Wheat Giving Good Feeding Results In N. A. Armstrong Lots

Both Hogs And Cattle Being Fat Fed By Dealer On Cheap Wheat of Year.

Wheat as a fat-feeding ration is proving entirely satisfactory as a substitute for corn, maize or kaffir corn in the feed lots of N. A. Armstrong, who has for years been one of the leading shippers of cattle from the south plains area. Although with the ranges in poor condition, he has reduced his outside operations, he has enlarged his feeding operations to handle practically the same volume on the markets as in a normal year.

His feeding operations began early in the year and Mr. Armstrong has marketed a thousand head of finished cattle since February, handling them through his feed lots here. Last week he shipped four loads of hogs to the Fort Worth market, and 92 head of one and two-year-old steers on the Kansas City market, with 300 head more to go during the next few weeks. Two weeks ago he had two loads of fat cattle on the Kansas City market.

Two months or more ago when wheat became so cheap that it represented the lowest feeding material on the market, Mr. Armstrong began using it in his feeding operations and declares his live stock made good gains on it. He caked his cattle lightly through the spring and summer and began the fat-feeding operations August 1.

Lions, Rotarians Hear Builders' Program At Club Meet Wednesday

The prosperity of the country is bound up in the welfare of the builders, trades, and citizens of every community of the nation should bestir themselves to see that an era of building is resumed—an era of construction of good homes, and highways and business structures—members of the Lions and Rotary Clubs were told at their weekly luncheon Wednesday noon.

This message was brought to the club members in a unique and forceful talk by C. C. Trapp of Oklahoma City, representative of the Lehigh Portland Cement Company, who illustrated his talk with stereopticon lantern slides. Mr. Trapp was accompanied by Floydada by Fred Lyon, of Amarillo, also a representative of the company, and their appearance here was under the auspices of members of the local builders craft, dealers and contractors.

That every citizen should awaken to the necessity and importance of building good, permanent homes and pointing out the fallacy of awarding contracts strictly on the basis of "the low bidder," were two points stressed by the speaker, who also pointed out that building materials and other costs were the lowest at this time in a long period of years. The builders' industry is at the lowest ebb in many years history of the country, he declared, suffering seriously, while the need of more homes is also becoming an important economic problem.

The building trades of the community were well represented at the luncheon, among the builders and dealers not members of the clubs, who were present being J. O. Wilkes, R. H. Willis, W. A. Gound and H. M. McDonald, contractors and T. W. Quirk, dealer.

Trucks Collide; One Overtakes On Square

R. P. Graves and Tate Jones of the Baker community were shaken up and slightly bruised when the truck in which they were riding turned over on the northeast corner of the square Monday afternoon at 1:50 o'clock when struck by a service car driven by J. N. Guillion. Mr. Graves suffered painful bruises about the face and head but he was not seriously injured.

The truck driven by Mr. Jones and occupied with him by Mr. Graves was going east and the other car driven by Mr. Guillion was going south on Wall Street. The cars collided at the corner of the square, the force of the impact turning over on its side the truck driven by Mr. Jones. Both cars were considerably damaged.

Says Co-operative Plan Of Marketing Cotton Sweeping The Country

Deliveries in Texas This Year Already in Excess of 400,000 Bales, Claim.

That the cotton cooperative marketing movement is sweeping the State of Texas is indicated in deliveries already this year of more than 400,000 bales of cotton, according to E. C. Covington local representative of the Texas Cotton Cooperative Association.

Mr. Covington stated that he had just received word from the State Offices of Dallas that the 400,000 bale mark was passed with Monday's receipts, and at the rate deliveries continue to be made from all sections of the State, the half-million bale mark will be reached by November 1st. Mr. Covington also stated that similar reports of substantial progress were being received from other cotton cooperative marketing associations throughout the Cotton Belt.

"The bulk of deliveries are now being made to the Seasonal Pool," Mr. Covington said, "through which pooling plan the member receives a final return on the actual grade and staple of cotton delivered by him based on the season's average sale prices for each particular quality. In this manner, he does not receive either the season's high price or the season's low price, but rather the average price throughout the year."

The Association's 90% initial advance on the market value of classed cotton continues, it was said. Deliveries to the channels of co-operative marketing this season are already 150,000 bales greater than at any time during the past ten years.

Cemetery Ass'n Calls Meeting For Saturday

New officers and directors of the Floydada Cemetery Association will be elected Saturday afternoon at an open meeting called by Mrs. Jennie Bishop, president, for 3 o'clock at the Chamber of Commerce office. Plans will also be made Saturday afternoon for the annual drive for membership made each November. Membership fees collected in the drive each year are used for improvements and upkeep of the cemetery and the employment of a sexton for the year.

Attendance of interested citizens in the communities surrounding Floydada is especially urged by the directors of the association. Anyone interested in the work of the association is invited and urged to be present. Mrs. J. B. Jenkins is secretary and treasurer of the association.

Owing to the fact that he was called to California unexpectedly, the Rev. W. D. McGraw, pastor of the Nazarene Church at Plainview, was unable to give his illustrated lecture on the Holy Land at the Methodist Church in accordance with previous announcements made last Sunday at the churches, it was stated this morning by Price Scott, of the local Nazarene Church.

The Rev. McGraw was called to the bedside of his son who was critically ill and had undergone an appendicitis operation in California.

"We regret the disappointment felt by those who came to hear the lecture," Mr. Scott said. "We do not know whether the address will be given at a later date but we hope that it can be arranged," he stated.

Special Train To Carry 200 Fans To Paducah Grid Game

If present plans mature, a special train of three coaches or more will leave Floydada at 1 o'clock Friday afternoon with 200 or more Floydada football fans, enroute to Paducah to witness the Floydada-Paducah football game tomorrow afternoon. The train will leave Paducah at 6 o'clock for the return trip, according to present plans.

An exceptionally low rate of \$1 for the round trip has been made by the Quannah, Acme & Pacific Railway, with a guarantee of 200 passengers, according to Robt. Medlin, local agent. This rate is less than one-half of the regular one-way passage.

W. E. Patty, superintendent of the Floydada schools, feels certain that as many as 100 high school students will take advantage of the special offer, while S. W. Ross, secretary of the Floydada Chamber of Commerce expressed a belief this morning that more than 100 fans in the city will accompany the train. Recent rains have made roads almost impassable, and few cars will attempt the trip. Mr. Patty stated that the Pep Squad would probably go en masse on the train.

Those desiring passage on the train are asked to get in touch with Mr. Ross or Supt. Patty today.

J. I. GOINS RECOVERING FROM SERIOUS ILLNESS

Judge J. I. Goins, who had been in a hospital at Ardmore for treatment for a serious blood poison infection, was returned to his home at Marietta, Oklahoma, this week where he is convalescing. He was seriously ill for several days until last mid-week when he began to rally.

His parents, Mr. and Mrs. J. A. Goins, of this city, and sister, Miss Hattie, reached home Saturday after spending nearly two weeks at Ardmore with their son and brother. Other brothers and sisters of the judge also went to Ardmore when it appeared he could not recover. The last of these returned home Thursday last.

Judge Goins, who is county judge of Love County, Oklahoma, suffered with an infection that developed following the extraction of a wisdom tooth. While his recovery will be slow, he is thought to be out of danger.

DISTRICT COURT

With the grand jury marking time for the present and only three cases disposed of during this first petty jury week of the term of district court, little activity has marked court procedure the past four days.

Monday two cases were disposed of, one man accepting a two-year sentence adjudged him by a jury Monday on a charge of theft from person. This was J. D. Reid, who it was alleged, took \$60 from the pocket of Milton Covington, Dougherty oil dealer, at the Floyd County National Bank some thirty days ago.

On a charge of driving a car while intoxicated, a jury the same day assessed a fine of \$100 against Bryant Higginbotham.

A divorce was granted Tuesday to Mrs. Irene Morris, severing marriage ties between herself and Frank Morris.

Six indictments have been returned by the grand jury to date. Of these four are on felony charges and two on misdemeanor charges. The grand jury has recessed temporarily.

Next week will also be a jury week in district court, a panel of thirty-six having been summoned for the week.

LOCAL NIMRODS BOMBARD ELEMENTS IN DUCK HUNT

Local nimrods have been making the atmosphere vibrate with a virtual bombardment of the elements in alleged attempts at shooting ducks. Reports of more or less authenticity have drifted into town to the effect the hunters are having fair success since the season opened Thursday of last week. With the game more plentiful than in recent years.

Heavy rains in some sections of the county have partially filled the lakes and thousands of ducks have flown in during the past ten days. The murky weather this week has been ideal and the bombardment was rather pronounced Monday and Tuesday.

Rainfall Over County Wednesday Night Ranges From 1 to 2 Inches

Little Theatre First Play Of Season Nov. 7

Cast of Characters for Three-Act Comedy Under Direction of Mrs. Sone.

Announcement of the choice of the first play of the season for the Floydada Little Theatre, the date for its presentation, the cast of characters and the place selected to present the play, was made this week by R. F. Stovall, publicity director, following a meeting of the directors Tuesday afternoon.

"What Happened to Jones" is the play selected for the first of the series of four this season, Mr. Stovall said, the play being a copyright comedy in three acts, the date being Friday, November 7. The high school auditorium has been obtained for use on that evening by the Little Theatre. The auditorium seats have been re-installed in the auditorium and those who attend may expect to be comfortably seated for the evening.

The cast chosen for the play is as follows: O. T. Williams, Troy Jones, Odus Stephens, J. D. McBrien, T. W. Whigham, R. F. Stovall, and Roy Haynes; Miss Bonara Stephens, Mrs. J. D. McBrien, Mrs. T. W. Whigham, Mrs. Miriam O. McDonald, Mrs. Verlon Harmon, Miss Daisy Lee Gresham.

"We think the Little Theatre members and the public will be pleased with the play selected for the first of the series of the season," Mr. Stovall said. "However, it is our plan to present plays of other types before we complete the season."

Following the play to be presented on November 7, it is also planned to present another play before the Christmas holidays, according to the plan announced recently by the directors.

Mrs. Robt. A. Sone, elected play director last week, has accepted the post, it is announced, and will have charge of the rehearsals for the plays. She is expected to prove a most capable director.

I. O. O. F. Picture Will Be Shown Here Friday

Widespread publicity and advertising is being given the moving picture show Friday afternoon and night, October 24, of the I. O. O. F. homes at Corsicana and Ennis, which will be presented at the Palace Theatre. Part of the proceeds will go to the local lodge, which is sponsoring the picture.

The afternoon shows will begin at 2 and 4 o'clock and the evening shows will begin at 7:15 and 9 o'clock. The admission will be 10 and 35 cents.

Educational features of the schools and homes maintained by the Odd Fellows will be shown, and the picture is expected to prove of interest to the general public. A comedy will also be shown in connection with the special picture.

Precipitation Fairly General, Check Shows

Floydada Receives 1:15 Inches; Cotton Gathering Is Halted.

Bringing to a climax of four days of cold, foggy weather, a general rain fell over Floyd County Wednesday night ranging from one to two inches over the entire territory, a check made this Thursday morning indicated. Rain began falling in Floydada about 8:30 o'clock and got steadily heavier until about 12 o'clock, the total amount of precipitation here being 1.15 inches.

Heavy At Paducah

Reports from the Q. A. & P. furnished by Bob Medlin, local agent, indicates that the rainfall was general east in this immediate section at least. Dougherty reported over an inch, Roaring Springs, and Matador having received about the same amount. Paducah had 1.75 inches.

Over the county the precipitation seems to have been about the same as that in Floydada proper. E. J. Hoffman said that they had received one of the biggest rains of the year in the northeast part of the Fairview community which has suffered from lack of moisture perhaps as much as any other section of the county this summer. Fairview received two inches or over Wednesday night.

E. L. Thornton of the South Plains Drug estimated that his territory received 1.25 inches. Wheat is good in that section but only about one-fourth of a crop has been planted, he said.

A report from the McCoy Store this morning indicated that McCoy community had over an inch last night.

Little Wheat Sowed

Roy Smith at the Lakeview store said that they had about 1.5 inches and what wheat had been sowed was looking good, some of it being ready for pasture. Only about one-third of a crop had been sowed, he estimated.

The Sand Hill community could not be reached by telephone this morning for a check on the west section of the county.

Although the heavy rains of last night will undoubtedly drive the sub-soil moisture into the ground another eight inches to a foot, auguring well for the wheat far into the winter months, farmers are anxious to get into their fields and complete the harvest of their cotton crop. A large per cent is also anxious to kill a crop of volunteer wheat and drill in the crop for another year.

No cotton gathering or wheat drilling to a material extent has been done on Floyd County farms since the third or fourth of the month. Only one or two days in that time have been dry enough for farm work in most sections in that period.

Heavy fogs and mists in the periods between rains have kept the ground wet enough that little work could be done. Much of the cotton crop is on the ground and will have to wait for a week or more of sunshine before it will do to be picked up, farmers report.

A report furnished this morning by the Lubbock Avalanche stated that Lubbock received .79 of an inch Post 1 inch; Littlefield 2 inches; Crosbyton 1.13 inches, and Spur 1.38 inches.

HESTER WEST OPERATED FOR APPENDICITIS

Miss Hester West, daughter of Mr. and Mrs. John L. West, of this city underwent an operation for appendicitis Saturday morning and is convalescing fairly well, according to latest reports, in Barrs Infirmary at Nashville, Tenn. She was taken suddenly ill, Mrs. West said.

Miss West is attending Scarritt College at Nashville where she is taking courses in preparation for missionary work.

WILMINA SALISBURY MADE THIRD PEP SQUAD LEADER

Wilmina Salisbury was elected third yell leader of the Green Peppers, Floydada High School girls' pep squad, at a meeting Monday afternoon. Miss Salisbury succeeds Kinder Farris, who resigned recently. Maureen and Helene Hay are the other two leaders of the organization.

The girls have been practicing a new formation for the game at Paducah Friday, and if the weather is favorable they will stage a downtown rally this Thursday night, it was announced.

Whirlwinds Grapple With Paducah Crew At Paducah Friday

Local Gridsters Prepare For Stiff Game Tomorrow on Paducah Territory.

With the stronger hints of winter descending over all of West Texas, gridiron men of this section are whetting their teeth in preparation for the tougher and more strenuous grid clashes of conference games. And such are the preparations being made by the gridsters of the Floydada and Paducah High Schools, making ready for their encounter tomorrow at Paducah at 3 o'clock.

But in spite of the fact that they will be facing red hot competition, Coach Barksdale's lads are finding their spirits buoyed by the cold waves that have swept the prairies. Realizing that tomorrow's game with Paducah will be the hardest in this division of District Two, with the possible exception of Lockney, the whirlwinds are going into their final workouts today with the expectation of nosing the Paducah lads out of the running.

The "dope bucket" has it that neither team will have a "snap", but the odds are slightly in favor of the wearers of the Green and White. Paducah went down before the Crosbyton eleven to the tune of 14 to 0, and took a terrible defeat at the hands of the Crowell squad 68 to 0. On the other hand, Floydada defeated Roaring Springs by the score of 34 to 0, while Paducah eleven swamped them under a 78 to 0 score. So all-in-all, it promises to be a tight match.

Coach Barksdale reports that all of his first string crew is in excellent shape for the clash and that probably he will start his entire string in the starting line-up. "Little" Murray will probably be in the starting line-up, it is reported. The Coach plans to carry his entire squad of recruits.

Floydada High School's Green Pepper Pep Squad will very likely attend the game en masse. Fully costumed and marching in regulation form, they are expected to lend color to the conference clash, as well as lending their voices to the uproar of encouragement to the whirlwinds.

It promises to be a cold, colorful, and closely contested game—with a district crown hanging in the dim, distant future.

Committee Recommend Suspension Of Spur Hi From Conference

A hearing to determine whether the recommendation of District Two Committee of Class B Schools that Spur High School be suspended from the Interscholastic League of the state for a period of one or more years, will be held on Monday of next week, according to word received by members of the committee yesterday by wire.

Determination to recommend that the Spur School be suspended was reached by the District Committee in an executive meeting held in Ralls last Thursday afternoon of last week, after an investigation of charges preferred by officials of the Floydada School. Whether any members of the committee will go to Austin was not known to Superintendent W. E. Patty, of the Floydada Public Schools, yesterday. Mr. Patty, who is a member of the committee, is disqualified to sit as a member, his place on the district executive board being taken in consideration of the charges, by W. D. Biggers, superintendent of the Lockney Public Schools, as an alternate.

Evidence brought out in the investigations by representatives of the Floydada Schools and presented to the District Committee, indicated that Edgar and Harkey, two members of the Spur team, who had transferred from Dickens to Spur attend school had not made previous grades the year previous. This ground it was alleged the boys were ineligible, and it was also claimed they were certain discrepancies in the records of these two players.

Little Breezes Meet Ralls Team Next Week

Daily practice sessions are being held by the Little Breezes of Andrews Ward School in preparation for their first game with an out-of-town team Tuesday. The Little Breezes meet the team from the ward school at Ralls on the local gridiron at 4 o'clock Tuesday afternoon, October 8, according to an announcement made this week by Coach Richard Stovall.

About the same line-up as that used to start the game last Thursday between the Little Breezes and the Junior Whirlwinds of High School will open.

Coach Stovall said.

The little lads play a game of ball and it is expected a large crowd of local fans will attend the game next week.

The Crippled Lady of Peribonka

By James Oliver Curwood

WNU Service
(©, 1929, Doubleday
Doran & Co., Inc.)

SYNOPSIS

CHAPTER I.—Introducing some of the people of the pretty little French-Canadian village of Peribonka, particularly the Crippled Lady, idol of the simple inhabitants, and heroine of an epic destined to live long in the village annals.

CHAPTER II.—How the romance of Molly Bryant, sister of the great Indian chief, Joseph Bryant, and Sir William Johnson, in pre-Revolutionary days, comes down to today with the birth of a son, Paul, to Molly Kirke, wife of a powerful New York financier, and her death when Paul is thirteen years old. Molly Kirke was a descendant of Molly Bryant, and her boy has many of the Indian characteristics. At thirty-two Paul marries Claire Derwent, daughter of his father's business partner. He is in charge of an immense engineering work on the Mistassini river, near Peribonka, which his millionaire father has undertaken, but his Indian blood develops the destruction of the wilderness, and his thoughts are more of the Crippled Lady than of his work.

CHAPTER III.—Paul's wife is in Europe, she having no inclination to live in "those horrible woods." He comes to see in Carla, daughter of a central European immigrant, with her devotion to her invalid mother and her work of educating the village children, his ideal of womanhood.

CHAPTER IV.—Paul writes to his wife, urging her to join him, though Carla is the inspiration of the letter. Later that evening, passing the Haldan, long a hopeless invalid, is ing. He enters the cottage. Mrs. Haldan, long a hopeless invalid, is dead, Paul's efforts to comfort Carla, he feels, bring them closer together.

CHAPTER V.—Claire announces her intention of joining Paul on the Mistassini in a short time. She also writes to Carla, of whom she has heard from Paul, a letter of kindly sympathy, on the death of her mother.

CHAPTER VI.—Paul goes to Quebec to meet Claire, and brings her to his temporary home. Though she is apparently glad to be with him, and evinces warm friendship for Carla and Paul's other friends, he feels she is only there because she feels it her duty. She is not really happy. He becomes aware of a gulf between him and his wife.

CHAPTER VII.—Paul, Claire, Carla, and two friends make a luncheon party to visit the "Big Gorge" of the Mistassini, an appalling swift current which disappears in a mountain side. Current belief is that anything dropped into it is never seen again. In sport they cast into the stream pieces of wood, and other objects, watching them disappear. Finally they carry a large log to the edge of the rushing water. As they toss it over it upends, striking Paul and throwing him into the stream. The two women with whom Paul's life is entwined see him go to what they are sure is certain death. One asks the other if she is going with him. Receiving no answer, she announces, "Then—I am!" and springs into the water.

CHAPTER VIII.—Paul sees the action, and believes the woman is Claire. Clinging to a rock, which temporarily checks his rush to death he recognizes Carla as the water brings her nearer. He clutches her, but the two are carried onward. Then, a miracle! Paul's feet touch solid earth. He drags himself, with the girl, into a subterranean cave.

CHAPTER IX.—Fully satisfied there is no chance of escape, and that for their few remaining hours they are in a world of their own, Paul and Carla reach a perfect understanding as to their mutual love.

CHAPTER X.—A frantic search for the bodies of the two begins, not believing they could have escaped death. Paul, with matches he has in a waterproof box, builds a fire of driftwood, beside which he leaves Carla. Devising a torch to light his way, he begins what he feels is a hopeless exploration of the cave.

CHAPTER XI.—Continuing his search, on the second day of their imprisonment, Paul climbs a wall of rock, groping toward a tiny shaft of light he has seen. Almost unbelieving, he finds there is a possibility of escape. He returns to Carla and tells her. The pair, their joy in the thought of returning to the world tempered by the knowledge that it means their separation, make their way to the spot. Leaving Carla, Paul climbs toward the light. The girl, anxious to share danger with him, essays to follow him.

CHAPTER XII

Paul heard the crash. He was a little beyond the place where he had left Carla, and ran to it, calling her name. He leaped through the dust which was settling quickly and heavily, and saw the hollow choked to the brim with the debris of the cave. Carla was caught in the crevice, near the crest of the upper part of her head, and she was alive and reached her. He tried to pull her at the rocks. But she was dead. He saw Carla's face with the light. She made no

sound. Her eyes were closed when he had her in his arms at last. Yet she was not dead—he found himself saying the words over and over as he climbed with her out of the fissure.

It may be that the full story of Carla Haldan and Paul would never have been known had it not been for the happening of this night. It seems reasonable that neither Claire nor Lucy-Belle nor the others would have told the more intimate of its details. A madman told the story. The madman was Paul. He came into the engineers' camp in the middle of the night. They did not know him at first, for brush and limbs and rocks had disfigured him in the darkness. His face was like that of a man who had been beaten with naked fists. His clothes were half gone. His feet were bleeding through the shredded leather of his boots. In his arms he carried a woman; a dead woman, they thought. Not until Derwent unwrapped the coat with which her head and shoulders were protected and saw her face could he clearly realize that the man was Paul.

They took Carla to the Mistassini. She was carried gently, but quickly, in a litter—with half a dozen men taking turns in bearing her. Even then, in his exhaustion, Paul insisted on walking at her side until the last nerve in him broke. It was this which robbed him of a day and a night of conscious life.

When he came to himself again, after hours of tortuous sleep, Derwent gave it to Paul.

"I am so happy," he said. "Send Paul to me as quickly as you can. Only God knows how glad I am."

"She has faith in me," said Carla. "She asks me to send you to her. What a privilege that is, Paul, for one woman to give another! No matter how hard I try I can never be as wonderful as Claire. The world does not hold many women like her. She loves you. She wants you. When will you go to her?"

"You said—tomorrow."

"Yes, tomorrow."

He rose, and stood looking down at her.

"I will go," he said. "But some time I will come for you, Carla. Maybe not now, not in this life, but sometime. May I continue to dream that?"

"It is not a dream," she said. "It is faith. I am giving you up for a little while, that it all. Sometime, in another life, these tests which God put upon us will return you to me."

When he looked back at her from the door she was smiling, her eyes filled with tears.

He tried to readjust himself between the time of this last visit with Carla and his departure for home. His effort was an honest one, a struggle to fit himself to certain demands which he accepted as necessary and inevitable. He was sure of himself as he returned to Claire. It was almost an exultant sureness, which left upon him no sign of spiritual or physical torment. He was possessed now by memories which blessed even as they burned. It was as if somewhere in him were a little song, a part of himself, which said: "I have a room whereunto no one enters save I, alone. There sits a memory on a throne. There my life centers." Carla was the memory. He made no effort to turn away from the truth, or harden himself in his contemplation of it. Some one had said that memory was a paradise from which Fate could not drive one. And the room which had built itself in his heart could never be leveled or taken away from him. It was indestructible, like a soul.

Claire, in a way, became the keeper at the door. Because of her he had closed it, and because of her he would never open it except to himself. He could conceive of no one but Claire in this sacred place. A long time ago, when he was a boy, there had been in his room a picture of an angel with snowy wings and golden hair. She seemed to be floating through clouds, and he remembered that his first ideas of heaven came from this angel and that she inspired him to ask questions which his mother sometimes found difficult to answer. The picture had always remained in his mind. It recurred to him in thinking of Claire.

It was impossible for him to feel resentment against his fate, or even a desire to change it, in going to her. There were occasional women at whose breasts the world found its spiritual glory. Claire, he knew, was one of them—like the angel in his room. It was he who had been the misfit in their lives, and this defect in himself he was prepared to remedy—if he could.

He read Claire's telegram many times on the way south. He tried to read between its lines. He tried to understand more clearly the change which had come over her. Derwent had told him how she had watched where the water roared out of the chasm. "Whiter than death, as if she would die unless you came out alive," he had said. And Carla: "She loves you. She wants you." And now her own words on the yellow paper in his hand, entreating him to come to her as quickly as he could. There was a strange singing in his heart and a dull grief. If she should love him—at last—like that. After years of waiting, and hoping, and of yearning for a woman to be a part of him—children—a home he had dreamed of—

He folded the telegram for a last time and put it in his pocket. He was seeing the tears in Carla's eyes.

Miss Lois Maddux of Hereford was a guest Friday afternoon of her brother, Douglas, of this city. She was en route to Hereford after a visit with her parents, Mr. and Mrs. E. W. Maddux, of Rails.

He did not answer, but held her hand so closely that a joyous little melody of content came for a moment in her throat. "I am glad. I was afraid you would be angry with me. Now I know, I shall get well quickly!"

It seemed difficult for them to find things to say. Paul, fighting with the grimly set lines of an Indian in his face, was holding back what he wanted to tell her. Carla knew. A little more and she would have cried, her own weakness letting down the thing which both were valiantly making an effort to hold between them. He told her about the specialists who were on their way, and that their own staff had no doubt but that she would very soon be on her feet again. He tried to talk without a strain in his voice, yet he could feel the falseness and pretense of his effort when he

wanted to take her in his arms and kiss her pale, sweet face.

Carla knew this, too.

At last, when it was time for him to leave her, she said: "When are you going home?"

"I don't know," he replied.

"It must be soon," she urged. "I want it that way. You must start today—or tomorrow. Only that will make me well. Claire wants you Please—read this—"

She gave him a crumpled yellow slip of paper. It was a telegram, crushed, as if she had been holding it a long time before he came. He smoothed it out and read the words which his wife had sent her. The message was almost identical with the one he had received, giving him the impression that Claire, in the stress of her emotion, had been able to find but a single thought for them both.

"I am so happy," it said. "Send Paul to me as quickly as you can. Only God knows how glad I am."

"She has faith in me," said Carla. "She asks me to send you to her. What a privilege that is, Paul, for one woman to give another! No matter how hard I try I can never be as wonderful as Claire. The world does not hold many women like her. She loves you. She wants you. When will you go to her?"

"You said—tomorrow."

Andrews Ward Downs H. S. Third Team By 6-0 Score Thursday

'Big Ben' Eudy Outstanding Star Of Battle On Local Field.

A Joel Hunt, a Red Grange and an Oscar Eckhart in the making blazed across the horizon of local football Thursday afternoon of last week in the form of "Big Ben" Eudy, outstanding star of the Andrews Ward-Junior Whirlwind battle. Playing in the fullback position, Eudy twisted, sidestepped, and plunged his way to stardom in the realms of junior gridsters and fought with his teammates to a thrilling 6-0 victory in the annual "grudge fight" between the two schools.

Over 200 fans saw the game, which was exceptionally well played throughout, and none of the rowdies made more noise than Dr. Lon Smith in shouting encouragement to "Big Ben."

Play Clean Game
Both teams played a clean game with the Andrews Ward aggregation showing more aggressive spirit and demonstrating a brand of ball that showed the result of excellent coaching on the part of Coach Troy Jones and Coach Richard Stovall. The third string of F. H. S. displayed a dogged resistance but their offensive was woefully weak except in occasional flashes of teamwork.

It was just a case of too much Eudy throughout. It was Captain Eudy who won the toss and chose to defend the east goal. It was Eudy who tossed a beautiful 20-yard pass to Hollingsworth to place the ball in scoring distance, and again it was "Big Ben" who raced around left end on the fourth down to register the only score of the game just a few seconds before the first quarter ended. "Big Ben" and his teammates showed that the Green and White is going to have plenty of stars to "carry on" in the future.

Eudy developed into an honest-to-goodness triple threat man, passing, punting, and running like a veteran. Little Hollingsworth, his teammate, called a bang-up game at quarter and shared honors for the day. The Andrews Ward boys were outweighed but they made up for the difference in fight and pep. Captain Smalley and his men chose to kick off and Louis Hollingsworth received on his own 20-yard line and ran the ball back to the 30-yard line—and the game was on!

Uses Reserve Strength
Coach O. K. Davis used every reserve man on his squad in an effort to put across a touchdown but

the high school lads were unable to "get going." Pat Stansell, south paw passer showed possibilities, and Roberts and Rogers in the line did good work for the high school eleven.

After the first quarter the Junior Whirlwinds tightened up and only once during the remainder of the game did the Little Breezes of Andrews Ward get within their 10-yard line. At the half the ball rested in the middle of the field.

The Andrews Ward warriors looked snappy in their black and gold uniforms purchased last year by Floydada merchants. "We certainly appreciate everything the business men have done for us," Coach Stovall said. "We're mighty proud of our boys and the neat appearance they have made on the fields has been made possible by our progressive merchants."

A summary of the game shows that Andrews Ward passed four times and completed one; punted five times for an average of 23 yards, and made eight first downs. High School attempted five passes and completed none; punted six times for an average of 22 yards, and made three first downs. Andrews Ward was penalized twice for five yards each, and their opponents were penalized once for five yards.

On the lone touchdown of the game Eudy failed to kick goal. Every boy on both teams played good ball with John Eudy standing out as one of the stars in the line for the Little Breezes.

The lineups were as follows:
Andrews Ward: Malcom Lider, right end; John Morris Watson, right tackle; John Eudy, right guard; W. A. Rutledge, center; Lynn Easterling, left guard; Nolan Rucker left tackle; Noble Glynn, left end; Louis Hollingsworth, quarterback; Newell Parker, right half; Wilson Connelly, left half; Ben Eudy, fullback and captain.

High School: Bernie Roberts, left end; Tom Edwards Rogers, left tackle; Kinder Farris, left guard; Buster Smalley, center; Earl Hanks, right guard; N. B. Mooney, right tackle; Everett Morton, right end; William Barnett and F. C. Harmon alternating at quarter and right half; Pat Stansell, left half, and Verne Eastridge, fullback.
Substitutions—for High School: Walton Henderson, Guy Ginn, James Badgett, James Badgett, and Samuel Rutledge.

For Andrews Ward: Brown for Hollingsworth, and Junior Rutledge for Hollingsworth.

Elza Gullion made a trip to Dimmitt Sunday to join his wife who has been at the bedside of her mother, Mrs. J. A. Bagwell, convalescing from an operation in the Amarillo hospital.

G. T. Assiter: "I'm looking for somebody to trade with. I want to swap three suits of summer underwear for one suit of winter. Run me a want ad and if you get results I'll pay off."

Seventh Grade
By Gladys Ruth Brown
It seems no more than yesterday since off to school we went. Our hearts and heads all in a whirl to find just what it meant.

Quite soon we found school wasn't play: That knowledge came by labor. We also learned the golden rule, And how to treat our neighbor.

Grades one and two gave much to do: Three, four and five hung like a fetter; But now since six has come and gone, We're hoping seven may be better.

Floydada High is now close by, And there we soon shall enter. And when we're there and ushered in, Who, Oh, who shall be our mentor?

Now don't begin to be a quitter, For fast, the days are flying by. Make your motto: "Do much better." For you'll soon be entering dear old high.

'Good News' Is Peppy Film With Bessie Love

Famous College Story of the Legitimate Stage to Appear in Palace Picture.

"Good News," which will show at the Palace Theatre Sunday afternoon and the following Monday and Tuesday evenings is of unusual interest to local picture theatre goers because it presents Bessie Love in a new role and at the same time brings to the screen the famous Broadway success intact with many of the original cast appearing in the supporting roles.

This is Bessie Love's first 100 per cent musical comedy portrayal. She is paired with Gus Shy, the well

known stage comedian, who repeats the role he made famous on the stage. Bessie sings and dances in several novel numbers and gives a performance replete with comedy material.

In the cast are Cliff (Ukulele Ike) Edwards, who needs no introduction; Lola Lane, of "Speakeasy" fame; Delmar Daves, author-actor, who scored in "So This Is College;" Frank McGlynn, noted for his Abraham Lincoln characterizations; Tom Jackson, who was the detective in "Broadway" on stage and screen, and Abe Lyman's famous band.

The music and lyrics by De Sylva, Brown and Henderson include the popular "Good News," "Varsity Drag," "Lucky in Love," "The Best Things in Life Are Free," "He's a Ladies' Man," "Walk Collegiate," "Flaming Youth," "Happy Days," "Tait Song," "Today's the Day" and "Girls of Pi Beta Phi."

Interpolations by Nacio Herb Brown, Arthur Freed, George Ward, Reggie Montgomery, George Wagner and Russell Robinson include "I Feel Pessimistic," "Gee, But I'd Like to Make You Happy," "Football," "If you're Not Kissing Me" and "That's How You Can Tell We're Co-Eds."

The story, adapted for the screen by Frances Marion, concerns the love triangle between the football hero and two co-eds. A championship game decides the affair.

The picture, with a gorgeous finale in natural color, is filmed upon a lavish scale and has been produced upon a strictly musical comedy basis, music, dancing and comedy sounding the keynote throughout.

Her dearest friend, Venitta was thinking of her own affairs, and answered absent-mindedly: "Yes, you certainly do."

I don't know what to do with my girl, Hazel, mourned her sedate father. All this modern flapper nonsense! Sunday School Lesson

PROBLEM OF TEMPERANCE

The International Uniform Sunday School Lesson for Oct. 26. Spiritual Weapons in a World War. Galatians 5:13-26.

This is the lesson for World's Temperance Sunday. Here in America we may think of this day either too exclusively, or too little, in terms of our national problems associated with prohibition.

To consider the problems of temperance, and especially of religion and of Bible study in relation to temperance, exclusively from the standpoint of prohibition is to cut off our consideration too completely from the rest of the world and to fail to make this a world's temperance lesson.

On the other hand, to ignore the immediate and special problems that confront us in America, where we have nationally adopted a prohibitory law, would be to make the study of the lesson too remote and too theoretical. What would seem necessary would be to study the lesson in its deeper and larger applications, and then consider its application to our immediate problems.

America's Problem

It should never be forgotten that a problem in America is still very largely one of temperance and of voluntary action. The fact that we have been passed does not remove from the stage all emphasis on personal ideals and voluntary action. The fact is that voluntary stinence at the present time has an enhanced value because it is a case of good citizenship and obedience to the law of the land.

There are, of course, certain circumstances under which disobedience to law may become a valuable even a dutiful course. But it could seem that no conscientious citizen could attach to the drinking of intoxicating liquor.

How many who disobey the prohibitory law is very much in the same

category as the man who disobeys the tariff law or some other law of the land concerning which he might say that what it forbids is not something inherently wrong.

The principles which apply to the situation both with regard to temperance in general and in relation to prohibition in particular are fairly well brought out in the lesson. Paul in his letter to the Galatians, is dealing with the matter of freedom and the wise use of freedom. He points out what is perfectly true, that law exists for higher ends, and that law can never be fulfilled by merely formal obedience.

The moral is fulfilled only in the exercise of love for one's neighbor.

There is a course of life, however, which may be said to be neither law-abiding nor law-defying. It is a course that is above the law—a way of life so true, so noble, so careful in its consideration for others that if everyone lived in such a way laws would not be necessary. So Paul says, "If ye are led by the spirit ye are not under the law." He does not mean by this to say that lawless people can claim privileges and exemptions for themselves on the plea that they are led by the spirit.

The Real Test

What he means, rather, is that the life that is truly in the spirit is of such a high and noble sort that the law does not affect it. The test of spiritual guidance Paul puts very definitely in the manifestation of the fruits of the spirit. These fruits of the spirit he defines as love, joy, peace, long-suffering, kindness, goodness, faithfulness, meekness, self-control; and against these he says, quite truly, there is no law.

BORN—to Mr. and Mrs. Bill Colville, city, October 16, a son.

Baby Of Levelland Parents Dies When It Falls In Well

Funeral services for the 21-month old son of Mr. and Mrs. R. S. Mauldin, of Levelland, which died Thursday morning of last week before being rescued from an open well in which it fell Wednesday evening about 7 o'clock, were held Friday afternoon at Levelland, according to G. N. Shirey, of this city, an uncle of Mr. Mauldin. Mr. and Mrs. Shirey attended the funeral, returning home the same night.

Mr. Shirey said the tragedy was one of the saddest in his knowledge. The Mauldin home is about ten miles southwest of Levelland. It is a newly settled place, the Mauldin's moving there only some thirty days ago from Merkel.

The story as outlined by Mr. Shirey was that the family Wednesday late, probably after 6 o'clock, was driving up chickens to a new roost, a job in which the baby was

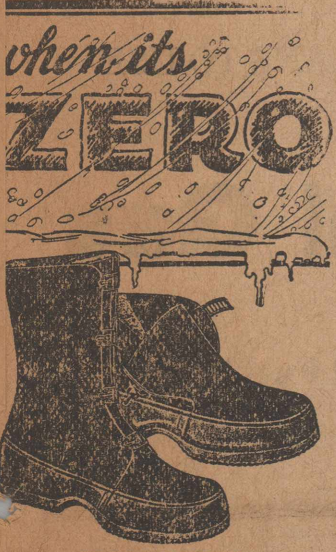

being allowed to join. A wind mill had not been erected over a newly-dug well, the hole being covered with a loose plank, on which the baby stumbled or tripped into the hole. Frantic efforts to rescue the infant were unavailing. At one time a rope was worked around one of the little hands but the child's head hung in a fault in the wall of the well. The child died about 5 o'clock in the morning. Meanwhile rescue workers had begun tunneling from one side underneath the body, which was recovered several hours after death occurred.

Mr. Mauldin, father of the child was Mr. Shirey's sister's eldest child.

Miss Gertrude Davis of Plainview spent Sunday visiting her parents Mr. and Mrs. L. J. Davis.

Mr. and Mrs. J. A. Enoch and daughter Miss Ruth spent Sunday afternoon in Tulla as guests of Mr. and Mrs. C. T. Stevens.

RECOVERS SECURITIES AND CAR LOST IN AMARILLO
 Artie Baker, Lockney bank president, recovered the securities and his car intact in Amarillo Thursday of last week, the police department locating the car in a residence section, where it had been left, apparently, by joyriders. Nothing was missing from the car and it was not damaged in any way. The car and securities having a value in excess of \$2,000, were missed by Mr. Baker when he went into a cafe to eat Wednesday of last week. He left the car parked and was away from it only a few minutes. The securities were endorsed and he immediately notified the police of his loss.

FIRST BAPTIST CHURCH
 Dick O'Brien
 In spite of bad weather and worse roads, we had above 400 in Sunday School last Sunday, and well over 150 in the B. Y. P. U.'s. The house was well filled at both preaching hours, and, taken all in all we had a very fine day.
 This is as it should be. If religion is anything it is the most important thing in the world. We should be just as faithful to our spiritual duties as we are to our secular affairs. Obstacles and hindrances that would not keep us away from our office or store should not keep us away from church. If our children can attend school five days during the week, and spend six hours per day in the school room, then surely we can get to the church one day in the week for only four hours per day at most.
 The regular schedule of services will be followed next Sunday as far as we know. The books for the orchestra have come and we are holding two practice sessions this week. There are eight members who have already been out for practice and we hope to enlist others. If you play any kind of musical instrument that could be used to advantage in a choir, we invite you to join this church orchestra. We are giving special attention to the music program in our church for the next few weeks.
 Strangers and visitors always welcome at our services.

constipation

"I HAD a stubborn case of constipation after a very severe spell of grip," says Mr. John B. Hutchison, of Neosho, Mo. "When I would get constipated, I'd feel so sleepy, tired and worn-out."

"When one feels this way, work is much harder to do, especially farm work. I would have dizzy headaches when I could hardly see to work, but after I read of Black-Draught, I began taking it. I did not have the headache any more."

"When I have the sluggish, tired feeling, I take a few doses of Black-Draught, and it seems to carry off the poison and I feel just fine. I use Black-Draught at regular intervals. It is easy to take and I know it helps me."—This medicine is composed of pure botanical roots and herbs.

Stiff Grid Encounter Here Friday Has High Spots Of Season In Plays.

For the second time this year, Floydada's Whirlwind gridsters took a game that was nick-and-tuck, with the victory hanging in the balance until the final whistle. Only by a margin of one touchdown, made in the first few minutes of the last quarter, were the locals able to repeat a performance of three weeks earlier. Friday's encounter was the second played on the local grid this season by the Whirlwinds and is their third victory out of five games this season.

Floydada's lone score came as the result of the most spectacular play the Whirlwinds have pulled this season. "Little" Floyd Murray returned a Tulia punt of 36 yards in the latter part of the third quarter, clicking off more than fifty yards and placing the pigskin on Tulia's 13 yard line as the whistle blew for the end of the quarter. Floydada made a first down in two plays, which was followed by a five yard penalty on Tulia, placing the ball three yards from the goal line. Welch carried the ball to within one foot of the line in the first play through line, and left the remaining foot of territory to be covered by Hale. Try for extra point was unsuccessful.

Although it may safely be said that Floydada outplayed her visitors, it may also be said that the Whirlwinds played a loose game. In the first few minutes of play, Bridges tossed a forty yard pass to Stephenson, who dropped the ball after a successful catch. Again, through the headwork and fleetness of Stovall, a fumbled ball was covered by Floydada on her own 19 yard line.

To Bridges, fullback, is due the greatest praise of the day. Coach Barksdale has worked the tall, lank lad into 100 per cent improvement over his previous games. His speed has developed so rapidly that local fans have handed him the name of "Galloping" Bridges, typical of his footwork. Spin plays and end-runs showed Bridges at his best, while at passing he was almost as good. Hale deserves credit for his backfield work, while honorable mention in line work should go to Stovall, followed closely by Stephenson, McLaughlin and Gollightly.

Tulia displayed some near-perfect line work in the first half, but the strength of the line began to weaken in the last period. Outstanding plays by Tulia gridsters were not noticeable except for beautiful, long and well placed punts. The punting toe of Speer placed the pigskin from 35 to 50 yards at every attempt. On three punts, he placed

Dougherty News

(By Mrs. W. D. Newell)

The writer has a newspaper "The Ulster County Gazette" published at Kingston, New York, by Samuel Freer and son. Saturday, January 4th, 1800.

At the time the paper was published John Adams was president of the United States.

This copy gives in detail the account of the death and burial of General George Washington giving names of the pall bearers and mourners.

The printing is very similar to our newspapers of today however the spelling is old English using the "f" an "s". One of the advertisements reads as follows: "Luther Andres & Co. have this day

been opening goods both fresh and gay. He has received near every kind. That you, in any store can find. And, as I purchase, by the bale I am determined to retail.

For Ready Pay, a little lower. Than ever have been had before. I with my brethren mean to live: But as for credit, shall not give.

I would not live to rouse your passion. For credit here, is out of fashion. My friends and buyers one and all. It will pay you well, to give a call. You'll always find me by my sign. A few rods from the house of mine.

The following articles will be received in payment. Wheat, Buckwheat, Rye, Oats, Corn, Butter, Flax, Ashes, and Raw Hides. Warfink, N. Y., Dec. 24, 1799.

Another advertisement that was quite a curiosity was as follows: FOR SALE: the one half of a Saw Mill with a convenient place for building, lying in the town of Rochester. By the mill is an exhaustible quantity of Pine Wood

the ball out-of-bounds within two yards of Floydada's ten yard line. Backfield play was featured by a 27 yard gain through the center of the scrimmage line in the first quarter by Caraway.

A summary of the game shows that Floydada made thirteen first downs against Tulia with eight. Floydada completed three out of six passes attempted and Tulia completed three out of seven attempted. Tulia drew nine penalties of five yards each and one fifteen yard penalty for a total of sixty yards, while Floydada drew two penalties of five yards each. Tulia punted twelve time for an average of 37 yards and Floydada punted eleven times for an average of 29 yards.

Starting line-ups of the two squads was as follows: Floydada Pos. Wilkins

and also A Stout, Healthy, Active, Negro Wench, any person inclined to purchase her may know the particulars by applying to John Schoonmaker at Rochester, November 13th, 1799.

This paper has four column pages and has one page of letters or speeches from and to the President. Two pages are taken up with letters of respect from different towns on the death of Washington and one page is for the advertising.

Most of the ads call for ashes and older people explain that by saying "ashes were very much in demand to be used for soap and lye at that time."
