

## Mrs. Keener Survives Tornadoic Winds, Rain And Hail

Mrs. Ralph Keener has only a few bruises on her arms and back and a sore chest as evidence of an hour of hysteria which she experienced in their field 8 miles north of Stratford Thursday afternoon of last week.

For at least thirty minutes and possibly an hour, Mrs. Keener wandered, crawled, and was picked up and thrown to the ground by tornadoic winds filled with gray silver sheets of swirling rain and hail. The darkness limited her vision to only a few inches. Between 4½ and 5 inches of rain and hail fell in the part of the field in which she floundered during the storm.

Mrs. Keener and her 16 year old nephew, Reggis Toomey of Sunray were plowing in the Keener field 8 miles north of Stratford. Mrs. Keener had been watching the dark cloud to the west. She thought that if it became necessary that she could easily stop her tractor, run to the pickup parked about 50 yards away, and drive to her nephew who was plowing about ½ a mile away.

She became excited when the dark cloud to the west started moving rapidly towards them. It was much closer than she thought. She attempted to unfasten the plow from the tractor so that she could drive the tractor to the pickup. She was unable to get the plow loose from the tractor.

Mrs. Keener feared that her nephew would not stop his tractor and get under it for protection. The dust was beginning to blow. In her excitement, she ran north toward the pickup, looking back to the west over her shoulder as she ran. Suddenly she was enveloped in the darkness of the storm from the north. Tornadoic winds picked her up and threw her to the ground three, or four yards from where she was standing. She felt as though she was caught in the center of a large funnel. Silver sheets of rain swirled about her and she was pelted with hail.

She ran and crawled to the north until she was exhausted. Then she turned her back to the storm and holding the straw bill of her bandana hat so that it would shield her face she attempted to walk backwards. The straw bill of the hat was beaten to shreds by the hail.

In a state of exhaustion she lay in the mud, her head covered with her arms to protect it from the hail. She had almost given up all hopes of escaping from the storm alive when the shock of thinking of loved ones finding her in such a condition gave her new strength.

Mrs. Keener walked and crawled as the winds of the storm would permit. She saw something red as she fell forward. When the storm cleared she saw that she was laying on the top bars of the plow over the discs and was seeing the red tractor she had been driving before the storm struck. She had moved in a circle during the intensity of the storm and was back to the place where she was at the time the storm struck.

After resting until she had the strength, Mrs. Keener waded the mud and water to the side of the tractor where she sat until the storm was over.

Reggis Toomey had turned his tractor sideways to the storm from the north and sat in the protection of one of the rear wheels during the rain storm. It did not hail in the part of the field where he was working.

Toomey walked the distance in the mud to his aunt and half carried her to the pickup as she begged for water to drink. He humored her by telling her there was both a water bag and a thermos bottle of coffee in the

(Continued on page 8)

PLOWING BY REMOTE CONTROL . . . Resting in a chair, this farmer at Marktoberdorf operates the first West German tractor to plow fields by remote control, one answer to the nation's farm labor shortage.

### Farmers Advised To Ask For Gas Tax Refund

Farmers are reminded by C. H. Bates, extension farm management specialist, of their eligibility for a refund of the 4-cent per gallon Federal gasoline tax on that used for farming purposes. The claim should include all eligible gasoline gallons purchased between July 1, 1960 and June 30, 1961.

The claim for refund should be filed on Form 2240 and not later than September 30, Bates said.

The gasoline on which a refund may be claimed covers that used for farming purposes and includes most normal production operations. Three exceptions, however, are noted by the specialist. They are gasoline used on the highway, even though for transporting farm products; that used for processing, packaging, freezing or canning operations and that used for non-farming or personal purposes.

Records of fuel purchases should be kept to verify the refund request and care should be exercised to avoid inaccurate or excessive claims, Bates said. He noted that Form 2240 does not apply to diesel and special motor fuels. Farmers who have questions regarding taxes on these fuels are advised to contact an Internal Revenue Service director.

### Formal Opening Of Palace Cafe Monday July 31

Formal opening of the Palace Cafe on Main Street will be held Monday July 31. Free doughnuts and coffee will be served from 9:00 a. m. until 11:00 a. m. and from 2:00 p. m. until 4:00 p. m.

In addition to regular meals and short orders, the new business will feature dinner served chuck wagon style during the noon and evening hours, it was announced this week by Mrs. Reona Tompson and her mother, Mrs. Ollie Clark, who will operate the business.

### Beauty Spot Of The Week

The garden club committee has selected a bed of zinnias and cosmos between the homes of Mr. and Mrs. Elmer Hudson and Mr. and Mrs. J. D. Hester as the beauty spot this week. Mr. and Mrs. Earl Riffe received honorable mention for having a nice, clean alley.

## Turtle Races Sept. 9

Boys and girls will have an opportunity to win prizes with racing terrapins in turtle races to be held September 9 during the Stratford Jamboree.

The Xi Epsilon Iota Chapter of Beta Sigma Phi will sponsor a turtle race during the community recreation period of the Jamboree.

Boys and girls desiring to participate in the turtle race are urged to pick up their terrapins while they are moving about in considerable numbers at the present time.

Tractors and machinery, drownings, firearms and burns from fires are the leading causes of death on farmland and around farm buildings.

### Smith-Brown Wedding Vows Read Sunday

Mr. and Mrs. Chuck Smith announce the marriage of their daughter, Sharon, to Joe Ray Brown, son of Mr. and Mrs. Baskin Brown. The wedding vows were exchanged at Calyton, New Mexico Sunday. Rev. Bill Ware, pastor of the First Baptist Church of Clayton, officiated.

Mr. and Mrs. Smith and Mr. and Mrs. Brown accompanied the couple to Clayton. The couple left immediately following the wedding for a trip to Red River, New Mexico.

The bride was a popular member of the junior class in Stratford high school. In addition to maintaining a good scholastic record, she held such titles as the 1960 football queen and F.F.A. Sweetheart of the 1960-61 term of school.

The bridegroom graduated from Stratford high school with the class of 1961. He lettered in football and basketball, and was awarded the Texas A. & M. Scholarship by the X.I.T. Club.

### Terpen-Osborne Vows Exchanged Friday Morning

Miss Sharon Terpen and William Osborne of Texhoma were married in the chapel of the First Christian Church in Stratford at 10:30 a. m. Friday. Rev. H. Cecil Bever, minister, read the double ring service in the presence of relatives and close friends of the couple who accompanied them to Stratford.

Plans had been made for the wedding to be held in Texhoma and the wedding date set. After the minister of the Christian Church of Texhoma was called out of town, the wedding party drove to Stratford and Rev. Bever performed the wedding ceremony.

## Farm Safety Week Shows Farm Dangers

### County Buys 56.1% Of Years Bond Quota

Sales of U. S. Savings Bonds in Sherman County totaled \$24,699.00 for the month of June, which represents 56.1% of the 1961 goal for the county, according to County Judge F. M. Keener, chairman of the county savings bonds committee.

H bond sales alone this period are 20.2% higher than for the same period of 1960. The H bond is an excellent investment for persons wishing a regular income, and at the same time requiring safety and ease of redemption. This bond bears 3.75% interest if held to maturity, and interest checks are mailed every six months to H. Bond owners.

### Livestock Grazing On Cemetery Foliage

Livestock caused considerable damage to flowers in the Stratford cemetery last week. No one seems to know who owned the horses or where they came from. The fence was down at the time, and being moved to include the addition of new land. Owners of livestock, who may be keeping them in or near the city limits, are reminded that the city has a herd law, and that if livestock are allowed to run at large, irate housewives will demand that the law be enforced.

### Praise County Cancer Crusade Committees

Leaders of the 1961 Cancer Crusade in Sherman County have been commended by officials of the Texas Division of the American Cancer Society for their part in what appears to be a record-breaking year for cancer control education and fund-raising in Texas.

Crusade Chairman Mrs. E. J. Massie Jr. has been notified by the Society that an all-time high for Texas is now within reach before this year's activity concludes in August.

Sherman County has reported total Crusade funds raised of \$1,276.21. The county's assigned minimum share of state goal was \$700.00. It is one of 112 counties in Texas which have already gone over the top.

With more than \$1,100,000 already reported, Texas has in prospect a new record contribution to the control of cancer. The highest year previously was 1959, when Texans put \$1,189,563 into the fight against cancer. State officials now predict that when the books are closed on the current Crusade at the end of August, this record will have been surpassed.

In a letter of commendation received by Mrs. Massie, Texas Division Chairman Edwin T. Phillips Jr., and President John H. Childers, M. D., pointed out that the key to this promising report is the thousands of hours of volunteer work done.

"This report," they said, "represents many thousands of hours contributed by our county Crusade leaders who brought to his Crusade the wealth of their personal abilities. Your efforts exemplify the spirit of the Society and its desire to 'get the job done.' We know that because of you more funds will be available during the coming year to expand our program of research, education and service."

These funds from the Crusade will be put to work immediately in the Society's program of research, education and service. Research, the hope for future control of the disease, draws the largest share of funds.

Sixteen scientists and three medical institutions in Texas are currently working under grants of the Society. Total grants by the American Cancer Society for current research projects in Texas amount to \$572,537.

### Local Showers Fall Over Territory

Local showers have fallen over the territory during the past week. The heaviest of the rains were reported on Thursday and Friday nights.

In Stratford, the official readings of Horace Sneed were .73 for Thursday afternoon and .25 for Friday night.

To the north of Stratford, (Continued on Page 8)

The week of July 23-29 has been designated Farm Safety Week to dramatize the need for year 'round observance of safety practices that can reduce the terrific accident toll among farm and ranch residents, according to Calvin Pigg, president of the Texas Farm & Ranch Safety Council.

President Kennedy has proclaimed the period National Farm Safety Week and Governor Daniel has designated it as Farm Safety Week in Texas. Many county judges in Texas are issuing similar proclamations, Pigg said. Theme of this year's observance is 'Safety Is a Family Affair.'

In his proclamation, President Kennedy called attention to the fact that more than a million farm residents are injured and thousands are killed each year in accidents, and that these accidents bring suffering and sorrow to our farm families and inflict heavy economic losses upon both the farm community and the nation.

Governor Daniel's proclamation pointed out that a vigorous farm accident prevention education program will be conducted during this week by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service and the Texas Safety Association.

"I urge all Texas farm families to increase their vigilance against needless accidents and further encourage interested organizations and individuals to participate in this program," the Governor said in designating Farm Safety Week in Texas. Selected for farm safety emphasis this year are two critical areas: rural highway and farm machinery safety. Motor vehicles claimed the lives of 5,300 farm residents in 1959, including 4,700 nonwork deaths.

Recent studies show that more than one out of ten fatal accidents to rural residents involves farm machinery other than tractors and motor vehicles. About 1,000 persons are killed each year in farm accidents, one-third of which occur on public roads.

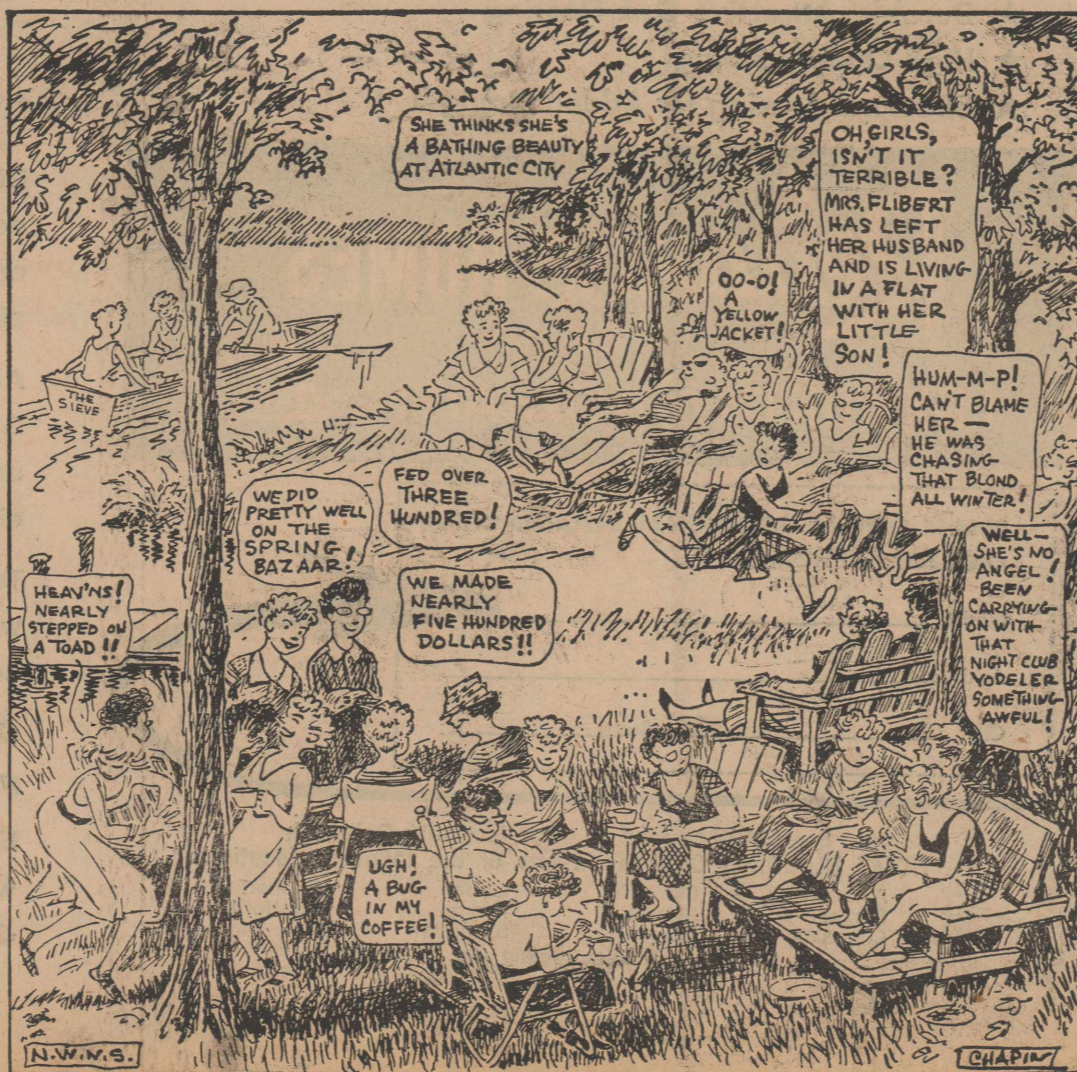

The president of the Texas Farm and Ranch Safety Council notes that a different phase of farm and home safety will be emphasized each day during Farm Safety Week: Sunday, reverence for life; Monday, safety begins at home; Tuesday, agricultural chemicals; Wednesday, prevent falls; Thursday, highway safety; Friday, farm machinery; and Saturday, recreation safety.

Pigg said the failure of rural people to observe safety in their daily living is a chief contributor to their safety record. He said this record includes a disabling injury accident every 32 seconds and a death every 45 minutes to farm residents of the nation.

The Council president said that even though farming activity hits a high mark at this time of year, a greater share of farm accidents occurs during the crop cultivating and harvest season.

"The rush of the season causes most of us to short cut and relax our usual guard in the operation of farm tractors and equipment and in handling livestock," he continued. "Recklessness can be the farmer's greatest enemy in the days ahead. No crop is worth the maiming or death of a Texas farm resident."

## THE "WOMEN'S GUILD" HAS A PICNIC

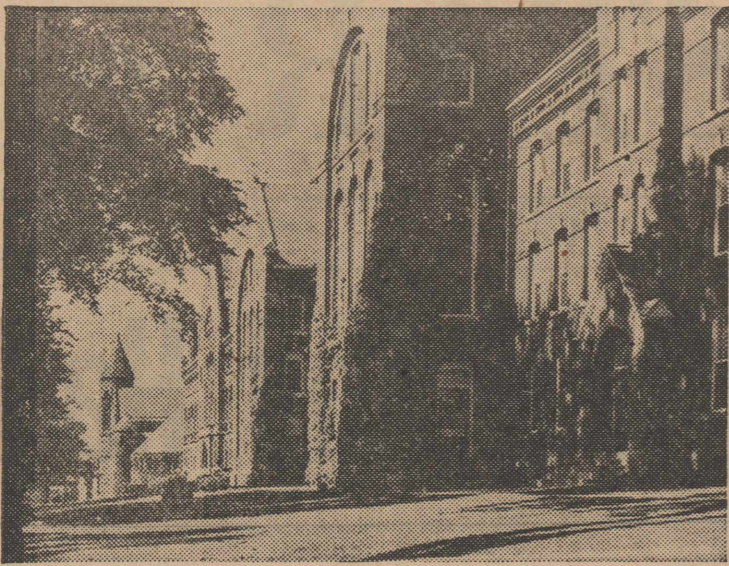

AMERICANA

College Notebook

The University of Vermont

The University of Vermont, at Burlington, was chartered in 1791 and is the 20th oldest degree granting institution of higher learning in the United States, and the second founded by state legislative action to confer the bachelor's degree. Founded by Ira Allen, the school first opened its doors in 1800. The University's 157th commencement exercises were held this year.

From a dozen students in 1800, enrollment has grown to an under graduate body of about 3,000. In addition, there is a College of Medicine, with an enrollment of about 190 and a Graduate College (Masters and Ph.D.) with about 160. Divisions of the University include the College of Agriculture and Home Economics, the College of Arts and Sciences, the College of Education and Nursing, the College of Technology, the College of Medicine, the Graduate College, and the School of Dental Hygiene. Degrees offered are the Bachelor of Science, the Bachelor of Arts, the Masters, the Ph.D., the Doctor of Medicine, and the Certificate of Dental Hygiene.

The University is popularly called "UVM"—Universitas Viridid Montis—the University of the Green Mountain. Some UVM firsts include the first chemical laboratory in an American university, the first university department of English language

and literature, the first eastern university to establish a department of commerce and economics, the first New England university to admit women as regular students, the first Phi Beta Kappa chapter to admit women.

Other firsts include Lambda Iota and Kate Walk, Lambda Iota social fraternity is the oldest local university fraternity in the United States and celebrated its 125th anniversary during the 1960-61 academic year. Kate Walk is the oldest collegiate winter carnival in the United States and held its 64th annual carnival this past February.

It is interesting to note that it wasn't until 1953 that the University became the state university in fact as well as in name. Another interesting aspect is that, excluding present construction, of a physical plant valued at \$19,000,000, \$17,000,000 has come from private philanthropy while state funds have provided for only four buildings.

Prepare For  
XIT Celebration  
August 3-4-5

A highlight of the Silver Jubilee XIT Celebration will be the presentation of an old-fashioned "Mellerdrummer", entitled "The Curse of an Aching Heart — or Caught in the Spider's Web".

The production is under the auspices of the Zeta Chi Sorority and the XIT Committee. It will be presented in the high school auditorium at 8:00 p. m. Thursday and Friday, August 3 and 4. Lovely XIT Queen candidates will appear at the Friday night performance. The queen will be chosen by balloting at the mellerdrummer both Thursday and Friday nights.

As in real old mellerdrummers, there will be between act specialties or olios including such notables as the dancing dollies, (returning by popular demand), and musical numbers by Mrs. Stan Kennedy and Miss Marilyn Murphy. Dr. E. U. Johnston will for the third year

serve as impresario. Mrs. Wal-  
ter Peck is accompanist.

serve as impresario. Mrs. Wal-  
ter Peck is accompanist. The hilarious "tragedy" is

cheer the hero, hiss the villain and weep for the lovely heroine. Starring in Herbert E. Swain's tale of woe are Mrs. Robert C. Ferguson, Miss Marilyn Pinner, Mrs. Victor Hackfeld, John David, Bob Wilcoxsin, Joe Nisbett, Miss Andrea Rendon, Miss Marilyn Murphy, Mrs. Don Gilbert and Miss Bersha Fowler. Director for the production is Mrs. Mary Jo Ondracek.

Accidents in farm homes over the nation killed 2,700 persons in 1959, says the Texas Farm & Ranch Safety Council.

Farm fires in 1959 resulted in an estimated property loss of \$174 million, according to the U. S. Department of Agriculture.

Foxworth-Galbraith Launches Low  
Budget Home Building Program

Foxworth-Galbraith Lumber Company is launching its economy housing construction program throughout North and West Texas. The housing units will be built by F-G under the name of Reliance Homes.

Reliance Homes are low-budget homes designed and built to varying stages of completion and with a choice of 16 different plans.

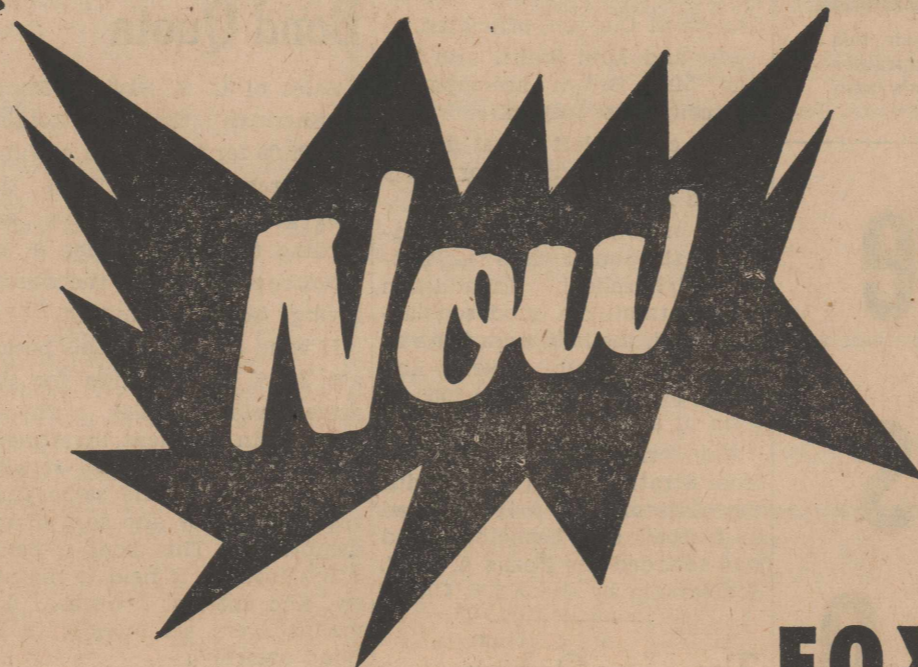

According to Harold Roberts, Reliance Homes will range in price from \$1,495.00 to \$6,480.00 and will be erected on the purchaser's own lot for no down payment and as little as \$29.50 per month. Reliance Homes also carry a mortgage payment plan which guarantees full payment in the case of death.

Foxworth-Galbraith, a retail lumber institution for 60 years, conceived Reliance Homes, to

fulfill the need for economical, quality-built primary homes and vacation cottages.

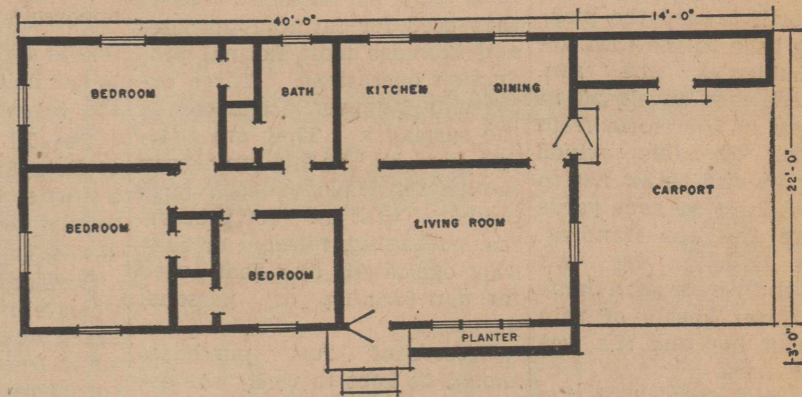

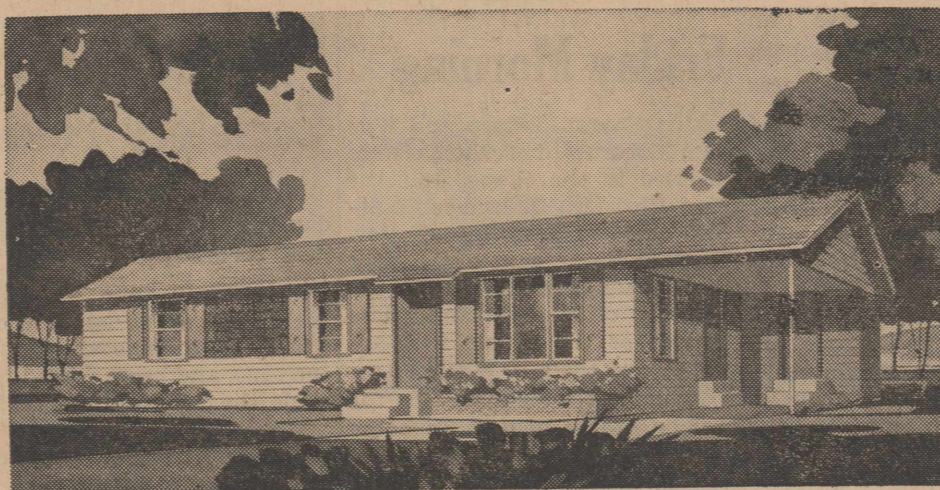

Foxworth-Galbraith has announced they will conduct a saturation newspaper advertising campaign to support their Reliance Homes merchandising program.

Texas cities and town participating in the Reliance Homes program include Stratford, Balmorhea, Kermit, Littlefield, Lubbock, Marfa, Pecos, Plainview, Ralls, Sudan, Electra, Eldorado, Ozona, Sonora, Amarillo, Borger, Channing, Clarendon, Dumas, Hereford, Lefors, Pampa, Spearman, Stinnett, Bonham, Carrollton, Commerce, Cooper, Denison, Denton, Greenville, Henrietta, Howe, McKinney, Nocona, Paris, Pilot Point, Saint Jo, Sherman, Sul-

Mother's Confidence Must Be Won

By C. D. Smith

**THE WEEK'S LETTER:** "I have a problem, and I have had it for some time... I like a boy who is a year older than myself. He used to smoke and run around with a gang. He has changed completely. I have found him to be a very nice boy and his parents are nice, too. He has a brother older than he is, who smokes and does the things my boyfriend use to do. He has my ring, but I don't have his. My mother doesn't think I am old enough (14) to go steady yet. How can I tell her or show her that this boy is a really nice boy."

She told me that I had better find another boyfriend or I won't get to go anywhere. I will die if she causes us to break up. All the kids say we make a nice couple. They know he is changed and is real nice. He would do anything for me and he wants so very much for my parents to like him. My father has met him and he doesn't see anything wrong with him. It is mostly my mom. She thinks that because his brother is the way he is, my boyfriend is the same way. How can I convince her that he is really a nice boy?"

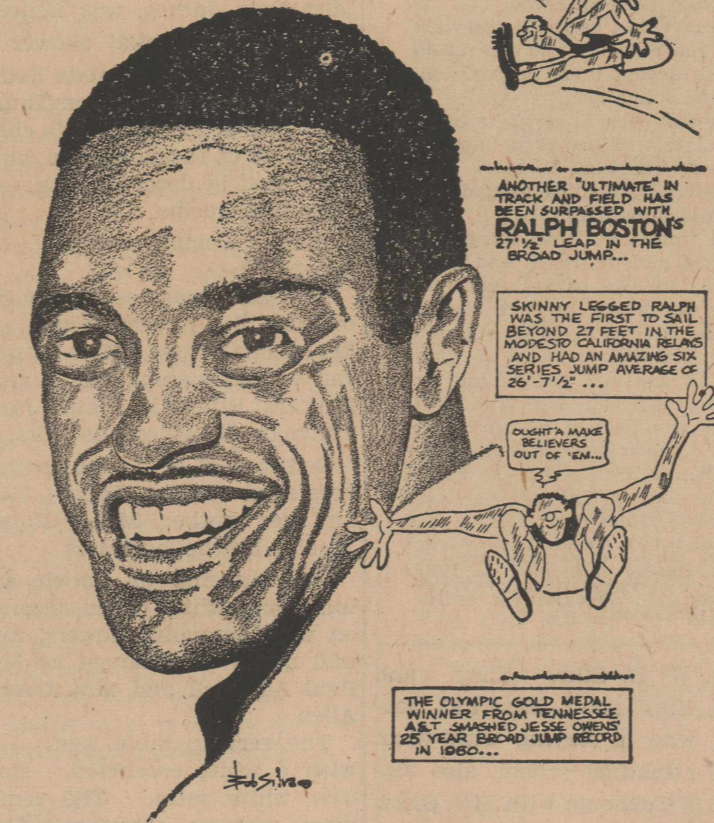

**OUR REPLY:** If he is a nice boy, there is some way to convince your mother of this fact. It will probably take time and patience, but it can be done.

Fourteen is much too young to be at the crossroads where one will just "die" if a romance falls through, however. In fact, fourteen is young to be going steady. Sure, it's being done, everywhere—but that doesn't mean that it is right.

We aren't so old that we cannot understand how it is: if you really like someone more than anyone else, why shouldn't you want to be with them instead of others? But we are old enough to know that it becomes a serious mistake when two youngsters shut out the rest of the world and develop the idea that they just can't live without one another. This often leads to marriage—long before either is ready to accept the responsibility—and subsequently to divorce—not long after the wedding bells have ceased to ring.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORD, KY.

Sports Corner

Among the Sick

Mrs. Ollie M. Stublefield, 89 year old grandmother of J. B. Stublefield underwent surgery

in Northwest Texas Hospital in Amarillo Monday morning. She is reported to be doing nicely, and hopes to be released from the hospital in about ten days.

Mrs. Burk Green was taken to Memorial Hospital in Dumas as a medical patient Sunday.

Mrs. Arthur L. Golden was brought home Friday from Memorial Hospital in Dumas where she had been a surgical patient.

Jodie Reesing has been a medical patient in Memorial Hospital in Dumas.

J. R. Marshall underwent an operation in Northwest Texas

Hospital in Amarillo Saturday. He is reported to be getting along nicely.

Meritt Green who recently underwent surgery, was released Saturday from Northwest Texas Hospital in Amarillo, and he and Mrs. Green who was in Amarillo with him, returned home Sunday.

In 1944, the number of fatal accidents to farm residents reached 17,200. Currently, the trend is downward, 11,700 in 1959, the last year for which figures are available.

It Pays to read Star ads.

Mrs. Allen Is Shower Honoree

Mrs. Claude Allen Jr., the former Miss Dortha Crossfield, was the honoree at an informal kitchen shower given July 13 on the patio at the home of Mrs. Sibley Jines in Perryton.

Sharing hostess duties for the occasion were Mrs. George Rupprecht, Mrs. Sidney Jines and Mrs. Sibley Jines.

An arrangement of roses decorated the refreshment table.

Mrs. Claude Allen Sr. assisted the honoree with the shower gifts.

Approximately thirty guests enjoyed the occasion including Mrs. T. M. Crossfield of Stratford, the honoree's mother.

Mrs. Park Entertains Priscilla Club

The Priscilla Club met in the home of Mrs. Sidney Park on July 18. A club quilt with club names on it, made in 1933, was displayed to all by Mrs. Roy (Mittie) Park, of Dumas. Mrs. Park was a member of the club

before she moved to Dumas. The quilt won first place in the County Fair at Dumas. The blue ribbon is still on the quilt.

Guests at the meeting were Mrs. Twila Blank of Amarillo and Mrs. Park of Dumas, both former members of the club.

A salad course was served to the guests, Mrs. Blanck and Mrs. Park, and to Mrs. Mary Belle Morris, Mrs. Velma Wyatt, Mrs. Alma Ross, Sandra and Larry, Mrs. Shirley Miller, Mrs. Mary Cowley, Bobby, Billy and Madel, Mrs. Jimmy Dale Womble, Mrs. Wanda Ferguson and Carrie Lynn, Mrs. Ruth Morris and Sherry Lynn, Mrs. Frances Browder and Mrs. Ada Mae Browder.

The next meeting will be in the home of Mrs. Henry Wyatt on August 1.

FOR AND ABOUT TEENAGERS

Can She Wait For Her Man To 'Change'?

By C. D. Smith

**THE WEEKLY LETTER:** "I am nineteen years old. My boyfriend likes other girls. I see him very seldom. He thinks it is all right for him to be with other girls, but I can't be with other boys, or even talk to them. If I do, I'll see him coming. What can a woman do when she has a no-good man? Should she love him, stick with him, and pray someday he will change? Do you think he should be this way? I have seen him with other girls and have my first time to go near where they were. Some boys I know from another town

came by. They don't mean a thing to me, but he thinks differently. He raised plenty of noise about them. Was it necessary? I love him very much."  
**OUR REPLY:** A girl takes a chance when she continues to go with a "no-good" man in the hope that he will change. She wants him to change so much that she really believes he will. It's a mighty big gamble. If he is full-grown, he's old enough to know what he is doing—and not likely to do much changing as long as he can have his way in everything.

Some foolish girls spend their lives waiting for a man to "change". Some marry a man with the idea that he will immediately turn into a model husband. The short walk down the aisle gives a man new responsibilities and obligations—it's true. Yet, the mere fact that he made the walk is no guarantee that he will recognize or accept these responsibilities and obligations.

The only way to handle a problem of this nature is to meet it head-on. The time to solve it is immediately. Waiting around will accomplish nothing.

The time for a man to change is before he is married. And, if he is truly in love with a girl, and wants to marry her, he should have no interest in seeing others.

The girl who marries a man thinking she can change him is starting married life with two strikes against her. She is much wiser if she realizes that she cannot change him at all—he must change himself. The time for this change is before marriage.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORD, KY.

Town Talk

Mrs. James Dailey and children left Tuesday for their home in Fort Wayne, Indiana after a three weeks visit with relatives in Stratford.

Mr. and Mrs. Newton Crabtree and Charley, and Byron Fedric were visitors in Boise City and Felt Monday evening.

Mr. and Mrs. Harley Gibbs and their grandson, Dick Gibbs, returned Saturday from a weeks visit in Grand Junction, Colorado. Dick Gibbs had his tonsils removed.

Betty Lou Gamble of Nara Visa, New Mexico arrived Sunday for a visit in the home of Mr. and Mrs. Kenneth Kendrick. Mrs. Ione Taylor of Chillicothe is also a guest in the Kendrick home. She arrived Tuesday of last week.

Mr. and Mrs. George Jeffcoat and Tex spent Sunday with friends in Tucumcari, New Mexico.

Mr. and Mrs. Gene Young and Mrs. Lou Moore of Amarillo were guests in the home of Mr. and Mrs. Charles Durr of Kerrick Saturday night and Sunday. Mr. and Mrs. Young took home their children who have been visiting in the Durr home.

Alex Coats and sons returned home Saturday night from a weeks visit in the home of his mother, Mrs. Bud Coats, in Emory, Texas.

Mr. and Mrs. Robert Bolster and Beverly have returned home from a vacation in Lake City, Colorado.

Mr. and Mrs. A. L. Sutton, Mr.

and Mrs. Frank Sutton and Lynda, Mrs. James Dailey and children, Rex, Bruce and Karen of Fort Wayne, Indiana, Mrs. Helen Forester of Hayward, California, Mr. and Mrs. S. N. Snodgrass and Lia of Dumas, were Sunday dinner guests in the home of Mr. and Mrs. Gene Harrison and children, Sammy, Tommy and Mike at Plainview, Oklahoma.

Mr. and Mrs. J. L. Adams and Alvin visited with relatives in Dimmitt during the latter part of last week.

Mr. and Mrs. Leroy Judd and children are visiting with relatives in California.

Joe Crabtree spent the week end visiting in Stillwater, Oklahoma.

Mrs. Doris Ann Vincent and son, Sam, of Amarillo were guests last week end in the home of her parents, Mr. and Mrs. Russell Beall.

Mr. and Mrs. Raymond Farrow and son, Mike, of Amarillo, spent the past three week ends with their grandparents, Mr. and Mrs. Joe Huff. They did some house painting for the Huffs.

Mrs. Jim Shaver and children of Denver, Colorado visited her parents, Mr. and Mrs. Ted Reynolds from Wednesday until Sunday night, and attended the wedding of her brother, Bobby, in Dalhart Sunday.

Mr. and Mrs. Arthur R. Ellis and children, Beth, Sue and bay son, Arthur, of Amarillo, spent Sunday with his mother,

Mrs. W. D. Ellis. They and Mrs. Ellis' sister, Miss Pat Dotson, who is staying with them and attending school, also visited in Texhoma with Mrs. Shaw Dotson, mother of Mrs. Ellis and Miss Dotson.

Mr. and Mrs. Newton Crabtree and Charley were visitors in Canyon Saturday.

Mr. and Mrs. Sam Hayworth, former teachers in the Stratford school, were week end guests in the home of Mrs. J. G. Cummings. They taught school in Holly, Colorado last year. He is completing his work for a degree from PAMC in Goodwell this summer. The Hayworths will teach in Anadarko, Oklahoma the next term of school. They have a son, Doug, two years of age.

Mr. and Mrs. Don Ellison and children returned home Tuesday from a vacation in Colorado. They visited in Las Animas with Mr. and Mrs. Raymond Riggenbaugh and children, and in Boulder with Mr. and Mrs. Morton Durr and children. Snow along the roadside enabled the children to snowball during part of the trip.

J. W. Rouch of Floris, Iowa is here this week looking after real estate interests.

Mr. and Mrs. H. L. McMahan are vacationing at Lake City, Colorado.

Mr. and Mrs. Ed Hill attended the City Department of Amarillo picnic in Thompson Park and spent the week end visiting in the home of their daughter, Mrs. Phyllis Perry, and children.

Mrs. Olan Tinney and son, Ken, of Sulphur, Oklahoma, and Mrs. Edna Bradley of Wellington came Thursday for a week's visit in the home of Mr. and Mrs. Charles Durr of Kerrick. Mrs. Tinney, Mrs. Bradley and Mrs. Durr are sisters.

Miss Minnie Laura Jackson spent the week end in Amarillo visiting with Mrs. C. N. Headrick. Mr. Headrick is ill in an Amarillo hospital.

Mr. and Mrs. C. T. Watson have as guests, their daughter and grandchildren, Mrs. James Powell, Jamie and Butch, of El Paso. Mr. Powell brought his family to Tucumcari, New Mexico, Monday, where they were met by Mr. and Mrs. Watson, who brought them on to Stratford.

Rev. and Mrs. John Reaves of Del Rio, Texas were visitors in Stratford Tuesday of last week.

Mr. and Mrs. Harry Campbell of Dumas were guests in the home of Mr. and Mrs. M. L. Etheridge Sunday.

Mr. and Mrs. Arthur Steeley of Independence, Missouri visited from Tuesday until Thursday in the homes of Mr. and Mrs. Newton Crabtree and Mr. and Mrs. Charles Durr of Kerrick.

**THE HARD PART**  
The boss visited the ailing employee in the hospital. "Now, George", he said, "don't you worry. Everybody at the office is going to pitch in and do your work — as soon as we can figure out just what you have been doing".

Mrs. Zack Is Honored With Shower

Mrs. Tony Zack, the former Miss Reta Jacobs, was honored with a post nuptial shower in the home of Mrs. Claude Fedric from 3:00 to 5:00 p. m. on Thursday, July 6. The bride's chosen colors of turquoise and white were used in decorating the entertaining rooms.

Bonnie Combs received the guests.

Mrs. Zack was assisted by her mother, Mrs. Robert Jacobs, and her sister-in-law, Mrs. Donnie Jacobs, in opening the gifts. Barbara Stublefield and Janet Foreman displayed the gifts.

Corsages of white mums were presented to Mrs. Tony Zack and her mother, Mrs. Robert Jacobs, by the hostesses.

Refreshments of punch and individual white cakes decorated with turquoise flowers, nuts and mints were served by Mrs. Paul Aduddell and Mrs. George Allen.

The serving table was laid with a white crocheted cloth over white satin. The center piece was an arrangement of white spider mums surrounding turquoise birds in a turquoise bowl. Turquoise candles burned at each end of the table.

Hostesses were Mrs. John Knight, Mrs. Harold Gray, Mrs. Elmer Hudson, Mrs. Herbert Folsom, Mrs. Frank Judd, Mrs. Paul Aduddell, Mrs. Arthur Judd, Mrs. Grover Hampton and Mrs. George Allen.

Miss Riffe Is Visiting In Hawaii

Miss Linda Riffe left Dallas Wednesday by jet plane on a student tour to Hawaii. She was taken to Dallas Wednesday by her brother, Don Riffe, who was making a business trip to Fort Worth. Miss Riffe visited until Saturday with a friend, who was her roommate at S. M. U. The first 11 days will be spent seeing places of interest on the various islands. On July 31, the group will return to Honolulu, and remain there until August 13. At that time, they will board the steamer, Matsonia and sail for Los Angeles, and arrive there on August 18.

Motor-vehicle accidents are the leading cause of death to farm residents. Across the nation last year, 5,300 deaths and 200,000 disabling injuries to farm residents were caused by motor vehicles.

Mrs. Beauchamp Is Hostess To Baptist Circle

The Wednesday, July 19 meeting of the Marjorie Stevens Circle was held in the home of Mrs. H. Beauchamp.

The meeting opened with a season of sentence prayers for missionaries on the calendar of prayer for that day. Mrs. Elma McDaniel led the prayers, and Mrs. W. O. Cook closed them.

Mrs. W. E. Pleyer taught two chapters from the book, "Intercessory Prayers". Mrs. John Lavake led the closing prayer.

The hostess served refreshments of cake and iced drinks to the following members: Mesdames Elma McDaniel, W. E. Pleyer, W. O. Cook, John Lavake, W. D. Ellis, Mollie Ellison and two visitors, Mrs. Pruett Adkins and Mrs. Winnie Burgess.

New Arrival

Mr. and Mrs. Martin Earl Shields of Buena Vista, Colorado are parents of a daughter,

Jemi Sue, who was born in the Salida, Colorado, Hospital. Jemi Sue weighed in at seven pounds and two ounces, when she arrived at 11:46 a. m. on July 12. The little girl is the granddaughter of Mr. and Mrs. Paul Aduddell and the great granddaughter of Mr. and Mrs. Frank Judd, all of Stratford. Mrs. Aduddell spent

a week or so with her son-in-law and daughter and the baby, returning home Monday with Mr. Aduddell and Mr. and Mrs. Frank Judd, who went to Salida Saturday for a visit with the Shields family.

# WILL BERLIN BRING WAR?

(By Walter Rogers)

If the Berlin crisis causes a third World War in this century, it will be a sad commentary on man's ability to handle his own problems. It will be definite and conclusive proof that wars have always created problems, not settled them. Some historians would probably write that the third World War in the 20th Century was caused by a fight between the two major victors of World War II over the spoils of that war. Such a statement would not be completely true unless Berlin could be called a spoil of a conflict. There is no question but that it was thoroughly spoiled from a physical standpoint at the end of the war. There are scars still standing like grim specters throughout the city, but the physical spoil has been cured. West Berlin has been rebuilt into a modern city, primarily by the generosity and help of this country. The Eastern sector has also been rebuilt, but it is very crude in comparison with the modern look of the Western side. This physical difference actually reflects the difference

# Justice between Nations

*"And he shall judge among many people, and rebuke strong nations afar off; and they shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up a sword against nation, neither shall they learn war any more." Micah 4:3*

**T**HIS is the ultimate desire of mankind. One might say it has always been the desire of peoples throughout the ages. Why then do we not have peace?

There will be no peace in the world—justice between nations—as long as poverty, disease, ignorance, and prejudice exist. These four evils feed upon society like cancer and are the real causes of war.

Each of us beat our swords into plowshares and our spears into pruninghooks when we, in our own community, help those who are hungry and without clothes, sick and neglected; when we teach those who are uneducated and explain and lead those who are prejudiced.

No one of us can do these things on a world-wide basis, but we can locally. And if each of us did it locally, then it would become world-wide.

Read your BIBLE daily and GO TO CHURCH SUNDAY

Religion... ITS LESSONS FOR MODERNIVING

between Communism and the free enterprise system. The difference is also reflected in the faces of the population, sadness in the Eastern sector, joy in the Western sector.

Whatever may be argued, it cannot be denied that Berlin was the center of the activities and conduct that brought about World War I. It was the center of activities and conduct that brought about World War II. In both instances the city and the country were in full control of the German people and a German government. Although it may be said that the same exists today insofar as West Berlin is concerned, it must be admitted that the influence of other countries on West Germany and West Berlin is much more pronounced under the present circumstances than it was before. The German

## Farm Safety Is A Year 'Round Job

We Americans seem to need an official "week" each year to remind us of things we really should practice every week of every year.

There's nothing wrong with the idea — the official reminder usually proves helpful — but too often too many people will substitute one week's observance for a year's practice.

National Farm Safety Week, to be celebrated July 23-29 this year, is a perfect example of a "week" that should be considered a continual part of rural life. Especially is that true in this area in which agriculture plays such a leading role in our economic life. It is just plain good sense to avoid the suffering and economic losses resulting from farm accidents.

Co-sponsored on the national level by the National Safety Council and the U. S. Dept. of

Agriculture and on the state level by the Texas Farm & Ranch Safety Council, the Texas Farm Bureau and the Extension Service, the 18th annual Farm Safety Week has as its theme, "Safety Is a Family Affair." The Star is glad to be among the many newspapers helping in the campaign to draw attention to the need for the year 'round observance of safety practices on the farms and ranches.

Accidents in American farm homes take about 2,700 lives a year, according to the Texas Farm and Ranch Safety Council, and some 3,400 persons are killed each year doing farm work. This is in addition to the 4,700 farm residents who die on the highways in nonwork accidents.

If we think of safe practices as

## Laff Of The Week

"I know just what to get them for a 'thank you' gift . . . A couple of Great Danes!"

## House Actions Change Texas Tax Bills With Amendments

(By Vern Sanford)

House members burned midnight oil in an effort to get a tax bill to the Senate before the mid-point of the brief 30-day session.

In the long, long sessions and seemingly endless succession of approaches, amendments, substitutions and substitutes for the substitutes, it was often difficult to tell who was winning what. Showdown votes indicated that it is still easier for members to agree on what they don't want than on what they do.

Rejected, at least for the time being, was a package bill recommended by the Revenue and Taxation Committee. Its main money-raiser was a sales tax, with exemptions, on items costing \$5 or more. It also included more utilities taxes, natural gas taxes, a transfer of funds from the permanent school

fund, a revised franchise tax and a bookkeeping transfer.

Also turned down were proposals for a 4 per cent corporate income tax by Rep. Bob Eckhart of Houston and a 1 per cent general sales tax by Rep. Tom Andrews of Aransas Pass.

Rep. Charles Ballman of Borger, chairman of revenue and taxation, was pushing for a package bill that closely tracked Gov. Price Daniel's recommendations at the beginning of the session. It differed from the committee-written package chiefly in that it included a Pennsylvania-type sales tax, applying only to items listed in the bill.

Despite the House problems, an August 8 finish may still be possible. Senate, generally, is swifter and more nearly of one mind on money matters. It agreed on a tax bill in the regular session in approximately one-third the time spent by the House.

Hardest part is getting agreement on one plan from both House and Senate — and finally — from the governor.

**Fund Bill Progresses**  
The House has given second

reading approval to a bill appropriating \$2,527,000,000 for the next two years.

It is slightly higher than the bill passed earlier by the Senate, and eventually differences will have to be worked out by a conference committee of the two houses.

A group of conservatives in the House were foiled — at least temporarily — in an effort to cut the bill by \$27,000,000 through economy measures. Among items they felt could be deleted or put off were recarpeting the House chamber and refinishing members' desks for \$250,000, adding an office for the governor to the Governor's Mansion for \$50,000, installation of a sprinkler system on the Capitol lawn for \$20,000 and several other expenses of that nature.

The economy group also wanted to trim back some increases in the bill for salaries and travel expenses for state personnel and eliminate paying legislatures a salary for the period between November, 1960, when the annual pay amendment was approved, and the start of the session in January.

**School Bills Move**  
A bill to provide more liberal state aid for sparsely populated school districts has been approved by the House Education Committee.

Rep. Sam F. Collins of Newton is sponsor of the measure which

would provide \$378,000 to pay for 90 additional teachers in rural areas. Most of the extra teachers would be for Negro schools.

Objectors to the bill said it would perpetuate the problem of

having school districts too small to provide a strong school program.

On the other side of the Capitol, the Senate Education Committee gave reluctant approval

## By THOMAS COLLINS REACHING 65TH BIRTHDAY DOESN'T MEAN SIT DOWN

FROM across America people have been writing letters about a man named H. T. McPherson who stated some noble views about retirement in this column several weeks ago.

So this is a revisit with Mr. McPherson—in the form of a letter he has written to one of the retired men who wrote him:

"You ask what I mean by the productive work I think a retired man should do. It is a fair question and susceptible to more than one answer. I had in mind work that contributed to the material needs of my fellow citizens, as distinguished from their artistic needs, their entertainment needs or even their spiritual needs. All of these could be supplied better by people trained in the various fields.

"My working years were spent in the communications field. I had the feeling all those years that even though I was not growing food or manufacturing things I was certainly contributing to the marketing process. After I retired I missed more than anything else this sense of usefulness to the workaday world.

"It was the one adjustment I was unable to make. I am not bored. I find more things to do, interesting to myself, than I have time for. But the big question is: Have I the right to devote the remainder of my life to doing only what is interesting to me?

"Is there not still a duty, an obligation to WORK, not play, as long as other human beings are WORKING to make my existence possible—as long as I am physi-

cally and mentally able to work and as long as many others are unable to work?

"Health and strength carry responsibility just as do all other blessings of life, and in my view that responsibility does not end on a certain birthday. It does not end until health and strength themselves end.

"I know that over-production is a problem, and that putting old men have no call to add to it, nor to unemployment. But neither of these lines have to be crossed to find useful work.

"For myself, I have decided definitely to help out in the charity ward of a hospital. This is not production, unless you call restored health a product. But it will bring back my feeling of usefulness and will not knock anybody out of a job.

"You may be interested to know that very, very few of the cards and letters I have had share my slant on this. Nearly all have urged me to cash in on the good fortune of my retirement without reservation. I am unable to do so. The more thought I have given the subject—and of course thought has been greatly stimulated by the cards and letters—the clearer seems my duty . . ."

Thus does a man named McPherson think his retirement thoughts at 3624 Southwestern Blvd., Dallas, Tex.

You can't hardly find guys like that no more.

Boost small-grain yields with Monsanto Anhydrous Ammonia from

# Consumers Co.

You know how important nitrogen is to your small grain. Monsanto Anhydrous Ammonia packs more nitrogen per pound and per dollar than any other type of nitrogen fertilizer. It is guaranteed 82.2% nitrogen.

Monsanto Anhydrous Ammonia resists leaching . . . remains "locked" in the soil, ready to work when your crops need it most . . . and you put it right in the root zone.

It's easy to apply . . . saves time and labor. Applicator tanks are quickly filled. No bags to tote, tear or tip. You can apply all you need for the entire growing season in one operation, or you can use it before planting, followed by an early side-dressing of ammonia. Let us help you build your fertilizer program around Monsanto Anhydrous Ammonia.

### House Actions

(Continued on Page 7)

to a more economical teacher pay raise plan than the Hale-Aikin plan it already had approved. Sent to the floor was a bill by Sen. Bruce Reagan of Corpus Christi which would give teachers a \$600 a year raise this year, \$200 more in 1963 and \$200 more in 1965. Hale-Aikin provides for \$810 a year more immediately.

#### Lobby Bill Debated

A bill to provide additional lobby regulation attracted neither friends nor enemies to a hearing before the House State Affairs Committee.

Pro and con views were presented solely by members of the House before the measure was sent to the subcommittee for study. Proposed bill would require lobbyists to file a report showing who received any amount above \$50 spent to influence legislation. It would also exhibit a lobbyist's calling a member off the floor during

a session without advance permission.

Critics declared the legislators didn't need a law to enable them to stay put at their desks if they wanted to.

#### Best Tax Is No Tax

Citizens for Fair Taxation, an anti-sales tax committee, announced, as expected, that its poll showed a majority against a retail sales tax.

It also seemed to show that the people polled were not very much in favor of any kind of new tax. CFT announced that 78 per cent of those opposed were against a retail sales tax on items of 25 cents or more, and 61 per cent were against selective excise or sales taxes if they hit any of the necessities. Eighty per cent were against a personal income tax.

A majority in the CFT poll favored the abandoned property bill, raising franchise taxes on interstate corporations and a corporation income tax.

One out of every seven persons killed in motor-vehicle accidents is a farm resident. There were 2,254 motor-vehicle deaths in Texas in 1960.

Accidents kill one farm resident every 45 minutes. Every 32 seconds a farm resident suffers an injury which disables him beyond that day.

You can't change the nature of your faults by blaming them on your nature.

RECEIVES AWARD... Frank Budd, holder of the 100-yard dash world record of 9.2 seconds, gives a few pointers to Bill McGoldrick, 14, of the Boys' Club of New York. Budd received the Boys' Club of America top award.

### This Week In History

Troops broke up the Washington bonus march, July 28, 1932. The U. S. Senate ratified the United Nations charter, July 28, 1945. The first Almanac was printed July 29, 1472. U. S. troops fired on bonus army in Washington, July 29, 1932. The United States accepted first army plane from Wright Bros., July 30, 1909. Waves, Women's Auxiliary of the Navy authorized, July 30, 1942. John Ericson, inventor of the Monitor, was born July 31, 1803. Lafayette was commissioned a major general in the U. S. Army, July 31, 1777. The first automobile securities were listed on the New York stock exchange July 31, 1911. Columbus discovered the South American mainland August 1, 1498, on his third voyage. The first U. S. Census was taken August 1, 1790. The Army Air Force was established August 1, 1907. Calvin Coolidge succeeded Harding as U. S. President, August 2, 1923. Hindenburg died and Hitler assumed office, August 2, 1934. The Hatch Act, limiting expenditures in political drives was made law, August 2, 1939. Christopher Columbus sailed from Palos, Spain, on August 3, 1492, on his first voyage westward in search of a route to China and the Far East. Germany declared war on England and France, August 2, 1914.

### Will Berlin

(Continued from Page 5)

people in the Eastern sector are dominated by the Soviet Union. Hence, if Berlin becomes the point where the spark that fires World War III comes into existence, it cannot be blamed on the Germans. It will be the fault of the outside powers.

The propaganda machine of the Reds is at work again to try to split the West on this issue. The recent remarks of Walter Ulbricht, the Communist leader in East Germany, that Western Germany was rebuilding itself for the purpose of renewing its traditional military activities, are a good example. This is undoubtedly being done for the purpose of creating suspicions among the Western powers. If there is any reason to

### Laff Of The Week

"Being paddle-ball champion of the whole block for three years in a row is quite a feat in itself, you know."

suspect the activities of Western Germany, the several governments which comprise the NATO organizations could control the situation without too much difficulty, and should. On the other hand, the Red propaganda machine is slyly suggesting that there is a rift between Red China and the USSR. The Free World should recognize this for what it is — a move to lull us into a false sense of security. It must be realized that if a controversy existed between these two powers it could hardly rebound to the benefit of the Free World. We are not dealing with a bunch of naive people. We are dealing with a shrewd, ruthless and tough opponent. The worst mistake we could make would be to again underestimate this bunch. The people in this country were led to believe that a great revolution was about to take place inside Russia and that much internal unrest was on the move. There is very little evidence of that being the case. There is less evidence that if such a revolution were to start it would have the most remote chance of the least possible success. The complete failure of the country-side to rise up in support of such a move occurred in the recent Cuban invasion. Had the countryside arisen to the challenge, the invasion probably would not have failed. We in this country must face the cold, hard facts of reality and understand that whistling in the dark is not going to scare off the attempts of the Communists to try to take all they can get. We must let them understand without question of doubt that we intend to fully support our commitments and the protection of our rights, whether it be Berlin or any place else. To negotiate fairly and honestly, "Yes", to sacrifice principle, "No".

This will do more to avoid war than anything else. Love may be blind but when it comes to diamonds the girl is not stone blind.

### Lamb To Attend Convention In Austin

Duard Lamb, teacher of vocational agriculture in Stratford High School, will attend the state conference of vocational agriculture teachers to be held in Austin, August 8-11. The annual conference is planned to assist teachers in keeping abreast of the many changes in the complex field of agriculture in the state. Workshops, panels and other presentations will concern themselves with subjects vitally important to the further training of vocational agriculture teachers.

In addition to educational features of the four-day conference, teachers will participate in several meetings of the Vocational Agriculture Teachers Association. Activities of the group will include an entertainment program on August 8, an awards breakfast on August 9, which will be followed by the annual membership meeting. The membership will hear an address by Floyd Johnson, president, national vocational agricultural teachers association. Johnson is a vocational agriculture teacher at York, South Carolina. New officers will be elected and newly elected members of board of directors will be installed.

Dr. Alexander Nunn of the Progressive Farmer Magazine, Birmingham, Alabama, will be the principal speaker for the first general session on Tuesday, according to George Hurt

of Texas Education Agency, who is in charge of educational features of the four-day program. Many additional meetings will be held in smaller groups divided by districts, areas and subject matter preference.

Leon Tichinin, Russian born California Extension Fruit Specialist, will be the main speaker at the business session of the Association on Wednesday. Tichinin was an American re-

presentative with the American Exhibit in Moscow for several weeks. More than eleven hundred teachers and friends are expected at the meeting.

#### • Mrs. Keener

(Continued from Page 1)

pickup. There had been but they had been taken out and placed in another pickup.

The pickup bogged down in the mud near the gate to the field. This was where Ralph Keener and their daughter, Missie, found the mud-smear water-soaked Mrs. Keener and Reggis Toomey after the storm cleared Thursday evening.

Keener and another nephew had been plowing nights.

Mrs. Keener had broken the band on her wrist watch. She was carrying it in a pocket of her blouse with a package of cigarettes and a folder of paper matches. Matches, cigarettes and the watch were still in her blouse pocket.

Mrs. Keener said she didn't realize that she was too excited over the ordeal until Friday night. She was sleeping with her head almost in an open window when the rain started. Awakened by the rain striking her face, she relived her experience in the field for a short time before she realized that she was at home safe in bed and only a few drops of rain were striking her in the face.

#### • Local Showers

(Continued from Page 1)

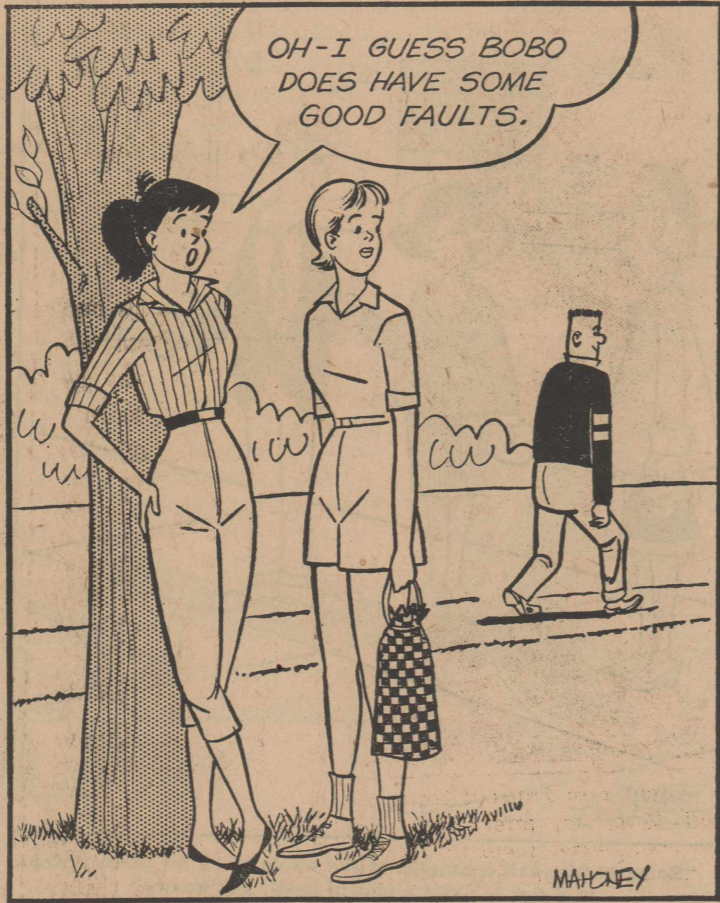

rains up to five inches were reported.

To the south, Arlyn Haile reported two inches of rain in the shower Thursday afternoon.

In other localities, only a small amount of moisture fell, and irrigation wells are running to water fields planted to forage and grain sorghum crops.

Some farmers have reported that their land has been just right for plowing and planting.

## HALF-PAST TEEN

### Snapshots: The Pirate's House

Everywhere in this great land of ours we can find colorful reminders of the great and exciting stories heard and read so long ago and, for many, many years so well remembered. Few indeed may be found who never thrilled to the magic adventure of "Treasure Island." As children, the most of us set out in search of our own hidden island. Indeed there were times when "pirates" was the game, long before the cowboys and Indians came upon the scene. No doubt, many a Swashbuckler, both old and young, trod the weather-beaten boards of the building above, for this is the "Pirate's House" in Savannah, Georgia. Built in 1759, this house was an inn for seamen and, according to tradition, blue-faced pirate Flint of "Treasure Island" fame died here after showing, "Dabry, fetch aft the rum."

Other fields have been too wet for work.

Don't be as uncertain as the weather — use Star ads.

## STOP BINDWEED

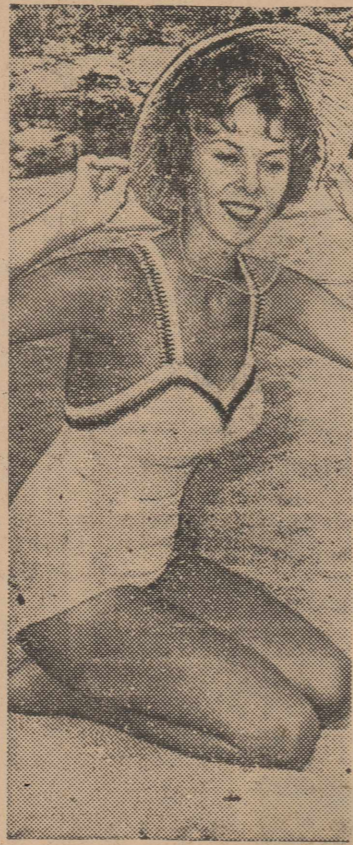

WITH DU PONT **TRYSBEN 200** WEED KILLER

Make this your year to control field bindweed effectively and economically with Du Pont "Trysben" 200 liquid weed killer. "Trysben" 200 attacks bindweed two ways, through the leaves and through the roots. Experience has shown that areas sprayed with "Trysben" 200 stay free of bindweed and similar noxious weeds that are so hard to control with other chemicals. Economical and easy to use, "Trysben" 200 is a liquid to be diluted with water for spray application.
