

Erecting Rock Cross Ends In Near Tragedy

Erecting a white rock cross on the hillside of the John Knight land south of Stratford as a CYF project of the young people of the First Christian Church ended in a near tragedy for six girls Sunday afternoon.

The CYF young people had been working on the project of forming a cross on the hillside made of white rocks since 2:00 p. m. Sunday. About 3:30 a rock rolled against the hand of Donna Boner while she was placing a rock on the cross. She jerked her hand away which resulted in a laceration on the underneath side of a forefinger which severed an artery. Blood spurted. Cleo Aduddell attempted to bandage the finger to stop the flow of blood.

Jonna Knight, Louise Stone and Donna Boner jumped into the seat of the Knight pickup, and Beverly Bolster, Sherill Collins and Connie Garrison leaped into the rear of the pickup.

Jonna Knight, probably driving faster than she realized in her excitement, learned as she drove down the side of the hill that the brakes would not hold just as she approached the deep bar ditch of a road which loomed in their path.

According to the girls, the front wheels of the pickup dropped into the bar ditch and then the vehicle jumped. Beverly Bolster, sitting near the tail gate, went out as the vehicle leaped across the road and bounced two or three times before the frame broke, allowing it to fold up with the other five girls riding it to a stop.

Other young people of the group picked up the injured girls and brought them to Stratford.

Jonna Knight is expected to be in St. Anthony's Hospital for about four days. A bone specialist performed an operation on her left ankle Tuesday morning and placed screws in the bones chipped off at the joint. Other than for being sore and stiff she was reported to be getting along nicely Wednesday morning. She is the 17-year old daughter of Mr. and Mrs. John Knight.

Donna Boner, 17-year old daughter of Mr. and Mrs. D. W. Boner, sustained the original injury which caused all the excitement, and has perhaps the most permanent injuries of the group. Four of her upper teeth and one lower tooth was chipped. She has a lacerated forefinger on her left hand and a small laceration below one knee which required several sutures to close the wounds. She received the chipped teeth and the laceration below her knee while being rushed to Stratford for treatment.

Louise Stone, 16-year old daughter of Mrs. Bess Stone, was sitting in the front seat of the pickup between Jonna Knight and Donna Boner, and escaped without even a scratch but complained of a stiff neck Monday morning.

Beverly Bolster, 16-year old daughter of Mr. and Mrs. Robert Bolster, sustained numerous bruises and contusions. She was sitting in the back of the pickup and was thrown out of the vehicle when it struck the first ditch.

Connie Garrison, 15-year old daughter of Mr. and Mrs. Bill Garrison, has a black left eye and cheek, and sustained several bruises and a slight back injury.

Sherill Collins, 14-year old daughter of Mr. and Mrs. Curtis Collins, has a bruised forehead. (Continued on page 8)

Honor Roll Student

Mrs. Mary Sue Cotton

Mrs. Mary Sue Cotton has won a place on the spring semester honor roll at West Texas State College. The honor roll is composed of the upper five percent of the undergraduate student body.

Mrs. Cotton is the daughter of Mr. and Mrs. Jim Taylor. She graduated from Stratford high school as the salutatorian of the senior class of 1959.

Seven Stratford Students At WTS College

Six students from Stratford and one from Kerrick are attending the first summer session at West Texas State College. The first term ends July 7, and the second term begins July 11.

From Kerrick, Janice Boren, is a senior business education student. She is the daughter of Mr. and Mrs. Allen Boren, and a graduate of Stratford High School.

Those from Stratford are Sylvia Bradley, Robert Ragsdale, John D. Seaman, Gary Steinberger, Ural G. Stone and John M. Wilson.

Miss Bradley, daughter of Mr. and Mrs. George Bradley, is a junior accounting major. A sophomore physical education major, Ragsdale is the son of Mr. and Mrs. I. D. Wall. Seaman, a senior biology major, is the son of Mrs. Florence Seaman.

Steinberger, son of Mr. and Mrs. Fritz Steinberger, is a junior physical education major. Stone, who lives in Amarillo, is a senior secondary education major. He is the son of Mrs. Bess Stone.

Wilson is the son of Mr. and Mrs. Russell Terrell. He is a junior business major.

Albert's Grocery Installs New Self Service Refrigeration

New self service refrigeration units for better merchandising were installed in Albert's Grocery & Market this week. The new units place all frozen foods in view of the customer.

National Farm Safety Week July 23-29

The period from July 23-29 has been designated as National Farm Safety Week by a proclamation released by President Kennedy.

The President called attention to the fact that more than a million farm residents are injured and thousands are killed each year in accidents and that these accidents bring suffering and sorrow to our farm families and inflict heavy economic losses upon both the farm community and nation. The safety of these people, he continued, who produce our food is of vital concern to all our citizens.

President Kennedy is urging all persons and organizations interested in the safety of farm people to support and participate in this special endeavor to help reduce the number of farm accidents. He asked farm residents to remember that "Safety is a Family Affair".

In Texas, plans are going forward for the observance of the Week, reports the Texas Farm and Ranch Safety Council. In many counties extensive programs will be carried out, emphasizing that safety is a family affair. County extension agents, 4-H Club members and their leaders, farm and community organization leaders and others with a deep interest in the promotion will contribute to the overall plans.

The Councilmen said that in many counties a different phase of farm and home safety would be emphasized each day during the week; Sunday, reverence for life; Monday, safety begins at home; Tuesday, agricultural chemicals; Wednesday, prevent falls; Thursday, highway safety; Friday, farm machinery and (Continued on Page 8)

Kenneth Mullican Wins Place In 4-H Hall Of Fame

Kenneth Mullican, 18-year old grandson of Mrs. W. P. Mullican, has won Oklahoma's highest 4-H honor of being named to the State 4-H Hall of Fame. He lives at Vinita, Oklahoma.

The announcement was made in the closing sessions of the annual state 4-H Club Round-Up in Stillwater.

Mullican is the first Craig County, Oklahoma 4-H'er to ever win the hall of fame award.

Governor Howard Edmondson is slated to receive portraits of the hall of fame club members and present each of them a plaque, naming them as winners of "The Governor's Trophy", which is presented to the state's outstanding members each year.

Their portraits will hang for a year in the Blue Room of the State Capitol, then he moved to the permanent hall of fame in the state historical building in Oklahoma City.

Mullican, now studying pre-medicine at the University of Oklahoma in Norman, is a graduate of Vinita high school. He is the son of Mr. and Mrs. K. R. Mullican Sr.

He was a member of the state delegation to National 4-H club congress in 1959, earning his spot in the Santa Fe achievement program.

Mullican was a state representative to the National 4-H conference in Washington in 1960. He began his winning ways in 4-H before he was old enough to be eligible for state competition. He placed first two years running in the county 4-H timely speech and demonstration contests before he was old enough to attend state 4-H roundup.

Mullican was president of his local club, vice-president of the Craig County 4-H Federation and has worked as a junior 4-H leader for five years.

Outside of his 4-H work he began teaching Sunday School when he was 14, served as assistant superintendent of the Sunday School and was named superintendent in 1960.

He now serves as house representative and council member of the Independent Students Association at Oklahoma University.

Before chicle came into use tree resin was used for chewing gum.

Owen Hudson Delivers First Load Of Wheat

O.E.S. Officers Were Installed Saturday

The open installation of officers of Stratford Chapter No. 960, Order of the Eastern Star, was held in the Masonic Hall Saturday night at 8:00 o'clock.

The meeting was called to order by the worthy patron, J. D. McDaniel.

Mrs. Edd Garoutte, escorted by Edd Garoutte and Dick Woolsey, presented the Bible at the altar. It was the 45th wedding anniversary of Mr. and Mrs. Garoutte, who are the parents of the incoming worthy matron, Mrs. Wanda Woolsey.

The worthy matron, Marylou McDaniel, gave the welcome and introduced the installing officer, Mrs. Robbie Yates, Grand Examiner of District 2, Grand Chapter of Texas. Her assistants were Russell Beall, assistant installing officer; Mrs. Wanda Riffe, installing marshal; Mrs. Kathleen King, installing chaplain; Mrs. Opal Bryant, secretary pro-tem; and Mrs. Lorraine Mehner, installing organist.

Karen Woolsey sang "You Know Who Holds Tomorrow" as her mother, Mrs. Wanda Woolsey, was escorted by her husband, Dick Woolsey, and installed as worthy matron.

Arthur Judd, escorted by his wife, Mrs. Nina Judd, was installed as worthy patron, as his mother, Mrs. F. A. Judd, sang "How Great Thou Art".

Other officers installed were: Peggy Jackson, associate matron; C. R. McAdams Jr., associate patron; Pearle Mullins, se- (Continued on Page 8)

Altar Society

Bake Sale Saturday

St. Joseph's Altar Society will sponsor a bake sale Saturday in the building formerly occupied by Robbie's Gift Shoppe.

Honor Roll Student

Thomas E. Lavake

Thomas E. Lavake is one of the upper five percent of the undergraduate student body at West Texas State College and was listed on the spring semester honor roll. He is the son of Mr. and Mrs. Tom Lavake.

Thomas Lavake graduated with the Stratford high school senior class of 1958 as the honor boy of the class with a scholastic average of 93.1.

Boy Scouts Leave Sunday For Scout Camp

Boy Scout Troop 38 will leave Sunday for Camp Don Harrington. The bus will start loading at 1:00 p. m. and leave at 1:30.

Boys going to the camp must have a physical examination by a doctor which is signed by their parents.

George Harding and Alvin Adams will leave Saturday to receive camping instructions.

Parents may visit the boys during the week to look over the installations and facilities of the growing camp which has a future for boy scouts.

Owen Hudson delivered the first load of 1961 wheat cut in Sherman County to the Stratford Grain Co. elevator at Lautz Tuesday afternoon at 3:20.

There were 87 bushels and 20 pounds of wheat in the first load which had a moisture content of 15.40. The harvest was cut on the Hudson and Foreman farm. Conrad Riffe said Punkin McMinn said he could claim credit for dumping the first load of the harvest this year received by Stratford Grain Co.

Wheat over the immediate territory is filling the heads with the largest grains of wheat producers have viewed for several years. The grain is ripening rapidly under hot afternoon suns but occasional showers have delayed the hardening of the grain.

Harvest is expected to get underway in the upper Panhandle area this week or the first of next week if the weather remains clear. As a result of recent cool weather and rain, early and late wheat is expected to be ready for harvest about the same time. This will result in a demand for more men and equipment to handle the wheat.

Bluebonnet Girls State Reunion Friday June 30

A reunion of all former citizens of the American Legion Auxiliary Bluebonnet Girls State will be held in the Colonial Cafeteria in Wolfen Village in Amarillo at 6:00 p. m. June 30.

Each former citizen of Bluebonnet Girls State is invited to be present. Her husband or her escort is also invited.

All former citizens are also asked to send their name, both maiden and married, and present mailing address to: Mrs. Jack W. Flynt, 1005 W. Lee Street, Dimmitt, Texas, so that their name can be placed on the mailing list.

Mrs. Flynt, 18th District Girls State Chairman for the 18th Congressional District of the American Legion Auxiliary, would also appreciate having the name of the city or town from where they were sent to Girls State and the year they attended Bluebonnet Girls State.

Approximately 2,000 boys and girls, their leaders and friends attended the annual Texas 4-H Roundup at Texas A&M College last week.

To Show Films Of Holy Land And India

Mrs. Nellie Blanck will show her pictures of the Holy Land and India Friday night at 8:00 o'clock at the First Baptist Church. All ladies of the church are invited to attend.

Harvest Labor Office To Operate In Consumers Company Building

Plans were being made to open a Texas Employment Commission office in the Consumers Company building today to handle the labor problems of the wheat producers in this area.

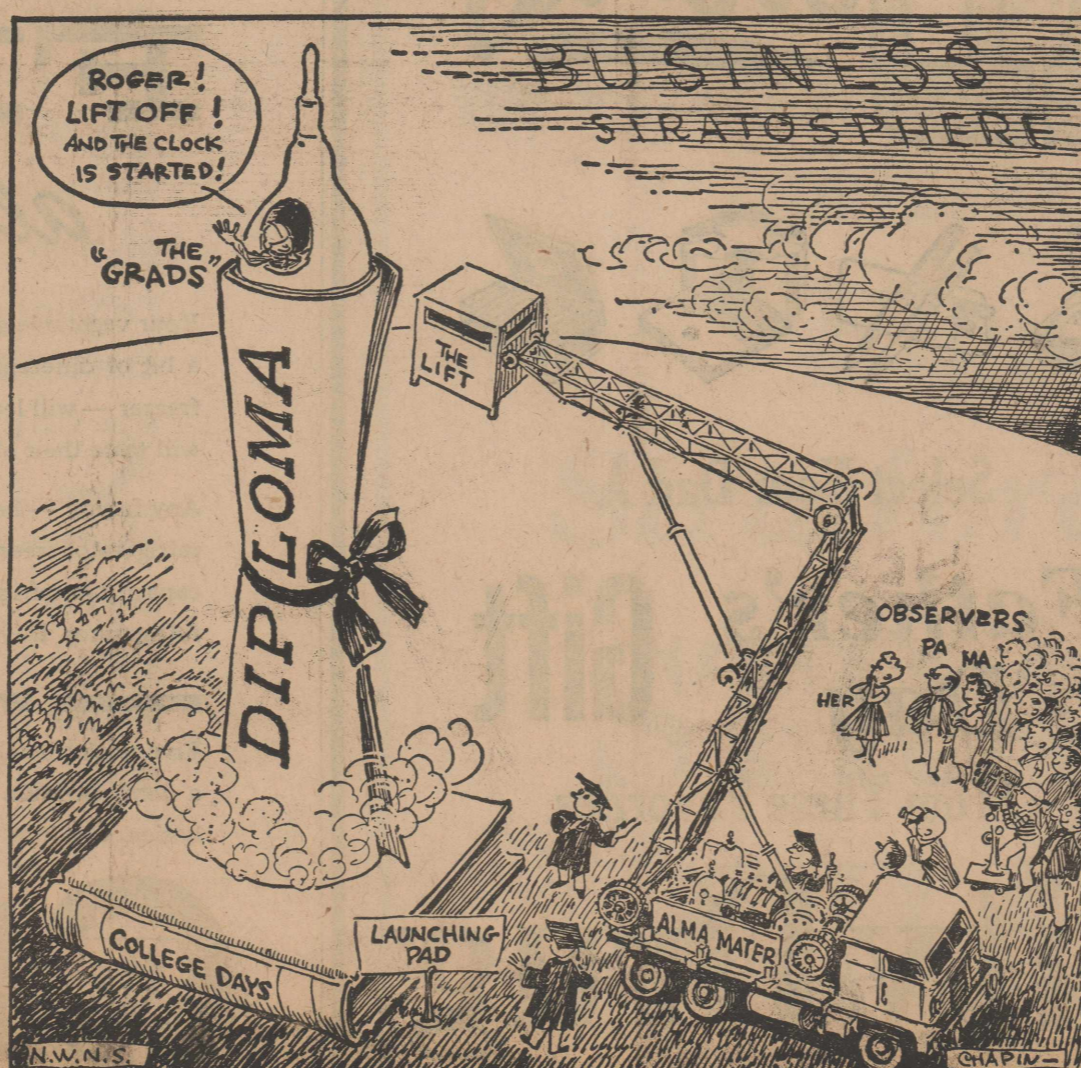

Leon Guthrie took the civil service examination recently to qualify for the supervision of the office. He stated Tuesday afternoon that if the Amarillo office of the Texas Employment Commission failed to set up the formal office Thursday afternoon as they planned, then the company itself would open a farm labor office, and do what they could for the producers and harvest hands in this area.

Chesmer Lands Prize Fish

Paul Chesmer caught the prize fish at Lake City, Colorado the latter part of last week. He was credited with one 19 1/2 inch fish and one 17 1/2 inch fish.

Others in the fishing party included Ernest Cummings, Wayne Cummings, R. M. Buckles, Bob Garoutte and Roscoe Dyess. They drove to Colorado Tuesday night and returned home Sunday.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

(By Vern Sanford)

Task Force For Taxes

Gov. Price Daniel has named a 19-member committee to study Texas tax problems and recommend a plan for raising some \$350,000,000 for the next two years.

All the 19 appointees are in positions causing them to have a strong interest in seeing sufficient money raised for coming state appropriations. They include the chairmen of the governing boards of the state's educational, welfare and hospital systems and officials of a number of school-connected associations.

Their report is to be ready prior to July 10, opening date of the special legislative session.

What's In A Name

Pro-sales tax legislators declare that Governor Daniel is merely calling "a rose by another name" in his labeling of what is and what is not a sales tax.

Sen. Wardlow Lane and four House members presented "their side of the story" in a formal answer to the governor's report to the people on the regular session failure to pass a tax bill.

Any \$350,000,000 tax program, including the governor's, will have to run heavily to sales taxes, whatever they're called, said the lawmakers. They recommended "telling the truth about it".

Governor Daniel announced he had received a heavy volume

of mail since his talk, with the sentiment running 6-to-1 in favor of his program.

Several legislators said this was contrary to the way their mail was running.

Troubles All Over

To make matters worse, Comptroller Robert S. Calvert reported that some of Texas' prime sources of tax revenue seems to be dwindling.

Oil production taxes for the nine months ending May 31 were \$92,110,769, down by \$3,000,000 from the same period a year ago and down \$12,000,000 from the year before that.

Gasoline taxes, which have spiraled up at about 5 per cent a year, have hit a slow down. They are expected to be about \$129,000,000. This is identical to the same nine months period of a year ago.

Corporation franchise taxes were also down to \$51,542,964 for this year, a drop of about \$7,000,000 from last year.

One bright spot was in "sin taxes". Cigarette taxes brought in \$7,821,931 during May compared with \$6,310,562 for April. Taxes on alcoholic beverages (beer, wine and liquor) were up from \$2,672,947 in April to \$2,835,650 in May.

But poll taxes were down from \$2,818,527 in 1960, the presidential election year, to only \$1,827,574 for 1961.

Despite everything, the deficit in the state general revenue

HALF-PAST TEEN

fund dropped in May to \$78,848,137 from a high of \$102,000,000 in April. Hopes are that it will go even lower, not to exceed \$63,000,000 by August 31, the end of the fiscal year.

Some Changes Made

Despite the bog-down on tax bills, the Legislature did add quite a bit to the law of the land in its recent session. Among noteworthy changes:

1. Old age pensioners, beginning next January 1, can receive help with their hospital, doctor and nursing home expenses. Any state-licensed hospital or nursing home will be eligible for participation in the program.

2. Filing fee for candidates for statewide office will be \$1,000. Previous fee for candidate in special statewide elections was \$50. This brought out 71 candidates in the recent special senatorial race.

3. Persons who refuse to hang up when a party telephone line is needed for an emergency call will be subject to fine. Notice will be printed in this year's new telephone directories.

Not all these bills have been signed, but the governor has indicated no opposition.

Youth Takes Over

On the heels of the Legislature's departure, the Capital was invaded by two new contingents of politicians — the youngest and most vigorous it sees from one year to the next.

They are the delegates to Boys State and Girls State, outstanding high school seniors who come to Austin each sum-

SOFT SELL . . . In Santa Cruz, Calif., a church attempts to sell a piece of property with Biblical language. Art thou interested?

Wheat yields in several Panhandle counties are expected to be cut from infections of wheat streak mosaic virus. The disease causes light green to yellow streaks in the leaves and heads of infected plants do not fill out properly, says Harlan Smith, extension plant pathologist.

mer to gain experience in government. And they learn to do by doing. Each group (separately) forms political parties, nominates candidates, holds elections and sets up a state government — all with realistic zeal.

American Legion and American Legion Auxiliary sponsor the activity.

Beauty Spot Of The Week

You know it is fun to look for the "Beauty Spot of the week." We drive so fast and are so intent on our busy day by day activities that we really don't enjoy our beautiful town. So many well kept lawns, beautiful trees, and bright flowers peeping out underneath.

Have you noticed the beautiful Clematis at the Ed Garoutte and Wes Hodges homes, or the blue bonnets at the Jim Bowling home? Have you ever driven up to the front of the Methodist Church and just let the beauty you see there sink down deep in your soul? If not, why don't you try it this week, for

this has been chosen the "Beauty Spot" of the week.

Watch your step. Snakes are moving, wasp nests are hanging

Court Ruling Sets Stage For Legal Fight Against Communism

(By Walter Rogers)

The Smith Act
Many people have written me and asked why the Congress does not pass a law to outlaw Communism. The fact is that there is a law on the statute books outlawing Communist activities as they are commonly understood. This law is known under the "popular" title as the Smith Act, and is cited as 18 U.S.C., Section 2385. In order to provide the people with the actual law as it is spelled out on the statute books, and in order to make it possible for the people to read, reread, and study

the several provisions thereof, I quote the law verbatim: "2385 **Advocating Overthrow Of Government**
Whoever knowingly or willfully advocates, abets, advises or teaches the duty, necessity, desirability, or propriety of overthrowing or destroying the government of the United States or the government of any State, Territory, District or Possession thereof, or the government of any political subdivision therein, by force or violence, or by the assassination of any officer of any such government; or

Whoever, with intent to cause the overthrow or destruction of any such government, prints, publishes, edits, issues, circulates, sells, distributes, or publicly displays any written or printed matter advocating, advising, or teaching the duty, necessity, desirability, or propriety of overthrowing or destroying any government in the United States by force or violence, or attempts to do so; or

Whoever organizes or helps or attempts to organize any society, group, or assembly of persons who teach, advocate, or encourage the overthrow or destruction of any such government by force or violence; or becomes or is a member of, or affiliates with, any such society, group, or assembly of persons, knowing the purposes thereof—

Shall be fined not more than \$20,000 or imprisoned not more than twenty years, or both, and shall be ineligible for employment by the United States or any department or agency thereof, for the five years next following his conviction.

If two or more persons conspire to commit any offense named in this section, each

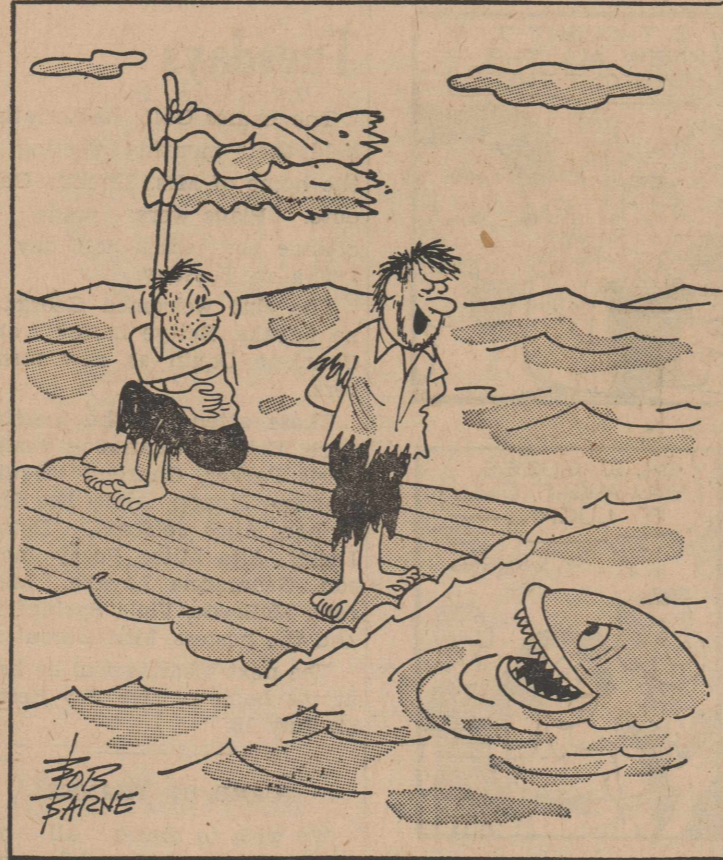

shall be fined not more than \$20,000 or imprisoned not more than twenty years, or both, and shall be ineligible for employment by the United States or any department or agency thereof, for the five years next following his conviction. (June 25, 1948, ch. 645, 62 Stat. 808; July 24, 1956, ch. 678, sec. 2, 70 Stat. 623.)

This law is called the Smith Act because its author is the Honorable Howard W. Smith, Congressman from the 8th District of Virginia. This District partially borders the District of Columbia. Congressman Howard Smith has a long and distinguished record in the fight against Communism and the preservation of the basic American concepts and principles. He is the same Howard Smith who is the Chairman of the Rules Committee, which has been in the news so much since the first of the year. He is also the author of H.R. 3, a bill that would be most helpful in preventing the Federal government from pre-empting the sovereign rights and powers of the several States.

The Smith Act was passed June 25, 1948. It has been the subject of violent attacks on numerous occasions since then, one of the most recent being the case of Junius Irving Scales vs.

United States of America, which was decided by the Supreme Court on June 5, 1961. In that case the constitutionality of the Smith Act was upheld and the conviction of Scales, who was sentenced to serve six years in prison for being a "member" of the Communist Party, was affirmed. The majority opinion in this cause provides a thorough discussion of the points at issue, as do the several dissenting opinions filed. The result is,

Laff Of The Week

"You know, I just may have to toss him something to take the edge off that appetite."

in my opinion, a rather encouraging clarification of what can and what cannot be done under present law. This is quite healthy from a law standpoint, because the opinions in this case and other associated cases make it possible for the law enforcement agencies to have a clear picture of the evidence necessary to sustain a conviction under present law.

The difficulty in the past has been the cloudiness of the situation in the minds of law enforcement officers. Most law enforcement officers ask only for proper guidelines in upholding the law. These recent cases can provide those guidelines. In my opinion these decisions will constitute a landmark in the battle against Communism. There is a bright future for the successful prosecution and imprisonment of Communists and fellow travelers.

Don't be as uncertain as the weather — use Star ads.

The story of man and the dairy cow are closely linked. It goes back to the very beginning of civilization. In America the first dairy cattle were shipped to Jamestown, Virginia, in 1611. From that day until the present, the dairy cow has contributed to the health and economic well being of this nation,

says A. M. Meekma, extension dairy specialist.

With the entry deadline still a month away, Jack Barton, extension soil and water conservation specialist, reports that interest continues to climb in the first National Stubble Mulch Contest scheduled for Wichita Falls in late July.

FOR AND ABOUT TEENAGERS

The Girl Who Doesn't Make Conversation

By C. D. Smith

THE WEEK'S LETTER: "I like a particular girl and am taking her to the Junior Prom. We have known one another for some time and I think she is a real sharp girl. When we stop and have a Coke, she doesn't talk very much and, if I see her up town, she never stops to talk; she just says 'hello.' I think she doesn't like me very much. What do you think?"

OUR ANSWER: We have to ask a question: How does she act upon other occasions? Is she talk-

ative at the Junior Prom, or on dates?
Contrary to popular belief, all girls are not "talkers." Some are quiet, reserved, even bashful. Some like to listen, rather than talk.

Some girls leave it up to the boy to start conversations, or keep them going. They want him to talk about the things he's interested in and are hesitant to bore him with "girl talk," or chatter about Sue and Jill and Jim and Jack, etc.

We think the fact that the girl is going to the Prom with our letter writer is indication that she likes him. And, if we were in his shoes we would not be too concerned about that fact that she doesn't talk a lot or doesn't stop on the corner to carry on a conversation. Some teenagers—both boys and girls—talk too much (we admit it, some grown-ups, too)—so much, sometimes that it is a refreshing change to meet someone who isn't chattering away all the time.

So, we say to our young friend: She likes you. If she didn't, she wouldn't stop to have a Coke with you; she wouldn't go to the Prom with you.

Next time you're together, you pick up the conversation—and ask about her hobbies and interests. Keep the conversation alive, but be sure she has the opportunity to speak when she so desires. She may not like you if you talk too much.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.

chance to heal. After spending a week with relatives in Amarillo, she came home Sunday, and was taken to the home of her daughter, Mrs. John Boney at Gruver, Monday.

brought home Thursday night of last week from Memorial Hospital in Dumas where she was a surgical patient.

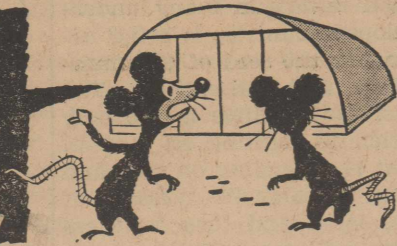

Chile has a 2,653 mile coastline, but is only 31 miles wide at some points.

NUTS! WE'LL NEVER GET AT THE GRAIN IN THAT

Timberib

BUILDING!
LET'S MOVE ON MATILDA!

You shut the door on damage to your grain when you store it in a permanent, versatile Timberib building. At the same time you get post-free space which permits mechanized grain handling.

When not used for grain storage, your Timberib building is ideal for machine storage, loafing barn, or utility building. And the cost? It's the lowest of any comparable building—

The Building Qualifies for the New 95% Storage Facility Loan, and will pay for itself within two years.

Please send me more information on a foot by foot building holding bushels of grain. Please tear out and return.

Mrs. Harrison Is Honored With Shower

Mrs. Hoy Harrison was honored with a lullaby shower Friday evening from 7:00 to 9:00 o'clock in the home of Mrs. Earl Riffe. The honoree was presented with a corsage of baby roses.

Angel food cake and strawberry punch were served by Mrs. Melvin Mitts from a serving table laid with a blue brocade cloth. The table was centered by a stork flanked by silver candelabra, holding pink tapers.

Mrs. Harrison was assisted in opening the many lovely gifts by Mrs. H. M. Flores and Mrs. Martha Harrison. Miss Barbara Flores displayed the gifts. About 40 guests called.

Hostesses for the affair were Miss Linda Riffe, Mrs. Melvin Mitts and Mrs. Marvin Cotton.

Chamois cloths are prepared from sheep skin or goat skin.

Stratford Housewife Believes Fight Against Complacency Wins Freedom

In this day of frantic looking around for someone else to blame, we inevitably settle on "Washington", "Politicians", "Society", or "The government". Such is the nature of us all — to blame someone else for our present, past, and future difficulties. However, at this moment we find ourselves face to face with a poisonous, grasping,

relentless ideology called Communism. We are aware of its existence and success elsewhere. We are told by authorities that it exists and is succeeding at an alarming rate in the United States. We read about the mess in Cuba, in Berlin, in Laos, in our armed forces, in our govern-

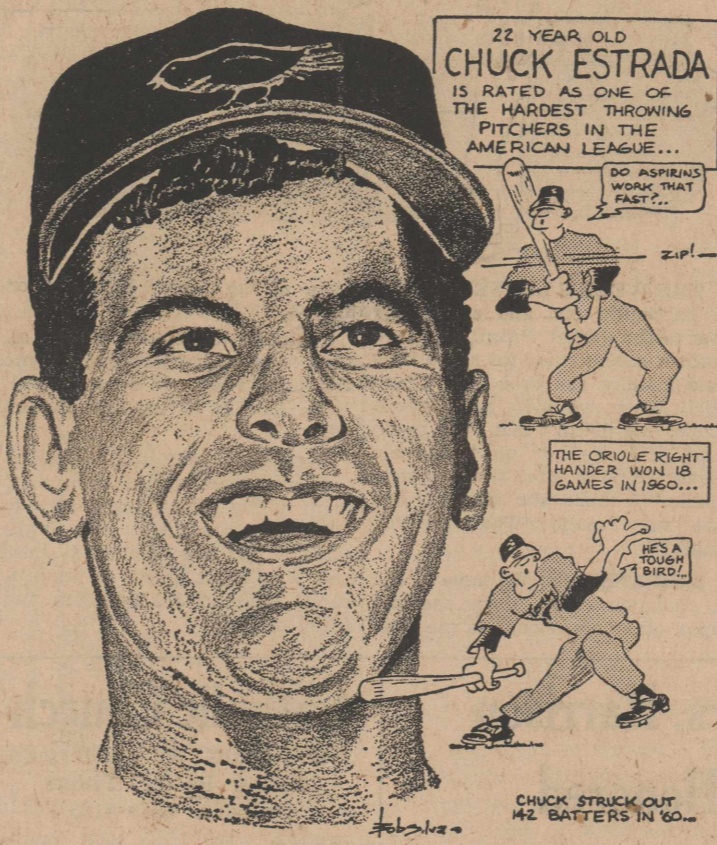

.59 Inch Rain In Showers

Showers falling over parts of the territory left .59 of an inch of moisture in Stratford. The official reading was .32 Sunday night and .27 fell Tuesday night.

ment agencies. We see unwanted government welfare, control and intervention being fostered on our schools, our businesses, and our farms. We ignore the dangerous precedents set by our liberal Supreme Court. We watch as our congressmen go to work voting away our freedoms, our initiative, our self-respect. We are led blindly and docily into socialism and a welfare state because we are told that this 'New Frontier' is the only answer to our problems. We see communism as a terrible evil but hope that we are not called upon to give up anything to fight it. We are content to let others do the voting, stick out their necks, take the stands and the risks, spend the time and money, make the efforts. It is this lack of conviction, this inaction, this dangerous complacency which is the greatest single boon to the communist take-over of this country.

Each of us reacts differently to this menace of communism. Some smile, shake their heads and say, "Each generation has its challenges. We've always managed to emerge from these threats still strong and vigorous. Communism is just another in a long series of isms". This attitude is most alarming and disheartening to those who have even a vague understanding of communism and its hold on the world. These uninformed complacent refuse to believe that anything is as serious as folks say and that somehow the F.B.I. and the "authorities" know exactly what is going on and will, at the proper time, round up the naughty communists and simply put them all in jail. Is this your attitude? Or perhaps you have bothered to inform yourself a little. You have read just enough, heard just enough to be afraid that it all may be true. It frightens you. So you refuse to discuss or read or listen or to even think about this unpleasant subject. You wish to forget it all and hope that it will eventually "all work out". Maybe someone else with more time, brains, money will do the worrying, the listening, the reading, the voting, the letter writing. Or is your attitude that of the modern, sophisticated skeptic who believes that Americanism, Patriotism, honesty in government, integrity in public office, morality, Christianity are fine for school children but just not practical for living. Somehow they just don't seem to work out well in business, in running a country. Now consider your own attitude. Does it coincide with these mentioned? Chances are that your thoughts on the John Birch Society run something like this: "What's Robert Welch's angle? What's in it for him? Probably making a fortune on this 'mother and the flag' stuff. Just another crackpot trying to make headlines. Probably wants to be a dictator, run for President". It probably never occurred to you that he might be sincere, that he might be a loyal American trying to fight communism and save this Republic for you. To him and to other Americans fighting desperately to save their country and their individual freedoms, this cynicism, this complacency is alarming and frustrating. And rightfully so. Who will defend us if we refuse to fight for ourselves? How can we hope to defeat communism when we do nothing except criticize those who are fighting it? The important issue is not the worth of the Birch Society or the astuteness of its membership or even its

Sports Corner

controlling principles. Rather it is that we all do our utmost to aid our fellow Americans in this struggle against a common foe. If you will criticize, be sure you accompany your criticism with some constructive efforts in behalf of your country. Take a stand on the National Council of Churches issue. Both- er to inform yourself on Laos, on Red China, or our Supreme Court. Find out how entrenched the Communist Party is in the United States. Realize how many red sympathizers are among your favorite writers, artists, clergymen, newscasters, entertainers, legislators. Start realizing how you are being used by our enemies to further their cause.

This battle against Communism is being waged not only in Berlin, Laos, Latin America, Cuba, and Western Europe. It is being fought on every main

Silence Is Golden

Wife: "I cannot understand, John, why you always sit on the piano stool when you have company. Everyone knows you cannot play a note".

Husband: "I'm aware of it, dear. Neither can anybody else when I am sitting there".

Chronic respiratory disease, the number one problem of broiler growers, can also cut deeply into the laying flock's production if the flock becomes its victim.

street in America. If you are avoiding the fight because you are afraid, or disinterested or skeptical of the Birch Society, you may be in for a shock. For when the battle comes to your doorstep all your most erstwhile efforts will be too little and too late.

Janet Riffe

CROP Is One Way Of Practicing The 'Golden Rule'

The hunger cries of starving millions are still heard above the tide of incoming rumors of new wars. The forces of Satan in the form of Communistic propagandists are long on promises that never come true. The human misery in many underdeveloped countries is being used to sow the seed of Communist hate and falsehood. The Christ of the Bible is the only solution to fighting all error. Christ is depending on men and women to carry His message of hope, faith and love to these hungry millions. Human needs take many forms; need for food and warmth; need for clothing and shelter, need for education and love. These human beings also hunger and yearn for moral and spiritual security in this chaotic world. They crave leadership and stability in a world of constant change.

One way that we who love God and believe that truth comes from Him, can show the light to those in darkness is to bring them food; to prove to them that there are those in this world that really care. Wheat sent through the Christian Rural Overseas Program reaches those who need food most. This food is distributed in the Congo, in Hong Kong, in Thailand, and other needy places. Let us all, as part of this great American Republic, show our love for God and our interest in our fellow man by doing our part in this effort. Please do listen to the CROP

cavassor, he is a citizen of Sherman County. He will be around to see you soon.

— Arthur L. Golden

This reminder from the Texas Farm and Ranch Safety Council — There's a line in the ocean where by crossing you can lose a day. There's one down the middle of a highway where you can do even better. It was put there for your protection.

Former Stratford Girl Pilots Airplanes Without A License

One of this year's enthusiastic new crop of Madama Presidents at the University of Kansas Alumni Club is pretty Mrs. John W. (Peggy) Kaff, a former Stratford girl who is proud that she once lived in a small

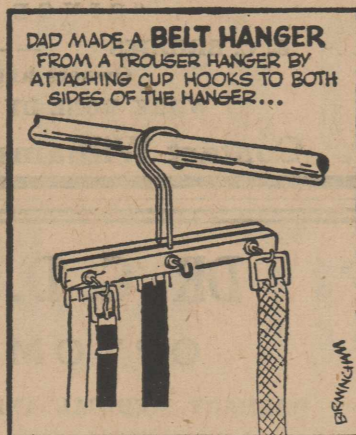

town and is making good in the big city.

Mrs. Kaff is the daughter of Mr. and Mrs. D. R. Wilson, former Stratford residents, who are making their home in Houston

THE NANDY FAMILY

BY LLOYD BIRMINGHAM

Last Rites For Mrs. Boxwell Held Monday

Mrs. Gertrude Maude Boxwell, mother of the founders of Boxwell Brothers Funeral Home, died at 11:30 p. m. Friday in St. Anthony's Hospital. She was 81 years of age.

Funeral services were conducted at 3:00 p. m. Monday in the First Christian Church in Amarillo by Dr. Newton J. Robinson, pastor.

Burial was made in Llano Cemetery. Grandsons served as pallbearers.

Mrs. Boxwell is survived by four sons, two daughters, two sisters, six grandchildren and nine great grandchildren.

C. Montgomery In Missile Command

FORT CARSON — Army Pvt. Charles C. Montgomery, son of Mr. and Mrs. Calvin C. Montgomery of Cactus recently was assigned to the 2nd Missile Command at Fort Carson, Colorado.

A radio operator in the command's 165th Signal Company, Montgomery entered the Army last December and completed basic training at Fort Hood.

The 23-year old soldier is a 1956 graduate of Dumas High School. Be sure to check your fishing license before leaving on your summer vacation. You'll need a current license, whether you fish on fresh or salt water.

Mrs. Kaff is a member of the Sigmas (wives of Sigma Chis) and she and her husband are co-vice-president of the University of Kansas Alumni Club. Her hobbies are art and folk singing and back in Midland days she was interested in amateur theatrical working and flying.

"But I never got my license," says Peggy who has enough vim and vigor to fly without one.

Laff Of The Week

"Lay off the de-luxe, super-special, DELICIA-BURGER with a full quarter pound of lean, Grade-A beef... It's lousy!"

mand's 165th Signal Company, Montgomery entered the Army last December and completed basic training at Fort Hood.

Fishermen Lie? Not To Pattern Biologists Find

Are fishermen predictable? Do they lie in a particular pattern? These are two big questions confronting biologists on the Texas coast.

In the constant effort to check fishing potentials against actual harvest, Game and Fish

Commission biologists conduct creel censuses throughout the year.

They'll check a fisherman at his boat and ask him how many fish he caught. Then perhaps a few hours later they will run into the same fisherman again, perhaps this time on the docks or in some other location.

Again, they'll ask him how many fish he caught and their

sizes. Invariably they get a different answer.

"We can pretty well predict the fish, after taking net samples and applying ordinary math", says Howard Lee, director of the Rockport Marine Laboratory. "Now our big problem is to learn the pattern of fish stories. If we can ever figure that out, then we can correlate rather accurately."

• National Farm (Continued from Page 1)

Saturday, recreation safety. The failure of rural people to observe safety in their daily living is a chief contributor to their safety record. The Council said this record includes a disabling injury accident every 32 seconds and a death every 45 minutes to farm residents of the nation. The Council concludes it is time to stop this needless waste from accidents since most could be prevented.

• Erecting White (Continued from Page 1)

head. She was riding in the back of the pickup and struck her head against the glass in the rear of the pickup cab.

Despite their name, chicken snakes live principally on rats and mice.

• O.E.S. Officers (Continued from Page 1)

cretary; Sallie McAdams, treasurer; Pauline Martin, conductor; Mildred Gore, associate conductor; Mozelle Tillery, chaplain; Lella Scarth, marshal; Ione Kendrick, organist; Jean McAdams, Adah; Mabel Sweeney, Ruth; Clara Morris, Esther; Jane Smith, Martha; Nina Judd, Electa; Cleve Garrison, Warder; and Della Drumgoole, sentinel.

Prayer was led by Rev. Raymond T. Dyess, pastor of the First Methodist Church.

The retiring worthy matron and worthy patron, Marylou McDaniel and J. D. McDaniel, were presented a past matron's and past patron's pin from the chapter by their husband and wife, Fred McDaniel and Neva McDaniel, as a quartet composed of Lorraine Mehner, Robbie Yates, K. L. Eller and Floy Yates sang an appropriate song.

Donnie Woolsey, son of the worthy matron, presented his mother with a gavel.

An impressive program honoring the worthy matron was given by the retiring worthy matron and the newly installed

officers. Mrs. Lorraine Mehner sang a lovely song during program.

"Faith Unlocks the Door" was sung by Mrs. Marylou McDaniel during the retiring march of the officers.

Registering the guests were Miss Mary Gay Judd, daughter of the worthy patron, and Mrs. Maurine Plunk.

Presiding at the punch bowls for the reception which followed were Mrs. Shirley Foreman and Mrs. Mary Woodford Wisdom.

The decorations in white, green and silver were lovely. The serving table was covered with a white net cloth over green and was centered with a large arrangement of white flowers with touches of silver, greenery and candles.

Among the out of town guests was a nephew of the worthy matron, Ronald Dean Garoutte of Liberal, Kansas, Mrs. C. G. Gay, mother-in-law of the worthy patron, and Mrs. Eva Rae Boyd and son, Jimmy, of Haskell, Texas, sister-in-law and nephew of the worthy patron.

Don't be as uncertain as the weather — use Star ads.

Sonja DeBord Is New Clerk At Agents Office

Miss Sonja DeBord has accepted a position as a clerk in the offices of the county agent and county home demonstration agent.

Mrs. Conde Donelson has resigned her position as a clerk with the offices.

This one takes the roof off!!!

You've never seen anything like the Scout—for work, play or what-you-will. An all-steel top comes off in minutes. An all-steel body hauls man-size loads of cargo.

JUST OUT...the SCOUT!

It carries three passengers on a full-width front seat, has extra seating on full-length rear wheel housings. It has a husky INTERNATIONAL 4-cylinder Comanche engine. Optional all-wheel drive for off-road traction. Optional Travel-Top converts it into a town delivery.

A whole new idea in low cost transportation!

This is the Scout, a neat and nimble pickup. Small in size, light in weight. Fun to drive for business or pleasure.

Same Scout with the roof off. Top is removed in minutes, to give you a vehicle for any kind of activity, any kind of weather.

Same Scout stripped for action. For special duty, doors, windows lift off, windshield folds down or detaches.

Same Scout converted to town delivery by an optional steel Travel-Top complete with windows and lift gate.
