs. Sid Carter, Bernice Holyfield; Mrs. W. H. Holyfield, Mrs. J. B. Holland, Mrs. Robert Day, Mrs. C. C. Green, and Albert Hopkins Green, all of McCoy; Wm. Finkner, Harmony, and S. W. Ross, Floydada.

A total of 90 No. 3 cans were put up yesterday and a part of the beef saved for table use without canning. At Lockney 150 cans, including 90 No. 3's were put up, and 115 were put up at Dougherty at the home of Mr. and Mrs. A. H. Kreis, part of the fresh meat being kept for serving.

Among those present all day at Lockney last Saturday were the following: Mrs. T. J. Rigdon, Mrs. V. L. Teaver, Mrs. R. C. McGilvray, Mrs. Buster Thornton, Mrs. S. V. Williams, Mrs. A. B. Blount, Mrs. D. E. Cox, C. L. Ramsey, Mrs. N. R. Ramsey, Mrs. C. J. McCollum, Mrs. B. D. Hill, Mrs. Kate Collier, Mrs. T. E. Cowart, Mrs. Less Floyd, Mrs. J. M. Floyd, Mrs. T. V. Rankin, all of Lockney; Mrs. Bob Reeves, Mrs. W. A. Cooper, Mrs. E. C. Cox, all of Sterley; Mrs. C. H. Huffman, Mrs. John H. Butch, C. H. Huffman, Mrs. Paul Cooper, Mrs. J. M. Cooper, Mrs. Emmitt Tierce, John Butch, all of Prairie Chapel; Mrs. C. A. Smith, Liberty; Mrs. Marvin Jeter, Mr. and Mrs. W. E. Miller, Sand Hill; Mrs. G. B. Johnston and Mrs. R. C. Phillips, Lone Star; Mrs. W. E. Taack and Miss Maggie Dieter, Trick; S. W. Ross, Floydada.

### Half-Minute Interviews

E. F. Eastridge: "The capacity of the veterans' hospital at Alexandria is about 450 patients. It is a mighty warm place in the summer time."

Dan Day: "Maize for fuel is a good substitute for coal. Two tons of maize is about equal to one ton of coal for heating. With maize at 40¢ and best coal at \$9, it figures in the end besides the fact we have a kitchen, yourself."

## Andrews Ward News

### English Report

By Dorothy Dell Stovall  
The fifth grade B2 English class had a very interesting English lesson today, November 9.

We were to make talks on what we would like to be when we grow up.

Out of the 20 pupils in our class we had many ideas about the future.

We had one engineer, four artists, one music teacher, one comedian, one writer, two designers, three aviators, one physician, one football coach, one civil engineer, one school teacher, one architect, and two missionaries.

We are now laying our foundation for these careers. If we work hard we may become what we are hoping to be.

### Why We Are Glad to Have Long Days Again

For the past three weeks the Floydada Public Schools have been running on half day schedules so the boys and girls pull bolts in the afternoons.

We have had a good time working and making money but are glad to have our full day sessions back again.

We can study better and have more time to study and recite our lessons also.

We are also glad to have full days again so we can have more time for play on the playgrounds.

We do not have to rush to school so early in the morning to keep from being late and can have more time to work, play, or sleep in the mornings.

Melba Ruth Scott, Grade 7B2.

SAFETY FIRST

THE PUBLIC should be prudent in seeking relief from pain. Take nothing which does not have the approval of the medical profession.
BAYER ASPIRIN will never do you any harm, and almost always brings the desired relief. But remember that the high medical endorsement given Bayer Aspirin does not apply to all tablets for relief of pain.
THE DOCTOR is careful to specify Bayer Aspirin for these important reasons:
It has no injurious ingredients. No coarse particles to irritate throat or stomach. Nothing to upset the system. Not even any disagreeable taste. The Bayer process insures a pure, uniform product.
INSIST on the tablet you know to be safe. And the one that has speed. Bayer tablets dissolve so quickly, you get immediate relief from your headache, neuralgia, or other pain.

Mother of 7—Still Young

THE woman who gives her organs the right stimulant need not worry about growing old. Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels.
When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the improvement.
The next time you have a bilious headache, or feel all heavy, or feel usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!
Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to avoid those attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap your strength and are expensive.

# Whirlwinds Win Easily Over Longhorns, 26-7, to Capture Northeast Quadrant Title

Floyd Murray Is Star of Day With Three Sensational Dashes for Scores After Long Runs.

By Buster Smalley and Floyd Bell  
Floydada's big whirlwind eleven after scoring on the kickoff settled down to defensive tactics and defeated the Lockney Longhorns 26-7 on the Longhorn field at Lockney Friday November 11, Floydada, after scoring in the first ten seconds by a beautiful 90-yard run from the kickoff by "Little" Murray, settled down and the second string from the Whirlwind camp gave the Longhorns a battle.

A good crowd estimated at close to 750 fans were witnesses to the battle. The win Friday gave Floydada the Northeast sub-district title of District 2. It also gave Coach R. P. Terrell the opportunity of using every man on the squad in service. Verne Eastridge, big stellar halfback who has been out with injuries for a month, was back in the line up and he showed the "Four Horsemen" of Floydada's backfield that he is still an opponent for one of the positions.

**Makes 3 Long Runs**  
As last Friday a week ago at Matador it was a day for Bridges, November 11 was a day for "Little" Murray. His sensational runs of 90, 70, and 55 yards were the features of the Armistice Day battle. On the first kickoff Murray received the kick on his own ten-yard line and behind perfect blocking he raced up the field 90 yards for a touchdown. He started up the center of the field and when he reached the 40-yard line he cut to the sideline and raced for Floydada's first tally of the day. He then kicked the extra point from placement.

To start the game Captain Hollis of the Longhorns won the toss and chose to defend the north goal. Floydada chose to receive the kickoff. Little Murray received the kickoff and raced 90 yards for the first touchdown. Floydada kicked and Broyles returned to his 20. Floydada then received two five-yard penalties to give Lockney a first down. Lockney tried the line and on the fourth down Broyles kicked to Murray on Floydada's 15-yard line.

Heald picked up 4 yards at right tackle. Bridges then made a beautiful 25-yard run around left end to put the ball on Lockney's 45-yard line. Time out for Lockney. Heald made four more at tackle. Heald fumbled and Lockney recovered on their 38. Lockney failed to gain and Broyles punted to Murray on Floydada's 15-yard line and he returned it 55 yards to the Lockney 30. Heald made 5 at tackle. On the next play "Gallop" Bridges raced around left end for 30 yards and another touchdown for Floydada. Murray kicked the extra point. Score: Floydada 14, Lockney 0.

**Terrell Subs in Second String**  
Floydada's substitutes then started pouring on the field. Floydada

kicked off to Lockney. After no gain on line plays Broyles kicked out of bounds on Floydada's 40. On the next play Heald gained 30 to put the ball on Lockney's 30-yard line. The quarter ended with the ball on Lockney's 22.

To open the second quarter Floydada passed over the goal line to give the ball to Lockney on their 20. On line plays Lockney carried the ball to Floydada's 40. Broyles kicked to Glover who was stopped in his tracks. On the next play Big Murray punted 70 yards over Lockney's goal line. Broyles kicked to Cothorn as the half ended.

Score: Floydada 14, Lockney 0.  
During the half, the Green Peppers and the Lockney pep squad performed. The Longhorn Pep squad formed the letters "W" and "L". The Green Peppers gave yells and stunts. A girl on the Green Peppers squad gave some spins and stunts and she was given a big hand by the sidelines.

To start the second half F. Murray kicked to Broyles who returned to his 38. On the next play Broyles picked up 12 yards. Jackson then broke through to throw Copeland for a five-yard loss. Lockney's pass was incomplete. Lockney fumbled and Henry recovered for Floydada. Floydada failed to gain and Murray on Floydada's 30 and he scooped up the field 70 yards for a touchdown. He failed to kick the extra point.

Score: Floydada 20, Lockney 0.  
Murray kicked off to Broyles who returned it 20 yards. Broyles punted to Murray who returned it to the Floydada 35. On the next play Heald went off right tackle, reversed his field, evaded several tacklers and with the aid of that famous hip motion of his and behind perfect blocking raced to the Lockney 1-yard line for a 64-yard gain as the third quarter ended. On the first play of the fourth quarter Heald carried it over. Murray missed the extra point.

Score: Floydada 26, Lockney 0.  
No more scoring was done by Floydada but late in the fourth quarter Lockney carried the ball down the field and aided by a 30-yard pass and penalties inflicted upon Floydada carried the ball over for their first touchdown in conference play this year. Copeland rammed the line for extra point. The ball was in Floydada's possession on Lockney's 30-yard line as the game ended.

**Broyles Longhorn Star**  
It was the linemen who paved the way for Floydada's victory. The Whirlwinds with one of the greatest lines that they have ever had played wonderful football. deCordova, Jackson, Johnston and Henry were the outstanding linemen for the Whirlwinds with Henry again playing one of his great defensive games. For Lockney Broyles was easily the outstanding player with Hollis, Thornton, and Sams doing

fine work.  
The starting line-up was as follows:

## Suggests Delicious Stuffings For Roast

Housewife has Choice of Many Combinations of Flavors to Give Tastiness.

A roast of meat, browned to a turn, with a delicious stuffing is hard to surpass!

There are many kinds of stuffing which may be used with roast meat, some of these are highly seasoned while others depend entirely on the meat juices to make them tasty. Because meat is highly flavored with extractives, it is capable of lending part of its tastiness to other less-highly flavored foods. Other flavorings, such as a bit of sage or thyme, a dish of cayenne, a suspicion of garlic, or a little onion, chive, or parsley, combine well with the meat flavor and add variety to the stuffing.

Here are recipes for stuffing which are especially good with roast meats. They are the suggestions of Inez S. Willson, home economist.

**Spinach Stuffing**  
2 tablespoons butter  
1 small onion, chopped.  
1 cup soft bread crumbs  
2 cups chopped spinach  
1 egg  
Salt and pepper.

Melt butter, add onion and cook until a delicate brown. Add the bread crumbs, salt and pepper and mix well. Add spinach and beaten egg and mix until well blended. This stuffing is particularly delicious with veal or pork or lamb. Fresh mint leaves or watercress may be substituted for the spinach to add variety in flavor. In this case, use about 1/4 cup chopped fresh mint leaves or about 2 cups finely cut watercress.

**Raisin and Nut Stuffing**  
1/4 cut fat  
3 cups soft bread crumbs  
1/2 teaspoon sage  
1/2 cup raisins, cut in pieces.  
1/2 cup walnuts, cut in pieces.  
Salt and pepper.

Melt fat, add bread crumbs, salt, pepper and sage and mix well. Add

the raisins and nuts and mix them thoroughly with the other ingredients. This dressing is especially delicious with ham.

**Sausage and Chestnut Stuffing**  
1/2 pound sausage meat  
4 dozen French chestnuts  
1 cup fresh bread crumbs  
2 tablespoons butter  
1 small onion, chopped  
2 teaspoons parsley, finely chopped

Shell chestnuts, cover with boiling salted water and simmer for fifteen or twenty minutes. Cook onion in butter for a few minutes, then add sausage meat and cook about five minutes. Mash about half the cooked chestnuts and add together with the other ingredients to the sausage and onion mixture. When thoroughly blended, add the whole chestnuts.

For economy of both time and money, buy a whole ham. Ham may be used in so many different ways that there need be no hesitation in taking advantage of the lower cost per pound of whole hams. "Even the smallest bits of left-over ham may be used to advantage for any meal of the day," says Inez S. Willson, home economist. Here are just a few of the tempting dishes which may be made from it.

**Cheese Savories**  
6 slices cooked ham  
2/3 cup grated cheese  
1/2 cup butter  
12 rounds bread  
For each savory, dip a round of bread in melted butter and then in grated cheese. Place plain side down in a buttered pan. Place a slice of ham on top of it. Prepare another round of bread in the same way and place it on the first with the plain side up. Brush the top with melted butter and bake in a hot oven until delicately browned, usually about ten minutes. Tomato sauce may be poured over these if desired.

**Ham Leaf**  
3 cups minced cooked ham  
2 eggs  
1/4 cup cracker crumbs  
1 small onion  
2 sprigs parsley.  
1 tablespoon prepared mustard.  
1/2 teaspoon pepper  
2 hard-cooked eggs  
Put ham, onion, and parsley through the food chopper. Add

beaten eggs, cracker crumbs, pepper, mustard, and milk. Pack in a well-buttered bread pan. If the ham is very lean, put 3 or 4 small pieces of ham fat or slices of bacon on top of the loaf. Bake in a moderate oven (350 degrees F.) for about forty minutes. Turn out on a platter and garnish with sliced hard-cooked eggs.

**Ham and Noodles**  
2 cups chopped cooked ham  
2 cups broad cooked noodles  
2 eggs  
1 1/2 cups milk

Place a layer of noodles in a buttered baking dish, then a layer of chopped ham; alternate layers of ham and noodles until the dish is nearly full. Pour over this beaten eggs and milk. Dot with butter and bake in a moderate oven (350 degrees F.) for about forty minutes. Serve with tomato sauce.

**Scalloped Ham and Potatoes**  
2 cups minced, cooked ham  
1 cup bread crumbs  
1 cup cooked diced potatoes  
2 tablespoons flour

Baked right, full of quality fruits and nuts and only

**40c**

**Westers**  
Quality Bakery

2 tablespoons butter  
Tomato sauce.

Melt the butter and add the milk, a little at a time, stirring constantly until thickened. Add salt and pepper, and the cooked potatoes. Soak bread crumbs in water and squeeze until dry, then alternate with ham, creamed potatoes and bread crumbs, until all ingredients are used. Top with bread crumbs and brown in a hot oven.

1 cup milk  
2 tablespoons butter  
Salt, pepper.

An Oil that reaches vital parts of your Motor as quickly as possible

Or An Oil that is already on all the parts before your motor starts!

DID YOU KNOW THIS ... that half of all your motor wear occurs while you're starting your car and letting it warm up!

Here's why: Your motor makes 3,000 to 5,000 revolutions before oil circulates from the crankcase to all parts of the motor. Your motor runs with vital parts receiving no oil from your crankcase reservoir! ... What protection do other oils offer you against this half of your motor-wear? The best of these oils "reach all parts in the shortest time," say their makers.

What protection does Conoco Germ Processed Motor Oil offer? It is already in and on every part and lubricates safely from the second you step on your starter! A "Hidden Quart" of Conoco Germ Processed Motor Oil stays up in your motor and never drains away! Other oils drain away during idling

periods, leaving parts "dry." Conoco Germ Processed Motor Oil actually penetrates and combines with metal surfaces and never leaves any part unlubricated. It cuts starting-wear to the minimum and gives your car longer life!

Like other good oils, Conoco Germ Processed Motor Oil is thoroughly dewatered and circulates freely at subzero temperatures.

### Mer Will Go Into Thanksgiving Finals

(Continued from page 1)  
Information reaching Superintendent A. D. Cummings and other school officials from league directors at Austin.

**Levelland Forfeits**  
Scheduled to play last Monday, the Wildcats were presented the title to the northwest quadrant of the district when Levelland forfeited.

But it will be a war game that Coach Terrell will send on the field Friday. He will hurl his full strength into the fray, with all his first string regulars in good condition for the first time this year.

Last year's experiences when the Whirlwinds won two victories over the Littlefield eleven 7 to 6 at Floydada and 14 to 13 at Lubbock, were enough to serve as warning of what may be in store this year.

With seven lettermen back from last year's squad and with daily work-outs since the opening of the season, the Maroon and White of Littlefield is packing a hidden danger that should be even more dangerous than last season.

In the wake of the Whirlwinds are the defeated high school teams of Plainview, Ralls, Quitaque, Paducah, Matador and Lockney. Along with Brownfield in the south half, the Whirlwinds on the north division have been advancing from the "heavy ends" of the district.

It will be two experienced eleven that take the field Friday with the senior team of F. H. S. having a slight edge in view of their record for the season. It will be in the main, however, the same Wildcat eleven that gave the Whirlwinds the two bitterest fights on the list last year.

In the first game, which was not counted a league contest, played here the big Wildcats failed to register more than 6 points while F. H. S. doped to lose to the heavy Cats by at least two touchdowns, managed to rake up 7 points and win the game.

In a battle at Lubbock November last year the Whirlwinds came back in the second half trailing 13 points and with a brilliant offensive led by Floyd Murray triumphed, 14 to 13 to win the north half of the district for the right to play Lamesa in the finals.

Again, one year later, the same teams met again with the same laurels at stake, with the outcome of the game to be decided tomorrow.

Many local fans are making plans

to attend the game. Coach Terrell and his huskies will likely leave at 9:30 in the morning.

Efforts to get the contest here were dismissed when the Littlefield school officials insisted that the non-conference game played here last season would be considered in the "home and home" regulations.

The official league rules on the place of games reads as follows: "Unless mutually agreeable otherwise, the place for playing a game shall be determined on the 'home and home' basis since 1920. The team that was the visiting team the last time the two teams met on a home field may insist upon the game being played upon its home field."

### Fans Launch Plans To Get District Contest

(Continued from page 1)

The athletic council's finances and the uncertainty of the weather will not permit a guarantee not backed by advance sales, is the warning given local fans. However, a sizeable guarantee in the form of advance sales for the game would provide the ammunition needed, and that is what the committees are working for today.

#### Offer a Bargain

To make it worthwhile for the business houses and fans to buy advance tickets, tickets are being offered until Friday night for delivery not later than Tuesday at 75 cents each. After Tuesday all tickets will be \$1 each. The sale of at least \$200 worth of tickets as a minimum is the goal at which the committees are shooting.

The plan was advanced by J. C. Wester, former coach of the F. H. S. team, rabid fan and local business man, who declared in private talks and before the Rotary Club Wednesday that a \$200 advance purchase of tickets would save several hundred dollars to local fans who would see the game, would bring out-of-town business to Floydada that would otherwise go elsewhere, would assure a big boost for the local athletic war chest, and would satisfy that yearning of every loyal Floydada High fan to see another championship game in Floydada after six years of waiting.

Committeemen who have been assigned territory to cover in the intensive canvass are R. E. Fry and George Sherrill, Walton Hale and J. A. Arwine, Roy L. Snodgrass and W. G. Collins.

"While our team is a superior one to the Littlefield team, we cannot be sure they will win, of course," Wester said. "However, if they do win as we confidently expect, our school's athletic council will be sitting helpless waiting for the opponent from the south half—either Post or Brownfield—to make a proposition for a game away from Floydada with no alternative except to accept. We can remedy this situation by some team work and loyalty today and tomorrow, giving the school a chance to bring the game here."

#### After Six Years

If the Green and White can win tomorrow at Littlefield, the fans have a chance to bring a championship game to Floydada on Thanksgiving Day after six years of waiting. On Thanksgiving six years ago the F. H. S. squad trimmed Slaton. The next year Slaton and Floydada teams played at Floydada but it was not a championship affair. Post being champion of the district. In 1929 Spur eliminated the locals early in the season, and in 1930 it was the Lockney Longhorns that drubbed them on Armistice Day. Last year the Green and White in the championship play to Lamesa at Lamesa—and this year, the hope is, F. H. S. will win district championship honors on their own grounds. To make this a possibility is the opportunity of the fans of Floydada! But it will take quick action! The slogan all along the line is "beat Littlefield Friday—play the district championship game in Floydada Thanksgiving Day."

### CAMPBELL H. D. CLUB ELECTS OFFICERS FOR YEAR

Campbell Home Demonstration Club met Tuesday at the home of Mrs. R. L. Powell. The president "resided over the business meeting when officers were elected for the next year's work. Officers elected were Mrs. W. C. Sims, president; Mrs. George Stiles, vice-president; Mrs. Edd Bond, secretary-treasurer; Mrs. Clarence Ashton, assistant secretary-treasurer; Mrs. C. B. Sims, reporter. The club voted to have their Christmas party on December 20. Five members answered roll call with suggestions for the 1933 Year Books. Miss Faulkner was present at the meeting.

A Thanksgiving program was given. Mrs. S. J. Latta opened the program with a Thanksgiving prayer; Mrs. A. H. Kreis gave the "spirit of Thanksgiving" and Mrs. Edd Bond the "First Thanksgiving." The next meeting will be held December 6 with Mrs. Ott Glassmoyer when each member is asked to bring scraps for doll dresses.

### BLUE BONNET CHORUS ENTERTAINS ROTARIANS

Girls from the cast of "Blue Bonnet," P. T. A.-sponsored play, entertained the Rotary Club Wednesday noon, giving two choruses from the home-talent play that is to be presented tonight and tomorrow night.

J. C. Wester presented the plan for financing the guarantee of the championship football game in Floydada on Thanksgiving Day, in case the local school team wins at Littlefield Friday.

John L. Echols, of Quanah, was a visitor at the club meeting.

#### Was Pioneer Ginner

Born at Lawrence, Middle Tennessee, March 8, 1870, A. V. Haynes moved with his parents, when a child to Ellis County, Texas, and except for a short time spent at McAllister, Oklahoma, spent his life in this state and engaged in the ginning business after he reached manhood. He lived sixteen years in Parker County and was married at Weatherford to Miss Maggie McGregor. For nine years he resided at Chillicothe where he operated a gin, and when the section of the state westward from Quanah began to open up as a cotton country, was engaged for two or three years in the construction and installation of gins for the West Texas Gin Company in this section. Among the gins constructed by him was the first gin to be built at Roaring Springs, and the first of the modern type of gins to be constructed at Floydada. This gin he built in 1914, eighteen years ago, and operated until three years ago when his physical condition would not permit his further active business career.

Funeral arrangements were directed by Lee Mayhew of the F. C. Harmon Undertaking Company. He was assisted by Mrs. Maud Burrus.

### RED STAR BUS LINE FROM VERNON HAS NEW OWNER

Red Star Coaches, operated for years between Plainview and Vernon, are under new ownership and management. W. F. Daniels, of Vernon, permit holder for the operation of the line, has sold to C. M. Owens, also a resident of Vernon. Approximately the same schedules as have been in effect will be continued, according to the new schedule issued. The afternoon bus from Floydada to Plainview will leave Floydada at 1 o'clock hereafter, whereas it formerly was scheduled to leave at 1:30.

The Commissioners' Court is in session again today to pass on several matters carried over from a three-day session beginning Monday, chief among which in point of local interest, is the petition for a bond election for the purchase of a county hospital.

The petition was filed Monday and the court spent sometime checking the names on the list to determine whether it complied with the law that ten per cent of the qualified voting property taxpayers of the county must be represented on the list before the election can be held.

Should the petition be determined to comply with the statute in this respect, it asks for the election to be held on December 31 and the presumption is that the court will set the election for that date. The bond issue proposed to be authorized is for \$25,000 or such portion thereof as would be necessary to purchase the Smith & Smith Hospital in Floydada.

### Collector To Spend Tuesday At Lockney

Tax Collector C. M. Meredith, and his deputy, Mrs. Ethel Graham, will spend Tuesday of next week, November 22, at Lockney collecting taxes of all kinds except highway taxes.

The office here will be closed for the day, Mr. Meredith said. The trip to Lockney is being made at this time to make it convenient for all who desire to take advantage of the early payment of taxes either in whole or on the split payment plan.

### Mercury Column Crashes To New Low, 19 Degrees

Not content with setting a new record low mark for the season of 27 degrees at 7:30 o'clock Thursday morning last week, Old Man Winter kept teasing the skids slipped and Wednesday morning a few shivering early risers or late go-to bedders saw the indicator hovering around the 19-degree mark.

The lowest temperature of the winter recorded at the West Texas Gas Company office was at 6 o'clock yesterday morning. This morning at 7:30 the reading was 27 degrees. The sky had cleared at 9 o'clock following a cold night with a slight precipitation of sleet and light snow barely noticeable this morning.

Monday was the warmest day since October 23 when the same high temperature was recorded of 83 degrees. The low for Monday was 43 degrees, the first of a series of cold days with the high for Tuesday and Wednesday standing at 44 degrees and 25 and 19, respectively for the lows.

Before last Thursday the coldest mark this year was 30 degrees registered November 8.

### Cotton Ginnings Above 13,000 Bales In County

With pretty weather the past two weeks, except for occasional flurries of cold, cotton has been moving to the gins fast in Floyd County, and this morning's figures on the total number of bales turned out by the thirteen plants of the county are above 13,000 bales. Floydada gins had turned out 4,183 bales.

Freezing nights have aided in drying out the cotton, and in the past four days the cotton has gone though the gins much more satisfactorily than earlier in the season.

Staple lengths have been very gratifying the county over, ginner and buyers say.

### Relief Funds to be Given Committee at Conference

Relief funds promised for Floydada and Floyd County from the Reconstruction Act of 1932 passed by the last session of congress, will be delivered to W. Edd Brown, S. W. Ross and O. P. Rutledge tomorrow, when they attend a conference at the Chamber of Commerce office in Lubbock of regional relief officials with D. A. Banded, manager of West Texas Chamber of Commerce.

The three Floydada men named are members of the executive committee named to oversee the expenditure of the appropriation for this county. The other two members, Lon M. Davis and J. M. Willson, will be unable to attend the conference. At an organization meeting of the local committee recently W. Edd Brown, who was named chairman by Governor Sterling, appointed S. W. Ross secretary of the committee.

The fund for this county, totaling \$3780, is the amount anticipated to be needed for relief work in this county to January 1. Later estimates will be made for the remainder of the winter and spring months. Whether all the money will be delivered the committee in one check was not indicated in the notice from West Texas Chamber of Commerce offices at Stamford.

The conference in Lubbock tomorrow is one of a series of conferences covering the 101 west Texas counties in the region, and was determined upon as the best opportunity to present to all the communities the plan of expenditure and handling the money. A program will be determined upon as the best means through which the various communities can obtain the most benefit from the funds to be handled.

### WHIRLWIND 'B' TEAM DROPS SECOND GAME TO MATADOR 'B', 20 TO 0

In spite of a determined attack that embraced all phases of first-class football the 'B' team of the Floydada High School Whirlwinds had to take a 20 to 0 defeat at the hands of the reserves of the Matador High School team in a return game at Matador Tuesday.

As was the case when the Matador team triumphed here last week 21 to 0, it was Wedemen, ineligible first string star, who was responsible for the victory.

The Floydada team included several members of the Andrews Ward Breezes team and play was directed by Coach Dick Stovall of the Breezes.

Mrs. A. L. Scoggin and children, Merle, Mary Lou, Charlotte Ray, Mack and John Harvey, of Lubbock spent Sunday as guests of Mrs. Scoggin's parents, Mr. and Mrs. J. C. Dickey.
