

Little League Play Scheduled

Friday night, June 9, the Indians meet the Yankees at 6:00 p. m. at the Little League Ball Park. At 8:00 p. m. the Braves will play the League's leading Giants.

Tuesday, June 13, the Yankees meet the Giants at 6:00 p. m. and the Braves meet the Indians at 8:00 p. m.

Games have not been scheduled for the week of June 18 through the 24th to avoid conflict with the Boy Scout conference.

Little League play got underway June 2. The Giants won over the Yankees in the first game of the season. The Indians defeated the Braves.

Tuesday night the Giants won over the Indians to take the lead in the little league contest. Jimmy Gupton was the winning pitcher for the Giants. Mike Vincent pitched a good game for the Indians although he was the losing pitcher. The score was 9 to 5.

The game between the Yankees and Braves was delayed as the new lights at the field had not been completed. They are scheduled to play off this game tonight.

Leroy Hawkins, son of Mr. and Mrs. Wesley Hawkins, was one of the 16 sophomores listed on the dean's honor roll at P. A. M. C. for the spring semester, it was announced this week by Eugene Meyer, registrar.

Billy Johnson Given Army Commission

(AHTNC) — Billy J. Johnson, 25, of Sunray, recently was promoted to first lieutenant while serving with the 526th Ordnance Company at Camp Irwin, Calif. Lieutenant Johnson, a platoon leader in the company, entered the Army in 1959. A 1954 graduate of Sunray High School, he was graduated from Texas Technological College in 1959.

Fire Alarm Tuesday Night

Fire of unknown origin damaged a sofa and some pillows in the house occupied by Mrs. Katherine Roberts Tuesday night. She was on duty at Lola's Cafe when the blaze was discovered.

The fire was extinguished by the Stratford Volunteer Fire Department.

Miss Jacobs Is Bride Of Tony Zak

Wedding vows were solemnized recently for Miss Reta Mae Jacobs, daughter of Mr. and Mrs. Robert Jacobs, and Tony Zak, son of Mr. and Mrs. Louis Zak of Granger, Texas.

Vows were exchanged May 24 in Clayton, New Mexico.

Following a wedding trip to points of interest in New Mexico, the young couple plan to make their home in Stratford.

Lions Hypnotism Entertainment Tuesday June 13

Stratford Lions will present the Great Merlin in a hypnotism entertainment in the school auditorium at 8:00 p. m. Tuesday, June 13.

Acts on the program include: mass hypnosis using volunteers from the audience, a hypnotized person intoxicated on a glass of water, a person eating an onion and believing that it is a peach, feeling the weather change from 40 degrees below zero to 120 degrees above zero, the Houdini box escape, the giant guillotine, and many others.

The program will provide about two hours of entertainment.

Parade Theme To Be Selected On June 15

The Stratford Jamboree theme will be chosen on June 15. Suggestions should be turned in to Mrs. Don Riffe previous to this time.

The Jamboree and County Fair Committees are requesting each organization to operate a profitable concession at the Jamboree. These concessions will make a better fair.

Fair Changes
All fair superintendents are being requested to turn in any changes which may be made in their departments, to the county agent's secretary before June 14.

Donna Davis Wins Award In Montana

Donna Davis, daughter of Mrs. Ruby Davis of Great Falls, Montana, former Stratford resident, was given the Helsey Foundation Award for outstanding achievements in citizenship, scholarship and effort during the past school year at East Junior High School in Great Falls, Montana.

This award was in the form of a check for \$50.00. Donna was one of the 19 ninth grade students to win this award in a class of more than 900 students.

Christian Church Calls H. C. Bever As Minister

Rev. H. Cecil Bever will begin his ministry with the First Christian Church in Stratford Sunday. He was called to this pastorate of the Stratford congregation after six years as pastor of the Grand Avenue Christian Church of Bozeman, Montana.

Rev. Bever received his formal education at Butler University and Northwest Christian College at Eugene, Oregon.

In addition to his ministerial work in Bozeman, he has served pastorates in Maryville and Santer, California, Indianapolis and Brooklyn, Indiana, Buel and Coeur d'Alene, Idaho, and Bend, Oregon.

Grand Avenue Christian Church in Bozeman attained first place in Montana in the portion of its total budget that it gives to missions with a figure of \$1.00 out of every \$4.39 during his ministry.

Mr. and Mrs. Bever have three children, George, the eldest is a minister at Jewell, Iowa. He is attending Drake Divinity school at Des Moines, Iowa where he is working on his B. D. degree. Howard Bever is a lieutenant in the U. S. Air Force and is living in Waco, Texas, studying navigation at Connally Air Force Base where he will graduate in August. Gail, a daughter of the home, is a high school junior.

Mrs. Bever is president of the State Board of the Montana Christian Womens Fellowship. (Continued on page 8)

Last Rites Wednesday For T. S. Brannan

Funeral services for Thomas Sigsbee Brannan were conducted Wednesday afternoon in the Church of Christ by Arthur L. Golden, minister.

Mr. Brannan became ill Monday morning at the Golden Spread Implement Co. where he worked as a bookkeeper and parts man. He was rushed to Memorial Hospital in Dumas where he died Monday night.

Brannan had suffered a previous heart attack about two years ago but seemed to be enjoying good health at the time he became ill.

Moving to the Panhandle, during a period of hardship known as the "dust bowl days", he engaged in farming and later opened a filling station and small grocery store at Stevens. While at Stevens he started driving a school bus.

In March of 1960 T. S. Brannan completed 20 years of service as a school bus driver for the Stratford schools and retired from active duty with the school system under the teacher's retirement act at the age of 60. Brannan had driven school buses for 19½ years without an accident when he was disqualified as a driver because of a heart attack. During this period of service he drove school buses a distance of over 400,000 miles and on several occasions had students of the second generation of several families on his school buses.

During the last semester of 1960 Brannan served as a safety officer, directing traffic on the Stratford school grounds to complete his remaining months of service required by the teacher retirement act.

T. S. Brannan was the first person to have retired from the Stratford Public School system while serving in any capacity other than that of a teacher.

Survivors are his wife, Naomi, of the home; one daughter, Mrs. J. J. Willey; one son, J. E. Brannan, three sisters, Mrs. E. A. Neal, Mrs. Martha Howard and Mrs. Allen Keel; four brothers, L. E. Brannan, William Brannan, Lloyd and Floyd Brannan, 8 grandchildren and one great grandchild.

Burial was made in the Stratford cemetery.

Offer \$100 To Guess Arrival Of New Wheat

Stratford Grain Co. will give \$100.00 to the person guessing the exact time or nearest to the time the first load of 1961 wheat with a 14% or less moisture content, will arrive at their elevator at Stratford or Lutz, Don Riffe said this week.

All landlords and tenant farmers of this area are eligible to enter.

The deadline for entering the contest will be 5:00 p. m. Wednesday, June 14, unless a load of wheat with a 14% or less moisture content arrives before that time.

Entries may be made by post card or by visiting the elevator in Stratford. Post cards of non-resident landlords must be post marked by 5:00 p. m. June 14 to be eligible.

David Emmett Meagher, 28-year old president of the Meagher Oil Co. of Saint Cloud, Minnesota, was killed instantly when his plane disintegrated as it struck the north ridge of the Coldwater Monday about 1 mile south and ½ mile east of Stratford.

J. W. Flores discovered the wreckage about 11:30 a. m. Tuesday. He drove to Stratford and informed Sheriff A. L. Wilson he had found some wreckage in his pasture and believed that a man was in it.

Sheriff Wilson accompanied Flores to the scene of the crash. Near the engine a safety belt still remained wrapped around the mangled torso. When the belt was lifted it revealed the recognizable toes of a man's foot. One hand lay a few feet away.

Papers found in the wreckage identified the pilot of the Moon-ey Mark-20 plane. Relatives of Meagher informed Sheriff Wilson that the pilot was on his way to California for a three weeks training course.

At the time of the crash the plane was flying north at a low altitude, apparently following the path of a straight part of the Coldwater stream bed. It grazed the top edge of the west bank of the draw. About 33 feet from the point of the first contact the plane nosed into a slight elevation. Here the plane seemingly disintegrated.

Fuselage and parts of the plane were scattered in an open fan-shape for a distance of about 1,000 yards. Decapitated, armless and legless, the torso followed the path of the engine and came to rest about 300 yards from the point where the plane nosed into the ground. Other parts of the pilots body were found in fragments lying in the 300 foot fan-shaped area with small pieces of the fuselage and wooden framework of the plane. Metal parts were scattered over the entire area.

Following a coroner's inquest, D. W. Boner took charge of the remains of the dead pilot for Boxwell Bros. Funeral Home. Meagher's remains were shipped by train to Saint Cloud, Minnesota where funeral services will be held.

Robert H. Wisener, supervising inspector of federal aviation at Amarillo, arrived at the scene of the crash at 4:45 p. m. Tuesday to start the investigation. Wisener's son, who accompanied him on the trip to Stratford, said the plane was capable of making a speed of 180 miles an hour and it looked as though it might have been making that speed when it struck the ground. The light planes are made of re-inforced plywood and fuselage and powered by a small light weight motor.

A flight-log found in the debris caused authorities to believe that Meagher may have been on his way to Tucumcari, New Mexico.

A small plane was sighted over Stratford Monday evening as residents watched the skies after a severe storm warning had been issued. Tornado funnels had been sighted south of Boise City and were thought to be moving southeast toward Kerrick and Stratford. George Allen had sighted 2 funnels while working at his farm northwest of Stratford. He believed their location was in the vicinity of Coldwater in Dallam County. He said they were visible for about 15 minutes.

lators and him their views on how the matter should be handled.

Governor Daniel is strongly opposed to the adoption of any sales tax plan designed to raise the major portion of this needed revenue. He used his influence in the regular session to block a move in this direction.

"But," said the governor, "if this is really what a majority of the people want, I don't see how I can go on fighting it."

He believes, however, that a very limited sales tax, which he terms "selective excise taxes", on only more expensive items, with the balance to be raised from gas pipeline taxes and increased interstate corporation franchise taxes, would be more fair and more acceptable to most Texans.

The only bill which came close to passing the Legislature was one in which the main money-raising feature was a retail sales tax on items costing 25 cents and more, with food, medicine and farm necessities exempted. It also levied increased gas and corporation franchise taxes. Speaker James Turman cast the crucial vote that prevented the bill's being sent to the governor.

Actually, the difference between the governor and those

voting for the sales tax "package" is mostly one of degree. Governor Daniel grants the need for some sales (or excise) taxes, but feels that they should be stringently limited. A majority of the Legislature cast votes indicating they felt Texas has reached the point where only a broad-based "growth" tax, such as a sales tax, can raise money to meet the state's increasing needs.

Now it is the people's turn to say what they think. If enough speak up, the legislature will have very little difficulty in deciding what to do when it reconvenes July 10.

At that late hour, getting broad agreement in the Legislature will be more important than passing a bill that suits the governor. Bills passed by only a simple majority cannot become effective until 90 days after the session ends, but bills passed by a two-thirds majority of both houses can take effect immediately. That late in the summer, the legislature will need to get a two-thirds vote for immediate effect so there will be money and authorization to keep the state going after the new fiscal year begins September 1.

And a two-thirds majority is also sufficient to override a governor's veto.

Oil On Troubled Waters

A number of lawmakers had their "backs up" before the governor made his statewide "report to the people" after the regular session closed. But the governor's message smoothed some feathers.

Many lawmakers expected Daniel to roast the Legislature for its failure to take care of money matters during the 140-day session. They had their hot replies all ready for press release.

Instead, Governor Daniel adroitly praised the lawmakers as one of the hardest working legislatures he had ever seen. He even singled out for kind words some leaders who had opposed his program.

It was those infernal lobbyists who were to blame, said the governor. He described hordes of lobbyists, choking the hallways and bothering members while they were in session.

Now it's the lobbyists who are riled.

Governor Daniel has announced that he will name a new citizen's committee to study the state's fiscal problems and make recommendations before the special session begins.

Grand Gesture

Before adjourning, the Senate gave approval to a \$2,600,000 general appropriations bill for the two years beginning September 1.

But without passage of a money-raising bill to back it up, appropriations had no meaning.

Senate adopted the appropriations conference committee report — a plan that called for spending \$385,500,000 from general revenue, compared to the present \$320,000,000 general revenue appropriation. Welfare programs, the state hospital system, junior colleges and the state senior college and university system would be among the main beneficiaries.

Senate also passed an equally ineffective \$810 a year raise for

school teachers before adjourning.

All was for naught, however, when the tax bill failed to pass. 14 Amendment Proposed

Texas voters can get ready for a bumper crop of 14 proposed constitutional amendments to be on the November ballot in 1962.

Some of the amendments are of major importance; some are only local in effect and application. Among them are proposals to:

1. Increase maximum possible yearly payments to the permanently disabled from \$1,500,000 to \$2,500,000.
2. Allow the state water development board to purchase water storage space in reservoirs constructed by other units of government, such as the federal government.
3. Permit the Veterans Land Board to sell forfeited land to non-veteran buyers to liquidate land the state is "stuck with."
4. Authorize the Legislature to provide for "trial de novo" (trial anew) in appeals from decisions of state agencies.
5. Allow the Legislature to name successors to officials

Boy Scout Council Meets In Detroit

The 51st annual meeting of the National Council, Boy Scouts of America, began officially Friday morning in Detroit, Michigan, with a report of a new membership record of 5,160,958 and the inauguration of a new program to prepare youth with the necessary strength of character for tomorrow's leadership under the theme "I'll do my best to build, to serve, to achieve".

Local Scout leaders were among the 2,400 gathered to plan next year's program and will return to bring back the new ideas and program for Scouting in this area.

The group was challenged by Ray R. Eppert, president, Burroughs Corporation, to explain the problems so that this American boy in tomorrow's world will know what he is up against and what his objectives should be — to give tomorrow's leaders a positive, practical, working knowledge of the political and economic concepts of the country, as well as reaffirming the traditional Scouting values of "duty to God" and to others.

In the opening meeting, Ellsworth H. Augustus, industrialist of Cleveland, Ohio, was re-elected president of the National Boy

Town Talk

Mr. and Mrs. Bill Mahoney and daughter, Janella and son, Buddy, who have been making their home in Florida, were guests from Saturday night to Wednesday in the homes of his brothers, Mr. and Mrs. Howard Haffey and Joe Mahoney. The Mahoney family was enroute to Seattle, Washington, where he had been transferred.

Holly Harrington is attending summer school in Gunnison, Colorado.

Mr. and Mrs. Bill Lollis and Mrs. Dick Diehl visited in Dumas Thursday.

Mrs. C. W. Wells and Allen, Mrs. Raymond Albert and Joe Pete have returned from spending the past week in the home of Mrs. Wells' parents, Mr. and Mrs. E. J. Kelley in Barnsdall, Oklahoma. Mrs. Wells attended the graduation exercises of her nephew, Charles Kelley, at Northeastern State Teachers College at Talaquah, Oklahoma, and visited points of interest at Gibson Lake, Tulsa, Bartlesville, Pawhuska and in the home of her sister in Dewey, Oklahoma.

Mr. and Mrs. Ernest Kelp left Monday for El Paso after visiting in the Dick Diehl home the it in the home of their son-in-law and daughter, Mr. and Mrs. Gene Wills in El Paso, and then return to their home in Truth

or Consequences, New Mexico.

Mr. and Mrs. F. L. Yates attended the installation of O. E. S. officers in Dalhart Saturday night. Mrs. Yates acted as installing marshal. She installed officers in the Sunray O.E.S. Tuesday night.

Mrs. Buckles Is Study Club Hostess

The Prospectus Study Club met June 2 in the home of Mrs. R. M. Buckles with Mrs. Oline Caraway as co-hostess. There were 16 members and 2 guests present.

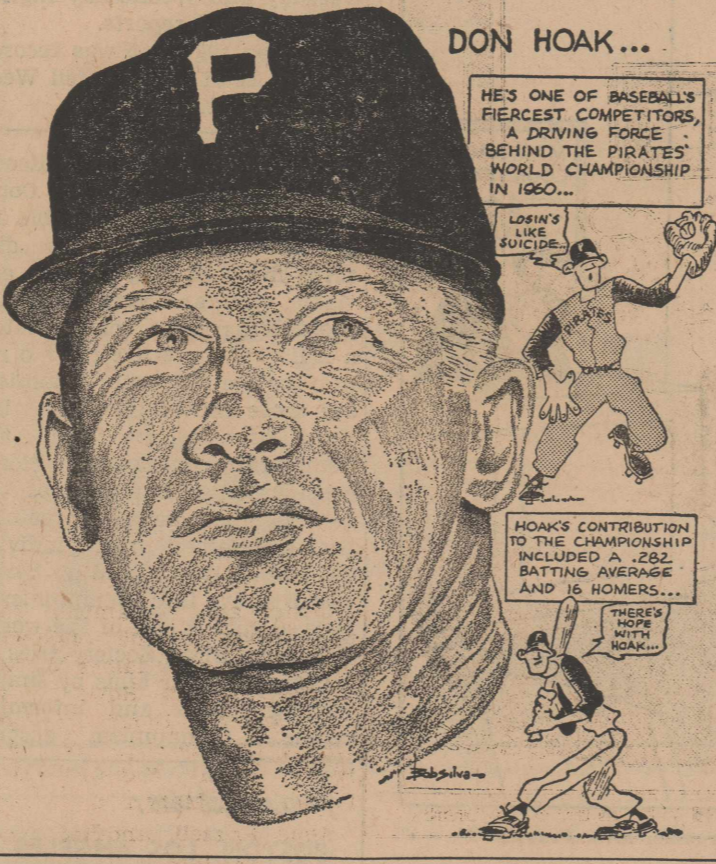

A report on the club activities of the past year was read by Oline Caraway, and a report on new books to read this summer was given by Helen Buckles.

Gifts and a plaque were presented to Shelia Donelson for being our state winner in the Vogue Sewing Contest. Color slides of Shelia modeling her costume were shown to the members.

An interesting book "Province of the Heart" was delightfully reviewed by Selma Pendleton.

Oline Caraway installed the officers for the coming year with a beautiful ribbon cere-

Refreshments of cookies, punch and coffee were served by the hostess and co-hostess.

Beauty Spot Of The Week

June is the month of roses. Stratford is blessed with a wealth of these lovely flowers. You find them every where in the front yards, climbing trelliswork, peeking through picket fences, sticking their beautiful heads over tall backyard fences and you long to have the time to go in and admire them, but there are so many out in the open that you drive on "Ohing and ahing" and finally you come to the Leo Smith home and you stop and say "This is it". This is the beauty spot of the week.

Mrs. Harold Baker is reported to be doing nicely in Dumas Memorial Hospital in Dumas, where she underwent an appendectomy Tuesday evening.

26 Homemaking Girls Taking Summer Projects

Twenty-six girls of the Stratford Homemaking classes are taking summer projects. A summer project is an educational job done at home chiefly for the purpose of acquiring skill and the ability to manage, to develop initiative and to complete a task without help.

Girls select work that is needed and they are interested in. It must be related to classwork, of value to the family and should be well planned before the work is started. Approximately 135 hours are spent on the project.

Summer projects provide a worthwhile manner in which to spend part of leisure time, offers social entertainment, and a one-half credit will be given for a successfully completed project.

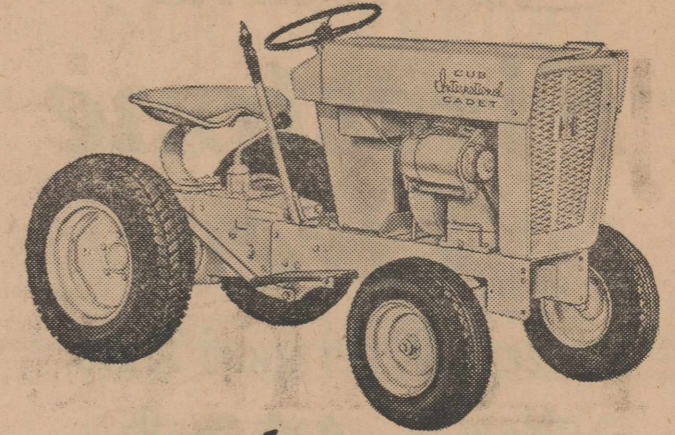

Projects are being carried out in planning and preparing wholesome meals, marketing, and preparing new dishes, yard improvement, house keeping, planning and construction of fall school clothes, pre-school clothing, summer wardrobes, play clothes, and personal im-

provement.

Girls taking summer projects are: Sherrill Collins, Charlotte Eller, Connie Garrison, Cynthia Heil, Judy Hudson, Lanita Judd, Rosann Laird, Kathleen Leal, Donna Moon, Marie Moore, Senora Mullican, Beth Naylor, Le-

ona Newcomb, Sue Plunk, Linda Reesing, Carol Reeder, Billie Robbins, Mary Sanders, Bonnie Combs, Yvonne Gamble, Linda Plunk, Ann Pronger, Louise Stone, Mary Joyce Worley, Grovne DeBord and Sharon Smith.

Laff Of The Week

"Now what seems to be the trouble, Mrs. Frayley?"

give-away program of Korea, China, Hungary, Poland, Cuba, et al is the result of mis-guided intelligence or bungling. It disturbs me that through the U. N. and other sources, we continue to support the Communist Cuban government, when \$500,000.00 of our good tax money was sent there last week by the U. N. It disturbs me that last week our own Congress voted more foreign aid to the satellites of Moscow. It disturbs me that the National Council of Churches says they are speaking for me when they advocate recognition of Red China's government, when by conservative estimate, it was necessary to murder 23,000,000 Chinese people in order to set this "democracy" up. It disturbs me that political bludgeoning and rewarding of spoils, according to the press, is being used to force the socialistic schemes of Mr. Kennedy and his administration down our collective throats. It disturbs me that there are still some people that think government aid comes from someone else's pocket. It disturbs me that products from Iron Curtain countries, made by slave labor, is allowed to compete in American markets, with government sanction, at the expense of free enterprise and the American laborer. It disturbs me that we, the people, seem to be able to do nothing about slow-ups, strikes, exorbitant wages, etc. at our missile bases. It disturbs me that Communists cannot be expelled from our government because they advocate overthrow of our government simply because they do not spell out in detail how it will be done. It disturbs me that India, and all of the other so-called neutrals are considered as such by anyone, because a look at their voting with the U. S. less than 10% of the time. It disturbs me that a patriotic American, General Walker, should be suspended, virtually destroying a career soldier, on the say so of a notorious scandal sheet printed overseas, without even a hearing. It disturbs me that more people do not send \$2.00 to Belmont 78, Mass. for a Blue Book to find out the facts and real truth on the John Birch Society. It disturbs me that there are still some people who either think J. Edgar Hoover is a liar, or will not read his book which was published in the Amarillo Daily News, since he says we are now at war with Communism. It disturbs me how conditions in our times are frighteningly parallel to those of the Roman Empire just prior to its

and co-existence while Moscow-controlled international Communism continues to gobble up nation after nation. It disturbs me that you, in your enviable, vital, and very important position as news commentator, and therefore moulder of opinion, are more concerned with the John Birch Society than the Communist conspiracy. Please consider this: The goal of the John Birch Society is threefold: Less government, more individual responsibility, and a better world to live in. Communism's avowed goal is rule of the world. The John Birch Society tries to accomplish their aims by simply writing letters and informing people. Communism accom-

plishes their aims by simply doing away with those who stand in their way. The membership in the John Birch Society is anybody's guess, but the highest guess I have seen is a "hoped for" 100,000 at the end of 1961. Communism now controls over one billion people. Which, sir, would you say constitutes the greatest threat to 175,000,000

Americans?
Your very truly,

JET-SMOOTH CHEVROLET

(and that's the car more people are buying!)

Take those June skies and breezes. Add a spanking' new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumbblings and grumbblings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel — as you can plainly see in those beautiful June buys he's got bustin' out all over.

FORECASTERS SAY COMBINES WILL START ROLLING JUNE 12

Stratford, Dalhart, Channing, Dumas, Spearman, Borger and Perryton areas are expected to produce good yields of wheat, and harvest is expected to get underway about June 12.

Hot weather during the last week has matured the wheat rapidly in this area. Rains have been spotted. In some areas growers are needing mois-

ture.

In Sherman County most producers are willing to sacrifice the chances of additional moisture until after wheat harvest is completed.

Harvest operations should start this week in the Plainview, Tulla, Lockney, Floydada and Silverton area. No shortages of men or machines are expected.

New Power For Probers

Future witnesses before legislative investigating committees can be compelled to tell the truth or face perjury penalties under a measure that passed both houses.

Last year the perjury conviction of former Insurance Commissioner J. Byron Saunders was voided by the courts on grounds the anti-perjury statute did not cover statements to legislative committees.

This bill spells out the right of legislative committees to make investigations and makes it a penal offense (two to ten years) to lie deliberately to such a committee.

Sorghum Sign-Up

Two hundred twenty-eight of the 322 farms in Sherman County are signed up for participation in the new grain sorghum program. Cooperating farms represent over 70% of the farms in the county.

Approximately 15,384 acres will be diverted which would have been planted to grain sorghum, it was announced by Vernon Bullard, ASC office manager.

Roberts Attends Pump Seminar

Harold Roberts, manager of Foxworth-Galbraith Lumber Co., attended the one-day seminar in Amarillo featuring a premier showing of the latest in water systems. The conference was held at Rice's Dining Salon. A highlight of the conference, according to Roberts, was a showing of Aermotor's new submersible pump.

142 Receive

Old Age Benefits

By the end of 1960, there were 19,233 people in the Texas Panhandle receiving old-age, survivors and disability insurance benefits, according to Hal Geldon, manager of the Amarillo Social Security Office. The total benefits paid to these people for December 1960 was \$1,129,145.

This is an increase in the number of people receiving benefits by about 10½ percent over the same month in the previous year, Geldon said.

Nationally, almost 15 million people were receiving about a billion dollars a month in old-age, survivors, and disability insurance benefits at the close of 1960.

Sherman County people participate and share in this program along with the rest of the United States. In December 1960 there were 142 persons in the county receiving monthly payments. These insurance benefits totaled \$8,302 for that month.

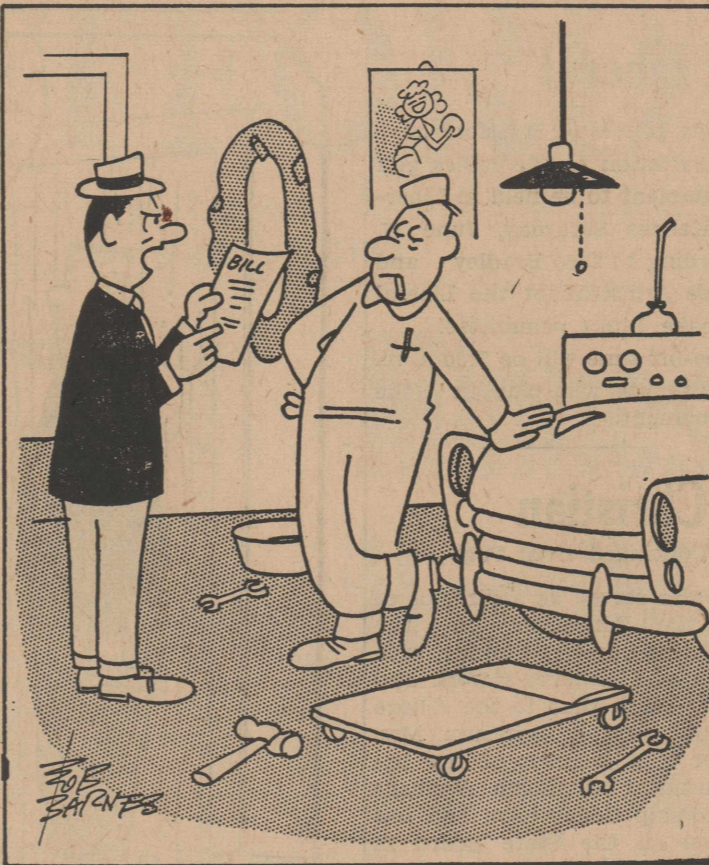

For the entire State of Texas, old-age, survivors, and disability insurance payments at the end of December 1960 were being paid to 599,032 persons at the rate of \$33,439,869 per month. Benefits totaling \$397,481,000 were paid in Texas during 1960.

CARD OF THANKS

I wish to sincerely thank all of my friends and relatives for the cards, letters, greetings, gifts and personal calls while in the hospital and since my return home. It has made the time go faster for me and I appreciated them all very much. God bless you all.

Horace Sneed Named Head Of CROP Drive

Horace Sneed, county chairman of the CROP committee, announces that the organization has been completed and people in the county will be given an opportunity to participate in the Christian Rural Overseas Program this year.

Sunday, June 11, has been designated as CROP Sunday in Sherman County and the preachers of the county have been requested to announce this program at church services.

A meeting of all new committeemen who will assist with canvassing the county will be held Tuesday, June 13, at the Methodist Church at 8:00 p. m. On Sunday, June 18, committeemen will call at all homes in the county for the purpose of giving individuals an opportunity to donate to CROP. The goal for Sherman County has been set at one car load of wheat or it's equivalent.

WTSC Band Camp Opens On July 16

Featuring two new visiting band directors, the West Texas Music Camp will open for its ninth annual two-weeks session at West Texas State College July 16.

Joining an already distinguished instructional staff will be Randall Spicer, director of bands at Washington State University, and Gene A. Braught, director of bands at Del Mar College. Spicer will direct the camp's top Symphonic Band, while Braught will conduct the Red Concert Band and marching classes.

Expected for WT's highly ranked band and choral camp, will be about 300 junior and senior high school musicians from the Tri-State area. The musicians will follow an intensive daily schedule of practice sessions, rehearsals, concerts and recreation for the two weeks.

Director of the camp is Dr. Ted J. Crager, head of the music department at WT. Assistant director is Dr. Houston Bright, conductor of WT's A Cappella Choir. Other WT faculty and staff members include Rowie Durden, assistant band director, Royal Brantley, head of WT's vocal staff, Mrs. Frances Bright, piano, and Harlon Lamkin, saxophone.

Back on the staff as conductor of the camp choir will be Dr. Warner Imig, dean of the college of music at the University of Colorado. Conductor of the Blue Concert Band will be G. T. Gilligan, director of bands at Kermit; and chief twirling instructor will be Bill Woods, band director at Seagraves. J. W. King Jr. of Hale Center, will again be conductor for the junior high band.

Instrumental instructors include Richard Kole of San Antonio, Kyle Crain of Odessa, Eldon Sonnenburg of Sherman, Gerald Hemphill of Phillips University, J. R. McEntyre of Odessa, Lee Boyd Montgomery of Sudan, Wick Wickersham of Burkburnett, and Paul Lovett of Lubbock.

The camp is conducted primarily in the new air-conditioned Fine Arts Building at WT, and social activities are planned in the Student Union Building. Deadline for enrollment in the camp will be June 15.

Minnesota Man

(Continued from Page 1) Stratford had a resemblance to a crop duster's plan and was flying low at an exceptionally high rate of speed. It was apparent he would have time to reach the airport before the storm struck Stratford. Residents paid little attention to the plane after it was apparent that he would

have time to land safely. Meagher was a life-long resident of Saint Cloud, Minnesota. He had attended Notre Dame University. The young man was president of the Meagher Oil Co., a wholesale fuel oil firm, and was in business with his father, Patrick Meagher. Survivors include his parents, his wife, Patricia, and one brother.
