## Rotarians Hear Talk By Abilene Evangelist

Guest speaker at the Rotary Club meeting and luncheon Thursday was R. J. Kidwell, Abilene minister who was evangelist for a revival at the Christian Church,

Guests at the luncheon and meeting were Guy I. Harris. local Christian Church minister, and M. M. Cobb, farmerstockman living southeast of

In his thought-provoking talk, the Abilene minister compared conditions today with those during the era of the Roman Empire, A striking parallel can be noted, the speaker pointed out, in admonishing that the greatest need of today is a return to Christ and principles

of Christianity.

A visiting Rotarian, Hubert Bradshaw of Stamford, gave brief remarks stressing regular attendance. Although the Stamford Rotarian has a perfect attendance record of many years standing, he told Haskell members that more than 50 per cent of the Rotary meetings he attended were out-of-

Club President Bob King told members that plans were pro-gressing on schedule for the club's first anniversary observance and Ladies Night program to be held on the evening of June 26.

#### Coin-Operated Laundromat Is Opened Here

## J. C. Marlow, 79, this section of West Texas; and WHEREAS, it has been sug-Dies Monday

J. C. Marlow Sr., 79, well-known Haskell peace officer and resident here since 1945, died at 10:50 p. m. Monday in the Haskell Hospital after an illness of two weeks.

Funeral service for Mr. Marlow was held at the First Baptist Church at 2 p. m. Wednesday, with the Rev. M. D. Rexrode, pastor, and the Rev. J. A. Criswell of Ballinger, of-

ficiating.

Burial was in the Seymour
Cemetery under direction of Holden Funeral Home.

Mr. Marlow was a native of Texas, born July 24, 1878 in Dallas County, Texas. He was engaged in ranching in the Baylor and Knox County area for many years, and was as-sociated with some of the larg-est ranches in this section. He married the former Miss Margaret E. Willis of Abilene in 1904, and she preceded him in death in 1927.

Mr. Marlow moved from Abi-lene to Has et in 1955, and served as City Nightwatchman for several years. He was elected Constable of Prec. 1 in 1954, and had held that office

and of the W. O. W. Lodge.

He is survived by a daughter, Mrs. J. E. Vandraiss of Fort Worth; three sons, Eddie Marlow of Big Lake, Pat Mar-low of Midland, J. C. Marlow Jr., of Fort Worth; nine grandchildren and six great-grand-grandchildren; and one sister. Mrs. J. W. Ferguson of Brandon, Texas.

Pallbearers were Bill Pennington, Garth Garrett. Ben Roberts, Weldon Bouldin, Jim Alvis, Cecil Bowers, and J. L. Stodghill of Munday, Homer T. Melton of Benjamin.

## Grand Jury Votes 15 Indictments For Burglary

Dan E. Griffin, 22, of Stamford, was named principal in 12 indictments returned by a 39th District Court Grand Jury in session last Thursday, while five indictments were returned against James Talmadge Golden, 21, of Brevard, N. C.

In the dozen indictments against Griffin, two were for voluntary escape from jail, and ten charged him with burgiaries committed in Haskell, Weinert. Rochester and Rule. Golden was charged with voluntary escape from jail in two

indictments, and was named principal in three separate burglary indictments, all alleged in Haskell. Raymond T. Stephens, about 20, of Anson, was charged with

burglary in two separate in-Trial of the burglary and jail

break cases will be scheduled during the current term, court officials said.

#### Assembly of God Vacation Bible School Scheduled

Plans have been completed for the annual Vacation Bible School of the Assembly of God Church, Rev. Cecil Vaughn, pastor, said this week.

The school, for children age 3 to 16, will begin Monday, June 16 and continue for two weeks, closing Friday, June 27. Class periods will be held from 8 a. m. to 11 a. m. each weekday, Rev. Vaughn stated. All children in the community are welcome to enroll.

VISITING IN FARWELL. Mrs. Bob Herren, Jan Herren and Mrs. G. F. Mullino are in Farwell, Texas, visiting in the home of Mrs. Mullino's sister, Mrs. Will Markham, who has been ill. The Raskell people will return home this weekend.

mine whether this city desires clining water supply and the to participate as a member of consequent interest of local citizens in securing an adequate and dependable source of water for present and future needs. Tuesday's election is expected to attract a near record turnout of qualified voters.

Purpose of the election in Haskell and six neighboring towns is for one purpose only—to determine by majority vote of qualified voters which towns are to definitely comprise the NCTMW Authority.

A majority vote for confirmation means that the member towns can then proceed further in developing the Water Authority project, subject to later approval by a vote of the citizens in member towns.

Towns voting against confirmation are automatically out of the Authority and any future program developed. Program of the Water Au-

thority, better known as the Miller Creek project, has been approved and recommended by the City Council and all civic groups and organizations in Haskell as a feasible and sound program, and one which would best serve the interests of Haskell in providing an assured long-range water sup-

City officials and civic leaders point out that a vote for confirming Haskell's member-ship in the Water Authority does not involve any financial obligation for the City.

"No bond issue nor change in tax rates is involved in the confirmation election." Mayor Ira Hester said Wednesday. Any proposed bond inche or increase in tax rate will have

to be submitted to a vote of the people, Mayor Hester pointed out. Tuesday's election will be

Mr. Marlow was a member held at the City Hall, with Virgif the First Christian Church gil A. Brown as presiding Persons voting absentee bal-lots must do so not later than

5 p. m. Friday, June 13 Jaycees Approve

#### Haskell Joining Water Authority In keeping with the organi-

zation's theme of "Progress Our Purpose," Haskell Jaycees at their regular meeting Tuesday night voted to take a stand favoring Haskell joining the Miller Creek Water District. Haskell voters will ballot Tuesday, June 17 on confirming this city's membership in the Water Authority, or dis-

Jaycees also considered conducting an approved Red Cross first aid course in the near future. The proposal was re-ferred to a committee composed of Tommy Robison Wayne Dunnam, who will arrange for a competent instructor for the project.

A move to stimulate interest

in attendance at Jaycee meetings was launched, with a comcomposed of Wallace mittee Wooten, Wallace Cox and Allen Rieves to work out plans to promote interest of members.

#### Medical Students Tour Nation's Hospitals

Temple Williams of this city, John Armstrong of Mobile, Ala., and Glenn Lewis of Stamford all senior medical students at Baylor Medical School in Houston, have just returned from a tour of hospitals at various points in the nation.

Among the institutions visited and inspected were the

Kansas City General Hospital, University of Wisconsin Hos-pital at Madison, Wis., Univer-sity of Indiana Hospital at Indianapolis, Vanderbilt Hospital at Nashville, Tenn., University of Arkansas Hospital at Little Rock, and Parkland Hospital, Dallas.

RETURNS FROM HOSPITAL Mrs. Trav Rousseau, who has been under treatment of heart specialists in Gaston Hospital in Dallas, since May 7, was able to be returned to her home here last Sunday. Although connere last Sunday. Although considerably improved in health.

Mrs. Rousseau will be confined to her bed for six weeks and will then return to Dallas for a check-up by her physicans. During a part of her stay in Dallas, Mrs. Rousseau was in the home of a son, W. M. Rousseau and his family.

## Grain Harvest Now Past Halfway Mark

vested, local grain dealers and

shippers estimated today. Receipts at local elevators and warehouses were slowing perceptibly yesterday, although the grain was still coming in a steady stream of trucks and

trailers. Porter Sadler, Fort Worth & Denver freight agent, said Wednesday that 74 cars of grain had been shipped by rail to date. No estimate was available as to the amount shipped

by truck. A. T. Ballard, at Haskell Warehouse Co., estimated the crop at 70 per cent harvested Wednesday. "There's a slight slowdown, and we're definitely over the peak of the harvest,'

he said. Rudolph Middleton, Kimbell lands.

of this year's grain crop in ed the harvest well past the Haskell County has been har- halfway mark on the basis of heavy receipts to date. "There's still a lot of grain in the fields and it's hard to make an ac-curate estimate." he stated.

Yields have been uniformly heavy and consistent since the harvest started, and local dealers and farmers agree that a record yield will be marketed from the estimated 90,000 acres in the county.

VISITING PARENTS '

Visiting this week in the home of Mr. and Mrs. Jim Voyles is their daughter, Mrs. Kenneth Easterling and grand-daughter Kay Marie. Mrs. Easterling is the former Mamie Voyles, Mr. and Mrs. Easterling will soon be making their home in the Hawaiian Is-

#### Haskell Should Join Water District

Citizens who are interested in Haskell and its future know that the most important and pressing problem facing this community is that of securing an adequate and dependable source

A step toward solution of this problem can be taken by Haskell voters on June 17 if they vote for confirming Haskell as a member of the North Central Texas Municipal Water Authority. A vote to confirm membership in the Authority does not involve any financial obligation on the part of Haskell taxpayers. The election is for one purpose only: To determine, by vote of

When member towns are determined, the cost of the project can then be definitely estimated. That estimate can be submitted to qualified voters in separate elections in each town which confirms membership in the Authority, or district,

the people, which towns shall comprise the NCTMW Authority or

Taxpayers in member towns will have TWO opportunities to withdraw from the NCTWM Authority by rejecting a bond issue when it is submitted to a vote, or by voting against a water purchase contract.

Because of these safeguards, Haskell citizens can vote June 17 to confirm this city's membership in the water district with the assurance that tide confirmation does not and cannot cost the City of Haskell one penny unless autorized by vote of the taxpayers in elections to be held later.

A vote against confirmation means closing the door insofar as Haskell is concerned toward developing the most feasible and economical source of municipal water available to the

#### Three Minutes Out of a Life

Three minutes in a lifetime is nothing. They pass in a flash, like the blinking of an eye. Yet in three minutes, both good and bad can happen. In three minutes a life can be made or broken, a city can be wiped out by an earthquake, a whole nation can be plunged into joy or grief.

In three minutes, for instance, a man can be infected by a polio virus which may knock him flat on his back for the rest of his life. Or, in three minutes he can get three shots of Salk vaccine-at 60 seconds per shot-and be saved from a lifetime of crippling.

Over 65 million Americans have been wise enough to get their polio shots. Some 46 million are still flirting with disaster by neglecting to do so.

What's more, if you're one of those 46 million unvaccinated Americans, you're encouraging the outbreak of new polio epidemics in your community. Not till everybody has received his series of three Salk shots will the dread plague of paralytic polio be completely wiped out in this country.

Summertime is polio time. Now is the time to start your polio vaccination. It's painless. It's inexpensive. Don't take a chance-take your polio shots.

#### PEOPLE, PLACES AND THINGS

ners, all for free.

In the story about the re-

union, we had our friend Henry

we're sure Steve is a worthy successor and a fellow who will do equally as well.

Recalling incidents here 30 or

40 years ago was E. D. (Eulis) Hays of Corsicana, who was in town on business one day last week. An 'old-timer' not necessarily in point of years but by the fact that he grew

up here, he recalls many happenings here when the country was in the transition period

from horse and buggy to auto-

Eulis got to talking about our fire department in which he was a member when the

first Model T truck was being

used. "Remember when the

city's water pumping station caught fire? And we had to push and pull the truck to get there before the whole thing

burned down?" Eulis remembers Haskell took quite a raz-

zing from neighboring towns over that fire.

He recalled another fire, when a livery stable located where the City Hall now stands,

burned. That same Model T truck stalled right in front of

partment equipment, hose, two axes, two nozzles, a lantern and a short extension ladder,

he recalled.

mobile.

The nicert improvement we've | For several weeks now, noticed in Haskel in years is we've intended to get around space in the unoccupied buildings around the square. Instead of empty, dust-covered show windows, the store fronts to apologizing to Steve Sloan for committing the cardinal sin of a reporter, "taking things for granted."

Early in May when the answer. Early in May when the annual Pinkerton-Whitman Reunion was held, we missed out in attending the enjoyable affair, something we hated to do because they always have one of those old-time basket dinners all for free now present a neat, attractive display of merchandise of various kinds.

Take time to walk around the square and note the improved appearance of the entire business section as a result of this program.

We have heard many compliments on the project, and we'd like to pass this praise on to the persons and groups re-sponsible—the retail trade committee of the Chamber Commerce.

Haskell County grain farm-ers have had at least one break from the weather man, in the form of hot, sunshiny weather during the first ten days of the harvest. This made it possible for them to get a big part of a record crop to market or storage with a resultant trickle of money beginning to flow into

the farmer's pockets. The stimulating effect of the bumper crop is reflected every-where and in the attitude of both farmers and businessmen

However, when you consider that if all the crop is saved, wheat and oats from 90,000 acres will net around \$2½ million to county farmers this year. That kind of money justifies a little better feeling on the part of everybody.

Local farmers and businessmen are not the only ones happy over the grain crop. Friend of ours from Wichita Falls was in town Thursday. all smiles and rubbing his palms together like the protruck stalled right in front of the burning building. By dint of blistered faces and arms, firemen saved the truck but lost the building. "We had to save that truck, we'd have been out of business if we hadn't," Eulis declared. The truck carried all the fire de-partment equipment, hose, two

verbial Jew when a prospect walks into his store. He was George S. Brown, district deputy collector for the Internal Revenue Service, one of the fastest men with a pencil we ever knew. Likewise the fairest fellow a taxpayer can deal with on tax problems. We kidded George about coming down to check on prospects for nicking us a little deeper this year on the strength of the

record crop. George has made this territory for a number of years and he's seen the country weather some pretty rough times during the recent drouth. Because of that, he's sincerely plad to see the strong come-back in evidence this year.

## New Standards Effective July 1

Managers and assistant ap-proved were: Alton Richards it, the baker is subject to The standards will require

all bread and rolls to be properly labeled so as to truthfully tising claims made by the batritious qualities. Patterned after federal food

standards, they will be administered by the State Health Department's Food and Drug Division. A majority of the baking industry fully supports the standards.

Labeling means much more than a colorful wrapping around a loaf of bread. It includes, among other things, the adver-tising claims made b ythe baker for his product.

A food is misbranded when its labeling is false or misleading in any particular, if it is offered for sale under the name of another food, or if it is an imitation of another food (unless its label bears in prom-inent type the word "imitation" and immediately thereafter the name of the food imitated.)

Bread is also mislabeled if it purports to be or is represented as a food for which a "stan-dard of identity" has been described and it fails to conform to that standard.

Standards not only protect consumers in the marketplace; they also protect honest manufacturers by assuring fair competition. The consumer may select and serve standardized foods with complete confidence in their composition and inte-

grity.
The law's basic requirements for clean handling, informative labeling and no adulteration gives consumers an insight into the purity, wholesomeness and nutritious quality of the product.

Bread labels show net weight or numerical count of the pro-

While there is no specific requirement as to type size, the standards do provide that the label shall be considered false if the information is not prom-

read. You, as a consumer of bread and rolls, can help make the More than half the popula-tion of Deleware lives in fully reading the label on the

Sandra Nell Jetton, daughter of Mr. and Mrs. J. E. Jetton of Weinert, became the bride of Donald Ray Stafford, son of Mr. and Mrs. O. B. Stafford of Haskell, in a double ring cere-mony read in the Weinert Church of Christ at 7:30 p. m. Saturday, June 7.

Haroid Paden, minister of he Munday Church of Christ. officiated for the ceremony, as the couple stood beneath an arch of greenery centered with wedding bells and flanked by candelabra. Baskets of pale pink gladioli and gardenias completed the decorations in the church.

Music during the ceremony included the traditional wedding march from Hal Shutz, and T. V. Lum sang "O Promise Me.

The bride was given in marriage by her father. The bride's dress was of imported white organdy, fashioned with fitted bodice and low neckline trimmed with pearls. The full skirt was tiered with organdy on lace. She wore elbow length gloves of organdy, and her shoulder length veil of illusion fell from a headdress of white taffeta and pearls. The bride's bouquet was of white carna-

traditional miniature bridal couple. The cake was flanked by white tapers in crystal O. B. Kirkland Jr., of Haskell, was best man. Sharon Caddell was maid of honor. and bridesmaids were Sue Sanders of Weinert and Alyce May Johnson, Haskell, cousin of the bride.

#### Rainbow Sewing Club Meets With Mrs. Cora Pitman

Regular meeting of the Rainbow Sewing Club was held Tuesday, June 3 in the home of Mrs. Cora Pitman with 13 members and two visitors

The president, Mrs. Sallie Patterson, called the house to order. Roll call was answered and dues paid, and minutes of the last meeting were read.

Flossie Rogers led the group in singing several songs. Stella Josselet gave the sick report, and old and new business was discussed. Plans were made for the picnic at Rice Springs

Flossie Rogers gave the thought for the day and Maude Viney and Elizabeth Andrews sang a special song. LaVerne New had charge of recreation. Refreshments were served to visitors Mrs. Ruby Cowan of Fort Worth and little Miss Doylene New and the following members: Mesdames Sue Peavy, Essie Bland, LaVerne New, Ann Taylor, Sallie Patterson, Eddie Johnson, Stella Josselet, Elizabeth Andrews, Smith, Ethel Edwards, Flossie Rogers, Maude Viney and the hostess Cora Pitman.

#### Haskell Rebekahs Conduct Special Memorial Service

Haskell Rebekah Lodge met in regular session in the I. O. O. F. Hall on Monday evening.

For the good of the order a memorial service was held in honor of Rebekahs and Odd Fellows of Texas who passed

away in 1957.

Those taking part in the ceremony were Ruth Landess, Grace McKelvain, Wilma Brown.

#### Of H. D. Clubs leets Here The regular meeting of the County Council of Home Dem-

County Council

nstration Clubs was held Saturday, June 7 at 2:30 p .m Mrs. C. H. White, Council chairman, presided for the meeting and called the house to order. Minutes were read from the previous meeting. Mrs. Laton Robertson gave the devotional. Recreation was given by Mrs. Martin Rueffer. Barbara McAnelly, County Home Demonstration Agent, gave a short report on the district meet held in Wich-

ita Falls May 29-30. The ladies that attended the three-county meet in Jones made for the Encampment to

Mrs. Marvin Walters, THDA Adkins; sheets to be filled for the year's work, and asked each club to bring a candidate from which the three delegates to State enson. Meet will be elected. The State Meet will be held in Austin August 13, 14 and 15. Four clubs answered roll

call with eight members and one visitor present. The next meeting will be held

June 28 at the Texas Cafe. The public is invited to attend.

#### Josselet H. D. Club Meets With Mrs. Norton

ess when the Josselet Home Demonstration Club held a regular business meeting Tuesday afternoon June 10.

A program on "Accessories for the Individual" was given by Miss Barbara McAnelly, home demonstration agent. She said to choose accessories to

ducted the meeting, and for the opening exercise Mrs. Paul Cothron read a poem, "Be Happy." Mrs. Martin Rueffer gave the council report and also

cookies were served to Miss McAnelly, and members: Mes-dames C. A. Thomas, J. L. Toliver, Mildred Robertson, Ray Cothron, Lena Rueffer, Lee Walters, Bonnie Cothron, and the hostess, Mrs. Norton. The next meeting will be June 24, at the home of Mrs. Laton

Collum attended the wedding of Don Bradley and Miss Jo Nell Matthews at the First Baptist

Church in Childress.

Don is the son of Mr. and

Mrs. D .C. Bradley who are former residents of Haskell, and was born here. Mr. Bradley is a veteran employee of West Texas Utilities Co. and was employed by that company while living here.

UT OF WHOSE WATER WILL THE DEFICIT BE TAKEN? (HAS-ELL'S) Engineers estimate of the cost of Lake Stamford water delivred in our overhead storage based on our present consumption is 31c er 1,000 gallons. This engineer's report also contemplates that within

about 20 years it will be necessary to build the north Paint Creek Reservoir to supply Haskell with additional needed water. This figure is as follows:

Cost now to go to Lake Stamford, Freese & Nichols estimate to Mayor J. E. Walling, Jr., in letter dated 4-1-57 Cost to build North Paint Creek Dam, probably within 20 years	\$ 681,704.00 1,282,000.00
	\$1,069,704,00

orth Paint Creek Lake would have a safe yield of about one million allons per day as against our estimated consumption of 1,015,000 galons per day — thus we would be without water again in early 1980's and would have spent approximately \$2,000,000 in construction costs at oday's estimates.

s the figures above show, we will have to look elsewhere for water.

This will mean that we will be faced with the same plight and probably large expenditure of money again in approximately 20 years as we are now.

Why not build for the future and spend less money in the long run and have an adequate supply of water for the next century?

Haskell's part of \$6,550,000.00 Miller Creek project (interest will be
the same on any project we execute) 27% of population in the 7 towns \$1,768,500.00
As the engineer's estimated above, cost of going to Lake Stamford
now and later building North Paint Creek Reservoir 1,963,704.00

# 's keep the door of progress open. Vote to join the Water Authority June 17

Sale of water for oil field flooding will probably eliminate the advalorem tax in the comparatively near future on the Miller Creek Lake.

#### 2-Day Convention At Gospel Mission In Knox City

A two-day convention will be held at the Gospel Mission in Knox City, according to Rev. Nettie Wilcox, pastor of the Mission.

Rev. Wilcox announces the first service will be Friday night, June 13 and the convention will continue through Sunday night June 15.

Three services will be held Saturday, June 14, and three services Sunday June 15, beginning at 10 o'clock in the morning, 2:30 in the afternoon, and at 8 o'clock at night.

Rev. Wilcox states: "We are expecting ministers and delegates from Amarillo, Borger, Anson, Hamlin, Stamford, Haskell, Throckmorton, Olney, Childress, Texas City, Seymour, Wichita Falls, Munday and Rochester. We plan to have baskket lunch both Saturday and

"The public is invited to attend this time of fellowship with us. We will have good and special singing throughout both days. Different ministers from all towns will be preaching during this twoday convention."

#### VISITORS IN HOME OF MRS. HELLUMS

Mrs. W. D. Hellums had as guests in her home during the weekend, her daughter. Miss Wynelle Hellums of Dallas, her brothers and sisters, Mrs. Luna Jones of Albuquerque, N. M., Mr. and Mrs. J. B. Gossett of Fort Worth, Mr. and Mrs. Roy Phillips of Decatur, Mr. and Mrs. O. C. Gossett of Alvord, Mr. and Mrs. C. H. Wall of Portales, N. M., and Miss Mamie Raborn of Wichita Falls, Miss Raborn recently retired from the faculty of Midwestern University, after teaching for 45 years in Wichita Falls schools and at the University.

#### VISITORS FROM WICHITA FALLS

Clarence Calloway, accom-panied by Martha Marchand. Joy White and Bob Poirot, students of Midwestern University, Wichita Falls, spent Sun-day in the home of Clarence's parents, Mr. and Mrs. E. B. Calloway. Miss White is to remain in Munday for two weeks. where she is teaching advanced twirling and flag waving during the annual Munday Band

# Special Venire Called in Trial

Of Murder Case A special venire of 108 prospective jurors has been summoned for the murder trial of Robert Andrew Willis Jr., scheduled here June 16 in 39th District Court.

Willis is charged with the slaying of his father-in-law, Dewey Carr, near Girard last April 24. The case was transferred here on a change of venue from Kent County.

The special panel of prospective jurors includes the fol-

#### Boys, Read This: Help to Protect Young Wildlife

Don't molest nesting wildlife. This is the warning from the director of Law Enforcement of the Game and Fish Commission. Teachers and parents should explain to boys who are venturing into the woods with .22 rifles, air guns, and sling shots that nesting birds and young animals should not be harmed.

The same is true on the coast, the director said. Millions of shore birds are nesting along the shore line and islands. These birds are protect-

ed under the laws. "If nests are robbed or the parent birds otherwise disturbed, it will mean a loss in population of the birds," the di-rector said. "Sometimes people are thoughtless and throw rocks at these birds or destroy the nests. Wardens over the state are doing a fine educa-tional job, especially among Boy Scouts and organized groups in teaching them the value of protecting wildlife.

We hope it will be protected. director also warned again against the capture of young animals as pets. Every year it is necessary for wardens to liberate young animals that people have taken for

Bread is probably the oldest of mankind's prepared foods.

#### Annual Townsend Family Reunion Held Sunday

All the children of the late Mr. and Mrs. Henry Townsend met Sunday, June 8 at the American Legion Hall in this city for their annual family re-

At the noon hour a bountiful basket dinner was enjoyed. The remainder of the day was spent in visiting, renewing acquaint-ances and recalling happenings of the past. Present for the occasion were 57 members of the family and three visitors.

Out-of-town guests were Mr. and Mrs. C. O. Phillips of Hobbs, N. M., Mrs. J. L. Chennault of Aspermont, Mr. and Mrs. Warren Henry, Mrs. J. E. Cole, Mr. and Mrs. Margie Henry and children, Margaret and Russell, all of Lubbock; Mrs. Pat Whitson and Debby of Hereford; Mrs. Roy Ottmers and babies, Shelly and Cindy of Jacksboro; Mr. and Mrs. Jim Linville of Andrews; Mr. and Mrs. Darvil Anderson and Mikie of Abilene; Mrs. J. L. Carpenter, Lonnie and Karen, of Gladewater; Mrs. Ruby Dunlap Jr., Judy and Greg, of Throckmorton; Mr. and Mrs. Milton Anderson, Roger Wayne. Retha Gail and Carolyn, Rule; Mr. and Mrs. Archie Townsend of Hereford: Mr. and Mrs. Herman Anderson and Rodney of Stamford; and from Haskell, Mr. and Mrs. Emry Anderson, Mr. and Mrs. M. H. Sorenson, Mrs. Marion Ray Stone and sons Sam and Randy, Mrs. Sam Sorenson, Mrs. Melvin Cogburn, Danny and Marinda, Mr. and Mrs. R. C. Bartley, Mr. and Mrs. Speck Soren-son, and Sammy, Mrs. Blanche Long, Jimmie and Glenda; and visitors, Mr. and Mrs. Dutch Hager and mother, Mrs. Lott of Rule.

#### WEEKEND VISITORS IN LYNN TOLIVER HOME

Mr. and Mrs. A. L. Shewmake and children of Abilene spent the weekend here in the home of Mrs. Shewmake's parents, Mr. and Mrs. Lynn Tol-

Use of "abracadabra" as a 'magic" word began in the second century when it was recited to expel fevers, inflammations and agues.

#### Grasshoppers and Thrips Causing Cotton Damage

By F. W. Martin, County Agent

Grasshoppers are causing trouble in many sections of Haskell County. The county agent advises the use of sprays along the fence rows, and ditches to control grasshoppers. The smaller the grasshopper,

the easier they are to kill. Toxaphene, aldrin, dieldrin, and chlorodane will all give good results for killing grasshoppers. Use from one gallon to one and one-half gallons per 50 gallons of water and spraying the fence rows will give good results. You can spray back into pastures without hurting cattle.

Thrips are really causing cotton to roll up the leaves and the cotton looks like it was sand damaged. Farmers are advised to keep a close check on their cotton and start control when the thrips start causing damage. The thrip is a small yellow worm shaped insect about one eighth of inch in length and about hair size. You can see them moving around on the under side of the leaf.

Sprays will give the best results on small cotton. The following insecticides are recommended, Dieldrin, aldrin, Heptachlor, or Toxaphene. An average dose of one pint of these insecticides per acre will control thrips.

No bait program will be operated in Haskell County this year as this type program has no funds and has not operated in the county since 1949.

If a farmer prefers to use bait, he can get good results with 100 pounds wheat bran and 100 pounds cotton seed hulls mixed with a quart of the above mentioned insecticides and six gallons of water. In some cases jumbo grasshoppers are controlled better with bait material than they are with sprays.

A cotton insect guide fon 1958 is available in the county agent's office.

Some bricks made by the Babylonians and Egyptians more than 4,000 years ago are still in perfect condition.

#### Stubble Mulch Tillage Helps Conserve Soil

(SCS Reporter)

The small grain crop of 1958 will probably be one of the best in the history of the county. However, with this in mind let's not forget the lessons we have learned in the past. Stubble mulch tillage holds the soil down. We learned this the hard way back in the Dust Bowl days of the thirties. The importance of stubble once again proved its value in the dry years of 1950 through 1956. Well anchored crop residue are a must on our croplands. During wet years the residue of high residue producing crops should be utilized to protect the soil and store moisture for dry seasons.

A cover of small grain stubble is one of the most important and economical methods to protect cropland from wind and water erosion. It keeps the soil from getting too hot during the summer thus reducing the rate of evaporation and loss of moisture to the atmosphere. The impact of the raindrop will be cushioned by resand increase the soils rate of moisture intake. This in turn lowers the rate of water erosion. Small grain residue furnish a good means of protection to the soil by reducing wind velocity. One of the most important advantages to be obtained from stubble mulch tillage is the addition of an abundance of organic matter to the soil.

Grain residue can be best utilized by tilling the land with wide flat sweeps. However, narrower sweeps, chisel type implements and disc type plows may be successfully used in some instances.

Remember, "What we receive from the soil is dependent upon the portion of that which we return to it.'

CARD OF THANKS I wish to thank each and

everyone of my friends and loved ones for their kindness rendered me during my stay in the hospital. To all those who sent flowers I am grateful to each of you, and the NIBS that are doing such a beautiful job. Especially to the doctors and nurses for their good services. May God's richest blessings rest upon each and everyone of you throughout the years. Sincerely, Mrs. John

Mr. and Mrs. W. J. Williams of Azle, Texas, former residents here, spent Tuesday in Haskell visiting friends. They were returning home after an extended visit with relatives and friends in Abilene, Iraan, Fort Stockton, Seagraves, and Hobbs, N. M.

## One grease with many uses... try Humble's Multi-Purpose Great

It fills the needs of most farmers and ranchers for lubrid all their equipment. This wide range of use reduces the change applying the wrong grease. It keeps your storage requirements minimum because you need only one grease instead of several.

The quality of Multi-Purpose Grease H equals or surpasser of every single-purpose grease that it replaces. Multi-Purpose Gre gives better lubrication and protection for chassis, track rollers, bearings, water pumps, ball and roller bearings, universal joints other lubrication points.

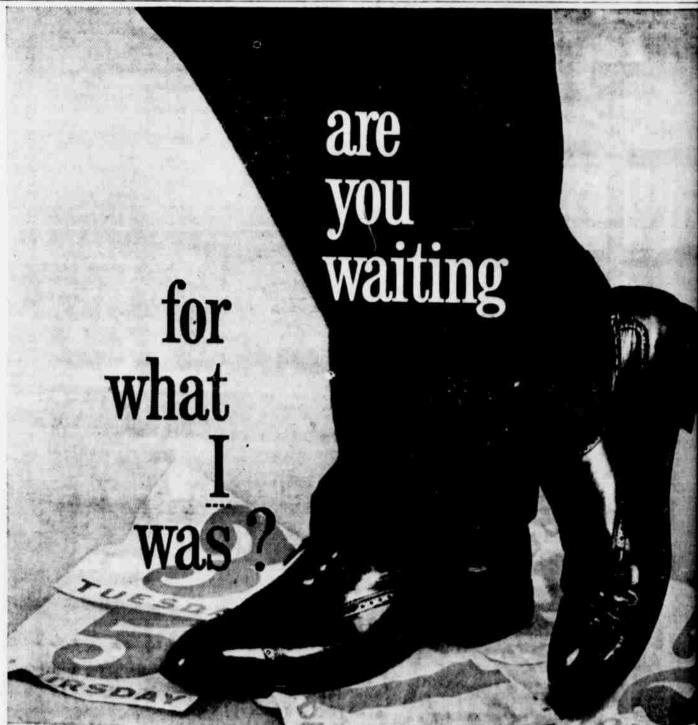

Call me for Multi-Purpose Grease H, and for other top-quality Humble products for your farm or ranch ----

## Let me tell you what I saved when I drove a new Plymouth...then bough

Just like a lot of other people, I was putting off buying a new car . . . even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth . . . and choice of models besides . . . hardtops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra cost, while you have to pay up to \$140 for the competing "low-price 3" cars.

What's more, I got the car that proved it can gasoline, by winning the 1958 Mobilgas Economy car with Silver Dart Styling that is so far shead it will still be worth more when I trade. With the casy handling the casy handling the case of driving the case of the easy handling that makes every minute of driving right thrill! The stamina to stand up without adjustments and big repairs . . . a car as much is as it is better looking. as it is better looking!

Any wonder I quit waiting? Take my tip... Plymouth bargain right now.

Today's best buy...tomorrow's best trade...

# To The Editor

In an effort to confuse the

issue on the question of forming the North Central Texas Municipal Water District, misinformation was printed in your paper last week in the form of paid advertising. As can be seen from reading the call for the election by the State Board of Water Engineers in the same issue of your paper, and as you have so ably pointed out in your editorials "The issue is simply that of CONFIRMING our membership in the Au-thority" and the water purchase contract and bond issue will come in a SEPARATE election to be held later. Haskell is under no obligation of a financial nature until she votes for BOTH the Water Contract AND the issuance of bonds by North Central Texas Municipal Water District.

FUSED TO DO. In May 1957 the City of Has-kell asked Freese & Nicholswho have engineered practically all the surface water supplies of West Texas as well as Dallas, Fort Worth and many other places-to give them an estimate of cost of going to Paint Creek Reservoir. Their reply, dated April 1, 1957 and addressed to Mayor J. E. Walling Jr., shows the cost will be far greater than the \$583,275.00 shown in the ad in last week's Free Press.

Freese & Nichols report also says "one of the requirements of any new financing would be that the annual revenue would have to exceed the fixed annual interest and bond payment costs, probably by as much as 50 per cent . . . the estimated cost of Lake Stamford filtered water on the ground at the filter plant is .40c per one thousand gallons.

Now, why are they trying to confuse our people by giving figures that are about \$200,000 less than it would actually cost? And the filtered water would cost .10c per thousand gallons more than Miller's

I ask you, would it be better business sense to OWN your water supply and have a hand in the management of the Water Authority that operates the lake, or just simply have a contract to purchase water, have no representation on the board that governs your very life blood—a contract that they tell us will be subject to re-

negotiation every five years? Which would be better business for a young man starting a career of farming: to lease the land under a contract subject to re-negotiation every five years or: Pay the same amount each year as his lease would amount to toward buying the land, plus interest, and

farm at the end of the period and be his own manager? We are assured an adequate supply of SOFT water for 100 years from the Miller's Creek Lake, and after the indebtedness is retired— 40 years—filt-ered water delivered to the

City for .10c to .12c per one thousand gallons.
Yours truly.
Roy Johnson
