Rochester Group Asks Court to  
Approve F-M Road to Jud Area

A group of Rochester bus-nessmen appeared before the Commissioners' Court at its regular meeting Monday asking cooperation of the court in securing F-M designation on a road from Rochester northwest to intersect the Jud F-M road. The present unimproved road results in considerable farm traffic going to Knox City

Cotton Ginnings  
Pass 100-Bale  
Mark Here

Cotton ginned in Haskell from the 1958 crop passed the 100-bale mark Tuesday as harvesting of the crop started slowly, hampered by scattered showers and scarcity of farm labor. Two Haskell gins had processed 105 bales up to Wednesday morning. They reported a steady gain in receipts during the day, as more farmers started gathering the crop. "Everybody is calling for workers," one gin operator said. "A few hands are coming in, but it will take hundreds to meet the demand after we have a few days sunshine," he added. Ginnings and cotton buyers estimate the county's crop will be in the neighborhood of 50,000 bales. Acreage is down slightly from last year, but the yield will be better taking the county as a whole, they believe.

Retired Minister  
Back In Pulpit  
On 80th Birthday

Rev. C. Jones, veteran Retired Baptist preacher of Haskell, observed his 80th birthday Sunday. He celebrated the occasion by returning to the role in which he has spent most of his lifetime. He delivered the sermon at morning services in Trinity Baptist Church, formerly the Fundamental Baptist Church which he founded here and served as its pastor 16 years. In the congregation at Sunday's birthday observance and sermon were all of Rev. Jones' children, Mrs. Alice Smith O. Spur, Mrs. Corbet Lytle, Rev. Jesse Jones and Mrs. Leann Townsend, all of Haskell; and several grandchildren. In addition to his children, many friends and well-wishers attended the church service or sent messages and greetings to the veteran minister. Mr. and Mrs. Jones have lived in Haskell since around 1900 and the veteran minister has pastored numerous churches in Haskell, Throckmorton, and other nearby counties. Rev. Jones retired from the active ministry in May last year, and now devotes his major time to the business establishment of Jones & Son in this city. They operate a service station, blacksmith shop, and one of the largest sheet metal manufacturing plants in this section.

Gary Anthony Is  
Named President  
Of Junior Class

The Junior Class of Haskell High School met Sept. 2 to organize and elect officers for 1958-59. Class sponsors are Mrs. R. C. Couch Jr., and Dick Gaines. Elected were: Gary Anthony, president; Jimmy Rexrode, vice president; Kay Culbertson, secretary; Freddie Gilliam, treasurer; Becky Watson, reporter; and Fred Brown, sergeant at arms. Each week the class will sponsor the sale of football booster tags.

Additional Funds  
Needed for Rural  
Fire Truck

Additional contributions are needed to the fund being raised by Haskell firemen to equip and put into operation a rural fire fighting truck, Chief Jim Byrd reported this week. A number of farmers and ranchers have contributed to the fund, but more is needed, Chief Byrd said. "We are in the hole about \$1,500 on the unit at this time," he explained. Firemen plan to have the unit complete and ready for use at an early date, and are underwriting the expense in the hope that needed additional funds can be raised. The specially equipped truck will be subject to call to any place in Haskell County where other fire-fighting equipment is not available. It is principally designed to combat grass fires, but can be used on buildings as well. Persons desiring to contribute to the fund may mail their checks to the Haskell Fire Department, made payable to Rural Fire Truck Fund, and all donations will be acknowledged. Contributors to the fund to date include: J. K. Patterson, H. J. Patterson, Barney Swinson, J. A. Mayfield, E. H. Burnett, Gentry Middleton, M. M. Cobb, S. G. Cobb, Shelly Royall, Virgil Sonnamaker, W. E. Woodson, Lynn Pace Sr., W. H. Carothers, W. B. Griffith, Gladys Bettis Webb, Wallace Boone, J. R. Coody Jr., Ross Sloan, Garland Coody, E. O. Chapman, Earl Atchison, Chas. M. Conner, C. J. Jones, R. C. Cobb, Wati R. Matthews, S. L. Griffith, Tom Davis.

County Singers  
Will Meet Sunday  
At Weinert

Regular program of the county singing convention will be held Sunday afternoon, Sept. 14, at the Weinert Methodist Church. The program will begin at 2:30 o'clock, and all singers and music lovers are invited. Truett Cobb, president of the organization, stated this would be the first program since the monthly singings were discontinued during the summer revival season. Stores featuring Dollar Day bargains Sept. 18 include: Wheatley's, Sherman Floor Co., Lane-Felker, Pouts Dry Goods, Elma Guest, Ready-to-Wear, W. A. Lyles, Jeweler, Perry's, Boggs & Johnson, The Personality Shoppe, Byrnes, The Slipper Shoppe, Western Auto Store, Fashion Fabrics, Frazier's Radio & Record Shop, Ben Franklin Store, Neely Dry Goods, The Fabric Shop, Coffee's Department Store, The C&B Store, Perkins-Timberlake, Jones Cox & Co., Hassen's.

School Budget  
Hearing Slated  
Monday Evening

Public hearing on the budget of Haskell Independent School District for the 1958-59 school year has been scheduled Monday evening, Sept. 15. The hearing will be held in the board room in the High School building, beginning at 8:30 p. m. All school patrons and interested taxpayers are invited to attend. Last year's budget covered total expenditures of \$318,978, an increase of \$46,879 over the previous year. Capital outlay included in the 1957-58 budget, however, included \$24,000 for a new building for colored students which has just been completed. Whether an increase will be necessary in the budget for the current year, or whether the total can be lowered from last year, will be made known at the budget hearing Monday.

Plans Moving on Schedule for  
Weinert Homecoming on Oct. 4

Plans are moving ahead on schedule for the 1958 Weinert Homecoming to be held Saturday, Oct. 4, officials of the homecoming stated today. Advance interest in this year's homecoming celebration indicates a near-record attendance, with reservation cards being received daily from students throughout a wide area. Invitations and cards for advance registration will not be sent to ex-students and former teachers who now live in the immediate vicinity of Weinert, because it was felt that all exes in this immediate area would prefer to register in person, it was explained. However, anyone desiring registration cards may notify Mrs. Mildred Guess or Mrs. Wanda Volkufka and cards will be provided. Registration will begin at 9 a. m. Oct. 4, with the principal Homecoming program to be held at 1 p. m. The homecoming meal will be served at 5 p. m., and the football game climaxing the day's program is scheduled at 8 p. m. between the Weinert Bulldogs and Ira High School. Stanley Furrh, Haskell, is president of the Homecoming Association. Other officers are R. L. Edwards, Weinert, vice president; Raymond Mathison, Weinert, treasurer; Mrs. Doris Dickerson, Munday, secretary.

C of C Committee Adopts  
Christmas Program Plans

Plans for Haskell's annual Christmas Program were outlined and approved at a meeting of the C. of C. retail trade committee Tuesday morning in the Highway Drive Inn. Mrs. Barney Frazier, committee chairman, presided for the meeting and explained the holiday program. The 1958 Christmas Program will follow the pattern of past events which have been highly successful. Features of the program will include the ever-popular Santa Claus Parade, in which \$75 will be awarded in cash prizes to three winning floats. Also, distribution of \$300 in silver dollars to be given away in three successive Saturdays. Christmas window display contest for retail stores, and guessing contests in which attractive gifts will be awarded to winners. Holiday Season Will Open Dec. 8 The Santa Claus Parade will be staged Saturday, Dec. 8 at 4 p. m. to officially open the Christmas season in Haskell. Free candy will be distributed to all children attending the parade. Included in the parade

Four Towns Vote Bonds  
To Develop Water Project

Voters in Haskell, Rule, Munday and Goree overwhelmingly approved a \$4,800,000 bond issue for the North Central Texas Municipal Water Authority Saturday, and in a companion election gave similar approval to water contracts between each town and the Authority. Seymour voters, however, turned down both proposals decisively, voting almost 9-to-1 against both the bond issue and water contract. As a result of Saturday's elections the four towns of Has-

Indians Defeat Jacksboro 21-0  
Will Play at Olney Friday Night

The Haskell Indians showed surprising strength in the line, and took advantage of Jacksboro fumbles to overrun the Jacksboro Tigers, 21-0, in that city Friday night in the season opener for both teams. The upset victory for Coach Overton's charges avenged the Tribe's defeat last year at the hands of the Tigers. The Indians travel to Olney Friday for a non-conference game with the Olney Lions. Accompanying the Tribe will be the HHS Indian Band and a large delegation of supporters. Jacksboro fumbled three times in the first quarter, but the Indians failed to get their offensive in gear and take advantage of the breaks. In the second period, two minutes before the half, quarterback Erby Wolfe passed to end Lewis Jones for 27 yards and a touchdown. End John Rike kicked the extra point, his first of three for the night. The Indians took the third quarter kickoff and marched 61 yards in seven plays for the score. Fullback Tom Anderson knifed through right guard from four yards out to score. In the fourth quarter Wolfe sneaked around left end from four yards out for a TD. Haskell scored 14 first downs to Jacksboro's seven. Haskell gained 172 yards on the ground and 132 in the air for 304 yards, and held Jacksboro to 91 on the ground and 36 in passing.

August Rainfall  
Of 1.93 Inch Is  
Measured Here

Rainfall measured here during August amounting to 1.41 inch was slightly under normal of 1.93 inch for the month, reports Sam Herren, local observer for the U. S. Weather Bureau. However, August rains increased the total for the year to date to 16.82 inches, compared to normal of 16.35 inches for the first eight months of the year. Heaviest rain during the past month was on August 21, when 1.13 inch was measured. August temperatures ranged from a high of 107 degrees on Aug. 15 to a low of 61 on Aug. 25.

Central Ward to  
Dismiss Sept. 15  
For Three Weeks

Central Ward School will be dismissed for three weeks, beginning Monday, Sept. 15. Supt. Robt. R. King of the Haskell School system announced this week. The three-week school holiday will be for the purpose of permitting students to assist in the cotton harvest, and is an annual custom for the colored school. Central Ward began the current school term early, in order to make the dismissal possible without too much interference with the school program, officials said.

Decorated Floats: Charles Swinson, chairman; Winnie Sherman, Frances Lane, Carl Anderson, Ester Heiber, Mary Bassing, Opal Dotson, Alton Middleton. Business firms will be contacted by this group Oct. 23 and 24 in signing up floats for the parade. To contact special groups: Clubs—Mrs. W. A. Lyles, Nettie McCollum. School Organizations—Mrs. Luther Burckett, Madalin Hunt. Churches—Belton Duncan, Hattie Chapman.

Lions Hear Talks  
On Activities,  
U. S. Congress

A brief review of Lions Club activities during the past year, and a short talk by HHS Senior Jimmy Vaughter dealing with his experience as a page in the U. S. Congress provided an interesting program at the Lions Club meeting and luncheon Tuesday at noon in the Texas Cafe. The second series of talks on Lionism was given by W. M. Gattis, who outlined some of the achievements of the local club. Among the highlight club activities mentioned was the presentation of a certificate of honor to Cecil Corley in recognition of his work with Boy Scouts; attendance of Lion Harold Spain at Camp Tonkawa as a supervisor; cooperation in Willow Cemetery cleanup; sponsorship of Hallowe'en party; the club's annual Broom Sale; pancake supper, etc. The Lions Club also presented a white cane to a blind lady in Rule, filled 50 Christmas baskets and conducted other welfare activities in addition to sponsoring a soil conservation program. Harold Spain, program chairman, introduced Jimmy Vaughter, Haskell high school senior who recently returned from Washington where he served as page in Congress during the summer months. Young Vaughter gave an interesting account of his experiences and the insight gained through seeing at first hand the work of the legislative branch of government. He commented that odd characters are found in Congress the same as in everyday life, and drew laughs with his remarks concerning some of the members. The opinion that Congressmen do very little is incorrect, the former page declared. "Most Congressmen are in their office by 8 a. m. and are there until 5 or 6 p. m.," he explained. Vaughter believes the representatives from Texas compose one of the best groups in Congress, he told Lions.

Haskell Woman  
Named Registrar  
For Draft Board

Mrs. Sandra J. Schwartz of Haskell has been appointed registrar for Jones-Shackelford-Haskell county draft board in the Haskell area. Boys who reach the age of 18 can register in Haskell by calling on Mrs. Schwartz at the Haskell County Vocational School office on the third floor of the courthouse from 1 p. m. to 5 p. m. Monday through Friday. A registrar is maintained in the area so that men will not have to travel to the draft board at Anson. Col. Morris S. Schwartz, of Austin, state director of the draft system, expressed public appreciation of the services of Mrs. Schwartz. "People of the Haskell area should appreciate the services she renders to them," Colonel Schwartz said, "as she is doing the work without pay as a public service to her country." All males are required to register under the draft law on their 18th birthday or within five days thereafter. Maximum penalties that can be applied for failure to register are \$10,000 fine, or five years in prison, or both.

HHS Chapter of  
Future Farmers  
Elects Officers

The Haskell High School chapter of Future Farmers of America has organized for the current school year and elected officers. Chapter Advisor is Haskell Stone, and one of their first activities was to attend the Ford tractor demonstration held on the Clay Smith farm. Chapter officers are: President, Wayne Ammons; vice president, Jim Bob Williams; secretary, Tommy Matthews; treasurer, Glen Kreger; reporter, Donnie Hodgins; sentinel, Mike Alsbrook.

Grandmother of  
Mrs. Kimbrough  
Dies In Dallas

Mrs. Ida L. Crowley, long-time resident of Dallas and maternal grandmother of Mrs. Ernest Kimbrough of this city, died Monday night, Sept. 1, in Dallas. She was 99 years old, and had been in declining health for several years. She had been partially enfeebled since suffering a fall about 30 years ago. Mrs. Crowley had lived in Dallas since 1915. Her husband preceded her in death many years ago. Funeral for Mrs. Crowley was held Sept. 2 in Dallas, and burial was in Restland Memorial Cemetery in that city. Survivors include two daughters, Mrs. Maude C. Allen and Miss Florence Crowley, both of Dallas; and her granddaughter, Mrs. Kimbrough of Haskell.

**A Definite Mandate from the Voters**

Voters of Haskell and three neighboring towns have indicated that they are definitely and emphatically interested in developing an adequate source of municipal water.

The substantial majority given the bond issue and water contract authorization is a clear-cut expression that the people of Haskell, Rule, Munday and Goree are ready to solve their water problem through joint cooperation, and are willing to assume the cost of this development.

These four towns now comprise the North Central Texas Municipal Water Authority, which was authorized by an act of the last Legislature, and the Authority has been granted sole water rights on Miller Creek for the development of a multi-city reservoir.

Although the decision of Seymour voters not to participate in the development program is regrettable, their action does not affect the feasibility status of the project in any way.

A scaling-down of the project cost as a result of the withdrawal of Seymour, leaves the Miller Creek development economically feasible and desirable for the four member towns in the Authority.

Directors of the Authority, with their consulting engineers and bond attorneys, will meet this week to revise plans and estimates on the project. In this session and in all future planning, the directors and their technical consultants will be carrying out a mandate of the people as expressed with their ballots.

**Youth Center Is Desirable Project**

Action of the Rotary Club in initiating a movement for a Youth Center in Haskell is another forward step in the civic improvement program now under way in our community.

Proof that civic progress is simply a matter of leadership, work and cooperation, is provided in two projects now underway, both due completion within a matter of a few months.

One is the Haskell County golf course now being completed northeast of town, which will be ready for use in late spring next year.

Second project is the development of an airport or landing strip on the north outskirts of Haskell. Site for the field has already been secured and its development is virtually assured.

Both projects have been made possible through cooperation of local civic groups with the Chamber of Commerce, joined by the city and county.

There should be no question as to the ability and willingness of the community to provide a Youth Center for the young people of Haskell and neighboring communities. The project deserves, and we believe it will receive, wholehearted cooperation and support from every civic organization and the citizenship of Haskell as a whole.

**What Can Be Done?**

What if disaster wiped out every man, woman and child in, say, a half dozen small Texas cities? Places such as Brady, Cisco, Quanah, Center, Alvin or Terrell Hills. Indeed, the entire state would be profoundly shocked.

Yet a total of 5,575 accidental deaths occurred during 1957, in Texas, according to the Texas Safety Association. Seventy-five more than the population of any of the above-named cities of 5,500 people.

Further, Texas accidents for the same period injured 693,045 persons. A number that is comparable to the present total estimated populations of Dallas and Galveston combined, with 4,045 to spare.

Each year the accident-disaster strikes Texas. And each year we suffer an economic loss in excess of \$440-million, or about \$49 for each child and adult in the entire state.

What can be done about these tragic losses? Of course numerous efficient and dedicated organizations, both state and public, have been working on the problem for years. They have done an outstanding job of holding the line—even making gains in the many fields of accident prevention. But the real answer can't rest with OTHERS.

If there is any panacea for our accident problems, it is the one given to us 2,000 years ago—the Golden Rule. The application of this simple guide for our behavior may appear futile, but it is the answer. Individuals cause the accidents and only individuals can stop them.

**PEOPLE, PLACES AND THINGS**

By A. PATE

Brooks Middleton has figured out that overwhelming defeat of the Miller Creek water program in Seymour might have been caused by overflow opposite from Wichita Falls. He noted that Wichita Falls people voted two-to-one against a new lake to furnish needed water to that city. He thinks this anti-lake sentiment spread south as far as Seymour to account for the stumping given the Miller Creek project there.

Brooks, a strong backer of the Miller Creek program, claims now that he never had any doubts or the least worry as to how Haskell people would vote on the project. His friends go still further, and say Brooks never worried about anything.

There's no denying, however, that Brooks has in his words, "done a lot of thinking" about Haskell's water problem. His theory is that the town's only shortcoming is the lack of lake water for drinking and washing purposes. If the Miller Creek proposition goes through, then we've got it made.

"Look at Stamford," he says. "They never were able to come up with a state championship football team until they started drinking and washing in Paint Creek water," he declares. He thinks Miller Creek water is more potent, and that after we start using it the Indians will probably be taking on Big Red.

Local sportsmen have been taking advantage of some of the best dove hunting in years since the season opened, and very few have failed to get their daily bag limits, their stories indicate.

Doves are so plentiful that

day on a visit to Haskell friends.

Miss Fannie Hudson returned on Tuesday from a visit to the Indian Territory. She was accompanied home by her cousin, Miss Berty Lee Hudson.

Lee Pierson, assistant cashier of the Haskell National Bank, while riding out to his pasture last Saturday was thrown from his horse and rendered unconscious. He was alone and was found later by Sam Lanier and another man who were coming over from Rayner, several hours after the accident. One of them remained with him while the other came to town for a conveyance and physician. Dr. Lindsey saw him to his home. It appears that there was a pretty severe concussion, but he is expected to recover.

even these West Texas bullfrogs are after them, according to Tommye Davis.

Tommye had winged a bird and knocked it down in a tank. The crippled dove fluttered to the bank and into some weeds. As Tommye went to retrieve it, a large bullfrog had grabbed one wing and was attempting to tug the bird loose from the weeds into the water.

As a net result of the unusual situation, Tommye had both frog legs and dove for supper.

Not as edible, however, was the critter that came near getting a bird Tom Barfield had downed. He had watched the place where the bird fell, in a dry, rocky gully. As he neared the spot to retrieve his game, he saw a large rattlesnake headed for the bird and was compelled to use another shell to dispatch the reptile.

Dove hunters report another unusual angle. They say they have never seen as many field mice as encountered in pastures and fields, with the rodents underfoot almost anywhere you go.

Rats and mice are causing some damage to field crops, farmers report, and they fear damage will be heavier when cold weather comes and rodents seek protection in barns and other farm buildings.

In a letter recently received from Barney Bernard, Haskell cotton buyer who is in South Texas, at Pearsall, he included a clipping from the San Antonio News telling of the heavy infestation of javelina rats.

The article stated that damage caused by rats to farm crops has been terrific. Areas in Atascosa, Frio, Dimmit, Zavala and LaSalle counties have been hard hit.

The infestation is not confined to rural areas however, because many householders are complaining of larger than usual numbers of mice, and rats, and they're also showing up in stores in the business section.

One huge rat, probably scouting for winter quarters, met his Waterloo last week when he invaded the Ben Franklin store. If rats can reason, this one likely thought that he would be in no danger from the women clerks in the store, they'd be too frightened to harm him.

They were frightened all right, but luckily one woman had just emptied the contents from a large, heavy carton. Spying the rat, she let out a shriek and slammed the carton down, imprisoning the rat, then promptly stood on top of the carton.

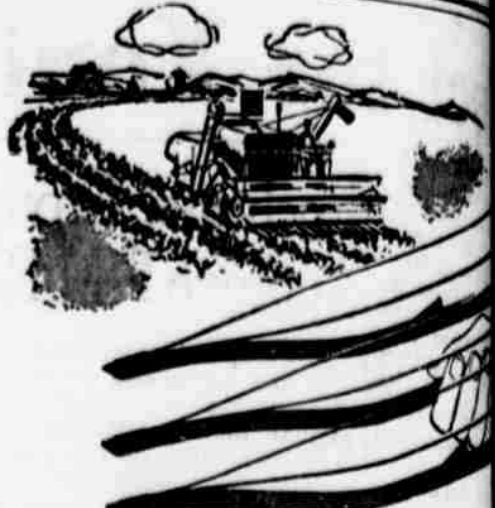

Two other women clerks in the store took refuge on tables and counters. After a hurried consultation, a hurry-up phone

call was made for the "law" and in a matter of minutes an officer had dispatched Mr. Rat.

Still on the subject of rats, one of the rodents caused a young Weinert husband an uneasy moment recently.

Sound asleep, he awakened to find the bedroom light on and his wife tip-toeing into the room, a mop in her hands and a determined look on her face. Visions of his past conduct raced through his mind as he prepared to leap out of bed and race for safety. But before he could move his wife put her fingers to her lips and whispered, "Shh, a mouse under the bed."

ton, Texas and Hardin-Simmons University, Abilene, receiving his Bachelor of Science from the latter in 1950. The graduate then entered the Armed Forces serving as a Tank Platoon leader in the Armored Corps just prior to his release from active duty. Upon re-entering civilian life he was employed by Underwriter Adjusting Co. of Louisville as an Insurance Adjuster and later with the Travelers Insurance Co.'s branch in that city. Mr. Adams relates that his plans at present are to remain with that company rather than go into active practice.

Adams began his studies in the night School of Law at the University in the fall of 1954 and he has maintained an enviable attendance record with only two classes missed in the four years of the course. He is a member of Delta Theta Phi, legal fraternity and served as a member of the Briefing Service Staff. The latter group is maintained by the School of Law as an aid to practicing attorneys and to give students practical experience in researching legal problems which the attorneys send in to the group.

Adams married the former Edith J. Rowlett of Louisville in 1952. He is the son of Mrs. Thelma Adams of Haskell and the late Mr. Adams, and is a brother of Mrs. Thurman Bynum of Haskell.

## News from the County Agent

Rats and mice are the only animals in the world that are both harmful and useless to mankind. Most anyone would agree that these pests should be controlled as they destroy food, damage buildings, ruin home furnishings, and carry both human and domestic animal diseases.

While control is often a problem, there are some fundamental things to remember when planning a control program. These are:

1. Use traps in the house and chemically treated bait in the barn.
2. Clean up old junk piles, trash heaps, stacks of old boards and anything else that might offer protection and shelter.
3. If rats and mice enter a building through a hole, close it and keep it closed.
4. Watch for new rats and mice and so to work on them immediately.
5. Get plenty of bait and never let the bait feeders stand empty.

## Farm Employers Must Pay Social Security

Any farm and ranch employer who pays \$150 or more to a laborer or who hires a farm hand 20 days or more during a year must pay social security taxes on the wages involved.

For the \$150-a-year test, the cash wages for both piece-rate and time-rate work count. The total number of days worked does not matter so long as the employee is paid \$150 in cash by the employer in the year.

For the 20-day test, the total amount of cash wages does not matter so long as the employee works for one employer 20 days or more for cash wages based on some unit of time, such as an hour, a day, or a week.

It is not necessary that cash wages paid the worker be earned during one continuous period. Wages paid to children or to parents of the employer are not subject to the tax.

Records of each worker's earnings along with his social security number should be kept, advises the specialist. The farmer must withhold \$4.25 from each \$100 of wages paid and then match this amount. This tax must be paid by the employer during January of the following year. However, if as much as \$100 in taxes, including the employer's portion, becomes due the Government, the employer must send in a report earlier. Remittance must be made within 15 days of the end of the month in which this amount of tax was accumulated.

## Do Not Use LP Gas In Tractor Tires

For safety's sake don't use liquid petroleum gases in tractor tires or for paint guns. Butane and other LP gases are highly explosive, and under certain conditions, extremely dangerous. One gallon of butane can be as powerful as one hundred sticks of dynamite. Do Not use LP gas to inflate tractor tires or in paint guns, it is sometimes done, because it is the only gas under pressure on the farm.

One gallon of butane can be as powerful as one hundred sticks of dynamite. Do Not use LP gas to inflate tractor tires or in paint guns, it is sometimes done, because it is the only gas under pressure on the farm.

A mechanic lost his life while trying to change a tractor tire which, unknown to him, had been filled with butane. If there are tractor tires filled with one of these gases on your place, be careful with them and get rid of the gases as soon as possible. Don't be guilty of negligent homicide, or of even taking a chance. Take the proper precautions when handling these fuels and use them only for what they were intended.

Scheets-Geiger Nuptial Rites Read Saturday

Bonnie Mae Scheets became the bride of A. Ze Kenneth Geiger in a double ring ceremony read Saturday night in the East Side Baptist Church. The Rev. L. D. Regeon, pastor officiated. The bride is the daughter of Mr. and Mrs. John Scheets. The bridegroom is the son of Mr. and Mrs. Fred Deckard of Chico, Calif. Vows were exchanged before an altar decorated with gladioli. George Turner was pianist and accompanied Kenneth Bell of Abilene, vocalist. Candles were lighted by Margie Scheets, sister of the bride, and Sandra Isbell, cousin of the bride. Flower girl was Kelly Ann Martin of Abilene, and ring-bearer was Jerry Scheets, brother of the bride. B. D. Drumman of Abilene served the bridegroom as best man and groomsmen were Bob Neilson, Lynn Hilliard, Elmer Hilliard and Charlie Rowan. Ushering were Jesse Hilliard of Arlington and Thomas Knapp of Abilene. Nora Faye Coddington, twin sister of the bride, was matron of honor. She wore a gown of pink net over taffeta and a white carnation corsage. Bridesmaids were Jean Ballard, Wanda Wilson, Ellen Hilliard and Oneta Wagoner, all of Abilene. Given in marriage by her father, the bride wore a gown of white satin trimmed with chantilly lace embroidered with seed pearls. Her veil of net was caught to a white band of flowers. Something traditionally old were her ear-rings, something new her dress, something borrowed a cross belonging to her sister, and something blue was a rosary belonging to Mrs. Dorothy Martin. She carried a bouquet of white carnations with a shower of satin streamers atop a white Bible. A reception following the ceremony was held in the home of Mr. and Mrs. J. M. McWilliams. The young couple will make their home in Abilene.

MRS. BOBBY GENE REXRODE

Lynda Juanelle Perrin, Bobby Rexrode Repeat Vows in First Baptist Church

In a double-ring ceremony held Sunday afternoon, Sept. 7, in the First Baptist Church, Miss Lynda Juanelle Perrin became the bride of Bobby Gene Rexrode. The Rev. M. D. Rexrode, pastor of the church and father of the bridegroom officiated. The bride is the daughter of Mr. and Mrs. J. P. Perrin, and parents of the bridegroom are Rev. and Mrs. M. D. Rexrode, all of Haskell. Miss Betty Rexrode, sister of the bridegroom, was organist, and Mrs. Carolyn Everett, vocalist, for the musical program. The bride, given in marriage by her father, was attired in a dress of imported chantilly lace. The bodice was fashioned with a scalloped square neckline and long sleeves. Bands of silk organza enhanced the bodice and full floor length skirt. Her fingertip veil of illusion was attached to a half-hat of seed pearls. The bridal bouquet consisted of a shower of feathered white carnations and a white orchid atop a white Bible. Miss Janice Hester of Haskell was maid of honor, and bridesmaids were Janette Gibson, Gayle Spain, and Barbara Rexrode, sister of the bridegroom. The maid of honor and bridesmaids wore street length dresses of light blue velvet with chiffon sashes. Their bouquets were white feathered carnations. Mrs. C. W. Drinnon of Abilene and Miss Sara Roberson of Haskell were candlelighters. Jimmy Rexrode served his brother as best man. Ushers and groomsmen were Dudley Perrin, brother of the bride, Johnny Holt, Don Pennington, Tom Alvis, Lee Hale of Crockett, Roy Don Rhodes of Azle. Reception following the ceremony was held in the church annex. Members of the house party were Miss Margaret Toliver of Stamford, Mrs. Raymond Pickering of Lubbock, Mrs. Bailey Toliver of Haskell, Mrs. J. L. Toliver Jr., of Wichita Falls, all aunts of the bride; and Misses Lin Currie, Geneva Franklin, Linda Lane. For their wedding trip, the bride wore a light two-piece wool suit with black accessories. Her corsage was the white orchid from her bouquet. After Sept. 10, the couple will be at home at 1301 Baylor Avenue, Waco. The bridegroom will be a senior in Baylor University, and the bride will be a freshman. A rehearsal dinner for the wedding party was given Saturday evening in the home of the bridegroom's parents. Leaving Sept. 13 to enter Texas Woman's University, Denton, is Miss Patsy King daughter of Mr. and Mrs. Bill King of Weintert and granddaughter of Mrs. M. A. Bumpass of Munday. The president's evening will be a "Tour of World Music," with Mrs. J. F. Cadenhead as director, and Mrs. Tommye Hawkins as captain of the "S. S. Harmony." A Christmas Cantata with the choirs of the various Haskell church participating, is being planned for Dec. 14.

MRS. DURWOOD WHEATLEY

Miss Elaine Petty, Durwood Wheatley Repeat Vows in Bowie Church Rites

Miss Elaine Petty, daughter of Mrs. Frances Petty Williams and the late Charles Petty of Bowie, and Durwood Wheatley, son of Mr. and Mrs. Elmer Wheatley of Haskell, were married Saturday evening Aug. 30 in the First Baptist Church of Bowie. Rev. D. L. Payne church pastor, directed the double-ring ceremony. Background for the ceremony was a white archway entwined with greenery and red carnations. At the top of the arch was a wedding bell. Four rows of cathedral candles flanked the archway. Miss Gale and Miss Glee Wheeler, nieces of the groom, lighted the candles. Pews were marked with white satin ribbons. Miss Diane Drennan, cousin of the bride, Fort Worth, soloist, and Mrs. Nelda Merrette, Bowie organist, provided the traditional wedding selections. William Petty of Dallas presented his niece in marriage. She was attired in a white taffeta gown. The bodice was overlaid with clipped chantilly lace, and featured a Sabrina neck-line. The bouffant skirt featured a back panel of lace which extended into a chapel train. Her fingertip veil of illusion was attached to a tiara of seed pearls and sequins. The bridal bouquet was of orchids and lilies of the valley carried atop a white Bible. The groom is a graduate of Mattson High School where he was salutatorian. He twice served as president of his class and as captain of the football team. He attended North Texas State College and served as president of his fraternity, Phi Kappa Sigma. He will attend the University of Texas Dental school in Houston. After a wedding trip the couple will establish residence in Houston.

Leaving Sept. 13 to enter Texas Woman's University, Denton, is Miss Patsy King daughter of Mr. and Mrs. Bill King of Weintert and granddaughter of Mrs. M. A. Bumpass of Munday. Miss King was class favorite in the 1958 graduating class of Weintert High School.

Garden Club Has First Meeting Of Fall Season

The Haskell Garden Club opened the fall season of activities with a luncheon at the Highway Drive Inn, Saturday, September 13. Mrs. Ed Fouts gave the devotional based on Genesis 1:1. Mrs. R. C. Couch gave the invocation. Members answered roll call with a flower each likes to arrange and the number of trees and shrubs planted last year. A total of 60 trees and 16 shrubs were reported planted by members. Mrs. C. O. Holt gave a report of the yearbook committee, and urged each member to plant an assortment of bulbs during the club year. Mrs. Roy Johnson was presented a potted plant in appreciation of her work on the yearbooks. Mrs. Courtney Hunt and Mrs. Roy Johnson were granted associate membership during the short business meeting. Mrs. Courtney Hunt read the history of the club for the past year. Mrs. W. E. Miss Lynelle Tankersley Is Bride Of Tommy Abe Watson in Salem

In a candlelight ceremony Saturday evening at 7 o'clock Miss Lynelle Tankersley, daughter of Mr. and Mrs. G. H. Tankersley Jr., became the bride of Tommy Abe Watson, son of Mr. and Mrs. Abe M. Watson, all of Knox City. Double ring vows were exchanged at the First Baptist Church in Knox City with the pastor, the Rev. R. L. Dodson, officiating. Given in marriage by her father, the bride wore a gown of imported chantilly lace fashioned with an Anglo wing collar and seed pearls. The basque bodice came to a point in front, and had long tapered sleeves held at the wrists with tiny satin buttons. Scrolls of lace, agleam with pearlized sequins, outlined the lace pleum that fell over tiers of pleated tulle ruffles and scalloped lace ruffles that cascaded into a court train. Her floor-length veil was caught to a chantilly lace cap sprinkled with iridescence and seed pearls. She wore pearl earrings, a gift from her bridegroom. On a white Bible she carried a white orchid surrounded by stephanotis and lilies of the valley tied with lace-edged white satin ribbon in lovers' knots. For the traditional "Something old, something new," she wore a gold bracelet which belongs to her grandmother. Mrs. E. H. Tankersley Sr., of Knox City, given to her by her husband as wedding present 48 years ago; and borrowed a white lace handkerchief which belonged to the bridegroom's grandmother, the late Mrs. Bessie Russell. Her wedding attire was something new, and she wore a blue garter. Miss Beverly James of Knox City was maid of honor, and Mrs. Bobby Williams of Graham, sister of the bridegroom, was matron of honor. Bridesmaids were Misses Kay Deans Hester and Glenda Givens and Mrs. Montie White. Samantha Graham, cousin of the bridegroom, and Wynette Tankersley, cousin of the bride, were junior bridesmaids. Carrol Tankersley and Karen Graham, cousins of the couple, were candlelighters. Best man was Bobby Williams of Graham, brother-in-law of the bridegroom. Groomsmen were Bobby Tankersley, brother of the bride, Jeff Graham, Charles Reed and Hubert Finley. Chad Williams of Graham, nephew of the bridegroom, was ringbearer. Mrs. Hester was organist, and Mrs. J. M. Gattis was soloist. You Truly was the emcee. They celebrated their wedding at the How Great was the Power, the party given by the bridegroom, and as a benediction Mrs. Bobby Williams of Graham, sister-in-law of the bridegroom, was matron of honor. At the reception Mrs. Donald Tankersley of Fort Worth, Scott of Clyde, bridegroom, were present. BY MRS. GENE OVERTON

School opened Monday, Aug. 25 with 104 pupils enrolled in grade school and 40 in high school. The weekend rains had cooled the weather until the first week was most pleasant, and not unbearably hot as had been expected. We believe we have one of the best faculties we have had in years, and all parents were well impressed with Supt. Pat Morrison as he began the school term Monday.

Our tiny little football team has been working out during P. E. period and at night, and Coach Tate may have a practice game matched for this week with the Vera team. I mean by tiny that there aren't many of them, not that they are small boys. We haven't had such few boys in high school since 1940.

There are only 14 boys in high school and Jimmy Griffith can't play because of his hurt knee, and Albert Roberts has a back injury. So we only have 10 boys coming out for the team. The "outsiders" or the boys who have graduated in the last five years and have not left for college yet, are helping Coach Tate scrimmage the boys, and may play them a practice game or two. Anyway, these lean years in football come around every now and then, and football isn't the most important thing in our school. Just wait—the next three classes coming into high school are full of boys. In high school we have 14 freshmen, 7 sophomores, 10 juniors and 9 seniors. That surely is a small high school, isn't it?

Arvie Bergstrom had as his guest last week Gary Matthews of San Antonio. Gary is a junior at the University of Texas.

Many families had all or almost all of their children home for "homecoming weekend."

Mr. and Mrs. Frank Sims had their sons, Dr. and Mrs. Frank Sims and Stevie from Vernon, and Mr. and Mrs. Ray Sims, Karen and Bouncer of Robert Lee. Ray has accepted the position of assistant county agent at Robert Lee, and they are enjoying their work there.

Mr. and Mrs. Wayne Perry had their son Press and family from Fort Worth, their daughter Mrs. Thelma Bricker, Fort Worth, and of course their son Hoyt and his family from here.

Mr. and Mrs. Doc Raughton had their daughters Mrs. Raymond Medford and Raymond Ray from Charleston, S. C., Mrs. Tom Riley and Tom from Stamford, and Mrs. Ray Sims and her family here with them.

Mr. and Mrs. Harvey Terrell had their son Edwin Lee of Commerce, their daughter and husband Mr. and Mrs. E. A. Howard of San Angelo, their daughter and family, Mr. and Mrs. Lester Seth of Abilene, and Jerry Terrell, his wife and

to spend Sunday and attend the homecoming.

Mr. and Mrs. J. Hanson had their son Gerry, his wife and baby from Stanton as week end guests. Gerry is county agent at Stanton.

Also here from Stanton were Mr. and Mrs. Gene Perry and Carla Jean who attended the homecoming and visited his parents, Mr. and Mrs. Hoyt Perry.

Mr. and Mrs. Joe Gardner and children from Dallas, and Mr. and Mrs. Othella Cox and children from Weinert spent Sunday with their parents, Mr. and Mrs. W. S. Cox and attended homecoming.

Mrs. Lela Cox from Fort Worth and Helen Jean Cox of Dallas spent last weekend with Mr. and Mrs. W. S. Cox. Mrs. Cox also visited with her brothers Howard and Arthur Montgomery.

Mrs. Lee Medford is enlarging her home by extending her living room farther east and taking in her front porch.

Several new families have moved into the community, Mr. and Mrs. Rudolph Miles and two children moved to the Owen Cox farm. Mr. and Mrs. R. V. Trussell have moved to the R. T. Landess place and Mr. Trussell will work some land for Mr. Teague and drive a school bus.

Mr. and Mrs. E. Y. Champion have rented the vacant faculty house at the end of faculty row. Mr. Champion works at the WTU plant.

James Hogue and children from Fort Worth moved to the Ragsdale place.

The Baptist Church has called the Rev. Bud Moore of Lubbock to be their pastor, and he and Mrs. Moore and their two daughter moved to the parsonage last Wednesday. Rev. Moore has been attending the Baptist Seminary at Ft. Worth, and they moved here from that city. Morris Haynes, Sammy Griffith and William Haynes took pickups and helped in the moving.

Mike Shaw returned home Saturday from New Orleans, La., where he had spent ten days visiting his sister Chris and her husband Sol Owens. He also visited his sister Virginia while he was there. He missed the first week of school.

Mike Overton who during the month of August made J. Foster Dulles look like a stay-at-home, returned home Friday afternoon from Lawrence, Kansas where he attended the National Conference of the Order of the Arrow at the University of Kansas. He went with Ed Burnam of Coleman, Dow Patterson, Abilene, Chief of the Kotso Lodge of this Scout Council, Mike Bonine of Abilene and Joe Breed Jr. of Anson. Vice Chief of the Kotso

three children from Stamford Lodge. The boys attended classes in Indian lore and procedure for Order of the Arrow ceremonies. Mike also missed the first week of school at Paint Creek. The first week in August he spent a week visiting in South Texas with Mr. and Mrs. W. S. Cole and son Ford of Rule. They went to Kerrville where they were joined by Mr. and Mrs. Foster L. Jones. Then they went to Austin, San Antonio, Corpus Christi, Galveston, Houston, and on back to Laredo for a visit into Mexico.

Mr. and Mrs. Pat Morrison and daughters attended the reunion of the descendants of Mr. and Mrs. J. Y. Johnson at Olney Sunday afternoon, Aug. 28. Mr. and Mrs. Johnson were Wanda's paternal grandparents.

Judy and Sandy Earles and Mina Faye Griffith left last Wednesday for Abilene where they began their nurses training at Hendrick Memorial Hospital. Judy and Sandy are the daughters of Mr. and Mrs. R. V. Earles and Mina is the daughter of Mr. and Mrs. Bill Griffith.

Burl Medford is stationed in San Antonio taking his basic Air Corps training. H. W. Wright is in the Navy training at San Diego.

Mr. and Mrs. Clyde Boyd were here for homecoming. They live in Austin now where Mr. Boyd is head of the transportation division of the Texas Education Agency. That means if we want a new school bus, he has to approve it. They had picture of Clyda and her husband and the new grandbaby to show. They plan to come back again for a longer visit because Mr. Boyd didn't get in a single game of dominoes while he was here.

Mrs. Tony Hamm, the former Sue Shaw, was the honoree at a bridal shower at the home of Mrs. Raymond Bounds last Wednesday. Hostesses were Mrs. Ray Deen Gresset and Mrs. Alex McLennan.

Mrs. Bob Cathey and daughter Elizabeth who have been at the bedside of Mrs. W. A. Montgomery for the past month returned home to Grand Prairie with Mr. Cathey Sunday so that Elizabeth could start to school. Mrs. Cathey will return here the latter part of this week and be with her mother when she comes home from the hospital.

Bobby Cass of Weinert visited Waller and William Overton Tuesday afternoon. He is measuring some land in the south-east part of the community this week.

Little Marcus Coleman, son of Mr. and Mrs. Sonny Coleman of the New Hope community is spending several days with his grandparents, Mr. and Mrs. Ira Coleman, Dorothy, Martindale and Phil.

J. M. Mickler, who suffered a mild stroke several weeks ago, is much improved and able to be up some of the time and to get about with some help.

Jackie Daniels, son of Mr. and Mrs. Jack Daniels of Lake Fort Phantom at Abilene is

## Lt. Jack Larned Rates as Expert Pistol Marksman

A former Haskell man, Lieut. Jack Larned of the San Antonio police department, gained recognition as one of the crack pistol marksmen in the country at the National Pistol Matches held recently in Jersey Shore, Penn.

In a field of 1,528 competitors, Lt. Larned won two first places. He fired a 199 timed fire with the .45 automatic pistol to win first place. He also took first place in the National Match course, firing a score of 289. He also won several other awards by placing in the winning bracket in various contests.

On his return trip to San Antonio Lt. Larned came by Haskell for a brief visit with his mother, Mrs. May Larned.

going to live with his aunt, Mrs. J. W. Roberts and Mr. Roberts for three or four months until his parents move back to the community.

Mr. and Mrs. Ray Overton Sr. were in Petersburg last week visiting her sister, Mrs. Catherine Terry. Mrs. Terry came home with them for an extended visit.

Mrs. W. A. Montgomery returned home from the hospital last week and is recuperating just fine. She is still not to have too much company for a few weeks. Her daughter, Mrs. Boyd Cathey, her husband and daughter Elizabeth returned to Grand Prairie where Elizabeth enters high school there.

Mr. and Mrs. Sammy Griffith and family returned Tuesday from College Station where they took their son Dan Riley to enter A&M College as a freshman. Dan will major in veterinary medicine.

Mr. and Mrs. Frank Sims were in College Station over the weekend. They went down Thursday so that their son Dub could take the placement exams. Dub will be a freshman in A&M this fall majoring in Agriculture. He writes that he is in B Armored and lives in Dorm 17.

Wayne Dilbeck was a patient in the Stamford Sanitarium for several days last week. He is back home now and feeling fine.

Irvin Overton suffered a painful accident Labor Day when he was preparing to do some plowing on his father's farm. Some gas that had accumulated on the tractor ignited when the tractor was started and burned Irvin's arm from his wrist to the shoulder. It was a very bad and painful burn but not a deep burn. He was taken to a hospital for treatment and his arm is still bandaged.

Guest preacher at the Methodist Church Sunday night was Rev. George from Knox City. He will enter the seminary at SMU this fall, and he is a close friend of Rev. and Mrs. Bruce. Rev. Bruce is getting over his surgery nicely, but he is still not strong enough to assume all his pastoral duties yet.

## Pfc. Jerry Cobb In Germany With 8th Division

Army Pfc. Jerry D. Cobb, whose wife, Genie, lives in Knox City, Texas, recently participated with the 8th Division's Infantry in combat efficiency training tests in Germany.

Cobb, a rocket launcher gunner in the infantry's Company D in Mainz, entered the Army in June, 1957, and received basic training at Fort Riley, Kan. He arrived in Europe last March.

The 23-year-old soldier, son of Mr. and Mrs. Minard M. Cobb, 205 South Avenue D, Haskell, is a 1954 graduate of Haskell High School. He was employed by Guinn Sheet Metal and Plumbing, Knox City, in civilian life.

### VISIT IN FORT WORTH

Mr. and Mrs. Wallace Cox Jr., and Mrs. A. G. Dement and children Ted and Susan, visited friends in Fort Worth during the weekend.

### CARD OF THANKS

May I offer my thanks to all of you for your prayers, offers to donate blood, food, flowers, gifts, cards and your many loving acts of kindness shown me and to those I love during my stay in the hospital. Lacking words to express my gratitude, may I humbly ask God's richest blessing for each of you.—Olive Montgomery. 37p

Cotton Defoliation Guide Available To Farmers

A good cotton defoliation job will return dividends in terms of less trash and green stain and better grades if harvesting is done by machine, says Fred C. Elliott, extension cotton specialist.

The specialist points out that the best time for defoliating will vary with the weather, condition of the crop and the principle benefit expected.

Elliott warns that good coverage of the cotton plant by the defoliant or desiccant is a must if the best possible defoliation is to be obtained.

Rats and Mice Numerous Over Entire State

A man in La Pryor in Southwest Texas reports finding 64 dead cotton rats in a single night on the lawn of his home, apparently killed by his dogs. In Crystal City the cantaloupe crop has been severely damaged by rats.

From Austin come reports of rats in back yards where none have been seen before, and of mice in suburban homes. In Abilene and Wichita Falls increases in rat and mice populations have been noted. Farmers southwest of San Antonio have experienced serious losses to small grains, peanuts and tomatoes due to rodent depredations.

What's behind these unusually high rodent populations? It is impossible to give a definite answer, but State Health Department and Fish and Wildlife Service investigators feel increased rainfall has a lot to do with it. Rains caused dense vegetation growth where rats and mice could take cover and hide. These are strictly preventive natural enemies. Also, farm crops have been good, providing a ready source of food. State and local health departments have made intensive field investigations and laboratory tests have been made on live and dead specimens of rats and mice. This conclusion has been reached: There is no evidence at this time of specific threat to public health. At present the problem seems to be more of an economic and nuisance nature. While this conclusion is reassuring, it does not mean rodent-borne disease outbreaks are impossible. Rodents can serve as reservoirs for various diseases transmissible to humans, and are hosts to a variety of disease-carrying parasites such as fleas. Here are some things homeowners can do to control rats and mice around their property: Search for and close up all portals of entry. One Austin man looked for days for an opening into his house large enough to admit mice. He finally found it—a half-inch space around the pilot control on the floor furnace. A piece of hardware cloth or steel wool make good blocks for places like this. Set traps and practice scrupulous home and premise sanitation. Get rid of tall grass, stacked lumber or anything else that might harbor rodents. Bites of rodents or their fleas should be reported to local health authorities. These are strictly preventive measures and do not imply the existence of rodent-borne diseases in epidemic proportions.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

AUSTIN, Tex.—Texas' 56th Legislature, though not yet sworn in, already casts a long shadow over Statehouse activities.

Its membership was settled—or virtually settled—with the counting of the Democratic second primary votes. A few will have Republican opponents in November. Of more interest now is how the 56th will lean on key issues. Political prophets already are taking pulse readings and pronouncing it likely to be more liberal than its predecessor. But not predominately liberal. A big influx of newly-elected liberals from Houston is expected to be offset by Dallas conservatives, plus others from small towns.

On next session's crucial issue—finance—everyone's crystal ball seems a bit cloudy. Next Legislature will have to grapple with a financial deficit which the Legislative Budget Board has predicted may call for as much as \$140,000,000 in additional tax revenue.

Winning candidates, in both their speeches and newspaper announcements, were understandably sketchy and unspecific in making specific proposals for dealing with this gigantic problem. Many came out flatly against a general sales tax or state income tax. Numerous suggestions were made to balance the budget through "economy in government, elimination of waste, education," etc.

Such statements are like the breeze off an iceberg to state departments, many of whom have said they'll be asking for more, not less money, next session. When the showdown comes, decisions will be made largely by the same group who pushed the voting buttons in '37. All told, there'll be 49 new faces among the 181 lawmakers.

Replacing the three retiring senators, Otis Lock of Lufkin, Searcy Bracewell of Houston and Carlos Ashley of Llano will be Martin Dies, Jr., of Lufkin, Robert W. Baker of Houston and Louis Crump of San Saba.

House will have 46 freshmen, slightly less than the normal one-third turn-over of its 150 members. Changes result from the retirement of 33 representatives, defeat of 13 others.

Mangled Math—When the next speaker of the House of Representatives takes office in January, some confused arithmetic will be cleared up. A speaker is elected at the start of each regular session by the 150 House members. Support, in the form of signed pledges, is lined up well in advance of the session's start.

This year, when the dust settles from the run-off primary, both contenders claimed victory. Rep. Waggoner Carr of Lubbock, present speaker, said he had 80 pledges. Rep. Joe Burkett of Kerrville claimed 77 pledges. In addition, Burkett said he knew of 15 House members who had made no pledges. All the claims added to 172 representatives—22 more than the people elected.

Big Day Due—San Antonio, site of the Alamo, may see another lusty scrap Tuesday (Sept. 9) when Texas Democrats of widely varying sentiments gather for state convention. No one is making any iron-clad predictions on what will happen, but pre-convention rumbblings promise at least some of the usual fireworks.

A group of conservatives are working on ways to bounce the militantly liberal Mrs. Frankie Randolph from her post as national committee woman. Having the chairman of the Democrats of Texas and leader of the opposition to state

party leadership in the prestige-laden national committee post is hard to take. But removing a national committee member offers difficulties, too. A state convention merely nominates the national committee members; actual election is by the national convention. Whether a state convention could undo the action of a national convention is not definitely known. Another possible source of friction is the selection of the State Executive Committee Chairman, the post now held by Jim Lindsey of Texarkana. Abilene Oilman Ed Connolly has been mentioned as a prospect. Liberal delegates and supporters of Sen. Ralph Yarborough are expected to fight hammer and tongs against a Connolly drive. Connolly was a strong supporter of William Blakely in his Senate race against Yarborough and head of Gov. Price Daniel's precinct convention fight against the DOT. Too "General"?—Alumni of East Texas State College are asking help in untangling conflicts over a new program at the Commerce school. At issue is the value of a "general studies" program instituted by ETSU President Dr. James Gee. Revised curriculum substitutes a course in "communications" for freshman English, "heritage" for American history, and so on. A professor who has taught some of the "general" courses called them a "hodgepodge," comparable to grade school work. Dissatisfied exes meeting in Austin asked Sen. Charles Herring, Senate investigating committee chairman to look into the situation. Herring said he would bring it up at the committee's next meeting, but urged the exes to talk first with the college's Board of Regents. Faculty Raises Asked—Salary raises for faculty members are the principal item in a \$12,515,000 budget increase being sought by Texas' 18 state colleges and universities. Texas Commission on Higher Education said the \$4,000,000 being asked by college officials would allow for average raises of \$600 per year per prof. Altogether, the colleges' budget requests to the Commission total \$68,721,975 for the 1960-61 biennium.

County Committee On Farm Labor Meets Here

Representatives of a County Farm Labor Committee for Haskell County met with representatives of the Texas Employment Commission at the Chamber of Commerce in Haskell Thursday morning, Sept. 4. An outline of the estimated need for agricultural workers for harvesting cotton was presented. This estimate covered the number of available domestic workers, migrant workers, and the anticipated shortage that would be met through Mexican National workers.

Local representatives in attendance were Roy Johnson, Jetty V. Clare, W. M. Reed. Representatives of the TEC present were Ben Fowler, manager of the Wichita Falls office, Joe Spears, farm placement supervisor, and E. W. Kriзан, Fort Worth District Director.

Sagerton Eagles Announce 6-Man Grid Schedule

The Sagerton Eagles will play six-man football again this year in grade school competition. They were district champions last year. Their coach, Miss Irene Stewart, has announced the following schedule for this year: Sept. 16—Benjamin at Sagerton. Sept. 23—Sagerton at Weinert. Sept. 30—Goree at Sagerton. Oct. 7—Sagerton at O'Brien. Oct. 14—Sagerton at Paint Creek. Oct. 21—Mattson at Sagerton. Oct. 28—Sagerton at Vera. During September the games will start at 7:30 p. m. and in October they will begin at 7:00 p. m.

Large Share of Food Dollar Goes For Dairy Items

The average person in the United States in 1957 consumed milk and other dairy products which utilized 695 pounds of milk, according to A. M. Meekma, extension dairy husbandman, Texas A&M College.

The average consumer bought 142 quarts of fluid milk, which headed the list of individual purchase, says Meekma. Cream was second at 43 pints (milk equivalent) and butter was third with 8.4 pounds.

Per capita consumption of other dairy foods was 7.8 pounds of cheese; 15.1 pounds of evaporated and condensed milk; 5.7 pounds of nonfat dry milk; 19.8 quarts of ice cream and other frozen dairy products; 5.2 pounds of cottage cheese; 5.4 quarts of fluid nonfat milk; 16.4 quarts of buttermilk; and 4.1 quarts of chocolate milk. Twenty cents out of each food dollar, or 20 per cent of the food budget, was spent for the above-listed foods. The money price of milk may be seemingly high, but the "real" price has shown a sharp decline, points out the husbandman. For example, in 1890, milk retailed at an average of seven cents per quart. Despite this low price, the factory employee had to work about 25 minutes to earn wages equal to the price of a quart of milk. By 1929, it took 15 minutes for the worker to earn a quart of milk. In 1947 it took 10 minutes and in 1957 it required only seven minutes. Dairy farmers produced 126.3 billion pounds of milk in 1957. This all-time record production was accomplished with only 20.5 million cows, a smaller herd than the United States has had at any time in the last 40 years. The in-
