RELIGIOUS WORK

"Now is the time for all good men to come to the aid of their country" is the sentence that all stenographers are taught to write first, and yet it seems to have been taken lightly by so many of us.

No civilization has ever reached any great height, enough to attract the admiration of the world, without a devotion of that citizenship to religion, and as the religious status rises, so will civilization rise, and as the religious life wanes, so will the whole nation suffer as consequence. Certainly has that been demonstrated under our eyes in the last four years as never before. We are calling for "for all good men to come to the aid of their country" by putting themselves in the breach and heart to heart and hand to hand join in one strong effort, and one continued effort to make our land fatter than it is now, and that can be done with a united effort only.

With a population of 2500 or 3000 our churches should be filled to their seating capacity, and our Sunday schools should be materially enlarged, and the question we are asking is, will you be "one of the ones" to make this possible. God has so abundantly blessed us in the last few months that now we have peace and the nourishing showers have fallen all over our land, and we should show our appreciation to Him by our attendance upon His house of worship. Shall we not count on you, our friends to meet the ever increasing demand made upon us as our boys come home?

Yours for better attendance and more spirituality and better citizenship.

NEW OIL TRAIN

Another oil train from Fort Worth to Baird will soon be put on by the T. & P. Ry. This train will be put on because of the increasing passenger and freight traffic. The four trains now in operation are always crowded. This train will probably leave Fort Worth about noon and reach Baird about 5 o'clock.

TRACK MEET

The Track meet at Baird Friday and Saturday was well attended from all parts of the County each day. Prof Settle promised to give us a list of awards for next week which, owing to some delay could not be completed in time for this issue.

MRS. H. E. JONES DIED AT DALLAS

Mrs. H. E. Jones passed away at 3 o'clock Monday morning at the home of her granddaughter, Mrs. Hugh Walther at Dallas. Mrs. Jones had been ill about two years. Her body arrived here on the noon Cotton Belt train yesterday, and was taken to the home of her son, A. B. Jones on Park street.

Mrs. Jones was 82 years old and had spent most of her life in Texas and about forty years in Greenville. Her husband died ten years ago, and about eight years ago she went to Dallas to make her home with her granddaughter, whom she reared. Mrs. Jones was a splendid woman and was a consistent christian, having been converted early in life, and joined the Presbyterian church, living a consistent christian life.

She was loved by a large circle of friends; many will mourn her passing away.

The funeral will be at 10 o'clock this morning from the home of A. Biney Jones on Park Street, and burial will be in East Mount Cemetery. The services will be conducted by Rev. W. E. Graham assisted by Rev. Graham McMurray.

There are eight surviving children: J. H., R. F., H. H., E. A., C. B., A. B., Virgil Jones and Henty Jones all living in Greenville except the last two who reside in Baird.

The honorary pall bearers are: M. M. Arnold, J. W. Chaney, J. J. Butler, W. J. Casey, A. S. Moore, W. A. Bush, S. A. Noble and W. M. Arnold.

The active pall bearers are: R. M. Chapman, W. R. J. Camp, H. T. Weathers, W. H. James, John O. Boyle, Jim T. Ellis, T. A. Smith and G. A. Holland.

The bereaved have the sincere sympathy of many friends in this hour of sorrow.—Greenville Herald.

Mrs. Jones was well known and loved by many in Baird, where she lived for many years. Virgil and Henty Jones were both with their mother when she passed away.

BIRTHDAY HONORS

The Pythian Sisters met April 4th on their regular meeting night, transacted business, initiated a class and just before the meeting closed, Manager, Sister Greenrock escorted Sister W. L. Henry to a place on the stage, and Sister Fulton told the members that the day was Sister Henry's 70th birthday and presented her with a lot of beautiful handkerchiefs. It was certainly a pleasant surprise for her. Sister Fulton said that Sister Henry needed no introduction for every one knows and loves her. Her pleasant smile is an inspiration to all who come in contact with her. I will give a few brief incidents of her life in Callahan county. She was among the early settlers of the county, living at Belle Plaine when their nearest supply store was Fort Worth. She owned the first cook stove brought to the county and people came from miles around to do their baking on it. It was no unusual sight in those days to see herds of buffalo grazing nearby. For the past 37 years Sister Henry has made her home in Baird, where we hope she will spend many more birthdays. xxx

Tonight! Take Dodson's Liver Tone! Better Than Calomel For Liver

Calomel sickens! If bilious, constipated and head-
achy read my guarantee.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't

straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste. —Adv.

"ASPIRIN" WAS TALCUM POWDER

Heavy Sentence Imposed on
Manufacturer of Tablets.

(ASSOCIATED PRESS DISPATCH)
NEW YORK, December 31.—Accused of having manufactured and sold to influenza sufferers thousands of boxes of aspirin tablets, principally composed of talcum powder, Joseph M. Turkey, head of the Verandah Chemical company, of Brooklyn, was found guilty yesterday of violation of the sanitary code and sentenced to three years in prison with a fine of \$500. The sentence was the most severe ever imposed in the country for such an offense.

Hereafter say, "Give me genuine 'Bayer Tablets of Aspirin.'"

EASTER

It is Easter, the gladness of Easter is 'round me!
It is Easter, the sweetness of Easter has found me!
The newly leaved boughs of the trees are low swinging,
The birds have come back to their homes and are singing,
The blossoms I missed have come back to the meadow,
Every last cloud has gone, and gone with it its shadow!
And each grief that was crowding about me and shoving
Is gone; for my loves shall come back to my loving.

It is Easter; the lilies of Easter are swaying!
And the babies, their tresses all wind-blown, are playing!
And their wee fingers fashion me garlands of clover—
It is Easter—I grieved but my grieving is over!
For the ones whom I loved, and who left me back yonder,
Have grown nearer with Easter, grown nearer and fonder;
And when the breeze touches the tree-boughs low-swinging
I almost feel their loving, I almost hear their singing.

And so all the gladness of Easter is 'round me,
Its gladness, its love and its peace have all found me;
To the ones whom I grieved for my arms are now nearer—
They were far and apart, now they're nearer and dearer!
And each Easter that comes brings me near to the going—
I will find them and love them. I know they are knowing!
I count up the Easters until I have found them,
With my lips on their hair and my arms tight around them.
—Judd Mortimer Lewis.

LIFE AFTER DEATH

"Except the Grain Fall in the Earth and Die, It Cannot Bring Forth Fruit."

PERHAPS because the power of rising from death is in man so integral a part of his nature he uses it familiarly without surprise, never quite realizing its God-quality. From his daily deaths of trouble and struggle, from the death of goals he cannot reach, the deaths of gladness and love, of hopes that die with each sunset, he is reclaimed a thousand times. He cannot really die, for all the seeming deaths that daily attend him. They fall into the ground and die. He rises, raised by the power of life in him, and new hopes, new works he brings forth.

To set this life-power to eternal things is hard for him, being within a material world of his own creation. He has lost the intensity of desire for

two things which kept that early group humbly apart and fed it with profound wisdom—the desire of eternal love and a simple, uncompromising will to see the truth.

He feels so strong a life-power within him now that he is impelled to create his own lesser truth, wondering then at his dissatisfaction.

Sincere in Rejoicing.

It is not so much belief as perception that he lacks—a looking in the wrong direction with eyes dulled by dwelling on material objects. When the brightest day comes for celebrating the Risen Spirit, he goes to the laden churches, rejoicing in the flower-beauty that surges into bloom for the feast and in the massed choral singing of anthems. Surely he is sincere; thus loving, thus praising, thus entering into the service which the priests and people hold? With less keenness of sight, however, for the pure spiritual proving of the truth than those few were blest with who long ago, at the earliest Easter, after long sorrow and waiting, saw the real resurrection, yet perceived the greater spiritual one through it.

But he knows it is in the churches that he will find the mystery of the new flower that is to rise. It is always there, to be realized at each

BEGINS HOLY WEEK

For Many Centuries Palm Sunday
Has Been Day of Peculiar
Significance.

PALM SUNDAY is the name usually given to the sixth and last Sunday in Lent and the beginning of holy week, after the custom of blessing branches of the palm tree or of other trees substituted in those countries in which the palm cannot be procured, and of carrying the blessed branches in procession, in commemoration of Christ's triumphal entry into Jerusalem.

Palms and branches of the palm were used in this historic entry because the palm was then regarded as an emblem of victory and the carrying and waving of its branches was emblematic of success and in honor of royalty.

The date of the first observance of Palm Sunday is uncertain. In the Greek church it was apparently observed as early as the fourth century.

In the middle ages the palm, worn as a decoration, denoted that the person so adorned had made the pilgrimage to the Holy Land.

In some countries people made use of figures of Christ seated on an ass, carved out of wood, which were carried in religious processions and even brought into the church. In other countries it was the custom to strew flowers and green boughs in church yards.

The palms used in the procession of the day are taken home by the faithful and used as a sacramental. They are preserved in prominent places in the houses, barns or even in the fields, and thrown into the fire during storms. From the blessed palms are procured the ashes for use on Ash Wednesday.

Where palms cannot be secured branches of olive, box elder, spruce or other trees are used. In Rome olive branches are distributed to the people, while the clergy carry palms frequently dried and twisted into various shapes. In parts of Bavaria large swamp willows, with their catkins, and ornamented with flowers and ribbons, were used.

Because every great feast at this time was in some way a remembrance of the resurrection of Christ and was in consequence called Pascha, the Spanish term pascua florida had its origin. Thus it was that in 1512 the state of Florida, which was settled by the Spaniards, indirectly received its name.

kneeling, to be sown anew in each heart, to give fostering care, to brood over and bless the soil of the heart while waiting, to tell over and over again at every time the questioning heart is lifted up to it that what the mystery of life can do for the lesser grain it is bound to do by an ever truer measure of the same law for the spiritual growth.

Teaches Great Truth.

One can turn better, after that realization, to the full springtide and feel even gladder than nature, knowing the touch of the eternal flower within.

Wandering amid the old myths, filled with their beauty and their deathless attachment to life, one feels always under the shadow of ended things, upon the verge where all reality has gone down in darkness. The lasting and perfect poetry of these myths lingers like gorgeous unsunken sunsets. As the latest comer among them many may class the great Christian story of the resurrection. It is indeed a great myth, a superlative myth in the real meaning of the word as a narrative founded on a remote event. But the singular, lone truth it symbolizes like a direct shaft of light separates it from the darkness of the old myths forever.

They taught the underworld, where the shades moved in a half life or pale regret conscious of lost joy, without hope. A mournful idea of immortality that satisfied no heart and from which the great thinkers of that age reached out in vain for light.

That light appears in the great simple law. "Except the grain fall in the earth and die it cannot bring forth fruit."

HARD TO CALL THESE EGGS

Record Freaks Devised for Those Who
Were Careless About the
Expenditure.

The use of artificial eggs made of sugar, chocolate, glass, etc., is of modern origin. In all large cities of Christendom the confectioners' stores rival one another in their efforts to turn out the daintiest and most attractive Easter eggs. Sometimes they are of mammoth size and great cost. A few years ago an English lord had manufactured by a famous confectioner a gigantic egg that was intended for his lady love, the daughter of a millionaire in South Africa. This Easter gift was not less than three yards high and one and one-half yards in diameter, so that a person sitting on a chair could easily have space in the inside. The monster was filled with no less than 1,000 pounds of candy. An egg intended for the Infanta of Spain was manufactured at Paris at a cost of 20,000 francs (\$4,500). This costly Easter egg was made of white enamel, had in the inside engraved the passages of the Bible referring to Easter, and by means of a complicated mechanical contrivance a bird was made to fly out of it and sing twelve airs from well-known operas.

ITCH!

A WAR-TIME ILL THAT'S SPREADING
HUNT'S SALVE CURES IT!

BRED in the war trenches of Europe, a wave of ordinary ITCH is spreading over the country. This skin disease, history shows, has always prevailed, following wars and the concentration of armies. It was common during the Civil War and following that conflict. There was an epidemic of the Itch after the Spanish-American War. Now history is repeating itself after the great European struggle.

Returned soldiers and those with whom they come in contact will find a recognized remedy for the Itch in Hunt's Salve, commonly known as "Hunt's Itch Cure." Many a veteran of the late '30's will testify to its merits. If directions are followed HUNT'S SALVE will prove a never failing cure for all forms of the Itch, and your druggist will tell you so. He sells HUNT'S SALVE under a strict guarantee to refund the purchase price to any dissatisfied user.

A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says: "Itch, but cancer compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed. One box completed the cure—the first application afforded wonderful relief. My advice to those who have to scratch, is to use Hunt's Salve."

Hunt's Salve is especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases and is sold on our guarantee by all reliable drug stores, or it will be sent direct by mail if your local druggist cannot supply. Price 75c per box.

EASY TO CURE "NAUGHTINESS" TRIBUTE TO YANKEE FIGHTER

Common-Sense Methods of Dealing
With Children Will Always Be
Found Effective.

Magazine Writer Describes the
"Doughboy" as All the World
Has Come to Know Him.

A morbid exaggeration and perversion of the natural desire which all children feel for notice by their elders, is held by Thomson to be the cause of abnormal naughtiness in children. These cases are of essentially the same nature as those of "moral imbecility" in children who are in some degree mentally defective. The proper lines of treatment are clear enough, and when carried out consistently and thoroughly are rapidly and completely successful. They may be summarized as follows: (1) All severe corporal punishment must be stopped—it never does any good. (2) Nobody must ever appear shocked, amused or even surprised at anything a child does. (3) His misdeeds are never to be alluded to, much less described, in his presence; and, lastly, he should be noticed and encouraged in every way when he is good and altogether ignored when he is naughty. —British Journal of Children's Diseases.

Every man intends to have his own way after marriage, but sometimes his wife relieves him of a false impression.

If the meek shall inherit the earth, where shall the scornful wander?

We all have our opportunities, but most of us manage to dodge them.

George Pattull, a magazine writer who has been with General Pershing's army in France, has paid a tribute to the American fighting men that is worthy of reproduction in every county in the United States. Says Mr. Pattull: "The American soldier is about the finest human specimen on top of the earth—rough and ready, grumbling, never giving up; always able to laugh, even at his own plight; a holy terror in a fight; ruthless to an enemy capable of resistance; generous to a fault to a beaten foe; hating nobody, fearing none; with backbone enough to storm hell, and the gentleness to win a child."

France knows this, England knows it, even Germany has a hazy idea that a Yankee doughboy is a combination of an angel from heaven and a devil from hell. Isn't it about time for Americans to realize the worth of their fighting sons?—Exchange.

SKIN ERUPTIONS ON THE FACE

are unsightly and mar the appearance of many a woman whose face would be otherwise attractive. There is no need for this. Just get a box of Tetterine and use it regularly and you will be surprised how quickly pimples, blotches, itchy patches, etc., disappear and how soft and clear the skin becomes. Nothing better for eczema and other skin troubles than Tetterine. Sold by druggists or mailed for 50c. by Shoptone Co., Savannah, Ga.—Adv.

KIDNEYS WEAKENING?

BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the govern-

ment of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Middle Aged Women

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

At a Washington reception a lady said to Senator Nelson in a shocked voice:

"Look at that Cortlandt Bleecker girl. I never saw such a décolleté blouse, such a short skirt, and such transparent stockings. I'm astonished, for I always thought her a very quiet creature."

"Perhaps," laughed Senator Nelson, "she's the sort that believes in the old saying that young girls should be seen and not heard."

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Dr. Price's Cream Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

Texas wins the Bankhead Highway over Oklahoma, but whether the Baird or Albany route will be selected we have not heard.

The Dallas News' "Question and Answer" Column says, whiskey sold for 20 cts a gallon before the Civil War. Why hark back to things that emphasize such a contrast between the past and present. We know some men who would pay \$20 a gallon; yes \$20 a quart if they could get the real stuff. 20c a gallon, yes we heard of it when a boy, but it was considered a disgrace for anyone to get drunk on such cheap stuff, but times have changed! Sure!

The full report of the storm over Texas last week was not made public until after we had gone to press Thursday evening. The worst storm was north and east of us extending as far as Van Zandt County. Near one hundred people were killed and three hundred injured and the property loss ran into the hundreds of thousands dollars. From Clarendon North, a heavy snow was reported and rain South of that point. See that your storm cellars are in repair.

MORE WATER, AND OTHER THINGS.

If the water supply of Baird is short now, what will it be when it gets real dry in the summer. Baird will never have an adequate water supply until we go over on the Mexia and "dam 'er" up. "They say" people are using the water to irrigate their gardens, but we have not got water enough for that. A reservoir on the Mexia east of town would give us an ample water supply for a town several times the size of Baird. We need a sewer system, but with our limited water supply it is useless to talk about it.

We have enough water for domestic use, but not enough for anything else and never will have from the wells because the supply is limited, unless all signs are wrong. To put down more wells might help some

but we believe it would only exhaust the supply quicker, that is all. We all want to see the town grow, but if it does grow to amount to anything we must have more water and the sooner we realize this the better for us all.

EASTER SUNDAY

Easter Sunday is supposed to take its name from a heathen goddess Ostera or Eastre. The word Easter means rising, and Eastre was called the Goddess of Spring when nature rises from the death of winter. The Christians celebrated it to commemorate the resurrection of Jesus Christ who was crucified the day before the feast of the Passover on the 14th day of the month, Nisan, corresponding to our April. Easter does not always occur on the same day, but by decree of the Council of Nice in A. D. 325 as the first Sunday after the full moon occurring on or after the 21st day of March, unless the full moon happens on Sunday, then the following Sunday is observed.

The feast of the Passover was instituted by Moses to commemorate the delivery of the Jews from the Angel of Death, that smote the first born of all Egyptian families but passed over the Jews where blood was sprinkled upon the lintels and door posts. It was at this feast that Jesus Christ was put to death and rose from the grave on the third day, as he said he would. Christians in commemorating this event express their belief in the Deity of Jesus Christ and his resurrection from the dead. Next Sunday is Easter Sunday and the International Sunday School Lesson very appropriately commemorates the Resurrection of our Lord and Saviour, Matt. 28:1-10. Golden Text:—"He is risen, even as he said," Matt. 28:6.

ROAD MEETING

An important Good Road Meeting was held on main Street Saturday and about \$250.00 paid in on membership for the Bankhead Highway Commission. Judge B. L. Russell explained the object of the meeting and the great importance to Baird and Callahan County if we could secure this great highway.

A delegation was sent to Mineral Wells to attend the Convention of the Bankhead Highway Commission now in session at Mineral Wells, headed by Judge B. L. Russell.

The Editor of THE STAR was surprised Monday by a visit from an old Brownwood friend, Dick Logan one of the most prominent merchants in Brownwood in the early days. Mr. Logan is now living in Dallas we believe, though he has moved about quite a bit since he left Brownwood, near a generation ago. It sure does us good to meet with these old timers and to talk of men and things of early frontier days.

Corporal Claude Poe, 144th Infantry returned home from overseas, last Friday night. Claude was wounded on the evening of October 28. He had several slight wounds from fragments of steel or shrapnel in his right hand and one in his right knee, but the worst was a machine gun bullet through his left hand, causing his middle finger to become stiff. Claude was in some of the most desperate fighting at Argonne and Champagne, was wounded at latter place. The report got out here that he was wounded only a few minutes after he went over the top, which was a mistake. He stayed with his regiment until wounded on the 28th, only 14 days before the end of the war. He was sent to the hospital and later sent home and discharged at Camp Bowie, last week. We have had no chance to talk to him much since his return and if he will we will get him to relate his experience, because he went through some of the most desperate fighting with the infantry in the greatest war of all history. He says no one can realize what they went through with unless they were there and could see it with their own eyes.

Asked about Morgan Stokes, of Baird and John Stone, of Eagle Cove, that belonged to his regiment, he said that both boys made splendid soldiers and faced the hell of fire they met like veterans, as did all the other Callahan County boys.

REV. ABE MULKEY DEAD

Rev. Abe Mulkey, the noted Evangelist died at his home in Corsicana last Sunday a week ago after a long illness.

Abe Mulkey as all called him was the best known evangelist in Texas as he held revivals in nearly every town of any size in the state.

He held a ten days meeting at Baird during the pastorate of Rev. R. F. Dunn, of the Methodist Church South, about 1888, and old residents still consider it the greatest revival ever held in Baird.

With his faithful wife, Louisa, as he affectionately called her, traveled over Texas and some adjoining states, holding revivals.

His second meeting at Baird was held in Baird in 1895. The editor was absent, at Austin during this meeting and cannot speak from personal knowledge of that one, as we can of the first, but it was a good meeting.

For several years Abe Mulkey has devoted his entire time to raising money for the Methodist Orphanage at Waco and his jolly letters in the Texas Christian Advocate each week were read and enjoyed in every part of Texas. A few weeks ago the letters suddenly ceased, then came news of physical break down and illness that ended the career of one of the most unique characters and one of the best men in Southern Methodism.

Abe Mulkey had only a limited education so far as book learning goes, but he had a full University course in practical experience.

We doubt if any preacher in Texas ever had more real genuine conversions than Abe Mulkey. His sermon on Restitution was preached and published all over Texas and did a world of good.

It looks like his death is a calamity to the Methodist Orphanage for which he spent his last breath of life, but we recall the inscription over the tomb of John Wesley in Westminster Abby. "God buries his workers; but carries on his work." We hope it will be so in this instance, for the sake of the great family of orphans in the Methodist Orphanage.

There never was but one Abe Mulkey and we hope no preacher will ever try to imitate him, because they will fail. They can imitate his work but not his way of doing it. His place in the church will not be easy to fill.

He was 69 years old and spent most of his life in the Ministry of the M. E. Church, South. Peace to his memory and may we all emulate his devotion to the right and for the uplifting of humanity.

He deserves a monument of granite to perpetuate his noble life and unselfish deeds to the latest posterity. The present generation of Methodist know him and revere his memory.

SUMMARY OF LEAGUE COVENANT

MENTION IS MADE OF THE DOCTRINE IN GIVING IT RECOGNITION.

Germany loses all its colonies as well as the territories of the revised league of nations, as well as the territories of the Turkish empire, will be administered by the league through states as voluntary mandates.

The Monroe doctrine is protected by the following paragraph:

"The covenant does not affect the right of international engagements as treaties of arbitration, of real understandings, like the Monroe doctrine, for securing the maintenance of peace."

The members of the league will seek to reduce their armaments until plans suggested by the league council, with the consent of the states themselves.

In case of disputes, the member states will submit their differences to arbitration by the council. The council can make no ruling that affects purely domestic matters. War shall not be resorted to until at least three months after an award is made, and not then against the state which accepts the award.

A power which breaks the league covenant will be regarded as having committed an act of war against the league. The other states will break off all relations with it, and the council will recommend the apportionment of forces, if any, to be directed against the refractory nation, at the approval of the states affected.

All treaties must be published and may not conflict with the principles of the league. A state breaking its agreements can be expelled from the league.

Affairs of the league will be administered by an assembly consisting of three representatives of each of the nations and a council comprising one representative of each of the five great powers, and each of the four other powers.

The league will have a permanent secretariat under a secretary-general. A permanent court of international justice also will be established.

A state may withdraw from the league by giving two years notice.

The Japanese amendment providing for racial equality was defeated.

The new text contains twenty-six articles. Except for the technical task of bringing the French and English text into accord, the covenant is ready for the plenary conference.

\$4,500,000,000 TO BE VICTORY LOAN TOTAL

PARTIALLY TAX EXEMPT NOTES TO PAY 4% PER CENT AND TOTALLY EXEMPT 3%.

Washington.—Terms of the Victory Liberty loan have been announced by Secretary Glass. They are:

Amount \$4,500,000,000, oversubscriptions to be rejected. Interest 4% per cent for partially tax exempt notes, convertible into 3% per cent notes wholly tax exempt.

Maturity four years with the treasury reserving the privilege of redeeming the notes in three years.

The 3% per cent notes to be issued later also may be converted subsequently back into 4% per cent notes.

The 4% per cent securities are to be exempt from state and local taxation excepting estate and inheritance taxes and from normal rates of federal income taxes. The 3% per cent securities are exempt from all federal, state and local taxes except estate and inheritance taxes.

The size of the loan was much smaller than had been anticipated, particularly in view of Secretary Glass' past statements that the loan would be five or six billions.

This will be the last Liberty loan, Secretary Glass explained, although there will be other issues of government securities to finance belated war expenses. These will not be floated by popular campaigns.

None of the past issues of Liberty bonds are convertible into Victory loan notes, and there are no specific provisions in the terms of the Victory issue serving directly to main market prices of past issues.

In many communities the selling campaign already has begun actively, without formal acceptance of subscriptions, say reports to the treasury, although the official opening date is April 21, and will continue three weeks, until May 10.

WILSON DEFENDS MONROE DOCTRINE

PRESIDENT TELLS LEAGUE COMMISSION IT IS BULWARK AGAINST ABSOLUTISM.

SEVERAL SECTIONS APPROVED

French and Chinese Offer Objections, and President Wilson Answers Their Argument.

Paris.—The league of nations commission has completed its consideration of the league covenant. No sections were included granting the Japanese and French demands, but Japan and France announced that they would reserve the right to bring up the desired amendments before the plenary session of the peace conference.

Paris.—Discussion of the Monroe doctrine amendment by the league of nations commission is described by those present as having been of a dramatic character, concluding with a speech by President Wilson deprecating the opposition which had been expressed and upholding the doctrine as one of the great bulwarks against absolutism. Ten sections altogether were approved.

The British attitude had been in doubt, but Lord Robert Cecil turned the scales by announcing that he saw no objection to the amendment in the form presented by the president. M. Larnaud of the French delegation followed Lord Robert with objections to inserting the Monroe doctrine.

The Chinese also offered objection to the amendment on the ground that its language was so extended that it might validate certain principles and claims affecting Chinese affairs.

The president paid the closest attention to the opposition to the amendment and jotted down notes for a reply. In his speech the president spoke with great earnestness and with some evidence of feeling.

He declared that the Monroe doctrine was enunciated to combat the Holy Alliance and to hold back the threat of absolutism which was then menacing Europe and seeking to spread its absolute power to the western hemisphere. It served its purpose in keeping this absolute power from the western world.

One of its great purposes, he said, was to maintain territorial and political integrity, and having served its great purpose in the western world, it has now been brought to the lands which had felt the hand of absolutism and militarism. It was a source of surprise and discouragement, the president said, to hear opposition expressed to such a doctrine and such a purpose.

The president's speech closed the discussion. There was no vote and when there were no further remarks the chairman of the meeting said the amendment would be considered adopted.

GENERAL ZAPATA KILLED BY GOVERNMENT TROOPS

REBEL CHIEF SLAIN IN STATE OF MORLOS, HIS STRONGHOLD SINCE 1909.

Mexico City.—General Emiliano Zapata, the rebel leader in southern Mexico, has been killed by government troops, according to announcement made by the Mexican war department.

The message says that a part of the fifth regiment serving under General Pablo Gonzales of the Carranza army has returned to Cuatula, General Gonzales' headquarters, with the body of the rebel chief.

The rebel chief is said to have been killed in an unnamed part of the mountains of southern Morelos by troops under command of Colonel Guajardo. The war department has promoted the colonel to a generalship for his feat.

At the height of his power several years ago, General Zapata figured as the possible head of the Mexican government.

Paris.—Premier Paderewski, in a formal statement just issued hints that Poland is destined to face a state of anarchy if she is not awarded Danzig.

Aliens Are Leaving America.

New York.—Enriched by war work, aliens are leaving this country at the rate of more than one thousand a day, it is learned.

Geneva Is Chosen Capital of League.

Paris.—Geneva, Switzerland, has been chosen as the seat of the league of nations, according to an announcement here.

Railroad Men Given Wage Increase.

Washington.—Wage advances aggregating \$65,000,000 have been ordered by Director General Hines for 400,000 railroad engineers, firemen, trainmen and conductors—members of the big four railway brotherhoods—retroactive since Jan. 1, 1919. The brotherhood demands for time and a half pay for overtime was granted for men engaged in yard service and for the others this question was referred to the railroad administration's board of adjustments No. 1.

STORM DESTROYS LIFE AND PROPERTY

NORTH TEXAS AND SOUTHERN OKLAHOMA ARE VISITED BY A VERY SEVERE STORM.

Dallas.—Heavy loss of life and destruction of property resulted from a windstorm that swept northern Texas and southern Oklahoma early Wednesday morning. Ninety-seven persons are reported killed and hundreds more or less seriously injured. The property loss is estimated to be several millions in buildings and goods destroyed. The damage to crops will be heavy.

The windstorm came up from the southward and was most severe between 3 and 7 o'clock in the morning. It was accompanied by heavy rain and lower temperatures. The counties most seriously affected in Texas were Grayson, Fannin, Hunt, Wood, Van Zandt, Wichita, Collin, Camp and Titus. In Oklahoma the counties of Bryan, Cotton and Pontotoc reported greatest damage. The oil fields of Wichita county and of southern Oklahoma alone suffered hundreds of thousands of dollars damage in wrecked rigs and machinery.

The little town of Canaan, in Grayson county, was literally demolished and a freight train there was blown from the tracks, all but five of the thirty-two cars being overturned. Some of the cars were heavily loaded.

The Calls community, northeast of Blue Ridge, in Collin county, was disastrously dealt with by the storm, seven persons being killed there.

In the vicinity of Leonard, Texas, five were killed and many injured. Grand Saline reports six killed and upwards of 25 injured. In Wood county upwards of 20 are reported killed, while property losses run very high. Reports from Pittsburgh give the life toll near there at six killed and over 20 injured. Twelve were killed and several injured in and around Newsome. Fannin county reports heavy property loss, and several were killed at Della, Ector and Mulberry. Seven killed and several injured is reported from Canton. Property loss of Trenton and vicinity is reported as upwards of \$700,000, while Burkburnett reports over 50 derricks down with no loss of life.

Telephone and telegraph wires were rendered useless and the roads in most instances were almost impassable owing to the rains and the obstructions that were thrown across them in many places by the wind.

In every community where destruction was general organizations have been formed for collecting and distributing aid to those who lost their homes and household goods. Tents have been shipped by the Woodmen of the World to communities that asked for them. In some of the communities there has come need for aid from outside and appeals for such aid have been sent forth.

Destruction of property has been found to be much greater than the first estimates found.

"FATHER" BUCKNER DIES AFTER BRIEF ILLNESS

FAMOUS PHILANTHROPIST WHO FOUNDED ORPHAN ASYLUM HAD BRIEF ILLNESS.

Dallas.—Dr. R. C. Buckner, famous Baptist minister and philanthropist and "Father" Buckner to more than 12,000 orphaned boys and girls of Texas who have been inmates of the home he founded five miles east of Dallas, died at the Baptist Memorial sanitarium, in this city Wednesday morning. Death followed an illness of less than three days. He was 88 years old Jan. 3, last.

Famed as a philanthropist, through whose untiring efforts thousands of orphaned children had been given their start in life, many of them having made their marks in Texas and other states, "Father" Buckner, as he was affectionately known to all, was one of the most revered workers of the Southern Baptist church. Distinguished alike as a minister, as an editor and as a practical philanthropist of great accomplishments, his entire life had been devoted to the upbuilding of the Baptist church and its institutions, and especially to the Buckner orphans' home.

In 1873 he took the first subscription for the proposed home, and he realized therefrom \$16. The home was established in 1879. But from that modest beginning, by dint of perseverance and his own undaunted enthusiasm, he gradually built it up, increasing the number of children it could care for and educate until today it is one of the largest institutions of its kind in the United States, with 650 inmates, forty-four buildings and properties, including 2,000 acres of extremely valuable suburban lands east of Dallas, whose value runs into the millions of dollars. It is estimated that the home has had more than 12,000 inmates.

To Get Same Loan Quotas.

Washington.—Although the amount and terms of the Victory liberty loan will not be announced until next week Secretary Glass said that each federal reserve district will be assigned the same proportionate quotas for the Victory loan as were given them in the fourth Liberty loan. Since the amount of the Victory loan is expected to be in the neighborhood of six billions, the district quotas will be about comparable with those in the drive last fall.

GOV. HOBBY URGES PERMANENT HIGHWAYS

HANDICAP OF INFERIOR ROADS FORCEFULLY PRESENTED AT NATIONAL CONVENTION.

REQUIRED BY THE FARMERS

Proposed \$75,000,000 Bond Issue Committed to Provide Complete Trunk Highway System.

Mineral Wells, Texas.—In his address of welcome to the seventh annual convention of the United States Good Roads association, Gov. W. P. Hobby made a speech that produced such a favorable impression upon the 1,000 delegates present that the officers of the organization are proposing to incorporate certain portions of it in their national propaganda for the extension of permanent highways.

The majority of visitors being from other states Governor Hobby largely devoted himself to expounding the beauties of Texas. He then unfolded the plans for the proposed \$75,000,000 good roads bond issue, to be voted upon within the next few months by the Texas electorate.

That the progress of civilization is largely dependent upon improved highways was a statement made by Governor Hobby that was greeted by liberal applause from the delegates. Improved highways, he continued, are the noblest form of transportation, in that it enters most intimately into the lives and affairs of citizenship.

Gov. Hobby also expressed himself as being highly gratified that large bond issues had been authorized recently by Texas counties and precincts for improved roads. He predicted, however, that much of this money will be wasted until the people of the state will write into the constitution authority for a \$75,000,000 state bond issue for the purpose of establishing under state direction and authority trunk lines of highways with radiating roads to complete a system bringing every part of the state into communication with each other and providing access to the markets for the producers.

Gov. C. H. Brough of Arkansas, who responded to the address of welcome, complimented the vision of the governor of Texas and said if every farmer is made to realize that with the cost per ton mile in this country of more than 26c he is competing with the European farmer, whose cost per ton mile is about 5c, no intelligent man will oppose liberal bond issues for improved highways.

Houston Denied Phone Injunction.

Houston, Texas.—In granting a temporary injunction restraining the city of Houston from interfering with the Southwestern Telegraph and Telephone company in the collection of the new and higher rates promulgated by Postmaster General Burleson, Judge George Whitfield Jack of the western district of Louisiana held that the act of congress which authorized the president to take over the telegraph and telephone lines as a war measure carried with it the power to make rates.

British Would Deny Austria Food.

Vienna.—The British military representative here has notified Dr. Otto Bauer, foreign minister of German-Austria, that the British government had authorized him to declare that if disorders occurred in German-Austria, imports, including food and raw materials, would be immediately and entirely stopped. The allies should have undisturbed communications through German Austria with friendly and allied new states.

Plans for Payment of Indemnities.

Paris.—Germany under the peace treaty must pay \$5,000,000,000 in cash or the equivalent in commodities, before May 1, 1921. She must also issue immediately to the allied and associated governments \$20,000,000,000 of interest bearing bonds. The interest on the bonds until 1926 will be either two or three per cent, and after that date will be 5 per cent, according to the present plan.

Can't Own Too Much Liquor.

Washington.—In disposing of proceedings involving an interpretation of the Georgia state prohibition law, the supreme court in effect held that possession of intoxicating liquors in excess of the amount permitted by statute, even though lawfully acquired before its enactment, is prohibited under the law.

Ten Hurt in Explosion.

San Diego, Cal.—Eight enlisted men, one officer and one civilian, on board the United States submarine chaser 297, lying in port here alongside the municipal pier were burned in an explosion on board the little warship Monday.

Train Turns Over—Kills Cattle.

San Marcos, Texas.—Between three and four hundred head of cattle were killed when fourteen cars turned over at Hunter, nine miles from this place, on the Missouri, Kansas & Texas railroad recently.

No Bonds for Dirt Roads.

Austin, Texas.—Commissioners' courts have no authority to issue bonds to construct "dirt roads" under chapter 2, title 18, R. S. 1911, the attorney general holds in an opinion.

Is Your Work Hard?

Work which brings any unusual strain on the back and kidneys tends to cause kidney ailments, such as back ache, lameness, headache, dizziness and distressing urinary troubles. Kidney complaints make any kind of work doubly hard and if neglected there is danger of gravel, dropsy or Bright's disease. If your work is hard on the back, keep your kidneys in good condition with Doan's Kidney Pills. Thousands rely on them.

Center of Fashion's Stage

The new, rough, heavy, and really magnificent weaves in silk have so glorified the separate skirt, that it bids fair to hold the center of fashion's stage—for a while. Types of skirts are developing that are not easy to identify as belonging to our familiar classifications. They are not strictly dressy skirts and they are not really sport skirts, although evidently descended from that virile parent of new styles.

The material is the thing that is featured in these skirts and they need nothing else to give them distinction. A whole flock of beautiful, trade-marked silks have settled in all fashion centers and the separate skirt has been glorified as before mentioned, merely by being made of them.

One of these brilliant, clingy, sturdy silks is shown in the skirt pictured. This model is plain, gathered into a belt and has a folded girdle of the material. At each side there are pockets set up. They are shirred across the top to form a ruffle and have small crystal buttons as a decoration. This particular skirt is in pretty white in a

heavy silk with a high luster and looks as cold as ice. It must have been this hard glitter of the material that suggested to the designer those crystal buttons, like frozen drops of water.

The new silks are shown also in bold but distinctive figured patterns, in big checkerboard designs where the squares are formed by changes in the weave, and by introducing color with white in large checks and in widely scattered figures. All of which promises much that is new in the fortunes of the separate skirt, which is going somewhere, we don't know just where, but it is on its way.

Blouses must follow its lead and be made to play up to it. Together they will rival any sort of dress in smartness.

Colors Popular.

Colored handkerchiefs were never more popular than they are at the moment. Not satisfied with borders, stripes and cross barring of every imaginable hue, many of the handkerchiefs are of a solid color, with a plain border or narrow white hem.

For Spring Brides

Now comes the spring bride, with all her belongings, from the crown of her head to her feet, more or less be-ribboned and lace-trimmed. Ribbons and laces play a gay and enchanting part in undergarments, negligees, boudoir caps, boudoir slippers and all the innumerable accessories of dress that need to be exquisite and dainty. Ribbons and laces of different character from those used for lingerie extend their field of usefulness into the realm of afternoon and evening gowns; almost nothing is made without them.

If one is casting about for gifts that a bride will surely love here are two camisoles and two boudoir caps that are worth considering. They are charming new arrivals and there is not a fault to be found with them. One of the caps is the simplest sort of design but the other is an ambitious affair that suggests an Egyptian head-dress as its inspiration, being a dainty interpretation of the jeweled head-piece worn in the ancient land of the lotus. The cap at the left is merely a straight piece of fine net gathered along one edge to form a crown, and near the other to form a narrow flounce. Poppies, made of ribbon, are set about it.

The camisole shown with this cap is of point-d'esprit and lace with four flounces of narrow ribbon. The ribbon is an inch and a half wide and forms shoulder straps with net placed over it. It is not at all difficult to make a camisole of this kind as the ribbon is

merely gathered along one edge into a scant flounce and stitched to the net in rows.

It requires a foundation to make the cap at the right. Shaped pieces at the back and front of the head are extended into tabs at each side that extend over the ears. These pieces may be of rice net or crinoline, covered with ribbon and finally with lace. The crown is of lace gathered into the shaped pieces. Two small ribbon flowers are set on at each side.

The pretty camisole of wide lace shown with this cap, has panels of satin ribbon set on it with ends pointed at the top. The same ribbon, edged with narrow lace, forms the shoulder straps and band at the top. A narrower ribbon gathers in the fullness at the waist line leaving a lace flounce below. Tiny chiffon blossoms are set on the shoulder straps and the band.

Gay Outing Hats.

The very latest sport hats are fashioned from batavia cloth, which is no more than coarse linen. These smart batavia hats appear in the gayest of colors, though many of the models have backgrounds of soft hues and rely for their color on brilliant trimmings. Flower motifs, cut from fabric and plastered on the hats, form a popular trimming.

IMPROVED UNIFORM INTERNATIONAL
SUNDAY SCHOOL
LESSON

Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1919, by Western Newspaper Union.)

LESSON FOR APRIL 20

THE RISEN LORD.

LESSON TEXT—Matthew 28:1-10.
GOLDEN TEXT—He is risen, as he said. Matthew 28:6.

ADDITIONAL MATERIAL—Luke 24:1; Corinthians 15.
PRIMARY TOPIC—An angel tells about the resurrection of Jesus.
JUNIOR TOPIC—The story of an empty tomb.

INTERMEDIATE TOPIC—The living Christ.
SENIOR AND ADULT TOPIC—The meaning of Christ's resurrection.

I. The Visit of the Women to the Sepulcher (28:1).

They came early to see the sepulcher. Their zeal and love exceeded that of even Peter, James and John. "Women were last at the cross and first at the tomb."

II. The Earthquake (28:2).

This occurred when the glorious angel descended to roll the stone away from the tomb. This work of the angel was not to allow Jesus to escape but to show that the tomb was empty. Christ needed not the help of a glorious angel, for he was raised up by his own power as the soul of his atoning work upon the cross. The open tomb and the angel sitting upon the stone with calm dignity is a picture of God's triumph over the devil, and the terror of the keepers is a sample of what all of Christ's enemies shall one day experience when he comes in glory to reign as king.

III. The Angel's Message to the Women (28:3-7).

1. "Fear not" (v. 5). While the enemies have occasion to fear, those who love the Lord receive good news from the empty tomb. The Lord will not long leave those who follow him, in suspense and dread. The empty tomb puts an end to all doubts and fears. It is the proof that the question of sin is dealt with and that God is satisfied, carrying with it the assurance of eternal victory.

2. "Come see" (v. 6). The angel said that the Lord had risen, and vited the women to see the place where he lay.

3. "Come quickly" (v. 7). The women must see for themselves and then go tell the message. Experience must precede testimony. They were to go quickly to the disciples with the blessed message, with the assurance that the Lord would go before and meet them.

IV. Jesus Meets the Women (28:8-10).

The women rendered instant obedience and were running to bring word to the disciples. Jesus met them on the way. Those who have an experimental knowledge of Christ should speedily go to tell others of it. To all such the Lord will appear and bring joy.

V. What Christ's Resurrection Guarantees to Us (1 Cor. 15).

1. The integrity of the Scriptures (vv. 3, 4). The Old Testament Scriptures told of the advent, death and resurrection of Christ. Christ's resurrection gave the seal of authentication to them. Christ rebuked the disciples on the way to Emmaus for their disbelief of the Scriptures concerning the resurrection (Luke 24:13-26).

2. The reality of the divine person (Rom. 1:4). Jesus claimed to be one with the Father. He predicted his coming forth from the dead (Matt. 16:21). He declared that no one could take his life from him. He had power to lay his life down and take it up again (John 10:15-18). He died because he willed to do so. The life which he laid down must be resumed at the completion of his sacrificial work. His coming forth from the grave proved that he was what he had claimed to be.

3. The sufficiency of Christ's atoning sacrifice (Rom. 4:25). On the cross Christ exclaimed, "It is finished." By the resurrection God declared to the universe that an adequate remedy for sin had been provided. The resurrection of Christ is God's certificate that an adequate sacrifice has been provided for sin.

4. Our life and immortality (1 Cor. 15:20). He is the first fruits of them that sleep. "Because I live ye shall live also." The guarantee that man in the integrity of his being spirit, soul and body shall live again is furnished us in Christ's death and resurrection.

Promoting Happiness.

God has given understanding to man, to be employed for his glory in promoting the happiness of his creatures; and, in nothing that belongs to earth can the human understanding be more worthily employed than in the researches of science and in the works of invention.—Chief Justice Chase.

Absorbing the Bible.

Reading God's Word is one thing; to look at it in the right light is another. It is like this: A man may see the figures on the dial, but he cannot tell how the day goes unless the sun shines on the dial. So, also, is reading the Bible—unless the spirit shines within our hearts it is likely that we will not get the correct interpretation.

Lord Never Forgets.

"The Lord never forgets anyone because he is little."

THE KITCHEN CABINET

A man who has been bitten twice by the same dog is better adapted to that business than any other.
Josh Billings.

HELPFUL HINTS FOR THE HOUSE-WIFE.

When baking a pastry shell for a cream, custard or lemon pie, invert the pie tin and bake the crust on the bottom. Such a shell keeps its shape better.

If using sweet cream and it has turned, add a pinch of soda and salt and proceed as if it were perfectly sweet.

If turnips are strong, change the water once while boiling and season them with cream instead of butter.

When you have added too much soda to a mixture, add a teaspoonful of vinegar to counteract it.

Crust in teakettles can be prevented by keeping a clam or oyster shell in the kettle.

To whiten clothes put a teaspoonful of borax in the rinsing water.

Add a cupful of mashed potato to the bread sponge; it will keep moist longer.

Iron table linen quite damp, and until it is perfectly dry, which will give gloss and stiffness.

Clean sinks and bathtubs and bowls with a cloth dampened in kerosene.

Pineapple juice is excellent for sore throat and croup. The pineapple contains a vegetable pepsin which is recommended for dyspepsia. Eat the ripe fruit with salt, if used as medicine.

Two dust mops, one for downstairs and the other up, will save many steps when cleaning. A well-oiled mop used each day on the hardwood floors keeps them always in good condition. Five minutes will dust a floor, after the room is in order. With the weekly sweeping and cleaning of rugs, the rooms are always presentable.

Use a curry comb kept for the purpose in scuffing fish. Scald them and hold by the tail when cleaning.

Parsley eaten after onions will kill the odor of onions on the breath.

A high stool with a back makes a fine seat for one when ironing. Some women use such a stool when dish-washing, and many other tasks may be lightened by its use.

Bake a lemon until thoroughly hot and it will yield all its juice when squeezed. Mixed with sugar the hot juice is especially good for throat trouble.

"Some have meat that cannot eat.
And some there be that want it;
But we have meat, and we can eat,
And so the Lord be thanked."

FOOD FOR THE FAMILY.

A small amount of meat may be extended over other material making a dish both nourishing and satisfying.

Curried Lamb With Macaroni.—Brown a pound of lamb for stewing, add a small amount of water and cook until tender. Cook a half pound of macaroni in boiling salted water, drain and pour cold water through it. In a saucepan melt two tablespoonsful of fat, add two tablespoonsful of flour, two tablespoonsful of curry powder, one teaspoonful of salt and one-fourth of a teaspoonful of pepper. Add two cupsful of milk gradually, stirring constantly; cook until smooth. Put a layer of cooked macaroni in a well-buttered casserole, then a layer of lamb and curry sauce. Repeat until all is used. Cover and bake in a moderate oven one hour.

Carrot Pie.—Scrape two medium-sized carrots, cut in small pieces and cook until tender. Drain well and put through a potato ricer. There should be one and one-quarter cupsful. To the carrot add one-fourth teaspoonful each of ginger and cinnamon, one-half teaspoonful of salt, one-half cupful of sugar, two eggs beaten slightly and one and one-half cupsful of milk. Mix well and bake in a pie plate lined with good rich pastry.

Chocolate Nut Cookies.—Beat two eggs very light, without separating the whites and yolks; gradually beat in one cupful of sugar, two squares of melted chocolate, half a cupful of chopped nuts, half a teaspoonful each of salt and cinnamon, and half a cupful of flour. Let stand a few minutes to chill the chocolate and then turn out on a floured board; roll in a thin sheet and cut in shapes. Dredge with sugar and bake in a moderate oven.

Vegetarian Scramble.—Mix one cupful of cornmeal, one medium-sized onion chopped, one carrot, also chopped, one-half a green pepper chopped, three teaspoonsful of salt. Cook all together in three and one-half cupsful of boiling water; cook for an hour slowly then add one cupful of chopped peanuts and turn the mush into a greased bread pan to mold. Cut in slices, dip in flour and fry in hot fat.

Jellied Peaches.—Drain whole canned peaches; place in a serving dish and pour over a glass of currant jelly that has been melted over hot water. Dust with chopped almonds or coconut.

If when in your endeavor to achieve a high purpose you meet with misunderstanding and apparent defeat, let your solace be found in the memory of him whose mission on earth culminated in Calvary.

A DAY WITH FISH.

As fish is one of our most valuable foods and in many localities is found in abundance, it should find a place on our tables in some form at least once a week.

In choosing a fish see that the eyes are bright and prominent, the flesh firm and the odor sweet.

Clean the fish by holding it firmly by the tail and scraping toward the head. Pour boiling water over it to loosen the scales, then they will be more easily removed. A curry comb kept for that purpose makes a good fish scaler.

Small fish are best fried and the best fat for frying is a vegetable oil as it leaves no taste and does not burn easily.

To prepare a small fish for frying, after careful cleaning wipe dry inside and out. Roll in flour, then in beaten egg to which a teaspoonful of water has been added, then in sifted crumbs. Have the oil very hot. When it browns a cube of bread in forty seconds it is ready. Drop in the fish and cook from five to seven minutes; drain on absorbent paper and serve hot.

Baked Fish.—Clean, wash and wipe dry a firm fish weighing three or four pounds, rub inside and out with salt and pepper and fill with any desired stuffing. Sew up the fish and lay in a pan with strips of thin salt pork over it, which will baste it while cooking. Bake from one to one and a half hours, basting occasionally. Serve with a drawn butter sauce.

Codfish Balls.—Take two cupsful of codfish, two cupsful of mashed potatoes with a little cream, one egg, one tablespoonful of butter and salt if desired, with a few dashes of pepper. Form into balls, roll in beaten egg, then in bread crumbs and fry in deep fat.

Salt Mackerel.—Soak the fish in cold water, changing the water several times until the fish is fresh enough. Lay in a baking pan and cover with thin cream; bake for twenty minutes in a moderate oven. Serve for breakfast with baked potatoes.

He is happiest who hath power
To gather wisdom from every flower
And wake his heart in every hour
To pleasant gratitude.
—William Wordsworth.

GOOD THINGS FOR THE FAMILY.

There are many fruit desserts which are especially good for the children that are also easy to prepare and much more wholesome than pies, cakes and puddings.

Jellied Apples.—Melt a cupful of sugar in a cupful of boiling water;

cook in it when boiling, three cored and pared apples. Turn the apples often to cook tender and evenly, without breaking. Let the apples cool and to the syrup add sirup from left-over pineapple, pears or peaches, to make one and three-quarters cupsful of sirup in all. In this, dissolve one tablespoonful of gelatin that has been softened in a little cold water; add the juice of half a lemon and chill. Place half a walnut meat in a teacup, put in apple and, as the jelly chills and begins to thicken, fill up the cup. The rest of the jelly is poured into a shallow dish and used, cut in cubes, to garnish the dish.

Lemon Jumbles.—Beat two-thirds of a cupful of shortening to a cream; gradually add one cupful of sugar, the grated rind of a lemon, two beaten eggs, two tablespoonsful of thick sour milk, half a teaspoonful of salt, two cupsful of flour sifted with one-quarter teaspoonful of soda. Mix well, knead lightly, roll and cut into rings with a doughnut cutter; dredge with sugar and bake in a quick oven. This recipe makes about forty cookies.

Hash.—Put through a meat chopper two cupsful of meat, three cooked potatoes, one medium-sized onion. Beat an egg and add one-half cupful or less of milk to it. Season with salt and pepper and stir in one cupful of corn flakes. Place a tablespoonful of sweet fat in a frying pan and turn in the hash. Fry until brown.

How is Your Complexion?

A woman should grow more beau-
tiful as she grows older and she will
with due regard to baths, diet and
exercise, and by keeping her liver
and bowels in good working order.
If you are haggard and yellow, your
flesh is losing its lustre and whiteness.
If your complexion is yellowish, your flesh flab-
by may be due to indigestion or
bilious liver. Chamberlain's
correct these disorders. For
druggists.

OBITUARY

Mrs. Tommie Street, wife of A.
B. Street, was born January 26,
1888. Married to A. B. Street
January 20, 1914. To their union
was born six children, three girls
and three boys, the younger being
only nine days old when it's dear
mother left this world of sorrow.
She obeyed the gospel under the
preaching of Bro. T. W. Head in
July, 1904 and lived a constant
christian life until the day of her
death, March 23, 1919, when the
death Angel kissed her brow and
she fell a sleep in the arms of Jesus.

Our dear Tommie was a sweet
good girl, obedient to her parents,
kind to her husband, devoted to her
home and children.

Besides her husband and children
she leaves a mother, three sisters,
two half brothers and a number of
other relatives and friends to mourn
her departure. But we weep not as
for those who have no hope we be-
lieve Tommie is not gone, only wait-
ing for us on the other shore. May
it ever be a warning to those who are
unprepared.

Bro. George A. Clingman, of
Abilene, spoke words of comfort
to the bereaved ones, then Tommie's
body was laid to rest in the city of
the dead at Abilene, Texas to await
the Judgement day. Then in heaven
with joy we greet thee, where no
farewell tears are shed, but memory
will be cherished, till we are num-
bered with the dead.

Written by one who loved her,
Mrs. Dora Youngblood, Abilene,
Texas.

IN MEMORY OF H. N. WALKER.

The angel of death has visited our
lodge and severed the brittle thread
of life of one of the noblest and
best beloved of our membership.
Bro. Walker was a man who was be-
loved, honored and respected by
everyone who knew him. His every
day life and conversation is worthy
of emulation. He left his home on
the morning of Feb. 24th, full of
life and vigorous manhood, he was
brought home on the morning of the
26th a lifeless form. He has left
a vacant chair in our lodge room
which will be difficult to fill. We
will miss his wise counsel in our lodge
room and in the transaction of every-
day business of our order. To the
widow and children he has left be-
hind we wish to convey to her the
sincere and heartfelt sympathy of
every member of Signal Mount
Lodge No. 372 of the B. of L. F. &
E., and we pray that our Heavenly
Father will comfort, support and
strengthen her so that she may bear
up under this irreparable loss, and
that He will shower His greatest
blessings upon her and her children.

Be it resolved that a copy of these
resolutions be placed upon our min-
utes and a copy forwarded to the
widow.

How Diphtheria is Contracted.

One often hears the expression,
"My child caught a severe cold
which developed into diphtheria,"
when the truth was that the cold
had simply left the little one parti-
cularly susceptible to the wandering
diphtheria germ. If your child has
a cold when diphtheria is prevalent
you should take him out of school
and keep him off the street until
fully recovered, as there is a hun-
dred times more danger of his tak-
ing diphtheria when he has a cold.
When Chamberlain's Cough Remedy
is given it quickly cures the cold and
lessens the danger of diphtheria or
any other germ disease being con-
tracted. For sale by all druggists.

DO YOU KNOW

That untold MILLIONS are now being made in the big OIL FIELDS of RANGER by large and
small investors alike, where a few dollars invested have returned thousands? Last year 83 wells
were completed in one County alone of the Great North Texas Oil Fields, with an initial produc-
tion of Sixty Thousand Barrels of Oil daily, worth \$2.25 per barrel.

CAN YOU IMAGINE THE ENORMOUS AMOUNT OF MONEY THIS REPRESENTS? HOW MUCH OF IT ARE YOU GETTING?

Eager investors are pouring into TEXAS, daily, from practically every State in the Union—
even from foreign countries—to take advantage of opportunities that lay right at the door of
every TEXAN, many of whom are taking advantage of the opportunity. If thousands of men
from other states are making money in oil with a few dollars invested—then you who live here
and know conditions should take advantage of the opportunity offered. **START TODAY.**

WHO WE ARE AND THE MEN BEHIND THE COMPANY

laws of the State of Texas; capitalized for \$1000,000, organized and managed by experienced Oil
Men, Bankers and Merchants of high standing, some of whom you no doubt know:

W. J. DOBBS, Experienced and Successful Oil Producer.
A. P. BECK, Vice-President
One of Weimar's oldest and most successful
merchants
WILL J. MILLER, Treasurer,
Also President of the First State Bank of
Weimar

WE ARE NOW DRILLING A WELL on our 44-acre tract in the GREAT RANGER Fields, where
big GUSHERS are flowing in every direction surrounding our property. We are already down
several hundred feet, which means you must not delay this opportunity. Casings and material
is on the ground and en route to carry this well to the GUSHER SANDS.

THINK OF IT! In addition to the above, this company already has producing wells in the shal-
low sands of Humble, going day and night, operated by their own power plant, with over 3,000
barrels capacity tankage and their own machinery and equipment.

THING AGAIN! This company owns over NINE HUNDRED ACRES of valuable leases in the
Ranger District, increasing in value daily.

LOOK AT OUR VALUABLE HOLDINGS, THINK WHAT'S BEHIND THIS COMPANY, OUR HIGH-STANDING DIRECTORATE—OUR WELL NOW BEING DRILLED ACT TODAY!

YOU are face to face with an opportunity. Grasp it. The par value of this stock is \$1.00 per
share. Shares are now \$1.50 and another advance expected without notice, and by reading the
above carefully you can easily reason why. Do not delay this application one day, as you may
not see this ad again. Tomorrow—Next Week—Next Month—may mean too late. **WE SAY**

AGAIN, ACT TODAY! Fill in the Coupon. Do not rest until your application is in the mail and you feel
secure that your order is filled.
