Hewitt, Mrs. Leon Creel gave a review of the founding of the National P. T. A. She presented Mr. Ward Pendleton who spoke on Civil Defense. Our next meeting will be March 12, at 2:30, at which time the new officers for the coming year will be elected.

We would like to call your attention to National Poison Prevention Week, March 15-21. Each year about half a million young children are accidentally poisoned by common household products and medicines. Parents and others responsible for the care of children can prevent such accidents through proper storage, handling and disposal of potentially toxic substances—for example, liquid cleaners, paint thinners, varnishes, bleaches, rubbing alcohol, kerosene, fingernail polish removers, hair tonics, aspirin and various other medicines, insecticides, and rodent killers.

Ronald D. Stephens candidate for county attorney

The Texas Highway Patrol investigated accidents on rural highways in Young County during the month of January, according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These wrecks accounted for 5 injured persons and an estimated property damage of \$4,005.00.

The Sergeant reminded motorists that Texas along with every other state in the nation many years ago enacted a safety responsibility law to meet the problems created by irresponsible operators of vehicles on our streets and highways. This law is intended to encourage all motorists to become financially responsible and to promote highway safety by identifying those

drivers and owners of motor vehicles who will not assume their moral and legal obligations to society and therefore should be removed from the highways.
