NUMBER 51

## Disburse Something Here

Fridays of Each  
Chapter  
Clothes.

considerable quantities of men, women and children's undergarments, men's and children's clothing, etc., were distributed through the action of the secretary of the committee, who had named the committee as the "Friday of each week" on which the disbursement from the Chamber office.

children's undergarments, men's and children's clothing, etc., were distributed through the action of the secretary of the committee, who had named the committee as the "Friday of each week" on which the disbursement from the Chamber office.

children's undergarments, men's and children's clothing, etc., were distributed through the action of the secretary of the committee, who had named the committee as the "Friday of each week" on which the disbursement from the Chamber office.

## New Minister

Bro. Wright Randolph, who has been called as minister of the City Park Church of Christ. Mr. Randolph comes to Floydada from Spur. He assumed his duties here last Lord's Day.

## Script Money Plan Started; \$78 Given Out

Floydada's script money issued by the Chamber of Commerce and co-operating merchants, under guaranteed security by ten local firms and individuals was put into actual circulation Saturday afternoon when \$78 was issued on the payroll for men engaged in street improvement here.

The script, which is redeemable at the First National Bank of Floydada at full face value upon presentation after 36 trade stamps have been affixed and cancelled by endorsement, was issued in two denominations only, of \$1 and 50 cents.

On each end is printed the amount and the wording "accepted in trade at face value by Floydada business firms." The "bills" are signed by President J. B. Jenkins and Secretary S. W. Ross of the Chamber of Commerce.

Each piece is numbered serially and bears the notation "Series A". The 50 cent script is printed in black and trimmed with a gold border and the \$1 pieces are the same with a green border. The endorsement stamps fit in small numbered squares, of which there are 36 on the back of each piece.

Stamps are printed in two denominations of 3 cents and one and one half cents on pink and yellow gummed paper.

Introduced as an experiment to inflate the local currency and to stimulate trade, the plan has been working satisfactorily, Chamber of Commerce officials said this week.

A check made by The Hesperian indicated that for the first week the script seemed to "pile up" on a few individual firms but it is believed that when the general principal of the plan is more thoroughly understood that a more equal and a fair distribution all over the county can be made of the "money."

Men employed on the streets showed a fine spirit of co-operation Saturday and accepted the script Saturday afternoon without comment and started on the distribution.

Stamps are only affixed by the merchants and they are on sale to affiliated members at the Chamber of Commerce office.

A total of only \$100 in script was issued including both the 50-cent and the \$1 "bills."

## FIRE BOYS MAKE RUN BUT MEMBER PUTS END TO BLAZE AT GARGAGE

Although members of the Floydada Volunteer Fire Department answered the call, they did not get to see so much as the smoke from a fire at the H. & B. Station on West California Street Wednesday afternoon at 2:10 o'clock. L. V. Rogers, who is an active member of the department and operates a repair shop at the H. & B., had the fire extinguished by the time the trucks arrived. He was "hawking out" the motor on a large truck when gas and oil on the engine caught fire.

"I just phoned Lace Martin to bring me over a foamite tank right quick and he brought the whole department," Mr. Rogers said. He put the blaze out with a small hand extinguisher. The truck was not damaged.

Anyway, driver of the truck for Company No. 1, Martin, wasn't taking any chances, so he came prepared.

## E. B. Johnston Ranks 7th In Lube Contest

E. B. Johnston, local agent for the Cities Service Oil Company, is holding seventh place ranking in a state-wide contest on sale of lube oil being sponsored by his company.

In the last report he had sold 43.3 per cent on his quota and is leading the entire Lubbock District. First place ranking so far in the contest is held by a dealer at McAllen with 67.9 per cent on his quota.

"They tell me that first place award will be a new truck but I have been so busy making sales that I haven't really taken time to find out just what the prizes are," Mr. Johnston said.

The contest opened January 1 and as an incentive to the trade for purchases a special drum lot price is being made on the Cities Service Oils.

## TEXAS UTILITIES MANAGER VISITED FLOYDADA MONDAY

Joe B. Scott, of Plainview, general manager of the Texas Utilities Company, visited Floydada Monday of this week spending several hours with S. M. Cole, local manager, going over local affairs of the business.

## IN SPRING MARKET

J. G. Martin, of Martin Dry Goods Company, left Friday last week for St. Louis, where he is spending several days in the spring and summer dry goods markets for his firm.

## Jenkins To Inspect For Regional Bank

Landlord Waiver on Third and Fourth of Renter's Crop Not Required.

Announcement was made late yesterday by A. E. Thomas, president of the Regional Agricultural Credit Corporation of the appointment of J. B. Jenkins, of this city, as inspector for the corporation on loan applications in Floyd County, and practically every other detail in connection with the making of loans through the Floyd County committee for live stock raising, feeding, farming and debt paying operations to Floyd County applicants has been threshed out, J. V. Daniel, of the committee, said this week.

Last week Daniel, together with Lon M. Davis, W. N. Jones, Calvin Steen, of this city, and Artie Baker and Geo. T. Meriwether of Lockney, was announced as the committee which will receive and pass on Floyd County loans for the regional bank, set up under the Reconstruction Finance Corporation Act.

One of the important question marks in connection with the proposed agricultural credit operations, that of the landlord waiver for renters, was cleared up by Fort Worth that the landlord would not be required to waive his third and fourth interest in the crop of the tenant. However, should the landlord have other lien on the crop, farming implements, live stock or other security offered, this lien would have to be waived. Security for loans under the act will be in the form of live stock, implements, and crops.

## May Take Up Debts

That in numerous instances in this county it will be possible for the borrower to take up debts already made, is indicated in instructions obtained yesterday by Mr. Daniel. Where it is shown the borrower is in position to make a crop, or that his security is ample for crop making purpose and for additional funds, the additional funds may be applied on prior debts, or if it be shown that the borrower is in position to finance himself for another crop, then borrowing may be done for no other purpose than to pay debts. Feeding of live stock, making a crop, and general farming operations are possible under the new loan plan.

Some applications have been received already, Mr. Daniel said this week, but today no meeting of the committee has been held.

## Current Collections For Schools \$12,482

Current collections (from the 1932-33 rolls) of Floydada independent School District today have been \$12,482.97, according to J. T. J. Dawson, secretary of the board. \$6,385.19 of this amount being paid in January.

The collections made represent slightly in excess of 43 per cent of the total roll of \$28,476.

From the delinquent rolls collections for the period of November, December and January, were \$4,533.23, from a total delinquent roll of \$30,411.82.

## J. E. Mitchell Is New Local Agent For Gulf

J. E. Mitchell, of Hale Center, has been made local agent for the Gulf Refining Company, it was announced this week. He assumed his duties February 1 and succeeds Sid Cummings.

Mr. Mitchell has been with the company for a period of 11 years. He resided here until 8 years ago when he moved with his family to Hale Center, where he has been serving as Gulf agent.

Mr. Mitchell is now visiting with his daughter, Mrs. Clarence Maddox in California and upon her return will make her home in Floydada. Mr. Mitchell said he would move his family here next week, according to present plans.

Mr. and Mrs. Mitchell are the parents of Odus Mitchell, formerly of Floydada, who has been making a reputation on the north plains as coach of the Pampa Harvesters football team. He also coached at Slaton.

## CEMETERY WORKING WED. FEB. 22 AT LAKEVIEW

All day Wednesday, February 22, has been set aside at Lakeview for working the cemetery, an announcement this week states, and plans are being made for everybody interested to take part.

Dinner will be served on the ground and a complete job of cleaning up will be done.

## LOCAL PHILLIPS DEALERS GO TO CHILDRESS SCHOOL

Andy Bratton, local agent, with Foster and W. A. Amburn, from the local station, attended a sales school conducted by Phillips Petroleum Company at Childress Friday.

The school was conducted at Hotel Childress. They returned home Friday night.

# Sub-Zero Weather Follows Blizzard On Monday Night

## Hearing On Highways Under Way At Austin

J. N. Johnston of this city is in Austin today where he is to appear before the State Highway Commission in an effort to get at least a portion of Highway No. 28 in Floyd County included in an early letting. He will present to the commission information on the status of the right-of-way and the urgent necessity for the work to afford unemployment relief in the county.

Yesterday contracts were let for work in nearly a dozen counties in the state and the possibility of further lettings this month is under advisement by the highway commission, it is stated.

That the commission would be besieged today by county delegations anxious to have highway improvements contracts put on the calendar for an early date was indicated in the daily press this week. Practically all of these are urged as federal emergency aid projects.

Mr. Johnston left Floydada Tuesday and has been in Austin since noon yesterday. He is expected home this week-end. As chairman of the local committee on the highway improvement program he has been active in furthering the project for federal aid on Highway 28.

## Witnesses To Boerner Will Deceased; Proof Of Signatures Made

Both witnesses to the last will and testament of W. L. Boerner, deceased mayor and pioneer resident of Floyd County, filed for probate this week before Judge Jno. W. Howard, are deceased, and it was necessary as a part of the procedure to establish the genuineness of the signatures by the affidavits of persons familiar with their signatures.

These witnesses were Jas. B. Posey and T. L. Layne, who signed the undated will with Mr. Boerner some time in the period between 1903 and 1906. Mrs. Maud E. Hollums and Tom W. Deen were the affiants who signed affidavits proving the genuineness of the signatures.

The will of Mr. Boerner made his wife Emma T. Boerner, sole executrix of his provisions. E. P. Nelson, a son-in-law, and Frank J. Boerner, a son, attested the genuineness of the signature of the late mayor to the will.

Hudson Will Probated.  
Another will probated this week was that of Mrs. Della Hudson, whose death occurred in January. The will, made on July 9, 1932, named Tom W. Deen as executor without bond. It was witnessed by Judge L. G. Mathews and Mrs. Emma Martin. Felix West and her father are the beneficiaries under the terms of the will. Felix received the 160-acre farm used by Mrs. Hudson as a home, as a bequest. He is a nephew and made his home with his aunt since his early childhood.

## 'Prosperity' Is Billed As Feature At Palace

"Prosperity" is coming and get ready for your share of the good times. Polly Moran and Marie Dressler will bring you another one of those amusing Dressler-Moran family entanglements entitled "Prosperity," showing at the Palace Theatre Saturday midnight, Sunday and Monday.

Together with Anita Page and Norman Foster the stars are supported by Charles Gibly, Frank Darien and Henry Armetta.

This team of laugh-makers got a million votes in "Politics" and they've been adding hundreds of fans all over the nation who have joined them in "Prosperity" heralded as one of the best amusements in the theatre world.

It is a picture worth seeing and all the more so if you like Marie Dressler and Polly Moran. Many local theatre patrons have been anxiously awaiting its appearance.

## ASSESSOR IS SICK

Tax Assessor Roe McCleskey is sick this week, having been sent to bed by the family physician, who put him on a diet and told him not to show up for work until Monday of next week.

## PRICE AT LUBBOCK

Everett Price, city water superintendent, is in a sanitarium at Lubbock where he has been since Sunday undergoing treatment. Reports indicated Wednesday that his condition was satisfactory.

## FREAKS —and— PRANKS

By Old Man Winter  
'Tis an old old adage about the weather getting cold enough to freeze the horns on a brass billy goat but Floydada has coined a new idea this week with her record cold spell. It has been cold enough inside a brick building to freeze the milk in cocoanuts!

Carl Minor over at the Star Cash Grocery had the proof of that fact Wednesday morning. The milk in two perfectly good cocoanuts froze solid in his window in the front of the store. And that wasn't all—and how! Bunches of celery, greens, heads of lettuce, cauliflower, and cabbage, squash and in fact bananas froze solid Tuesday night.

The fact that a wrapping of paper will protect anything from the cold was materially demonstrated when a full stalk of ripe bananas at the store, wrapped in paper, was not damaged while those on a stalk hanging alongside were frozen "stiff."

One fellow reported that his shaving cream in a glass jar inside a room on the south side of the house was frozen solid when he opened it Tuesday night.

H. O. Pope estimated that a large per cent of the batteries in cars had been frozen. Their chances of escape were "slim" unless they were well charged, it was stated.

## Williams, Santa Fe Agent, Suffers From Severe Cold Monday

V. Williams, agent of the Santa Fe Railway Company here, was one of many who were caught napping by the severe cold of Tuesday morning this week and "nearly froze to death" as a result. Except for some stiff fingers and some exceedingly sore finger nails, he was all right Wednesday, however.

Williams' experience with the cold came about when he attempted to negotiate the nine blocks from his residence to the station. His car failed to respond to the starter and he decided to walk the distance. When he reached the station he couldn't get his hands in his pocket to get his keys and Wayne Allen had to help him remove his coat and gloves. Shortly thereafter he began to cough and cramp and A. S. Hollingsworth, American Railway Express Agent, hurried him home where medical attention was given. He was "all right" and back on the job late Wednesday.

"I got mighty cold the first six blocks of the walk to the station," Williams said, "But felt good when I got to the door and the first warning I had that I might be too numb to know how cold I was when I couldn't get my hands in my pocket after the keys. I fumbled around and knocked on the window to get Allen to open the door. It was a funny experience, now that it's over, but the boys say I looked mighty bad for a little while."

Several other frost bitten finger and ear experiences are reported. Several teachers and school kiddies suffered severely before reaching their schools being unaware of the extremely low temperature which developed during the night, when the temperature dropped to 4 degrees below zero in a few hours.

Has Close Call  
Another local man who had a fortunate escape from the rigors of the cold Tuesday night was District Attorney A. J. Folley, whose motor froze on the deserted highway between Matador and Floydada, while he was enroute home from Memphis near sundown. J. W. Hardgrove, enroute to Matador, picked the attorney up after he had sat in the cold perhaps an hour. Except for frostbitten ears, Mr. Folley suffered no injury. Mr. Hardgrove passed no other cars either going to or returning from Matador that evening, travel having been practically suspended on the highway. The attorney's car stopped some miles distant from a place of habitation.

## NAME OF LOCAL YARD IS CHANGED TO PANHANDLE LUMBER COMPANY FEB. 1

Name of the South Plains Lumber Company was changed last week to Panhandle Lumber Company. The change became effective February 1. H. G. McCleskey continues as manager and T. W. Whigham as assistant manager, the announcement stated.

## Coldest Weather Here Since January 17, '30

Snow Flurries Accompany High Winds From North; Highway Traffic Is Halted.

Semi-summer turned suddenly into frigid winter weather in Floyd County Monday night when a roaring gale from the north brought Old Man Winter back to the Plains riding without quarter into unprepared communities.

The mercury fell off its throne and plunged straight downward for a record of 23 degrees in 15 minutes, finally coming to rest at 6 degrees below zero, the coldest mark recorded since January 17, 1930.

This Thursday morning the mercury took another toboggan ride and skidded downward 9 degrees in 15 minutes and had fallen 13 degrees in an hour and 15 minutes. The low was reached at 8 o'clock this morning at 2 degrees below zero. The high for the week since Monday was 17 degrees above registered from 3 to 6 o'clock Wednesday afternoon.

The temperature dropped back to 11 degrees and remained there until 6:45 o'clock this morning when it took another nose dive similar to that of Monday night and halted at 2 above zero, dropping to 2 below by 8 o'clock.

At 9:30 o'clock this morning the reading was exactly at zero.

Striking Floydada at 7:30 o'clock Monday night, the blizzard sent the thermometer reading from 69

A record equaling the low mark of 6 degrees below zero in 1930 was set Wednesday morning according to the thermometer reading at the West Texas Gas Company office. At 8 o'clock the mercury dropped to 6 below which was the lowest mark of the winter and is the coldest weather Floyd County has experienced with the exception of 1930 in a period of 14 years.

It was noted that on Wednesday of last week at the same time that the mercury was standing at 34 degrees above zero and this week at 6 below.

In 9 hours, from 3 o'clock Monday afternoon to 12 o'clock midnight Monday, the mercury fell 61 degrees, going from 69 above to 8 above zero in the brief period!

degrees, the high mark which was set at 3 o'clock Monday afternoon, to 4 degrees below zero at 7:30 o'clock Tuesday morning. Shortly after the cold wave arrived, the mercury fell 23 degrees in 15 minutes.

According to official readings taken at the West Texas Gas Company office, the mercury remained at the low mark of 4 below for about three hours, rising to 2 below at noon and up to zero at 2 o'clock Tuesday afternoon.

The unusual feature of the "old time spell" that throttled activities Tuesday and Wednesday was the fact that the severe cold continued all day Tuesday, growing more pronounced early Wednesday morning. The highest point reached by the mercury Tuesday was 2 degrees above zero at 3 o'clock.

Clear skies today with a warm sun started a thaw which has been rapidly making outdoor activities several degrees more "comfortable."

Heavy damage is expected to have resulted to water pipes in residences and to car radiators.

The high wind was accompanied by sleet and snow which had covered the ground to a depth of about two inches at 11 o'clock Monday night when the precipitation slackened and continued at intervals until

## County Collections In January Exceed 35,000

Collections for January, from all sources except automobile and trucks, at the office of Frank L. Moore, county tax collector, were \$35,593.08, according to the final report made by him for the month the first of the week. Except for redemption costs of \$69.50, this was disbursed Tuesday, less commissions and the 90 per cent payments made during the month, as follows:

To the state \$14,199.20, to the county \$10,499.91, to the road and bridge special fund \$32.24, and to the common school districts \$10,792.23. One collection of \$32.89 was made from the 1930 rolls of Aiken Independent School District.

1,559 Cars Registered  
Up to noon Wednesday 1,559 automobiles had been registered in the county and 166 trucks.

Final report for the year will be made by the collector in July following the completion of split payments on June 30 next.

## Interest And Penalty On School Tax Again Deferred By Trustees

Members of the school board in their regular meeting Monday night of this week again deferred assessment of the penalty and interest charges on delinquent school district taxes, the new date set being March 1. On any delinquent taxes paid before that date neither penalty nor interest will be charged, according to the order entered.

In case a taxpayer desires to pay a part of his school tax with warrants during this period however, no interest will be allowed on warrants presented, the district in remitting its penalty and interest charges also requiring that the taxpayer also remit interest that may have accumulated on the warrant. The two charges will approximately offset each other, it was pointed out by Secretary J. T. J. Dawson.

## Alter Plans For Aiken School District Bldg.

Alterations in the plans for the new school building at Aiken, made by the school board during the past few days will make use of the foundation of the former building, burned during December.

Practically the same building will be replaced instead of the building for which the original plans were drawn, one difference being that class rooms will be put on the south side and the auditorium on the north side of the building. A different-colored brick will be used, also, it is planned now.

Returns on insurance policies, expected to be above \$7,200, may not exceed \$6,700. An adjustment agreed upon by the board of trustees and an adjuster of the insurance companies, was not given approval by the home offices which are demanding a reduction of approximately \$800 in the amount. This matter will have to be finally determined before the board can proceed further with the plans for the new building.

## MRS. FANNIE MONTAGUE'S BROTHER, REV. JOE WILSON, IS IN LUBBOCK HOSPITAL

Mrs. Fannie Montague and her daughter, Wanda, left Monday evening for Hale Center to go to the bedside of her brother, Rev. Joe Wilson, Baptist minister, who was suffering with erysipelas at his home there.

Mrs. Montague accompanied her brother to Lubbock where he was placed in a sanitarium for treatment Monday evening. Wanda returned home Monday night.

Mr. Wilson had been ill only a few days, it was stated, and his condition was considered serious.

## Of Fifty District Attorneys Takes Drop From \$3,500 To \$500

Dramatic slash in the pay of District Attorney A. J. Folley of the District and forty-nine other district attorneys in the state of Texas took effect with the ending of January, according to press dispatches received out of Austin last week-end. These officials, who formerly received \$3,500 per year will draw the sum of \$500 per year.

Under a ruling by Attorney General James V. Alfred that the legislature can not pay a district attorney a salary of over \$500 a year, comptroller George H. Sheppard asked his official payroll list to show laws had been passed fixing \$500 salaries above this level. He said he will be guided by the ruling to limit the state pay to \$500.

Have No Fee Allowance  
The ruling held that any additional compensation would have to be out of fees. These district attorneys had no fee allowance by lawator George Purl, whose brother, S. Purl is one of the salaried district attorneys, at Corpus Christi, investigating whether the officials can receive a fee allowance where a law is passed to permit it, said he doubted if they can.

It was reported to the senate by an bill to abolish all fixed salaries at the appropriations committee salaries in budget bills. This permit inclusion of the fees effective date of the law.

Ray Johnson, El Paso, gets a year.

Pay Checks Go Out  
Checks for all the list went early last week. The state will recover excess amounts paid under the bills, but the ruling exclude further payments in of \$500 a year.

Among the other district attorneys affected are J. D. Dickson, P. Mead F. Griffin, Plainview; Witherspoon, Hereford; Dan-Blair, Lubbock.

## OF J. F. CANTRELL DIES FROM PNEUMONIA

Funeral services for Tommie Eveday-old daughter of Mr. and Mrs. Cantrell, who died at 4:45 Monday morning from pneumonia, were held Monday afternoon at the family residence in Floydada.

Services were conducted by S. R. McClung, pastor of Baptist Church. Interment was made in the Floydada cemetery with the F. C. Harmon Lumber Company in charge.

## BOY SCOUT PROGRAM IS SUSPENDED FROM TUESDAY

Activities planned by Troop No. 1, the Boy Scouts of Floydada for Monday night were postponed to a date, the exact time to be set it was announced by Scoutmaster W. A. Gound.

Even boy scouts and one guest present Tuesday night at the church where it had been planned to hold a special program party in celebration of the forty-third anniversary of boy scouting in America.

## HOLDING PROPERTY

Property is the fruit of labor. Property is desirable. It is a positive good to the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the man who works diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built.—Abraham Lincoln.

## SIX TO ONE

One of the tax items that is termed a luxury to people of the plains country, but which means anything but luxury to Kentucky is the tobacco tax. The pound of tobacco which the Kentucky tobacco raiser sells for three cents a pound carries a tax of eighteen cents, the government getting six times as much on each pound sold as the man who raised it.

The crusader would say that we oughtn't to raise nor sell nor use tobacco, anyhow, which may be correct. But whether it is right or wrong, the fact remains that the government is getting six times as much out of the tobacco crop as the man who raises the tobacco, furnishing the land and doing all the work.

In Texas the grower, manufacturer, railroad, wholesaler and retailer all together get three and a half cents out of a certain popular package of twenty cigarettes that sells at two for a quarter. The federal government gets six cents per package and the state three cents. Freight rates, wholesalers, jobbers, retailers are "eating us up" they tell us, but it looks pretty efficient when a grower can grow and cure the tobacco, the manufacturer can process it and wrap it, the railroad haul it, the wholesaler job it, and the retailer hand it out to you from his counter, all for the sum of three cents and a half cent per package.

If you are a package cigarette smoker you could be buying your cigarettes for five cents per package and be giving the handlers of one sort and another fifty per cent more profit if it were not for the tax.

## ARE WE COMMUNIST?

In a Communist land the state owns all, including the person, the property and the toll of the citizens' brow. When you get through working you draw your pay from the committee, the commissary or secretary, whatever they call it.

In the United States you work hard all year and if you have made over a certain amount and happen to be incorporated you pay Uncle Sam \$14.75 on every dollar you make. Thus we are 14.75 per cent communist as to small corporations. As to the larger and much richer corporations and individuals we add "brackets" that make them somewhat darker shades of red than the rest of us.

Now, when the rate gets to 65 per cent will we be sixty-five per cent communist? And having regulated all forms of industry, the rates of income, having "fixed" all the prices and arranged to drive all the speculators out of the markets would it not then be in order to call our country the United States of Soviet America, and take the other 35 per cent income by simply issuing a federal order?

## NEW IDEAS HURT

Most everybody shrinks from anything in the way of a new idea. When some revolutionary fellow offers something we are not used to, instantly there is a hue and cry.

A fellow landed in a 3,000-population town named Baltimore a century or so ago. It was raining and he had an umbrella hoisted over his head. Horses ran away, women fainted, the alley rats threw rocks at him and finally the town's policeman was called upon to put down the riot of the community's sturdy yeomanry.

They finally got over it, however, and now you'll find umbrellas not only in Baltimore but in many other communities in the United States. He was a nervy fellow, to put something over him to keep the rain off, when nobody in the community, including the best citizens, had first put their okay on the plan.

## CUT THE TAXES!

While the legislature labors long and arduous hours trying to figure out some equitable way to apply the

sales tax and other types of income for the state government, business of every kind is hoping and begging that instead of applying any new kind of taxes the governing body go the other route, that is, that the expense of the state government be cut to the probable income of the next biennium from the present sources.

Write your legislator about this. Tell him that the went business left alone at least to the extent of being relieved of further tax problems for awhile. Insist that he vote for reductions in the expense bills of the state rather than for additional taxes which will not reduce your tax and will only add to the taxes of your neighbors and friends.

Your legislator is besieged day and night in Austin by those who want this and that "taken care of." It is only human nature that he should succumb to some of these supplications. So, get yours in to him, too. Insist that he "take care of" you, too!

## COLD AND SNOW

An old saying in sunny Texas is that it gets too cold to snow. While we know this is incorrect, because in many climates, if it snows at all it must snow with the thermometer registering below freezing, below zero even.

Actual, home-made demonstration was made of the fact that it doesn't get too cold to snow, however, Tuesday morning, when, with the cold registering four below the snow was also falling. It doesn't get too cold to snow, oldtimers and others to the contrary notwithstanding.

## WHAT VAST RESOURCES!

When the man on the street, in the office or in the field gets to talking these days he will tell you that all the money has gone, that everybody is busted, that nobody has got any money any more except the few rich. But this statement is given the razberry by the plain, cold figures of the last call for statement of financial condition of the banks of the country in which it is shown that savings deposits of the country have dropped only one-half of one per cent.

What vast resources exist in our wonderful country, only waiting to be tapped when confidence returns! And yet everybody seems to be selling our own country short!

## The People's Forum

(This column is conducted exclusively as an open forum for the citizens. Readers are urged to comment on any subject they desire at any time in this department if they will be careful to avoid libelous statements or personal attacks. If you want to discuss something you are invited to do so in The People's Forum.)

## THE PEOPLE AND THE GOVERNMENT

The people of a democracy, especially the American governments, take the first step in proclaiming a Bill or Rights prior to the adoption of a constitutional form of government. The people through delegates in a Convention Assembled declare their rights to the world.

Among the many rights they declare that the people have a right to establish the form of government best suited to their needs; to alter, reform or abolish the government in such manner as they may think proper.

The rights inherent are to worship God according to the dictates of their own conscience; to the right of trial by jury; to the right of life, liberty and the pursuit of happiness and others.

Often in State Constitutions a provision is incorporated that no retrospective (or retroactive) law, or law impairing the obligations of contracts shall be made. This provision is found in the National Constitution and in all State Constitutions. Just what is meant by impairing the obligations of contracts is determined by the significance of the contests and liabilities of the contracting parties. The parties to a contract must be competent, that is qualified; and should be reliable.

This preamble brings you to the position to determine whether loans or real estate are made under contract, or by gift, and whether either party to the contract should abandon, modify or repudiate a legally executed contract without the consent of the other party to that contract.

In times of great depression people are so distressed and occupied with fear, that they turn to their government for relief. They are easily made to believe that the government has power to create values, that is make something from nothing; to take from the rich and deliver to the poor; to give employment to the unemployed; to make money by the billions of dollars by a simple decree and a printing press; to cancel, modify or extend the debts by a simple enactment or a resolution of Congress or by the legislativeatures of the states.

Almost all the people know that contracts cannot be abrogated; that the law makers have no authority to interfere with loans, insurance policies, notes, bonds, chattel and real estate mortgages, and other forms of contracts, too many to mention.

Some loan sharks have unnecessarily oppressed the people, and have through chicanery robbed the home owners of their birth right. Shylocks who demanded the pound of flesh have sent a dark fear through the hearts of many good people, and the end is not yet. But many of the great insurance companies, and some others, have begun a moratorium or extension on loans that is fair to both the borrower and the companies. When

## Days We'll Never Forget

The People's Round-up  
By The  
Cowhand  
Scribe

Well sir, I don't more than get over one fit until I have to throw another one. This time it's about auto licenses. Just plenty of folks skimped and raked around and finally got enough money together before the deadline February 1 to pay their license fees for their cars and trucks.

And then along comes the Legislature and extends the time to those who did not pay. It so happens (and not by accident you can be sure) that I was one of those individuals who will get to benefit by this time extension but to me it appears to be mighty poor business to give me and quite a generous supply of others more time.

If there is to be a deadline, then let it stand and those who cannot make it should take the consequences. Last week I was up in arms about the penalty and re-extension by the state and city on general taxes and this is right along the same line.

Doggone it, folks are right on the edge of losing confidence in their state and city governments anyhow, so why agitate the dissatisfaction by making more room for argument.

Of course I'm mighty happy that I get to April 1 to pay my gas buggy fees but I reckon it would not be so hard to find a lot of folks who have had their fur rubbed the wrong way feeling some way or other that they have been mistreated after working as hard as they did to meet their obligations on time.

Just think of the hard work and late hours the tax collectors' forces all over the state put in for the last-minute payers.

All this shows an honest effort on the part of the state and city governments to be lenient as possible with the taxpayers in this time of stress and uncertainty. The public perhaps appreciates that attitude but I doubt it.

The trouble is deeper—it is in our entire system. It would be fine if we could split this tax-paying business up so that folks up on the plains could pay twice a year—general taxes in the fall and auto license fees and city taxes in the summer.

It would be a much more practical plan and make it possible for us to pay off and not get in a "crimp" and remain that way the rest of the year.

During Christmas times we like to spend a little for gifts and there are a thousand and one things that have to be paid the first of the year and all of it coming right together puts us in the position of the boy who had to work all year to pay for the present he gave his gal on her birthday.

I am strongly in favor of a twice

a-year payment plan for West Texas and that point gets us back to a subject we have been raving about for three weeks now—division of the state.

For the people down in the Valley and for those in East Texas one period of the year is more satisfactory for tax paying than any other but that time does not correspond to a similar date in this section of the state where crops are later and are turned into cash at a different month in the year.

Brings us right back to the point that Texas is too big for the good of all the people and if we are to serve the interests of all the citizens we have just got to arrange it so that will be possible.

"Split Texas and divide the taxes" is my slogan and I reckon I am entitled to all the crazy notions I can think up since I am a member of the Floyd County Nutt Club.

How about some of you other nuts—do you find it inconvenient to have an opinion?

An amateur inventor up at Amarillo had such good luck with home manufacture of wild turkey calls, rabbit calls, and quail calls for hunters that he did a land office business. Then a housewife suggested he try his hands at inventing a bed bug call and he got three gallons the first rattle out of the box. That's what I "call" getting results.

I never have tried the bed bug idea but I am an awful good hand for collecting chiggers. Every time I get outdoors in the summer time the chiggers choose me as their annual convention grounds.

Just saw Harve Graham going down the street chewing a match and thinking... and just a moment later Maurine Hay came by and, but wait, I'm not so sure, it might have been Helene Hay—those two little ladies keep me guessing which is which.

These new-fangled hats for the women are the funniest creations I ever saw. If us men folks wore stuff that looked like that they would have us all locked up before night and make us go to the asylum whether we wanted to or not.

Nothing like a change though and it might be better if the men kind changed the scenery once in awhile. I have been considering very seriously about having the patches on my grey pants changed to a pretty blue. That's about all the old droned could do about a change in styles—just re-arrange the patches.

A man will be content to wear the same suit for three years and "get by" with the same old hat and expose his toes every day in the year through the front end of his socks and have his shoes half-soled four or five times and never complain a bit. In fact his better half, or his sweetheart, or his sister or some member of the fair sex almost has to fight him to get him to make him shell down and buy a new shirt or a new tie. "This one will do for me," he grumbles and often-times gets away with it more often, in fact, than he falls.

But wife, or the sweetie, or the daughter, or the sister must have a new pair of silk hose, a new dress, a new hat, a new coat "or be disgraced." And poppa or hubby or sweetie has to pay off regardless.

Funny world, isn't it?  
Roy Snodgrass is sporting a new Chevrolet coach all done up in blue and it is a beauty. All Class A dealers in the United States are

using the same model and color and it's a pretty good publicity plan.

Mrs. E. L. Angus brought me in a little poem that is mighty good and I'm going to pass it along. She loaned me the copy for this week. Here it is:

Stick to the Fight  
When things go wrong, as they sometimes will,  
When the road you're trudging seems all uphill,  
When funds are low and debts are high,  
And you want to smile but you have to sigh,  
When care is pressing you down a bit,  
Rest if you must, but don't you quit,  
Life is queer with its twists and turns,  
As every one of us sometimes learns,  
And many a failure turns about,  
When he might have won if he'd stuck it out,  
Don't give up, though the pace seems slow,  
You may succeed with another blow.  
Often the goal is nearer than  
It seems to a faint and faltering man;  
And he learned too late, when the night slipped down,  
How close he was to the golden crown.  
Success is failure turned inside out—  
The silver tint of the clouds of doubt,  
And you never can tell how close you are—  
It may be near when it seems afar;  
So stick to the fight when you're hardest hit—  
It's when things seem worst that you mustn't quit.

Author not known.

Clay Johnson has given me a puzzle that is busting my head plumb open and I ain't got it figured out yet. He had me and Dutch Brewster, and N. B. Stansell and Walter Collins, and Charles Mathews and Lon Davis and goodness knows how many more thinking about this problem that's before the people and I want somebody to send in some help quick before I go plumb off my kazipp.

Pore Old Dutch, he's a right peart feller but he's wrong. The trouble is I can't prove it. Dutch got him a bunch of matches and tried to dope it out but this is about cows and bulls and not matches.

There is an good honest-to-goodness cow man that reads my line of baloney every week but he doesn't live in Floydada. Anyway I'm hoping he gets his pencil and his general book of knowledge and experience down and sends me in the right answer. (How about it Mr. K. H.?)

Well here's the problem. A man has two heifers to start with. When they are two years old, they each have twin calves, a bull and a heifer apiece, making two bulls and two more heifers. Then the next year the two original cows have another set of twins. When the first heifers are two years old they have twins, a heifer and a bull just as their mamas did. And so it goes on and on for a period of ten years. At the end of that time how many heifers will the man possess?

The last ones will be great-great-great-great-goodness-knows how many more greats—heifers of the first cows. Throw out the bulls and don't count them. All I can see that they are good for is to make the problem more complicated.

You see at the end of the second year the man would have four heifers,

at the end of the fifth year he would have 16 heifers. Then things go to getting complicated. The first heifers have calves after they reach the age of two years and their calves have twins at the age of two years and so it goes on. I hope you get the idea. My head hurts.

Dutch says the answer is 155. What do you get and how?

This idea of jokes for this column seems to be quite popular with the readers. Maybe that's appropriate material for this column—a "joke column."

Anyway, I'm giving some more for you to chuckle over or under, whichever suits your fancy—

A certain lady said her husband's average income was about midnight.

Mrs. Perkins—"Pa I honestly believe you enjoy the radio better'n you do the party telephone!"  
"What is your favorite book?"  
"My bank book; but even that is lacking in interest these days."

"Gray is an ungrateful cuss."  
"What's he done now?"  
"He won a hundred dollars for a slogan to boost his home town and used the money to move away."  
Minister—"Why do you not get a wife, Donald?"  
Donald—"I might get a bad one."  
Minister—"Trust to Providence, an' you'll be all right."  
Donald—"I'm no sure, minister, for ye ken Providence has to dispose of the bad as well as the guid."

It was late when Pat reached home. Not wishing to disturb his wife, he crept in on his hands and knees, but fate intervened. He struck the bed post. His wife, sleeping, putting out her hand, touched his head, and thinking it was the dog, began patting it. In telling this story, Pat said: "And the saints be praised! I had the presence of mind to lick her hand!"

A young man who had reached the stage at which his voice was changing went into a grocery store. In a deep bass voice he demanded "a sack of flour;" then, his voice suddenly changing to a high pitch, he added, "and a pound of coffee."  
"Just a minute, please," said the clerk; "I can't wait on both of you at once."

The Governor of a Western state was so annoyed by office seekers that shortly after his inauguration he was compelled to make public announcement that he would be unable to give consideration to the flood of applications.

Next day he received this letter:  
Dear Mister Governor: I see by the papers that you are going to take a month off to destroy the thousands of applications for jobs. Now, my dear sir, if everything else is gone, then I should like to be engaged to tear up the letters.—De Laval Monthly.

## Contemporary Thought

### CHEAPER GOOD ROADS

The Conservationist: A group of good roads enthusiasts in Oklahoma have succeeded in getting consideration by the Oklahoma legislature of a bill which would make it unlawful to spend more than \$7,500 a mile of state highway funds for the construction of state roads, exclusive of the cost of right-of-way, grading, culverts, bridges, guard rails, etc. This bill constitutes a demand upon the state that it turn from expensive concrete to oil and gravel in all state highways.

This may represent an extreme on the side of economy, but the intent of the bill is undoubtedly wholesome. Oklahoma, like Texas, has a wealth of oil and a wealth of the other simple materials necessary in the construction of good cheap roads. Economic conditions being what they are, the time has undoubtedly come when state, as well as county, highway builders should tune in on public sentiment and consider the advisability of building roads which, while cheaper, are just as good as the expensive concrete variety.

We do not thoroughly agree with the proposed limitation in Oklahoma, but we do believe that states and counties could exercise more economy and make the taxpayer's dollar go much further by turning to asphalt and oil, both local products, in building roads.

### GUNS TRAINED ON TEACHING

Canyon News: It is discouraging for those who have given their life to the school profession to see the bitter fight that is being waged to tear down, in the name of economy, the work of their lifetime. However, the present fight is not confined to any section or state. It is universal on the condition in America. Urged on by public spirited citizens who were ambitious to see the best developed in each and every community, the schools have grown and expanded, in many instances beyond the ability of the communities or the states to support them.

Now that the depression has wiped out financially many of the friends of education, and reduced all line of business to a point far below the point of profit, it is quite natural that an attack should be made upon those institutions which have grown to the greatest degree. When a man is either out of a job, or barely making a living, he cannot help but wonder why the school teacher should continue to work for a fairly good salary, or even an extravagant salary in times like this. He is prone to forget that only a few years ago this same teacher was teaching at a much lower salary while every man in the community who wanted

work could have 16 heifers. Then things go to getting complicated. The first heifers have calves after they reach the age of two years and their calves have twins at the age of two years and so it goes on. I hope you get the idea. My head hurts.

### Sunday School Lesson

#### JESUS TEACHING BY PARABLE —FOUR KINDS OF HEARERS

International Sunday School lesson for Sunday, February 12. Sub- ject: "Jesus Teaching by Parables —Four kinds of Hearers." Golden Text.—Herein is my Father glorified, that ye hear much fruit; so shall ye be my disciples. John 15:8.

Lesson Text.—Mark 4:1-20. Printed Text.—Mark 4:1-10, 13-20.

Mark 4:1-10— And he began again to teach by the sea side; and there was gathered unto him a great multitude, so that he entered into a ship, and sat in the sea; and the whole multitude was by the sea on the land.

2 And he taught them many things by parables, and said unto them in his doctrine,

3 Harken; Behold, there went out a sower to sow.

4 And it came to pass, as he sowed, some fell by the way side, and the fowls of the air came and devoured it up.

5 And some fell on stony ground, where it had not much earth; and immediately it sprang up, because it had no depth of earth:

6 But when the sun was up, it was scorched; and because it had no root it withered away.

7 And some fell among thorns, and the thorns grew up, and choked it, and it yielded no fruit.

8 And other fell on good ground

### They've Never Tasted a Tonic!

THESE are not patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative.

You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. Stimulate the vital organs. The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant.

When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses! A spoonful of delicious syrup pepsin

## No. 4 Bird Shot Not Heavy Enough Load To Stop Him

Taft Brown, a Lockney negro, is being treated by Dr. V. Andrews, County Health Officer, this week for wound sustained Saturday morning about 7 o'clock at a negro residence near the oil mill. Eighty-nine No. 4 birdshot peppered the negro's back from about the hips to the neck, some of which buried a little too deep to be extracted and some of which hit hard enough to make a good sized whelp. Dr. Andrews spent most of Saturday morning picking out shot, however, getting fifteen or twenty that were buried just under the hide.

John Terrell, another negro, is charged with the shooting. He was brought to Floydada by Deputy Morgan Wright. Terrell is an employe of the mill and shot Taft Brown shortly after getting off duty Saturday morning, officers said. An old shot gun with a stock broken near the trigger was used. It was tied and wired together but fell apart unless handled with extreme care. Taft is not a seriously injured negro, it is thought.

and did yield fruit that sprang up and increased; and brought forth, some thirty, and some sixty, and some an hundred.

9 And he said unto them, He that hath ears to hear, let him hear.

10 And when he was alone, they that were about him with the twelve asked of him the parable.

13 And he said unto them, Knew ye not this parable? and how then will ye know all parables?

14 ¶The sower soweth the word.

15 And these are they by the way side, where the word is sown; but when they have heard, Satan cometh immediately, and taketh away the word that was sown in their hearts.

16 And these are they likewise which are sown on stony ground; who, when they have heard the word, immediately receive it with gladness;

17 And have no root in themselves, and so endure but for a time: afterward, when affliction or persecution ariseth for the word's sake, immediately they are offended.

18 And these are they which are sown among thorns; such as hear the word.

19 And the cares of this world, and the deceitfulness of riches, and the lusts of other things entering in choke the word, and it becometh unfruitful.

20 And these are they which are sown on good ground; such as hear the word, and receive it, and bring forth fruit, some thirtyfold, some

ing by parables. We note too that in all his teaching and miracle working, he used the means at hand. His illustrations were made from familiar objects or facts. As he sat in the boat and looked away, shoreward, the Master probably saw a man sowing his field with grain; or, at any rate, sowing grain was familiar to the people and was an apt illustration of sowing the gospel.

Youig farmers who know nothing but planting by machinery will not get the significance of this parable as readily as older people who are familiar with the old method of sowing seeds. In the latter case, the farmer carried his seed in a basket, or perhaps a sack which was tied around the waist. As he walked back and forth across his field he would dip his hand into the sack, bring it forth filled with grain which he would sling, with a half-circular motion of the hand, as far as they would scatter. In this broad-casting of grain, all seed did not fall on good or prepared ground. Some seed fell outside the plowed and hard rowed field on the hard earth, and these the birds caught away and

R. C. HENRY, Mgr.

of course they were lost. Perhaps there was, in a certain place, a large stone just beneath the soil; when seed fell on this they sprang up almost at once, since the warmth of the stone helped them to sprout. But these plants did not thrive for long; soon the sun grew hot and there being no root, with only a stone under them, they withered away. The old-time farmers were not so careful to clean the briars from fence corners and the edge of their fields as they should have been. In fact they had much less time to do things than the modern

farmer has because they had so little conveniences, and almost everything must be done by hand, just as the sowing was done. So a portion of the scattered seed would naturally fall among the thorns; and while they would spring up, the ranker they would soon prove the stronger and choke them to death. But all these things did not discourage the farmer so that he gave up all effort and let the field go to the bad. He soon saw that a large portion of his seed had fallen on good ground and was giving prospects of a great harvest. He did not wish to quit farming and sowing because the birds, the rocks and the briars had overcome some of his sowing.

THIS SPACE RESERVED FOR A \$5,000 WORD CAN YOU CREATE THE WINNING WORD?

## Instant Starting Lightning Pick-up

### NEW Bronze HIGH-TEST GASOLINE

### BUY AND TRY ONLY IF YOU WISH — BUT DO LET ME GIVE YOU THE FACTS . . .

Get this free information and entry blank from any Conoco station or dealer. Read all about this new bronze gas; so volatile; so nearly self-vaporizing that the spark plug's first spark sets it off. Learn how its higher octane rating improves its anti-knock quality; makes your motor fire evenly, smoothly, like the roll of a tight snare-drum. Learn, too, of its lasting quality for long mileage at thrifty cost.

This free folder provides space in which to write your name and slogan entry. It comes in an envelope, self-addressed, ready-to-mail. No purchase required to enter. But, when you get your entry blank, why not let us fill your tank? The thrilling new f-e-e-l of your motor will give you the real "low-down"; tell you w-h-y this gas deserves a really famous name.

#### CONTEST RULES:

You Need Buy Nothing to Enter But Read Rules Carefully

- Names must be not more than 12 letters; slogans not more than 12 words. Submit either or both on single sheet; plain white paper; one side only; but preferably on official contest information-and-entry blank, free at Conoco dealers and stations. Elaborate presentations receive no extra credit.
- Contest closes midnight, February 23, 1933. Entries must be postmarked before that date and hour.
- Continental employees, members of their families and others connected directly or indirectly cannot compete.
- Should more than one person submit exactly the same name or slogan, each will receive full amount of any prize such entry may win. All entries become Continental Oil Co. property, and none will be returned.
- The Company reserves prior rights to phrases and slogans of its own creation, already in prepared advertising. Also it reserves the names "Continental" or "Conoco" gasoline, "Conogas", and "101" gasoline. Whether or not the winning contest name is adopted, Continental Oil Co. property, and none will be returned. The right to use a name of its own creation if decided more suitable and more protectable under trade-mark laws.
- No purchase is required of contestants. Continental Oil Co. executives will be the judges and their decisions final. Winners will be announced over radio, and prize money paid as soon as possible after contest closes.

# Dougherty News

(By Mrs. W. D. Newell)

## Severe Blizzard Hits Plains

A severe blizzard struck here about seven o'clock p. m. Monday. The cold wind was accompanied by a driving sleet that lasted several hours. The mercury took a sudden flop and by eight o'clock Tuesday morning it registered eight degrees below zero, according to O. L. Britton, agent at the Q. A. & P. Railway station.

The warm weather of the past week made the cold spell seem even more bitter.

## Tree Pruning Time

Now is a good time to trim up your shade trees. From experience we have learned that the shape of a tree can be ruined by putting off trimming too long. So profit by others experience this time and give your trees a chance.

## Church News

Rev. F. O. Garner will preach here next Sunday morning and evening at the Methodist Church.

Song service was enjoyed by those present Sunday evening.

More leaders are needed in these services and an invitation is extended to all who like to sing. Each Sunday evening beginning at seven o'clock.

Rev. Roy Clayton, pastor of the Baptist church preached Sunday morning and evening. Rev. Clayton is an alert, enthusiastic young minister of the evangelistic type. His sermon Sunday morning was "The Three Crosses." Sunday evening his scripture lesson was John 4:48.

League program for Sunday evening, February 12.

Subject "Taking Orders." Purpose of this lesson: As a result of this lesson those who attend should gain new ideas and attitudes that will help them to be more cooperative, to work better with other people, to be more successful in their life at home, at school and at work.

Scripture lesson by the leader Miss Lerabeth Newton, John 15:12-17; Ephesians 6:1-10, I Pet. 2:18-24.

Do Americans need to learn to take orders?—Bettie Newell. Who takes orders and who gives them?—Wayne Bloodworth.

What is the ideal relation?—Roy Jameson.

Special music by Miss Lola Knierim.

Some difficulties, and how they may be overcome.—Mrs. C. A. Caffee.

## School News

### "His Uncle's Niece"

The Dougherty high school students presented a three-act comedy drama entitled "His Uncle's Niece" last Friday evening February 3 at the school auditorium. The play was well attended and a small admission fee was charged to be used in the athletic fund in the school.

Floydada musicians helped in the between acts with musical numbers. The following players appeared in the cast.

- Richard Tate, esq, a rising young lawyer—Dick Furrow.
- Francis Felton, the cause of all the trouble—David Sanders.
- Dora Hale, very much attached to the "cause"—Macel Jones.
- Alice Malcolm, a close chum of Dora's—Audrey Camden.
- Mrs. Sarah Ann Mullen, a woman of few words—Lola Knierim.
- Seimon F. Felton, Frank's uncle, who never makes a mistake—Roy Crawford.
- Philander Filmore, "humble but wise"—Elbert Custer.
- Timothy Hove, gardener at Happy Valley Junction, Thomas Camden.
- Silas Sickelmore, constable at Happy Valley—E. J. Hinsley.

### Poem Winners

In the fourth grade English class the pupils have been writing poetry and two of the best were selected by the teacher Miss Lola Knierim and are submitted for publication as follows:

### Winter Time

(By Gordon Patterson)

Winter is here  
The snow is falling  
Out on the ground  
A snow bird is calling.

Out in the field,  
The corn is brown.  
The leaves are yellow  
And falling down.

Down in the canyon,  
Down so deep;  
There's a little ground squirrel  
Lying fast asleep.

### My Mother

(By Louis Hudson Newell)

I like my mother,  
Because she is fine  
There is no other  
As good as mine.

My mother loves me,  
She tells me so  
May I ever be like she  
Wants me to grow.

### Local News

### Play February 10

The senior class will present the play "Beads on a string" Friday night at 7:45 o'clock.  
The play is a three-act comedy with eight characters. The admission is 10c for school children; 25c for a couple and 15c for adults who come by themselves.

The cast of characters is: Leonard Alexander who plays Mr. Davis; Mildred Luttrell plays Mrs. Davis, his wife; Dean Nelson plays Bennie Davis who is Mr. and Mrs. Davis' son; Dean Nelson plays Zeezalee Davis who is the mysterious girl; G. W. Smith plays Benjamin Davis, Esquire who is the rich uncle; Lorene Battey plays Jeanette Blue who is Uncle Ben's niece; Naomi Hodges plays Milly Mollerton who is Bennie's sweetheart; Milton Harrison plays Harold Beem who is Bennie's best pal; Florence Pratt plays Cleopatra, Oleomargarine Johnson, the negro maid; and Charlie Wright plays the great detective, Abner Dinkler.

Special music and readings will be given as between-act features.

The seventh and eighth grades will present the play "He Likes them Modern" Thursday night, February 9 at P. T. A.

**Wouldn't it surprise you if—?**  
C. D. were to giggle?  
Thurman made below 90 in spelling?

ing?

Dorothy did not talk plain?  
Ona Ruth and Agnes were ever together?

Mary Lois, Tiny and Ruby had anything to do with each other?  
Bonnie C. had red hair?  
Fannie Ruth laughed during school hours?

G. W. and Leonard spoke to each other during books?

Marie Smith had curly hair?  
Marie Harrison had straight hair?  
Freddie and Florence rode a horse to school?

### Did You Know That?

Friday C. A. said, "Who wouldn't be mad? I took Miss Scoggin two apples today and it wasn't examination day after all.

After Thurman's last test in History he said: "No wonder I made 40 in history test. I thought it was a geography test.

C. D. said: "I don't see why my answer was wrong. Miss Scoggin asked me why boys shouldn't strike a girl and I said because they scratch and pull hair."

Jim Carr said: "You can't trust women. I was going to marry Miss Scoggin when I got big and she made me stay in for just missing two words in spelling."  
Junior Conway says: "It isn't fair to mark a whole word wrong when you get it all spelled right but one letter."

Sarah and J. R. Sraine entered school here Monday morning in the seventh and eighth grades.

### Local News

Mr. and Mrs. Tilford Taylor and family visited Mr. and Mrs. W. C. Wright Sunday.

Mrs. R. C. Smith and Floyd visited in Post Sunday and Monday with her mother, Mrs. J. Hammonds.

### Do You Know?

Do you know when newly elected congressmen take their seats?

The terms of office of the new members of the 73rd congress who were elected last November 3, will start on March 4th. They will take their seats on the first Monday in December at the first session of the new congress unless Mr. Roosevelt calls a special or regular session after his inauguration.

What is a pound of gold worth? A pound of gold is worth about \$250. A ton of the "yellow dust" is worth nearly \$500,000 and an ounce of gold is still worth \$20.67.

Is England in Europe?  
The British Isles are regarded as a part of Europe and the inhabitants of these isles are Europeans.

### Center News

Center, February 7.—We have had quite a change of temperature since dark. Now the wind is in the north east and sleetng a plenty. May be the dirt will not blow if it keeps this up.

There was singing at the home of Harry Kelley Sunday night.  
Ben Vaughn, of Plainview, visited his aunt, Mrs. Robt. Day Sunday afternoon. Mrs. Day also had as her guests, Clarence Jones and Miss Flora Day who ate supper with her.

## HESPERETTE

Editor, Mary Anne Kimble.  
Business manager, Virgil Crawford.

Society Editor, Maxine Fry.  
Sports Editor, Malcolm Bridges.  
Local Editor, Zelda Batt.

Reporters, Sophomores Ruth Troutman, Junior, Folia Randerson, Senior, Harold Bishop, F. F. A. Harold Bishop.

Typists, Mary Louise Thurmon, Elton Goen and P. W. Bell.  
Critic, Mrs. Lon V. Smith.

Our ranking in the world depends on what we do, not on what we can do, so a shabbily dressed young man discovered when he applied to the manager of a large department store for employment.

"What can you do?" asked the manager abruptly.

"Most anything," answered the applicant.  
"Can you dust?"  
"Yes, indeed."

"Then why don't you begin on your hat?" The young man hadn't thought of that.

"Can you clean leather goods?"  
"O, yes."  
"Then, it's carelessness on your part that your shoes are not clean."

The young man hadn't thought of that either.

"Well can you scrub?"  
"Yes, indeed," was the reply.

"Then I can give you something to do. Go out and try your strength on that collar you have on. But don't come back."

It is quite important to preserve good appearance and to show one's self as being well groomed. Most anyone can afford a little soap and water, and, as cleanliness is the foundation of a good personal appearance, this is a good start. If one's clothing is also clean and in good repair, and one is courteous and good mannered; then one can do almost anything. Determine to do something and amount to something.

### Seniors Select Invitations

Senior invitations for the 1933 graduating class were selected in a Senior Class meeting January 31. The Star Engraving Company viewed the contract to supply the invitations. They are finished in Ivory with the front of the school building engraved upon the face of the invitations. The class seemed to be very pleased with the selection.

Veva Swinson, Librarian of high school has been absent from school the past two weeks on account of illness.

Juanita Switzer spent Sunday visiting in Cone.

Wilmer Jones and Jack Murchison of Tech spent the week end in Floydada.

### Whirlwinds Win Tournament

In a hotly contested game, the Whirlwinds eliminated the gangling Jackrabbits in the final game of the South Plains Basketball Tournament. The final score was 38 to 33.

The score see-sawed to and fro from the start of the game until the game was almost over then within two minutes to go, the score stood 32 to 30 in favor of Ralls. At this point Floydada started a rally that completely over whelmed their taller opponents. This game can probably be classed as the most thrilling exciting and hair raising game seen in Floydada in many years.

The whole team worked together with such smoothness and team work that it is hard to rate one member of the team above another. Little Murray was high point man of the tournament with 42 points followed very closely by Lowell Gamblin, also of the Whirlwinds, who made 38 points.

Floydada eliminated Lorenzo in the first game of the tournament Friday night; the game was slow due to the superiority of the Whirlwinds over the opposition. The result was 42 to 22 with the Whirlwinds being victorious. The second game played Friday night was between Matorador and Lakeview. Matorador won 33 to 32. Saturday morning at 10:00 Ralls turned back Dougherty by a large margin of points. Floydada downed Matorador Saturday afternoon. The score was Floydada 49 Matorador 27. The game was close and interesting during the first half but in the second half the Whirlwinds opened up and showed the Matorador Bullfighters how plain and fancy basketball was played. In the other game played Saturday afternoon, Lakeview downed Lorenzo by a top heavy score. Saturday night Lakeview played Dougherty to decide the champion of the consolation flight and winner of third place in the tournament. These two Floyd County schools really gave the spectators some thrills with their keen spirit of rivalry prevailing. The score was tied not less than ten times during the game. In the final minutes of play Dougherty forged ahead and won by the score 34 to 22.

After the games Saturday night, Superintendent A. D. Cummings presented the first, second, and third place winners the awards offered for the first three places in the tournament. Floydada won first place, and was awarded a beautiful trophy and eight individual gold basketballs. Ralls won second place and was given 8 silver basketballs. Dougherty received the basketball used during the tournament, for third place honors.

### All Tournament Team

## Mr. and Mrs. Arwine Entertain Club.

Mr. and Mrs. J. A. Arwine entertained the Friendship Bridge Club last Friday evening at their home, West Missouri Street, with four tables at play. Tally cards representing Historical characters told the players their different partners and places to play.

Dainty refreshment plates were passed to Mr. and Mrs. L. T. Bishop, Mr. and Mrs. A. B. Keim, Mr. and Mrs. R. B. Rosson, Mr. and Mrs. T. P. Collins, Mr. and Mrs. B. K. Barker, Mr. and Mrs. Robert McGuire, Mr. and Mrs. Walton Hale and Mr. and Mrs. J. C. Gilliam. Mr. and Mrs. McGuire held high score.

The club will meet Friday evening, February 17 at 8 o'clock with Mr. and Mrs. Robert McGuire.

## San Souci Club Meets With Mrs. A. D. Cummings.

San Souci Bridge Club met Wednesday afternoon with Mrs. A. D. Cummings as hostess. The Valentine motif was cleverly carried out in the decorations.

High score for the guests was won by Mrs. Calvin Steen and for the members by Mrs. Jeff Welborn.

Members present were Mesdames Terrell Loran, Polk Goen, Geo. McAllister, Jeff Welborn, Bill Daily, Leroy McDonald, R. B. Rosson, and Jack Deakins. Guests playing were Mesdames Walton Hale, Tony B. Maxey, Rex Westerfield, and Calvin Steen.

Mrs. Jack Deakins will entertain the club Wednesday afternoon of next week at 2:30 o'clock.

## Pla-Mor Club Meets with Mr. and Mrs. Steen.

Suggestions for Valentine used in decorations, refreshments and appointments by Mr. and Mrs. Calvin Steen when they entertained the Pla-Mor Contract Bridge Club last Thursday evening. Pink and green was the chosen color scheme.

Mrs. John Reagan played as a guest at the club. Members playing were Mr. and Mrs. Luther Fry, Mr. and Mrs. J. I. Hammonds, Mr. and Mrs. Richard Stovall, Mr. and Mrs. Jack Henry, Mr. and Mrs. H. B. Sams. Mr. and Mrs. Sams received high score.

Mr. and Mrs. Fry will entertain the club Thursday evening, February 16 at 7:45.

## Mr. and Mrs. Cummings Entertain Ace Club.

The Valentine motif was stressed in the appointments and decorations Tuesday evening when Mr. and Mrs. A. D. Cummings entertained the Ace Bridge Club at their home 513 West Virginia Street. The members playing were Mr. and Mrs. Odus Stephen, Mr. and Mrs. J. D. McBrien, Mr. and Mrs. C. J. Hollingsworth, Mr. and Mrs. T. W. Whigham, Mr. and Mrs. L. J. Welborn and the host and hostess.

At the conclusion of the games Mrs. Stephen and J. D. McBrien held high score. Mr. and Mrs. Hollingsworth will entertain the club February 21 at 7:45.

## Mrs. Snodgrass Hostess to Club And Guests.

George Washington decorations in bridge accessories and refreshment plates were carried out by Mrs. Glad Snodgrass Tuesday afternoon at the regular meeting of the Clover Leaf Club. Small cherry trees were used as table centers and hatchets as plate favors.

Invited guests of the afternoon were Mrs. C. L. Minor, Mrs. H. B. Sams, Mrs. V. Williams, Mrs. S. W. Ross, Mrs. R. E. Fry, Mrs. O. P. Rutledge, and Mrs. E. L. Angus; members of the club present were Mrs. Edd Johnson, Mrs. H. O. Pope, Mrs. R. Fred Brown, Mrs. E. L. Norman, Mrs. Paul Jacobsen, Mrs. J. B. Bishop, Mrs. W. I. Cannaday, Mrs. A. S. Hollingsworth and Mrs. E. P. Nelson. Mrs. Bishop will be the next hostess February 21 at 3 o'clock.

## Owl's 42 Club Entertained at Brown Home.

Stressing the Valentine motif in appointments and refreshments Mrs. and Mrs. W. Edd Brown were hosts to the Owl's 42 Club in the regular meeting at their home Tuesday evening. Mr. and Mrs. Leek Moreman, Mr. and Mrs. Harry Morekel and Mr. and Mrs. S. W. Ross played as guests with the club members.

Members playing were Mr. and Mrs. G. A. Linder, Mr. and Mrs. R. E. Fry, Dr. and Mrs. Geo. V. Smith, Mr. and Mrs. C. L. Minor, Mr. and Mrs. O. P. Rutledge and Mr. and Mrs. Lon M. Davis.

Mr. and Mrs. Folley will be hosts to the club February 28 at 7:45.

## James Thurmond Bishop Honoree at Birthday Party.

Mrs. L. T. Bishop entertained with a party last Thursday afternoon from 3:30 until 5:30 honoring her little son, James Thurmond, on his eighth birthday. Various games were enjoyed by the children till the lovely white birthday cake decorated with candles was served with other refreshments.

Those enjoying the afternoon were Gene Loran, Joe Arwine, Bryan Collins, Billie McClung, Herschel and Emmitt Hinson, Virgil and Macyl Boeteler, Kenneth Baird Bishop and the honor guest, James Thurmond Bishop.

Henry Hancock, of Tucumcari, N. M., spent the week-end with his father, A. W. Hancock. He returned Monday.

## Starkey News

Starkey, Feb. 7. The Senior B. Y. P. U. from Floydada brought a program to Starkey Saturday night. Rev. I. J. Lloyd filled his regular appointment Saturday night and Sunday.

Mrs. J. W. Howard of Floydada visited in this community last week. Rev. and Mrs. I. J. Lloyd, Mr. and Mrs. Watson and T. R. Atkinson visited Mr. and Mrs. Tommie Atkinson Sunday.

Miss Myrtle Clendennen spent the week end at her home at Cedar. Mr. and Mrs. John Lott, Miss Floy Lott, Roberta and Carmen Ferguson spent Sunday in the Homer Stehler home.

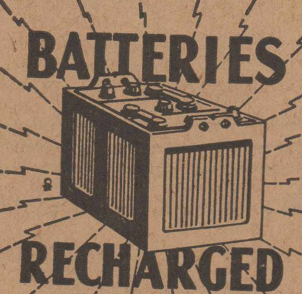

Mr. and Mrs. V. C. Permenter spent Sunday in Floydada visiting her parents, Mr. and Mrs. Griggs. Mr. and Mrs. Denton have moved into our community.

A number of folks enjoyed the singing at Bill Days Sunday afternoon. Mr. Cox, Miss Cox and Mr. and Mrs. Jones visited their sister, Mrs. Mara over the week end. Mr. and Mrs. Lou Carter have moved to McCoy.

The following pupils made a B average last month and are on the honor roll: first grade, Almeda Sargent, Inez Stehler, Robbie Gene Howard, Billie Clyde Williams, Beal Ferguson, J. W. Permenter, Thula Moore; second grade, Sadie Holmes; fourth grade, Bobbie Atkinson and Dulon Sargent; fifth grade, Jimmie Lott; sixth grade, Iona Sargent, Leone Holmes and Ruby Day.

## A LARGE EGG

A hen egg of immense dimensions considering the kind of fruit that it is, is being shown this week by W. S. Goen. The egg was laid by one of the hens in his barnyard and he picked it up Wednesday. It measures seven and five-eighths inches long and six and one-fourth inches around. It is perfect in shape and has a normal appearing shell except for the size. The egg is on display at the Kirk & Sons store.

**BATTERIES RECHARGED**

**MRS. ROGERS CONVALESCING**  
Mrs. Gladys Rogers, of Memphis, is continuing to show satisfactory recovery this week. She is in the hospital here, where she underwent a major operation ten days ago. She is a daughter of Rev. and Mrs. I. A. Smith.

Mr. and Mrs. J. L. Thomas left this morning for Groom where they will make their home and Mr. Thomas will manage a wholesale oil station.

W. E. Meador returned home Friday after spending the past month with his sister at Guyton, Oklahoma.

Office Supplies, Hesperian Publishing Co.

**WOOD FOR SMOKING PIPES**  
What American woods are the best substitutes for French briar in the manufacture of pipes is a question recently asked the Forest Service, of the United States Department of Agriculture.

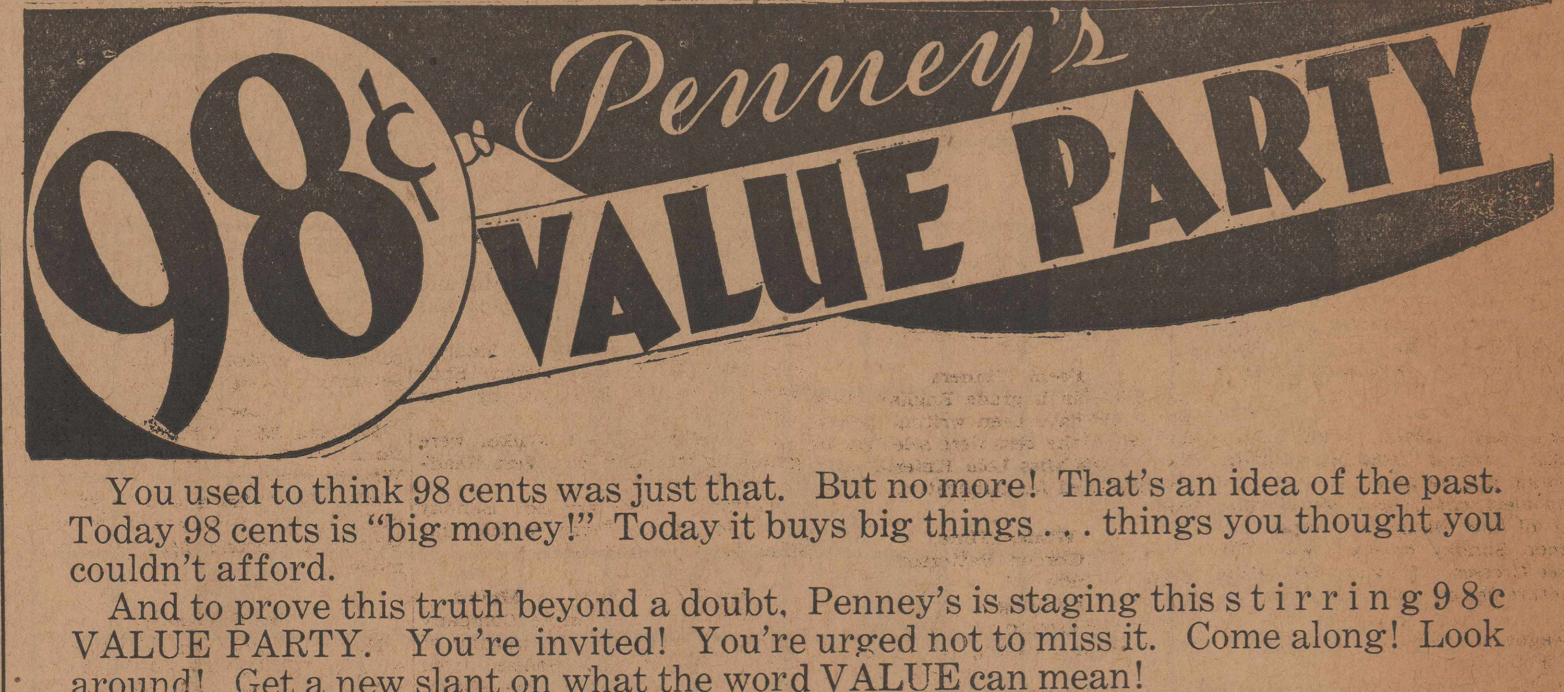

Two shrubs found in California, manzanita and wild lilac, have burl which, the Forest Products Laboratory believes, are a very fair substitute for French briar. Of the two, wild lilac appears to offer the greater commercial possibilities, owing to the larger size of its burls and their more frequent occurrence. Qualities sought for in woods for pipe bowls are high resistance to charring, freedom from warping and cracking, attractive figure, ability to take color and polish, and a "sweet" taste in continued use.

### SHERIFF'S SALE

THE STATE OF TEXAS,  
County of Floyd  
NOTICE IS HEREBY GIVEN  
That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, on the 2nd day of February, 1933, by Roy O'Brien Clerk of said Court for the sum of Thirteen Hundred Forty Seven (\$1347.50) and 50/100 Dollars with interest at the rate of 10 per cent per annum, from November 10th 1932 and cost of suit, under a judgment, in favor of Clara Lee Scott in a certain cause in said Court, No. 2509 and styled Clara Lee Scott vs. Kathryn Snashall and that on the first Tuesday in March, 1933, the same being the 7th day of said month, at the Court House door, of Floyd County, in the Town of Floydada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Kathryn Snashall.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian a newspaper published in Floyd County, Texas. Witness my hand, this 20th day of January, 1933.  
E. S. RANDERSON,  
Sheriff, Floyd County, Texas.

Also on the same day and hour as above the Commissioners' Court will receive sealed proposals from any banking corporation, association or individual banker in Floyd County as may desire to be selected depository for trust funds in the possession of the county and district clerks of Floyd County. Said district

the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian a newspaper published in Floyd County, Texas. Witness my hand, this 20th day of January, 1933.

## Ex-Service Men Favor Government Expenses Think Hospitals Needed

Held at Local Thursday Night; Economy League.

Members of Floyd County Thursday night at the American Legion in Floydada are discharging their duty by granting of compensation to those who are holding up the flag and physically able to do so but whose occupation or business does not afford them the opportunity for approval of funds for hospital care and for care of those suffering from illness or injury and who are unable to do so.

At the meeting held last Thursday night, the members present indicated that a reduction of government expenses as much as possible is the first thing that should be done. They believe it fair and just that the government should take care of those who have served the country and who are unable to do so.

The main topics for discussion were National Economy League attacks on the ex-service men. Those making talks were Post Commander W. H. Blakemore, Past Commander J. H. Kuykendall, of Plainview, Commander Bob Hulbert, of Plainview; H. M. Mason, of the Willie Landrum, Judge L. G. Matlock, Judge H. D. Payne, of

and cakes were served as well as old-time songs in the hall. The gang's All There's a Long Long Trailers were sung. Clarence finished the music for the evening by singing several special songs.

Members were assisted by local McDermott and is chairman of the membership committee.

LEASING SCHOOL WEEK AT LUBBOCK  
O. Cline and R. C. Patton Thursday and Friday in Lubbock where they attended a lubricating school conducted for operators of stations and employees of the Standard Oil Company. The sessions were conducted at the Lubbock Hotel.

STEWART'S FATHER IS SERIOUSLY ILL AT MELROSE  
B. Stewart and family left Thursday last week for Melrose, New Mexico, after receiving a message that his father was seriously ill. His father had been ill with influenza and was improving when he suffered a stroke of paralysis.

Mrs. J. B. Pace Jr. of Tahoka, and James Badget of Otona spent last Wednesday and Thursday visiting their aunt, Mrs. S. W. Ross and her relatives.

## Mrs. L. C. Wheeler Is Ad Limerick Winner

Mrs. L. C. Wheeler of Blanco community this week was awarded first place and two free guest tickets to the Palace Theatre in the Hesperian Limerick Contest.

The contest which has been continuing for 14 weeks was concluded with the suggestion run last week on the Want Ad page.

Second place was given G. A. Linder, city, and he will receive one free guest ticket.

The winners will have an opportunity to see "Prosperity," the "scream of the year" with Polly Moran and Marie Dressler.

Mrs. Wheeler's limerick was very similar to others submitted and the judge had to work overtime to select the best one. Here's the winner:  
"N is for nursery stock  
Its need is mighty strong  
If you use a Hesperian ad  
You'll get results right along."  
Another Want Ad contest may be started soon, so watch for it and read the want ads regularly.

Among those submitting limericks this week were Augusta Fae Osburn, Oneca Hamilton, Charlie E. Wright, Lila Parrish, Sentia Atkinson, Roy Atkinson, and Ruby Joe Atkinson.

## Preston Bullard Hurt In Motorcycle Accident

Preston Bullard, 19, son of Mr. and Mrs. G. M. Bullard, who reside 12 miles northeast of Floydada in the Fairview community, was taken to the Smith & Smith Sanitarium about 8 o'clock Thursday night of last week following an accident on a motorcycle. An examination showed that he suffered a concussion of the brain when the machine which he was riding overturned.

The young man was rushed to the sanitarium accompanied by his brothers Gordon and J. C., his father and others.  
He was only conscious for a few minutes Friday and Saturday but his condition showed improvement over the week-end.

Little Guy Moreland of Trick is visiting his grandparents, Mr. and Mrs. C. W. Murphy.

The following pupils made the highest grades on mid-term finals: fourth grade, Nell Ballard, 91 1/5; fifth grade, Henry Ballard, 87 4/5; seventh grade, Cornelia Ballard, 81 2/5.

Chas. Berry, of Tulla, was a business visitor in Floydada Monday.

## Not What We Thought

Sometimes we plan and the plan does not reach fulfillment as we sometimes expect.

You will now find me doing business in the Ulmer White building on the alley EAST of the Court House square where we started eight years ago, with a complete line of tools to do your blacksmith and general repair work.

Electric and Acetylene welding, Lathe work and milling machine work.

Thanking you for your patronage in the past and still with the utmost confidence in the people of Floyd County. I am still expecting to serve you for many more years with high class workmanship.

JOHN A. ENOCH

## Get Rid of That SORE THROAT!

Any little soreness in the throat grows rapidly worse if neglected. Crush some tablets of genuine Bayer Aspirin in some water, and gargle at once. This gives you instant relief, and reduces danger from infection. One good gargle and you can feel safe. If all soreness is not gone promptly, repeat. There's usually a cold with the sore throat, so before gargling take two tablets to throw off your cold, headache, stiffness or other cold symptoms. Bayer Aspirin relieves neuralgia, neuritis, too. You may use it freely, it does not hurt the heart.

NO TABLETS ARE GENUINE BAYER ASPIRIN WITHOUT THIS CROSS

**HIGHEST TEST**  
GRAVITY FROM 65.6° to 80.5°  
WITH CONTROLLED VOLATILITY

... but they can't copy Phillips 66 results

## ... but they can't copy Phillips 66 results

WHAT has made Phillips 66 the most talked about gasoline in the industry? Why has Phillips 66 achieved the fastest and most sensational success ever recorded in the history of motor fuels?  
How has Phillips 66 made tremendous sales gains in the face of strongly entrenched competition, in a period of distinctly unfavorable conditions?  
*What is the answer?* It isn't Phillips advertising... because others have already imitated our claims and even our phrases. It isn't the courteous service of Phillips driveway salesmen... because all service station men are trained to be prompt and helpful.  
So common sense tells you that the answer lies in something that *can't be copied*... in the dramatic and outstanding results given by Phillips 66, the greater gasoline.

You actually feel the difference the very first time you step on the starter. Whir-r-r! In a fraction of a second, even a cold cranky engine hums into action. And it is smooth, sputterless action. Touch the gas... and you're away in a flash with a genuine thrill of extra power and response. Improved pick-up and get-away.  
Yes, sir! No question about it, once you have felt that difference! You get far finer performance from old car or new, with the honest high test of Phillips 66. And is it high? Right now, Phillips 66 gravity ranges from 65.6° to 80.5°, and DOES NOT cost 3¢ extra per gallon.  
This honest bargain is possible only because Phillips is the world's largest producer of natural high gravity gasoline. So watch your gauge, and the next time you need gas, Phill-up with a trial tankful of genuine Phillips 66 at the Orange and Black 66 shield.

What is CONTROLLED VOLATILITY?

In gasoline, volatility is that quality which makes it deliver perfect performance at any temperature. Since the weather can't be controlled, the only way to insure perfect performance is by CONTROLLING the VOLATILITY—increasing the volatility as the temperature drops. Phillips 66 is the gasoline with Controlled Volatility. That is why it always gives instant action even in below-zero weather... faster warm-up... flashier acceleration... more miles... less carbon and crankcase dilution. Phill-up with Phillips and you will feel the difference, because right now—this month—  
**PHILLIPS 66 HAS 78% MORE VOLATILITY** than any other leading gasoline.

## A LIGHTING TEST

Can you see to read or sew comfortably in every chair in your living room without annoyance from the glare of unshaded wall brackets or ceiling lights?  
Are the lights in your living room so placed that every member of the household can read comfortably at the same time?  
Is it possible to sit at your desk or secretary and not have your hand shadow the lines you are writing?  
Can the children do their homework without straining their eyes?  
When you sit at the dining table, is the light on the floor or in your eyes?  
When you work at any working surface in your kitchen, are you not being in your own light?  
When you see both sides of your face at the same time, is there no shadow or error of your dresser?  
Are the sets adequately lighted?  
If your home cannot pass this test, it is not properly lighted.

LIGHTING COSTS NO MORE THAN POOR LIGHTING AND GOOD LIGHTING SAVES EYESTRAIN.

**Texas Utilities Company**

### District Court Opens Without Defendants Or Witnesses Wednesday

Wednesday morning, set down as the date for taking up the criminal docket in Floyd County District Court, court was formally opened by District Judge Bain with only eight of a venire of thirty-six jurymen present and no defendants or witnesses whatsoever. However, the unusual sub-zero weather of the morning and of the day previous were the cause and the judge and district attorney readily saw the situation. No fines were assessed, and the criminal docket was re-set for Monday morning of next week.

Later in the day the remainder of the veniremen appeared and the civil docket was taken up. Among the cases disposed of during the past few days are the following:

Edwin and Mary Lou Hammonds against Lee A. Rogers and others, a suit for foreclosure of lien on 102.5 acres of land in Castro County. Judgment was rendered on evidence submitted for the plaintiffs.

First National Bank against J. U. Borum, foreclosure on chattel mortgage lien. Judgment given for \$41.38 on which a credit of \$35.33 was set up as proceeds from a recent sale of merchandise and fixtures.

Artie Baker was given a judgment for title to all of the west one-half of Section 22, Block B-4, A. B. & M., in Floyd and Briscoe Counties, in a suit against Geo. T. Meriwether and the Citizens' National Bank of Lubbock. Meriwether was dismissed as a defendant and judgment rendered as against the bank for title to the land.

Felix West was given a decree of court removing his disabilities as a minor for all purposes except voting in court last week-end.

Thelma C. Kincheloe was granted a decree of divorce from L. L. Kincheloe this week.

In the suit of the R-H Implement Company against O. W. Fry, Bob Muncy and the First National Company of Lockney, the last two named were dismissed as defendants and judgment for plaintiffs given as against O. W. Fry. The suit involved money on farm machinery and repair parts.

The jury venire summoned for Monday morning is as follows: Sim Reeves, Z. C. Cummings, O. E. Stevenson, C. C. Huckabee, J. M. Harrison, H. E. Cannaday, H. C. McCormick, E. L. Angus, C. M. Lykes, C. N. Batten, N. A. Armstrong, G. Milton, Geo. H. Pigg, C. A. Cumble, John Holmes, R. H. Carmichael, R. H. Peel, W. P. Sims, Poyner Roberts, J. G. Wood, Dozier Dillard, Noel Troutman, T. J. Gill, D. H. Widener, P. M. Smitheerman, F. A. Dickett, T. H. Boedeker, W. H. Betha, A. T. Swepston, W. F. Weather, R. M. Bullock, P. L. Feagans, W. Jetton, John Boatman, John Bell, and Frank Busby.

### Sub-Zero

(Continued from page 1) The middle of the morning Tuesday. Heavy drifts on the highways delayed traffic in every direction and held it at a standstill.

**Snow Protects Wheat** Sufficient snow fell, according to farmers and grain men, to protect the majority of the growing wheat in the county, though the average moisture will not be sufficient to prove of material benefit, because of the drifting it was stated.

Winter's icy grip stopped street work in Floydada. The sub-zero temperatures put an end to brisk trading in Floydada stores have enjoyed the past two weeks. Balmly weather that had prevailed with a few sandstorms for good measure for the past three weeks changed instantly to winter.

A popular subject of conjecture Tuesday and Wednesday in town was the exact date and the reading of the coldest day on record in Floyd County.

So far as official reports indicate, the coldest date was in February, 1899.

The story in The Hesperian on January 17, 1918, quoting the late Judge W. T. Montgomery reads as follows: "The coldest day Floydada has experienced in 18 years, and very probably for many years before that time was February, 1899. On that date a snow storm similar to the one of last week, fell. It lasted two days. The wind was hardly so hard, but more snow fell. At that time, however, the temperature fell below zero while the gale was still on, according to Judge W. T. Montgomery, and reached 18 below during the spell."

**Got 16 Below** W. C. Cates recounted that in 1918 on January 10 the thermometer reading showed 16 below at his place. "It was 16 below according to our thermometer but I figure that 12 below was about right."

He said that many cattle were frozen to death that year, which was the most severe cold spell in Floyd County that he recalled.

Records of The Hesperian indicate that the mercury fell to 6 degrees below zero on January 17, 1930.

Mrs. Jim Willson and baby son, David Richard, returned home Friday from Fort Worth. She had been there several weeks. She was accompanied by Mrs. Wilson Kimble who had been at the bedside of her mother, Mrs. E. M. McClintey, of Aledo, who had been ill. They were met in Vernon by Mr. Willson and Max Ellison and the group returned from there by automobile.

### A Farmer's Life

"As He Lives It" BY ED HOLMES (Station C. E. H. Farm)

The norther that struck this farm last Monday will be hard to forget. It cost us plenty of feed and lots of hard work. One of our heifers that happens to be a very easy milker came near being in bad shape Tuesday morning. If you don't milk her on time, the milk will stream out. This had happened Tuesday and there was a big icicle formed and was frozen far up into the teat. More trouble can happen to a farmer than anybody. Every farmer needs more shelter but can you make the stock pay for them now?

The other day I had a long distance call from Oklahoma City wanting me to buy some stock on the New York Exchange! Can you figure that, and me a farmer of 1933?

The type of plays being brought to our stage by other communities in exchange for our plays, makes us proud of the community organizations. We sell season tickets for 75 cents and get 8 plays. Boys, seeing those plays is worth the money and trouble.

The officers and directors of Floyd County's Farmer's and Home Owner's Protective League are getting hot and bothered! Some of those gray headed men mean to stop something or start something. I get dizzy listening to facts presented by these men. It seems that we are not yet hungry enough to organize. How much longer?

Two farmers in the last week asked me what was the trouble with their pigs when they refused to grow and would squeal every time something touched them. The pigs just refused to eat good feed that was set before them. Do you have some like that? One of the boys asked me to perform an autopsy. I didn't know anything about that but told him if he would bring me the dead pig, I would cut the pig open and show him the trouble. Well, he brought the pig to me in a three-gallon bucket and I found one quart of the commonly known round worms in the intestines. These worms are about 8 inches long and a little larger around than a match stem. He wasn't feeding pigs. He was feeding worms! You cannot grow pigs year after year on the same ground or in the same house and keep them free from round worms. A permanent hog barn will run any farmer out of the hog business. At the present price of hogs, a system of sanitation that will prevent worms will cost more than the pigs will sell for.

Why not build a small individual hog house, say six to eight feet square and four to five feet high? One that you can move from place to place. Hogs are like Indians, they will not practice sanitation, so why not use their style and move from place to place, without spending time or money trying to clean up? It will soon be time for your spring pigs to arrive. What are you going to do about it? Tear that old shed down, build a small house and move it onto a clean spot in your wheat pasture. Wash your sow with soap and water, cover her entire body with second run oil about one week before she is to farrow then move her to the new house. Be on hand when the sow farrows and again wash her udder with lye soap. If you don't go into the hog business, don't get into the hog business, lose money on your hogs and cause your neighbor to lose money on account of over-production that is followed by low prices. Don't take these hard times as an excuse and say you can't. Start planning and working RIGHT NOW!

**FRED NABORS RECOVERS** Fred Nabors is recovering from burns sustained recently at the Boothe Mill & Elevator when the natural gas engine back-fired when he was "priming" it with gasoline. Gasoline was thrown on his left hand and arm and he was severely burned before his sweater and shirt could be removed. Timely assistance by Alpha Boothe and C. W. Henderson, fellow employees, in removing Nabors' clothing and in extinguishing the flames prevented possible serious injuries.

### Mrs. C. E. Meredith's Brother, C. A. Dawes, Is Buried Saturday

Funeral services for Charles A. Dawes, 64, who died at the home of his sister, Mrs. C. E. Meredith, Sr., of this city, were held Saturday afternoon at 2:30 o'clock at the First Baptist Church with Rev. C. J. McCarty, of Lubbock, in charge.

Mr. Dawes came to the home of his sister here about six weeks ago and was ill at the time. Pneumonia developed and he died at 4:15 o'clock Friday morning.

Interment was made in Floydada cemetery with details handled by the F. C. Harmon Undertaking Company.

Mr. Dawes was born March 25, 1868, in Louisiana and came to Texas about 1907 and made his home at Lockney where he resided four or five years, moving from there to Lubbock County.

Surviving relatives include three sisters, Mrs. Eva Weaver, of Denver, Colorado; Mrs. Dottie Simmons, of Gerard, Texas; and Mrs. C. E. Meredith, city; two brothers, F. R. Dawes, of Clarks, Louisiana, and Lee Dawes, of El Paso, Texas.

Flower girls were: Misses Fannie Bolding, Lula Belsler, Mabel Tubbs and Clara Belle Goughly.

Palbearers were as follows: R. C. Ross, W. P. Sims, Leo Fritzel, Joe Breed, G. N. Shirey, and E. E. Hinson.

### H. T. LIVINGSTON HAS OPERATION WEDNESDAY

H. T. Livingston, who resides one mile west of town, underwent an operation at the Plainview Sanitarium Wednesday afternoon at 2 o'clock. He was resting well when Dr. J. S. Rinehart left the sanitarium at 4:30 yesterday afternoon to return to Floydada.

He had an operation for a stone in the bladder. He was taken to Plainview by Dr. Rinehart Sunday.

Dr. Rinehart reported that Miss Jewel Box, daughter of Mr. and Mrs. Sam Box of Sand Hill, was improving at the Plainview Sanitarium. She has been suffering for several months with osteomyelitis, a bone infection caused by an injury. She will have to remain in the hospital for another month, possibly, Dr. Rinehart said.

### E. F. EASTRIDGE RESTING WELL FOLLOWING OPERATION

E. F. Eastridge, who underwent an operation in a Plainview hospital two weeks ago, was resting well the first of this week and recovering satisfactorily, relatives here were advised.

Eastridge, who is a veteran of the Spanish-American War, spent several months of last year in a veterans' hospital at Alexandria, Louisiana, returning home shortly before Christmas.

### R. R. CLOUD IS MANAGER AT PLAINVIEW LBR. NOW

R. R. Cloud, former resident of this city, is now manager of the Plainview yard of the Panhandle Lumber Company, succeeding R. J. Willis who has gone to Silvertown to manage the company yard there, according to information received here last week.

Mr. Cloud was manager of the South Plains Lumber Company here for several months, having moved from Floydada to Shamrock in 1930.

Mrs. G. L. Kirk returned home Tuesday from Plainview after undergoing a tonsil operation at the sanitarium there Sunday.

P. M. Felton and family have been moving this week from their place of residence on South Main Street to their farm home east of Floydada.

Misses Oleta Jackson, Myrtice Meador, and Bonnerea Stephens spent the week-end visiting friends in Lubbock. They returned home Sunday.

### CHURCHES

#### BAPTIST WORKERS MEETING DATE MOVED TO TUESDAY, FEBRUARY 14, AT CENTER

Change in the date of the meeting of the Floyd County Workers Meeting of the Baptist Association to Tuesday, February 14, was announced yesterday by Rev. S. R. McClung and Rev. G. W. Tubbs. The meeting will be held at Center.

Everyone who attends has been asked to bring a dish for the noon lunch. The meeting had originally been set for this week but was postponed because of inclement weather.

The program will be as follows: 10:00 Devotional, Matt. 28:17-20. R. L. Shannon.

10:20 Why have a Standard Sunday School—Rev. R. E. Harrison. 10:35 Best way to create and maintain interest in Sunday School—Rev. W. J. Ray.

10:50 Need of training school and Teacher's Meeting—Rev. S. R. McClung. 11:00 B. T. S. What it means to the church—Rev. Roy Clayton. 11:20—Sermon—Rev. W. M. Lawrence. 12:00 Lunch. 1:30 What my church means to me—Round table discussion lead by Deacon C. L. Glenn.

2:00 Board Meeting. 2:30 W. M. S. Meeting. 2:30 Relation of W. M. U. to church—Mrs. Dick. 2:45 Teaching Missions—Mrs. G. A. Linder. 3:00 Inspirational Address—Rev. W. B. Fitzgerald.

#### PREACHING NOTICE

Bro. Brewster will preach at Liberty school house Sunday, February 12 if the weather permits. His subject will be found in the 25 chapter of Matthew verses 41, 42-43.

We will also have Bible study at 10 o'clock from International Bible School Quarterly. Come let us study together some of the truths that float upon the bosom of the ocean of God's revelation to man. The Lord's Supper will be observed following the morning sermon as did the early Christians Acts 20:7. We are looking for you don't disappoint us.

#### CITY PARK CHURCH OF CHRIST

There was a good increase in attendance at all services last Lord's day and the interest was fine. We are asking for one hundred in the Bible study next Sunday at 10 o'clock. Come and bring some one with you.

The sermon by Brother Wright Randolph at the morning services will be at 11 o'clock and the subject will be "A Scriptural Church."

The Young peoples' meeting will be at 6:30. Sermon 7:30 and the subject will be "Divine Institutions." Everybody invited to attend all services.

#### CHURCH ANNOUNCEMENTS

Rev. G. W. Tubbs, pastor, will fill his appointment with the Mr. Blanco Baptist Church Saturday at 11 a. m., and preaching will be followed by church conference.

Schedule Sunday, Sunday School at 10 a. m., preaching at 11 a. m., B. Y. P. U. at 6:30. At 7:30 a program of sacred songs will be given by the Floydada Quartette.

Rev. Tubbs will preach Sunday afternoon at 4 o'clock at Pleasant Hill School house.

Everybody is cordially invited to attend these services.

#### ATTEND RALLS SERVICES

Among those attending church services at Ralls Sunday from Floydada at the Presbyterian Church were the following: Rev. W. H. Cheatham, B. F. McIntosh, Misses Julia Cheatham, Capitola Hard-

groves, Minnie Anon Stanley, and Audrey Stiles. A revival meeting was opened there Sunday morning.

#### MRS. PROBASCO LEADER OF STUDY FOR W. COUNCIL

Mrs. M. L. Probasco was leader of the lesson study for the meeting of the Woman's Council held at the church Monday afternoon. Mrs. R. Fred Brown, Mrs. E. C. Nelson, Mrs. J. A. Enoch, Mrs. W. Edd Brown, Mrs. J. B. Jenkins and Mrs. Harry Morckel gave interesting parts on the program.

Miss Myrtice Meador will be leader of the lesson study for Monday afternoon, February 13 at the church at 3 o'clock.

#### PORTERFIELD SOCIETY CONCLUDES BIBLE STUDY

The Porterfield Society of the Methodist church met at the church Monday afternoon and concluded the study, "Open Gate to Prayer" with Mrs. Paul Jacobsen as leader. They will begin the study, "The Fourth Daughter of China," at the next meeting which will be held at the church February 13 at 3:30.

Mrs. Jacobsen will also be leader of the new study.

#### SOCIETY MEETS AT CHURCH

Fifteen members of the Baptist Woman's Missionary Society were present at the meeting Monday afternoon at the church when the pastor, Rev. S. R. McClung, conducted the Bible study.

The meeting for Monday, February 13 will be circle meetings. Rose Walker circle will meet at the church in an all day meeting Monday; Blanche Groves circle will meet with Mrs. J. D. McBrien at 3 o'clock and Bernice Neal circle meets with Mrs. J. T. Dawson.

#### METHODIST W. M. S. MEETS IN BUSINESS SESSION

The Methodist Woman's Missionary Society met at the church Monday for their regular monthly business session with Mrs. Wilson Kimble, president, presiding. Mrs. Geo. V. Smith was elected as local treasurer to succeed Mrs. N. W. Williams, who recently resigned. Mrs. G. F.
