Part of this will be 16-inch cast iron pipe which can later be salvaged and used in the distribution system here when lake water is available.

Favor Teacher Pay Raise, But—

A majority of legislators, according to reports, have told Gov. Price Daniel they favor a pay raise for school teachers. But from there on their statements—at least those that have been made public—contain little to encourage either the governor or the teachers.

Some say they would favor the raise only if it did not mean passing this, that or the other kind of tax. Some point to what they call the "improbability of success."

Almost all the lawmakers, it seems, would be more than willing to vote a teacher raise if the governor can come forward with a money-raising plan on which general agreement can be reached. But talk has been mostly of taxes, like the abandoned property tax and three-factor formula franchise tax, which ended in hopeless wrangling in the four sessions this year.

Some Capitol observers are predicting that Governor Daniel might pass up calling another session and put the blame on the legislators for not being willing to pitch in. This might be coupled with a challenge to the people to elect a different Legislature next time.

Holiday Business Brisk

We can't recall any time in recent years when Haskell stores featured larger, more attractive and diversified stocks of holiday merchandise than they have this year.

Supporting this observation, stores were thronged Friday and Saturday by early shoppers, and all stores reported brisk business in holiday merchandise.

A spot check of retail stores indicates that if the present level of business is maintained, merchants will have their best holiday season in many years. In some lines, businessmen state that 1939 has been a record year, insofar as gross business is concerned. Profitwise, the current year will go into the books as one of the best in the past two decades.

Increased volume of business done by Haskell stores is largely due, we believe, to the aggressive trade promotion program sponsored by local merchants and which has been consistently followed in recent years.

As a result of this program, more and more people in a steadily widening area are finding that Haskell stores feature the same selections of quality merchandise that are found in Abilene or Wichita Falls, and at consistently lower prices.

Criticism Sometimes Unfair

(The Tullia Herald)

Under our American system, we elect men to take care of our affairs on the various levels of government. These men not only study our problems but are expected to solve them.

One thing we should keep in mind—our elected officials don't sit up late at night trying to find ways to spend tax dollars. They too are taxpayers. What hits the taxpayers also hits them. Some people imagine that public officials get a great kick out of calling tax or bond elections. Such is not the case. Not only do they pay, same as everyone else, but they are burdened with numerous details. On top of that, they have to be subjected to all the unfair comments and speculations of people who refuse to take time to study all the facts. The best way to get defeated at the polls is to become involved in a building program or a tax election. Officials know this. The best way to hold an elected office is to sit back and do nothing, letting all the problems accumulate for your successor after you retire.

When we elect officials and they make recommendations, especially at our demand that they do something, we owe it to them to study the issues carefully and to vote intelligently.

PEOPLE, PLACES AND THINGS

By A. PATE

One of the most loyal supporters of the local Goodfellows Fund is a Haskell man who knows firsthand what it means to be broke, out of a job, and with a family to support. And when a man faces a situation like this at Christmas, knowing there'll be no Santa Claus visit to his small children, it's a pretty desolate feeling.

Then the Goodfellows stepped in with a generous basket of food, candy and a few toys for the kiddies.

That happened here in Haskell four years ago. By the following Christmas things had changed. The man had a good job that enabled him to provide a few luxuries for his family.

Remembering the Goodfellows and what they had meant to him, he went to Brooks Middleton. Telling how he had been helped the previous Christmas, he gave Brooks a \$5 bill for the Goodfellows.

Again last year he gave another \$5, and then Friday, he made his \$5 donation for this year's Goodfellow Fund, with the remark: "Hope this will help you fellows provide Christmas for someone who may be in the shape I was a few years ago."

The four Fort Worth men who paid more than \$2,400 in fines at Jayton last week for killing 125 more quail than their legal limit, will probably never be able to look a quail in the face again, much less shoot one.

Game hogs like these have been a major factor in bringing about stringent hunting and

trespassing laws that we have today. Honest and law-abiding sportsmen have no sympathy for the game hog and rejoice when flagrant violators are caught and penalized.

Game which was once plentiful in this section, then became almost non-existent, is now making a comeback. With proper regulation, deer, turkey and other wild game will thrive in this section and make it almost a sportsman's paradise during the legal hunting season.

Many people here recall that it was no feat at all 50 years ago to kill deer, turkey and occasionally an antelope in the area around Haskell.

C. L. (Pat) Lewis recalls when antelope were fairly plentiful, and he has seen them killed with a pistol by riders on horseback.

The last antelope he remembers seeing killed was east of town on what was then the Bledsoe Ranch. Pat was with a party on their way to the Clear Fork on a fishing trip. When the antelope was sighted in a glade about 200 yards away, one member of the party downed it with a rifle shot.

"We skinned and dressed the antelope, and had plenty of camp meat on our fishing trip," he recalled.

As a result of an acquaintance made by chance on a trip to the Pacific Northwest, Dr. T. W. Williams of this city is receiving copies of the Seattle, (Wash.) Times occasionally.

In return, copies of The Free Press are being sent to the metropolitan newspaper's national advertising manager.

Several weeks ago Dr. and Mrs. Williams made a trip by rail to the Pacific Northwest on a two weeks vacation. The Haskell man made the acquaintance of R. R. Dixon, a Seattle newspaperman.

"He evidenced quite a bit of interest in Texas and asked many questions about the country, and in turn told me much about the Northwest," Dr. Williams said.

On the subject of hunting, a

prominent Haskell businessman had an embarrassing moment as the result of a chance remark at a convention in Dallas a few years ago. A lot of moneyed men and big shots were there. An important looking big wheel, noting the Haskell man's convention badge, remarked, "I see you're from Haskell. I suppose you know where the Ranch is in that county?"

"Oh, yes," came the answer quickly. "The manager is a good friend of mine and I do quite a bit of hunting on the ranch," the Haskell man added.

"Is that right?" the stranger said coolly. "Well, my name is — and I happen to own the ranch."

Needless to say, the Haskell man quickly changed the subject.

A PERMIT IS NOT A MANDATE

In recent weeks there has been some "street talk" that the people should retract the election giving authority for the creation of Miller Creek Lake. It is reported that there are people in each of the four towns composing the AUTHORITY who are seeking some means whereby they may now be relieved of the tax burden which must be imposed in the creation of the lake. That citizens are being solicited to contribute money to employ attorneys to join our water board or take other legal action to prevent further progress.

Some have talked to me, in my office, in my home and by long distance telephone asking that I join them in their good work. While I very much fear the ill effects of such a large bond issue knowing that we were offered the highest quality water where we would only be required one third the amount of bonds, it would yet be an unfair "false indictment" to charge that I have been misled in any way or that the members of the Water Board Committee have not followed closely the mandate of the election giving their authority.

I am acquainted with the men of the different towns serving on this board. It is my thinking that they have accepted this position through their desire to render a free and useful service to their communities. I know that they have worked many hours and driven many miles to do this. I know that they have incurred some expense in their line.

CARD OF THANKS

We wish to express our thanks to all the good people of Haskell, Rule, Stamford, Old Glory, Sagerton and surrounding communities for their help, sympathy, and prayers at the time of our loved one's illness and death, and especially to Bro. Famed "Cowboys' Christmas Ball" To Be Re-Enacted

The 1959 edition of the Cowboy's Christmas Ball, immortalized by the late Larry Chtenden in the poem of the same name, will be held in Anson on the nights of Dec. 17, 18 and 19.

The affair will be held in Anson's Pioneer Hall, and music will be furnished by Popcorn Deatherage and Band. Approved costumes for the dancers are those of the 80's and 90's, but they are not an absolute requirement. However, women wearing modern western clothes, including slacks and jeans, are not admitted to the floor.

"Keno" came from the gambling game of the same name, and cowboys often use the term to mean everything is all right.

Beverly Hinds, Gary M. Allen

Miss Beverly Alfreda Hinds became the bride of Gary Marshall Allen in a double ring ceremony Sunday, Dec. 6, at 3:00 p. m. in the Paducah First Methodist Church, with Rev. Robert W. Brown, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Alfred Hinds of Paducah and is a niece of Mrs. Jetty V. Clare of Haskell. The bridegroom is the son of Mr. and Mrs. A. A. Allen of Saginaw.

Vows were exchanged before an altar centered by an open Bible sided by a single candelabra flanked on either side by wrought iron spiral candelabra holding votive candles and fronted by baskets of white gladiolus.

Mrs. T. J. Richards, organist and Mrs. Boyd Loar, soloist, provided the traditional wedding selections.

Presented in marriage by her father, the bride wore a gown of pure silk over taffeta, having a portrait necking with appliques of imported French Alencon lace re-embroidered with tiny seed pearls and iridescents following the design of the lace. Tiny covered buttons extended down the back. The dome shaped skirt, also appliqued with lace and embroidered with pearls and iridescents, billowed from the fitted waist, sweeping from the skirt into a cottillion train. She wore matching gauntlets extending from the brief sleeves to petal points over the hands and fastened by tiny covered buttons. Her finger tip veil of French illusion fell from a half crown of pearls and iridescents in a scalloped design. For her jewelry she wore tiny pearl ear clips, which belonged to a late aunt, Mrs. J. A. Weaver and a pearl necklace, gift of the groom. She carried a cascade of white orchids, roses and stephanotis, showered with white piquet ribbon tied in love knots.

Attending her cousin as matron of honor was Mrs. Temple W. Williams Jr., Durham, N. C. Junior bridesmaid was Miss Mary Jane Carr and brides matrons were: Mmes. Joy Bostick, Rosewell, N. M., Doratha Sandefur, Lubbock; Pat Wright, Alpine; Jan Talkington, Austin; Billie Lou Lattimer, Fort Worth; and Ruth Odneal, Brownfield.

They wore identical afternoon dresses of red net over taffeta with matching velvet trim having high neckline extending to a deep V in the back

accented by a tiny velvet bow and long sleeves. Attached to the fitted waist was a double complete circle net skirt. They wore contour bow headpieces fashioned of red velvet and a circle of silk illusion fell from each bow. Dyed to match shoes completed their ensembles. They carried cascades of red carnations atop white velvet muffs.

Attending the groom as best man was Fred M. Talkington of Austin. Junior groomsman was Larry Hinds, brother of the bride. Groomsman and ushers were Gene Rentro, Houston; Charles Cummings, Jack Watts, Byron Locker, Fort Worth; Pat O'Brien, Gainesville; Ben Small, Rosewell, N. M.

The bride's parents were hosts for the reception held in Fellowship Hall. The serving table spread with white net over taffeta was centered by an arrangement of white gladiolus in silver container flanked on either side by a single candelabra in silver holders. The four tiered wedding cake decorated in all white sugar bells and topped with miniature bride and groom and silver punch service completed the table decor.

Assisting in serving were: Mmes. C. A. Killingsworth, Herbert Henry, S. L. Sandefur and Mrs. A. N. Cribbs, of Plainview. Other members of the house party included Misses Joyce Wilson, Billie Hutchison, Judy Harmon, Carol Sandefur, Susanne Wood of Killen and Johny Davis of Redondo Beach, Calif.

Soft background piano selections were played by Miss Ann Henry and Herky Killingsworth. For going away the bride chose a royal blue, wool two-piece fitted suit with fur trim, matching clipon feather demihat, shoes, bag and gloves, and an orchid corsage taken from her bridal bouquet.

The former Miss Hinds is a graduate of Paducah High School and Texas Wesleyan College, Fort Worth. Mr. Allen is a graduate of Amon Carter Riverside High School, Fort Worth, and Texas Technological College, Lubbock.

After a honeymoon trip to Miami Beach, Florida, they will be at home, 1105 Jameson Drive, Hurst, Texas. He is engaged in ranching at Saginaw, and is associated with the Foley-Alen Cattle Commission Company of Fort Worth. She is employed in the

LETTERS... To The Editor

Editor, The Free Press: To the folks in Haskell who are so irritated over the extra high taxes due to the new water deal, we welcome any of you to move to Weinert. I think Weinert has enough vacant lots for sale and it would help our little 53 year-old town to grow again.

I'm sure some oldtimers who read this will remember when Weinert was much larger than it is at present. At one time we had the Weinert State Bank, dry goods stores, hardware store, lumber yard, tailor shop, barber shop, and a confectionery.

As our water supply weakened, and after two big fires, folks went out of business for the lack of water. With Monday 8 miles and Haskell 12 miles and the good highway, folks left Weinert for water and better business.

We haven't forgot how folks fought Weinert when we were trying our luck at getting water because they used the excuse it would raise taxes too much. But Weinert got the water, good soft water, too.

We do forgive the folks who tried so hard to fight our water deal. We don't think it raised our taxes too much.

Some of us are poor people here in Weinert, but we manage to keep our taxes paid, also our water bills—\$5.00 for 5,000 gallons and then 90 cents per 1,000 gallons.

Weinert now has two good grocery stores, two cafes, one beauty parlor, three filling stations, one garage, two gins, two elevators, one wholesale gasoline, oil and butane dealership, a nice Community Center, the Post Office, four churches, a wonderful grade and high school plant, and one of the best football teams in this part of Texas.

So, Haskell, of your water deal and high taxes can't be worked out to the satisfaction of a majority of the taxpayers, just remember that Weinert has room for a lot of you and we have the best of water for which we thank our Lord every day.

We welcome anyone who wishes to live in a good little 53-year-old town.

—A Weinert Resident for 46 years.

P. S.—That confectionery, I'm sure some don't know what that was. Well, it was where you could take your friends for cold drinks or hot lunches, and an ice cream parlor—that was a confectionery.

Area Cotton Crop About In; 12,259 Bales Ginned

Gathering of the 1959 cotton crop in the Haskell area is about completed, with local ginners and farmers estimating that better than 95 per cent of the crop has been harvested.

Haskell's three gin plants had processed a total of 12,259 bales up to Wednesday morning. They estimate that only a few hundred bales will be ginned in winding up this year's harvest.

Majority of the transient labor and contract workers brought here for the harvest started leaving this area several weeks ago. Virtually all of the cotton now is being brought in is being gathered by strippers, or mechanical harvesters.

**People Will Have Roles
in Anniversary Program**

Interscholastic competition for public school students of Texas in every sort of activity from story telling to football, had its beginnings in December, 1910, at the Texas State Teachers Association meeting in Abilene. It actually started as a debating society, and has grown to become the largest organization of its kind in the world and now sponsors 28 music, literary, academic and athletic contests.

Kern Tips, known to thousands of Texas football fans for his Southwest Conference football game descriptions on radio and TV, will serve as master of ceremonies for the luncheon. Feature speakers will be Kathryn Grant (Mrs. Bing Crosby), former League one-act play contestant and now a Hollywood star; Dr. DeWitt C. Reddick, director of the University of Texas School of Journalism and founder of the League's journalism program; D. X. Bibie, former head coach and athletic director and now consulting athletic director at the University of Texas; and Judge Meade Griffin, former Interscholastic League debater and now associate justice of the Texas Supreme Court.

Other special guests will be Dean T. H. Shelby, dean emeritus of the University's Extension Division and chairman of the League's State Executive Committee for more than 25 years; Leon Graham representing the Texas Education Agency; W. T. Lofland, Austin, and J. O. Webb, Houston, both former school administrators who were present at the Texas State Teachers Association meeting in Abilene in 1910 when the League was formed; and numerous other teachers and officers of professional associations connected with the operation of the League's competitive program in the public schools of Texas.

Invitations have also gone out to such former League athletic stars as Bobby Morrow, who gained national fame as a member of the ACC track squad; Sammy Baugh, all-American quarterback for TCU; and John Kimbrough, Haskell, all-American fullback at Texas A&M.

League Director R. J. Kidd and A. E. Wells, superintendent of schools, Abilene, are general co-chairmen for the 50th Anniversary observance. Raleigh Brown, representing

the Abilene Chamber of Commerce, is in charge of arrangements for the luncheon and two Abilene High School faculty members, Ernest Sublett, director of drama, and Robert Fielder, band director are in charge of writing, directing and producing the pageant.

Haskell Teacher Will Direct Pageant

The pageant will include ten scenes, each depicting a phase of the League program or its development. Public school students and teachers from the West Texas area will participate in the production.

Scene I, organization of the League, is being staged by Mrs. Kathleen Diggs, Haskell High School. Scene II portrays the literary activities of the League with Dell McComb, Abilene High School, directing the part on debate; Miss Verma Harris, Midland High School, handling declamation; and Mrs. Jewel Harris, Abilene, directing the portion devoted to the spelling contests.

Scene III is a musical number recalling the days when girls fought for the right to compete on equal terms with boys in League literary and academic contests. Sublett, Fielder and Macon Summerlin, McMurry College, have written the lyrics and music for this scene.

Scene IV concerns the League athletic program and is being prepared by Chuck Moser, head football coach at Abilene High School, and other members of the Abilene High athletic department.

Scene V will be a short scene from "Riders of the Sea," a play which was done in the first League one-act play contest in 1927, with Sublett directing.

Scene VI, to be handled by Mrs. Billie Etheridge, Odessa High School, will be a tableau Gal 2....Haskell People.... depicting the League typing, shorthand, number sense, slide rule, science and story telling contests.

Scene VII concerns the League journalism program and is being directed by Ben Brock, Newman High School, Sweetwater. Brock is a native of Haskell.

Scene VIII, also being done by Mrs. Etheridge, is a tableau presentation of contests that have been tried and discarded by the League, such as flower identification, hammer throw, potato race and music memory.

Scene IX will be devoted to the League music program and is being directed by Fielder, and Scene X, the finale, is being handled by Sublett and Fielder.

Haskell Indians Place Three On All-District

The Haskell Indians placed three players on the 1959 All-District football team selected by the coaches. The players were listed on offense. Two Haskell players also earned honorable mention in the all-district selections.

Both offense and defense selections were made.

Named on the All-District offensive teams were: Tobe Shields, Hamlin, and Duane Lindsey, Stamford; ends; Jimmy Long, Haskell, and Bobby Gambin, Stamford; tackles; Gary Anthony, Haskell, and Bobby Edward, Anson, guards; Wendell Robinson, Stamford, center; Tom Lovvorn, Stamford, quarterback; Tom Anderson, Haskell, Ken Prewitt, Hamlin, Charlie Helmer and Ronnie Gerloff,

Stamford, backs. Given honorable mention were Donald Urban, center, Haskell; and O. V. Turner, tackle, Haskell.

The pictures and stories presented herewith will help readers of this newspaper appreciate the effort being made by both town and country residents to make progress in their work while building
